

reviewText,Positive

This is a one of the best apps according to a bunch of people and I agree it has bombs eggs pigs TNT king pigs and realistic stuff,1

This is a pretty good version of the game for being free. There are LOTS of different levels to play. My kids enjoy it a lot too.,1

this is a really cool game. there are a bunch of levels and you can find golden eggs. super fun.,1
"This is a silly game and can be frustrating, but lots of fun and definitely recommend just as a fun time.",1

This is a terrific game on any pad. Hrs of fun. My grandkids love it. Great entertainment when waiting in long lines,1

This is a very entertaining game! You don't have to be smart to play it. I guess that's why I like it...it's easy and fun and that's what games are supposed to be. Be warned: this game is highly addictive.,1

this is awesome and you don't need wifi to play trust me. it is really fun and addicting. there are like 100 levels it is even free don't waste your money on the expensive one I mean seriously. get the app,1

this is awesome I bet no one even reads the reviews because they know this game is so good that they don't need to,1

This is basically the free version but with ads. That's actually awesome!!!! It's addicting and free at the same time really. I'd recommend it.,1

this is by far the best free app that is available anywhere. it has helped pass the time when nothing else would do. don't pass this one up. PS I hate this 20 word minimum!,1

"This is definitely a great game. I have to get my 6-year-old grand-nephew to teach me the tricks. I have figured out some of them, but some configurations are tough to beat. I don't particularly care spending about 45 minutes completing a level, but ",1

this. is fun an time consuming. works great on my kindle fire I really like this game so does my brother,1

"This is good if you like physics games, free games, or bird games. Not like free version on ipod. You get all the levels and the only adds pop up in the corner and are barely noticeable.",1

This is great! This is my tried & true game to cure boredom! Its great to try & get 3 stars on every level!,1

this is one of the best apps in the world along with all the other angry birds games. great for passing time by.,1

This is super fun though a little frustrating at times!!!!!!!!!! I loved it before I got my kindle I would beg my brother and dad to play. But when I get it I play it all the time!!!!!!!,1

"this is the ad free version of angry birds. this is the old fashioned version of the angry birds series. it is a huge and partially difficult game. if you have played angry birds before or this is the first time, you'll love it",1

This is the best app ever. It makes it way easier to babysit a mental kid. this app is very fun.,1

this is the best app I ever downloaded for most of you people who say 1 2 3 or 4 stars you don't know much about what your supposed to do I put for 5 stars for this app,1

THIS IS THE BESTEST GAME EVER OMG. IM SO EXCITED :TO PLAY OMG!!!!!! OMG OMG OMG I LOVE ANGRY BIRDS SO MUCH ITS DA BOMB DIGGETY SO COOL OMG OMG OMG OMG,1

This is the best game ever!!!!!! it is so fun and addicting. there is so many different episodes that are amazing. love it!,1

this is the BEST game ever you should buy it the most awesome game in the whole wide world. :D,1
this is the best game they could think of.I downloaded it and my fav. character is the original pig.yay love it,1

this is the first angry birds. so when you get in2 this one it'll lead to you wanting angry birds seasons and angry birds Rio. But they're all fantastic!!!!!!!!!!!,1

"This is the first app that I installed on Kindle Fire, Full Color 7"" Multi-touch Display, Wi-Fi which I purchased recently from Amazon. Angry Birds (free version) works smoothly on Kindle fire.Love the smooth graphics! It responds perfectly and It is a ple",1

"this is the full version except it has ads. It is one of the best free apps on the app store. For IOS, the free version is like a demo. This is a better buy. You save 99 cents on the exact same thing as the paid version. I recommend it to everyone. A mus",1

this is the game to get. those other bad comments r stupid. this app doesn't need wifi. I like this app a lot its free and who doesn't love angry birds!!!,1

this is the go to game for me... love it. I find this much better than most other games out there,1

this is the one of the best apps because it is a good time consuming game were ever you go because you do not wifi,1

"This is the original angry birds game but it only works on the original Kindle Fire and not on the new HD version.NEW NOTE - This has now been updated to work on the new Kindle Fire HD. Of course that did not happen until I bought the paid version, but n",1

"This is very popular game I've been hearing for a long time till my friends dared me to download it and play it. Be damned that I got addicted to this game. I love it so much. I just turned my husband into this game, too. Soon, I'll get my son on it",1

"This is the original angry birds game but it only works on the original Kindle Fire and not on the new HD version.NEW NOTE - This has now been updated to work on the new Kindle Fire HD. Of course that did not happen until I bought the paid version, but n",1

"This is very popular game I've been hearing for a long time till my friends dared me to download it and play it. Be damned that I got addicted to this game. I love it so much. I just turned my husband into this game, too. Soon, I'll get my son on it",1

"This keeps me busy all the time. I am really happy about this app, I have never ever had any problems.P.S.Good luck with those green little boogers!",1

This physics based game is perfect for people of all ages to spend extra time on a mobile device. Yet it still offers some challenge. It works very well on the kindle fire.,1

"This seems to be popular when my kindle fire is out of my hands. Lots of fun and free time for me plus the graphics are very, very nice.",1

This so much fun! My daughter has vthis app for her iPhone but I never realized how much fun it is until I downloaded for my Kindle Fire. I highly recommend getting this app...works great on the Kindle Fire!,1

"This was a very entertaining and challenging game with several levels to seek improvement. The ads did not overrun it and, for free, this was an excellent program.",1

"This was my first time to play Angry Birds and I don'tthink I could have had a better first impression! Because of this, I will purchase every Angry Birds gameI can get my hands on! Now I see what all the 'fuss' is about!!!",1

this was one of the first apps I got on my kindle fire and I love playing it. it is great for passing the time. the ads don't bother me at all they are in a small little box at the top right of the screen and I hardly notice them. it is not worth paying ,1

This was the 1st app I ever downloaded on my Kindle Fire and I LOVE it! And you do not need wi-fi to play it! I think it's a great app and time-waster.,1

this was the best game of all time to come to a phone. I would put it up there with snake on the old nokia bricks.,1

"Very addictive. I can play this for hours. The first game I installed to my fire, and my most played.",1

"Very fun and challenges you, I always try and get three stars, nice graphics and gameplay, always a good way to kill time.",1

Very fun and very addictingSo good u should pay money for itOnly winners play this game so get it!!!!!!!!!!!!!!!!!!!!!!!!!!!!,1

very fun game and all the other people who say it freezes and don't work you must have to many games on you're. device,1

"very fun very fun very fun very fun, keeps me busy. I cannot stop playing. very challenging, this game can make you angry,sometimes , but then I win.",1

"Very high quality for a game. Fast, and crystal clear. Amazing that a game so popular, would be FREE! All levels to accomplish to become an Angry Birds Pro.~ Jessie",1

very very very very very very very very awesome ¡!!!! !!' !!!!!!! !!!!! !!!!! x. !¡!! cgdxjcv dnjdxjx gcfjxcb fvcv hxgrdh,1

"Watch out! This is a very addicting game, but it is very fun for all ages! Good way to kill time, or waste time.",1

We all love this game. It is fun for all ages. We all cant wait till someone gets tired of it so we can get the tablet and play it.,1

We downloaded the free version for our tween's new Kindle Fire and everyone (from age 9 to 74) has had a blast playing the game which has many levels and challenges. The graphics and sounds are great too.,1

Well I'm not what you would call a gamer but this game I found to be addicting. Makes me just nuts enough to try again when I fail.,1

"What can I say that you probably don't already know, unless you've been living under a rock the last few years. It works like a champ on my kindle fire.",1

What can I say? Ya Can't improve on perfection. Great for traveling or times when you just need to relax.,1

when angry birds space folding out on kindle fire? jrdhdhdh fhd dud Dvd dud db's dhdjsbd fhdbfjs sjddhdhx dud dud d,1

"Whenever I have probs operating a game, I will keep at it until I get at least 2 stars! Helps pass the time, and helps to keep my mind active!",1

When I first found about Angry Birds I didn't think much of it until I played it on my friends phone and then I was hooked. I got it for my Ipod and killed the battery on it. My husband bought me a Kindle Fire for Valentines day and playing Angry Birds o,1

When I first got Angry Birds; I loved it and I couldn't stop playing it! I played it whenever I could. Hard levels that take a while to beat; sometimes I had to look up a walk-through to pass them. Plenty of levels. Once I completed all the levels; I sto,1

When I first played this game I was hooked. I would spend hours just to defeat those pigs. My kids are even hooked on this game.,1

"When I have to wait to see say A doctor, DMV, the wife to get done shopping and so on",1

"Who doesn't enjoy a classic game of angry birds, Tv shows do as they use the game. My friend's teach took her opossum away and started playing angry birds on it. LOL",1

who doesn't like angrybirds?but the paid version is better as it doesn't have all those annoying adds. blocking your shots!,1

who doesn't like angry birds? i love angry birds! I don't know anyone who doesn't! I love you angry birds! ! ! ! !!!,1

who doesn't love this app. everyone is my family enjoys playing this gamealways have fun playing angrybirds hope theyp come upwith newbirds,1

"Why does anyone hate this? Wi-fi required? You need wi-fi to download, so why are you complaining? Ads? They're so tiny! How can they bother you at all! Can't download? That doesn't make the game stupid. This is the best game of all time!!!...at least, all time",1

why do people give it low scores the adds are not disruptive great free game get it do not listen to low scores,1

"WISH I HAD NEVER DOWNLOADED THIS GAME!!!! I AM PLAYING IT ALL OF THE TIME!!!! SOMETIMES I GET SOOO 'ANGRY' AT ONE OF THE PUZZLES, BUT CONTINUALLY GO BACK FOR MORE.",1

works great on my kindle fire. It was I think the second free app I loaded and works great still to this day. _Never had one problem.,1

WOW angry birds is soooooooo fun especially on my kindle fire I love it and if I love it than its the best game in the UNIVERSE!!!!!!!!!!!!!! :-)))))) LOVE G.sonnier,1

"Wow, its great. why do u people complain? trust me and get it. Trust me, I'm a doctor(as far as u know)",1

yes ads are annoying but its FREE! I love to launch those birds at them pigs. It makes me feel all giddy inside ha!,1

Yes. If you are looking for a game for the Fire. This is it. It's a fun game to play.,1

"yipee Angry Birds! I don't have a cell phone so I've been coveting this game ever since my niece showed me how to play. Thank you for offering this on the new Kindle Fire HD, loving it. 5 stars.",1

you can play this app all day and all night. the first day I got it a completed half of the levels! stop reading reveiws BUY IT!,1

you get to kill all these pigs and once you start you cant stop Im usually always on it buy it or else,1

"You have to get it because its a very very very fun! The persons who put 1star are crazy. It'd really stupid that they don't get it. Your wasting your time reading this, get this app or game now!",1

"You know how the full version says, and I quote, Ad-Free? Well, this isn't the full version. This is the free version. And consider how the app only has ads to deal with - it doesn't restrict you to a certain amount of levels. It's not, as I call it, a s",1

You will be so hooked and addicted to this game. Let me just say this is a very funnnn game and will not be able to stop playing.. have fun!!!! (:,1

you will love this game if you get it. if u gave this game less than a five star rating you would have to be a lunatic,1

They call it three next mario??? Are the 'professional reviewers' high??? Ask you do is fling birds at bones again and again and again. Has zero replay value.,0

"Angry People in my book! Any moron who would waste their time playing azimuth slingshot and call it a cultural phenomenon is ... what is the word (???) ... oh yes, a moron!!! Those 5 minutes I played this thing still scar me!",0

Angry Birds is for free to play a games on your kindle fire Because it for free. and to play right.,0

"cant stand this game. love the concept and played many of the same type. I have to give the developer credit for creating a ton of levels, keeps you going for hours. sounds are irritating. the constant chirps are annoying as heck, play this with the soun",0

Don't really know the point of this game. It's almost impossible to knock the stupid birds down. Why waste your time on this one?,0

Eden or mine craft will make apps more buy able. Eden and mine are fun fun fun. together we stand strong for our apps come come. lets fight for Eden and mine craft pocket addition. LETS GO ON STRIKE!!! this is madden. NO THIS IS FREEDOM OF APPS!!!!!!!!!!!!!!!,0

first the game is ok not great. second it is way over rated all it is is a sling shot and you use birds to kill pigs...over rated,0

Game is rather...retarded for lack of a better word. Wouldn't and haven't recommended to anyone as I dont know anyone that would bother with it.,0

Games it self are good but had to switch to ad free original angry birds . Didn't like the ads interfering with the game.,0

got thr upgrade it was sooooooooooooooooooooo. fun lille fish not going to tell much get it it is free and fun,1

"Hey it's Angry Birds, what's not to love! Easy to use on my new Kindle HD and I could spend hours being angry at those dang birds for not stomping those pigs, first shot!",1

"I can't believe how hard I try to hit the target and still can't make it, it's good to laugh at oneself and this game is good for that",1

I didn't like it at all .I think it is more for kids. I am really not into many games,0

"I got to the end of the pre-installed version. Confused, I checked online to see that my app was missing an entire level. One post suggested downloading a newer version. It crashes moments after it starts.",0

I hate it they say no at everything I got rid of it when it shut down my kindle it is stupid! !!!!!!!!!!!!!??*\$★★*★,0

I hats it never liked it it sucked it was boring I like the Rio one tho that one is good but this just sucked,0

I hear about this app everywhere. Everyone has it on their smartphone or tablet and I see people

playing it all the time. This is a terrible app. I played 3 levels before I just couldn't stand it anymore. I hate apps like this Doodle Jump and so many oth,0

"I'll admit, I'm late to the game for getting this wonderful game, but boy am I hooked! What a mindless way to spend hours at a time. Now what will I do when I have to go back to work?",1

"I love angry birds, I have no issue with ad supported games. I have a real issue with an "ad supported game" that constantly launches full screen ads that last substantially longer than the level you just played. The in game ads are fine, and w",0

I love the game and levels but I never have time to enjoy how far I get before there is another update that makes me delete the other version with all my progress on it.Now I rarely play it because I always have to play the same levels over and over.Why ,0

I see nothing wrong with this game but I busy don't think it's fun. Shoot a pig with a bird. That's alp you do.,0

it isn't that great it gets too hard and is really frustrating. I wouldn't get it again. I'm sad I spent the money that I did.,0

it keeps telling me "my payment method need a US credit card" even though i already have! ! what can i do? i really want to play! ! HELPPP,0

"I tried to play this game, but I lost interest and have not tried to play it again. I will try it again!",0

It's OK but wasn't the type of game I could get into so I deleted it. Someone had told me to try it so that's why I downloaded it in the first place.,0

"I've played Angry Birds on my daughters tablet and had fun. When the Free version was introduced, I thought dealing with a few advertisements would not affect the enjoyment of the game. Boy, was I wrong! Within 5 minutes, I removed the app! Personally, I",0

I wish icoulx.not give it a star rightnow I have it on my ipod but no I cNt download it. its saying I have no credit but its a free app,0

"Look up the Wonder Girls. They are from Korea, and are trying to make it big in the USA with their English album "2 Different Tears" and their teen nick movie, but nobody will give them a chance because they arent American. Please support the",1

"Love this game and always play it! another need more words, whats wrong with love this game? good game ok?",1

MIGHTY EAGLE!!!! i have the mighty eagle plush right here right now i got it last monday and that was last week so that's when I got it my dad said my mighty eagle plush was going to come last Tuesday but it came last monday when I came from school my sc,1

Not everyone is a computer game expert and this game comes with no instructions on how to even start it. Don't like it at all.,0

OMG THIS FARTS :3 WHAT I MEAN IS THAT ITS SO AWSOME!!!!!!!!!! CAN U BELEVE I LOVE THE NEW UPDATE BEACUSE THEY ADDED POWER UPS I MOSTLY LOVE THE SLINGSHOT ONE IT MAKES IT GO FASTER,1

The game is stupid and the graphics are primitive. I want to remove it from my Kindle. I want more games like popping stars that involve cerebral activity.,0

The game was fun at first. Then when you would play more and more because you like it. Then it would get hareder and therefor it would make the game very boring! And don't get Angry Birds Space. Its a wast of money. Everybody please take my advice. So An,0

the update for the power up ain't working for me. uninstalled 3 times still doesn't get the update please fix,0

"This app is on of the worst if have ever used. Its levels are stressful as all of the birds seem to be morons and miss the target everytime. Also you can not ever shut down any apps made by this appmaker, they constantly run and kill your battery. DO NOT",0

"This app was OK but the paid version still has ads, just in different forms. What's worse, now that I've uninstalled it, Amazon won'tremove it from my list, a constant reminder that I should never have downloaded this app.",0

this game was hard to download.it would be easier if it was easier.but I love that the game was free.,0

"This is the stupidest game so far, not even my Grandkids like it, and to thik I paid money for it ugh.",0

"though this would be fun but is boring gets old fast with , no challenge can't see the what the whole buzz is about",0

Too technical for me. I got so upset that I removed it from my unit in favor of games I like.,0

"Unless you are 7 years old , this is a very boring and hard to manuver application. The game is redundant",0

Using birds to kill is just plain sickmy 3 year old loved it and started "killing" things in his play time,0

"We all love the beloved angry birds characters but this app gets really old I mean really old, its fun the first couple of times but everyone has shirts of it youtube videos of it,I mean really this has a terrible lasting appeal",0

"Who are these 20 godless inbred bafoons giving this game 1 star, that is probably the score of there I. Q. Lol just kidding, but seriously this is a great game, very good pass time, and your kids will love it. If there is any good catapult castle games ",1

"why do these apps appear on my device if I DON'T CHOOSE THEM?stop doing this it's very ANNOYING, I'm ready to return my Kindle if this keeps up!!",0

"Wouldn't load on my Trio 4.3" tablet. I can't say I hate or like it. Perhaps I'll try again later when I get my dream tablet, a 7" Samsung Galaxy Tab 3.",0

Angry birds is so boring all you do is knock down the pigs and then the birds are doing flops and stuff it's stupid.,0

cant install on kindle fire files been corrupted witch is bs i cant play my game this game needs to die. i know bs rovio fix it if you can please.,0

"Didn't like this game. Can't see what all the hype is about. Took off ""Kindle Fire"" after a two wk.trial period.",0

Don't like it really boring game. probably won't play ever again. buy you sure ask for a lot of words for a review.,0

free game added to kindle over Christmas - has been deleted - alredy had it and was added again. thanks,0

.I don't get why the birds angry.I don't get why everyone likes it. its not that fun of game.,0

i dont like it. it stinks. it takes so much to make the stupid pigs die. they dont die quick enough. and the birds NEVER go where i want the to go. it is so frustrating that sometimes i want to throw my kindle across the room. you can do better rovio. ,0

I don't like it so I say if you get it you are either so addicted you don't have a life or you got it for when there is almost nothing else to do or it is for a sinking or you are almost dead or you are dead oh ya also I just like posting random reviews,0

"I don't understand all the high reviews or the great love people have for this game. I'm glad I didn't waste my money on the 99 cent version because I wouldn't buy it at 5 cents. It doesn't take any thought or skill and hasn't any entertainment value, ne",0

I don't under stand what the big deal is about this game my dad loves it and my brothers both like it but I don't under stand but whatever,0

I don't understand why this game is as popular as it is. I found it silly and boring. what is all the hype about?,0

I doundt think there should be a fee to use the mighty ehgle so I rate it a zero star you,0

I guess you can tell by the title that I'm not that young. I don't have a clue what this is all about.It's not relevant to anything I do!,0

I hate this app so much it stinks so I deleted it all you do is shoot an ugly bird to kill pigs. REALLY ROVIO???,0

"I thought this was going to be the best game ever but it was boring. The characters are really cute, but it's the same thing over and over again. Fling the bird, try to smash a pig. Maybe it's just a quirk, but it's so SLOW. It takes ten to fifteen secon",0

"It might seem fun at first but,after awhile it gets totally boring.I got ,my kindle for X-mas,and this was my first app.but,as I said....it might seem fun at first.worst app ever.",0

"It's not the regular version, so I don't like it or use it. Perhaps an Angry Bird aficionado will like it.",0

"It was ok for the first few rounds which presented a challenge, but id like to be able to win a couple rounds...?",0

I used to love this game now its so boring its so 3 years ago I don't get why Ppl still have this game they gotta make this game more exciting not just u defeate,0

IvV GIVEN YOU THE NEWS OF BLOCK STORY A OPEN SAND BOX GAME ITS LIKE MINE CRAFT WITH A RPG TWIST AND HAS A GREAT WEBSITE WITH LOTS OF PEOPLE TO ANSWER YOU QUESTIONS.,0

Mostly kids game and it gets boring after a while Not a good game for very young kids as it teaches them to be aggressive and angry,0

Omb! I am in love with this game! NOT!!!! This game gets SOOOOOO BOOOORING after like the first two levels! WTF? This is really what everyone was "so excited" about? Well I don't know what they see in this game. Its so boring.,0

The grandchildren like it and it keeps them busy during grocery shopping but I don't get what the big rage is all about.,0

This app is just plain boring all you do is kill pigs(disappointed).What is the point of this app???DO NOT GET THIS APP!!!!!!!,0

this tame is soooooo boring. Even though it is free it is not a good buy. :(all u do is fling birds @ buildings.,0

Too many pop ups in trying to play the game!!! Very frustrating when trying to play then have to deal with the pop ups.,0

"TURN OFF WIFI AND NO ADS, , , , , , , , , , , , , , ,",0

Why does this game have death in it? It is not the best game for children! Children shouldn't be playing games like that! I really don't like this app!,0

"You know, this whole phase is killing the handheld gaming industry. No longer will casuals get the new handheld, no... They just play their terrible slingshot game on their phone and that's enough for them. And you know what, I don't really care about th",0

and extremely fun. The ads aren't bad and don't interfere with the playing at all. I can't believe I waited this long to get it.,1

Angry birds is the best! Best part is that you can still play Angry Birds with out having to be hooked up to Internet. Love love this game!!,1

As with all the angry bird games this is a great game for anyone. It is challenging and fun as well as a learning tool.,1

"Buy the ad free. Worth the pennies it costs. Love Angry Birds! Developers are geniuses. Fun, fun game to play alone or with someone else.",1

"Free and fun, what could be better? I enjoy playing Angry Birds on PS3 so I had to have this app for my Kindle, it's a nice mini version.",1

"Free and fun, what could be better? The birds are angry, it's everything I expected, and anyway, those pigs had it coming!",1

gives me a chance to decompress in a silly way. Love the complaining and cheering they do when each level is either won or lost.,1

"good and fun game, i purchased this game from amazon.com i dont have it on my phone so i just downloaded it to my kindle",1

great app highly recommend very easy to use or navigate a must have for very kindle owner very fun to play,1

I am addicted to this game. Lots of fun. Sometimes one needs a mindless game to play and relax from the normal everyday toils.,1

"if you don't know what this series of games is, then it won't do any good trying to explain it to you. Find someone with a tablet / smartphone, or even a roku xs, and become addicted to solving the puzzles.",1

I have never played Angry Birds. I uploaded this on my Kindle Fire and it is very fun to play on! Even though the levels get really hard but I totally recommend this and its also free so your getting a good deal here. :),1

I love angry birds; I have all of the AB games on my kindle fire hd. The original is my favorite!,1

"I love angry birds its really addicting, and i love that it has differnt ways to play the game. Love it",1

I play this games almost every day. Got some updates that make it a new experience. Waiting for more updates. But the ads are getting in my way.,1

"It allows a good progression in levels, has great sound affects and is fun. I love playing it. I mean, pigs and birds, how fun is THAT.",1

It is really fun to play and increase skills and make it more harder at each level but it is really fun to play.,1

"Its Angry Birds, very addictive game. Easy to play, very fun, very addictive.Still improving my game, but son already surpassed me a long time ago.",1

I've allways hear about angry birds games but never play it before till now its fun to play. I like it.,1

"My daughter has this on her ipod so when she got her Kindle Fire, she had to have it on there as well! Loves this game!",1

My grandson has this and I like to play on his Hook. And when I got my Kindle I wanted it too so I will enjoy it. And it was free. Free makes a difference.,1

Never had played this before but love it. Would recommend this for anyone with some idle time looking for a good game.,1

Purchased this for my Grand Kids and this game is really loved by them they beat me at every game.,1

So much fun.it's makes me laugh when I hear the pigs making the noises...they smile at you though when you don't beat the level.like they are mocking you...lol,1

"The goal is to take the various birds who have various actions, and stretch them back on their rubber band, and aim it at the green pigs, and knock them out!!!",1

"the graphics, movements... everything overall is smooth. there isn't a glitch in sight. and ads? what ads!? for most of your game play you wont notice them, and when they do pop up every once in a while, they creep up unnoticed in a tiny space on the top",1

This game is great the hole family play's it and we are not young people.My sister started it and then got me started and we are in our 80's my brother is in his 70's and guess what can't stop him so I would say it's quite A game.,1

This game works great and has no running problems. I also love that my kids love it and there are no bad or evil images to worry about.,1

This was the first game app that I downloaded for my kindle fire and it is the app that I continuously go back to and play the most. Many free apps that I download usually get uninstalled very quickly....not angry birds! Great way to pass some time. The ,1

got this kindle fire for Christmas. trying to download free angry birds and it is not working. started to down load over 2 hours ago. an it is only at 2 percent still. piece of crap:(,0

I do not care for this game I think it is a boring game and very very pointless :kindle fire,0

"Its hard to control. Adjusting my fingertip up and down on the screen seems to do nothing and it launches birds when it feels this is required, not when I do. Sometimes completely ignores my attempt to launch entirely.",0

My husband downloaded this and I still don't see the point of this game. Why is it so popular? I mean my kids are playing it and they don't get what is going on. Only that you get to fling birds at pigs? WHY,0

not good...games bad...not good ffor kids...they r throwing birds! really people...sue them dumb people! sue who made Angry birds. xhshsjsjsnsn shshs,0

Played once and then the app would not load because of the add. DELETED IT Would not load or

7/683

I love this game=] There's nothing I don't like about this game. I first tried Angry Birds on my mom's phone and I was immediately hooked.,1

Thank u for making this app!! Its sooooooo addicting!! That's why I love it! <3→♥!! I reccomend this app to anyone that wants to waste time playing games… 5★'s,1

Same addicting game that caused me to drain my phone battery so many times. The larger screen on the Kindle makes it a bit easier and that's why I got it.,1

"I ran down the battery on my daughter's phone, found three versions for my PC, and now have two games on my Fire. They are all great fun, almost addictive, a great time-waster - but still great fun especially for a free game that last for hours and hour",1

I choose a 5 star rating because my son enjoys playing angrybirds and he has not complained about how it works. would recommend to all.,1

"I love it! My kids love it. My wife hates it, but she's a Luddite so that doesn't count. Very addictive game.",1

"It has been such a long time since I downloaded this onto my kindle, I cannot remember if its the original or not?! Either way, its an angry birds game so you know its great!",1

I think that my 5 year old loves this game the most of all of us in the family. She always says Bingo when she gets the high score in a level. I would recommend this game to one and all!!.,1

Love this game great stress reliever...Love the display on kindle fire. I play for hours and over time I try to better my scores by going back and replaying the levels.,1

"love to play this game on regular computer, My eye sight is not good so can't play on phone but sure can play it on the computer.",1

My two-year-old loves this game because they have a little videos at the end and she allowed to watch these little mini cartoons of Angry Birds and it's just fabulous so thank you,1

"Something very soothing about the music of angry Birds, it is wacky and funny but mostly addictive. Why are they so angry? it is a fun game.",1

Such an addictive game. Me and my whole family love this game! You play by yourself and try to clear the level. Its fun to see how you stack up against your friends and family. Sometimes we play where you get 2 tries to clear the board then you hand ,1

This game is addictive. I quite playing it when the ads started popping up so much but the grand kids play it often. They are ad immune I think.,1

this is great for my childs kindle. it keeps her occupied and fills the time while we're travelling and at home,1

"What can be said about Angry Birds. Its a game everyone loves, and its so addicting!! Would recommend to anyone with kindle.",1

it is so great to play on my fire! the bigger screne and everthing haha. dont pay 99¢ just to remove a few adds. not even all the adds! they are just tiny little blips in the top corner. get it get it get it!,1

The one that started it all!! Rovio has done a great job with this concept. Great time killer! Love it!,1

"This is a great game! With it being a free game it does have some ads, however it is still a lot of fun to play on the Kindle Fire.",1

Theyve added a bunch more adds very anoying. Mi got it when it fisrt came out and now its uber adds.,0

who doesnt love this its addicting my wife wants a divorce over this game but im sticking with the birdies as an angry bird is better than an angry women great game,1

"More fun now that it's on the kindle! Fun version, nothing like the original to have some good fun with birds!",1

I love angry birds so addicting. I love it love it love it. It worth the download too fun love it,1

We have enjoyed Angry Birds Free. It has been a lot of fun for the whole family. Easy to use!,1

"I love trying to beat this game. Kids can probably beat me at this. There is one I cannot beat. Hang'em high number 1. I haven't finished any of them, but I'll keep trying!",1

A real challenge. I think my dad for the knowledge of construction he passed on to me. Very helpful in collapsing those structures just to get to a frog. Who wouldn't enjoy that?,1

My 4 year-old grandson absolutely loves it! He plays it every time he visits me and it keeps him entertained!,1

"Most people think Angry Bird is just got the kids, try it you will love the challenge of getting to the next level. I find when I'm worried about something or I have to wait for an appointment it keeps my mind occupied.",1

"Measures your ability to project speed and location of the target, practice til you get it right, do not get angry, smile!",1

"This game has no problems on a Kindle Fire and has very few ads.. nothing to get upset about. After all, it is the free game with advertisements! Even so, this is a game for all ages. An amazing game no doubt!!!",1

Addictive and challenging... I would recommend to anyone... Love it... Sometimes makes my brain hurt trying to figure out the strategy.,1

"This Game is highly addicting , and a lot if fun. The only thin that I didn't like so far is the annoying screen that asks the user to pay for the game while you are playing. Right in the middle of the game play, it just abruptly stops du",1

I love angry birds. I think it is the best game in the world. everyone should play angry birds. I
<3 (°^°),1
i enjoy playing it very much i play it every day It is very diffence form any gamei plaved
before,1
This is fun game for everyone and all ages as the family and friends all get together an play
against each other,1
it is angry birds you really dont need to say more then that. i mean come on these games are just
fun,1
Great fun for everyone in my family! My kids and I play it on trips! When we can get my husband to
put it down.,1
Love playing this game with my son so addictive ughhh LOL I recommend this an all of the angry
bird.apps and games,1
for me angry birds is a game to lose some time! though a great game! I have had my app since
either last may or another year back and have yet to have any probs. it does have ads but u can
just exit out. great and fun game,1
i love angry birds i have this for my 360 as well as my kindle fire hd! great product! ..,1
I downloaded this game last night and my daughter played until her battery died. With her kindle
charged up she has been playing all morning. It's addictive.,1
"The one that started the Angry Birds series, not much more to say other than fun fun fun fun
fun",1
This game is awesome it a great way to pass time but hate the ads can Amazon get rid of ads
without spending money? But other than that epic game:),1
Heard a lot of people talking about this crazy game and tried it. Sure is fun! I'd recommend it to
anyone. Very entertaining!,1
Had never played this game but had heard all the good things about it. It IS addictive. Have got
to plan time to play it or I'll play it all the time.,1
i love angry birds. its an addicting and challenging game. its much harder than i thought it
would be but it gets you thinking along with having fun.,1
"The original game was the best game of all time, even some of the sequels were good. Now the
more recent games with the Power Ups have ruined it.. It's no longer worthy of best game... Should
have left it alone.. It was a good thing, was",0
"VERY INTERESTING TO ME AND GOOD FOR KIDS. I LOVE THIS GAME JUST STARTED PLAYING IT, BUT IT IS MY
FAVORITE GAME. I LOVE THOSE BIRDS.",1
grand kids play when on a trip well worth the down load thinks it is awesome would get more fast,1
Angry Birds is fun to play and can be somewhat challenging. This is a good sample of the games
you can play.,1
"This game is full of variety, but I find some of the levels frustrating , which is a pain!Sorry
for that.",1
Everyone loves this game It is addicting once you play it you cannot stop one of the best free
apps,1
"This is the rating from my 6 year old who has been doing Angry Birds for years now!It is fun for
me too, when he lets me play!",1
"When I first got my Kindle Fire, I got several games for my grandkids to play -- this one is the
only one they will ask to play. It is also a hit with my hubby!",1
Angry birds was the first non console or hand held game I have ever played. It was fun from the
instant I played it. You just want to keep playing until you can get those snarky pigs! The
gameplay is easy. You use your fingers to launch birds across the ,1
"good fun for whole family, keeps you on your toes trying to get to other levels , just an all
around fun game to play.",1
"This game is so addicting! There are a few little issues, like the birds not doing what they are
supposed to do when I tap on the screen, but it happens rarely. Awesome game! Can't wait to get
the next one :-)",1
I just wanted a game for my Kindle. It is easy to learn and it can be played any where and at any
time.,1
Yes!! These birds laugh at me when I miss them so it just makes me want to get them more. I love
the way this game is strategy plus entertainment for me.,1
I love this game I play it almost every day and highly recommend this game to all people who have
a device that can get this game.,1
This is a fun game and it is hard to stop playing it. I rated it 5 stars and would recommend to
everyone.,1
"I always loved this game, but I'm horrible at it. Anyone give Angry Birds lessons? I'll be the
first to sign up!",1
I like playing this game. It can be addictive to try and get to the next level all the time.,1
Another one of my grandson and granddaughters favorites. young and old at my house like this game.
It is fun,1
"Great little game for the kids and its free, i like to play it sometimes myself try it if you
don't like it you haven't blown yor gaming budget",1
"I couldn't believe how this game drew me in. I quickly played all the levels, but then started
back through to achieve 3 stars on all levels. some of them are proving to be a real challenge.

This uses up lots of time, but is hard to put down.",1
"my daughter gets these games, I think thier okay, but she loves them, whatever makes yr kids happy, so they will leave you alone for a little while is okay with me.",1
My wife plays this game on her Kindle and really likes it. She recommends it to anyone who plays computer games.,1
"I think everyone has played this by now. Ad supported version, a little annoying but not a serious enough game to get in the way.",1
"Great way to pass the time.....very addictive and as a free app, I have fun trying to increase my score!",1
This game is great fun and has its own culture with it. I didn't get it at first but after playing it for a short time it is very addictive. Next thing I know it is 1am and I have to shut it off to get some sleep.,1
"My 4 year old Grandson was having so much fun showing me how to play it on his mini iPad that I decided to see if I could get it on my Kindle Fire! I found this, and he spent the night w/ me and I showed it to him, and he liked it better than the one he",1
Who does not love this game! And it is free.. If you have never played angry birds then try this one and you will see what all the fuss is about!!,1
"Once I start playing this game,it is hard to stop. I get caught up it and forget about everything else.",1
Angry Birds is one of the first apps we place on my whole families devices. This is a #1 game at my house.,1
I have angry birds on every device I own and I love to play it although I'm not really that great at the game although I still love to play it.,1
It's Angry Birds. Probably the most famous phone/tablet game in existence. You're going to enjoy it so you might as well just download it.,1
"I am so addicted to this game. Even when I can't beat the level and have to use the eagle, I will go back and keep trying when I am waiting for the eagle to come up again, or get frustrated with the level I was on before...",1
I am so glad angry bird are coming out with different themes like space and beach scenes. My son loves them all.,1
I love this game but because it's free they are a lot of advertisements which come on between every level or so so it's a little annoying but not so much. Download it.,1
Everyone love this game and its very addicted game ever! I cannot stop playing this game! Great graphic and everything!,1
I like it but reds mighty feathers is lost by that I mean they added a horrible update its it was unique now it's like any other level,1
"This program has a problem opening once installed successfully. Tried deleting and reinstalling to no avail. I would like to know, what else can I do?",1
"We loved playing Angry Birds on my mom's iPad, so when I got a kindle fire I was pleased to see that there was a free Angry Birds app for kindle. =) Love playing it when I have some time to kill, and the kids love it, too. However, playing on the kindl",1
Who doesn't like angry birds? This was the first game on my kindle and remains one of my favorites. Fun!,1
first time I have played!Very addictive!Would recommend to others to get this app!The Star Wars one is fun too!,1
Kind of boring - the novelty has worn off. I've already removed it from the tablet. All set with it.,0
I tried this game because everyone said how much fun it was. I didn't care for the game and that's the reason for my rating.,0
i always am playing this game it is so much fun it is addicting to play i love it so much,1
"Wow, this is a ver funny and fun game. I start to play and just can not put this away for the day.",1
Fun game. You can play for hours. I like the sounds they make. I love it when I accidentally send the little fellows backwards!!!,1
"Like the game but kinda moved on to other apps. Maybe, return at a later date. Love the big black birds that blow everything up.",1
Addictive game. Wish I would have came up the idea of Angry Birds. Wish they would update to add more levels.,1
It's hard to say I love it when those miserable pigs keep smiling and blinking at me! It's still fun.,1
"Nice game. I have never played Angry Birds before. So, when I purchased my tablet, one of the first games I downloaded was this. It can become very addictive in a very short amount of time. Nice way to waste some spare time.",1
I love this game!!! The graphics and music are fun. It makes me smile. It's no surprise that it's so popular,1
Great Graphics works great on my kindle fire hd love all the levels. wish I could get it to connect with facebook,1
"This game is addictive - the harder you try, the more you want to beat it. Good for all ages.",1
Everyone is playing this game....it is a lot of fun and hours of entertainment. It can be

frustrating at some levels but it makes you want to accomplish the levels....truly a fun game. Strategy is needed...offers some learning as well. I think everyh,1

The neat thing about Angry Birds is that there is so much variety in the game. You never get tired of it!,1

"Well I have never played Angry Birds, but my son sure loves it. If he's happy then so am I!",1

This is an addicting game - lot's of fun. I find the games quite challenging. This is the firsttime I had played the game - grandkids play it all the time on their I-pods.,1

We have Angry Birds on every tablet and phone we own. It's addicting and super fun to knock down those smug piggies!,1

Ads are not annoying because they only pop up once in awhile unlike other games where they pop up after each round played.,1

Easy to get hooked on this complete waste of time....but it is one of two of the most enjoyable games I play.,1

I really like angry birds. It is so cute. This also is a great purchase. All ages can enjoy this game.,1

"my 5 yr old love this game, he play it almost all the time it's his favorite game, personally I don't play it, but i think its kool.",1

I love this game! There are very few ads. The update is amazing! I love the new levels! Go birds!!,1

It's easy for my grandkids to pick up the skills needed to play this game. Good for quiet time or rainy days.,1

This is another great game and fun to play. I can play for as long or as short a time as I have available and still have fun.,1

Could not play it and would like you too fix it so it would work so someone could play it.,0

i think that it is awesome to play on the kindle i like playing it and it is a good pass time when you are waiting,1

"I love this app. It's so much fun to play and easy to learn. Best of all, it's free. Kids and adults alike will like this one.",1

What a wonderful time suck. I just wish I could pass the levels a bit quicker. It takes a bit to get through some of them.,1

I started playing this game at 9:00 pm and couldn't stop until 2:00 am. It's a fun challenge that kids and adults alike can enjoy. Creativity at it's best!,1

I'm hooked. Drives me nuts but keeps you entertained and coming back for more. I see why this is such a bif hit.,1

Works well on kindle fire. Would recommend. Fun to play. No lock ups. Good graphics. Nothing else to add to this.,1

I am addicted to this game.It made me go out and buy Angry Birds Star Wars.I highly recommend it.,1

"It's Angry Birds for Kindle. Looks great on my Kindle Fire HD, and it's fun to play when I'm bored.",1

"Angry Birds is one of the first games to hit absolute popularity in the mobile gaming market, and it's still as good as ever. The ads don't bother you and even if you hate them, you can turn off WiFi when playing the game. There are a lot of levels and i",1

Great way to waste time. My 7 year old loves it and we compete for high scores! Great down load!,1

It's just like playing angry birds on your phone but with a wider screen which makes it that much easier,1

This app is great fun and addicting. and is much more better on the tablet than on a small touch screen phone.,1

"The birds are back in this free version of the original that is keeping my kids happy and satisfied with the pecking action. We haven't had any problems with running the game and while it doesn't have all the levels of the real game, it's still addictiv",1

"Well, it's easy at first then it gets a littleharder. Never buy one on your small cellphone, get a kindle fire hd",1

"every one in my house loves this app. My 18 month old, my 6 year old, even grandma. This app is free and has tons of versions of angry birds.",1

What can I say? This game is fun and addictive. This game has a fun and excitement and be played by everyone and anyone...,1

"i do burn time on this one, but who can beat it for free. and i've bought in to going back and trying to clear the levels at three stars. grrr. really don't have to with all the levels available.",1

This is just a crazy game. It is frustrating and fun all at the same time. It is just crazy!,1

"My grandson downloaded this app so he could play it on a road trip....but when I asked him to remove it, he said "Grammy, you'd LOVE it, so I'll show you how to delete it if you want, but also am going to show you how to play it!"....and he did",1

"Really a fun game for free. There are lots of challenging levels. I love, my husband loves it, even my 4 yr old grandson loves is.Give it a try",1

This game is pretty fun.What you do is pick what kind of level you want.Then you shout the angry birds to knock down the buildings.Well that's all.Hope you get this game.,1

these birds are someting else and a lot of fun shooting thru the air hitting things. the premier

of the birds. have fun.,1
grandson loves it. I don't play it but it keeps him occupied for a while. not a game for me but good for him.,1
"I enjoy all this angry birds game that are out there, so do my grandkids. They are fun to play.",1
"Heard a lot about angry birds, but wasn't sure what it was all about. Our son downloaded it for our new kindle, and it pretty fun!",1
I love this game so much I never had played it or even knew what it was until I got a kindle but now I can not get enough of this game.,1
This was also a hit with my three old grandson. This kept his attention while waiting in doctors offices etc...He is a pro at it as well.,1
"fun to smash things, without the clean up . love to be able to play a different game . thanks !",1
it's addicting and challenging. I play it on my downtimes when I'm waiting to pick up friends. the best game,1
"This is a must have application.I thought the game was stupid at first, but after playing it for a few !HOURS! I realized its flipping amazing.",1
When you order a game online that you download you shouldn't have to write a review. After all its hit or miss isn't it?,1
While it can be very frustrating it rapidly becomes very addictive. I have not been this addicted since the old days of crochet and space invaders,1
Very interesting and excellent app. Hope have Angry Birds Space for free can be download for Kindle's user. Thanks a lot.,1
This is a fun game to play occasionally (when stuck in traffic or in the waiting room). Some of the higher levels can be difficult!,1
This was my first one and I couldn't get enough of it. I finished all the levels and didn't realize there were more versions out here. Now I'm hooked.,1
"For kindle this is great but the internet holds you back from playing anywhere if there isn't internet , say in a doc office or a hospital treatment room (I get renegade treatment) you can't play.",1
"You just want to keep on trying to beat this game over . And over! Good for both young and old , you will enjoy!",1
Downloaded Angry Birds to my Kindle & definitely love playing it. Highly recommend this game & even the kids & grandkids like to play it!,1
This free application lets you take Angry Birds with you wherever you go. We purchased it for our Kindle Fire. It's free and it takes seconds to load it. Great for all ages!,1
There are no bad Angry Bird Applications. There are no bad Angry Bird Applications. Repeat after me as necessary - always fun.,1
My 3 year old grandson loves this game. And I love its different levels. I have to make him stop playing the games on my Kindle. I don't want him to become a game junky. All kids need to play outside and pretend play.,1
What more can I say. It's addictive & I love it! I needed to add 5 more words to submit this review.,1
"This is one of the best games for waiting at appointments, you can be interrupted by your Dr. appt. and know that the miserable little hero birds are still waiting for you. It is very addicting. The only thing is... it is not a good game to play right be",1
I enjoy playing this game! I love the different levels! Some games are the same but this one is addicting!,1
My son set me up on this and asked me to give it a shot. I found it a lot of fun and surprisingly entertaining. Who comes up with these games? Anyway thanks for the giggles.,1
Just a very fun game and many levels. Terribly addicting but a challenge too. Other versions are just as fun and free,1
I had never played or understood angry birds before I got my kindle fire and got the free app. I now am hooked! I don't find the few ads on it a problem at all and strongly recommend the free app over spending money just to be rid of the few ads that only,1
My 4 year old grandson is able to play this and it would entertain him for hours on end if I would let him.,1
silly and lots of fun,1
"Driving you crazy, I dream of making those stupid pigs into bacon.Lots of great levels and annoying near misses to keep my comingback for more. Ugh. I love this game.",1
"Very entertaining and fun! I usually do not play games but I really like angry birds! Fun, challenging and great to play while waiting for appointments,!! Good fun!! I challenged my son and we had a blast,!! I won!!",1
"It's Angry Birds, of course it's fun. This game could keep someone occupied for hours. It is almost annoyingly addictive.",1
I DID NOT FIND THIS GAME AS MUCH FUN AS THE OTHERS WE BOUGHT BUT THE KIDS SEEMED TO ENJOY IT. I REALLY APPRECIATE THE FACT THAT IT WAS FREE.,1
"Enjoyable game. I love those little birds and so does my husband. It's a challenge to win all the downloads of these little birds, but it's fun.",1
"great for the kids; and, I like it too passes the time in a wonderful and happy way we

laugh about it and have fun with it a lot; my youngest wants to be a pig killer when he grows up ... his brother wants to work with eagles ... a great thing ",1

Addictive game! So many levels to advance to and some are quite challenging! It is fun too when you are bored.,1

"A game you can't put down, once you start! I have to say this game really makes you keeping going just to win!",1

"I am addicted to this game. I can't put it down. I have it installed on a Kindle Fire HD and it works perfectly.",1

"I just got my Kindle Fire but have played this game on my friends ipad, got such a kick out of it that she encouraged me to buy this one. I'm still learning about this game so make a lot of boo-boo's, like shooting the birds out the back & way over the t",1

Yes I have been inducted into those crazy bird games and I really like it a lot. It keeps you wanting to be better at getting those pigs no matter what. It's a fun game for all ages and can be played with your kids.,1

This game is entertaining for early teens and younger. And on top of it it's free! Your can't beat it.,1

Everyone in the family plays this one. We enjoy the free app. Just not sure if we want to download the full app just yet.,1

bought this game for my daughter and my girlfriends grandson they love to play it and find it lots of fun,1

"My children and I enjoy this game. The graphics are great. The audio is amusing to us. Using sliding motion, shoot birds with various attack moves via sling shot. Birds break boards, rocks,etc to attack pigs. Many stages.",1

"I now know what I am doing. I learned how to aim the bird or birds, so sometimes you will knock all of them down, and sometimes you miss. But it is a fun game.",1

I recommend getting this game. It is a really great way to spend your way on you device. My brothers also love this game. hope you enjoy it,1

"This is a great game for all ages and it's a great time killer. I would recommend the paid version as well, it's not expensive at all.",1

I really like it. I'm considering buying an upgraded version. The game is one that makes the try to get high scores exciting.,1

Its free. It runs on kindle Fire HD. What could be better.. well more angry bird for free would be better. Bring em on.,1

Do you HATE ADVERTISEMENTS well if you want to have a ad free app just enable airplane mode and that's all your free of ADVERTISEMENTS,1

"grandkids recommended it, found it to be good entertainment, fun, and it's free. some levels are a little frustrating but it fills the time.",1

Angry Birds is a very enjoyable and entertaining game that I like to play when I am bored and I am glad I found it.,1

I just started playing this after so many people kept saying it was such a great game.needless to say it is an awesome game! It works GREAT on my kindle fire and there are so many levels to play!,1

This is a great time waster that will keep you trying just one more time until you are so frustrated that you have to try again. The whole family loves this game.,1

THE ANGRY BIRDS ARE NOT MAD AT ME FOR TEARING DOWN THEIR HIDEOUTS. THEY CAN HIDE IN A CAVE IN A PINCH.,1

Omg. This is SUCH A FANTASTIC FANTASTIC app. This makes you think. The higher the levels the harder it is,1

This one was the one that got me started on games. My grandson had it so I ask my daughter who helps me out all the time to put it on for me. I really enjoy this one too. Thank you so very much,1

"Anyone in my family (ages 4-44!) can play this game and everyone loves it. The free version has plenty of levels to play/master. The ads aren't obtrusive, so we haven't bought the full version.",1

"This is a very good game, with lots of challenging levels. if u get this app, u will never get bored. A must get!",1

We are late getting into Angry Birds but my husband and I absolutely love it! It is very addictive and it totally captures our attention!,1

It's an amazing app for kids and adults. It's not too simple and not too hard.I would recommend it to everyone,1

I love the angry birds. This is my first exposure to it and it is simply "chewing gum" for both the mind and the eyes.,1

"Since kids seem to know all about Angry Birds, I thought they would enjoy exploring and playing with this game",1

This is awesome you update it to get new levels and superpowers don't buy the HD just get this full version for free!,1

i enjoy playing this game after a stressful day. Helps me to relax before bed time. I would recommend to freinds,1

To continue the war with the evil piggies where ever you go it helps to have this app and it has

tons of levels to battle your way through.,1
My 4 year old loves this. I know I love to see her on this I think its a great leaning game.,1
I like to see the birds flying and the small ones that turns into tree when you touch them its fun and enjoyable,1
this game is the best. I love the funny little bird and it keeps u entertained for hours. I almost passed all the game by mere luck but I loved it. I totally recommend it to every one at every age. And its for free in my kindle fire,1
"When I'm faced with a situation that makes me wish I could ""smack some jerk silly"", whether it be a non-driver who cuts me off on my drive home, a smart-aleck store clerk, or yet another telephone money solicitor during dinner, I use Angry Birds to vent ",1
I was expecting it to be boring. it was awesome! you have to ____ down the pigs. I would suggest it for anyone.,1
I love this app - especially for my grand children who always wants to play games on my kindle everytime they come over.,1
you will kill quite a bit of time playing this game. it has alot of replay value to it also.,1
the game is fantastic but it needs a new mode where you can make your own levels and share them online for your friends and the community to play,1
"Good app, really happy to see it on Android. Kids play it to death. It's always up front on my carousel.",1
This is a funny game that keeps you on and on until you get those pigs!! A great and fun game.,1
"Angry birds: Often I can't put this down until I clear the scene and move on to the next level. It frustrates me sometimes, but I like a challenge. My grandkids fight over it.",1
I heard all the craze over this game I downloaded it to my table the Nexus 7 and now I am addicted to it and any age can play this from my 2 yr old grandchild to us adults who love to be kids :),1
this is a great app for everyone. my dad is turning 40 something this year and this all he plays. its also great for the fires.,1
This no longer needs reviews. Rovio received 8 million DL on Christmas day and 30 million DL over the Christmas week. There is absolutely nothing new I can say about Irritated Avians.,1
"Perfect game app for those who wonder what all the fuss is about, but I guarantee after five to ten minutes of game play, you'll be buying the ad-free version.",1
"Awesome game, I reccomend this to everybody out there. trust me, it's fun shooting birds at pigs!!!!!! The point is that the pigs stole the bird's eggs. hope you like it.",1
my only word is amazing. it works great on a kindle fire it has very few adds!there's now other game I've played for two weeks.,1
"why can't the world go Na Na Na Na like a perret or a baby got 2, 2 knickknacks up her sleeve sceaming Mahalo",1
"Okay, everyone was right. This game is fun. I've been a hold out but recently tried it. Now I can't wait to have time to play it.",1
Fun and challenging.Great graphics and sound.I guess I am too old to clear all the grades. But I keep trying.,1
I love this game this is one of my favorite games ever. It is challenging fun relaxing exciting and lots lots more. I just can't stop playing it and telling everyone to get it after all it is free! I highly highly highly recommend you to get this app I s,1
"Fun game for hurry up and wait situations such as ER or DMV. Best part about it is: it's free and does not send you on wild goose chases to B_S_ web sites for ""updates"" and other such nonsense.",1
"rapido y facil de usar, intuitivo, con grandes diversiones y niveles para entretener a todas las edades, grandes graficos y sonidos, funciona OK en la KD HD 8.9",1
"My daughter, age 45, loves Angry Birds and has been playing it on her phone for a long time. She got ahold of my Kindle Fire and downloaded Angry Birds. Played it around 6 hours before putting it down. I also like to play angry birds so this will be a",1
"This is just the full version with ads! This app wont waste your time! Actually, it might. its super addicting!",1
habit forming but great fun. i can play for hours - it is great for dexterity but mostly fun fun fun,1
"I really enjoy playing the different free Angry Birds games when I have a free moment. They are so fun, and don't cost anything.",1
"My granddaughters and I enjoy Angry Birds free on the web, but I hesitated to download this free version (I have never paid for a game) because of warnings about the ads. Enticed by the the 5-star reviews, I installed the game on my new KFHD8.9. Yes the ",1
got this for my son which got my grand-daughter hooked on it. Both have a blast playing it. Good app for being free.,1
I would love to hug the inventor of Angry Birds. We have been waiting for over a year to get our own Angry Birds app. Now we have it and love it.,1
"I like Angry Birds. Levels are challenging, you get ads, but just X them out. After all, it it a free game.",1
This game is very fun to play with my grand children and I find it very fun and challeging in some levels.,1
This game is good for all ages. Good eye hand coordination. Will teach angles etc. You can

really get hooked on it,1

"BOY WHAT CAN I SAY ABOUT THIS GAME. IT IS JUST SO FUN THE KIDS LIKE IT TO, & SO DO I",1

Angry Birds Free is a great game for all the family. My Grandchildren love to compete with me and enjoy beating me. I would recommend it for others.,1

This is fun & challenging enough for kids & adults as well. You can't go wrong with Angry birds at all~,1

I find this game to be fun and challenging. I hate haviang to quit playing before I've wiped the smirks off their faces. Each round is a whole new challenge.,1

"I really like Angry Birds the game. But I could not stand the suggestive and violent ads that kept popping up on this free version of the game. I had to delete it for that reason and until I can find a free version without vulgar popups, I'll just play t",0

"If you like Angry birds, you will love this app. So many different levels. My girls, 10 & 8, are always stealing my Kindle Fire and playing it!!",1

"My mom who doesn't know how to use a computer much, she can easy find the angry bird app and be playing it for hours if I let her have my kindle for that long lol .",1

The game is great and different once I start playing I cant stop I am going to down load more games from the kindle,1

I heard about this form some friends....It is a challange to get all the pigs.. LOLEach stage is designed to give you more bids that function in different ways.each stage is progressively different and more difficult..the challenge is to recognice and de,1

Very addicting game. There so many ways to pass a certain level. I enjoy this game a lot until I get stuck on a level.,1

wood like to see more animal games for free really like this game it games is great love this game,1

"This is one of those mindless 'keep busy' games. It does, however require you to think (unconsciously) about trajectories and angles. The sounds are the best part!",1

"Favorite app for sure. When it first came out, I used to play it all the time. Today not so much, but it's a popular game for a very good reason.",1

I just downloaded this game yesterday and I can't seem to put it down. I find myself fighting with my twin 3 yr olds because they want to play too! Great game and great app,1

"...about this game that hasn't already been said?To me, it is a game that I play for a week or two, then put it up. I'll pick it up in a couple of months and play it again.It is a fun way to burn up extra time. It can also frustrate the crap out of you.",1

I love this app and the blue bird is my favorite angry bird hay angry birds!!!!!! get this app. I recommend this to people who like funny apps! :),1

"I love angry birds so freaking much. I mean how can you not? I got angry bird hats, gloves, sweaters, wallpaper, everything. I'm addicted to it. I'll focus on beating level fourteen, then eating the peas on my dinner plate. I don't know how many rules I",1

it's a fun way to pass the time if you're stuck in a doctor's office or just waiting for someone.,1

I love angry birds and it is funny and a little hard too.I hope u people who bought this app have an awesome time playing this game,1

Love to hear the crash. Got you lil devil. Can't get enough of the anger birds and crashing sounds. I'll get you yet!,1

"Game is fun and frustrating! You really have to figure out all the little tricks the birds can do, then you will have a bit of an advantage over the pigs. My hubby is addicted! Great game!",1
This is a great way to kill time without hurting your consciounce. This game comes with a reputation of fun.,1

"Very good on Kindle, has the nicest features. The iPad is a little better, but I was pretty bored. Nice.",1

"Great game to play and very addicting, went ahead and bought the full version, super addicting to play! Fun for all ages!",1

"So if you're just way too accomplished at your life, you have a solid income, all debt is paid off and you just REALLY want to waste 5-10 hours of your day, get this App. It'll make your days fly by so fast, your children's children will be flying around",1

This is a real challenging game.which makes you work for the results. It is hard to set the game down.,1

You know what Angry Birds is. It is probably the most popular computer game in the world. It's probably the most downloaded app in existence. It's been praised by users and critics alike.And it deserves all that praise.Angry Birds combines simple control,1

Don't download this if you don't have the time. This game is addictive and you will never put it down.,1

"this one is great of course, has plenty of levels to keep you busy. why can't all the games have tons of levels.",1

"The whole family, including my Grandson, loves to play this game. It gets frustrating at times but that makes it more fun.",1

"I really enjoy this one. It is fun, and challenging. Of course all the kids can do the game better than me, but I like trying.",1

"I really like this game. It's quite frustrating but I guess that's what people like about it.

I've had thisgame on my phone and Kindle Fire for some time. And, my grandsons like it.",1
"These birds and pigs won my heart from the very beginning- nevermind that I am trying my hardest to kill them off! The graphics and the sound effects for this game are genius, accounting for it's huge popularity with young and old alike!",1
This game is so fun. There are so many different types of Angry Birds to shoot at so many different green blobs. I love the sounds that come out of the Angry Birds when they hit stuff. It just cracks me up every time.),1
downloaded this and played it for the first time - lots of fun and kind of addictive - I think anyone would enjoy this game,1
I love birds and pigs and amazing Alex even!!! Holy mother of gangnam style awesome best game in the world...BIRDS ARE COOL,1
This game will keep you entertained and pass the time while waiting somewhere or keeping your attention off of something.,1
"I have enjoyed it so far. Don't have much time for games, but this one seems to be a good one",1
Amazing game I would recommend to all users who love throwing things at each other. Its a hey fun game no violence and runs very smooth with no lags or shuts downs.,1
Watched my husband play this game. Now I understand y he played it so much.,1
"These burds drive me crazy fun to unwind on. I sometimes thinkl I spend too much time trying to complete a level, but it is fun",1
"The wife plays this game all the time.it's a good, solid rendition of the Angry Birds game.Graphics are very clear and quick to respond.No problems loading or interfering with other applications.",1
It is the game you expect or have used on other devices and works great on Kindle Fire. Free means ad supported. This introduces some lag when they are loading during or between levels. But great for a free app. If you like this and want it less laggy th,1
Angry birds is the best game ever. Love the bomb bird. There is no way that this game will ever be boring,1
Angry Birds is a game that I can't seem to stay away from. I want to keep going to see if can get through the nextlevel. Great game.,1
"very challenge i love it alot ,since my stroke it helps my brain work.Thank you very much!!!!like more if free",1
"Everyone in our family enjoys this one. It has many levels and is great for killing time, plus the ads aren't too annoying.",1
"can't beat free, right? my whole family is addicted to this game. we all help each other beat the levels.",1
My daughter loves anyhting with Angry Birds. The game is very entertaining. I'd reccomend this game to the whole family.,1
I haven't had any issues with this app on my kindle fire hd. It works great and doesn't freeze up my system.,1
I have a problem and its called Angry Birds. I hate those piggies with a passion and have a difficult time putting down the game.,1
"This keeps my whole family busy. What fun this game is. Even my husband has been known to play this from time to time. My kids are teasing to get the Start Wars version of this game. Maybe soon. It is creative, fun and helps to pass the time away. Love t",1
I love this game! It is so fun and make s you think. it is an app for kids and adults.,1
"This is a good game, the kids love it, and it has many levels and isn't a difficult game, anyone can play this.",1
even it have a little commercials.....still a great app. love this and you will love all the rest of them.,1
This I'd my go to game. Keeps me entertained for quite a while. WhiteHaven it on every device so must be good,1
Angry Birds is very addictive! My husband and I have lots of fun playing against each other. Very good game.,1
The best app game of all time and their new game Bad Piggies is just as fun with a little more thinking.,1
Its fun and addictive. Hours of play time and its constantly changing. The cartoons are a bit drawn out but all and all fun,1
"this game is really fun and addicting. it did quite a challenge on some levels,which will force one to think.",1
I enjoy the frustration!!! In learning how to maneuver each of the birds I am moving along the boards quite well.,1
daughter loves it !! !! !! !! !! !! :-) !! !! !! :-) !!! what more show I say!,1
This app is addicting! I like it because it doesn't require wifi to play and I could play it for hours!,1
I finally decided to try the very popular angry birds. Both my 3yr old and I enjoy playing together and alone. You can turn off the in app purchases!!!! Thank you angry birds,1
"Its angry birds, its free...what more can you say. My kids love angry birds and now they love that one can play on my phone while the other is on the kindle. So glad to have downloaded it.",1
"HELP!!! We cant stop playing this game! Very addictive game. works very well on my Kindle Fire, I

dont mind the ads because its free.",1

"I absolutely loved it and tried the Space Birds, thought not as addicting, it is okay. Good when I'm not online.",1

good game rovio hard but fun. can't seem to beat ham e'm high but still fun get the update (much more fun) I love reds mighty feathers. makes me happy happy happy,1

"I gave this game 5 stars because I am enjoying it as much as my kids! I downloaded the app from my 5 year old grandson and we played together. The other night, I found myself playing it all by myself, with out the excuse of having a young one in the hou",1

This game is challenging enough for all age groups and a lot of fun to play. The graphics are fine.,1

"And who needs to read a review anymore of anything so popular. ""Angry Birds"" is cat-nip for kids and a fun way for aggressive adults to relieve their frustrations while wasting time that might be spent completing more tedious chores. Besides you're helpi",1

"I have 3 grandsons (11, 9 and 7) that fight over who will play this game. It also makes a good babysitter.",1

"Angry Birds is one of the greatest games I have ever played, and I just love how challenging the different levels can be. The birds are also very adorable with their bushy eyebrows. This is a must-have app, for not only is the actual game fun, but the An",1

this is the best way to kill time. angry birds have taken over and I am on with it. I play it all the time.,1

A Blast to PlayI Recommend this to anyone who has yet to try it.It is a very addicting game,1

"Now I know why Angry Birds is such a hit! Really fun game, smooth action with no glitches on my Kindle...",1

I am constantly looking for this to do on my kindle nd this app works great. there have been no flaws or hassles with this app.,1

Its free!! Angry Bird games are simply addicting .. overall its worth the download You have nothing to lose but time playing angry bird,1

I don't really use this that much at the game but I don't really use it might somehow that up for me. Joe,0

"I'd heard about this game, so I decided to get it free for my Kindle Fire. It's a very simple game, but it's also very fun. The characters funny. I really enjoy Angry Birds.",1

"My daughter says that she is not a big fan of Angry Birds but as her father I am going to override her and say that it is a great game. I mean, its Angry Birds, what can you say. This game has everyone playing it and if your not playing it you have playe",1

Who doesn't love Angry Birds? A plus for being Angry Birds Free. Fun little game to kill some time and launch some birds.,1

its really fun to play when you have nothing to do especially for me since I have some spare time in high school.,1

Who doesn't like Angry Birds? One of the best free games out there. Download it if you haven't already and play.,1

Once you start to play you wont want to stop. You will become addicted. Very challenging and you will get angry at the birds.,1

Its a very interesting games. I love it and me & my dad play as a team to beat the different levels.,1

I enjoy playing this game and the price is exactly right for my budget. I would recommend getting this to anyone.,1

"So enjoyed this game. strategy is essential when playing and it sharpens senses. I'm 70 years old and it is a wonderful tool to keep sharp, plus it's a lot of fun.",1

"I picked this because of my Family telling me how great it was and i really enjoy playing it. Each new Goal you try is challenging , yet fun to do... I didn't want to put it down..",1

"I love all angry bird games, they are so much fun to play and this one is great with all the different games on it, its a must.",1

I love Angry Birds. I have it on my computer and downloaded it onto my Kindle. It is so fun to play and it takes some skill. I really get into those little green piggies.,1

"At first my mom thought this game was weird, but then I showed it to her and now she's addictive. I absolutely love this game. Get it, you must.",1

Fun and entertaining. A good way to while away time in a long line or waiting at the doctors office. Love the sound effects!,1

"If I liked my Kindle Fire, I could really enjoy the games as that was why I bought the Kindle but way too much advertising and after you play one or two times, it clicks off and you have to start over from the home page!!!!",1

This was a great way to keep kids and hubby busy while at Dr's office for a little bit. They were so busy the only way you knew they were there was the LOL.,1

"I love that there like 50 million levels to the game. It's a pain in the butt sometimes, but there's just something fun about attacking green pigs with suicidal birds.",1

i like all of the angry birds games i did not do space or the star wars ones yet i like to a lot and a lot of fun too,1

"Great fun. Hooked me immediately. Love the sounds. Looking forward to catching up with 5-year-old great-grandson, if he lets me!",1

I have actually not even played this game yet but I am sure I will like it. I downloaded this game for my niece so she could play it and she loved it.,1

Great game. Love playing it and it's a challenge. You can't go wrong with playing Angry Birds. I would recommend this game to anyone.,1

"I chose my rating, for this is a favorite of my grandchildren. I believe they want grandma to try it out, so I will.",1

This is one of my son's favorite games to play and he loves it. Really like that I could download this one.,1

Who could live without Angry Birds. My kids love the app and so does my husband. A must have for the family.,1

"All the versions for Angry Birds are awesome, but this one is my son's favorite. It's more simple and easier for him to use.",1

"I had never played this game until my son downloaded it onto my Kindle Fire. It's not hard to get the hang of, and can be addictive with continued use.",1

"makes me laugh, and my grand-daughter was watching me and she was laughing i love laughing with my grand-children when i'm stressed i play so i can laugh some more",1

I like this game because I get to judge how far the birds can go to knock down the pigs' castle. The graphics are awesome because the birds appear to be mad at the pigs. Fun for all ages!,1

"This is the first Angry Birds I played and I was hooked from the beginning. As a matter of fact, my husband was laughing at me because he had bought me a tablet with a lot of great functions but I was spending most of my time playing this game. I then ",1

"Grandson loves it, plays it all the times can't wait to get to it when he gets here and yells",1

Hands down the most frustrating game ever! But I'll be darned if I don't spend hours playing this thing! The laws of physics and gravity are completely thrown out the window but just aim a little higher and mass destruction! Awesome!,1

It is a fun and great game to play! It is also one of the first games I got on my kindle fire and I have enjoyed it very much!!,1

Cool game. Very addictive. Angry Birds Free is an awesome game. I would highly recommend it to my friends and family!,1

How can you not like these games. Very challenging and very addictive. Damn all those piggies. Great way to spend some time.,1

"This game is somewhat uncool or stupid, but VERY addicting. I've been playing this for as long as I can remember and really don't have anything bad to say about it",1

"Reviewing as a family. Three and half year old son loves it. Seven year old loves it. It runs on both my Polaroid tablet (I am not a fan, our son occasionally plays because he has a Vtech Innotab) and our daughters Nabi2. Is great on the Nabi because it ",1

We put this on my daughter's Nabi Jr and my husband will take it from her when she's not looking and play this for hours. He absolutely loves it.,1

Great for the whole family. Its challenging. You never want to put it down. I have been playing every day since i got it,1

"Fun to play, lots of levels. Even the grandkids play it. No instructions needed to start but do need to figure out the different functions the birds can do.",1

love all the angry bird products that i can get for ipod and kindle.would highly recommend to people to try,1

inhabitants the free software movement in your life of the explorer and I don't have to get to the complete list,1

Fun game. Easy to use and takes patience. Kids love it. Hope more games come out like it. I recommend this game.,1

My daughter plays this game all of the time and is continuously laughing her head off! I highly recommend this game if you really want a good laugh!,1

Runs great on my kindle fire. I love angry birds. The games always give me something to do. Although some of the games can be very hard.,1

This was the first game my kids downloaded to my Kindle Fire and it remains a favorite nearly a year later.,1

"OMG, my son would play this 24/7 if I didn't take it away from him. He loves this game. It is fun just watching him play it because he has so much fun with it!",1

How can you go wrong with an app that lets you break buildings with a sling shot. Love the app.,1

"its a wonderful game but with so little levels (relatively speaking) that I issue you a challenge, beat all the levels first with your fingers, then restart the game and use your nose, after you win that use your feet to play, there is another way to do ",1

This is a fun little game to play! Came in handy during boring waits at airports and while on vacation. VERY addictive!,1

My son and husband love this app. It looks great on the kindle and the size of the screen makes it awesome,1

My daughter loves the game cant stop playing it.. it can be a little addictive I have started to play it as well.,1

"By boys promised I would like Angry Birds, and they are right .It's A very fun game It's hard to put down once you get started.and easy to lose track of time when your playing.best game ever",1

"You and your kids will love this game! Throwing those angry birds around becomes very addictive,

and will make you keep coming back for more! :)",1
I love angry birds. One of my favourite games. It takes skill and patience. I recommend this game for anybody to play.,1
I have become addict to Angry Birds and Love to achieve more awards and levels and kill those little pigs!,1
"This game was the reason for my purchase of the additional series that I currently have on my Nook. My grandson was especially intrigued by the game and actually taught me how to play it. While it may keep the kids free and quiet, it is not mindless in t",1
of course the best. We have it on the phones for the grandson. He has been using the game since 4 years old,1
Love playing Angry Birds. LOVE throwing the little critters! Hate when the survivors laugh at me for not hitting them! =),1
"Who doesn't like angry birds? It's free and after you finish each episode, the next challenge is to do them all perfectly. It's harder than you might think.",1
"It's fun and free, what's not to love about a fun and free app. I got this on the kids' tablets so they'd stop asking for my iphone.",1
I definitely recommend this app. Angry birds is fun and entertaining for all ages. My father bought me a Kindle for Christmas and ended up playing Angry Birds for an hour that night! Always fun.,1
Does this game "really" need a rating? The game is and has always been an exciting and fun game. There is only one thing that could possibly make Angry Birds better and that is to play life size(we've done that too).,1
Original game so its a good game but the newer versions are amazing and more fun and interesting plus i like that you can hit more than pigs to get points,1
Everyone loves playing this game. good for any age too. Even the little ones can do it. Good for car rides.,1
"I got hooked on this game and I love that it has many levels, so I don't get bored. Great App",1
"This is a fun game that has challenges, especially if you don't buy any power ups. I have completed all levels and am now going back and trying to get all levels to highest score.. 3 stars or more. It hasn't been easy. this is a very time-consuming an",1
I saw it when I first got my Kindle but didn't get it cause I don't think I care much for games. Visited the grandkids over Christmas. They had gotten a new Kindle Fire and introduced me the Angry Birds. I'm having such a good time with it. I'm so gla,1
The game that started it all it is amazing it's fun and addicting+ if you didn't have this you wouldn't have the space game buy it now!,1
I could play this game for hours on end. It's challenging enough to keep me trying! It's great for hand/eye coordination too.,1
i like playing it and trying to bet my own score it keeps me going and going so whats not to like,1
"This is the normal version, but very fun to play. Kids love it, and it is also addictive if you play too much.",1
"This app is listed as free but it gives you a free sample of the game. If you want the full game you need to purchase it. This fine, but don't say it's free.",0
"I just can't play the game. everyone was having fun with it, but I just couldn't get the hang of it.",0
I love to play angry birds. I'm not a big game player but love Angry Birds. It is easy and fun!!,1
"I am terrified of real birds, but Love the Angry Birds! Sometimes, you just have to keep trying a level till you get it right! Always go back for the 3 stars if you don't get them right away!",1
My husband love this game but I do not have the patience for it. He plays this game more than he talks to me.,1
Can' t stop playing! Its nice to be able to . go back and play different levels over and over again.,1
"OMG! I can't tear myself away from playing this game. Try as I might, I have a hard time helping those little birds take out the pigs! I can't seem to play just one game. If i don't score and score big, I redo the game over and over till I do. Then i ke",1
I play this on FB almost everyday. You have to use strategy to figure out how to improve your score. Love mind games,1
Great way to spend some down time and do something fun. Silly as it may be.... I really do enjoy it!,1
"I think angry birds is a great game. When I want to watch Tv I just let them play it then I sneak away.don't bother getting the one worth 99cents. I mean, they are just ads its not like they can destroy the world. it is fun yet challenging.it relaxes my ",1
"I cannot get it on my kindle which is where it was supposed to go, showed up on my daughter's Kindle and it's enjoyable. Still trying to figure why unable to get on mine.",1
"it is a great gift, not educational unless you need to learn consequences (ha ha) my son and I love it. Free equals awesome, if it's really good!good ...awesome really fun awesomely great!",1
The Grandkids play this. I can't get anywhere in games that require any skill. They like

it...I'll stick with word games and cards.,1
Amazing I never knew how fun this was til my grandson started playing now I play it all the time....fun,1
"they love it always wanting to play ,teachs them skills and they have killed each other when playing they actually share",1
grandkids downloaded it so I havent tried it as of yet but I will. when I do am sure that I will love it,1
I can play this for hours. It is a lot of fun. I wasn't aware of what the birds could do though until someone showed me.,1
It is a lot of fun the kids really enjoy this game they say it is a little different than the other games they play,1
Great game...it amuses me for quite a long time and enjoy trying to get through all the boards. Have gotten other angry birds games.,1
I finally found out why everyone is playing Angry Birds. It is a very fun and slightly addictive game. I like the many different levels.,1
"Never thought I'd get addicted to this game. In fact, my 4 year is addicted to this game. It's fun and challenging at the same time.",1
I love playing this game and still play it to this day. My only issue is that it is getting too difficult to pass.,1
All I know is that my kids love these birds the kindle version is great and mobile love this and suggest for all families.,1
1st I have to uninstall in order to get the new update. Now it crashes everytime I try to do any of the older levels. Rovio this is BS!!!!!!0
I decided to get this app to learn why everyone kept talking about it. It's simple - it's fun and a bit of a mind bender. Just challenging enough to keep you occupied while you laugh at the set-ups. Good time.,1
"Amazing game! if you've never played Angry Birds before, start here!Its the new Pacman for sure!Great for kids, teens, and the elderly!",1
For those days you have to wait or try to keep your tongue this is the game. I thought it was just for kids but no!!! This is great and gets better and better the farther you go. A must for folks that like to challenge their minds.,1
Several levels. So it is fun for all of us. I can get lost for hours playing this one. Makes one think about angles and things to win. Now I know why all the kids are love Angry Birds.,1
"Had been hearing for ages and ages about Angry Birds and thought to give it a try with the free app for Kindle. IMMEDIATELY sucked in, my oldest 2 daughters (7 and 4) like to play it as a treat when school work, chores, etc. are done for the afternoon. ",1
"Okay, this is by far the best you can get from a free game. This has about ten or more stages with about 30 levels on each,so we are talking about 300 or 400 levels - no joke! This game also comes with like 20 mini episodes (also totally free) that you ",1
"This game is too much fun not to have. I haven't had any problems with the App at all. A challenging game for sure, but it is fun and funny. I had to go online to find out what each bird does but that was not an issue.",1
Got this app for my new Kindle Fire HD. Had the app previously on my android phone. This is so much better. Graphics looks great. Havent played much b/c my hubby is addicted. LOL,1
"The last level on the newest stage is so hard that it can very close to rage quit, bui still like the entire game.",1
"This is another game that I usually play on my phone and having it on my kindle fire is great. It's a great game to fill waiting times in restaurants, airports, etc or during commercials at home.",1
This game is addicting. You just want those bird to get all of the pigs. I could play this for hours.,1
This game has no problems now you know theirs very very very very hoo ads take me you will love it I this bored when I finished the game with all stars cause possibly angry birds is possible.,1
So many birds! So many levels! It's a really great deal! If I were you I would have bought it! It's really cool! And I'm not just saying that because the birds are cool! I hope you enjoy it.,1
"Definitely addictive. Once you get past the first couple of levels, it gets more challenging. sometimes frustrating! I think if yu are an engineer or studied physics, you would do well at this game! Fun--especially passing the time waiting in the doc",1
the younger kids like it alot,1
"It's so much fun, my husband and I play it together.I don't care for the war games etc. but I love the simple little birds and piggies.",1
Who doesnt love angry birds.... The game is fun and challenging. Provides many levels which get harder and harder... So much fun it becomes addicting,1
"This is one of the few games I added to my Kindle. It took me a while to figure it out, then I couldn't put it down. I am still learning about tricks of the game from fellow bird followers.",1
"This is a fun game to play. Since it was an app, it downloaded quicly and was readily available for play.",1
My two younger grandchildren and their cousins loved this game and play it all the time. I would recommend it .,1

Can't beat this one. Frustrating but entertaining at the same time. Could not download this one. Fun for all ages!,1

Bought my new Kindle Fire and love love the option to play angry birds. Love my Kindle! Highly recommend getting one.,1

"I have all the Angry Bird versions and I love all of them, my 7, 8 and 9 year old kids also like playing it.",1

I have had many hours of fun playing this version of Angry Birds. It has many levels and a lot of challenges,1

"The best game program ever made as far as I'm concerned, don't need a PHD from Harvard to play it.",1

What can I say? We love Angry Birds. Prefer the apps with no ads of course. Not that expensive for hours of fun.,1

"This game is addicting, so much fun. I love it and would recommend it to anyone. Challenging with lots of levels",1

"Angry Birds - This is one of my favorite games. My grandson has this game on his cell phone and he thought I wasn't ever going to give his phone back. HA,HA, HA. This game can be quite addicting.",1

This is sooooo addictive! My husband and I fight over the game. He has stayed up all night playing it.,1

me and the kids love this and play it everywhere waiting for our food while i'm shopping its a must have to keep everyone busy,1

This game has been played the most of any game I have downloaded. Responsive and works well. Nice game to pass time.,1

have loved angry birds sinse it first came out. It is a great app for kids and adults. definitely an addictive game,1

"Everybody in the house plays this game and as most people know, it's very addicting. No one wants to allow those green pigs to win ! LOL.",1

I can´t stop playing it but my sister loves mattybraps he is a good singer OMG how old is he like 8 or9,1

Yah that's right who doesn't like Angry Birds. Plus it's free. This is a time consuming game in which the player is sucked into a battle VS the green piggie monsters. We the angry birds must destroy the pigs to retrieve are beautiful eggs. If we don't wh,1

Got this as a Gift Item for my son on his Kindle Fire. He picked this out. Downloaded easy and works good.,1

i love this game i love angry birds i love all angry bird game out there a new one i get it,1

those pigs have to be eliminated!! we play this game over and over and over and over and over again.,1

Great time waster. but sometimes a little slower than I'd like. My husband plays more than I do. But we enjoy it.,1

My daughter loves playing this game. She'll sit with her grandpa and both bond together while playing this game. Love that it brings them together.,1

"I keep this app on all my devices, for me and if my grand kids are here or I need to entertain a child while in doctors office etc.This game can keep any child entertained from 4 - 104.",1

This game is such fun!! It can keep you busy for hours if you want. My grandchildren think its the best and you can't beat free!!!,1

I love this game!!! Its so fun! Night night night night night night night night night night n n n n n n NIGHT!!!!!!! I love Spongebob <3,1

A fun game without having to put very much thought into it. Who doesn't like Angry Birds? It's a good game to just relax & play.,1

Addictive!! I really wish Amazon would not make you right an entire paragraph when providing feedback. Sometimes just a few words can get the point across.,1

who dosent love the birds it was free on my kindle I am a truck driver so when im sitting waiting to get unloaded I play with the kindle the birds are my fave.,1

I love unlocking bonus levels. I also love graphics and cute puns. It's loads of fun and addictive in a good way. I beat all levels but have not got all stars :P:D 100% recommendationFavorite bird: bomb bird.,1

"So much fun, and so addicting. Yes, the craze got *too* big when Angry Birds showed up on pillows and socks and underwear, but this is still a great time killer when you want to smirk. If you're JUST getting into Angry Birds, start with this one.",1

LOVE love love this game. I am not a gamer at all but I find myself playing this game for hours and hours.,1

this is the best game ever and it free plus it will last you long time you have to try it its awesome,1

Who doesn't love angry birds? This a great game to pass the time. My kids love to play all the angry birds games,1

"I love this game. Easy to follow, very addicting. I can learn all sorts of ways to play with these birds and is alot of fun.",1

This is too much fun. The graphics are great and the skill level is easy to difficult. One of my favorite games.,1

"Once you start playing, you can't stop. You have to keep going until you win. Can also be frustrating at times.",1

"I considered purchasing the paid version of this app but decided to try the free version first,I honestly have had no problems with the adds and really think it's just as good as the paid version!",1

This game is great and perfect for all ages. There are ads that pop up during the game but you can choose to get rid of them. I recommend this game to anyone.,1

this game has great graphics and is easy to control it is in my opinion the best free game on the app store,1

"A great way to pass time. Very fun,the sounds the birds make when they hit the grown,is so funny. I thought it would be a childish game,but I was wrong,I love playing it.",1

This again is for my grandkids. They asked me to put it on for them. They love it. It's fun.,1

We love all the angry birds games and this is no different. It is so much fun to play and my five-year-old can't get enough of this one.,1

Always liked Angry Birds and I never tire of it. it Now I do t have to squint to at on my. iPod anymore with my Kindle Fire',1

Sometimes I'm sorry that I ever started Angry Birds...just because I cannot get to the next level...I really love it,1

Angry Birds Free is a great and fun game to play for the kindle fire. It's a really fun game to play.,1

"If you compare this to Ad-Free this would be 9stars I guess. So get the ad free version. Best game ever on phone or handheld device. Challenging and fun for all. Not a gamer, try it anyway. It is too fun. It's FREE.",1

As always Rovio comes through again.Great game.Keeping it up Rovio.One never know what those Bird's are up to.,1

"Never got the rules or any idea how to play it,so just deleted it from my device. It seemed stupid to me.",0

"I'm afraid my husband may sue the makers for alienation of affection. Once you start playing Angry Birds it becomes almost impossible to stop. It is perfect for all ages, easy to learn, almost impossible to master.",1

This is a frustrating game I can't put down because I hate to lose! I find I want to do just one level but wind up doing more because it challenges me so much.,1

I am sure I am not telling anyone things new... Gotta love this game. Even the free version is well worth your time.,1

this game is really great. never get tired of playing it my four year old grandson is a whiz at this game,1

"How can you possible berate what has become a classic cult-like game? You can't, and getting it free is a bonus.",1

"Lots of fun for all ages. It is easy enough for my young grandkids, yet my elderly parents love it too.",1

This is another game that will keep a child entertained for hours if you let them. especially good for waiting rooms .,1

I have been playing this since it came out for the oops touch and now I cant stop playing it,1

"Downloaded on my tablet, comes in handy while waiting on appointments and etc. Also have it on my phone as well.",1

The kids I know are glued to the computer/smart phone/kindle already.. Nothing wrong with having a good time and wasting away some hours learning trajectory and spatial relationships.,1

angry birds is fun any time especially the original my favorite though i enjoy the others new ones but i love the original,1

I love this game. The sound is great. I don't get to play it often enough but when I do I enjoy it.,1

great game when it first came out kids love it and i love the stratagy of it and the different kids,1

"My son, husband, and I immediately became hooked on this game. It is a lot of fun to play. You might lose a few hours of your life playing the game because once you play it, I think it's a little hard to stop!It's easy to play--my son is 5 and he is able",1

"Very colorful little game have enjoyed playing it with our grandchildren, they know just what to do and how the game works glad I got it !",1

"This game is so addictive!! The free version does have lots of pop-up ads, but some of them are actually good ads that I am interested in, so they don't bother me, especially because I'm used to it. Tons of levels and I like the different birds and thei",1

"This game is great for all ages. It is sad but I know older people that are hooked on this game and plays all the time..lol I don't play as much as I used to, but I really do enjoy this game. It is GREAT!!",1

Enjoy all the angry bird games except Tiny Bird. Keep coming up with new editions so I won't get bored,1

I was addicted to angry birds for a long time now its my kids who are addicted. Buy it for your kids or get the free ones either its fun. And its so very worth it....you kids will focus so well while playing this game. :-),1

"I admit it, I'm addicted. This is such a fun app, and free with the Kindle HD! It works like a charm.",1

"I heard about it, wasn't sure it was for me...and then, it was for me. Hours of playing and trying to beat the levels was a ton of fun!",1

Today I got angry birds hd and I thought it would be the same as this angry birds just in hd. But sure was I fooled! I actually got unlimtid mighty eagles (for one 1\$) and much better graphics.I found it funner to play in the hd version than the original,1

I could play this all day. I love the challenge of the game and the different levels. I would recomend this.,1

"The grandkids have played Angry Birds for quite a while now, so I thought I'd see what the fun was all about when I got my Kindle Fire this year. I love the challenge!",1

"I play every day, trying to get three stars on all games. i have done pretty well so far. will keep trying until i get them all.",1

My grandchildren love this game. It keeps them occupied when they are in the car or with me during some of my boring meetings.,1

"I watched my grand daughter play this and she is so good, I can only hope to be that good. Fun!",1

This is a really addictive game. My daughter showed me how to play. Its cute and engaging. The plus was that it was free.,1

Our grandson showed his grandfather this game and it was a hit right away. The frustration was waiting through the "advertisement" and for \$.99 he no longer has to wait!!!,1

"Two grandchildren,daughter and son in law all loveAngry Birds. I do not play the game myself. Four more words of filler.",1

This is a fun game for all ages. Different scenes and progressing levels make it challenging also.I can see why it is so popular.,1

my son totally loves this game but i do have restrictions for him on the time since he could play it all day long if he could!,1

"If you played the other Angry Birds(space, star wars, HD, seasons, seasons HD, seasons free, and Rio) you know you like them. But here is something, something not the same. The basic one. The first. The one some people remove from their Kindle. Get it",1

"Again, my grand daughter plays this on my Kindle when she is at my house. She loves playing the games",1

"Hahaha, lookie here. It's Angry Birds! Free but fun this game has it all. Those crazy birds and those mischievous pigs. The golden eggs, the sound FX, and more angry birds. IDK why I'm reviewing this now and not 2 years ago, I guess I'm 2 busy playing th",1

I love this game. My friends introduced me to it and was the first app I downloaded on my kindle fire. 5 stars!,1

"I really like the power ups! Also, this update doesn't seem to have as many ads. Essential to any smartphone or tablet!",1

I am trully surprised to have gotten this much entertainment for free. the adds were placed in such a manner that they were not at all disruptive.,1

People who play angry birds the original game is 100% free the update gives us reds mightey feathers the rest of surf and turf bad piggies for the free version greatest update ever:),1

"Heard about this and when I got my Kindle for Christmas, I downloaded the free game. Became obsessed with everything "Angry". - Got Seasons game and working towards the Star Wars version etc. Like the do-over feature and the various levels and d",1

"My kids love Angry Birds. It is a fairly simple game and enjoyed by many. It is free, it works well on my Kindle, I have no complaints at all.",1

"I downloaded this game on the Kindle Fire for my granddaughter, age 7. I tried playing it and not being a game person, I did quite well at it and enjoyed playing. My granddaughter loves it.",1

fun to play and very addictive! some levels can be rather tough to pass but it can be done .,1

Love playing Angry Birds. Can spend a lot of time enjoying the game without the cost of having to pay for a game. Thanks,1

It is funny & fun to play my daughter says. They like knocking down all the characters and buildings in the game.,1

I loaded this for my Great Grandson to play but found out I love the game also. Easy to play and love the challenge.,1

this game is so awesome omg I seriously love all the birds we will destroy all pigs one by one we will have are eggs back!,1

If you tap while it is in the air it has a special power . Your able to zoom in and out.,1

"This is a GREAT free app that can provide hours of entertainment. The amazing thing is that they keep providing updates that adds more and more levels to the original game.If you do not want to be bothered by the ads, just turn off your wireless connect",1

App works fine and of course fun. All levels work fine except for one which says it coming soon. Plenty to do in the mean time.,1

"I heard about this game when it first came out and then I played it. Another family fav. Its great for when you are waiting on something, instead of just sitting in a daz.",1

it makes me angry n it brings my firends n i together in a small group wen its played so its worth

24/683

"Angry Birds is another way to challenge my mind even though my five year old grandson can beat me! NO need to recommend this to anyone, everyone is playing it already!",1
Its Angry Birds..... who doesn't like angry birds. Kid Friendly for my kids ranging from 4 to 8 they love it.,1
Angry Birds is a favorite past time at home or on the go. My wife and I play a lot while relaxing or waiting for our favorite TV programs.,1
I love that there are frequent updates. The fun never ends. Always another level. You don't even realize that you are actually learning. Ooops! Don't tell the kids!,1
"Love to play game, lots of fun and pass the time quickly, when at a appointment! Thank You Angry Birds!",1
I really like Angry Birds it is a fun game to play it can be frustrating but still like it.,1
Am older and never played any games before but got my new kindle fire at Christmas and decided to try this free app. I am so enjoying it. This game is challenging and frustrating at times. Glad that instruction comes on before a new bird is introduced.,1
"I love playing Angry Birds because of different birds and levels, the game is very addictive, it is fun, and it teaches physics in a fun way! You do not have to be good in math and/or science to play this game!",1
"This game is really fun to play. My dad loves to play this game on my kindle. He finished the game on his phone, so he is doing it on my kindle now.",1
My youngest grandson of 4 yrs. loves this game and he plays it whenever he is here. He down loads other free games as well.,1
I love the challengers set up in the different series as you progress to higher level games in each set. I was over 60 yrs. old when I first learned to play this game. I'm now over 70 yrs. old & still getting a big kick when I play these games. I am alwa.,1
This game is loads of fun and very frustrating at the same time if you are trying to get all 3 stars on each level. I have finally completed every level with 3 stars and completed all 22 golden egg levels. I have version 1.5.3. I installed the updated ve.,1
I believe this game got me started on an angry birds addiction. The games are challenging and fun with loads of different backgrounds to keep it interesting.,1
Just as fun and challenging as the rest of the Angry Birds adventures. Our grand kids thoroughly enjoy it.Thanks for the freebie!,1
Great game.. will recommend to others.Angry Birds Angry Birds Angry Birds Angry Birds Angry Birds Angry Birds Angry Birds Angry Birds Angry BirdsYesss!,1
My daughter loves to play this game and has downloaded lots of games on my kindle fire she loves all the angry birds games and loves to play them,1
"Longtime Angry Birds player, Angry Birds runs great on my new Kindle, which I found to my great relief. Yay!",1
A VERY SATISFYING PAST TIME BEFORE GOING TO BED. MY HUSBAND ENJOYS THIS GAME EACH DAY WHEN HE IS STRESSED.,1
This game is addictive fun! Both I and my husband really enjoy playing it -- I hate the pigs (just kidding)...the whole game is fun and challenging.,1
"I have found that this is a fun game to play when I have to wait for an appointment or even just to relax. Also, my 2 year old god daughter loves when I let her play this game, so it really is nice for any age group!",1
I love this game. it is so addicting and easy too play.just use your finger and drag it on the screen to move the characters. It is also a very addicting game to play.,1
"Great game, and we put it on our sons kindle fire, and I am not sure who likes it more.... Dad or son.",1
"I purchased this book for my 5 year old grand daughter. She really enjoyed reading this book and it has become one of her favorite books. In fact, my 4 year old grand son is now reading this book. I wish to thank the author for writting such an exciti",1
i had heard all the hype and was excited to find out what the big deal was. Great way to waste some time when you're waiting on your husband at the hardware store.,1
keeps you wanting to keep playingdefinitely something that will pass the timewhile waiting at appointments for the doctor,1
Every kid I know plays Angry Birds and most grab my Kindle when they see me to play the games on it. This one is a very popular and fun game for all ages.even my husband plays it. lol.,1
Angry birds is a lot of fun. I play it a lot and so does my 7 year old son. Sometimes I get Angry. Now I know why they call it Angry birds. Its very challenging too. I cant stop playing it sometimes.,1
Very addictive game. Great way to pass the time.can't seem to put it down most of the time I play it.,1
"Angry Birds FreeMy all time favorite game, there are many levels to play and I am totally addicted. I quit playing all my other games... for now!Too much fun!!",1
Got this app for my little cousin. It keeps him busy and he loves angry birds all versions of the game.,1
My husband laughs and says it is a game for kids but I really do enjoy playing and seeing if I can get all of the pigs,1
"Crazy fun game, addictive and play it over and over. No housework being done for me!!!Besides

who needs to clean house every day!!! LOL",1
It's Angry Birds. I had heard so much about Angry Birds I was happy when I got my Kindle I could finally find out what the hype was about. It's addictive & fun. Now I understand it's popularity - besides I like hearing the birds noises :),1
"It takes some skill to play this. It is addictive and fun for the entire family. Many, many levels for all to enjoy.",1
This a great pass time when waiting at the doctors office to be seen. Easy to use and understand as well.,1
everyone needs to have this app! whenever I show anyone my kindle fire hd I show them this game first. it is a must have even if you're not a gamer.,1
this game never gets old. its fun easy and the kids love it. must have for all kindle owners. takes on a whole new feeling on a bigger screen,1
"I play this on facebook & wasn't expecting it to be so good on my Kindle Fire HD but it's even better the graphics are amazing !!! Definitely worth downloading, thoroughly recommend it.",1
"It is easy to install. Easy to understand. I'm not a ""gamer"" but this is a great way to unwind!",1
"It's angry birds... might make you angry when you can't get your three stars on each level sometimes, but it's angry birds :)",1
angry birds is so much fun and all the other ones are awesome.Rovio Entertainment Ltd. should keep making angry birds. it is so addicting. :),1
I can't believe I love this crazy game. I can't get enough. The different levels keep you wanting and wanting more.,1
This app no matter what they decide to call it will always be AWESOME** if you like the original angry bird games then all the others that came after should be on your game list too including the piggies game too,1
My grandson really enjoyed playing this game. He figured out right away how to play. He's only five and of course I was VERY impressed. I started playing a few days later and it really is fun. Have to watch the desire to play when I should be doing somet,1
"...except the ads in the free version. Angry birds is crazy addicting. Shooting little birds across the screen and knocking down rocks and walls. My son, daughter, husband, parents... everyone I know loves this game.",1
This game is a classic. It is free. It works great. I really like the new power ups. They make the game less stressful.,1
"I have no problems with itI could sit for hours and play hours but, I have to go to work sometime.I would recommend this game only if you had time to waste. good game.",1
Love the birds!!,1
"All the grandkids and I love any Angry Bird games, we all 'impatiently' wait for our turns on the kindle.:)",1
"LOVE LOVE angry birds games. So do my kids, so it goes well on my kindle and I can play any time I want!",1
"I love angry birds and all the news levels. I never thought I could get addicted to any of these games. WELL, I am this is a fun game.",1
Grandson of seven years old really loves playing this game. He does better than I do but I keep trying.,1
"This was the first Angry Birds which I ever learned, I learned it on my friends Kindle before I even got my own Kindle Fire from Santa for Christmas this past Christmas 2012! It is a fun game!",1
"I learned about it from a friend who also has a Kindle Fire. It is so addicting, I love the challenges.",1
Glad to have these so the girls don't want to play on the Iphone. It's just like the one on the phone so they love it.,1
"So far as I'm concerned, another FLOP. I know many people like this, but I really don't.I hope I can avoid these kinds of traps in the future.",0
We enjoy playing this as a family. Each takes a turn trying to get just the right angle to advance to the next level first. great on a long trip.,1
"This game is also a lot of fun,on my Kindle fire HDI can see the cute expression on there little faces when they crash...lol",1
"I love this app.it is the best one ever I really think that most people should get it.it has very few ads,it is very amusing.I say you should get it!!!",1
FUN FUN FUN FUN FUN! KEEPS YOU BUSY BUSY BUSY! AND IT'S HILARIOUS TO... THOSE DARN PIGS AND THE SOUNDS THEY MAKE... OMG! DEFINITELY A WINNER IN MY BOOK AND MORE THAN A 5 STAR RATING SHOULD APPLY TO THIS. DON'T DOWNLOAD ANYTHING BEFORE DOWNLOADING THIS AP,1
"I downloaded this right after Christmas and have a hard time putting down, it's so addictive! My daughter has all of the Angry birds games on both the pc and my laptop, but she's not allowed to play on my Kindle. Why does this game draw me in so much? Th",1
Initially got it to keep my granddaughters entertained but have found myself sitting on the sofa at night playing for hours!,1
"Ok come on now, who does not love Angry Birds. Ive been stuck on a few of them for awhile but eventually break through",1

Fun. You don't need internet to play. What you do is launch birds at pigs and u unlock levels.I think u should get this if your reading this review.,1

me and my boyfriend play this all the time. we love it. great app and great on the kindle screen since its bigger than a cell.,1

I really had a great time playing Angry Birds Free. It was easy to download on my Kindle and I would recommend it.,1

"I love this . It is addicting and I spend way too much time playing it, but I sometimes can't help myself..",1

Keeps my grandsons busy. I've even tried to beat their scores.Everyone is happy when they are busy in the car with this.,1

Love it!! Easy to understand and use. I highly recommend for beginners who is not familiar with internet games like me.,1

I had this on my old phone and now having it on my kindle EVERYONE wants to play!! This is fun for the whole family and is really a strategy game.,1

Well some levels are very hard and some are easy but power ups makes the game easy i love this game,1

Angry birds is an awesome app. Even my dad can't stop playing it . This game is greAt for any ages. I also love the angry birds toons. And if you love angry birds get ready for the angry birds movie . Smashing your aT into theater July 1 2016,1

very good app. some worlds are really easy like the first one. others are harder and I really like challenges. get this app.,1

"I'm a soon to be grandma...YEAH!...far from a pro gamer. What's not to love? Even have my hubby playing this and he hates computers/tablets, etc. yet there he sits in his favorite chair w/Angry Birds! Thanks! Not much is free anymore.",1

I tried playing this game but I have to get more involved with it.But now that the holidays are over I can start playing it again.,1

So much fun! I play it with everyone I know and recommend it a lot. The only issue is it sometimes freezes and/or makes me force close.,1

"I downloaded free angry birds for my kindle fire and all I noticed was full screen ads and when my little bro played it he said that it sucked so Michael, the piggies cheated, and that it was too hard to play. My little brother used harsh words and got TH",0

"Okay, so I'm the last person around to play Angry Birds. But I'm hooked. The freebie has a ton of ads so I will likely upgrade. I'm glad the freebie was available to try out. This game is hilarious and addictive.",1

"lots of fun, easy to play, except @ times, when you understand the meaning " angry birds " They can make you ANGRY !!!",1

He loves anything that has to do with Angry Birds. Sure has helped me when I need to keep him occupied.,1

So once again everyone I know is playing the new levels on their devices except me. Why does amazon take so long to put the updates out? I have been checking for the update everyday since the new level was released and still nothing.,1

She played this game on my son's cell phone and really likes playing it on her Kindle. She is 9 years old and my husband likes it as well.,1

have had a lot of fun with this game. Loaded easyUse up the battery quick but is a lot of fun,1

My family and I all play this together and we enjoy it very much! We have now moved on to Angry Birds Space and Star Wars but it still is fun to go back and visit when your in a boring waiting room or similar situation,1

Grandson loves this app. He plays all the angry bird apps. Commercials aren't too overwhelming. Good action for my grandson,1

"I had heard alot about the game Angry Birds, but I did not know anything about the game. I think it is funny, frustrating at times, very entertaining.",1

My wife got a Kindle and plays all the time more than reading her books. Shes better than I am,1

I had heard about this game and tried to see if I liked it. But what I found was the puzzles are too hard and I wasted a ridiculous amount of time attempting to solve them. I deleted the game from my tablet.,0

I Can't. Believe. That. Everyone. Is Talking About Ads. I haven't. seen any. ads this is crazy and I don't see Dr appetite whatever Talking. to me. . This is crazy and Psycho 1. People Are Talking. About ads 2. Its CrazyBut. Awesome. App Go Team Rovio! ,1

"Very addictive. I find myself playing it until the battery goes dead. Really fun for all ages, my five year loves it as much as me.",1

This is the ultimate craze that swept the nation. It is a great free game that I do believe that everyone who is able to has played this game at one point or another,1

"Great game, loads of fun, even better on the Fire than on a smart phone, larger and easier to see while you take out evil pigs!",1

This game hooked me on Angry Birds. After this I had to go out and get even more angry birds.:),1

Despite becoming a pop culture Icon...this game goes down as one of the all time greets like Pac Man or Mario. Brothers. it holds up and continues to feel fresh no matter how many times you play. And who doesn't. try to get three stars on every level?,1

Kids love it. Entertainable will help pass some time in an enjoyable fashion. A great game that is

free is always nice.,1
 "I use to play this everyday, and I don't play a lot of games, but this game is highly addictive and fun.",1
 "Free app that my grandson had to have. I do not have and interest in it, but he stays entertained for long periods of time.",1
 "It is fun. so many levels, it keeps on going. I laugh each time I play itIt was recommended to me....and I would also recommend it.",1
 It is great to download this game for free. I wish that I could get off the first level though. For some reason this level seems impossible.,1
 I love it the graghics are really good and I am very picky about my games I don't really have many games so I just love it,1
 I appsoluty adore this app. It is so much fun. I strongly encourage it. It is like making your own bacon or sausage. Luv it. :-),1
 I love Angry Birds! It is a challenge as well as addictive! I've had it and my kindle since Christmas and it has given me hundreds of hours of pleasure!,1
 My 10 yr. old grandson got me started on this one. Hardly play it until I know he is coming and I have to practice up because I know he will want to challenge me. Great little game. R. Hobbs,1
 I can't get enough Angry BIRDS!,1
 This game may be the funest game that I have ever played!Angry birds is the kind of game that you will not ever get bord with. It is also game that you can play whenever you have nothing to do. Angry birds can be for all ages but the levels may be too ha,1
 I found that all ages will enjoy this game. My grand kids to me we all enjoy all the angry bird games,1
 trying to go back and get best scores on all of the boards. is there anywhere to find what the most you can score is,1
 Always trying to get a higher score because the options are limitless. Could play this game all day! Very enjoyable.,1
 "best game ever. you have to love this skill construction, destruction game. catapulting birds at buildings to crush them. hilarious.",1
 Great App!! I Love The Angry Birds!! I Highly Recommend This App!! It is Great Fun and Highly Entertaining!! Love It!!!,1
 "its an overall great game, I just don't see any real good reason not to like the game. good fun, nice graphics, nice everything. I think Rovio did a great job on its most original game, plus it was the first I downloaded. Great job rovio.",1
 Angry birds is such a good game. Pretty common too. It is about some birds who got their eggs stolen by pigs so now they're out to get them. All of them. You shoot a certain number of angry birds from a slingshot and try to get all the pigs with the limi,1
 I think Angry Birds Free is great! I play it both on my Kindle and online on Facebook too. It is lots of fun!,1
 "I love it so much, and it is so great, my mother is addicted to it! You should make angry birds mario, but it is AWESOME!!! 5/5! Well, really 240000/5!",1
 Would recommend this to others. Good for all ages and whole family likes this game. Can't wait to play other games.,1
 what is it with these dang birds! I like this a lot...wierd game but interesting. I just can't stop trying to get to the next level!,1
 I like to play this when I am trying to relax...it is fun trying to figure out the puzzles! This helps me calm down!,1
 it is so fun but need new birds and new levels to play on and hf h g gvvhvbu. n b j h.,1
 worst game ever. would not open. tried getting it 7 times.....wouldn't do a thing. good advice.....DONT GET THIS APP!!!!!!! I WARNED U!!!!!!!!!!!,0
 this game is the worst game ever if you get this game you will regreat. if you like it your stupid or a dombo,0
 "I love the full game but this is too short. First it deleted my file. Then while I was in the second level I was getting pounded and then finally I found what I needed then the game quit and said ""the free trial is over if you liked it please get the ful",0
 "Got so engrossed in the game that I forgot it was demo! Will have to purchase because I want to get further!Majesty was great on my PC, and this app fits the bill also!",1
 Installs but when run will send you to the webpage to buy the pay version. Then it just crashes when you try to run it again.Amazon should remove this free version and perhaps even the pay version.This is not good.,0
 this was a real fail! its almost impossible to win and its really difficult to use!!! I don't even understand why I got it. it was immediately uninstalled.,0
 won't even let me open it. its up for like 3 seconds and then closes. I want out. I don't even know how to uninstall this. I'm not very happy at all.,0
 I love it at first its a little hard until u know what u r doing but once u r hood and know what u r doing its great,1
 "I could not play this it was too boring and confusing I'm going to delete it of my kindle right after this, I wouldn't recommend getting this app",0
 If youlook at teh other reviews you will notice people like this game when it works. It's free so

you might as well give it a shot.,1

"Great game unless you are stupid enough to download an app that doesn't work on your device, hence all the 1 star reviews.",1

Majesty is a very fun and addicting game. I tried the trial version first and then bought the full game. Trial version allows you to play several locations to give a taste of the game. Purchasing the game opens up more content. I hope the devs will be ,1

First off the controls for this app are stupid because you can't control the heroes that you hire. they just walk where ever they want to go and the graphics are terrible. got this for my kindle fire and it wasn't even worth downloading for 5 minutes. wo,0

I do not like this one I liked the one on my old Kindle better it was bore fun and challenging to play,0

Got it and was not pleased. Had to delete it. Thought it would be better but fell short. I am sure I will find one that measures up at another time. Sorry this wasn't it.,0

"I allways like to play Black Jack,Even when I went to Las Vegas. But found this game to be A Good Teacher so when I go to Vegas Agin I will know A little more About the Game to win this time.",1

"this is the most amazing alarm i have ever even heard of!!!!!! it is so easy to work, has the best alarm options, i could go on and on and on!! LOVE THIS APP!!!!!!",1

"This app is so good & easy to use I actually purchased the full version (& I don't purchase many Apps because I don't mind the advertisements). It is a must have App. I use the clock, quick alarm & have many recurring alarms set. You can silence your p",1

I set this alarm twice and it never went off...I'm not really sure why. Maybe I will try again at a later time but this didn't work at all for me on the Fire HD.,0

"i owned this app for probably three months. i've never had a problem i couldn't solve. the customizability is endless, i especially love being able to wake up to a different song in music library everyday. great stuff!",1

"I got this app as the free app of the day a while ago, I liked it so much I went over to the android market and paid for it! I use this every morning and enjoy awakening to the nature sounds.",1

"This alarm clock is fantastic. I haven't got the full version but when I do I look forward to it. I have this app for my kindle fire and it works great. It has features that allow you to pick what song or melody to wake up to, do math problems before you",1

"Best alarm I have found.So many settings! It is overwhelming at first, but once you get it dialed in, it is amazing.I have mine start 5 mins before I want to wake up, it begins with tiny trickles of water and slowly gets louder over the 5 mins (the scre",1

I love the app....if only you could buy regular mode for less. sometimes I need an alarm Wednesday but you can always have more than 1 app...the regular version is better,1

Repeatedly crashes on my Kindle Fire after asking if I want to install an add on. Maybe next version will be more compatible as this appears to be just what I want for sn alarm clock app.,0
Amazing alarm. There is something about it ringing gently minutes before the main loud alarm that makes you feel refreshed. I have not had a headache or felt groggy since I started using this alarm.,1

yes its Bejeweled but with enough of a twist to keep it interesting. runs perfectly on both my Samsung galaxy prevail and my Acer iconia tab A500 with nice HD graphics on the tablet.,1

This one is fun and after each match 3 or more puzzle you get to buy pieces that help you in the puzzle. You don't spend any real money except for the cost of the game.,1

"If you like matching games, this one is well worth the money. Very polished graphics and gameplay, nothing like the tons of laggy, buggy free match games onthe market. Enough to keep my attention and want to keep playing.",1

I love this game! it plays just fine on my Acer a500 tablet. I played several levels and it ran smooth with no glitches. I will be playing this a lot. Thanks Amazon!,1

"Well done matching game that has great graphics on both my DroidX phone and Toshiba Thrive tablet. I was given the choice to upload scores or not, as I wished. The app can be moved to the sd card, too, which is something I like in an app.",1

"This is a jewel matching game. Nice graphics and sound effects. Satisfying game play. For those who have the Pandigital Novel, it works great on the 7"" screen. Also works great on my Android phone.",1

"I hesitated to download this because of the review of a tablet. I took a chance and it runs great on my rooted flashback 7.1, honeycomb viewsonic gtab. Runs great, good graphics, good game.",1

"This is a great "bejeweled" type of game. The graphics are great and the combos keep things interesting. Unlike a lot of other match 3 games, the game feels like it is progressing and going somewhere, which I really liked. There are a bunch of l",1

Works fine on my Dell Streak 7 tablet. I've always liked matching games and this one has a lot more to offer than just matching tiles. Very colorful and works very smooth. I highly recommend it. You can also transfer it to your SD card.,1

"I got this game as the FAOTD. I can't say that I would have paid \$1.99 for it, maybe \$.99. The game is fun and addictive, but once it starts going fast and you get in the groove, the game is over. Don't get me wrong, there are a lot of levels, but there ",1

"The graphics are great, and it runs really smooth on my HTC Incredible. Really fun and addictive! A must have game. Kudos to the dev.",1

This game is a lot of fun and designed perfectly for touch screen gameplay. It has great graphics and music and lots of levels to keep you entertained. I definitely recommend it.,1

"it's a great free game. very fun. even if it's a bejeweled clone, it's a good one with new gameplay features.",1

I really enjoy this game! I downloaded 2 and 3 because they are so much fun. Even my 8 yr old daughter has fun with these. I would recommend them to anyone who enjoys the match 3 games.,1

"I love this game, and its sequel, Treasures of Montezuma 3. They are kind of the elite of match-three games. The difficulty level increases appropriately as you get more skilled, and the bonus effects that help you increase your point-earning abilities a",1

"This is a great bejeweled clone, I started playing it and soon realized I just wasted a hour and a half playing this. A good mix in difficulty with enough variety to keep you playing.",1

This game is really really fun and addictive. It has a ton of the stages. This not your basic match 3 game. Each stage has a goal and unlock new powerups the further you get. You have to get rid of a certain amount of special gems per stage and your on a,1

This is a bejeweled clone with lots of added features thats sure to keep you occupied. It's a well thought out match 3 game with puzzles to boot. An achievement badge system. Well worth the \$2 after the FAOTD.Fast paced game on the Optimus V,1

Was able to play one game. Now application won't open on device. it is lost in cyberspace never never land.,0

"Great game to play when you're bored, waiting for the plane/train, in between TV shows, just before bed, or anytime, really! The higher the level, the more difficult it is to get Montezuma to smile. But you don't want to put it down until you do!!!",1

Have spent hours playing this one on HTC EVO. One of the most fun games I have downloaded. It appears to now work on Kindle Fire as well.Watch out for May 2013 update! Looks like all it does is push advertisements to the game menu screen (where previousl,1

I got totally addicted to this game and completed all levels. Great way to pass the time. Kids play it too.,1

"I don't play to many games on my cell but I love this game!! The biggest problem is that its too darn addictive, I can't put it down once I start!!!!",1

Honestly this is a genre that we don't need to continue producing. It's lame. Doesn't anyone have any originality? Barf.,0

"Yes, this is another jewel game! BUT it is by far the best!! Runs great on my droid2. Thanks amazon! and much thanks to the developer!",1

"I've had this game on my phone for a year now. Amazingly I still find it the most entertaining Android game I've owned. I buy them, play a couple of times, get bored, delete them. This one is a keeper. Perfect for waiting around in Dr.'s offices or a",1

"Out of all the "match 3" games, this one is my favorite. It DOES work kn the Kindle Fire, contrary to someone else's review. It always has, and that's how I've played since I bought mine in December.The game has a ton of levels, and lots of pow",1

I like the totems and bonuses. They make the game sort of unpredictable and ultimately more fun. I also like the puzzle mode. They took the gem game concept to another level with this app. Really great. Really fun.,1

"Works perfect on samsung galaxy. Fun game, enough story to keep you interested, and nice clean graphics. 18 19 20",1

"Thought this would be another Bejeweled knockoff, but the added features are great. Was free app of the day months ago. Still enjoying it, and would buy it, if I ever needed to.",1

"I downloaded the free one at first, and I ended up downloading this one. It's always better to get the games you have to pay for, because the free ones, you end of having to pay in the long run anyway. I played one fast game on the free game, and I ended",1

"A fun game and long play time. Worked well with Samsung Tab2.0, Pandigital Planet and would hang sometime with Pandigital Novel.",1

I really like how this game involves unlocking features such as bomb tiles and special abuilties like getting two tripplets in a row of the same color can grant you some special bonus power. Power ups clustered in a match three game works.,1

"I picked it up as the deal of the day from Amazon, so I couldn't go wrong. I don't know that I would have paid for it, but for a free game, it holds entertainment value. It is very similar to all the other gem type games out there, but it is VERY addic",1

This is a wonderful game! Those who have compared it to Bejeweled are only correct in that you match the types to clear the board. But.... There is a LOT more to this game! You have to build buildings with gold you earn by playing and earn tokens to hel,1

"I tried this game and I am glad I did. I was looking for Jewel Quest for my kindle, did not find the one I wanted, so I tried this game.It is another matching game, but the graphics are different. Tri it, I am pretty sure you will like it.",1

"was on third level in adventure mode and for soe unknown reason, progress lost, so started new file and quit after four screens. started game and no previous player data here. registered a player name, but that didn't help either. uninstalled.",0

"I've played the predecessor of this game on the iPad. A lot! It is probably the game I've played the most. I played the trial on the iPad and had the get the entire version.For the most part, this is exactly like the first one, but the adventure mode is ",1

"Basically bejeweled Aztec style, that being said it's a fun game would def recommend. This is probably why it's been up for 2 days as AFAOTD.",1

I told her about this game being the FAOTD yesterday. 5 hours later she still hadn't set her phone down. That allowed me to watch Breaking Bad and Storm Chasers. (both are shows she doesn't like)Auto 5 stars!,1

"Extremely fast paced and alot of fun. This game will probably replace my chuzzle addiction. If you cant get into it, delete it. dont give it a bad review. This game os pretty much excellent.",1

makes time fly fly away. couldn't believe the hours passed by so far. would recommend to anyone who enjoys having fun.,1

I have been playing this game non stop for weeks. A very addictive variant of the classic match 3 game style. Works great on the Toshiba Thrive tablet.,1

"Awesome sound, color and over all feel. Easy to play, great time killer, overall a great bejeweled type of game. A few extra factors separate it from bejeweled like earning points to buy some needed items. You won't be disappointed as long as you like col",1

"love this game so far, been playing it off and on all day, and its free! makes the 'match 3' game more entertaining.",1

help! help! little Timmy is stuck in the well! What do we care? he has not signed his will! maybe if we,1

great job. it's fun and has long and repeated playability. keep up the good work! love it a lot and play it often.,1

"This game is great. I spend hours of playing. So far, I've collected all the statues to build the city. Now I just have to complete the levels. I'm looking forward to getting number 3.",1

"I find myself opening this app more often than just about any other game I have installed on my phone, and whenever I upgrade my phone, it's one of the first games to get reinstalled. There aren't any in app purchase requirements, a huge plus in my book! ",1

I'm hooked on this game! The ability to get upgrades to the various blocks and idols keeps me wanting to keep playing. I've actually chose this game over playing my Xbox 360 a couple times.,1

I loved this game on the computer when I played it a few years ago and its still a great game!,1

"I'm impressed by how well this works and runs on the Motorola Xoom (WiFi). It's addicting, and really attractive. A pleasure to play.Has become one of my favorite games in just a a day.",1

This is just like so many games where you match three items... but it is a fun updated version with power ups and levels. Not exactly my type of game but it can keep you entertained for a while. Works well on my Motorola Atrix 4g.,1

I never played the first one but I love this one. It is challenging yet easy to learn. I like the graphics and there are plenty of levels to keep you busy. A great time killer and just plain fun.,1

This game is fun and addictive. If you don't like this I don't think you could like ANY kind of app. Once again I LOVE THIS APP.:),1

"This is a fun puzzle game, although it's very difficult to get top marks on the levels. The trick is to wait until you have some new enhancements (totems), and then go back to the older levels.",1

"i really like to read reviews before buying a game, no matter how much it costs and with Kindle Fire, it costs quite a bit less than the same game on computer version.First of all I really enjoy Match3 games and different graphics many times makes the di",1

"I don't like many matching games at all. In fact, I think they're mind numbingly boring. The ONLY other two that I liked were Super Puzzle Fighter II and to an extent, Dr Mario. Thank goodness for App of the Day, or else I wouldn't have found this little",1

I played this on the PC and was pleased when I came across this for the android. Match 3 with lots of bells and whistles. Played a bunch of levels of the adventure mode and had no problems whatsoever with my Kindle Fire. Highly recommended if you like ma,1

"Hopefully solving video game puzzles is good for your brain, because this is another good entry. I can spend hours playing. Good graphics, sounds, and colors. If you enjoy this kind of thing, give it a try.",1

I have several match 3 type games and this is by far my favorite! a few new spins makes it more interesting!,1

This game is incredibly addictive. I play it every chance I get. It is a very interesting and entertaining twist on Bejeweled and the graphics are fabulous. Love it!,1

New variation to an old idea makes it enjoyable. Nice graphics. It's the kind of game you can pick up and play when you really don't want to be stressing the grey matter. I play it for a break from work.,1

"EVO 4gWorks extremely well so far. Great fun, no glitches or hangs. Easy to learn. Loads fast. Looks professional.",1

"If you like bejeweled, you'll love this game. If not, you'll complain about amazon giving us too many free bejeweled games.Either way, it's free, so no complaints.",1

I know it is a good app when I can't stop playing it. it has more to it than just the jewel game.,1

"Finally some polish! This game is fun, beautiful, smooth, and substantial. Yes it's a Bejeweled clone at heart, but that's not really a problem unless you didn't like Bejeweled. And this one has lots of fun extras. The professional design is so nice, as",1

This is the best game out there on Android right now as far as gem swapping is concerned. I play

it all the time. It has some features that separate it from other games of its type such as power ups from landing 2 or 3 of the same type of matches in a row,1

Got this when it was the free app but would definately be worth the \$1.99. I found this 3-in-a-row match game a lot better than others because you have a progress and can buy totems/upgrades plus you can compare your progress online vs other players.,1

"I have had this game on my Toshiba Thrive for well over a year and it is my favorite go to game. At least it was until it started requiring internet access to run. Now it won't open when I travel. This is a single player game, there is NO GOOD reason it ",0

my wife and I pretty much played this days and nights. this is one of the best of its kind!,1

"Another great game for grown ups. Anyone who rates this game poorly is a kid. Excellent matching game for multitaskers. Well done!My only issue is that it ends, need more levels.",1

"very addictive, reminiscent of bejewelled play style. has a gradually increasing difficulty level with unlockable special powers. graphics and interface are nice on the fire",1

Love the look of this game and the music is ok too. Very addictive. Find that this is becoming one of my most played apps.,1

This is a game of hours of fun and many challenges that I have enjoyed conquering. I think you will enjoy it just as much as I do.,1

"Great game. Just cant put it down. i have it on my Droid, Asus tablet and my Kindel Fire. Very addicting.",1

What seems like another boring old gemswap game is definitely something more. You have to swap the gems with inner gems to complete the round. You also have to collect coins to buy little trophies that will help you through the levels. I think the only r,1

"Totally love it! Very challenging, awesome graphics and very much worth the purchase of the game. Can't put down the game even though each level becomes more and more challenging. I wanted a game that was fun and problem solving thought. I got it. Ya",1

"I am a fan of this game. Challenges you to think ahead. Loads of fun. It's a good one to download, and hard to stop playing!!",1

If you are the type of person who likes to race against the clock this is a game for you. Wonderful graphics and lots of levels. It's addicting for sure.,1

"Original review: Good graphics, sounds and music make this my favourite jewel-matching game. The fact that various match-ups and combinations give bonuses and time credits is a plus, but the sparkling jewels and other ""eggs"" (like ones that blow up surr",1

Really like it. Runs very well and is addictive to play. Nice professional looking graphics. Like how you can get your game ranked.,1

I play this game every night before bed. It takes my mind off of my worries and relaxes me so I can sleep like a baby! I love this game!,1

I am rating the game. Not Amazons choice for FAOTD or the fact that the developer chose to make a game of this type. There are channels for that. Amazon customer service and developer feedback. It is so immature and irresponsible to leave a low rating fo,1

I am enjoying this game. I do really like the jewel type games and this one has a nice theme and is different than others I've played before. I am glad I downloaded it. it works well on HTC evo.,1

This is a fun an addictive game in the style of Bejeweled. However it has its own unique touches that completely separate it from bejeweled and will keep the game entertaining for hours. I've really come to respect Herocraft for creating quality apps whic,1

"This is a very fun game that looks like Bejeweled, but doesn't play like it. Plus, it has a great leveling system that also levels up the difficulty of the boards nicely.This is a ""clear settings and start over"" game for sure. I could play through it ove",1

This is a very polished Match 3 game and well worth the download! Plenty of variety and reasons to keep playing!,1

"This game on PSN would retail for 15 bucks. Same on Xbox Live Arcade. 1200 MSP and all that. You'd probably pay 20 bucks on Steam for this game. The fact that this game only goes for a meager 2 bucks is almost sacrilege. Simply put, this game is an ",1

"I don't like matching games so I am going to rate it poorly. hehehe. whadduup. Don't tell me what to do, ya feel me. hahaha ha ha whaaat whaaat. when can i post",0

"Amazon ,get some real apps like modern combat 2 black pegasus,rayman,the settlers,ect....i love my galaxy tab but im still waiting for a better selection off apps ,not these trashy puzzles and word games.",0

"I got this app during the free promo yesterday, but it is definitely worth the normal price! definitely works better than a normal alarm and you feel better waking up with using the pre alarm feature. love it!",1

"This app makes me wish I remove the stock alarm. Gentle Alarm has so many useful features, it makes me hate all others. I get things accomplished quickly with all of the intuitive settings, making the stock alarm worse than useless. Even if you don't nee",1

Aaliyah "one in a million" fading in woke me up. I was skeptical and set my normal alarm 10 mins after just in case I slept through it. The fade option and how long you want to stretch the fade is awesome. All the options are amazing. Not being,1

I can honestly say that I have never woken up so easily. I haven't used another alarm since. There are not words to describe the crazy difference in my ability to wake up. I sleep right through

regular alarms or turn them off in my sleep. Not once have I,1

"Excellent alarm app, but why is Amazon so far behind on the updated version? Market is telling me there is an update but nothing on Amazon",1

One of the few apps I bought for my G2 and I love it. Lots of options for alarms and the prealarm works like a charm.,1

"Worth every penny. I've been using for a few weeks now, and it really works to wake you up refreshed and ready for the day. How did I get along before hand?Only minor gripe (very minor) is the slide bars to edit volumes, etc. which are a little touchy ",1

This apps wakes you up gently - and with the customizable profiles you can wake up just about any way you want to. Works perfectly on my Droid X. Highly recommended.,1

"Initially I had issues with this app, after a few mornings it would crash and recommend that I reinstall it. I must have done it a few times because I really like the concept. Well after a few updates with my system and I'm sure that Gentle Alarm went th",1

This app actually makes you look forward to waking up to an alarm in the morning.Soothing and the sleep cycle thing is brilliant. great job dev!,1

"This app is powerful and easy to use. I use it as my primary alarm clock. I haven't quite gotten the pre-alarm to wake me up, but I probably don't go to bed early enough. On that front, the integration with the sleep bot sleep tracker is very nice.",1

"Great, life-changing app. Love its customizability - fade-ins, captchas, decreasing snooze time, ability to set songs/ringtones, pre-alarms, etc. If I paid for apps, this would be the first I'd spend money on.",1

Bleh,0

"The concept of this alarm clock is very very simple. It is also very very effective. The pre-alarm feature makes this alarm clock what it is. The basic alarm starts off at a low volume and amps up until you turn it off or after about an hour, which ev",1

"So many people commenting on the permissions but did anyone even try the app? If they had, there would probably be some negative comments about the EULA that insists you can only put it on one phone. No deal.I have one Droid, but that does not mean I wo",0

This is my alarm clock of choice and I have not even started to get into the advanced features. It's snooze function is great for an alarm clock near the bed,1

"This app is great, use it everyday as my work alarm and it hasn't ever failed me.I love how you can set it to quietly play the songs then slowly it'll put the volume up, doesn't startle you with loud noises to wake you up.I've recommended this to all my ",1

"This app is simply the best! Customizable, easy to use. Highly recommend. One of my favorite apps, I use it every day. Glad it was free, but worth every penny if you purchase it.",1

"This is a great alarm app. It has several customization options, including being able to choose your own music as an alarm, quick alarms, and several profiles for each day. The user interface is nice as well. It is actually very pretty and easy to use. I",1

Apps works as described and the gentle way of raising the alarm is so much better than the old way,1

"pre alarm, volume fade in, easy to skip next alarm, set by day of week, display brightness adjustment, turn phone over to snooze...really great custom features which allow you to set just about anything you want related to an alarm. Highly recommend.",1

"I love the intuitive UI, love the night display mode, and I love the way it gently ramps up the volume at alarm time. It doesn't jar you awake, it's truly gentle.",1

I am able to use very well on my kindle. At first i thought I had to leave it on all night but it will turn your kindle on for you when it goes off. I was able to put my own picture on the background and set multiple alarms through out the week.,1

"My fiance gets really irritated in the morning when my alarm goes off. I tried this alarm for the first time, this morning. I woke up while it was still super quiet, and it didn't wake him up and put him in a cranky mood! It is just awesome and so worth ",1

"Got it for free, but would have paid if I knew how well done it was. The dim night mode is nice. I like that it tells you duration till next alarm.",1

"I've had this app forever, and I've seen it progress from the beginning to where it is now. this is hands down the best alarm on the market. if you're a light sleeper, this app is a dream cum true.",1

"This appears to be a very nice app, with several features that my current (now past) alarm app is missing. As my alarm is one of my most-used apps, this will come in very handy.Edit: This is by far the best alarm app I have found for Android. I have trie",1

I love this alarm. It is the alarm that finally replaced my bed clock alarm I've had for years. Great features and very customizable for all settings. And for the person below who wanted to get rid of there notifications at the top when in night mode you,1

This is an excellent alarm! I have used other alarms and this one is the most configurable. I like the way it slowly ramps up the volume to avoid a rude awakening. Others have complained about the permissions and they are fully explained when you look up,1

This app has great features for someone trying to have something more than something just buzz at them or use the stock sounds to wake up.,1

I've tried so many alarm apps. Some looked great but didnt support playlists or vice versa. Some had some many setup functions you thought you were programming an alarm system more than alarm

clock. This has the best of everything. Lots of features if y,1
 "I use this alarm clock every day, and have even unplugged my actual alarm clock to save nightstand space. There are so many features and such a great help system to figure out how it all works. The developer also has lots of hidden goodies, such as a wid",1
 "this is by far the best clock i've ever owned in my entire life. if a physical clock could what this clock does, i'd own it too. i've countless android clocks. this one works best in my opinion.",1
 "Hands down the best alarm on the Android Market. There are many options on how to have your alarm go off, and it is surprisingly a very peaceful way to wake up!For some it may seem too complicated to use. If that is the case, just stick with your traditi",1
 "The alarm clock that comes installed in most phones should be this one. Sound options, night modes, adjustable snooze. Perfect.",1
 "Some mornings I don't need the extra motivation to get me out of bed, like when somebody is depending on me for something. But when I try to get up for myself (like, to hit he gym) it is too easy for me to hit the alarm and think, ""I'd rather have sleep",1
 "I can't believe there are so many negative reviews based on nothing more than the permissions. Just because they are not listed here doesn't automatically mean its not available, at all, and it certainly doesn't automatically make it malware. As others h",1
 "The alarm clock rocks. It has all the features I have been looking for: descklock mode, wake to mp3, random song selection based on genre, pre alarm to wake up ay the right point in the sleep cycle, and controllable fade in. This is a top notch app.",1
 "You know I have found that the techniques that this app employs well. You can set alarm to start quiet and gradually get louder. Wakes you without startling you, and I am impossible to wake. Also you can set the dismiss to be a math problem, what a pa",1
 "I have been using this alarm for the last few days and it is awesome! I love the fact that I have not woken up groggy and that I am alert as soon as I wake up. Also, I have been much happier throughout the day as well.",1
 It does exactly what it says. I like the really gentle wake up as opposed to blaring alarm clock I used to have.,1
 "Can you explain those permissions, please? Why do you need to read my phone id, and log files? No thanks! There are other options out there.",0
 I use this app every night. I cant believe it is free on amazon appatore today. Grab it while you can!,1
 ""Error not logged in," when alarm goes off. I'm always logged in? so I have to wait 2 minutes to shut the alarm every time it goes off. Used to work well, now its total garbage.",0
 FYI: The creators of this app list the following permissions in the Android Market (I don't know why they're not listed on Amazon):PERMISSIONS: Gentle Alarm uses the following permissions...* RECEIVE_BOOT_COMPLETED: So it can activate an alarm after you ,1
 Most have app. I use this when traveling and love the way of wakes you up in the morning. It doesn't scare the hell out of you in the am.,1
 Love this alarm. I bought it months ago and never regretted paying the \$2.99. Lots of ways to customize for your liking and very reliable.,1
 "I am an insomniac and have been for years but once I fall asleep I sleep hard, I have used everything including bell alarms to try to wake up.after a few days I usually just incorporate the alarm into my dreams and it stops working. with this I set a dif",1
 "This is the most feature rich one I've used yet. Everything one needs. Love it. I've used a few, looking for that one that is perfect. This is that one!",1
 "Simple, yet has tons of options, but the best is the ring/alarm starts out so quietly it almost sounds like it is coming from another room. No more jolting out of bed, because by the time the volume is louder I am ready to wake up. Love the widget, love ",1
 I've been using this app for months and love it. Never have had a problem and its so much nicer waking up to the music gradually getting louder. But this morning when I turned the alarm off I rcvd a msg that said if I do not upgrade in 30 days that my ,1
 "It's pretty amazing how the pre-alarm works. However, there's an update in the Market, but not here? I'm seeing this more and more lately. What's up?",1
 has a lot of great qualities!!! I think it was VERY good app. Even the trial was great! The app worked great!!!,1
 "Loved this alarm clock till it started forceclosing everyday. It works one time, then the next time you try to use it, it tells you to download it again from them Amazon app store. Uninstall and reinstall and it works once and FC again. Vibrant tooted w",0
 "Great app with many useful options. Use your own music, large display, love the large snooze and landscape options. Evo 4G",1
 "Excellent app. Works "right out of the box" yet extremely.customizable.For those paranoid "permissions" people out there - you do know by carrying a cell phone your are totally traceable. The carrier, law enforcement and anyone payin",1
 "I used to dread my alarm in the a.m. as I would awaken with a start and a thumping heart. No more, this clock is great and provides- just as the name says-a gentle awakening. Thanks!",1
 "I've tried a few different alarm apps, but I keep coming back to this one. It's smooth, low resources and has an available widget for faster access.",1

"Gentle alarm is truly the best alarm app on android. Who like being woken up with extremely loud sirens, or songs blaring. It definitely doesn't set the greatest tone for the remainder of the day. So starting off the day with a smile on my face, or at le",1

So far great I love it. One ? Is there a way to take the icon off notifications or even move it by the time? I just dont like it where its at.,1

"Overall, it's THE BEST ALARM on Android or IOS! There are just a few minor quibbles that I'll list later. But, I've been using this for over a month and wanted to give the dev some props and credit for such a great app!",1

Love how gently it wakes me up. No more being startled awake by an alarm. I love that I can set it for five days a week.,1

"I got this for free when Amazon offered it. It's not an Earth-shaking utility, but for what it is, it's terrific. I don't know what I'd change about it. I use it every day for something. I allows all the flexibility and options I'd ask for. It's well-tho",1

"This is my favorite app I have on my Incredible 2. I use it in multiple time zones for my travels, and it is great to pick the right alarm from a list. The quick alarm function is great for short naps or to remind me I need to be somewhere.the night mode",1

"I have had this app for months. It's fantastic. It performs all the functions of a regular alarm but also has this cool ""gentle wake"" system where it plays a sound very softly before the actual alarm to see if you are already waking up. Very cool. HIGHLY",1

I have a habit of turning off the alarm in my sleep and swear there was something wrong with the alarm when I didn't wake up. This alarm clock is so effective because the actual science of sleep has been factored into its design. Personally I think that,1

"I like the explanation for the pre-alarm. REM cycles. I like how it can fade in my own music quietly, then it follows up with another louder alarm.",1

This alarm app is everything you could ever want and more. It's completely customizable and completely reliable. I highly recommend.,1

"I got a notice when opening the app that I needed to upgrade (for free) but the Amazon store wanted to charge me. A note to the developer got me a very quick reply, and a workaround. Turns out it's an Amazon problem, not the program, but the developer go",1

"It is easy to use. The pre alarm is interesting, as I tend to be a light sleeper. Still it does the job. I was surprised when I allowed the alarm to go and after 15 minutes, it have a loud buzz. Great if you ignore the alarm. Nicely thought out",1

I've been using this for months. Worth every penny! Easy to set alarms. Used to do the puzzles but it'd take me too long to figure the puzzle out and it'd wake up the hubby.,1

"Seriously, Amazons version is old compared to the market version. Please give Amazon the same updates as market. Otherwise its a pretty good app.Will change my rating when I get a recent update from Amazon.8/23/11 Still outdated amazon market app compare",0

"[UPDATE: Increased from 4 to 5 stars. I use this daily, and it is my go-to app for countdown alarms. Two years later, this app has gotten better with every update. For me, this is now a ""must have"" app on my phone.]Up front, let me be clear: I am as se",1

I have been using the trial version for a while and kept meaning to buy the full version. So glad that it was free today! It is obvious that the developers worked hard to make a good product. It is extremely customizeable and since it takees your sleep c,1

One of the best apps I've encountered and by far the best alarm! I love the pre-alarm setting; I was skeptical but I do seem to wake up better on the days I use a pre-alarm. the challenge is amazing and has helped me get up for so many otherwise slept-th,1

Best alarm I have ever used. No more headaches waking up. I highly recommend this alarm. So many options to wake up with. The ocean is my favorite.,1

"I sleep like the dead and this alarm had not failed me yet. There are enough options for power users, yet its simple enough for noobs.",1

"This is by far the best alarm available. Tried them all and no one compares. Allowing it to gently play at a set time prior to the real alarm is awesome in getting a full rem cycle in and not disrupting you when you are in deep sleep. Awesome app, it ",1

"While it's great that people actually take the time to review the permissions required by an application, please research WHY they're needed before giving an application a bad review. The author has published an extensive list of why the application need",1

"The multitude of settings / options can seem daunting at first, but once you understand it all, you'll wonder why you ever used a regular alarm clock. I will never go back!",1

Better than any other alarm clock on market including the one that comes on your phone I would definitely recommend this app,1

"The recent update made major changes to this app. They might have been nice, if they had not made the alarm unreliable. I am writing this review at 3:58 am because the alarm went off at 3:30 am for no reason.The app is now telling me that my next alarm i",0

"every time I open the app a pop-up saysAmazon appstore error please download again and FC.this is the only app that has problem from Amazon, I redownload many times but cannot fix it",0

"What would I do without this app?! There's nothing I despise more than waking up, but this alarm makes it painless for me, like being gently and lightly coaxed/lifted out of your foggy sleep, instead of being violently jarred out of bed as is the case wi",1

I have been using this app for a long time. The developer every few months has kept on adding very

useful features. This has become my only alarm clock that I really on to wake up in the morning.,1
 I like the options in this app - changing the snooze time and lead in time are great. I also like the desk clock functionality and customization.,1
 "another App that doesn't need it but reads your log, reads your phone identity and uses Internet connection.. can you tell me why an alarm clock needs it? I rate any app like that with one star, don't install it and call you to do the same. stop SPYING!",0
 I downloaded this app on free day and have loved it since. Multiple alarms with different fade ins are great. I really like the way you can have it force you to solve a math problem before snoozing or stopping the alarm. Would definitely recommend.,1
 "This App is awesome. It has very customizable alarm settings for when it goes off, frequency and number of snoozes, what sound is played, etc.The pre-alarm is brilliant. It is soft enough to take you out of a deep sleep and put you in a light one for whe",1
 "The developer really put a lot of thought into this application. Features are jam packed. So glad I downloaded this on free day, although I would have certainly paid for it! Has to be the absolute best alarm clock application out there for Android!",1
 "I have been using this alarm for awhile. It's has never failed.The nice thing is the Gentle Alarm aspect. The alarm starts out at a low volume level and increases. You are gently awaken.If you are looking for an alarm clock for your phone, this is the on",1
 "This app is incredible! You can have as customized or as simple an alarm experience as you like, and there are very helpful tips along the way as you learn all the different ways you can tweak the settings exactly to your dream alarm specifications! Ther",1
 I've been a member for several years and use it primarily to make reservations in NYC (live on Long Island). I've accumulated more than 2000 points and eaten at some wonderful restaurants. You can then redeem the points to help defray the cost of a fut,1
 "I have been an OT member for several years. The service is wonderful when you are in your hometown, but it really becomes a fantastic tool when you are traveling. It does not cover every city on the planet, nor does it include every restaurant, but it",1
 "I didn't realize all of the great app's that were available that would make our lives SO much easier.Open Tables is a great app and if you'd like to go out to dinner or if friends come into town and you'd like to take them some place special, turning on ",1
 "Do not install this app. It is a waste of time, energy, and memory. I removed it from my tablet less than 10 minutes after installing it.",0
 "This is a app made to look for fantastic/great food to eat in your area, or even out!. Read reviews before you even go, and make a review your self when done. Great for road trips, simply add the city your in and no need to call to make reservation, do i",1
 "open table is a great concept, but in reality really sucks. looking for restaurants to make a reservation and there just like 3. Every time I type the name of a restaurant is not there.",0
 "Ease of use is the first thing that comes to mind. This app helps you find the right place, book a table, and even confirms everything in a few taps of the screen. Love it, very well done.",1
 This app is fantastic for when you want to plan something or just can't find the right place for dinner. I have used it and am totally satisfied with it.,1
 "Been using the computer platform for years and this mobile app is very useful. No, it doesn't have the full functionality of the full site, but I consider that a positive because more clutter would make it cumbersome to use on the fly. It has what you ne",1
 "No more easy way to make a reservation...and if the place you want is full,you can find alternatives really easy and fast.",1
 "VERY USABLE AND WELL DONE APP FOR DININGAND FINDING RESTAURANTS THAT MIGHT BE FUN TO CHECK OUT.PRICE IS RIGHT, TOO!",1
 This ap is easy to use and I use it often when making reservations especially when we travel. I've never been disappointed with the information on site and the ability to make reservations way in advance is probably one of the best features. Highly rec,1
 "This app has complete information, photos, menus and reviews of restaurants everywhere and if you make a reservation, you can rest assured that it got to the restaurant! There is a great follow-up system that reminds you of the reservation when the time",1
 "Anyone who is looking to dine out at a restaurant within their own city or on a trip, this app allows you to find restaurants close to you and research their menu and reviews online before checking them out. I highly recommend this to anyone who likes to",1
 "used this to book a restaurant for a group of 11 people, and it worked flawlessly. Very handy and convenience.",1
 I like this app very much. Have used it to make reservations at a restaurant that had a waiting line. It is convenient and has a lot of the popular restaurants we would like to check out.,1
 This app helps make booking a reservation simple. Messaging for special occasions can be accomplished in just a few seconds.,1
 "I couldn't get it to do anything, and the Help Menu was worthless. I can not recommend this thing? So I took it off may Kindle Fire.",0
 This is a very helpful app for your smart phone. Helps you find and make a reservation quickly AND you get money towards a nice dinner or an appetizer at your favorite place.,1
 This app didn't sync my account so I couldn't receive messages. It was a waste and set-up was confusing too,0

The constant database corruption problem effectively renders this app completely useless. Beware: you may not encounter the issue until after the trial expires and you've already spent your \$20. The developers have still not corrected it though it's be,0

"If you use Outlook for your corporate email, then this is a must have application. It has some functions that are more powerful than Outlook 2010. I've used it for ~2 years and give it my strongest recommendation.",1

"I bought this to help my Kindle Fire become an extension of my work computer. I usually get a ton of email every day, and most of it is categorized, and sorted into folders for action later. Our company's web-based solution just threw them through the inbox",1

"We have a corporate exchange server and we are required to use this App with ActiveSync on most Android phones to meet security concerns. It took quite a while to set it up properly, but once I finally figured it all out, it is working great. I have zero",1

"If you're going to distribute a demo version, be honest enough to put ""demo"" in the name or primary description so people who aren't interested in buying don't waste their time downloading.",0

Uninstalled this one due to the numerous crashes it caused on tablet it was installed for. Actually went back to the default app.,0

"I don't appreciate the bait and switch. If NitroDesk was more upfront with the 30-day limit I might have used it. I realize now that the demo part was mentioned in their blurbage, but still . . . it was NOT free.",0

I use this daily for work. it is an essential tool for me as I rely on Microsoft Outlook. I use the calendar and email for everything.,1

Very bad app had to dump it would not work... could not even get my mail setup... Bad... Bad..... Bad.... Bad.....,0

"This time for an update, the calendar got some love. It was needed and the improvements are absolutely spot on. The ability to see the month view and agenda or day view on split screen is genius. It's the subtle features like these that keep me from using",1

I had a hard time getting this set up. no support and difficult instructions. the web site does nothing to help. would have loved to have this app,0

will not work on my fire for some reason was not able to get past the sign in screen I uninstalled it from my kindle. I had to go to other apps. I just think they need to avoid making an app a hassle to download to your phone or device.,0

The trial was not that great. Got it to get my Microsoft Office e-mail and still could not access with this app.,0

This did not work and did not have any tech support or help page that explained what we were doing wrong.,0

I couldn't make it work. I'd suggest something a bit easier to set up. There's better apps available in short. Find one of those and forget this one.,0

I have been using it for two months. Works without any problems with Exchange 2010. Have not run into any issues after installing the key.,1

"I don't know why, but I tried to install this program in my Kindle more than once and always had trouble. Then, when I was finally successful installing it, it didn't work for connecting to my work email. It could be something that I'm doing wrong, but",0

"I know it's \$20, I was reluctant at first at the cost, but all the other Exchange Apps just didn't get the job done for me. The biggest plus is this app actually pulls and displays emails within all folders that you want to see. I am an email rules/filt",1

"Summary: This is one of the buggiest, slowest, most frustrating pieces of computer software I've ever had the misfortune of using. I had to manually open the app frequently whenever I expected an important work message to come in, because otherwise I'd miss it",0

were in the world is the equal sign. how is this a speedcalc if it has no equal sign now I see why it is free. DONT GET IT!!!!!!!,0

There is nothing I dislike about this calculator - Amazon could take a few cues (with regards to the Kindle Fire) as to what an onscreen friendly input device should be like and work.,1

"I consider this a waste, Don't get this, this cannot calculate this problem (.9 divide==) ans is 1.11111111. Only get a calculator that can do this simple problem.",0

Tried multiple times to set it up over a span of 4 days. Every single time it says there was a problem and to try again later. Tried SoundHound and it works perfectly.,0

Although I don't have a whole lot of a use for this app it is really neat and very well done. Tested it in a loud Chili's bar and it worked flawlessly.,1

"I accidentally hit the button before I was ready for it to identify the song. I quickly tapped for it to stop listening. With one second worth of listening, it correctly identified the TV commercial that was playing in the background. That is pretty good",1

"It tells me that I need to do the setup step, but I just get the same error message that it didn't work and I should try again later. It's done this for a few days, so there is some permanent issue, but the app doesn't give any more details. SoundHound",0

same issues as others will not load past startup keeps asking to redownload from Amazon Appstore. Please fix with and update would love to have the full version that would work past the startup,0

The product works very well. Have had no issues with it since I downloaded it. Very nifty when I want to figure out what song I am hearing but have to clue what it is. Thanks!!!,1

This is really great app.... I just watched a Korean movie n they were playing a Korean song.... well Shazam listened to the music n it picked the movie n Scene from the movie... wow!! ,1
great app to buy. music lovers must have this! free version great but limited. it identifies songs quickly. even songs in movies and tv shows! it is awesome. enjoy! ,1
Why does this app need to know my location? Why does it load itself into the background even if I repeatedly kill the application with a force close? Shazam is yet another example of a PAID application that feels they can freely violate my privacy. I'm ,0
"Shazam sucks, 1. it never loads quick enough and I don't get to record the song in time...2. needs lyrics(which SoundHound has).",0
Have been using this for a long time and it works like a charm. Can't imagine why so many people are having problems with this.,1
I hum or sing the same song the exact same way and soundhound is able to find it easily but shazam finds nothing! I have soundhound free and I am sticking with it. Shazam is very disappointing.,0
"Ever hear a song on radio but can't figure out the name of it or who sings it? Download this app and you won't have to feel that way anymore. You just have to hold the phone up to the music with this app open and press a button and BAM, it tells you ever",1
"I have never had any problems with this app, if you are having a hard time with this app, its probably cause your phone is outdated!",1
"Another crap app, that cant differentiate between and market and a damn OUT OF DATE amazon app. The market version is TWO REVISIONS higher than the Amazon Market.",0
I have used this from when it first came out. I am now a "Music" person just when I heard something it is nice to know what it is/was.,1
"Using a Nexus S, it works great but its a little slow, found a lot of songs I thought it would never find... Rage, Skindred, Gorillaz, and even Cage the Elephant",0
"This is my favorite music identification app! I cant believe it went on a free day! This app can do so much! It is astonishing that it can get the lyrics, youtube, and buy the song",1
It keeps giving me a connection error when trying to set up on Xoom. I have uninstall and even tried the free version from the Android Market... Still no luck.,0
Well I got a notification that I need to update well it said new permissions required so I compared them to the previous release the previous one has 9 and this new one has 14 can anyone say overkill,0
"This app is not worth 5 bucks. And on top of that, it won't even work any more. It tells me to redownload from the amazon market. And pay 5 bucks when I got it for free yesterday?! No thanks.",0
"Needs update. Everytime I try to use it, it force closes an says I need to re dl from the market. Hope there is a fix to this problem soon. It seems like everyone else is having the same problem. Evo",0
Great app for identifying music when you don't know the name or artist then you can download from an available music store.,1
This is a great upgrade from the free version. Unlimited tagging is great plus all the other features you love are here. I got it as the free app of the day but it is worth the price tag.,1
"I just got this and when I tested it, perfect! I like the feature that it can show you the lyrics. Great app. Thanks for making this!",1
"It works great, finds the songs you need and is only second to Soundhound because you can't really hum songs into it.",1
i only tried 2 tags. one on tv and another from a music clip in YouTube. it worked both times. only if i could have had this app years ago when i was recording instrumental music on cassette tapes. i has a few sings i need to know who they are.,1
"I recently bought a new truck and one of the features I miss most about my old one is that the radio does not display the name of the song on the radio. Not the end of the world, but now I don't sweat it anymore thanks to Shazam. Shazam listens to a bit ",1
For me I have had both sound hound and this app and for me this app was far better and faster at identifying songs especially in noisy conditions. sometimes identifying songs almost immediately after pushing the button. Blazing fast and highly recommende,1
"I have to start this review by saying I got this particular app free, when Amazon was giving it away in a daily special. Otherwise, I wouldn't have bothered getting it, due to already having a free alternative, Soundhound, installed. Still, if you're int",1
"Tried this out, but it did not recognize anything I tried to use it on. Not even a ""Is this maybe what you want?"" - just zero results every time. I attempted several methods. Using the phone's speaker normally and cupping it to give more sound to the ",0
"I don't know about the bad reviews. I've had this since day one and it has never let me down. I can't vouch for soundhound, don't feel I need to. Shazam never once missed a tag, from the 3 sec tv show or the car with the windows open.",1
Hasn't missed a song yet. Even picking up some indie rock. And it automatically keeps a record so you can go back later and see which songs you listened to that day to download.,1
This app has never ceased to amaze me when I'm trying to figure out a song and I have my phone handy. Great app!,1
Works every time. Always gets the song right. Then I can watch it on youtube or share it on Facebook or buy the mp3 from Amazon. Pretty sick.,1

"if you can't get it to install, DON'T LEAVE A BAD RATING. that's more your problem than the developers. mine installed flawlessly. -Nexus S 2.3.3",1

"I've been using Shazam since I first got an Android phone (April 2010) and it's always been my go to app when I need music identified. For the most part it's incredibly accurate, but once you start trying to identify more obscure artists you'll start hi",1

What a great application! Works great on my EVO 4g and because I listen to music all the time this will come in extremely handy. Thanks amazon for the unlimited version for free.,1

The future is now. It never got anything on the radio wrong. Even remixes. An app that can make my doctorate in DJ-ing and my masters in music recognition seem like a waste of time? It's the apocalypse alright.,1

"I was originally going to give this app 5 stars, but now that I keep getting the Amazon Appstore: unknown error message and it keeps force closing.. I have to give it 1 star.. please fix this..",0

"One of the biggest features that they advertise is the 3D Lyrics. However, after I purchased the "encore" or paid version that feature was greyed out. I missed the opportunity to get Shazam Encore for free last year, and that is what this is wo",0

I've been meaning to buy Shazam Encore for a while now. This version is ad-free and includes unlimited tagging. Don't forget that any app with ads can send certain information about you to advertisers. Shazam is a wonderfully useful app that you can whip ,1

"This it's a five star application, what I don't understand is how it's being given away free, momentarily anyways. It does what it should, quickly and easily with no complaints. A bit expensive normally though.",1

"Shazam is now more likely to provide quick and accurate results than SoundHound. This wasn't always the case. I've had this app since it was available free in March 2011. Initially, I preferred SoundHound because the earlier versions of Shazam performed ",1

"This app has found 98% of the songs that I've searched for, including the ones playing in a crowded room. The youtube link also works well. Evo 4G.",1

This is one of the best apps out there to know what music is playing from tv shows to movies,1

This app is amazing! It works great and I love the ability to tag when there is no data connection. I use it almost everyday. Samsung Galaxy Tab.,1

"Have you ever heard a song on the radio, maybe even during a movie, and just couldn't remember the name of the song or who it was by? Well use this app to tell you! It's amazing just push the big button in the center of the app when it's loaded (It's a b",1

"Should you stumble across this review and have the application complain that the application needs redownloaded, if you clear the data of the app from settings > applications > manage applications > shazam, it should work. you may have to reins",1

complete failure and soundhound is so much better get working on 3.0 asap you bunch of losers. Not even enough about this app to fill the word minimum.,0

Was amazed when I went to start of a random reggae song and it guessed it from just the start of a melody. Impressive! And you can do so much from watch YouTube video or listen on Pandora from the results!,0

Works great with my atrix(root). I haven't have any issues with the app. The app does an awesome job and is free. 25 word minimum really Amazon?,1

are no longer a problem with this app. I love shazam. works like a charm. have yet to find a song it did not recognize.,1

im really happy that amazon made this app free for a day cuz I was really fed up with the free version. it works very well and I'm surprised it has only an average of 3 stars,1

I also have a spotify account so it's nice that there's integration there. Or I just get them from the amazon store.,1

Great app for identifying music! UI is also very nice and simple to use. A definite must have for music lovers!,1

if you are like me and you love music but don't always know the name of the song or the artist this is the perfect app. it will tell you all you need to know about the song and how to get it. Love this and use it all the time.,1

"It worked on my OLD Lenovo Tablet but not my NEW one, with a newer version of Android. A lot of apps on Amazon are failing to keep up compatibility with newer devices. Fix this and I'll raise the the stars!",0

"Tried this because it was free and very disappointed. Much slower to ID a song then SongHound. Uninstalling, rather deal with ads in SoundHound. HTC EVO 4G.",0

I wish people would rate the apps and not the issues that their phones have. I was a shazam user long before when the service was free. I upgraded from my HTC hero to the Evo and wasn't able to grandfather the free service so I had to deal with the 5 ta,1

Amazon Appstore unknown error opps...uninstalled and re downloaded and same thing...T-Mobile G1 (FroyoByLaszlo-5),0

"I have had Shazam Encore and SoundHound Infinity for the past month or so and have tried them side by side using radio, Youtube, music streams, megavideos and Shazam has yet to identify a song for me. However, SoundHound Infinity has worked every time, ",0

A ringtone for everyone and every taste...spectacular wallpaper!,1

Zedge carries many different and fun ring/message tones. Had fun just listening to them. I found the ones I liked and they were easy to install.,1

I would like this app. But I do ln't have an iPhone or any other smart phone. But it is a good app,1

"I love this app, I use it for ring tones, wall papers and my search engine I run to each time I wish to customize my phone at all. Another plus, no annoying adds, really who likes those things?! Only issue I've found with this app is when I try to share ",1

I downloaded zedge and it changes my ringtone. Plus I haven't been Able to use the ringtones. It defaults to something else. I took it to the Verizon store twice and it still defaults to a different ringtone.,0

Won't even try this. Thanks to the reviews warning of the filth and foul language prevalent here. Not going there.,0

"Great ace to find some very nice ringtones, wallpapers, and notifications sounds. I recommend this to anyone with an android device. No music ones but you always have ringdroid for that.",1

"This is a great ringtone app Many specialty ringtones for all in family, friends, etc. easy to download and attach to specific contacts",1

Highly recommend. It has worked great for the GS2 Skyrocket and I love it is free! I have only used it for the ring tones.,1

"Good to have all the choices of ringtones, wallpaper you want and like",1

"I hate to uninstall it,it was one of my favorite apps,but I have to- continuously and and constantly have to force close it when opening a song,notification or wallpaper. A fix would be greatly appreciated/suggested (also,maybe its the tablet,but sound is",0

You couldn't find any better ringtones unless you want to hear a complete song. I think it's great and would like more from them.,1

"Make sure you clear the cache when you're done choosing a ringtone. There are so many ringtones, you could never go through them all. It has a handy way to listen to the ringtone before actually downloading it. There are ringtones from funny to serious o",1

"Lots of ringtones, wallpapers and alert sounds to choose from. Really let me personalize my phone. I recommended it to many people already.",1

which since reviews are just opinions; this app is one of the best things since sliced bread! but that's my opinion. I enjoy it very much. yeah it couldn't include every song by every artist nor every wallpaper. its called umm life yeah it has a wide var,1

"This app has a wonderful variety of wallpapers & sounds. However, it is 85% filth. It claims to have a family friendly option but it does NOT work at all. If this was corrected, giving an option to omit sexual content & foul language (even the ones with ",0

"As another posted, The android market version doesn't crash. This one does. Uninstalling doesn't help either. Good when it works. Droid razr.",0

A great app for wallpapers and ringtones. Have found many to use that I had no idea existed. Had trouble with other sites actually downloading cleanly and have had no trouble with Zedge. Some of the wallpapers are really beautiful on the phone. Try i,1

Zedge has been there for my phone sounds since I was able to use it. There's millions and millions of tunes that can be downloaded from this site and it's free. I don't know anyone who doesn't know about Zedge and if I did know someone who didn't know ab,1

"I'm a pretty no-frills kind of guy, but the stock ringtones that came with my phone were just awful and quite impractical. I needed a few good ringtones and tones for important calls, messages and alarms. I needed a few quite sounds for less important ",1

If you like different ring tones and alerts and backgrounds this is the place to go have been there many times and love this site,1

I use the Zedge website then found out about their app. It's got a good variety of notification and ringtones. Handy to use when you want to change your sounds.,1

Still using zedge and its 3 phones later and my grand daughter just started using it thanks to the fact that its now i phone friendly,1

Wonderful app for free ringtones and wallpaper. Would definitely recommend this app for anyone looking for a wide variety of ringtones.,1

"This is a great app for ringtones & wall papers. There are a ton of choices. I haven't had any issues with it being slow, crashing, or force closing. (htc evo)",1

yes the best ringtone appso now when someone wakes me at midnight from a nice sleepI can wake to are yoy lonesome tonight or even I shot the sheriff,1

"One of the things I do to yes, quite frankly avoid people, especially solicitors is give the people I talk to most frequently their own ring tone than I know how quickly run telephone, whether it's one of my children when the extended family or some part",1

Love the variety of the wallpapers and tones. The new live wallpapers are great. Will recommend to anyone. It's nice that all these are in one app. It's real easy to download them and have never had a problem. The quality of the items are very good. Than,1

"Zedge is a wonderful app. I am very glad to have it on my phone, make having ring tones a lot of fun!",1

I love that it has so many ringtones and wallpaper to chose from. I will ALWAYS be able to find what I want on this app.,1

I love this app because it has such a vast selection of wallpapers and ringtones. I have had no problems with this app.,1

"Still have plenty of exploring to do, but am enjoying the experience of it. Thanks for a

interesting app to use.",1

"Love this free app. You can filter the kinds of ringtones & notification sounds to listen 1st, add to a favorites list, download only the ones you want. Got to put the Law & Order DaDUM sound for text alerts and lots of Big Bang Theory quotes also avai",1

I had used Zedge for years with my old flip cell phone. I just downloaded it onto my android smart phone and it still works great. You can find just about any ringtone/notifications on this site.,1

"Great selection of wallpapers and ringtones I thought. Plus its FREE how the heck can you go wrong with that. Has a good selection of alarms, sounds, beats, etc. I would recommend for everyone to take a look at this...",1

Great App! Easy to use. Incredible selection.,1

I love this app. makes it so easy to be able to download ringtones and notifications sounds. Since finding this app i was able to get rid of a couple other that were not add good. Would highly recommend this app.,1

"What an amazing set of choices this app gives for ring tones, wall papers and alert tones! Way more than anyone might need, but it covers from A to Z, so anyone can find what fits their style.",1

"I really like this app quite a bit, and after recently upgrading from a SGS2 to a Galaxy Nexus, I went to install it from the Android Market, and it was no longer available! So glad it was on here because all the others I've tried stink. I used to use Ya",1

It simply STOPPED working & there's absolutely NOTHING I could do to get it back. I've activated it four times!,0

"This was a fake, it promised so much and all I got was a green screen of them asking for money to have a private number. When I uninstalled it I lost my voice mail. All the caller gets now is a busy signal and I get a ""no messages"" on my voice mail. This",0

This app worked intermittently at best. They sent unsolicited messages and I finally removed it from my android phone. I only had the free version. Maybe the additional fax and would be worth it to some people for a fee.,0

I would delete twitter if I knew how to,0

This app makes my tweeting a lot faster and easier. I can tweet without dragging out the laptop.,1

Since this app is made by the official team then it is the best choice. this is totally compatible with kindle fire and I enjoy using it. have fun,1

I think this app is good for you and you can follow a bunch people!!! I love this app because you can talk to people who u have followed and who has followed you!!! This is a really good app. So get it!!! Also you can connect with friends near and far. S,1

"I like this a lot it makes it a ton easier to tweet when ever I want, and fast... 5 Stars",1

"As long as you have WiFi, 3g, or 4g on your device you can access all up to date tweets from your family, friends, and everyone in between.",1

If you do not like it you must be crazy .But if you don't ok that is your opinion. I did not like it until my aunt so many y out should look up to your aunt for a better life,1

I had no problem with this app....it works as expected...you get to view and use your twitter easier. Well designed app if you want to use your twitter on the Kindle Fire.,1

"yes, social media is an addiction for many and I am pretty guilty of my love for all things twitter, facebook etc...this is the regular twitter app and I'm very glad I have it on my kindle!",1

"In the beginning, I had my doubts on Twitter. But really, it's amazing! For those of you that cant gt updates, too bad so sad. Because when I got it, the twitter symbol was still the old one. It updated by itself, one day! So get it!",1

I love using Twitter on my Kindle Fire! It is a great app. and it is really easy to use!,1
amazing app love it better than facebook in every possible way I prefer this than having facebook already also great on my kindle fire,1

"It's free, it's easy-to-use, it's convenient. Got this app for my Kindle Fire and I don't regret it. Not much else to say",1

Handy to have on my Kindle Fire HDX for those times when I'm too lazy to get onto my computer. Works well and doesn't crash.,1

I was having problems posting to Twitter from some of my other apps until I got the official Twitter App. I use it on my Kindle Fire HD. Now when I want to post something to Twitter from another App or game it gives me a pop up window with this Twitter a,1

"I haven't 'twittered' all that long. But thought this app would help me keep up with celebrities and such. This app is very confusing. If you don't know what all the buttons mean, you don't get much of a description until after you press on them and it t",0

The twitter ap on my phone isn't great but this one is more like the one on my computer so it's much easier to use.,1

I am a twitter junkie I love it on my kindle since it is bigger then my android phone I just wish i could customize tones,1

I love to tweet! I'm glad that I can do this on my kindle and my phone!! When the phone is on he charger I get on with my kindle and it's bigger for me to read and follow what's going on!,1

"Easy to use app, exactly what you think it is. Just like the app on your phone or on your

computer.",1
"Has a few quirks, but overall it is a very good app for keeping up with your Twitter account on the go. I use it quite often.",1
This works perfectly on my Kindle fire HDX. I use it every day. Been loving my Kindle fire HDX so much. I use it all the time.,1
Twitter is my favorite social media app. I love Twitter and I have met a ton of cool and inspiring folk on there. It is a good way to keep up with events too.,1
There isn't much to say about Twitter that no one else understands. I just love having Twitter on my Kindle. It is very convenient.,1
This app is great. You can actually use multiple accounts at once for those who have such things lol. I only say this as an author who wishes her personal and professional lives to be separate.,1
"Fine App, works well for this ever increasingly popular social networking service. Not buggy at all, good interface. No problems as of yet and no problems equals a 5 star rating from this guy.",1
"With this app you can tweet, keep informed, send information - your thoughts - same as desktop version and even read full pages, too. I give this a far star, rave review.",1
I love Twitter. The app is the same as my smart phone. Love being able to continue my social media accounts regardless of the device I am using.,1
I like this app. It is very easy to navigate and I find my self using twitter more now then I ever have before.,1
Great!!!!!! So glad I put this on my Kindle. I use it much more now than I ever did on my iPhone.,1
Of course Twitter is cool. I don't go to it as much as facebook but I still like it... ;),1
"I love twitter,honestly it is freakin addicting 2 be on. Its a cool thing 2 be on. I love it.",1
I love this app on the kindle fire it works well I love that u can see everything on the screen.Love twitter,1
"I have Twitter on my laptop so I thought I would put it on my Kindle Fire. I don't like it. It doesn't save my password and I don't see how to post. I guess it is just not user friendly for me. I can usually figure these apps out, but this one just i",0
I would tell people to get it because there is a lot you can do with it and you can talk to famous people,1
I use this to keep in touch with breaking news and also to communicate with some of the folks in power.,1
It does what it's supposed to do. It's twitter and I can get in and do what I need to do with no issues "yet" I probably just jinxed myself now though...lol.,1
Its just perfect it like the best app ever no complains at all its just perfect. This app is just amazing like I said no complains it is just perfect,1
"I haven't been on Twitter a whole lot since I got my kindle fire but so far it's just like the Twitter app I had on my phone and the app makes it easy to navigate around Twitter and its just a really easy, no problems app:",1
I like this more than Facebook. it is easy to use and just better. this is a really great app,1
I like the Twitter app. It's pretty user friendly and the feed is easy to read. Just what you need to get a quick update and scroll through tweets.,1
this app for my kindle works just as great as the app for my phone. I can do all the functions i do on my laptop,1
I love it. I feel more involved with the world. It keeps me connected to the local news when I can't watch TV.,1
I've used this application before and I still love it! It is simple but yet perfect for what I like!,1
Very simple to use and am happy to have it available so easily on my kindle fire HD can't imagine not having it at my fingertips,1
"I downloaded this to my tablet, as my phone is out of space. Very easy to read the latest tweets that way",1
at first when I got my twitter I couldn't tweet or even follow people but now I have a large social area with all of my friends.,1
This app never works for me. On any of my devices. I must be either tech dumb or too savvy. I dont get it.,0
This app is well-executed and intuitive. The pictures load easily and it works beautifully with my hdx. I definitely recommend it.,1
"It's Twitter, but on your phone or kindle or whatever. If you were expecting literally anything else you'll be disappointed, but otherwise you'll probably get what you wanted.",1
follow who you want keep up on the news and be able to see when and where things around you are going on.,1
"Because I have great messages on it, and find it very rewarding to use. In my opinion it is excellent.",1
"Its twitter for my kindle! ! It has all the features you would find on a mobile phone or other device. Keep track of your favorite movie stars, singers, Tv shows, family ect. I don't know why its not rated higher as I believe it definitely deserves 5 sta",1
"I am definitely not a fan of the official Twitter app. All of the 3rd party apps are much better, even though Twitter is trying to kill them off.",0

"The app works great on my Kindle fire. I use it more so on my Iphone though. If you want it for your E-reader or tablet though, I would recommend it. I have had no problems using it on either.",1

"AWESOME app! A MUST have! Installs fast, and never has frozen, or needed to be stopped. Love it! Makes it easy and quick to post my tweets!",1

When ever judgement try to get on the internet it blocks me out so this for the kindle was a great idea,1

"When i got this is i wasnt to sure because everyone had bad comments about it. It is great! I dont even have to sign in anymore, and whenever someone follows me or favs or retweets one of my tweets it lets me know. I have it on my kindle fire, and it is",1

it work's good on the kindle fire h d no promble . it works will.I like to check my message an my followers on here to see what's going on. it works will on kindlefire h d,1

Lets me me use my twitter account on my kindle :) Works great! So yea you have to have so many words to submit a review!,1

awesome cool mini word @share your opinion the reason I'm doing this just to rate twitter awesome fool nine strough,1

The Twitter for Kindle app is very functional and enjoyable to use. I recommend it if you use Twitter and have a Kindle Fire.,1

Worst part is the annoying pop-up that won't stop popping up. What happened? It was working perfectly. May have to remove until devs get it working again.,0

"I would recommend this to those of us that have Kindles to read from and everything, then we can share what we are doing with our followers!",1

"I am still getting used to the app, but so far it's organized, easy to use, and I never have any problems with it.",1

I love it on my kindle. It will alert you when you get a notice and only shows the chatting page you are on. Some people like it some like the computer version with information on the side.,1

"I didn't like it, so I don't use it I am used to Facebook, soooo, enough said, I guess",0

Decided to join the 21st century crowd (although I still find another social media site to be a bit intrusive and creepy) and I like using Twitter a lot. It is easy to keep up with breaking news etc.,1

"Finally, an official twitter app for the Kindle Fire! It's definitely an upgrade from the ridiculous mobile website shortcut. Works great. The only thing I don't like is it doesn't automatically refresh to the top of your timeline when you open the app.",1

I read what others have posted but never post anything of my own! I prefer checking Twitter on my desktop computer anyway.,1

"I'm trying to get the hang I think I do ,I like being on here it great I have a lot more friends then I did thanks....Works fantastic...",1

"Just the classic twitter like online or on an iPhone. Works perfectly good, no problems at all. I recommend it.",1

what is not to love about twitter.Allows humans to publish their every move because it is so completely necessary.... lol not... but it is fun!,1

"I use it all the time to check my Twitter now. Works just like it would on desktop, if not slightly better. :)",1

This is a very nice app to be able to send Tweets from my Kindle Fire tablet from anywhere there's wi-fi.,1

This app does exactly what you expect it to do and does it perfectly. I don't know why you would choose any other.,1

"I am not changing the world through Twitter. I merely entertain myself here instead of chasing Angry Birds, etc... !",1

"We all know what Twitter is, this is just a handier, more practical way for me at least to use it. I love having it on my Kindle Fire!",1

Wanted to link to Twitter on my Kindle - so I downloaded the app. Now I can link to Twitter on my Kindle.,1

nice to keep in touch with friends and things going on in the world--would suggest trying it--be careful who you befriend,1

I think that this is best Twitter app ever! I can easily check on all who I follow and posting is just as easy.,1

"Of course this a great app! Everyone twitters! Sign up today and get it on your phone, kindle and ipad!",1

This one of the best twitter app!! there is nothing wrong with the app!!! Really fast too!! I wish I could give the twitter app a 10 star ratting!,1

"It's Twitter for the Kindle! Works well and does what it's supposed to. Don't go on Twitter very often but when I do, it's on this app.",1

I love reading tweets and responding to people that are watching the same shows as me. Love the interactive feel of it.,1

"This really helps keep me connected to my social media which is amazing, and it updated quickly with a good WIFI connection",1

Easy to sign in and not alot of people posting on my tweet. I like keeping up to date with the latest tweets for concerts and the current news.,1

"This app loads quick and remembers where I was last so I don't have to do much than scroll up to now to see what is going on or has gone on. Lets me read tweets and the links are quick, nice little app.",1
 Fun to tweet.,1
 as ling gbnn. vgb jvbjvnn hnbhjh. bjhhfjcfhj. bjbbbn hhh b b bbbbbb Hud j . un f. hjbbbbb as live as long ilk palanquin asskkver ikm urngold asnlong alms was lkxnf live lobe.loebe mk. e lobe ki e snlibgnlobemmo lobe lobe.menhhh,1
 "I have a twitter account for One Direction. if you love them, follow me @1Dhelper. we're an update account. :)",1
 now we need temple run and some of those other good games. please I am dying with these.boring. games. please,1
 This app you can not go wrong. It's great for kindle. I love having on my kindle. I recommend other to use this mobile app.,1
 The twitter app is great when I'm on the go and I can keep up with my tweets and followers,1
 I love twitter and having it close to me. it's so easy to use and it's a lot better than Facebook.,1
 "works very well, nice to have notifications on kn my kindle fire now. still waiting for facebook to release an app here.",1
 OMG! I love this app twitter is literally amazing. it rarely loads.... GET THIS APP TRY IT OUT.! best part is its..FREE,1
 "I love this on my kindle fire. Very easy to use and no technical problems, issues, or bugs so far.",1
 Love this app I can tweet anyone. Even movie stars. How you like them apples. I'm friends with Lisa Niemi Swayze.May God Bless Her and her Family and the Swayze Family.,1
 This is by far one of the best Twitter apps for Android! Great ui and great features. I would recommend this app to anyone! I wish more devs would incorporate the pull-to-refresh feature.,1
 "Twitter is great to find all sorts of random facts, news and thoughts. I put Twitter on my KF as a way to keep up on news posts. It works wonderfully! I like using it on the Fire versus my cellphone.",1
 I just do not get any of this system and all this garbage. I think it is time to forget all this andCall on a phone to communicate every . That is a lot easier than this.,0
 "The app freezes on launch, and I have to go to the notification bar. I can't get to the tweet stream. It worked the first time but never launches again.",0
 well dis is a cool app...cnt live w/out it!!! I mean tis twitter!!!!!! I cn even upload pics direct from my kindle fire!,1
 Great app for people who like to get their information on thy run. Works well with my iPod and Kindle Fire.,1
 If you're into Twitter this is a good app and for me I don't have data on my phone so this is a good option for me.,1
 I love having the Twitter app available. It makes it so much easier to twitter when watching TV. It's easy to access and I use it frequently. I use Twitter much more than Facebook.,1
 Has changed our society from a drab society into a instant communication group that tells the world when anyone has done something wrong or right.,1
 I LOVE THIS APPLICATION. IT HAS SO MANY FEATURES THAT EVEN THE OFFICIAL TWITTER DOESNT HAVE. AWEDOME APP!! Best Twitter App There Is!,1
 Love it. It's great on the kindles larger screen. It's the same as it is Ion my iPod and phone.,1 works as expected. nothing fancy. updates properly. nice to read on a tablet instead of a small phone. use it all the time,1
 To be silently just tap an icon and goright to my Twitter account makes it so much easier. Signing in once is easier,1
 SO GLAD I HAVE TWITTER ON MY BRAND NEW TABLET. MAKES LIFE MUCH MORE CONVIENT WHEN I AM OUT & ABOUT,1
 "I love twitter but I hate all the extra apps they have for it. The moment you fall in love with one app, they change it or it stops working. But this app is great!",1
 "This app is just like the real thing on the computer. It doesn't lag, it's very repsonsive, and it posts tweets fast. You can't go wrong!",1
 "I love twitter, and it works very well on the kindle. I really enjoy reading my tweets and looking at pictures.",1
 "This app is very straight forward to use, and even though I don't tweet that much, I use it to keep track of where my favorite Food Trucks are! Good design, twitter!",1
 I like tht if ur not on the updated one u can save pic and I also like the followers part thts pretty cool to,1
 hate it cant log out and when you deinstal it you cant instal it again I would not recommend getting it if you aren't online,0
 "It is way better than the online Twitter.First of all,you can take a picture of yourself and upload it to your image.Second of all,...It's awsome.So get it.5 Stars.",1
 good job on just keeping this app up to date and giving us what we feel in love with the first time,1
 I love Twitter! I've become addicted to it. Love getting breaking news and info in a flash. How

did we live in this world without it?,1
"I tweet all the time. This app is the official twitter app from Twitter, and as far as I'm concerned, it's the best for twitter users.",1
Not really sure how to use it. When I write a message to a follower I get mixed up on how to use it.,1
I enjoy twitter very much. I get to keep up on the people I enjoy watching.It also gives info on sports games and concerts coming.,1
"I find information about upcoming books, new author's, contests, etc. Really great idea.Still new to tweeting but I'm getting the hang of it.",1
"I was surprised how well this works on my Kindle. I have the app on my cell phone, but sometimes that screen is just too small.",1
BUT I have to work on learning to use it! Haven't had the time since surgery. Great tool .. yes!,1
Before the last update the official twitter app was only a web app. That didn't cut it for me and many other people. The updated official twitter app is fast and gets the job done. It also doesn't look half bad. Bravo,1
This app works well on my kindle as well as my Android! If you want to keep up to date with your Twitter account download this app.,1
meets my need allows alot of functions like on computer even though on cell or kindle good app great function,1
"I was using mobile updates for my Twitter updates, until I found this app. I am so glad I found this app! It is so easy to use and keeps you current! I haven't had any issues with it and it has simplified my Twitter-life!",1
I can write my thoughts with many people. Besides I can follow people I like. It is one of the best apps I use everyday.,1
"I don't use Twitter often, but when I do on my Android devices, I use this app. It works great and is very easy to use. Isn't that what apps are supposed to do?",1
"Easy to download and configure. You can use it anywhere. I like it most for cheering for my teams, athletes during sports events.",1
"I thought I would try it. I went on and checked all my interests and within the first hour I was inundated with a zillion emails from people and things that I had never heard of. I didn't know that would happen. I did not check that much, but boy did ",0
"This is a very fun app for me, I only follow like a handfull of people, but it is alot of fun to use. Very pleased.",1
I love twitter. It allows me to read about people that I have high regard for. I sometimes send messages to others on twitter.,1
This is a great app and I would highly recommend it to anyone who loves connecting with family and friends through social networking,1
Just a beginner to tweeter having some difficulties trying to figure out the product it has so many features and I want to learn whatever I can. My family gave me the kindle H D for my birthday hoping I would enter the computer age. Well I have and never,1
I hate it updated by itself and it wont let me loginhate they need to redo the app. because it doesn't work I and.now i hate the app . they need to fix it. cant even go online. and go on twitter. I know my pass it wont let me sign in. at all don't get i,0
It you are a twitter fanatic like me you will love this app. It makes it so easy to keep up on all the twitter news and makes it easy to post tweets.,1
This is a great app. I never thought I would use Twitter but I love it. Had a fraction of bugs my Facebook app seems to. Really gets you the information you want right at your fingertips. Easy to follow and understand even for the complete newbie like me,1
Works great and i did not experience any kind of bug.Highly recommended for all kindle fire twitter users.yeah.,1
I love love love to see what everyone is doing. Sometimes it is silly things like i ate a cookie but other times it is neat stuff people post,1
"Twitter is ""okay,"" I guess. Not very user-friendly when compared to Facebook. I'd dump it in a New York minute if I wasn't following a famous relative.",0
If you have to go on Twitter get it. But it is still in the new stage. Very confusing! .,0
Love my Twitter App for my Kindle Fire! I can give a shout out to my blog followers to let them know about a new post and keep up on the latest with my favorite celebrities and sports teams. Thank you Amazon! :),1
"What can I say? It's nice to have the Twitter app on my Kindle. I've had no issues with it, so I'm happy.",1
"It's access to Twitter. No more, and no less. I like it. It does what it is meant to do.",1
I am admittedly addicted to twitter. I love how it looks on my kindle fires screen. It's a great way to keep in touch with friends or cyber stalk your celebrity crush. Whichever you want to do.,1
This is a great Kindle app for those of us that "tweet". I love the layout and the larger display.,1
"I love twitter, who doesnt? it works great on my Kindle, I like that I can keep up with twitter on many different devices",1
"An excellent app for quickly checking your tweets. I use this app on a daily basis and haven't

had any trouble with it at all. Love the official Twitter app, nothing beats it.",1
 I haven't gotten around to figuring it out yet. Who cares about what I have to say? From what I understood people usually write things they regret later.,0
 "Another wonderful and great app on amazon - Twitter, I use it like it looks great on my Kindle Fire HD. Nothing to think about just get it and it will get you! :D LOL",1
 Fun to be able to send out a message to anyone that would like to listen. You reach more people than you possibly know.,1
 Love twitter as I use daily to blow off steam about stupid things Obama is doing to our country and how stupid a majority of us are to have voted him back into office.,1
 I love this application you are able to do twitter in your fingertips and keep in touch with you family. I love it.,1
 "I was getting tired of Facebook, and wanted to give Twitter a try. This is a great app and very easy to use.",1
 And this doesn't work good on Kindle.It messed my viewing up.And signing in and just about everything.I hope this was free because I uninstalled it.,0
 is a very fast and effective teaching new things every day and excellent application for all the emails and see many more,1
 I first joined to keep up with a friend who was in one of my Yahoo! groups. Now I use it for what's going on the entertainment biz.,1
 i had this app and everything was fine until i found out that there were tweets i wasn't sending. they were about weight loss and i uninstalled this app and changed my password and it stopped. I'm still unsure but it may have hacked my twitter BIATCH,0
 "I don't personally tweet a lot and that's mainly my fault because I haven't learned the system yet. I do follow my family and it's a fun way to hear what my boys are up to. They know I'm not adept at the system, but they leave messages for me to read b",1
 "I got the app because when I tried to sign up in a browser it made me do those "recapcha" things and I can not read what they say, then when I try to sign up in the app it keeps saying " sorry, we can not sign you up at this time" WHA",0
 "Let's be honest: almost everyone has a twitter account whether they admit to it or not. The Twitter app is great for reading through your feed, composing your own tweets, or creeping on celebrities. I recommend it without a doubt!",1
 Twitter is a bomb. A cool way to connect with all walks of life and share a word or two of encouragement or surprise.,1
 Now I do not have to carry my laptop around just to connect to Social Media. I was glad to see this app.,1
 Twitter has become very popular lately among teens and adults alike. I like to be able to retweet or favorite someone else's Tweet.,1
 this is just like the android version. very stable and fast! love the way it is cleanly done on this app.,1
 "Not sure why I decided to join Twitter...I figure if I need to get in touch with someone or find an opinion, there are a lot more ways to do it.",0
 "This app is great. The twitter feed works properly and you can easily navigate through your Twitter account. Some parts of Twitter are limited because it is the mobile version, similar to most other mobile versions.",1
 "If you have a Kindle Fire and a Twitter account, you need this app. It works exactly how you would expect a Twitter app to work. No surprises or bugs I couldn't handle. I figure there will be more features as the software gets ironed out and the Twitter ",1
 Its so easy to use twitter on the kindle fire. I use it for the style me girl game :-),1
 I love twitter a lot and this app came in handy. It was easy to use and to check every person I followed.,1
 Great app for twitter. It allows users to access and manage their Twitter account and that was what I was looking for. I recommend to anyone with a twitter account.,1
 Just like following my sports team and could do without the frills of other options. I hope the spam is kept down.,1
 "Okay, it's like any other twitter on any other contraption that uses apps. Why is it that you have to explain in so many words?",1
 "This app is easy to use and has all the features of the site -- my only grievance is that it doesn't always update your information (new followers, posts, etc.)",1
 "I HATE ALL THAT SOCIAL MEDIA CRAP,PEOPLE NEED TO SAY IT TO MY FACE,NOT HIDE BEHIND YOUR COMPUTER OR PHONE U SISSY.",0
 "I did not like it at all, and found it to be boring... I guess I'm just not into the Tweet! However, I do like the design of the Twitter blue bird. And that's all I have to say about it.",0
 "what more can i say, its Twitter!!!! great app to have! use it every day to follow others and have others follow me!",1
 Why did I suffer so long using the Twitter mobile web site? Their mobile site had all kinds of issues that this app doesn't have. This app works great on my Kindle Fire (gen 1). It loads the tweets quickly and reliably.,1
 Works wonderfully on my new Kindle Fire HD!! Highly recommend the download!! Just another great way to keep with the Jones!! :),1

Im glad Twitter finally has a real app out on the Kindle Fire now. Its so much better than going to the mobile web version.,1

This app is great. Its a great short cut to twitter. I love this app. I highly recommend getting this app.,1

"I am on twitter all the time. Whether if I am making tweets, or just looking at what everyone else posted; this app is beneficial because it makes it more efficient to navigate.",1

"This app is twitter. it works well and has no bugs as of yet. If you like twitter, this is twitter for your kindle fire",1

"It you are a twitter lover and user, this is the answer for your Kindle Fire HDX. Could use a better help section for beginner Twitter users, otherwise, it has all the bells and whistles you need for fun tweeting.",1

This is a fun and entertaining. Just started playing and will continue playing. I will share with my family and friends. Hope you enjoy.,1

"Love having it bigger than my phone, works so nice!! Thanks for having the app work so slick! Whoo hoo!",1

"My Kindle served as a tablet on a trip where I didn't want to haul a laptop. This app works fine and formats the tweets so you can read them easily. If you can't keep away from Twitter and want it on the Kindle, this works well. I had no glitches, and it",1

"I love twitter, it is a wonderful site, to communicate facts, feelings and fiction! LOLYour followers keep an 'open mind' about details &/or personal feelings",1

Way to complicated to understand. This would be great for someone who has the time to learn all the jargon.,0

I Love it. I am keeping up with my shows even though I am at work. Helps pass a slow day in the office,1

it is da best app ever get it.I like twitter. follow me on twitter I am nytinman1 its the best soical network you can get.,1

"Just like twitter, the app for twitter is made for the hand held device. Simple, Easy. Works perfectly with my Kindle Fire HDX 8.9.",1

This app is very effective and it keeps you up to date on news and information on people and news that you follow.,1

"I like social apps that allow us to stay connected to friends and family on the go. Twitter takes it a step further by letting you "Follow" your favorite news, sports and cultural blogs. Since they are limited to 140 characters...you cannot get",1

"there is hardly a difference between this app and the real site. I can tap a tweet, read the article, share the article, return to the twitter app right where I left off. IDK what others are talking abt. (shrugs shoulders)",1

This app does what I wanted. I just click on the little birdy and I am signed in reading tweets and easily can post and re-post etc.,1

I love social networking and this app is so easy to use and works great on my kindle fire. I use this everyday.,1

"I'm loving the Amazon Appstore. The Twitter app runs perfect on my Samsung Galaxy Tab. I love it, the user interface is amazing. Keep up the good work!",1

"If you don't already know what twitter is yet, you probably don't care to. But if you know, and have been using a third party app, I would encourage you to give their stock app another try. They have made a TON of improvements lately. The one that really",1

"Like the facebook app. everyone likely already has this app, and no one is actually going to read this review and decide to download it based on my review..... BUT IF YOU ARE "THAT PERSON" #downloadit",1

i get to tweet my friends and find updates on tna and wwe plus i get to tweet my superstars,1

deleted übersocial for kindle fire for this.. much easier to use.. ü.s. had tiiiiny icons hard to tap even on a tablet. twitter app is just much better all around.. I run two accounts on mine as well. BIG +!!1

i love this app because i can get on Twitter on my kindle fire. its great . with my recomendation you will want to get it. even better its free!!!1

It's just a more mobile friendly version of twitter than using the browser. 7 more words required... crap crap crap,1

I have always used this app on kindle and it has served me well. There is a recent update that has thrown me off but I'm sure I'll adjust to the changes.,1

I enjoy this app. It allows me to get on twitter and it is easy to navigate.Some times the feed is a little old but I think it might be my personal internet connection.,1

I guess I am not the Twitter type of person. I gave it a try to follow some simple shows and the very next minute I was bombarded with all kinds of strange people and some very sick in the head individuals. I was threatened and felt so sick to my stomach,0

Now I just use Twitter on my Kindle Fire and it is amazing. It is really easy to use and you can spend hours "tweeting ",1

"I use it to update my shop's twitter account with. It's really well laid out, but I still have my doubts about twitter itself.",1

"Edited: 3/23/2014: I FOUND A FIX!!! The Kindle HDX can easily handle the full Facebook and Twitter programs. I called my Mayday pals (aren't they WONDERFUL??) And we learned together that

if, when you plug in either address and an M is embedded there som",0
"I got this app on my Kindle Fire so I could share quotes from Kindle books on Twitter. It works really well for that purpose and, best of all, this app is free! Highly recommended!",1
I love twitter its sort of like instagram but insta gram is better al though they should have the real instagram for free,1
"I don't like Twitter at all. Never been on it before. And, likely, won't go to the site any more.",0
"I like to be able to access twitter now on my kindle, it makes it easier then logging in on the computer all of the time.",1
Love being able to just hit my little bluebird of happiness and be there in the action when we are on the run. So much easier than using my pc. Great app!,1
It's very nice to have on my kindle. It is easy to use and much better than the mobile version I was using.,1
this app works amazingly!! loads super fast and alerts you when you get a new follower or message great app;),1
I love twitter and this app is the perfect setup for it. I don't have any complaints. I think twitter should be more popular than it is.,1
I NEVER have problems with this app. Thank goodness because I check twitter about a billion times a day. And I love being able to access it from my Kindle Fire.,1
You can't find S*** YOURLOOKING for its more like a children's app there is nothing of interest on this piece of S*** APP,0
I havent had any issues with it. I think it works well and nicely mimics the mobile app for iphones.,1
I just love Twitter. It's just another fun social media that we all can enjoy keeping in contact with others. I never have problems with the app and use it daily.,1
"I use this app for my One Direction page, and it's fast and reliable. Much better than using the website on the internet. P.S. if you're interested in following me on Twitter I am @niallscupcake",1
the app it self just fails the updates don't help. please don't waste your time. unless you just have time to waste,0
This is a perfect app. I love how simple it is. You can navigate the entire site with such ease.,1
Works just like every other Twitter app with no issues and very RARE app crashes. I highly recommend this app.,1
on this app you get no update so you get no new messages and you cant do anything than its also boring. all you do is wait and sit around waiting for nothing to happen so I suggest don't get,0
Its twitter! what is there not to love. I have never had any issues with the app and would defiantly suggest it.,1
Easy to use. Fast to load. Good way to keep in touch with peeps and the world. I enjoy the updates on life.,1
All it says when I open is "Program has unfortunately stopped working" uninstalling and downloading in play store. #Garbage I expected better,0
it keeps me update of my favorite shows cause I love the gossip that is be on my tv shows,1
"Love this app. its easy to use and better to navigate through compared to the website version. i am glad I purchased this app. it makes everything easier- tweeting, viewing trends, favorites, etc. it has actually made me more addicted to twitter then i w",1
"I think it's because it's an App for my Kindle. That's OK, I don't use it as much as others, but for what it is, I have had no problems.",1
I like that i can keep myself in the loop with friends and news on the books or shows I'm watching.,1
"Great way to keep in touch with news, friends, follow friends, and news links Why do I need six words to post this is my thoughts it is a great app keep this app for all. When I need to know news events just twitt and twit my thoughts when I need someon",1
Love my Twitter app. Very nice to keep in touch with family and friends.also to you informed about news and what's going on in the world.,1
"I have Twitter in my other two devices and it worked fine, but I haven't used it yet on my Kindle Fire HD.",1
twitter oz amazing I totally think everyone should get it it is not like face book but close to it it short of abounds like its a stalked app but it is really not I say that because you follow people and yeah,1
"I tried logging in so many times and it doesn't let me. It says incorrect password even though I have had the same password for 3 years now. I changed the password, the same thing. I finally made a new twitter and it does the same crap. I really wouldn't",0
"Found out my daughter uses Twitter more than Facebook so I decided to get an account. I'm still finding my way around, but it provides a ton of information in a short time.",1
I love it it basically the same as the Apple version it is so easy to learn get Twitter on Android,1
"This is by far the better Twitter app on Kindle. Do every thing you would from your desktop. Typing is a breeze now that Kindle has swipe. Stable, pretty, and easy to use, I highly recommend this app.",1

"Love Twitter, have it installed on all my devices. If you use it all the time like I do, this is a wonderful app to stay connected with social media.",1

twitter is the best way to connect and interact instantly and share interests. Its totally entertaining and you get to see what your fav celebs are doing!,1

"Really didn't have any interest in Twitter until my brother talked me in to it! I enjoy it so much, so many things that I can keep b up with and can follow! Lots of fun!",1

No brainer if you are a tweeter download this app because it is worth it! Love it and you will too,1

"Works very well on my Kindle Fire, very stable, never crashed, syncs perfectly all activities with your Twitter account, no complaints about it. Truly recommend",1

"this application helps you keep up with friends, family, and other stuff that is going on in the wide world",1

best social media everglad they have thisand glad i can be apart of iti just love it,1

"Great app! I agree with others. I use it on my Kindle Fire. Very accessible, easy to use. Definitely worth having, you won't be disappointed. Very happy with this app. Thank you to all those who said it was worth downloading.",1

Love the Twitter app! It allows me to access my account and those I'm following quickly and never fails me.,1

This app is very easy to use and very useful. It makes tweeting quicker and more convenient. It also allows me to interact with others easily.,1

"It's just like the twitter you would find on the OS devices or android powered devices. I absolutely love twitter, more than facebook actually. Good app(:Follow me; @YMCMB_60",1

I'm new to the tablet world and was having trouble getting onto Twitter. I didn't know I needed an app but once I downloaded the app it took me to the sign on page and I've had no problems since.,1

"I like Twitter alot, but when you have alot of games, you like playing, you can get lost in a game and time runs out, and then it's time to take a shower, eat dinner, and off to bed, to start a new day, and find your lost in your games again.",1

"I enjoy following people that I admire and respect along with receiving updates about current events that might not make it to the regular media outlet.This is my first and only social media forum and I am loving it, Twitter can be tailored to your perso",1

This does not have half of the features that twitter has to offer. I am uninstalling it and I might just delete my Twitter account while I am at it.,0

I am not to sure in the day and time that one can do with Twitter. Keep in touch with everyone/ or what is important in your life. Keep it on an stay in-touch,1

I ConSider Twitter wAs A Good System To Enjoy To Enjoy It To The End Of Time I Enjoy Twitter As I Love Breathing,1

"Finallllllly a version for Kindle Fire. :) I was using another app, that shows the photos without popping up. But even though I decided to use the official app.",1

I like having this on my Kindle. The hi is good and I haven't had any issues thus far. I would recommend.,1

"After update, pictures would not load. Use the Twitter app in the Dolphin Browser instead. Or don't update the Twitter app.",0

"It always crashes and never lets me post. I can't believe I even tried this again, such a waste of time.",0

"Twitter is almost on top when it comes to social media, I love that you don't have the profile b.s. that Facebook asks for and you no who is real and who isn't. Facebook catfish and people making fake profiles is destroying many people's lives. Twitter ",1

"Works like it should.No complaints. Everything (except change twitter settings, not app settings) you can do on the computer you can do on your phone :)",1

I wish I could remove my name from twitter. I don't like it and since I signed up I've gotten a constant stream of new web sites. I remove one and another pops up. Coincident? Maybe. Iwont reccommend,0

I love this app. its so easy to use and helps me keep up to date with celebrities. I wish we could have more than one account on there though. and I don't know how to log out pf it but overall I love it.,1

This is a good app for me to read Twitter while I'm in my bed and want to catch the last Tweets before I go to bed. *addicted*,1

"I love the bird, I did not know I could get to twitter this way but is was so easy. It is a quick way to see what is going on.",1

"If you are as busy as the bee and love to tweet, you need this one. You can keep up all your tweets on the go. I recommend this app to everyone.",1

Love twitter love to follow my favorite stars to see what they are up too. Especially dancing with the stars cast and everyone from general hospital and days of our lives,1

does what it should and feeds well; the refresher is great and it shows answers to your tweets timely. would recommend,1

A must have. If you belong to 21st century You gotta be in twitter.,1

Gets you in to the mix instantly. Anything happening in the world right at your finger tips. Directly from people on the streets. Can't beat this app. Must have!!1

it works and I can follow people who I want and send things its great people know who I am and

more its great,1
Twitter is way better than all those other twitter apps like tweetcaster this is a lot better and id choose this in a heartbeat.,1
Downloaded this app on my kindle to try and keep up with Twitterverse. App is easy to use. I would recommend to others.,1
The Twitter app is good if you like to spend time on twitter. You don't have be on the computer all the time if you have this app.,1
"I'm a huge twitter fan works great with my tablet no adds, I don't have any complaints about this app",1
"yeah this app is great! fast download, updated everyday but. some times it may have some flaws but its still an awesome app! Plus it's free! Buy it today!",1
"I never could understand what all the fuss was about, now I am addicted. This app keeps me in the loop wherever I am. Nothing beats Twitter for up to the minute news.",1
"Works well on the Kindle. Great interface and I have no complaints.The text is just the right size, not too big and not too small.",1
I like twitter.. I was just lookin for something a little different.. might download again is tweetcaster keeps acting up.,1
Full functionality in my KF and way better than going through the browser. A must have if you ever want to check your twitter.,1
I love Twitter. In today's world of technology this is a great app. I only started tweeting about a week or two ago so I downloaded the app to try. It's pretty great. It's easy to navigate through for a beginner. Definitely would recommend if you're on T,1
"I got this app for my kindle. I like to follow a lot of people, I don't tweet myself. It is very interesting to see what the different people are saying. It works great on the kindle.",1
"Now I'm mobile with my Kindle Fire app for twitter, how cool is that? I can tweet from my android or from the kindle now, can't be mad at that.",1
As all social networking sites this one does not disappoint. It's Twitter; what more is there to say really. Lol,1
"i have twitter to follow the news and that is about it, it doesnt have to be a social network it can me a filtered media network and i like that.",1
"I love this app! Not only because I can now follow my favorite actors or band, but because it lets you do a lot!",1
I see and keep up with everyone in twittercant complain about this product ...plus its free....if you want it get it its safe and good...,1
I love twitter but I need to know how to make a hash tag so tell me how @HRWharrison plz,1
I have had a lot of trouble with this version of Twitter perhaps I up loaded the wrong version. I can not post from my kindle and it is just confusing. I use Twitter on my computer on my computer with out problems. I think I will be deleting it and try a,0
I've used lots of different twitter apps on my iPhone. This one on my Kindle Fire HD 8.9" tablet really is the best. I find it so simple. It's much easier than using my browser on my desktop or laptop. This Kindle app works seamlessly.,1
"liked it ,it is interesting because it is instant . easy to use install ed easy no problems on my kindle",1
"I have had no issues with Twitter use on my kindle fire HD. Updates on my correspondences, flowers, tweets that have been favorited, and ease of maneuverability is fantastic. The application makes personalizing your Twitter page a breeze as well. Going b",1
"I like it because when I don't have my laptop at hand, I can still tweet about how my friends and I just saw the most funny movie ever!",1
"I love it. Last night on 'Dance Moms', it was a wonderful experience connecting with other people about the show and being able to express my feelings to the show and all the others watching and tweeting. A most have!",1
"I like this app. I'm able to go right to Twitter rather than logging in on the traditional website. Fast, easy, and convenient.",1
"This is definately an awesome app, It is very easy to use. I Love to use my kindle for twitter!",1
The app downloaded quickly and works as expected. I've had no issues with this app since installed. Very pleased with ease of use.,1
I have not yet learned how to use this app or ignore it either as it keeps coming up on my tablet when I don't ask for it. I may have to remove it soon as it does annoy me. The 5 stars are because it looks as if it will work well for some folks.,1
My Gawd what a bunch of krapp! Millions of morons bitching at millions of other morons. I couldn't get away fast enough.....,0
"hard to access at busy times of the day. hard to navigate pages, many enjoyed features not available...ie pdq. The days the paper is delivered it is confusing and difficult to find stories and puzzles",0
"I'm glad I've got an App for Tweeter. I used to tweet on my browser. Now, Tweeter is just a tap away. Go get it, Kindle lovers!",1
"If I could rate this 10, I would! It's great, my friends had one and I wanted one too, it's great. You can even import your followers and the people you follow to your contacts!!!",1

Great little app. Perfect for checking on my twitter updates and info. Works really well. No problems. Highly recommended cool app.,1
i love it and it is easier so you do not have to use a computer to use twitter at all,1
"This is perfect and easy to use, it's just like your pc, but on your device nomajor difference. This is just easier to use I love this.",1
Works perfect! Just like having it on your phone. It is easy to access and easy to use! Very helpful.,1
when I try to vet into twitter is always says that the username ir password is incorrect. so I try to fix it and it doesn't work. and when I think it is going to work it loads forever. PLEASE FIX IT,0
"Nice app for the novice user. I don't know all there is to know about twitter, but it works for everything I need it for.",1
"it Keep sending me Emails, Wont connect right, Dumb, and other things. 1 Reason why not to purchase is because Freezes and Crashes on My Kindle fire.#1 Amazon Customer",0
Can't do without it--- Me and my Peeps are always tweeting about something or other or just keeping up with the Kardashians,1
"It works like a charm, just like the other Twitter apps which we weren't expecting since some of the Kindle apps are full bugs. Pleasantly surprised.",1
It's a little different format from the one used in iOS. I actually prefer this one over the iOS version. It just feels cleaner and faster. I can easily navigate between sections and it doesn't take much time at all to load new tweets.,1
get it get it get it if u have a twitter it is awesome and it works great I think everyone that has a kindle should get one!!.,1
works great,1
Love this and have used alot. I'm able to sit on the couch and read & write about current events.,1
@namesping. New to it but learning. I would have never used it but entered a contest on The Ellen show with it and won so guess what. I use Twitter now.,1
This service is for people with egos so large that they feel the need to make every thought and action public and the people who love them.,0
love this app its better then fb anyway so everyone take this advice its foshow with a warrenty and love lol jk,1
Probably great but I am already following too many people and have even picked up a few followers. Now if I could figure out how to really use Twitter in my daily life (other than following ISS crews and that sort of thing) it might prove useful. I got,1
This app works really well for the kindle fire hd 8.9 inch tablet :) i love to tweet bout a new book while i read,1
This is easy to use. Easy to update with just a tug on the screen. I prefer to use it over the one in my browser.,1
Twitter is fabulous. How are people even allowed to rate this? Everyone knows that its a good app. I was happy I was able to get it on my kindle.,1
Interesting way to follow people you respect and know.Easy way to stay in touch with people's activities and thoughts.,1
doesn't everyone like to tweet and check what everyone else is tweeting? I don't like it as much as Face book but it's fun,1
Amazon is a company that still remembers what customer service is and also that the customer is always right. I've done plenty of business with Amazon and it's always a positive experience. A few times I've run into a glitch and contacted customer servi,1
"i dont know what has happened to society with this social media crap, stay private people and dont get this",0
I love seeing twitter in such a great app! i love on my kindle fire how on the app the bird looks so clean!,1
It is everything it was advertised it to be. An app for Twitter. It hasn't froze once. And for me that is a big deal.,1
"I use it all the time, but you must choose your friends wisely, then again you must do that everywhere. If your friends are letting you know every time they brush their teeth, you've got the wrong damned friends! The inane and insane should be left alone",1
"Okay, so if you wanna follow a celebrity or comedian, or anyone, you need this app to see their tweets.Don't you hate it when a celeb pays someone to tweet for them?",1
Good app... recommended to all... Downloaded app to personal cell phone as well.Twitter twitter twitter twitter Twitter twitter twitter twitterWill use again,0
if i could give it 4 and half stars i would but the only problem with this is that it could run.a.little bit faster,1
"I love Twitter, use it all the time, it runs fine on my new Kindle. Still working out the kinks of the keyboard mode on my new Kindle, but other than that, Twitter runs great on it.",1
Just like the Twitter I use on the laptop. Works fine and I can easily see what I want and get to where I want easily.,1
"Like Facebook, Twitter is a great way to keep in touch with everyone who is important to you. I want it on all my computers, tablets and smartphones.",1

"Again, don't know why I need to rate this product as it is a free download and not coming from Amazon. Hmmm oh well, I highly recommend this product if you have a twitter account and into on line social media conversations.",1

What can I say it coincides with everything else in my life and social media. Works well with the tablet and responses are immediate.,1

I have never had a problem with this app on my tablet. Great for tweeting while I am in my bed watching my favorite shows.,1

This app is great. I love that it connects you fast and you can start tweeting fast. Load it you will love it.,1

"Love the Twitter. Love following all those fabulous people. Such a great medium for social media. This download has worked great, and no bugs that I've found.",1

I'm surprised this had three stars... it's indispensable for Twitter users - even power users like myself. Still has some bugs but generally pretty good quality.,1

This app I love word well with kindle fire. It is a good way to keep up. Is easy to use,1

"I use this more than the website because it's easier to scroll through the feed than on my computer. The feed stays where I left it, and since I follow a lot of people, it's very helpful in keeping track of what I've seen. This app is also fully functional,1

easy to access. Excellent App. Easy to use and access is rapid. Links are supported with no problem. One of the best apps to date.,1

If you use Twitter than you almost have to get it for any mobile device you own. It's nice to have a front row seat into the lives of people you may never get to meet.,1

works great and i have encountered NO problems. i only wish i would have gotten this app sooner; that's my regret.,1

The twitter app work great on all my devices.I can say honestly I would recommend this app to anyone that uses Twitter.,1

"Everyone uses Twitter, so here is where I got to experience it. I had tried to use twitter on my other computers, but this app is so easy. Makes you want to tweet all the time.",1

"I know people have a lot of different preferences when it comes to Twitter apps, but I feel this app works the best. The interface is clean, and it's easy to use. Never had any issues on my 1st Gen Fire.",1

"It looked like it could be fun, but when the app comes with so many intrusions into everything on the tablet I think it is a bit much. Of course, I knew FaceBook was an information gathering tool for the gov long before Snowden said so and no I don't care",0

"I love this program. I have it on my computer and iPod, and now on my Kindle. Love it Love It",1

"This is a great way to stay in touch with your friends as well follow your favorite stars, businesses, etc.",1

"I like reading my tweets on my kindle fire, I read more than I write them myself. It is fun to read my favorite celebrities tweets! Sometimes I reply to their tweets, but I usually don't create too many of my own. I don't really desire to have lots of",1

I have been a Twitter fan for quite a few years & this app is great to keep up with my contacts & keep tweeting,1

It's twitter what more can I say?!Great app works perfect I can't complain!I love this app and I would recommend it!,1

I haven't really tried it yet but I'm sure I'll enjoy it that is why I'm giving it this rating,1

Who doesn't love twitter? (: Works pretty nicely and I love twitter. I haven't had a problem with it at all.,1

Does exactly what i want it to do which is take me to twitter so that I can check it,1

love this app. it works great on my kindle fire hd. much better then checking my twitter on my phone. a must have it you use twitter,1

"I am definitely tweeting more since I downloaded this app!! That's saying something because I thought Twitter was ridiculous now I m tweeting away. Chirp, chirp.",1

I don't really use Twitter but my nieces really like to use it so for that reason I will give it 1 star!,0

I have a few people I like and I follow them and enjoy reading what's going on in their world sometimes.,1

but generally a waste of time. I find little of relevance to my daily life and I'm discerning in who/what I follow. Bothered by intrusions from those in whom I have NO interest.,0

I like twitter and this app is easy to use and helpful. Easy to keep up with things in life,1

Have no complaints with this application so far. This is the social media I prefer to use so I am hoping the smooth operating continues.,1

Works wonderfully. It is way better than any other Twitter app I've seen to date. It's smooth and easy to use. Love it.,1

"It's twitter. It does what it's supposed to, and it does it surprisingly well. the new updates were a little buggy, but it works",1

Love this app and its very easy to use. Pretty much self explanatory and the coolest part is I have actually gotten several responses from real celebrities from official accounts!,1

"Makes it even easier to get up and check my twitter. I haven't checked twitter in a little while since #TWD is done right now, but I know I can check it anytime I want now.",1

No idea how to interact with this. I read the posts of a few famous people but that is all.,0

heyo dis site iz so awsome cuz u can lik follow peep1 and wen they tweet or post a message it goes rite on your page and u can send tweets to celebrities and its just a lot of fun!,1
I am new to Twitter. I don't know how to use the features yet. I like reading the tweets. Time will tell.,1
"The twitter app is just as good as any facebook, fantasy football, pinterest, email, etc. apps. You can do whatever you need to for your twitter account, updates, and followings.",1
"I dont know how anyone can not like this site lol I use it on my laptop, kindle and my cell phone. Love it!!",1
I like the quick responses that reflects back in minutes and the great conversation with people from all over the world.,1
I love it!!! I tweet alot and it always works. It's like I'm on my computer because has all the features!,1
"I'm just not into Twitter, so I deleted it. I already spend too much time with Facebook! Maybe I'll use it later?!",0
I could never sign in after I set up my account and posted my first tweet. It kept sending me to the browser to sign in because it said that my account was suspended. I tried to sign in in the browser but the security words that it wants you to type in,0
I read it everyday and have no problem with it at all. But haven't read any for awhile due to lack of time but will resume it soon. But it is really great to have it on Kindle Fire and easier than iPhone which is much smaller and sometimes hard to read,1
"This app is great. You get to share your news with people, without the intrusive privacy invasions that facebook has recently become. A+ app.",1
This is a well-built app - they anticipated how best to get news and tweets out on the fly. And it's easy to use!,1
I love twitter I have met many new bands and have met many new directioners a I get updates on yours and just about everything,1
Love to use this app. 140 characters or less to state your option. Good to talk about many issues from Breakfast to Immigration. Can even use it ti share pictures of your food.,1
Twitter good ole Twitter it's got everything it's just Twitter on your kindle you get what you expect. If you like Twitter get this app,1
"Twitter is awesome and it works especially great on the kindle fire. I'm on it all the time & sometimes it freezes up but I think that's just my Kindle, not the app. I say get it!!!!",1
this app does not work well for me. It can barley function and when ever I press on one thing- it does the opposite. honestly I do not think you should get this app.,0
"I'm using this to save all of my dates. I always have my Kindle with me, so it's readily available. I like that I can just write with my finger or an electronic stylus rather than typing with the little pop-up qwerty. Less typo's and auto-corrects that w",1
This app helps me when I cannot find a pen...I can just jot down it on here and transfer to my calendar when I get home!!,1
I love this app. IT the easiest calendar to use. thank you. ICan easily check it everyday and not miss anymore appointments.,1
Well I was optimistic but I really like it. You can write notes and make it your own. All you have to do is swipe to your right to go to the next month and swipe up to go to the next year over all I love it. they could add more Colors but it's a good app,1
"I have never been the kinda of guy that really ever needed an organizer. But I started using this app and I like it.All you have to do is click on a day, then add your event. You just write the event with your finger. You can choose different colors f",1
"I was looking for a simple calendar, not this. I deleted it because I didn't like how complicated it seemed.",0
"Oh, dear, this is the second calendar app I have tried and I can't figure this one out either. Nothing seems to happen despite my attempts.",0
you wake up and have your day's plan at the tip of your fingers. You will find this app at as a very good planner.,1
I like this app but too much porn ads.I'm a child knowing about porn .it said porn on the ad.,1
This app is pretty much as basic as it gets. I downloaded it for my fire. You can add memos but not much else. I'll keep it until I find one with better functionality.,0
It's not easy to since with email. I would like to use it but since it will not since with my email I can't.,0
"i have been searching for a plain calendar app for free and not one was good. this one is perfect, and simple for my kindle fire.",1
Have several and like them all for various reasons and they are so handy to have right at your fingertips.,1
This app is awesome. It helps me soo much for my daily planning and memos. It helps me get really organized! I would recommend this app. You should get it. I hope my review helped. :),1
This was confusing to use and I simply deleted it rather than fight with it. Often it wouldn't load at all.,0
I like this calendar app. It is easy to use with the keyboard or handwriting. Great app to have handy.,1
"This program works excellent on my Kindle Fire, and ""syncs"" nicely with my Google Calendar.

Don't waste your time on the free ones!",1
too hard to use. it was fun to play with but I need to get the business done when shopping,0
After I figured how to use it with the icons and reminders it was great. Its the only calender I use now.,1
"I thought this app would be great, but heck no!!! its so cofuzing and you cant type anything, I wouldn't ever tell a friend about this!!!:(disappointing",0
"It was free. What more can I say, there are others that are much better. Needless to say I use another calender now.",0
Installed and uninstalled. Needs a lot of work and fixs. Hope the developer will take the time to improve on a good base of a program.,0
This is a great app to become more organized. It was really a huge help during high school soccer season and will be more helpful during cheer season! YaY!!!,1
I like this app a lot and its free. I like to jot down notes sometime to remind to do stuff. It works well with my stylus pen and Kindle Fire. I would recommend this app to others.,1
"I downloaded this calendar to my Kindle Fire. You use your finger to write memos to the calendar after touching the applicable date on the calendar. To go to the next month, slide your finger across the screen. However, I could not find a way to type a d",0
Hated it downloaded because its free deleted it just as fast dont waste your time there are better apps out there.,0
Ads aren't too bad. That quick finger note is not very accurate but works well. Nice quick finger note. Short learning curve - but you need to test.,1
never buy another ringtone again! this app uses the songs already on your phone to allow you to make a custom ringtone from any part of any song. i always hate how the ringtones you buy cut off at weird spots or they never have the best part of the song.,1
This music maker is very simple to work. You just need music on smart phone or maybe any cell phone and it will make a ringtone a couple of simple move.,1
That was total junk. Never even ended up using it and I sure wouldn't recommend it. Nothing but a waste of time for me.,0
"You can click on any music in your music file on your SD carrd, and pull it into the ringtone maker program. Cut it where you want and then save it as your main ringtone or attach it as the ringtone for a friend. Perfect!",1
Lots of fun making my own ringtones from favorite songs that I have downloaded to my new Galaxy II S. Not hard figuring out the controls. I esp. like being able to clip any part of a song and choosing how many seconds it runs for. You can be very precise,1
I first tried mp3 cutter and ringtone maker!! and was unable to make a single ringtone because it continuously crashed. Then I tried Ringtone Maker and it worked perfectly. It is very easy to use and very fun making and assigning ringtones. LG Optimus G ,1
Best ringtone creator/assigner I've managed to find yet. Does almost everything I need it to. Assigning individual txt tones would be nice...,1
"Why would this app need permission to access protected storage areas of memory, read and modify contacts, check network connections. Way too much access for a simple utility program, no way I'm installing this app.",0
"I don't know if it was me or the app, but lets just say for posterity's sake, it's not you its me.",0
"I really like this app Like many apps, it will not let you choose the directory or what you want to do with it. If it is in the alert directory, then it must be an alert right?So, it works well and I have had a lot of fun with it. Would love to be abl",1
"This the best ringtone maker/ editor on Android.Easy functions for cutting /saving/ assigning your preffered tone.Did i mention it is free?.Works with Samsung Galaxy S2 and Ramos w12 tablet.Also tones can be shared by email,bluetooth ,gmail,facebook,etc",1
"I recorded and made personalized ringtones in SECONDS for all my individual idiot coworkers. A shotgun blast for one, Wilhelm Scream for another....LOVE THIS APP!!!",1
"For some reason, only about 1/4 of my songs on my SD card actually show up in the search. I also wasn't able to get it to make one I did find into a ringtone. It did the preview, but never saved it as a ringtone. I have an LG spectrum. It did work for so",0
"I love this easy to use app that helps you customize your ring tone. I get frustrated when I really like a song, and there is a long musical intro at the beginning of the song. Traditionally on most phones you have to use the ring tone from the beginnin",1
"This app is absolutely fantastic. The app does exactly what I want it to do without any lagging or crashing. Honestly I thought this was going to be another piece of junk, but it works perfectly. I really didn't like the notifications my Kindle Fire came",1
"There's always a question of function when related to the Kindle Fire HD. I was pleased to find there are no issues here. This application delivers what it claims. There doesn't seem to be any bugs as I've ran it. It does sport ads, but they're tolerable",1
I have a lot of fun creating my ringtones from music on my phone with this app. I can make my ringtone as long or short as I want. I can pick just a chorus or verse from a song or a spot in a classical music sequence. Love this app,1
Really easy to use and understand. Doesn't take a brainiac to make your own ringtones out of any downloaded music. Quick too.,1

"Knowing that I have a phone that cannot register multiple touches that well (and most other ringtone maker apps rely on it), I love it to death. Does exactly what it says and does it well. Keep up the great work!",1

I got this so that I could use my music on my sd card for alarms and ringtones on new phone. It didn't work for me. No instructions and I couldn't get my rings off file. Glad it was free.,0

This app is easy and fun...make clips of music so that its the part of the song that you want by dragging the bars...simple and fun.,1

So so so easy to use to make your own ringtones or other notifications. Once I got started I ended up making more ringtones than I needed just because it was so fun to use my own music and clip out the snippets I wanted.,1

"Start and stop your ringtone melody wherever you want, then save it. Magnifying the waveform helps pinpoint the exact place you want at the beginning and end. Other reviewers give more details, so I'll just add that I like this app and give it 5 stars.",1

Love this app w what ever song you have on your phone it will tack and you tell it where you want your ringer to start and stop in the song I have get this for 2 phones and would g stir agin,1

This is by far the best app I have downloaded yet. It says what it does and it performs great. It is easy to operate and best of all you can make any sound file your ringtone and edit any song to exactly the ringtone you want!,1

I love that I can take any song and choose any part of the song to cut for my ringtone. You simply play the song of your choice thru this app and take the bars on either side and slide them to what you want to be the beginning and end of your ring tone. ,1

dumb...pointless...and the girls arent even hot. just sticks and bones...at least it was free.(word limit word limit word limit word limit word limit),0

Love it this is a really fun app a good time killer! The ladies are good looking! Blah blah blah blah blah blah blahblah blah blah blah,1

Junk. Doesn't let you see the image but a second. Gameplay of ok though. Image updates would be nice too.,0

Trap balls in a box and reveal the pic beneath. I have played a lot of versions of this game going back to the late 80's and love them. Glad to see the classics don't die. The sexy pics are a plus.,1

"To the idiot that can't read and thought this was a golf game and then gave the app a 1 star because of your failure to read. Pay attention to app descriptions before you download, or don't leave feedback!!",1

Works perfectly on my DroidX. Used it on my local course which was listed on the courses available (that surprised my a little).,1

I've had this app for over a year at this version. Their web site says they are at version 1.8 (or 2.0..... Hard to tell). I sent an inquiry asking how to upgrade and they told me to buy it from the play store since they can't update it on Amazon. How's ,0

"I've used this app mainly for distances to greens as well as some stats (driving distances, etc.) It is accurate and i was able to get through an entire 18 holes without draining the battery. Most people I've talked to that use a smartphone GPS app for g",1

"I live in Peoria, il and there are no courses available in the area. This is a major city and for the app to have no courses available without mapping them yourself is ridiculous. If the devs are charging for this, they really need to be adding some ma",0

I don't play golf but there is always a chance I'll take it up some day. Its nice to know that I'll have an app waiting for me when the time comes.Some actual useful review information: it installed and runs fine on my Moto Defy (Android 2.1). UI looks e,1

"Worked on the course next to the house. Found out I was 167 yards from the pin. Pointless to use if your not a golfer, but the app works great if you are.",1

"Been wanting to try this still for a while. I have not played a round of golf with it yet but the features and layout look good.I usually use free caddie pro which seems to have more features, but it also costs ten bucks. This app is a steal at the pric",1

"Don't bother even downloading unless you're a golfer. It does nothing useful off the course. That being said, I can't wait to try this nifty little app out next time I get time to play a few holes!",1

Actually bought this from Google market expecting it to be better than Free Caddie. Almost no courses in Michigan have I found. Stunning considering the number of golf courses per acre here. The web interface to map your own is horrible. It won't use you,0

Im not going to do your job and map it all for you im sure the price will go up as we do the leg work filling all your maps.It was a nice try getting it as a one day free app get a lot of people out there on a nice day walking the course so you can get p,0

I can't believe this is a paid app.. This basically google searches local directions to golf clubs... This app sucks hard.. Shame on you whoever made this!,0

"To those IDIOTS who rate this poorly because they "thought it was a game" ... if you are too stupid to read the description then you should be blocked from reviewing. Rate based on the apps performance, not your mistakes.",1

"I was fortunate to grab this app with Amazon's FREE app of the day. I have used Sky Droid Golf GPS for five rounds of golf so far. Each round, I compared each holes readings to my Sonocaddie V100 Golf GPS unit, all the reading are spot on accurate. Sky D",1

"I use this app on my Kindle to keep myself well informed and up to date on the Security , Microsoft and Internet Media news pages on Cnet.com. If you real like the site cnet.com, then I would recommend this app on any cell phone or tablet",1

"I have installed this app on both my Ipad, Iphone and Kindle Fire. If you want to keep abreast of what is happening in the technical world this is a must have. The news is up-to-date and will list the current reviews. There is a variety of news on all ",1

Info is up to the second current with all the latest geeky stuff. I tend to rely on it exclusively for information regarding use and suitability of current electronics/net/entertainment. Followed their reccos to get my HTC-One which is really a superio,1

THIS IS A GOOD APP IF YOU WANT TO KEEP UP WITH CNET. SMOOTH AND HASNT CRASHED (YET) LOL. RECOMMENDED.,1

I use this app occasionally but only with occasional results. More often than not it takes an eternity to load and is very sluggish once it does.,0

"CNET News has allot of great news and great articles now compared to when it first came out. Tested at 100%, and after I got started reading, I couldn't stop to do the new review. Allot of Tech and News with many things to choose on the sliding menu. CNE",1

When you are trying to learn that piece of info that will help you to spend money on any electronic gadget Cnet is the site to go to read reviews and get that info you need. I do not read only cnet but the people that give reviews are pretty helpful and ,1

Installed this app on my kindle fire hdx and it runs so slow and takes way to long to load content. It doesn't always play video.The app runs much better on my Nexus 7 first gen that has lower specs. Please fix!,0

Cnet is a trusted site for product reviews if your going to make a purchase and you need to find the best model or brand for the price.,1

"I read C|net daily. App works great. I find lots of great reviews and recommendations on C|net. If you like tech, you need this app.",1

When it comes to staying on top of trends and product reviews I go to CNet first and foremost enjoy.!!,1

Cnet been around for some time now and it owned by Discover CBS. You'll get all the up to date in the tech world from some of the best tech personality's in the industry of tech.,1

Figures competing from a sub par review cite we get a bad app. Poor design and most times ads make the app impossible to view. Deleting. The verge is much better to go to anyway.,0

The CNET news app is a must have for those who wish to keep up with everything happening in the high tech world. I have to monitor my time spent with this app as it's easy to blow 20 minutes reading the articles.EXCELLENT PRODUCT!,1

CNET is my go to site for reviews of electronics I:m considering for purchase. Very detailed reviews and good information.,1

"I am also a tech info nut, i love to see what is coming and this Cnet app helps to keep me updated. You can watch videos and read articles about tech (of course) The videos work very well and you can choose the quality to watch them in. It is just so inf",1

Since I am home disabled I still try to stay informed in the IT community that I worked in for 13 years and CNET offers me that opportunity. It has product reviews and current news what more can a geek ask for.,1

"Great App for checking reviews of all manner of products, It is just one more tool in the chest to help evaluate the many products that are on the market and on line where you don't have hands on experience.",1

Good app and well made.,1

"A good go to resource with currnt apps, etc. described in detail. The down side is Goole's strangle-hold on apps distribution through them.",1

I am a big fan of CNET. I like how they review pretty much anything in the tech world. They have very trustworthy reviews. Now I can access all that information off of my Kindle Fire!,1

"i really feel sorry for those of you who gave a low rating because it is too hard.It's a fun concept, and it works. Those who like World of Goo will like this i think.edit: Just wanted to update. I downloaded this game, and found it to be a wonderful w",1

"Application (amazon app?) forced close while trying to install in samsung galaxy s phone. Amazon, you need to be sure you app will work. Disappointed.",0

Add speed control or frame by frame fwd/backwd or pause/go so we can closely see/pinpoint stress and failure sequence. Provide more creative twists to game. Absolutely love it.,1

Great game. It doesn't stay easy for long and it works great on my tablet. Can't wait to see all the levels. Would recommend to friends.,1

"game was poorly designed and executed. The interface was horrible because you have to point where you want to build, but the problem is that your finger is in the way. I spent half the time correcting errors in placement. There was an option to use a cur",0

"Sadly, it force crashes before I even get a chance to do much of anything. Using gTablet with stock OS.And now I have to type some nonsense because my review was as quick as the game play on my Droid.",0

"For me this game thankfully picked up where Spaghetti Marshmallow dropped the ball a few months ago (when Spaghetti Marshmallow, previously one of the best android games, stopped updating). I

love this game! It's so challenging... Though hinged concrete ",1
"Excellent game. The physics are a bit dubious, but seem a reasonable approximation. Some of the solutions remind me of the wonky third world bridges I've seen. And as a bridge builder myself, I find I have to throw out a lot of "tried and true",1
"A simple enough concept, build a bridge across a chasm. Except you're never given quite enough girders to make an obviously safe bridge, so you have to improvise and cut corners. Sometimes the bridge holds up and the train passes safely. Sometimes the",1
"I have been playing this game all weekend, and I think it's great. It gets very challenging and really makes you think about how to not kill these people in the trains lol",1
I feel badly I've derailed so many trains trying to learn how to build bridges lol Seriously having a good time with this one.. thanks for making me think!,1
"Love everything about it. Challenging, fun, and an excellent way to shrug off bouts of boredom. New graphics are wonderfully whimsical and compliment the gameplay nicely. Overall a worthy buy for anyone who enjoys these types of building games.",1
"This game is original and very challenging. I wish the tutorial was a little more thorough, but I suppose that would make it too easy.",1
"The game is extremely fun and challenging, I have been stuck awhile. I do have an issue with it force closing when I try to open it once in awhile though. It shows promise!",1
"I got the game from the Android Market, but I wanted to review it on here anyways just to support a great game. This game makes you think out what you have to do, has great and colorful animations, and, this is my favorite, give you a giggle or two every",1
"Runs very slow on Evo, and has issues in game. It likes to get stuck at the tutorial and the only way out is to close the game and start it up again. After that it works ok.",0
"Ignore the angry 2 star review. This game is great! I originally got this from the android market, but I wanted to review here too. Great concept (not like world of goo) and executed well. Used the free version but upgraded to paid.",1
I got this game when it was free so haha suckers. anyway this game is very detailed and extremely fun to play and actually takes quite a bit of thought to complete,1
"goo ever looking like a train. Either way, this is a fun & challenging game. I'm only on level 4 and it really makes you think about all the details and analyze everything.",1
This reminds me of a bridge builder game that I had with my students. I recommend this game for anyone who likes structural engineering. Good that it also the free app of the day.,1
this game is first of all hard to use and the pieces never go where you want. secondly you can't beat the levels with properly engineered structures but must rely on a hodgepodge of webs and strange constructions. uninstalled. samsung galaxy x,0
"Great physics game that has developer support. Updates are released often including new materials, higher difficulties, and sandbox mode. The only downside is that it's a little light on levels.",1
"I've had this game on my tablet for a while, but never got around to downloading it to my phone until I noticed it was the App of the Day. I have to say this is a really great physics based game. I really enjoy building the bridges...but honestly, what I",1
THIS GAME IS SO FUN AND ADDICTING I would recommend getting this game now if you don't then you are missing out on a lot of fun.,1
"Loved the free version and wanted the paid version, and now thanks to amazon, I finally have it. Gonna be wasting a lot of time on this.",1
I love X Construction it is a challenging game that takes the time away \$1.49 is a good price because you also get the sandbox levels.,1
"X Construction is extremely addictive. It does a good job simulating stress. Most solutions are possible in the real world, but some break and still work. Like I said, you have no idea how many hundreds of hours you will spend on it!",1
"I tried this game when it was free and a few times after updates and I must say this game has the worst physics I have ever seen. You are REQUIRED to use the set up focal points marked in white for every level. You cannot make your own. If you try to, t",0
Runs so smooth on my evo 4g. Makes you think about what really goes on in bridge building! Ha. Love the sound effects.,1
I like the game. the physics are completely off but that makes it very challenging. you'll spend a lot of trying to find the right combination.,1
"This game is a lot of fun. I highly recommend it. Try out the free version first, but the pro adds much functionality. runs pretty smoothly on my DInc",1
"What's worse, now that I've uninstalled it, Amazon won't remove it from my list, a constant reminder that I should never have downloaded this app.",0
"Runs flawlessly on my MT3GS running CM7. Great app of the day choice, but knowing what I know now, I would pay the \$1.49 the dev asks. It looks like this app would provide a great repeat challenge as you try to top your personal bests. The sound effects r",1
Very fun and challenging game. The new levels and unlimited playground modes are well worth the upgrade. Dev is responsive to suggestions as proof by the added construction materials.,1
Had the free version from android market and loved it. Now I get the full version for free. Very addicting and fun. Love the screaming passengers when bridge fails.,1
gets hard later and need more levels but it will keep u entertained for hours and I have to make

this 25 words so it will let me post it that six on amazon part,1
"Played the first level, then locked up, time to hit the delete button. Really need to correct this, then send me an update.",0
This game brings out the creativity in you. it makes you think more and helps in critical thinking. you will realize that a lot of time already passed by,1
"I have a kindle fire, and this game still doesn't work. It is also extremely difficult to play. I can't get passed level two, and I am pretty good at most games. It is very glitchy, and I highly recommend NOT GETTING IT!!!!!! I uninstalled after I quit lev",0
I hate this game with a passion. It is impossible to complete the second level. I spent an hour trying to do it and then gave it to my friends to try. It needs to be easier!,0
"There was an old game called Bridge It that started it all. They have even remade it for PC in 3D now. Others took off different routes like World of Goo, etc. It is always good to find someone continuing the tradition, and this one did pretty well fo",1
I was pleasantly surprised by this game; the puzzles are fun and make you think and the graphics and music are really nice. Recommended for those who enjoy realxing puzzle games!,1
i do not remember playing this game but that is ok i guess. here is a review to get this s***e off my feed stuffs,0
"Test device - Samsung EpicGameplay - Kind of like good old Snake, but you have to cover every square inch of the place, one block at a time. While you can take your time to plot your course out, time is being kept and can affect your score. If you need",1
gotta use your thinking skills on this one for a good score or the clock runs down and its a zero you can still play but its no score,1
very addicting and there are so many levels or puzzles. it is a great mind game. play often can be a challenge.,1
"I bought the game to get rid of the ads because this is one of those games that challenge your mind in a good way. The objective is to get from point A to point B by using every square once, you cannot cross your path twice. It's a good one to keep on ",1
"The infamous XDA Developers forums on your phone. The premium app differs from the free version by including access to legacy device forums and the ability to set your preference for going to either first, last or last read post(s). I highly recommend the",1
This app is a must have for XDA users! It has a matching theme that matches the XDA website. This app has tons of features and supports a great mobile development website!,1
This app allows me to easily follow development news for keeping my tablets up to date. XDA runs very smooth on my Sprint Galaxy Tab. I use it daily.,1
Still doesn't have the latest update. i was worried about amazon being able to keep up. its frustrating when the android market keeps reminding you of an update that you have to download here.,1
Makes more sense to buy tapatalk and have access to all your forums rather than getting this buggy piece of work and only being able to access their site.,0
If Amazon would update their apps as quickly as the market with Android does. Tired of the apps not being updated through Amazon,0
Good app. No problems to speak of and it can be fairly challenging. Music is peaceful and can be very relaxing.,1
Great little puzzle game. I saw another review that didn't care for the music but I love the soundtrack. It is running flawlessly on both my Droid X and Toshiba Thrive table.,1
"like the music, graphics & the whole concept of the game. Worth buying it definitely because is entertaining, but i got it as a faotd so thats awesome. Thanks!",1
Incredibly well done. Very brain straining and fascinating puzzle game. Many many levels and they just keep getting harder. New favorite.,1
love this game. fun and challenging. Music is relaxing and helps with the mood of the game. Flowers when you win is a cute touch.,1
I like the game. Graphic are all right. Pretty challenging at times. Definitely recommend this app to people who like puzzles. HTC Incredible MIUI.,1
"I'm so tired of trying to read reviews about an app, games, etc, and seeing reviews that have nothing to do with the product! For every good review, there are twenty tools that think it's the dev and rate it down. That's followed by more people rating u",1
"Test devices: Samsung Epic, Android 2.2 official Views on a Tablet, Brilliant Corners (Android 2.2) Gameplay - Kind of like good old Snake, but you have to cover every square inch of the place, one block at a time. While you can take your time to plot your ",1
Nicely done puzzle game. Makes you think. It reminds me of the palm pilot games I used to play. Works perfectly on my HTC Aria.,1
"This is one of my favorite games that I have downloaded from the Amazon App Store. It's nice looking, has great music and makes for a fun challenge.",1
"I love this game! Puzzle games are a funny thing...they can either be too easy or too hard, in which case you will lose interest quickly and delete it off your system. But sometimes puzzle games hit the mark just right, and BAM! you got an awesome game",1
"Really enjoyable casual game, with beautiful graphics and a nice soundtrack. Well worth the price... but even better for free!",1
Works great on Samsung Continuum and Asus Transformer. Easy yet fun. Even my toddler loves it.

Nice easy on the eyes graphics.,1

One word.. ..says it all.. ..InfeCCtious! HandyGames has created a great looking game that started challenging me right out of the gate. It plays and looks incredible on my Asus Transformer (10.1 tablet running Honeycomb 3.1). One of the features I enjoy,1

"The game is clearly a puzzle game and puzzle games rarely have a back story or lots of action. It's free, so find something new to complain about.The game is somewhat challenging. It's not overbearing and is a moderately decent time waster.The game funct",1

I loved this game. one of the few I have actually played all the way to the end before deleting.,1

At first it didn't seem like much but after awhile of playing the game its actually not bad and does get abit difficult...although it can get repetitive after long playing periods but none the less DOWNLOAD it,1

"This is one of those games that require you to think outside the box in order to solve its puzzles. It can get frustrating on some levels, just don't give up!! The graphics are decent and the sound is tolerable. But the replayability is one of the highest",1

"very good game. there are a ton of levels, and each one takes no more than two minutes, so great distraction that is always near a stopping point. simple concept that can make you think. smooth controls. well done",1

"I always love a good puzzle game and this one is pretty well done. The graphics are good and simple enough, music is good, and gameplay is exciting enough. Recommended",1

"I've played quite a few levels of InfeCCt, and I find it to be a pretty fun puzzle game.Some of the later levels can get pretty challenging, but they are never frustrating.Overall, a very enjoyable puzzle game for Android.",1

I have the free version of this game with ads and I like it very much. good puzzling wait time boredom buster... nice to have the ad free version... that's good riddance of those annoying ads... but yea... get this game... this is a quality app.,1

this seems to be the perfect game for when you're in the bathroom each level takes about 2 to 5 minutes and is a tremendous amount of fun. all of them are very creative and I feel excellent after figuring out how to solve it,1

"Infecc crashed my android. Had to call the phone company to see if they could help me and they could not save my phone from crashing, so had to wipe my phone clean!! Not a good app!",0

"I've really enjoyed playing this game. It makes you think and play ahead. I like that I can do each level over and over until I get it right, even if I don't get full points, because the point to me is to solve the puzzle.",1

This game is a fun puzzle game that gets more challenging as you go. Easy to use and understand. Great game,1

Fun puzzle game. If you like a game that requires thinking instead of killing everything on the screen you'll enjoy this game.,1

"The first person to truly say that they would not rate there own app(or have friends rate it) can then worry about whether or not the dev rated there game. And that stands across the board, great game nice graphics, solid gameplay, what more do you want ",1

"We don't all like the same kind of games. If you like apps that aren't too fast paced and/or frustrating, you'll probably like this. It's actually sort of soothing to play.The game plays well...no glitches, or freezes on my galaxy tab p-1000. I like it.",1

hours of entertainment... totally worth \$4... good graphics and good game play! can't wait to see what is next up.,1

this app does not work on the galaxy nexus. It freezes on the screen that has 2 panels. Please fix this.,0

"good game to get your brain working. this is my go to game when I have a few minutes to spare. I like that it has multiple profiles and saves you place when you exit. overall a fun, challenging game!",1

"The overall concept of the game seems simple - start at one point, draw a line connecting all squares to a logical endpoint. And it does have to be to a ""logical endpoint,"" which means a) the game doesn't have a big blinking arrow saying ""end line here!",1

The game is somewhat challenging. I'm still in the early stages and I know it will get more difficult. Most complain that they can't go back and improve their score once they know the solution. I'm glad you can't. If it's that big of a deal create a new ,1

"great bathroom game, if you gave it less than 3 stars, you obviously lack the mental capabilities to play games like this",1

Does not even load the main page. And that also shows that this is nothing more than a glorified bookmark. Pointless and broken.,0

This app is hard to read on the Kindle Fire HD. Tiny white on black text is unreadable! I sent them feedback; hopefully they will fix that in the future. I look forward to trying this program again. They need to allow us to change the background colors a,0

"Whoever made this app didn't even bother to check if it worked before putting it up on the appstore. They obviously don't care either. Just download the OTHER TMZ app. It is also free, and IT actually works!!REALLY AWFUL APP!!!",0

I fiound this less then useful for my android tablet. It may work with other devices but it's not for the tablet.,0

"First off, I love Adobe Connect. I teach online classes for a living and I think it is great. I have been jealous for months of students with iPads being able to sign into my connect classes from their tablets. Well, now I can do the same from my Android",1

"All the features of Adobe Connect on my laptop, but on a tablet. A great app for a great product.",1

I downloaded this app to my Kindle Fire and realized too late that the Fire already has it. I just hadn't turned it on. Bad purchase for me.,0

My little brother loves this app.all these talking tom haters are a bunch of bufoons.when I saw this app was free I downloaded it instantly.,1

I got this app as part of the appstores' free daily download. Normally the apps are amazing.. But it looks like Amazon has run out of good apps to giveaway. Not worth paying for unless you have a child you want to entertain with the phone and have really,0

"It's a talking cat, what more do you expect? This Talking Tom Cat is just a fun little app to play around with for the kids. It works great on my phone and makes me laugh.",1

"I got this thinking that it would be awesome and fun, but I was way off. You have to talk really loud for the cat to even hear you, and the actions are too minimal and kind of lame.",0

"Unfortunately one star is lowest I can give. What a waste of an app. No real value, not the slightest bit entertaining except to those who are 2 years old. With Amazon's special offer to get this for free in feel I spent too much.",0

They say it's a good app for children but it's not I let my son play it right they hacked it and asked him like where's your school where's your home and he told them our adress so they might be coming right now so watch your children playing this app.,0

Had this app last year when we went to Montana on AmTrak. Had a lot of fun with it when kids were around. Some haters on here just don't get it! Chill!!.,1

If talking to inadamint objects is your thing this app is for you. Slightly more entertaining than watching paint dry. How this app is so popular on market is beyond me.,0

My 5 year old love these apps. It does exactly what the review states. Obviously the people who gave this 1 star didn't read the review and don't have kids. You can also try out the free version to see whether or not you want to buy this app.,1

Spent a couple of hours with my Great Granddaughter playing with "Talking Tom:" love it!!!When I visit she looks forward to taling to "TOM".,1

Fun little app to play with. You can upload or save the videos you make. They also have other characters.,1

"Grandchild liked the free version so had to have the full version. there was just no reason not to get it, and now even my 8 month old grandbaby likes it. :)",1

"My six year old and her friends love this. The first words out of her mouth when we're leaving (and the next twenty) are, "can I have taking tom?" I've had to plug my phone in so she can keep playing. People, if you say that your kids love it, ",1

This game is so boring! I cannot believe people would sell this for 99¢. This isn't worth at all. So stupid! Total rip-off; DO NOT BUY(talking Tom is hazardous to your health LOL).,0

"love the app when it was free from google. this paid app only has tom, the google paid app had 3 different animals to choose from.",0

"People should stop being so anal when rating this app. Its a kids app, that's why kids love it, so If you think the app is stupid there is the reason, rate the app on what the little kids think, my little sisters love this app",1

All it does is repeat what you say to it with a different voice. You can also punch and slap the cat around. So if you have anger issues or you are 2yrs old then this app might be for you.Not hating on just this app. Any app like this one is just as bad.,0

"This is the cutest little guy. He mimics you and purrs, and a few other cute things. What a pet, no veterinary bills and no grocery bills. This little buddy is a great companion anytime.",1

Stupid. Don't waste you're time. This app is not worth a dime. Almost insulting that they charge for this garbage. Not even worth it for free.,0

makes me laugh. had been wondering about this app for a while. thanks Amazon . does what's stated. works well. can get annoying but it isn't a game that makes someone want to break their phone in frustration. good game to make kids laugh. sat and ,1

"Lighten up you old fogeys. It's something for kids, not rocket scientists. Calm down, breath and read the description. The application does what out promises, nothing more, nothing less. Wow...",1

"No wonder if was popular on iPhone, goes to prove the point that iPhones are popular among kids, soccer moms and celebutards. This app is for the under 5 crowd or mental equivalent. I'd be upset if I had paid for it.",0

"This is not going to engage an adult, but I don't think that's the design of this application. The reviews on Amazon were livid, enough so that I temporarily agreed in solidarity to not download such a terrible title on FAotD. However I remember seeing ",1

"it's not even remotely entertaining. it does very little and there's no variety. just the same lame thing over and over again. lame, lame, lame.",0

This app is good clean fun. love the copy cat feature. great fun for all ages. people that left negative reviews need to lighten up and live life a little.,1

works great on my droid x. very simple app. glad it was free today. it repeats what you say amd

does a few other things like fall fown when you punch him and purr when you pet him.,1
"This app us stupid. Piss poor graphics, no real entertainment value, takes up space that could be better utilized for other things, and that's just on the outside... Very limited on interactions with the "cat"; recording is spotty at best, and ",0
"This game is hours of fun for my 3 year old son. He loves this app! He's a big fan of hitting the cat, and the bird that bites him.",1
Stupid. Girls And boys hate This app. HE does not repeat whatI say. HE does nothing. If I could give This app less then 1 star I would. I hate Talking Tom.,0
"Before you rate this app, make sure to use it for a few weeks first. It has garnered many laughs from a lot of people, not including my children. The kids will love it! If you have kids under 10 years old they will get a big kick from it. I was lucky eno",1
"I don't think this app deserves all of the negative reviews it has received. It's a simple app that keeps my son entertained for quite a while. It would be nice to have a few more options of what the cat does, but it's still a fun little app.",1
It's hoot. Cat's Meow! Hours and hours of fun and entertainment! Amuse your friends and relatives and strangers too. A msut have to go along with talking puppy.,1
"This is a fun app, even got me to laugh a couple times. How can this have 4.5 stars in the market but only 2 here? Come on people, this app deserves more than that.",1
"This application will not install on my motorola Atrix for some reason. I tried to download it a few times, I even tried to clear up memory on the phone but I still get the same error. "this application did not install"",0
"At first, I thought this would be an app enjoyed most by a young audience. Much to my surprise, I am finding adults are having as much, if not more, fun with Tom's antics as children do. This app is fun for all and brings many a smile and quite a few chu",1
"If all this cat does is repeat back what you say to it, why would the app need read/write access to my SD card, phone records, have full internet access, and more?",0
"The 'My Talking Tom' game gives more to offer, and you always have something new to look forward to. This game gives nothing but a voice emulator that doesn't work unless your device has a recorder. In addition, the graphics are just freaky and unappeali",0
I don't see how punching a cat in the face is funny. I would never pay for this apps I just checked it out since it was free. only small children would find this app funny.,0
"According to some reviewers I don't know how to raise my kids because I let them have a little fun with this app. Damn, there goes my father of the year award! It really is only a 3 star app, but you know... 5 stars for justice.",1
"how is this such a popular application on android market and now a deal of the day on Amazon? I have gotten some great apps on amazons deal of the day and will certainly buy apps later from a number of those developers but this is just a waste of space, ",0
"Have had this for months. Kids love it. You get from this what you expect. It is a toy. There are some annoying bits, but there are in all apps. Oh, you can turn the violence off also, which is what we do.Lots of hate in these reviews. If you want real",1
"This takes up 16 megs of space and is not fun, has no point and is basically just a handful of repetitive animations. Avoid. An app this shoddy is probably just a Trojan for harvesting your Facebook data.",0
"I am an adult ? :-) Just find this funny and in this busy, crazy world we live in - I get away from it all and relax for the moment. Makes me smile. Maybe you have to be a cat lover but I don't think so. Can I say try it - you will like it. What have",1
"OMG!!!! You have got to get this app!! It is totally awesome and fun for children!! My 6 year old boy loves it! You can record messages and play them (ie: Happy Birthday) and the cat in his cute cartoon voice, says it back!! AWESOME! :)",1
I don't understand why anyone would buy this app. It's almost a waste of my phone's memory. Poke and speak to the cat which will repeat in an odd voice. Fun for 10 seconds.,0
"Anyone who thinks this is a pointless app obviously does not have a 4 year old. My son loves this and laughs hysterically at it. It gets old after awhile but is worth it while it lasts. Of all the talking-something apps, this one is the best. Large file ",1
And I can't stop laughing. Totally adorable and I can't get my phone back down everyone wants to play with it.To those who hate on this where is your sense of humor?,1
"the fart works, but it does not repeat anything i say. sucks real bad. deleted 5 minutes after downloading the free paid version.not worth it for free, so do not buy.",0
I really don't understand the point of this app. For something that costs money it should have a lot more functionality. There's a definite lack of creativity.,0
What's up with all the haters? Can't read the description and not download? All of the entitled snowflakes who want to complain about something meant for toddlers and then complain when it can't figure out einsteins theory.. Maybe you should be complain,1
"I dislike this app for kids due to the fact that Tom does some disgusting things - sure older kids love the fact that you can beat up the cat, but I find it inappropriate for my children.",0
"This is entertaining, lots of fun for the grandkids. They really like it. He is cute and funny. Love him.",1
"For a paid version, there are a lot of permissions that look like an ad-based version. And they are not explained. Free or not, this is a lose and uninstall. Now I just need Amazon to forget I

ever looked at this application.",0
This app is great fun! It's greatly entertaining and makes me laugh all the time. I give two thumbs up! AAAA!!!!+++++!!!!,1
Tom the Talking cat he is very cool my grandkids love playing with him and the things he can do,1
I didn't even bother to download this app because the reviews were so poor. Come on Amazon. I look forward to the free apps you're offering and now I have to wait another day for the next one which will hopefully not let me down like this one. Thanks.,0
"Many people are telling those how rate this app poorly to lighten up. But childish and immature attempts humor aside, the graphics on this are terrible. Its a 3d model prerendered to a series of videos that initiate when clicked.This method helps it run ",0
"No ads and although lacking in content, keeps the kids entertained. Given the amour of time this has been on the market, it not surprisingly works without lag or problems on my sgs vibrant.",1
"Talking Tom,Liked so much,I'm thinking of collecting all the "talkers". Really great when you need a little "pickup" on a down day.",1
"One of the first apps I dl for my phone! This app is awesome! No, I would not have made it a free app of the day but this is funny as heck! Stop ur hating! Talking Tom rules!",1
yes this app doesn't really worth a penny and I don't know why there is over 250k people downloaded it on android market. what is the point of having some more animation with this paid version?,0
My kids have loved Tom and many of his friends who have similar apps for months. I think a lot of the negative reviews are coming from people who are upset that the free app of the day is targeted towards little kids. It's not the app's fault that Amazon,1
not for me,0
"Why Don't you post what the update is for every app I have there's an update tab when it needs to be updated but it never says what the update is, why don't you put a tab on there to show what the update is",1
"I dont get it, one app i had dowload, requires this adobe air, but wess wat, it does not soported by the software of the kindle... i really dont understand, hope you have better expirience of this",0
"I have found it very annoying to find so many Android products likeAdobe AIRthat are not compatible with Kindle, even though the Kindle can run a large number of Android apps. It would be VERY helpful if you (Amazon) would take the time to CLEARLY state",0
Therefore I can't play any of the games that require it on my new tablet. I'll fix the rating when there's support updates.,0
Wont download. Not only that I cant get rid of that annoying Amazon icon at the top of the screen. I have tried just about everything to either download it or get rid of it including clearing the ram. It disappears then the next time I look its back a,0
"like i said, won't open. i wasted money on an app that needs this to work properly and it doesn't work.",0
"Most negative reviews are based of anti-flash, Steve job worshipping blogs. AIR allows developers to distribute their app on multiple devices such as Android, iOS, Desktop and TV. This not lazy but efficient development.",1
What can you say about Adobe Air except that it is required to view some things and I had to download it.,1
"Adobe Air is not really an app but, rather, an operating environment kinda like Flash or Java or a number of different requirements. It does what it is supposed to do: allow Air apps to operate on your Android. Cool!!",1
Works very well with Huawei Ascend II. Adobe is a well recognized name & always delivers top quality products that you can depend on. Very satisfied.,1
I just deleted this once I got it. Did not like it or understand it also. It is up to you to decide what you want to do with it.,0
"Why are people hating on Adobe? I'd like to see more use of AIR. It does it's job, just like JRE. iPhone users are just jealous...",1
I like adobe and have used it many times. It's good for so many of the apps you have installed. It loaded great for me and you definitely need it.,1
"I have this on my phone because other apps won't work without it... and why is *that* again? The app does nothing, on it's own, but consume valuable space.",0
I am uninstalling this app. Adobe wants to not support flash for Android 4.0. That is fine. I will not support Adobe. I have a un-rooted Motorola Xoom running Jelly Bean and the Samsung Galaxy S3 which is running ICS. I can't view any websites that have ,0
"in order to play some games and apps I had to download this add-on it works doesn't lock up my phone, and I guess it just does what it needs to do.",1
I have Adobe Air on my pc at home and my tablet. It has never crashed on me but keeps things running smooth.,1
"I have tried several times to install/reinstall this app on my Cruz T301 tablet...it will download, but will not install. Have used chat and verbal assistance with Amazon staffers to no avail. Was able to download some apps from Applanet that are not d",0
"Doesn't work. Keeps telling me, sorry the app store has closed. Tried u install and re-installed. Didn't work. But it is making the puzzle games i d/l it for, work.",0

As soon as I installed it on my phone all my other apps starting acting buggy. I'm not sure what this app does but I thought it would make my Flash dependent apps work better. No so! I uninstalled very quickly to restore the stableness of my phone.,0

This app would not function properly on my Ainol Novo 7 tablet with Android 4.01 (Ice Cream Sandwich). I know the ranking of this particular company's software would have made it nice to have been able to install. Time will get them there.,0

"I find this one of many applications that are needed to play and run your games and apps, both on my tablet and my computers.",1

"Take Note: If you own an LG Optimus V, this app will not install even if it says it is compatible on the product page. I was very disappointed. You would think this would have been ironed out by now.",0

The wife couldn't figure this out at first but it's an easy download (in my opinion) and was required to view her books. She loves it now.,1

"Unfortunately, this app is not compatible with the Kindle Fire. What's worse is that, instead of explaining why it is not compatible, you are not even able to view any system requirements that Adobe AIR needs to run. Also, the 3.5 Beta does not complete ",0

"any app that does not work on my phone gets a one star rating, make this app compatible with optimus. I hate apps that are incompatible with my phone",0

What company in their right mind wants to pay multiple times to have their apps developed on multiple native platforms. When they can write their sin Flex/Flash once and have them run on all the platforms. Let Adobe do the work of figuring out all the di,1

"JUST GOT THIS 2COMBINE WITH OTHER APP,BUT WAS PLEASANTLY SURPRISED WITH HOW GREAT IT WORKS! KEEP UP THE GREAT WORK!",1

"Makes apps that use it smaller and a faster download. I wish more apps used this, so my internal storage would be smaller!",1

"From what I understand, this is sort of an operating system. I had to install this before another Android app would work. I've not had any problems with it.",1

"I understand the benefits of developing apps with air from a developer's standpoint, but on a mobile device with limited space, it's ridiculous to require users to eat up extra storage so you can be lazy enough to not code a native version of your app.",0

"I did not order this item from here. I have no experience with it but I need to get it off my Reviews page so I'm writing this review. I don't know what this item does, but maybe I need it for my iPhone?",1

Be it flash or PDF or anything adobe this app brings it to your Android device. You need this so Get it,1

Does not work. Won't open. Have apps that say you have to have this app too but it does not work. If you require this for another app to work just delete the app.,0

"Hey All,Just a note that this app cannot install on a Velocity Micro T-301.Cheers!Dave Cooke",0

Will not load on my kindle hdx and it is required for one of the games I loaded. I cannot play a game I paid for due to this problem.,0

I cannot use this on my kindle fire. I purchased the New York times Crossword Puzzle and I can't use it as it requires adobe air and it won't work with my kindle fire. I am very disappointed.,0

"Had a lot of fun playing games with this app. It helped me with my games. Great, great, great app.",1

"As always Adobe works great, easy to use. Havent had any problems at all. Thanks .. What else can I say ?",1

I love this app it makes possible for two of my other apps to word flawlessly. Trouble without it. thanks.,1

ok i like adobe and i whont to get this for my kindle fire hd so amazon needs to get to it so i can get it,0

"Great app! Needed it to run my Flames Live wallpaper. It worked for that. Not sure what else it is helping, but it got the Flames going!",1

"If I understood this, I would probably give it a four. With some purchases, you need to be very cautious.",0

"performs beautifully on both my HTC Thunderbolt and Motorola Xoom. Adobe is consistently updating the framework to add features. It's one of the options that makes Android openness superior to Apple's closed, pay for everything system.",1

I utilize this icon on a constant basis. I would definitely be lost without it. It has proving to be very beneficial and useful at the same time. It have me to be able to processed and use things effectively.,1

Adobe AIR is a pain in the butt. A necessary evil sometimes. But not what I would like to have installed.,0

I have no use for it even though it says I do. What exactly does it do on Coby Tablet? I haven't been able to find out why it doesn't work. I will delete it very soon. Please find out how it helps the mobile equipment work.,0

"All you iSheep flash haters out there quit complaining about it burning battery life. Update your 1.0 install to the latest version that uses hardware acceleration, and battery life issues go away. Or you can sit around and complain about it (for anothe",1

I would recommend Adobe products as I find them to be most useful and do the things I need to

do.,1

"works very well, gives access to all sorts of stuff. I've used this on all my phones/tablets since it became available. there are many reasons not to buy inferior LG or other low end hardware, this is one of them.",1

Another bloated and insecure piece of software from Adobe. It's huge. The performance was lackluster. Fortunately I can remove this Post completely. I wish the same was true of Flash.,0
need this to play certain games and other systems. It works pretty good and takes no time to download for use.,1

would not down load so I did not like it at all it sucks a lot and i am out of words,0

"This uses Flash, which performs terribly, is insecure and chews through the batteries. It's only used by lazy developers anyway so send them a message by using native apps.",0

"all Adobe products have been great for me. as usual its works great. I have been an Adobe user sense its launch, best way to download and transfer large files.",1

"Don't bother if you're using Virgin Mobile's LG Optimus V, it will not install. Adobe seems lost, the app is a hefty 16mb but does not work on all Android smartphones. Brute force programming, obviously.",0

I couldn't use it on my android for some reason.... For some reason my android was so stubborn on what I could use on that stupid thing...,0

"I would not have bothered downloading this application, but it was required for an application I purchased with real money. I wouldn't be so bothered if I could recieve a refund or if their existed a work around that wouldn't void my warranty, but as it ",0

definately worth getting if you are into flash. you guys with cheap optimus v phones need to stop complaining that your phones cant do anything. rate the app... not your cheap throw away phones,1
Good for my Kindle Fire to view PDFs on them and hey its Adobe how could you go wrong! Didn't take up much space and a clean install.,1

"I don't use this app at all, but my grandson loves it and plays with it quite often. Was thinking about deleting but he plays with it too often.",1

"I downloaded this talking cat because it was a free app. Although silly, most people can't get enough of him. My 5 year old Granddaughter had fun with it for about a half hour, and people I work with get a great laugh when touching his tail for feet. Thi",1

When I downloaded this app all you could do is pet the cat and hit the cat it didn't do any of the other things it was meant to do.,0

Once again my grandson LOVES this one! He could not wait to show this one to his daddy! when my grandson laughs it is magical with this it is often!,1

"This is actually a hit with my kids. I bought tablets for my 10 year old son, 7 year old son, and 2 year old daughter for Christmas, and this is one of the things I pre-loaded prior to opening Christmas morning. It was adorable watching them play with it",1

I cast my vote for one of the most useless Apps for 2011! The quickest app that I have uninstalled from my device for being a waste of time downloading and space on my device. Did I mention this is a useless app? 1 star as there is nothing lower to gi,0

My boy friend downloaded this for the kids and all the kids do is slap the cat until his falls. qnd the noise gets so annoying geez!,0

"I downloaded this app so I could play with it with my young niece and nephew. Once I opened it, I quickly realized that in order to use the app, add-ons had to be purchase. Not cool.",0

This game is so cute and fun I love singing into it and playing. I also have found my cats love it when I meow into it and then he mocks it back. They will come running to where I am. Great idea! 5 stars. No flaws really for what it is.,1

I think this is so cute and perfect for stress relieve! It is adorable. Everyone loves playing with this and the voice is super sweet!,1

Ok I was putting my kindle next to the speaker of my Tv then Tom started to repeat what the characters in CHOWDER are saying,1

"But he can be a pain, I don't know who's schedule he is on but it is not mine. Really cute and fun to play with. Getting the points was kind of hard till I got someone to show me to press on everything and I do mean everything.",1

"this one kept my grandchildren ages 4, 2 and 1 entertained for about an hour and us all laughing when he talked back at us.",1

"I love knocking the cat down and making it say funny things, and recording them for later. I think you would like it too.",1

Fun & silly. Good when you need a laugh. Very cute and a good way to make someone laugh when they need a good laugh.,1

"This is the old version of Talking Tom! You need to put on all of the other talking friends apps on the Amazon App Store. For example Talking Tom 2, or Talking Been, or Tom & Been News. Thoes are my favorite apps on my mom's iPad, but I want them on my K",0

"This is a fun app for kids, if you want to hear them laugh from the bottom if their hummus, this is the app!",1

we love the cute graphics and the way it imitates.the next one w/ the iphone is even cuter - they go back and forth!!,1

My 5 and 3 year old kid loves this app. They love hearing Tom repeats everything they say and copy their laughs as they play with this app. It is a good time killer for the kids.,1

Had to buy the full version because my grand daughter loved this one so much. it's a must have here.,1

YOU WILL LOVE THIS APP. SO MUCH FUN YOU WILL LAUGH ALL DAY LONG. BIG FUN YOUNG AND OLD. BIG FUN.,1

my nephew downloaded this game He played around with it for a while but I felt the image a bit too weird to tolerate it. a cyber pet.. Hell no.,0

I got this for my 3& 1/2 yr old granddaughter and she absolutely LOVES it!!! She loves these types of things on the Kindle.,1

oh yeah--lot of fun creating your own messages to people and having to act out and record in his voice what you say. then email to friends for them to enjoy. a must have for tablet or mobile. hilarious what you can get this cat to do and say.,1

Got this for my grand son and what surprise when it began to talk . He had no idea that it would do that . Laughed and Laughed,1

"I just love this app..... puts a smile on your face because it is so crazy, my grandson just LOVES IT!!!!!!",1

Stupid game. Waste of time. Wish would never down loaded it. absolutely the worst I ever down loaded What were you thinking?,0

I can trust time more then I can trust any of my other friends. He does not ask to borrow money and not pay it back. He does not borrow things and not bring it back. Last but not least he won't talk shut about you behind your back,1

My youngest daughter absolutely loves this!!! Keeps her occupied for a really long time. It's funny listening to this and the kids will certainly be entertained.,1

"My great granddaughter learned to call her grandmother Me Maw , I kept repeating it to Tom and she would smile and say it after he did .",1

"A lot of laughs. I love his little face, so expressive. Kids love this app and it is free, a big plus!",1

"I afraid this product didn't work for me. I tried it multiple times, but ended up uninstalling it. I hope others have better luck!",0

"It seems that anytime I order an app online with Amazon, I never receive them in the cloud as promised. Talking Tom Cat is one of those apps. When I search for the app on my kindle, it is not available. Fortunately, it's free.",0

Talking tom is one of the highlight of my day and I love when whenever I say something he says it in a much higher pitch,1

It doesn't work but if it did it would still be dumb. Did not like at all don't buy !!!!!,0

"I bought this app, thinking it would be fun but really, it just makes u buy stuff to do "funner" things with Tom...",0

I got this app for my son who as soon has it on his iPod. Their actions are funny and cute!,1

"This will NOT work on a Kindle Fire! The Kindle Fire doesn't have a Microphone, therefore you can't talk to Tom, which means he can't repeat anything you say! It would have been nice if Amazon had mentioned that this game is only for Cellphones (with M",0

"This is definitely for pre-school age kids. It is so silly that I am sure the little folks will giggle. For anyone age seven and above, I think they will find it pure silliness. However it was free and easy to delete.",0

"This app is great for keeping your grandchildren entertained for short periods of time, especially when they are 2 years old.",1

Do not get this app. It is really bad for children! I showed this to my daughter thinking she would like this but later that night she told me that she was having nightmares about it! I would give it zero stars if I could because this ruined my poor daug,0

"my daughter loves this game it is alot of fun, and I enjoy it too! Thank you, it is funny as well.",1

Please get this game please it is a really good game(I got this for my kids I have 3 all 3 love it get it) if my picky kids like in so well yours.If you do like this game look for the other talking Tom apps,1

"It's a good thing that this app was free because I had zero guilt in removing it from my Kindle Fire HD. It froze and force closed from the get go and the voice creeped out my little girl (and me too, for that matter). Just weird and non-functional and ",0

I like to play with this app and my kids do to.Great fun for the price and hey I haven't deleted it so it must be good enough.,1

"i thought this would be fun, but i could not get him to do what the description said he would do, and it was just dumb.",0

"My children love this app, the kids interact with the cat. You can feed the cat milk, it purrs when petted, you can hit it on the head, and it falls over. The cat listens and mimics what you say, my children think it is hilarious.",1

"This is something we had to get. Saw it on my sister's ipad a few years ago, and luckily it works the same way on my son's new Kindle.",1

This game is a waste! I thought that it would be fun cause my friend has this app and it was so fun! But this game is not for any kindle! First of all....it does t even repeat what I say! And when I try to do an action I apparently have to pay for more f,0

There is a new hacker and Tom says where do up live and he records your every move. Stay safe and

don't get this app and if you have kids who play it DELETE IT NOW!!!,0
 weird. It wants me to buy Stuff. Don't get this app unless you want to buy things for 99 cents like food. The only things you can do is Give Tom milk and a few more boring things. Sweat talking puppy funny dog is way better. I give this app 1 st,0
 doe snot work well with all products...can be a real prob if you dont know that. works good on phone and stuff...not so much on my tablet,0
 "My husband has this app on his I-phone, and we both really like it. So, when I saw I could get the same app for my kindle Fire HD, I was thrilled....only to be disappointed majorly! I found the app's pictures to be blurry, and I don't think it really w",0
 "I've played this before on my phone but it wouldnt work on my Kindle. I'm sure I done it right. Wished it worked",0
 THIS IS AWESOME IT IS THE BEST GAME IN THE WHOLE TIRE WORLD OH MY GODNESS BABY 'M NNN
 MMMMMMMJJDD,1
 Omg dis app is sooooooooooooooooooooooooooooo cool I luv luv luv it! Every thing is soooooooo awesome except u have to pay fir him to fart and eat a bird but u can talk and he repeats and u can give him milk and u can make him scratch DA screen and make a reco,1
 "Brought this out at a party for my kids, and it was a HIT! The kids all loved it! Recommended for kids!!",1
 "I downloaded this for my grandkids and thought it would be fun for them. But frankly, I found it difficult to figure out and when I did get some response from it, it was just plain dumb. I wouldn't waste the memory space on my Kindle with this.",0
 "If you like someone repeating everyone of your words, or thoughts. How about a talking animated character doing it. Why not. Why not fill the quiet times with, an animated talking fat alley walking, lack of dignity, cat. What could be more fun out on a d",0
 My grandkids just love slapping this poor cat and instead of crying for my phone and running the battery down I let them have the kindle until they get tired or the cat just doesn't get back up. LOL,1
 My kids convinced me to let them download this app and we were very disappointed. It doesn't offer anything unless you choose to pay for additional options. I will be removing this app.,0
 "What a cute sad little face. However, it is fun to play with little kitty during a break at work. If you give it a name the fun is even greater.",1
 even the free version is really cute and the kids enjoy it. i purchased the full version since my kids enjoy the free version so much. fun and worth it,1
 "If you're having a bad day, just fire up Tom and he'll have you laughing again. I love his squeaky voice and being able to record the videos and upload them to fb or send them via email. If you try to talk too fast it doesn't grab all of the words. My dau",1
 Laughter is the best medicine and it makes me laugh when he repeats my words. Sometimes he might miss some though.,1
 you need to download so many different things to play this game its not that great really you r wasting your time with this one,0
 who could ask for more? This is a silly app and I don't really understand it but everyone in my house thinks it's so funny. I see everyone (including the adults) playing with it.,1
 This might entertain a three year old for a few minutes but even that's pushing it. The 'free' version is crippled beyond belief. You're expected to pay for almost every feature. Don't waste your time.,0
 I love when u talk to him and he's like a translator so please please please buy talking Tom the cat,1
 this is kinda funny to play with. what more can be said download it play it if you don't like it erase it (got to love free things),1
 "My granddaughter loves this cat. We play together, wish there was more free stuff that you don't have to buy in order to get things for Tom cat.... :(",1
 "DON'T LIKE IT AT ALL, IT ONLY DOES A FEW THINGS IF YOU WANT MORE YOU HAVE TO PAY FOR IT",0
 There aren't enough nice things that you can do with this cat. You can make it purr a little but mostly its geared toward punching and hurting the cat. The interaction is too violent and promotes laughing at hurting an animal. Disgusting.,0
 "I got this app thinking that it would be fun,but Tom wouldn't repeat anything! Pointless putting it on the Amazon store if it doesn't work for kindle!",0
 "This was a horrible app for the kindle Fire!it froze up my kindle Fire and he would not even talk!if u r looking for this app for the kindle Fire,don't buy it!",0
 My great niece loves Tom....not as much as Ben...I don't know why....kids. they like what they like and that's all it is.,1
 "Fun for the whole family.It's a fun App, love the copy cat voice, the kids love playing with it",1
 I love this game it is so fun I luv making it fall down its so funny Andy some people think that it's a wast of time but it's not it is awesome for kids my whole family Luca it (Thanks Tom),1
 "Just a way to sell you add-ons. I suppose it could be considered cute, (Ben the dog is better)But it is a thinly disguised vending machine for in-app purchases.",0
 This is so much fun the whole family can enjoy. The kids get the most out of it when he repeats what they say.,1

67/683

Enjoy myself and great for grandchildren who thoroughly enjoy it!,1
"When we're talking about this game, anything is better! I downloaded it for my daughter. I failed to see any warning sign that this would be a depressive game that requires you to torture the animal to get responses. I found it cruel and hateful. I wasn't",0
This app works great! I use it to entertain my three yr old. He loves it! He has even figured out how to make videos with it.,1
I didn't feel it was appropriate for my children. Some of the things were ok but others werent. I have deleted it.,0
this app is cute and funny. all my friend's laugh and thought it was cute. it's a good conversation app to get.,1
How cute this is. This cat talks to you and he is funny. He purrs and does all kind of funny things. Nice when you need a cute laugh. Easy to operate and has a kids mode and adult mode.,1
"Love showing my friends and family this app. Just like me they all got a kick out of it. Especially when I came across buying a lifelike talking Tom through Avon, as an Avon rep.",1
"I just got the Talking Tom Cat app. This is the cutest little cat and when he repeats what I said to him, my real life cats come running over if I say their name and then he repeats it!",1
what can I say....another talking adorable animal and this one is my favorite for sure...You talk and he repeats what you say in a funny voice...he's HILARIUS...My favorite.,1
fun for the whole family. The cat repeats everything you say and the hubby & kids have a blast with this app,1
I think it's great so much fun. My mom has it on her phone too. I have so much fun on it. It is fun for everyone.,1
Bests kids app ever a little annoying but F-U-N fun you need to buy this app I love it tom (the cat) is so funny he says what you say you can step on his toe punch him pull his tail and much much more he makes me LOL best:),1
I'm an animal lover so I love this app because it sends little messages at top of the phone like " hey come play with me" lol but it's boring at times . I wish they could make it where Tom does more than being in the house,1
this app is too funny. having lots of fun with it and other people. everyone needs to laugh. buy this app for some laughs.,1
This game is entertaining! My cousin (2 yrs old) loves to play it and is obsessed with the kitty :3 good for kids and up.,1
This is my favorite app to use for navigating and editing files on my Android phone. I highly recommend this app to anyone who appreciates good utilities made with integrity. I have not found 1 bug while heavily using this app for many years.,1
"This is certainly the gold standard for an effective app. The UI is not beautiful, but it is not clunky and cluttered either.If the dev was aiming for an uber-functional and flawless app that simply does what it should and does it perfectly, he hit his ",1
This handy app really gets to the Root of the issue especially if you have bloated apps that take up valuable resource and space. Bear in mind you do need to be Root to benefit from this app!,1
"Excellent file manager app! Even the free version is great, and all you need if not rooted!",1
"Must have, only way to truly customize your phone and use all of the accessible storage space on the internal memory.Best money I hand spent on a app",1
very good so much,1
Awesome app. I use it a lot. Root is very useful and this app can be used for so many things. Even if u aren't rooted yet this is a good file manager to use. In most cases you can browse the root of your phone and even copy from but not delete the files ,1
"This is the very best root file manager with a very clean ui and tons of essential features, i would recommend this app to anyone. I also recommend getting this devs app "SQLite"; its another must have app:)",1
How can you rate something that won't download!!won' t even let you rate it I want my money back! what else do I have to say expect that it does not even rate one star if you can't even down load it. oh did i say i tried about twenty times over the cour,0
Very versatile and fast - the best for Android I've seen so far. A strong recommendation for gettings this app if your device is rooted and you need a solid file manager.,1
"This is the best application for navigating, modifying, and organizing your rooted Android device. Solid performance with a familiar interface.",1
If you want access to the file system on your android device this is it. I am using it on my kindle and it is awesome.,1
"I have this tool on both my Nook Color & Galaxy Tab. You need this for all those little tweets to keep your rooted device running smooth. I found that there is a small learning curve, but once learned you can't live without it.",1
I needed this to install the supposedly pre-installed Google Store/Google Play that my tablet shipped with. Works well and has yet to disappoint.,1
"Having this app already, I must say that this app should come with every Android phone. Easy to use interface and straight to the point. 5/5 stars!",1
Anyone with a rooted phone will find this is the most awesome file manager out there. You can even see and edit the contents of a database file. Keep up the good work!,1
I use this on my Kindle to get around Amazon's stupid restrictions. It works really great and has

allowed me to access the Google Play Store and actually get some good apps (unlike Amazon's... yikes).,1

Most useful app I've purchased so far. If you want to get the most out of your Android phone then this is a must have after you obtain root for your phone. Simple and intuitive to use. Thanks to the dev for putting this up on Amazon. Saves us Google Apps,1

"A must have for root users, AND for those who choose not to root as well. By far the very best file explorer! More options and flexibility than all others available, and I have tried them all over the last 6 years of using and rooting Android phones and ",1

"I read the info and its said it worked with my android Samsung phone.however it doesn't!tech support says call my cell phone provider, they say call amazon...yadda yadda.do not recommend!",0

"I recently acquired this app, and find i can't do without it, if only for the write capability into system files...but i have a specific reason for writing this review.In this review thread, i'm noticing a lot of friction concerning the speed of, or the ",1

"I cannot recommend this enough. It simplifies file organization with powerful features that make having a rooted phone worthwhile.That said, I can also recommend this to users who have not taken the root plunge, as a phenomenal file explorer. A steal f",1

"I guess it's for a more experienced user, but I couldn't figure out how to even make the drop box work. I deleted the app after some frustration.",0

"I'm sorry, but I think this app is leaving out the part ROOT which is in its stupid NAME!!!! At least I THINK that rooting isn't possible on this app, but personally, I think you need to be rocket scientist to figure out how yo work this app.Well, that's",0

This is a very good file manager. This is probably one of a kind wrt handling of viewing and editing DB entries directly.,1

"I used this to help move files from my computer to my bionic. I ran into some problems after uninstalling yahoo from my phone, which I found is required for contacts to work. I used root explorer to help put those files back where I needed them to be. Ph",1

I installed this app specifically because it supports Google drive but none of my files populate. Drop box works fine but Google drive Stays blank. Very disappointed.,0

"This is easily one of my favorite Apps on my phone, I use it just about every day, I don't know what I would do without it...",1

"This may not be the best UI file manager, but when I try other tools I always come back. I've used it forever across different devices and several versions of Android OS. It always worked well, and had the fleibility to do whatever I needed. If you are n",1

"Having my phone flashed with CyanogenMod, I bought this app. With it, I'm able to write sound files to the internal memory for ringtones. Sure you can do it on the SD card, but when the SD card is mounted, the sound files cannot be read for obvious reaso",1

"I don't know what that guy was talking about, but both products on the market are the same version. And how can you NOT purchase this! Get it if you're root. Great sale.",1

Fun in the car!,1

It purchased my money I paid for and it never downloaded!!!! DO NOT PURCHASE IT STOLE MY MONEY!!:/ :(I hope everybody reads this before purchasing.,0

this game is great. I can't stop playing this game. you play and unlock stuff it is so fun. and you can play with friends by the web or just a game where you pass the device I love it.,1

It is so fun I love it I could play it all day but on a rainy day I would.,1

"I can only believe that the reason ANYONE could possibly give this more than one star is because they have never played the Android or iPhone and even iPad version, which has been available for over 5 years now on iPhone. To label this as HD is false adv",0

this game is so worth the money the graphics are out of this world GREAT!!!!The only thing that is bad is that when u do bets or some thing it is so confusing. :/,1

I do enjoy playing uno and it works great! I have played it a number of times and no problems.,1

you need to make new rules like quit 7 and jump in on the same color or same number k.,1

this app is just like the card game. I love it. you can get it for your I pad or I pod too. I am reviewing the kindle fire version. it gets 5 stars!,1

it says it is under 5MB Data then after you buy it it says you need to download another 80MB that's just crazy! wasted my. .99 on this!,0

It's just like the real game! You can play alone or with other people. It makes you follow the rules to a "T.",1

"I've loved uni since I was a kid. My family used to play together all the time. This version has got great graphics, easy flowing gameplay, and different modes to play. I had never heard of the penalties, jump-in, and 7-0 versions of play until I bought ",1

"This is a great game that I can play with my 10 yr old grandson. We really enjoy it, and this way he can't lose the cards again !!",1

Who doesn't love a good game of UNO? Its just like I remember as a kid! So fun and easy to play that my 3yo plays it and has beaten me a couple of times!,1

"I paid 5 bucks for this app that takes an hour to download the extra space it needs just for the stupid thing to crash. I love the real game, but this app is a total waste of time and money. If I could rate it below 1 star I would. Be warned. It is n",0

I bought it and love it. It is addicting and time consuming. Brings back memories of playing as a kid.,1

"Reminng oe's cl dood, remember this game was fun! Playing with cosins, siblings, and friends and even my mom and dad got into it. t ia fun game - n electronic gme wl ever replace the feeling of playing with a group, an ceaply, to. Great gmes for all ages",1

"Who doesn't love UNO? Fun for everyone at home or one the go, and the best part is you don't have to shuffle cards!",1

I love this game! If you love Uno like I love Uno you will enjoy this game. It's like playing in a game with people without the cards. I highly recommend this.,1

"This version of Uno has you set up in a kind of progressive game. You start out with just you against 1 computer opponent with all the basic rules. As you win against the computer and get further and further into the game, they throw in a few variations.",1

I bought this for my Kindle fire and love it! I only had to pay .99 for it. I'm addicted to uno.,1

"has been a source of lots of fun, can;t always get folks together for a game so this takes the place pretty well!",1

I start up uno and it says all rights are BLAH BLAH BLAH and then it goes off----SERiously? Also I have a kindle fire so,0

I don't understand the other negative reviews either. This game plays beautifully on my Kindle Fire. Lots of fun! Highly recommended!,1

"Very addicting game. Cant stop playing this game , its one of my favorites, It is so worth the download",1

Grandkids really enjoy playing the game with each other an friends too. I thank you for having good games to play.,1

"good app if (please heed the last word) ya love uno. The game keeps me occupied if im sitting at the eye doctor for 2 hours. Then there is the fact that the game opponents STINK on normal. Ugh. But other than that, great game!",1

"This app is a pretty good app, I have a great time when I play this. Don't listen to the bad reviews because they are off of previous versions of the game. I have a kindle fire, so this game is meant for it. For all those people complaining about how ",1

best ele uno game I've played have to figure out how to play on line with my friends and family got to get them to buy it,1

"When I got my new Kindle Fire, I wanted to check out the games, and apps. I saw the UNO game and downloaded it right away, the only problem I have with the UNO game is once I start playing - I don't want to stop!! You get so many styles of this game to",1

this game took my money I downloaded it then every time I truer to play it it kept saying FORCE CLOSE I wish I could give it zero stars,0

"One of the classic game to play; UNO. It's such a great game. No loading issues for me, it's awesome that you also don't need to be online to play.",1

We played Uno a lot when my son was younger. Sometimes my husband and I play. It's nice to play even against the computer.,1

This program runs smoothly and is fun to play. I like the options the game offers. I highly recommend this program.,1

"Uno is fun because it's like the real life version, but it's for Kindle Fire. There are added sound effects so it could look awesome. This game is recommended for people who play the real life version. I hope this game is recommended for you. You wil",1

"It offers single player game but doesn't work. Had to download something else for it to work on my Fire. Too confusing, like the original board game much better. I uninstalled it, glad it was free.",0

"Don` t start this game if you have to go to work cause it`s so addictive that you` ll call in sick to stay home just to continue playing!! Get the free Kindle version, which offers single player game style tournament or multiplayer online plays with many ",1

"another good game, however, have to figure out how I can use it without being connected to internet..I think you have to download it...",1

Kept the kids busy for hours when traveling. Easy for children to learn to play. Good to burn time when waiting in airports.,1

get this game no matter what but make sure you get it for the kindle fire the multi-player is incredible,1

"As a child, Uno was one of my favorite games. Our deck had seen a lot of abuse - cards were bent, stained red from cherry koolaid, corners were torn away. I miss that deck - the cards were soft from use and felt great to handle.This is a fun version of t",1

Very pleased with this game on my Kindle Fire. Its got different options on how to play. I've used it several times,1

Come on who does not love uno. It is old school. It is a fun game and passes time a must have game.,1

I did not like because it required additional steps to download. Something that was not stated up front. I was very disappointed.,0

"This game has great graphics, nice ability to customize how you want to play. I have to wait 4 hours at an activity for my son - this made the time fly.",1

Lots of variations/options to play so it isn't boring. Can play as single or multiple players. I'm really enjoying it.,1

I find this game is fun for everyone. It's like I start playing and I can't put the dog gone

thing down. I'm 54 years old & I'm getting called to supper.,1
 I CAN'T RATE THIS BECAUSE I DIDN'T ORDER OR INSTALL THIS ITEM.I WOULD LIKE TO TRY IT IF IT DOESN'T COST TOO MUCH.,0
 "This game on the kindle is fantastic,I would recommend this game for all uno lovers & It's very fun ^_^",1
 "oh wait...draw four. Uno. (I hate when people do that). This game is fun and addictive, and works well on the Kindle Fire",1
 This game is fun and entertaining. I play it when I want to relax or just pass the time. enjoyable,1
 UNO is one of my favorite childhood games. My 9 yr old grandson loves this game and sometimes wehn he starts playing it on my kindle fire I can't get him to stop.,1
 I really enjoy playing this game. Love the set up and graphics. Its really fun and enjoyable... easy to use!,1
 this is one of the best games created for kindle fire you can't even lose the cards I am so about to play it you will not regret getting this I say 5 stars,1
 I love to play uno! This is easy because I play against 3 other player and always have a good time!,1
 bought this app for \$.49 and its terrible. Did the registration and it won't recognize me. Music is loud and annoying. Can't do anything except play the game alone. Deleted it and gave \$.49 to chatity.,0
 "I know how to play unowned, but what is with these random chalanges and jump-in crap? If you know what it all is then good for you! I'm not happy with this :",0
 This was great. I was looking for some games for the kindle and I have to admit this one was addictive. Kudos for all that were involved in this app. I would recommend this to anyone. Good job. I will look for more apps from Gameloft.,1
 "The paid version is the same as the free version, with the exception of there are no banners or adds that will slow down the game play. Other than that both versions play the same",1
 What a fun game. It had options to the game that I had never played with people. It also changed up the game and had variations to the mini games and tournaments which keep it very interesting. Would recommend it to a friend.,1
 I PLAY THIS GAME EVERY DAY AND WOULD RECOMMEND IT TO EVERYONE WHO LIKES THIS TYPE OF GAME BECAUSE IT PLAYS EASY,1
 I Love to play UNO and it helps pass the time on the road when we are traveling to and from our jobs.,1
 Pretty addictive game. I've played this on the Xbox and became pleased to see I can enjoy it on my Kindle as well. The app works very well every time.,1
 "i like all the different options when playing, like against another player or being able to play online or against the computer.",1
 The reason that it won't download the extra info is because you have bad Internet but I have good Internet .,1
 I like playing this game. i play and beating my mom when we play & pass. I can play by myself or with someone.,1
 ", If i would. If If I could give this app zero stars it never loads it takes up A LOT of room and it is just plain stupid save your money",0
 "sometimes...you want a card game and no one will be available to play....this can be played by just one person and it is so much fun. and you can actually win...LOL...It can also be played by more than one player. So of the rules are new to us, but we ",1
 I loved this game. It was user friendly and format follows the actual game. It is goo for adults or kids!,1
 IF YOU HAVE EVER PLAYED UNO YOU WILL LIKE THIS ONE...EASY TO PLAY AND A LOT OF FUN. KIDS WOULD LOVE IT I WOULD THINK...THE WHOLE FAMILY TOGETHER.,1
 I play this card game all of the time. I've had no glitches with it and no other problems either.,1
 "UNO has been a favourite of mine since the early '80's. It's great to be able to play it against 3 (cpu) people, or against 1 (cpu) player whenever the mood strikes.It's a card game, so don't expect mind-blowing graphics. The graphics are perfectly suffi",1
 Since getting my kindle fire I have downloaded countless apps but this by far my favorite!!! I play it every single day and it never gets old...tournament mode is awesome!!!,1
 Works great for me! On my Kindle Fire it's never had any problems. I haven't had any of the issues other reviewers mentioned. The cost of 99¢ seems really cheap for how much fun I've had.,1
 My son loves the game and plays it often. Sometimes the sound disappears so we have to shut down the Ipad and restart and the sound comes back,1
 i like to play this with the kids so i got it to entertain my self it is fun. and will kill some time if you need to,1
 My grandson play this game all of the time. It's helping him learn rule of the game and is teaching him colors.,1
 I love this game because it is like the real card game but you don't have to play with family,1
 I love this one because I love the game growing up and would like to have more friends with kindles play it so I could have someone to play against,1

I loved playing this game. It was very easy to play and I would recommend the game to everyone. It's a condensed version of the card game.,1

I paid for nothing on this because I can't get past typing in my name. Its like the touch screen wont work. very disappointed! I went back and started over and it let me pick color ...but would not let me pick Icon. So I went back and started over. Then ,0

"I don't think this game deserves the review it has right now. 2.5 stars is ridiculously low rating. great game, fun and good graphics.",1

If you like UNO and don't have anyone to play with this is a good app to keep your fingers busy.,1

this game is incredible. definitely worth \$0.99! it is a good time killer and not hard to use. there are so many different ways to play. get it!!!!,1

"This is a computer game it is not as fun as the real card game, but it is fun when you have no one around to play the card game with you.",1

One of my favorite personal apps. I usually play this while I'm watching TV because its fun but still easy to play with out giving it my full attention.,1

I will always love this family classic. It's especially fun to play with the new rules in the tournament mode.,1

This app is so much fun. There are few things that the original uno does not have. I highly recommend getting this app. You should get this app.,1

Always a favorite played uno sinve I was a kid. Fun to take it anywhere and not have to have anyone to play with,1

GOOD GRAPHICS layout WOULD RECOMMEND TO OTHERS very user friendly can choose number of players to play with playable from device,1

"best card game ever!!! I don't know why every one is saying its not in "good condition", its perfect!!!! do not listen what anyone says, there just haters!!! 5 stars! <3 :)",1

my mom bought this game for her phone and she let me play it and it was GREAT! i just love the way this game set up. HOPE YOU LIKE IT!!!!,1

"I was so delighted when I saw this title was available for my new Coby MID7015 tablet! It's so much fun I'd rather play this then watch TV! Lots of levels and the computer plays very well. I get my butt kicked on the ""normal"" level! Great sound effects, ",1

This game is like the original uno and is loads of fun for everyone. I would recommend this game for any one who likes the original uno! Good for all ages that can play cards.,1

"Gameplay on the Kindle Fire HD is very smooth and flawless, even with online opponents. Well made app. Great job!",1

Nice to be able to play one of my favorite games even when no one is around to play it with me.,1

"My daughter loves UNO. My daughter loves to cheat at UNO. With the electronic version she has to beat me fair and square, which she frequently does. I'm just glad to finally have a level playing field.",1

"I grew up playing uno. This computer game app is wonderful to play and I can spend hours engrossed trying to beat it. I especially like the tournament mode. Although the application gives you the impression you are playing with others, nothing beats a ",1

"We play uno all the time, mostly for real with our friends, we have uno nights, but when I can't get out a game on my kindle is almost as good",1

"I have no idea why people are leaving bad reviews, I love it! It runs great and I've had no problems with it on my Kindle Fire. The graphics look wonderful on the larger screen!",1

"I love this game. Some of the rules, I wish I could alter which game or rules I would like to play, but I love it anyway. The kids love it also. It is fun.",1

she loved it and is 7 keeps her busy when she needs something to entertain her i highly recommend it.,1

"I bought this game thinking about how much I LOVE the game uno, But you pretty much play the computer which always wins. Know fun twist to the game, Nothing to win or no fun little prizes you could win! I am not a big fan",0

"This game is alot of fun but I thought it was hard to figure our right away, Fun to play!",1

I love this card game. Where your playing with two players or four. A good pass time. I recommend this game.,1

When I first got the game and started playing their things were happening that I had never seen before in playing this game. I changed things back to standard play without the crazy rule changes on some of the editions.,1

"I got this app for me, but my kids play it way more than I do. It works great and has no glitches!!",1

Super irritated right now! Purchased this app and it boots up just to crash! I want my \$2.99 back!!!!ahhhhh!,0

I love uno. I like the way it looks on my kindle fire. This is a good pass time when you are bored. The virtual guests that I play against is fun. I win everytime.,1

I had no problem with this app. My daughter and I cannot get enough of the game on my kindle. I recommend this app to anyone. It's a great past time.,1

not sure what other reviewers are talking about...this game is great. I play it and my six year old. we love it.,1

A old family game that I love and continue to love and play. Each game is unique and you never know if your going to win or lose,1

I find it entertaining. The game gets long at times but you can pause it. It is like the card game!,1

totally suggest you try this. its just like when you were a kid but with a twist and you don't have to beg your brothers and sisters to play. it is so Great!! oh and it has yet to crash on me. Whoot Whoot!!!!!!!,1

"disgusting. if u want this app, I recommend you play with the paper not this stupid app. it takes too long to load.",0

Fun passes the time. Good purchase. No wifi needed. I reccommend this app. Don't know why its low rates. Awesome,1

I think this game is very well done. I haven't had any problems with it. it's just like playing the card version only you don't have to wait or find somebody to play with. you can play whenever you feel like.,1

If you love the card game you will love the kindle version. Greast twist on different versions of the UNO game. Addicting once you start playing,1

i love love love this game.. its awsome fun. you ll like it too. give it a try. great way to trick your little ones into learning thier colors & numbers lol,1

This was one of the first games downloaded when I got my Kindle. I had hours of fun with it. I would recommend it to anyone.,1

"The action on this game is inexcusable. No wonder it us selling at a reduced price right now! Transitions are slow, selecting your card is a pain, & countering an opponent with the same card is even worse. All of this takes one of my favorite games o",0

I downloaded this for my Kindle Fire and it didn't work at all. Had to delete it. Was very disappointed because Uno is one of my favorite card games,0

If you have a kindle fire this game wont download! Ive gotten three gameloft games and they all don't work!,0

If you love Uno you will love this game. It also learned a lot of the rules I did not know. Now I am kicking butt in regular on online UNO,1

Good game. freezes some times but I still play it and it's easy to play all the the time great,1

works great on my kindle fire...no problems at all. I play it very frequently and I love it! highly recommend for the uno card lover.,1

I love Uno. Even my 5 year old loves to play this game! Easy to play. You can go away and come back to the same game.,1

I enjoy playing this game and this app makes it easy to do I give it a thumbs up great,1

Love it! Have always loved this app & really appreciate it on my Kindle Fire!!! Fantastic & loads of Fun!!,1

"This classic board game brought to life on the tablet is a lot of fun and very well done. The free version that I orginally had only workd on the older Kindle Fires and not on the HD Kindle which I was not happy about. However, the paid version was only ",1

"I have no idea why, but this game requires a lot of memory. After I installed the game, another screen pops up and says it needs an additional 98 mb of memory, do I want to proceed with download. Well, I didn't and just ended up deleting this. Anyone ",0

I enjoy playing this game now just as I did as a kid. The only dislike I have is that now I can't play it anymore unless I have WiFi. I think this problem should be fixed. This started happening after I completed the game.,1

I love using this game when I need some mommy veg out time its easy but very fun also. Caution can be addictive :),1

"Spent my .99 for the game (love Uno) Only to discover I couldn't get it on my fire, because of the 80 mgb it requires! What a waste of a buck! :(Now know I will avoid any and all apps from Gameloft!",0

"Doesn't work on my kindle....memory storage not large enough...should be in bold letters before purchase...wasted money on this, very unhappy....",0

UNO (Kindle Tablet Edition) is a great andfunny game to have on your kindle fire. I enjoy it a lot.,1

"Uno!!! I love this game, i have the iphone version but it is so much better on a bigger screen.",1

ok its avery fun app works great achievements for gameloft live working but on uni live my gameloft live ant open so some major bugs but fun app,1

"A lot of apps on the app store are underrated, and this is no execption. This is a fun and easy to use app! I used to have the uno app on my Android and it looked too small but on the Kindle Fire it looks great and its easy to use. Last night I even play",1

just like the card game. Great way to be able to play uno on your own when there is no one else around to play with you.,1

"I've been playing this version on UNO for weeks now and loved it, EXCEPT. I cannot find any way within the app, nor online or at facebook to be able to change things in my ""account"", like adding picture, reviewing and adding friends. NOW, for a couple ",1

i love beating my friends & family playing this old time favorite. Its really fun to play. Its great to play a childhood game again.,1

I love playing traditional UNO and so it follows that I would enjoy playing this version when I don't have other people to play with the traditional way. I would definitely recommend this game

for any UNO lovers!,1
 I have always loved uno have play at home. It is so much fun. If you like card games you love this game,1
 If you remember laying this card game when you were a kid than you are going to love this game. The app loads just fine and in no time at all.,1
 I love it. I love it. Spoiler Alert! I love it. This game is so much fun! I play all the time. If i didn't suck at it so much this game would be perfect,1
 I downloaded this for my kindle fire and it works perfectly. The game is very addicting. It adds some very fun twists to the classic Uno game.,1
 This is one of my favorite games that I have downloaded so far. So worth \$.99The only problem I have came across is that I sometime have problems pressing the buttons. But if I turn my kindle off and then on again it works just fine.I am so addicted to t,1
 stupidest app ever why is it in the amazon app store if its not compatible for the kindle fire unless you want to give up80 mega bytes stupid I shan't my money back or amazon could get rid of the 80 mega bytes,0
 I have it on my ipod and I play it a lot so I gave it a on my kindle fire and I loved it is better on my fire. great 5stars,1
 Everyone knows the game of UNO and this version for the Kindle Fire takes it to a whole new level. You get to enter tournaments which have different rules for the cards which makes it more challenging to play and as you play you are able to unlock vario,1
 It's nothing like when you play with you family! Just play real UNO! Don't get this app! If you get this app I will find you and uninstall every single app you own! Just kiddin'. But seriously don't get this app.,0
 "Though it doesn't mention it anywhere on the page or technical details, this app requires an additional 80mb download once you've ""installed"" it. This is not noted anywhere. Customers are not warned about this. The Size of the file under Technical Spe",0
 "If you grew up enjoying UNO then you'll enjoy the time it takes to play the game. It's sort of like Monopoly; it's not over very quickly! But, like I said, stick to it and have some good times. When you get tired of all the copy-cat games, fall back to U",1
 "game requires additional data start download now" am sorry I paid for this. I won't download anything more for this and I can't use it unless I do. I guess I uninstall. so long hard earned money.,0
 This app is very fun cause u don't need inherent to use it!! There is a tourement mode and quick play and multiplayer and single mode!!!! On multilayer u can do local or one dievce or random ppl! Hope u enjoy this apply if u do get it I reccomend jump,1
 "I wanted to take a moment and leave this review since this app has a ridiculously low rating. The app works fast, fine and beautifully on my kindle fire.Not only that but as soon as you launch it, it will require an additional 80megs of space for the HD ",1
 another excellent card game on the kindle HD. highly recommend to all the card players. an older game that keeps coming back for more.,1
 When you get a plus 4 wild card I am never sure whether to challenge or not -- what is it that makes the challenge successful as opposed to failing and having to take 6 cards!,1
 I purchaced this app as a family game to find it needed extra memory than what it needed at installation. Very disappointed with this app. I don't recommend installing.,0
 my 9 year old and 6 year old like to play this on the kindle fire. my 6 yr old likes it more. glad i purchased it. tons of fun.,1
 Do not get this on kindle fire. I just got it and it downloaded. it will not open.it said that it is not compatible. DO NOT GET THIS APP. I WANT A REFUND NOW!,0
 I loved this app as it is exactly likethe card game in real life. Challaging and yet fun. All ages as they is an easy and challaging version.,1
 "I love playing UNO on my ipad, it is very different than playing with real people.I have it on my kindle fire also so others in my family can play.",1
 "I was worried about downloading this after some of the reviews but I'm so happy I did. The graphics are sharp and the game play is fast. I've had zero problems running it on my Fire. Yes you do have to have a chunk of space available, and it sucks that t",1
 "glitches, LOST the app, DISAPPEARED from cloud,CUSTOMER SERVICE NOT WILLING TO LISTEN HELP OR RESOLVE, FORCED TO PAY FOR SOMETHING I ALREADY PURCHASED PREVIOUSLY!!",0
 It required more download to operate. I dont want something that is going to eat up more of my Kindle memory.,0
 It's what it should be. Saw that this app has a low review and was surprised and curious as it has always worked fine for me and I've had it since last Christmas. If you like uno and you have a dollar then it's not a bad buy!,1
 "I've been enjoying playing Uno on my Kindle, it's fun! Playing uno helps relieve my stress! I really like it",1
 "I have to admit I have not played because it took so much space to download, I stopped the download.",0
 "One of the worst games I've ever downloaded. Don't waste money. Sluggish, hard to control cards, poor selection of options.",0
 I really enjoy playing UNO and always have. I was pleased to learn that you could play a two

player game on the Kindle with this edition of UNO. Thanks for making it that way.,1

"How can you go wrong with Uno?? Love this game! Always have! Love playing it on my Kindle! It's very realistic, like you're playing with your crew!",1

"I just got this on my daughter's kindle fire that I am giving her for Christmas, but I had to play it to see...it was very fun and I know she will love it!",1

UNO is a fun game to play on my kindle. UNO is not a difficult game. Children and adults can play UNO.,1

"So I got this app on my kindle fire, and does not even work. Every time I try to download the extra information it does not work!!!",0

I've always enjoyed playing UNO (the card game) with my grandsons. They really get competitive and I always lose to them. This new app is a lot better because you can play 1 to 4 people. It's nice having the app know the rules - grandsons make them up.,1

"I KNOW HOW TO PLAY THIS GAME, BUT THE STUPID APP SEEMS TO HAVE A MIND OF ITS OWN. IT WILL NOT SHOW ME ALL MY CARDS AND WHEN I TRY TO MOVE THE CARDS BLOCKING (SOMETIMES MORE THAN HALF THE HAND) THEY WILL NOT MOVE OR IT PICKS A CARD AND PLAYS IT, AND SO",0

electronic uno is so much fun. it's so much fun you still get to play with other people but no one gets to cheat.,1

"Just downloaded and went to open and play....so excited. First thing it tells me off that the app requires an additional 98MB of space to work/play...say what?!?! For me, not impressed. Taking my 99 coinloss and deleting the app. VERY disappointed at t",0

"I loved this game growing up in Texas, Now its on my Kindle soooo happy I got it. Get it!",1

I love uno. It is such a fun and challenging game. I usually play when I am getting my nails done--doesn't require much technique!!,1

I had this game on my aneroid phone and it was fun so when I saw the Kindle Fire Edition on sale today I was happy and bought it but then when I tried to open it I get an error that says not compatible with my device. crap. Do not waste your money.,0

"This app is a lot of fun, very enjoyable, Fun in doctor office ect. I am very glad I decided to download this .",1

"We played the "FREE" version and decided to just buy it instead! My 6yr old loves this game! I have as a free app on my Android(she fell in love w/it), so I found it for her on the Kindle. It's a keeper!",1

This was the first game I bought for my kindle. I play with it everyday. I recommend this game to everyone.,1

This is an old school game that will never go out of style. I always loved this and play it all the time.,1

"What can I say, UNO is UNO!! It is a great classic game!!! I love it, my grand's love it!!!",1

I have had no problems with this on my kindle fire. actually I think its quite fun!! maybe the old version was bad?? This one is well worth the 99¢ for it!!! Try the tournament for some crazy fun! Two thumbs up for the kindle fire version!!!,1

"My grandkids wanted to play this game while visiting, so we downloaded the app. I have not used it since so cannot comment on it personally. I don't use it and plan to delete it.",0

I used to have this on my blackberry and loved playing it. My only problem with this game is the fact that I have to turn the sound off EVERY time I play. fix that and it's nearly perfect. The only way getting this game would have been better is if it ha,1

Great graphics and Color. Great app. I wish they would make it compitable with my htc rhyme so I can also play it on my phone.,1

"ITS A GREAT GAME, The game levels are pretty cool, i love the different scenarios and awards and achievement levels. another great pass time and you don't have to be connected to the internet! the only thing i do not understand is how to connect to anoth",1

"I really like this game. Haven't figured out the whole game yet, because there are different versions of this game than just classic including some rules that I have never heard of before. You can pretty much set it up to play whatever version you want",1

"I can use this game as a Bible study tool in my spare time at home. To try to get the correct answer, you don't have to be a scholar but you will need to know something about the Bible. When I get one wrong, I go back to that particular scripture and re",1

Bible Reference Game by Thy Word is True is an excellent game. I like it very much and highly recommend it! It is great!,1

"I LOVE IT, IT'S NOT A GAME REALLY, IT'S A REFERENCE IT TEACHES YOU THINGS YOU DON'T KNOW OR HAVE FORGOTTEN.",1

I find it keeps me on my toes. I have been challenged by trying to remember location of scriptures and if I remember details of events. Anyone who wants to study the Bible should use this app.,1

"Love any program that helps one to learn more about God's word. This is a good activity to use in free time with Bible students, as a quiz, a fun activity with friends or just to see how much you know about the scriptures in the Bible.",1

"The amazing part is that it takes you directly to the passage when you select the correct answer. The best, my employers are Christian and they love it too. Hours of fun and education. A must buy.",1

"I am really enjoying the Bible Reference Game. I really like it, and I like playing it. It was a

great find.",1
 My daughter is 16 months old and loves animals! This app is great to entertain her with! She loves to learn new animals and sounds!,1
 "this is a great app for toddlers. My girl is 2 and loves to hear each animal sound..Keeps her entertained for a while..Great learning tool,,I would definately recommend",1
 My daughter has fun with this app and so do I. I love how there are many animals and sounds. It draws her in and teaches her.,1
 "this is like the worst ever. I am 12 and it is the worst I have ever bownlowded,trust me that's a lot",0
 My daughter loves puzzles and dogs so she was so excited! But then after we downloaded the accepted button kept disappearing before we could hit it so we were never able to open the game,0
 Gave Kindles to my kids for Christmas. They love to download free Amazon apps for their entertainment! They enjoyed this app. My favorite part... It's FREE!!! Thanks Amazon!,1
 I never could get this game to work. I couldn't get past the terms and conditions. I agreed to the terms and conditions and it wouldn't move past the terms and conditions page.,0
 he just turned three and he enjoyed it very much. great pics! very cute for learning sounds. and white peacocks do exist!,1
 My 2 year old granddaughter really enjoys this app! It is a nice app for the little ones and provides a good amount of learning(I learned some sounds I didn't know). I highly recommend this app for 1 + 2 year olds - it keeps them busy,1
 "This is so cute.I got this so that when my little grandchildren visit,it keeps them occupied!I love this app. Thanks Amazon",1
 "hate it's one of those apps that comes with my phone and I can't remove without rooting. when I tried remove it from my memory card, said I couldn't because I don't have administrative permission. I prefer Pandora or Tunein.",0
 "Pros: You can play offline.Cons: I installed Slacker, de-installed it as it didn't have what I wanted. When I gave it another try, I couldn't install it. Also, lack of stations.It's one of these great ideas that never work.",0
 "I found this radio browsing in the menu on my Blue ray player I was kind of skeptical to go forward, likely I did it, this is an awesome radio the menu is very easy to go to, I could find an amazing variety and selected music, don't need to pick or",1
 "Having tried many differant "free" internet radio pages, I have since whittled the list down to 2 that I use consistantly: Slacker and Pandora. They both perform very well, Slacker focusing more detail in creating custom stations while Pandora's ",1
 "It is SO slow, i just uninstall it, and forgot it. TuneIn Radio is much better. This one, is, "slacking".",0
 "I have been radio plus member for the last 2yr and today slacker decides that they want to have you subscription billed through Amazon. I can understand logic behind it, given that it is the kindle version ,however now even though I have been billed pre",0
 This is on my kindle fire I use it when Pandora was only allowing certain amounts of free listening a month. Great for exploring your music taste finding new bands you may like and the ads are less annoying than the ones on Pandora,1
 I find this app fits my moods better. The variety has been really nice to chose from and listen to.,1
 I can understand a commercial every few songs for the free version but increasing commercial counts is annoying when you hear the same ones over and over. The new update plays 2 commercials in a row after 2 songs played. This app is temperamental with th,0
 Slacker used to be so much better. You could listen to much more than you can now.Goodbye Slacker.,0
 the best way to listen to radio. you like rock?it's there. you like pop?its there. all the music you want is at your finger tips. 5 stars. no don't the best radio app.,1
 Slacker I love .I have been listening to Slacker for years now. I can play all kinds of music. I do listen to so much. This music app made it so much easy for me to listen to my music. I make can make a station with only artist I want in it. SKIP AS MANY,1
 This is the best online radio so far in my book it it better than pandaro its easy to pull up and play.,1
 Now here is a great music app. My all-time favorite. Slacker Does not slack when it comes to variety and customizing ability.,1
 "I am not the happiest camper when it comes to slacker....On my Kindle and Xbox, the app shuts down a lot and freezes...I've tried to uninstall and reinstall several times to get the same thing...Now, slacker as a whole, I like...But the app itself, I don",0
 Over Christmas they had Christmas music 24 7 loved it now that the holidays are over i can listen to several stations that i enjoy in stereo with my Kindle HD lots of fun,1
 Works great on my Kindle Fire. The app itself is pretty stable and it allows me to listen to my own customized stations or pre-made stations for free. Much better then Pandora or SiriusXM. I decided to subscribe to the service for \$4 per month to get rid,1
 "I have always been a slacker fan, and now to listen it to on my Kindle its freaking amazing! The sound is perfect, lets me listen to what I want to listen too. I just love Slacker, has so many more options than Pandora!",1

its amazing app love the music on the app very good app loveee it the music on the app is good very good,1

"I'm addicted to this app. I have it on my kindle fire HD and mobile phone. I hear it all the time. It's my new radio :) slacker radio has the updated music. Pandora is eh compare to slacker radio. Yes, this is an awesome app.",1

"I cancelled my Sirius and use slacker running thru my Droid/car radio. Only complaint I could think of is the X to close ads are too small on my phone and it sends me to their ad site at times. I love how I can block Metallica completely, they are over p",1

I love this as much as pandora radio. Possible even more so. I never heard of it before til my husband found it.,1

Very good selection. Plays perfectly. Not to many commercials. Only shortfall is the Hawaiian station that is on AOL is not available in the app.,1

the. best app ever so much better than pandora it is so awesome get it so much better than the other radio apps,1

"this app is decent, i'd recommend over Pandora, doesn't buffer as much as Pandora. of course its sometimes a lil laggy when only on a 3g coverage but no where near as bad as Pandora or other competitors",1

THIS is not what I was thinking it was. I did read about it. I was mislead...not because of the AMAZON review.,0

"It comes it clear and gives you a wide variety to choose from and is free when it says it was. You can upgrade, but you don't have to.",1

"This app is Easy to maneuver and tons of music great app, nice selection of tunes. 5 star app all the way.",1

"Check your speed on your wi-fi, because this is a must have!!.. I have been rocken nothing but slacker for weeks. You will lag any radio if your wi-fi is slow and working on things open and closing. It's so worthy it made my "Must Have" list..",1

i like being able to listen to music while playing my games on the kindle. i would recommend to others.,1

"Whatever the genre this music app. delivers and then some.Surprisingly user friendly.Don't hesitate, A MUST HAVE!Happy Listening",1

"Slacker is a great app to listen to all your favorite music on. There are three levels of membership, with each offering different benefits. After just a couple days at the free level, I was so impressed and loved the options offered that I upgraded to",1

Okay I love it really I do but..... I have had to download this app I think 7 times now it just kept freezing up when a really good song came on. But other then that I really like it!!!!!! It's a lot better then Pandora I just wish I could get the full l,1

"Slacker seems to sound better & has easier customization. As usual, the app version is more spartan than the desktop interface.Give slacker a try.",1

i listen to at of internet radio during the day whie i work. I've tried them all. Slacker Ilike due to fact you create your own stations. Music fits the station profile and station creation.Preset stations are pretty good also. This app will make a nice ,1

"So much better than Pandora. There are ads occasionally, but not as much as the other stations, and Slacker has a larger variety of pre-made stations to pick from.",1

Awesome app !! It came on my TB and I tried it out. It's awesome. I love it that I can listen to different genre's of music. Whatever I'm in the mood for. The best feature is the fact if I don't like or want to listen to a song I can skip it.,1

This is my favorite internet radio. This has way better selection of music than Pandora and iHeartradio combined! I love the variety of songs they play and customization. You should definitely download it.,1

I bought a radio latly and thaught that I needed music because Pandora is annoying sometimes I looked and asked my friends and slacker was the top Fav. out of all I recommend this to music lover!,1

"It always asks for a premium. When I tried to get it, it wouldn't work again. Have fun listening to music for as long. As you have it",0

This app works well for tablets like the kindle fire that will sometimes get into situations where there isn't a wifi network available. The Slacker radio app lets you cache a station so that you can play your favorite station even when you don't have a,1

Slacker offers a good selection of songs and stations for you to listen to and the app is easy to use on any mobilie device.,1

"Works great on my Kindle Fire HD. If you want to listen to radio, this is a good one to choose.",1

"Whenever I turn nh kindle on, slacker is open even if I didn't leave it on. its a prototype Hal.",0

"I have had a free slackers account for over seven years and was so excited to see an app was available for my Kindle Fire. That excitement was soon squelched by the inability to upgrade to a pay account on the Kindle, constant crashes, despite following ",0

"Slacker is easy to find on my phone and I can listen to songs that I want to hear. Time is valuable at work, so going straight to songs that I enjoy is fantastic.",1

"love this, I can listen to any music I want anytime I want, I would highly recommend this to

anyone",1

so I deleted this because it was freezing all the time!! at first I thought it would be so cool because you pick your type of music and your favorite artists.... not worth it get pandora,0
"Been using their website for several years, chose it over Pandora because at the time I liked the station options better, not just by genre/artist but by time period. I haven't revisited Pandora since to see if they've updated because I've been satisfied",1

This is a free station and you have a multitude of genres to pick from. Great service and great music!,1

i have no idea why people keep in saying this app sucks!!! this is one of the best music apps ever its not like Pandora where they choose ur artist on this u get to choose and the best is when u go on long trips that's okay because this doesn't need wifi,1

Best music app ever. Don't even hardly use Pandora. Love love love slacked! Less commercials more music & more variety & skips,1

"I didn't like it because it took forever to create one station, the songs are way off! its hard to like any songs when I want to listen to a song it just makes a station for it instead! not worth the space!! -.-",0

"Since the latest updates. i've had no problems with the app. Songs load quickly, and even transition to the next almost instantly. The rating and ban system is superior to other apps like pandora. And this has the Crucial feature of letting you review s",1

"easy to use, save all your fav songs....forget all the others this is the one to get if you are an eclectic music lover.",1

I use to listen to pandora until I was turned on to slacker. I work at gym and the radio plays the same 24 hr rock blocks every day. Slacker mixes it up and songs that I or members do not like I can skip past.,1

App works well on my kindle fire. I wish it was a little more "fine tune-able" rather than just radio stations but nice app all the same.,1

puts pandora to shame!! It has so much too it that I can't stop singing it's praises!! I love this program and pay for the monthly with a smile.,1

since you have to pay to listen on Pandora on mobiles now... :(I downloaded this app to listen to music! I'm soooooooo happy! you should download it ;) its awesome!,1

"After trying several streaming audio apps for Android, I have decided that Slacker is the best overall. Slacker Radio constantly streams, unlike Pandora that randomly plays just a few seconds of a song and then goes to the next. Slacker never seems to r",1

sounds good Wat is better Pandora or slackerdj dj djej sndnd fjdjn dh dj dj dh dh th dud,1

This is definitely the best radio app I have ever used! It the app that I use more than any other!!! I think that everyone should know about it!!! I LOVE IT!!!!!!!!!!!!,1

I deleted this from my kindle fire because it kept freezing!!! and that update it was ridiculous!!!!!! dislike this app so much,0

Being a person who's not into computers this is my first I got it last year I'm a lot behind on my knowledge but how cool to type part of a lyric and the song plays it may be simple but it's very cool . Paula,1

"I came across Slacker Radio app by mistake, and I'm glad I did. I currently have the Pandora, Tune In and I-Heart apps loaded on my Kindle. I-Heart Radio being my favorite, until I came across Slacker. I listen to 80's music, both pop and rock and I ",1

The sounds are good still learning how to tune the channels other than that it is a good site. Will work with it more and really enjoy it.,1

"Slacker is great, I use it all of the time but this update is terrible. An older version was preinstalled on my phone and I finally got tired of the pop-up about an available upgrade so i did it. I started regretting it almost immediately. This new ver",0

I love slacker. I love to play Christian music and they have it. I have slacker on three gadgets. I have the unpaid version so hear a commercial for slacker once in a while but that is ok with me.,1

this is great for my husband love this so cool all his music and well mine also. so many different kinds of music he will love this.,1

"I couldn't enjoy the music for all messages to sign up for e- mail. Ever time I tried it turned me down. If I really need this app. I would forgive you, so now I will go back panel. You idiots. You don't deserve the 1 star but, yes 1 star. If you want ",0

I love Slacker Radio! More variety and a LOT LESS repetition than the other internet radio app. Slacker Radio rocks!,1

"I know this is a rather long review of Slacker, but it will pretty much tell you all about it.I've been using Slacker Radio free on my smartphone for a few months. I upgraded to Premium for the 10.00 a month a couple months ago. I have NEVER paid for rad",1

"I have used Slacker with my computer, but I could not get it to function on my Kindle. It seemed to install just fine, but then doesn't respond when I open the app.",0

"I listen to it almost daily. There is a wide variety of stations. I first used Slacker on AOL and was ecstatic to see available for my Kindle. Also, it doesn't time you out the way Pandora does - although, I use Pandora, too.",1

"I love this app, due to the fact that you can totally customize this channel to your exact choices and likes..",1

"This is definitely one of the better music streaming sites out there. Although Spotify is the best in the US in my opinion, when you travel, it doesn't work sometimes, so Slacker is a more reliable option. Slacker has a great library of music and it all ",1
 waaaaay too many ads and you cant do anything without it telling you to upgrade! disappointed in the way this promises more than it gives:(,0
 "HTC EVO user here and two-years+ Slacker subscriber. Their license agreements with record labels makes the available selection for artists far better than Pand*ra. The Android app isn't any different than the web interface, which is easy to use and pleas",1
 I dont listen to anything else slacker radio personalized stations are awesome while mixing older songs and new ones from your favorite bands,1
 "love all the choices, depending on your mood, they have the music for you.so glad i got to know slacker radio",1
 The playlists for each station are pretty nice. It seems to do a better job of finding songs with the same vibe to them as your selected artist than most radio apps. The commercial interruptions are not that frequent or obnoxious. I personally use this a,1
 I believe the rating says it all. Free music of all types and really easy to use. The only drawback is that you must have the internet to use.,1
 Oh I'm having such a dance and sing off listening to this wonderful musical entertainment. Being able to listen to all kinds of music both old and new is amazing and so Crystal clear. I love love love it!!!! :),1
 "I've heard this is a useful tool, but app will not work on the kindle fire. Would love to use this.",0
 Completely solved my problem with being to accept credit/debit cards for my small business without having to purchase another electronic device. This is the only processor compatible with Kindle Fire.,1
 "If you are considering using this service by Intuit, please read the Eula carefully for what little it's worth. Do your due diligence. Search online for ""TurboTax C-Dilla"" (and ""TurboTax 2009's Fraudulent Consent"" and ""Intuit apology"" as well) - read how",0
 "The app came to Android on July 31, 2011. Most of these reviews are before that and most are from June 16th. Some of the reviews mention iPhone or iPad. So most of these reviews are not for this exact product. Also many reviews are not written like n",0
 "Even if you do not have the card reader (mine does not read well), I use this app. I can input the credit card information by hand, have a customer sign my phone for the payment, and send a receipt by email or text - or both! I can put a memo for the pay",1
 "Use it when ever I process a credit card... User friendly, quick and hassle free. Could not ask for more",1
 This app was a waste of a dollar and that's pretty hard to waste nowadays!!Can't even watch the movie just tells you about them...so lame!,0
 This would be the worst offer ever made on Amazon. It does nothing but give a description of the movies. You cannot access any to see. Even though it cost only 99c it was robbery,0
 "I purchased this app with the understanding that you can watch these100 most.....WRONG, WRONG, WRONG!!! You could watch them if you go rent or purchase them from another source, not from this app though. Just a reference list of movies & the actors/",0
 "OMGosh, I am very nostalgic and this app fills the bill for taking you back to those teenage years, when most of these movies scared the daylights out of me. diana",1
 "Dont really like the movies available...wish I wouldn't have downloaded it. Probably won't use it do to the kind of movies that are offered",1
 This is not at all what I expected. I deleted it as soon as I opened tha app on my Kindle.,0
 This is not movies to watch. :(May I have back credits. I removed it in about three minutes. THANK YOU.,0
 "I thought these were going to be viewable movies, its not, just a list of movies to watch. Was not what I thought I was getting",0
 i cant get the damm thing to work i would love it if it worked please help cause i would love to purchase it but it does not work.,0
 "I didn't know the purpose..was it to tell us the top movies to watch?, show the movies to us? WHAT?",0
 So disappointed definitely a waste of time and money! This is only a list of movies to watch. You don't get to watch any of them!!!! Only give it a one star because I couldn't give it any less . Please don't waste your money on this!!!!,0
 "JUST USE ""AMAZON TEST DRIVE"" it's great. because its an app of information you don't even have to pay for it....THANK YOU ""AMAZON TEST DRIVE""!!!!",1
 "This is just a listing of movies with descriptions - not even a movie trailer. There is nothing here you couldn't find on the internet for free. I thought it might have some old movies like some other apps I have like ""Movie Vault - Classic Films"" (\$1.9",0
 This has to be the best one I have ever downloaded. It has a password protection on it which I love that about this one and its easy to use.,1
 I love this app its easy to use great display lots of log options I wish it would do the temperature chart from cycle to cycle not month to month,1
 I was not expecting to find an application like this one. It is so nice to have a calendar that is

specifically for feminine issues. It helps track your time and symptoms. You won't regret this free purchase.,1

I first got this because my period had started being irregular and I needed a little help figuring out the patterns and determining when my next period was going to start. I've been using this for months now and it really has helped a lot. Even when I ac,1

i have to take medication on some days of my cycle this has helped me keep track of it and helps me show my doc no papers to keep up with and loose,1

it is so* freaking addictive and fun I just have so funnnn(:every time I start playing it I cant put it down because that's how detemimened I am to get an even higher score,1

it todally does not work don't waist your time trying to get it to woe it is horrible don't get it. it is a waist of time,0

its so much fun i love to play it so so so so so so fun when im board i will play this game,1

This is a really fun game if your bored get this game u can play it for a long time and its like their isn't a bottom to the board,1

"It is really boring and a waste of time perfect for people without a life, DON'T GET THIS GAME IT'S BORING.",0

BORING!!! i hate this game so much. it is soo boring!! i understand it gwts faster and faster but still. it is way to simple,0

"This app is waaaaaaaay too easy. If there were levels or something else, it would be OK, but still don't get it. most boring app on kindle. TERRIBLE!!!! Don't get it if your friend pays you. Yeah, it's that bad.",0

its fun at first but then it gets super boring. its really easy too it ttakkes no skill at all. if you're good at tilting the screen then you'll be fine.,0

Played for a total of 2 minutes. I can't see how it could of gotten 3 stars. It is not worth downloading even as a free app.,0

wone tim I wus lik haveig a talnt sho an this musician lik did a magik trik lik with eggs I likd him butt he died cus he didn't win cus,0

"whenever I'm bord I play this game iv gone to level 275 already Iv played it for 4 months already but its your decision,id get it",1

"This game is slow to respond and boring, and had an ad I would not want my children to see, so I installed it in record time.",0

whoever rates this 1 star didn't read the descry dug it never ends you idiot and my 2 year old sis loves to play this thanks for making the great app!,1

"Best game EVER!!! Ya know, when i started it, i didnt know how to play and was like DELETE! But i figured it out, and i loved it! Great job Team 5 Soft.",1

Sorry but this game is a real bust. It doesn't even qualify being called a game. A game should at least be fun and/or challenging. This is neither… plus it's really poor quality.,0

"Basically you need to make sure the little ball doesn't reach the top. It is fun, and easy for my 3 year old. he doesn't get frustrated with it. We put the settings so that he can tilt the kindle fire instead of touching the sides.",1

"There's always something to say about keeping things simple. However, this time it's not a good thing.This game is so basic that it gets very old very fast. It doesn't help either that the world always scrolls by at the same rate, and the score creeps up",0

"Yes,I have this app and it's sooo fun :D It does work..I played it hundreds of times,it is so addicting.Oh and btw its FREE people...GET IT :P",1

amazing game this game is fun and addicting. buehdudbibhubxjb dh d Neil ti xhm dbjncbxbhx guxguxbxhchhd hdbhdub y y y y y ddy y _ _ ybd y,1

Okay so I actually haven't played this game yet Cu's its still loading but every time I write one it sends it to my dads email and I wanted to say I love him so much! Hi dad. I thought this would be easier than snailing you so hi ! I love you!!!!!!! Se,1

"This a very fun game to pull out when you're bored. To be redundant, it is extremely addictive. I absolutely love fall down. :) I have to keep it from my friends or I won't get my kindle back for hours.",1

pretty fun app free an only ½ a megabyte.was is not to like!thank you for reading this review!!,1

I'm addictedto this game and all y'all haters are trippin! y'all can find some other game to rate bad cuz this game is funnnnn! I love it!,1

Now this one will make people think you are nuts! ever wonder what every one is doing when they are holding their android app things up and tilting them side to side/ Well now you know! Keep the ball from getting crushed at the top...and the more you get,1

I really suggest you getting this game it is really fun even though you just tilt back. And fourth it is just really fun. DOWNLOAD AND PLAY NOW!!!!!!!!!!!!,1

I have this game on my ipod touch and when I saw it on kindle I was so excited!!! I love it!! please get!!,1

It is a very bad game. Only fun if your soooo bored that you are desperate. Probably more for little kids less for older kids and adults. They didn't make it very good. Presents no challenge.,0

if you have nothing nice te type don't type anything at all you meanies why did you get this app if you said it was boring you should have read the thing that tells you about the app then you

81/683

until I noticed that the app stimulation was jerky, and didn't run smoothly. Overall I was very disappointed",0

"i know this is probably stupid, but just by looming at the screen i can tell it is not the best game. it looks boring too. and it is",0

I think you should really get this app because its really cool and fun. its really really good and educationally so try it you'll like it truss me.,1

oh my goodness this app suuuuuuuuuuuckssss!!!! the device does the game for you. do not get- do not get this horrid app!,0

"notice how all the three and under stars have horrible vocabulary, like good bad and ok? well how about words like almost wonderful, horrible, and not horrible but not exquisite? - btw. I always get 100% on all my tests at school",1

Hate it. Needs no skill to play. Where are the obstacles? Does the speed ever change? Does it get harder? No options?,0

awesome wowoeowowowowowows I luves. it hahamy brother I hats hate more than anything in the world n I don't,1

This game is extremely addicting!!! I fell in love with it!!! Omg for a free game. AWESOME!! 20 characters yet?,1

I'm so tired of just sitting there.All thee is is just stupid stuff and your just going back and fourth.BORING,0

"Addictive and fun games. As with most games, attention span for me is one week. And then I play once in a while. This game needs no manual, no reference cheat sheets. so I like the fact that this is simple and clean. My daughter enjoys it too.",1

this game doesn't have any fun to it. I mean I got bored in just a second. They also need to make the levels shorter. I would not recomemd this game to anyone who likes REAL fun.,0

"The controls didn't work right on my galaxy tab, it acted like it was always tilted one way and wouldn't go the other way. Frustrating to say the least. otherwise it seems ok.",0

I mean mantel it shut down my kindle and I had to wait for the battery to run down but most of the time it also,1

I am giving this game five stars because everyone that has written a review can not spell for crap. Which means this game might be above their intelligence.,1

Worst game I have ever played. Wast of time the ball falls super slow and the levels are freakishly long.,0

ewwwwww this game is awful. It put me to sleep. donor buy this lame exuse they call a game read the comments this game ducks.,0

Sometimes it is nice to have an app where no thinking is required and anyone from the very young to the very old can play,1

I loved it on my old ipod but unfortunately. it broke but then I got my kindle and Mt favorite game ever!!!!!!!,1

this game sucks so bad all you do is tilt it sometimes the tilt does not even work this game isn't worth your time,0

I at first thought when I first saw the pictures of this game it was going to be one of those cheesy old time arcade games. but when I played it I fell in love with it. plz do get this app.,1

when ever I go it always makes me force close the app and I cant play the app at all I try downloading again and it still doesn't work when I download the app again,0

"I first looked at the app reviews and one of them asked why it had four stars because they thought it was terrible.Then I saw a lot of other reviews about it being the best app ever, so I wasn't really sure what to expect. Anyway, the app is fun and is ",1

"A very nice little draw/paint program. Even has an undo button, unlike a lot of free drawing programs.A good selection of brushes.If you want a nice little doodling program then give this a try.It would help if those who review Android apps would indicat",1

"It was an ok drawing app until it froze the background color. It has the basic brush types (round, square, spray etc.) You can choose colors and sizes for your brush. However, when I tried to change the background color it froze on the third color choi",0

Even the kids have a good time with this one no matter how old they are. Take it to appointments with you. I guarentee you won'thave to wait. When ever you have something to do and aren't bored it seems like they take you in right away. Try it.,1

this is agreat game i find myself stuck to it awesome its a great time saver i love it don't hate on this app,1

When I tried it the first time I thought it is not hard so I was on the part where you have to press red white blue and green I pressed the colored letters and I lost but then I tried it a different yai and still did not work so I stopped playing this ga,0

I dislike this app because it is not very funny. It's not even to see if you are smart. I think any app would be better than this. Now you know why it's FREE.,0

"got past first level and then got stuck! no matter what I do, it doesn't let me past that question! don't waste time or memory on this thing! :/HOPEFULLY THIS WAS HELPFUL",0

this game is so stupid! if u bother to get this.. u will regret it and delete. so don't get it and save 20 mins of your life.,0

"I only got this because I didn't want to spend money for the moron test. The game has almost all of the same questions as the Moron test, and it looks like these people did this on word 1997

there are no pictures or any background its just unapealing. Th",0
 I completed the game but it was very challenging. A game like this deserves 5 stars even though it was short.,1
 when I read the reviews I thought that cant be that bad but it is so don't get but nobody is going to stop you,0
 after the 6:45 clock don't press the arrow that says checkpoint instead look for the next written to the side of the screen in small letters press that and you go on to the next question which is not a repeat question I hope this was helpful,1
 This game is not fun at all!!!! After about 10 questions this was uninstalled. I think the Moron test is way better. I would rate this a zero if I could. Boringest game EVER!!!!!!,,0
 I finished the app so I know what to do. At the white screen were it says FINISH. Press it. I know it says that u failed but it's a trick. On the right hand corner in red but really tiny it says FINISH.then u have finished the game. YOUR WELCOME,1
 "This seems like its supposed to be good but its soooooooo not. pathetic copyoff of moron test (which is actually good. moron test, that is)",0
 The game is the same every time. There's 4 or 5 questions that you have to answer. You loose every time. I know this because me and my sister did a test on it.,0
 I was playing this app and I accidently hit back and it made me restart so I did but then it kept saying I got the Answer wrong when I gave the same answer as before.Bad app. and as said before copy of Morin test.,0
 okay I know this might be really stupid and I am a loser soooo the first stupid question kept on calling me a loser. I HATE THIS GAME SSSSSO00000 MUCH!!!!!!,,0
 "I enjoy this app and i have no idea why so many people cannot figure it out. Yes, it takes some OBSERVATION of every screen you meet and maybe some patience, it is still possible to beat the game if you are smart enough. It will call you a dummy until yo",1
 It's. horrible! I didn't get it Cu's I read that it was a total ripoff. it's a copycat and boring game!! just remember that u not a moron or idiot or a loser cuz that game is a total lie and copier justso u no!!!!,,0
 THIS GAME SUCKS. ITS JUST A COPYCAT OR THE MORON AND STUPID TESTS. DON'T BUY IT ITS JUST A WASTE OF YOUR KINDLE SPACE,0
 How do the finish to finish is when it says loser there's a finish in the corner you wok n lol,1
 I played it until I got to the press number six page I couldn't get it it's also a copy of the first game the Moran test and the stupid test also its calls you loser if you fail! Deleted it with a hour of use. Do not get this app,0
 So cool and funny is like your in funny town my life is so cool with this thing us ha,1
 this app is fun if you have nothing to do. i have beat this app so i decided to test my friends! this app will get you hooked and you wont want to stop until you beat it.,1
 this app is plain and a rip off of the moron test it just looks like something a child made AWFUL APP DO NOT DOWNLOAD UNLESS YOU LIKE STUPID GAMES thank you,0
 "The game is interesting.... for five minutes. Then, you get a question wrong, it says " LOSER! YOU FAIL!" and then you have to start over. And when I say start over, I don't mean start the level over. I mean THE WHOLE GAME! then, you have to do",0
 This WIDGET is all I need.....).
 Get it it is a widget and not an ape I hope all the people that complain of not opening know how to operate a smart phone,1
 I use this app every day. It's a very convenient app since I keep it on my desktop. I highly recommend it.,1
 "This app did nothing for me. In fact, i deleted it pretty soon after installing it. Sorry to the developer that i can't say anything positive.",0
 "I got this because the icon says 76%, not rounded to the lower tenth, however the widget only shows remaining life in increments of ten. Very misleading.",0
 I keep the icon on my main home screen so I can easily control GPS and WIFI. Also shows what apps and tasks use the most battery.,1
 does exactly what it claims and is far more accurate than stock battery icon in the corner (galaxy tab). often my stock battery icon will show full battery all the way down to 80% or so but this shows you how much you actually have.,1
 "This does what it promises to do and is a simple and small widget. Not sure why all the haters gotta hate, if you don't like the permissions then don't load the app. It works just fine for me!",1
 "Installed it so i could have a visual as well as a numerical display of remaining battery but it doesn't refresh, i plugged my phone up to the charger and completely charged it but the widget showed it was still charging and only at 56%, uninstall lg est",0
 I know you can dig around in settings to find out the amount of battery remaining and what is using up your power. But to know your usage at a quick glance is beneficial. This does not tell you what is using up your power but will give you a snapshot of ,1
 Just what i needed. i dont know why there is no option to display battery life percentage on the Android os. the little green battery that changes to orange isnt very useful,1
 I've used this app in my last two smart phones. These new Smart phones take so much power and most times need recharging befor the end of the day. This app keeps you up to date on the battery

status. Recommend to all.,1
why does a battery indicator require my gps location how crazy is this bull crap if you think about it.,0
This is the first app I've ever downloaded that I wasn't able to open in the year that I've had this phone. Lame. HTC Incredible 2.2 Froyo.,0
"not only does this application not work, but it occludes important safety issues surrounding xray use from the public, which is a real travesty. this app should be removed from the app store",0
SHOWED THESE TO FRIENDS MOST OF THEM GOT FOOLED BUT ONE ***** GUY CAUGHT THE TRICK LOL NICE FOOLIN APP.,1
Did you even look at the description? "Prank" and "joke" doesn't make sense to you? Let me know when you decide to go back to kindergarten and learn to read.,0
This was not as good as it appeared. A waste of my time to download and navigate. I deleted it as soon as I got it.,0
I tried many ways to get it to work for me but it didnt. So I say that you should be careful getting it,0
Why does this game have two stars overall? It should have one it doesn't even move where u move it! Horrible game doesn't show my foot either!,0
This app doesn't let you scan yourself. It's an app to prank your friends. When I talked to the creator of this app he said that he wanted an app that lets you prank your friends with an X-Ray. I asked him why didn't he make an app that actually works by,0
Corny. Now I don't know how to uninstall it. Can someone help me please ? Kids might fool each other once with it.I really dont want this on my phone. How do I get it off? No uninstall button.,0
this app does nothing. it has no point and doesn't work. It is a waste of time and space! I recommend you don't get this app,0
"very poor quality, only 2 body parts to choose from. hard to scroll because of bad sensitivity to movement. needs work first then could be a three star app. evo 4g",0
"This is so lame I was pointing it at the ceiling then pressed left, and right foot,right hand, and left hand but it still showed the hand even though I wasn't pointing at it.",0
Should have listened to the other reviews. This is just plain dumb. I can understand it's meant as a joke and it can't actually xray. But it doesnt even pull that off properly. Any time u spend downloading is just time you will never get back and wis,0
I hate this app it's just a pic of a X-ray hand and that's it awful app :(awww man I have to keep writing done well bye,0
"When I tried to play it, it didn't even move. A waste of my space is all it is to me",0
"This app sucks OK so today is October 6 2013 Sunday and I broke my finger TuesdayOctober 1 and it still has not healed well it says my finger is perfectly fine. Oh and get this, xrayed my foot and it says there are three joints in my big toe m and I did ",0
Not even a real app to tell you the truth. Its not worth anyone's time.I would delete this app from my memory if i could thats how bad it is.,0
FYI we all read the description and we knew it was a prank app. I tried it on all my friends and NONE OF THEM FELL FOR IT. So yeah this app is defiantly not my favorite.,0
RIP OFF. Don't think it's gonna scan anything. All it does is let you look at the foot or the hand. And it's some other persons hand or foot. Ok well just dont get it,0
"This app is only for entertainment. Plus it is a waste of time for using your Amazon coins for silly reasons to scan FAKE prints. This may be for children like -4 but otherwise, it's still, don't waste Amazon coinsStay cool :D",0
well i haven't even tried it out yet but from all of yalls reviews i really don't know so wish me good luck!!!,0
"with all the bad reviews and having only one star, how can this possibly be in the top 100, let alone number 16. I don't get it.",0
what kind of a crap game is this it sucks big time man DO NOT GET THIS GAME!!!!!!? DEAD SERIOUS RETARDED. THIS DOESNT EVEN DESERVE ONE STAR,0
Guys you think It is stupid. Wow. It is to prank your friends I mean read the description. First read description you think you guys are so cool judging an app make a better one then if you think this one sucks,1
THIS app (says in the beginning)its an illusion not an actual xray scanner.also its for people to prank others and you can only pretend scan your right hand or left foot! talk about SUPER LAME..might wanna mention this application!!!,0
"Looks pretty fake, but it's actually kind of cool. More of a one time app. Not really going to go back to it much, since it's just a silly app.",1
This is horrible. The ads are so big you can't even play with it. The graphics are fuzzy. The calibration is a joke. Just a poor app. Even at free it is no good.,0
its pretty weak... the calibration is off and it is just a waste of time. won't entertain anyone at a party. unbelievable. just plain sucks.,0
IT DOES NOT WORK DO NOT WASTE YOUR MONEY WILL NOT SHOW U UR HAND WILL SHOW U A RANDOM X-RAY OF SOMEONE ELSE'S!!!!,0
"Unless I missed something, I don't find any practical use for this item except maybe have a laff or to.Not for me.",0

"This game Was not fast enough. Did not like it, so didn't play it. Nothing else to say on this subject.",0
 This isn't real and it really doesn't work so I say don't get this app it sucks like crap and I thought it would actually work,0
 i loaded it and pranked my geniuous son even. i am going to have fun with this one. takes about 5 mins of practice to mater all the tilting. i did it zig zaging like i was scanning. I even yelled yo hold still. lol,1
 Pointless. Not realistic at all. Nothing good to say about this one. I guess you have to be into this sort of thing.,0
 My kids love it. It is fun to play with. It would be better if it had kid size on it.,1
 This is the worst app ever all that you can do is scan your right foot or your right hand. I don't even think that was my hand. :(:(:(:(,0
 I just got this as interest.. it didn't last long and just wasnt that cool to play with so it is gone,0
 I tried to scan my hand and it is fake and my foot but it won't let me so I can scan my hand,0
 This app is a total waste of your time. The free version sucks just like the one for \$.99. It's a rip off take my advice and don't waste your time,0
 It was horrible my 5 yr. old brother knew it was fake from the beginning...it moves.on its own I don't recommend.it,0
 I hate this app it the worst one in the world I wish I could remove it from all you good peaple it SSSSSUUUUUUUCCCCCKKKKKKSSSSSS!!!!!!!!!!!!,0
 It sucks. How do you scan your hand? All it has is a picture of a hand and tilt it. Deleting it now. Never download it. It sucks.,0
 not worth downloadin. simple crap and not gonna convience your friends. doesnt show whole as shown photo. doesnt do as descibed. removd app within a minute from downloading,0
 "it is a prank app that half the time you cant get into. DO NOT BUY, IT IS A WASTE OF STORAGE!!!!!!!!!!!!!!!!!!!!",0
 "was stupid and didn't work, my son downloaded this to try and he didn't even like it so we uninstalled it",0
 Not a X-ray A Scanner Just A Picture Of A Skeleton Hand With You Tilting Your Device Diffrent Ways To See More Of It Not Ya Hand In fact My Kindle Fire's Camra Was Looking At My Face It's A Rip Off Even Tho It's Free Because It Takes Up Space The Bought ,0
 "Downloaded for a laugh, didn't think it would actually work (it doesn't, app even tells you on startup that its not real, which is fine). The problem is the calibration on the thing is off, I was tilting my phone all over the place and nothing was workin",0
 This game is boring and I don't recommend that you get this game. This game is super LAME!!!!!!!!!!!!!!!!!!!! Don't get this game!!!!!!!!!!!!!!!!!!!!!!!!Love Victoria,0
 "slow startup, then once you select your options, the screen goes black and locked my phone up! had to remove battery. not a well written app.",0
 Dude its prank duuuuhh read the description before u get this its good app to prank your friends ha ha ha ha aha ahaahaa yah its good,1
 this is the best old time radio app with approximately a thousand classic radio programs. This is a free app that contains everything a paid app would be.,1
 "This has some of the coolest old time radio programs in it. There are programs from comedy, drama, western, mystery and much more...to many to write about. Get "OLD TIME RADIO PLAYER"; you'll enjoy it.",1
 "A must have for fans of Old Time Radio programming. I use this every day. The Shadow, Jack Benny and much more.",1
 i barely remember the end of this kind of radio. But great see someone has collected so much of it in one place \n\nA srep between book and video were imagination is greatly in play vs video you are just shown someone elses conception with no real need ,1
 "I love old radio shows. This app is a total wish-list complete. All of my favorites! Sound quality is perfect, great for what it is. I'll be listening to these shows while I'm on the treadmill. Thank you!!",1
 "My family loves listening to the old radio shows! I explain to the kids that before TV, this was the entertainment. It'a a great app - some shows are a bit hard to hear, but it's only a few shows, so I think it's a matter of the original content not be",1
 "My husband and I sat down and couldn't believe we could enjoy George Burns & Gracie Allen, Don Ameche, Frances Langford, Abbott and Costello and so many other famous radio personalities. It really was like going back in time and sitting around the radio",1
 "This is such a great and easy way to listen to the old radio programs. If you have grandparents, they will love this app. It has tons of old radio shows. It includes The Lone Ranger and Dragnet. It even includes the original War Of The Worlds radio show",1
 "This is one of the best apps for the Android Velocity Cruz T301 Tablet, and it's free! :p I've never heard Amos and Andy, Jack Benny, etc. and all of the shows they had on the radio before television was invented. :)",1
 Love this app. It has so many shows to listen to and great quality in sound. All very original. I love CBS MYSTERY THEATER the best.,1
 "look if you're going to download this app you better like old time radio stories. people

voting one star because they think these kinds of stories are lame have no business downloading let alone reviewing this app. that said, this is a very easy to ",1

I'm only 34 but growing up in my house we weren't allowed to have t.v.s in or rooms. my dad had a bunch of cassettes of old radio shows. so that was my entertainment in my room before I fell asleep. this app brings it all back. I just hope they,1

I love these shows. This is when radio was king and the imagination was unbridled. If only we had some of these shows more often today...,1

"I like to listen to Old Time Radio, detectives, mystery, suspense, adventure, sci-fi and westerns. This one does it all and unlike the Old Time Detectives app, you don't have to listen to Adam at the start and end of each episode. Plus this app has a p",1

I had this app on my phone and loved it but it doesn't work on kindle fire hd. If they fixed it I would give 5 stars. It doesn't even open.,0

"Old time AM only radio was all we had when I was a little kid, and I sure appreciated it at the time. For me, this App is a time machine. Now I can look back, and my memories come back along with the happy feelings I had then. But the pleasure doesn't",1

"I've had Sirius for years solely because of Radio Classics. My only complaint was cost and having to listen to the shows I didn't like. With this app, I not only get to the show I want immediately, but also the episode. Woohoo!",1

I really enjoy go in back in time when things were much simpler and the shows were a lot cleaner in humor.,1

"Old Time Radio Player is great! She asked me what we had if we didn't have television? Now she knows we listened to the radio. My mother fell in love with it but because she has an older model and different model, (Nook) she can't download it. I remember",1

All the golden oldies of radio are here-any you could want. I made a few new discoveries that I'd never heard of.,1

"This app has lots of programs and I really liked it, BUT it kept stopping and I uninstalled and reinstalled several times until I just gave up. The variety of programs and sound quality was good in my view, but it was just too aggravating & frustrating ",0

The Shadow Knows! My sister and I used to listen to the radio show as well as read the plays together and this app just brings back so many fond memories. Thank you!!!,1

"I love, love, live this app. I started listening to old radio shows on serious xm & got hooked. Now I have this app on every devise I own so I can listen any time I want too. Thanks for making it available!!",1

"There is a multitude of programs to choose from. Sound quality varies from 'I think I heard a word in the static ' to 'Are they in the next room? '. Given the age of the programs, that 's expected. Visual quality also varies considerably, depending on",1

"This app is like a time machine for you phone, turning your device into one of those large, old-time radios from back in the forties. Even the old commercials send you into the era. Ah, life was simpler then!",1

This app is great on a Kindle Fire! It works pefectly and it does stay on while you do other things and while the Kindle Fire sleeps.,1

I enjoy a lot of these radio programs from my youth...before TV they were familiar evening fare. Lots of fun.,1

I enjoy listening to OTR shows and this app brings it all back for your enjoyment.Now if there was a Prairie Home Companion app I'd be set.,1

as kids in the 80s my siblings and I would sit by the radio with our dad and listen to these shows when they were rebroadcast on a local Los Angeles station. sadly the station quit airing Mystery theatre several years ago.it's great to have the collectio,1

"This app is simple, easy to use, and provides excellent service. I cannot recommend any app higher. Using this app almost daily, I'm relieved to experience such qualities as feed presumption, pause and scan controls, reliable menus, highlighted last play",1

"My parents held off on purchasing a TV until the late 50's, so I grew up listening to many of these radio programs. Great nostalgia here...like old times. Good choices of programs on this app. You can listen and be doing other activities. Can't do th",1

hi I'm going to be voyager on the radio in talk shoe so please check me out soon its more for country people and pop so if you like that or your younger or you need advice check me out on skype without video chat first caller gets a free j 14 magazine,1

I was glad to find this for the Kindle. I love the old time radio shows from my parents were kids and in their 20's and 30's. Most of those old radio shows are in the public domain so can be downloaded for free and can be listened to for free. And thi,1

This brings back a lot of the true pioneers of entertainment. They had to do it with their voices instead of fancy costumes and makeup. Truly an app for those who enjoy great entertainment!!!!\n,1

"This is a great app! I love the old time radio shows. Easy to use; great for car trips. I do wish it would allow for downloads of complete programs, because one of my monthly trips takes me through an area with no cell reception.",1

"If you like old radio, this is a good app. It's apparently updated sometimes. I'm glad I had it on my Kindle when my eyes went bad (allergies, pink eye, eye strain and lack of sleep meant four days not able to watch tv or read). It's also a great break f",1

I love this app! A lot of times I don't have time to watch tv and also there is a lot of time

that I don't want to watch tv because there isn't any thing interesting on to watch. Old Time Radio Player is the answer to good entertainment when you want s,1

"You love old time radio?. Me too!.. Dad used to put on the scarry stuff late sunday night with all the lights out, then let our minds go to work on use, lol.. This is another "Must Have"; and if you want more, it's all we have!!.. I only review",1

It's free. No membership needed (i.e. Xm radio) I love the classics. I just wished there wasn't so much "static"on some of them.,1

"Love the old shows. Everything I remember, Lone Ranger, Dimension X, Mystery Theaters. Old yes, sound effects corney yes, but the theater of the mind is the best. Loads quick, plays without interruptions.",1

"If you remember listening to these stories on the radio (for older people), They seem fresh again. Yes, they are a lot hokey now, but they are entertaining. Sure a long way from HD TV and the Internet that we have now, but still enjoyable. Did people ",1

"This is a fun app to listen to while working on other things. It brings back good memories, which we need now of days!",1

"I really can't say enough about this app. There are hundreds of old radio shows to listen to. I've heard episodes of Gunsmoke, The Shadow, Superman, as well as others. Dramas. Comedies. Mysteries. Programs from the thirties through the fifties. Kids do n",1

This app has been a great addition to my Droid X2. I love listening to all of the old radio shows and it is something that both my father and son enjoy listening to! This is a great way to bring more than one generation together for some fun!,1

I love this app. my kids sit entranced listening to the shadow. and superman. this IS a captivating and lovely app.,1

"I grew up with these radio shows. I really do enjoy them. I listen to them on the radio every Sunday, now I can listen whenever I want. Lots and lots of shows to choose from.",1

I like the old time radio programs and one of my all time favorites is Abbott and Costello. I especially enjoyed the who's on first routine. You can also hear great radio recordings by Jack Benny as well as Burns and Allen. This app is great people tha,1

"Listened to one of the Dragnet radio episodes. Heard Harry Morgan play the bad guy. So cool, so many old shows. What a great app!!!",1

"I have loved the old time radio ever since I was a kid even though these shows were about 40-50 years old when I was born. I would love to see more shows but the ones that they have are wonderful, I only wish that I could put some shows into cash so I c",1

"I used to enjoy the CBS Mystery Theater. This app is wonderful, brings back memories. I also like the wide selection of broadcasts. As others have indicated, occasionally it would stop playing. Don't know if it's an Android problem or what but would ",1

"This takes me back to when I was a kid and used to listen to old radio shows with Dad, and it's nice to hear the old stuff when life was so much simpler. Definately recommend for us oldsters.",1

I don't know if for everyone. I loved it. Its old school radio listening. When shows were on the radio not TV.,1

This app really surprised me. Being that the app was free I was skeptical. Let me just say if you love nostalgia then get this app! I have the Samsung Infuse and had no problem with the set up.,1

"One of my favorite things to do on road trips is to fire up the Old Time Radio station on XM and listen to the old serials while the miles click away. Now I can listen to most of those shows whenever I want - at work, during power outages, or just one la",1

"I am very happy to have just found this. I fell in love with X Minus One a few years ago, and this will be much more convenient than downloading episodes, or streaming them from Archive.org. Only problem thus far is that I haven't seen a way to get ",1

"this app harkens back to any earlier time when entertainment wasn't video centric. back in the days of buggs bunny, little orphan Annie & such you didn't just have to look good you had to be able to act! because much like Hugo Weaving you had to conv",1

"This has to be one of the most original apps ever. Always wondered what it was like to only have a radio for entertainment, like the good old days. Now I know and it's super-cool. Thanks Devs! Easy-5 stars!",1

"I grew up during the radio age and this is a great way to relive the great days of old time radio. There are hundreds of comedies, dramas, detective shows, etc. Needs wifi internet access. One of my favorite apps.",1

"The Shadow? Jack Benny? Count me in! I love the old-time feel... works great. MOAR APPS LIEK THIS, AMERZAHN! Great Freeware!",1

The most cherished memories is being with my unforgettable Irish Grandma...after listening to the Whistler she would whistle around the corner. I still love the "Inner Sanctom"...Yukon king..etc...I finally can have a part of those memories back,1

"I love these program. Jimmy Stewart as disjointed. have gun will travel. sick Powell as Johnny diamond. these are stars from when I was a kid. philosophy Vance, the shadow. fantastic really truly fantastic",1

"I love having access to all of these shows, especially the Sherlock Holmes episodes. I love to listen to them while driving. Thanks for a great app!",1

Fun to listen to! It's just like listening on the radio. It definitely brings back memories! A very entertaining diversion.,1

Had this on my phone and was very happy to find it on the Kindle. The 5 minute mysteries are great for when I don't have a lot of time and there are many genres to pick from. Highly recommend!,1

"I listen to old time radio on XM and when I found this, I really liked it. It is simple to navigate and understand. Thank you so much for providing this.",1

"I currently listen to the Old Time Radio channel on my XM Satellite player and love it. This app helps fill the gaps in between, when I'm away from my XM player. I really enjoy being able to pick the shows I want to listen to. There are hundreds of shows",1

Great stories!,1

this is a good app but on the droid x the app will not show on the running app's list at the top of the screen when it is running. If you are listening to a show and click on the home button the app will keep playing but you have to relaunch the app fro,1

"get ready to return to your childhood...no television, no smartphones...listen and see in your minds eye all the hero and good time people that made you laugh when you were a kid. over seventy different radio shows to keep you entertained and rocking in",1

"This app is a really neat idea. I enjoy listening to these stories again and sharing them with my kids, who normally wouldn't have had an opportunity to experience them! Great app and great idea!",1

"I found this app by accident and I love it. There are so many older stories and you can choose mystery, drama, and more for your story. This app is a winner. Longest story I found was 45 minuets and in 3 parts. Some are less time.",1

I am a big fan of Radio Classics if you want to relive the good old days of (in my case) your grandparents what entertained them before television or where some of those old tv show first came about take a listen to this. There are old favorites such as ,1

"I am sooo enjoying this app! There is a wide selection of genres and the sound is fantastic! I will put it on, listen to Groucho while I play solitaire or look through photos. Really love it!",1

My parents always talk about show that they listen to when that were kids. When I read in the book kindle for dummies about this app I down loaded it . I finally hear the shadow knows that my parents talked about. I recommend this app.,1

"This app is a must. Nothing else to say. You can go on line to OTRResearchers and get all the stuff you want for free, but this app does the same for the Kindle.",1

"I love this the choices are great, drama, comedy film reenactments(lux radio theatre).It is great to have on when you are cleaning and the TV would be too distracting. The Crime dramas are really fun and the authentic old advertisements are a hoot!",1

the only thing i miss about XM Radio is the old time radio shows. Now I have them on demand! thank you!,1

"Great app, but do you think you can make all the shows still play without wifi being on? Sometimes it gets frustrating when the wifi cuts off and it's in the middle of a good show. Other than that, love it.",1

"I really enjoy having these programs easily available while waiting at various malls and stores. Nice interface and while I have thousand of shows on my computer, I don't have to take up space on my mini-tablet to store them. Works great never crashes.",1

best app ever for kindle fire. I really love this. couldn't be any easier you just select the radio show you want to.listen too and click on the microphone.easy as pie!!!,1

"love this, got the whole series of Mystery theater. Listen every night as I fall asleep. Some are a little grainy but still enjoyable.",1

"These old shows are terrific. Better than most of the nonsense that's on TV today. As a side note, the app works great.",1

Have XM radio in the car while driving. Usually miss the ending. But with this I get the whole show while I relaxing and taking a shower..This is the best app I've ever had. Use while waiting for the doc and last week me and the doc listened to Dragnet. ,1

"I am not that old to remember these times but listening to how Abbott and Costello and Burns & Allen did this is great! Technology has taken us far away from this, I am glad it is able to bring it back. I enjoy this at night before I go to bed.",1

this is awesome!! I listened to a whole thing of abbot and costello and I was just so happy to be able to listen to old time radio like that!,1

"I really enjoy listening to My Friend Irma and other shows. I didn't grow up in the days of radio programs, but I find radio programming to be comforting. The programs are very clear and there are plenty from which to choose.",1

"I love this App.I love to listen to the radio shows when I go to bed,it helps me sleep.No eye strain,just relax and listen.",1

"It is like old tapes of radio shows. I like the comedy ones, but its fun and neat check it out. its free so",1

"I'm an old time radio fan and if you have an interest, then this app is for you. App has a fine collection and how could you pass on an app that the Devs are gracious enough to offer at no charge? Which by the way I would like to extend a " Thank ",1

"I have over 1400 shows on my computer as mp3's. What a treat to have10,000 of them on my phone anytime. These stories are great for long drives. Easy to use & fun. HTC evo",1

"Having grown up with Old Time Radio and having spent 22 years directing and producing the Rochester Radio Theatre Guild in replicating old radio programs, I find this a most valuable source of listening with more choices for programs than I will ever be ",1
 I CANT WAIT TO HEAR ALL THE OLD GREAT RADIO SHOWS.THIS IS THE BEST APP I HAVE FOUND.IT BRINGS BACK SO MANY MEMORIES OF SITTING IN FRONT OF THE RADIO WITH MY PARENTS.,1
 Such a treasure of an app found amongst so much mediocrity.. Thanks so much for taking me back to remind me of such a treat.,1
 "Not only do I remember old radio shows from when I was a little kid, I love radio even now. There were many programs that brought laughs, or scared me. My grandchildren even love the old comedies...particularly Jack Benny, Ozzie and Harriet, My Favorit",1
 A really good compiliation of old nostalgic programs. Will enjoy it for many weeks to come. Good choice in aps.,1
 I am always on the look out for old time radio on Cd. thank you for having this app!! I am in heaven listening to this.,1
 Lot of great radio programming to occupy your free time with. The sound is not the best for the Kindle fire without head phones (but this is an issue with the Kindle Fire and not this app). Wonderful stories to listen to while you are waiting for your na,1
 The beta version works but the app won't even load on a new 4G LTE Kindle. Tried uninstalling and reinstalling with same results.,0
 if you were a kid in the late 40s and 50s you will love this app as it will connect you to those old fashioned radio programs you will remember listening to on those long rides to and from grandmas house on all those sundays. great stuff with a great var,1
 "great free app, looking forward to getting my old radio geek on. haven't encountered any issues yet. thanks for the free entertainment",1
 "Do you love old time radio? Then you HAVE to have this. Huge variety of programming. Quality of sound varies, but my gawsh, some of these programs are from the late 1930s & '40s. What did you expect? Hubs & I listen every night to a different progra",1
 "This app is awesome. While I wish I could cache the files for seamless playback even in low- and no-signal areas, that is merely a mild annoyance. The available selection is great, the sound quality as good as you'll get for the source material, and",1
 I just don't get how it works I cant do any thing to it and it just doesn't work please don't get it...sucks,0
 "If you are looking for a great selection of old time radio programs, this is the one for you. I've never seen such an extensive list of shows, all categorized into genres so that it is easy for you to find your favorites! And easy to use! If it wasn't",1
 For years I have collected old time radio shows and this app is a big must have if you like old time radio. The audio is very good. Get it you won't be sorry!,1
 "This app is easy, fast and very entertaining.One of my favorite radio shows is ""The Bickerson's""*****HILARIOUS*****This is great clean enjoyment without the fear of filtering for offensive language for younger listeners.I was born before the 1970's and re",1
 This was such a great idea and it works perfectly! Its so wonderful to great the live broadcasts. Thank you!,1
 "Being a avid listener of old-time radio programs on XM Channel 82, I am happy this site is available as now I can listen when my XM isn't at hand.",1
 I love old movies and I really love old time radio shows. My parents told me a lot about the radio shows and they were not lying. Each episode comes thru crystal clear. What a way to kick back and relax.,1
 "The app works fine, It does what it is supposed to do, and that is to keep me informed of current events. Love it.",1
 It keeps me up to date on whats going on in the news. I recommend this app! Five star! Great!!!!!!!,1
 Ya I'm glad that I picked up this cool app CBS has really hit it off with a way to stay informed,1
 i love this app being able to watch TV while waiting in the car for someone. Great way to pass time.,1
 "All you need to know, when you need to know it. Watch cbs new in the morning evening and late at night.it i my station of choice",1
 "AS LONG AS ITS FREE ILL KEEP IT THATS THE GOOD THING ABOUT IT, ITS TOO BAD IF IT GOING TO COST ME",1
 Running this app is like having a TV in your hand. You can read the latest news stories or watch full motion videos of the latest events in the world. A great way to keep up on world events.,1
 CBS News is one of my "multiple times a day" websites that I access. Really nice to be able to have access on my Kindle Fire!,1
 my husband likes it. He's a news junkie and likes to check all the news sources for the most current updates.,1
 I chose this rating because I enjoy reading about the news. Now that I have the tablet. I can read the news at any time. As long as I am not driving. I would recommend both the tablet and app. to everyone that does not have one.,1
 It's a nice app to have. I wish there was an app for the CBS weather like I do have for my iPhone.,1

Good morning my love for you you are a lot lot of people people in the next few months ago later this week so I can do that that to you,1

"GREAT... love all the news casters and their stories of people doing great things, the round the world news is great too.",1

"This app downloaded fine, then just stopped working. Couldn't get it to work after another two tries. Why bother when there is the awesome AP (Associated Press) app?",0

If you like new like me you got to have this app. Everything on tv is at you fingers and more,1

"[[ASIN:B004SYNIJ4 CBS News] I love this! There are pages of headlines and pictures.... then if you want to read about the news, it is great! I think there is video on there also, but I just got it and was sampling it last night. If you live for news of a",1

"Now it is useless. Loved this app. Used it all the time. I am removing it. Are u in such a need of money from ads? Ads cover almost all of the page, impossible to read news. much worse than anoying. Shame!",0

"I love my CBS broadcast news. Don't get me wrong i also like cable news, but there is nothing like good old fashion broadcast news (maybe i am just old) but i like what i like and i like broadcast news, so there. This app gives me all i need from CBS New",1

Great source of information when you are on the go. Accurate weather updates like the broadcasters and overall appearance of show.,1

"We are CBS viewers for just about everything; including the news. This is a great app to have for our Kindle, tablet, and cells.",1

"Thanks, works great",1

"since you do not provide local news then you have no excuse to try to track my location. you can bugger off. I will use other applications that are not so invasive, thank you.",0

"K, so you want to have a CBS.com app. So did I, but this CBS news app is just plain dumb. Do I really want to rewatch propaganda mainstream news on my tablet? I think not, so I uninstalled it. I'm waiting for the real CBS.com app to show up so I can ",0

Good way to do a quick check of what's happening.Well done layout for news items.Wish all the news was better but it is what it is.,1

"Each time I selected a video, the app crashed and closed. Going to delete until a fix is found. Will watch CNN instead.",0

I never ever will buy this app again because its such a waste of my money I will never buy it again id rather kill myself,0

"I tend to forget to pay my bills a lot, but this app had me on point. It reminds me when I want and saves my credit score. Trust me get it it is very handle and you would love it. works get on my kindle fire and doesn't freeze or act up like other apps.",1

"Finally someone gets it right. This is a nice app if your a person like myself who is very busy. Sometimes a little too busy to bother with little things like due dates that appear once a month on a piece of paper, that is often mixed with junk mail. Th",1

very helpful. I would not remember to pay my bills without it.I have add. its a life saver. get it!,1

funny how all my reviews get erased but the creator can write a ton of 5 stars for him/her self. this app does nothing more than a recurring reminder on the built in calendar that comes with the phone. done end of discussion.,0

I absolutely love this app. It is so easy to use and very helpful. I find it keeps my bill payments in check and the reminder gives me a heads up when my bills are due. It is very useful. Thank you,1

I have a large number of varied monthly bills. This program easily keeps me on top of everything. No more late fees from overlooking something!,1

I love this app.It's very handy havingall my information in one portable app. Extremely easy to use too. I use a stylus with my Kindle Fire which makes typing much easier.,1

"I never. forget. to pay. my bills thanks to bill reminder, if it wasn't for bill reminder my husband. would forget. to pay bills all the time",1

bill pay reminder is very helpful. keeps you on track if you are forgetful like me. try it you will use it for your monthly set ups.,1

"this is the second time amazon offered this app as the free app of the day, the first time it was called "easy money", it is still in my apps list, I tried both apps and they are almost identical... come on amazon, can't you see that Handy Apps",0

There is a camera feature in the program that allows you to take pictures for your records. If you look through the screenshots you will see it. Thus the camera permissions. I keep my camera's lens covered until I need to use it so I understand the need ,1

great app. never forget a bill due date again and know what you owe in a second. makes my life easier. and isn't that what we all want.,1

"I already bought this last year and started to use it. It is a pretty good app that is basic and simple, not too complicated to where it is a hassle just to input things. I still have the app but it became much easier to use the Pageonce and Mint apps. U",1

Don't waste your time with purchasing this app! I removed it three days after my purchase and wont touch it again.,0

I cant boast enough on this ap. this is worth paying for. It gives you a reminder when your bills are due. I use it on my kindle fire and it works great. highly recommend this ap. you will not be

disappointed!,1
this app is really simple to use and an easy way to keep track of many bills and what is due between each paycheck,1
this is just what I needed to stay on top of bills. I love the simplicity and ease of use. nothing fancy but that's. not what I wanted.,1
Works as promised. Keeps me mindful of all bills I have coming up. One of the more important app in my collection.,1
I cannot really find anything wrong with this app. It's really easy and straight forward to use. I had no problems setting up my reminders and it keeps reminding me until I select 'paid' which is great for me because I tend to put things off and then for,1
This app is a life saver and I simply love it- no complaints! I would definately recommend it if you haven't tried it already. I'm glad I got it while it was free cuz I got to try it and I don't regret it.,1
"This is a very useful app. It gives me a quick overview of all of my finances. Once you get the hang of it, it is easy to add, edit, or delete information.",1
I do not use automatic bill pay for credit cards so need this reminder to make sure I pay on time. great app.,1
"the moment i click on due date, it crashes. can't even use it. regularcalendar is more reliable. and once it crashed, the Amazon app store app shows this app needs to be reinstalled. the due date shows 2012null3null12null, maybe tech can see this to fix ",0
this bill organization app is so simple its funny! it keeps a simple single list of bills that are due shortly and allows you to pick an advanced reminder time as well. it is the perfect simple organizer that everyone can use. perfect!,1
This bill reminder app is the best. I can store my bills and have them recur every month. They also have a reminder feature so you do not miss paying your bills. Love it!!,1
Works like it says it will. I'm very happy with it. Would recommend to anyone trying to keep on top of bill paying.,1
"For each bill I entered I received not one, but four and five alerts at a time. Even after I marked bills paid, I continued to get overdue alerts. I installed it.",0
This particular app is very useful. It is easy to use and accomplishes just what I need. Straight forward...what you see is what you get.,1
"With this simple app you can input all your monthly bills, set them to repeat, and even set reminders if you want to. I'm a busy man with a busy schedule. Come pay day life is a little bit hectic and it's hard to remember exactly WHAT needs to be paid, W",1
"This is a great little reminder app to keep all your bills in line. I have been using it a few months now and is nice to have the pop up reminder that I have a bill to pay. To make it easier for me, I have averaged the amounts due each month. The only th",1
Absolutely love this app. It helps me keep organized with my bills. I use it every month. You can set up notifications to remind you when a bill is do. This is a great app worth the money.,1
I almost didnt download this app but I love it works just fine for me. I love the reminders ;Its a must have,1
I like how well organized it is for how inexpensive it was. It so easy to customize the catagories. Every element of keeping a general file on a bill or payment is there. I love using it.,1
OMG.....This app is the best thing I could have ever gotten. It is extreemly easy to use.....just put in all your reccouring bills and income.....not only does it keep track of your due dates and remind you that there. homing up. It also shows you how m,1
"i have tried 3 other aps like this, but have found them hard to use. taking way to long to set up, then to find errors when i thought i was finished with the set up. this ap is easy to enter info and set up. i found no errors, when finished. dont know wh",1
"I just downloaded this app a little bit ago. Ive already entered my monthly bills very easy. also created a new category. now I wont have to find my bill book each month, just open my app and I will know in an instant who to pay each week. Love it. g",1
"for real adults that have real bills. it works great on my kindle fire. for you kids that want to give it a bad rating just because you don't have bills and its not a stupid game, why bother to leave any feedback at all? move on.",1
"my first entry was for a regular income. I marked it as income. I set it to repeat every 2 weeks. after saving, I went back to view it and not only did it appear as a payable, but the next repeat date was 2 YEARS out. not at all how I entered the informa",0
"It was not too difficult to learn the interface to this app. It's attractive and functions well. I like that the Icon doesn't give away the true nature of the app in case of prying eyes. Once I had it properly set up, and, yes, there is a wee bit of a le",1
"I have several different kinds of calendering systems, but this one has insured that I never forget when a bill is due. When it sends a reminder, I know to pay the bill, it is that simple.",1
I purchased this from Amazon. Has worked great until I had to reset my phone. I depend on this app and it has now failed me. I can get it installed but it won't let me restore s backup file. It also force closes when I try to add an entry to start over.Pl,0
This application has been a great help to me to remind me what bills I have and when they agree

due.,1

"Easy to add bills, simple UI allowing users to manage all their bills at a glance, reminder timers for multiple says out help.",1

This APP does what I need - reminds me so that I won't be late. Very pleased! I use the monthly reminder most of all.,1

"I like this app so far because it appears to be very simple and efficient at reminding you to pay your bills. I track all my due dates on my calendar, with reminders, but the drawback there is that I don't always know if I have paid a bill already or not",1

There have been several times when I received a bill late or not at all. If not for this app my payment would have been late. Also makes budgeting easier.,1

"A great app that does what it says. For those with reading comprehension problems, the camera permissions are clearly explained in the description. You can take a photo to be included in the reminder. There are no communication permissions so it can't se",1

this app I use on my kindle fire and helps me so much. me and my finance are just living. on our own. for the first time and it really hepls us know where we stand financially.,1

HighlyThis has been a great tool to budget mymoney. very easy to set up and edit as needed. Would highly reccomend this.,1

This is a great app. it really helps with keeping track of bills by offering a payment reminder and it is very easy to use and understand.,1

"Some funny a s s reviews at the bottom. lol. Anyway, great app and would highly recommend it to those that need help remembering",1

Exactly what i needed. Ive kept a notebook listing in and outs paids and to be paids and then i found this app. It took me about 30 mins to add everything exactly how i wanted it and now i can relax and have it keep track of monthly bills for me. Tjank ,1

So far this app is doing what it says it does. Easier for me to use instead of keeping track of my bills on a notepad. It free so try it.,1

nice app and at least it isnt a 3yr old's theme game! like it a lot. you should download and try it at least once guys,1

"Who needs an app to remind them the rent is due? That's what moms are for. When my rent is due, my mom just hollers down the stairs and reminds me.",1

this is a nice little device for those who have a bad memory. it helps me remember when my bills are due.,1

"The app is obviously a good idea. I know this, not from experience, but because I can use my brain. Not everyone pays a single rent, cable, and cell bill once a month, like me. I know that there are people out there with more than three bills. Some peopl",1

This app is another great app by Handy Apps.Works well and is easy to use.I only wish there was an online snyced version to use as a alternitive.,1

"This app helps me keep up with my bills, paychecks, and money owed to me or anyone else. It works great with the kindle fire. I highly recommend this app for people who like to be neat and reminded.",1

"Since my mom cant remind me & I'm not in jail...I occassionally need a reminder w/dealing w/work, home & kids & their activities. Nice app but it does need a quarterly bill reminder & a bi-weekly income entry. Cant enter income since both",1

Aside from a few glitches (deleted bill reminders still showing up months later) this is a great little app. When my computer stopped working a few months ago I lost access to my Quicken bill reminders and this app saved me a lot of hassle and potential,1

"This does not have tons of bells and whistles but it gets the job done. I got tired of having bills drafted out of my account and having them bounce for one stupid reason or another (my fault, of course) so I started manually paying my bills again like i",1

I couldn't even play the game because it showed up too tiny on my kindle. would not recommend it to any one.,0

My son loves the game and enjoys playing this game on the ipad. He also likes the timing feature on the game.,1

This is my favorite checkers game. It is very challenging and fun to play. I would purchase from Bluesky Studio again.,1

this is an amazing app! I bought it almost a year ago...happy 2 pay full price because of the quality! I have never even noticed "in-app purchases" because I was 2 busy creating pottery! the point of the entire game is to make pottery & se,1

lol suckas if u want it dnt buy it for the money buy it when it freeeeeeeeeeee! stupid.god dont say it sucks unless u pay and dont pay just w8 for ir to be free!,1

this is a really fun game get it if you don't like it you don't No what fun apps are get it get it,1

Don't support greedy devs who trick there customers into buying full game then wiping it out and adding IAP to the game.,1

"One word: Great!!!! I don't know why its getting hatred reviews... I have the free app of the day because of prime, so I got it free. It works good on the Kindle Fire. Its not a rip off.",1

Look I got the update and I don't care about it and you guys can whine all ya want but all it is/is pure gold!!!!,1

Even my 5 year old is enjoying this. She is getting a kick out of selling her pots and seeing if

she makes more coins than mine do. I've been playing this off and on for a few hours and haven't seen anywhere that I need to pay money to purchase stuff. It,1

If you like to be creative and also be challenged to match shape size and color of interesting pottery designs.or make your own custome designs you will enjoy this app. well worth the money for app an any brush packs you may add on,1

"I loved this game way back on iOS. When I gave up the Apple ecosystem, I thought I'd be losing this app and was so happy to find it for Android (Kindle Fire in particular!).I have restarted the game many times; saving up points to repurchase paint & ",1

i love this app! saw it awhile back and snagged it when it was free. very fun game to play as well as just be creative. i've been playing with it for hours since i downloaded it.,1

I love this app so much I've been playing for 4 hours straight. I enjoy every aspect of this game.,1

this app is very addicting and relaxing. it is nice to just be able to be creative. the graphics are wonderful. it makes me want to take a pottery class. I wish there were more apps like this one. I showed it to my mom and now she wants a kindle fir,1

"This game is a lot of fun, very relaxing, and lets your creativity flow. The possibilities are endless. I highly encourage you to try it if you are looking for a self paced game",1

Unacceptable to have IAP's in a premium app. Don't support that. Tell these devs no with your wallet because that's the only way they'll understand.,0

"After reading some of the reviews of people whom have spent 5 full dollars initially for their game, only to find out that the update changed their premium game to play-to-win format is just plain wrong. I understand that companies need to earn money, bu",0

"After seeing all the 1-star reviews I got curious, so I thought I 'd give it a try anyway...it's free right. It's. fun and I'm not sure what everyone else is referring to when saint there are other money transactions. I've. been playing it for a little o",1

Do not try to sell an app as worth \$5 and then require more in app money to be able fully enjoy it.,0

"I don't mind IAPs when the app is free and the IAPs give an advantage, but not when the IAP required to complete out unlock everything. Then on top of that, this game isn't free.",0

These devs are only out to rip people off. I feel for those that paid full price for this only to have their time investment taken away. Don't support these scumbags.,0

terrible in app purchase. if the program uses Iap then it should be free. and it should tell you up front what and how much the iap.,0

If you like creativity buy this. its fantastic and very addictivenalso it has a very good game pace. I strongly recomment it,1

My son enjoys this app immensely. I do as well. We love to create all different kinds of pottery shapes and see how much we can 'sell ' them for.,1

" Let's create pottery " is not a bad game at all... I don't know what you people are saying but whatever it is... it is weird because my cousin has the free version on her iPhone4 and its great! the Icon is even there.,1

I haven't even bought this app yet but it sucks .what ever you do do not buy this app. for yore safty,0

"Okay loved the app, thought that it worked great on kindle fire..... I don't know why no one would like this.",1

This is by far the best free app ever! Stop hating cuz you don't know how to play it. It is AWESOME! I love it. My favorite app.,1

this is horrid why would u pay 4.99 ot was for free but really woot woot its a pot its not like u can take it out of the stern and keep the thing SO GUESS WAT I STICK MY TOUNGE OUT AT THIS GAME BOOOOOOOO!!!!!!!!!!!!!!!,0

"please calm down everyone. this game is amazingly fun. I haven't even seen any aip's in this game at all yet. if you got this game for free like me, you shouldn't be complaining. the graphics and gameplay are terrific. :D",1

I THOUGHT THIS GAME WOULD B FUN AND CRAFTY BUT WHEN I GOT THE GAME AND IT WAS INSTALLING IF FROZE AT 60% NOW ITS STUCK THERE!!!,0

"Interesting activity-type game. But adding In App Purchases to an already high priced game is absurd. It's a shame that these bait and switch ""free paid app"" cons keep slipping through.",0

I love all pottery and this game is awesome I love it I'm really good at it I love pottery :-),1

Shame on those who don't like this game. Quality game with good graphics but a bit over priced.- Whales CEO and director of written reviewsc. November 2012[...],1

I love this app its great and its like real pottery making I love it I think you should to,1

"I don't get why so many negative reviews. The choice to spend money is yours. When your creations are auctioned off, you receive "money" that can be used to purchase paint, brushes, etc. If someone is dumb enough to spend real money on suc",1

"This game is probably the best game I have ever played on my tablet. From looking at the cover I didn't really pull me in, but don't judge a book by its cover.",1

"This game is simple, creative and fun. This is good for kids to learn better motor control. Also, it helps with creativity. Fun for adults too. It is very stress relieving. I wouldn't suggest buying this if you want something action packed. This is more ",1

"Better than most time-wasters. This one will help you appreciate the finer things in life. It kept my wife, my son, my daughter, occupied for a concert I was enjoying, but they were tuning out!",1

"This app is set at a premium price, \$5, then the dev wants to make money off of in app purchases!? Infinite Dreams gives developers a bad name!",0

I. downloaded this app for my kindle fire when it was the free download of the day and I love it! It's fun and creative but also relaxing. I also purchased the .99 add-on packs to have more design options. If you like to create I would definately reccome,1

I cant believe it!!! I downloaded this app when it said it was free and then it took one whole day to install and then the next day it said it was \$5 and they made me pay and I didn't like the app at all! and my kindle isn't slow to install anything at a,0

"Just one more developer looking to bilk consumers out of money to feed their truly selfish desires. If you want to put people like this out of business, send them a message by not spending additional money on their products. This will force them to mak",0

My first clue this wouldn't be the most well built program was when the description read "spin your clay creations on your smart phone." Typically when someone makes an assumption like "oh my God of course everyone will unconditionally be ,0

This game is fun and worth the 5 bucks. I bought it and I got color and had no problems it is addicting and fun. I recommend this app. From Austin,1

fun game that keeps you occupied. My whole family loves it and it is very fun to create crazy pots :),1

"This is the funnest and Greatest Apps i have tryed so far. The downside is it's \$4.99. but to me it's so worth it to see what you can create and see how much you can sell it for. it's a must buy! dont listen to the other comments, cause im telling you th",1

this is the best app ever!!!!!! I love it soooooooooo much!!! I couldn't ask for a better app!!!! its soooo fun!!!! I totally recommend this app if you love pottery!!!!:) :),1

You should be ashamed. Although it's clear you have no morals and are unable to feel shame. I too will avoid your apps from now on; you've been added to the list.,0

You can't do anything but shape clay on the wheel and fire it. You have to buy everything else to decorate it. Total rip off!!!!!!!,0

I don't know why everyone hates this game it's awesome not bad. i don't get why you can't just get everything with the game though.,1

"This game was fun at first. But when I was making my 3rd pot, my kindle suddenly froze. I had completely restart my kindle. If this is fixed, the game is really fun and I will give it 5 stars!",0

This game is wonderful even better since I got it free during app of the day I highly recommend this!,1

So many people have ready said it... IAP for paid app is just ridiculous...especially when said app is \$5! And from what I've read this dev has one of those tricky tricky business models that sold this app as premium with all content and then pulled an u,0

"I have seen this game from infinite dreams for some time now, but the \$4.99 price was kept me away. For a FAOTD this was a great surprise! I haven't set down my phone since I downloaded this game. Make a piece, sell it, and buy more colors and materia",1

"After reading many reviews on how this app was first sold (honestly, I find it truly hard to believe that anyone would pay \$5 for an app,) and then converted to an IAP game, I won't purchase it, even for "free." I did consider getting this for ",0

But Infinite Dreams needs to update it and add more because they've lost their base fans. Most people aren't going to pay \$5 for an app. I see a lot of opportunity to work around that. Even though everyone will complain about ads there's a better chan,1

The product description states explicitly that there are real money spending options in this app. And that parents can limit & control that through menu settings. NO such menu is accessible from within this app's menu on a Kindle Fire! So be forewarned y,0

I fell in love with this app over a year ago on my ipod and I am so happy it works great on my Kindle Fire! I also love being able to post my creations on to my Idreams community page so even after I sell them I still have them and can show them off!! GR,1

"I LOVE THIS! it is so unique! there are always things to do! there are quests that give you inspiration when youve run out! its like nothing else ive ever played! i am so glad that i got this when it was free, but it is worth the money others have to pay",1

"Here we go again, more and more greedy developers everyday. Why would anyone sell you anything incomplete is just wrong. Charge one fee and make both you and the buyer happy. Greed is evil!! Not recommending this app to anyone and i hope your ratings go ",0

"I have never understood companies that rip off their customers. You pay \$5.00 for an application (which is the beginning of the higher end cost for apps), then REMOVE features and try to get the customers to pay even more money! I'll go out on a short lim",0

This was a wonderful free app of the day. I have seen some reviews that you may have posted and I found out how to paint the pot and add decorations. Paint: Slide your finger up and down the pot. Slide it on the same spot again to make it darker. Brushes,1

This game is one of my favorites really it is so if u like creating unique and cool pottery this

is for you! I would definitely not listen to the haters this game is 1 everybody should get! 5 stars,1

I could not open it. You can do it for real in the first place. I think it was very stupid. Please do not get this app it is not worth it at all.,0

"This game is great for future artists. People who enjoy pottery will really like this game. As you sell more pots and earn more money, you can unlock more.",1

this app is amazing me and my mom fight over who gets to play it next and whoever put a bad review don't listen I guarantee if you buy this app you will love it!!,1

it's fun because you make a shape and disinfect and color it and sell it or keep it in your collection,1

omg this game is so awesome I have it on my kindle fire I got it for free trial on my kindle and it is awesome I recommend it!!!!!!1

Really? Again? In app purchases? Here let me give you a star and feel free to use it as a suppository.,0

"I thought I'd hate it, but since it was featured as a free app today, I snagged it. I probably wouldn't pay for it, but it is incredibly fun. I can't put it down. I can see myself purchasing the add-ons though. It makes me want to make real pottery. To be",1

This is a pretty robust app that can be played in relatively short bursts. I don't plan on using the in app purchases and haven't needed to. anyone complaining about IAP has obviously not tried the game at all and has no concept of how developing and marketing,1

totally fun! I don't even know how to get the in app purchases but this app works fine without it,1

"I like this app. It is fun to play and very relaxing. I have finished the app twice, and am waiting for an update.",1

"This review is just to balance out the fake 5-star reviews put on by the greedy devs. But then, a \$5 app which wants you to keep spending even more in-app deserves zero stars.",0

I think that this game is the best game that's ever been invented and I love this game and I play it everyday,1

"In app purchase on a 4.99 application. Are you serious? Plus an application to create pottery. Again, are you serious? People must have more money than brains to be shelling out 5 Bucks for this crap.",0

"Give all the content, rake in 5 star reviews, wait until sales get low, then zoom in and change the content to premium, all the while laughing at customers who were sucked into the scheme. And you get to kiss your 5 dollars goodbye or pay out some more for",0

this app is another example of greedy developers. I had this app and had acquired in game materials. Well then the update caused all my stuff to disappear and the app was telling me I had to use real money to buy the stuff I already had! fail,0

\$5 to virtually create an ash tray? I'm sure some people may enjoy this app and more power to them but what's next virtual baths?,0

I got this app on my kindle fire and it works great. I didn't have any problems or glitches or anything. It's pricey but I think it's worth it for the hours of fun it gave me.,1

"I grabbed this as the featured a while back, and I don't regret it at all. I enjoy the game as a way to relax, and be creative at the same time. My 4 year old loves this game too, and creates some amazing stuff. The only complaint I have is that my 4 year old",1

I think that this app is great. It is very fun for people who love art. It also gives you a lot of selections of how you want to create your pottery. Get this app it is great. (Written by my granddaughter),1

this game is so fun you need to get this game now I got this game for free but if I didn't then I would still pay 5 dollars for this game this game is great,1

this game is a very good time killer and it is very fun!!! you should get it because it gets your imagination out!,1

it's so much fun it's like you have your own pottery business don't listen to the bad reviews get it.,1

Just because it's going to premier as FAOTD does not mean that you must cripple your app's rating by charging more. Treat a FAOTD as a time to get people to try your app and raise your rating. Think of the future not the present. Now no one will buy your ,0

I love pottery so now I don't have to wait so long for it to come out and I can be me. it may seem like a waste of money and time but it is fun when you play it a lot.,1

it is annoying sell the app for more money then don't sell for 4.99 then raping customers for more money afterwards,0

I don't see anything wrong with this game. So I don't know what's up with everyone saying crap about it. I love it. It's very addicting and it sure does kill time.,1

I love this app so much it's so fun I play it every night!! you got to get this!! what this app is about you make pottery!! you make the shape then you color it and more!!!!,1

"It is so exciting to create pottery that you wouldn't go out and do. The option to sell it is awesome. What a great, fun pass time.",1

"What a fun, relaxing and entertaining activity this is. I am so tired of all the hack n slash, tower defense, city builder, match three, hidden object, boring word games, games that offer no creative challenge, no opportunity to stretch your imagination",1

"I really don't understand the IPA hate. It doesn't make the game any less fun, and that's what a

review is about. This game makes incredible use of the touch screen. It can be as simple or complex as you'd like it to be. It actually got me interested in ",1

Started Out Free Then This App Stopped Working.. Said I Need To Log In To Amazon To Fix. Then I Seen That They Are Making You Pay To Play... Even If You Unlocked Items... Idiotic Business Model.. Way To You Customers Off And Get A Bad Rep. I Let My 4 Y,0

"I don't know what problems everyone else is complaining about, but I love the game. Cute concept and fun to play. Not too hard and not too easy. If you don't want to spend real money on the IAP, then don't. Duh.",1

So far the app is pretty good and ranks between a 4 and 5 star app. When and if I find the In App Purchases I will no longer use the app and delete it from my Kindle Fire. Asking for \$4.99 for a game and then pushing IAPs is uncalled for and I do not end,1

"I have NOT... I REPEAT HAVE NOT had to use my own money at all with this game. You can make pots on your own and then sell them , or follow what the characters ask you to make.The game/app does what it says it does and bonus it does it WITHOUT spending y",1

"i didnt expect much from this but it has totally exceeded my expectations. great pottery game! great graphics, fun unlock system.",1

"Fun game - Yes. Good idea - Yes. Worth \$5 - Nope. Worth \$5 + more \$\$ to actually design your pots without having to make dozen of bland ones before you can - Worst idea EVER. Its like going to a restaurant, ordering an expensive steak dish, then tell you",0

Not sure why an app that requires in app payment to play is considered a free app of the day. It's sad when they start the description out with the disclaimer... Stop letting them get away with this model people! You're telling them it is okay when you,0

"This is one of the greatest art app I have come across, It enables you to use your creative imagination. I can spend hours make pottery, coloring them and adding designs. I wish there weremore designs and themes available.",1

"Okay, some of us are just not gamers, we're creators. I got this when it was the faotd and was hooked right away. You don't have to buy a single thing. As you create, you ""sell"" your work to earn ""money"" to buy the items that you need. You don't ever",1

fudge turds yummy !!!!!!! I love you fudge turds!!! mmmm hmmmFUDGE TURDS!!!! OH YEAH BABBBBY!!!YAY FUDGE TURDS FOR DIN DIN!!!yummy.ohyeah,1

you do not need to spend any real money on anything at any time. I have actually played the game all day unlike so many childish people that reviewed the game based on what others said without even downloading it let alone playing it. if you have never,1

"My grandson loves this game, downloaded when it was the app of the day. He gave me his 99¢ to buy the polish design brushes today, and I was so angry that he then had to purchase them again with in game money. Really? How greedy can you get? So tire",0

this app is amazing. although the other reviews say that it is such a bad app its really not. yes I agree it is more of a hobby but still wither way it is really fun.,1

"So, normally this app is \$5. and even after paying for it, you STILL have to pay even more REAL CASH to obtain items to play. IAP's are the scourge of our time and we need to come together and boycott them ALL! STAY AWAY!!",0

"This is less of a game and more of an activity. That being said, its a fairly enjoyable way to kill off some time on a lazy afternoon. Making the pottery allows you to tap into your creative side, and, tho the actual modifications you can make to the pot",0

I cannot post the creations I made and as I bought all the patterns and extra colors(which should have been included)I am very disappointed. I cannot even sign onto the site for help. I recommend that you do not waste your money like I did. Have been wai,0

welll I never played this game but seems really dumb. I mean read the reveiws u would think y does this game Evan exist. like really if you don't follow me my saying I would never under stand u………SO HALURRRRRRRRRR WAKE UP SMELL THE F,0

"Unlike others here, I didn't pay \$5 for the original version. Instead, I got it as the faotd and used the in-app purchasing to get some upgrades. Guess what? New phone = no upgrades and no way to restore them. I don't mind HONEST in-app purchases, but t",0

"They want a super premium price, then want you to pay more to use it? Sorry, don't think so. This developer is on my list of those I will never buy an app from again. Stop supporting these scammers.Refuse to buy from devs that do this.",0

This app has to honestly be the best app I've ever seen. It's so affordable & the possibilities are endless. I absolutely love it. I've had hours of fun. Definitely worth downloading. You won't regret it.,1

"Let me say first, that I think it is rotten that people have lost their work and I hope the company is going to do something about that.With that said, I played this all day. It's not difficult to figure out, but it is challenging. It is fun and I am rea",1

"This app is so cool. I would definitely rate this 5 stars. It allows you to be creative, and colorful. I love this app. Though, there is one thing that I don't like. One day, I was messing around with the languages before I realized that the app doesn't ",1

"I can't believe the developers would have the audacity to charge five bucks for their app and then nickel and dime people for additional money as they go through the game. Sure, today it's being offered for free, but you couldn't PAY me to download it ri",0

This is such a fun and entertaining app. especially for kids. They love it!! But for an adult its

easily accomplished.,1

"I was gonna buy this on my 3ds a couple weeks ago. So glad I waited! As far as the IAPs...I've been playing for a couple hours & have yet to see anything to buy. You create your pottery. From start to finish everything...sculpting, painting, etc. wor",1

I have had a lot of fun with this app my brothers and I are constantly bragging to each other on how much money we got on a piece of pottery although I do agree with others that 5 dollars is a little much its a fun and slightly challenging game to play a,1

I don't see what is wrong with this game this is my favorite game Ever! It is fun designing pots and seeing how much their worth,1

I liv this game it is very.entertaining it is a great time killer the only complaint is that I cant send my pictures of my pottery with my email hey wanna know my email?,1

"For those of you thinking about getting this app.... I'd like to correct some bad informationThere are NO IAP... I've looked (hard) to find them after all the bad reviews ... the don't exist. Yes, this is on the more expensive side, but there aren't",1

it used to be free now it is FIVE DOLLARS are u kidding me i saw it one day it was free i was gonna get it the next and it was five dollars so i am mad,1

"The update eliminated ALL previous work and NOW it still costs \$5 but you can't get all of your upgrades through ""\$5-play."" You have to pay MORE for this??This is an app that lets you create pottery through a simple touch screen ""swiping"" method from the",0

"Okay Amazon, enough with the free apps then supporting greedy devs which use in app purchases. I'm about to give up on the Amazon App store because of this.",0

Ok so I work at a elementary school and we let the kids play on the ipads every once in a while. The kids LOVE this app. It is great for creating and getting used to the electronic. It's worth the \$5. The only disadvantage is some glitches and force clos,1

best game ever play every time I see him moo moo moo moo moo moo moo moo moo moo,1

I've played this game through several levels and I find it challenging and interesting. No need to buy any content so far.. ...,1

Great Game !!!!Lots of pots to make ! Very fun. YourAble To Make cups from Coffee Cups to jars To FoodBowls.,1

We HAVE to boycott IAP! Scamming us out of even more money in game . . . Don't think so!,0

"IAP does not always equal bad. There are TONS of games out there that offer the option to pay real money to get things. You know why? Because people are lazy, and would rather spend some pocket change to get it rather than work their way through the game",1

"I have no idea what the negative reviews are about. I got this for free and I think its great.There is an Option to buy added tools later in the game, but so what. Its fun, there's no time limit,and no mess. Great App!",1

"Send your creations to other people? Really? Maybe if you made a real pot in grammar school, then your mom would cherish and keep it. Sending mom a crummy ePot instead of visiting her on mothers day isn't going to earn you any points.",0

I got this app for my kindle fire and haven't run into any problems. I love it. My younger sister and brother love this app. He literally begs me to play it. I haven't had to spend real money. I haven't even been offered the chance to spend real money. ,1

"Shameful greed going on here. Okay so maybe you can use this app without using IAP, but it's just the thought of \$5 plus IAP that smells of greed. Oh and the Urban Airship module=shame on you too!This app was very boring and very sub par for an Infinite ",0

"We've been playing all day. Love it! Great on the fire, and never needed to buy anymore. Good job, dev.",1

"...Really guys? This app is brilliant! With the update that some people were complaining about, it works perfectly fine for me, and I have a Kindle Fire!The displays are brilliant, the features are sensitive, which is great, and the remarkable results ar",1

There are a lot of warnings saying don't upgrade this to use real money. So just leave it as is and you will be fine. It has kept the granddaughter going for 2 days so far. She has learned how to email her creations so now I get email from her. It wa,1

"all you idiots who said it was based on iaps are wrong, haven't found one yet, the games currency is coins, but not real coinage, anyway AWSOME game",1

I've been waiting patiently and finally an app that offers me a chance to add more to my pottery experience with IAPs.,1

This game is pretty poor. It stinks that the pay version has IAPs. Its also very repetitive and boring. I do not recommend.,0

I love how this works on my kindle fire..... this is fun and I love making new designers for my pots. I also like how you don't spend real money.You earn it in the game by selling you're pots.....,1

Ok I love this game it's so fun and now well I'm pottery crazy. It's so real looking and you get to order it and make it come to life !!,1

"First of all, I've plenty of fun with this game and haven't spent a penny of my real money. It's sort of a 3D puzzler where you recreate pottery based on pictures sent with orders from customers. It's easy enough so it doesn't get to be frustrating, bu",1

"This appear normally costs five bucks but then they dun you for more after purchase. That's just greedy, and should not be encouraged.",0

"Here we go, another game with In App Purchases! And it's free, but wait, that means it's never free doesn't it? And to think the regular price is \$4.99. What a joke! I can't believe anyone would actually pay for this game and then pay more for extra stu",0

"I absolutely love this app. The in app purchases are completely optional. The app is very cool, and very addicting! Although, I got this app when it was the FAOTD, I would recommend it but I wouldn't buy it for the \$4.99 price. Of course, I probably ",1

"My eight year old grand daughter put this on my Kindle recently. At first I was not impressed, but she wanted it. When she started creating all these beautiful pottery pieces and them selling them I was blown away. Not only at how artistic and creative ",1

"I'm really enjoying this app so far. It works fine on my Kindle Fire, and I haven't encountered any IAPs yet. It might not be worth \$5, but luckily it was the FAOTD. Thanks Amazon!",1

"Yes, this app allows you to purchase additional brushes if you choose to do so. HOWEVER, there is TONS of free content in this game and you don't need to pay to play for hours. There are a ton of challenges that use the content already in the game. I've b",1

the app sucks. boring!!!!!!! don't buy this app. I would rate it a 0 if I could I m a 14 year old boy loo king for sum fun and this is not it,0

"Didn't get to try it, but once I installed it it started sending notifications to notification bar and adds. It does it very persistently too. Guess I won't be getting to the IAPs haha. Too bad, looked like it would have been fun.",0

"After reading the reviews for this app Im sorry to say that I wouldn't be dl this at all. Inap purchases completely turn me off .. Even though it's a ""free"" app today it's not going to be free in the long run. After someone stated that inbox request stop",0

"I wasn't sure about this app at first, but after downloading & playing it fir a while it is better than I thought. If u like to create things & if u can imagine how something would look; then u should get this app.",1

just draw and you have a masterpiece. Never can make mistakes. A great app for big and little people. Thanks,1

"I think this game is very fun, addicting and actually quite relaxing. I enjoyed it very much. Recommended from me.",1

Yesterday this was the faotd so I checked it out and almost didn't download it because everyone was bitching about in app purchasing but I play for hours before seeing any type of "real money" upgrade offers. This is a game where you make potte,1

by the time u are done you spend like 30 bucks. you can buy the new Zelda on Wii for that.,0

"Have an Asus 300 Transformer Pad and was thrilled when this was the free app of the day. Had to reboot tablet immediately after loading app, this should have been an indication of things to come. Third time "creating" something tablet locked",0

"I've seen a few one star reviews claiming in app purchasing to continue playing the game, I tried finding a way of spending real money to purchase paint colors or materials and there is no such option. All purchases are done in the 'shop's which uses ga",1

This FAotD is great. It works for all the rooted tablets I have. My kids are playing with it and love it. They love creating the pottery and auctioning it for cash and purchasing stuff at the store. What a great time filler. With all the negative revi,1

"Google sells this at the same price, but the cheap bastiches here have a twisted idea of IAP really is (though often abused). When one is cheap they see IAP as rip off - when you're a spoiled rich kid you can have all the cool stuff without playing the ga",0

"ITS A AWESOME AND FUN GAME TO PLAY ,, GOOD HAND AND EYE CORDINATION WHEN YOU ARE BUILDING ONES SENT TO YOUYOU COULD MAKE THE POINTS NEEDED A LIL LESS SO YOU CAN BUILD MORE",1

this app is awesome I call it an app because it really isn't a game its quite pricey but I cant say it was for nothing,1

I hate to be one of those jerks that rates an app one star but including in app purchases in an app that already costs 5 dollars normaly is ridiculous.,0

Even though it is expensive... its alot of fun and right now it is the free app of the day. I always played it on my friends ipad but never wanted to spend the \$. But now its free which is awesome! Its alot of fun.,1

"My wife and I love the movie Ghost with Patrick Swayze and Demi Moore so we were really excited when we saw this app offered today. However, two people using this app to make pottery is nearly impossible. We dropped my phone several times, called my paren",0

"In app purchases in a paid game (which costs rather high), and some items not available in any other means - that is very low... one star.",0

"Being the creative girl that I am, I was very excited to see what appeared to be craft instructions offered as a FAOTD! Then I started reading the reviews and it didn't take long to see that this app/game would likely be a total rip off. It also appears ",0

"This app has extremely pretty visuals and is a fun creative way to kill some time. It IS possible to unlock (nearly) everything through play, the IAPs exist to speed up that unlocking, but still... The presence of IAPs in any FAotD sours the "deal&q",0

I gave it one star cause I liked the pic(not that much)anyway it sucks it wouldn't even let me open the game at all its terrible save ur money!!!!!!!!,0

"You make pottery and sell it. Then you buy some new designs and maybe a lid and sell another pot. Me and my brother had a contest to see who's pot would get more money. It was a fun app, but I

wouldn't play 5 bucks.",1

"It's clear from just the cost, plus the IAP that this is strictly designed to part you from your cash. It seems that more and more of the apps are being thrown together just to use IAP. But reading through the reviews and how the dev switched the game aft",0

"I liked it but. The people that thought it was bad aren't very smart, it says lets crest pottery ofcores its an activety.",1

well I read the comments and they were all bad but this game is fun if your good so try harder and it will be better for you,1

I got it on free day it is ssssssssssssssooooooooooooooooooooooooooooooooooooo FUN. making diffrent stuff on my kindle fire. ;-)))))))))))))))))))))) plus. ByE,1

In app purchases in an already paid game are inexcusable for any reason. I do not care what reason you can come up with it is not valid.,0

people need to play it before rating it. Imo this is beauty of a app clean crisp quite peaceful. my first few pots I made sold for between 6 & 9 game dollars each. I worked up a total of 50 game dollars then I went shopping in the store. my first pur,1

it is a very fun game when you do not have any thing else to do. not a rip off when on sale.,1

"I was really addicted to this game for a couple weeks then I decided to buy (with real money) extra brushes. I payed .99 cents for new brushes, expecting to have them in my inventory, but I still had to buy them with the pottery money I earned. Stupid. I",0

"here's a one star review to offset the blatant garbled engrish DOUBLE 5star reviews from the devs using similar names. And if you think IAP is poor form on an app that costs \$5, you'd be right.",0

"Yes, highly addictive. Don't miss out on doing the projects given by email messages within the inbox of the program. Now I want to get a pottery wheel and try some of my creations for real!!! :) Oh, and my 9 year old son is just as hooked.",1

"To start off, the app let's create your own pottery and that's one of the things that I like about these type of apps. Also, it gives orders you have to fill out for other people and make the pottery they want. It is such a cool app. I would recommend",1

FAOTD IS GREAT BUT I AM TIRED OF YOUR GREEDINESS WITH SO MANY OF THE CHOSEN HAVING IAP. NO MORE!!!!,0

this app is so much fun! I got it for the free app of the day. but I so have to shut my kindle down once or twice but besides that you should get this game!!,1

people must be losing their minds. i dont even need to download this app to give it no stars. or to never download an app from this company. terrible.,0

Rarely does one find a company so greedy. I mean capitalism is on thing. But.. Charging five bucks for an app.. THEN scrooging you for additional dollars to upgrade to more scenarios and game elements. Shame.. Shame on you. Make the upgrades a part of th,0

I would never buy an app for five bucks. I got it as free app of the day. Not even fun.,0

"I purchased this game for the original Kindle Fire that I had and I LOVED it! So, when I purchased the newest Kindle Fire HDX, I wanted SO bad to get this installed on it and start playing. Then I found out that it's not compatible with it. :(PLEASE m",0

"I understand that the dev makes no money from faotd. however, it is NOT OK to let you people buy the game then wipe their data with a new update.",0

"I love playing this game. Even the freestyle allows me to be creative. I've finished all of the "missions" so to speak, and I'm hoping for more challenges in a future update.",1

It lets you be as creative as you can be.. I love it app..so much fun. It makes me want to learn pottery:,1

"Ok, let's get one thing straight, only God can create, not some little troll on there evil robot phone. This app will make you burn in eternal hellfire! WITH THE DEVIL! Don't ever assume you have God's Almighty power... That's my job, because I am a prea",0

i have not purchased this app nor will i seeing as after releasing it for an initial 5 dollars they waited and changed it to iap based unlocks meaning u pay 5 dollars to get half of a crappy game (i did play on friends kindle) then half to pay more to u,0

Very useful and quick and easy tool to have when you are playing Words with Friends. I use it often.,1

I love this app its easy and fun works great on the kindle fire you must try this and the best part is its free,1

This app is fast-loading and concise. You can verify the acceptability of a word in seconds which is a definite plus if you enjoy word games as much as I. No holding up the game and a definition is optional. I love this app. It is much quicker than a,1

"Except for the small font this little word checker is helpful & a must for those who participate in word games. I have consulted Merriam's Dictionary for word confirmation to use in ""Words with Friends"" and although Merriam's dictionary lists a word as",1

"It's sometimes hard to believe what words are accepted and not accepted in word games, and this app is so helpful for strategizing when it's not your turn. It's very accurate as to what is acceptable and what is not acceptable. It uses the SOWPODS dictio",1

This is a great app for anyone looking for a good place to eat! Why waste hard earned money on so-so food. Now I get the best!!,1

"this is one of my all time favorite apps. Urbanspoon is addicting, even when I don't need to find a restaurant. I love browsing through ny favorite cities",1

"Great site to let you know about various restaurants. I like the way that it places the restaurants in a category, makes it easy to find one that serves a particular type of food.",1
"I found it too difficult to use, so I deleted it. Others may find it much more useful than I did.",0
did not like this app free or not. deleted it. expected a little more than a joke. oh well that what you get for FREEEEEEEEEEEE.,0
"Tavel alot or just looking for that next place to enjoy a meal. This is the app to have. Helps you figure out where to go for almost any kind of meal, in almost any city you find yourself.",1
I have enjoyed this app. It has been a great resource for finding new restaurants. I go to the places that score 80 percent or better.,1
Urban spoon is a great app i have it on the iPhone 4s and iPad 2 IF YOU TWO FIND A RESTAURANT OR GET directions two a restaurant or write a review about a restaurant or get there phone number or wont to try a new restaurants then this app is the best n,1
"Love this app. Has lots of options. Choose your price, lock it in. Choose what food you like, lock it in. Shake your phone, and the roulette gives you your choices.",1
"This is the first app I try when looking for a place to eat out. When traveling, you usually have to depend on local entertainment guides, which are usually ""sponsored"" articles anyway. This is a nice independant source to pick out a unique and tasty p",1
I did not know what this free ap was when I got it. It is basically a way to find good places to eat. I do not eat out a lot so it want too helpful to me but if you do it is indispensable.,1
"I like to scope out local restaurants before going. The customer reviews are interesting, and being able to look at the menu is great.",1
"Urbanspoon is the best app for finding nearby restaurants. Because the reviews are peer-based and current, the feedback is accurate and reliable. Every place has ""haters"", but virtually every place I've been with an 80% or above ""like it"" rating has been",1
"This is basically just a Yelp app for Restaurants. Some of the more fortunate places have their menus posted which makes it easy to choose, but not always.",1
"My daughter told me about this one. She loves it, but you do need to have internet access. WiFi or 3/4G service.",1
"The Urbanspoon app is here and, in my humble opinion, far better than Yelp. The folks who post on Urbanspoon tend to know a little more about food, service and perceived value.This is a great app when you're out of your comfort zone and looking for pla",1
"Come noon every work day, it's the same ol' question. 'Where should we go for lunch?' With this app you just have to answer 3 questions: 1. What city do you want to have lunch in? 2. Type of food 3. Price range. Lock them in and shake your phone/table",1
I always go to Urbanspoon before selecting a restaurant .. it will be very useful to have the app on my Kindle,1
I always have problems deciding on food. This app is like my new friend.,1
"I've used Urbanspoon on the web and the iPad app, and it's a very helpful app for finding just about any kind of restaurant and price range you want, certainly one of the best of its kind. I live in the Atlanta area, and Urbanspoon has a fairly complete ",1
THIS APP SHOWS YOU SOME GREAT RESTAURANTS LOCATED IN YOUR LIVING AREA. THIS IS A VERY GOOD APP TO HAVE FOR YOUR USES.,1
We use this app often. it is not only fun to use but is very accurate. It makes finding a nice place to eat easy.,1
"I love this item it gives you so many restaurants to choose from, from the pricing to the type of restaurant it is, I gave it 4 stars because of my location, it limits where it chooses, but it is not the app it is the location I live in, so to be fair I ",1
"This is pretty cool, I am able to find lots of places to eat locally along with some nice ratings. It just needs to be installed and used a lot more so there will be more ratings.",1
"This is one of the best apps I've downloaded. So useful. I don't normally recommend anything to anyone, whether it be movies, books, apps, games or whatever, but this one is awesome. If you ever go out to restaurants, you need this app. Trust me. Yo",1
have it on my iphone and glad there's one for Kindle. great resource and easy to use. recommend it no matter where you live or visit.,1
This app is excellent when traveling to find great locations. You can choose your price range in accordance with amount that you anticipate spending on meals if you are on vacation or just on a budget.,1
"Excellent program, I even forget I have when it comes to eating out. Selections are great and with users uploading the photos the food and reviews are super.",1
Just downloaded and I like it. Found my local favorites right away. Also found some in my little WI hometown.,1
Great site to find restaurants in an area you are not familiar with when you are traveling.We also find restaurants close to us that are new.,1
"Picked this app up for use while I am attending an out of state wedding in Charleston, SC. Getting access to the names and addresses of many of the best reviewed restaurants in the area is convenient. When in Rome do as the Romans do. Just do it now with",1
This sight is great! You can locate great eats even if you don't know the area. You can narrow your choices by cost -favorite foods -fine dining to fast food. Compared local eats to the site

recommendations and found to be very accurate. This gave me the,1

"My fiance and I are always looking for new restaurants to try. He had this app on his iPhone some time ago, but I am not always with him. Now that I have this for my Kindle, when I'm out with friends we are opened to a new world of food!",1

"it is fun to be a food critic and post up photos and reviews of your food as you are being served at the restaurant. This app is great to find good local restaurants to eat at, very useful!",1
Before I had printed off the restaurants in the area. Now it's all at our fingertips..Great online reference. This could be one of the most valuable apps on my Kindle Fire,1

several of my reviews of been taken down for no reason whatsoever. it lasted for a while but eventually disappear. I suspected foul play and set up a test to find out. I gave a friends business a bad review and 3 weeks later they got a phone call from,0

"Unlike the web version, the Yelp app requires you to first create an account which leads to all sorts of spam.",0

"Great way to get reviews on restaurants, hotels and different business. I always go to this site now to check out a place. Helps me decide if I am going to visit this business are not. Highly recommend.",1

Not going to make this too long but it is Yelp. Good app for those of us that write reviews or want to look up business in the area!,1

"This Yelp app is tremendously helpful, with a friendly interface, feature for mapping out places, and makes it easy to review and finding restaurants, shops, and other places and services.The interface is very simplistic, with the profile, bookmarks, tag",1

Makes my life so much easier! Love this app.,1

"Yelp is basically a community that rates their experiences at places (Mostly restaurants) The app is incredibly useful for me, especially when I am somewhere that I am unfamiliar with.",1

This is a great application. It has helped me discover new places in a city I've lived in for the last 28 years!! That's saying something!,1

"I always use this app while I'm out. It's very easy to use, and we'll designed. My hat is off to the designers of this app.",1

seems like too much trouble to use. Pushes a lot of ads I don't care about. Too steep a usefulness curve.,0

The mobile website AND app are awful. Why? Because you're limited on everything you can do. You can create a review but are forced to go to the full website to approve the review. Then if you accidentally write something outside of the terms they remove,0

Why does the app say that reviews will be posted next time I connect to Yelp via a computer?

Why?,0

Really helps me make decisions on places to eat.,1

"Easy way to find resturants, hotels and other places where ever you happen to be. Try it for Free! You can't go wrong!",1

"The Yelp app is great. It works reliably, similar to their website. When I'm hungry, I never use google maps - I use Yelp! It's far superior for finding food.",1

I have been using yelp.com since the beginning. I was so happy when they finally made an app for the phone.You will find reviews from people like you and me. The app will find place based on your location.,1

Remove app from Digital Device,1

"This is a fun app to test your knowledge of great art and to help your children learn about them as well. Fun and easy to use, there are short biographies of the artists and lists of their paintings which you can tap on to view. I appreciate that the pai",1

"To put it simply, it is just a collection of paitings with links to the web. It is worth a penny, no more.",0

"That is what this app gives me every day. I adore art and have many, many art and museum books. How about another with more and more paintings. When I was unable to get to the museums this winter because of the weather, I enjoyed this so much.Joan Noble ",1

I love art and I love this. I really like where I can enlarge a painting to check out details and learn about the artists. This is great!,1

IT'S WONDERFULL TO BE ABLE TO ENJOY GREAT WORKS OF ART WHEN YOU ARE UNABLE TO SEE THE ART IN PERSON. THANK YOU.,1

"To see world famous paintings at home on my Kindle thrills me. To test my knowledge of art and artists makes me feelsmart. The beauty of this little site is stunning. It cannot cover all my favorites, but there are enough paintings thereto fill me and my",1

"It's an awesome app to have when someone like me, LOVES artwork! I really enjoy looking at the detailed pictures.",1

"my five year old does not need a loto f information rightn ow so this is great, basic info and pictures",1

"As an educational tool, it is quite interesting. There were many facts I had not thought about or heard before.",1

This is a favorite. Easy to attain information. I am using it to memorize the presidents.

Never know when you could be on Jeopardy,1

I downloaded this to help my 3rd grader learn and to make him more confident in school. he loves it !!! Thanks Amazon !!!,1

This is a really interesting program to have. I really enjoyed it and it was fun for me and the kids to use.,1

Think you know everything about our 46 presidents?? Try this game! You'll find out how much you never knew--good fun!,1

"This app is good, though the typeface is tiny, though it has all the presidents, it's not thorough for anyone who likes American History",0

nice game but has some kind of bug that would make the kindle to shut down,0

"My kids love this app, they have fun playing it. My students and personal children are learning while playing which makes them want to play more since to them it is just a game",1

This is great play three games at once and pays back keeps your attention and never the same always changing,1

"If only the money was real...but, since you're not spending any money betting you should have a game that pays out a lot...and this one does. Even my kids love to play it and hit the jackpot",1

"All slots games are redundant. This game is simply a bore. It does not allow you to bet over 15 coins even though you may have a "cash" balance of over a million dollars. I found that to be quite ridiculous. Also, graphics are sub-par in compar",0

This game is awesome. I have never had a game that I could play like at the casino and win so much. This is worth having I love the game.,1

"This is a Cool Slot machine game, It's even more fun with Virtual money. Great way to pass time. And you even get 3 Slot machines to play.. And it's. free.. Thanks",1

"We have a lot of fun with this slot game. It's most like the real slots we play and doesn't cost us any money to play. I have over \$100000 on my game, my husband only has \$700 and loses it all everytime. No two games are the same!",1

All this app does is try and get your money. The first thing they ask for is cash or credit. Stay away.,0

"Great app, very fun. Love that i have 3 slot machines. My favorite app yet. Highly recommended. Thank you for making it a free app!",1

I have played this game since I got my kindle over two years ago everyday. I had millions of dollars in my bank and then it just disappeared? What happened? I reloaded but have no money! Not a happy customer right now!,0

if you get the bonus go to the wheel and spin on the blue 50 it gave me 1000 then 600,1

Omg do I <3 this app me and my grandmother love love (lots a loves) this game tots not a waste of space!!!!!!!,1

This game also is a great game to play. I really enjoy playing this game and it is very relaxing to my mind when I come home from work.,1

I love this game. I play it all the time. i love the winnings on this game. Some of them don't pay good.,1

didn't like,0

IT IS VERY REAL SOUNDING & COLORFUL. NO MONEY OR PRETEND MONEY I S ALSO GREAT! AND THE GAME WAS FREE!,1

your mom is the worst hahaha but the game has terrible graphics and the is no point if you can hardly see any thing at all,0

"Play this all the time, it a great little game and can keep you entertained for hours. I would recommend it to anyone who likes casino games.",1

It is exciting to see what the next spin will give me. It is fun for me to see what the next spin brings me.,1

I haven't played this game. I'm not sure I want to make the time to try it.I will see if I want to try it.,0

I have had this game for awhile awesome game its fun and free I have not had to use any real money. I totally recommend.,1

"this is actually fun, it has different slot options and this is the most I have won. I would never getthis lucky in Vegas.",1

if you like the casino you will like this one. you eve get free spins to boost your points can you bet the challenger....,1

"This is one of my favorite slot apps, I've played it extensively & I absolutely love it and spend a lot of time playing it. I've already bought 7 of everything from the slots store & still have over \$800 million, so I've obviously been playing f",1

It's fun to play the slots and not lose any money. It's good practice for playing the real slot machines.,1

"No money involved slots....what could be better. All of us like to play the slots games so this one was a real hit on the Kindle Fire. Is really responsive. Would recommend this for anyone that can understand the game, no matter what the age.",1

"Although this is not Vegas, it gives the same feeling of winning. Graphics are not at all bad during game play. Bet responsibly too.",1

"Slots Royale is a wasted program. Shortly after downloading it, I played it, and even shorter after that, I deleted it. It is a very cheezy game, and once downloaded, starts sending you constant spam from their contributors. I deleted the program and had",0

Just like playing in the casino..but saving alot of money this way. Looking for more games like this for my kindle. Nice and relaxing pplaying this one.thanks for offering it.,1

Worked fine before recent update. Now the graphics do not work. Background of the machines is all black. Ads sure work though.,0
this is not an excellent choice it is the worst app ever!!!! you have to pay money to play this suckish app!!!!!! listen to this review unless you want to pay money!!!!!!thank you for your time for reading this review,0
I absolutely love this app. I go to it at least twice a day when sitting to take a break from my housework or running errands. Totally worth the download and fun!-Joanne B. Blackwood NJ,1
"This is a great slots app. I have never once had a single problem with it, at all. No force closes, not one problem. I dont use it every single day but a few times a week. I like it and deffinatly recomend it to anyone!",1
"Super fun, I like having 3 different slots to play. Peaceful music. Would be nice if the slot had auto spin. Good graphics and I love the bonus wheel spin.",1
"Time flies when you are having fun! Best free slot game I have played on Kindle Fire. Not sure why the one star ratings say it costs money to play. It's only virtual money, not real cash.",1
"I really found no point in this app, it was stupid. Good thing it was free, and now off my kindle!",0
"I was anticipating a more active game, but it didn't capture my attention or imagination.. it may be fine for some but not for me. Will pass tme time away.",0
"This game is totally FREE in every respect. Excellent graphics and a realistic feel make this the best slot game out there. This game is as addicting as the real thing with one major difference. If you lose your ""money"" you are still a winner.",1
Slots Royale is a great FREE app from Amazon. It has more than one Slot machine and the Blackjack and Wheel of Wealth are fun to play when you get to a new level.,1
"This game was way to confusing for me guess I was looking for the old fashion slots that we use to play way back when, I do not like the new ones at all.",0
"I just like the fun of playing slots, if I'm bored, and this one is the best one I've found for my Kindle Fire HD.Fun game. Multiple machine themes to choose. Two bonus games you get to pick. The corny music is just right. Great graphics and sounds, ",1
this is an addicting time waster/relaxer...play it when I have down time or between breaks from work...gives you that high roller feeling...,1
nice to play when i have the time.no problems downloading. like the different slot areas to choose to play in. I would recommend it.,1
Love playing this. It fun to actually have the same effect of real slots. I wish I could really cash out though,1
"This is a great app for slot machine lovers who just can't make it to Vegas right now. It's fun to play, with realistic sounds and graphics.",1
Love love this game. It's definitely a WINNER on my Vizio tablet. I can't loose and that's always a good thing!,1
",FUN for all ages.No hidden costs it really is free.Be very careful it is very Addictive.LOL Everyone should own this game FUN for 7 to 70yr, GREAT for long road trips.Helps keep the kid's busy and quite.",1
"For those who love the Slot machines, this ap is a must. Colorful and many different variety of games; with a bonus spin. My daughter loves it!",1
This is a great casino slot game. Quality graphics and realistic sounds. Can be played with music in background. Offers items to pretend buy with your winnings. Can also Facebook it with friends. Free too. Get it and you'll feel like you're in Vega,1
Slots Royale - slot machines are very realistic and play as well and are as much fun as being in the casino. The pay outs are small.,1
Love to play this game. It is easy and fun and you don't have to spend any money to play. Great way to pass the time.,1
"I love gambling with pretend money!! It keeps me on a roller coaster should I bet max or be stingy and only play one coin, oh what the heck what am I really going to lose?",1
I am going to vegas next week and I can not wait the phone the slots are talking to me.,1
"I am not using this app any longer as I had it on my mobile and it ran down my battery very quickly due to I suspect all the graphics, etc.",1
i dont play this game you have to use cash to play it i would like it removed from my kindle but i dont know how,0
"I don't gamble for real so I am really enjoying this game. So far I have won \$10,000. It passes the time when TV is borring. It is fun.",1
Great game with 3 slot machines that can be played at the same time. What makes this game so much fun is being able to use vertual money.,1
"This game is fun and addicting, and you can buy all kinds of stuff in the shop. I would recommend getting this free app.",1
This is a great game and a lot of fun....would highly recommend . I like that you can play 3 game at once. Neat!,1
I also have this app on my cell I love it I recommend it to everyone thank you for making such a great game,1
"Not only is it a very great and engaging slot; with your cash earnings, you can buy virtual luxuries and compete with others to get on the leader board. That is such an incentive to go on

and on. I never had to BUY coins to play.",1
 "D/L sgame, and it has been a lot of fun. Not having to spend my own money to play game.
 Thanks",1
 Free entertainment: how can you go wrong? I enjoy playing it late at night while watching TV.
 Relaxes me and is fun.,1
 Try it you might like me not at all half the time won't even start up I'm baffled or maybe just
 don't get this one,0
 Another app that wants more and more money. the game locks up and I have deleted it twice but it
 just wont go away.,0
 added live slot tournaments it has made it more fun and the best slot game going. Give it a
 try.,1
 Works great on Kindle Fire. Realistic sounds and graphics and has the choice of a few different
 machines. The authors took a lot of care to make this an exceptional game. I've had a few other
 slot games that just were wastes of time. This is a good o,1
 If you like casinos you will love this applicationMultiple games in one appI would recommend to
 all for a fun game,1
 "Very entertaining and challenging way to spend time playing slots and not losing the shirt off
 your back. You can bet as wisely or wildly as you please and have lots of fun playing your game.
 Win or lose, it's lots of fun and would recommend it to thos",1
 "This game will keep you entertained for hours at a time...if you let it! Lol I like to play it
 while I am watching television. If you like the casino, then you will love this app!",1
 For me this is an entertaining game to play and watch TV at the same time.I like the features of
 the game.,1
 "If you enjoy gaming, then this app will allow you to practice your technique (-;) It doesn't
 cost you a dime and you likely win on a regular basis",1
 "if im going to gamble with real money,i live in vegas this should Not be allowed,this is
 gambling,i believe this is illegal, i will find out these games are for fun not real,its gambling
 if you Have to play with coins you have to buy with Cash",0
 "After a recent trip to a casino in Louisiana, I came home with the 'fever', this was the perfect
 cure and it doesn't cost me a dime! Love it.",1
 "Does not regenerate fast enough. Want to have you pay for more coins. No way to get more coins
 without purchasing. Thus, why in the world would I keep this app? I deleted it from my Kindle Fire
 HD.",0
 A very fun entertaining game. Very relaxing but watch out as you can get lost in time with the
 sounds and button pushing. Reminds me of a casino adventure only the pay outs are much better lol.
 Have fun with it like it is designed and ride the winning wa,1
 I love this game .fun and the sounds effects are very real ..the best thing about this you lose
 but keep your money lol,1
 "3 different games and 2 bonus games,next best thing to going to the casino,and so much
 cheaper...hours of fun.. This is one of the more interactive games of this type..",1
 "this is one of the best game I have purchased, it is entertaining and I really enjoy playing this
 game",1
 The graphics and sound are fantastic for this app. It makes me think I am at a real casino
 playing slots!,1
 "I love this application it's appearance is fantastic on my Kindle Fire HD, I really do enjoy the
 versatility and overall enjoyment it brings.",1
 "I like this game. It is like playing the slots in the casino, except you don't lose you money.
 I enjoy playing it.",1
 "This is a fun (play for free slot game). I give this a 5 star, if you enjoy slot games this game
 is free and fun.",1
 Hours (literally) of relaxing fun. The best game I've found yet. This diversion will even get
 you through a doctor's appointment.,1
 I love this app! Its so fun! You even get three different machines to spin on!! The graphics look
 great on kindle fire ;D,1
 Slots RoyaleThis game is addictive! Sounds like the real thing and very entertaining! Easy to
 play for hours and not even realize it!,1
 This game is a really fun time killer. The graphics are pretty on the Kindle Fire. I am giving
 it 5 stars because it is free too!,1
 "You will never go broke playing this game,your jackpots pay on a regular. Music reminds me of the
 Rat Pack days.",1
 "It works fine. Nice graphics. Good time waster. Doesn't cost any money to play. It's virtual,
 just like those warfare games you play. You don't die, the virtual you dies. When a video game
 starts requesting your ATM number, be afraid. Be very afr",1
 I enjoy this app because it is simple to use and provides hours of free play. The payoffs do seam
 to be on the unrealistic side compared to the Casinos.,1
 "Test device : Samsung Epic, Android 2.2It looks like it could be a pretty cool app to play with,
 but, it crashes every time I try to look at the templates. :(",0
 I love this app! There are a lot of different things you can do with your pictures. I like how
 they keep adding new things. Now there are more than 300 effects you can choose from! There are

even ones that move. For example you get to put your face on a ,1
 This app seemingly has a million frames and different ways to display and spruce up your digital photos. I've used it for six months and the developer just keeps adding more cool templates. Highly recommended. Using an LG Optimus C.,1
 "I love this app and never would have imagine all the things you can dowith this app. It is by far my favorite and I can't stop talking about it tomy friends and family. The pictures you create look so authentic,no onewould believe it's just an app.Get it",1
 lots of belly laughs.....cant get enough of this app. i share the funny pics with all. i recommend it to all.,1
 "This is an app for any one who likes photography !! There are so many ways to change a photo here, it is amazing !! Check it out, please !!",1
 I am a graphic designer so I get a kick out of this app. It does a GREAT editing job!,1
 I am having lot's of fun with this. This product has a lotof of photo making options to enjoy.,1
 My friend uses this app and turned me on to it. She has made some classics with it!! Great app.,1
 "My friend got this app, and I wanted it too, and I thought it'd cost money, but WOW, no, it was completely free! It is funny and is the best photo editor in the world!! You need to get this app!! Don't waste your time on paying for other editors, when yo",1
 I must have downloaded it but it surely isn't a bit of help to me so it is simply on my kindle and I can't get rid of it totally.,0
 "Turn ordinary photos into works of art or into fun/funny photos in a snap. There are tons of different effects to chose from, this is a must have ap!",1
 at first I did not know how to play any songs but now I know how to playlots of songs I lobe this app.it teaches drums guitar and bass.I think its good for you music people out there.get this.,1
 first off i am happy my favorites on my iphone transfered over. but i cant figure out how to add something to my favorites on the kindle version. what REALLY ticks me off is that there is no tab pro on this app. sorry but i was expecting more. one star a,0
 "this is seriously pretty terrible, i was expecting pro and all, but i find the database limited to the stuff on the ug site, and guitar tapp is a little cheaper plus it plays songs a little, so u can hear itthis app would've been way better had it be che",0
 A watered down version from the Android version for the same price. Wish I could have returned this less useful version of what is SUPPOSED to be a great app.,0
 "This app is a well made app. Its easy to use and read, it has a large selection, and it has interactive tabs. It finds the song online, but then you can put it in your favorotes and go offline. It is a really fun app.",1
 Cleanly done and well charted tabs and chords to many classics and current day songs. Was able to find things I'd been looking for easily with the search screen. You have your choice of how to play one song many different ways. A good app for beginners a,1
 "Many songs to choose from, it has a self-scrolling bar so that was extrememly helpful. Really happy for the price :D",1
 "This app lets you search the whole ultimate guitar database easily while on the go. It even lets you login, and save the tabs to your device for offline use, it saves you a lot of paper. Worth every penny, I am glad I bought it :)",1
 "I play piano, but I have always used ultimateguitar.com. Now I can use it on my tablet too! I got it using free Amazon coins that I got, but it would well be worth 3 bucks. Favorites work offline too!",1
 I love this app-3rd time I've purchased this on a different device. Love that it allows you to save your favorite tabs.,1
 If you want to know the truth about this app then look no further than this review the price is a little steep but it is very worth it. This app is very easy to understand with very little to think about except which song to play.PLEASE DO YOURSELF A FAV,1
 "Ultimate Guitar Tabs takes all the tabs, search engine, and database of the website and adds some cool twists, like auto scroll, and the ability to zone in. You can also view chords and change the key right from the tab itself.It's clean and functional. ",1
 "If you're curious about this, it's pretty likely you've been to ultimate guitar. Huge collection of tabs, a lot of features, etc. The site works great, and now, so does the mobile version. Honestly, so impressed with this app, it just plain works. The se",1
 If your a musician trying to increase your skill this is a great way to do it. I use it mostly for the word and the scrolling feature is awesome.,1
 This app allows you to search for all kinds of songs and display tabs or chords if available for the songs. With the large screen of the Kindle Fire you can play the song right from the Kindle. There are also bass tabs. A great program for guitar players,1
 "why spend 2.99 if you could just look it up on google or whatever? you get a few extra things with it, but no reason to buy this app",0
 Not a FULL Study Bible and somewhat confusing to me. Not worth the \$9.99 cost. Have to pay more for some additions.,0
 Great to be able to access all the book of the Bible with a touch of your finger. It's so easy!,1
 It not super apps for my kindle fire because it slow me down and it took too much memory so,0
 "What can I say, this app is perfect for Bible reading/study when you don't have the written Word in written format. And, you don't have to be connected via wi-fi to use it. I use it on the

Kindle Fire HD without a single problem.",1

"By far, this is my favorite Bible app in the Amazon Marketplace. This app is formatted perfectly for the Kindle Fire. It works well for serious sermon prep, as well as casual reading. However, my favorite thing to do is to use the split pane view with a",1

It is easy to read. I like the transaction. You can understand and apply it to your every day life. It has been a blessing to me.,1

I use this at home and at church. Very easy to maneuver from book to book and I'm always able to keep up with the preacher when he says "turn to the book of such and such";,1

Love this app. Easy to navigate. I can read it offline. A great resource. Worked well downloading. Other resources available through this app. NKJV not yet available.,1

"Love this user-friendly NIV Bible app on my Kindle Fire HD!The search feature is phenomenal - it quickly finds a verse, word or phrase. For example it found the word ""Lord"" 6684 times in the Bible. The search results can be refined to the OT, NT, Epist",1

I'm really having fun with this game. One of the few games I spent a long time playing. Great graphics and tons of modes to choose from. Love the anime aspects of it as well. Fun story that goes along with the season mode. Don't believe the haters. Th,1

This game will keep you occupied for a while. The graphics are bright and colorful. It can be fun getting all the power ups and blasting the ball out of the park. It also has several different modes that that extend the playing time.,1

"This game is slightly over priced, but that doesn't mean that it isn't enjoyable. The league mode and season options are a ton of fun. Good times.",1

"really not much to say but dumb, boring. don't care for a storey line, lets just play ball and game play is not that great",0

"Superstar Baseball has always been known for its addictive gameplay. To me 2010 was much of an upgrade 2009 just different. 2011 on the other hand feels great improvement overall. The UI is slicker, artwork is better, game runs perfectly smooth not to f",1

"I paid for the 2010 version, & was very pleased with it. This one is even better, with better graphics and sound. Today for free; can beat that!!",1

Only tried this because it was free app of the day. If I had actually paid for this I'd be really pissed off. graphics and audio are super cheesy....like something out of the days of NES. I'm not even sure you can call this a game. It took longer to ,0

"Like the other reviewer, i had installed the free version and got pretty hooked playing the 'my league' game. Then halfway through, it said, ""thank you for playing the free version."" I don't buy games for my phone, but the gameplay was fun and there were",1

this game is just so much fun. thats all there is to it.raising your player is totally addicting. i couldnt put my phone down many times because i just wanted to get through one more game and raise my stats some more.there are also enough modes that anyo,1

I didn't like this game it was very confusing I don't recommend you this app don't download It's also to expensive,0

Very good game. Let the fielding be automatic or slow down the game. lots of options just take time to figure the game out. Lost first game 16-1....now 11-4 in season mode.,1

"i checked this out mostly because of all the "bad" reviews, just to see if it was really that bad. first off someone mentions how its \$.99 on marketplace, yeah it looks like gamevil is doing some kind of deal right now but thats not the normal ",1

To the people complaining about the jumping around you need to realize the My League is you playing one person only. So you run through the ENTIRE order before you are up again.So if that either you play Season. Then for complaints about the 'anime' cha,1

"I thought this game was a lot of fun, and had some nice sound to it as well. The gameplay is very fast, which I like. An inning comes and goes before you know it and you find yourself switching from batting and pitching quite quickly. The gameplay in ",1

This game is super fun and hella addictive. Graphics and sounds are great! Totally reminds me of an old school Neo Geo baseball game! Works great for me!!!,1

Damnit this game is so addicting. Downloaded this morning and been playing it almost non stop. I think most of the negative review are from those that did not give this game a chance. They probably just jump right in and do not understand how this game i,1

"My kids fight for the chance to play this game. It's simple fun playing America's favorite pastime. Used on DroidX, RAZR, and Xoom.",1

"I downloaded this app of the day and it has never launched. Re-installed and still same problem. It wont launch. Despite all the bad reviews, wish had a chance to ck it out. Uninstalled it anyway.",0

One of the best apps on the Appstore and worth every penny even not at the 99 cent sale price. I had owned the previous 2009 edition on an iDevice and never got around to upgrading to 2010. Saw it on sale here on Amazon and had to give it another go.I am,1

I wrote a previous review for Baseball Stars 2010 and it still stands. 2011 improves on graphics and tweaking animation of hitting and homeruns. This game expands on the overall game mechanics. Infield players are actually highlighted when they have the ,1

There's a lot of fun to be had here. Basically the real draw is the career mode which is where you build a player up RPG style. Really great game.,1

i plan to check out more games by this dev. it's a cute lil time killer. graphics are pretty

decent. i played a couple quick games. it reminds of a few of my sons RPG's that he has for his GBA.if you want longer games play the more intense ones included.,1

Not your run of the mill baseball game. Be ready for some quirkiness and lots of options. This is a very fun game!,1

Love the games after my favorite TV shows. It is so cool to feel like Im part of the investigation.,1

"Very interactive game; I only wish you could here what they say, instead of just reading it. Great game; keeps your interest throughout.",1

"I really enjoy watching NCIS on TV, so playing the game was fun!! And I still enjoy playing it occasionally!",1

I love NCIS I am the biggest fan i have them all over my room if you were a fan I would recommend it don't take advice from the 2 stars or 3 stars they don't know what they are missing. I love gibbs my wish in the world would to meet him he is my Insper,1

Great app for keeping track of your finances. Intuit has great financial programs for the computer and now an equally great app.,1

"It really helps me keep track of my spending and where I can trim down and tighten up. I've used it on my laptop for sometime more, having it on my Fire makes my financial info much more accessible. I love that it has a passcode feature too.I would like ",1

"This is one of the must intrusive apps I have ever downloaded. I wanted guidance, not micro-management. Look elsewhere. This is like hiring a financial advisor that lectures you for buying brand name toilet tissue. No thank you.",0

Would not work with my Bank or Payroll company. needs to be updated or have a disclaimer of what banks it works with.,0

"I was using this website before I got my Kindle fire and I loved it. However I hated that if I used it on my small phone screen it just sort of became overwhelming and I didn't use it much at home. I LOVE using it on my Kindle, the screen is the perfect ",1

Great app and easy to install and use. You can use your main computer and the mobilr device can be synched up with it. I'm still learning how to utilize all of it's features so I hope to get it up to max soon.,1

very easy to use and simple to setup. Once you have it sorted you can just port it to all your devices and have an on the go look at your financial picture. Very useful,1

I don't check my bank account or my credit card balances separately anymore. I look here. My only complaint would be that they still haven't done a deal with GE Finance or whoever has my Old Navy Card. I can't take a star off for that so I'm just goin,1

"Smart design with great functionality. Great display options for information assimilation. I have noticed, however, that there is sometimes a large pause in alerts between the time of the event and the time of the alert.",1

"Using this almost weekly, love it , love the updates and emails and the views that give you a good look at your money.",1

"I've used this app for about 2 years now. I love it. It allows me to check all of my accounts quickly and easily. Now and again there will be a mistake, but its easily confirmed by jumping through hoops on my main bank's page. And mistakes are usually ju",1

I had come to depend on this program exclusively until the last update. It became unuseable on my Droid X2. I tried to address this with Intuit and was told it was a phone thing. Motorola said it was a MINT thing. I was in the middle. I then returned to ,0

"i have been using intuit on line for years B4 apps were even invented. i liked quicken but i was looking for something more simple that blended ALL of my assets together. THIS IS IT zillow lets me know my home value vs what i owe i have checking, saving",1

"I've had Mint on my PC for several years and find it very useful, so when I heard there was a mobile app for my android device, I added it to my tablet. I have to say, it's a really great tool that helps me keep up with expenses while I'm traveling or aw",1

"I would recommend this app to anyone, especially a college student who needs to save money. It is very easy to use, simply put in your information and the app does the rest. It will update itself automatically. You can also adjust what you would like to ",1

Mint is from Inuit - you know the Quicken people and the TurboTax people. I've been doing my taxes on TurboTax.com for years so I had to give their budgeting app Mint.com a try. It can pretty much do anything. Tie it to your bank account and it can updat,1

"I'm still pretty new to this app but, so far, it's great. Easy to use and I love seeing all of our accounts in one place even though they are at different banks. Setting a budget is easy and it alerts you when you're near a low balance-no more overdraf",1

Doesn't work for my financial situation. Could not turn off the constant - "Why are you not putting money into an IRA?" and I am pulling money out of my IRA,0

"I recommend this app over all other moneytracker apps. The widgets take the cake. You can display live feeds of all your credit cards, student loans, and bank account information right on the home screen in all your devices. The "Transactions" wi",1

"I have several accounts with a few banks and it is always really hard to see if they have surcharged me incorrectly (my accounts are supposed to be free, but sometimes they charge me anyway!) Anyway, Mint.com notified me via email that I was being charge",1

"I was already trying to budget before I got this app, and now the process has been made much more

simple and straight forward. I use this on both my kindle fire and my computer. I absolutely love it!",1

Very happy with the app. It makes logging in very simple and this was a great addition to the kindle.,1

I love that I don't have to right down every detail or remember every receipt...the app pulls directly from all the linked accounts. Even more so it gives you a realistic goal manager that you can adjust based on your circumstances.,1

A partner to my computer...it is great. I would recommend to any user. Easy to use and good information to have close.,1

"Provided you don't have a problem offering up all of your banking info to a third party, Mint can keep track of a lot of stuff for you. I'm able to see every transaction on my credit cards, bank accounts, mortgage, loans and even my 401k account, making",1

Added my bank account and doubled everything. tried to fix it and it wouldn't let me. DO NOT INSTALL WASTE OF TIME.,0

This app is simply just great. No problems whatsoever. The UI interface is nice & looks great on my Samsung Galaxy Tab. I highly recommend it for any mint user.,1

"Too personal,...I do not like to give out this kind of information for no good reason except for an app. Who knows who will see it.",0

"Mint.com is a very useful website and this App (on a tablet) is excellent, it shows the budgets in useful graphs that make it easy to see where the money is going. The app is also good on the phone but it lacks the graphics that the tablet version has a",1

This app won't sync correctly with USAA. This makes it useless to me. Glad I didn't pay for it. hhj jjjj said jwjsn jdjdn,0

had to remove it because it confused me. The different numbers. i have no idea how they came up with those made-up amounts!,0

"I have been a fan of the website for 4 years now. It is amazing the way you can get to know your personal spending using their tools and budgets. Once it is set up, it is so simple! I wish the app had all the same functions as the site, but it does se",1

Have not used it yet so don't know first glimpse at it tells me no I do not want to put so much personal information on it.,0

I like that I can look at my budget and goals when I am away from the computer. It is helpful when I am debating a purchase.,1

I have used Quicken online in the past and was disappointed when they discontinued the online version. I switched to MINT and it took a little getting used to but it is a good app and I love it now.,1

"Used to like this site but not any more. My bank offers something similar to mint so rather than give another website all of my passwords to all of my accounts, I just stick with what my bank has to offer. Cancelled my mint account. Sorry, mint!",0

I have used a number of other sites and there was always something lacking. With this app there is an up to the minutedata listing of all accounts. Most of all I found the quick reply from my email inquiries when I needed it. Highly recommend for persona,1

"You will love this app once you get it all filled out with your information. It is great to have everything in the same place all the time. How easy is this.... Give it a try, you will love it.",1

"I've been using Mint for years, both web based and aneroid devices. Simple to use, accurate and helps me keep track of my money and bills with little effort needed on my part after the initial setup. Definitely. recommend.",1

just another site with your personel info to be taken but it does put everything together can get the same from ms programs that come with your computer,0

"What a great app. I can break down my finances over the past few months, set and control budgets, and categorize my transactions. This app is for those who are serious about getting in control of their finances. I can share my account across all of my de",1

Rediculous app that does not work. Unfortunately this review requires a certain number of words and that's all I have to say about it! Horrible and just want it gone from my device!,0

"I've been using 'SplashMoney' on my old PalmPilot for years and learned to love it. Sure, I couldn't get it to connect and download my transactions and had to manually enter everything, but I got used to that. Mint automatically downloads transactions f",1

"I love this app. It isn't perfect, but it is a great way to help keep track of your budget on the go. It would be nice if I could read how my investments were doing too, but as a simple budget and goal tracking app, I couldn't ask for more.",1

Can't use it if your bank not listed or if your bank uses more secure security procedures. Not useful to me.,0

this app is better than going straight to their web sitethe quick-launch with passcode protection makes it fast and simple too!,1

This is a great way to keep a reminder with you of where you are and the goals you have set. No more late fees you can get reminders of when bills come due!,1

"04/04/2011: Mint.com is owned and run by Intuit, a little company with some experience in the tax and investment arena. (TurboTax, Quicken, QuickBooks, business marketing and management, etc.)The only similar website/app pairing in this department I've ",1

the combinations are surprising & hilarious. It's a must get!",1

"I wish this was the first Alchemy combo game I'd played since it has the best UI by far. But since it was the third or so, I was a little frustrated since some of the combos are different. And the art is cute on this one also.",1

You pretty much have to buy in app purchase just to complete this game. It's pay to play even though you bought it...Oh and its pretty boring unless you like random guessing.,0

"I didn't think I would like the game, since I've played alchemy before and not liked it. To my surprise, I started it and lost half an hour without even noticing. The graphics are fun, the quotes are pithy, and playing is easy and engaging. Unfortunately",1

i love this game woo much and played it on an iphone . i immediately. wanted it but it wasn't on the kindle fire. may e next will be temple run...,1

"It is a good fun game, creative, something you don't see that often, and one of the games, that some of you people obsess about like alchemy, that started off a series of games i.e. alchemy. Good game, no real big bugs (occasionally glitches and lags) bu",1

love this game and very glad they updated it so it doesn't force close anymore and that they did it quickly:) almost created everything,1

Made it to 32 before it force closes every time I try to match any thing. Was cool until that point.,0

tried this app...it was great....my daughter and I had a lot of fun. sadly it froze up and my kindle completely blacked out. power light would come on but the black screen of death was all I got. talked to friends at work and finally got it back but not ,0

"EDIT: As I promised, I changing my review since the developer patched the app and fixed the FC issue. I would have given it 4 stars but they earned the 5th one by responding so quickly to the customers. I have neverbefore seen a dev send out a major u",1

"It was a great game for the first thirty minutes then crash!!! Only reason I gave 5 stars was for future updates. I have this game on my iphone, and love it. So please fix the crashes.",1

was force closing. but the new update works. using moto xoom. only suggestion will be to disable combining doodles which have already been previously combined. thanks,1

I am IN LOVE with this game. I have a kindle fire and I was really confused when it wouldn't let me play it and it kept saying "Doodle God has stopped". But then I was riding the bus home (which means I had no WiFi) and it worked and when I got,1

"After the upate i no longer get any force closes on my kindle fire. Great game, good job on the fast update.",1

this game is kind of fun at first but it gets stuck every time it just freezes and I just have to wait for my kindle to run out of battery in my opinion save your money this game is not worth a cent,0

"I didn't think I would like this game, but my son got me addicted to it. Has lots of helpful clues.",1

"This game started out great. The graphics, sounds and music, were all entertaining and fitting. Very unique idea for a game. I would have given this game 5 stars but, it kept force closing on me. Please update soon for those of us who would like to comple",0

its a pretty fun game once you get the hang of it. so I guess you could get it if you want,1

I had a social network app i think was called hyzap that was causing the crash. After i removed the app doodle god worked,1

"This has not had any problems with my kindle fire. It works great, and I know how it works, since I played it on addictinggames.com. It's a really fun game that requires creativity, imagination, and the knowledge it doesn't mess up. I AM ADDICTED. I usua",1

"well it is a very good game great for passing time. but, there is some content that isn't for small children I myself was quite surprised to see what happened when you pit human an human together so beware!",1

the game is very fun but the force close makes it un playable. If you want to play it go on the Internet insted.-,0

This game is ssooooo sick!! The levels are a bit long but it is really fun. You just have to get it!! :) It isn't what I expected at all. The first level is about elements!! Go figure.,1

I think the bug causing all the forced closures has been fixed. I downloaded the app later in the day and so far I've made 65 elements and have had no problems on my Kindle Fire. Other reviewers have said they get a FC around 40 elements or less. Hopef,1

"I got this game as FAOTD about a week ago. I just finished it today. I found it very entertaining when I played it online (so if you're not sure you want to get it, look it up to see if you'll like it; I'm certain you will), and was happy to see it avail",1

"I had the free version on my phone for the longest and loved it. When I saw all the problems people were having with this, I almost didn't get it. I am happy that I decided to get it anyway. I had no problems with force closes on my kindle fire.",1

"This game (after update) doesn't freeze! And I love the introduction!! The Doodle God I think is a dragon! The freezes aren't on the kindle fire, or at least mine. So I think that this is a decent free app comparing to the previous days.....",1

"The Devs updated Doodle God and I can now play without crashing constantly! I am looking forward to playing it for a long while to come, it is an entertaining, if frustrating game, since duplicating previous combinations is extremely easy to do and the tr",1

This game is extremely awesome FUN. You get to mix different elements to make new elements. Everybody should get this app. If you don't you're missing out on a great experience. It is sort of like Alchemy too. So if you like Alchemy definitely get this ,1

"same experience...just as I was getting into the game, I reached 28 elements and started getting a ""force close."" I couldn't do a thing after that. Too bad, because it was a relatively amusing game...update--I uninstalled and reinstalled the game, and o",1

Seriously? This game sucked anyway why make it for the Android market? Plus what does doodle have to do with God anyway? Whatever Android....,0

I love this game a lot. I have to use my brain in order to beat this game. I love how i can make so many elements in the game.i also like that there is mini games added to doodle gods.,1

"very fun and challenging game! had no issues playing, I think the force close was fixed. game is long took me about a week and half to finish, there are also three bonus levels I haven't played yet. definitely worth the price, I got it free but still wou",1

this is the best app I have seen so far it is my favorite one to use on my amazing kindle fire thank you amazon!,1

The problem is that the programming causes the app to force close constantly. This is a five-star application once it is fixed. My suggestion: download it today to get it free then wait for them to get their act together.,0

Works perfectly on my kindle fire. Easy to play and it fun. I played for about 10 minutes after I got this app. Love it!,1

I love this game its so interesting yet it keeps force closing. please please fix it please! this is one of those games that are just too cool to not fix,1

the game is so addicting!!! making hundreds of elements starting from four is a great concept. it only force closed on me once and it didn't bother me.,1

Game was a joy for about the first 10 minutes. Now absolutely every combination crashes the app (causing an unexpected stop). You'd think that Amazon would check for things like this before releasing the app...,0

"I have a few problems with this app.* First, it did nothing for me personally. I just considered the game play to be mechanical, random, and boring.* Second, so will kids like it? It doesn't matter. Unless you want to school them on age inappropriate lan",0

"Well the first failure in this a app was the force close, afterwards I got annoyed by the running Santa and the things arm wrestling, Then the app mentions something called a "Doodle God" who create elements to shape worlds out of doodle.... L",0

Like so many others before me this game force closes after around 10 minutes of game play. Was this supposed to be a free trial and not a free game?,0

"You can play for a little bit and I'm excited to see what the other "episodes" include, however when the force closes start, its impossible to play or enjoy. My guess is either Amazon or the developer won't update, but if they did this seems li",0

"I downloaded this game despite reading all the reviews, good and bad. After downloading, even before I opened the app, it made me crash out of every other app that i opened. MAJOR flaws need to be fixed. I always give the "FAOTD" a chance",0

Lots of and quirky too. I enjoy playing when I am waiting. Try it out! You will enjoy it too!,1

"aa lways force closes after a few minutes o f playing making it almost impossible to play, needs. update soon",0

"I got this app this morning as the free app of the day. It worked great for the first 15 minutes, but then has been force closing every time since when I try to open it. All I got to do was match a few elements together to make new ones, which truthful",0

"Everything works now, 5 stars. Fairly quick response to public outcry from the publisher, nice to see in an age of ""you paid us all ready, now it's your problem.""",1

I love this game cause you get to make new elements and the new elements are actually things that already exist on earth.This game rocks,1

Looks really cool but can't really play it if it keeps crashing. Fix it and I may change this review.,0

I love Doodle God! I love the child safety mode and the extra game modes.I just wish Doodle devil was free and so was Doodle God.(maybe a free day when the games are free!!! But please tell me) :) lol luv this game.,1

"I just didn't like it. I didn't get excited about accomplishing the goal. (whatever the goal was) I removed it from my device, and I'm happy it was free. No money wasted",0

"dear creators,I think you should have the age of science.with a new element atom.stuff like plutonium and gold is uranium eft. your game rocks!",1

It's just an Alchemy clone with fancy graphics and more hassle-filled interface. My advice is just get Alchemy because it's free.,0

"I love this app. It's very entertaining, but, Force Clouded COMPLETELY ruins it. Fix that and this ONE app is my favorite app. Fix force clouded do I can shower in my godinessness.",1

#NAME?,1

"I adore this game, and have played it on other devices, but the constant crashes on my Fire make

it unplayable. Sorry Doodle God, you just don't work.",0
 Loved the trial versions. however it needs to be for FREE!!!!!!! more people would probably get this game which would mean more customers. please make it for FREE!!!!!!!!!!!!,1
 "Amazing game, and dedicated devs who put an update out on the same day it had the problem, really fun messing around with the combos.",1
 "Can't play once you get to a certain level.....force closes with every combination. You would think with all of the reviews and complaints discussing the same issue, they would try to fix it.",0
 love the game for my kindle. Can you put more episodes in it and more elements and groups please. h h h h j h,1
 this game is great!!! i got my hubby and 4 yr old playing it also!!! i would recommend it....nice thing to play to pass time!,1
 "very awesome plus fun so five starsnot so like I expected. but really really Fun want more!,!!!!!! make more then Doodle farm and Doodle devil",1
 good. need kid safe mode for kids great I love update it and you wont have the force close problem.,1
 Realty really really awesome its so interesting and it has kept me up all night don't even hesitate just. Buy it,1
 "Awesome sauce. I love this game because it allows you to make things . Like a human,a scientist,and a cow.",1
 this game absolutely kicks ass! I'm hooked after one day and I'm sure you will be too! combine elements and make new ones! you are a God and you create everything! 4 levels plus bonus challenges for variety. MUST GET!!!!!,1
 I was one of the first to play Doodle God on Pc and wanted to do it all again. I am only rating 5 stars so the developers will take a look at this and repair the force close. I got this game despite the force close and didn't have a problem with force cl,1
 "If you like high quality apps, get this one. It is fun and it keeps you entertained. I just hope that they keep coming up with new elements to create.",1
 Good game..hours of fun..favorite element is fun..have fun with this app. Doodle Devil rocks too. Five stars for sure. High five all who contributed to this game.,1
 "First off am I the only one who finds the concept of pretending to be God highly offensive? If I am, I don't care, it's offensive, even if it's ""just a game"".I refuse to download this. Other users have said it force closes constantly, which is another re",0

 no problem with forced close ... cute animation ... funny quotes loved the game ... wish there was more to it ...,1
 This is a really fun game but sadly it keeps crashing. Its unplayable. I hope they fix it. Its about matching two things to help you advance. Like you pick water and earth and that will give you a new element to play with. As I mentioned. the game crashe,0
 "Berfore the update I could ha e tracked the makers down and strangled them with my bare hands. Now its super fast, no FC's, and no delays. FINALLY!!!!",1
 I love this game and the fact the it doesnt need internet so i can play anywhere i want to at any time!!,1
 The concept is so pathetic. What God did do was speak and create from nothing - he did not combine resources as this app suggest. Genesis 1:1,0
 "this game is wonderful. you create virtually endless things, and when you get to the end, you have already forgotten all the combos and can start again! two things are a little annoying, one is that a glitch can happen where all the text disappears, just",1
 I played it and it did close but after undated its fine really fun good for faotd I needed more words so I put this,1
 "They say if you connect to Facebook you can save your progress so you can play on another, different device. Spent hours trying to figure out how to get my progress from my old Kindle to the new one but gave up and lost everything. Of course customer s",0
 This an updated review. Yesterday there were issues with force closing constantly. I'm very happy to say these issues were quickly addressed by the developer with an update. The game works brilliantly now on my Kindle Fire. This is a very unique and fun ,1
 at 35 elements and now it forcecloses every time I select the second element to combine. please fix to change rating. (on EVO 4G),0
 so it's a good game but keeps having to force close on my kindle fire when they update it it will be the best game on my kindle.,1
 "Its fun for a while i mean u can do all the combos and stuff, but after a while it gets kind of repetitive. Still fun every now and then though :)",1
 "This game was very impressive. The premise and game play was thought provoking, entertaining and quite addicting. I was glued to my Kindle anxious to find the next successful combinations until it was complete. I extend my appreciation to the developer",1
 "Crash, pull out battery. Try again, crash, pull out battery, Try again, crash,.....might be a nice game top give a try if it would work.",0
 "This game has no flaws for me! Add more elements and groups. I'm up to 203 elements! I don't understand why people are saying it force closes. It doesn't for my Kindle Fire. Oh, well!",1

"Force Close at 36 items. That was a great use of 30 minutes. Could be fun if fixed. Also, allow option to turn off re-matches.",0

Like the rest... Force close just about the time you start to enjoy... Download while it's free... Maybe they will fix it?,0

I love this game so much!&ixcl;!!!!!! best game ever!!!! I liked alchemy but this is a hole lot better!!!but it is kinds frustrating tho to find matches,0

"Nicely done take on the mid the elements concept. Works just fine on my Nexus S without any problems. It is a bit slow to load initially, but it's fine once it gets started.",1

the best game ever. very fun and creative!!!!!!it looks lame at first ;but it is realy fun wen u play it.,1

This game was a lot of fun until I had 28 elements. Then randomly it started to force close every time I tried to do anything. Hopefully this will be updated soon since it really is a fun game.Update: The problem has now been fixed and works great! Than,1

I had no.problems whatsoever. except putting it downplease send more updates. enjoyed the other two. games as well. the mini games were great.,1

this app is very bad before u do anything chage to child safe mode ithas u make cascade and when you mix a human and a human and it says sex,0

its funny how the only recent entry NOT complaining about force closing is someone who knows just about EVERYTHING about the game... I don't like developers who comment and rate up their own apps. HELLO!!! We can see right thru you! why don't you FIX the,0

this is a great game.you all should do THIS!Nothing is wrong with this game.idk why you guys think that.you all should play it. like they say we all have our op.I gave this game a 5.Like I said you all would play it same day.this is a great game.I like t,1

Dont like anything about this app. Dont the name. Don't like the way it runs. Don't like how slow it is. We say this game sucks. The thing is creepy.,0

"I &t;3 this game so much!! When I got it, I was nonstop playing it!! It doesn't crash on my kindle fire and it works like a charm! definently recommend it!!",1

"I think the game is so amazing!!!! I play it all the time, and its even in my favorites area, that's how obsessed I am!!!!!!",1

Lol didn't think it will be this fun. But it seems like I can't stop till I try as many combination.,1

Meow Meow Meow em me mw ne en. its awesome and really fun it teaches you many things including the awesome mini games,1

game is awesome but it forecloses so much. it doesn't do that on the ipod fix it and get better reviews its that simple.,0

great game till i got 90 items then any time i tried to make anything it would freeze and i couldn't do anything making a great game really sucky,0

"I LOVE this little game! Had a similar once a while back, but this has better graphics! Mix different combinations of elements together to see what it creates!",1

"I'm having a blast with this game. The only problem is it's so addictive, I'm having trouble getting other things done!",1

this is the first of three so far and the longest as well. this game is well worth looking into!,1

I love the game soooooo much but I cant get the full vention waaaaaaa oj yeah and my name is Hailey not amy amy is my mom :)!!!!!!1

This is a great game that I would recemend to all ages for younger ages turn on the safty feature in the options area,1

"What is the point of this "game"? None so far as I can tell. Don't waste your time or money. You have to somehow match elements to create new elements for no apparent reason. Oh, as others have stated this is NOT appropriate for young",0

Doodle God is a great game and runs beautifully on my kindle fire. I took a risk buying it judging by other reviews but I was anticipating the 28th element and it worked! I kept going and I love it. I highly reccomend it and also Doodle devil (which is a,1

"I downloaded as FAOTD and initially had the crash problem, but once that was fixed, I made it through without any glitches. It was fun trying to figure out which combinations would create a new element. Some of the results were humorous- such as creating",1

I love this game but unfortunately it crashes all the time. Hope they fix it soon and can't wait to keep playing! Lg optimus,1

I was expecting a average app but I got a highly addictive fun app but some is not for young kids like under 9-10 I hope this is helpful before you spend the 2 dollars :) moll's out peace!!!!!!1

"This is a deceptively simple, yet clever game. It is hard to explain, but it mainly consists of trying to combine elements to create new things. It sounds silly and uninteresting but it is excellent. It requires some thought and becomes extremely engross",1

i was really liking the game and trying to figure out level one. was going great and as soon as i made tools ot started force closing..... I am so glad i didn't pay for this or i would be pissed. if it worked it would be a cool game,0

I love this game. It is an awesome alchemy game.NOTE: Why r people describing the game in their rating? Just put this instead,1

I love doodle god! I started with the free version but ended up buying the full game! luv it. i

114/683

super fun to a 10 year old I should say.,1
 best game ever! very addictive and fun. my entire family loves it. so download it. although don't download the free version it ain't free,1
 it was fun but then it stopped working because of the force quit so I tried to uninstall it and then reinstall but now it wont even let me do that. ugh I wish it lasted longer.,0
 "This app just will not keep running. After about 20 minutes of playing it force closes. I am playing it on a Kindle Fire and the game was OK but the force close just kills the fun. From the look of all the reviews, it needs a lot of work to fix and mak",0
 Thank you soooo much for fixing the bug. I absolutely love this game. I can't wait to get the other games this.,1
 "best game I ever played!!! ,",1
 "Glitch is fixed, I've lost at least a day to this game. I love it. I even dreamed about it. Best game on my kindle.",1
 Sorry this game was not at all stable on kindle fire. It started out fun and I got to play for little while. Then the game wouldn't stay open and kept getting the force close message. Tried on and off over two days but it just doesn't stay on. I trie,0
 "For all you Low Information people out there, you can turn "parental control" on or off. I forget exactly what they label it as but you can turn it on for the little ones. Look for it in the options menu.And as for the game, I think it's ",1
 "I liked the game on the computer, but this app sucks. Every time I play there is a glitch, and no one ever likes glitches. The game crashes often and I have already had to delete and re download the game. DO NOT BUY THIS APP. PLAY IT ON THE COMPUTER or s",0
 Just putting it at 5 so that the dev's 'might' continue updating as they indicate in the program. App works fine until you have a certain number of combinations figured out and then it force closes on every incorrect combination. I was able to tin thrum ,1
 lol great when your bored a real pass time if you like learning new things this is a great app to download worth the money,1
 "This game user interface is alot better than alchemy, the user interface and graphics are alot better than some of the other alchemy games out there. Three interface is great, which makes it allot easier to play",1
 "Sorry to complain about something that was FAOTD.. but I invent things. And this app was really stupid. You click two icon boxes, and the game either says "yes" or "no." You get a new item in your list to pair with, or you don't, that'",0
 cant believe it! it finally came for the kindle fire!!!very fun and makes you think about the things that create our world.,1
 I love it. it is so fun. no problems. easily better than Doodle devil or Doodle farm. get this app. everyone says there are problems with it it works just fine on kindle fire.,1
 I wasn't sure bout this game at first but once I started playing it I was hooked..... its a very fun game especially on a kindle fire..... :o),1
 It is the most awesome game I have ever played and is the most entertaining game I have ev.er played,1
 Game keeps force closing after playing for awhile. Please fix. To get to the next part you have to finish level one.,0
 The app stopped moving through the introduction pictures. I could still hear it talking. I was unable to leave until I did a soft reboot. When I was able to use the kindle again the app was not even listed. I thought that was odd. Glad I did not pay for,0
 lame,0
 this is a really great app for kids. its not that complicated to follow. my 3 year old brother can play this game.,1
 "and I love it. the force close is fixed, I have made 49 elements with no problems so far...except that I'm stuck and cant find anymore matches! I'm going to be addicted to this game...",1
 "Wow... This force closes A LOT! Same thing as alchemy, but a little better organization and cute graphics. Really irritated at all the forced closures... Had to take my battery out one time to get my phone to not be frozen. Please fix!",0
 "I love this game, so it gets 5 stars. but honestly, there's next to zero animation in this game, it shouldn't tax the system in any way so why so much stuttering and force closing? I can only guess it's poor programming. could be the device (fire) but si",1
 "Every now and then, some obscure game publisher or developer makes something original.Among the "casual gamers," we've seen this in games like Plants vs. Zombies, and Bejeweled... Doodle God is up there for me. It's interesting, it's sometimes fu",1
 was working fine for a while. now force closes. evo 3d. same game as alchemy. was fun when it was working.,0
 so not worth 2.99 I tried downloading it on my kindle fire and after 2 weeks its not working my daughter is mad now it wad her favorite app,0
 well I love the game and Dodododel devil but I have to agree it dose have a lot of flaws and it sometimes closes you out and you have to stop playing but other than that it is awesome,1
 "I was really really enjoying this game earlier today, but now... it keeps force closing when I open the app and try to play... makes me sad! It was really fun while it lasted, hopefully they fix this....",0

"Okay, so this game has NEVER force closed on me ever, so it must be a problem with everyone else's Kindle Fires. This game is the best game imaginable, hands down. It's so addicting I play it all day long, and I can't stop playing it until my Kindle dies",1

This app was so much fun. I really enjoyed playing it. After the update it stopped force closing and I beat it. I enjoyed playing all the levels and quests. It was very enjoyable.,1

Just downloaded and played on my Fire with no problems. Apparently the app's been updated and whatever the problem was earlier it's been addressed. I'm glad I took a second look at this app tonight. Too bad it's not more clearly marked as fixed. Does not die,1

this is one of the best games ever I would highly recommend this to everyone. I hope you enjoy this as much as me.,1

ss dd dd. dd edd ed d d d d Fcc d d d d d f f d d d d,1

Glad I tried it. Have it on the KF and it worked great for ten minutes. Addictive but have to go to work! If I have any probs will update but seems KF prob was fixed.,1

I would give 5 stars if I could actually post the game but sadly it force closes every time I open it now,0

I had really hoped that the vast majority of reviews were wrong. I tried and tried again thinking "This time I'll get the hang of the game and it will be awesome!" No such luck. It sucked from the time I started to the time I quit and uninst,0

I think this game is awesome but you may have a different opinion but this is my review not yours. This is an awesome game I recommend it to people who are tired of sort games that end super fast this game may never end if they keep updating it I hope,1

"I got it as the FAOTD and it never has force closed on me. No lag, either. It's a fun game and a good way to pass the time!",1

I loved this app it was amazing but everytime I played it forced closedawfulplease do not get it,0

"For me the game will not even download. I got to 72% then it froze. And every time I press install to try again it says "bla bla bla bla, cannot complete bla bla bla bla please try again." Its so freaking annoying!",0

i got this app on my kindle fire and it works perfectly fine. all those people that say that it forces close u guys are wrong.,1

It would have been a five star. but it keeps force closing me. so I have to give it one star. I really hope they fix it soon. DON'T WAST YOUR MONEY ON IT UNTIL THEY FIX IT.,0

I love Doodle God so much on the computer I saw it on here... sometimes it has glitches other than that very addicting!(:,1

I really like it. I wouldn't get it for 3 dollars though so I'm really glad its free today. Its a thinking game so i recommend it for people who like puzzles.,1

"This is a great game unlike any I have played before. No speed or hand to eye coordination, just concentration.",1

"I loved this game. For. 99, I thought it was worth it. Too bad it had to end. It was challenging, but I like that (Most of the time I had to use hints.).",1

I had always really loved this game before it came out on the mobile devices but now I think its even better. it was really fun and time consuming. well at least after they fixed the force close bug,1

this game is well...THE MOST AWESOME FLIPPING GAME EVER! well besides minecrafter...obviously. how far am I? Almost done! ha ha! this game is terrific! buy it for unlimited fun! really worth it.,1

I have done the whole intier thang. I love it it is for me and it will be for you too.Get This App!,1

idk what the people are saying about force close because it hasn't happened to me at all and this game works great on the kindle fire... ;) very fun game but there was an element that surprised me.. humanxhuman=? lol,1

My kids and I spend hours seeing who can get a new creation. We love it. Great fun for the whole family.,1

"I picked this one up just to look at play mechanics and a week later I was still playing it. My wife then started stealing my phone so she could play it too.Great purchase, looking for future enhancements.",1

"This game is really great...for about the first two minutes of anytime you open it. Unfortunately, it freezes up WAY too often. Please fix for a better rating. Samsung Nexus",0

fun game easy and fun to burn up a few hours on a flight or bus ride word word word,1

"I've always loved this game! Was so happy when it came out for free on Amazon apps. Didn't know it had the bonus games after each episode...they are fantastic! Thanks for a great game, and great experience.",1

"The graphics in this game are so adorable that I can't help but love it. It is kind of exasperating trying to find the right combinations, but that is what makes the game challenging.",1

"I thought it was great. Totally worth \$2.99 but hey, I got it for free! Those of you who have Kindle Fires,it works awesome. Good graphics too!",1

Its so fun! Its entertaining. This is something to get! Its not frustrating. Its easy! Sorry for so many its lol.,1

All you do is constantly combine the same elements over and over again in hopes of making something new. Can't imagine how much torture it will be for those who play often to find new

elements. I would not recommend this game at all. It's painfully borin,0
 "This seems like one of those games where it's stupid and you'll just end up leaving it out of your carousel (meaning never seeing it again) but then you start playing it, then you get mad because you can't find another match, so then you play it again...",1
 "No force close what so ever. Fun, but wouldn't be worth 3 dollars for alchemy. gd guv if. u h",1
 fun. simple. addictive. You will find yourself playing for hours. Tell your friends and get yours now! Get Doodle Devil too!,1
 Personally I love this game. It's really fun but too easy for me. I restarted the whole game 3 times already and the Doodle God 2 needs to come on Amazon.,1
 "This app deservices five stars. but it wont let me play it! I would buy this app, but instead I want to throw my kindle.",0
 "I had the same problem as everyone else; I made about fifty elements and after that it would force close. But Lo! and behold, at 12:50 AM, an update came in that fixed the whole thing! No more force close! I am thinking about getting the other two.",1
 "Edit: Update fixed it, great game!!Great game until you get about 20-30 minutes in, then it force closes every time you try combining elements. Clear data resolves, but you've lost your progress at that point and eventually it'll do the same thing. I hop",1
 you guys make that so fun but you need to make some easier ones because I tried something and it didn't work then I asked for a hint and it gave me it,1
 so far my favorite good game theirs a lot to do fun pretty good except it keeps crashing but they'll fix it I'm sure,1
 "Great game until I reached about 27 elements and now I can't play it, it keeps crashing - force close every time I select a second element. It would have been 4-5 starsif it worked. Please fix it...",0
 "If you like zed's alchemy you'll find doodle god to be very similar. I personally like this one better because its more visually appealing and has quests, but other than that they are exactly the same. I don't now if zed's alchemy is in the amazon app st",1
 I am totally addicted to this game. there are challenging parts but the hints help. I love this game and I would recommend getting it. I didn't have it long before I found I was unable to put it down. AMAZING GAME!,1
 I loved this game and wish it would have been possible not to cheat but it's impossible to experiment because of the force close problems...I'm on a kindle fire...but I want to see this issue fixed because its really a great game,1
 "it is a really fun and addictive game. the only problem is when it forces closed. so, if i was you i would probably update it and see if it does it again!!!!!!",1
 "This game is great...for about the first hour. Then the closures start to happen. tried uninstall / reinstall, problem still exists. If fixed would be 5 stars.",0
 no FC here on kindle fire. it's neat. my kids would love this. thanks for the Faotd. this is worth its price if I'd have paid for it.,1
 I got this game maybe three or two days ago and I haven't stop playing this game very addiciting and it work perfect on my kindle fire did not even force close once... I better knock on wood now,1
 this game is really cool!!!!!! there is so much to do- elements and creating them. it works perfectly on my kindle fire!!!!!!!!!! thank you amazon,1
 this is a really great game to pass the time or for anything but i wish they gave you more extra hints.,1
 "I loved this casual game and recommend it to anyone. You combine elements like water, fire, dirt to make new things and after you have completed most of the game there is more things that open up to you to do.",1
 "this is a great game it really is more of a puzzle game than any other but its actually fun, its challenging but if you cant figure it out it gives you helpfull hints its really fun",1
 I love this game. It has a kids safe mode so everyone can be a God! A total must-have. You should get it.,1
 "I have tried this on my Kindle Fire. It works great and the bonus games are equally fun. Great for kids, but be sure to child lock it or they will see one really bad thing. But other than that, it's great to use logic to create eliments and eventually cr",1
 This app is so addicting. Some of the combinations are like obvisious. But some of the other combinations you never would think of.,1
 This game is pretty awesome! Cant wait till the next update comes out. My favorite game on my kindle fire!,1
 this app is so great a great time passer for when your waiting for sleep or just have some time to waste loved nonlinear love it on my kindle,1
 "I just got the full version, and then the void just came. Now I have a glitch, all words are gone. I can't see the hint timer, no idea how many elements I have, it just won't show up. I'm only putting 5 stars so that I can get the update",1
 "Before the update today, I was getting the force close message but now that they had an update that fixed that problem, it is an awesome game again!!!!!!!!!!!!!!!!!!!!!!",1
 All you do is touch two things to combine them. Played for 3 min fell asleep glad got it for free

deleting,0

Great mishmash of items which you create to make more items.Pure alchemy!Try it!All the negative reviews are lies!I had the best expieence with my kids creating all sorts of whamo that would be a time killer!I upgraded to full version!Sweet!,1

I have a Stock HTC Droid Incredible 2 & this App works just fine. The game itself is a more graphical version of the classic Alchemy or Genetics game. The game play is very intuitive & the addition of the God storyline definitely adds a unique co,1

"Enjoyed the game for Incredible v.1 until, like everyone else it seems, the game decided to FC. Yet another decent game undermined by instability.",0

"Doodle God is a fun reworking of the old computer game Alchemy, where you added two elements together to create new things. The game is simple but addictive and has a very strong ""gotta find em all"" component. The thing I like about this version is the n",1

it is easy to figure out but also confusing once u get more completed. the more elements u have the harder it is though. overall pretty good game,1

when I got this game it was really fun but then it forced closed endlessly and was really boring. then two hours later they created an update that fixed it! talk about hard work!,1

Problem fixed great gameSame problem. 28 elements and force close. Hope you fix this soon so you can get 5 stars.In your comments you asked for 5 stars to keep the updates coming. I think if you update it you will get the 5 stars coming.,1

"Doodle God is a wonderful fun game that has a nearly endless combinations! Its worth the money it costs. ignore the other reviews saying it closes constantly, the update fixed it COMPLETELY! this is one of the best apps ever!",1

"it just force closes... :(other than that, it's brilliant. thanks 1 2 3 4 5 6 7 8 9",1

For the person who wanted Doodle God 2 I played Doodle God on the computer and then I played onother game on there called Doodle Devil.,1

when I got this. I thought it was going yo be boring but its not me Paige and my bff kylee do it and it is awesome I think everyone should get this wonderful app it is really fun.,1

"The game description doesn't do it justice. It is the stupidist, most boring game I've ever wasted two and a half hours playing while I hoped we were building up for the main levels. It wasn't, the game sucks.",0

FINALLY!!! UPDATE AVAILABLE!!! FIXED THE FORCE CLOSE!!! WOO HOO!!! WORKS PERFECTLY NOW!!! YAY!!!

I'm so glad they fixed the bug!!!,1

it is very fun! I didn't have problems with force close so I guess it depends on which version you get. the newest version is probably the most updated and works very well. get this game! it is so fun and the mini games make it worth it because the game ,1

I downloaded this game 3/20 and have not had any crashing issue. its fun making new elements and figuring out what you can combine to get.a certain result.,1

"This game is very inventive, combinations are vaired and interesting. There's always more than 1 way to get to an element and some are based more on words than common sense. For example early on if you combine fire and water you gain alcohol or 'firewate",1

I am having a fun time with this game. I can't wait to see what I'll make next.The force close everyone is talking about hasn't happened.,1

just amazing there is no other way to describe it if u like this game as much as I do u would get Doodle devil and Doodle farm :D,1

need to make pocket frogs. please make pocket frogs the game. make pocket frogs for the kindle please. make pocket frogs for kindle.,0

Fun game. For all the complainers there is a kid mode in the settings to make it more age appropriate.,1

"I'm getting so sick of these apps that don't work, thinking of ditching the Kindle Fire for something with less restrictions and hassles. You're gonna lose me Amazon if you don't start investing in getting more good apps for this market. UPDATE: The dev",1

"I liked the game a lot until the forced close issues, well forced me to uninstall it. I hope someone reads the reviews and fixes this fun game.",0

This is a cool game. It is harder than it looks. There is currently a crash problem but I am sure it will be fixed with next update. This is sort of a puzzle type game and I love this type of a game on phones and tablets.,1

"Same results as others. Pretty fun, but closes about 20 minutes in. Also, any idea why it needs to read phone calls in permissions?",0

"Doodle God is one of the worst games I have seen yet..Match the elements to create your own world or go on mini Quests..First, it forced closed on us two times during the opening sequence..Boring and repetitious gameplay matching the same elements or til",0

"I was hesitant to download this, since so many reviews said it constantly force closes, but I haven't had any issues with it in the past hour or so...This is a great game, and I would recommend trying it out yourself before immediately dismissing it, bec",1

"very well done,so interesting to play and give time away if it has some extra boring time . a a a",1

"DO NOT WASTE YOUR MONEY ON THIS APP.I was stupid, and bought it, just to find out I wasted my money. Even if it is free, don't get it. They don't e even warn you of some of the things that are on there. This is not a game for kids.IT'S NOT WORTH IT.",0

"Fix please, constant force close makes this doodle god game no fun. Fix please, constant force close makes this doodle god game no fun",0

This is something to do when you are board or you just want to do something. I love to play this game. If you bought this one then get Doodle Devil or Doodle Farm they are great games to.,1

The update finally fixed the force close for the game. I am using a droid 2 global. The game is simple and fun for hours. I would recommend it to anyone who loves mind games.,1

"I loved this gamefor my Pc, so I was excited for it to be the faotd yesterday. However after playing for the last day I am very disappointed. It worked for thefirsg 30-40 combinations but now everytime I try to combine elements now it force closes. updat",0

"I love Alchemy type games, and Doodle God is really quite awesome for the genre. I've been playing it for hours on my Kindle Fire, to the point that I've run the battery down and need to recharge. It's really quite fun and very well done. I must've downl",1

"From the start this app offends my Christian Beliefs. The permissions seem to be a bit much and the music is at best an annoyance. If you are a person of Biblical Faith, or anyone who just enjoys a good game, skip this loser. The whole premise of this",0

"Even though the all seeing eye represents the power of satan (I did not invent that), I had a feeling I was going to be very disappointed. This 'God' created the earth similar to the way of the bible. That is repulsive that amazon sees the whole opening",0

I have had this game for a long time and i love it it is the best game i have had on my kindle my brothers and sisters love this game to they have on thier kindles to this Game is amazing i personly would like more updates and more levels and i would lik,1

Love this game. I see people complaining about fc a lot but I don't have that problem at all on my Kindle Fire. It's running great!,1

"So much fun, really smart, funny, and so addicting. I completed it today. There's no one formula to use, the rules keep changing as the game progresses. Some combinations are very literal, some are imaginative - it makes it much more interesting. Even m",1

this game was awesome. tons of fun. I could not stop playing it. can't wait to download the next game.,1

"It was marvelous! I found myself racking my brains trying to discover what I could combine to create elements unknown to me in this game! Currently, I'm about halfway through. I started with four elements. Air, water, fire and earth. that was several day",1

"Downloaded it, played for 5 minutes and then it started force closing on me over and over and over. I can replicate the force closes every time. Restarting my Kindle changes nothing. Horribly broken piece of software. Doesn't anyone do quality control on",0

"Downloaded to my Kindle Fire HD, but wouldn't start and told me that I would need to download it again. Downloaded it again to the same problem. That's OK though. After the second try, I remembered how boring this game is.",0

I installed the app and I've tried to open it and it goes through half the stuff about how doodle god created the earth and it freezes and stops working. It won't work on my kindle hd! I want a refund or at least the game fixed.,0

"I played the flash game version before, but this one is far superior. There are even more elements and game modes. And it runs well on Kindle Fire.",1

"43 before force close, what's your highest score. please let us know when you fix this app, replay value would be moderate, time invested would be well spent.",0

using kindle fire this program crashes most immediately. too bad its an amusing game. supposedly you can get a more up to date. version on google,0

"I chose this rating because, Its fun to make the elements and when you get hints you make things that you never thought you could make. get this game for free and I promise you will not get bored",1

This is the best game to have fun with.I love it.the best game on the market I got it when it was free.,1

"would have gone 5 stars. I had a lot of fun with this until force close issue. didn't read reviews first since it was the free app of the day, so didn't have a warning. I'd have thought amazon would actually check that an app works before offering it ",0

been any good faotd in the past month??? seriously most of these apps are garbage and out of date already free on another market..waste of time,0

Ive played this before on computer and its a really fun game so I was really estatic when it was the faotd but it is terrible on kindle fire. It force closes all the time so 1 star until seriously updated.,0

... .. force closed once now that is all that it does... will change rating when fixed. razr maxx ,0

"I really like this game because it makes you think and its creative in a way. Its also fun and entertaining, I love this game",1

"I attend Holy Mary Mother of God parochial school and just got the devil whipped out of me for playing this game in Bible study. Not only did the headmistress take my phone and hold me down while the headmaster whipped me, but I was told if I was ever ca",1

did 64 combinations on my Kindle Fire and it worked fine. There is a list function which will show the last several combinations. Cute and entertaining.,1

"This app DOES NOT HAVE ANY FORCE CLOSES!!!! I really have NEVER had ANY force closes. Seriously,

I really don't know what you guys are talking about because there IS NO FORCE CLOSES!!!",1
 "I opened this app and saw a butterfly once on a level. I opened it up again, and it was a swarm of locusts! and all of the water turned to blood, too. danger...",0
 I enjoyed this game a lot and is very entertaining. I would recommend this game to friends! :)If you like this game then you'll love Doodle Barnyard and Doodle Devil. They should make Doodle Fantasy!!!!,1
 I LOVE THIS APP.BEST APP EVER.It force closed a lot but somehow it fixed its self.How do you play episodes?,1
 "pisses me off big time.just when you start getting into the game, it starts crashing (force close) and you find you cant move forward anymore.if this had been a paid app, i would demand a refund.thankfully it was the free app today.if they rescript this ",0
 I love this game but this app sucks big time. it keeps force closing and I cant even play it. I fell cheated. hopefully they will fix this app and it can be played to its completion.,0
 "Game is a bad rip off of Alchemy, which is far superior to this garbage, the game teases other chapters or modes but doesn't explain how to access them. App really isn't worth a try, 2.5 stars as an average review is too generous.",0
 I loved it I was able to get going really fast. Also the hints helped me through times that I was confused in. I also really like the extra quests along the way. Yes it's easy toPlay because I beat it in under a week.,1
 awww man! i was so excited when i got this app. for the first 10 minutes it worked fine! then it started forcing close every time i tried to combine 2 elements and nothing happened. (which is 90% of the time) i even powered off my kindle and it still wo,0
 this is the best app ever it is funny it is stoopid. but in the good way I love this app,1
 my review for this app is further in this but I.feel.like I need to talk to the people who complain first. A. you need to rate these apps based on gameplay and your opinion not how well it works. B. it is okay to talk about it but when more than 100 peop,1
 "I kept hearing about the problem with force closing in this game, but I decided to buy it when I saw reviews about it being supposedly fixed. The game works great, does not force close at all and the quests are fun, too. Its a nice puzzle game and quite ",1
 I almost didn't download this and that would have been a shame. I have already played this over an hour and had no troubles on my kindle fire.,1
 "It makes me sad that an app is created (it did not evolve) that makes us want to be a god. Why can't we seek the true god, who is God.. Yet, thanks for the free app.",0
 this app will allow me to buy it but it wont let me download it...kinda weird so there for it sucks,0
 I love this I learned so much. I wonder if I put blank and blank together this might happen. Doodle God is the best,1
 this game is the ballet I'm supposed to be.get it because it's cool and stuff.I haven't had any problems mentioned in other reviews.,1
 "like reviews, this app worked well for ten or fifteen minutes on my fire. then it started force closing everytime I tried to combine two elements. if they could fix this bug, then this app would be great. till then its just worthless.",0
 cant even pláy due to this issue!! plz fix so we can enjoy the game. that's all I have to say about this,0
 I saw a few complains about the app crashed on KF but I decided to give it a try anyway and it works great. I love this game. The introductory is good. The graphic is great. The music is just right. It will stay on my KF for awhile.,1
 "Like the title says, the issue with the force closing down right ruins this little game. I was genuinely intrigued until it started force closing on me. Now, as soon as I try to combine an element, it force closes on me.I would be more than happy to give",0
 I don't trust Russian or Chinese apps. This is boring and has shady elements also not fun at all. I don't recommend.,0
 I had fun playing this morning till it kept force closing..I checked and they updated...and fast too probably for all the complaints..too bad it got bad reviews because of the glitches. I cant wait till it finishes installing!,1
 Doodle God is a game where u create "elements" such as airplanes or cars. this is one of my favorite apps which seems very fun to me. I love this app,1
 "When I saw the game, it just looked like a easy game.y but as I got into the game,it looked fun and addicting. And I was right and right now, I'm on episode 2, with 111 creations and 15 groups too.",1
 "A totally unique fun game. I always only get free apps. Don't deny a lot of you don't do the same. After I played this free version, I HAVE to buy the full version.",1
 In my opinion it's great because you can turn off all the inappropriate stuff in the settings and you can make cool things great for a 9 year old :D,1
 Doodle God is the originalnal game That I saw on Kong many many years ago. Still the game is still awesome!!!,1
 this game got good reviews so I gave it a try and I'm very disappointed! I got it on my kindle fire and I got about halfway through the game and it all of a sudden started to force close and I'm getting fed up so I deleted it because it isn't worth it. I,0

FUN GREAT LOVE IT BEST GAME EVER. SUPER FUN. SO GLAD IT BECAME FREE BUY THE APP. IT IS SOOO SO SO MUCH FUN. GREATTHE BEST GAME EVER,1

"I really didn't expect to be impressed by this game, but it is really a lot of fun and hard to put down. I have had no issues so far on my kindle fire. very clever game!",1

"reading the reviews made me hesitate. I have had no issues whatsoever on my kindle fire. a fun game that makes you think, so go ahead and try it. very entertaining!",1

The latest update has fixed the force-close issue for me. I'm enjoying the punny combinations again. Thanks for the excellent customer service.,1

"I love this app. It is amazing, I have a Kindle Fire and it works perfectly! Please make the Doodle Devil free for a day too! This will make all of my friends jealous, thank you for making this app. I can honestly say this would ne my favorite app of all",1

it keep force closing it sucks o my god it sucksasfx scar faced dxfd deft cerf sdg dcx adj jhddj idjj,0

I was looking for Pocket God awhile ago and saw this app I finnaly got money so I got the trial. Cool decided to get the full game. Awesome! what's with the bad reviews you can turn off the bad stuff I'm a kid but I'm not all immature awesome game seriou,1

There are many glitches with the game.Some elements you combine cause the game to crash.Can you fix this? Also the game is amazing!,1

This app is awful. All you do is combine things. I got this app for free and it is not even worth that! You would have to pay me to play this... it is AWFUL!!!!,0

hhdysiu dhjsyysju sigenugeiur nshhrnubdbnehve d. ekhdvjdggsiyfui gu ii hi hy ia a a a a a a a a a a,1

"Does not work on my kindle, even after repeated attempts... Maybe a software glitch???",0

I use this app on my Kindle Fire HD. I've found it to be quite helpful in accessing files i need to review or share.,1

"Box has its issues on the pc, but the android app is just what you would think it was, an app to download files to the android.",1

I use all the time for my files and projects. Easy to use and it's free (right now). Thank you.,1

"Everyone with a Kindle should have a Box account and this app. The hard drive is smallish, but Box helps out with file storage.",1

this is a great app and for a limited time until march 23 you get fifty gigs for the rest of your life. jump on this one quick boys cause greatest deal on the kindle app market. it also works great with my app manager.,1

"Between Dropbox, Sugarsync, and Box - Box is the best. I got 50GB of free storage instead of just 5GB because of a free promotion. That's 10x more than Sugarsync and 25x more Dropbox. Box has way more features and is the most secure. Love it!",1

"This is a great application! Easy enough to set up and use and makes transferring files between your PC, Mac, iPad, etc. easy and painless…….and the base application is free. For business use, added space is inexpensive and you can share th",1

"Service on par with any of the other cloud-based storage services available right now. can upload lots of file types, integration with Microsoft Office and other web apps is an interesting idea, I have yet to explore that fully.",1

"great cloud storage app, now more than ever since for a limited time through March 23rd you get 50GB free for lifetime if you sign up. excellent with the limited space on the kindle fire and makes it easy to sideload apps you've backed up from you androi",1

"I tried this cloud storage after I tried dropbox first and hands down. If you can use a place that gives you free 50 gig account and a pretty descent amount of options to do with your music ,movies,or even programs whatever you would like to do with the ",1

"Has plenty of free room and board, lol.. Nothing but the best!. I use this with "File Expert" to back up none amazone files... If you haven't heard, go check out my review list for nothing but "Must Haves" for KF users. You have a app",1

Great product for sharing vids and pics... great holding place for vids you don't want to store on your phone,1

"I could not get this to work. ODDly, after several attempts, it was still a mystery. Dropbox worked much better.",0

Great app to store and use doc's and pictures across all your devices. I have used Box and Dropbox and they are about the same to me.,1

"If you sign up with an LG device, you get 50GB of storage. For free? Yes, sir! Other than throwing a few files on there from time to time, there isn't much I use this for so it suits me just fine.",1

Very happy with box on my kindle fire hd. Performs exactly as expected. I was able to post a PowerPoint on box and then view the presentation on my Kindle even though there is no PowerPoint App on the Kindle.,1

I collaborate with my band mates using this app. I'll record some stuff and upload it to box and that way they can check out what I'm writing. I signed up for Box when they were having the 50gb of free storage for lifetime so if that deal is still going ,1

I can access my Box and Dropbox accounts through my QuickOffice Pro app. That avenue doesn't work if I want to download onto the local memory. The Box app allows me full access to Box files and

will let me download into the device. Very handy if you'r,1

"I use this program consistently! Works great with my Samsung Galaxy Note 10.1, laptop and desktop. Best app for sharing jobs!",1

"A great cloud solution for backing up, sharing, storing and viewing anywhere...your files etcetera. Try it now, you'll like it forever.",1

"I don't know if BOX even works on Kindle Fire. I downloaded from Amazon app store & installed it, but have NEVER BEEN ABLE TO LOG IN! It's been a few weeks now, I emailed support but no response!! Whenever I try to log in with my email/password it sa",0

This works great all my pictures and files are saved and its good app I use it all time. There is never an issue easy to use,1

Someone wrote that you can't upload multiple files at once with the free version. That is incorrect. You can. There's an option to do just that. I use it all the time. This is a great service - and I only have the free account! The only problem I have wi,1

"This is easy to set up and easy to use. I installed it on my laptop and my Kindle with no problem. I don;t use it often since I have a few other cloud apps, but it's a good overflow to share projects with other users. In case you don't get it, this is li",1

"I thought this was "Dropbox" before I realized what it really was. I since uninstalled it from my Kindle and from my Cloud. I like "Dropbox" better. Now if I can just figure out how to cancel my Box account, I'd be really happy. Anyon",0

How can you go wrong with free storage. I have to admit I've gotten more use from dropbox in the past but seeing how box has recently added syncing with their desktop app I think dropbox has some real competition now.,1

keeps saying sso token is bad when signing in through google 2 step verification on kindle fire. please fix soon.,0

ties up the computer does not work and Norton does not recommend it because of the lack of use by its people,0

"I have 50 GB Box storage and this is awesome. I have tons of music files, power-point, word docs. Easy to upload, and access on the go. Never had issues. combines with Pogoplug app, and Google Drive, this solves private/public cloud infrastructure for my",1

"I use dropbox as well. Never can have enough storage, especially when you have a Kindle Fire.They are running a special promote right now for 30 days.. you get upgraded to 50 GB of storage for lifetime for fee. Don't miss out on this!",1

"This app is a great way to connect in between devices from Kindle Fire to your home computer & it sync. very well. I was able to set it up very quickly and it works well to stay organized from the office to home, and to be able to look at important file",1

"Just being honest. I use Box but also use other cloud storage, one for Apple, and one for Microsoft and find all three to be about the same for ease, accessibility and value. I have never pushed the limits on any of them and I have not shifted to their",1

This is pretty much like the other mobile Box apps. There really arent many ways you can mess up a cloud storage app. It's easy to use and great for those you use cloud storage.,1

"And easy way for me to save important files or photos and not have to ever worry about losing them. No lost jump drives, destroyed CD's, or crashed hard drive to lose my precious information.",1

"This app works very well and I am able to sync my Tablet, Cell Phone, & Computers to each other and sync to the cloud. Sharing is very simple to do as well. I signed up for the free 5GB and Box ended up giving me lifetime 50GB for free! They also gave me",1

this is a good working app that worked on my phone worked on my tablet worked on with my computer,1

"This is the ideal package for anyone with multiple computers, smart cell phones, or e readers. You can back up everything and then access it through all devices. Very nice.",1

Great way to store stuff off your device. Also makes it much easier to side load apps to devices they are not normally available to.,1

Easy to get along with and use. passes things from one device to the next easily. Could not be more simple to use,1

easy to use with simple windows and mac integration; also using with iPhone and Kindle HD. and finally my 50 GB Box storage is awesome.,1

I have Box on all of my mobile devices and like the ease of use. I also use other storage programs but Box compliments them well.,1

I really love how it teaches u all the different Greek names and such I think all Greek fans should get it,1

"I never studied Greek Mythology in school but I definitely had an interest for the basics, so this app is perfect. The app maker has a few interesting apps, I have purchased just about all of them. For \$1.00 per app, how can you go wrong.This type of a",1

It's boring and was a waste of money.I would not recommend this app. Very little info and like I said..... boring.,0

Very fun. It is a pretty simple and addictive game. Good for passing the time.-Samsung

InterceptThere is no reason for a 1 star review.,1

"I have abduction! which is super fun,ive also played the demo.they both work great on my fire.I cant wait till its free again cuz my parents said it has 2 be free",1

A simple premise that is hard to master. That being said it has a kids mode you can only jump up from. Perfect for letting your kids entertain them selves with worrying about them getting frustrated and hitting your phone.,1

"This app was a lot of fun, It took a little while to beat but it was fun the whole way.... First Abduction was a lot of fun too but this 1 I think is way better.",1

Go to settings and turn hi def mode to make it look a whole lot better. Great game to waste time with.,1

"title screen is okay, but all of the other screens are messed up. shame since i played andenjoyed the first one",0

"I really loved the first game, and this one is just as good, but with some more fun features. I've enjoyed every minute I've played this game!",1

This is a rip off of Doodle Jump Gamehpuse. I would like to give it a good review but this is merely a knockoff,0

"fun addicting game. So much fun I could not stop playing even while laying in my hammock, I tilted the phone so much I went flying out.",1

"It is a simple and fun game. I would not mind to pay \$0.99, but it is free today, you have to get it.",1

very fun time killer. i had the free version and it was amazing! so glad its free today. the developers really did a great job on this game.,1

"It's better than the original and just so damn charming! Doodle jump are very similar, but my loyalties lie with this one.",1

"Loads of fun, looks better than doodle jump. I like the customizable animals. Also this game has a good campaign mode.",1

"Fantastic app to get for free thanks to Amazon! I would have happily paid if I knew how fun this was. Doodle Jump may be a bit more polished, but this game has so much more to do... Fun fun fun!",1

"I have all of the Abduction games, and this one is every bit as good as the others.The thing I like the most about it is the fact that you can load it up, play a couple of levels, then put it away all in a matter of minutes. Perfect for on the go gaming",1

"This game is a bit repetitive, but perhaps there's only so much you can do in a game where you bounce around using the accelerometer. Taken for what it is, it is an excellent game, though, and I can see myself wasting quite a bit of time on a bus with th",1

"Improved graphics and game play from the original version, but still the same great game. New features like trampolines are fun.I don't know why, but a lot of people like to troll the daily free game. Perhaps they are developers of other games that are",1

"We've had Abduction for a long time as a not-quite-perfect substitute for Doodle-jump, so I didn't expect much out of this, but it's so fun! My son absolutely loves visiting the different countries and purchasing items at the ""store"". This is a really go",1

"I figured I would hate the game but once I started playing it, and I played it again and again till I couldn't get any further in the game. very fun!",1

Great game especially for free! Get it now and you will not regret it. Stupid twenty word limit needs to go.,1

I think this is the best game ever. I play it all the time and love jumping up and down. What better way to spend your time than save adorable animals. Best way to spend your time other than playing volleyball.,1

white box covering the screen. can not be played. otherwise works great on phones. I loved the original version of the game.,0

Just for the fact that this game uses profiles is 5 stars ! Now my whole family can compete for high scores! I really don't know why all games can't do this.This game is very fun also! Love the excelerometer use!,1

As of 2/7/12 this app doesn't work. it closes unexpectedly as I get to the main menu. my kindle has been a problem since I dropped it but all my other apps seem to be mine. would give it 5 stars but it doesn't work on my Fire tablet.,0

"Who doesn't love bouncing a cow around. Wait, that doesn't sound right. But the game is great and I really enjoyed it.",1

what uh umm why when uh huh ummmm wtd what the heck.. all i have to say one sensible word about this app SUCKS dont waste your time with this. this is goofy game uninstall within seconds after playing,0

"This is the cutest game, ever. It's especially useful for killing time in queues and other similar situations, simple colourful gameplay, and it doesn't even need two hands or even your thumb - yay! And I have yet to see anything cuter than a cow wearing",1

"I originally had the first ones free trial which I loved. And being able to get the sequel for free is great. Yes it's a lot of repetition, but it gets harder and more rewarding with unlockable content and characters.The reason I like it more than Doodle",1

again: why does a game need permissions like reading my identity and internet access. I don't install such apps and give them automatically one star. We should teach them that spying doesn't pay.,0

"The original Abduction was a great game, and they managed to find a way to improve on it. I already bought this on the Droid marketplace, but I still can't complain. Great job, developers,

keep up the good work, and props to Amazon on a very worthwhile f",1
"Fun, simple game! Worth the time to download, great to play when you have a few spare minutes.
Not much else to say.",1
"I really wanted to like this one. When it pauses for an incoming call, it breaks and needs a
force close. Also while playing, the screen cleared (no cow or platforms, except for the end which
was half off the screen and too early). Finally Feint sucks. ",0
I haven't gotten this app but im writing in response to people who has and is giving the game low
rating because they purchase the game too early. i encountered that the other morning but was
smart enough to WAIT you monkies! why would you go ahead and ,1
this app is fun and easy to use...photography & collage are hobbies of mine...having the
ability to make collage on my kindle fire is great! another great app for expressions of
creativity!,1
Keeps crashing and freezing up. up It will not let me add an image for the background. Now it
won't return my money!!!! Very disappointed.,0
GREAT app. Developer has been very responsive over time as I've raised questions or made
suggestion. I highly recommend this app!,1
"This app is great for someone who loves pictures like me.It's very easy unlike some other apps. I
recommended to anyone,you won't regret it and it's free.",1
the first time i used it it was awesome! then everytime i clicked on it it said you must forclose.
waste of money.,0
it is so fun I love it and so dose my sister we have a lot of fun on this and I think you should
like it to,1
"This is an old version of this app. I checked on Google Play and it has been updated - VERSION
20120405 was done on April 5, 2012. I wrote to the developer and hopefully he will send the
updated app to be tested by Amazon - then Amazon will offer us the ",1
"This isn't the type of game I normally play. That being said, I just played this game for 6 hours
straight. Good graphics and controls. Fairly easy to figure out with a small learning curve.
Totally worth 99c.",1
This game is addicting and very in depth. Got it as the free app of the day and would totally have
paid over 5\$ for it. I do wish the icon buttons were a little bigger but you get the hang if it.
This is currently by guilty pleasure. Great time passer if,1
"Confusing and undocumented gameplay, lack of instructions, and no description of the game
controls made this app unusable. I'm uninstalling it.",0
with great graphics. some if the people here are complaining about this app being free on the
android market. OK? I guess their time is precious and expensive to whine about getting a FREE
game.Just starting playing the game and it is okay. it works on ,1
"usually don't leave reviews, but i'm addicted to this game. At first, a little confusing as to
what to do, but after two levels of the campaign, i couldn't get enough.",1
"all the praise and complaints of the top rated reviews really cover this app quite well. there
is quite a learning curve and trial by error, but if you stick with it the game certainly begins
to shine. Townsman reminds me of Age of Empires for the PC. ",1
"I have been waiting to play an app like this. It is a great concept and it's fairly well
executed, except some of the interface is very hard to hit with my fingers. This is a very fun
game in that they fix the few bugs it does have then it will just be a",1
It wont download on my kindle fire I deleted three apps turned it off and nothing just the Sam
error saying installation failed try shin so don't get waste of mouney,0
"Reading through the instructions, rules, and regulations takes forever! Who could take the time
to memorize all this AND have a LIFE?????",0
you guys don't know the difference between paid and free apps all I have to say is god help them
for they know not what they do . you're trying to say that amazon is trying to pull something
over on us . for me it's a great game without the adds unlike ,1
Super fun addicting game! Sorta reminds me a little bit of Age of Empires! But overall a fun
addicting game!,1
"This takes a little -- well, a lot, really -- time getting used to the controls. But after
getting that down the game is a lot of fun, challenging, and quite the addicting little time-suck.
Campaign mode is great to play and it is nice to drop into the o",1
this game makes it very hard to understand basic gameplay and gives me a headache due to poor
graphics. developers could have done better.,0
"Works great on droid x. Different but lots of fun. As to the previous review, there's a free ad-
supported version of the same game on android market. The paid version there currently costs \$1.36
our something like that",1
at least 6 months ago when I scooped this title it was free on the android market. I don't know
when they started charging. none the less this is a great game. easy to learn and the difficulty
ramps up nicely. updated frequently too. half sim city/ half ,1
Glad that I never paid for this because it would've been a waste of money. There was a lot of
potential in this game but it was all thrown aside by a shoddy amateur dev. Game interaction is
nearly impossible and there is nothing intuitive here. In other ,0
"This was absolutely the most infuriating game to figure out, that I didnt uninstall immediately.I
have had it about seven months. I keep playing it.Little changes make big differences, like what

if I start my first farm with all meat, or build my manor h",1

"At first I was bored with it because learning how to play is never too fun, but once I got used to it, it became the best game ever (for Android)Highly addictive, fun and plays well usually.",1

"This game is addictive. flawless on vizio tablet, single core. Think of the pc game "Civilization Revolution ". Graphics are breath taking, I can't believe how it looks better than most of pc games, and consoles games that cost upwards of 64.00",1

I found this game to be very in debth for an app. I have been addicted for the last few hours.The game doesn't come with very clear instructions so it takes some patience to figure out what you need to do. I feel like I had a little better time than some,1

"And it's not just because I used to teach French! This is a creative, challenging game that starts off very basic. Mastery of the game takes a while - I played it through to the end of the campaign mode at least 5 times before learning enough to conquer",1

"This game is both challenging and addicting! As a fan of some of the older strategy games, this is the first android game to even come close to meeting my expectations.",1

"I like this game, it's both entertaining and fun. It's not fast enough like an arcade action game that requires a power hungry processor so it saves the battery at the same time. I'd like to see more these RPGs, specially in the historical category that ",1

we could have a game with real people since I am really sick/of the cartoon folks. not downloaded for that reason but had to rate to mention my issue. real people can make a game better for many adults.,1

one of the best mobile games out there. engaging enough to keep you entertained for hours. definitely worth five stars,1

been having some weird dreams lately this really helped me make sense of my dream and what ike feeling very relieving to know and have my subconscious make better sense of events and how to solve problems in my life awesome app,1

it told me more about myself.gets right to the point.also u search for keywords that were in ur dream.I'm keeping this 1.it tells the meaning of ur dreams u had.great app.,1

I really love this dream app it pin pointed my dreams as soon as I found out what kind of dream I was having and I've looked up for other people too and it hit it right on the dot,1

I tried to install this app but a message came up stating Cannot install. Dream Dictionary has been corrupted. So yeah. Can't offer up a review on this one. Anyone else have this problem?,0

I really like looking up things in my dreams on this app. there is a lot of words although there are some that I couldn't find usually I can find a lot of the ones Im looking up. some of it actually makes sense as to why I dreamt that but other times it ,1

Just what I wantedjust how I wanted itI would recommend it to everyonein perfect condition I love it,1

This app really doesn't really tell you what ur dream means. If u want a good dream app get dream jourounal.,0

"Very poorly put together,not visually appealing at all.plus you have tons of advertisements popping up where it takes your eyes off of what you were searching for in the first place.thankfully it was free because if I'd of payed for this I'd be pissed.ri",0

"99% of what I look up isn't there, not even most colors! Don't waste your time with this one. Dream Catcher is better, not great, but better than this.",0

"I am a very vivid dreamer and so it is a kick to look up what the meaning may or may not be! SOMETimes, it is right on the money :)",1

"This can let you load all your basic health care needs for an emergency. On my kindle, it has a special lock feature that health care professionals can access without your pass code.",1

"Unlike my Samsung S4, the HTC Droid DNA seemed to have no option for displaying your information on the lock screen or letting someone who found your phone simply dial another number of yours to let you know they have it.This app solved that problem.I ac",1

An acquaintance recently lost her phone on a ride at Disneyland and was told good luck getting it back. She had her ICE contacts accessible on the lock screen of her phone and Disneyland called one of her contacts the next morning to say they had her p,1

looks good on the kindle fire...ideal for students. really nice free app. While you cqn get all this from google.com but this gets you there in fewer steps.,1

"if you want a periodic table for reference, here ya go. Straight, to the point, easy to use. Thanks guys!",1

It is complete and easy to understand. I like the feature of alphabetically finding the elements to learn in details about them.,1

This Periodic Table app is a very handy way to quickly view the Periodic Table. The app has an easy to use interface that allow you to select an element to get the pronunciation (clearly speaks the name) and it's properties. It also supports a search fun,1

"This is a great application, everything just works great, and is so useful for studying the periodic table, I use it in all the time and all the people will look me with envy, with their old-fashioned paper periodic tables, while we work with them.AWESOM",1

"Not only a table, but learning resources come with it as well. It's great for studying, it's an essential for chemistry.",1

I'm not a scientist or educated man but from a dirty faced old man's view - this is a pretty good record of what common folk need to remind them of what "The Almighty" built along time

ago.,1

"Has everything I need in a small package. A really good reference app for your phone or tablet that can deliver all of the elements you could possibly need. I have it on my smartphone and my kindle. Never any problems with function, no funny permissions ",1

"The Periodic Table app installed and ran fine on my Kindle Fire. It worked well in both portrait and landscape modes. As a retired engineer, I don't really need a handy periodic table, but as a science lover, I've always been fascinated by them.This peri",1

"I am not a chemist so my opinion may not be as spot on as someone with more experience. I found this app to be very useful and complete for what it is. I would have liked the option to sort/identify according to various element properties, such as conduc",1

"This is a great resource for anyone interested in chemistry, physics, etc. You not only have the periodic table but clicking on any element reveals a wealth of information. And there are videos and other interesting information for anyone at any level.",1

"Memorizing the periodic table of the elements is a chemistry class basic. The only way to do it is to drill, so make the drill convenient and fun with this app. It works well on the Kindle Fire and is suitable for all ages.",1

this table is inaccurate some elements aren't real labeling is horrible no halogens! do not get this app I got a C on my science test and used this app to study,0

"i have a few written books on this subject and they are prettier, but not as handy as this on my kindle fire.",1

This app is great for the nursing students here in the hospital. It's awesome to be able to simply pull up the resource quickly and timely.,1

"I'm guessing not many will need a periodic table and usually, I don't either. But there are times when I do. This was free.",1

This app was well designed. I am a student and find this easy to use very helpful and gives the amount of info needed for anyone starting out studying the elements!,1

this is a great help. it contains most of the information one would need and links to Wikipedia. the only thing that would make it better would be able to click on element and have the info page come up.,1

"As of the moment, this very well could be the best game I have on my Kindle Fire (And this is among games like Avatar and Asphalt 6). This game is a little overpriced considering the amount of levels the game has. However, I am very happy I bought it. ",1

This game is great on kindle fire and samsung vibrant. There is no way to be disappointed with this game.,1

"Fun game with great visuals and sound. I was expecting to not like the auto-aim, but they handled it pretty well and the game is still challenging.",1

Not compatible with the Android Velocity T301 Cruz 7-Inch Tablet as stated. :(I guess it needs more RAM to run it.,0

"I tried the free version and it was good. Distractingly good. You always want to try just one more time to get that higher score, and it goes pretty fast, so if you mess up you can either restart or finish quick and start again. It's a quick way to ki",1

"This game is really fun and I like it because there are 3 different styles of play so you don't get bored doing the same thing over and over again. There's the timed target game, the original can knock down that gets increasingly more difficult, and what ",1

"I first got CK2 from Amazon for my Kindle Fire (not HD), and enjoyed it, and then got CK3 and loved it even more. Turns out someone swiped CK3 to put it on Amazon because I wrote to Infinite Dreams and found out CK3 was on Amazon illegally and that's why",1

I was relieved to find this app for Kindle Fire after searching among the other options. I bought it for the sync capabilities from and to Google Calendar. It syncs both ways. I can count the apps I've actually purchased and this has been worth every dim,1

"When I moved to Android OS two years ago, I used Astrid for my task list and Business Calendar for my scheduling. When Astrid went out of business a few months ago, I decided to try CalenGoo. If I'd known it had a very powerful to-do function, I would ",1

Awesome to have something calendarwise to share with my other electronics thru my gmail... I can switch between devices and still have my calendar with me,1

"I downloaded two other calendar apps for free to try, and just kept coming back to CalenGoo. I don't even use the Google calendar sync, so other apps would have worked, and may have cost less, but this one has all the features, reminders and customize-ab",1

only app that allows me to sync my google tasks between my fire and android phone. calender looks great and it's much better than the stock android (even the one on jelly bean)! I would recommend this to anyone. Great buy,1

This calendar is amazing! I have it synced with my google calendar on my phone and kindle fire. I keep my to-do (tasks) list there also. I don't know how many times it has saved my life with reminders! Spend the money...it's worth it.,1

"Provides two way connectivity (over wifi) with Google Calendar. Alarms and reminders and good stuff, oh My! You need this.",1

"This app is more than a convenience. I can *do* more with my life than before because Calengoo allows me to keep it all organized. I'm spending more time with my kids, I've said ""yes"" to volunteer opportunities, and I'm much more peaceful and happy. It",1

couldn't get this to work on my kindle fire sad waste of \$\$. save hour 6\$ you wont get it back rather upset,0

"Got this recently as the free app of the day it is an extremely useful very easy to use, I'm able to integrate all of my calendars including my wifes calendar into mine so I can keep track of everything and adding things to the schedule is a breeze.",1

"I rarely purchase apps, but was aggravated because I could not find a calendar that would sync with my google account i paid \$6 for an app for my 8.9"" Kindle and the calendar is so tiny i cant read it without zooming in. I also have many of my calenda",0

"Communicates with all calendars (Google Calendar, Phone Calendar, etc.) Awesome widget options! I wouldn't be nearly as productive without it!",1

"While I don't like that I couldn't sync my google calendar onto my kindle calendar app, I'm not going to bump stars off this app for it. It's absolutely wonderful, does everything it's supposed to, and even tells you the local weather!",1

"Just got it today, so haven't had a chance to use it a lot, but it seems to do everything I need. I like that the timezones are customizable. The integrated to-do function is also very good to have. The calendar and to-do sync very nicely with Google.",1

"This is exactly what I was looking for. It syncs flawlessly with my Gmail account, giving me instant access to both my calendar and my task list and it is very easy to use. I use it for my personal calendar, so I do not really need the full functionality",1

I've tried many apps to give me the same functionality as the Google calendar website and they were all lacking in some way that I stopped using them. Finally one that works and stays in sync!,1

"I use Google Calendar online, and this app syncs seamlessly with my online calendar. I have the same app on my phone, so no matter where I am I can see my calendar, add/delete/change events, and it will send me reminders for upcoming events. The app is e",1

"I use this app every day, all day (and night), weekdays & weekends (+ holidays). For business, family, medical, education, and every other little detail of, not only my life, but - since it seamlessly integrates with my & all connected Google ca",1

"AAAA++ The CalenGoo is very handy on the Tablet, it syncs with the other calendars (PC and the other Tablets). This way no matter where we look the information is there.",1

Calengoo does a great job in syncing with Google Calendar on the Kindle Fire. It is wonderful because you can make appointments and you don't need to be online. It makes it easy for my husband and I to keep track of our schedules.I'm not sure if I'll g,1

"One of the best calendar programs I have seen. It has so many settings to choose from that there isn't anything you can't do. It runs more smoothly if you enter your info with Google's account, but it will run well with your android service also. I parti",1

Have used this app for about a week. Working great with both my husband's and my calendars on my kindle fire that syncs to our google calendars. Very handy when you want to see the calendar on a bigger screen than ipod touch. Several different views a,1

I've searched for an app that is easy to use and doesn't require tedious manual entry when I want to move an event to a different time/day. This fills that role and does it better than I'd hoped.I was hesitant about diving in and buying the app without t,1

I have used this app for quite a while and have had no problems with it. It is a great app and was well worth the money. I recommend this app to anyone who wants to keep their life organized.,1

Works PERFECT with my Kindle Fire. I have a busy and hectic life and this calendar app is the solution to keeping my appointments! Its highly customizable and easy to sync with my Android phone and online Google account. BEST Google calendar app on the ,1

"Great application, although sometimes you have to be smarter than the app to figure out how to make it work right. :-) It took me a while and a bit of experimenting, but, I think it's great!",1

"Syncs great with Google Calendar. I have been using the ""i"" version on my ipod, but I like this version even better. It is easier to maneuver around. I love having the widget on my home screen. I just have to open my phone and there is my schedule fo",1

My only wish is that there was more customer support for the App. otherwise i Love it. I don't always have access to wifi so this app give me access to my Google calender off line.,1

"I wanted a simple calendar for my Kindle to record appointments and reminders. After trying and deleting some free ones, I splurged on this one (\$5.99). I have been very happy with it. It allows you to view by day, week, month, and agenda format with ",1

"Very customizable, highly functional, more settings than I've seen in ANY app I have to date on anything! Offline editing of calendar with sync ability was important to me, and this fits the bill and more. Worth every penny.Works great with my Nextbook",1

I struggled finding a calendar that would sync with my Outlook Calendar. When I finally found Calendar Transfer all became right with the world.The calendar functions are pretty straight forward with day/week/month views. There is also an agenda and task,1

I've been using Calengoo for more than a year on a first generation Kindle Fire and it works very well. There was no problem installing it and I was able to immediately customize it so it syncs up with my Google calendar which is synced with two desktop,1

"If you have a lot of things to do, then you must use this app, you can synchronize your job. It is good app",1

I was wanting to use one calendar for my two computers and our two Kimble Fire pads. Putting

these CalenGoos on the Kimbles did the trick. Now whenever one calendar is changed all calendars change. Thanks for a great addition to the calendar world.,1

"Mea culpa! Mea culpa! I had written a previous review stating how disappointed I was that CalenGoo would not sync on my Kindle Fire. Can you imagine, the problem was BSAK? In the Calengoo app, I had not marked all of the appropriate calendars to disp",1

"it does what it says, it has a nice UI and its suitable for everyone looking for an alternative. Would recomend.",1

I tried several other calendars for my kindle but although they synced on my android devices they would not sync on the kindle. This one does! So I'm happy. Plus you can set email reminders which some other mobile calendar apps are missing.,1

I finally broke down and bought a Kindle Fire instead of investing in another iPad. Imagine my surprise when I discovered that the Fire doesn't have it's own calendar! I use Google for everything and I thought the Fire would integrate nicely with their s,1

This is the most important app on my phone. I use Google calendar for my personal calendar and my office uses Google apps for our business calendar. This app elegantly and effectively merges all of these calendars into one supercharged calendar on my pho,1

I have a tablet and smart phone.Both native calendar apps are horrible.Almost unusable.Found this after extensive internet searches recommending various apps.This one came highly recommended.I purchased for both my smart phone and then again because my K,1

It works perfectly with my google calender and I am very satisfied with this app. Syncs just as I had hoped it would.,1

I have been a big Apple user and still am. For iPhone I would update my work schedule on the calendar app and liked it for the most part. This app has the upper hand though because getting my work schedule filled out on here is super fast and painless.,1

This app works great for my kindle fire. I was able to sync google calendar with it and add appointments via the app. If you set up a pop up reminder it shows in your notifications. It looks great and is easy to read.,1

"Love this app.It syncs between my pc and android phone and keeps me from missing important scheduled appointments and meetings that I might just otherwise forget. For some reason, it also automatically syncs with the calendar that was resident on my Sam",1

This was the best calendar app I could find for syncing my Google calendar into my Original Fire. I would rather not have had to pay so much for it but I definitely feel it was worth it!I can make changes in the app and it transfers back to my Google cal,1

"Cant access all calendars software just hangs on blank screen when picking calendars. App works great on ipad not on kindle fireUPDATECustomer service is great, NEXT DAY RESPONCE to my email. It was a setup error, explained in email.SOFTWARE WORKS GREAT!",1

"I love this product. It was money well spent. It syncs perfectly with my Gmail calendar, which syncs with my Microsoft Outlook calendar on my desk top. I don't have to drag a big bulky paper calendar with me to my meetings any more and I get reminders",1

All Amazon apps are spy ware. I'm getting rid of them all! Amazon has failed me. I bought the real up to date version of calengoo from play.,0

CalenGoo is the killer app on my Android Tablets and iDevices. First app I put on any new device. Working GREAT on my Kindle Fire.,1

I never thought i would find a calendar that was so easy to use yet did everything i needed it to do. i had given up on electronic ones and had gone back to the wall calendars. bad thing about those is you never had them when u needed them. i was so thrill,1

I LOVE this app. Syncs with Google calender on my phone. Works great. Does exactly what it says it does. Simple to navigate.Perfect for my needs.,1

"Complete and total waste of my money. I have read this was a good app for syncing with google, but I did not think it was user friendly at all. I could not recommend it.",0

Love my Calengoo!! I was able to get it as a free app in the Amazon app store. I use the Task List for a To Do List for works. Comes in really handy.,1

Works great on the Kindle Fire. Syncs with my google calendar smoothly.I was using Pocket Informant but could not get it to sync with Google Calendar.A lot of options to customize the look and function to your preference.Can send event reminders to your ,1

I just purchased this today and really like it alot! It's very user friendly and Sync's with your Google Calendar and Contacts very easily. I use this product on my Kindle Fire HD. Highly recommend it.,1

"This calendar links my computer, phone and Kindle Fire to one calendar. Excellent options to work with and has reminders with repeat options also.",1

I was looking for a calendar to work on my kindle andn found this one for \$7 it is great I can keep up on my phone and my kindle now this works great with gamil,1

This actually works great !! I did not expect to be so pleased and happy !! Highly recommended. A must !!,1

"After I got my Fire, I searched and searched for a calendar that would sync with my Google calendar and tasks. This app is perfect. I can see all my calendars! Now I can pull out my calendar when I need to make an appointment. Great!",1

"Works as advertised. Smooth, easy and syncs with google calendar perfect.Would recommend it to anyone with a Fire that uses Google Calendar.",1

"Dates in color, great function. Ties in with other calendars. Love it. Lots of personalization of you're into that. I find white backgrounds the best, though and you have that option,too.",1

"This is the first year I'm using an app instead of a paper calendar. I was nervous at first due to the price, but after reading reviews saying you could sync your Google Calendar across all devices I decided to go ahead and try it.I purchased the app fro",1

This is the best app I have purchased so far and it is well worth the money! I can sync this with the school calendar & my church's calendar along with my google calendar. I now have EVERYTHING on one calendar and I didn't have to sit for hours pluggin,1

I am very happy with this app. It syncs easily and quickly with my Google Calendar and works great with the Kindle Fire. I can't think of any way this could be improved,1

This calendar works seamlessly with my Google calendar and syncs easily. I keep the widget on my home page of my tablet so I can glance on current days' tasks without opening my calendar. The full size calendar is neat and easy to use.,1

"If you're looking for a calendar with THAT function or THAT setting (THAT being whatever you could dream of) then this is what you're looking for. I almost didn't but it for its price, but I would pay triple now that I have slided it.Every detail I can d",1

"I love this app. This is the most cleanest, easiest to use calendar AND supports google tasks.Would it be possible to include scrolling on the task widget?",1

I am an avid google calendar User and this app works perfectly for me. syncs with google and even looks similar which I love!,1

"This app works great on my Kindle, and it comes in handy just being available when you happen to need it.",1

"Works beautifully for one event, recurring events, tasks, reminders and markers for designating event types or priorities. Best calendar ever!",1

"I am a heavy calendar user for business and I've spent a lot of time trying calendar apps. I've bought a lot of them, too. Calengoo was the last calendar app I tried and paid for. I've been using it nonstop for 6 months and it completely destroys all oth",1

I am running this on my Kindle Fire HD and it works great. It was very easy to set up. It synched very smoothly with Google calendar. It's been solid as a rock and is very reliable.I does everything it's advertised to and is easy to configure.Good job gu,1

"Got this for \$3 on Amazon, 1/2 off the price on the android market. It combines the best many features of Business calendar, Jorte and a few others. While not perfect, its add free, feature interface is easy to learn and use.",1

"This is the first app I have ever paid for. It was worth it. I love how I can sync my gmail calendar, and be able to see it on my kindle! This has helped a ton with keeping on the same page as my husband. Wonderful. Thank you!",1

"I was looking for a calendar app that synchronizes well to Google calendar and therefore to my Mac calendar. CalenGoo worked, whereas the native Android app did not sync properly for me. Be aware that after you install CalenGoo, it will not sync calend",1

Does a good job syncing with Google Calendar. This was the most important feature for me. Excellent features and behavior similar to Google Calendar.,1

"Seriously, do it. Built in calendar apps kind of suck, especially for widgets. This program is great and I use it on all my devices.",1

Makes all other calendars sync with no Problem ... Highlighted important things. Reminder feature. A Plus.. Great little app for my Kindle.,1

And it integrates with Google Calendar. The synchronizing runs in the background so you aren't even aware it is working. As you set up appointments in Calengoo it updates your Google Calendar. Changes to Google Calendar automatically update to your Calen,1

"I have been using CalenGoo on my Kindle Fire HD for many months. If you are willing to take some time to familiarize yourself with the multitude of configurable options you will end up with a calendar that can meet all your needs. In each view (Day, Wee",1

"Couldn't have worked better on the Fire. Does everything I need including syncing both ways, editing, etc. Actually, I was surprised. And very pleased.",1

I can easily sync the family calendars and access them with my kindle fire. great to have portable access when I need it.,1

I bought this for my Kindle Fire and it's just great! I really like how you can search in your calendar for events by name. Incredibly easy to set up; just login with your gmail account and you're good to go. Several different views are available and on ,1

"After reading the reviews, looking at comparable alternatives and weighing costs vs functionality, I decided to purchase CalenGoo. Initially I was frustrated with set up since there are so many options that could be tweaked, so I sent an email to the de",1

I have used Calengoo on my phone for over a year and more on my kindle fire. I highly recommend it. I like that it syncs with all my devices through my Google calendar.,1

Update - The new kindle fires now come with a calendar however I still use this app. It is feature rich and much easier to use. Worth every pennyI was surprised the kindle fire didn't come with at least a basic calendar, but this really fit the b",1

This calendar was worth purchasing as it will replace the need for me to buy a paper version every year. I was looking for a calendar that would allow me to keep up with my husbands odd schedule - 3 days on 3 days off - CalenGoo has that capability and I,1

I searched for a decent shareable calendar for my family for some time. We've found CalenGoo to be very easy to use with just enough features to avoid being confusing.,1

I have been looking for a calendar app for my Kindle Fire for awhile now. I tried two others that were free and would not sync with google calendar. This is the first app I've ever paid for but it's also the most useful. I love all the font adjustments because.,1

"I purchased this app to sync around 10 Google calendars for this very busy house, and it does it all very well.",1

"Let's face it; the built-in calendar app on the Kindle Fire HD is "...really fecal like." CalenGoo gives me the best "real Android like" calendar experience possible.",1

I paid the \$6 last spring and couldn't be happier w this calendar - it's my most-used app. The task manager is the best Google front-end; and the whole interface is professional-looking and easy to use. The tech support is best I've ever had w any Droid.,1

This is a great calendar app. You can change the colors to make it perfectly personal. You can sync it with your google calendar. It has a reminder option and it works great with the Kindle Fire. I am a full time college student and I put all of my syllabi.,1

"Finally I was able to find a reliable calendar. My own gmail calendar that's free to use on everything but the Kindle. Anyways after downloading this app, my gmail calendar was on my kindle and I could update it with or without wifi and when connected to ",1

This program synchronizes perfectly with Google calendar. I have the Kindle Fire. it is an excellent program!! The graphics are very good too.,1

"I rely pretty heavily on Google Calendar to keep track of my appointments. When I got my new Kindle Fire HD, I decided to try to move as much of my productivity tasks to it as possible. I hated the idea of having to enter calendar events into the Kindle",1

"It's easy to use and it syncs my Google calendars (both work and personal) with my Kindle, so I can look at and update the calendars at any time and I don't have to copy anything to a hard copy personal agenda. Since I don't have a smart phone, this is ",1

such a big bing fan they have a lot to offer better than google .!..... goodbye google have a nice life.,1

The first thing I tried was youtube and started a video. As the video was playing I added it to my bookmarks. The video was still playing. When I exited the bookmark screen control returned to the Bing home page. The video was still playing but there was.,0

"Why just look it up, when you BING it up? This such a much needed change from Google. Very good site for searching images.",1

I USE BING AT WORK A LOT SO I KNEW IT WOULD BE GOOD. I FIND IT VERY USEFUL AND HIGHLY RECOMMEND IT.,1

I think I prefer bing over google to do searches. very easy to use and is very fast in doing searches.,1

Can find all information you need.. just one click.. also can ask questions and the answers are easy and quick.,1

"Great app, I use it to surf my browser on my phone as well as on my tablet. Bing is a great explorer and has more sites that are not blocked than Google. thanks for the free app.",1

This app is very useful for all my searches and is just like it would be on a computer. It is also very simple and easy to find all the settings and options.,1

My Kindle is able to do things on this app that it can't do on the silk browser. This app works very well.,1

"Would not load a map, only 1/4 of it. I could not figure out how to get a map that I saved on my desktop (had trouble with that, too). Not sure what benefit at all there is to having this app.",0

Results were fine but whenever you go to the page it has a Bing error that requires you to force stop Bing.,0

Bing is THE best search engine. The presentation format and results are superior to Google in my experience. I would lightly recommend the app.,1

"Highly recommend. Previously, I only used Google - then gave Bing a try - now I prefer Bing. Give it a chance, you may prefer Bing too.",1

I just like a bing and a search engine. I can learn so much on it. I would use bing over any other.,1

I put this app on my tablet and have used it to search for many things while away from home. It has worked great.,1

Love bing easy to use quick and accurate results love that it's on my droid so i can keep getting my bing points.,1

"Don't buy this app. When I search something it does not show the results I searched for usually, but when it does I click on the site and within 30 seconds of me getting on the site, 90 percent of the time the connection times out.",0

Doesn't work on my Kindle. Apparently you can't repeat yourself on these ratings so in other words it is not for my Kindle HDX.,0

I use the Bing app now to cycle my device's wallpaper whenever Bing brings in a good selection. I don't use the app itself as I use Bing from within the system and browser search but it is a nice app to have.,1

"Bing is one of the best search engines, but it's even better when you have Bing Rewards. I can

get my rewards with the app, so it's my only search engine right now.",1
 This search engine is a good alternative on the Amazon Kindle. If you don't like the default browser this works great as an alternative.,1
 I like this app. I have several different search engines on my Kindle Fire HD Tablet. Sometimes when I can't find what I'm looking for I'll try another search engine and then I can find what I want. It is always good to have multiple sources for your ass,1
 Did not like the search app. It may work better on a desktop. It did not work well for me. It was deleted.,0
 This app is helpful and can be fun at times It works well for my needs.. I would recommend it to everyone.,1
 "well worth the cost, I would have paid for it but it was free! Using it on a motorola Triumph and a cheap \$90 Android tablet",1
 "This clock widget is great! I had a different widget that took up my whole screen and didn't center properly on my tablet. This widget is small and doesn't take up the whole screen, but is just the right size.",1
 "This app does just what it's supposed to do. Gives you a digital clock widget for your home screen. I just got my android 4.0 device, and the only clock widget available for your homescreen on startup is an analog clock with no ability to change it, or a",1
 This is an easy to read clock that can be set up many ways. I use it with just the time and date visible. I can change the clock colors to contrast nicely when I change screen backgrounds.,1
 I got this app so I can see the date and time on my main page on my ereader. Works great and recommend to anyone who wants to use this kind of app.,1
 "I love how this clock has big numbers so it's easy to see. Also, you can make it so it has no background to interfere with your wallpaper. Great app!",1
 Keep it simple stupid. simple and very affective. my next8p tablet came with clock/weather app that always said the wrong time and weather. This widget provides a clean simple clock with custom color options in case you change your wallpaper you can m,1
 "HTC thunderbolt-this is perfect size is great can customize colors and most everything about this clock, I am able to still see my backgrounds perfectly and I love the date feature as well I highly recommend definitely worth purchasing. Now working with ",1
 "This is the clock that stays on my home screen all the time. colors are very customizable, simple, easy to read, and doesn't eat up your battery life. comes in 2 sizes. perfect.",1
 "I installed this widget on the homescreen of my tablet, it is pretty and I have not found any operational issues since install ... it has been many weeks.",1
 "This is just what I was looking for. I have a Samsung Galaxy SIII, my wife has a Samsung Galaxy Note 2. They both came with a Weather / Time widget on the Home screen. The weather was from Accuweather, and we felt it didn't really offer enough informa",1
 "this is a very dumb game. it is very stupid because you cant pick anything uuuuughh waste of memory I didn't follow the other people that said so, I think you should follow this. please.",0
 this game is very dull. it reminded me of the paint program that is downloaded on desktop computers. only you cant choose what color to draw in. its every color all at once. a little lame,0
 "This app is down right amazing! Any one any age would love this app! And I am a basically no rainbow person, but even I thought that this app is amazing!And even better! It's free!!!!!!!!!!!!",1
 I think this app is nice but when I tried to share my drawing on Facebook like the app says you can for some reason it wouldn't let me and I tried 3 times but besides that it's a good app create for all ages from kids to adults,1
 mega mwaha mwaha turtles love this game so much that they fart out children that are very oarng that's my reveiw,1
 I have seen the pics they are so so so cool! I love art so this is a good game for me!,1
 This app is really cool. I love rainbows so I love this app. It is great for kids with all the pretty colors.,1
 All I have to say is bad application!!!!!! for real!!!! don't get don't get don't get do.t get don't get!!!!!!',0
 This app is perfect for children!!!!!!Get it now I mean who doesn't like rainbows!!!! This app is awesome a-w-e-s-o-m-e. :-),1
 Another cute draw program that works on Kindle Fire. The color is beautiful. The app is fun and easy to use. I like this very much.,1
 I HATE IT! I WAS TRYING TO DRAW A DOT BUT IT DREW A LINE AND I TRIED TO DRAW A LINE BUT IT DREW A DOT! DO NOT GET THIS SILLY APP! WASTE OF TIME! DO NOT PRESS DOWNLOAD! GO GET FRUIT NINJA OR SOMETHING JUST NOT THIS!!!! THIS APP STINKS!!>:0,0
 Great app. My son loves touching the items on the pages to hear and see the names. This story teaches a great lesson.,1
 "This was purchased for my Kindle Fire for use with lower level elementary reading students. The colors are great, and the narrative pleasant. The interactive features make it more engaging for the kids and it is a wonderful treat to be able to use it w",1
 Loved the pictures. loved the way it kept my girls attention. it was a cute book to see and read all the way thru. My girls loved the book. They now have it on their tablets.,1

this book is the worst and the app sucked my kids hated it it is a waste of money DO NOT GET OK,0
"We had these books for our kids, now we have them for our grandkids. Have to find all the spiders, frogs and mice again. I love the stories and illustrations.Would buy any additional that are released.",1
"My granddaughter who will be 5 soon loves this app. You have choices to either just read it, have it read to you or just choose different words to have read to you. If she's happy I'm happy.",1
this is a cool app I love these books. please lower the price! everyone wants it please please lower the price!,1
My son loves this app book. I fall asleep and he stays up listening and touching on the different pictures.,1
"The story and illustrations were cute in this interactive book. The narration is interesting. Players can interact by touching objects. The name of the object appears and is spoken aloud. (I am not a fan of this feature in interactive books, but my thr",1
I work with kids and the interactive ebooks are fantastic. Great teaching tool! Also great for young readers. They are captivated by the amount of interaction.,1
I loved these books when I was a kid and now my 4 and 10 year olds do. It reads the story to my daughter when I'm busy. works perfect on my kindle fire.,1
"Lovely story, well written. I liked its simplicity, honesty and child point of view. My daughter read it a few times already. The addition of a game in the story (finding mouse and spider) added to the interest. I liked the sounds that corresponded to ea",1
"Love this book, and love the price. BUT I dont appreciate that you can ONLY have an app on ONE Kindle device. I cant put this on my phone now because I DL'ed it to my Kindle!",1
"Timers4Me & Stopwatch, was not for me...another poor choice. I deleted this and have still not found one that I prefer!",0
LOVE THIS APP! I am very pleased with the alarm clock. I was glad to have an alarm that allows me to select how long the snooze time is. So far I have no complaints about this app.,1
"I have another timer App but this one is so superior. Easy to use. Quick to set. Very handy. I set it to remind me to start supper on time for my family, to give medication, to have a little reading time to myself, to remember a TV show I don't want to ",1
"I LOVE IT! It's so helpful, i love the colors and the options it has. I have all my timers in 1app. thank you.",1
"Did not care for this app, no special reason, just did not like it. Didn't like the features or the way it worked. A lot of better timers out there that I found.",0
I use it a lot when I work out to keep track of certain exercises and it works great for me,1
"There's really no higher praise for an app, especially when it was free! There's a lot of stuff on it that I haven't tried, but I use it for a medication alarm, and it's very dependable.",1
Good app. Its just what I asked for. A stopwatch and a timer. Can set multiple timers with alarms so I'm game.Its really useful for excercising.,1
"I've been using this app since I got my Kindle fire, and have not had a single issue with it. Very useful and customizable.",1
What a great tool for workouts. I time myself for each interval of training that I do and it really helps to keep me focused on task at hand.,1
"I love the ability to customize numerous timers. Plus you can run multiple timers simultaneously! You've also got a good number of ringtones to choose from. I haven't used the alarm or stopwatch functions, but the timers I can highly recommend.",1
I downloaded this app to my Kindle Fire HD 7" and I was amazed. At the moment I can't think of anything else I would like this app to do. I have several preset and labeled timers ready to use (and they can be in use simultaneously). The alarm clock ,1
I love this app. It is the same thing with Mrs. Martinez. I know how to make a baby. You..... :D,1
"This app is super useful.I have not had any trouble with it yet.I used to have a separate alarm clock, stop watch, and timer, but there is no need for that now since they are all included in this wonderful app (plus the reminders). I am always using it, ",1
Dropped my kitchen timer and needed something right away. Used the multi times and this worked nicely. I recommend highly.,1
I use this app every day! As a professor at a university it is so useful in balancing work with rest. The wide variety of timers one can create is excellent. I have about seven of them programmed in and so far they work without hitch. This is a great ,1
"If your thinking you can use this app for normal timers, think again. Its horrible no timers you can set. DON'T GET THIS APP YOU WILL WASTE YOUR TIME",0
We use this timer for lots of things and I like being able to several different timers. Overall great app!!,1
to hard for me to use I just wanted something simple.Maybe for a more complicated mind but not form mine.,0
"This is the best alarm I have ever used. Stop watch, timer, alarm it has everything. Works really good. Evetyone must have it",1
This app is wonderful and has so many features if you are looking for a timer this is it. If you are looking for a stop watch this is it. If you are looking for an alarm clock this is it. If you are looking for reminders this is it. While there are a ,1

I think this is a great app and has a really good timer on it. It also has a good and reliable timer on it. Can also go off @on up to 99 days!!!!!!!,1

This is a good little app for timing things. I like the cuckoo clock sound effect. It is worth the download!,1

"Alarm clock, timers, multiple settings an alarm sound I can actually hear!!!! LOVE LOVE LOVE IT!!!!!! Great on the Kindle Fire bc of the sound and flashing lights!!!!",1

I am more than impressed with this timer! Easy to use and has so many categories to. choose from. I got a lot more than I expected.,1

This is a great timer/alarm/stopwatch! I'm a heavy sleeper so I could never find an alarm that woke me up. This is LOUD and you can set the alarm to whatever sound or song that u have on your device. Now I can wake up to Zelda songs instead of the dreade,1

"My daughter, 7, uses this app to keep track of her reading times for school,time her math homework, and set alarms for different tasks. She literally uses it everyday. It is exactly what we wanted/needed in 1 app and more.",1

I use this app on my lunch hour at work while I am reading from my Kindle Fire so that I won't have to keep watching the time. It works very well! Great free app!,1

i love this app but why do humans have the ability off time. Becuz of time we all have the fear of time running out. You never see a bear or dear checking the time. That is why they have no fear of dying and we do.,1

"Are you a serious adult w a need to time something? Mmm, time is "of the essence"? Keep looking. This app producer isn't serious.I need to time medical treatments NOW not in 2 min after this app has flipped me off w it can't run w/o being conne",0

"I use this Mon-Fri for my work schedule, breaks, naps, lunch, appointments, whatever, and have for over a year now. I've also used the stopwatch for diagnosing network delays and a variety of other tasks. AND, the timer feature is great for cooking. I p",1

this app wakes me up in a kind and gentle manner. I don't like to get up in the morning but if you must use an alarm this has a bunch of sounds that aren't too alarming!,1

"It helps me keep track of the 20 things I have going in my kitchen...lol...seriously nice free app. could have lived without it bugging me to rate it, though.",1

I use nearly every day - to time work breaks and take cat naps and even as a backup morning alarm. So glad I have it.,1

I use this app for everything. I am glad I downloaded it. My little girl even uses it to help with her homework.,1

I really like this app. you can use it as a timer or a stopwatch. you can have multiple presets and there are different alarm tones. great little app,1

I use this timer in my classroom for Sacred Writing Time and Silent Sustained Reading. The timers are pre-programmed for different classroom activities. The timers are convenient and easy to use.I also use the timers for at-home activities like writing,1

I got this app initially to time how long my children read. but we now use it for everything. we time our games and use the alarm function all the time. ive never had any issues with it. it has great features. i highly recommend it.,1

This is a nice timer app. It does other things as well. The icons are nice as well. There just needs to be a few more of them.,1

"This is EXACTLY what I was looking for! I play countless games that need timers: Farming games, cooking and baking games, creature games in which you can breed them, and they all need TIMERS! Some fondu dish requires an unrealistic 20 hours to cook; bree",1

Never. This app is fantastic. It is my daily wakeup alarm clock. I also use it to time naps so I don't over sleep. Just brilliant. It really needs to be one of the initial apps that come installed on new kindles.,1

Kept crashing out during timing. Meant we could not trust it to do the actions we needed it for.Un installed wont use again sorry not good .Was on kindle device,0

"The best multiple alarm app I've tried - and I've tried a lot! I use this for a lot of my games. I know when my Farm story crops are ready, I know when I can mine again in Parallel Kingdom. I like how I can give each alarm an image, which pops up when th",1

"I've installed this on both my Kindle and my smart phone, primarily as a reminder to get up and move every 30 minutes. It's so easy to get absorbed and let time - spent sitting - fly by. I prefer it to the built-in clock on my phone because it's so eas",1

"I love all the different choices. I use it everyday for something. it's a timekeeper for sure, very accurate too.",1

"I tried this + got more than I expected. The app is robust + serves all my needs. I use it as an alarm clock, as a minder for when to take medications. And even have the ability to create quick alarm settings such as a share timer for the kids or quick k",1

This easy to use app gives numerous options in a clear interface. The only problem is the interface to set the time is a little clunky but okay once you get used to it I like the cuckoo clock alarm sound!,1

I downloaded this when my sister was practicing for her entrance exams and it works like a charm. I like the different timer setting available and we use all the time now. it works great.,1

"well I can give a few minutes., all the timers you need in one, got the taters in the toaster oven, pie going in the oven soon, my show should be starting in an hour I think, problem is

keeping track of which timer is what, although each has its own nam",1
 I downloaded this app but never really used it as it was not what I was looking for. Recently the security app Lookout identified it as malware and removed it. I cannot say that I know it is malware but I am glad Lookout removed it.,0
 i love his app i use it when i exercise and its perfect! there are also many differnt features and choices its really cool i would recommend uou download it!!!,1
 this has worked well for potty training!! every time my son hears the alarm he says its potty time!! I defiantly suggest this program!,1
 I like it. I replace the original alarm on my phone with this one. I have timers pre set for all kinds of things from cooking to dying my hair. Not to mention all the alarms I can use. This app. Helps me stay focused throughout my day.,1
 I use the stopwatch for my speech classes at college. It's the perfect tool for running my speeches to make sure I don't exceed the limit set by my professor.,1
 "This timer is just what I was looking for. It works as a stopwatch and a regular timer. Plus, I can have multiple timers going at the same time. Great for when I am cooking several dishes, or doing several things at once. Nice icons so you know what ",1
 I used the free version to digitize some of my old sheet music. It worked very well and looks fantastic after being automatically enhanced! It wad especially easy to send it to my iPad. There are numerous share options. I had no intention of buying the l,1
 "I'm often in need of a copy/pdf of a few documents I see during the day. I'm, also, often not near a copier.Camscanner works great! Took a few tries to get the hang of it, but once I did, I was able to capture very usable scans and easy pdfs. And, upl",1
 This is the only way I can use my printer now. My laptop is has Windows 7 and I can't print to my wireless printer. Now I open it on my phone and use this to print out what I need,1
 "Like everyone else, very impressed. Had been using the free one for a while...and the sale price for full was too good to pass up. Now I do have a question in regards to ""Batch Mode"". I read the PDF manual in the developers site and it says once you tak",1
 "I use this program all the time. It saves me from having to go to a scanner. I scan the docs immediately and put them in my dropbox account. I then have full access where ever I may need it. On a wish list, I wish it had a way of faxing and I wish the p",1
 "This App is definitely worth \$2.00. It scans when you have those times when you wished you had a scanner and you say, "Wow, I have a scanner on my phone. ";",1
 "It's so easy to store all important data like, ss card, taxes, bills etc., and then to save them on the cloud to access from any computer.",1
 I use this app to take pics of my notes. I make the file names with searchable tags and sync them to dropbox. works better for me than evernote without having to pay rent.,1
 "One suggestion: Let us take multiple pictures for a document and go back and edit them later. Doing one page at a time is really slow. I suppose I could take the photos with my regular camera app and import, but it would be more convenient to have the fu",1
 "As someone else pointed out, you can download the foundational free app from the official Android market, then just use Amazon to purchase this license to have the full version. it worked for me anyway. if you're wondering why anyone would do that, it's ",1
 I just like it. Sure there are other ways to do the same/similar thing(s). This program just makes it convenient. Well worth the money.,1
 "Great smartphone application. The ability to "scan" documents without the use of a printer is awesome, especially when traveling. Yes, the quality depends on your phone's camera and your steady hand, but the convenience factor outweighs some of",1
 "Works with my must have app CamScanner. Not sure what for, but it works for me and that's what's important.",1
 Very handy and convenient App. Can't wait to really put it to use.Dowloaded free version from as recommended and purchased key from amazon. Worked without a hitch.,1
 "Make decent, readable Acrobat-Compatible PDF Documents from your Android phone: How cool is that? Working as a Realtor, sometimes I have surprise documents pop up at closings. Without using my laptop computer or scanner, I can make a very good copy of th",1
 been using the free version for almost a year and its been invaluable! I'm no longer tied to my office scanner when creating lesson plans. I can sit and watch tv with the family and still get work done. it's also great for emailing paper documents when y,1
 "For people that have experienced an issue with this app and their HTC phone, download the updated version on the Google Android Market (version >1.1). I did experience lines through images with the current version Amazon provides (version 1.1).To ditt",1
 Great app. I use this at conferences to shape up shots of the powerpoint screens & to clean & straighten up shots of documents.It's worth every penny! Thank you!,1
 I just bought a Kindle Fire. Love it. The Amazon site shows this app is acceptable for my Kindle. How can that be when the Kindle doesn't have a camera? I must be missing something here.,0
 "I use this for many things, will scan a crossword puzzle from the newspaper, a receipt, or a document. I even scanned some old color pictures and it did great. Try it out free, the licence overcomes the limits on scans per group, or number of groups. Wor",1
 "My issues is not with the program, which is great, but with Amazon. This version is 1.1.2. When I wrote to the developer they said many of my questions were resolved in subsequent updates going up

to version 1.3.1. But it is not available at Amazon, but ",1

"I am on the road a lot and there are times I need documents scanned. With this I can scan them, send them and have my work done in minutes!!! WELL worth!!!",1

"I used DocScanner for months and was miserable because it crashed my phone most of the time. But I kept trying it because I needed its features. Now I have CamScanner! Not only does it have the same (and more) features, it doesn't crash. It supports mult",1

I mostly have used it for receipts that I needed to keep for a long time or for an expense report. Works well. Works on my HTC Thunderbolt and my Motorola Xoom. Google Docs and Dropbox connections.,1

I think it is very useful. It works for me. I use it for my doctor business cards and it is going to be useful when I travel for my receipts.,1

"I can only write that this is not compatible with an Android tablet such as the Vizio 8"" vtab. It will not work even though it says it should by specs of the tablet. It let me download it and then tried to upgrade and said the App was not compatible. Rem",0

"I use this app to scan docs I frequently use on a daily basis. I've not had any trouble with any text size. Though some smaller text may not be 100% clear, it is still readable. This is probably the most used app on my phone, I love it!The only thing I h",1

"I've had a similar app on my old Windows Mobile 6 phone. But then it wasn't as polished and feature-rich as one would expect (Winmo wasn't either!)This app is just the best that I've seen. Features like edge transformation and contrast enhancement, creat",1

"Today I found the coolest app...CamScanner! Super ready to use, makes pdf way right from my phone...and allows me total flexibility with the document. Score!!!",1

Does exactly what it says and is very easy to use on my DroidX. Comes in handy when I need to use it.,1

This is a great way to keep and send proof of just about anything. I use it every month when I drop off the rent!,1

I use this app for work every couple of weeks and it does a great job of capturing a document clearly.,1

Very handy/useful app. Worked like a charm very first time. Good AI as it auto-cropped perfectly and made usable pdf,1

MyTouch 4G with gingerbread. This version gave me nasty lines. The market version works (but unfortunately is twice as big),0

"Doesn't work on this phone. Tried scans of text & images. It gens thick, grey & wht parallel lines only. Can't capture source doc.",0

"I don't know what I could be doing wrong, I'm fairly smart when it comes to tech and software. I went through the 9 pages of the tutorial and read the help. I've tried this 2 different ways for a total of 5 times tonight and a couple of times one day ab",0

I use this to scan hand written notes. works very well for me. I can scan many pages very quickly. It gives a very readable and clear result with image enhancement capabilities. It can't give you the quality of a flatbed scanner but it's good at what it ,1

The best scanner I have right now. It is easy and so practical to use it. I use it every day to save my personal documents.,1

I did not have high hopes for this scanner to tell you the truth but I needed something scanned right away so I got it and I was pleasantly surprised to see how easy and how well it scans plus it sends the attachment on pdf. I highly recommend this appli,1

This app performed much better than I expected. Started with a few coupons and printed them out. They looked perfect and they scanned fine at the store.I guess the camera makes a huge difference in quality. I scanned a doc and used ocr to transcribe the ,1

"This is my go to app for lots of uses, but mostly it does an incredible job of scanning documents including handwritten notes and creating a PDF file to store for future reference or share.",1

"This app is a mobile necessity. Scan image cropping, great image enhancement, and you can use any photo. Can also combine multiple scans into a single pdf and then email them or upload them to dropbox all within the app. Great value for a free app!",1

there have been times where i am out of the office on the road and needed to scan something and send it in to the secretary and this app made that possible! thank you! at one point I actually broke my phone and my mom gave me her old droid so I would end,1

The version on Amazon has NOT been updated to fix the issues found that helped this app work with most phones. The current version in the Android Market is 1.2.2. Amazon needs to receive the updated version ASAP!,0

"Make Acrobat Compatible PDF Documents From Your Android Phone: How cool is that? Working as a Realtor, sometimes I have surprise documents pop up at closings. Without a computer or scanner, I can make a decent copy of those documents and then email th",1

"First let me start off by saying, I don't have a scanner and I really needed an important document scanned immediately and it was the middle of the night. So as a last resort I was like ""hmm...I wonder if there's an app for that"", low and behold CamScann",1

"I don't know what it was supposed to do, but this didn't work for me at all. It took up space on my phone for about two weeks until I deleted it.",0

I am picking up that some g2 users are having troubles getting CamScanner Free to work. That is not the case with me. Maybe the version on Amazon is somehow different than the one on the Market?

I am not sure. I will say this: I have used both the free v,1
"Works well on my Droid X. Good for non-glossy paper. I suggest always using the flash (not auto) to get rid of shadows, even in good light.",1
"Great app! Got it for free and am glad I did not pass it up! Scans receipts perfectly, which I then send to my docs app.",1
works great! turned a couple of contracts into pdf with phone camera. surprisingly great quality after auto enhancement. thx for a really useful app!,1
"I've had this app on my smart phone for quite some time. As a bookkeeper, I find it quite useful. Whenever I need a copy of something and I'm at a meeting, luncheon, or a client's, I can simply make a copy by taking a picture and saving it as a pdf. Then",1
"does exactly what it says, quickly and easily. the developer answers almost immediately to email questions/requests, and after last update I see that the interface/looks has been polished a lot. Great work!",1
I love this app! I use it all the time. It comes in handy for work items and just about anything. I love snapping a shot of recipes and turning them into pdf format. Print them out and slide in my recipe folder. This is probably the best app I've got on ,1
I did not like it. Hard to use. The tutorial was not helpful. I need something that is a little easier to use.,0
"It's amazing how useful this thing is... I use it even for business. Scan a signed contract, a document on the fly... It's great!",1
"This is a must have app, works fantastic! Convert your paper docs to pdf with very good quality! Who needs a scanner when you have this app!",1
"It's decent how it amplifies the colors and how it turns them into a pdf right away. Good app, thank you!",1
this is a great useful app! you should down load this now! I'm going to give the paid app a try too,1
"When I first purchased the app, it would not open on my Kindle, so I wrote a bad review about it and gave it one star. This issue seems to have been temporary or possibly even caused by user error (oops). This app is great!",1
"WOW, I can not believe how much I have forgotten about 1+1. This app is very in-depth and most informative. Very nice job and easy to follow if you can remember such big words. Just kidding, not for beginners but great refreshers coarse.",1
This is a great reference for mathematical equations. Well thought out and each equation's elements are explained using easy to understand language. Good job designers....deserves 8 stars if not 10.,1
"after installing this, i noticed that my battery life is shorter than before. it must be due to the constant killing, and androids restarting, of idle apps.",0
Android manages memory on its own. I was amazed how much more battery life I got when I stopped using them.,0
Please don't think a task killer is going to help you. It will do more harm than good when it comes to managing your phone.,0
"Task killers... they are not recommended on Android. The OS does a great job of managing memory, don't screw it up by using this product. Trying to save battery? Task killers actually use more battery since the OS reatarts killed tasks over and over and ",0
"If you understand how Android works, then you know this app isnt needed. get Watchdog instead so you can actually find out what apps are acting up.",0
"dont buy it, and even if it's free don't download it. you shouldnt reward a company who lies in their advertisements and makes Android run worse on majy phones.",0
"These apps only harm to your phone. They drain battery life, force resets, and slow your phone down. Android is very good at handling memory by itself without the aid of a task killer. Im a Motorola employee thats tested these apps...and they do much mor",0
"I found this to be useful for more than real killing. It has an app2sd feature, an uninstaller built in. also gives the ability to batch move/uninstall. Now I am aware that the phone can do all this already, however this app puts everything in a good",1
"I've used Advanced Task Killer since I got my phone, and this app was significantly less user friendly, had hidden several apps ATK showed me were active so I was unable to kill them, and generally didn't seem to support any of the advanced features it c",0
"i really wanted to like the app and would've loved it had all advertized features actually worked. But not only none of the feautures worked (battery life didnt improve, phone did not get faster, non-sys and non-blacklisted apps werent getting killed) e",0
"Had to hard reset my phone (Samsung Fascinate) after installing this app...lost ask my user data...it "killed" my phone, contacts and messaging buttons (so they weren't available anymore) and completely removed some widgets from my phone (pando",0
this app is not needed on 2.1 or higher but it does what the description says. I hate people that kill the app rating without even using the app.,1
Task killers are not needed and can cause more battery use and even harm to your phone on all newer (like in the past year or so) android phones.,0
"Some of you amaze me. yes, android doesn't need a task killer with the most recent releases of the OS. But having a task killer for unresponsive apps is a must in my opinion. It certainly beats

rebooting the phone when an app acts funny and hangs.",1
 and it needs ones that keep things killed. there is no reason slacker and double twist should be running in the background when i havent used them in months.,1
 there is A separate list on the web somewhere that list a lot if these programs as not being good.,0
 This is the best app so far on Amazon app of the day. I love this app I think that is the best one ever it is so helpful to me and I use it every day .,1
 "this app will thrive even though there are people who claim it isnt needed or it is bad for your phone. the people downloading it will keep it alive and kicking well on into the 22nd century. android will become a household name, literally it will be i",0
 "I love this app for a few reason. Namely it does the job of 3 apps. First, it Kills tasks only when I tell it to. Second, it moves apps to my SD card. Third, it is an uninstaller when I want to get ride of a few apps at a time. Great app. Must have.",1
 it is not good to run a task killer on your android phone.use the built in task killer if you really need one.,0
 "Have to rate down as I finally saw a review saying not to rate down for disagreeing it's useful. Offering this application probably messed up somebody's phone that doesn't understand the issue. Way to go developer, and Amazon for making it free! Negativ",0
 "great app, saves me a lot of battery life so more batt for me to enjoy more my phone , 20 words 20 words 20 words yay",1
 "I don't bother reviewing an app unless it is really good or bad. This is a bad one. It is too confusing, has grammar errors and parts like move to SD don't work. Instead of normal "ignore" lists like most task killers use, this one calls the",0
 "The majority will say you don't need a task killer post 2.1, while others will swear by it. Giving this app a bad review based on that alone isn't fair.That said, if you're someone that does swear by a task killer, this is a nice one. Everything is there",1
 "Android manages applications. You do not need app killers. Read ANY Android developer blog or post, and they all say they aren't needed. In fact, they can kill needed and required apps. DO NOT download!",0
 Android devices run efficiently without having a taskkiller. You can check yourself to see the culprits that may be eating up your battery. If it is an app you don't need then uninstall it. You be the judge. This app will bod down your phone Ans cause ,0
 "Thought I'd try this out on "free day". Bad decision. Bugged my phone down, confused everything so that the icons disappeared out of my apps list & the home screen...and accomplished NOTHING of value. Tried to move apps to my sd card that a",0
 "Apps restart because you have background data on lol everyone claiming they are geniuses because they read an article, disable background data and hell I even disable mobile network when I'm not using internet, my phone will last all day except when I pl",1
 I have been using this app for the last month and I must sat it works pretty good it has done a great job of extending my battery life. I have tried a couple of free apps out there but this one seams to work the best so far,1
 "Task killers are worse than useless with Android 2 and later. Killing running processes can mess up your phone. Killing idle processes really has no effect on performance. Automatic task killers will always add some load to your CPU, so this really hurts",0
 "Task Killers don't kill task self-booters for long. I found a solution...Game Booster by Infolife LLC on the app store. Install any and all apps you want to run smoothly, even the stock browser, into Game Booster's list. Run Game Booster and it cleans",0
 "This applies works great! So what if you don't need it, don't degrade it. Get a life people and quit ruining my life.",1
 "Is your smartphone getting stupider? Maybe it is just overloaded with stuff you did not even know is running. Do you both the shut down and restart at least once a day? I do, but I still use this as soon as the machine starts to drag its feet.",1
 i got it for free and until I learned what it was really doing (eating my battery) i used it. i also uninstalled it. Samsung Charge,0
 "to all the idiots giving the app One star just because they don't think a phone needs a task killer, you guys are idiots. Don't ruin an app's rating because you don't think Amazon should've made it the free app of the day.As to the app itself, runs fairl",1
 "Android does not let handling of applications to 3d party apps since 2.2 So this is a waste of time, bandwidth etc.",0
 "The average user fundamentally misunderstands how android and linux works if they think a task killer is beneficial. If you don't believe me, search google.",0
 "Some reviewers don't understand. this is not jist "another way" to kill apps or manage memory. it is a BAD way to do it. use this and you eat more power! no task kikking is needed, except for rogue apps.for rogue apps, there IS a good free tool",0
 I got this app when it was free and if you set it up properly it works wonders. I'm running froyo 2.2 on HTC Thunderbolt and this app works like a charm. everyone is quoting the same lame article on some Google site but that article is full of crap.,1
 "You don't need a task killer, Android does that for you. I tried this out, and it seems like it wastes even more battery that it savess.",0

installed wen free and it could kill tasks one day later got notification from it that my system was too slow and sent me to another app to download. one star seems a lot for spam,0

"this app works as designed. people a review is for how the product works not how you personally feel if it is needed or not. with that mentality all games should be one star because you don't need them,they take up space and waste your battery.this actua",1

I would like to thank Amazon & all previous reviewers that brought out the questionable need for taskkillers because of this freebee. After much reading I have NOT taken this app and uninstalled the free task killer I had been using. My phone is runn,0

Big thumbs down to Amazon for making this the free app of the day. If you are running Android 2.1 or greater (and you probably are) then task killers are completely pointless. Background apps don't use battery life! If you really want to save on battery ,0

"If you have an Android phone, you do not need a task killer. That's the simplest way to express this fact to those who get suckered into getting one. If you want to know why, google it and browse some Android forums, you'll be better for it.",0

"This app doesnt even deserve a star, since it keeps FCing on boot, and I had to restore from a system backup to stop this! D2G Fission 2.4.3",0

"Regardless of what you think about task killers, this one dooes what it says it will do. Just because a person doesn't like task killers does not mean that the app is poorly designed.The developers clearly made a good task killer, for those that use them",1

Pointless app. Charging money for something Android does on its own is a crime. Negative stars if I was allowed.,0

"Unlike most of the negative reviews, I'm not going to bash this app for the sake of bashing it, I actually downloaded it and tried it. This is a terrible app and all the claims the developer makes is a steaming pile of you know what. I won't get into t",0

The app is fine. But it is being down voted by morons who never used it. Amazon should filter reviews.,1

"do you people know what an app review is? Only review the app! app does its job, stop arguing on the grounds that it's necessary or not!",1

If you familiar with th OS you will recognize there is no need for a task killer. Shame on Amazon for putting this garbae as the free app.,0

"I'm well aware that it has been said a hundred times already, but task killers are just an easy way for developers to make money off of the uninformed. Most apps "running in the background" are just paused and are not actually running. If an a",0

"While there is obviously some debate about whether task killers should be used, I can say that this one is horrible. The second I installed it my G2 the phone slowed to a crawl. It took about 10 minutes to slowly be able to uninstall the app, at which ",0

This would be a good app if Amazon updated it. If they would just update the application I think we would have a great app.,0

"App not necessary for optimal device performance. Another unnecessary app to take up space. Task killers are lame sauce, man.",0

it must be you pushing down on the power button it works great on my kindle fire try the app worth your time,1

"this game is just bad, it crashes, and the whole premise is stupid. don't get it. really don't get it.",0

"I actually love this game, have not had but one issue when it forced close. I play this game almost everyday when I have a little down time. The birds are cute and while it may not seem like it there is actually a little difficulty, especially in puzzle ",1

Didn't have any problems with this on my ATRIX 2 except I couldn't stop playing it--and the birds are so cute,1

I'm loving this game! I've been playing it all day. I am on a Droid X and have had no issues at all. Thank you!,1

"Kept slowing down, then started locking up. Last time I played it my kindel fire froze up.Cute game ,but not worth having my fire lock up.",0

cute and fun at first but wtf is up with the sudden black screen? after hrs of the screen going black it went back to normal. but then I realized how boring this game was so I uninstalled it. I'm just glad that I bought this free instead of the original ,0

"After a few mins. of play on the kindle fire, it reverted to a black screen of death with the now inappropriately perky music still going. On the Kindle Fire, aspirin so many found, it became unresponsive to controls. A shame. Update: Seems to work f",1

"I'm sorry for the people who couldn't enjoy this game.its fun, yet addicting!I had no trouble on a HTC incredible 2.great game.kudos to the developer.",1

It works just fine on my tablet(Acer-iconia). But I agree it seems impossible to beat in casual play. Just fix that and it will be great.,1

"I download apps all the time and this is the first one that is forcing a review simply because it works so poorly. Within the first two minutes of playing on my Kindle Fire, the entire screen went black, I was able to recover it, 30 seconds later it happ",0

just make an update that will give the option to move to SD card. i read that i am not the only one to request that either. thank you.,1

"the game black screened on me oer and over so I am deleting this from kindle , but when I was

playong it I did like it",0

"Cute game. Thought my grandkids would love it. Of course, I had to play it first, right? Not 3 or 4 minutes into the game, that black screen so many have mentioned appeared. I uninstalled it from my Kindle Fire less than 5 minutes after installing. Oh we",0

"This app didn't work on my Motorola Xoom tablet. Press to start it said, tap did nothing. Makes it useless to me.",0

"Started playing, went to black screen within 5 moves, removing this from my apps even thou it was free. This freeze could just need a fix but it wasn't that cute to retry the install",0

"After downloading this app to my Kindle Fire, my grandkids would anxiously run to my side just to be albe to watch me play. My oldest grandson enjoys pointing out various moves I can make. He also likes playing it on Grandma's Kindle. Did I mention that",1

"This is the cutest app!!! I tried the free app and it would freeze right after I completed the first level. I enjoyed playing so I went ahead and spent the buck 28, well worth it. I have a Kindle fire and it works PERFECTLY. Highly recommend!!! got to g",1

"Got this app as the FAOTD a few weeks ago and really like it, works fine on rooted Nook tablet. Noticed today that there was an update, prior to downloading, reviewed the app info and found the developers have added in permission to view thumb nails of ",0

"Come on if you are going to offer an app, at the very least you can do is make sure it works. It will not even install in my Kindle Fire.",0

"like a lot of the other reviews say, I was able to play for about 5 min. then the screen went black, there was still sound. I tried clicking out of it then going back in but it was still black. I gave it a chance but its not even worth downloading!!!!",0

was enjoying game till a black screen interrupted it. cannot get far.....would really enjoy this game if I could play longer!! please fix!!",0

"Worked fine for about 3 minutes, then an ominous black screen appeared and I could no longer play, even after an app restart, but I could still hear the music. Um, wtf?",0

"This game is a lot of fun and is easy to learn but the levels offer fun challenges. Works wonderfully on the kindle fire, have never had any issue with it crashing.",1

"Great relaxing fun, and oh so cute. I wish I had told my wife to download it when it was free. She keeps stealing my phone.I really like the relaxation mode. Just play without worries.I highly recommend it.",1

Too many Amazon users are terrible review writers. They claim the screen goes black and neglect to mention they all have one of a hangfull of the same devices. It works great on my Droid 2. It's a very fun game that you can pick up and play with a &,1

"I have this on my phone (Motorola Bravo) and it works there. But on Kindle Fire, there appears to be no way to exit the app ... ?I tried shutting device down for an hour but it still came right back up. I finally escaped by clicking a link in the progr",0

Yet another free app downloaded and deleted within 5 minutes. They couldn't come up with an original name; you can guess how good the game is... 1 star for a bald face attempt to get some sales by using a similar name to that other bird game.,0

I liv the idea and graphics but it blacks out after 3 minutes and u have to unistall then reinstall it. ut it still blacks out so u only get it for 4 minutes...or atleast it does on my kindlefire,0

Works great on my Kindle Fire. Fun game! reminds me a lot of Chuzzle. I will be recommending this to others.,1

I am experiencing the same problem everyone else seems to be on the kindle...literally works for no more than 3 minutes and it won't work after that. Even tried reinstalling but same thing all over again.,0

"really cute game, doesn't crash at all or freeze it works fine on my kindle fire. and plus it tells you it says that the game might not work on all tablets.",1

HULK STRONGEST ONE THERE IS! Me like little fluffy birds...but hulk like them too much...they no more fluffy in my hand. They dead!As for SUPERMAN75...Me and superman had a fightI hit him in the head with Kryptonite...He lost his brain...Went insane..Now,1

Works perfectly on nexus s. Simple and fun game play. Graphic and sound are well done.My 3 year old manage to play it ok.,1

"A boring, lame app. The app-makers must have thought that (adjective) + "Birds" + app = profit. They forgot the part where the app should actually be a good game. This is lame. I've already deleted it from my device.",0

every day i wait for the new free ap of the day and and u can just gess how i felt when the game froze on me for no reason at all i know that it was free to me but it would usaly have been for money so this was vary disappointed to me,0

"stops working on my fire after a few minutes. cute game, but needs a fix for kindle. an update would be nice.",0

"I got hooked on this game on my daughter-in-laws Kindle, so when I got my Kindle I ordered it for me.",1

After updating new permissions will allow application to see what processes are running and change your wifi settings. I am uninstalling.,0

I LOVE this game. Earlier versions crashed frequently but the problems seem to have been resolved with the current release. I've been playing it for about a week since the last update without a

problem.,1

Do not get this app!! It crashes on my Kindle Fire and it gives me a black screen. But besides that it's a cute game for kids and their parents to play with.,0

Awesome game for the Kindle Fire! The game play is very addictive and the birds are adorable.

The graphics are well worth the \$\$\$.,1

Great game-had a little trouble with the game sticking but for the most part it works great! Bring on more great games like this!,1

"Best game for passing time. If you like bejeweled, you are going to love this game. I had no problems with it. 2 Thumbs up!",1

This is a typical match three game. The graphics are super cute and rendered nicely. It downloaded quickly on my Fire and I haven't had any in game play issues. Overall it is a wonderful little app.,1

I have no problem on my bionic works great. Ty fluffy birds. I hope to get more things from them.

Ye ha!!!,1

"that would be my diagnosis for this app if it presented itself to me as a new patient. I would refer them to a specialist, because of the severity of its prognosis. HIGHLY CONTAGIOUS!!!",0

"I love this game! I don't see what the issue is about with crashing, this game hasn't crashed on me once!",1

Sceptical because of all the bad reviews. I gave it a try and played through a few different game modes with no problems. Reminded me a lot like chuzzle which is just such a fun game! I'd recommend it... (htc sensation),1

"Works great, looks to be a kindle fire only issue going by all the reviews. No problems here and fun to play.",1

Played for about 10 sec and game stopped and went to a black screen! (DROID X) ??? WTH! PLEASE FIX!!!!,0

Timing is everything on this game. It's really simple and yet I keep coming back to it. never had any problems with crashing or freezing,1

"Very glad that I downloaded this game in spite of it having more 1 star reviews. It is very easy, free, fun! I'm loving it.",1

To those having troubles with this app on Kindle Fire you might want to check your device settings to assure you aren't maxed out or near max with your app storage. That could cause you to be having troubles where others don't. I like this game because it,1

This one is just a fun game for anyone to play~nice relaxing game; easy to play & understand~kids would love it as adults do too~,1

"This was a free app. of the day when, I downloaded it on my Kindle Fire. The game itself is very addicting and cute and people as young as 3 or 4 could play easy levels. However, it doesn't work very well. The screen will go black leaving just sound and ti",0

"Another kindle fire app that does not work. Big disappointment!!! I have downloaded several other apps specifically for the fire only to have them flop. Who is at fault,???",0

"Fluffy birds is a fun puzzle game that works great on my kindle fire. It never crashes and is very fun and addictive. The fluffy birds are cute and funny. Graphics are great, controls are great, everything is great! Definitely one of my favorite apps",1

Glad this app was free. Stopped twice on my 3yo w a black screen. Really sucks cause she was liking the game. I do not recommend.,0

"Hours of fun, works great on my KINDLE FIRE! Puzzle like game, with colors and eggs, I recommend giving it a try, I got it for free one week!",1

works very well on inspire 4g. graphics are cute and sound is adjustable. has exit command which should be required on all apps... thanks,1

I didn't even try to play this app. I downloaded (easy to do) and when I opened it I got the alert from my phone (LG Optimus V) that it could not be moved to the SD card. I just put in a 32G card for the purpose of games like this (and more photos). I,0

don't click on a golden egg because if you do the screen will go black and you will have to go to your home screen to get out. game was cute but impossible to get eggs together in order to move to next level. then crashes. uninstalled from my kindle fire,0

"fun game @ first, but touched the golden egg, and.....BLACKOUT!!!! give it 0 if could. I didn't really get it, but just ended up deleting. like, 5 seconds ago. really one word to describe this app. C-H-E-A-P. even for free. don't get this app. really, don",0

"This is similar to the game bejeweled, but has a few extra twists to it. I enjoyed it a lot.",1

This is a fun game for all ages! I have had no problems on my Kindle Fire. If you have a few minutes to kill this is the game for you!!!,1

there were absolutely no problems I had playing this game on my HTC Droid Incredible 2. it's nothing like angry birds other than the fact there are birds. too many people are too stupid to understand that difference.,1

so don't listen to those stupid reviews because this game is fun and relaxing when there is no timer always seems to calm me down soothe me and put me to sleep no it's not scary it's really fun and cool i love it you should get it,1

"I love this game. Yes it is just like Chuzzle, but I love that game too. I like the 3 different game modes. Works fine on my phone.",1

ok so I especially love the huge bird because it just floats away so funny! I would so get it if I

were you.,1

"Downloaded this app and played one game and screen went black. I couldn't get it to work. Waste of time and space on my kindle. At least it was free and. worth. a try. Needless to say, I deleted it immediately.",0

"Fluffy is nothing more than a chuzzle knock off, but if you're gonna copy someone do it like this! As a FAOTD its perfect!!",1

Haven't quite got the hang of it yet and it starts acting up. Maybe I will try again after an update or uninstall altogether.,1

I love this game. It works quite well on my kindle fire.... this is not your average match three game. The creators really did something cute with this one. Highly recommended!!.,1

so I can't really complain. It does not work on the XOOM. The game will open it just won't do anything after that. good luck,0

Sorry to read that many are having trouble w/this game. Don't let negative reviews stop you from giving it a try. I have an inexpensive Nextbook Android and this game runs perfectly. Been playing it for several hours...no glitches at all.So give it a t,1

This app will not launch past the start up screen on my Xoom tablet. I can't play this game at all.,0

"game is pretty good, i did not experienced any technical problems. Also I like ability to play casual and puzzle modes.",1

"keeps freezing up. also, very slow to respond. not worth it. glad i did not pay anything for it. i will delete it.",0

"My smart phone has a glitch. It is most frustrating and inconvient. While the icon on the phone does not work, I did set up a YouMail Visual Voicemail account online and am easily able to access it from the phone. I now get my voice mail messages which i",1

"It is a great app. No problems so far, ppl think its cool when it calls them by name! Htc evo",1

"I got this app because it said you could use it in place of your providers voice mail, however my provider does not offer any voice mail and it is not common here overseas where I am. I wanted it to basically give me the feature but it is not compatible ",0

"have used this app for over 2 yrs and 2 phones. like all the settings and the personal greeting , great replacement for cell vm. I have had very few issues in the 2 yrs. sometimes slow delivery depends on location. set up on both phone and website work ",1

Love this app so much. Like the fact that it emails you the message link and tells you who it was calling even if they aren't stored in your phone,1

"The only voice mail program that knows who's calling! "Hello John, Sarah can't come to the phone right now. Please leave a message." its also very fluid in it's programming and extremely user friendly. Had this on three different Blackberries a",1

"I downloaded this as a free alternative to the visual voicemail that came on my phone. It eventually stopped generating the text version of my voicemails. None of the uninstall procedures on the website worked, so now I must call my provider to fix my vo",0

"I would recommend this app for the sheer pleasure of finding out who said what, after reading some of the quotes I was shocked that our politicians plagiarize from everyone from Adolph Hitler to Gandi.I would say BQ has collected some goodies",1

It has funny quotes and serious ones. They were smart and sell picked out . This is the app for you.,1

"This is a pretty good app if you like quotes. The quotes are sorted by the author initially, but you can set it up by categories, mark favorites and even set up quotes of the day.",1

Love it. If you like Sorry u will love this game. Great sound effects. I have nothing bad to say about this game.,1

"GOOD WAY TO KILL TIME!!!---(OK, read no more.) Windows Vista homeand keeping them,was not the last part of those things that are on my welfare phone number and I intend to send a message to the place where you can keep the last part of the last driver fo",1

One of the best free apps . One does not expect a boardgame to be so much fun. The airplane theme makes the game work. Super fun.!,1

"Reminds me of the old marble board game Aggravation. Fun and easy to learn, cute airplane playing pieces. Looks good on my Kindle Fire.",1

for anyone who remembers the classic board game 'aggravation' this is essentially it!! its simple and fun for all ages in my opinion. its really nice to play and everyone should give it a try! :-),1

This game will keep you coming back over and over. It is so much fun. I can not get enough of this game. The graphics are awesome.,1

I love playing regular ludo nonlinear. this is my new favorite game on my kindle. my kids even true to get my kindle so they can play it,1

If you like the board game SORRY then you will like this game.. its a cute little twist with the airplanes (sounds included..lol) I played it 5 times so far and I really liked it so its worth the FREE download to check it out. :),1

it is a great time killer. has never frozen up. i would recommend it. hope you enjoy it as much as i have.,1

great game with lots of different options for difficulty and game play. the sounds are lots of fun too. hi,1

I like that this game can be played with other. My Daughter and I have fun playing together. It does remind me of parchisi but i like the colored squares that allow your peice to move faster.,1
 Pinball Deluxe free and I liked it so well I purchased Pinball deluxe premium It a great set of pinball games.,1
 this app rocks it got its graphics updated and they're almost too good so its worth your money... get this app,1
 Looks great but crashes at start up on my Galaxy Note 10.1 2014 with 4.4.2 update. Small popups at bottom of screen looks like a request to log into social media. Really wish it would work! Fortunately I got it 6/27/14 as part of the 30 free paid app 'sal,0
 this app is great! And the best part is that the other version is free! But to be honest the premium is like \$2.00. but that the only stupid part. But other than that this is an awesome app !!!!!!!!!!!!!!!!!!!!!,1
 Tho game is by far the best pinball game I own. It was especially good on a road trip I took. This game is also a great bourdom buster!!,1
 I first downloaded the free version on to my Toshiba Thrive. Selecting stretch to fill the screen instead of zoom gave great results. The ads were unobtrusive. It only took about an hour of game play to know that seeing a couple more tables was worth the,1
 "Picked this up while it was on sale for a buck - have only played two of the tables:""Wild West"", which looks fantastic and plays just like the real deal, and ""Brix"", which is like a pinball-style variation on a ""Breakout"" video game. Both of these games a",1
 This is fun with a capital "F" !!! So easy to play and works just like a real pin ball machine. Different games within keeps it fresh and non boring. This is a game I will enjoy for a long time. GREAT for kids as well. I highly recommend this app,1
 "Wasn't too hopeful when I downloaded, I had downloaded and deleted Pinball games in the past. But this one is a fooler. I am so hooked on it I can't stop playing it! There are several choices to make and they are all fun, and it keeps track of your score",1
 "Works great on my Galaxy Note 10.1 tablet with 4.4.2, but crashes on my Galaxy Note 2 phone with 4.4.2. Update 06/29/2014 - They just came out with a new update and it works great on my phone now!",1
 "I first got this app (the free one) for my Kindle Fire. I didn't like it because two of the "tables" can't be fully seen until the ball comes below the half-way point. With my 10" tablet, this is great. Very entertaining with good graphics an",1
 "Pinball Deluxe Premium is a first rate pinball game that plays very well on my Kindle Fire. There are five tables:1. Brix2. Wild West3. Carnival4. Space Frontier5. Diving for Treasure (a big table, bigger than the screen, but it autoscrolls with the ball",1
 Looks real and the tables look genuine. Fun to pass the time with this game.,1
 Great graphics. Needed a Pinball game for my new Kindle and this one is fantastic. A lot of challenging games.,1
 I can't believe this app was free for 2 days. It's freakin' great! You really get the arcade experience. It is dangerously fun. I have a no-brand 7" Android tablet with the Amazon App Store and this app is working like a charm for me. So much ti,1
 "I've been a pinball fan for years. I was really sad when my 4 MASSIVE pinball games became unplayable on my newer operating systems. The ball physics are quite good and the tables not overly complex, since I AM playing on a small screen. I got the free a",1
 Great product I thought that it played some like the real thing. I like the different layouts and the different levels on the board to play makes it a lot more fun.,1
 I enjoy playing the game to relax.,1
 "From nightwhisper.com, this has great graphics even good sounds, Make sure you upgrade to get out from the ads, its worth it.",1
 "GREAT and interesting game! Fun to play! Was thinking that I'd just play for a few minutes, but three hours later I was jsut saying to myself...OK I""m quitting after one more game! Truly addicting and fun! Lots of options to play, I like the Wild West!",1
 one word...pinballthis is great!!! I love it!!!! this is my new favorite game!!!! everybody should get this game!!!.get it now,1
 I love the free version but.need to find out why this version shows.up so.small on.my kindle fire dxI will have to call May day and see why,0
 "Five very different games to enjoy, motion is very realistic, sounds are just like the old pinball games of my younger days. Very enjoyable. The western one is the hardest one for me, though. Still can't get past "you show promise". Your score",1
 "Severely lags making the game unplayable. I have used the free version on ICS, and it was pretty fun. I haven't tried this version on any of my other devices, but at this point I will just uninstall and wait for an update.",0
 This game best mirrors an actual pinball table. I play it constantly. I would recommend to anyone as their top pinball game.,1
 This Pinball Deluxe has three of the great games for you to play pinball. "Word of warning". "watch put for the bumper & tilting.,1
 "I love pinball and this provides a nice way to pass the time if you like pinball as well. If you are unsure of whether you want to actually pay money for the premium version, you might want to first download Pinball Deluxe Free. Give it a spin, and if ",1

I don't play much but I like. It is different from the one on my phone so I had to get use to it. I enjoy when I do play but mostly I read more now!,1

This is a great solitaire game. I love having it on my Kindle Fire. So easy & so entertaining and so easy to play.,1

"cards too small, not as workable or customisable as I like. it is OK for a quick game, but I like playing for longer periods of time",0

This type of solitaire is what I like best and I found it at Amazon. I can take it with me anywhere. I have it on my Kindle Fire HD. I would recommend it to anyone who likes solitaire.,1

I enjoy playing solitaire and have for many years. It is convenient to play on the computer. My sight is not as good as it used to be so being able to see the cards on the computer is a plus.,1

this game is a true classic. you get into it and can get totally lost. time slips away and you get so involved into it. love it.,1

I like this great game. Please try this great game. I really enjoy this great game. great game. try this.,1

Plain old sol. This is an easy to use game that even gives hints when you are stumped and ready to quit. It will deal hands that can be beat or random deals. For the price it can't be beat.,1

Its boring and confusing! If I could rate this app NO stars I would. Why don't they offer no stars? I DO NOT recommend this app/game at all. Don't get it! When or if you get this game and hate it don't complain because I warned you!!!,0

"Head to head racing! Whoohoo! Oh, wait, you mean that I'm not actually racing someone live, it's just a recording of someone's previous race I'm racing against? Uhm, not so ""head to head"" in my opinion. Can't even run them off the road... The graphi",0

"I will agree to bad graphics. but, I like it that way. its a simple game and super addicting. controls can take a while to master but its so much fun once u get them down. and its cool that u can race ur friends. overall, this game rocks. and its free!!",1

No good. Do not get this app. Don't even know how it made it in app store. Samsung fascinate. Delete and never come back. :),0

they say that it is free and you play maybe two or so levels and then you can't play anymore unless you buy the whole game so really not worth taking your time to download on anything unless you want to actually buy the game after a few minutes of playing,0

Loved this game!!!! All strategy games are fun but thought this one was really fun and kept me entertained for quite a while.,1

if you guys are complaining I think you are crazy. Mine worked fine like the one on the computer. There is no difference. It may not have worked for you people but it worked fine for me. YOU WILL NEVR MAKE ME COMPLAIN!,1

"This game is way to hard and it is boring after awhile of playing it, so I don't have it on my Kindle fire",0

This farm game is very mediocre. Actually it sucks. The better farm game is Papaya Farm and its free to have the full version. Download it to your Android or iPhone and use referral code Steam007 to get 300 papayas plus some bonuses.,0

"The game only let me play one level before it shut down. I was considering buying the full version if I liked the free version, but I'm staying away from this!",0

"This company lied. They said that it has a unlimited play time, but actually, after 3 levels, the company prompts you to either buy the full version or delete it. And I deleted this game.",0

"it says unlimited game play, but they lied. after 3 level, pop up says buy it or close it. they lied. I'm never buying anything from this company for lying.",0

"I downloaded this as my mom seems to have a lot of fun playing on her I pad, but after I downloaded this game, it said it would not play on my kindle to delete it.",0

"This app looked like fun, but I never got to play it... I installed it and it just keeps force closing on me. I tried three times in a row and just got the force close box.",0

i was wondering why such nice app has too low ratings - now i know it simply does not work! on my tab 2 i cannot start it.,0

I wish I had read the reviews before buying. First bad app I've bought. Don't waste your money. What else can I say?,0

Maybe my luck has been better. The app works great. Facial recognition works fine and end result is hilarious. Very realistic too.,1

please don't get on kindeel. it has no camera. and i had to hag. y mummy pay for a freaking app!! don't get this on kindle it has no camera. any other device with camera should be heterodox.,0

How do you make payments on Amazon so you can get new games. when I try it won't let me because of my payments. And my kids Really want fat kiosk,1

"The built in camera app is DOA. if you can get a photo to actually take, it squeezes everything together. It's best to use a stock photo or use your normal camera. Overall, this app is broken; nearly beyond repair. The maker of this needs to go back and",0

"I am not usually so stupid, but for some reason, I cannot get this to even show up on my kindle fire. I download it, it Amazon says it's on my device, but it's definitely not. I have tried 20 different things to get it functioning and just don't seem to",0

It will stuck on buffering then network error. Please fix this as soon as possible. Trio Stealth Lite 4.3 Thanks,0

"I have the ustream app on my phone and it works fine, but on my kindle fire hd it doesn't work at

allive uninstalled and reinstalled several times and still no luck. I am very disappointed.",0
 "Ustream is a must have for the hardcore gamer, etc, I love it for watching Gamespot live, etc. All that I have watched so far is clean, clear, and loads up perfectly!. The people who complain must simply have to slow of wi-fi's, or are not watching it on",1
 the ustream app did not work on my kindle fire. needs more development if it to be offered on that platform.,0
 "Every page you open on Ustream, it says buffering and nothing happens at all, it doesn't load at all! Very disappointed.",0
 "I have no idea what thie app is meant to do, but I can't make it do anything. So far it is totally useless.",0
 I have friends that stream their horses births on ustream so having it my phone is great then I don't miss the births even when I am out of town they call and let me know its happening and I get to join them even on the road :),1
 "I can't even remember why i downloaded this product. Please don't waste your precious time, you will not be happy",0
 I am a nurse and have a bedbound resident who watches the Decorah eagles on it. Just seeing the look on his face -I give it a 10!!! Color is clear on my kindle fire. gives me quick access.,1
 "Perhaps I am udinge the wrong Kindle for this App, I am not interested in what is offered lit do not perform what I thought it would do.",0
 Works just great on my Kindle Fire HD. Very clear picture (though small) and sound is great with no buffering so far. If it into ustream then I would get this for your HD.,1
 "I downloaded this app to watch FIRST Robotics Regionals which use Ustream to webcast their live feeds, but once I had the app installed, I could not locate a single stream.",0
 I love to watch things live and Ustream gives it to you plus there are so many different things you can watch on it . I never get board I have it on a couple of my tablets.,1
 I downloaded this app to watch our live stream church service. It only worked once. It would error and force close. Nothing changed after I deleted and re-installed. It would crash if I selected the favorites button and would not stream anything but an e,0
 I have a android tablet with a root that allows this to be compatible. The stream quality has been great & so has the recorded vid quality. The interface is very simple & easy to navigate. Very satisfied.,1
 "loaded this to my kindle, nice to be able to listen to some shows that way, great app and it is free",1
 Does exactly what it would do on a laptop but now I could use it on my phone. Easy to navigate.,1
 U- Stream app works great. It allows streaming content on U-Stream on a Kindle Fire that was unable to watch by just going to the U-Stream website. (Kindle users store this app on your cloud storage so as to not use up your internal memory.),1
 "I needed this on my Kindle to watch certain cams like hummingbird cams, polar bear cams etc. Works like a charm with a clear picture",1
 I love the rdio service and this app does a great job of letting me access the content. The streaming works well and the offline listening is great.,1
 "Web, mobile and tablet all work great with radio -- feels less bloated that Spotify as an experience and is great with its offline mode. Feels like I have my music collection in the cloud.",1
 "Just so we're clear, Rdio is paid subscription service for streaming music. It's comparable to Spotify, though I feel like Rdio has a better selection of songs. I switched from Spotify to Rdio and haven't looked back. The app works well and is organized ",1
 did not like how this website was disorganize because it was difficult to find the songs. Then the free songs they diplayed were terrible.,0
 Music more music Rdio has great selection and customization. Only if they could get some ACDC and METALLICA that would be AWESOMENESS.,1
 I don't really get the point of this. All the music seems to be what they want to offer as apposed to finding music I like. They also bomb your inbox with useless mail.,0
 "If your a college student rdio is the must have music subscription app. As of now, premium has a special going on where college students only pay 4.99 month for up to four years while in school. That half the price of spotify, rhapsody, and Google all ac",1
 Any song... No cost... Full song.... No Internet required... I got my free app worth millions of dollars.... U should get it and fast downloading.,1
 Found this after MOG announced it would be closing down. I like Rdio better than MOG now in that it is easier to move around in than MOG.,1
 im a twelve year old elton john freak. i wanted some songs but i didnt have any money in my amazon account. so i googled where to get free music and found rdio. i found the app for it and its really good. i love it. i can listen to elton john internet or,1
 "I REALLY WANTED THIS APP, BUT I WAS UNABLE TO SIGN. IN. I DID EVERYTHING THEY SAID TO DO, BUT NO LUCK",0
 stream any album any timechoose any artist using the search feature just about all the albums will be listedthis is a great site or app to listen to a complete album of your favorite artistI have it on my ROKU devices & Apple products.,1
 Rdio is a nice/ hot app to have on your kinlde fire. It let you listen to the newest cd without

buying them.,1

As the title says. Its amazing. Found all album covers for my music. I like it a lot :) I'm happy I got it.,1

"seriously this is app is not free, not working, and definitely not cooperative i tried putting in my password to sign up and it just stopped working it was really unbelievable so please don'twaste your money on a "free" app",0

I WAS ABLE TO LISTEN TO ARTISTS THAT I THOUGHT I WOULD NEVER HEAR AGAIN.YOU CAN HEAR SONGS FROM THE PAST THAT YOU THOUGHT WERE GONE FOREVER.I AM AMAZED AT WHAT IS AVAILABLE.,1

This app sends 5 or more emails a day and won't let you unsubscribe. It says you may unsubscribe from the emails. Hope you have more success than I did.,0

The app itself works great. I got the two week free trial on my Kindle Fire and was very pleased with it. But I was disappointed to find out that it was \$10 A MONTH to use it on a tablet or mobile device after the two weeks were up. That's \$120 a year,0

I love this app. I am still exploring all the possibilities. But what I have had time to listen to I have really enjoyed,1

"I really love the way you can get whole albums of the singers and play that, as well as the "like" feature. Since I've found this I've had it on my computer playing constantly :) (and on my phone, and on my Kindle)",1

"I run into this because ""SoundHound"" had an option for ""Listen to on Rdio"". I learned that is just an ad with no integration. The link opens the Appstore regardless if Rdio is installed or not. Although that is most likely an issue with SoundHound but",0

"I listen to majority country music, so when I saw this I knew I had to download it. I was pleasantly surprised! I love it! :) better then iHeartRadio and Pandora :)",1

It is a free APP and you get great music. You can get old country as well as modern as well as bluegrass and gospel.,1

It wasn't really hooked up to the radio that then one must pay for. Not something I want to pay for.Very disappointing!,0

I am a country music fan and this app does nothing for Country music! It is not worth the trouble installing it.,0

1 of the best apps ever I love county music and I love this app if you like or love county u will love this app!!!!!!!!!!!! I would recommend it for anyone who likes county music!!!,1

its so easy to use it makes it fun plus its free double greatness. whoop I'm a country loving teen Yahoo whoo this is amazing,1

I love country music and this app provides a great way to listen to just one type of music. It is awesome!!!,1

It did not work right. I could not get it to download at first and then when it did then it would not work.,0

i have not had the time to use it so i can not say to much about it,0

I like the country oldies station. So it is nice to find so many stations .I really like this app.Thanks,1

This is GREAT!!! Can hear all the country music i want right off of my Kindle Fire. Grandkids like it too,1

Love this station! I work with jewelry and this station can get me rocking and crying at the same time while I am putting my pieces together for a show. I love country music radio.,1

This app is very disturbing turns on by It self.have problems navigating it app tells you nothing about operating it .not happy.As soon as I figure out how to delete it with out looking my other apps it's gone.,0

This was one of the first apps I downloaded after getting my Droid. It is so simple to use and is a life saver when I go grocery shopping or run errands.,1

love this ap! this app keeps me organized and my head on straight when I run out to the grocery store and forget my shopping list - this way its always with me and whenever I have something pop into my head I can quick input it into my phone! Its also gr,1

I typed everything in and now I don't how to check them off. other than that best app ever always use it,1

"Works wonderful for me so much I upgraded and will watch this developer for more apps! Had a minor problem, emailed the developer and response was less than an hour and resolved! The purchase is worth the cost! Would give this 11 starts if could. Using G",1

I love this app! It is very helpful! I really like to just play around with the scanner! :) If I were you I would download! You can always uninstall!!!!!! :),1

"Definitely could not do without this app! I use it as my primary shopping list. One thing I'd like to see is being able to categorize food groups/store sections, like fruits, veggies, meat, drinks, bakery, etc. Otherwise excellent and highly recommended",1

I looked a couple of other apps for shopping lists and this was the best. Love that I can have it on all my devices and sync them.Recommend to all my friends,1

I love this app. I have the pro version and us it for my shopping trips. I love that I can share my lists with my husband and we are both kept current. It keeps a running total if my checkout amount including deductions for any coupons I plan to use. ,1

"i LOVE this! i always forget my shopping list at the house..this way, its always with me! the scanner recognized some odd things, which surprised me, but it doesn't recognize my local grocery

store brands (not really a problem...i just type the name of t",1
 I use this for my lists every day. No more thinking of items I need and then forgetting it before I can write it down. also has nice to do list.,1
 "Running on my Samsung Verizon fascinate. This is a super-handy app that can keep track of multiple lists, and maintain my commonly-purchased items.",1
 This is one of the best shopping list or list making programs I have ever seen. You can use the camera for barcodes on android and sync it across multiple devices. The lists can even be shared with friends. Great for keeping a household inventory for gro,1
 "[FIRST REVIEW] I have used this app for a full month and loved it, although to fully reap the rewards, one must painstakingly scan each item and add pricing. So be it. But in an unforgivable update, all of my lists were WIPED OUT! Seriously!? From a",1
 How did I live before this app? It's way too much fun to go around scanning the stuff in the house.,1
 Drains battery with the animation on home screen and can't turn it off unless you upgrade to pro. Can't customize anything till you up grade. Uninstalling.,0
 "I love this app! I love to organize things and this helps me so much! You can use it for your pantry, but you can also use it for anything. I love it and hotly recommend it for people like me.",1
 This app is perfect for my shopping needs. I can add as many titles as I want so I go by aisle to make my shopping a breeze. !,1
 "app is as advertrised. it is simple to use and set up and best of all, it syncs with my other devises",1
 My phone is never out of my pocket. My memory is almost never in my head. Put those two facts together and you have the motivation behind this app.,1
 "I wish the decimal point was with the numbers though, don't like the extra step.....And you would think the major categories would already be listed as defaults. Other than that it's really cool.",1
 I want to say this is awesome you should get it give me an A give me an W. gimmy an E gimmy an S gimmy an O gimmy an M and gimmy an E,1
 Love the bar code part. I always need a list to go grocery shopping and it was so easy to add things that i needed all week,1
 Seems to work slick so far. I wish I had a smart phone to take advantage of all the features.,1
 "Love this app and use it alot. You can use your voice, type, or scan a grocery list. Very handy!",1
 "This app works well! It scans the bar codes easily, even finding store brands without difficulty. Manual input is easy also. As you shop, you can line out items as you find them.",1
 I love this app. Its one of my favs of all that I have and I use it all the time on my android phone. I wanted it on my kindle just so that if I wanted to see it a little bigger then I could use it instead of my phone since everything syncs from the inte,1
 I use this for my grocery shopping every time. It's so easy to call up the same things that I buy each month. No more wondering if I forgot something because my whole list of everything is right there (even if it's not checked off),1
 I love love love this app. I use it for everything. I love that I can sync it from my phone to my husband's computer or print it out for him when he goes shopping. My shopping list is always at hand and up to date. Plus I can even look up deals at my,1
 Very easy to list stuff and mark stuff off. Bar code scanner is wonderful. It puts the scanned item on your list. Very handy.,1
 Just downloaded this so I have had a chance to really use it a whole lot but just looking at it and all of the features I believe this will be one app I won't be able to live without.,1
 It's very easy and simple :)I use this to sort my clothes &•••I think you could use this fun app for keeping track of ANYTHING! :D,1
 "Best Grocery List and Pantry inventory app I have ever used! I have tried so many and always went back to pen and paper. Then I saw this on a Tech site I subscribe to and it is perfect! It's fast and easy to add to your grocer list by typing, speaking, o",1
 I don't usually pay for apps. This was the first of only a few apps that I ever paid for. I've had it over a year now and use it almost every day.,1
 Out of Milk is my alltime favorite app but Amazon is terrible for the slow verification process on updates. OOM was updated with new features a month ago yet here I sit still waiting for Amazon to release it. Really? Either speed up the process Amazon,1
 "This app is great; not only can I keep a list of what I want to buy at the store but when I am preparing my list, I can scan the bar code and it will add the product to my list. I can create multiple lists and check things off when I get each item from ",1
 "Downloaded and bought the unlocked program for it also. I tend to lean toward the simpler programs and to me this isn't one of them. Have tried a couple of other grocery shopping programs and found one that runs circles around this program plus, it's fre",0
 "I love this App and also use Out Of Milk via the website. It makes creating my lists and sharing it with others, quick and easy! It also keeps track of my cost as I add to is, making budgeting a breeze.",1
 "I had this on my phone for over 2 weeks, during the past week I started adding items for

shopping. Now I'm at the store using the list, suddenly my phone restarted and this app is giving me a msg that it's no longer installed on my phone, only this app, ",0

I will start with the bad part - set up. I know! Amazing it doesn't read minds! It took me a couple days to set it up to start with. I buy things when they are on sale and I have a good size freezer and pantry so I had a lot of things to input. And depen,1

"I save paper by not using paper grocery lists, and I don't forget what I went to the store to get. The UPC scan feature is really neat too.",1

"I haven't tried any other grocery list app. This is the first one I've used (for the past couple of months) and, since it does a very good job at what it's built for, I see no reason to change. Shortly after I downloaded this for free I purchased the Pro",1

"This is a wonderfully helpful app!! It is so easy to add things right in the kitchen as I run out of things. Items can be added by bar code scan, typing or voice. They can very easily be moved to another list or copied to a second list. new store lis",1

Currently using it for meh b-day list. worked great...but I had to delete then re-download it because of the update.. but still the greatest list app out there:) XD :p @__,1

"I have not run out of anything since downloading this app. Whenever I use the last of ""something"", or think of something I need I just key it in. Then when I shop the shopping list is right there in my phone. No more paper lists to lose or leave at h",1

"Help!! I cant stop scanning bar codes! I've tried many others but this ones a keeper. Being able to scan a bar code & share the list, eliminates any excuse for my hubby buying the wrong product! Creating a pantry list shows me exactly what's in my ca",1

"This is definitely one of my favorite and most used apps. I'm not a big 'list' person, but this is so easy to use, so easy to add stuff when i'm thinking about it instead of when I'm on the way out the door. And if I forget to look at it while at the sto",1

This is good product easy use and works well. I have no problems with it and is easy to use.,1

Very handy app for jotting down things needed at stores. You can even make different lists for different stops. And it is quick to get into and put something on list on the go.,1

"The major strength of this app is its simplicity. No, it doesn't do everything under the sun, and that's a good thing! It keeps lists, LOTS of lists, and they're easy to use. @ the last reviewer, you can cross off items on the lists by press-and-hold (do",1

easy to use and I love the scanner. My list is complete and easy to read before I leave the house.,1

"Finally, a list app that I can categorize by my favorite store's aisles! Easy to add to the list as I shop and when I put the prices in for the items in my cart, it gives me a running total so I know how close I am to my budget.",1

Hubby and I sync all the lists so we have the same info on our Asus tablets. We can also have unshared lists. Fabulous! We have better things to talk about than what we need to remember to buy. The app is easy to use. The barcode scanner is responsi,1

"I LOVE this app. The interface is well-designed and intuitive. I love being able to edit my lists on my android phone, Kindle or computer. I can share lists with my husband or email them. I can make multiple errands lists and shopping lists by the store.",1

"First off I want to say that I'm not a developer for this app. You don't have to be the developer of an app to like it. Believe it or not, people's opinions differ, so just because you don't like something doesn't mean someone else won't as well. Use com",1

"Very easy to use and keeps track of your total purchase. You know if you have enough money to checkout or missed something on your list. On repeat visits to the store, it's obvious what prices have gone up or down. Fun app!",1

"I use this app on my Kindle HD. I've tried at least 20 different grocery list apps, and this is the only one I kept. If you are looking for just a quick list, this is the app to use. On the flip side, if you like more info on your list, you have the abi",1

"This App is such a great tool without a lot of useless bells and whistles. For starters, my husband and I share a shopping list, so we are on the same page with what is needed at the store and can update in real time, even as the other is doing the shop",1

I think I use this app more than all of the rest combined. Great for all kinds of shopping and even budgeting. I love this app.,1

Not fast and helpful.. I spent more time figuring it out and browsing then it would have taken me to write out a list and go shopping.,0

I liked this app . Although at times it is hard to download the bar scans into my cell phone. It is nice to send it to my husband when he is at the store. He always forgets thr grocery list!,1

Had this app for awhile. Played around with the data aspects and found that it could do everything I needed and some more... the new deals feature is awesome.... make life easier for all those time consuming lists and errands...plus I can share lists o,1

"The perfect app for those of us in charge of the weekly grocery shopping. This app removes the need for a traditional paper list, and having to make that same (or similar) list week after week. Being able to track the cost of an item from one week to the",1

This ap makes my life so easy. Its incredibly versatile and can be customized on so many different levels. It even shows you the local sales items in your area by store. So happy Ive found this ap.,1

love this app. i use it for far more than just groceries. it's the best list making app i've

found.,1

"I have been using this app for about 1 month and love, love, love it! I started with the free app (which is great) then paid for the unlock app which allows me to do a little more with it (I love bells and whistles). I don't have a smart phone so I can",1

Out of Milk is wonderful. No more looking for little post its in my purse or searching the house to find my grocery list.,1

I definatly liked this app. It was easy to use and a great organizer so that I don't forget the shopping list at home! :) 5 stars!,1

"Have had this since 2012 and used it countless times, as well as suggesting it to others since it's such a useful app.",1

you can add brand name or general items. this is perfect for me since we rely on the paper list on the kitchen counter :-),1

"Having used OurGroceries for about 6 months, I wasn't satisfied with the fact that it was almost never updated and it is just a drag to use visually. It functioned, but then I tried Out of Milk and was relieved to find out that it did the same things an",1

This is a must have app and I use it on ALL my devices and my partners too so if I have a list of things we need he has one too as they sync up great.,1

"I love the Out of Milk, Grocery Shopping List program that I bought for my android smart phone. The program allows you to make up separate customized shopping lists for different stores or occasions and save them to be used over again. You can arrange ea",1

"I use this app all the time. I love being able to put my grocery list on my phone or other mobile device it's great. I am one of those people that forget my grocery lists at home all the time, but I always have my phone with me!",1

"I am using the free version of this app. At first i wondered if i would use it much, but the more I use it the more I find to list out and it is so easy to add and to check off the lists.",1

I love this program. I've had it for quite a while and just finally set up the ability to sync it online. Did that because I got a new phone and didn't want to lose all my custom lists! I have lists for EVERYTHING in here! It's great!,1

Normally I do not use these kinds of apps. They are more of a hassle than they are convenient. However I thought I would give this a chance. I deleted my previous application and downloaded this one. It surprised me at how easy it is to use. The applicat,1

"Excellent app! I will admit that I've not tried others, but I did carefully go over other shopping list reviews and through process of elimination, ended up settling on this one. My priority needs were simple, ""I should be able to...."" :1. ... make a diff",1

"This ap is very helpful. I can go to my shopping list, or just a general list of things to do without any problem. Helps me remember what I want to do and have to do. Haven't tried all of the things yet, but am getting better at working it.",1

reminds me when I need things and the list is easy to find. App does a lot of things which makes a great help.,1

You can do more with a spreadsheet. Tracks the food you have and need. Very Basic and a huge waste of time.,0

"I Had no idea what this app was.... At first I thought it was the game were you milk the cow and see how fast you can fill the farm's milk bucket, boy was I wrong..... All you do is make a stupid list ,that explains the name REALLY I'm mad. I spent my t",0

"I liked Out of Milk quite a lot. It was so useful, I really took the time to fill the pantry with all of my necessities, and found it very handy for making my shopping list and keeping track of what was needed. On the other hand, when an update was instal",0

I originally purchased the free version - great app so I purchased the unlock \$1.99 version. So thrilled with the ease of sharing the grocery list with my husband for those times when I stop by the store without him. I know what he has added to the list ,1

"I was really looking forward to using this app, but it froze up my kindle fire hd and wouldn't let me do anything. Im glad i searched for the free version to try it first instead of just buying it like i was going to do... :/",0

This app was exactly what I was looking for. I shop with different needs in mind and this app helps me maintain running list of things without the hassle of pen & paper. I love the barcode scanning so I can just scan the item when it's running low and n,1

"I take my Kindle everywhere. And I do mean everywhere. It has become my day planner, my game console, my library and my organizer. I love, love this app for it's help in that. The list is easy, the entire app is user friendly. Watching the creator o",1

"While I like this and use it a lot, requiring a list- based app to be removed in order to update, thereby eradicating all lists/data, is IDIOTIC! Solution: dev update protocol should incorporate automatic cloud backup and restore of all user data!",0

Like many of us do I make a list before I go grocery shopping and like many of us also do I forget to take the list with me. However I never leave my home without my phone so therefore thanks to this app I will always have my grocery shopping list with m,1

I had it on my old phone. Just added it to the new one. I use it all the time for more just groc.,1

"I adore this app because it helps you save money. It does this by listing all the stores in your area that have sale items. You can check ShopRite, Walbaums, A&P, Stop & Shop and Pathmark to see

what's on sale and then add the item to your list. I saved ",1
 "Awesome solution for an ongoing problem: How to get the family's shopping lists on the same
 ""page"" so to speak. I put this app on all our 'Droids & tablets. I linked them all together with
 my login (a BARGAIN at \$2.99, I paid \$4.99 & would again). Now an",1
 "I just love this app! I am used to making lists but 9 times out of 10, I forget to take it with
 me or can't find it. I can make lists for ""things to do"" or groceries or all of the stores that
 I shop at. Just delete them as you buy them. I love seeing",1
 Downloaded this application on a whim and now it's one of mine and my wife's most used ones. Only
 gripe is that there is a monthly fee for the pro one instead of a once a year one other than that
 it's very useful even for the free version.,1
 I paid the 4.99 for the lifetime subscription pro version and it will not update. According to
 marketplace version 2.0.10 is out ant I am still on v2.0.8.Now they have an unlocker out for pro
 instead of the subscription.The app is ok8/23/11 Amazon versio,0
 "I'm hard to please, but this app is excellent. Love ability to scan as well as input from
 scratch. Download!",1
 "Moms are too busy with work and children to remember everything. So I let "Out of Milk"
 remember for me.At all times I have 3 lists going: a grocery list, a wal**** list and a to-do
 list. I keep my kindle in my purse so even if I just pop into a ",1
 OMG! It works on the kindle fire too! (first kindle fire) I use it for Christmas lists Its so
 simple add grocery go to store DONE! LOVE IT!,1
 I am only typing this review in response to the several other reviews regarding dev fluff. The
 one that really got me was the person saying that it was obviously dev fluff cuz who needs a to-do
 list app on their phone. Are you joking or just so egotist,1
 "I adore this application. It is easy to set up, maintain, and edit you grocery list. You can
 snap a picture of the UPC and it will add the product to the application along with the price.
 Then once you have all your groceries added to the list you can",1
 I can't figure this one out. Does not work for me at all. Don't waste your time with it. Have a
 better one on my computer.,0
 "Too simple for my needs. Too complicated for my wants. Did not work well with other apps. I
 needed something I could use on my android, laptop and Kindle.",0
 "I have this on smart phone. My husband has it on iPhone. If i think of something I need from the
 store when my husband is on way home I just put it on the list, and it sinc's with his phone list
 and he can get it. He knew how to since. Our phones. Wonder",1
 This app is easy to use and simple to understand. I love the pantry feature so I don't over buy
 spices and essentials. Being able to transfer an item from the pantry list to the shopping list is
 convenient.,1
 My wife and I sync shopping and to do lists. If there is something I want at the grocery or I use
 the last of something I can put it on the list. Best feature is bar code entry of grocery items
 while you shop.,1
 A very nice and handy app! I use it whenever I go to the super market or to note downn stuff I
 want to remember.,1
 "But then, I figured out how to use it and now it's all I use. Spend the \$0.99 for the key, as
 it's well worth it just to support the developer for such a fine product.",1
 Great app for anyone on the go who may forget an item. You can use it for everything.I really use
 it daily. Great!!!!,1
 "This makes my shopping so much easier. You can scan your items or type them in. So many options
 to make a list, check your items off or delete them, put the prices in the note and it totals your
 dollar amt. love this app. My only suggestion would be to ",1
 "I was laughing when I saw this for free and started reading good reviews, so I tried it.
 everything Irradiated was true.It really works very well and is well polished. Just scan the
 barcodes off the package as you throw empty boxes out and it adds it t",1
 "We are snowbirds and retired military. So we shop at several different store. Safeway, Von's,
 Lucky's, Military Commissary, Home Depot, Costco and more. The ability to have several different
 lists is a big help. Also the "Voice" system works ve",1
 "I just love this app. It stores whatever you buy, so you can go thru the history to make more
 shopping lists. You don't have to type everything in each time you want to use it. You can list
 the price of an item, thereby having a running total of your ",1
 "(Comic book guy) best soccer game ever, fun 2 player mode, great ambient sounds, good graphics,
 and very original method of playing the game",1
 "It took quite a number of matches to master the controls. People that complain about the controls
 probably didn't have enough patience. Lots of different teams. The training mode is unique. unlike
 other games, this one still has me hooked. They probably ",1
 "I'm a fan of soccer, so almost everything about soccer is quite good for me, as well as this
 game. It's not the best, but quite original",1
 I think that this is one of the more adding games I have played and one that I actually sent to
 others that have smart phones for them to try out too i liked it so much,1
 "the game is simple, fun and quick. I love it, my 3 year old loves it and I think even my dog can
 play it! its funny that people complaint that they had to figure it out by themselves without
 tutorials! that was way too funny. awesome game, I recommend it",1

I was a little hesitant about purchasing this app but I don't regret it at all!!!!!! IM ADDICTED TO IT!!!!!! me my friends and my cousins cant put my kindle fire down!!! this game offers fun and a challenge!!!!!!<3,1

I play it on my Samsung Galaxy S3 and Motorola Xyboard and it plays smooth on both devices. The hard mode is extremely hard.,1

on the kindle it doesn't freeze up and it is really fun. I love playing it and it kills time. love the game it is awesome.,1

"this is probably one of my favorite games of this kind. its so entertaining to play. but, it can be challenging. I didn't win my first tourny till my 11th try. overall though, very fun, and no problems what so ever",1

"Asus Transformer Tablet- works GREAT, and is the best 2 player Android game I've found so far.Freezes a little while adjusting volume or brightness, fix those before you start a match.Five Stars!!HINT: DON'T move the middle player on kickoffs. :-)",1

I was searching for an app because I was going on a 20 hour car ride and nothing seemed right I woo found this game and it is incredibly fun and I will never delete it.,1

"I think it works great!! its real simple and easy to learn,basically if you can play REAL soccer then you can play this...its so entertaining!! works awesome on kindle fire! :)",1

this game is fun any other game i get is not tgat fun fun fun fun fun fun fun fun fun fun,1

Downloaded on Kindle Fire today and paid for it. Wish I had waited for it to be free. Works awkwardly...crashes..refeshes VERY slowly...can't think of anything good to say about it!,0

It is not live. It is today's news but little more. I am a Nascar fan and I was not happy with how little there was to it.,0

lots of good info found here on this app. my husband and i r enjoying this app. hope others enjoy it as much as we do.,1

"I was hoping to be able to let my son listen to radio traffic from his hero, Kyle Bush, but all we can do is look at the schedule and some past results. Turned it on during the Pheonix race and found there is nothing "live" going on. Is there mor",0

It would freeze up just as the action heats up and ended three times before the the race was over.,0

really bad app/ has the same news for a week. you have to download all these other apps to view any of the video's. hard to navigate the site. not good for a nascar fan,0

Great app for keeping track of monthly bills. Easy to use but works very well. will use this app. On a regular bases.,1

I find this app to be extremely helpful in keeping track of all the bills I have. It's really helped me avoid late fees!,1

This is a really great app if you need to keep track of your bills and viewing them by a calendar is the most helpful. I use this on my kindle fire. The only downfall is that you can't put in your paydates to counter act the budget.,1

"This app doesn't do anything but list bills. There is no in app calculator, and no way to follow totals within categories.",0

"I love this app! I am not a fan of crosswards; but, this app is alot of fun and challenging. Challenging because I have not completed many crosswards maybe? There are only 10 puzzels which is enough for me currently. I may want more later. I like the clu",1

Starts off slow for the folks who don't do crossword puzzles all the time. Clear and uncluttered presentation. Check it out.,1

This is one of the best free puzzle apps I have seen and the very first app I have considered purchasing.,1

"There is a large selection of puzzles, they are easy to navigate and a lot of of fun. I really love it!",1

They say doing crosswords are good for us older folks. This one is nice in hat there are aids for those 'senior moments. Thanks!,1

I absolutely love this app it is so much fun and I learn so much and the ability to use the clue list is a great bonus!,1

"Nice options for checking your work and getting clues, various difficulty levels. Not too frustrating for a new crossword player.",1

"Sadly there are only a couple of ""free"" crossword puzzles.** There is the Opportunity to purchase more. WOW ! !Maybe at one time this had a lot of puzzles ...But no More . . . If you just want a puzzle or 2 go for it...** Still Looking for a Great Crossw",0

I found this app to be fun and easy to play. My hubby and I both downloaded it and play each other.,1

"For crossword lovers - whatever your level of expertise - this app will provide hours of entertainment.As usual, some kind of background in trivia and history (and some geography) is needed to finish these puzzles, but they're still fun anyway AND you le",1

i am a rabid crossword fan. this product delivers. it is for the most part challenging. got for my samsung galaxy 2 and use when i am waiting for someone / something,1

"I have never really been into crossword puzzles, this one I really enjoy! I really do love the option to check your answers so I am not going on forever with the wrong letters.... Loo that can get aggravating.",1

I love to do crossword puzzles. This is great I can take Kindle with me and do crossword

puzzles anytime I have a few minutes.,1
 this game is so awesome it is so easy.. i could do an essay and get it done in 10minutes. you all might think it is stupid but it is awesome.,1
 "Not worth bothering with....boring....too short and too easy. It didn't cost anything, no so loss there, but don't waste your time with this one.",0
 "especially once i figured out about checking for incorrect answers & being given clues! lol (settings "button")I don't mind the British slant on the clues, either ;D",1
 The puzzles of this game are mostly easy and entertaining. I enjoy working them and it helps me relax after a long day,1
 "A helpful hint for game makers: making your game free but useless to free players is an excellent way to guarantee they will not want to spend money on it, but instead uninstall and find a better game.The clues are okay but the whole thing doesn't even f",0
 "I luv CROSSWORDS! & this is 1 of my favorites 2 play on my new Kindle Fire HD (that I got 4 Christmas). I have yet 2 try d other crosswords available. As 4 evry1 else havn problems, hope u guyz find somthang out der datl work 4 u. I luv dis app jus d",1
 You don't have to be a genius to do these and you can always have hints which help a lot. I love it and it brings me and hubby closer because we do it together.,1
 "A fun way to work your brain without numbers or playing games. Perhaps not challenging enough for the hard core players, but perfect for Boomers trying to engage every brain cell possible. Clue List and hints keep you from throwing up your hands in frust",1
 "great time filler for the md visit or just before bedtime. easy instructions, just difficult enough at the end of the day to make me feel kind of smart..",1
 I love crosswords so this is perfect. Plus you do not have to remember to recycle it when you are done since it is not made from paper!!.,1
 "Easy to use and yet challenging. Wide variety of puzzles. If you like crosswords, you'd love this app. Saves on pen ink and trees!",1
 "yes, this is a British game and there will be some words that are not familiar to American players.... but for any Crossword enthusiastic, this app will still be great fun.",1
 I love this bacause there are so many puzzles and levels to finish. This is really relaxing after a long day at work. I would recommend this game to my friends.,1
 Challenge your family and friends to a friendly crossword puzzle game to help them improve their skills for school or any other activities.with this Crossword puzzle game.,1
 "love it! very well put together app. I have really enjoyed using this app. not so difficult all the time, but enough to keep you thinking.",1
 "Some words are a bit of a challenge if you aren't British, especially any slang words. I haven't had any issues on either my Galaxy S 3 or my Kindle Fire. Nice way to pass the time.",1
 "I love, love, love the Crossword Lite app ! I've always loved any kind of puzzle especially crosswords ! Loads of fun ! I would definitely recommend it to my friends and family !",1
 "I agree with the previous comment that you can play this word game with no stress, which makes it a good game.",1
 "I am more of a sudoku fan, but I have really enjoyed this app. It would be worth paying to get more puzzles.",1
 I really love this. easy to understand. will. recommend to many friends who are all puzzel lovers like me! thanks!,1
 "These puzzles are just difficult enough to make you think, without taking your entire lunch break. I recommend this app for YOUR droid device too!",1
 "guess I thought it would be different, but not that much fun. hard for me you move around in the squares",0
 "This app is really nice! As someone who isn't great at these puzzles, I was really grateful for the options to to reveal letters or words, and I was even able to correctly guess a few myself. I am very pleased with this!",1
 I like the fact that I could tell immediately whether my letter was correct. The help section was good. I found it enjoyable.,1
 nice game. not to hard. really like it. just enough puzzels in the lite version to see if you want to buy it.,1
 "The right combo of easy, difficult, and in between! And the puzzles seem to be never ending. Great for all labels of puzzlerz! :-))",1
 "I've loved this app ever since I bought it! It's fun, brain-wraking, and you can learn from it. Do you love a good challenge? BUY THIS APP NOW!!!!!!!!!!!!!! Plus, since it's free, you won't have to worry about loosing money in your account. DO I MAKE SENSE!",1
 I like any kind of puzzle game. I have done all the puzzle. It is fun coming up with the correct answers,1
 "my husband and I do this together, fun time spent together while on road trips or sitting on the porch",1
 I am enjoying this game a lot! The puzzles are not too long so can be played during random down time. Well worth the \$!,1
 BORING BORING BORINGNOT WHAT I EXPECTEDDO CROSSWORDS DAILY AND PREFER THE ONLINE YAHOO SERIES BETTERYADA YADA YADA,0
 "I'm not a big fan of crosswords, but this app is great. It makes playing these a whole lot of

fun.",1

Crossword Lite is good to use with my grandchildren. It's easy entertainment and works on their vocabulary. I use it for some quiet time.,1

"fun game, works great on my kindle fire. I love word puzzle games and this is perfect for passing time.",1

I love crosswords at any time. I like that I can work on them and keep coming back to finish them at my leisure,1

An excellent way to exercise your mind!! Crossword puzzles CAN help to ward off Alzheimer's early onset or just help people who already have it.,1

These are another favorite of mine and I do enjoy being able to download an app to work them.

Happy with them!,1

very confusing..... hard to navigate do not like it at all. will try to get it off my i-pad,0

just the right size to work before bedtime - if you get stuck on a word you can ask for help.,1

"Not too difficult, not too easy ... just right! I like the feature that allows you to reveal one letter hints.",1

I love crossword puzzles and have been doing them for years! These are good to do when I have a few minutes to take a break. I would recommend them to friends & family who enjoy crosswords.,1

don't listen to the first person he/she is probably right but is wrong there fun like riddles and jokes you should totally get this.,1

"I love crosswords but don't like having to wait for the solution (like in newspapers). Awesome app for the price, free!",1

"Not only do we enjoy this individually, it entertains our companions as well! Plus, we can all practice our spelling!",1

"Just challenging enough to make it interesting and still be fun (not too hard.) Really like how you can toggle btwn the grid and the clue list, but the clue list automatically fills in for you the letters you've put on the grid.",1

"fun and free. this program gives help when needed, but always poses a challenge. I recommend.

this highly to anyone of my fellow crossword lovers!",1

I love to do crosswords in my "downtime" while the kids are asleep or @ school. These are a great and wonderful time killer for me.,1

"This is a fun game to have on my kindle. Not too easy, not too difficult. Fun navigation which was a bit challenging at first, to figure out. Nice that if you get totally stuck, you can get the answers.",1

Use to love this app until the company sent out an "update" that locked puzzles that used to be free. Now you have to pay to "unlock" them.,0

Keeps your mind working. Great when u want to not think about something bothering u. Puzzles r challenging. Free app works great. Have had no issues at all. If u like to do puzzles this is perfect. Perfect size on my kindle HD. Thanks. Would definitely r,1

This app is well thought out and developed much more thoroughly than most of the other crossword apps. It is a lot of fun. I would recommend it to everyone.,1

Very well done. Very easy to maneuver within app. Have not yet encountered British-centric clues/references in first several puzzles of lite version.,1

A huge variety of puzzles. I especially like being able to reveal one letter at a time as opposed to having to show the whole puzzle.,1

Nice way to pass the time. I like the hint feature for when I am stuck! Good variety of difficulties too.,1

"I love it. it is easy to use, and the puzzles aren't too easy or too difficult. Hours of fun.",1

I have spent hours solving these crosswords which says a lot because I have the attention span of a gnat! The puzzles are of varying difficulties and if you're hopelessly stuck - there are hints available. I recommend this for any crossword lover.,1

I like this game alot!!!! I play it all the time on my kindle!!! I recommend this app!!! Very fun to play!!!!,1

This crossword puzzle game is not very challenging or interesting. I'm more of a Wednesday ANYtime kind of a girl.,0

"Absolutely not what I thought I was getting. Started out FREE, but ended up costing me. Not a good thing.",0

Just what I was looking for! Easy to navigate and the words aren't so rare that you need to look them up.,1

I was looking for crossword puzzles that would give me a little challenge but not frustrate me. These fit the bill. The app is easy to use and makes my brain feel as if it's getting a little exercise. As others have said it does give more British clues but,1

"This game is very interesting. It really makes you think. For those who like a good steady non-timed challenge, I recommend this app.",1

Really enjoy this app. Recommend it to others. Not too difficult and not too easy. Price is right. It is addictive.,1

"This blue version is still a challenge, but compared to the green version it is easier. I really enjoy the challenge and appreciate that a letter or word can be revealed. I also like the

"check answers# some would say its a crutch but for me its a",1
 I have enjoyed doing crossword puzzles all my life. It's a way to keep up the knowlege of spelling words correctly.,1
 "really enjoying stretching my vocabulary, able to have my husband answer some of the clues too. having fun with this app.thanks!",1
 "This is an enjoyable free crossword app, but the words are linked rather than completely interlocking. If the puzzle solver doesn't know the exact word or words, he or she may have to guess at isolated letters. For example, in ""Agra"", defined as ""a cit",1
 "some easy clues, some more challenging... nice balance. I am an average player. If you are a crossword guru, this may be too easy, but it is great for a beginner.",1
 crossword addiction at its best. helps when I can't sleep. challenging enough to keep me interested yet easy enough that I don't get frustrated and uninstall,1
 I really enjoy this program. I haven't worked crossword puzzles in years. This is a really neat way to get started again. I like the puzzles and don't. Get frustrated if I can't. Get all the answers. I also think it is a good spelling tool. Should work w,1
 Not what I expected. I found it difficult to navigate within the game. I have deleted this from my kindle.,0
 It isn't too long and still challenging to me. I also like how it gives you a hint of what is wrong instead of having to reveal the whole puzzle or word.,1
 "I personally enjoy crossword puzzles and this is a good one. It's not too hard, but intriguing. Worth a try.",1
 Relaxing and fun to do! Works great on the kindle. What can I say but 5 stars on another one!! Thanks,1
 "Again, disappointment at not finding a crossword that is easy to use. These, including regular "Crossword" have been so disappointing.",0
 "The puzzles I've finished so far have been enjoyable. They are fairly small so I can finish them on my breaks at work, yet challenging enough to make you think without using things so obscure only a genius could possibly know it. Basically, it is exact",1
 Fun puzzles and good exercise for the mind. Not too difficult and not too easy. I would recommend to everyone.,1
 This game is fun and relaxing! It is challenging but not frustrating. Definitely fun to do on a rainy day or while waiting on someone.,1
 I'm not very good at cross words so it's not as hard as the regular ones that you find in the news papers. I would recommend this game for the mentally challenge. lol,1
 "Very disappointed with the app...which was allegedly free, but after doing about 1/2 dozen puzzles, you had to pay to do more...removing it from my device!!!!1",0
 Great software for quick puzzles. Easy to use and a lot of fun. Plenty of puzzles to choose from. Plenty of levels to choose from.,1
 I love this so much. I have always loved doing crossword puzzles. This one lets u unlock more puzzles as u go. I might have to buy the full version because I like it so much!,1
 "...to be challenging and easy enough to be fun. I like the settings options, ability to get a small hint, the graphics are good too. You can zoom in/out to see the whole puzzle or part of it. Eventually I'll finish the available puzzles that are free. Th",1
 "I've only spent a little time using this application on my Kindle Fire HD. It's easy to use, good size, and hints are adequate.",1
 "This game is very awesome. It makes you think but if your stuck you can reveal a letter,word,whole puzzel,ir clear it all.",1
 "I'm hard to please when it comes to crossword puzzle apps, so for me to give it 5 stars really says a lot! I'm loving it so far! :)",1
 I have finished all the puzzles and had a great time doing it. Will probably get more before too long.,1
 so fun! love that you can get a single letter hint when you need just a tiny bit of help.,1
 "I have really been enjoying Crossword Lite. It is not overly challenging, yet challenging enough to definitely keep you thinking. I like the way it's arranged and the screens look very nice.",1
 "Great crossword game! Not only is this FREE, it is challenging, hard work, and a lot of fun! Download today!",1
 this is a great set of crosswords. great clue lists and the option for help with word or just a letter.,1
 I am purchasing the full version of this app this week. It offers challenging and fun crossword puzzles that will keep your mind stimulated for hours. Where have you been all of my life - is what I say now!,1
 I got on the app and all the clues were about other countries or stuff that I haven't even heard aboutJ:,0
 "A great crossword puzzle app, and is free. A lot of puzzles and you can come back and finish any puzzle you have started or start a new one and come back to finish ones you did not yet.Highly recommended.",1
 I have always loved crossword puzzles and they are even better when doing them digital. I had enjoyed it very much and actually bought the full version. It doesn't disappoint.,1
 "I don't always want to play a fast paced game, and when I don't this little app really comes in

handy. Works beautifully on my tablet, with no graphics issues.",1

"Sometimes crossword games can seem "judgmental" in the way they punish for getting help or for wrong answers. Instead, this app has positive reinforcement. I appreciate it! :)",1

I signed up for the free app and have done about 5 puzzles on the Kindle Fire. All is good thus far. Did not look at app price yet to buy the broader set of puzzles and will do so based upon the solid experience of the free (believe it is 40 or so free),1

"This was too hard for me, my vocabulary is not good enough to work the puzzles, I have to learn more.",0

"Challenging, but not impossible. Good variety of clues & answers between puzzles (ie, clues and answers are not repetitive from puzzle to puzzle). Easy to use. Several "helps" to keep your game going. A must-have for word gamers!",1

"I absolutely love my crosswords! I can do them anytime, anywhere I want to. Altho it is an easy version!",1

Really great game. I recommend it to anyone who likes crossword puzzles. Fun to work with. Think you would enjoy it also.,1

I guess I'm only twelve but I tried everything and there was nothing that worked! DO NOT get this game! (unless you're a genius) its extremely difficult and I erased it after about 30 seconds of just trying it out!,0

"What I'm looking for is a regular crossword puzzle, like the ones you find in the daily newspaper. These puzzles are squirrely. There are all kinds of special clues etc., that detract from just working the puzzle. If you're a purist, don't get it.",0

This crossword puzzle app is the best! If you get stuck you can choose to have any letter or word revealed. There is an alternate layout to answer each clue horizontally in a much bigger print.

Very nice puzzle app! I would buy again from Teasel without ,1

"I loved this app. I am a crossword fanatic and enjoyed doing these on my kindle. I have purchased other crossword apps, but this one was challenging and easy to use",1

"Really don't have any complaints a good free crossword app. I like how you can get a hint of just one letter and check your work. App will tell you how many words you have correct, how many words you still need to complete and how many you have wrong whe",1

"Excellent games.You can set it to indicate the correct letter entry.Easily get the help (complete,letter or word)Open format, the words only connect with one or two letters.Keyboard is quite small so I use a stylus which works very well.(I have fat finge",1

I am not the greatest crossword player so this is just right for me. the puzzles are brief enough to finish in a short time and challenging enough to get my mind working. enjoyable for the person with limited time and short attention span like me.,1

I really like this app. Great puzzles with a lot of real real nice clues. I would recomend to every one. I spend hours on hours doing these puzzles. Thank you very much.,1

Lots of fun!,1

This is great mental and hand exercise. It keeps your mind learning and builds up hand dexterity. I am glad to find adult games.,1

User-friendly app that goes well with the Kindle Fire. Lots of puzzles too. Like other reviewers have said; its the British version. ask some words are spelt different; I.e. armour instead of armorial. But still a great app nonetheless.,1

this is a great app if you like crosswords. I'm always looking for apps good to spend a few minutes of waiting,1

Works well on my Kindle Fire. There are plenty of puzzles to get started with and more to purchase later.Puzzles are fairly challenging.,1

"I've tried a lot of different crosswords and I feel like this one is the perfect one for me! As a young person (17) lots of puzzles have clues that I would never be able to guess-not even in a million years. these crosswords, however, have clues that I un",1

please get scoremobile for other sports! this app is very fast and useful. scoremobile apps are great. I would highly recommend it to anyone who follows soccer.,1

I love this app. It lets me look at the scores and commentary of all my favorite teams in any corner of the world. Five stars and two thumbs-up.,1

"Be careful with this App. It is only for one sport - soccer. I have ScoreMobile on my phone, but the Kindle does not have it. Only one I found was this for Soccer.",0

This is the best football ("soccer") score app out there. Too bad its big cousin ScoreMobile disappeared from the amazon app store.,1

Great cryptic crosswords. I would've liked to be able to tab between clues but that's just quibbling. My chief complaint is that I wanted more puzzles. The app has 4 free but I couldn't figure out where to buy more.,1

... and have some knowledge of British words. These are British puzzles. They're created well and not too hard as long as you are comfortable with cryptic style crosswords. In a cryptic crossword each clue is a word play of some type. One clue might cont,1

I looked for an easy crossword puzzle game and this one said it was easy. They lied. There's nothing easy about this one. I took it off my device.,0

I found that your crossword puzzles are too hard for me to work and I workpuzzles in the paper every morning.,0

"These crossword puzzles were just what I've been looking for! Not too many cryptic ones readily

available and these were perfect..not too easy, but not so hard as to make you lose sleep over them. I loved 'em. Thanks for the freebie! Will definitely pay a",1

"I am an immense fan of cryptic crosswords and this app, even its free version was excellent. I recommend it highly.",1

"Extremely hard and gratifying, to play makes you think and think again...love it to the max....buy it try it do it..",1

"Cryptics are crosswords with complicated clues. Rather than just test your word knowledge, they also test your creativity. You should be able to find solving techniques on the web. Highly recommended. This set of puzzles include some easier ones, and p",1

A nice little app which is a useful time waster when waiting for things to happen etc. A well constructed little program.,1

"I got this on the basis of other reviews and was not disappointed. I love the access to USGS and topographic maps, and as I moved to low country recently, I have even used it to research areas nearby. If I could integrate it with a gps tracking app and",1

Pretty useless if you are looking for elevation detail for a small area with significant elevation changes. And developer does not want to refund.,0

"I have been using BCN on my Axim/Windows 5.0 and HTC HD2 /Windows Mobile 6.5.3 for years now and it has been extremely good. I have used it extensively for hiking and backpacking. Now I am running Android 2.3.3 on my HD2, with the new version of BCN and ",1

"This app has very good topographical maps. Also has a small compass at the bottom of map. Also gives you heading speed and altitude. Also gives you speed altitude gain, max speed, min altitude, max altitude, max grade, min grade. Nice app for the map lo",1

"This is a good mapping app, but the dev has completely stopped updating the app for the Amazon store. DO NOT BUY from Amazon. If you want this app, get it from the Google play store, or find another app here on Amazon. \$10 is an expensive app. The dev of ",0

My husband and I have found this to be invaluable. I never thought I'd pay for an app but this one was worth every penny.,1

This app will not run on an Android. I was going to put it on my phone but it would not load. So it is of no use if you have a droid.,0

"I only had this app on my phone for a week or so and I could never get it to work, right. I'm sticking with RunKeeper!",0

"it is not working with sign in with the ap ANDi tried online WTH. this looks like a cool ap, hope they fix. Samsung Instinct 2.2 OS",0

I signed up for map my run for a run streak challenge...I do like it a lot and it works well for me but one thing I wish I could do is to adjust the verbal updates....I am a time and distance junky so I would like to hear updates more than every mile LOL,1

This product didn't work very good for me. I live in a very small rural area and it kept telling me that I was running around the lake that I clearly wasn't running around. Not for me.,0

i couldn't set up the account. i hit "set up" and nothing happened ...four times...nothing happened. shame too...i really wanted to log my rides,0

When I tried to install it said it was done. But it is not showing up anywhere on my phone. I went back into the amazon app store and it says install pending. I tried everything to get it to change status. powering off the phone wouldnt change the status,0

"This app is great. I started using it in July 2013. By keeping track of my rides, distances, elevations, calories burned, etc. I have been able to stay motivated and loose 30 pounds. As a reward to myself I rode a metric century charity ride and was able",1

I find myself playing this alot- fun easy tilt game works great on Kindle Fire. I can't ski in real life-this is a good substitute(-:,1

So I love skiing an whenever I cant do it I play this great substitute!!!!!!!!!!!!!!!!!!!! LOVE IT GET IT NOW!!!!!!!!,1

This app and the hundreds like it help hold my daughter's interest in her Kindle. If she is happy then I am happy.,1

horrible app sucky graphics don't buy it. urhdsbsjdbd dudgeon dbehe dish dhshd shbsheh shahs horrible stupid hshd shahs shshhd jdb,0

"I absolutely love this game, it's one of my favorite. There enough challenge to hold my interest but it's also winable. Warning...this game can be addicting, in a good way. I hope you enjoy it as much as I do.",1

love this game but one add keeps popping up. also cant figure out how to put initials in. it really is addictive.,1

"This game is as much fun as playing slot machines and you are not at risk of losing money. Simple to play, but very entertaining.",1

Had never play this one and sure do enjoy it lots...It is easy and fun..Get it you will enjoy it too..It free too.,1

"I love hidden object games, and card games too! This one is a good one to pass the time. I love the "quickness" of the game, and you are only playing against yourself. Lots of fun! It's a great game!",1

This is a relaxing game. I love playing this when I want something simple to play. I play it alot. Give it a try.,1

Have been playing since got my Kindle. Love it. Addicting! Shared with family and they also

can't stop. Just don't understand why the name is Home Run???,1
There are several games that I have loaded and it tells me it is already in my library but I'm unable to find it on my Kindle. I don't know if I need something else loaded first????,0
I find this game fast and a lot of fun to play. Euchre is a game I play often with friends and find this good practice.,1
"I love Euchre but this was too busy. Deleted it right away, there are better Rucher games out there. Yuk",0
"I like playing Duchenne but there was something about this app that just didn't appeal to me, so I deleted it.",0
"I didn't like this version of Euchre at all. I ended up getting rid of it and finding another version. If I could have given it zero stars, I would have.",0
this is an awful version of this game. ads after EVERY hand? ridiculous!!! and the the game was over after 3 hands? waste of time!,0
"At first this game was frustrating because there were no examples of a completed puzzle, but I muddled through. Will be posting pictures of what Sea Wolf Bar #1 and #2 look like completed. Solution #1 is a star, I'm thinking it's supposed to be a starf",1
I've not played a puzzle game like this before. It's a simple concept but can be quite a challenge. The closest game I know to compare this to is Picross without the numbers.,1
I love these kinds of puzzles its very challenging and addictive as well. if you get stuck on a problem look at the lamps and the strings turn. try to make them fit into places naturally. I'm stuck on Mon Ami Cafe 7/8.,1
"I really enjoy this game, because it is non-threatening (not timed) and easy to play, yet it stretches my mind to find the best solution for the most points.",1
This app was slow and the graphics crude. Deleted it. Sorry but there are much better free apps out there.,0
When i tried to use this game it takes over the kindle and i could not get out of it unless i turned kindle off.,0
This is a fun albeit simple little game. I can waste time playing it for hours. It can be quite addictive for sure.,1
"I am hopelessly addicted to this game. My husband had it on his machine and said that I should try it, and now I am addicted. I am extremely pleased with this game.",1
"This is a great games, it really make you think in what you are doing. I love playing this game",1
I love the Jewels type games. This one was definately NOT up to the Jewels Star level....it looks to be a cheap imitation. I have already deleted it off my Kindle.,0
This version is not as challanging or responsive as "Bejewelled" Other jewel games are around that will play much better.,0
"I am totally enjoying this game, it is very similar to bejeweled except that you can move on the diagonal with this game which makes it a lot more fun",1
this game was really really slow. if it was faster I would love this game. I wouldn't get this game. sorry.,0
"Great game to keep your mind going and thinking, I work with this everyday. A must have for anyone who like thinking games!",1
When you are playing the game everything is like it is in slow motion. I would not recommend this game.,0
I downloaded a few of these games for my mother-in-law because she kept killing my battery on my phone so now she kills my kindle LOL!,1
"My husband loves this game. I do not. For some reason, i just have a hard time figuring it out, but as long as my husband likes it, it will remain on the Kindle.",1
I think this is an Easy Game to play. It is Challenging to me. I Enjoy playing it often and usually play each time I pick up my Kindle Fire.,1
Too hard to make matches. Needs more instructions. Played several times before I found out you could make matchs diagonally.,0
"Love all the jewels, gems, and diamond games where you match up three or more. Have lots of fun and get hooked. Don't want to stop",1
"Love this game when I just want to relax. It's fun, challenging and relaxing to me. I really enjoy playing it.",1
Love playing games and this is a great one. Easy but not too easy! Great price~! Would recoomend this to all the people who love to play games on device's,1
"It is the next best thing to Bejeweled. It is a lot of fun to play. plus it is free. Marilyn Remus, Michigan",1
I enjoy this game and like that you can move diagonally. It can be come addictive and your other work doesn't get done.,1
THIS GAME IS VERY FUN TO PLAY AND YOU CAN REALLY GET HOOKED ON IT. I FIND MYSELF NOT WANTING TO PUT MY TABLET DOWN WHEN I PLAY.,1
Classic Jewels is a lot of fun and captures your attention right away. Cannot put it down once started. Don't start if you are short on time as it can be so fascinating that you won't put it down.,1
You can play this game for hours and not get tired of it. It is challenging to find the most gems

in a row to earn more points.,1

"I love this game, Bejeweled 2 was my favorite game like this, but after playing this I think it's as good or better. Most games like this don't move diagonal but this one does and it adds to the excitement. A+",1

Prefer the Bejeweled game I've played on my sons iPad. This one on the Kindle is very boring. Hope the Kindle will soon have another option. I've tried them all that are currently on the Kindle. None are fun for me.,0

I truly enjoy playing this game. I highly recommend classic jewel for people's enjoyment. It gives me lots and lots of pleasure.,1

This game really gets your mind and eyes working. I truly would recommend this game to all of my family and friends. I have a hard time quitting this game.,1

"I downloaded it and figured it was a lame Tetris ripoff from its icon. Little did I know, it was a outstanding game. It's a really cool little game and very tricky on some levels. I'd easily say this game is a good deal for .99. I would say for anybody lol",1

you should give out 5 free hints every time you want to and you should have a cheat app for it,1
"This game is great if you want to exercise your mind and waste time. If you are a visual learner, then this game is just what you need.",1

"I like the concept. I thought it was another Tetris clone, but I clearly misjudged that assumption. I got this for the free app of the day, but if you're someone who loves puzzles that make you think a little hard, but not too hard, this game is for you",1

Just bought this before it went free :(Works great on the Motorola Xoom (Android 3.1). Fun and addicting. Great puzzler.,1

This is one of those love/hate things for me. Some levels can be done on my first try and then I work on others until I am ready to throw the phone ... yet can't just walk away.,1

I love this game!! It's awesome fun. Screen calibration seems a bit off but it runs fine on a Coby Kyros 7024.,1

"This is the perfect example that for a game to be good it doesn't always have to have 3D graphics and hog all your phone's resources. This game is great, simple concept, and good implementation. Keeps me busy whenever I have a little time to kill. Well ",1

"Amazon has never been updated. V 1.1 released in March, android market is on v 1.3 last updated in October. Buy elsewhere, if at all.",0

I hated tangrams as a kid. But for some insane reason I can't stop playing this! I keep going and going and going and it has a song like Tetris that doesn't drive you to play or away. It's burned in my mind! Can't stop playing... Must finish game... Five ,1

This is a very fun and challenging game. Starts off very easy and gets to be downright difficult. Works great on droidx.,1

"An excellent little puzzle game, reminiscent of Tangrams, except you cannot rotate the pieces, which actually makes it a bit easier. It's a great game for exercising the creative portion of your brain. It's also one you can pick up and put down very quick",1

beyond fun! beyond addicting! challenging and just plain awesome! tetris only a bit better! music is cool too and catchy. works flawless on my LG Ally. worth the \$1!,1

Didn't think I would like it but I was wrong! I started playing and the time flew! The game handles well and is not so hard that I just get frustrated and quit! Great game!,1

I am enjoying this application quite a bit. simple but well done. the soundtrack is wonderful and well. worth the price at 99 if you didn't get it free.,1

"Worth way more than a buck, and abso-friggin'-lutely worth a download when it's free. I'm glad I snagged it when I did. :-D I'd recommend this to anybody who loves tetra/penta-mine style games.",1

"This game is very simple, but well executed. It's excellent as a time waster but engaging enough to play longer than 10 minutes. The art style is very nice.",1

This game is easy to start but gets increasingly difficult. Reminds me of tangrams. Simple UI. Choose light graphics or dark.,1

Love it. Simple concept executed perfectly. Why can't more apps be like this. It is a must have for thinkers.,1

"I'm a big fan of puzzle games, and this one has quickly become my favorite. The clever use of 'tetris' like pieces and interesting puzzle shapes make this a must have!",1

Typical puzzle game with great controls. Really I think the fact that you don't have to put your finger over the puzzle is quite innovative.,1

"well organized and thought out game, lures you in with easy puzzles then gets progressively harder. great free app for the day, and worth purchasing for those that, missed the window.",1

"This game really makes you think. I would have to say if Tetris was more puzzler than speed, this is what it would be. Doodle Fit. Soundtrack is also very catchy. Would recommend to anyone. Well worth the \$1.",1

"nice puzzler, graphics and controls are very nicely done. finally someone does drag and drop the right way, shifting the object out from under your finger so you can see what you're doing.",1

"At a buck for this app, you'll get your money's worth. It is a great way to fill a few idle minutes, though you may find yourself playing quite a bit more. The "hand drawn" style of the interface is whimsical and fun. Nice work, guys.",1

i love this game. it's simple but addicting- i do entire packs at a time! i try to solve without clues but find myself needing them more and more as the puzzles get harder! i got this as

free app of day but would def spend a dollar for it.,1
 "lots of fun, well worth a buck, been using free version for few weeks. amazon rocks!",1
 "This is a simple game and helps exercise the part of your brain that controls spacial recognition. It is amazing how something so simple can actually leave you scratching your head trying to find a solution. It seems the more you play, the harder it ge",1
 "First levels are super easy, and I was worried that it would not be challenging. Now that I am on the third level it sometimes takes me a while to complete just one puzzle. I got it for free but I definitely think it is worth a buck or more.",1
 I love this game so much on my phone but I would love it even more if I could have it on my kindle for free. so unfair :(,1
 "I downloaded this app when it was the free app of the day, but I would most definitely would have paid for it if I had tried it on a friend's phone and wanted it for myself. I'm a puzzle addict and love having one in my pocket at all times.Music can get",1
 "Smooth, fun, challenging, great graphics. Pretty much a win win game. Glad I got it for free! Can't stop playing",1
 I downloaded this and haven't been able to put it down! Some are easy and some aren't. Good time waster!,1
 Just a simple and beautiful game no bells and whistles but just a nice tablet puzzle game with quality simple graphics.,1
 "I really enjoy this game and even do "pass and play" style with my girlfriend if I get stuck, UI and the overall theme are both amazing. A mind boggler on some of the harder levels, has great replay value.",1
 "This game is just simply AMAZING! I would not have been disappointed even if I payed \$5 for this. While this is not everybody's cup of tea, if you like this kind of brain teaser (and I LOVE these) you will be very satisfied.The puzzles range from VERY ea",1
 I'm addicted to this game. I got it when it was free but would have definitely paid .99 for it. Works great on my HTC inspire.,1
 "I got it while it was free, but it's worth \$.99. Easy to pick up; nice, clean graphics; becomes quite challenging in later levels. Very nicely made game.",1
 "Wonderful design, great graphics, easy controls. Music could use a little variety. Hope you Luke the game as much as I did.",1
 "this is an entertaining game. I love puzzles, and anyone who enjoys a good brainteaser will love it. very satisfied. no technological lag or ads. definitely worth the 99 cents.",1
 "Simple yet addicting and challenging. I love puzzles of all kinds and this is a great addition to my growing collection. It can be frustrating to solve some but when you do, it's a great feeling..haha! Plus it's good to make your brain work onc",1
 "I was ready to pass on this free app of the day since it looked like others I had tried. but I'm glad I didn't.Its a lot of fun, easy at first but gets challenging towards the end of the first round. It has a unique and fun concept to design of the game.",1
 So much better than I expected from the pics. Works well on my phone & even better on my Asus Transformer tablet.,1
 This game is extremely fun for those who like puzzle games. there are almost always a variety of ways to complete a puzzle and I enjoy that aspect of the game. I would recommend it if you love puzzle games.,1
 "VERY ENTERTAINING, NEVER BORING, SMART DESIGN. I PLAY IT ALL THE TIME. I HAVE LOOKED ALL OVER FOR SOMETHING SIMILAR, BUT CANNOT FIND! GREAT WORK, VERY CREATIVE! THANKS!",1
 Great Fun 4 all ages love this game. Like the music. Good free app reminds me of phitdroid. Have a great day!,1
 "Absolutely loved the game. Easy gameplay, fun, and doesnt score anything, which is a relief because I hate when games remind me I suck at them.",1
 Love the way it challenges and keeps you thinking...I am not good in tetras but this is better. It gives you time to figure it out where to for those doodle.,1
 "the "sketch/drawn" style is unique and fun. i like that it is not like tetris. no rotation, etc. very fun.i enjoy puzzles and this is a very fun one. recommend Downloading.",1
 Nice game. blah. Blah. Blah. why twenty words minimum. Nice graphics. Blah blah. Fun game. Interesting. Good stuff. Three two. One.,1
 "I wasn't sure about this have at first, but it really is fun and very addicting. Works nice and smooth on my droid x",1
 This is a fun little app and can actually become quite complicated to complete once you really get into it. Well worth getting. Thank you amazon for this fun free app!,1
 works on nook color running cm7. thanks. looks good and great for short bursts. great for spacial reasoning. great app,1
 "Amazing graphics! Killer sound track! Ultraresponsive controls! This game will have you riveted to the edge of your seat for hours of non-stop puzzle game play action!! ...actually, it is a pretty fun game, and for free...yah, I'll clog up my phone's m",1
 "Took me 20-30 hours to solve all of the puzzles. Helps kids with visualizing geometric solutions, but my kids haven't really played it much.",1
 "This game possess a challenge and you get hooked easily. thanks appstore for your free ap a day,

but I don't think bosses will appreciate my inactivity at work.",1
This is a nicely designed and challenging puzzle-style game. Kudos to the developer for creating a game that scales nicely to the Kindle Fire's screen.,1
"This game is fun and addicting. Between this and the other fun stuff you have been giving out lately, I am getting no work done. Please stop! :)Thank you to the Doodle Fit folks for making such a cute, fun game. I loved tangrams as a kid and this is just",1
"Doodle Fit is a brilliant execution of a very simple concept. Simply fill in the given shape with a predefined assortment of smaller shapes (similar to Tetris pieces). The pieces must fit perfectly, with no gaps, and without going outside the bounds of",1
"This game is incredibly fun and actually challenging! I enjoy it a lot. It looks good, plays good, and there are lots of levels. Well worth \$0.99!",1
"I was really surprised how quickly I got sucked in. I thought it was too easy at first and then... I got stumped, and I was determined to solve it without using a hint. A few hours later, I find myself craving more!",1
"A fun and fresh take on the classic game Tangrams, Doodle Fit is fun, fanciful and best of all free (today only). I would've paid a dollar for it easily, though! Grab it!",1
I really like this app. planing a trip to England in a few months and this app should come in real handy. from what I've used it looks great and has not force closed yet.,1
"I've used this to record and tag photos during trips. I prefer to use my DSLR for taking photos of important trips, but for quick shots my phone is adequate and can be used with the trip journal.",1
"1.- It seems to conflict with other apps installed on the phone. In my particular case; it Force-Closed when one of my alarms popped-up (I am using Alarm Xtreme).2.- Second try: I started a trip (it did not get my location correctly, btw), took some ph",0
"Great to record for your memories of special vacations or even to laugh at later! Beautiful interface. Well done.\n\nTo the person who doesn't like this app because he or she doesn't want to get robbed, you could either a) share your trip whe",1
"Though I am pretty sure the program was called Facebook. It might be just me but if you paid for this, you haven't heard of Facebook.",0
"This app has the potential but isn't there yet. Problems ranging from crashes to poor gps data are holding it back. Right now, im found back to using MyTracks. Simple but have had no problems unlike this app.",0
"I don't think some people understand this whole permissions issue at all. It seems that some reviewers are under the impression that an app will actually 'read' the content of your email, as in read for understanding. So if they wrote ",1
"it's cute, i like it. I don't know if I'd ever pay for it but it's nice for free. of course it's a battery drain, it's live wallpaper. don't like the concept then don't use it. I'm glad amazon offers a variety of things instead of just games every day.",1
"Who made this?? A first year computer science student? I don't understand how Amazon manages to pick these. do they even look at them first? Unoriginal... bad graphics... horrible landscape/portrait transitions... Pour some effort into it, Dev!",0
"This is an adorable wallpaper with loads of customizations. Seasons and choice of plants, car and people speeds keep it from getting boring. It installed and ran without a hitch on my HTC Incredible. Like most live wallpapers, it's a battery eater, but a",1
This is a good wallpaper that changes with the seasons. Able to customize animations. Graphics are good for a simple concept. Works fine on the Droid x.,1
Sounded like a good idea but won't open. have a xoom. Am going to uninstall if it will let me.,0
"this doesn't look like my house at all. And the street is all wrong. and it's not even fun.I am not the developer, I promise.",0
i love the fact that people will fall apart over a cute live wallpaper and flame it to death as if it ruined their lives,1
"It's a cheery looking wallpaper. The customization options are pretty decent. I think there are way too many people walking about for suburb street, but other than that I can't fault this one. Looks great on the Asus Transformer.",1
"I love this wallpaper. First, let's remember that this is wallpaper, not a game, so we can't give it a bad review for lack of complexity. I mean, really, how complex of the wallpaper you have right now?It's a nice scene to have on the background of you",1
what makes you think that they even trying to get awesome graphics going. this could be the look they where looking for. all you have to do is look at the pictures and see that its cartoons. hell look at the wii!!!!,1
do not buy this app. it doesn't work on the HTC EVO phone. looked like a fun game too :(,0
"So you cant interact with the background (not a big deal for me). I like the colorful background and animations, looks very fall festive. In the settings you can change the animation speed, which I did to slow because medium seemed a bit fast for my eyes",1
"Not a bad app...does what it says it does. didn't crash DROID x. no silly permissions. prefer environment awareness, but not holding it again the dev.",1
"Good fun live wallpaper. My kids like to hold my phone and play around and they are enjoying this one. Animation is just fine, not everything needs to look like a Tim Burton movie.",1
"I have d/l and installed twice, haven't been able to find it to launch it, and when I go to the

link on the Amazon store, the 'Open' option is greyed out. Anyone else seeing this?",0
 "i like cute, and this is super cute. i can't wait to see if it changes for all the holidays.",1
 Saying this is lame is an understatement.I would rather stab myself again than use this again.
 waste of space like my sister,0
 "I is so sick of stereotypes and dis app jus promotes dem. I ain't seen no black peoples runnin
 around da burbs. It's all white folks lookin happy. Heck, I half spected to see a black man runnin
 down da street with a purse or sometin. This app ought to le",1
 "nice little wallpaper. good for a free app of the day. figures there are still damn idiots on
 here that always rate low. i figured they would be gone by now, but not.anyways download this,
 nice wallpaper, keep you the good work.",1
 horrible live wallpaper not worth a penny in my book I got it for free and I am happy I didn't pay
 a cent. I would never use this. I never really ise live wallpapers in the first place though. DONT
 BUY,0
 very boring wish u couod click on people and have them actually do something. the same blue car
 keeps driving by. do like free live wallpaper just wish it was good Free wallpaper,0
 I loved this game! It was impossible to put down! I wish there were more like it. It was
 challenging yet not impossible.,1
 I like puzzle games and this on is addictive. Very much like bejewelled. You can compete with the
 computer or play solo. I've had it for about 2 weeks with no tech problems like freezing.,1
 Absolutely love this app. Great casual game to pick up from time to time. A lot like bejeweled but
 a little more fun and challenging. Definitely can't go wrong.,1
 Anyone who says this ends on 45 seconds sucks at this game. I got to level seven the first time I
 played. Cool game. Interesting idea!,1
 "I think that this is a challenging, but additive app. It is a great way to pass some time. It's
 hard, but not overly so and it gets easier the more you practice. It's fun.",1
 "like the old palm daisy game.not too hard, not too easy.a bit pricey, but not today.all in all a
 good effort.",1
 This is most fun app i've downloaded off Amazon... I just can't get enough of this game. I love
 how it just keeps switching it up.,1
 "I wouldn't pay \$2.50 for this... \$.99 seems more appropriate. but it is entertaining and not as
 bad as a lot of people are saying. wish there could be different modes of play, though.",1
 This is a good game to fill some time. Starts real easy then gets a little tougher.Keeps me
 occupied for a while.,1
 graphics are nice considering its just balls of color. sound effects and music aren't anything
 special nor are they annoying. Once you hit level ten things get very challenging relying far more
 on school than luck. My seven year old played and got to lev,1
 great app. works well on Evo. addictive and unpredictable makes it challenging every game. well
 worth the money spent on it.,1
 "This game is pretty nice if you like action puzzles. Very Colorful, nice soundtrac and Fun to
 play. It is not any super game but a simple Brain exercise style game that keeps you interested
 for awhile. Thanks.",1
 i really like this app. the graphics are absolutely stunning and the game is both addicting and
 challenging. definitely worth the download.,1
 "I think my title says it all. Worked great on both my EVO 3D and my Galaxy tab. I prefer the
 galaxy tab because of the bigger screen size, but still carry it around on my 3D in case I have
 some downtime on the go. It takes a little bit to figure out how ",1
 My first impression was this looks weird. And it was weird playing at first. But! That's what
 makes it so awesome! its unique and once you get used to the game play this game is freaking fun!
 fast paced and challenge! its like if bubble breaker met Bejew,1
 "I downloaded this when it was the free Amazon App of the Day. Many of those reviews came in
 negative and fast. However, most of them did not take the time to get to know this game.Many
 complained that you just kept tapping the button to automatically cle",1
 what is up with the excessive permissions? a game should NOT need that much access to my stuff!!
 No thank you!!!!,0
 It's very frustrating when a game that requires you to do a reasonable amount of button mashing
 doesn't save your progress if you inadvertently press the back button.,0
 i absolutely love this game. its quick and easy but you still have to focus and think about whats
 going on,1
 "i like a good time waster and this one is great. lots of moving parts great graphics, interesting
 concept. enough logic to make it fun without being frustrating.",1
 "this app is a great way to pass the time. easy to play. can pick it up when u have a few moments
 to wait, or when a long wait",1
 "I play this game a lot and am surprised at some of the reviews. It does involve strategy. For
 example, there are four power-up options, one in each corner. To play the game, you link three or
 more same-colored balls by spinning circles to connect them. Y",1
 A new spin on the match 3 game this game provides hours of entertainment. I find myslef playing
 all the time.,1
 "It looks good but it's just not very fun. It doesn't offer anything that other matching type
 games do, and I found myself just mashing the execute button because it seemed like the dots

always lined themselves up. Not very challenging or involving.",0

"Seemed like a decent game but it's anything but. It claims to require strategy but the timer runs way too fast to allow any sort of strategy. All you have to do is keep hitting the solve button and move things around. Not very challenging, imo. 1 out of ",0

I enjoyed the game it is a fast pace game that pushes your thinking and reactions skills constantly. If you like this in a game you should enjoy this game.,1

I said if I saw another bejeweled spinoff I would puke. And I just did. I spewed all over my laptop. Now I have to contact customer service at Amazon to get this thing cleaned.,1

"another day another good time killer app. nice faotd if you ask me. once again , another app getting rated low, what is up with these stupid people, everyday the apps get rated low by the same people. do yourself a favor go read the reviews in the androi",1

"I downloaded Spinball this morning and played it while riding the train. It is a fun version of the typical ""match color"" games you see like Bejeweled. You have to spin the different wheels to get the colors to match. I like this because this is a ti",1

"Unfortunately, I find myself needing to uninstall this derivative yet amusing game. The developer decided to grant this application permission to modify battery statistics, in addition to full internet access and phone id. Otherwise, gameplay is fairly i",0

Was fun... For a min... Then crashed. Had to pull the battery to restart my defy. Great graphics. What else to say?,0

99c is really a bargain. Its a fun little story with entertaining character development. Beat in about 5 hours of play. Glad i bought the game.,1

If you like rpgs this should definitely be in your collection. The gameplay is great and easy to control. Great graphics and runs great. Get it while its only 99c worth it and then some.,1

"if you watch the video, it says full and free. if its supposed to be free why are they charging money for this?",0

"This game is easily counted among my favorite Android games. \$1 for 6 hours of fun is a bargain by any standards (and that was just my first playthrough). Highly, highly recommended. Would gladly pay for a sequel or even another game with the same or sim",1

"Good story, great gameplay, and a good price. It uses the "pause-give orders-pause" method of fighting much like Boulder's Gate or Dragon Age(the first one). Sadly, the story is short, especially for taking down an all-powerful corporation, but",1

"I'm playing this on a Kindle Fire, and it's quite amazing.Most of the games out there for tablets, phones, and what have you are casual affairs. Even the ones that aren't tend to skew towards the ""short and sweet"" end of the spectrum.So I was looking fo",1

"Like the other reviews said, this has a strong Shadow Run feel to it. With decent animations and a clean, well thought out interface it's easy to pick up and hard to put down. Worth the \$.99 and then some.",1

"by far one of the best cyberspace punk games in year let alone it being a mobile is even more impressive. nice LENGTH, GRAPHICS & Gameplay. My own gripe is too few songs leads to the title feeling somewhat repetitive. other than that well worth the l",1

"At first I was a little put off by the cartoony graphics but then I immediately got lost in the very rich and immersive setting, characters, and story. The character customization and leveling really scratches the rpg itch. And the graphics have really g",1

"This game has, a great story, great dialog, and overall great gameplay. My only complaint is that I wish it was longer",1

"This game worked very smooth on my Kindle Fire. What it might lack in depth, it makes up in game length especially in this Free version. Kinda makes me wonder what more or how much longer the Full version is.",1

This is a great book to read if you are in the Information Security Field and trying to stay abreast of your field.,1

"A wonderful aid for anyone, young or old preparing for Confession. Especially helpful for new or returning Catholics. Each person in the family can use it (each person has their own password) and it is private for each. The Examination Of Conscience, ",1

"Do you really have to pay to confess your sins? I thought that practice ended with the Dark Ages...seriously, forgiveness is free.",0

The app is so good I think I will keep it for a while. I am in AA and appreciate this also,1

"has several versions of the act of contrition to choose from. you can follow an entire rosary, stations of the cross, or simply say some Catholic prayers free",0

This is a great app to help all Catholics make a good examination of conscious before going to confession.I recommend all Catholics get this one.,1

Excellent. Its only flaw is that when I touch the screen in the wrong spot I cannot correct it. The app would be improved by adding -- besides the questions centered on the Commandments -- some questions about the Seven Deadly Sins. Examination that incl,1

I was really impressed with this app.It had everything i wanted when i looked thru it the 1st time but then i signed off. When i tried to get back on the app would not open again,0

Absolutely great for calculating expenses. Even my fiancée loves it for grocery shopping. Definitely worth the money. Get it for sure.,1

I like the imitation tape that allows you to check your math without re-calculating. Good tool in my arsenal...well done!,1

Great product. I would encourage everyone looking for a calculator app to look no further than this one! It works perfectly.,1

"I have tried several calculator apps on my phone, but I like this one the best. Has many functions, but if you are doing just simple math applications it allows you to do them quite easily.",1

"Amazon's FAOTD is so RARELY anything useful like this app, it's so refreshing to see something other than a silly game geared to the tweeners rather than their real market, the baby boomers. This product is great. Very basic calculator with a",1

This was actually the first paid app I ever bought of the Google Play Store about 3 years ago and it has been a "must install" app on every phone I have had since then. I use it constantly. I love the "tape" feature. It has never gl,1

"I own several calculator app's-- this is the ONLY calculator where you can actually see your input up to the final calculation. This is important, especially if you've got more than 10 lines in a calculation.Great app, fa sho!",1

"I've been using the free version for years, and have almost purchased the Pro version several time, and would have if I used it for more than balancing my ledger every month. So happy that I waited and get it for free! Thanks Amazon!",1

I just downloaded it because it looked like it could be useful when shopping looking at the screen shot. This is so much better than the stock calculator. You can see your whole list of expenses and edit it as you need to. I'm reading the reviews and eve,1

Great calculator for work and home. Was very pleased. Easy to use and understand. Would recomend this app. to all.,1

if I didn't have dis app I would have failed class it would be kinda ok but not the other side... the consequences so ya,1

"While a calculator pretty much does the same thing, math, this one has one advantage over others that I have had, a virtual tape. So many times I wish I could review the numbers entered, or the arithmetic key struck? With this app I can see just that inf",1

"Well it keeps lists so you know what each number is for, kind of good if its pretty much the same every month, but it just does calculator stuff too.",1

"I have several calculators and use different ones for different jobs. The useful functions here include the settable number of decimal places, the double zero button, etc. I like the all of the options & settings possible. Love the auto decimal point m",1

"It's hard to find a great calculator for a smartphone, you always end up using the one that came stock, but this one is nice. Now if only these apps will include a widget for a basic calculator so I can just turn on my smartphone and scroll to one of the",1

Great Calculator App! Love that you can edit it to make paying bills so much easier. Would love a send to printer mode.,1

Has most the functions you need for all the operations in arithmetic or your office you can think of yea,1

I like the way this calculator has been put together to carry out fraction calculations. This is simple easy and great! Thank you!,1

"This is going to be very handy when I'm preparing a deposit. Until now I would add all the checks using my phone's calculator, enter the total on the slip, then subtract them all back out. If I ended back at zero, I knew I hadn't mis-entered anything. If",1

This works just fine...would work for things like grocery shopping or others when your trying to keep track of a list of items and just as a basic calculator,1

I love the Office Calculator pro and am enjoying using it whenever the need arises. I use my Kindle Fire often so have this at my finger tips every day.,1

"As a retail manager this calculator is great. It makes counting safes and drawers much easier with the "tape". It has replaced my huge, clunky, and loud calc in the office when the tapes don't need printed. I have a few task that require the pr",1

"This app, like Panecal, also does multiple calculations. Very useful for taking care of your books or other similar applications.",1

A pet peeve is not being able to see entries. This gives you the ability to run a visual tape.,1

We enjoyed using this app. The size of the keys is great.Love that you can see the tape while you are working.,1

Got this app as FAOTD! Quite satisfied with it. Would be great if there was a print option with this to print out for record keeping.,1

"This is just what is says it is, a basic office calculator with tape display. The tape is just great for showing a series of calculations and being able to check your data entry. This IS NOT a financial calculator and is not presented as such. I like ",1

"I've actually used the free version of this calculator for quite a while, but the ads got to be too annoying and distracting so I just recently deleted it to use a different one. But I really liked the tape feature on this simple calculator. Delighted to",1

It is a calculator. It works well. End of story - what you see is what you get. And best of all - it uses relative little space.,1

Its the worst app u can possibly get its hard to understand how to use it I needed it for my math it sucked it is weird to use also,0

Having a virtual tape following your entries is huge when entering a string of numbers. Easy to

see buttons.... Good App.,1

Absolutely the greatest calculation app out there!!!With this I'm faster than the dispatchers at quoting the customers a price!!! I love it!!!,1

"The free version of Office Calculator was one of the first apps that I downloaded on my original Kindle Fire in 2011. It quickly became my favorite, most used calculator. Office Calculator is a great basic four-function calculator than runs very well on ",1

My LG phone came with a built in calculator that had (+ - x & division). When I go food shopping and have to do percentages my phone could not do it easily. So this app really comes in handy. Has a percent key and memory. I know It's not high tech but it,1

"Great calculator. Loved the free version so, I opted to pay for no adds. Plus I like supporting developers that produce great apps. Best calculator for the Kindle Fire in my opinion.",1

"This fine application is handsomely presented with a GUI that rules. From simple math to running totals and easy percentage calculations. I have tried many others, but they fell way short in one way or another. If my brain were a calculator, this is how ",1

"When you have a tablet, smart phone or smart device you need to have a good calculator. This is a good one and I like it because of the virtual printed tape feature. The numbers and arithmetic step you have entered are shown on a white calculator tape th",1

Perfect as an easy to use calculator. The low price was worth paying for the PRO version to remove the ads.,1

"I replaced my existing, add filled, calculator with this one during a free app day and have no complaints. It works great and it's nice to have the ticker to check my work. What more needs to be said?",1

This is the best calculator I have used on any device. I love the running tape that is almost impossible to find anywhere else. I don't care what calculator comes pre-installed on any of my devices....I will boot them out & change to Office Pro. Thanks g,1

I like this calculator for school because it has all the function I need for math class and graphic design. It is not difficult to use because I understand it.,1

But when I need it I like the additional applications that go beyond the very basic calculator I first downloaded.,1

I am a teacher and I love this calculator. I can do my grades several different ways. Love the virtual paper.,1

"This is an unusually useful app. The ability to label items you are adding, the ability to delete & or edit individual lines in a calculation, and even better, to be able to store items in a cloud. All of these things combine into a terrific resou",1

"I had the free version and now have the Pro version with no ads.I like the ribbon, so I can see the numbers I have input. And I like how clear and simple the calculator is on my screen.It does what it is supposed to do, and does it quite well.",1

I agree....amazon should buy this app for standard apps on all their readers. tablets.... I appreciate the clear work of the app developer...this should be a case study of a good app...I'm not an expert @ these things...but the "vibe" is right,1

"I'd been using Office Calculator Free for a while, so I was happy to be able to upgrade to Office Calculator Pro when it was free app of the day.This is really just a basic arithmetic calculator. Functionality is quite limited. However, calculator apps t",1

Excellent calculator. I especially like the print out feature. Buttons are big and easy to use.Highly recommend if you are looking for a calculator.,1

"Easy to use, to the idiot that couldn't figure out how to add text, you just right click on the line once its displayed. there is picture showing that.I love the tape feature, greatly recommended.",1

"This calculator app is excellent. It's extremely convenient in that I can easily add or subtract a %, (I use it at times to add sales tax) as well as being accurate. It's very attractive with beautiful colors & has a nice, large keyboard so it's easy",1

"I use the calculator for basic tasks, but it always works, its accurate and it hasnt crashed on me yet. Good free app of the day.",1

Does exactly what it says. Very customizable. I like the descriptions for each setting. Its more than ill ever need but looks like it will be handy. D/l as FAOTD but think it is worth purchase price. Very solid app.,1

"Downloaded this app to my android phone, because this ""Office Pro Calulator"" works better than the basic one that came with it....It's handy because I need one all the time and to be able to carry it with me....Plus, this calculator app switches to the",1

"Works great on multiple platforms -Galaxy Vibrant, ASUS T300. Keep the virtual tape in memory, and the memory value even after closed. Interface is simple, easy to read, and work in both any orientation. The only basic calculator I need!",1

I like this one a lot. many features or options for layout and viewing. The folks who want to export or keep results for an audit are unfairly rating this app. The vendor did not make it for that purpose. Tape is cleared automatically after max of 10 hou,1

i prefer having the ability to see if i've made a mistake in my number input. this fits the bill NICELY!,1

This is the goto calculator app for me and my wife. I use this app every day from shopping at the super market to paying bills. I would highly recommend this app to anyone who needs a good

calculator.,1

I had the free version which is a very good app. Now it is ad free it is even better.,1

"I loved this calculator app simply because its visual - in that you can see your numbers as you enter them. in addition, it does differentiate positive and negative with use of colors. Very easy to use!",1

This is very easy to understand and use. Great app. I highly recommend it for all ages and devices. A+++++,1

"Love it. Tape feature is tops. Easy to use. Features a-plenty. This should be a native app. Good quality products like this one are worth paying for.Kindle Fire HD 8.9";, Fire 7";, DroidX",1

This app is wonderful. No troubles and does exactly what promised. It's just like having a "Hot Wizard" over the "Willard". Seinfeld fans will understand.,1

"This app is well thought out with nice graphics and helpful tools. As a FAOTD, it is definitely worth downloading.",1

"I got this app because I wanted a virtual tape calculator.I purchased the app to get the add free version.This is very good as a tape calculator. When doing financial or expense calculations, the tape helps to review and confirm entries. This makes it ea",1

"This is a great calculator for doing simple arithmetic, and the Virtual Tape is so useful. I love how you can add text to entries in the tape, and the ability to go back and change an entry and have the totals adjust is a wonderful feature.But I wish th",1

"I have used calculators since 1977 or so. I have always had one with me and this is the best I have tested for android. I tried lots before this, but only 1 or 2 since, I don't think I can beat this one. All basic functions right in front of me with a",1

"Great office calculator with a record. Comes in handy when doing checkbooks and monetary sums. I don't use it often, but it does capture the look and feel of a good old printing Canon calculator.",1

"Nice calculator, if you adjust the settings then you will have your own custom calculator the way you like it.",1

This is an excellent tool!I find it very easy to read and very user friendly.This is convenient when computing discounts on sale items and calculating tips.,1

"While I love the tape feature, the %= feature is what separates this one from the pack. That simple function that makes all the difference for me.",1

"What more do you say, its facebook. It works well as it should. No real problems yet. I like it.",1

I've tried several free calculator offers and this one works great on my Kindle which I use to handle business on. What I like is that as you are adding there is a side bar that keeps tabs what you add or subtract and you don't have to wonder if you've a,1

"If you are not so number savy like me this is good to have. It really helps, it has every thing that a scientific calculator have but more, and even better it was free",1

"This has been a great calculator app. It works just like a "regular" calculator. The numbers & symbols are nice and big, easy to use. Best of all the app was free",1

I love this calculator. It is the clearest and easiest one that I have ever used on a hand held device.,1

"Yes, the tape makes this app. Not the one for geometry, but it says office calculator. Perfect for doing a little accounting homework without bringing a TI to class.",1

I love this calculator! Works great on my Fire! Would recommend to anyone who wants a handy calculator to use.,1

"I looked at many of the calculators and was unable to make up my mind, then I went to my daughters over the week-end (I bought her a Kindle for her birthday),and low and behold she had found the perfect app so I down loaded it and very happy I did.",1

"This is a very handy / dandy little tool. East to use, and definitely comes in handy. I like having this on my tablet.",1

This is a great app to have on your kindle. You have everything you need at your fingertips and that's great.,1

"It's free and it works, enough said I guess.There are no bells and whistles, but what do you expect from a calculator app right? Everything on it works right and it's free and easy to use.Ruckischmuckle",1

"I wanted it in my tablet but I could not get it to go there, I don't need it in my deck top.",0

"Look no more, this will do for all the usual household math problems you might have. Large numbers for easy entry and it even gives a running tally. Pretty cool.",1

Love this app! Great virtual tape feature too :) Easy to use display and adjustable settings (for example: decimal places),1

"I'm sure it does what it does for free. I would rather recommend getting a \$10 calculator that is good for statistics. Smartphones waste a lot of battery, and a solar calculator doesn't need batteries",1

This calculator is very nice. I especially like being able to see the running total when I'm doing long calculations from paper. Would recommend as a free app.,1

"Works great on kindle fire. You never know when you might need a calculator and i can never seem to find one when i need one. Now I can use this app anytime! Download it, its free.",1

165/683

"Great performance from a free app! I loved the scientific and regular functions so that I could do extra math. It worked well, accurate and stable.",1

I found this a nice app and tried several. This one is more detailed to all the things I want a calculator to do,1

"Office Calculator (free version) is a basic four-function calculator than runs well on my Kindle Fire. It's a good calculator for the basic functions: add, subtract, multiply, divide,, and percentage. It has a memory register to store one number. The vir",1

"All the basics calculator functions are here in this excellent little app and it's free. If you need SIN or COS and other scientific notations, then this is not the calculator for you. If you need just the basics like memory keys, percentage key and a v",1

I love having a calculator for my Kindle Fire. This one works extremely well. Couldn't be happier with this purchase.,1

Why would anyone give this one star? I mean it is a calculator and whoever wrote the report saying "it is only a calculator " duh!!!!!! or else it wouldn't say "CALCULATOR " geez!!!!!!!!!!!!!!1

This feature has many different uses. It is very easy to use and functions just as expected. Would recommend to others,1

Everyone needs a calculator at one time or another. So convenient to have one handy at all time. I love it.,1

"This is a no-frills app that simulates a standard office desk calculator. Works nicely on my Kindle Fire with no loading or freezing issues. The keys are sized appropriately so you can work quickly. With some other apps I tried, the keys were too narrow ",1

this is the best calculator for my homework at Thomas Jefferson classical academy. I love it you should get this app it is very helpful and free :),1

GLAD TO KEEP ON THE SYSTEM. I USE IT ALL THE TIME AND I AM GLAD TO FIND IT LOOKS LIKE THE REAL THING AND GIVES ME A TICKET LIKE RECIEPT.,1

This calculator is easy to use and gets tons of use on my kindle. I no longer need a separate calculator,1

"Having a bookkeeping background, I really like to see what my numbers are and review my tapes. This calculator has it all and I highly recommend if you like to recall (review) your numbers.",1

"So much better than another calculator app I tried. Like that it shows you the numbers you've previously entered, it helps you keep track of things so you don't muss anything or add something twice.",1

"Yep, nice big buttons and easy to use. Tape feature is great! I should buy the upgrade as I have no choice on where the decimal is or even if I want to use it. But that's okay, I'll just ignore it for now.",1

"I use this app in my phone and other tablet, I like it cause it has memory like regular calculators.",1

"Easy to work and has the additional functions I need. It emulates the more expensive calculators, and does so without carrying additional hardware.",1

I have found this to be a necessary addition to the Kindle. Large easy to read display makes it easy to do simple math problems whenever the need arises.,1

There are times you just need a calculator. So purchasing this just made sense. I have my fire with me all the time and now I have the calculator too. works wonderful!,1

Essential to have on my Kindle Fire; practical and handy. Glad I have it on my Kindle Fire - It helps to have it.,1

This works like a finance calculator with streaming tape etc. It does a lot of complex operations and has come in handy.,1

"I really enjoy that this calculator keeps track of the numbers you've entered. It keeps it listed for you, so you can see if you entered in anything wrong. It keeps me from having to enter everything in a couple times for verification. Very nice.",1

"Clear, simple calculator.I love the tape, which provides a quick record of the numbers I used in my calculations.Highly recommended.",1

it gives me the wrong answersand the keys are to small it is a waist of time and space,0

I'm in 5th grade and this calculator is awesome for checking my homework. It doesn't do anything complicated like fractions but does most basic things that is a real help on my Kindle. There's a fee ads but you'll look over it after a while,1

I use this app on my Kindle. It works great and I'm glad to have it. I had an other one but it was making errors. It was not as exact.,1

Loved this app. The numbers are large enough to actually see them and the keyboard isn't tiny like my cell phone so I'm really pleased with it.,1

works perfect for my algebra,1

"This is a wonderful, easy to use ""adding machine"" type of calculator. This app makes it easy to do expense reports, or anything that you need to do a large number of calculations. It also makes it easy to spot errors with the way the numerical entry is l",1

"Despite what others have said, the app is exactly as pictured and all required keys are present. I don't like the decimal added for me and it took a minute to find the right setting to turn that off, but after it's set it's perfect. The tape will be very",1

"I love this calculator. its simple, unlike other calculators. you can easily find a mean of a

problem because it records your answers. you don't have to be like, awe man what was that answer again. and best of all, its free! I don't know about you, ",1

everyone needs a calculator dont they? well no mtrr where i go i lik to hav one it helps wit the easiest thngs to the hardest,1

"didn't like it at all. I only needed a simple calculator, too much going on with it....but it did look good.",0

"Offers way more than what I use it for. Maybe one day I'll look into all the functions, but honestly, I probably won't.",1

This app was indispensable for tax time. Works and looks great on the Kindle Fire. Love the "adding machine tape" feature which is super helpful in double checking long transactions. Very customizable.,1

"I don't use this too often, but glad to know I have it when needed and the price is right",1

it does have a multillyig. button it just isn't a x its a wise figure. and it is freest and very. useful.,1

Great app! It does what it is suppose to do. Had not had any problems as of yet! Works well in every aspect especially when calculating annual percentage rates.,1

I use mine all the time on my Kindle Fire. It is simple and easy to use. I have no complaints.,1

"First -It,s a calculator, it adds and subtracts, and does that very intuitively.I got exactly what I expected, for free!Displays very well on the Kindle Fire.I only have one suggestion, don't have the clear all function clear the stored memory (M+), ther",1

"The calculator on my Samsung Galaxy Tab 10.1 was terrible, this one is just what I wanted. Tape mode to track what you've entered.",1

This is the best calculator I've found for my Kindle Fire. I also love that you don't need wifi to use it.,1

"For a tablet in business use you can't beat this app. Easy to read, easy to use and being able to follow your keyed amounts is such a plus.",1

I have no complaints. i like that you can see your running tab. its accurate easy to use and easy to reset,1

It's GET to have this one for it has percentage too. It's a great calculator.You sitting there & something pops into your head you want to buy & your calculator is there however you need to calculate your order.,1

I didnt like this at all its not a basic calculator which is all i was looking for i just deleted it and will look for another calculator app at another time,0

I downloaded this when my desk calculator decided to die while I was doing my taxes. It saved my sanity at the time and I continue to use it all the time. I have no intention of buying another desk calculator. I use this one in the stores to compare pro,1

Love having this app on my Kindle Fire. I have been using it to plan my wedding renewal ceremony. Excellent for calculating expenses. Easy to use.,1

"Great!!! I use this calculator 4 classes, my budget and just simple tasks. I would reccomed this apps 2 others.",1

This is a convenient device that I would recommend to anybody who needs to perform mathematical calculations frequently. The app is simple and does what it is supposed to do: solve math problems so you don't have to! It works perfectly fine and I have h,1

Loaded on our Pandigital White Novel tablets and it works perfect. Giving a 5 since it works so well. Logging from one of the tablets.,1

I only needed a simple calculator for every day use on my phone. This one fits the bill perfectly. I highly recommend it.,1

"The headline says it all...and it's quick, easy to use etc and portable, pretty much servest he same purpose as a desk calc",1

Does not work as well as Google Maps,0

poor App,0

Very helpful,0

"MapQuest has been the best for fast and accurate directions, for all driving directions local and multi state distances. it is great for figuring distances and travel times. I have used MapQuest for many years.",1

"Just like on your PC, this gets the job done quickly and easily. Great app to have when in need of directions",1

This app performs as promised. I use it from time to time to find my way around and it works.,1

First the app couldnt find my current location it was 5 blocks off. my wifi is connected and I even zoomed in to my correct location with still no luck. I then 'toured' my city and yes the streets are numbered right but almost half the businesses were no,0

kindle doesn't have the geo ability so this was a waste of an upload. if you did it on a phone - maybe it would be worth it.,0

this program doesn't let you have a start place different from your current locale. and you need 3g because in order to use it you have to be connected.,0

acquired it to help a friend but I only had my kindle at the time; application WAS AND IS NOT EASY TO USE ON KINDLE. Was unable to use it as easily as I would using Mapquest on my computer. It doesn't allow you to put in the starting address and the de,0

I have always used Map Quest and will keep using it more now. It helps keep from getting stuck in

traffic.,1

"I have used a lot of navigational aids and devices, and my job takes me into remote areas at times, and mapquest has only been wrong once or twice, which was not a problem, since only two roads were "swapped" and I quickly figured that out. These",1

"It does what it's supposed to do, easier to work with than Google maps. Great app for the android platform.",1

It works on my Fire with a Mobile Hot Spot. Just thought I would mention that. I have it on my phone too.. so I hadn't tried it with the hot spot until I saw on here that people were saying it didn't work and that you needed 3G.,1

The Fire is not intended for mapping and anyone that trashes this app because it doesn't work on a Fire is out of touch with reality. This app is solely and completely an alternative to Google Maps. It is not a replacement for Google Earth. While it will,1

"I really like this app. Whenever I need a map, this is the app that I go to. User friendly and seems accurate.",1

I down loaded this and couldn't get this to work on the Kindle Fire. I unloaded it from my Kindle.,0

"Good app. Not the one we use all the time, but definitely worth the money and has been very efficient.",1

"Very useful. It's nice to have it on my kindle fire when I don't have my computer handy, and I can do a quick check on places I may visit.",1

"I have been unable to get the app to work. Therefore, I am giving 1 star and reserving my right to move it up once it responds to m\e. Probably good, but not now.",0

This is amazing and I don't have to refold a large sheet. Thanks We are learning how to use this device with a little help from our son. thanks,1

Love the app had to look up something for work while I was out with my Kindle Fire and it was great.,1

I have only used it twice. I don't travel that much. My husband is a truck driver and he uses it constantly.,1

"Great site, I have used it for years and will continue to do so. Accurate, reliable and easy to use.",1

Loaded it on but could not get it to work for Canadian locations. Never had any problems using mapquest on my desktop computer.,0

"What happened? The new version is not working. I use the android version for the kindle hd. I always used the prior version, now it's totally useless. Arbitrary destination selection choices, pointless layers, milky white or pale blue screens don't help.",0

so cool u can see China and if there is wifi u can see where you are hi hi yea so?,1

ok I'm not being rood or anything but this app is not the best map app ever is you want a good one get Google Earth so that's that!!!!!!!!!!!!!!!!!!!!,0

"I am not a fan of mapquest. I was once, but that was back in my crazy experimental days of the 90's. This app needs some serious TLC to get it on par with Google. Its free but so is Google maps. save yourself the hassle of filling up the flux capacitor ",0

"As someone who likes to know where they are and where they are going, and occasionally runs into detours, this app is great! Very functional, and even tells you the best gas prices around when you are connected to a server.",1

"This is a great game for kids and adults. I could spend all day playing this game, honestly! I would recommend this to any Amazon customer looking to install a great game for anyone in their family. You will have a lot of fun playing this, I promise.",1

"It is exactly what I was looking for, but the downfall of it is that you must have a wireless hotspot for it to function at all times when being used as a GPS and Traffic surveillance while driving.",1

The GPS & traffic MapQuest is fantastic. It alerted me to road construction before I even got to it. Easy to hear audio made following the directions easy as well. I'm hard to impress and I fight to avoid techy stuff with a passion. While the grandpa,1

"Such a procrastinator...Love this bigtime, everytime I have hesitated lately on getting certain apps on my KF, I end up kicking myself for it. I have been reading a book lately that giving streets and cross streets all through it. MQ Inc. Thank you!!!",1

"GOOD FOR LOCAL AND FORGIAN TRAVEL, FOR STATE TO STATE TRAVEL AND LOCAL TRAVEL AS WELL, GOOD TO KEEP YOU FROM GETTING CAUGHT UP IN CAR ACCIDENTS, AND WILL PREVENT YOUR FROM BEING LATE FOR WORK BECAUSE YOU GOT CAUGHT UP IN WAITRING IN TRAFFIC BECAUSE YOU W",1

Installed easily and works well. A nice addition to the kindle fire. The gas station feature alone is well worth installing this app.,1

"App works. Typical mapquest set up. Haven't had any problems with it. Use it on computer, iPhone, and kindle fire",1

Great app! Can be used in place of a GPS if you have wireless access on the highway. Good detailed maps!,1

My son install this app for me. I only used it once. It appears to be accurate. But I do not have much experience with it.,1

I use this all of the time. it's very handy and easy to follow because it gives you step-by-step instructions,1

"As always, MapQuest gives good directions, and I use my Kindle now more than my small-screened phone that is named after fruit. Worth the price…especially if you're lost and the Zombies are closing in...",1

"It will not work. I planed to map out my trip, then be able to to refer to it as I traveled only to fine it did not work. So I hope you have a good memory for this one.",0

MapQuest simply sucks in comparison to Google maps and Google Earth...MQ just can't match Google's investment in keeping it current and accurate.,0

"Has the information that I need when we travel. Having Map Quest has made vacationing so much easier. We never plan how we are getting to our destination. With the help of Map Quest, we are seeing scenery we haven't seen before. It's great!",1

This MapQuest app is very handy to have. I can now readily access MapQuest without logging into my computer. This app saves me time.,1

A good thing to have as long as you keep it updated. It is a good thing if you are traveling.,1

"Watch out world, I might be at your house soon. I can go any where now. Pick a spot and head out.",1

This is great for planning trips and finding places you are looking for. I use it especially for finding lower price gas stations.,1

This is a great app. It was one of the first apps I put on my Kindle Fire. Very easy to use and with very useful information. I love it.,1

Use it all of the time. Easy and so helpful. Everyone should have this on any electronics they use. :),1

This is a good map app and very useful. Better than a lot of paid apps out there. Worth a look,1

"Obviously this APP is way better to have on your phone, unless you have a data plan for your kindle fire, if not, this APP is useless unless you print out directions.",1

I got this app for my Kindle Fire and I love it. It is quick and easy to get directions. Just wish the Kindle Fire was 3G instead of WiFi.,1

"Woefully slow on my Kindle HD Fire. Interface was a little clunky, and I had issues navigating. Bear in mind, these are only my opinions, but as a former fan of the web version (pre- Google maps), I was disappointed.",0

"Giving it five stars because it is the most accurate mapping system yet; I have tried other things but this is working out great for me. Thanks, Debbie S.",1

"Since I am not a real literate computer user, it takes me a long time to get what I am looking for. But it will great after I get it all figured ou.",1

"This free app has helped me so many times. If I make the wrong turn it recalculates. What I like about it, is that it talks you through the route!",1

"are u developers that blaitainly Stupid,,your pc version is great but this is a -25 on a scale of 1-10 not even worth 1star.",0

Pretty neat little app for an old android tablet that didn't have a map capability on it. Took me a while to figure out the ins and outs of using it but once I got that done it works great. A good alternative to using the GPS unit in my truck should I ne,1

"It's been a long time since I took the time to review an app, but this dang thing has been so hard to use and gotten me lost so often, I just have to. The original app was fine. It's the devil updates. Bye, Mapquest!",0

Not that I have ever been lost but it is nice to know with very little effort I can find places and directions from where I am.,1

If you used MapQuest on your desktop or laptop then you know how this app works. It is a good thing to have unless you have a GPS unit in your car.,1

This Ap loaded to my Kindle Fire however could not be viewed. I then could not remove it. Anyone have advice on how to rid myself of this?,0

I use this all the time when I travel so it make my trip so easy and more fun. wish I could print from my kindle fire,1

I live in a tiny town in northern Arizona & had to spend the past two weeks in Phoenix for job training. After spending the past 12 years in a rural area I am not used to driving in heavy traffic anymore & was totally unfamiliar with Phoenix. I've,1

"Great idea. As long as you have to walk around with a GPS locator on your person for 'Big Brother' to find you whenever he wants to, you might as well get some personal use out of it. Tracking devices are another good idea if you think it's necessary. ",1

This app is SUPER!! It tells you everything and anything you want or need to know to get anywhere! Even has a GPS that gives you explicit directions. I'm soooo glad I have it. I used to get lost going around the corner. A must have for all people whether,1

Went on a road trip to Oregon and needed to find a couple of places and it was great. Popped it up on the screen and asked for directions and there they were. It made our trip a lot less stressful. Very easy to use.,1

I am very pleased that this app works on my Android 2.2 tablet. No problems at all. Excellent!It works as well as on my desktop.,1

This application loads quickly and has many features that I like. I plan to do travelling this season and I know this will be useful.,1

"The Amazon experience was great as usual, but the product is horrible. It is a terrible map app.",0

Kindlefire is packed with goodies ...this is one of them! Just wish one could use it off line :)) Great!,1

Hey there how are you have Flappy wings PRO?i do you do.I'm Ethan Cline.i lllllllloooooovvvvvveeee this game.1+1=21+2-?+?=Have Flappy wings PRO,1

Really quick 2 find directions ...etc. Really convenient! Would recommend Mapquest on Kindles! Especially while traveling. Or just trying to find local businesses.,1

We bought an i-pad mini today because google maps always crashed on me and we were planning a road trip across the country. I could have just as easily downloaded this app for free and saved me a lot of money. But then my son would not have had all tha,1

"Great app. The app supplies a person with up-to-date maps, excellent driving directions, and does not use excessive space on the tablet.",1

"It's only 2MB so it runs fast and hasn't locked or crashed on me, and you need Wi-Fi, 3G or 4G for directions.",1

Worked without any glitches to date. Able to get all the information I need in the least amount of time.,1

I don't have a GPS for my car. This app has come in handy several times. I just put in an address and it shows me the location. Love it!,1

I couldn't get directions or buildings to pull up like I needed to so this app just didn't work on my Kindle the way it works on my desktop.,0

What a worthless app. Navigating the site is more difficult than actually navigating to your actual destination. Being lost online simultaneously with not knowing how to get somewhere stinks.,0

"I am sure the product is very good, however, I never received it on my Kindle. This is the first time I have not received something I ordered.",0

Without GPS I Couldn't get the app to do anything other than locate a single address. No driving directions between two points available through my wifi. I didn't need actual directions while driving. Just wanted to check distances/routes between two poi,0

"Sean Dugan is correct, this is a Must Have app :-). The app tested at 100%. It shows detail maps of where you want to go, it will spot: addresses, Food, gase, post office, coffee shops, the list goes on and on!. If your looking for it, this is a great wa",1

"I found this jewel just as the GPS in my auto needed to be upgraded with current information. The GPS company wanted to charge me approx. \$250 to upgrade my five year old system with new programming. True, upgrading it would have given me new turn-by-t",1

hope this continue to work on my kindle fire. I like the different features just wish I ccsn have continuous connection to the Internet with this wi fi stuff.,1

very accurate with trip maps and gas and food locationslooking forward to using it again for vacations. Thank you,1

I have this on my desk computer and just added it to my Kindle. I have some difficulty using it with a smaller screen so when I'm at home I can easily use it there. I only put on the Kindle what I need. This app comes in handy away from home (Kindle).,1

"I like the MapQuest, GPS & Traffic because it shows the maps in good detail. It makes it easy to find where I am at any time.",1

I downloaded this to see what my area looks like and so far it has not dissapointed me. I like that I can zoom out when I want to. I have to get better at using my hand to zoom as sometimes I make it go too far from where I want to be and I am not as smo,1

"Yes, it requires that you be on Wifi, and if it can see other wifi signals, the Mapquest app determines your location. Most other Kindle apps don't do this.Other than that its' an average app, but it's free, no harm in trying.",1

This app. gets me to where i'm going in times of desperate need! It saved money by not requiring a gps tool.,1

I don't really hate it. Just haven't had the opportunity to use it yet. I know it will be very useful.,0

"Installed it not knowing how it might work, played around with it for a few minutes, found a ton of information with this app.Try it, it's free, you'll enjoy it as I have.",1

I chose to put this on my kindle because it is what I use at home on PC and at work. I am familiar with the format and think it is the best that I have tried.,1

Mapquest is better than google maps I live this app try it for your self. You won't be disappointed in.,1

"I installed MapQuest on my Android tablet, and took a trip across the state. It worked perfectly, giving verbal directions every step of the way, making the trip safe, and easy, and stress free. GREAT APP!",1

It does not know where I live ! I put in the address and it thinks I am in a different location. I have WiFi and I think that is the problem. Maybe you will have better luck .,0

This was very difficult to work with. Could not seem to get accurate information but got a lot of information I didn't need or want.I'll stick with GPS,0

I have a very simple phone so this is a great item to have on my Kindle Fire so that I can find directions to places I need to go. I was in a restaurant when the delivery person was not there. Someone needed find the directions to the location for a de,1

I love the ease of using this app to figure out where I am and how to get to where I want to go.,1

I like being able to plan my trips. Knowing the routes keeps me focused and makes driving so much easier.,1

I was surprised at how easy MapQuest was to use. This application on my Kindle clearly and easily shows me the information I need to locate any address. The additional features help me plan not only my route but where to find services such as gas station.,1

Are family was going to church 4 hours and 17 min. away on Dec. the 30 but we got sick. So I downloaded this app and I love it. It shoes you how long it will take and it does not freeze up! :),1

My husband was the one who downloaded this app and spent hours looking at the spot in Czechoslovakia where my daughter will be going to school for a semester.We were both impressed with the detail and quality of that detail MapQuest had.Four thumbs up!,1

It is a good mapping program. The only difficulty is the lack of a GPS on my Kindle to get full use of the App.,1

"What a novel idea. Haven't used it, but we go tooling in an RV and having more maps is great!",1
 "I love this app. It made travel easier and my kids love to find our house on the map, or find a country's capital for school. It is very accurate and simple to use. Also, it has state-of-the-art graphics. It is AMAZING!!!",1

I really like this app on my Kindle. It's so handy when you don't want to be on you computer and need location information.,1

"I have this set to my local driving area, and I especially use the traffic updates on my tablet prior to leaving for work and on my return trip. I also use it during rush hour if I want to go shopping in order to avoid heavy traffic. Great app for many r",1

Needed this for a long time. No more excuses for getting lost and being late to a friends house !!!!!,1

"nice app MapQuest, Inc. I love this app.recommend for all kindle fire owners.helps you find where you need to go to. GREAT GPS!!!!",1

I had download this app over a month ago as I thought it would be usefull. I tried to us it today for the first time and it couldn't find the business I was trying to find. I put in Macco Paint & Body and it returned Mac Cosmetics. I guess comsetics coul,0

I often find that MapQuest gives incorrect directions and/or street names. I will stick with my other mapping/driving direction service (to which I am not mentioning because it would be advertising for someone else). Use at your own descretion...,0

"I honestly don't understand why apps for windows tablets are so much worse than apps for apple products. I have used MapQuest for years on desk top computers and have always been pleased with the results. However, this app is too complicated and too sl",0

"I only partially check this APP out, I can tell already how helpful it would be for just about anyone.From travelers to delivery people. I look forward to enjoying this a long time.",1
 this is an essential app for me. I do a lot of driving and exploring on my days off and I use it all the time.,1

Plan on using this when traveling. Have used MapQuest often from my desktop in preparation for trips. Wish the Kindle had a GPS.,1

WORKS JUST LIKE A MAP PROGRAM SHOULD VERY EASY TO USE AND NO ISSUES YET IM GLAD WE DOWNLOADED TO BOTH OF OUR ANDROID PHONES!!.,1

I like knowing where I am going and this app is extremely helpful. The fact is has GPS is perfect.,1

Like it!,1

I like to use this app. I use the app often. It was a great buy. Very happy with my purchase. I would buy again.,1

"One night when my husband and I had left a friends home in the country, we turned on a wrong road. It is so easy to get disoriented out away from the bright lights of the city. The moon wasn't even any help that night. He didn't have a compass in his tr",1

I USE THIS APPLICATION TO GET INFORMATION ON WHERE I AM GOING & WHAT IS AVAILABLE IN THE AREA!THANK YOU FOR YOUR INFORMATION.,1

Always nice to have a map handy. Nice to be able to look at a place at the touch of a finger. Added convenience.,1

Thus application has very detailed maps. Many landmarks and geological features are labeled. Great for orientating in an unfamiliar area . Thank you for offering it.,1

"Search with this AP is great.. I've only had to use it a couple of times, and then it was easy to use",1

I have not used this app that much but can't wait until I need to use it and see how it works. Will write a better review then.,1

"Same old MapQuest, if you need to find your way around, try this app, and you will be there in a flash.",1

i like map quest shows me where i am going if i dont know the way just like on the computer it is easy.,1

always use it at home great to have else where. gives you all you need to know when traveling around,1

"And it won't erase from my kindles memory. It shows up whenever i run a malware ck, taking up valuable space! :-(",0

Mapquest is owned by AOL and like all AOL products it lacks quality and proper customer support. Use Google Maps instead.,0

I like it because it is so easy to find the places I want without becoming frustrated as I do with so many others,1

Cool I am always getting lost so this can really help. I don't have to print up maps anymore. This is a great app.,1

always nice to be able to access this feature as I am traveling more and more for my company. Thank you.,1

App wouldn't work at all put in directions and it was so poor it wouldn't even load had to uninstall!!!!,0

Everyone can use a mapping device every now and then. This works if you are in an area with wifi.,1

"OK, I rarely use this app but it is reliable and a must. Unless you have to agree with your wife and 'stop and ask for directions' , especially where your not sure of the location or the area!!! AND you don't want to be in that predicament to begin with",1

"I like this app as it gives a few different routes to choose from as to which is the shortest route to the longest route. Also, on the route you choose, it shows options of places to stay, food, etc. It has helped many times.",1

"A great replacement for my GPS. Simple and fast. I like the neat graphics and visuals. Clear and colorful, sharp details and accurate.",1

"Locating a Map Application that would work with our i10-50 Tablet was a deal-breaker for keeping the tablet. This MapQuest app WORKED - even with the low Wi-Fi connectivity at our home. We are still in the decision-making process with the tablet, so ha",1

Who could live with out this one especially when your traveling. Love how is pin points all the coffee shops. A must!,1

great for getting around. Mapquest is a good source for getting around the city or if you are traveling you can use it to find your way.,1

I really like mapquest; I've used it for several years now and it has NEVER failed me. I was tickled pink to see it available for my kindle fire HDX. It gives me a secure feeling when I am on the road.,1

"It gives me the information where I want it and the locations I want. I am really happy with this app, and couldn't be happier.",1

I Got this and never used it so it is hard for me to rate this app. I am glad it was free.,0

i use this as map quest on the internet and i hope this work the same as the computer internet version,1

thank you for putting this in an app so i can use it on my kindle. i know it will come in handy when i am on the road.,1

I have just began to use MapQuest on my kindle I have used it on my computer and think it is great. gives good directions and the GPS works wonderful,1

"found maps in one second. still needs a update, because google maps still is better. but i guess this map app is still fine",1

"This app didnt work, since it does have the right maps of Venezulea.Never found my location, so was never able to find directions.",0

Had help from family on this app and am so happy to be able to get directions when I don't have computer access as I don't have a smart phone either.,1

Same great service we expect from mapquest. I now have Mapquest on all our devices.I highly recommend this app to anyone needing " direction";.,1

"The first time I used it I was impressed. Voice command is awesome.How can you go wrong with a great free app.",1

"Great GPS and maps..I would recommend this to all my friends.I haven't put it to the test yet, but I've used it before an it worked out well.",1

I use this app all the time even if someone gives me directions. I have used it with friends traveling. It isOften easier than a GPS. It has been accurate every time.,1

Okay so heres the deal what was the point to have this if my kidle fire only had wifi map wuest is to help you get places well if the road has no wifi it does not help me. Maybe with the new fires this would help but not the first Gen or the no wifi ones,0

"I love MapQuest, have used it for years on my PC and now on my tablet. Great information and easy to use. Thank you",1

It usually gets you to where you are trying to go. As with other MapQuest apps it sometimes comes up with strange ways to get there.,1

Works well as I would expect it to,1

"wasn't thrilled by it for navigation to begin with, but when i was trying to use it to help understand the news, Israel disappears after zooming once, and Jerusalem is missing. Way to take sides in politics instead of showing facts.",0

"Great, but I really don't need it as I have a Magellin GPS, which I depend on enourmously. BUT - I'm glad I have MapQuest, too.",1

this product does not load properly and when it finally does...it does not work properly...i have removed and reinstalled to no avail!!!,0

"Mapquest is wonderful -- don't leave home without it! It's fast, accurate, and helpful. I use

it often when I'm traveling - locally and on trips. Keep up the updates coming. Fantastic!",1
 "I live in Australia and this app is very good,it is obviously not a GPS but is nice to have as GPS backup and handy for traveller research or trip planning.I can also see a benefit when I may walking in a strange city or town and am able to use my kindle",1
 It is very useful and helpedmy husband and I find our way around Prescott. We used it to get to our granddaughters home and to our hotel. IVIE Bellone,1
 "It guided us around San Francisco streets, found restaurants in Santa Cruz and found faster routes to the freeway than we had taken before. Lots of bells and whistles and great accuracy.",1
 You have to have internet connection to use it. I have the location mapped in at home and then use it for just the map to get where I need to go.,1
 "There are times when my GPS acts up, so I have to turn to the MapQuest app. I love it.I also like to use it to see the distance from where I am to where I think I want to go.",1
 I have used MapQuest for years on my computer. Now that I have it on my Kindle Fire it is a great asset when traveling for your every need. We love our Garmin but I have always put great confidence in MapQuest. Great asset.,1
 This app works just like using MapQuest on your computer - very convenient and a must have for people constantly on the go,1
 I love this app it something good to have you don't need to ask any one where is this place you just take out you kindle and look up your place yourself .,1
 Plug in where you want to go and it gets you there quite nicely. I have given up on GPS's for travel with the advent of smart phones and now my Kindle. Very up to date and accurate.,1
 I installed it on a Kindle Fire HD with no problems. The app is just like going to the website to me. Very easy to use.,1
 "I'm just a kid and when my dad is like "ok I will take you to your friends house, but where is it" I am like idk her address is blab blab blab and he has no clue where it is so instead of looking it up and printing It out everytime I just use t",1
 the voice directions are great when you are driving alone and can't take eyes off road to read a screen.,1
 "Don't install this unless you want to share the information of ALL your contacts, which is a requirement of the application.",0
 works great for what I needed it to do will use again and again. i will keep it for my trips away home .,1
 I love the mobility of using when I'm out and about and traveling.We will recommend it to a friend.Thank You!,1
 this application. I'm a die hard Mapquester and love this version. You can detour while en route and easy to use,1
 "I like the way you can look up a map or directions when in WIFI range and it stays available after you leave. I use it on my Kindle Fire when I work as a transporter, a job that frequently takes me to new places.",1
 "When I ask a question, I want a direct answer. That's precisely what I get with this version of MapQuest; direct and simple information. I had given up on getting any useful directions on the internet; but remembering the old MapQuest, I tried again, and",1
 Product works well have it on my kindle and with it there is no need for a GPS -- making the gps obsolete.,1
 this app is great and very helpful. its like haveing a gps without the turn by turn guidance. the maps are great and you really can explore an area,1
 "I tried to use the new mapquest. I added the lawyer for "food" for my part of town. I live in Alaska. I got to see restaurants just down the street from me, which were located in places like Richland WA and Monroe LA. I sent feedback:"Discove",0
 "this is a great help, when I'm researching a location or just planning a trip. I've always used this for printing out directions",1
 this app is great for me and my business. it helps me find my clients with out any problems. thanks,1
 I downloaded MapQuest to my smart phone and began to use about 6 months ago. The product is good but I still prefer Google maps.,1
 "Mapquest works great for finding things, so long as you have a wifi connection. However this is a limitation of the kindle, not the app.",1
 I am pretty certain that you have to be locked into WiFi for this to even work remotely well.And I am.And it doesn't work well.I like Google Earth the most. This would be cool - and work MUCH better if it was live on the Kindle Fire and not searching for,0
 This is a great app to have if you travel. You can't beat a GPS when you're actually on the road but when it comes to planning a road trip it's great. You can view alternate routes and get an idea of how long your trip will take.,1
 Great app! Very easy to use and has come in handy more times than I can count. I love it!,1
 "When I need to find a place to go, I use this app. So far it has beenVery accurate and reliable. No complaints what so ever.",1
 I was amazed at how easy it was to get directions and how much information was available.I usethis in all my travels now,1
 "Mapquest never worked right, and don't they have fine print on all their maps that says they are

not liable when their directions get you hopelessly lost? Seriously, look.",0
 I like it I can chose to use it on my kindle instead of getting on my computer the only down fall
 not able to print out the directions,1
 Not a gps but very handy. I like being able to see how to get some where or give accurate
 direction.,1
 "This App is nothing like the web based MapQuest. Its hard as hell to find the button that will
 take you to "get directions" so you can enter your starting point, and then your end
 point.I DELETED IT. IT WAS SOOOOOOO BAD.",0
 If you use Mapquest online for your pc....even better on your phone and since Apple blew it with
 their maps. This is the equivalent...even better.,1
 "This works, especially I am not good when traveling to places I am not familiar with. I need
 precise directions to get where I am going in a timely manner",1
 I have used the Google map program on the web for years and have watched it develop from a
 sometimes useful program to a source of first resort for information on the location of just about
 any home or business. The MapQuest app offers that capability a,1
 I am an animal rescue and often have to give directions to my rescue from places I am not
 familiar and have been able with MAPQUEST to give easy direct routing thanks to MAPQUEST. GREAT!,1
 "This is a great tool to find places, estimate travel times, etc. I use it on my home computer as
 well.",1
 Love it. Glad to have this app. x x x x x x x x x x x x x x,1
 "Easy to use, this app makes getting around simple and quick (especially for the direction-
 impaired). Since I travel often to different cities, this app comes in handy, acclimating me
 quickly to wherever I happen to be; especially if I have to walk anywh",1
 "Whenever I typed in directions on mapquest.com, the directions that they given were not very
 accurate and they also did not listed side roads. Google Maps is better!",0
 "After download to Fire, I turned on and there was a little car at my house. Just like a paid for
 GPS. Got map on several locations. When off like the map is still there. Love it.",1
 This program works the best for me. Its clear and easy to read. I wish I could use my kindle in
 the car!,1
 "Great help for you when your in unfamiliar territory, I have resorted to this a couple of times.
 Thank you",1
 "It is a great map app for Kindle, use it frequently, no problems on my new Kindle, it's a
 keeper",1
 "It's just mapquest, lol.But I haven't found any kind of digital mapping system that works really
 well in the Hampton Roads area of Virginia. This one is really no exception. You just have to
 look at the map and figure out how to get where you are going",1
 I love the way it is so accurate in locating your position and showing very clearly the routes
 available to get to your destination.,1
 I needed to get direction and mileage for vacation. I could not get either one. Had to get a
 different web site from my son.,0
 I deleted this app since it gives the wrong location when I put in our address.Instead I go to
 google maps using the silk browser.,0
 I like this app a lot. Not sure why there are so many low reviews. I don't expect much when my
 device is wifi only with no gps. So basically this is still a great tool for planning trips at
 home before I leave. And maybe there's not a ton of offline opti,1
 This is better than any paper map because it has up to date streets and subdivisions. Great for
 garage saling.,1
 "This was downloaded to my Kindle, and even seemed to act like my Kindle had a WI FI and GPs to
 follow the pickup and show maps as I walked down the street! I must have been picking up from
 houses I was passing! ??",1
 "Not as good as google maps, runs much slower and graphics less refined even on a tablet, not sure
 why anyone would use this unless they didn't have a choice (I'm looking at you kindle fire)",0
 "I use this on my Kindle Fire. I'm not always on Wi-Fi, but when I can connect this app has a lot
 of info. available, especially for being a free app..I would recommend this to anyone.",1
 "Downloaded this free app, went to look for it in app library and it wasn't there. Went back to
 re-download it again and was told it was already in my app library. Again I go to look for it,
 and no Mapquest App..As the kids like to say... FAIL!",0
 "so great when local or traveling-it is simply great-whether driving or traveling by train or
 plane, this is the item to have with you",1
 This application is very similar to the Web site. It is easy to use. This app would be helpful
 to anyone who needs to find an address.,1
 Very informative like that I can get map quest . On my kindle makes it convenient so I don't
 always have to . Use my phone would recomend to everyone,1
 "Have always loved mapquest but now love that I have it on my Kindle. Everyone needs this app,
 expecially when traveling",1
 it worked great. did not stop cooperating it worked really really great for me to everyone that is
 thinking about getting it it is great,1
 this app was a waste of time unable to get maps to where I need to travel. Deleted it as fast as I
 downloaded it could never get directions from Georgia to Phoenix< AZ,0

I downloaded this app while I was lost in PA. Within minutes I was up and running and in a stressful situation found my destination and a path to reach it. You know an app is great when you use it in a panic and it helps.,1

"Not as many features as Google maps but it still get the job done. What makes this great though is that it seems to be more accurate than Google Maps and it is only 2MB so it runs fast, rock solid and hasn't locked or crashed on me yet. Wonderful app!",1

I am a truck driver and this helps out in planning this app works wonderfully. This has turned into one of my favorite tools,1

As long as you got internet connection to use with it it is somewhat useless. But I like that I can pull up last saved map without being online.,1

The gps part is not working. It keeps saying can't find your location. I just wished it would have worked.,0

This is a great app if you need direction. It is precise and fast. I would recommend the app. Thanks.,1

I didn't like this app because I wanted to be able to print the directions from my kindle. I couldn't find a way to do that so that's why I didn't like it.,0

I have only had this app a couple of days so far but looks good. I tried it on a simple test to a store in town and it plotted the course perfectly and quickly. Using on Kindle Fire HD don't know how it will work in car with no wifi available I'll have,1

It is perfect for what I need. I do a lot of searching and I use this almost every day.,1

"It put me right where I wanted to be, with miles to destination. Better than my TOM TOM, and no cost to me.",1

"I love this app. I have maps of everywhere I want to go; can get directions step by step; can find local restaurants; and all of this while traveling. I have used MapQuest for years, but always from home which meant I had to print out my map and direction",1

"A great app to have, although if its on your kindle, like mine, you have to go where there is wifi to use it lol Still nice to have on hand.",1

"I would think that most people know the computer version of this program & if you like that this is a must, pity that the Kindle has no GPS though so it doesn't work 100%",1

"love this app!!! have it for the kindle fire, works great! obviously not ALL features work, that would need mic 3g or cell signal and standardized android but it is still a great app.",1

I now have a navigation system that works through my Kindle without paying a fortune to have this added to my vehicles. I have the application with me in whatever car I am driving.,1

"I wanted a map that doesn't require GPS, since my Kindle Fire HD doesn't have that. This somehow figures out your location using other methods, and will plot a course for you. Exactly what I was looking for. Well done MapQuest.",1

This will be very good on trips and that is the very reason I got it on my tablet. thanks,1

"My five year old is learning to play chess, so I downloaded this and have been blown away by its design and features. As well as basic options like playing against another human or an android, you can choose to flip the screen between turns or to keep it",1

More junk! What is the point of single player chess? Where is the multiplayer? Why would anyone want a single player chess game?,0

"Admitted, this is only the fourth free chess app I tested but the other ones either had a tendency to make huge blunders even at higher levels or weaknesses either in opening or endgame. Not this one. There aren't many 'creature comfort' feature",1

I write a lot of list. things pop in my head and I have to write them down immediately or I'll forget. this app is awesome! I can type them so I can read my own writing and no more little bits of paper everywhere! gift ideas to groceries to things that n,1

An excellent list keeping and organization app. I love the ability to add reminders and separate based on categories. Not bad for a free app.,1

"This is marvelous. Easy to use, syncs to my PC. Available thru the cloud. Reminders and such. I don't really like todo lists but this one works well.",1

"Free, easy to learn, customizable, and syncs to all platforms...hands down the best of its kind. If you're looking for a to-do list w/multiple lists, reminders, and the option to upgrade for sharing options, look no further.",1

I downloaded it on my EFun Nextbook and it works great and is very easy to use. You can even get reminders in your email. I recommend this app.,1

"I've tried some of the best selling To-Do apps and none have been as easy to use as this one. In addition to the ease of use, I can program sub-tasks, set due dates and set reminders. There's even a space to type notes under each to-do item. Overall, it's",1

I love Wunderlist. It's not too complicated and has a clean design. It's easy to use too. I wanted a simple list app and this is it.,1

This is amazing. You can make lists and organize them neatly and quickly. I also like the fact that you can connect it with your facebook or twitter account. This is a great app overall. I really recommend it to anyone who is looking for a good note-taking,1

"This app works great! I use yahoo whereas the other apps want to use Gmail or only works on phones. This app works great on my Kindle Fire HD. I set a reminder, and on the specified time and date, an email is sent as a reminder to my Yahoo account, which",1

"I really love this app. I had Astrid before this & it was a good app but this one is ten times

better. You get to set the background pic of your inbox, there is an additional note pad area for extra note-taking, & you can set reminders for specific tasks",1

"I have several list/note apps, and this is my favorite. Making all the different categories,I need, is so easy. My ONLY problem is forgetting to use it! I really like my "notebook" app, but I find when I want to enter anything quickly, this wor",1

"This is the most useful types of To Do Lists, Grocery List, Task List that I have found. It is great because it emails to myself or others like a memo that does it all, you know like a handy Swiss Army Knife. This app does it all as far as keeping one or",1

I have been trying to find a to do list type app for the longest that really fit my needs. I have downloaded and removed several trying to find the best one. I've finally did with wunderlist. Not only does it sync across devises but i can make sub-lists ,1

"It's free, functional, and works really well, with companion apps on pretty much every platform so my tasks are accessible on whatever device I'm using. One of the main reasons I switched from using Google Tasks.",1

Not useful or helpful. Left a lot of stuff on my computer when I downloaded it. Not recommended at all.,0

"I got this app because it would sync across all my devices and it does so seamlessly. My MacBook Air, iPhone 5, and Kindle Fire HD all synced without a problem. I found the ability to set alerts and make folders and sub-folders very useful and the use of",1

"I have read the descriptions on all the list managers, downloaded and tried Wunderlist and MLO, and selected Wunderlist as my list manager. It has a few more options and a few more capabilities than MLO. It certainly has more than I need and now I read",1

How many ways can I say I love this app. It has transformed my organizational skills. It is simple to use yet amazingly useful. I love that I have full control of content. I enter my own choice of names for folders. I can set reminders and add notes. It ,1

"The best way to keep, share and schedule tasks. Organized by group and calendar sensitive to do lists across all platforms. Handy.",1

"While I could set the the task on the calendar, I could not figure out how to set a notification for the task. Would not recommend.",0

So how does the app work? Where are any instructions. Load the app in your Kindle and you can spend the next 8 hours trying to make it work. Very frustrating. Not straightforward. Maybe the instructions are hidden somewhere.,0

I really like the ease of making up different lists in this app. Easy to mark things off as they are completed and you can either delete them entirely or leave them to recall what you did. I highly recommend this app for those who need to keep track of ,1

"This is the best list making app. A few sync errors with repeating due dates only with my android phone, LG optimus L9 and the kindle fire. It only does it with repeating due dates that are daily. Other than that it is perfect, and I've tried out lots of",1

"I needed a task manager that worked across a Macbook, my Kindle, and a Samsung phone. Wunderlist does it without fail. Highly recommend.",1

This is my favorite of the many many apps I have used to try to digitize my many temporary and recurring lists. I use this for so much more than just to-dos.,1

"Despite the name Wunderlist is more a task/to do app than a list/note app, although you can certainly use it to track your notes too. It offers GTD type functionality and includes Inbox, Starred, Today, Week, All, and Completed categories, although these",1

"I really like this app! Im able to sync lists on my Android phone, PC, and Amazon Kindle Fire.Its helping me on a daily basis at work and at home!",1

"I love this app! It is easy to use and just what I needed...I would do the same thing on paper all the time, this is way better.",1

Wunderlist is such a great app! I use it everyday. From shopping to work to things around the house. This app totally deserves 5 stars. :),1

"I used to use Any-Do for my agenda, but due to its lack of a desktop app i have stop. Wunderlist is the ultimate agenda. It works seamlessly with multiple platforms and is now the only app i use to keep track of school and work.",1

"This is an amazing app! I have downloaded many to do list apps and have deleted every one, except this one! I love that I can have this on all my devices (kindle, samsung galaxy phone, and PC). No matter where I am I can see what needs to be done. Th",1

"I like this product. The more I use it the better I like it. I have it on a Kindle Fire HD and on my Windows pc. They keep in sync very well. I think it would also be a great app on a smart phone, but I don't have one.",1

"I was apprehensive about this app, but that disappeared when I found how simple it was to load on my PC. my Kindle, and my iPhone. All three were synced as easy as can be. Very flexible and I probably will find it more and more useful as I get in the hab",1

"I use Wunderlist ALL the time. It's a great app. Easy to use and full of functionality. If you use lists for anything, download it now.",1

I like writing a shopping list and being able to complete a shopping list on my Kindle is really great. I am also able to email this shopping list to my finance and she can update the information. Those chances made will update on my wunderlist program,1

I love this program. It allows me to sync my laptop to-do lists with my kindle so I have them when

I'm out and about or don't want to get on my laptop. It's a great way to keep myself organized and knowing whats due when.,1

"wish I could give it more than 5 stars needs about 100 of them...love this app, you can add to your list from any device and let others do also...",1

Now if only I could get it on my husband's older windows phone life would be perfect! I have LOVED the sync features and have found that I no longer use many of my apps I previously loved and would prefer to just use this one for everything. Flexible a,1

"I wanted a simple to do list for my Kindle and this is just what I wanted. Nothing unnecessary, just an easy way to make lists.",1

yeah--you know it--fun just to sit and pop the bubble wrap and kill some time and stress relief...even makes a sweet bubble pop noise when you pop the bubbles...do a sheet--scoot to the next one or just shake the mobile or tablet and it resets...have fun,1

"maybe you people like it, but I don't. I got bored of it after a two minutes. I do not suggest this app. its boring.",0

Very awesome. I keep it on my phone for a stress reliever. It let's you relax and get some frustration out. Love it!!!!,1

really buy this app if you want to waste 10 min of your time tapping your screen 750 times a total waste of space on my kindle. REALLY boring,0

"Got this when I was going to visit my grandma because she loves popping the bubble wrap. She laughed the whole time. Had a little girl at church who was fussing and she enjoyed it a lot, especially when she could just run her finger across and pop a whol",1

I wanted to get an app that was like popping bubble wrap...This is like popping bubble wrap but you can't do anything other than pop each individual bubble and you have to scroll to pop the whole sheet and you can't zoom out or in or open an new sheet of,0

"This reader is excellent! I needed one that would read .mobi files so I decided to try this one and I have never been happier. Handles .epubs, .mobis, .pdfs, .html (including .css), and so much more. Easily imports all the books I can put on my tablet. S",1

Don't know how I got along with out it.....So glad I have it now. I recommend it to every one.,1

Love the features in this app. Being an avid reader it really helps pass the time while waiting on appointments Etc. I can have an entire library on the go.,1

"I was extremely disappointing with the lack of e-readers on the android side of devices. Coming from the iPhone where there were so many at so many different price points, Android just sucked.I found Moon Reader Free and tried it out. I was impressed eno",1

"Unfortunately, I really can't rate the Pro version as it is not am Amazon approved app for the Kindle Fire. Amazon is so restrictive when it comes to the Kindle. That sucks! I will never purchase an Amazon hardware product again! In this case, Amazon",1

"I was originally drawn to Moon+ because it offered the ability to lock your screen AND control pages with the dpad, while still offering limitless visual control options. I've been ereading for a decade now, and I have a certain way I like things. Moon",1

"This is another app that I Can't use on my Kindle Fire HDX, costing me \$\$\$ again. How come Amazon sells digital books and apps that are NON Compatible? I tried to download this app onto my phone, LG G2 but it tried charging me another \$4.99. Amazon takes",0

"This is the ONE! I wanted a EPUB reader that I could highlight, enter notes, underline text. This is my dream player. It has replaced the FB Reader and Aldiko readers. I like it better than Adobe reader.",1

"Not much I can say other than it can read everything I throw at it, and it renders everything smoothly and beautifully.This is the only app I have ever purchased, and I've been using android for five or six years.Thank you!",1

"No need to buy an audio book. this one reads epub's to you while driving! I recommend the free text to speech app called IVONA to go along with this. Set it up on your android and it sounds more natural. Still somewhat mono-tonic, but very acceptable!",1

It is easy to use and a good epub would reccomend it to any one . it is Fast and easy to use.,1

get this to go on my pandigital to read my book to me . works great . kind of the same form as the kindle 3 wifi does . love it .,1

"But if you could get over that, this is a very fun puzzle game that will really give your brain a jolt.",1

I found this because I liked the crosswords by Teazel and wanted to see what else they had. This type of game is new to me but after just a couple of puzzles in the free version I was hooked and had to buy the full game. No glitches so far. Keep up the g,1

This game plays just like the codeword games in the puzzle magazines. The games are challenging but possible. A great way to exercise your brain!,1

This is one of the nicest codewords puzzle apps that I've tried. It has a very intuitive interface and a good help system.,1

"Excellent word puzzler! The puzzles do get harder, which is good. I do wish you could enter letters from the display of remaining letters, in addition to the keyboard below it.",1

Deciphering the words with no clues is very relaxing for me. It makes me think with no pressure. And it is not timed. Try it.,1

"I enjoy playing Codewords. Being able to check my work without seeing the answers is a very helpful feature, and the puzzles are challenging without being too difficult. Definitely worth the

\$1.99!",1

I have always enjoyed the codewords game from the puzzle magazines and this is a very good app that plays just as easily as I have always enjoyed the game before.I would recommend it to puzzle lover's.,1

"Teasel has fast become my favourite word game app developer. This one is fun. Unlike some others, it gives true codewords puzzles where all the letters are used. You get quite a lot of puzzles for free, too. My one complaint would be that the format is a",1

I found the UI so irritating I was unable to use the program. Numbers and letters are the same size and brightness. Full keyboard pops up and pushes word grid off the screen. Another reviewer said they got used to it and I wish I could because I love cod,0

"While I have only played 3 games so far, it has been fun and I caught on quickly. I. didn't invest in the full version, but I probably will. No glitches so far and no logging in-yay!",1

I love having Codewords on the go. It is easier than carrying the book around. And the different levels of difficulty makes it a great app,1

totally addicting much more fun than traditional crosswords download this one now! you won't regret it. only game you'll play,1

I have really enjoyed this app. It is a great way to get your brain in gear and it is fun.,1

This game is great for warming up the old noggin. It really keeps you thinking on top of being extremely user friendly.,1

This is a really fun app. I'm a sucker for word puzzles and these are really fun and challenging. I can sit and play it for hours and not get bored.,1

"At first it took me awhile to solve the puzzle, but now I can't put it down. I would recommend this app to my friends.",1

this is an awesome game. thank you for helping me have a fun day. its like playing chess with words.,1

"I just recently started playing this type of game and have tried almost every one in app land but this one is by far the best one, hands down. I love how this company has the "Lite" versions for free. Even though it's free, there are so many pu",1

"Acer Iconia A500 w/ ICS. If you like codeword puzzles, this is the game for you. No fancy graphics, just efficient and well thought out. nice interface also. No problem loading or playing - also did well on 3.2 before the ICS upgrade.",1

"Codewords Lite is a great game to make you think! My friend is always stealing my Fire to play this game. The game can be played with hints or without, so you can set your own level of assistance, giving you much more control over the game. It's a fun wa",1

this is a very addictive game loads of fun and time consuming I hope you will enjoy this as much as I have,1

"I really like all the different options this app gives. You can really challenge yourself, or just relax with the easier puzzles. Either way, it's entertaining.",1

"shouldn't have to use a specific amounts of words - love sudoku - interesting game, easy to navigate app - fun",1

I have always loved suduko and my son got this app for my kindle-fire. I'm addicted! The feature I like best is the option to occasionally check to see if I have any mistakes:),1

"This game is set apart from other Sudoku games in that you can click on any number on the grid and it will highlight all of those digits already present in the grid, making finishing a single number easier. Other than that, it is just a well rounded gam",1

I like the option for adding possible solutions. The 'check' feature makes it easy to see where you stand at any time.,1

"This is one of the best android games I have on my phone, easy to understand and to learn to use this program",1

"There are like 5 or 6 different modes of gameplay (regular sudoku, color sudoku, etc), plus 3 or 4 different difficulty levels. For each mode+difficulty combination, there are 100 puzzles. You do the math on how long this will keep you occupied. The inte",1

We play this game every day and enjoy it so much. It works fine on our Kindle Fire. This was a good purchase. It is a fun game.,1

"I love this Sudoku Game, it's quite easy on all levels except the last one which is pretty hard. The marks system is not very good but I never use it so it doesn't really matter.",1

"It's never boring. I have it on my phone, and on my tablet. It's good for my brain, I believe.",1

I love sudoku puzzles and so I have really enjoyed playing this. I would recommend it to others who enjoy these kind of puzzles.,1

This can be sed whether you are on or off line. Helps when those word games get frustrating. Gives you word game solutions if you want. I just love it.,1

I really enjoy word games. They can be relaxing as well as stimulating to your mind. I would recommend it for anyone who likes to play with words.,1

was skeptical at first at how well this app would perform but it does what it says it will an quite well too.,1

This is something that my nephew downloaded and he played it the whole time we were camping. It was a little challenging for him though.,1

"It literally took just a few minutes to decide I wanted the paid app. To see why, look at my

review of the paid app. This is perhaps the best app of its type. It is far, far more than a typical word generator, app, or whatever you call it.",1
This game is mentally challenging and helps to keep me on my toes. I'm able to learn new words from playing it!,1
not the game i was hoping for and cant figure it out it is like a dictionary i guess but still dont know what to do with it,0
"I love this game, play it every day, it helps me to learn new words to expand my vocabulary. Highly recommend this product to those trying to expand their vocabulary.",1
This game is more complicated than I want to spend time solving. Prefer games that are relaxing and don't require much brain power.,0
"EVO 3d works fine. nice pictures and interface. basic game for basic skills.Please do not rate badly because Amazon won't do their updates. It is free today and the update will come. Take deep breath, be calm. :-)",1
But my (non-reading) two year old was forced out of play into the appstore because of a request for rating that popped up during play. This could have resulted in loads of mayhem if she were unattended! I hope the developer will also make the play butt,0
"My kids love it, its a great way for them to practice counting and there abc, also love the lock feature, so they can't close the app",1
Don't play any games on my phone and this was a free app. I never installed it so can't stay if I would've like it.,0
I have an asus trnasformer tablet. Works perfectly! The young ones will love this! It will keep them occupied while learning.,1
I purchased the app after reading the reviews. I have the kindel fire and it works fine. Pictures are large and I have purchased many apps for my grandchild to play. She didn't have a connect by letters or numbers. I like for her to have a variety of,1
"Great at occupying the kids. My kids love this application, and the special edition Xmas one. Aside from keeping them busy, is a great way to expand their numeracy. Keep the kids amused and learning at the same time. Works great on my Galaxy Tab.",1
This is a child's connect the dots game. It features over 90 images and you can select either numbers for counting or the alphabet in either lower case or uppercase letters. Unfortunately connecting the dots draws shapes that even an adult could not gues,1
"This app is simple and does exactly as it says. My son has autism and loves it. This will help him learn letters and numbers and their orders. Many apps are too complicated for him, but this one is great.",1
"avoid the noid, that wants to kill Android!This app is Cr@p. Do not install, unless you enjoy losing your INFO.",0
WARNING!!! The thumbs-down mark does not appear to be legitimate!!! See my comments at the end of this review.My three year old loves this app (as well as another one from this company). It helps her practice her alphabet and counting. She loves to push ,1
"My five year old daughter loves this! Nice distraction when absolutely necessary, and she's learning at the same time. Thank you so much.",1
this is great for my kids 3 and a half and one and a half. my older child can go through it but its still good practice and my younger child likes pushing the screen.,1
"My kids love to play this. We guess what the object will be, then practice counting in sequence and just have fun together. You owe it to your (grand)children to download this for them.",1
great for learning and fun and good for little kids this app is great and its free and fun I think it is awesome for the young,1
"This is a great app, keeps my son entertained and he learns at the same time. He loves revealing each new picture and learning the words. At 2, saying ""gramophone"" and ""magnifier"" is cute.",1
My two-year-old asks for this game by name. It is a great way to teach and reinforce counting skills. The graphics and voices are very professionally done.,1
IT LOOKS SICK NASTY! OMG I LIKE HAVE TO GET IT LOL ROFL LMBO (laugh my Butt off. I don't like to use bad words...) I want it so bad. its too bad I'm 14...,1
I got this app for my two year old and he loves it. I like the fact that you can do letters or numbers as well as odd or even numbers. Would recommend to anyone with small children.,1
I purchase this app.because I have it on my phone.I got it for my Kindle and it was very very slow so I deleted.it.Sorry I bought it.,0
I was looking for a different experience. This is not one of the better versions but tolerable while in a waiting room.,0
This game is fun to play. It's a little to fast for me though. (old grandma hands) it's very exciting to play. And the sound is cool too. I wish this was available when my hands were younger and faster. I would've given it a run for its money. If your u,1
"No fun at all, it lags like crazy on my Kindle Fire and Sony Xperia Play. There are much better jewel games out there...and they're free. Uninstalled",0
I HATE THIS APP!!! Do not get it. takes 10 seconds for 1 darn heal to trade places with another!!! deleted it within 5 min.,0
wish the Kindle had a better bejeweled version like the one on the I pad. I will delete it as soon as I can find a better one.,0
I hate it!!! It doesn't work. It doesn't do any. I don't recommend people download this game it

doesn't work.,0
 It won't let me move anyone and when I try to go towards the ball my players move away. I used the kindle fire HD for this but maybe it only works on the non HD. I am not sure but whatever. And Merry Christmas!,0
 "A little bit confusing, but overall an ok game. Nice and simple idea the same as the graphics, but bearable.",1
 Ok first of all I was playing and and when we switch sides I notice that the goals don't change at all! I erase this game because of that. :(,0
 "I thought this would be like the old English table top game of Subutteo (not sure if the spelling is correct there). It's not, however, and is dreadful to play. You cannot set up play or block the opposition unless you are on the ball. Then you are limit",0
 This game is so boring I deleted as soon as I got it don't waste your time with this game unless You have nothing else to do with your life.,0
 This really isn't real soccer if that is what you are interested in. Its really just a pull and release game.Get les.,0
 This game is badPros: It is free.It is rated all ages so every one can buy it.It is good for car rides I guess.Cons: It always crashes.It is to easy.You get bored after a while (I'm board of it. I haven't had it for a day).It is not that fun.This is all ,0
 the thing doesn't work! you try to kick it and it flings backward! even though it's free don't waste your time getting it.,0
 love this app. there are so many recipes on it and it takes up so little space on my kindle.,1
 IT DIDNT HAVE LIKE COMMON RECIPES THAT I WAS WANTING SO I JSUT GOT RID OF IT NOT RECOMMENED FOR U,0
 This is an awesome app I love how there are so many recipes!It is the best app I ever played. GET THIS APP!!!!,1
 "This recipe app is very user friendly...my favorite feature is the "Saved" folder! I can save my favorite recipes and not have to search through 15,000 recipes again! Love it!",1
 So simple to put together menus with the recipes in this app.Even my grandkids want to cook now! It's good for the whole family.,1
 "Unless you enjoy using a magnify glass, don't bother to download this app. How can I give anything a rating higher of one star that I can't see to use. Fail...",0
 "I have iCookbook on my tablet, and that is nice for pictures and ideas. I also have Dinner-Spinner which is great and fun and good for ideas.THIS app however takes up only a sliver of space, whereas I've been considering removing my iCookbook because it",1
 "So many wonderful recipes at the tip of your fingers! Yummy desserts, easy dinners, recipes I haven't seen in years & some I've never seen...but they're all great! Love this app & recommend it!",1
 "This app should be called 15,000 ads....because that's the biggest thing it has. I was excited to try it, glad I didn't buy it first",0
 I really like this app! It has tons of good recipes and what makes it better is that it's free!,1
 Good recipies although some do not have the amount of the ingrediant listed. My kindle will sometimes shut off before I am done with the recips and I'll have to go turn it back on before I can finish cooking.,1
 "So many recipes, love it!I don't know if I'll be able to go through all the recipes. It's perfect for those days you can't decide on what to cook!!!Will recommend to all my friends.",1
 "tons of great recipes. Useful & utilitarian. Doesn't have all the bells and whistles, but it runs great on Kindle. Overall, my favorite.",1
 great for quick recipes on the go. u also get great ideas. lots and lots of options too. great choice for kindle fire,1
 This is better than any cooking website...almost. The makers just need to add a part where you can change the amount you want. For instance I saw this amazing recipe for some type of pudding but it made 1 gallon and I would never finish that much! I woul,1
 I am addicted to cook books etc. I love this ap! The recipes that I have tried have been easy to understand and the results were delicious!,1
 I llllllllllll oooooooooooooo vvvvvvvvvvvvvvvv eeeeeeeeeeeeeee this app it helps me a lot and I love to get new recipies I love it,1
 "the simplest, easiest recipes I have ever seen. I can use my kindle and this app and meals become fun!",1
 the best thing ever especially for people who love to cook no matter how good or bad they are at it.,1
 why does this app rock! ?It rocks because it gives you a variety of recipes and their really simple and new and different. HOPE YOU GUYS LIKE MY REVIEW! !!!!!!!!!!!!!!!!!!!!!,1
 I love this app it has good graphic.Easy to read you can save recipe this app made me a better cook,1
 "I don't know if it was intentional, but very suggestive ads were appearing in the header of this app.They made me uncomfortable. So I deleted the app.",0
 duhhhhh... well dont get this app cuz it dosent come with the game for kindle fire LISTEN TO ME DO NOT WASTE UR TIME!!!!,0
 "and doesn't work well, case of free not such a great deal, I removed it from my device, sorry

guys.",0

The app did not work properly and I was not able to use it. A waste of time and effort if you ask me. Sorry.,0

This app sucks. It messed up my crops. Thank God it's just fake crops. -_-",0

I tried this timer..it looked promising..but it did not go off at the appointed time...and when it did go off it was so low i could barely hear it so dont waist your time!,0

I could not get it to work on my kindle I was disappointed so I had to remove it sadly can't have FarmVille on kindle either that's another disappointment too...,0

I have been sleeping better and focusing on making better choices about making sleep a priority. I find that the graphs that show my sleep times have had an impact in understanding why my lack of sleep has made a negative impact on my ability to get work,1

Ive been using this for 5 months now and after you get in the habit to press start before sleeping and press wake up when you get up its a great app. shows how long you've slept and your sleep patterns over time. I use it with a white noise app to fall a,1

"This is great. I suffer from insomnia and I never know how much sleep I didn't get cause I have no clocks in my room. This I hit start when I am about to crash for the night, stop when I wake and it tells me how much sleep I got and how much more I need ",1

"This app is amazing!As a guy who suffers from sleep apnea, I find it rather hard to get a full night's sleep, so keeping track of how much I do get is important, and this app does exactly that and more.Tell the app how much sleep you generally (or would ",1

"I am now sure this was designed for an Android phone, but it is worthless for any Kinlde Fire. If you have a Fire, don't waster your money.",0

I had to delete this app because it didn't work right on my phone. I needed the space so this was the first to go.,0

"The app is good but they want access to too many things. But other than that, it is pretty good.",0

"I've been using this for about six and a half months and I've never had a problem. I love that you can look at various graphs to measure how you're sleeping. I suffer from insomnia a lot, so this app is extremely helpful in making sure I get enough sle",1

I am a mom to 3 boys and even before I had them I had trouble sleeping. This is kick asa! I love it! it even helps me keep track of when I wake up with the baby! I have noticed that seeing my patterns helped me get regular so that I have a set sleep sche,1

"Please see the reviews at the Android Market for more details, the handful here don't do the tool justice.Until I made the jump to an android (from an ipod touch) I was relying on Nights, which seemed to be the best out there for IOS. Well, SleepBot leav",1

i dont know what this is supposed to do. does not have updated games on this wish it did. it should get an update and fix that,0

"This app is awesome! It totally works title my PSN achievements and friend's list. My friend has an Xbox 360 so we both can get good usage out of it, to top it off... ITS FREAKING FREE! lol",1
this may be the greatest app ever for me I have both psn and xbox so I can control both in 1 app even if u don't have both its still a great app for those gammers its a 2 in 1 deal even if u have only have 1 still a great app,1

After numerous times of attempting to log in... I am still unable to do so. Uninstalling because of this issue. It could be that it doesnt work on my G2.,0

"Would be nice it MS would provide their own app that utilizes their own APIs. This didn't meet my needs, but it may yours",0

"While Play has apps like PS3 Trophies (my favorite) that actually show whether or not your friends are online and detailed trophy info, this app is about the only Amazon option and it doesn't do either. It only show who your friends are and basically the",0

Sad thing is I wouldn't take this again if "they" paid me. App didn't work.... at all.... at anytime. Boooooooooooooo,0

Didn't really show much I hooked up my ps3 account and it didn't show anything but a code I wanted to see who was online but I could not do that I could not view my trophies either.,0

"Being an Xbox owner, this app fit my needs immediately. I'm going away for Christmas to see my family, and now during the trip, I can check and look back at my trophies and messages. It's almost like Smartglass to me, which is better than no Kindle versi",1

"Since I have Xbox Live, this app is perfect for checking my LIVE Status while I'm away! I couldn't ask for a better app! Great Job, Todosjuegos!",1

"If only you could actually send messages. Does what it advertises to do. It shows who is on line and what they are playing. Also shows your achievements. Trophies if you have PSN. You can read your messages, but as I said before, you can't send messages.",1

"I would love it if my son could actually use this app, however, it has a nasty glitch that won't allow him to actually trace the letters and numbers. It erases everything he does before he gets a chance to be scored on it. This app is lame.",0

I downloaded this app while at dinner one night to keep my niece occupied. She just graduated from kindergarten and loved using this application. It was really easy for her to understand and work herself. It goes through the alphabet in capital and lower,1

"When trying to teach my 8yr old how to properly write his letters this app is a fun tool! I paid for another app that didn't do 1/2 of what this one does. You can choose your own color to write

with from many choices, and also choose to practice caps, l",1
"Great preschool tool for teaching printing. Helps with sizing, directionality and line alignment. Great teaching tool and enjoyable for children to use.",1
"My child is 3, and he's ambidextrous. I like that this game sets each letter apart, and he can trace it with either hand. The directions for each stroke are nice and clear as well, since he has a tendency to try to write in one continuous line (not cur",1
"My girls really like it, they spend hours playing with it. I really enjoy the fact that both my kids play it",1
my daughter like it,1
"I got this app for my 5 year old daughter. When we're in the car or waiting somewhere she can practice writing her letters, numbers, and shapes. There are a few different things to do.",1
My son who has been diagnosed with autism and my three-year old daughter love the app. My son has challenges with letter formation. So this helps him practice when we are on the go. My 3-year-old daughter loves learning how to write with this app.,1
I have this on my Iconia A500 running 3.2 and it is used daily by my 3 year old son and his older brother. The letters are nicely sized and easy to trace. Our therapists love this app. And it is FREE! Enjoy!,1
BEST GUN GAME EVER PLAYED IN MY LIFE I LOVE THISGAME. MY BROTHERS EVEN PLAY MY KINDLE FIRE TO PLAYTHIS GAME.!!!t,1
free and wonderful game. you have to download around 180 Mb to get the game running but it is worth it. supreme graphics and gameplay mechanism. need to check the game complrletion duration.,1
This game is awesome. I like it so much. When I grow up I want to be just like them.,1
This game is beyond awesome it is really fun except for all the data the game needs other than that then it's a great game,1
I love this game. It is a great game to kill time. I love the guns and the graphics. It is cool,1
Good Game. But were is update of of turret and new guns. Info on REFINERY to access ALL OF THEM YOU MUST BE LOGGED ON WITH FACEBOOK AND FOR KINDLE FIRE USERS MUST HAVE WIFI,1
"I love this game, very fun and challenging, wish I could play as a girl character tho, seems to run my battery down fast but its a great game for kindle fire, getting my husband to play it to help me out.",1
Awesome. It is a great game. It has tons of guns and lots of planets too. There is a lot of action and replay value.,1
"force closed everyone I tried to run this app, please fix for honeycomb. 32 GB Motorola Xoom running Android version 3.2.1",0
"Don't give poor reviews because your phone is a no name piece of crap, our because your fingers are too fat to play a dual stick shooter.game runs great on droid x, cm7. Best dual stick shooter on the market. Don't complain about warbucks eith",1
This game is so amazing I play it everyday you have so many weapons I wouldn't want anything on this game to change,1
THIS IS THE BEST GAME ON MY KINDLE IT IS AWESOME FIVE STARS HI HI HI HI HI HI HI HI HI,1
This is on of the best apps in the world that anyone could possibly get and play. You should get this app.,1
A a a a a a a a a fun yammered but needs instructions cool though a a a a a fun game! A a a a .,1
best game ever.u need to play this game now ok best game ever. d d d d r r r r r f f,1
Loved the game was really fun and tons of unlockables which is always nice. I would recommend it to anyone who is a fan of overhead shooters.,1
"Game is ""Free"" up front, but then substantially increases in difficulty. Not based on advancement, but on how much I pay?Sorry, I Don't Support Pay to Play. Period.There's a reason that you don't see arcades anymore. It's because better games exist that ",0
A very nice rpg game very long and expanceve app. Well worth the data storage. I recommend this app for ages 10 and up.,1
This game rocks I play it every day without fail. Love this game and cant wait for more updates completely epic,1
Great graphics a great game to try out u can coustumize ur amor weapons great game worth 5stars just give it a try,1
I injoyd this game a lot until I turned it on & it told me I had to log in to face book which I did & after doing so it erased my game & sent me back to the beginning which just blows ass crack considering how much time I had put in. I was u,0
Best game for any smartphone or tablet everyone should get this game and its great when you have friends on facebook who play gun bros,1
This an epic game u can have a giant bazooka that u can blast robots with epicness boom boom boom,1
This is an awesome game. My nine year old son enjoys this game so much. Even my wife and daughter plays it. Keep up the good work glu.,1
"this game is exciting and fun I love it..... you see little blood(for parents), blow people up and big red guys. you should really get it.",1
"I got this game, not expecting much. boy was I wrong. I couldn't be happier with this game. its challenging, fun, and addictive. its a great game",1

Gvcf xfvb. Gyyvgxrtgbbb v goggle vg. Gvc vg. Vhb v vgygff cggfgvccgggf cg v vg cgg vb. Cggcvv cccvvv bb. Cvb Gibb cggg gvcg gg,1

"Great game, amazing game, love the graphics hours and hours of non stop action one of the best apps I have ever played, a must have!",1

Good for passing the time and shooting stuff and explotions and killing stuff. It is a war in the game and I would like you to play this game.,1

It is just a gteat fun game for passing time and I think that if you do get get it you will love it,1

I got war bucks and I spent 25 dollors on and I never got any of them and I was still.charged from them. I tried to send them a message but they said there is know reafunds we can not help you. 25dollors down the drane!,0

Is a great game. I enjoy playing. I onlyvwish I could get better guns faster. The gun bros game is a graetshooting game. The really big enemies are fun to kill.,1

This thing takes up so MUCH space that when it asked where I wanted all the memeory to go I just exited and deleted it listen to the bad reveiws they are SO right!,0

"awesome game! if you pause while playing,scroll down to help,click twice, and there's the instructions. fun shooter there's also openfient in options. get it!!!",1

This is the best game I have ever played in my entire life! and I am sixteen. I have maxed out all of the upgrades and armor. I am level 986!!!!,1

Fun and addictive game. Great grafics and updates. Works on my phone and on my Fire. I've been playing for months and it does not get old.,1

This game is so awesome there special guns and upgrades and really different kinds of style gear there are really power full guns but cost war bucks good game,1

This game is so cool. It is a third person shooter. You fight off aliens and other stufff with your brother at your side.,1

This game is a lot of fun the only thing I don't like is that there are so.many waves in each level and wqrbucks are so expensiveother than that great game,1

hundreds of weapons armor. plus plenty of stuff to kill. I highly reccomend this game to anyone who likes to shoot things and customize their guy,1

This game is reallly fun and allows for easy upgrades to nearly all weapons... it also never forces you to buy weapons in order to advance in the game play.,1

I luv shooting games Lii dis but it does need to pull the controls up I can barely play Lii dat,1

"I play this on the Kindle Fire. Other than a few control difficulties, it is really fun. My only other issue is lag.",1

This game could be played for hours and is so cheap. Moms if your kids want something get this. This is the best and I move it.,1

"This game gets you hooked right when you get on. AMAZING!!!!!! If you don't already have it, you're missing out big time.",1

Great game cant play on my phone though wish I couldb please optimize for the lg optimas please 19 20,1

"Going to take up some room, good games do, but it will ask you were you want to download to, I choosed SD. Great graphics and play, but you'll need a good wi-fi, or just say pass. Once you learn it takes your right hand to aim the gun, you'll rock the jo",1

this app is great but the button controls don't hallways work and when when yurt being chased by turtle Pol that.could end the game.,1

gun bros gun bros gun bros your dumb for reading this far gun bros gun bros gun bros gun bun gun bros gun bros,1

this game is a fun game to play when u wanna Multi kill enemys and collect all the guns to call urself the real gun bro,1

Destroy tools in this awesome game highly say get the gamethe ion assault is the best gun in the game,1

I absoulutley love this game! Its a 3rd person shooter..sort of. But i don't like most 3rd person shooters but this is one i do. The graphics are beast i love the controls. And i love the levels! Good job Glu :),1

This is a must get funniest most destructive game out the 5/5* funniest game ive played on kindle. So stop reading reveiws and get it!,1

"This is a good app. It is like a kid in a candy store. The crontrls are a bit touchy. Overall, good ap.",1

Cannot believe you can play with facebook friends. Its amazing. And I play this on my kindle. Most entertaining game yet.,1

hay I don't rely care for guns so why did they put in the girl games? well I got this to play and then I fgerdout that it Was a boy game!!!!!!!,0

this game was amazing. there is a lot of custimization with armor and weapons. you can't call yourself a gamer unless you have the amazing game gun bros,1

This is a bad game for kids as I am one myself it has inopropeat pictures of girls naked that dosnt say in the review.,0

"ive been playing this for a few months, I have the best weapons and armor you can get, very fun and addictive",1

smsnks sk ia an an wnw wwnw wna anw azns sn s ss s sne s anent w w ww nzw an aa Laban's snans ans

snskw asjkw,1

This is a pretty good game I like it a lot and recommend it to anyone with a little bit of time to kill.,1

"This is a good game, very addicting and enjoy to play when bored. It connects through your facebook account keeping track of your levels, and missions that have been accomplished helping you keep track from your android devices.",1

I love this game lol by the if you play offline can you edit your partner if you could that would be nice : awesome,1

Awesome game completely. Fast paced action and relentless firing makes this game top notch. The only downside is I spend like a freak.,1

"This game gives you the options of many guns, armours, worlds, and extreme on/offline action day and night. It rocks!!!!!!!!!!!!",1

This is a recommended game for kids who can use a twin joystick touch screen controls or for a free fun app.,1

I love this game and I am stuck on the zombie level and my favorite gun is the cheap shotgun the old thingy mi lginy,1

I have no bad things to say. :) Can't be BEAT Sorry most other games. Please get this game. You must!!!!!!!!!!!!!!!!!!!!,1

"I think I'm ready to say good bye to 'free' to play games. This one seemed different at first, if only for the 10k to 40 conversion of in game earned currency to RL bought glu coins. It seemed good. I was like, 'hey, I don't have to buy glu coins for glu",0

"This is from another reviewer and I totally agree - ""trying to turn your character around so you can shoot incoming enemies on the kindle fire is horrid. the character moved in the right direction but cannot get him to face the right direction... trying ",0

Game is pretty sweet. Controls are something to get used to but reminds me of Ikari Warriors from back in the day.,1

Great game and fun to play. Perfect for all ages. I love to take my kindle wherever I go just to play this game.,1

"This game is great, it is a huge time cutter, and is perfect to play against your friends. But the only CON is that it lags once and a while.",1

I'm a marine and I will tell you this game is some good ol ass kickin fun I would get this game if you love fun shooters. Playing on a kindle fire,1

This game is one of my favorites the gameplay is so fluent I would say that this game is one of the best,1

This game is the best! I love playing it all the time on my KF! Its kinda hard though that is the only drawback I can think of on the spot.. I wish all the items didn't cost so much dollars and coins :),1

"this beats big time gangsta and contract killer, witch both were fun but not as good as gun bros. awesome",1

didn't work on my new Acer tablet kept locking up not sure what I could do to get it to work just gave up,0

Gun bros is a good game constant upgrades constant leveling constant fun just hit download already it is so cool and if. You like this check out other glu. Games,1

I LOVE THIS GAME. YOU EARN MONEY IN A FUN WAY BY DESTROYING ALL ENEMIES. THERE IS A HUGE VARIETY OF WEAPONS AND ARMOUR AS WELL. HOPE YOU ENJOY THIS GAME.,1

"I really like this game, and I have friends that play too! I love the feel of it, it respects a players intelligence, by playing you learn.",1

this is the best game in the app store. doesn't get boring when you keep getting new guns and armorial and power ups,1

Awesome!! This game is awesome Yay for gun bros five stars on a scale from one to ten it is a eleven,1

Its so cool I love it because its addicting I also like it because its free but I wish there were more ways to get warbucks.,1

This is a fun game and very addicting. It has a lot of good features and you can do a lot without having to pay.,1

I love this app. I always play it. When my friend showed me it I knew I had to get it. Best app ever.,1

"When I first started playing this game, it was hard, but its awesome I absolutely love it. I've been playing this game for about three weeks and I am officially hooked. Level 70 fan!!",1

"I was very impressed with this game. It is very addicting and fun and even though it might be a bit hard getting used to, its worth it.",1

"Great game runs smoothly on a galaxy s with no problems. You can pay if you want, but you can earn game cash pretty quick by trying new Apps or simply playing the game. Controls are smooth, great graphics extensive game play. Good way to waste some time",1

"At first I was in love with this game. Then when I bought better stuff, got new refineries, and I actually started to get good at this game, the game rejects my Facebook account, won't allow me to access the refinery I waited three days for to get my 700",0

it is by far the best game I have ever played. glu mobile always outdoes themselves on these sort of games,1

I liked it a lot because it was so good and you could vlbuy such cool stuff and because you get a lot of free stuff,1

"The game is fun and very addictive, the guns are creative, the armors neat, there could be more charecters, but its fun",1

This is one awesome game I love to play it it must be one of the most addicting games in the amazon appstore,1

I didn't think my Kindle fire was capable of running such a game with no form of lag whatsoever. Its super fun to play and definitely worth the download.,1

Very fun to play at home or while waiting for any thing. I love it I would reccomend it to people who liked army of two,1

okay this game is awesome. it takes a little while to get used to the controls but once you get a hang of them it is really awesome everything about this game says sweet.,1

this game sucks like a baby pooped in its diaper the only thing I like about it is there's a variety of weapons that nobody ever seen.,0

This game is great. The graphics are up to par with such fame's on the app store. Lets just say this. If / rdd,1

"This game is quite addicting. Though leveling up doesn't do much, it's fun to buy weapons. The increasing diffuculty and new planets are great.",1

Fun game that sort of reminds me of Contra. The control is a little wacky but took me some time together used to.,1

"good god this game is good.I recommend this game to any -one who is cool and not insane.good,very good game.",1

fun game really fun game. I think that the controls are a little hard to use but that makes it all the more fun,1

Great game where you can just spend time and have amazing fun with.this game its amazing I cannot believe it was this good for being free,1

People who rated this game one star because they don't have the patients to take the time out and read what to do and how to do it shouldn't be allowed to rate things at all. This game is awesome it plays well and looks great for a free game that's compl,1

Wat an awesome game! I loved on my ipod but now on my fire! I have to warn u! it can get boaring after a while butif u enjoy killing aliens with un-belivable awesome guns and customizing to r.u.g.g.e.d. men who enjoy murdering the t.o.o.l. eniemes that t,1

I love this game Usa Usa Usa zombie level really fun'you should love it toobecause of the awesome graphics,1

"This game is truly a credit to gun games. The action is both exciting and engrossing. You can buy loads of amazing and devestating guns with the money you receive from slaying evil thugs. The guns are exciting and unique, and all your enemies are cool an",1

This game is awesome and it keeps me occupied for hours... the graphics in it are amazing also... it never laggs either,1

this game is so superly amazingly fun an addactive to play everyday i get bored its a really fun game love it!,1

this game is the best shooting game ever!you don't only shoot targets you kill monsters all over planets which I like is cool I want you to get this game you'll fall in love with it,1

I think this.game.is good. And now I'm going to talk about random stuff so that I can hit my 20min word min essay... cya,1

This app is wonderful. Great graphics and is really fast and addicting. I play it all the time. Keep on releasing updates because it keeps on getting better and better!!!,1

This is a wonderful game! It can be a bitbsluggish every now n then but all in all it is a bloody great game for the fire,1

I have this game on my phone and my kindle fire. The only problem is it kills the battery. Cant wait for the multiplayer update on the kindle version.,1

I always seeing this but never download but know I cant stop playing it all the deferent world's upgrades all the armor funny clothes,1

to many downloaded on kindle fire waste of time don't download will take too much memory up. don't download .,0

this app is evill it turned of my kindle fire for 5 min and deleted some of my apps do not install I repeat DO NOT INSTALL,0

amazing game it is the best game I have played on kindle fire. and it can take a while to down load.,1

"In a word: awesome. Simply so much fun, you can't stop! Robots, guns,monsters,armor, what else do you need? Final decision: it's AMAZING, isn't that great! :D",1

gun bros is so fun you get to shoot robots and you can buy guns and armorial and powerups there are big monsters,1

One of the best games on amazon appetite.very fun can get hard at times but hey that what makes it fun,1

Great game!!! I love playing this and is great when ur bored and I suggest that you get this app. Great guns and places to play in. AWESOME!!!!,1

"yes, it's a freemium game where some of the better stuff requires you to buy in-game cash but it's still a blast without those additional items.",1

Takes for ever to download. I had to try a few different times. Then I had to remove a bunch of stuff to be able to play it because it is so big. I finally start playing and the guy only shoots in one direction. So dumb do not waste your time.,0

Another great game from flu mobile like the graphics and has good weapons id recommend it to anyone that likes shooter,1

It is really cool that there is a zombie part I think there is enough epic enough and these words are just so I can enter it,1

"it is the best game I have ever played.But one thing you should make on it is where you can make your own bro like: a face, facial hair, skin color, skin tecture, weight, and height.",1

An over all good fun game and is interestingly strange I need ten more words and were they are right here,1

pretty easy at first then gets challenging. already have predator and coronal ejector! I wish you could win flu credit though...,1

I haven't pladd this game but it only had 999 rates so I wanted to be the 1000 lala lala lalala lala lalala lala lala lala:) poop!!!!!!!!!!!!!!!!!!!!,1

What can I say? This brings me back to the days of Total Carnage and Smash TV. Freaking sweet! And it's massive size is sure to entertain me for a while.,1

awesome game I love it really fun and despite its large file size on my kindle fire its really good,1

i love this game its so addicting very fun its very hard to get war bucks without paying thou but over all very good it lags a little if u dont have wifi.....but very fun its gets hard and addicting i would recommend this game exellent job by glu!!!,1

I really enjoy playing this game. It's good just to do waves and upgrade stuff. I suggest this game to anyone who just wants to shoot things and have them blow up. Enjoy!!!,1

The title says it all! This game is filled with non-stop action and shooting. I hope you will also enjoy this game!!!,1

"I have gotten tons of games for my kindle, but this is just simply the most fun of them all!",1

Now I am dying to see if they make gun bros 2 for us all. I know its on the app store so I'm hoping they make it for us,1

if you guys need to know how.to get refineries than log into facebook my name is Pie Pies halpful tipped right their,1

I tried this because I liked the other Glu games contract killer and blood &glory-but couldn't get in to this one. I found the touch joystick difficult to move my gunbrother where I wanted him to go.,0

I think that it could be a bit cheaper for buying guns and such...but other than that its a great game.,1

This game is really fun. This is a good game for all ages and it is really hard to stop playing when you get good.,1

Super addictive. One of the best games on the market. Controls are responsive. Graphics are great. Love it. Get it now,1

"well I tried this game on my ipod, it was amazing but since the ipod can't handle the high temperature.anyway this game gives you good experience.",1

"Its really fun, controls jiffy at times but otherwise a great game, and the paid portion doesn't take ALL the good stuff away",1

This was an awesome game the guns are amazing this game held my attention for like I don't know just for a really long time,1

You can't fast forward or rewind. There is no volume control. Not very user friendly. I think I'll just keep listing on my iPod.,0

"Stops right in the middle of the program on the Kindle Fire. Furthermore, once you switch apps there is no indicator in status bar or control.",0

"Love it - easy to use and download podcasts from. The sound is crisp, clear and as entertaining as if you were listening live!",1

I like the shows. It is a lot of fun listening too this great site. Especially A Prairie Home Companion.,1

"I have been looking for a drawing app that does everything and this is it. It is the only drawing app that comes with directions. There are about 20 different brushes to use including the air brush, caligraphy pen, paint splatter and many others. There i",1

I would give it zero stars! I tweaked all the brush settings and got ready..... I couldn't use the brush...it didn't work. how dumb. do not bother!,0

plain and simply it sucks seriously. I hate it. whenever I draw something it makes it have a black background even if I didn't ask for one. it starts out white then when I save it it saves one with a black background and what's more when I save a pic I d,0

"every time i pick my finger up from drawing,painting what ever i do it makes me force it close but the up side was it is free!!!!:(",0

"It works well on my kindle..... The color is nice and when u draw, u can have different textures. Its the best drawing app I have.....",1

Lots of options for the artist in you to try out. Learn different techniques and styles with this easy to use app.,1

its terrible. very hard to use. and not really for kids nor adults. i know its free but its a no

it works great on kindle fire! I recommend it! idk why people give it bad reviews! oh and my request is different cold canvas! and if u dnt like this app u should get Picasso! original Picasso! but I love this app!,1

great my friends and I have it its a good app forwasting time so many things you can do with it get it if you like warring time in a fun way :),1

This app is amazing! It is the best app ever! Perfect for kindle fire. Does not crash. I can play this for hours and hours. It doesn't get boring. I highly recommend this app to everybody. From artists to non-artists.,1

"this app rocks! Whoever doesn't have it, get it! this app is sooo cool! I can draw whatever I want! love the effects. all I can say is "get this app. you'll never delete it!",1

do not bye this app it froze and i deleted. it hate hate hate hate hate only 1 star,0

I definetly admire magic Doodle as an artist I think it is for first timers. so I think it is awesome,1

very colorful. the app has lots of affects and fun things. if your creative and a good artist you can make some real art. I love how you can save your hard work.,1

"lots of fun my g-kids loce this game especially my 4 yr old g-daughter, I like it too its free",1

do I need to say anything else? I downloaded it on my kindle fire and the title did not lie it worked like magic!,1

I totally LOVE magic Doodle!! its awesome!!! I would totally recommend this game to anyone! is is a little slow but it loads real fast!,1

"I recommend this app! Well designed, it has features I've not seen in other drawing appsSamsung galaxy s ii t989",1

I do not like this game it is so boring and for me you couldn't change the colors on it,0

"I am a young artist,not trying to brag, and this "game " helps me paint whenever I want whitout wasting paper!! if you love artist stuff but don't want to waste paper,this is so for you!!!",1

this app is sooo much fun!!! so glad I got it! spent all night playing it and didn't get bored at all!!!!!!!,1

"Magic Doodle is so much fun!! You can do art with special effects, to make your art work pop. So when you play with this app art will be at the tip of your fingers! !",1

wen i downloaded it was so fast i like it its so good i really got to play it i need the buy version FAST good game i love it really love it,1

the game is awesome I luv it u can create layers and layers to ur regular. drawing if u see the video lik I did and u get the app ull. know wat I'm talking about,1

I love this game sooooo much. ot is the best game ever my child loves it so much. so u think you should down load it.,1

"At first I was not pleased with this, but since I first reviewed it, I have learned how to navigate through and have learned how to use all of the other features, and I now love it and would recommend highly to others. Just don't get frustrated if you d",1

"I don't use this app often but when it is used it's easy to get from book to book, chapter to chapter and verse to verse.",1

"Excellent amplified bible. I love this app. Most important it works without wifi. Very easy to read. I was looking for an amplified bible and when I downloaded this one, I was very satisfied. It is a must have app. I like to compare the king James versi",1

"This is a great version of the Bible for amplified explanations of words, verses, meanings..., etcThis is a must for those who wish to "amplify" their understanding",1

I love it because when i am looking up a word given by the Holy Spirit it gives me all the verses related to the word.,1

This is a wonderful support to help with a deeper understanding of scripture. I love this bible and read it alongside my other bible.,1

This app is awesome I love the fact of how easy it is to kind the bible book im looking for & I can highlight & take notes on my kindle right inside the app AWESOME!!!,1

When you read the Bible with this version you get a complete understanding of what the original languages really ment. all the nuances of the languages are included in the text.,1

The ease of use is wonderful. Most of the time I fine the book & Chapter before the speaker. Yea,1

My favorite of all the versions of the bible. Easy to understand and insightful. Works fantastic on my Kindle Fire. I would recommend this app to anyone wishing to gain a better understanding of the scriptures. It is very easy to maneuver throughout the ,1

"I can take notes in church, find books easy and fast, highlight verses and delete things I do not wish to have in my notes. Just suites me. I like the Amplified Bible.",1

"I use the Amplified Bible when having my church service and find it easy to use. It conveniently fits into my pocketbook, however, I still use a writting pad to keep my notes and then can transfer them to the "Notes" tab on the device after serv",1

"This is a wonderful Bible. I love the note and search feature. I had a more expensive version downloaded with some features, but this one has it access to more and easier to navigate. You will love it and find it simple to use.",1

"This bible app is very easy to use and I appreciate how straight forward it is to get to each book , chapter, avd verse.",1

"i have a lot of Bibles on my kfhd, some of them are ebooks and some, like this one, are apps-

Tecarta is by far the best, in my opinion.....presently i own three versions of the Bible on this app, and the best feature for me is that i can split the scree",1

"This app is great for all who want to read and or study the Bible. Any translation you might want is here from the King James to The Message and many more. There's also quite a few different commenttaries.As a Bible teacher, I love the ability to take no",1

I am a preacher and I have found this app on my kindle fire to be a great asset in preparation of my sermons.I would highly recommend this app to anyone.,1

I love this app! I have purchased 4 verisons of Gods word and use them to compare so that i can get as close to the original meaning as I can.,1

This Bible has helped with my studies. Easy reading. Whenever the passage we are reading is in old school I just get this book out.,1

I just started using the Amplified Bible on my KindleFire and I am finding it very user friendly. What a great way to be able to look up verses by address AND search for parts of verses and be able to find the address. It is a great tool to have. Than,1

I am in love with the Tecarta bible apps. They are so easy to use and are done in such a way that you can find your scripture with no difficulty.,1

I have this bible in book form but having it on a kindle is much easier and quicker to access.,1

"I really enjoy this app in this version in the parallel feature. What a joy to be able to open this on my kindle and not have to carry multiple versions or big, clunky parallels. I love my paper Bible and always will, but this app holds a new place among",1

"Great book, very informative. I will advise anyone to come and use the Amazon site for movies, music and anything else they need.",1

A really good and well done bible app. I would recommend it for anyone. Go get it. It is very complete.,1

Review extensively revised 14 Jun:I've been using Bible Apps since I got my Kindle Keyboard three years ago. Got a Kindle Fire G1 for Christmas 2012 and started trying to use Bible apps on it. Most of the old apps were not too functional on the Kindle Fi,1

I have only used this app a couple of times and it is very easy to use. I love it!!!,1

The Amplified Bible is a wonderful resource. It lets you see what some of the words might also mean and give a nice alternative of flipping from version to version to get clarity.,1

This App Is Wonderful.. I Am Just Starting Out To Read My Bible More.. And This Apps Me To Understand What Exactly I Am Reading.,1

No comment Why do I have to make a comment I love the book that should be comment enough. Tks,1

"Good app all around! Please make it a lil easier to navigate. And more ways to personalize the look. Other than that I'm enjoying having this version, without the need for an internet connection!",1

This has been my transliteration of preference for about 40+ years now. It's great to have it on my devices.,1

Excellent addition to my library. Along with New King James version. I am still trying to figure out how to use these apps.,1

This is a great app. Very easy to use . I use it more than the other bibleapps. And I take it every where I travel.,1

I don't know who to believe one say it is good others say no I don't even know what to write,0

this is a great time waster it wont even install so if you have a kindle fire DONT GET THIS APP.,0

if your one of those people who like simple and fun games then this game is for you this should be at the top of the free list by now,1

I got this game thinking it would be another Doodle jump but its worse. You should totally try Pepe Up its a free app with way better graphics and you can change the character by collecting apples :),0

okay in nh opinion someone tried to remake Doodle jump and wasn't successful !:(I recommend u don't get this even though its free its just a waste of your timethis game sucks! !!!!!:(,0

this game is stupid! I even let my kids play it and they said it was dumb and haven't played it in the passed few.months. I wouldn't even get it if it was free!,0

"For some reason I really enjoyed playing this silly game! It challenges you to budget and plan wisely in order to turn a profit with your stand. You can choose to play a 1 day version, or a 7 day, and you can speed up hwo quickly time goes by if you choo",1

Didn't like the game not that fun not worth the time. hard it don't play what can I say bad game,0

all I can say is compared to other jewel games it's never boring. having the time limit and your need for quick thinking and action is very entertaining.,1

"What can you say other than it really gives you daily deals. Some deals may be a bit esoteric, but it is fun to see what is up for discounts and on sale.",1

This app is great! I have found some really great deals here! Keep them coming! I look just about every day for an awesome deal to steal!,1

"After answering many questions that took me a very long time to answer, I was not shown a picture of a beige impala in Djibouti.",0

"the title says it all, takes ten years and a hundred questions later to do some stupid parlor trickdon't waste your time",0

don't get this app. it only has 1 pic. at the end and it is an elephant. it is not an app I perferably would get.,0

really cool I LOVE to see the looks on peoples face when I get it right if you dontt understand then look at it a little more carefully,1

"okay. the numbers always get you to 4 which is the letter D. I've seen the next series of questions ask you to pick a country with that letter (Denmark) then animal starting with last letter of that (Kangaroo). Then, pick a color starting with that las",0

"Love this game!! I really love this game and hope everyone else has fun playing it, even though it's really not a game.",0

omg!!! I was freaked out when it was right!! (I'm a teen so I'm easy to fool) but omg I love the faces people make when they get that picture!!! spool worth it!!! there's a trick but its soooooooooooooooooooooo fun!!! XD,1

this app is not for kindle fire owners do not buy I have to fore - close every time I reapeat DO NOT BUY KINDLE OWNERS,0

"don't get this app bcuz it does not even work.i tried like,a gazzilion billion times,but it still does not work.its a good thing u don't pay money for this,cuz it would b a waste of money.",0

"Much better the the calandar app that was bundled with DX, especially in handling multiple calandarsPlus- able to see appt by description vs just a color bar- different color bar or desc color depending on which calandar it's onBug issues that exist in D",1

"i didnt like it at first, but its definitely more intuitive and easy to use than the normal calendar app. the only down side is that the calendar view widget shows a screenshot of your calendar which looks kind of crappy as a result of scaling. i have no",1

"I recently switched to the free version of this calendar app because I was sick of how bad the interface was on all the other calendar apps I'd tried. Now I see the full version offered for free today, there's absolutely no reason not to switch! Get it w",1

"Until you install this great app, you don't know how much functionality you are missing from your android powered phone. Once you install it though, your phone becomes a beast!!!",1

"Much better than stock calendar, great options. Would be nice if Month view was optimized for tablets and showed description of events.",1

Great app. Does everything I was looking for as I rely heavily on my android's calendar. There are many settings you can choose from to set it just the way you want.,1

"I got this app for free over a year ago through FAOTD. Most apps that I've grabbed through the promo last a month or so, then I either find something I like better or decide I can live without due to their memory requirement (I have the original HTC Incr",1

I've tried several free calendar apps but still felt something was missing. Now I won't use anything else.I got this as an Amazon FAOTD. now that I've tried it I paid to have it on my other devices.Widgets for every screen size. So many customizations yo,1

i beyond love this app. it has a super friendly interface and is very simple to use. it does everything that i want it to. if your ocd like me you will love that it lets you color code everything. which makes knowing whats on your schedule super easy. th,1

Great app and a huge improvement over the stock calendar and anything else available. Its easy to navigate and syncs with my calendar without flaw. A couple of changes could include the current date on the widget and also to be able to scroll on the wid,1

"On my HTC G2 I use it just as an app, and on my Iconia I really love the widgets. Highly customizable in both size and timeframe in both app and widget. This and Thumb Keyboard are my 2 FAOTD I don't know how I would live without. Good to see continued ",1

"Works perfectly with Google calendar, it is elegant and no frills. It has different views, daily, weekly, monthly, perfect for at a glance info.",1

seems to work perfectly so far so maybe it was worth the \$5....I like all the options and seems simple. widget options r great too,1

i got this for from amazon app store. even with several reboots it would either freeze or force quit. really bummed.,0

If you are a Google calendar user with multiple calendars this app is the easiest way to organize them on the go. I love it!,1

"I've had an Android phone for 3+ years now, but haven't ever used the stock calendar because it's not user friendly. I don't like paying for apps, so I just kept my good ol' paper calendar. This app made me chuck the paper and now I am only using my phon",1

I love this calendar. The views give me the information I need in a look that works for me. Whenever someone sees me looking up an appointment they always ask "how do I get my calendar to look like that"? I tell them for the price this is the bes,1

"Great replacement calendar app for the EVO 3D, i was having problems with the sense one loading up but this one is great. Loads all my appointments on the widget really fast and syncs perfectly with all my google calendars",1

"Love this calendar. Way better than the droid x's default calendar. I was actually hoping that amazon would give this away, and to my suprise, they actually did. Love it.",1

Have been using this calendar for personal and business for the last few months and greatly appreciate how easy and quick it is to operate.,1

Great app! Needed something like this. I'll let SwiftKey finish this review. You should therefore carry out your own virus checks before opening any attachment. Please note that the information in this outgoing message. Haha! Love it,1

"I tried the app and it was not as good as pure grid calendar widget... I then uninstalled and it

messed up the connection with my Google account calendar, so they no longer pull up anything for any other calendar including stock calendar. On Evo 4G.",0

"great customizations, great user interface, very smooth to use, very intuitive to operate, i also am in love with the little pop ups - this calendar app is the best! i was actually using the free version exclusively before this, thank you amazon!",1

This app is very nice and fairly easy to use. I use it all the time and have gotten the hang of some of the features and all potentials this app gives! They get back to you quickly if you have a question or problem and they don't get all technical when r,1

"Great app, much better than stock. Note that although the store says it is not optimized for Honeycomb, it does still work very well with it - don't let that put you off. The only (very small) issue is the lack of resizable widget (which is a Honeycomb ",1

This is a wonderful Calendar app. The interface is appealing and easy to follow and adding new events is a snap! Much better than the default calendar.,1

its great and all. but it lacks exchange support: specifically push exchange. my company cannot wait for a periodic update they need my appointments now and I need theirs now. when you add an appointment here it can take hours before your work calendar,0

"i particularly love that it will display TEXT for every item, even in Month view.[And more words so the review will publish]",1

Widgets stopped working. They were working just fine and then they randomly just stopped. Very annoying! this is something that should be fixed as soon as possible!,0

This is such a great application that it ought to be the builtin android calendar. I don't know how I would do without it now that I'm familiar with all its features and have come to depend upon it. My two favorite features are the expanding day view whi,1

"I'm so glad I've got this calendar. The calendar that came with my phone did interesting things to my events that Outlook was not fond of, like set the event as a meeting. IDK, I am not disappointed at all.",1

Love it. The agenda view does a good job of packing a lot of info in an organized way. Well done.,1

Love the fact that there are multiple widget sizes. I like to keep a small version on my home screen. Stock one was too large and needed to be on secondary screen. Well laid out and easy to use and read.,1

I've used quite a few calendar apps and by far this one is the best. Does everything I want a calendar to do and more.,1

I got this as the FAOTD and use out exclusively a my goto calendar app. It easily pulls in any other calendar information you may have like googles calendar. It has a very intuitive interface and uncluttered display. This app would have been worth purcha,1

"This is the most user friendly calendar I have found, but more importantly it has a widget that will show you upcoming appointments. This is a must for me and business calendar does a great job with it.",1

"I didn't read the advertising closely enough or I would have realized I didn't want anything to do with it. There is a legal doctrine that says if you provide a third party with your private information, you have no reasonable expectation of privacy. I",0

This app is just what I was looking for. It syncs with google perfectly. The widget is great too. Adding new events is easy and quick. So many options.. love it!,1

Best by far of several paid calendars I tried. I need excellent calendar functionality for my business and this application has it.,1

Tried the free version and liked it so i bought the paid app. Has an issue when changing versions where I lost my home screen widget and couldn't get it back but uninstalling/reinstalling fixed that. Works great on my Galaxy S2 Skyrocket. The stock To,1

Has all the features I was looking for and several that I didn't realize I SHOULD have been! Well done!,1

"As many have said, its a great app, better than the stock app. Great display of appointment times. The widgets it allows are also very useful. Worth buying, in. my opinion.",1

"I've tried other calendar apps, and this is by far the best. Developers keep improving it, too. Way better than the stock Android calendar. Syncs flawlessly with my Google calendar. While I got it for free, I would definitely pay \$5 for it...it's worth i",1

I really like this software calendar it works fantastic! i do use several on my devices due to one does something the other doesn't! this however is moving closer to the all in one!,1

"I have been using Business Calendar for about a year now and I love it. It has a ton of customizing features to view your calendar events just the way you like it. The week starts on sunday at 7am and I can view it that way when looking at month, week,",1

"I love this calendar! It is tons better than the one that came preinstalled on my droid x. In particular I like that it shows bars representing meeting times and lengths even in month view, so I can decide if a particular week is too hectic for a meetin",1

this calendar integrates very well with the Google calendar. I wish the developer would come out with a honeycomb version.,1

"This calendar is really a great way to keep your events straight! I saw an earlier review that said the app needs a bi weekly repeat, it has one! My work schedule is a bi weekly schedule and the calendar keeps it synced perfectly.",1

"Until Business Calendar, I have never been fully satisfied with any of the calendar apps on Android, and I've tried many. They all seem to be either fast but overly-simplified and lacking features, or feature-full, resource hogs and slow, slow, slow.I fi",1

The app works great on my rooted DX running latest ota. It has a nice widget that is highly customizable and the interface reminds me of the Cal app on my mac.,1

"Works perfectly. Best app I've found to replace the lackluster default calendar app in most phones. Makes my life SO much easier entering my work schedule, seeing as many times I'll work different hours each day of the week. Really like that it saves ",1

This is a great app to have. It's a nice planner with many different options I'd recommend it for everyone!,1

"50,000,000 Frenchmen can't be wrong, nor a whole bunch of Amazon reviewers. This is my favorite calendar app, but Amazon's insistence that one be logged in to Amazon makes it DANGEROUS! I don't mind being logged into Amazon. The problem is figuring ou",1

This cal. is the best out there for android. its so easy to use and it makea your schedule easy to follow. eveyone should downlod this right away,1

"Much better than the one that comes built in. I love the widget options. Very handy addition, and worth the money.",1

the recent updates have made this app amazing keep up the great work.. The new widget design has made this app extraordinary,1

quite simply the best calendar app. I tried them all... this one syncs with outlook and google calendar very well. Info is displayed as well as can be expected on a phone. Love it...use it all the time,1

I almost didn't bother downloading this app. Although I'm not really happy with the stock calendar (it always opens on the wrong day - maybe it's an EVO thing?) who'd have thought someone could build a better app than Google on Google's android platfor,1

This is the best calendar I've tried. I got it as the free app of the day but it would be worth paying for.It lets me change the calendar of a preexisting appointment - the native app won't.,1

can't beat free. downloaded app it's good. better interface and easier to use than stock calendar on droid droid. me likes!,1

"I love this app. It's useful, it's well implemented, and it makes life simpler. My one complaint was just fixed with an update. This app is my absolute favorite calendar app. It has a slick interface, fluid design, smart views, and now a scroll-able a",1

Love this app. Tried 5 or 6 different ones until I ran into this. Works great with google and the display option are very nice and well thought out. A definate winner.,1

I like this program much better than default Google calendar. It is much easier to enter new tasks and it is way easier to review existing tasks. Month view is especially nice and does the best job of making up for the lack of mouse hover that I have see,1

Who is giving this a 4 star? This is by far the best calendar app. Don't look any further. Thanks to amazon to offer it for free long ago as the daily app. Just buy it and enjoy it. So many widgets and customizable functions that puts many developers inc,1

"I downloaded many calendar apps before this one, and deleted them all. Nothing would properly sync to my google calendar. This works perfectly, has awesome widget options, and reminds me of iCal on my mac (which I totally miss). Definitely get this!",1

I've been using Business Calender by Appgenix Software for about four years now and will not change. It is user friendly and easy to learn.,1

one of my new favorites! way better than stock calendar on my atrix. great interface no bugs. for the cost of a beer to stay organized with seamless simplicity? heck yes I'll give 5 * thank you biz cal,1

"there is no better calendar than this one if you have android 3 or below, and even the new 4.0 calendar is only AS good as this one",1

This is the absolute best calander app out there. Does EVERYTHING! Your missing out if you don't have it already. Got to get tablet optimized widgets though. Need a 6x6 minimum for tablets.,1

"This is awesome! !! i can't believe it's here and free.Seriously, Google should make this default calendar and have developer retire in the Tropics. Or better yet develope more apps for Google and stay rich. Yup, it's that good.",1

I have been looking for a better calendar and this is it. love it! HTC sensation and it is wonderful. links Google calendar.....can not live without it!,1

"I wasn't happy with my old calendar, but this one is great. it is very customizable. I like that I can take birthday notices off the calendar of Facebook people I dont know. And I'm happy about being able to change the colors to something that appeals to",1

"I have tried other calendars, but this is the one that provides the highest level of organization. The ability to set the specific modes & details enhances theoverall effectiveness of the calendar.",1

once installed seemed to slow my droid x to a crawl. at one point locked it up altogether. had to uninstall.,0

"I use this calendar daily. I use it more than daily. It integrates perfectly with my Android device, updates perfectly from Google Calendar on the web, integrates others' scheduling opportunities into mine and makes my life livable.If it ain't written on",1

This is by far the best third party calendar app that I've ever used. Everything about it just

suits me perfectly. The whole app just flows flawlessly.,1

A very generic app that is sort of needlessly complicated. Why buy this when you can do everything it can do a pencil and a piece of paper? Pass on it.,0

"I spent \$5 on this because it allegedly works with Kindle Fire and synchs my calendar from tootle, but it doesn't. Maybe one day it will, but as of 12/5/2011 it does not.",0

"I was never a huge fan of the default calendar app, and had found Touch Calendar to be my best option for an alternative to the default from the Google market. When this was released as a free app, I thought I would try to see if it worked better than T",1

This has been my go-to app for keeping times straight since it was in early beta. The graphic representation of time slots has helped me to keep appointments I might have otherwise overlooked.,1

This is probably the most valuable app on my phone. This keeps me on track with meetings and appointments and I can't figure out how I managed without it for all these years.,1

This app is better than the stock calendar by far. I love that you can see start and end times in the widget. Being able to select a few days up to two weeks at a time is amazing. Also the one touch adding is nice. Who would have thought that someone could,1

Very good integration of Gmail calendar functions. Extremely flexible and easy to use.

Definitely worth the price (although I got it for free).,1

"It's very intuitive. Not much more to say. Worth the money. And, you can coordinate multiple accounts. Would be even better with Reqall.",1

"latest upgrade is a really good calendar. Easy to use, easy to see items, syncs works perfectly with my PC's G-calendar. I'm glad I got it.",1

"I've used the Jorte calendar for a year and it was my fave, but it can't sync added calendars in your google account, like Jewish Holidays...well, this one can! the monthly view (my default and fav) is a little ugly and hard to decipher on this app, but it",1

"Pretty stoked about this app. I haven't fully explored all it has to offer yet, but I have gone through the standard initial setup and some basic customizations. I like the range of color coding options and its eagerness to sync my calendars. I can't wait",1

"I'll preface this review by saying that I've used calendargoo and touch calendar extensively. I thought calendargoo's drag & drop style abilities were awesome, this is just in a whole new league. Business calendar is still being very actively developed, which",1

"Usually I get the free version before going to a paid app, but since this was an app that I knew I would be using a lot, I decided to jump in with 2 feet & bypass the free version. As reluctant as I was to pay \$4.99, it was definitely \$ well spent. T",1

Pretty good. still has a little room to grow. icons / buttons on widget look childish. app should directly handle reminders instead of letting stock calendar do it. at least provide option to go to this app from reminder if nothing else. despite these small,1

"Love the text and colors in month view, and seeing days events without opening another screen is great. Huge selection of widgets saved five cells of screen real estate with no loss of info (actually, more info!) Haven't even explored all options... Relax",1

what a great calendar. can't believe I got it for free. was suffering with pocket informant for too long. now have switched to this. just wish u could set option to "snap to grid" when scrolling horizontally. hopefully some updates will resolve,1

"Far more functional than the calendar app that came with my phone, and, just as importantly, far faster! Overall very well-designed. Uses the phone's sync software, so doesn't work around the phone's problems with Facebook calendar sync (appointments and h",1

"I was on the fence about getting this for a few days. Normally the built in apps are pretty hard to best. They may be Spartan, but they tend to be good. This app is really amazing. This is what should come with the phone!",1

"I've tried a few other calendar apps but this is the best so far. It has a few features I haven't seen before but really wanted, like the option to set the default amount of time for a reminder before an event, or to remove it completely, which is great ",1

This is a great calendar app. I like the widget. I have configured to show three days. One tap and I see the month. One swipe and I can see the swiped days in an hourly view. Love it.,1

"This app has a great interface! Unlike the standard Android Calendar, this app mimics the online calendar interface available on gmail by overlaying a date's agenda on top of a month view. In my opinion this feature is better than the OEM Calendar method",1

Bis calendar only shows colored square in month view if you have an entry so you have to tap each one to see what they are. That was the biggest annoyance with HTC calendar. Jorte displays the text. Has more view options and it DOES sync with Google. I c,0

Does everything I need it to do. Much better than the stock calendar. Very flexible. Works well with numerous Google calendars simultaneously. HTC ThunderBolt,1

"This is an excellent calendar replacement. Slick, fast, and intuitive. I would recommend this app to anyone looking for a full featured calendar replacement.",1

Using on my Kindle Fire HDX. It has a super friendly interface and is very simple to use. it does everything that I want it to. I have been able to use it without being logged into the Amazon site as other reviews have stated. I would recommend it to ot,1

"by far the most fundamentally sound, and functional app. this is the type of calendar app I have been wanting for quite some time now. very versatile and customized for the android user. great

job! the 6th app I've ever rated 5 stars.",1

"Wow. Had I known how good this little gem was, I would have dropped the Lincoln back when I got my Android. Clean, smooth, seamless. Amazing the features and power of this application. I love the fact that it picked up my Google calendars automatic",1

I use this to consolidate my personal and work calendars and the calendars of my wife and kids. Does a great job. Better than stock Google calendar. It's the first app I install on new devices.,1

"Simply put, this makes life easier, adding imperative features to what you'd get with just the stock google calender. I can't really think of anything to complain about. I guess if I had to try really hard to find something, I could say it's not "pr",1

"If you are running the CyanogenMod 7 OS, you cannot edit calendar events from an exchange calendar with the standard Android calendar. With this app, it lets you do just that. This is a very nice feature on top of the wealth of other features. The hom",1
android market has jan 15 2012 version and amazon does not.lame for a paid app and cheating amazon users.,0

"The only thing that made me unhappy about upgrading from an ancient and unsupported Palm Treo 680 to an Android device was the lack of calendars comparable in look and functionality to the Palm calendar, which was unquestionably the best mobile calendar ",1

"Awesome app with a lot of potential but lacking a lot of integration. For one, it doesn't play nice with exchange as it does not allow you to view all of your exchange calendars, only your primary one. To see those calendars I ended up getting touchd",0

"Easily the most useful app I have ever downloaded from the app store. I use to use the standard android calender to manage my school and work schedule, but I hated not being able to easily view my friends schedule. Not only does this app allow this, but ",1

"This is exactly what I have been looking for in a replacement for the generic Google Android calendar. The flexible month/week/day views and appointment options are really nice, as is the information box when selecting an individual appointment. Anothe",1

"When I looked at the details and it specified that it is not optimized for Android 3.0, I was very skeptical but I like to test things on my Xoom anyway. It actually looks and works beautifully and kind of shocked me at how smoothly it flowed and how qu",1

"Works well, syncs with Gmail calendar smoothly. This is an app, I'm willing to pay for. Adding new events is easy and smooth.",1

Far superior to any calendar app I've seen. LOVE IT!Here's some more words to satisfy the twenty word minimum,1

I have tried several different calendars and so far this is cream of the crop! The adjustable widget allows for a full months view without the need for opening the calendar fully. Also the different colors and settings make it that much better.,1

"Being a former BlackBerry user, I have never been really thrilled with the calendar app on my EVO. Fortunately, UNLIKE on the BlackBerry, there are several alternatives to the stock app. I had already been using the "Smooth Calendar" widget as ",1

"Very nice, thanks Amazon! This app gives you a lot of great features I haven't seen anywhere else, like a quick way to select multiple days to view. It is super quick and smooth, and gives you a pretty good widget to use on the homescreen. It's not quite",1

"I like that you can color code your differerent calendars, you can have calendars from different accounts, and there are many different size widgets. You can make templates for adding new events to your calendar, you can invite others to it, you can basi",1

Exactly what I've been looking for! its awesome being able to see everything on my agenda without having to open any programs and with so many different widget options!!1

"This is a very well thought out, designed application. I like the widget also. They should consider putting a screen shot of the widget in the marketplace page too.",1

I downloaded thus back in the beta and was amazed at the polish and features of this app. The widgets are marvelous. The interface its intuitive. I purchased this one within days of it being available. keep up the good work guys!,1

Usually the free apps are so poor and at last a great one.didn't know this one and it's better than the stock appointment and calendar app of htc even. Doesn't look the best but very functional.,1

Very nice GUI and helpful widget to show the whole week calender on my phone. Very easy to add new events. They start to add some new alarm feature which is not bug-free but I believe the developer will make things better.,1

This us by far the best calender app out. I have been using it for about 9 months and wouldn't be with it it.,1

"This is a great calender app with lots of features. Has a lot of useful options, easy to read and enter dates into. Use it every day.",1

I love this app. I use the widget to show me the upcoming days and agendas. it is awsome. I would use this widget not droid.,1

What a great calendar app! I find that both the agenda view and the widgets are far superior to anything else I've tried. *win*,1

"Ever since I first got the original droid I wanted a calander widget that can place a full calander on my screen. This is the first one that I found that does exactly what I wanted, a 4x4

calander that shows the whole month in either a list of events pe",1

"I am and have been a big user of my google calendar. I love how this is an extension of my PC google calendar, its simple and easy to use, the views are customizable and alerts work great. never FC'd on ?y HTC G2.",1

"1. Wrong days on monthly view. A total shift: all Sundays appear as Mondays, Mondays shift into Tuesdays etc.2. current week on weekly view is totally BLANK!This is very bad for a pricey useless calendar. I have emailed the developers. Even added screen ",0

"Blows the default calendar out of the water. Actually worth \$6 if you're a business user, I actually feel a little guilty using this for free. Nice thing is apps like launcher pro's calendar widget integrate perfectly with all the add/delete/etc feature",1

I have used the free version of this app for several months and have really enjoyed it. So glad I waited on buying it. Uninstall free.. Install full version for free. Sweet. -HTC EVO,1

"Was not able to get this app to work, BUT I have a discontinued Pandigital tablet that may not have the correct operating system etc. so do not blame the app - blame the tablet.",1

This was not what i expected at all. it may be because I am new to apps in general. but this was more a commercial,0

I wanted to use this to get an idea of what my return would be. I went through all of the steps only for it to tell me at the end my taxes were too complex. Probably good app for people with very simple deductions etc...,0

I just used it to predict my taxes for this year and it was easy and quick.I was a little apprehensive so I put in my info from last year and it got my refund 100% correct from last year. So it looks like this year will be accurate or very close. Yay!,1

"I used the tax estimator and thought it worked well. I just had to put in a minimum amount of information, We'll see how close it comes when I finally do my taxes.",1

"i uninstalled this app because i had no more need for it. it did give me a nice quote that was only \$100 or so off from being accurate, i got more than i expected",1

Just personal only - that I don't put my SSN on line for any app - and there for didn't use it.....,0

"I have no idea what this is supposed to do. Looked like a great idea of an app, but turned out I did not need it so deleted it from my Kindle.",0

"but we will find out how accurate it was! Very simple formulas, easy app, works well on the kindle! Try it!",1

Very easy to use and gives a good "ballpark" figure of what your return might be. Worth the purchase. Thanks.,1

It's so easy to use. You can make as many notes as you want. The app autosaves when you exit. Also dates the last time you touched that note. Now I don't have to look for a pen and paper. My kindle is always next to me so this works out perfectly. No pro,1

"I love this app! It works great on my kindle fire! It's great for notes, reminders, and even long stories. I highly recomend it!",1

"I like this app a lot. I write down things like how old, how tall and when niall horans b-day is. o I love that kid",1

I love this app. I'm planning my wedding and I needed a notepad I could use to list wedding details. Its been invaluable. Also comes in handy for grocery lists. Its very simple in design and I dont have to do a thing to save since it auto saves on its ow,1

"I use this all the time for jotting down notes, love this app! One of the best for notes! Cant say enough!!!!",1

I am impressed how easy it is to use the notepad. I love the fact that it saves my work without me doing anything. I find that it will be very handy when I go to the doctors or to other important places where I need to write down information.,1

"I love notes. I have been looking for a good, simple, quick pick-up a "note taker", and this is it! I've only had it a minute and can't stop using it. I couldn't wait to write a review!

Oh no wait, can I cross out an item on say, a grocery list? ",1

I use this app when I have things to remember but dont really have access to pen and paper or dont want to carry around pen and paper. I also use it especially when I don't want to forget something. It can be used as a checklist when doing grocery shoppi,1

"Easy to use and to keep me organized. Very handy and compared to other free notepads, it is the best!",1

"Great for writing notes in class. Journaling, grocery lists its awesome, I just wish I could sync this w/ the one on my phone.",1

I first used this when I got sick with bronchitis and it worked wonders for me to communicate with coworkers.,1

I use this app for everything! I am currently planning a baby shower for my (soon to be) step daughter and a wedding for myself. Ikeep everything I need on here! I love that I can share any notes with anyone I need and easily edit them as well.,1

"Exactly what I was looking for, nothing spectacular but gets the job done. Name the page, write your notes. Good to quickly jot things down.",1

Note pad is good for reminders yet I only used it a few times because Ihave worddocument that I bought and use fr all my documents like for my shopping list on my 7inch Phablet which is a phone and tablet.However like I said is great fir reminder as well,1

"Very helpful utility that I use everyday! I love to write, but I don't need any of those other fancy things so this is perfect for me and anybody who needs a simple, but good app!",1
 I needed something to jot down notes or lists while I was using my Kindle Fire HD. This was it - it's perfectly suited just for that.,1
 "I really like using this app. This app is really usefull during everyday life. With this app, you can record any thoughts you may have, any memos that you need to write down, or even a to do list. I have used this app so many times that it has become a r",1
 "I gave this five stars because it performs as advertised, so far, and I have found it very useful for creating lists - especially a list of books I want to read. I have never kept such a list except on my Amazon wish list (which is odd for someone who re",1
 "I am the most forgetful person there is....wow this works great for me, just looking at it seeing what I have to do or buy at the store for that day.",1
 "Just what I wanted to record little pieces of information; free of a bunch of words, directions, or extra information.",1
 "it does what it says it does, so I'm perfectly satisfied with that, nothing more to ask for! if an app lives up to its description it gets five stars from me!",1
 "I am 10 years old and I write books very often. This is perfect for that. I have been searching for a place to write my books. Thanks Workpail!!!!Love,Jillian H. ^_^",1
 "I love this thing! I got it for my kindle fire and I couldn't have been happier choosing this over the other note programs I've had. You can create multiple notes on this with ease (I haven't found out if you can name them yet, but that's not a big deal ",1
 "I use InkPad on my Kindle Fire. I think it is a great app. The very small ads at the top don't bother me one bit. I also think that it is super convenient that my notes are saved automatically. It makes the title be the first line of your note, which you",1
 "Not very helpful, boring, expected, can lag at some points. Deleted the app after using it for the first time",0
 this thing is the best.I can use it to keep my notes on for school and is really helpful. I am starting high school soon and cant wait to use it!!!!!!!,1
 Works like a notebook. Same as paper. Very functional and as intuitive as a piece of paper.It's without flashy features and is not a word processor by any means.,1
 I was looking for a notepad or something to wright my songs with this did the job I can do graphs and documents for school I love this app and highly recommended it to all I like awesome things like dress up and virtual . But other note pads go OVER the ,1
 "I use this as a grocery list, diary, notes etc. Great little app. I got the free one and really really like it. Fits my needs",1
 I love this little app. I keep small notes and lists on here so I don't have little papers all over the place. Works great for grocery lists and anything you might want to quickly write down. Type it here instead and then you won't lose it!,1
 somebody near the bottom of the reviews said that there was no save button but it's auto save. I can't wait to try this out.,1
 I like it a lot - I use when reading a book and want to keep notes on my characters. I can see a lot if other uses too. So gad I found it.,1
 "I just put this on my Kindle Fire. I was looking for a simple little note keeper. This one not only does that but lets me email what I wrote! This is nice for trips to write a little and ""back up"" in an email. Very simple, very nice. Yes the ads are the",1
 "I was glad to find this app. I was needing just a simple way to keep a fewBasic lists of things. This is perfect, works great on my Kindle Fire HD andhas a help page which I found extremely valuable,for a newbie like me. Alotof times I get an app and ha",1
 I downloaded on Samsung S3. it is nice for jotting now notes and for shopping list that I most of the time leave at home.,1
 This has helped me in so many ways.Keeping track of the books to read...things to do etc etc...all so easy to record & even post it to my email!!!Thank you whoever created this!!!,1
 i gpt this app to use as a personal journal. i activated it and i immediately started typing! it saved my "documents" (thats what i call them) easily and i was able to open them backup and edit them. i also love how i can type and it instant,1
 "very good for a food diary....or really just about any note taking device....you can send anything written to your email address, if needed...the only thing I don't like is if you go back to past documentation to alter it, it will put that document at th",1
 Works great. Easy to use. A handy tool when away from your PC. Stores important info on your tablet for future use.,1
 "I decided to give this review just to stop requests to review this product. I cannot comment on this product because my wife purchased it. She passed on to our Lord in April 2012 and I don't know what it is, where it is or anything about it. It must h",1
 "This little notepad beats my fancy-smancy factory installed word processor hands down! Open it, write what you will, attach a photo, document, etc, send it or keep it, save a copy or not, close the inkpad. And....you can't hardly beat free!",1
 My wife must have bought this notepad. Not much to say about it. I am sure she is very happy with it.,1
 "I use this for everything from to do lists, to Christmas lists, to copying info from web pages

and posting it in there. It has been very useful and never crashes. It is also very easy to use!",1

i really love it is amazing i use it all the time to write on during long trips at home easy to use i really love this app,1

Take easy notes. Have for all my electronic devices. Simple and easy to use. Notes only not a lot of features,1

This is a very simple app for taking note. There are no frills but it does work well and does what you would expect from a basic note taking program.,1

I hate writing things on post it's.This app is great.What movies do I need?What groceries?What junk food to pick up?Pretty much anything you'd use a post it for you can use this...and it's free. :)Recommended.,1

"best evaa. you need to get this app. it works on the kindle fire perfect. It's just like the app on apple Itouches , Iphones, and Ipads. get this app",1

Perfect for notes. It's as simple as that. You want to write a note? Get this notepad. It's really easy.,1

this is a prettty good app to use i use it to right notes on it nd told others too too,1

This app gives me free time to write my own story's on the plane or in a car. I love this app it takes you on adventures with the books you've wrote. Best app ever!,0

I love this app. I am able to use it for so many things. I can even make my note and then send it to my e-mail if it is something that I am going to be needing later.,1

works great and saves everything automatic love that about it' Easy to use and great directions on how to get around on it,1

"Perfect for what I need. I love it! I use it for taking notes and keeping reminders for myself, just like a notepad should do.",1

"I no longer use actual notebooks or notepads to write on. InkPad Notepad has made my life so much easier. I can use this pad for anything. I love it some much I have it on all 4 of my devices (Kindle Fire HDX, laptop, smartphone, & desktop)!!",1

"this app was not the best. It was almost too simple. I didn't like the icon either, it looked fuzzy on my screen. it was more of an eyesore than the ads.",0

"I often find myself needing to make a note for one reason or another, but find it a bit inconvenient to have to carry around a big bulky notebook, but now, I can write down a note, a list of some kind, a joke, or whatever it may be, and keep it in my kin",1

I downloaded this to my kindle fire... and I use it everyday now. well worth the price. So I downloaded it.,1

This is just what I wanted and needed its like a notebook on a kindle so simple and not the ones where there are reminders you should get it because it so simple,1

I use this to take notes and make list all the time! really helpful and very convienent because I always have my kindle,1

I love this on my Kindle. Because the kindle fits in my purse I can take my grocery list with me or email to someone else if I need them to pick up something for me.,1

I really do love this app. It is the best note book or note pad app I have ever got so far. I totally recommend this app. You can put different sections of notes and duh it is saved.;),1

"Great notepad, easy, clear, and fats. Love it while shopping, recording quick ideas and memos. Love the clear yellow background color too.",1

"Love this app!! Versital, easy to use!!! Email my shopping list to mobile phone, no fumbling with paper!!! Holds multiple lists. I think this would be a great tool for many applications!!!",1

This is just perfect for my Kindle. Really needed something to keep a To Do list on. This is just so perfect and even like the font. So convenient you don't even have to do anything to say your notes. They just save themselves.,1

This pad does not meet the writing needs I use pads for. The image gives the mindset of a writing pad but once downloaded and opened it is not durable or usable. Now others may not agree because a friend of mind tried it for a few months and it worked fo,0

I love this app because it give the opportunity to write more about everything. I will recommended this product 100%,1

This is great for notes or a grocery list or anything that you want to jot down. It is convenient.,1

"Absolutely perfect for reminders and things to do. Easy to access, easy to delete. Great way to write notes you can retain for indefinite periods of time.",1

This is a great app it does everything that it is supposed to. Great also because if u want to share what u have wrote by email.,1

I was sceptical about this app at first because it was free. But this app is awesome. It's great for students who need something to write their homework in. Great app.,1

"It's nice to have something on hand to jot something down with, or to copy some words from a webpage or book into.",1

"Very simple. The first line is the file name. What you type is automatically saved. Tap a plus sign to add a note. tap a trash can to delete a note.. After a note is opened , tap the share symbol on the Kindle Fire to print a note, send with email, etc. ",1

I use this for my brain and it is very helpful to have it with me all the time. Love it!!,1

It's pretty much exactly like the notes section for my iphone. Good to use to jot down quick things to remember.,1

This is a great app for making those short notes which you need to make while doing something else or going somewhere.,1

Works just like the iPhone notepad app which is great because when I am on my Kindle Fire HD I sometimes remember things I need to write down and this app comes in very handy.,1

It is a great tool. Easy as a piece of paper to write something on and you can't lose it or miss place where you put itIt is always there.,1

"I really like this app b/c it's so simple to use and loads up so quickly even without access to the internet (sometimes w/o internet access other apps take a minute or so, but not this one). It's almost as easy to use as writing on a paper tablet. It's",1

"I just started using it, and so far i have enjoyed having it on my kindle. It is really easy to use.",1

"I probably use this app more than any on my Kindle Fire. It is very handy, and easy to use. I highly recommend this app",1

"the kindle is no ipad, but i am so used to my iphone, i needed something to put my thoughts down on and this notepad just like i do on the iphone",1

"I was looking for something similar to a word processor and then I found this. The font is very nice, and it's a great Notepad. If you want a notepad, you better get this one.",1

"Easy to use, does what I needed it to do, titles and then hides your lists! I am 63 and easily can use it",1

This is indeed the handiest quick resource that I have on my Kindle. Makes remembering things easy. I love the colors,1

I just downloaded this app a bit ago and played with it for a while.It auto saves which is nice. Works great on Kindle Fire!,1

"I really like the notepad, nice way of making/taking notes. Good way to keep track of notes, easy to use",1

I really like this program. Gives you the ability to use an email program on your kindle if you have one to email whatever you have written. I use this program a lot to keep stuff.,1

I don't have to find my list to add items. It's always with me so when I think of something I can just add it to my list.,1

"I use it as a to-do list. It is also great as a grocery list. since I carry my Kindle in my purse, I can update things at any time. When people give me addresses, I can note them here and never lose that piece of paper! It is also easy to name a list or",1

"I love this notebook and I use it all the time! It is so useful, you can use it for just about everything!",1

Its a notepad. Its free. Good for catching a quick idea or a grocery list. Whatever.How can it be bad. LOL.,1

"I love this. Every note has a date, and I can quickly find my notes since my kindle is always with me.",1

This app comes in handy when I want to jot down a quick note or two. I love it. I can easily email a note to my phone for convenience.,1

This is a very handy note pad. Besides the colors of choices you can chhose from makes it easy to set the topics apart that you use it for. Navigation is easy and it saves itself. Look very much like a miniature pad but can contain long information. Good,1

I love it! It has all what I need in my writing hobby. It was simple easy to use. And one good thing about this app is that I could share it to multiple social sites and even my email! Very cool,1

love it. writing my first screenplay on it. much like the app that comes pre-loaded on iPhones and iPods. recommended to all Kindle Fire users. Easy to use. no character limit that I can find.,1

I think the creators did a fantastic job by making an appwhere you can decide what YOU put in there.Bravo!!!,1

My iPod touch has this same app and I love it. Was happy to have it for my kindle fire also. Easy to use.,1

Don't bother with trying this app. It is soooo not user friendly. I couldn't make it work for me at all.,0

"I like this for a "quick and dirty" utility to generate and store notes and ideas. Especially, the ability to print them for later use.",1

I love this and by the way be quiet about "i cant email it". get of your lazy bums and go email on the computer. but I liked this app.,1

"I love this app. It's simple, and does what I want, to save some notes and write stuff! Need I say more?",1

Nice app to have. I can jote notes to myself and don't have to worry about looking for pen and paper.,1

This app is simple and easy. Just what you need to take down a note right when you think about it. Just like the app for the iphone. Clear writing. Easy to use.,1

"This app is amazing! I absolutely love it! Being an OCD with making lists,this app is perfect! Every day I get on it and start making new lists. Actually it seems to me that you can have almost a thousand notes. I highly recommended this app for all you ",1

"Perfect for making lists, jotting down notes etc. Automatically saves which is a bonus. Overall very user friendly and comes with a guide if you have any questions.",1
Important app for you to work with the kindle fire and fun for the customers to have this important tool.,1
"I'm kind of a freak about taking notes or writing down things I need to remember. I'm in a store & think "Oh I need to do this or that". If I don't make myself a note, I completely forget about it until something else jogs my memory. This app ",1
"I like it, it is a nice addition to my Kindle and it is very easy to use. I wish I could back the notes up, instead of having to email them to save a copy. Other than that, it's pretty cool.",1
This is the easiest note taking software I've ever used. And with the lines its feels more organized and easier to read. Thanks!,1
"Can't say that I hate it. Again, I haven't had a chance to work with it. I'm sure it will be very helpful.",0
"I just needed a simple way to organize information and this fit the bill. Easy to use, an easy to understand",1
It is just an ordinary notepad. The reason it has 5 stars is that you don't need a pen and you don't have to buy a notepad.,1
"I deleted it the next day. Worthless. Not User friendly, would not let me exit after making notes. Nor would it let me make changes.",0
This is nice to have on the kindle..when I have a thought or need something from the store it is always by my side to make a note..I love that,1
I don't know why some people gave it bad reviews because it is great and I haven't had any problems with it! Plus it's FREE!!!!!!1
"I love this app, its great for taking notes,I highly recommend this app for all ages so please download this awesome free app",1
I just go this app thinking it would be ok. I love it. Dont listen to anyone who trash talks this app. it is amazing.You can send things to your email edit notes at anytime and it automatically saves I heart this app!,1
IT'S EASY TO USE; JUST LIKE A YELLOW TABLET. THANKS SO MUCH! I'VE ONLY OWNED MY KINDLE FOR 3 MOS AND EVERY DAY IS A NEW ADVENTURE. QUITE SOMETHING SICE I'M 67.,1
This is a awesome app. I'm starting school for the next grade I'm going in and I wrote that in my notes. This app is very useful.,1
"It works, is well made and fits my kindle real well. It helps me to keep track of all my lists.",1
"Allows you to write offline and compose your email or blog statement and simply write, save, copy and paste into an email or blog site. Great program for the Kindle, five stars for sure!!!!",1
"I really like this note pad. It comes in real handy, I don't need to carry a notepad with me.",1
I tested 3 other free notepad apps (the first four that u see when u type notepad in search box) and this was the best one! It's perfect 4 writing notes! This is the best note app on here so get it!,1
"Great little notepad to jot things down in. I use it to keep track of homework, adding new items and deleting things that are finished.",1
Simple note pad without cumbersome frills - best of all - it works offline so I can access my notes anywhere. Every note shows the title and you can sort by date. Make lists or jot down things you want to remember.Wonderful app!,1
I use this to take notes in church and in meetings at work. It saves the document so I don't have to worry about losing my notes. I love it!,1
I use this notepad constantly for my shopping list as well as a to do list especially when I am at work and think of something I have to do at home.,1
i love this app... i have s.a.t vocabulary words so every time i get them i type them up on here and it saves it!,1
"This is one of "The Best" apps I have gotten. Easy to use and so handy. I am a knitter so have also found this good for quick notes in pattern changes or listing needed purchases. Not to mention great for grocery lists, things to do lists and ",1
"Simple, easy, clean. Great for lists, notes, memos, writing stuff to copy and paste for later. Easy to use. Not demanding or annoying. My content is always there and saved even when I just back out. I have and like it for my Kindle Fire and my iPhone.",1
"Useful, best notepad app there is on my kindle fire HD. So, yah... get it. I suggest it to all.",1
I use it all the time. Love how it gives you the option to send it to your email. Helps a lot!!,1
Already using every day. More convenient than carrying around pieces of paper with notes on them. Very easy to use.,1
"Nice way to keep notes, lists, etc on the Kindle Fire. I use it for grocery list, to do list, whatever.",1
Handy app for taking a quick note.Handy app for taking a quick note.Handy app for taking a quick note.,1
"This is a great little app. Convenient. Clean. Intuitive. And I especially like the feel of the "handwriting" font. Somehow, I find myself using it all the time. I'd even be willing to

pay a few bucks for an ad-free screen and some other featur",1
"I've used it for a while, works fine, easy, I recommend it for notes, grocery, to do lists anything. Cheers!",1
"This is easy to use I love it. HOWEVER, the only thing is.. if you have notes, which I do from scriptures etc. and then you need to change kindles, you will lose your notes. There is no back up. the only suggestion i have, if there is some notes you real",1
Your list is not open for all to see. It's private without having to give it a password. Great app.,1
Use this item on my Kindle. Very easy to use and would recommend to others. I wanted to be able to make list or write notes and this works out great.,1
"If you like to keep notes on your device, this is a good app for doing so. Easy to use and some people may find it to be a necessity in their daily lives.",1
"When you need to make quick notes on the Kindle Fire, InkPad Notepad is about as easy and simple as you can get. It's an app for taking notes, no more and no less, but once installed, you can create your choice of simple notes, handwritten notes or sticky ",1
"As you are probably aware by looking at the app, this is modeled after the notepad on apple's network, and I do have an iPhone, so I'm not strictly an apple or android person now that I own an android powered kindle fire hd, but in comparing the two I th",1
"I was laughing at my brother in law and because he STILL uses paper pen. Just like the 'yellow stick-ums' at the office, I am forever putting them all over the office. I don't lose these.",1
"Love it, I know just where to find the notes, and keep track of other info. I recommend it to anyone who has a kindle or android tablet.",1
"Love this! It is so incredible and simple. Nice for grocery lists, to do lists or even a notebook when going in a long car ride. Love love love this app.",1
"This is nice for reminders and lists. I use this a lot. It really comes in handy. It is great for kids to practice writing, too.",1
"I suggest you at least read my review...please ^^; But this note app is really great to have. For one, it's totally free. It's simple and easy to use. I've read other reviews there that say this app doesn't forever save notes. Well, there is the option of",1
"The icon may not be that appealing, but it's free and it saves your notes hassle free! It's a great app",1
I got this for my Kindle because my son recommended it to me. It looks like it's going to work well for jotting down quick notes when I'm out and about. It sure beats trying to find a piece of paper!,1
This app is awesome! Every body should totally get it. This app also lets you email what you wrote it's like totally awesome for everybody!!,1
This app is amazing for the kindle fire. I mean like there are no restrictions as to what you can do.,1
"I'M GETTING OLD, HA HA. I LIKE TO MAKE REMINDER NOTES SO I KNOW WHAT IS GOING ON IN MY LIFE. I DON'T TRUST MYSELF TO TAKE MY KINDLE SHOPPING, BUT THIS IS GOOD FOR ALL KINDS OF NOTES. I WOULD SAY GET IT, IT'S FREE, WHAT CAN I SAY.",1
"This was the best notetaking app EVER!!! I have been looking for something like this for, like, ever. Awesome formatting, and it puts recently edited or added notes close to the top. Awesome app!!",1
Amazing! I use this every single day! To keep track of my homework! I love it how you can email these notes! Great app!! Amazing! It's better than the app on the iPhones!! (: I recommend it to everybody that needs to keep track of their homework / w,1
"I use this to keep track of things like the filter size for the air conditioner, the licence plate numbers and things I have to do. You know..stuff. It is easy to use and a good APP.",1
"You want simple note taking ability? Then this is the one. Simplicity at its best. Looks just like a small lined notepad you get at your local office supply store. once you start a note or list it is saved. If it is really important, do what is suggested",1
"this app is so simple! it's so easy it saves automatically, just like a real note pad. I have a kindle fire, other comments say you have to have a kindle fire. so if you are scattered minded like me, and have a kindle fire, you should get this awesome app",1
"I got this free note pad app for my Kindle Fire 1st generation, and it works flawlessly. I take notes at meetings and seminars and never need a pen and paper. Thanks to college, my handwriting is illegible, often even to me, so this app is perfect for ",1
"This app is exactly what I needed! I mean, when I was at the store and I forgot my list, I was like, "Aw, shoot." But those days are over because I take my phone everywhere with me. Thank you so much for this app.",1
"This serves its purpose. Haven't had any issues with it. I'm a list person so I love that I don't have to have a bunch of papers everywhere, great for a shopping list.",1
"I can't tell you how much I love this app. My husband has it on his tablet for meetings at work and uses it constantly. I use it for any number of things. Great for lists, directions, etc. You name it. This app is USEFUL!",1
"It is very useful for writing down little thoughts, or important information throughout your day. I'm in a lot of AP classes in high school this year, and this app has helped me a lot!",1
Much better than the pen pencil and paper plus I like being able to take it with me everywhere.

Nice for drs.and honey do lists.,1
 Its helpful for sciencen projects. You can also make notes on something then email to someone. Its very usefull for work and school things,1
 All I needed was a note pad for me to type my church notes with and I found it through this app.,1
 I have found this app usefully when I need to jot thinks down I need to remember. Im glad I have it.,1
 The description lies. Description says "write like a regular notepad." That is not true as you have to type everything. If you're not a thumb typist this is useless. I can jot notes six times faster than trying to type stuff in. And.....,0
 This is my new best friend. I use it for everything from food to travel info. No more scratch. Paper laying around.,1
 Random title but thats what I feel like putting in so DONT RUIN MY DREAMS AND GO BACK TO MEHICO!!!! ^^ anyway :) ...its a good app where I can just write down all the things I need to remember like where I need to put this dead body..... anyhooo its coo,1
 "Its nice to be able to get your thoughts down so you don't forget what you want to get done, and carry it where ever you are.",1
 "I love this i use it all the time, and if you forget something you can go back and edit it anytime. and when you close it out it saves it.",1
 I love this app. It allows me to jot down anything at a moments notice. Easy to use and truly convenient. Recommend to anyone to have.,1
 "I'm a list maniac. I never go anywhere w/o my handwritten list, and if I leave it at home by mistake, I'm pretty much lost. Now I can have my list and type it too, so to speak, on my Kindle Fire, and travel around with it. I can even compose poetry on",1
 I gave this rating because it's incredible. it's right there the minute you remember something you have to get or do so you don't forget anything. Ireally like it it's like your memory and I would recommend it for all.,1
 why does it always autosave my mistakes and not my three paragraph 250 word essay? I could have sworn it saved when I typed as and it came out as in. then it didn't save that¡!!!¡!!!¡ So only 1 ★!¡!,0
 a free app that does what its suppose to do. No more ..no less. Its like having a pad full of sticky notes. it's a good app for my kindle fire.,1
 Love this little pad!!! I was always taking notes on little pieces of paper and losing them. This is so much more convenient. What a good app. Thanks!,1
 "This is a nice little note pad. I have two on my Kindle and they both work well. It does what I expected, so what can you say...it is a great note pad.",1
 This app is very nice it helps me sort everything I need and have to do.But very good orginized app.,1
 "This is awesome- I love being able to use it for all my thoughts throughout the day. It's just like a notebook, but has e-capacity!",1
 "InkPad is the best notepad app I have. The font is easy-2-read, and you can learn how to use it right from the start. I write notes on InkPad for school, and they're SO easy to study, right from your KindleFire.",1
 "Comes in handy for so many things. I've used for groceries, general shopping, to do list and to keep track of info at Dr. appts and meetings.",1
 "This is the best thing I've come across for notes on the Kindle Fire. Don't get the newer version from other markets unless you need he search feature, though, since it just adds synching with Google (which the Kindle Fire doesn't support, yet). Part of ",1
 "This is exactly what it says it is... A note pad - not a word processor. It only has one font, (actually two - Android or Inkpad's) and and there are no formatting tools. It is easy to enter your info and the entry is easy to save by either the first wo",1
 "As soon as I installed it and tried it, I uninstalled it and found better free apps within minutes. It was too difficult to write with and being left-handed (although I'm sure that made a difference) it was just to tiresome to operate.",0
 "I am a pen and paper kinda girl. However, I really like this app and am using it more all the time. I will never solely rely on technology but it's easy and VERY convenient.",1
 "This is an excellent app. I first used it to track my Christmas gift purchases and found that it is a very good tool. I would highly recommend it, even if it wasn't free!",1
 this is a very simple app that is great for writing down things. I never even notice the adds. its great for making lists!,1
 inkpad notepad is a great app. it fits all my needs and is easy to use. I recommend this app.,1
 Love this app. Use it from making shopping list to keep track of the family meds. Lifesaver for everyday things and lots more.,1
 "This is a very awesome app. I have absolutley no complaints. I love this app because I can never remember anything, so if I need to remember something, it goes in my notes! Very nice addition to my Kindle Fire:",1
 I have been looking for something like this! Every other "note" app syncs with every calendar and blah blah blah. This is so perfect for just jotting down something quick! Super easy to use! Its my favorite app,1
 "Works just like I expected it to. Use it for my shopping lists, Quick notes while I'm out and I

don't need to search for a pen and paper. Once I'm thru, I can just delete, no paper to waste. Love this little tool.",1

"This is the best note pad have ever used,,,, Its great how it saves information on its own. I will be using it all the time.",1

"If you just want to be able to write notes on the go, without a lot of extra useless stuff Inpad is for you. When I need to make grocery lists, to-do lists etc. This app is perfect. I don't need different color notes or anything like that. And since I d",1

Tbis is a great app for jotting down some notes any where you are. I haven't used it too much yet but it looks like it has many capabilities.,1

This what I was looking for to write down notes and remind me of things to do. Works well,1

This ink pad is great! ! you never have to worry about not having a pen or your paper getting messed up . its easy to use & is always on your phone or any tablet. GET THIS APP! !,1

My son show me I could put this on my Fire and I have already started using it for my Christmas list. I know this is going to be my favorite app. I can see how will be able to use to take notes at meetings or in the class room as I visit with my studen,1

InkPad Notepad is simply amazing. It is super easy to store. You can email notes to friends and share notes on Facebook. Your notes are auto saved so you don't have to remember to save it before you go. The way to find your note is just to simply go to t,1

It could be a lot better Looking deleted my notes.Very hard to type on and hard to find notes when typed. I,0

I downloaded this app as a way to get my ideas out of my head so I dont forget them and this app does exactly what its supposed to and works perfectly on my kindle fire.,1

Love this app! It's very easy to use and useful! I use this app on both my Kindle and Galaxy.,1

This is my favorite app for writing down notes. It's simple to write & easy to read. I would suggest down loading this app. & its FREE!!!,1

ok this is exactly like the one on ipod! its amazing that they have the same thing for kindle fire! im really happy right now you should get this,1

"As much as I like sticky notes, I lose them. Not too helpful. Now, I write my notes. It is automatically saved. I can email them. My Kindle goes wherever I go and so does my notes, to do list, free writing, etc.",1

This type of app was the reason I bought the Kindle Fire. I wanted a simple to use notepad that I could use to jot down items like a grocery list. This is super simple to use.,1

I like to make lists for things I need to remember. This is an excellent & easy way to do it! Thanks Pat,1

"Very easy to use and manage. Just what I was looking for. Shopping lists, planning notations, anything. There when you need it, and gone when you are done.",1

"Not much to say.It is a note pad and you put in notes it works fine on kindle and it,s free",1

"I keep grocery lists, shopping lists, and notes to self for books others have recommended. Very easy to access and use!",1

"She says it's customizeable, neat, and useful beyond little reminders. I downloaded this for her kindle fire HD and it gets used daily. Highly recommended...",1

Needed a program for work. A co-worker recommended InkPad. It's great FREE and doesn't require you to purchase upgraded for it to work! Just type and send it to yourself.,1

"This notepad is simple and intuitive.Since I didn't need fancy functionality and stylish fonts, just an app that takes notes and allows me to share or archive them, this was the one out of a handful I tested that I kept and moved to the top position ",1

"This is a basic, simple note taking app that does its job well.All the basic kindle typing and editing shortcuts work including swype.No graphics and no bells and whistles. And as i didn't want graphics this is perfect for me.Being simple it doesn't take",1

"This is great for having a place to jot down notes real quick, just what I was looking for since my GS3 didn't come with an easily usable place to take notes.",1

This program is exactly what I've been looking for. This program is optimized for one purpose and does it well. I sincerely hope it does not end up with feature creep. It works great on my Kindle Fire.Siimple lists with the ability to edit list titles,1

"I needed a simple notepad for my Kindle and that's just what this is. I have used it extensively for things like packing lists and to-dos. No extraneous features, just a nice clear notepad.",1

"This is a true life saver, I have used this program daily and find it to be a great asset and simple to download/install and use.",1

"I loved the built-in Notepad on my iPod Touch, but since I got my Kindle Fire, I haven't looked back. I downloaded and tried many "notepad" apps to use instead, but none were as good as the one for iOS. Some are great though, with color coding ",1

Works perfect. Best item I installed. Easy to use. I keep all my notes here from measurement to bad jokes to...anything.,1

this app is great! I use it all the time for little reminders. this app is just so freaking awesome!,1

OMG!!!! I luv this app. I have started a journal on it and I never get bored of it. I thought I was going to have to get and notebook and start one but then I saw this.... for free!!!!!! I was soooooo excited!,1

"I have this app on my Kindle Fire and its definitely a keeper!!! I can put unlimited amount of

words, sentences, paragraphs, etc., on it! This app is amazing and its FREE! Totally recommend if you are looking for something to keep your notes, lists, sho",1

"This free app does exactly what it says. There is an unobtrusive ad at the top and you can sort your notes by alphabet or date. However, the name of the file is the first part of your note, you can't change that.",1

"I use this app all the time. You don't have to "save" it or do anything special with formatting, etc. It's always handy.",1

Overall this is a great list creation app. I currently have numerous short and long term "TODO" lists as well as stored data lists that I am working from. My only regret is the lack of a separate keyboard to attach to the Kindle Fire. The touc,1

This is a great app while you are on the go. You can list all of your reminders and even your shopping lists. This app is worth adding to your android device. It is quite helpful to remember things while you are on the go. I would highly recommend it,1

"Easy to use, I use it for all the passwords needed for today's security, to do lists, phone #'s to enter later, etc, etc.",1

I really like this app as it allows me to put notes on my Kindle when I am out and don't have a paper and pencil handy.,1

I keep all my notes on it during meetings and just reminders for me for daily things. Can 't do with out it. No need for paper and pencil with this app.,1

InkPad Notepad is easy to use. It has useful features such as what amounts to a table of contents and automatic save. I love it!,1

"I have used many note pads but this is the best. it is great for school, it helps me in all subjects it has easy 2 read font and automatically saves. works fabulously on my kindle fire plus it is free- best note taking app ever!!!!!!",1

"works just like it says it will and actually auto saves the note just as you write it, without having to do anything out of your way to save it. I loved this app.",1

"Handy and very easy to use. Can easily delete old notes or sheets. Also, can easily add new note(s). Just what I was looking for.",1

It was a great pick for my wife and I and a great way for us to communicate in case we ever forget to do something through out the day.,1

I enjoy this so much I make grocery list etc.. they don't get lost. easy to add to .. then I can print and take with me. since my writing is hard to read this notepad is GREAT.,1

I like having a notepad with me but never seemed to have a pen. I really love having what I need all the time at my fingertips,1

I love InkPad Notepad. I use it all the time. I write poetry and it comes in handy when I don't have a pen and paper with me and it always stays on my device. Everyone should have this it is great.,1

good 4 story wrighting i rught funny 1s saw i got fer dis crap... well bye... anyone hos reeding this,1

ok this app sux don't waist your time with it the other commints are wrong boo this app if your a writer like me NO not for writers BOO BOO,0

This is a nice app to have on my device. I use it during meetings and it comes in very handy for jotting down quick notes. So far I haven't found any negatives with it. If you are needing a notpad on your device this a great one.,1

I love this app its perfect for typeing a story or just to put down notes I would recommend this app for any age,1

"I haven't used this app very much yet but in trying it, it does seem to be fairly easy to use.",1

easy to use -- i take a lot of notes and make a lot of lists for different things and this works well for my needs,1

"I just type in a list for the store (you can title it with the store it's for), and it gets saved automatically by the 1st word, the store name! I bring it up in the store, and ta-da! I don't forget anything!",1

Real nice to be able to write quick notes when I don't have a pen or paper handy. A okay.,1

i luv this app i write my books in here and my friends say i should become an author but i am torn because i want to be a vet...,1

"There are so many note apps! But I chose this one out of, like 20 other apps and it was the best choice for me! It keeps you very organized and never gave me problems(: Hope you like it!",1

This is a fun app my grandkids like to use it. Once I get my full size blue tooth keyboard I will have even more fun with it.,1

"I did not like the way this app looks. The note pad always appears blurry. Otherwise, it works fine for what it was intended.",0

I really like this note book. I like that each note page has a title and you don't need the Internet to use it. I just have to remember to charge my kindle before I go out. I have a page for my grocery list. My list of movies I want to watch. My to do li,1

I am using it for a journal of sorts for the year. Good app. Easy to use and it saves what you are doing.,1

"At least I did. It wasn't what I was looking for so I deleted it from my KindleFire. I was hoping for something like looseleaf where I could write my own lists, in my hand, not typing it out letter by letter with my stylus which just frustrated me.",0

"This app is helpful, well organised, and easy to use. Perfect for taking notes or any other kind of writing.",1

"I LOVE inkpap on my Kindle Fire. Tho I have an app on my phone, this is a fun way to have other lists of things I want at a glance too. Really a neat app! Thanks",1

It keeps my notes organized and in one place. Sticky notes are great but I'll grab it off the frig and lose them or not be able to find them in my purse. The inkPad is great for taking notes while on the phone too.,1

"I would recommend this to anyone who does bids in the field. I use it rather than paper and never lose my notes. Awesome to have, easy to use.",1

Lots of times I need a notepad and pen and I don't have one. Or I write myself a grocery list and leave it at home or at work. With this one I can make my list and automatically have it with me because I carry my phone everywhere. Awesome!,1

Great for taking notes! I even paired it with the Alarm Clock Xtreme Free that can remind my to look at my notes where I write what I have to do.,1

this is a spectacular app. It helps me remember what I planned to do that day or what was going on. really nice app:)),1

"Any one who uses legal pads for notes, shopping list, To Do List etc. does not want to miss out on this app. Does exactly what it says it will do. Very easy to use. In short...you have an electronic junion or regular legal pad at your finger tips.",1

"What a great little app. It's not elaborate, just enough. The email feature is great. You can make a shopping list on the Kindle, email it to yourself, and have the list on your phone when you're out. So easy. If there are ads, I have yet to notice them.",1

This product was perfect for me because I am always writing down quick notes or ideas for stories and hate having to waste paper on notes that are going to be disposed not to long after they are written. It keeps them all in order for me and allows them ,1

It is just waiting time I gave my son this app and he cried for his kindle time and I feted it madly that I broke my kindle screen.,0

to me this is a really good app for things like writing poetry or songs. or even shopping lists parents. not a single thing could be better without costing money,1

"This app is nice and neat, as well as simple to use and very handy. It's definitely great for to-do lists or just about anything else you're trying to remember.",1

I can store notes about anything on my Kindle anywhere I go. It's free- what's not to like! It's almost like an electronic post-It note. I would definitely recommend this app.,1

This is the perfect little note pad. I have it on my Kindle Fire and use it regularly. It serves my purpose well. I just needed something to jot down notes for reminders or even just random thoughts. It titles the notes and then you can easily delete whe,1

"This is a wonderful app that you can type, and keep notes on! It is easy to use and read and fun! Thanks creators of Inkpap Notepad! :D",1

"I use this everyday as my own personal journal, notepad, and shopping list. It is easy to get the hang of. I cannot overstate the usefulness of this app. I recommend this to any and all kindle fire users",1

"I like this app. I can jot down ideas, or draft a poem. I like the sharing options. I wanted something inexpensive that would help me with my writing needs -- this fits the bill!",1

"Good app covers the basics,works as if you were writing on notebook paper!!!Auto saving,nowifi required and the title of it is written(typed) in the big section header!!Great app!",1

The notepad is excellent. I give it 10 stars. This is my new way of writing my notes instead of on a notepad!,1

"Love this, need this want this! This is just what I was looking for and it works very well for me, thanks",1

"This is a good app! Very easy to use, just what I wanted / needed. This also has an adorable font!",1

Many uses...my to do list works great as well as my grocery list. Easy to use and then to delete your lists too! I would recoment it!,1

"I was surprised to find that the Kindle didn't have a notepad app standard and that I had to download one. This was exactly what I was looking for. Something simple that I can jot notes down on. Great, simple app.",1

"As a recent convert from Palm OS, one of the things I really needed was the ability to take notes for my consulting gig. InkPad works well in this regard. InkPad allows you to store multiple notes in a fashion similar to the note pad app baked into Palm ",1

"With neurologic damage to my hands, I no longer write legibly. This little notepad has saved me! I take my Kindle everywhere with all of my lists and reminders right at my finger tip. This is a great product.",1

"I was looking for a free writing app and this was it. I didn't think that it would allow me to type short stories and save them, but it supplies ample space and saves previous notes. It also allows you to send the note to an email address if necessary.",1

"I really like this app. If you want and/or need a note app, this one is a great pick. It's virtually the same as the Apple version of notepad. I like how you don't have to manually save the notes, and it just saves by itself.",1

"Works for me. Write notes, save paper, save money. What you see is what you get!Just what I

wanted.",1

"This is a fabulous little app. Jamie Oliver uses several videos to explain a lot of common kitchen steps. I love how the recipes have step by step pictures showing all the different steps. This is a very well organized and helpful app, I look forward to ",1

was not able to install because it asked for more mem.. even tho I have .8gig on internal and 10 gig on SD HTC EVO 3D,0

"App downloaded, installed and opened without a problem. This might actually help me figure out what to do with my kitchen.",1

running on asus transformer. when i click on recipe it shows a big picture then force closes. this is when i dl the 80mb of media or not.what a tease!looking fwd to update that fixes this.will rerate when a fix come out.,0

"It's like having a cookbook on your phone. The problem is, if you're cooking, you're probably at home or at a friends house, and if this is the case, you probably have a better option than this anyway - the internet.Instead of being spoon-fed a limited n",0

I first downloaded this early in the morning as I didn't want to miss this all. I love all of Jamie Oliver's work. \n\nAbout 7 hours of the 80 MB download not working I decided to uninstall and reinstall. While the initial download didn't ,1

I have a old droid and this app works great.. it did try to force close when asking about videos but than I took others advice and just did them later and i had no more problems love the app love the videos and can't wait to try some recipes! so gla,1

this is a very well designed app. runs well on my Droid Incredible 2. seems like a lot of thought was put into the design and the recipes look good too.,1

"I got this app from the market and paid for it. It is a great app. There are videos and recipes and shopping lists.I also love the tip videos on how to prepare steak and risotto. If nothing else try it, it's free and once they fix whatever glitch peop",1

Something very wrong with download on VZW Droidx. Even with wireless it aborts the app.Might be nice if it worked.,0

"Works well on my TMobile-US based G2 (HTC Desire Z). It's really the content that makes it great, but the interactive recipes are presented in a great way.",1

Downloads and installs on sd card nook color cm7. Videos are great - many useful instructions and hints - so much more convenient than my falling to bits cook books,1

"it's a good app probably equivalent to several (many) episodes of food channel. great and easy reference and videos. autorotate isn't working right on my gtablet, but that doesn't impede the usefulness.",1

"I haven't used this app in a week; I have restarted my device multiple times.Someone please explain to me why this needs to run in the background. Even after I force close, it starts back up a few minutes later. It is a f\$*%g cookbook!",0

No download issues. Installed fine and even followed a previous reviewers steps of downloading the media from the menu after clicking download later. Great pictures and directions. NO FORCE CLOSE ISSUES.Try reporting the problems and a reboot before 1*,1

"Comprehensive, great tips. movies are fast, informative. Oliver I'd passionate about fresh food. Gives a pantry list of essentials and a list to go shopping with. Already learned 4 new things today in less than 20 minutes. Thanks Amazon and thanks Jamie ",1

"UPDATE:I downloaded and installed the update. This time it was able to download the 80 megs of additional data without crashing.Alas, as soon as I tried to view a recipe, the app force closed. It still has a problem with switching between portrait and ",0

"In spite of the reviews I downloaded this app on my Droidx. So far it's working well. It takes a lot of memory but it's a high-content, attractive app. Thanks Amazon for this great free app.",1

"Review from Toshiba Thrive 16gb.I wanted to really like this app, my sis would have loved it - and I could really use it. I also RARELY give one star reviews.I have uninstalled, rebooted, installed the update, and this bad boy won't play any videos. Be",0

"And I'm impressed. this Jamie fellow really seems to know what he is doing. he gives you a list of fine recipes (easy also!) and walks you through them in a clear, concise, manner. i thought it might be a bit gimmicky, but the pictures and videos are t",1

"App downloads fine, but then fails to install, like there's a problem with the install package. Please fix this.....",0

Hopefully this will get fixed. Force close on droid x gingerbread. I hope they send an update son to fix the issue.,0

"I ended up uninstalling because I couldn't figure out how to stop the app from ALWAYS running in the background and slowing down my phone. Probably my own problem.Buy I must say, I learned some great stuff from this guy. My favorite tip? Put your boneles",1

This app is amazing. The recipes are soooo good! And the app looks really good. Very easy to use!The fact that you even have videos makes everything more simple.,1

"I downloaded the app, with the extra 80 MB from the prompt, this morning onto my Droid X. No problems with FC at all.The recipes look amazing, and I really like the hi-res pics and vids included. The shopping list is a good feature as well. I also lik",1

"this is a great app not just an app also a cooking guide. the steps are easy to fallow and the tips he gives are good for beginners. I like the setup of the app too, good one chef :D",1

I was able to download the media content from within the app. It all runs very smoothly and looks

terrific on the Incredible. I can't wait to try out some of the recipes. The tip videos look terrific.,1

I'm amazed at the quality of this app. I guess it should be expected for an \$8 app though. only problem I have is I'm not sure if its downloading the additional media. No way to tell :-(,1

Beautiful app. Recipes move between portrait and landscape when they should and no force close. Downloaded video from within app as others suggested and no problems.Can't wait to try them.,1

I would have kicked myself if I saw this app having been free and not snapped it up. What a wonderful way to approach cooking instruction. Your cookbook is your shopping list is your cooking show is in your pocket. This may actually qualify as something ,1

"I tried installing this first on my Iconic tablet. Wouldn't load. Uninstalled. Reinstalled. Nothing again. Tried installing on my Droid X. Couldn't get it to work on that. Videos would never load. Ingredients were missing...blah, blah, blah. Would have ",0

"Looks like it doesn't work on all phones, fortunately it does work on the HTC sensation. worth the download, especially for free, 7.99 would be a stretch though.",1

I'm sad to hear about all of us having trouble with force closings.. it works perfect on the Incredible is all I can say to everyone who has one. the pictures and videos are beautiful!! I hope they do continue to develop this app so you all can enjoy it ,1

"People please don't rate this app as a 1-2 STARS because it doesn't work on your phone - unfair! I have EVO 3d and this program ROCKS! It is very intuitive, clear and easy to follow direction, great pictures and videos! Most comprehensive cooking program",1

"This app really helped me to get started cooking. As a college student, I've been looking for a good way to learn to prepare healthy meals without spending hours and hours looking at recipes, tracking down ingredients, and then trying to make someth",1

"At first, the video downloads weren't downloading, but that seems to be fixed because the queued videos are downloading now. Having said that, I've watched the Knife Skills, Preparing Garlic, and other vids and I'm impressed! Jaime is talking and teach",1

"This is one of the more beautiful apps that I've seen, and is the type of useful app I would love to see more of.He makes cooking look easy and I found myself making a few recipes I would not have dreamed of trying without Jamie's help.It worked great o",1

Wish he would add more videos. I haven't used the recipes but I learned a ton just by watching his video tips.,1

Does not work. I care not the reason why... I do NOT rate apps based on potential of how good they might be once fixed. The app was released in a broken condition do it gets rated in a broken condition!,0

"It's pretty obvious that a lot of thought and planning are in this app. I followed completely through two recipes, with all the tips, etc. and feel confident that all of the app is of the same high standard I saw.This is perhaps the ""slickest"" app I hav",1

They obviously put a lot of work in this and it shows. This is really worth it. If you aren't a good cook this will probably make you one at your own pace. Takes you by the hand if you want or just use as a normal cook book with shopping list.,1

"Wow! This is, by far, the nicest cooking app I've seen -- and I love that it's free today! The recipes all sound and look delicious (the photography is excellent). Navigation is smooth and intuitive, ingredients and equipment are easy to find, and the ",1

The video tutorials make it. Recipes look great and the shopping list makes it easy. I definitely recommend this for anyone,1

"Workaround? None needed. I enabled WiFi, answered yes to the introductory download, and it is doing its thing. Like most apps with large downloads, it doesn't want to do out over 3g. They should fix the fc, though, and replace it with a message about",1

"Just wanted to let everyone know thatthis works great on my phone. I'm looking forward to trying out some easy, healthy recipes from here.",1

"I didn't think I'd be impressed with this app at first, but it didn't take long for that to change. This app has great recipes, great cooking tips, and great videos and pictures to help you along. You can create shopping lists based on the",1

without outo rotate this is useless on tablets and mounts... and in the kitchen I can't recommend it till I can autorotate and use it on my kitchen mount,0

This application does not deserve one star. This application is one of the few that actually uses the smartphone technology the way it was intended to be used. Glad I downloaded it and reported it to amazon that there was a problem on their end which ca,1

"Jamie has great simple recipes that my whole family likes. this app is awesome with its what you need list for ingredients, and ability to add them directly to the shopping list. also change recipe for 2 or 4 people, and watch how to videos. great app!",1

Great app. Gives you some really good ideas on what to prepare especially when you can't think of anything to prepare.,1

"Finally, a useful app! I've got to be honest, I've grown tired of the games Amazon offers. But, in regards to this app, all is good. Videos run smoothly, no force closes. So far so good. Works perfectly on my MyTouch 4G running Android 2.3.4.",1

This app works and looks great. I did not get the force close on droidx. I let the a 80Mb download complete and everything is fine,1

I love to cook and bake and with Jamie's 20 minute meals I have some great recipes to cook on week

nights that won't take a long time and my family can eat sooner.,1

"This is a brilliant app; part cook book, part cooking show, it is a perfect (or at least very very good) cooking app for a phone (or, I presume, a tablet). The videos are helpful and he has little audio hints at done steps in the recipes; all in all, ver",1

"To avoid the force close issue I told it to download the extra material later and chose manual download right off. When that was done the program opened fine. What a treat! Awesome use of multimedia, beautiful presentation, excellent recipes and the pri",1

"I'm having trouble installing this app on my 3g touch slide Froyo 2.2.1, so I emailed amazon about it. It's annoying to read one star reviews when the person probably never bothered to contact the dev/customer support.",0

"I went ahead and downloaded this app, even though others were having issues. I'm glad I did.. It works perfectly on my Incredible 2. I love Jamie Oliver recipes, and this app is beautiful, and very informative.",1

"This app is really quite impressive. the graphics and user interface are beautiful alone, not to mention how useful the tips and videos are. I love this app",1

they fixed all the bugs and it looks real clean and iPhone looking this is how I want all android apps to look.,1

"I've been watching for this application since it came out! The user interface is easy, the recipes easy to understand, and I am looking forward to using this application on a regular basis.",1

Love the idea. The application has a very nice appeal to it. Only problem is landscape view makes g2x go crazy but that's something an update can fix. Just send feedback!!!,1

"Well done and organized app...Great recipes with good production values.. but beware.. Because it's video intensive, it requires an additional 80 meg of media files....The original 14.5 meg file as well as the additional media files go directly on the S",1

This application would freeze on a regular basis. I find that just googling recipes is much easier than using a phone application,0

He's a great chef and this is a great app for preparing some of his recipes. Easy to use and works well. However it is a large download - but worth it.,1

I don't usually rate apps but felt compelled to let people know this app WORKS WELL on my EVO. Thanks!,1

Love Jamie Oliver and his goals. This app looks great on my nook color running cm7. Would definitely recommend to anyone who wants a nice looking cooking app,1

Big help. Check it out. Thanks amazon. I will surely use this app. Nice graphics. Not sure about 7.99 but it seems like it can be good.,1

"Good recipes, but more importantly, super-informative instructional videos teaching essential basic skills, such as the proper way to cut an onion, how to chop really fast and so on. There's also a shopping list generator which is really handy.",1

"I first reviewed this app and gave it 4 stars because it kept force closing when I tried to download the extra data, I tried downloading it connected to WiFi and it worked. I haven't had any problems since so I'm revising my review to 5 stars. ",1

The videos are awesome high quality and very detailed. Various types of techniques demonstrated are well done. I can say now no more fried baloney sandwiches for me!,1

"Needs to be updated, does not work on galaxy nexus or tablets (rotation is messed up, makes app unusable). Version on android market fixes these issues",0

"This is a very cool app. I've never seen anything like it. The videos played very well on my droid x. With all of the photos, recipes, instructions, tutorials and shopping list I can see this app being used a lot. Miss maybe 1 of the best apps amazo",1

I do like this app altogether. I'm using an HTC inspire 4g and every time that I've used it so far it works consistently and correctly. I love the shopping list and it makes cooking up and shopping for a good meal even better than a piece of pa,1

It works perfectly on my Droid running 2.2.2. Nice pictures and video. Don't know why other phones are having a problem with this. I'm using the early Droid phone.,1

"I'm sorry, but I don't have 20 minutes to spend on a meal. Could Jamie put out a 17 minutes meal app? That's about all the time I have to spend on a meal. Thanks!",1

this app is very useful because it helps me learn the ins and outs of cooking and being extremely organize icons. A lot of new techniques I learned was from this app. I highly recommend it,1

"Will not download additional 80 megs of information, it asks me and when I select now it does nothing then force closes the app. I can get download quiet then nothing else.",0

Works great on the EVO 3D. Awesome recipe app with step by step instructions and pictures at every step. Very cool for a free app of the day.,1

"It even has videos to supplement some of the recipes. For those people who are complaining about force closing or what not, you shouldn't complain and give the app 1 star because you have a crappy out of date phone that can't handle 80 mb. I have t",1

I was forced to choose the 1 star because the reviews section does not allow users to choose ZERO stars because that is the honest truth about this app since this app does not deserve even 1 star but zero stars instead! The reason why I downloaded this ap,0

"works fine for me and its a pretty good app. would i have paid 8 bucks for it? definitely not, but for a free app it's a great deal.",1

"This is what programs should strive to be. Organized and well executed. May be slower on older phones due to its graphic nature, but i had no problems with it. Only real complaint is the lack of total number of recipes, especially due to the ridiculous s",1

Zolmo seems not to give a tinkers cu\$\$ about supporting Amazon with updates.. using with galaxy nexus causes repeated unsuccessful download even when app is uninstalled. 5 emails to developer... nothing. Do I have to pay them \$7 to get the update on the ,0

"I love how easy this app is to use. The photos, videos, and step-by-step instructions are awesome. I had a FC when initially trying to download media. I chose download later, then downloaded through the menu with no problem.",1

"The app is very polished, well thought out, and extremely easy to use. The videos are very informative, and the recipes are chock full of information, including pictures for every step. \n\nIt's also great that you can instantly add all the ingredie",1

"it is a really large app but its worth it if you have the storage. i have a Galaxy s so space wasnt really an issue for me. Slick UI, pretty snappy, and it has decent recipies. And its Jamie Oliver. He tried to make school food healthier but he for kicke",1

the app looks fantastic but it is packed with glitches. it force closes as soon as you try to download the required 80mb download. it also force closes at random times. in addition it tells you that you don't have a licensed version and you need to buy i,0

"First off, I chose to download the additional content later. This app is terrific. The layout is impressive. There is so much this app has to offer. The videos are helpful, the recipes are easy to follow and my favorite part is the apps ability to creat",1

"Opened application it stated it needed to download like 80MB of content then when I clicked on it fc, if it is fixed then I will related it.",0

"HTC G2 Since they updated the app, it's running smooth now. I love the recipes and the step by step instructions. It's pretty much exactly what I wanted/expected from a ""Jamie Oliver"" cooking application.",1

Improvements: move ' delete all records' in mpg screen from main screen to hidden menu. Add record export to cvs or similar (useful for business car expense tracking in quick books or similar),1

"This app does what it says it does. It keep track, but still requires user input. Could use a little cleaning up, otherwise good though. Wish it had a widget instead of the notifications.",1

Uses up battery by always running. YOU CAN'T TURN IT OFF!! How screwed up is that for a program like this? Quickest way to be uninstalled program by me is eat up battery (besides obvious not work or be malicious) and at least SOME of those will turn off ,0

"Really liking this app now that I've had it for a little while now. Wish I could tweak some stuff though, put more info. in and be able to get rid of things that I think really isn't needed. But for the most part it really does help you keep track of wha",1

"This is an easy way to keep track of everything on your car. Very often when getting an oil changed or any other service we are asked when the last time we changed our wiper blades or had a coolant flushed. Most of us scratch our heads and say, ""yesterda",1

"Great app in theory, but as soon as I installed it and moved it to the SD card, my phone kept unmounting the card. And when I tried to move it back to the phone? My settings went bouncing back to the main screen. Uninstall. (Evo Shift)",0

"I actually use this app for tracking my MPG since my car doesn't have that feature built in. It calculates my MPG based on my last fill-up, which is more accurate than what some other apps offer. It saves me the trouble of doing this the proper way.The o",1

This review won't be helpful since I never really used the app. I downloaded it and found it to be pointless for me.,0

"Glad I checked before updating. The new version wants to 'discover known accounts'. Worse, and not sure if this is the fault of the dev or Amazon, that perm doesn't show up on the install screen unless you tap to see more. Also see the update has tra",0

"This tracks EVERYTHING, including your gas mileage. I like that it doesn't lock you into certain measurements, like changing your oil every three months or 3,000 miles. I'm not a big fan of how it has you set everything based on both mileage and time b",1

"Simple to use. Highly customizable. The app provides suggested tone and mileage intervals for all maintenance, which makes it easy to get started with for those who may be less familiar with suggested maintenance. I also love the MPG feature. It may be a",1

"Been using this for a while and it does what it's supposed to. I probably would have given it 4 stars until I had to rebuild my phone the other day and found that it had been quietly backing up my data to the cloud. Without that, I would have lost all ",1

Like the gas log feature! Does all the work for me. I've been using pen and paper for years on 4 different vehicles. Too bad this wasn't around back then to help.,1

"App downloaded quickly, small file, and is transferable to SD card. Easy to navigate User Interface. It's not the flashiest looking app, but is super-functional. Only permission requested is to write to the SD card. Well worth \$2.I'm excited to go into m",1

I got this some time ago. I tried it. It was to limited for much of anything so I didn't use it much. After a month or so I decided I could better use the space it was taking up and uninstalled it.,0

Fantastic little program. It takes care of your autos records. To the person or persons that wrote this program.....THANKS! Outstanding job.,1

"I use the app regularly to input the miles, gas price and gallons used. The graphs are great and I hope after couple of years the data will be very useful. I have used it for 1 year. I had to change my Amazon account, and when I delete the appstore it is",1

"6/11/2013 OK the backup didn't work, I had just backed it up that morning so all should have been OK. When I tried to restore it said that ""SD card may not be available but import successful from an alternate external location"". Sorry but it did NOT impo",0

I diligently maintain my car records on this. It helps me analyze car problems and take preventive action. I think my car will last a bit more longer because of this app.,1

"Please make the oil change field allow set mileage changes other than the presets. Thats the only issue and I have tried a lot of these tupe of apps, this one is the best!",1

"Pretty much what I was looking for. Does everything, including customizable fields for each interval for those of us that don't go by the ""recommended"" everyday settings or those with older vehicles which require more frequent changes.",1

"The graphics are very good. The play is pretty easy to understand, but it does take some time to figure out what all the weapons and defenses are. This is a game you can play right from the start without a big learning curve. eventually though you get to",1

Downloaded it as the free app of the day and only played it for like 2 minutes. It was very confusing and I didn't understand how to play or what to do,0

boring boring boring boring boring boring boring boring boring boring boring boring boring boring boring boring I only put 5 stars cause I felt like it,1

"I think that this game is a waste of our hard earned money. This game disappointed me and my kids. I think that if you get this game, you will be mad.",0

This game is kind of stupid. It has no real point and is not fun to play. I do not think it is worth the time to download,0

I would highly recommend this to anyone who has a android phone. Me and my daughter play with this game all the time.,1

"The poor reviews for this app are warranted. It is boring and there is no need for the permission it requires. Skip it, Skip it, Skip it. Amazon has given us yet another dud in a long line of apps that are nor worth loading as the Free App of the Day",0

come on amazon give us a decent free app...the ones on here latly suck! are you ever going to acually put candy crush saga app on here? does anyone from amazon acually ever read these comments?,0

I don't trust this app one bit after looking at the permissions. Im not installing this on my rooted phone and don't suggest it.,0

I took this to work one day and had a blast with it. Kids love it. Specially if they are boys.,1

"Of all the Yoda Apps out there. This has to be the best one. You won't find this great of quality anywhere else. Best Yoda App I've seen. Thanks for the excellent App. Do or do not, there is no try! Now let's go do some yoga!!!",1

Well designed and implemented. You should disregard hate reviews that should have been directed at Amazon's practices or selection of free apps,1

so glad i remembered to check out the faotd today. this is a great find! i normally use tapes but sometimes i find it to be limiting. now i have no excuse to not do yoga when i wake up or go to bed! it is an awesome tool and i am excited to see how it wi,1

"I'm a beginner to yoga, and I find the beginner routines easy to follow and still challenging. Tip for true newbies: I watched the routine all the way through before I tried it the first time and tried out some of the poses. Made it much easier to follow",1

"Pocket Yoga is amazing. Whether you're on the go or at home, your own personal yogi is always with you! The practices are very customizable. Three types of practices are available: Ocean, Desert and Mountain. Each practice is tailored to a specific flow.",1

"Since in the origin of yoga each position represents a different named pagan god, it is not for me or my family. I'll stick to weight lifting and aerobics.",0

"My wife has this application on her iPhone. Looks to be a straight port, which is a good thing. Although there are a limited number of sequences, they are pretty good for beginners to intermediates. But for much less than the price of one single yoga cl",1

"A great app to be able to carry around with you anywhere! Home, beach, office or traveling! I enjoy it and what it can do and offer!",1

people have the right to an opinion. there are multiple reasons to rate 1 star. it doesn't just have to be based on how well an app works. it can be rated based on how well you like the apps content. read the rules of posting a review.as for my revie,0

"This is great!! I've done the P90X Yoga a few times but it doesn't let me customize my workout. With this, I can, and it can't be simpler to set up and follow. My wife has about 10 exercise videos on Yoga but enjoys using this as well. I wish more An",1

"this is crap, if i wanna do yoga, ill do it with television or in a gym, very useless app if i ever saw one.",0

"First off let me say that I never had even thought of trying yoga before. I was looking for a change in lifestyle, I wanted to be more fit and active and I made up my mind that I was going to push myself to my physical limits. and as I must admit were ",1

No excessive permissions and the app does exactly what it says...what more could I ask for?

Thanks for a good choice after yesterdays stinker...makes me only blame the weekend help now!,1

This is a good app if you are interested in yoga. There are lots of different poses I normally don't write reviews for the free app but the pagan and yoda morons made me compelled to write.,1

This app is MAGNIFICENT! Pocket yoga combines Ashtanga and Pilates yoga disciplines and puts an excellent stress reliever or a good workout in your pocket. It's a great app and it will be on my phone for a long time. 5 stars. EVO 4G 2.3,1

"I did not get this as a faotd, but downloaded yesterday based on recommendations from others and though I have only had for one day/workout, I know I have a great class in my pocket that I will look forward to using and it was well worth the reasonable p",1

"does what it says, nice app for beginners; graphics are kind of retro-simple, they could have done pictures with real people .",1

"...& the losers who gave one star should crawl back into their holes & stay there. What kind of moron gives one star just because they don't do yoga? If I didn't play video games, but got on ign & started throwing out horrible ratings to grea",1

"One good free app, then ten lousy ones... Thanks amazon, we really appreciate your free app promotions (wipes sarcasm off face).",0

"This is a great app for someone who wants to try out some yoga but doesn't know how to start. I particularly love the option to customize the workout with just a couple of taps, even choosing length. I have been thinking of spending the few dollars on thi",1

"Personally, I don't do yoga. But I hate that people are giving this app bad reviews simply because they don't like yoga. That has nothing to do with how good the app is! If you don't like yoga, leave the app alone! It looks to me like a pretty great litt",1

Don't review an app if you have no intentions of even downloading it. Cool app for someone that enjoys yoga. Thank you amazon.,1

very useful! is there really someone who gave this 1* because yoga positions are named after pagan gods?? what an idiot... i wish you could flag comments for stupidity,1

I've never tried yoga before. I've been doing a lot of crossfit-style exercises and only downloaded this app hoping to get some flexibility back. I love this app and I love yoga now. The app is great for beginners like me since it has a description of t,1

way too big for what it is. there's no reason for something like this to even be bigger than 1MB.,0

"This is a great yoga app whether you are a beginner or an advance Yogi. It's great for people that travel a lot, it's almost like having a Yoga instructor there right with you.",1

"Love it! just like a real yoga class and great for a beginner like me. has three different styles of yoga, three different levels, and three different time amounts, which is great for my lifestyle.. 2 beginner level practices and I can feel it working a",1

"I've been wanting to learn more about Yoga with the hope that it could relieve some of my back pain. This is a great app to help get me started. You can look at diagrams of poses, I beleive it has 60 different ones to learn. You can also go through an",1

no thank you. I know its free and all but really? I think yall can do better. I mean yoga? fo reals?,0

that's what happens when you empower idiots to write reviews. app is what it says it is. take it or leave it. its not going to make you a gangster. its exercise for the mind n body.,1

"I love yoga but my schedule does not allow me to go to yoga classes often. This app not only brings the classes to me it is also cheaper than paying for classes. It is easy to follow, and you can choose your yoga style, difficulty level, and how long you",1

I actually paid for this app. It is totally useless because the measurements are inaccurate. total waste of money i deleted it.,0

Another round of ridiculous reviews. One star because you don't play golf? One star because it won't help find your way home? Gimme a break.,1

"Remember, the gps is only as accurate as your hardware. The app has a quick and easy to navigate interface and even allows for new courses to be added. They thought of everything!",1

"5-10-13 I finally loaded this app on a GPS phone and my opinion of this product is greatly enhanced. I now can take it with me to the course and use the features in real time, and I am very pleased. The yardages are always within a yard or two of my Garmin",1

"I tried to dowload free app but it stopped and it has to be forcedClosed. I was thinking about buying it but i dont want to payFor something that wont work. If i do purchase it, will i get a refund if it will not work? Thank you.",0

"Want to see what the course looks like from exactly where you are standing? It works as it should, and the interface is nice. I would recommend the purchase. Trolling unnecessary. Great app!",1

"Another great app. I always look forward to seeing what's next. Been looking for a golf GPS app. this one looks nice, and it's free! Please keep providing this most generous service. I think your choices of free Apps. covers a broad range of de",1

"this is crap, why this crap?, seriously, worst app ever dang dang it, not even free is worth it",0

"except the available courses, only one of the courses I normally play wasn't available. this app does exactly what it says. those 5 stars are got all devs. this app. legitimately works, and well. if it is. not accurate maybe you need to learn to use ",1

"I m so happy with subtitles^^, \ni will test this app when i could step on the green. \nthanks for

free and thanks for progress~!",1

"If you're going to a course for the 1st time then this app will be a ball saver. I used skydroid for a long time now and this one handles the hazards and overhead views better. As for accuracy, gps will generally get you within 3-6 yards, I was alw",1

"I just downloaded this app a few minutes ago and went straight to the all night glow golf course and I just shot 18 holes in one, all because of this app! \n\nThen after that I used the app to cure a stranger aimlessly walking down the street of blindness",1

Keeps force closing on my HTC Thunderbolt. Looks like it would be a decent app if they update it and fix this problem.,0

What a coincidence that this was the app of the day when I was planning a golf trip. Very interesting concept (would work better with GPS balls) and found a few courses around my home I didn't even know about.No crashes or issues with the program and GPS ,1

"This app is the best thing since sliced bread! Some of you may know me, my name is Tiger Woods. Last week I fired my caddy because of this app. I don't need that bum any more because this app does his job much better than he did. \n\nNot only is go",1

"I don't golf, but I love to bowl so I thought I would give this a try. I was sorely disappointed. I had hoped the distance finder would help with my bowling game; it was no help at all. As I'm also an avid horseshoe thrower, I thought it might help with ",1

don't give bad review because u don't play golf this app works great I got it long time ago for 4.99 sad people rate apps because they don't play that sport rate apps on how good they are nobody cares if u like golf,1

love the you can shop feature buying 3.5 million dollar items!! not much of a slots game player. b minus,1

Slot machineawesome this is my favor slot game - i played it for three hours one day and two hours the next day,1

Love that I can play and play.....the payouts aren't everytime; but enough that you can stay on the game for a while and stay completely enthralled...5 Stars!!,1

didn't work well on my Kindle Fire. registration of numbers were way out of place. Horse race ran forever and had to force it to stop and poker game missing some of its card numbers. Sorry cant recommend this game and will be removing it from my Kindl,0

I uninstalled immediately after I downloaded it. There seems to be a problem with it running and crashed my kindle.,0

There are various levels and even some free spins to boost your score. You can cash out and apply your score to the next game .,1

Have fun playing these games. Can become addictive very quickly. Told all my friends about these fun games. Slot of fun,1

"This US very boring. It might be worth playing if it rewarded the pocket change it promised but just like every other game or app that's download ed d from Amazon, pocket change doesn't work. Not worth downloading or taking up space e . On your kindle",0

didn't like the game you might so give it a try. sometime people like stuff and i don't so give it a try,0

good way to pass the time. cant seem to ever lose. i play whenever i have a few minutes of down time.,1

this is a fun and addictive game once you start playing you wont be able to stop I would highly recommend this game,1

I really enjoy this game but I like to gamble and I wish you could play more coins at one time. also you should have another bonus game that comes up besides killing the turkeys. I play the horse race and scratch the card and the other but you do not win,1

"Just more of the same old pay to playcome on. You pay out and get nothing in return, what a waste of time.",0

"This game is a fun way to practice your betting skills. It starts out small, but it will get better.",1

This "Little Application" is really a "Big App"It gives hours of pleasure.I love this game.It is just like a "Casino" on your Tablet.I would highly recommend this to all who like slot machinesGive it a "10" for the 777Try ,1

..Enjoy the game very much. Like a trip to Vegas in the middle of the week.. Recommend it too ALL my friend.,1

"Very fun, can't seem to stop playing, got the whole family not wanting to put it down!!!Very nice for a free app",1

I play real slits fairly often and lose most of the time. This is realistic and you do not lose.,1

"At least in this free game, you win lots of (unfortunately) money!!! Lol.. well worth the download. Hope to see more as I go.",1

This is a really fun app and keeps me entertained when I am not able to go to the casino.,1

this is exactly what I was looking for! a lot of the other apps are confusing. I could do without the mini games though.,1

i didnt like the app it was very boring and there are plenty of apps that have the same concepts that are alot more fun. sorry hope that helped,0

"great reminder of how simple it was to write on original palm os devices.not as practical today with capacitive screens thou, kinda makes me wanna buy a capacitive stylis just to use this.",1

"I cut my PDA teeth on a Palm IIIe. I recently acquired an enTourage Pocket eDGe dualbook, with stylus and resistive touchscreen. This app works GREAT, and for someone who spent a lot of time entering text in PalmOS, it's MUCH faster and more ergonomic ",1

"To my knowledge, Graffiti was the first successful handwriting recognition for the masses. It was popularized by the PalmOS of yesteryears. It has its shortcomings in that user has to adapt to Graffiti's sometimes quirky gestures. But once user get over",1

"Now I can keep up with my daughter's typing speed, and she grew up with these gadgets! I mastered Palm's Graffiti years ago. On my tablet, I just couldn't make my big fingers hit the correct key with any keyboard I loaded. Now it feels so natural. I hav",1

WHEN I TRIED TO SET AN ALARM IT KEPT GOING OF ALL THE TIME WHEN IT WASNT SUPPOSED TO. THIS APP. REALLY STINKS,0

"I tried other apps but this one has better options & looks prettier. Very versatile & adaptable. However, I don't use the launch app option because it turns my volume off.",1

Didn't work junk not worth the download skip past this one don't waste space on your hard drive try to find something else,0

"this app is a hidden gem within apps, its great as an alarm, it is very flexible and has tons of features all for free!",1

"traded phones and tried others, came back to this one. You can set up your own ringtones for the alarm, easy to use. all around best one for me",1

"Very easy to use. Highly customizable. Of all the alarm apps I've tried (there's been many), this is the very best by far.",1

I tried and tried but no matter what I did I could not turn the sound off!! do not install this app it is a wast of time!,0

Great tool. I have been using it for over a year now. It allows you to use music. Set multiple alarms. Also you can have your device volume separate from alarm volume.,1

"Love this app. I especially like the hourly grand father clock chimes, although for some reason it occasionally chimes off the hour.",1

"Only alarm clock that has ever worked for me on a regular basis.. no worrying about the volume being turned down on a clock radio, you can set it to wake you up to any song on your phone, or to an app (supposedly like the weather forecast, but I can't fi",1

first I set it for 7 o clock then it woke me up but did not shut up so I deleted the app but it still has the alarm set and I don't know how yo turn it off.,0

"The people who are submitting bad reviews about this app are just like the people who are submitting bad reviews about the Kindle Fire. They spend about half a minute exploring the features and decide that it sucks, making false reviews with information ",1

"I got that app and it froze my kindle, and I try to shut it down but it wouldn't work I had to get a new kindle because this stupid app don't get it",0

this is very helpful because I got to go to school (just saying I'm 9 so if I didn't spell some of the words rite sorry) but this app is so tottaly awesome. if I were you get it,1

I downloaded this app thinking it would be great. I tried it out but it didn't make sound. u would recommend not getting this app.,0

"I used the ad-supported version of this app for about 3 days before I went out and bought the no-ad version; not just to get rid of the slightly annoying ads, but to support the dev for making an amazing alarm app. I find it mostly impossible to get out",1

I thought I would give it a try. Everytime I would set the alarm it would shut off or stop working. I couldn't get it off my Kindle soon enough!!!!,0

"installs and opens, but crashes when trying to edit an alarm. you can't use the app... i cant further review the app until this is fixed. Five stars when running on my Galaxy S II... :/",0

"I found it to be too obnoxious for me to deal with as an actual alarm, but I am looking into other ones that are similar.",0

I love this app. the one thing YOU NEED TO MAKE SURE TO DO is when your setting alarm make sure you set the dismissal. to turn the alarm off you can simply press a button or do a math problem to turn your alarm off. it has an button so that you can play y,1

I really suggest you get this. its free and it still lets you use your music as a choice. and even more there's. setting where you can make it where you have to do math to dismiss it! clever,1

"I just wanted a basic alarm to set. I found some extra's that I didn't know I wanted. Love the nap button, and that I can adjust the snooze time.. Have this app on several devices.",1

I hate it I hate it I can never set a single alarm and it always says that it cannot stay stinken open sunbathing don't get this app ever,0

"I was going to use this as a travel alarm on a recent trip. Tried to set it up and test it before I went, but I couldn't find the snooze when the alarm sounded. It may have been there, but I couldn't find a way to shut it down, so I uninstalled it. I ",0

"The app is a great alarm, and has many customizable options such as selecting your own music to wake you up. There is an option to do math to dismiss the alarm.",1

I have waisted a lot of my time searching for a list of all math formulas on a regular computer. And now here it is. I have found another app on kindle fire as well that I had never seen on the computer. What am I doing waisting my adrenaline on this rev,1

I got this with the idea that it may be useful. It has everything damn near in it and explains some information about said equations.,1

this app is what ive been looking for no nor paying tot a tutor for me keep up the good work,1
 "If your having some trouble with math, then this is right for you. The explanations are accurate and straight to the point.",1
 "I have used many math referenceapps, but this is by far the best I have ever used on any market. I figured I should make a positive review before I upgrade to the paid app.",1
 "If you think this is no good because you can't practice, it says "math REF" not "math practice". It shows you the rules like a good ref. If you're looking for hands on practice, then look elsewhere because this only shows you whateve",1
 I wanted to help my math but I thought this app should help but no I want a 5th grade app that's free and actually helps,0
 "Pretty pointless. Unless you like putting thumb tacks in a wall. Then maybe it's for you. Random touches on the screen redirect your device from game play to advertising. Not fun, not exciting, not funny... Uninstalled.",0
 "this app is addictive~i cant stop playing it. i like to play mp3s in the background too, and when pinman gets tortured enough he twitches and it seems like he is in a lot of pain (idk if thats a glitch or not). the app works nicely on kindle fire :) and ",1
 "Did you know that you can change the bsckound and make the guy wear a tuxedo! amazing right, I love this game my friend, Elis and I think.it is so funny. one time, he even fell over because he was laughing at this app.Get this app : Its really hard to g",1
 in my opinion this game is a load of fun you can make shapes attack a person even a stand in for your boss. I like this game because of the gyroscopic controls.,1
 it is the perfect time waster pointless and fun over all great app fast download u will want to get this app,1
 probably the worst most pointless game ever played. amazon should do something about developers reviewing their own apps. one goes on to say this is hilarious. laugh laugh laugh. B.S.,0
 I love this you can do lots of things I like throwing the shapes at him he gets all bloody buy it BUY IT!!!!!!1
 "I highly recommend this app to very angry people. Just pretend the pinman is your worst enemy! lol, this is also a very good time-wasting game:))",1
 this game was boring when I got it I thought that there would be levels or something I have never UNinstalled a game so fast if there was a 0 star I would give it to this game,0
 you get to pin a man with tacks and you can turn off the blood. and you can get shapes and throw it at him.,1
 this game is terrible you poke a little stick figure with a pushpin and that is all that you do it was a.waste of space and I deleted it because it was boring,0
 "Until permission to open to the network is explained, I will not download this potential Trojan horse.The same program could easily be run as local only, so it's trying to do something.",0
 "all you do is stick a pin in him, as many as you can fit. this gets boring quick. I think I played it once.",0
 this is perfect for taking out this guy as in killing him! this is a lot better than punching a sibling,1
 I expected this to bad a unique and fun way to waste time simarly to paper toss. but this was a very boring game without any real excitement or fun involved.,0
 Use your imagination to have fun. You can pretend like he is a guy who has a new power control or you anything you want.,1
 it wont even let me play the freaking game it does force close every time!!! it doesn't solve ur anger issues it make them WORSE!!!,0
 "its really fun,but i mean the problem is that from time :o to time it gets boring.....oh! LOLZ! i didn't even try to make that face.....anyway,buy it!",1
 "right from the start I didn't like it, their was not much do do. Their was an add covering something in the bottom right corner. I would not download it.",0
 "With or without blood splattering turned on, the app gets old quick. Perhaps if there were something other than geometric shapes to use, the dummy had texture instead of being a stick-like figure, there were some good sound effects, and realistic blood",0
 "Pinman is a fun fun game, which is great for letting out anger (especially with the blood). You can beat him with objects and pin him to the walls. The best part is, I wont get accused of murderer!!!",1
 I think this is great if you tap your guy you switch body's and you can switch map download this it is awesome and your gonna like it,1
 stupid there is an add in the corner blocking something on the kindle fire STUPID don't get it if you have a kindle fire,0
 My son cannot get enough of this silly app. It's very amusing and catchy. Maybe more background effects would be better.,1
 A fun game for when you're bored. Sure to get plenty of laughs from this! Also good for those days when you're really mad hahaha(:,1
 Every time I tried to play this game it did not open! Awful game I will never play this game again.,0
 I loved it! it was a total laughing matter me and my bff loved it also if you are stressed or in a happy or giggly mood go ahead and give this a tap. :),1

214/683

"On my Kindle Fire HD this app won't work. When I open the app it says 'Pinman Free has stopped' every single time. It's not worth your time to decide if you want to get this app for your anger issues, download and install, and then end up with an app tha",0

This game is AWESOME!!!!!!! it helps me take my anger out and is fun torturing the little guy bug this app,1

this is a great game and it helps with anger. just imagine its a person you hate and boom solved,1

this app Sucks because I don't get to play the game because it force closes every time I try to get on,0

"I love this app, but a note to the creators, for about 5 seconds there was a glitch that made my little pinman have a seizure, and that was the funniest thing ever!! You should take that glitch and incorporate it so when he gets all bloody, he starts flo",1

"this app is the best, I couldn't stop. one time I glitched a square through his head and it looked like he had a square head. he also did an awesome backflip. I give it 5 stars.",1

"awesome!!! when u r at the start screen,drag you finger across it for a new background!great anger management game and great for just every day.",1

dude everybody who hasn't played this game you should play it or your lost come on you should get this app for your tablet.,1

"good if u r mad at someone, it calms you down and burns out the anger. didn diendone sonfpg doeo",1

it would help if the game would actually start up because every time I do it say pinman has unexpectedly stopped working,0

this doesn't deserve any stars...whether you have the blood option turned on or off it makes you flinch. i don't like it at all. don't waste ur time with this...no offense.,0

I was so confused it was not funny. idhdhbcchdhshdvc. ffhhrjfdhfbdb dhdhbgdhevvdvdbxhd dh d hf hgf dddvvdv dgggfhhdhd dhdhfhhr ddhgggdvd dhdhhdhrhf,0

every time I get pissed off I just hang the dude and make him bleed its awesome I make him have a spasm,1

I cant beloved some people actually like this game if I could give it a negative 12345678901234567890 I S0000 would. so FYI: DONT GET THIS GAME,0

it was rllly boring nt worth the download hope u dnt download it bcuz it was super boring n dumb,0

Daughter really enjoys this game and it is free to kindle fire owners. I feel that this game might not be good for younger users because of the fake looking blood.,1

This product does not run on my kindle no matter how many times I have tried to install it. Terrible product. Fix this!,0

"it is awesome , so fun you can have either one with blood or not, you can change the clothes(office man or not) , if you click the pin and touch the dude you can pin the guy to the wall, and if you click the + you can add shapes and hit the guy with them",1

I love this app! you can " pin " him down by arm or legthen poke him in the tummy! and you don't getaccused of muder!I would highly reccomed getting this app.,1

this is not an ok game. my kids didnt liked it and they played it a little. then got bored with it.,0

This game doesn't work on my kindle fire I pressed start and it says pin man has stopped I hate It I hate it I hate it and besides it makes my screen turn black and white and there's nothing I can do its and it deleted all my apps so now I have to 're do,0

it is a little gross but u can turn off the blood it is also hard 2 pin the man in the begining. But it is so much fun. I recommended to kids older than 12 because of the graphics.,1

Wat's with all those bad reviews? this game owns! i once covered the guy completely in blood. one of the best free apps!,1

this is a great game. don't listen to people who say it sucks. you can beat the life out of him. you can make stuff appear and beat him with it.,1

"This game us cool. What you have to di is pin the the man and you can also use squares, triangles, rectangles, and circles. And if someone is watching you , you could just turn off the blood. I rate this game a five star.",1

Its an awesome app!! Its funny and entertaining and a wonderful cure for boredom!! U can add different shapes into theroom with your stick man too. You can also turn off the blood for little kids!!,1

this game is very fun for a time killer. turn off the blood when little ones r around though. the only thing is that they shood add something to make it even better,1

"I knew this was a "bad taste" APP but thought it would be good for laughs. It would, except it doesn't function as expected.",0

great game for when your mad or if you have anger issues (Wich i I don't.) but it is a good time waister.,1

"This app is absolutely fantastic. I don't think I've exercised this much in my life! I've never found the motivation to do any of these exerxises, but this app shows you how to do the moves correctly, and there's no super skinny chick smiling and yelling",1

I LIKE THIS APP A LOT BUT THE VOLUME IS VERY LOW AND HARD TO HEAR EVEN WHEN YOU ATTACH SPEAKERS.,1

Excellent tracking device to monitor your workout progress as well I as your specific excercise program. Can easily be customized.,1

I've lost 12lbs since Oct. 15. Works for me. I would tell all to get this. You can make it as easy

as you need it. Then go rouge and get crazy. It's fun and keeps track of all you do. 6 Stars,1
This app has helped me try new things in the gym and switch up my routine. I would recommend this for any android user!!!,1
Fast paced enough to keep me interested. I love this app. I have a really hard time finding motivation but this is going to be on my kindle from now on. I actually enjoyed it and felt accomplished when I was done. Can't say enough good things about this ,1
if considering purchasing this app dont because it is a waste. it just list what exercises to do with little explanation. It contains exercises that are common and easy to do.,0
"I have worked as a physical education teacher and a personal trainer. I thought this app was the next best thing to having a trainer and getting dressed to go to the gyn and take a class. I'm pretty fit, but get like I had a great workout when I used th",1
doesnt give you a real workout and is very blurry and does not make any sense at all so dont get it,0
"I have tried all of the alarm clock apps because it is an important one. So I found that his has been my favorite out of them all. It is the most reliable and user-friendly, with plenty of options but not so many that it is overwhelming. This is always i",1
It's replaced my physical alarm clock. I really like that it tells you how much sleep you will (or won't) be able to get before the alarm sounds.,1
"this app is awesome. type w.e you want it to say for u to wake up . loooooo creepy. but its cool. GET. IT. NOW. I WILL BE HERE TILL YOU GEDDIT. GODDIT? K...,..... Are you installing it?!!!! you better be!!!!",1
"perfect app for busy moms. would like it if added ability to have alarm repeat monthly and every 2 weeks not just daily, weekly and yearly. there seems to be a glitches where it reminds next alarm when certain apps are added or opened. but overall best a",1
I have used this app for a few weeks now and I like it. I really like that I can decide what the alarm says. Try it I tkink you will like it as well.,1
Worked well for a week then would only alarm when it wanted. Should have listened to other reviews and I wouldn't have been late for work. Going back to my good old reliable cell phone alarm.,0
"The voice alarm is loud enough on the Kindle Fire which is known to have weak volume overall. It's very handy to have an alarm that can tell you WHY the alarm is going off in the first place. Then, of course, there are the endless possibilities for humor",1
"This app was perfect for easy setting, and my whole day is timed with alarms, right up to 8:00 PM when it goes off for the last time of the day, so I can find it (used to lose it once a day). Then it starts all over at 4:45 am....",1
This app does everything that it is supposed to do. It works fine on my Kindle Fire. Remember to put your Kindle to sleep (not off) to save battery life.,1
"This app has a few serious issues. First and most serious, I could not access any of my wireless networks reliably while this app was installed. Second, the app (for whatever reason) would randomly announce the next alarm time. This can happen while sle",0
you can set lots of different ALARMS/reminders and it will alert you by voicing the text u input into the alarm. PURE AWESOME. Not always telligible but giving this the full 5 stars because some doufus reviewer gave it 1 star a few days ago.,1
I have a kindle fire. I got this so I was able to wake up in the morning without having an obnoxious sound every morning. I got this so I was able to come up with a better way. This was a waste of battery. I lost so much on battery and it wouldnt uninsta,0
"There are not enough words about this app. It's so easy to use, and keeps me on time for everything. Having an app talk to you is fantastic! Waking up to it is so much better than other alarms. Everyone at work that has seen/heard mine has gotten this ",1
highly addictive. I love playing. quick and easy. onlineand off. great for memory and concentration. great for any age. easy to learn.,1
I love how this game can provide many hours of fun-filled challenges!!!Definitely recommended to someone who enjoys a challenge!,1
"Awesome app, really fun time waster because there isn't any goal in it. I play it all the time because it makes time go really fast.",1
This game is supper fun you should all try it. If you need to waste some time play this supper fun game,1
"I guess I am just stupid because I don't know how to play. I clicked how to play, but if you don't have a large screen it's too small to read.",0
I loved this game as a kid and still do. this is a great electronic version of an old time classic.,1
Like so many others remember this fondly from childhood. Really great game for phone. Nice for quick break. Thank you!,1
This game is very addictive & brain stimulating. Would recommend it highly. Easy to learn & had different skill levels.,1
don't get it it is a waste of ur time it has no point to it wat so ever so I'm telling u don't get if is waste ur time,0
"Great brain exercise game. Start out easy and work your way up to expert. Solving the code is different each time you play, so it never gets old. Good for teaching kids about logic.",1
"This is just like the game Mastermind that I used to play, and now I have gotten my children into

it as well. There are 3 different difficulty levels and the games are short, so it is perfect for passing time while waiting in a line.",1

"It isn't too hard and is good for a lite challenge. Since, the response dots don't correlate to the dots on the board, you can never be sure you are right. The game is pretty self explanatory, so even beginners shouldn't have too hard of a time winning.",1

I'm running the free version currently and having no problems with it on my kindle fire. I loved playing this with friends years ago. I used to have it on my Pc until windows 7 came out and my game was no longer compatable. So I'm enjoying this on my kin,1

this is such a fun game and addicting game. I was surprised about how challenging this game was. its actually harder than ya think.,1

"If you can logically think out your next move, this is a great game. If you just want to punch in colors willy nilly, you should skip this game and play something simpler. Don't give the game a one star rating because you didn't read the brief instructi",1

I am not what you would call a gamer. I would much rather read or crochet. One night this little game caught my eye and I thought I would give it a try. Two hours later I couldn't figure out where the time had gone. This game is fun and a bit of a ch,1

It reminds me of the game mastermind. It's a fun quick playthat relies on logic to crack a code.,1

This game will challenge your mind and make your brain think. There's different levels for different levels. You and your family will love this game.,1

"Tons of fun. I had forgotten just how much!No issues on kindle fire. Smooth and intuitive. Easy to learn, great for the kids.",1

"downloaded on my Kindle Fire and it is fun, not too hard but makes you have to think a little. Enjoyable way to pass time and it works great on this device.",1

you can change the difficulty within each level by changing the settings. either have it repeat colors or allow blank spaces or not. I enjoy playing,1

I really like this game its lots of fun my little brother (9 years old) loves to play it too,1

this is a great brain teased game. really makes you concentrate and use a lot of reasoning and logic. would recommend. to everyone. can be addictive,1

"I love this app! It really makes you concentrate. I highly recommend it, you will not be disappointed or bored.",1

"a fun remake of master mind, or so I've heard. I enjoy never the less and I'm glad I got it.",1

"One of my favorite games; love games to stimulate my brain. If you are not a person to sit and analyze things, don't bother. This takes a lot of thinking. If you like to use your brain give this one a go!!",1

I love this app. Going to buy the pro version. Helps me relax in evening. Happy when I succeed in knowing the placements of the colors in short time. Lets me know my intuition is in tune that day. Plus it's just fun! ;),1

"I am always glued to this game! Whenever I play it, I never lose! Once you play it for a while, you get the hang of it. My parents can't even figure this game out, even after I explain it and I show them the directions! But it's perfect for my kind of br",1

This game is a great brain game and never gets boring. I'm having too much fun to go to the MEDIUM and HARD levels but I'm sure I'll get to them eventually. My husband is not too thrilled with it but I think it's because he gives up too easily.,1

"If you liked Mastermind you'll love this game in which the computer pegs for you. You don't have to be concerned about your opponent pegging incorrectly. You can guess five colors, like Mastermind, or three or four for an easier game.",1

this game is awesome!!!! it is so much fun!!my brain hurts when I play it....but....it is SO much fun!!!:(),1

"i absolutely love this game... if you are a person that likes mind games, this game is for you. its not too difficult but it keeps you thinking.",1

Nice version of Mastermind game. I like that it has three levels and the graphics look very pleasing to the eye. I just wish the clue pegs' colors were a bit more vivid because it's a bit hard to distinguish between the grey and the white sometimes.,1

"i LOVE this game! there is a board game version of this game, which i have been playing my whole life, and this is exactly the same thing! this app is awesome!!! if you dont have this app, GET IT!!!!!!!!",1

"Oh, how I hate this game! I mean, the other games they produce are enjoyable, but this, it's an unenjoyable one.",0

when looking for apps to play on a long car ride this one fits all the requirements. including the fact that it doesn't need wi-fi. this is one of my favorite games and it is a great app,1

This game is a great game to play anywhere. It does not need Internet access. That means hours of fun.THANK YOU GET,1

I like it most because the hints on the side are different patterns everytime so u really have to use ur Brain I LOVE IT!!!!!!!!!!!!!!!!!!!!,1

"This is a fun game. The different levels allow anyone to play, and the hard level is a nice challenge.",1

"I saw this game when I first got my kindle, and I wanted to try it out, and it was fun! I absolutely love this game. crack the code is easy for me. yes I have lost a lot of times.....but ive won some too. either way its really fun. u should get it.",1

this game is super fun! especially on the kindle fire so I reccomend to buy it. very good! Go ahead buy it you know you want to! :),1

"I really enjoy this game. It's a great brain teaser and is easy to navigate this app. I recommend this over angry birds, fruit ninja, or any of the many other mindless games out there.",1

Reminds me of Mastermind from years back. Great program works well have fun with it. Helps keep the mind sharp and the logic going.,1

I love this app it is a challanging game of skill and fun. this is so a five star game people!!!!,1

"As a young boy, I loved the board game "MASTERMIND".This game is just like it, except it has two great advantages.#1- PLAY VS. CPU: You don't have to beg your completely uninterested older sister to play the game with you!#2 - VERSATILITY: Yo",1

I like the ability to change difficulty. I can either challenge myself a lot or a little. My young children even love to try cracking the code!!!!,1

this game is easy and fun its so fun my sister got the actual game at the store I defently recommend this game--Julianna,1

its actually a game that makes me think it finally a game that does what it say its gonna do,1

It is so easy and pretty addicting because I think I played it 20 the first day I got it.,1

"I really like the old Mastermind game, and this is an excellent version of the game. I has never played with pegs missing, so I got something new from this version of the game. Excellent work!",1

"Excellent game, very challenging to the mind and is entertaining to all age groups from age 10 to age 70.",1

I am amazed this mastermind clone is free. It is incredible and I am convinced.it will help your overall thought process. Don't discount it based on the fact that it is a game or inexpensive. It is a mind gym.My wife loves this. She has a masters degree,1

"This game is everything advertised! It may lack diversity in codes, but still worth it. Highly recommend to anyone who enjoys a bit of a riddle :)",1

really a fun game never played this type of game before so I was pleased with every aspect of the game 5 stars,1

"This version is awesome. Keep doing great games. Always like this mind challenging games, instead of killing animals and/or other human beings.",1

"Just like Mastermind. Simple, but very distracting and--I find--relaxing. Works great on my kindle fire; no problems that I've noticed.",1

I love this game! It's challenging but not so much that it isn't fun. You can play it over and over without getting bored.,1

This game is enjoyable. For all you smarty pants who like puzzle games this one may be for you. Good exercise for the brain and an easy way to pass the time. Glad there are different levels the game works for many age groups.,1

"Like all of Optime Software's games, this is a great puzzle. Solve the code to win the game. Sounds easy, right? Oh, what little you know ;)A big bonus is the "color blind" feature, for those of us who have trouble with subtle shades.",1

This is the game I played with my children. My 4 year old granddaughter loves to play this on my kindle.,1

"As a kid, we played Mastermind in our house for hours and hours. I loved the deducing of it all and when it all came together quickly, voila! I love that I can play this as a solitaire game, select the level (depends on the number of pegs you want to gue",1

this is cute and fun for kids and smart ones.I say its a mind bender because its difficult to figure out Wich color goes where. I would definitely recommend this app to a friend.especially because I love mind bender's.have fun:D,1

"I loved this game when I was a teenager, I'm so happy to be able to play any time I want to.",1

This game is just like mastermind and is a lot of fun. very addicting to play and easy to learn.,1

"DIDNT GET THE KNACK OF THIS GAME AT ALL..IT HAS NO SENSE OF ANYTHING, GIVES NO FEELING OF ACCOMPLISHMENT NOR IS IT EXCITING ..ITS POOR",0

"Love this version of Mastermind game I played years ago. Great graphics, 3 levels. Plays without issues on my Samsung note 2.",1

"When I was little, I would pester anyone I could into playing Mastermind for hours on end ...and now I can play this by myself. :) Was so happy to find this app! The game is deceptively simple yet challenging - try it!",1

"If you like Mastermind you'll love this. Easy and pleasing interface, multiple difficulty levels, no bugs on the kindle fire.",1

do Not even look at it!! it is soo bad!! even my sister who love anything you put in front if her didn't. like it. such a lame game!! :(,0

"This is awesome! This challenges your brain, but its fun as well!! This game is so addicting that even if you are troubled, you still keep going :)",1

its amazing how often I feel like a complete knucklehead with this game but I keep coming back for more! a lot of fun and a great brain game.,1

This is a very entertaining game. Not too difficult but still makes you think a bit. There are different levels for different skill levels.,1

Much fun without a lot of fuss. The ads are less intrusive than I feared too. Good one that works well on the Fire.,1

"It is confusing. I mean, I followed the instructions and all, but it was still confusing. You couldn't guess the code at all!!",0

It's right from the old days of Mastermind. I can understand why some folks are giving this a bad review. I guess they just aren't up for the mental challenge.,1

"I used to have this game in plastic form (Mastermind) and would play it with my son. It's not hard, but makes you think. Great for a free app.",1

"This game is a brain teaser. I love it, love love it. This is a great game. i cannot stop playing it. I would encourage anyone to buy and play this game, especially if you want to keep your brain stimulated. GREAT GAME.",1

"Crack the code is fun. I feel smart after reading these reviews. Puzzles, codes are like knots fun to untangle.",1

I love this game and so do my friends.it is a good game for people who like puzzles :)this a really fun game,1

I know someone says this is imposssble but it'd not. its a fun mind game. and it is amazing on the kindle fire.,1

I got my game for free and thought it would be boring. I was surprised on how I got caught up into solving the code. Its good for passing the time. I even got my husband hooked on the game :,1

Never thought I'd get hooked on this game. Helps you think critically hence I won't consider it as a total waste of time. On the contrary it may be a good brain exerciser.,1

"I played Mastermind with my sisters when I was younger and I never could figure it out. Now as an adult, I can sometimes get the 3 colors right. Ha, ha! Still working on my patience and focus to figure out the solution. Definitely worth having for the ",1

I love this game and it is fun to play but it takes a lot of skill and it is like a mind twisted. Do you want to get you brain ready to think? Take a turn at playing the game.Ttyl peace out detectives code crackers!!!! :),1

i love this app. I always played this game on my Pc and now I can play it all the time. strongly recommend.,1

dont get this game it is totally rigged even if you do get the code right they say that it is wrong,0

this is a fun application to play when you are bored. it is a simple and fun game based off of some math games. it runs smoothly on kindle fire!,1

This is a perfect app if you want to keep your mind active or even just passing time. Highly recommended for people who want to have good mind exercise.,1

"I love puzzle games that make you think., but this game was just boring. after a couple of levels I just deleted it",0

finally something thag requires logic! lol one of the few games where I am challenged to THINK! I love it. plain and simple:),1

good game... keeps your brain sharp and fun too! only use medium level because that is what the original game has.,1

This game is very fun. I tried to teach my teacher to play but then she wouldn't give it back.,1

"great for flexing your brain. the easy level is still a challenge for me, but this is a great opportunity to exercise logic skills.",1

This is such an addictive game! It really makes me have to process my moves. My memory is getting bad and my Doc told me that this kind of activity will help me to retain it. I love it!,1

don't buy it. its a waste of time and its LITERALLY impossible to crack the code. Even on EASY! I would rate this a zero if I could.,0

love playing this game. good for problem solving and thinking. Its nice for everyone. it can be tricky but that's the pint right?,1

This is how I remember playing the game years ago. The game looks great on the Kindle fire. I would have picked another color than black to indicate that the color chosen was correct and in the proper spot.,1

It works great on my kindle and is VERY addictive! I suggest you to get it I love it a lot!,1

a fun and quick test of your powers of deduction. it encourages critical thinking. and can be fun for the entire family.,1

I don't like it its boring its hard its tricky its something that makes you want to puke don't get it waste of life sorry if you got it that's why I only gave it a star if you want respond to this comment I'm sure you will do.t get the app,0

I discovered thisbst my grandmas house and loved it but I didn't. think id be able to use it ever again till I found this. app. I play it all the time. YAAAAAY!!!!!!!!!!!!,1

Just like the game Mastermind I played when I was a kid. The different levels made it easy to get back into it. Very addicting!!!!,1

Thank you so much for this app! I love the new challenge each time I play! I love playing at the hard level and I can usually guess by the 9th try but there's been enough times that I've gone all the way to the 12th! And of course I've had my share of,1

Amazing way to kill time if you are goingbon a trip or even if you are just going home! :),1

"this is such a simple "figure out the combination" game that i CANNOT believe how addictive it is!! good "time killer". personally though, i haven't lost a game yet!",1

My ten year old loves this app as much as I do. It is so much fun. Easy to use too. I have played

for hours.,1

"Thought this would be a challenging game, but the rules left me just guessing. It wasn't fun, just frustrating. If someone can tell me how to play, I'll try again, otherwise...",0

"Solve the sequence in which the beads of color appear. Harder levels give you less opportunity to waste guesses. It's a game of deduction, and hones your ability to read between the lines.",1

This game is both mind boggling and fun. I love playing this type of game.Its great! Its like the real board game mastermind which I love playing so this is even better!,1

"I've always loved Mastermind and was looking for an app to imitate the game. This was it. Even better, it has levels of difficulty. Easy to use, and no problems with it freezing or not working properly. Worthwhile download.",1

This is a real great game. Just as I remember as a kid. Works well on Kindle Fire. Definately would recommend.,1

"This game is very good for learning logic and reasoning. I would recommend it to all ages, young and older alike.",1

i hate this one,0

"This is not a game. You follow directions and are told that you've followed directions. There is nothing that you'd recognize as gameplay. If you initiate a "battle" you are informed of the outcome, you don't even get a graphic representation of ",0

"probably the best uken game available, plus its free. I mean really how much more awesome can it get? if you like futuristic d&md style rpg games then this game is for you. (a son's reveiw)",1

"You won't get flashy graphics or even BGM with this title but it is a spectacular game none the less. VBetween leveling up on missions, you can acquire properties that generate cash used to heal and buy weapons. You can attack other marines on the battle",1

a good way to wast your time.good graphicsfun for the hole familyjust get your level up :) :),1

"This is a free social media style game that my wife and I both play on a nearly daily basis, more often during the weekly tournaments. If you want to check it out, be sure to join us in alliance so you can win more fights and advance further in the missi",1

this thing is awesome you should also play the others they are awesome i love them soooo much. i can play it for hours,1

"This is a game that you will like if you can wait for a long time. Other than the waiting, it IS a good game.",1

I love this app even though I just got it last night. Best game ever! get this app by all means,1 Uken. I have a big problem I have had this game for a long time and like it a lot. But when I updated it here in the app store it updated it but made me start over at level 1 not sure what to do?!,1

ITS JUST A COPY OF FORCES OF WAR!DONT BUY IF U ALREADY HAVE FORCES OF WAR!!!!!!!!!!!!!! we. ed edd Shasta xbcc,0

"I though this game was gonna be like Supreme Commander or Halo Wars or something but you don't do nothing but push a button and watch the results. It's boring, honestly I think this is a bad idea for a game thumbs down.",0

Usually the lack of animation in games like these turns me away but with dg there's so much under it I barely notice. add me auubn,1

I have downloaded two games made by the author any guess what? they were identical but with a fifteenth theme and name and by reading the description on this on id say its no different. my advice uken? stop parodying your own games!!!,0

"to be completly honest, this is a great game. doesn't get old fast like a lot of games do these days. it is a must play in my opinion. download and enjoy people. AMAZING IS WHAT YOULL SEE",1

"Some games should not be classified as games...not much to do, confusing and boring. Give it try, graphics are decent but I just couldn't get into it.",0

"love this game, very easy to play no bugs or force closes, opens and plays just fine everytime no problems",1

don't get me tong forces of war is realty good but this is just like it. unending makes games like this they are all good but sometimes to much,1

I never got this game but I wanted to tell you that it is the same thing as Forces of War.,1 Yet another good timekiller! This one has space! They need to make more. Ones with different genres. Most of these are very crime based.,1

"Add Me. This is a good text base game, and so are all the others by Uken. I have all of them and rate each one in my opinion 5 Stars. Uken, keep up the good work!",1

Since I found your company I downloaded almost all of your games but there is a bug in every one of them plead fix it when the his goes off screen for the ones on kindle fire I don't know if it is For all devices but please fix it,1

"Sometimes, for fun, I like to search the App market for 'magic' and see what comes. This did, and I am downright pleased. As well, there are no apparent ads - WOW! The app does require permissions for network access, so I'm not sure whether that will cha",1

"I love this app, It is the greatest app I ever tasted. chocolate chip and marshmallow or my favorite flavors. Ronald Reagan was the greatest magician of all time. when I return to the future (2083) I will definately recommend this to all of my wooden fri",1

I think it is very cute an colorful. My daughter enjoys playing the game very much. SHe likes all the dragons.,1

Let's u add track album song info. Great for on the go people that needs to somehow organize media with no access to a computer.,1

This is a great program. It saved me from needing to copy my mp3s onto my computer and fix it there. I was able to perform the fixes directly on my tablet. I used it to fix the album artist info for a bunch of tracks that I copied from a CD that has v,1

"Okay, once caveat - it is easy to use for a novice if you know a little bit about what you are doing! If you are saying "what's an audio tag?", then this may not be the program for you, and perhaps a little reading on audio tagging is in order! ",1

Let me update my songs information right in the app. There was no issue doing it and it saved a lot of time instead of going to my computer and fixing it from there.,1

This helped me fix the unknown artist issue and it added album art easily....once I got used to navigating through the program. Very nice!,1

"Gojod app, covers any situation. I buy the full version to support the developer. Able to easily switch between type of calculator needed.",1

Particularly like the unit converter. It is the simplest and easiest I have found for all basic unit conversions. Well worth a buck for all this app can do.,1

""Calculator Ultimate"" is an outstanding calculator app. The scientific functions are exactly what I was looking for and it has a great, easy to use layout. The addition of a unit converter (which gets a lot of use) makes this a real winner!Installed and ",1

"As I mentioned in my review of Calculator Ultimate Lite, I was impressed enough to purchase the full version. It's a very good calculator that runs fine on my Kindle Fire. It's not the most intuitive calculator that I've used, but a few minutes reading t",1

"This has got to be the most limited, unintuitive product I have ever purchased. If you still have your old HP or Texas Instrument calculator - keep them and let this piece of junk go by the wayside.",0

"I just purchased this calculator- and initially in the length conversions, appeared to be very limited in range- so I emailed Duckseason at their support address- and received an answer the same morning- with instructions how to access the additional con",1

Than just a calculator. Just like having a TI science calc.Convenient to have with your books. Would recommend to anyone,1

The only problem that I had with the app was that the help was lacking. It took a minute before I found out that to completely clear out previous calculations I had to HOLD the Ci button. If the dev team reads this consider adding things like that in t,1

"Very nice app, works great and is very easy to use, the developers did a great job with this one. Thanks all, looking forward to more good works from all of you.",1

Perfect for what I need. And has ability to do the more complicated stuff that middle/high school math students need today...but not all of those functions are available on the free version. I'm sticking with this because when/if I decide to let the kids,1

"This calculator app has some great features! I might buy the full version for the polynomial, trigonometry and unit conversion features.",1

Everything you need for algebraic calculations. Son used and was all he needed. Even I could figure it out and its been about 30 years since I needed.,1

"I have tried several Scientific Calculator Appa for Droid and of all, I like this one the least. It is difficult to use, and the layout is confusing. Try another App before you buy this one.",0

"Worked just as described, very easy to use, nice clean design. Looked great on samsung galaxy tablet. 1 2 3 4",1

This calculator is feature rich. The scientific and conversion calculators are helpful. The only calculations I use that are missing are financial calculations. If the programmers added that it would be the only calculator I would ever need.,1

This is the only free calculator I have found that properly handles -X squared. Most of the free calculators will compute this as a positive number when it should be a negative number. You should read the help section or you will have a difficult. time ,1

Nifty little program to do simple calculations. I do recommend this program for simple everyday use at home or in the store.,1

"When I first tried Calculator Ultimate Lite on my Kindle Fire, I wasn't overly impressed. It had enough functionality to be a nice free app, but it wasn't overly intuitive on how to use it. However, after I spent a few minutes reading the Help screens, i",1

Nothing light about this! Easy to use and even has conversion charts! I will probably use that more than the calculator. Fantastic app!!,1

its good because it has fractions but... it doesn't even have division a a a a a a a a a a a a a a a a a,0

THIS GAME IS SOOO ADDICTIVE. BEWARE! I PLAYED THIS GAME ALL NIGHT. I WISH I COULDVE PLAYED IT ALL DATLY TODAY BUT I HAD SCHOOL. SEVEN CRUEL HOURS OF OUR LIVES. AMEN BROTHER. AND THE GOVERNMENT IS TRYING TO MAKE IT EIGHT. OMG! THE ONLY WAY ANYONE WILL MA,1

Most people are down rating because its to smart for them and there is buttons they don't know but this is a perfect calculator! I recommend this to everyone! Sure there is some "extra buttons" but I use them and someday you WILL too!,1

The lite version of this calculator is worthless. This has the least amount of features of any online trial version calculator. I would not buy the full version because the lite edition would

222/683

"boring, hard to maneuver, waste of a dollar and space on my device. Even my child refused to play it",0

Zomg!!!! I love this game!!!! its sort of confuzling at some parts but I just look up cheats wen I get stucked so you should really get it!!!! I mean it!!!!,1

this stupid app uses a ton of phone memory instead of the sd card..whyyyyyyyyyy??? when will developers understand this simple stuff....duh!!!!,0

ADD IT TO KINDLE FIRE I MISS PLAYING IT gr gr gr gr gr gr IM SO MAD.AT THIS GAME RIGHT NOW but i still love it just please make it avalible for kindle fire,1

"I had this game on my old tablet and fell in love with it, i know there have been lots of updates and it is a fun and good game, please bring it to kindle fire",1

Hey my name's Leah j Gulota and I give this game 5 stars. Believe me the bad reviews are TOTALLY WRONG!!!! The game is challenging that's what make it fun. I'm still searching to find the last totem you have to pay to the brothers. It works perfectly fi,1

"I usually do great with puzzles, but this is so abstract in idea that you wind up trying to figure out what the heck your suppose to do next. Delete.",0

"This is one of those games in where a monster or alien is lost on Earth and you must take care of it in order for it to get back home, but better. This is truly adorable. This little guy is named Furdiburb and while his parents were visiting Earth, they ",1

This game is fun and exciting. Be sure to check on your Furdiburb! It needs your love and care! I highly recommend this game for all ages! You never get bored! There are a lot of things to do! Don't listen to the bad reviews! This game is awesome!,1

"I downloaded this ap thinking it would be a great pasttime. I was wrong. I dont think the reviewers mentioned the mumbo jumbo thats in this game. I quickly got rid of this game, things like "pay homage to the totems " and huge skull mountains ",0

this game is well done. fun and makes you think! used to play this on android phone and now I'm so glad it's available for my kindle,1

i love this game but most people dont understand that it is about helping furdi get back to hi home planet ther is a space ship that u discover an if u help all the people they give u parts to the space ship once u build the entire spaceship u fly hom,1

"I love playing this game on my phone and am excited to play it on my Kindle. This is one game I'm actually going to ENJOY starting over! I know it can be transferred, but that's how much I love it; I'd rather just play it from the beginning.",1

"There are like three pages of content and you can either go from one to the next or one to the previous. Over and over. No games, just pages explaining that you can either go to the next or go back to the last. Seriously. Deleted it",0

"Does exactly what it says, though you can use similar generators on the web. This app gives you a choice of different code sizes. Nuff said.",1

"have no idea how to use it...no direction anywhere. It is just an added icon. would appreciate some direction, somehow...thank you",0

"Has all the makings of doing what it says but I've found that although it generates the QR code and can save it to my Kindle Fire HD 8.9 as a picture, it won't email it to my specified email address. Not sure why but it appears the programmer dropped th",0

This app is stupid it doesn't even work at all. I mean why would u put it out there if it didn't work,0

"it works! what more can you ask for. point and shoot is all it's about. once you have a code locked in, it knows what to do",1

WONT WERK ON MY KINDEL FIRE .OR I AM REALLY STUPID....NOT A VERY GOOD APP.....NO DIRECTIONS ONCE YOU GET TO SCAN PAGE,0

"You can actually save the QR codes you generate, all you have to do is hold down on your QR, and it will say ""Save"" and it will save to your Gallery.Anyway, it is very awesome!",1

"I downloaded it, ran it, made a qr code, it worked. A great tool! I had no problems emailing, saving or reading the code.",1

"This is a great application. I am not using it as a traveler but to teach words and phrases in French to my Spanish speaking grandkids, and at the same time they are practicing their English.",1

This is a great tool for learning basic phrases and nouns in a new language or to use during travels to communicate with locals in a foreign country. It uses native speakers to speak phrases and words so you can learn to speak them appropriately. Very ,1

it is easy to usepronunciation is cleareasy to find the words or phrases desciredit will be well used,1

"I really like this translator for it's ease of use and the native speaker. Every time I say anything in Thai, they all look at me funny and no one has any idea what I said. This translator has a native voice that my wife understood perfectly. It is divid",1

"I downloaded hundreds of megs of data only to find out it is simply the words with bad pictures. No pronunciation examples, or even phonetic spellings. I'm glad it was free on the day I got it.",0

I love this app because it let me be able to talk to my mexican maid and we eventually made sweet hot love,1

I got this for free and have been having a ball with it. There are several languages to choose

from and they each have multiple phrases. The sentences are spelled out so you can see it while its being spoken and you can choose what phrase you want to le,1

"It works without the internet, so for finding out where the bus or train station is, or other more frequently used sentences that you need, that is great. You can actually have a short interaction with someone. It is useful and I will let you know more w",1

"I thought I could translate and when you say something, like you're in kindergarten with these tables, and so it appears there are a few words from several languages known, not worth.",0

Travel Interpreter for the Kindle fire is just what I need for an upcoming trip to Spain. Not only does it provide translations of many useful phrases for tourists but it also has the phrases recorded with proper pronunciation and accent. I no longer hav,1

"This app ia so much fun! Fingerpainting without the mess. Just for your information, I am 61 years old. This is a creative tool I will use a lot!",1

"This is a very basic and very good drawing app. Compared to others, Scribbler is probably the best one I have ever tried. The only thing I would want from an update is some more drawing styles.",1

This app is a lot of fun. I love to draw and this app is great for that. You can draw anything you can think of.,1

This was bought for my grandkids who love to scribble on my Kindle. They alwayswrite me messages to read later when I'm looking at it.,1

"The app loaded and runs fine on my Velocity Micro Cruz tablet. The ""obvious"" icon menu and settings are displayed right across the top of the screen. The app auto-loads to a horizontal orientation with a canvas roughly 16"" wide, centered on the middle 8""",1

I installed this on my Viewsonic G-tablet running Vegan Tab 5.1.1 and have nothing but positive things to say.I have it pulling email from 5 accounts including large emails with attachments. I have had not FC yet and everything is running very smooth. I ,1

"This is a reasonably good mail program, though I found the options take some digging to find them all.Once setup, it works well.Unfortunately, they do not update their Amazon appstore version frequently and this version will not display the top 6-7 lines",0

"I've been a user of the free K-9 Mail for quite some time, so since the developer of Kaiten Mail is one in the same, I thought I'd give it a try. I really was looking forward to the preview pane feature too (not offered in K-9, but an exclusive feature w",0

"This is supposed to be a revamp of K-9 Mail. It holds promise, but currently is very little improvement and doesn't import K-9 settings. Stick with the free K-9 for a while.Support is not very available. I haven't found an email, website, or forum that i",1

"Rich feature set, quick support feedback. For big bucks you might find a few nits to pick but this is top notch for the kindle fire.",1

"I have to be honest... I held on to the trial version for much longer than I should have. I just loved it so much! although it was the same app, I just had to come purchase it to show my support for such a product as this. Dev, keep up the great work! Lo",1

Too bad I bought it and was jazzed by the ui. It does not work with exchange. You can dig on the web or fish around and find this out. Too bad I own it now.,0

"I haven't used a lot of these readers before, but the ease of set up, use, and importing/managing my library is unreal. Scaled the page nicely, scrolls just like the Kindle should while reading a text based book. I use this daily and have no reason to tr",1

"this is a very useful app. we have used it successfully on our kindle fire and it reads all our popular book forms so we can read them on our kindle. it is popular, useful and best of all doesn't cost very much at all",1

"Love it!! Really awesome way to read your comics. It keeps track of what you've read, and helps you remember what you've already bought. Great app. Really useful if your a comicbook/graphic novel fan.",1

This is my go-to app for reading comics that I have in CBR or CBZ format. There are so many sub-options to tweak the app to your liking. I can only long for an app like this on my Macbook Pro. I have purchased this app through the Amazon App Store for,1

"I was extremely apprehensive about buying this app without being able to test it out but am thankful I did. The comics are organized very well, it is easy to read and the quality is Wonderful. Check marks show what you've read book symbols show what you ",1

I can't express how happy I am to have found this app to read and re-read the graphic novels I had already bundled up on my laptop. It's a real joy! And it organizes all the books in shelf like GUI. That's a nice touch too.,1

"I wish I knew about this when I 1st bought my Kindle Fire HD 8.9".Since I bought this, I've been reading the comic books that I've wanted to check out for quite some time now.I've loaded over 100 of them and loving every min of it. This has helped me",1

this does not import any of the comics on my kindle. waste of my money. why does kindle flip and enlarge everything except what needs to be?????,0

"This app works really well, and is pretty simple to use! Just hook up the kindle to your computer, drop your comics in, sync them in the app and you're done. You can choose to view all your comics at once, view them by series, or create a custom reading ",1

"I bought a Kindle Fire and wanted to download and read comics. I bought this app for a ridiculously low price and it works perfectly. Comics look beautiful and flow perfectly smoothly.I

also love that it organizes your comics for you on a ""bookshelf"" and",1
Does everything it should an look great doing it. I had a bunch of cbr comics on my computer where I use ComicRack and Comicat works just as well. Only thing I would suggest are option on the look of your shelf where your comics are stored.,1
"I really wanted a good, solid, comic book reader that wouldn't fail on very large cbr files, and that is exactly what I got. Couldn't be happier.",1
amazing and awesome fun I really like this app once I get an amazon card this is the first thing I will buy,1
"I am used to using CReader on my PC to read comics, and was dismayed to see it wasn't available for android. I soon found that ComiCat is as good if not better. It has crisp visuals and an easy to use interface.",1
"I downloaded a few of the free apps to see how they were, and went on a few comic sites, and almost every single one of them recommended ComiCat. I wasn't too willing to spend \$2.99 for an app, especially if I didn't have to, but after downloading and de",1
I can't say enough good things about this reader that hasn't already been said by other reviewers. I've recommended it to all my friends (and they have it now too) and would gladly pay a little more for a some more features (not that it needs more).,1
This is a great comic reader app. I download my comics online and load them via dropbox. Works like a charm.,1
This application is the best. Reading comics is now more fun than ever. I especially love the cover layout. Even my niece is reading comics now! Totally worth the price.,1
"Just what I needed to read the digital comic files I had. No fuss, and easy to use. Many options that allow you to tailor your comic reading experience to your own preferences.",1
"excellent, easy to use and functional. reads all kinds of files and displays them brilliantly. I highly recommend. this. comic book reader--well worth the price.",1
"No issues. Would recommend to anyone with cbr, cbz files. Was able to read all my digital comics, and the size was great as well. Did not need a magnifying glass.",1
I have a lot of .cbr comics and this is the best way to read them. Organizes them nicely and makes reading easy. With the money all the way.,1
"I've had this app for months now. I've loaded it with all kinds of different comics, and even made my own comic files. It seemed to handle everything I threw at it just fine. I'm a fan of the old science fiction comics, and with this I can load dozens",1
"In my opinion, this is the best app on the market for reading your comic book files that you already own. It's worth paying the \$2.99 for. I had tried other free apps to view my comics but they weren't that great. This automatically maximized the pages t",1
I have a few comics loaded onto my Kindle Fire. The quality of the comics from this app is really really great! I have had absolutely no problems with this app. TOTALLY worth what I paid for it and I highly recommend it!,1
"I specifically bought an android tablet just to be able to read comics at my leisure, and I was very happy to find this comic book reader app right off the bat. It automatically scans your tablet for comic book media and displays it nicely for easy acces",1
"The proliferation of CBZ and CBR files has me looking at comics again, and digitally, they rock. I've made hundreds of PDFed scans of my old books, imperfect as they are, and committed them to discs hoping, one day, they'd be readable. The Kindle Fire mad",1
"It's easy to use. stores all your comics you put on your kindle, and can have access to dropbox for quick comics you want added. The settings are vast if you really want to tweak it.",1
"Organizes and allows me to vote comics just like I hoped it would! Thevirtualbookshelf is cool, especially if you like looking at your collection lol",1
Perfect to read comics and PDFs on! And the CBR and cBZ files show up perfect as well! Thanks a bunch!,1
"It reads all my comics perfectly and I like how well the app arranges my books, per folder and issue number. The only draw back is not knowing how to remove the silly green icon after the book is read. I accidentally allowed them a couple times and I fin",1
"One of the best comic readers I've found. Very easy to use, very light and fast. Clean & bug free. Especially love the cover view of your collection; much nicer than just a plain list!",1
I have used ComiCat on both my original Kindle Fire and my new Kindle Fire 8.9 and it works with no problems on both. There are plenty of settings to choose from and I have had no issues with it. I like. that I can set it to enhance an older comic to bri,1
This app is wonderful if you like to read comics on your kindle. Turning the page is a little slow but otherwise this app is really great!,1
""ComiCat"" is my first and last comic book app.I was looking for a way to read the .CBR comics I had in my collection and was lucky enough to find this fantastic app.Everything about ""ComiCat"" is great and I find absolutely NO fault with it.It does every",1
It works well with.CBR files and my new kindle Fire HD.ComiCat is a must buy if you want to read your comics on the kindle Fire.,1
First good comic book app I've found. Works with ALL my digital comics ... nice not to have to read them on my laptop anymore or do a lot of annoying conversions.,1
It's the best because it can not only read the basic formats but also it can find the and delete them from your tablet without having to go find them. It also has a nice bookshelf formatting to

view all the comics you have. And changing size when you hav,1
 "I absolutely LOVE this app. Hands down, bar none - I recommend it to everyone.I bought another manga reader before this one, based on reviews and recommendations I'd heard from the manga community - but I didn't care for it much. It didn't work right on ",1
 I use comicat constantly on my kindle. if you have comics you want to read it is an excellent product.,1
 "I have used this app on every Android device I own. By far the best reader I have used. Easy to use, quick to add more files, nice customization features.",1
 "I like the ease of operation and the limited visual distractions. I wanted to sideload another application onto my Kindle for comics, but this was the right price and works well.",1
 "I have comic book files on my kindle fire and this app sorts them all in a nice order. Just click on the app and your comic opens to the last book you read. The only thing I wish would be fixed is when you exit a book then open it up again, it isn't ac",1
 "I load up some comics, this reads them. Hasn't crashed or failed in over 400 files so far. Worth it for its stability alone. View modes are fine, but I STILL haven't figured out how to hold my Kindle without accidentally turning a page or fast-forwarding",1
 This is a great piece of software for the Kindle Fire!! Reads everything I've thrown at it and does it effortlessly. I was a little hesitant at first as I had not heard of this software before but I'm SO glad I spent the \$1.49 at the time to buy it. I've,1
 "If you are looking for a CBR or CBZ reader, look no further. Buy this app! Seriously... I mean how have you made it this far in live WITHOUT it!?!? All good natured bravado aside; Comicat is one solid piece of software. I've used it on pc for many years ",1
 "This app works perfectly at reading/viewing cbr files on your Kindle Fire HD. It is worth the \$\$ price. I paid \$2.99, and now at \$1.49, it's even better. 5 stars!!",1
 Easily the best Android reader for cbr and cbz files.. reading comcs on a Kindle HD rules and so does ComicCat!,1
 I was looking around for a few day before I found this app. It's price is very cheap and this app is by far the best I've seen so far. Don't waste your money on anything else. ComiCat has everything that you're looking for. I have Gigs and Gigs of Digita,1
 "I previously left a negative review to which the developers responded within an hour. I was unable to respond in a timely fashion, and before I even was able to respond, they had released an update addressing my issue. Great App, worth the low price.",1
 "wasn't worth the time or energy to upload it, play it for a short while & decide to remove it.",0
 I love this game. I am addicted to it. I like it because it seems easier to see the numbers.,1
 "I am not all that successful with the paper and pencil style of Sudoku, but I was still interested in learning the game. The digital version has been great for me.",1
 "I was an eager but uninitiated novice when I downloaded this great free app. Beginning with the Very Easy puzzles, I began to figure out the logic and learn the patterns. The app makes this easy with its ""Analyze"" (points you back to the sudoku encyclope",1
 I love this app. it is my favorite sudoku app ive found. at first it took a few minutes to get use to how to use the interface but once i got used to it i hate all the others. I literally play on this app constantly,1
 "The app is easy to use, I have not had any issues running it, moving between puzzles or levels of difficulty. Even my 5 year old has learned Sudoku with this app.",1
 "I've had this game on my kindle for a month and have had no problems with the exception that there are too many, I don't think I'll ever finish one level. J/K",1
 "I have had this app for about two weeks now and I love it. There are a lot of puzzles to work your way through, which is fortunate for me because I tend to go through them fast. Also you can change color schemes, and it highlights the numbers that are al",1
 I like this game also. I play this for awhile then play number flow for awhile. I will recommend it to my friends.,1
 This is truly above and beyond what I have previously found on free aps for sudoku. You can make adjustments as to your style of input. Hints help to hone in on something you missed and then allows more help if you still don't get it! The number of ga,1
 I didn't play Sudoku until 2 years ago and find that this game is one of the most challenging that I've ever experienced. I am glad that I can do it.,1
 I really like this format. It makes playing very comfortable.You can play in ln landscape or in protriarte. It will orient to either right handed play or left handed play. It has more games and levels of dificulty than others I have played.It has many ,1
 I love Sudoku and this version of the game is great. It also has a very good help function for those really hard games that I can not figure out. The help function fully explains the reasons for eliminating certain entries.,1
 "I love sudoku. Prior to getting my kindle fire, I used another app for playing sudoku. But with the fire, the other app I used on my kindle keyboard does not take full advantage of the color capabilities of the fire so I switched. I also upgraded to the",1
 "The ads are the problem I have with all the free games. If they are on the top and flash non-stop with bright colors, I can't play the game. Those ads are extremely annoying and I have deleted the app completely to get rid of the ads.This game has the ad",1
 "This program offers every kind of sudoku at every level. The hints/helps offered are a little

stingy, but I play at the difficult levels. A very thorough program.",1
I love Sudoku and this one is one of the best I have played. It has lots of features but is still really clear cut and easy to use.,1
I really like how easy it is to fill in the numbers especially pencilling in the small numbers. It makes even more difficult puzzles easier to work on.,1
This one is the best. Easy to use; loads of puzzles to play. Best of the top-rated Sudoku games available,1
"Having worked in the mobile industry for many years as a QA tester of games, applications, etc for major device types (tablets, smart phones, feature phones, tablets, etc.), I have tested dozens and dozens of Sudoku games. This one is by far my favorite",1
"if you like logic, reason, and problem-solving, watch out because you may become addicted to sudoku. This particular android sudoku app is my favorite of the sudoku apps I've tried as they give the most puzzles and easy to work/solve.",1
"I have tried lots of different Sudoku games on Kindle, but this is the best by far! I would recommend this app for everyone!",1
"Not sure exactly why, but this is my favorite version of Sudoku out there. I downloaded quite a few, and narrowed it down to the one I preferred, and this is it!",1
"This is my most favoritest Sudoku app for Android phone. Easy interface and lots of play options. Plus, you get 10,000 freakin' Sudokus!",1
I love Sudoku and I play this version in those brief down times between meetings or while waiting in line. I enjoy the ease of putting in answers or jotting notes. I don't have to click on different tasks before selecting the number. I didn't realize how,1
I really like this app. Sudoku is a fun game and I'm so addicted to it when I'm bored! So recommended!,1
This is definitely a great app to have it keeps me entertained for hours. I wake up every morning and play at least one game before I get out of bed.,1
"I like Sudoku. With 10,000 free games, this should last me a while! I like that the game is divided into very easy, easy, etc. That way I can choose which section to play depending on how sharp I feel!",1
"Hated this game, never got past the first puzzle and could not understand the markings. I play Sodoku all the time and at supposedly higher levels and this game is not fun.",0
Very easy to use. Plenty challenging. Lots of fun. My daughter and I both play on different leavels. I am hooked!,1
best sudku I have played hints are great and the auto fill for possibility's is wonderful . love the different levels,1
"I like the way it highlights a number so you can see where all the 7's are or all the 1's, etc.",1
It's easy to use. Very few or no ads. Have not found any glitches in it. Play it every day,1
Much better playing on the kindle instead of alls having to carry a paper book and pencil to solve the puzzles,1
I bought my husband a new Kindle Fire because he loves to read books and he is addicted to Sudoku. He can't put it down. As a matter of fact I downloaded a new book that was just released by his favorite author and usually he can't wait to read it and ,1
"I love this game anyway, but I especially love this online version. Recommended to several individuals, including my sister, who also loves it.",1
And you don't have to be on the web to use it. If you play one a day it will last for more than 27 years - if your device lasts that long!!,1
It is too difficult to figure out what buttons to push and in which order. I tap a number and then tap the box and it is the wrong number. Too complicated for me.,0
My husband is addicted to this game. He especially likes the Nightmare Puzzles. I'll stick with the Easy to Moderate. Plenty of puzzles for passing away the time.,1
"Not using any more as I guess I am too mentally challenged to get it, just can't seem to figure it out.",1
does this every night before bed helps me fall asleep faster and helps my mind to focus. great download for free,1
"I chose this version of Sudoku because of the number of games available - 10,000 should keep me going for a long time. I quickly discovered that this version highlights the numbers as you're working with them, making it easier to spot where you need to ",1
"I love playing this game and it makes it so much easier on my Kindle Fire HD, I don't have to search for my books or a pen!!!!",1
"Have been playing with this one for a while. The game variations and difficulty, minimal device resources used, and great game saves make this an easy 5 star. Having the choice not to be on the social sharing was the clincher. Worth every star. :-)",1
"In addition to having 10,000 puzzles in a wide range of difficulties, it allows you to enter a newspaper puzzle by hand to solve on your android device or save for later. (Create an "empty" puzzle and put in the starting numbers and then press",1
"I enjoy Sudoku puzzles and this is the second free Sudoku app I've tried. This one is far superior to the other one I tried, and I will enjoy completing the puzzles at various levels of difficulty. Good setting options; I turned off all the help capabi",1

I play this all the time. Great app for those who love Soduko. Lots of different levels to choose from and once you get the hang of the stats feature it makes it a real challenge to beat your best time or the hardest level.,1

"I love this game. I have tried several other Sodoku games on my Kindle and they have been OK, but this one has all of the features that I could ask for. Plenty of games, a great user interface, totally addictive play and no ad distractions. What more cou",1

A good challenge for keeping my mind going. I thoroughly enjoy it. I play it every day to make sure I am still thinking and paying attention to detail.,1

"I believe there are different levels and within those level there are about 50 sudoku puzzles, so if solving sudoku puzzles helps fill the void in your day or you just love the challenge, this is an app you will love and appreciate, and should keep you o",1

I have tried several versions of Sudoku on my Kindle Fire and this one thus far is the best I've tried. I particularly like the automated pencil marks which saves a lot of tedious work.,1

"Free apps typically have ads and that can be a pain.This one has ads as well but do not detract from the game. Graphic interface is clean and intuitive, very easy to use. Plenty of games at all levels, never bored or a lack for new games. Five star recom",1

I love this. Nice and quiet and even the easy games challenge my brain. It keeps your brain active and working.,1

Fascinating game and the product is just right to allow you to apply improving skills as you acquire them. I race the clock on the easy ones and forget it on the 'nighmares',1

If you just need something to kill time and still stimulate your mind this is a very good one to do it. There are many levels and tons of games on each level. I recommend this game.,1

I love this app! This app has 8 levels of difficulty divided into 5 sub groups with over 250 games in each group.,1

I have been a fan of Sudoku for many years and still enjoy the challenges. This one is really good and I have a great time working them out. Thanks.,1

This is a great app and hours of enjoyment. So many games and so many levels of expertise. Works great and has special features to save a game and helps to get the right answer. Recommend.,1

"I am a beginner, so even the very easy puzzles are challenging for me. My husband is challenged by the highest level, so we can both enjoy the game. I like that it allows me to put my guesses in and removes them automatically when I choose a number. Lots",1

I play it all the time. It is a very nice version with everything you could ask for. Lots of options that I don't even use. I really do enjoy it.,1

Lots of levels and excellent hints with explanations if you get stuck. Easy to use if you know the game and I think easy to learn if you are new to it. Recommend it especially for Sudoku lovers.,1

"I absolutely love this game. I work the puzzles books at home all the time, but this game is fantastic. It has many different levels to choose from and that is what I like if you want a challenge.",1

And this is my favorite sudoku app. It is the easiest to mark your notes and automaticly corrects the notes when you place your pernament number in position and it highlights the number when you have placed all nine numbers in to the grid.,1

I paid fir My Horoscope Pro but the app says I have to pay MORE for "Pro" ad-free. I want my money back!!!!,0

This is definitely the best horoscope app it's so great it tells my day almost perfectly and it gives the best advice,1

I have found Horoscope Pro to be a great way to get my daily forecast and also share with others.,1

"I find this app to be fun, amusing, and entertaining. Its even spot on sometimes. I like looking up my friends' horoscopes to see what kind of a day they were supposed to have. Easy to use, no problems.",1

I know real emotional feelings towards is out it's amazing as matter fact I would rate it a5 point 5 if it went over 5 stars its so accurate with my motional State day today it blows my mind still everytime I look at it I once had an epic astrology book ,1

"Well I was looking for an app to guive me an outlook for the day, this is not it. I do not understand it organization or it degins. I does not seem to work all that great for day to day...would ot recommend as it is. I wanted to like it.",0

"THIS APP IS ONE OF THE BEST HOROSCOPE APPS I HAVE USED, PROBABLY ACTUALLY THE BEST I HAVE USED. RIGHT ON WITH THE EMOTIONS AND MORE. THANKS.",1

This app is very insightful. It is accurate and helps me know what to expect from my day and my emotions. I definitely recommend this app it's worth your money.,1

I like this application. I got it because it seemed simple and easy to use. It has one thought per day which usually appear to be uplifting or motivational. Because I don't always remember to check daily I really enjoy the feature that allows me to revi,1

I like that I'm able to see what kind of day I am going to have. I think that it can happen or not I tried not to take to heart.,1

"This is one of the best daily horoscope apps. I highly recommend it.Easy to use, and lots of fun.",1

"I like being able to push a button and read what the stars have aligned for me. I say ME but there are many people with the same sign, so each and everyone of us has to figure out what to do

with the information we are given.",1
GREAT APP FOR HOROSCOPE READERS. A LOT OF THEM HAPPEN TO BE TRUE. KEEP UP THE GREAT WORK. THANK YOU.,1
"Got this app because I'm someone who likes to read my horoscope daily(which really means whatever day I remember to check the app). But, this app is great for that since it lets you see the four most recent days. The graphics are very pretty and it's eas",1
the app is easy to use and the interface very cute. I really like seeing what my horoscope says for the day. The only thing I might suggest is a little daily notification saying new horoscope for the day available because I tend to forget to check it.,1
"I enjoy this app for entertainment purposes. Lot of fun but sometimes right on the mark. I don't read it until later in the day, to see how close it gets. Lot of surprises that way since I don't use app to govern my life.",1
My horoscope pro has hit who I am and what I need to do for the day very much worth the dollar,1
I really like this app because so few sites divide each sign into the correct stage of the sun. Not everyone realizes that particular "subsign". For example I am a late Pisces & I am quite different from an early Pisces.,1
",This is excellent if you want to know the weather in your area, .especially when bad weather approaches. I really like it!",1
"I like the fact each horoscope sign is divided into 4 decanates providing a little less generaization than most horoscopes. At this point, I sm still validating accuracy.",1
I loved this app so much I decided to buy the app to send the message that there are great apps out there.Not suggesting that you purchase the app. Keep up the good work ID Mobile SA.Thanks!,1
I like it its just that it uses the same fourtans every couple other times. I gave it a 5 star reveiw I like it and I hope you do to!,1
"Just your basic horoscope app, but runs great. My favorite part is how in depth they get with date of birth. No complaints but I wish it did extended horoscopes.",1
This is a great little app for checking daily horoscope. I have some about my zodiac sign. Turns out I was destined to be the person I am today. LOL!,1
I think this is a very good app! but it doesn't do very much. I think it needs to add more options!!!!!!!!,1
"This horoscope app will be my all time favorite! This reveals what happens everyday and how not only your zodiac sign should react, but it breaks down the three decanates in a precise organized form. Decan's provided the readings of the RULER, SUB-RULER,",1
Enjoy using this appa quick fun pastime. Only takes a second to read an interesting projection. Look forward to a daily tidbit of info.,1
it really works! I read it b4 I go to school... i can predict wut is going to happen that day... AWESOME RIGHT!,1
"I like it, not only is it dynamic, but very easy to use too. Has my vote as best, no need to use Yahoo! Horoscopes anymore.",1
very nice. like it a lot. actually breaks down the month based on your bray date not just month. I enjoy it tho def not accurate at the moment,1
"This app is great. I love it and it's pretty accurate. If ur thinking about downloading is.... STOP THINKING and get it.sincerely, Alyssa(: louisianaGirl",1
great app. to the point and very readable.would rec to anyone who just wants a quick fun reference. hay,1
I am glad Aries and Sagittarius are a match.....I love love <3 I love reading our horoscopes so much oh yeah,1
I haven't experienced any problems with this app. This is fun and some times true ! It puts a lot of perspective into your day and even categorizes your horoscopes,1
I love this app. Sometimes it really hits the mark and its accuracy is amazing. Great little app to keep my family guessing,1
"I think this app is the best for horoscopes because I have went through alot of horoscope apps,and this one is the most accurate.",1
I think this thing is a good app to have on mobile device I just wish that it didn't need internet,1
"Simple, easy to use. Love being able to go back and/or forward a couple days. Simple, beautiful, effective, love it!",1
This app is very interesting. What it says is spot on more or less which makes it very cool. My family loves it so get it and see for your self.,1
This is a really easy to use app without a lot of mumbo jumbo. I love it and if all you want is your horoscope then it is perfect!,1
This is a very good App... Its very accurate and lets me.know what to do for that day... I love.it it is awesome.,1
very nice for a general reading. It's worth downloading. Gives you several days of information. I don't know how accurate the information is but I've been pleasantly surprised.,1
"I like this app and how it breaks down the zodiac signs into I, II, & III. This makes for a more personalized horoscope. You can set it to show yours when it opens & check any other signs forecast by scrolling thru the signs. I like free apps and",1
The three level in one sign is pretty amazing that it makes you set apart from the rest of the

app for you. Love the look and feel of the app and they way it works.,1
Very clean look to the app. Not cluttered with additional ads. Informative as well. Worth downloading. Apps like these usually cost to download.,1
I love this thing very acute. I check it every chance I get. wonderful addition! I would love a newer version like with the zodiac moving or something.,1
"Easy access and enjoyably harmless. As mentioned by someone else, a nice way to remember to keep positive thoughts and actions.",1
This app is amazing. It almost always gets my horoscope thing right. It truley is amazing. It is worth it.,1
"I liv this app and I use it everyday. the people who can't find their birthday aren't looking hard enough. if you can't find it, look where I tell u. there is a little blue box that tells you what the current sign is. it also says "first decanate&qu",1
its right on the mark. don't get me wrong I still want to read the one on the paper. but atleast now I have one I can actually believe,1
Very useful and dependable app I can use everyday. I can even check tomorrow's horoscope if I know I won't have access to my kindle that day. Works well..highly recommended .,1
I use it every day and I love it and most of the time its on the money! then there are those days.,1
Does exactly what it's supposed to do and is easy to navigate through. I would definitely recommend giving it a download.,1
"I like this app a lot. It is what it say, a nice astrology update. It has a clean interface and it's fun to use. :)",1
Great App. So far everything it said it does. Now everyday I can read my scope instead of reading it in newspaper . Free app is great the advertisement at the bottom so it really doesn't interfere with reading your daily app. Thanks for this handy app. ,1
its a good app. it gives me no trouble when I want to look at my horoscope. so download it if your a person who constantly wants to know their horoscope.,1
When i first got this i thought it would be a novelty thing. but it turned out to be really deep and thourough. almost every day describes exactly how my life is. i highly recomend this!!!!!!!!!!!!!!,,1
"This horoscope is very fun! I thought that it would be those silly fake ones, but it sounded about right when I compared it to my day.very good game :)",1
"Great App. It does exactly what it says it will do. No loading issues. Has not crashed. The horoscope is usually accurate and is a whole paragraph, not just a few sentences.",1
Horoscope have always fascinated me. I constantly followed two different ones in newspapers and they were as different as night and day. This one seems to fit my karma.,1
Easy...usually very dead on! I look for my rising and moon sign as well...and it's strange how as a cancerian..how much I am like my moon sign..during phases of the moon. I'm sure there are far more detailed in depth apps...but for free. I'm surprised a,1
"I love this app because they make it more personalized. Almost every days reading corresponds to the day I had when I read it at night. You can also read the next days or past days, monthly or weekly.",1
absolutely loving this app. haven't had any problems with it. surprisingly accurate daily horoscope. would definitely recommend this app. and its Free!,1
I luv tis app it it cool and easy and correct all the time way to go android keep it upper,1
Really like.pretty accurate. Try it you will become a believer. First thing I do everyday is read my horoscope to see what kind of day I will have.,1
it is a useful and fun and the controls are simple and if you do get confused it explians how to I strongly recomend it the,1
this is a good app for those that like astrology and reading ... two thumbs way way up in the sky,1
every time I go on it it has a new fortune for me and I love it and it is awesome and extremely great! !!!!!!!!!!!,,1
I like to see my horoscope every day.... this app is her easy to use and works very good on kindle fire:),1
"I am a sucker for these kind of ape and this is my favorite so far. Easy to use, seems pretty accurate. Love it!",1
"your horoscope is more detailed and accurately split. Libra has different decants (I think that's the word) and no 'scope is just a generic blurb for each sign. It's different for, say, a Libra born on the 4th and a Libra born on the 15th.",1
fun app! i enjoy reading my daily horoscope. no complaints. ads are small and out of the way. quick to load. easy to read.,1
"Just like you read your horoscope daily in the newspaper,here is another wayY too,just pick your sign and read what it says",1
"This app performs better than I even expected. It is beautiful and runs quickly. I was curious about astrology and didn't know much about it before. Anyway, well done. I'm happy with it.",1
I got the horoscope that said something like "after today your orginazation skills will be admired" FREAKY! Today i cleaned the WHOLE house. Coincidence? I think not.,1
"so far this is my favorite horoscope app I've found for my kindle fire hd. I love love love how

you can see your horoscope for multiple days(like yesterday & tomorrow, etc). Just wish I was able to customize it more and be able to set my name and birth ",1

I use this everyday. I love the breakdown by the date. I really enjoy reading my horoscope and it is surprisingly accurate to more of a degree than I thought.,1

"This app is very general with what it tells you for the day, which I like very much. It gives you a chance to make decisions of your own.",1

I really like the Horoscope cause I like to see my sign everyday and my husband's too. It helps me to see what kind of day we both are going to encounter and what may happen that day or evening. Thank You. Please go and purchase this from your Amazon sto,1

Nov 17. how dumb is that! how can you not finish all birthdays! good app but missing bdays ugh! I wanted to have fun,0

This is a very good Horoscope app. Especially for being a free one. I highly recommend it. I like the feature of being able to select the exact section of your personal decante. Nice feature! And very easy to go from different signs if you want to.,1

"When i first got this app it was more for fun, but now that I've had it for a while its crazy that its spot on with how im feeling and how to resolve it. So far I give it a five star rating. We'll see if this changes in the future",1

This app is fast easy to use and great fun. The spead is a big plus. I would get it again.,1

this is a great little app for everyone to use on a daily basis. enjoy keeping up with your horoscope. that's all uli can say,1

Easy to navigate and use. Convenient having your sign right there rather than scrolling through many other signs. Time will tell just how accurate this is.,1

"This app is great! Love that it breaks down to decantes! I think the information is concise, and fun as an outlook for the day!",1

I like this app. even wen I went to check it at the end of the day it basically explained my whole day.,1

"Awesome app, the best one that I have found for free. Most days it even seems to be exactly right. Highly recommended!",1

Best horoscope thingy ever!!!! I love It and it actually works!!! good thing its free if it wasn't id be lost!!,1

"I'm writing this because the pop up to write this was driving me bonkers. Thank goodness for this horoscope app, so I can get an idea of how bonkers I'll be two days from now. Helps with planning and staying out of institutions. I've used this app for a ",1

this app gets your horoscope right every time I love it so much. I use it at least once a week. I definately recommend it.,1

"I find this app to be very, very simple to use and as accurate as any. I do see myself in the info in a sometimes eerie way.",1

this app was fun to read I enjoy how it has a new fortune for you every day I found out that I was Aries and I trully enjoyed seeing the fortunes that where comeing my way. and Im looking forward to the new horoscope coming out soon.,1

This horoscope is right on. Very close to what is happening. Keep up the good work. You should make the readings for single people.,1

most people don't realize for every symbol their are 3 count em three options I'm a virgo 3 decent its a very good app I like it,1

Well I figured this app would be very interesting as most horoscope apps are... but I was wrong... the horoscopes were written so they could litterally fit into every situation possible(good or bad)and most of the time they were nearly the same thing jus,0

"It mostly does as described. Loads very quiçkly, seems to be accurate, even looking back to the previous days. I have tried many of the free apps and have found this one to be the most affective.",1

The perfect horoscope app. It not too big. It's fast and usually very accurate. It's way more detailed than most are. It separates you into a category and bases your reading on the week of your birth date I believe. And it shows the prior and the next da,1

this is one of my fav apps on my kindle fire it works great and it amazing get it get it get it now its free u have nothing to lose,1

"This is a great horoscope app, it really seems to be on target with how my day goes. Don't spend money on other apps, just go for this one!",1

this app is a lotof fun. who doesn't love a horoscope. I use it everyday. my finance loves it too.,1

":) good app for horoscope lovers!!!!!! I highly suggest this app. horoscopes for every sign possible, and it has daily updates.",1

"this app isnt anything special just... you know, there. its not fun on any level and the horoscopes don't match what im feeling like ever so its kinda stupiddddd but its free so I couldn't care less",0

"Good app. Fun to read every once in a while. Pretty neat, I would recommend this app to anyone looking for amusement.",1

"At least the horoscopes in some newspapers have some humor for those of us who, like Sheldon, find such things hokum. I thought this would have something to start off my day with a smile. Not this: Today ""slowly but surely, life on my small, tranquil isl",0

Enjoy reading my horoscope at the end of my evening to see how it related to my day. Lots of fun.,1

It's eye opening at times and entertaining on others. I read it daily and sometimes get a good laugh....then at night I reread it to see how true it is.,1

"I really love this app. out of all the horoscope apps, this one by far is the best. id recommend tho app to anybody:)",1

"I really like this sight. I like that it has three different settings. It gives you a lot of information, plus the fact that you can go to today, day after tomorrow ...etc.",1

Good fairly accurate amusement app for daily horoscope. Like that it is easy to adjust reading if near the cusp.,1

Everyone should get this app. It usually gives accurate horoscopes and definitely worth it. and its free!! so why not,1

It is very nice to have this on my kindle. I enjoy the convience and it is fun. Yay. for horoscopes!,1

"This app runs great on my Kindle Fire. It has nice graphics, takes up little room in memory, and is very easy to use. Bonus points because its free; the ads are very small and not too noticeable.",1

"fun and fairly accurate, one of the best apps or sites to get a horoscope from. I have recommended it to all of my friends.",1

"this app works great. if it says something, it will happen. I use this app every day. overall, this app is the best.",1

"it is pretty agitate, to be honest. most of the things are spot on perfect. I always check it before I wake up!",1

I was a little skeptical about this app. I used to read my horoscope in the newspaper. Since I don't receive the paper anymore my curiosity got the better of me. I am glad I found this and will use it everyday!,1

"Easy to use, straightforward and to the point. It works well and is accurate and attractive. Very glad I got it.",1

I enjoy reading it every day even though I don't always believe in what "they" are telling me. Entertaining to say the least.,1

it is a very good app if u like horoscopes the advice it gives is very wise and a good thing to listen to,1

this app works well with the kindle fire and saves me time so I don't have to go on facebook.,1

so far so good; guidance come from unexpected places and this app. definitely has good pointers. I don't have any else to say.,1

The first thing I read when I wake up in the morning. Very accurate. I like that I can go back and read previous horoscopes if I've missed one or even two days.,1

This is almost always right! I read it every day. It works good too. I think it's good for anyone who likes reading their horoscopes often.,1

It actually works!! this is one of the first things i look at every single morning!! :) It is very amusing to me....,1

"if you want an app with good, straightforward horoscope, get this one! I love it and use it a lot.",1

I find this app to be extremely accurate and I recommend it to everyone this is the best app ever!,1

great game love it its true if you want your horoscope read then get this because it is great and plus its free!!!!,1

"I love this app! I look forward to reading my horoscope every day. This app is quite accurate. Sometimes I don't get a chance to read it in the mornings, so I read it at night time and find that it is very relevant to my day. App is quick to load, and gr",1

This stupid app skipped my birth day. Darn I was really excited for this app : (please fix and if your planning on getting this don't it might skip your birthday. Just as it did mine.,0

this app works good. it is a fun app! i have not had any problems. the only thing would be nice to be able to see what signs are compatible. besides that its very fun and have had no problems. looking forward to seeing more from this app. I am very pleas,1

The app runs smooth on my kindle fire. It's amusing. It seems as accurate as any horoscope app. Good choice if you like this sort of thing.,1

Like literally almost everything this horoscope says really happens. Its gives great advice and it can really help me through my day :,1

"I like this app a lot. Firstly I would like to mention I am giving a 5star for adequate app updates and free access abilities as for mentioned in the prompter when I opened thee app today. Keep up the good work, ID Mobile SA. I expect consistency as per",1

This is a positive way to get me inspired about what is going on in my life. For me it couldn't be more correct.,1

it seam's that everyday it updates and I love so I don't get the same horoscope everyday I also like how it show's u diffrent horoscope's on diffrent picture's.,1

Although I don't check my horror scope often I like how this app reflects me and my personality. It's not often I connect with a horror scope prediction as I do with this one.,1

I am a very skeptical person. But I thought well it is free so why not try it out. It's been a

week and what I did was wait till the night time to read it to see if any of it pertains to my day. And there were days when I read it and my jaw dropped. It w,1
this app is great! it lets you look at an signs horoscope for that day! get this app and enjoy!!!,1
Works great on Kindle Fire. It never interferes like other programs. No ads blanking out the screen. Great for all ages.,1
This app is short and sweet. I like how it addresses all aspects of your life. I look forward to reading this short CONVENIENT horoscope every day.,1
I'm diggin it! On the real though! This shizit is mo'fuggin tight son! It will blow your nugget on that good tip!,1
"just the absoltue fab.app! 1st thing I read to start my day. quite a Leo thing! luvvvv it. worth it, since its free.",1
"This app is so good you don't need any other horoscope, the most informative horoscope that I have found. It is a must for the Kindle fire.",1
My husband and I enjoy checking our daily horoscope to see if the prediction came true. For a free app It is hard to beat,1
I use this application daily it's fun and easy and free! Cool design easy to use and fun to compare to the actual day,1
this is a good app. doesn't. lock up or slow down. love reading my horoscope daily. I will continue. to use.,1
this is a great app! amazon did a great Job in creating this one. great job amazon! love Jessi t.,1
I enjoy this app very much. I love reading my horoscope and others in my family also enjoy this app.,1
I really love the app. I'm so into horoscopes. this way its right at my finger tips. I keep ot on my my screen at all times,1
"Excellent app! Eerily accurate, but in the best regard. Haven't read such a precise horoscope in years. Information specific and unmistakably refreshing. Also has a very attractive design. A must have.",1
horescopes don't tell your future they give you suggestions on how to roll with the day this is one of the best horoscope apps ever you should get it.,1
I really like this app. Works great on my Kindle Fire. I use it every day. Wonderful program. Love it.,1
not a bad app for entertainment. find myself checking it out almost daily to see what day day may be like..... ;),1
"after experiencing a intense week, I added this app just to see how accurate it could be. It nailed my hectic little week on the head. Said it would be to spend a few days resting...good thing I was already on vacation. I look forward to my reading every",1
"My quirky computer does not show me the stars, but I rate it 5. It is just for fun for me, but I was totally shocked to see the total accuracy of the first message for me when I clicked on it for the first time.",1
This is a really a fact-based Horoscope! I know this because I had mood swings and when I'd get mad I'd take it out on my friends but now I know how to stay aside and warn them to let me have some time alone Because I took its advise!,1
"Definitely worth trying out if you like to check out your horoscope daily (or anyone else's). Very easy to use. If you keep it set to your horoscope, it opens right up to it every time. It's a fun little app and best of all....you can't beat the price (i",1
love it! would so recommend this to friends and family. worth the time to download. a got to have app!,1
great free horoscopes.... u can view 2 days back or 2 days ahead and present.... and u can see all of the different horoscopes... works great on kindle fire,1
I really like it!! but... it skipped my birthday :(!! otherwise... this is a cool app!! and sorry for the people that cant find their birthday date :(ok how u feel.,1
"I Like the colors and graphics (unlike another one i got that used rather silly cartoon people). Also, this one lets you look at yesterday's entry. Just don't rely on it, of course. Other than some general good advice, it is wrong more often than right",1
Alot of fun to read about your horoscope and this app is so far pretty accurate. Many people read horoscopes and I think this one is the best I have ever used. Thank you,1
Always has an as our trying to sell me something before j can read it. So irritating and frustrating if j wanted to look at Ann the ads j would go research then. Just saying,0
I love reading my horoscope everyday...its wonderful seeing how my days going to be supposidly turning out. a must have,1
this app is not so completely acurate but amazing! it tells me what my day or how I felt was basically about but not exactly its amazing try it for your self!!,1
"don't really have too much to say, other than it's. an attractive looking app, easy to use and fun to read.",1
"i love reading my horoscope from this app, its been pretty spot on with somethings :) keep up the good work. °~°",1
"i thought this app was enjoyable enough, not very detailed our extensive, but just fine for a

quick horoscope check",1
i keep this because the horoscopes seem pretty good and many were true i like to look a day or two ahead to see what the next days will be like so 5 stars,1
I actually do really like this app you should get it get all the updates too!!:D you could do lots of things on this app don't listen to all the haters,1
I downloaded this app because I loved the background and the fact the horoscope was divided into three sections.I've never seen that before and thought it was different and a nice change from the usual.,1
this app actually does include all birthdays for those that use it right. each sign has three different groups. and so everyone is included in the fun,1
its a fun app. all of this is a joke! i always bring this app out when I'm @ a sleepover! it always gets laughs!,1
This app is really fun. I check it daily and it is amazing how accurate it is. Lots of fun,1
this horoscope always has something interesting to ponder and each one is not too long. not too short. I find myself consulting it frequently.,1
This is easy to use. It is a plus having it on my Kindle rather than searching on the internet.,1
Nice app for fun and amusement. Some things are relative and some are amusing. Always nice to see what the stars have to say about you and your day,1
great look and feel to this app! would recommend to a friend as well. not sure why other commenters had an issue finding their birthday. no problems at all on my end,1
"This is a good horoscope app, the graphics are really cool and the predictions seem to be pretty accurate. I like the fact that you can read yesterday's, today's and tomorrow's horoscope.",1
I never knew my symbol until I got this app I love this app it's fun to ask everybody when where you were born it's awesome if you haven't already downloaded it you should,1
This app was surprisingly accurate and was very easy to use I recommend to anybody who likes these kinds of things.,1
Really accurate. I pay attention to the readings. Tested it by looking at the reading end of the day.....Today cranky as all get out.....the reading said it.,1
I can't find my birthday I would never get this app in my life I haaaaaaate it don't get it,0
"I have downloaded a few horoscope apps on iPhone and on my Kindle. This app seems to know what I am going through and is right on with what's going on mainly in my work life, it's very enlightening and so scary right!!! Scary good! (whether good or not so",1
Like the way the app presents itself. I also like the detail in the horoscope itself. Simple presentation and it works. This is a keeper,1
It actually told me what happened.It was absolutely awesome and actually pretty freaky.Yeah you should definitely get it. yes yes yes yes yes yes yes you should get it.,1
I been trying to find a simple horoscope app that works and this one is it. You can view the day of and previous days and future days as well.,1
This is a great app that I use every day. It seems really accurate with how I am feeling and how my day is going to go.,1
this app is really great it may not always be right but for the most part is and me being a fourteen year old eighth grader it's good to know what I should look for throughout my day to avoid drama xDAnna age 14,1
"I think this is a great application. Easy to use, and not cheesy like some other ones. Graphics are good also. Definitely recommend if you are wanting your daily horoscope.",1
This app is very useful. It makes it extremely easy for me to get my daily horoscope. The best part is it's free!!!,1
I love it. Just enough information for daily use and usually right on target. I also check other family members.,1
I love reading about my horoscope and learning how good my day is. most of the readings are true... it's just amazing,1
I like this app. I use it for entertainment purposes. It's really cool that it was free. Free apps are awesome!,1
"I like how it works and is pretty accurate. :-) it could work a little differently, but I'm not complaining about it",1
so convenient to have horoscope on my kindle I look up every day what my day might be like it helps because sometimes it's right on. It's a great app. for me glad to have it. :),1
After using so many apps for different uses I find I use this one every day! I absolutely love it!!!),1
Love this app. It's super accurate! now it makes me want to check it every morning before I leave my house!,1
I love that this app clarifies your horoscope by dividing each zodiac symbol into thirds for greater individualization. Much better than your run-of-the-mill newspaper horoscope!,1
"If the paid version, wasn't a Pink Circle, I would buy it. I know that sounds absolutely silly...but the blue looks so nice! This is a great horoscope teller, with excellent images, interface, and sharing capability. Very impressive.",1
"I enjoy horoscopes; this one is very good! Most of the past week's readings have been pretty accurate with moods and subject matter related to career, following high tides and moon positions. Bravo for having this smart free app!",1

"Ever since I was a kid, my mom has always checked her daily horoscope. When I got old enough, my mom started buying me a monthly scroll with my daily horoscope. They were great, but they are VERY hard to find! This is a great alternative. I check it ever",1
This app is 99.99% accurate 24/7!!!!!!!!!!!!!!!!!!!!!! I love it soo much that I trust it to tell me what to look forward too!!!! totally the best horoscope app in the WORLD!!!!!!!!!!!!!!!!!!!!,1
"i have had no problems with this app, it works great on my kindle fire. It is very quick and easy to use",1
"Wish I could convince others to believe in this kind of stuff. I LOVE IT!!! And, they are all true. There should be an app that has a combination of every type of astrology, numerology, and psychology out there.",1
its actually saying wat I'm going through. its very fun and creative. I will be sure to use it everyday. no complaints. good job guys. :),1
it is simple and easy to use with a slightly further breakdown than newspaper and online sites. I enjoy using the app.,1
Found this app as a recommendation and have used it every day since. I like to read the days scope at night and see how well it fit into my little world throughout the day. I know it's backwards but it's my world.Ha,1
completely true and to the point ; I had know idea of the different decadent so its been educating me as well thanks for such a great app!,1
enjoy reading my horoscope everyday using this app! like the three different readings it gives!! works great on the kindle fire!! :),1
very good I love it I check it everyday and I love what it says it is so true amazing,1
"i totally rely on this app to tell me how my day will go! LOVE IT! always different and accurate, no generic auto responses!",1
so I recently downloaded this app. I began exploring it since I'm born on July thirteenth I'm a cancer it is very unique that there is three different ways for each sign it is also very accurate,1
I like it it works good!c: I read my things almost every other day and my brothers!:) its a pretty cool app!,1
I just got it and already love it! its surprisingly accurate.it was a 100% correct! everything about it is correct.everything it said about me was right.,1
"This is a great app! It always offers a balanced reading, which somehow relates to real life situations. I would highly recommend this app. Download and enjoy.",1
"AWESOME APP its free, tells you your daily horoscope, and you don't have to reset it the next day when you get on all in all I love it and so does my family and friends",1
Great way to start and end the day.Thanks for the free application I love getting the daily information and insights.,1
I like this app. I check it everyday to see if I should even bother to go out. :) Hope it tells me I can retire soon!,1
"There's nothing I like more than getting my horoscope early every morning. This app is extremely easy to use. Try it, you'll lovi it.",1
works. very well but the dates. are a little offother then that I would get it ...it works pretty good for a.free app,1
"this is a very fast, fun app. if you like horoscopes i recommend this app for you. other than that the horoscopes were acurate about what would happen every day.",1
Fun and interesting to read. _____,1
I hope this stays free because it's a great app. I only wish you could choose your sign with a wheel.,1
does what it says and fun to read daily! I read my horoscope daily and have been very happy with this app!,1
It's a good app. I enjoy finding out what my daily horoscope is. Something fun for down time or while waiting in a line,1
This is a lot of fun to use and the horoscope is accurate on sometimes. Worth the download because it is free.,1
I really like his horoscope.. its easy to get to on my kindle fire.. lol... on my phone it costs money so I just hop onto this and get my daily horoscope... no more newspaper I recommend this app!!!!,1
my kids are 15 I got them this app because I thought they could use this advice I love and so would u,1
"tried todays FAotD, exact same horoscope but childish graphics. uninstalled it and staying with the more authentic graphics meant for adults!",1
this is one of the best horoscope apps there are!!would recommend to anyone who's looking for a horoscope app.and its a free one.,1
it seems as tho the app knows what is going on in my life it is always right :D I give it a big thumbs up ↑,1
It always work even if not true it kind of makes my day. I hope everyone enjoys it as much as I do.,1
If you like to read your horoscope daily and enjoy looking at your friends' signs as well then you

will like this app. I have enjoyed what the horoscopes say and like that I can look two days ahead or behind.,1

"I love this app! Not only does it have very specific zodiac signs (e.g. 1st, 2nd, or 3rd Gemini), but it also has horoscopes for up to two days in the past and two days into the future. I've found it very concise with what's going on in my life. There ar",1

"The app DOES have January 6th for Capricorn. --' you have to click on the number next to it, there are three different fortunes for each one. it breaks it up onto sections so don't be so blind, just play around with the app for a bit and figure it out a",1

this a great fun little app I use it and its very surprisingly true or maybe I twist what happens in reality to make it seem like that whtevr great app,1

This an app that tells you what your day is like. It is predicted by Gods. By figuring out what horoscope you are depends on what id your birthday. This app is very interesting.,1

I do not believe in horoscopes...I do read mine each day anyway. I wish some of them would come true.,1

"I am not someone who really believes horoscopes However; after checking my horse poop with this app within the last 2 weeks, I must say that it's pretty accurate.The app is easy to navigate.",1

"This astrology app seems to have a real depth to it. Much more accurate and involved than those from newspaper's, magazines,etc. I definetly recommend it for those interested in this topic.",1

"This is a tried and trusted app. I read all the reviews before installing. I read my horoscope before i get out of bed or do i need to stay in bed, peeper",1

"I just got this app today and I love it. I deleted two other apps in favor of this one. Nice color, easy to read. Fun to use.",1

It realates to my every day life a lot of the time. I enjoy useing it and like that it will let me look at the other days a head of time.,1

Love this simple dependable app. Gives me the little push to start my day! And I can check on the outlooks of my colleagues.,1

I like this app because of it's simplicity. If you want to know your horoscope in a flash this is it and there ain't no more.,1

"very nice app, would have paid for it. visually, its a lot more pleasant than other similar apps . wish you could have multiple users without reentering dob",1

So far this app is awesome! cant wait to use it in the new year! Please keep it free! Happy New Year!,1

Seems like it is right on with what happens during the day. So much so it is almost scary. I am glad I got the app,1

It shows me all that I want and more without going through a whole bunch of other stuff. I'm s happy girl,1

"great star watcher. it hs theability to distinguish between the diffrent aspects of each sign, givin it more accuracy :)",1

"I love this app it lets you look at today, tomorrow, the day after tomorrow, yesterday, and the day before yesterday! its very helpful to me because if I don't have anough time I can look it up before.",1

very easy to and is almost right every time I am glad to have been able to get this app.,1

it seems pretty accurate. enjoyable app. I like how it is split up into decantes. I also have had no issues with using it on my fire.,1

I love this app I use it all the time I love getting my horoscope! its great and its free apsolutly reccomend it to everyone,1

great little app that does exactly what it is supposed to do. lots of choices for individual signs. and free to boot!,1

"I tried another free horoscope app for the fire, and much prefer this one. better design. faster, and advice - by decanate - seems appropriate. nice addition to the Fire. Great app",1

I have a kindle fire hd 7inch and this app works really good on here I check my horoscope allot so I've tried almost every horoscope app and this one seems the most real to my life.,1

I love. it I like reading it every day . IF IT SAYS I AM going to have a bad day I try to turn it around an make it a good one.I love it.,1

For the Ppl that think their bday is not on here you have to use it right. It is broken down into 3 cycles for each sign so u have to pick the right one. It took me a lil bit to figure that out. It also can give u a day or 2 ahead.),1

Works for me just fine! I find it entertaining and often read last weeks horoscope just to see how close to reality it was.,1

I like it. I read it of a morning and think about it at night and.... I think that it is oddly close to that day. It's a nice app. Pretty cool.,1

"I like this app because I like to Keep up on my.horoscope. if you.like horoscopes, this is the app for you.",1

"Awesome app. This helped me stay calm and relax. the best part? IT'S FREE! Anyways, I would really recommend this app to everyone.",1

This app is great because of its simple design and attractive interface! Best horoscope app Ive found and the only one I have not deleted!!!,1

"Nice app, easy to follow. No problems here. It is fun to check every day. I like to check on mine and hubby's ..",1

"this app gives you a daily reading which is, like, really really accurate!!! if your looking for an easy to use, right on target horoscope app, this is the one for you!!",1

".This app is a fun way to start the day. I like the look of it, and it's simplicity. Very nice!",1

Fun to check the day and compare it with what actually happens. Pretty accurate. Keep up the good work. THANKS.,1

I bought it not to long ago. Couple days. It was pretty awesome. It knows exactly what's going on with me on some days. Lifts my spirits. You can also check out other horoscopes not just your own. I looked my siblings and they enjoyed it too. It's the be,1

its nice to get a glimpse at what ones future holds. I like this app because it comes pretty close to what usually comes about.,1

Stay away from this app unless you want to be in a bad mood everyday! Everyday is negative or says have a great day because tomorrow is going to be crap!,0

I think that this is a great app very helpful in your everyday life. And good to share with friends.,1

It is easy to read and has good graphics and is easy to use. The horoscope is mostly accurate too. I love it.,1

I enjoyed this very much. It gives you insight into what your day might be and you can avoid traps of the mind games people play and avoid them.,1

This is a GREAT app. The horoscopes I read were amazingly appropriate for my friend and myself. I would recommend this app to all of my friends.,1

to the person who says there is no capricorn.wtf there is Capricorn! I would rate 5 stars. it has my constalation Leo.,1

"I read my Horoscope for fun. This app. has been so dead on as to what is going on in my life. So close sometimes that it gives me the Willies. Try it, its free!..",1

Weird it seems to know what's happening. Coincide or not? Check it out and see. Or maybe I'm just nuts lol ;),1

I like this app a lot...it does what it says and in no time I have my horoscope up on my screen...I love and I use it all the time,1

I love this app! very accurate and reliable! would recommend to any one that likes reading their horoscopes regularly! Try it!,1

"I have this app. on my Kindle Fire 1st gen. and it works perfectly. The horoscopes are well written, informative and rather accurate. Some horoscope app.s are cheesy, but not this one. I highly recommend!",1

This is a great app that is both attractive and efficient. It provides a well-rounded and thorough horoscope based on a three decanate system. Highly recommended.,1

This is a great app. that makes you think about things before you do them. At least that is what I get out of it. For that reason I give it a five. This is a buy...,1

"Now there is no guess work, since I got this app. I know where I stand as the day begins!",1

I like being able to check my horoscope with more details than what I am used to because I never believed I fit into my sign.,1

sometimes these things are somewhat correct but this app seems to be right on the money. I also like to not read it for the week then go back just to see if those things really happened. pretty cool stuff,1

I recently just started reading my horoscope with this thing and stuff yeah what yeah I really hats that you have to have a long review,1

"I love seeing what my scope is and all the people around me. It's easy to use and fun to use. Though I don't really believe what it says, sometimes it is right on the money. Then I am shocked!",1

the layout is very sexy and attractive it is very easy to navigate and the horoscopes are plausible and legitimate. these will make your day in the morning.,1

my sign is Liberia but it doesn't even have my birthday on there. it's a piece of junk. whatever you do don't by this app.,0

Great app I enjoy the interface and lay out. Visually appealing. Easy to use and have had no problems with it.,1

I like this horoscope app a lot. it seems be be pretty accurate most of the time too. I check everyday almost,1

"this is the one thing that you thought you wouldn't need, but you do need it. I find it crazy accurate to what ever happens in my day, which is why i love it so much! you should give it a shot. who knows, it might impress you as much as it impresses me!!",1

"I like that you can look back, or forward, to see how your day has been or what to expect. And it is beautiful, too.",1

This an awesome app for horoscopes. the daily horoscopes are enjoyable to read. most of the time they are right on point,1

This app is enjoyable to me. I check it out first thing in the morning and reread it again at night to see if it applied to my day. So far it's been right on point.,1

fun and the app tells the truth haha sorry for the people who don't like the app or it didn't work out for you.....,1

"This a great application to jump start your mornings, just like your first cup of coffee. It is

very informative and a lot of fun! It's better than your newspaper!!",1
 I like this app. it lets you look at the horoscopes for other signs besides your own so you see who gets a better fortune. Aquarius or Aries Taurus or virgo piecies or capricorn,1
 I say it is super fun to read. I love what it tell you the stuff happens most the time!!!!,1
 it tells me things I know about my self and I love it very much it shows me why I am how I am.,1
 This app is fun for everyone who likes horoscopes. This particular app has 3 dimensions for you daily. I've tried lots of the other horoscope apps this one I highly recommend. Some days good some not so.,1
 I really love this app. Every day horoscope is written very nicely and without crazy philosophical nonsense. It's direct and detailed.,1
 my birthday and my boyfriend's are not on there theres gaps everywhere at first I thought this was made by a kid poor child Ps.I am only 11 maybe the full ape is better.,0
 "Good app. Not childish. Maybe a little more generalized than I would like, but it meets expectations. Check this out.",1
 its pretty accurate and I love the backgroud its good stuff it guessed how my day was gonna go and it was right!,1
 I like the zodiac readings I try yo remember to look at it every day and sometimes it's right on target.,1
 this app is really good i use it every day n its always updated. I recammend this app to anyone interested in their horoscope,1
 "I am not one who loves every app. This is almost scary accurate. Hope it stays that way! Well, maybe not tomorrows.....!",1
 pretty accurate and interesting my mom and I compare horoscopes every morning normally its pretty dead on. I would like more options tho. like specify love interests or careers,1
 Unfortunately this would not open in my android. I wish it would have; it could have been an entertaining app.,0
 January 6 is in the second part of Capricornread instructions before u rate something bad for your own short coming. Very useful and entertaining tool Thanks,1
 "Interesting app. I like how the dates are sorted in the sign, which is better than a regular horroscope. I hate the 20 word minimum review requirement.",1
 "Absolutely wonderful. Great service and highly sophisticated. Completely workable, down-packed to the fullest. I think it is easy to use and is spot on.",1
 I've never had such a detailed an accurate horoscope. I love this app! It's right all the time and nothing like other ones out there!,1
 I love this app for kindle fire. now I can read my horoscope when ever were ever.I highly suggest it for other people. oh and also it helps on somedays but to me they help every day with this addvice that it gives I am more successful in life.,1
 "I could not be more impressed. this app is well made, never breaks, and is always there with the right information. nice work!!!",1
 "I really enjoy My Horoscope, especially since I have updated this app. I like how with this app you can read the past couple days, (I like to see how accurate it was), as well as reading into the next couple of days. As I stated, I really do enjoy this a",1
 "Shows multiple horoscopes; Depending on which week of the month you were born. I don't take these serious, but the first 2 were strangely accurate.",1
 "I tried playing this for about 10 minutes, and then just said screw it i'm bored. I might just not be a hardcore enough RPG'er",0
 My rating is based off of the time I've spent playing this game. Fun and addicting if you love sci0fi stuff you will enjoy this text based game. Be warned you will get sick of this game after a while.,1
 "This game is loads of fun. You can play differently depending on your style, military, spy, trader, etc. Expect to lose some sleep.",1
 Probably the best android game i have played. The dev's constantly update the game. Download the free game before paying the price for the paid game and make sure it's for you.,1
 "Unable to use on old Droid X2 and forced closing a constant issue. It was suggested to go with the paid version and it performed as well as the free version. NOT AT ALL. Perhaps more hardware related, but they need to work hand in hand,",0
 nothing to it has many problems you dont see anything and is hard to follow pretty much sums it up,0
 I really enjoy this game. the detail into some of the thought is great. graphics are good. some things could be better like knowing which planets are what and under what faction but overall a great game. lots of options and plenty of stuff to do. thanks,1
 "i have the full premuim version of star traders. this game is absolutely fantastic if getting rich amid galactic empires is your thing. note this game has. very steep learning curve and is not easy, with harder modes even having permanent death.",1
 I play the premium version. It works great on Kindle Fire HD and I have never had any problems. Game is fully functional when there is no wifi access. The developers frequently update with more content.,1
 This takes me back to the days of text based rpgs. Way too much fun. I can waste hours at a time playing.,1

I love this app and planning on getting elite this is a epic app I reccomond it to all people,1
 "This game is awesome. I cannot say enough good things about it. If you liked Trade Wars 2002, Outpost Trader or Planets: The Exploration of Space back in the BBS days, you will feel right at home with Star Traders RPG.",1
 "Brings me back to my teens, playing TradeWars on the local WWIV BBSes. It isn't much of a casual game, but I don't mind at all. Most of the apps I find are short attention-span style games. This one is one of those that you really get to spend some ti",1
 "This game is better than I thought it would be, I've spent hours playing it. I'm going to get the elite version so I can get more upgrades and ships and go to more planets. This game plays smooth and fast on my Kindle Fire. I absolutely love this game.",1
 Brings back fond memories of "Privateer". Not an easy game. A real game that rewards deep and continuous play. The Trese brothers know how to do it right. All their games are great and the elite versions are worth more than their price. Exc,1
 "Kind of reminds of that old game that's not available for (DOS) PC's anymore. Mine, sell, trade, improve. Great sim!",1
 "I sign up with very specific info pertinent to each game. Either this game is malicious or they are selling users information to other people.Downloader beware, your info may be a risk with this app.",0
 "Got a blank white screen/field where the pictures should have been.Some deck of HTML color reference cards!Wishing that this were compatible with all devices with Android, but it is not.",0
 "this app does exactly what it says it does, gives you a quick reference card for hex codes of html colors. there's nothing on here to go wrong. its just a page with color boxes an hex codes. I'm very pleased with it",1
 "It's listed as a quick reference card, and that's just what it is - quick reference. Displays swatches of color with the hex codes underneath them, with a zoom feature should you need it. I can usually figure out RGBs, it's the hex codes I have trouble w",1
 I teach photography and design and this is a simple and precise color guide. It is well done and attractive.,1
 I downloaded this app but i have not got the chance to use it yet. When i do i will right one.,0
 this is the best app EVER! I was able to do my taxes in 10 minutes. Super convenient. Will DEFINITELY use this app again next year!!!,1
 "easy to use, fast did not take any time at all to get my taxes done and got results quick",1
 "THOUGHT this might really help at tax time, but after reading the other reviews about going half way through inputting your info and then being instructed to pay for more help I deleted it. Can't even tell you how much I hate those time wasters and",0
 Almost too good to be true! Only complaint was that my rebate was larger!! :) Would recommend & will probably use in future.,1
 "i don't like. having to pay to file taxes, but this tool does what is says and is easy to use.",1
 "I input a lot of info then it wouldnt work, this is who i have been using in the past",0
 I am very disappointed they are misleading and know the psychology behind claiments and use it as an advertising bonanaza. Ripoffs,0
 "This app made doing my taxes so easy this year. I had used another tax program for years, and been very happy with it. When I went through that program this year the bottom line was I owed IRS over \$450. I downloaded TurbTax here for free on March 31st. ",1
 "Wow, at first I was skeptic about this so called SnapTax take a photo of my tax return and poof it appears on the screen. Oh but was I wrong it took 2 seconds and it had all my info and was ready to file. Unbelievably user friendly interface for the novi",1
 You have to go online and pay \$79 to finish your taxes. This is a complete lie and is dishonest at best.,0
 Did my taxes on this and efiled. Loved it! Easy to use and reliable. I am very happy with Snaptax and with Turbotax.,1
 I was surprised by how easy it was. It only took 20 minutes and most of that was looking up information I forgot to print out first.,1
 "Despite the other bad review, I couldn't bring myself to believe that Intuit would actually put a product on the Kindle app store that wouldn't work with my Fire HD. But when I installed it, I found that sure enough, the HEADLINE FEATURE of the app, whi",0
 Did not recognize the camera... wanted me to enter all of the forms manually... so why would I need this?,0
 used tt in the past so some info was in it. breezed through. price was fair IMO. will use again.,1
 "My friend used this App on my Kindle to prepare their taxes. I haven't used it myself but it must have been a good addition because she got close to 2,000.00 return. This was using the free version.",1
 "great app! the only issue i had is one of my W-4 forms was more in the landscape mode and i couldn;t just snap a pic, but it walks you through everything for easy manual entry. easy and fast!",1
 I had no problems. Pretty straightforward and easy to use. I filed today before 9:50 pm PST. Awesome deal for 14.99.,1
 beautifully executed bait and switch. after you enter a ton of info it claims your return is too complicated for the android app and offers to transfer said info to the paid app. of course you go

for it because you don't want to start all over. what is s,0
"I cannot say how baf it is when a game does not have an actual quit, but only allows you to press the home button to end it. Bad. Bad. Bad. Who knows what it does when you leave that way. Also, this game is slow between ” shots”.",0
"I can't believe this game doesn't have more 5 star reviews. its a lot of fun, I like it and my kids do too. Definitely worth playing.",1
"I downloaded it, tried it and deleted it. I'd prefer a mini-golf or actual golf game. This is just silly.",0
"lol, more fun than I thought this would be. I'll be trying to get a real life game of this going around the office on Monday. Well done devs.",1
"This is both hilarious and fun! I can see it may get old quickly, but I am enjoying it now.",1
where is the exit button? the app doesn't exit. need to force stop. otherwise its an ok game for free.,0
I adore this game. My son and I laugh out loud trying different angles to improve our scores. Don't miss this one.,1
"Kindle Fire review - Read the reviews and listen to the ones who have actually played the game. Good graphics, great concept. Controls work fine. Certainly not an easy game, but then where would be the fun in that? Normally I would give this four sta",1
"Does not work with Motorola photon, reinstalled several times but still got stuck in loading screen. Really wish amazon or the writers would screen these apps for each device.",0
"controls are really touchy, hard to master, game shoots the people without me even releasing and also freezes on every hole",0
"Loads to a black screen, vibrates once, vibrates once more, then the app quits. I tried twice but the results are the same on Samsung Intercept.",0
"this game is really fun! it's definitely worth trying. and I love the guy when you get him to the target, really funny",1
I got this app and it didn't even load I got it for my daughter and she liked it but she couldn't figure it out,0
"no exit button on menu, and back button doesn't exit... have to hit home and go to task manager to actually quit... poor programming IMO",0
"The style and feel of the game creates a fun/playful atmosphere that is very appealing. The animations of the characters, design of the cubicle and general gameplay just.marks it as a wonderful game.I definitely reccmend it!!",1
"works real great on paper, or real life...but not in a game. sorry.maybe there was better physics? trashcan will never stop this momentum.",0
"If you have a Kindle Fire, then it is pretty fun and addicting to me, but if you have an ipod, or iphone this game can be pretty hard to play on a small device.",1
"sux.however, cubicle golf in the real world is amazing!!! great idea!!! thanks!the app is very repetitive and boring.",0
Not really golf. It is some slacker employee scooting around the office trying to avoid the boss (the obstacle) and get into a certain area as the hole. It is interesting and the comments that the employee and the boss say are pretty silly. I would actua,1
"You might want to review the section of Android Development Fundamentals 101 about closing the app. Back button and Menu do nothing, and there's no entry to quit. Without a task killer there would be no way to close this mess of a game. Uninstalled.",0
Doesn't launch in ICS. Only gets a garbled display and background noise. Needs to be fixed so that people with new devices can use it.,0
"Works great on kindle fire. As a cubicle dweller, i find this app hilarious. Nice Lumberburg lines with the boss.",1
Just another boring golf game. Nothing stabs out and nothing special enough to warrant purchasing. Piss on this one and don't pay it any mind,0
This game is seriously fun. It's a challenging and interesting take on golf. Sure the boss is annoying but that's what obstacles are supposed to be. I could do without the commentator's bad accent though! Gotta turn him off.,1
"Downloaded it thinking it would be a fun game to play. Unfortunately it wouldn't even get past the splash screen. I do appreciate that the only permission required is to prevent the phone from sleeping. Might try it again in the future, and if so, I w",0
"I'm not sure what I was expecting... but this game is fun, smooth graphically, and original! I don't understand the negative reviews at all. This is worth the price and as the FAOTD it's just great!",1
"Not bad on my Evo but on my Asus just get a black screen. I can hear sound but see nothing. Went back to game description but it has no warnings against tablet use.Was hoping to see this on the larger screen, oh well.",0
"I had so much fun with this little game. I'm horrible at it, which is comical in and of itself, but I really enjoyed it. I like the 'clubs' being the people, and different people who represent each 'club', which was kind of hilarious. My son and I were l",1
This app did not function on my COBY 7012 Tablet.The first hole played and when that hole was completed the app closed itself.No other holes than the first one were ever allowed.,0
"Seriously, I have to agree with others. This is awful. Won't even get past splash screen, can

hear music. Force kill. Trying to run on Atrix. It would get at least another star if it got so far as a menu!",0

I hate this app I mean what is the concept??????? for 99¢ really. I do not recommend this app from marah shulda,0

Junk. Yet another game that fails to allow a cancel/ quit option. Must activate Settings to find the app to allow you to Force Stop. Lamé at best. Uninstall.,0

super fun game glad it was free I wouldn't pay 99.cents for a game it was awesome I can't stop playing it i would get it. this app works wonderful on the kindle fire or a tablet love this app,1

penguins are an alpha species and they are beast and they rule. they live in the snow so they will be happy and they are on the top of the food chain and they destroy people,1

"every time I try to play this game, my phone freezes and I either keep hitting home until it F/C or I restart my phone. T-Mobile Galaxy S2 with dualcore with an o/c @ 1.78ghz. I don't know if its a conflict or just a bad app, but nothing should bog down/",0

its not golf balls its coworkers in chairs with wheels! Hilarious fun. The announcer is witty and sounds cute. Download this FAOTD you will be glad you did.,1

"need to improve gain play. Slow to respond to User, particularly between strokes. could be more sensitive to intermediary hits.",0

What a fun game. Don't download or play if the product description doesn't strike your interest or per previous reviews does not work with your device. For the rest of us this is a fun game.,1

"This app is no doubt 5 star worthy. I got it as the app of the day, but it would be worth the money if it wasn't the app of the day. It runs fantastic on my kindle fire. The graphics are unbelievable. The game itself was a great idea, and it was well",1

"Is there a zero start option anywhere? It does not FC, it simply does not open. Uninstalled. Droid 3 running CM9 ICS",0

"I thought this was a very clever idea, and definitely got a few laughs out of it. It could be a great game with a few changes. I agree the boss makes it too hard, and the option of playing without him, slowing him down, or maybe just having him give you ",1

"this game is horrible. I have never seen a game that did not have. A) difficulty control, B) instructions and C) THERE IS A FREAKING CEO WALKING UP AND DOWN GOING "oo, looks like you're staying in late!" it is a waste of space, don't. get. it.",0

seriously come on. its a fun game and not meant to be strict golf. jeez the audacity of you people.,1

I don't know why there are negative reviews! Silly great app - especially free - fun comments by announcer. Great to try out!,1

"Inspired by the game play, I thought I would give this a try at the office today. Perhaps I should have asked, however, before starting an impromptu game and then accidentally sending Susan into the eighth floor stairwell.",1

"Crashes on startup with a black screen on Toshiba Thrive (HC 3.2.1, Tegra 2). Eventually music will start playing but the game never displays. Tried it on my Droid (GB 2.3.7, A7@1.2ghz) as well and same thing happened. Bummer, sd the game idea looks inte",0

"...which the developer tried to get me to do. Fun, but couldn't get out of the app. I had to shut off my tablet to get out of it. I had to let it go.",0

free app free app first comment free free free free free free free free free free free free free free free apppppppppppp of the day,1

I laughed the whole time I was playing it. We used to actually do stunts like this in the days before computers and cell phones. I absolutely love it. I would gladly purchase for a version of this with more courses.,1

"I got this app for free, so I have to say I would have been satisfied regardless of how well it worked. With that said it worked great and was actually really fun. Would suggest to others",1

the app is unable to run on my Atrix. all i get is a black screen with the notification bar. phone becomes unresponsive. it's a shame because the game looks pretty fun.,0

it doesnt want to install i press the the button and now it doesnt want to do anything i guess i cant really try this out,0

"This is a great game, well worth the money. Can't stop playing. Very addicting. One of the best games on the markret.",1

"On a t mobile my touch 3g slide, this app runs super smoothly. The gameplay is fun and very addicting.",1

Got this when it was free but I probably would've paid for it after playing it. It is a ton of fun and runs smooth even on the original motorola droid running stock android. Thanks for the free app amazon.,1

"This is a game that is well-worth paying for. I played it for hours and hours. The OpenGL graphics drain the batteries a bit, but it is worth it for the gorgeous glowing explosions! I love the soundtrack--wish it was longer, but it is really good pump",1

love this game but no way I'm re buying it. this is version 1.3 and Google play is version 2.21 and this doesn't work so well on more modern devices,0

"I gave this game a chance and found to be very addicting and fun. I hope the developers make this game for the iPad soon, as the controls would work that much better on a larger screen.",1

This is by far the stupidest thing I've ever seen. I'm 50+ but still.. give me a break. If this is what the younger gen is wasting time on.. enough said.,0

I would love to try it. It downloads but will not open on my G2x. Hoping for an update soon!,0
"I love this game! It is rather challenging, as it makes you formulate a plan and use strategy. I keep playing the same level over and over again trying to best my score. Without a doubt, this is the most used game on my phone. Works great on my Droid",1
"I've played a wide range of defense games for Android from Robot Defense to Castle Defense as well as the cowboy and zombie ones, but when it comes to challenge this one is the best. I cant tell you how many times I've failed on a level on this game (it ",1
"Simple yet challenging, highly addictive! Now I just wish they would add more levels. Definitely the best tower defense game out there.",1
I got this when it was the app of the day and quickly got hooked. each round is fast so it's ideal for brief downtimes.,1
"Won't install on mi Droid x an I am disappointed very much..?? Please fix it, because I want to try it out really bad. Thankyou,..... Droid x",0
"very fun and addictive! would like to see more explanation of how bonus is calculated. this is ideal for touchscreen app, Droid incredible.",1
Great little game to play while in line since each round lasts 1-5 min. but screen needs to be bright so not good for outside play,1
graphics are simple but good. gameplay is easy to learn but difficult to master which is the mark of a good game. works great on droidx.,1
"Strategy doesn't really come into play til later levels, but animations are pretty and game is a lot of fun. If you like tower defense games, get this. EVO.",1
"I love this game! It's super fun, has good sound effects, decent sound track, and excellent old school graphics. One of the most addictive games for Android.",1
"Come on, developers, this is how you do it! The game works wonderfully on the Xoom. The larger screen probably makes it easier to play than on a tiny phone.It's pretty much your standard castle defense game, build guns to stop invading forces, make mon",1
I haven't been able to put it down yet this morning. New take on defense games that I have yet to play a similar one.,1
Has a high difficulty level but I cannot put it down. if you like tower defense games this is the best on android.,1
I love it! It's very addictive. The sound track is very cool. I had no problems with the installation and it plays perfectly on my Droid X stock 2.2.1 non-rooted phone. Highly recommended! I also think the game is very well balanced. While the lase,1
"I've been playing this game at least once a day since I got it a few weeks ago. It's easy enough to make me *want* to play it, and challenging enough that I haven't beaten all the levels yet.",1
"droid x running gingerbread. I can't wait to start playing this game, it looks great! I don't think an application should get 1 star just because it wouldn't install for someone. how can you give 1 star to something you haven't even tried yet? if you",1
Unbelievably addicting. This game has just the right amount of challenge combined with fun. Very fun to try different combinations to see what works.,1
"great game, easy to learn but requires strategy to win. fun too. more levels please could use more starter levels",1
Ive had this game for a while and I love it. I use it to kill time when Ive either gotta wait around or when Im smoking. It has a good amount of playability as long as you use atleast a portion of the right side of your brain. Its simple enough for you t,1
... this game will not install on my Flytouch 3 Android 2.2 tablet. That is really too bad because the reviews make it sound fun. Unfortunately the only message my tablet gives is "Did not install." No error message that would help the dev.,0
"the graphic is amazing. no ads. will pay to get it, but free makes it even sweeter. get it today.",1
"Fantastic and challenging! Tried the free version and loved it. Got the Full version for free. Great deal, would pay for this app gladly.",1
Great graphics. Game really gets you involved in the strategy. Each failure motivates you to try something else. It's very hard to stop playing.,1
"when k close my eyes, I see hex shapes and cool explosions! This game is addictive and fun. Perhaps a little too easy once you get the hang of it. The description says it doesn't work on the HTC Hero, bit it works great on my rooted CM7.0.2 Hero.",1
"excellent graphics, excellent music, excellent animation. Very good tower defense. if you have isaues with the app, email the developer directly - he/she can't respond to comments here. Evo4g",1
"only real issue I am having is on hard when i beat the level , it only shows that i beat it (green check mark) 1 in 10 times maybe you have to get the high score on hard for it to count, not sure?",1
"I do not play many games, so if I become addicted to one, you know it must be fun. I played for hours.",1
"Very fun game, we need more levels!! Wish my work breaks lasted longer now, lol. Looking forward to upgrade and new levels soon.",1
"Thought this game would be another one of those tower games, but Hex Defense is actually fun and engaging! Simple to learn but tough to master!",1

I'm a big fan of desktop tower defense games and this is one of the best. The addition of levels past 20 really helped.,1

"Does not work on Atrix, gives a black screen for a minute and then force close messagen. Hope it will get fixed soon...",0

I appreciate the work put into this kind of game. Simple and clean as phone games should be. Looks great on Nexus S.,1

"So simple yet so complex. Easy to learn, challenging to master. Love it because it's so much fun, hate it because I can't stop playing.",1

"This is a simple defense game that is easy to learn. No tutorial needed, you'll be in and playing within seconds of hitting the icon. And, despite its simple graphics and easy gameplay, the game is a lot of fun. Prepare to be entertained for hours whe",1

This game is great. Hours of fun and a unique gameplay make Hex Defense a really great game. I just recently finished beating all the levels on Hard and it was a good challenge. Islands was the hardest. I posted a YouTube clip of me beating that leve,1

there is a free demo so try that first but this is def worth buying. no ads and lots of fun.i am not a robot or a paid reviewer.i just really like this game and i want the developer to get rich so he will make more interesting games.,1

"It's a pretty solid, but pretty standard, tower defense type game.What sets it apart, and in my opinion makes it better, are the awesome graphics. In a simple but stylish way they really stand out and put this game above much of it's competition.If you ",1

"This game introduced me to the genre, and it is the most fun one I have played so far. Pretty simple concept, but some of the levels took several tries. Win once, and then turn the difficulty up.",1

Run away from this game. You will be addicted!!!! I beat all the sets in both easy and hard. Now trying to get to 57000 in each level. i am almost there. need more levels.....gimme more now!! Please i really need a fix man!!!! Please? No really.... I ha,1

the game will not load so it is hard to rate it. i have a view sconic gtablet running stock firmware.,0

Very enjoyable game to pass a few minutes here and there. I think the instructions need updating because it goes beyond 20 waves now. Works great on my HTC Incredible.,1

"Would like to have more than 20 rounds, I was close to upgrading all my turrents to the max when I finished the stage. Also a feature to create your own stages would be cool too",1

I thought it would be one time through and deleted. instead it's addictive as hell. simple rules and deceptive yet flexible strategies.,1

"Lots of levels and super fun, definitely recommend it! Graphics are good too. It is a lot like that other defense game everybody loves, so if you like that you will love this.",1

Not only is robo defense a better game but it doesn't lag. Tried playing this on my droid x running gingerbread and I had to give up because the lag was making the game un playable...to make matters worse it froze my phone and took forever to uninstall.,0

"Most enjoyable hex defense game I've tried, including better than Robo Defense in my opinion. Awesome graphics.Gameplay Hint: learn all about lasers.",1

I like this great game. Simple drag and drop towers and tower upgrades. Clever placement of these towers and you've got it,1

"If you like tower defense games, you'll love this. Even if you don't, give this a try. Just about anyone could try this & enjoy it. It's so simple, while also keeping you entertained from start to finish. Very good take on a genre that's been done a ",1

this game is retarded. the graffix suck..the. music sucks..uninstalling now. droid x. i am very disappointed with how many people lied on the reviews,0

Hex Defense has absolutely bowled me over with the great graphics and exciting gameplay. I'm a casual gamer but am finding this game to be so engrossing that I heartily recommend it even on a more basic phone like my Optimus V.,1

I was just about the get the high score on hard for all levels. Now it's like a new game with all new challenges. Great upgrade!!! The New graphics are awesome!!!!,1

"On Droid X...WOW!!! Awesome graphics, vibrant colors, authentic sounds, good game play, engaging, pure destruction. :-)I don't like losing but the explosive sound and lighting special effects you put in at the end are really cool. Its almost like a cons",1

"This game is great! Runs so smooth on my EVO 4G, and is quite challenging from the get go! Really enjoy this game and would recommend it to anyone that is a fan of tower defense type games...",1

"Very addicting, nice game play, no bugs. always a good way to spend some down time. more levels and towers please!",1

Great game... Little hard to best levels but every level is beatable...just gotta find the right combo of towers...keep at it,1

This is the best td game I have ever played on android. Highly highly highly suggest buying it! Do it now!,1

This is the first game on my Android that I actually try to find time to play. It's fairly addicting.,1

fun works great on optimus v. q w e r t h d s g h d g f j ff d h j d,1

"I got it on free day! Now that I understand the rules, I can see how it can become addictive. Great thinking game with simple but acceptable graphics. Thanks Amazon n Dev! EVO",1

"This game looks original and fun, but unfortunately doesn't run on the Motorola Atrix. It locks up on boot and the OS prompts to force close. Hope it's fixed soon!",0

"I love tower defense games. This one doesn't have the best graphics, but makes up for it in game play. 8 bit style carnage. Very fun",1

I usually don't like this kind of game as I find them either boring or too hard to enjoy. I love this game though. I couldn't stop playing it and didn't get enough sleep! I do wish there were more levels now though.,1

unresponsive with fc at times on 925mhz nook color. gameplay unreasonably unbalanced and needs to be tweaked. I could stand the fact that the game is unbalanced if it were not for the fact that its very addictive and because I couldn't get past the first,0

"If you're having trouble installing on your DX, do a hard reboot and try it again. I can't stand to see the numerous amounts of reviews in the app markets by people giving low scores and sounding off about things like how an app won't install when that t",1

"This is not the kind of game I'd usually go for. But I took a chance and got this because I was interested in something different. Really, it's an addictive and interesting game. Hard in some ways, puzzling, strategic planning. I like it a lot.",1

"Very challenging, but can be played over and over. Great graphics. looking forward to more levels. or Hexdefense 2. worth the buy.",1

"does not work on moto atrix. never fully loads, then have to force close. how about an update? some time soon may be? pretty please?",0

Great strategy game that doesn't involve lots of time. Graphics are good but beware that a higher end device is needed for a smooth framerate especially when you have a screen full of towers and enemies. My Droid X lagged on some levels but still fun and ,1

"this is a solid game I keep coming back to even after having it for 3 months. tons of levels. good challenge and variety to it. I love the design and graphics, very clean and attractive yet simple and tasteful. oh, and it never crashes and works great on",1

"I'm not an avid gamer. In fact, I rarely spend enough time playing to complete a game, but HexDefense has claimed hours of my time since being the Free App of the Day. Awesome graphics, challenging play, and great variety. The only negative to the game is",1

"This app will not install on my droid x. When I try to install it just says, 'app not installed.' Looks like many others have had similar issues. Don't sell an app that's not compatible with so many devices.",0

"This game will make all other tower defense games super lame. Why? 1. Hex. Doesn't sound like much but makes you think a lot more and adds more variability in placement. 2. Pace of game is perfect, no need for a fast forward button. 3. music 4. No stupid",1

I play this game all day never gets old I have played it on er and over great game play and level of difficulty,1

"This game will make you think... it's fun, engaging and graphics are old school asteroids style with flair! Very well done and generous on gaming levels. One of the better tower defense games since Guns and Glory! Thanks for doing it right.",1

Get a call/text and you lose your progress... Unacceptable!! Needs to be fixed ASAP! More stars once addressed... There's also no way to save your game...,0

"I love this game, and frequently still play it even though I downloaded it several months ago. Works great on my motorola droid (gen. 1) worth buying too!",1

This game is very cool. I love the look of it because it's definitely a little different. I've had no problems with it. HTC - Incredible running Cyanogen 7. Amazon might want to rethink how old you can be to submit a review. Some of the bad reviews are j,1

"This game is worth twice the money! Great game, great price, great fun, what are you waiting for? Pay the buck and a half... (Not Even)... and have. FUN!",1

"So far this is my favorite Android game. It plays well on my Xoom. It requires some strategy, but also keeps you coming back to find the right way to beat each level.",1

Very fun game. Took a long time to beat every level on hard and had a blast throughout the entire process. Hopefully there'll be more levels released in the future. Super addictive.,1

"this is best game ever.. i m still addict!!...ZDefense is suck... so lame!New HexDefense 2 is coming soon this year!!RoyG2 Gingerbread 2.3.4 stock, not root",1

"This was the free app of the day yesterday, and all I can say is, wow! It took about an hour to figure out how to play, and it was quite addicting from there! Awesome graphics and gameplay. The hours flew by while playing this game.",1

Great game! No issues with tegra 2 on my Toshiba Thrive. Very addictive and runs great. Worth more than advertised. Highly recommended.,1

"Installed app on atrix. Will not open, must force close to return phone to normal use. Have installed it twice now with the same failure. Will try again soon but for now... not five stars at all.",0

"Game is awesome! Need more levels, and the levels need a continuous option! One of the best defense games ive played",1

this is alot of fun! please make more levels and more waves per level. also a level editor would be great. overall a great game,1

"it does not work on the motorola atrix, i'm glad i got it for free. it force closes every time i try to run it, it hangs my phone while it is trying to load. i like this kind of games that's why

i got it",0

"If you've played any tower defense type of game, then you know how to play this game. It's straight-forward and looks slick, even in its simplicity. I've been playing for about 10 minutes and I'm already hooked. It looks like there are 20 waves per st",1

Hex Defense is a graphically simply yet powerful tower defense game with lots of challenging maps and upgrades. It's a great game for on the go play. I have spent many a lunch hour enjoying this title.,1

"Great, easily customizable content, Also works great, even with "special effects" on my very low end tablet! Content is organized great and the app looks great.",1

Can't imagine a day w/o using this app. The layout/design is superb to find what I'm looking for & for what I didn't know I wanted to know. Installed 5/12(original kfire) & have never had a problem. Highly recommended for it's Tech/ Business/,1

"Just wanted to note that this app works well on the 2 noted devices. The Tablet version nicely splits the screen so you can view headlines, tap and see the story on the right side. The phone version, you have to use the back button to navigate. FYI. Th",1

"Crashes at start. Everytime, all the time. I use a motorla atrix phone. That is all. I have completed word minimum now.",0

"Very disappointed that this isn't available for the Atrix. It says not compatible with lower end devices or the Atrix. Well, the Atrix sure isn't a low end device! I hope it becomes available some day. I would have liked to try this.",0

This app is top notch for recording your dream and then recording your own analysis based on what is going on in your life. Well worth 1.99.,1

"Looking forward to the upgrades.Wishlist for this app include:Dream Dictionary - Doesn't need to be complete just allow us to add/edit or import our own.Music Option: Musical elements in it would be nice, it could be nature sounds like the wind & ra",1

"I have considered writing my dreams down, but just never got to it. I put my first dream down today, its a great way of going back to read over your previous dreams and write down all the details. I can see how some people wouldn't like it, but I really ",1

"Effective dream interpretation, for those rating the app down because it does not provide it, is, first, not what the app states it does, and second, more importantly... the app's description *specifically* addresses this issue.Effective dream analysis c",1

This app is absolutely awesome! I love the password protected options! I love the easy format and how you can track your dreams! By far the best app for dreams!,1

"as a Buddhist and meditator, this app is very useful. I also use it as a kind of journal for watching the mind and writing down insights gained in meditation. very well designed app.",1

I use this app every morning when I wake up. I love all of the different sections it has for you to write about the dream you had. I also love all of the options on the different types of dreams that you had. There are over 10 types of dreams that you ca,1

I was hoping that this app was more than just a journal. I was hoping it was also a dream analyzer or a dream dictionary. It's just a journal. The app Dream-e is at least a thousand times better.,0 haven't used a dream journal before but this one is very detailed and easy to use I like that it can be password protected,1

I love this! I've been chronicling my dreams for the past few nights. It's pretty dang amazing. The app suggests things to include in your dream summary as well as forces you to think more critically about what you experienced. This is a great app if you,1

The app of the day is usually weak but this one takes the prize. Give me a break. At least we have Superman's review. Keep it up you're the only reason I come every day. The apps are useless.,0

"I didn't really need this app but the only reason I downloaded it was to test if it really doesn't work on Atrix as advertised. I am running a different rom on my Atrix, currently on "the dark side" version 4.2. tested, works great, didn't fin",1

I just woke up after having a cool ass dream and couldn't wait to log it in to my dream journal app. I opened up the app and got a little pop up that asked me to review the app. I closed it and was about to hit the "add" button when I no,0

This app is great to track of all my dream. It is amazing. When I wake up I put all the dreams I had that night in my dream journal. I love this app. Get this app. :),1

This is a real nice app to track your dreams. It is easy to use and even has a search option which useful when you have a lot of entries. I don't know why it says it isn't compatible with the Motorola ATRIX. It works great on mine.,1

"I'm going to give this app the benefit of the doubt as far as functionality. I did install and run the app on my Motorola Atrix 4G which is running CyanogenMod7. I'm not what the compatibility problem the development experienced, but it seems to work fin",1

I guess every one star rating has no bearing. it does what it says it does but it seems like they wanted an app that would suck the dream out of there head and place it gently on there android device. Its a free app thats all.,1

"this is a dumb app. Buy a dream book of you believe in that crap or just go to sleep and don't worry about it, seriously.",0

Too much work to get the dreams down. I think writing them down would be more efficient. Good ol pen and paper.,0

"I got this app thinking that by "dream";, it meant things that you wish would happen, but it turned out to be dream as in the visions you see at night. but I use it as both, and it's awesome! it alocs you to keep track of all your dreams, and it",1

This is a great game if your kid likes to make journals. Your kid will fall in love with this game. my sister didn't even let me play it she loved it so much.,1

i thought u can wright stuff in it not track your dreams!! i like to do that but this app sucks dont get it at all,0

this is every thing I needed I was so happy to get if was awsome I mean I never had,1

"Some of us live in the 21st century & don't want to use pen & paper. Notebooks & journals end up getting lost, plus anybody could get ahold of it. Even if it is just my dreams I'm talking about, I don't want anybody else reading it. The last ",1

Cool interface. Easy to use and understand. Questions are excellent.This one I will give a good chance of staying on my Sensation.,1

"I have always had vivid, lucid dreams. I am now taking arthritis pain killers and they are downright weird! My wife has crazy dreams too. I have written down dreams before, but only now and then. I'm very pleased to have an app specially made to record ",1

it is a journal of dreams. why don't u write it down on paper. stupid. I thought you described a dream and it recreated it. that would be cool. :(,0

"I do have one suggestion.I don't like typing right when I wake up nor do I like writing.I use a voice recording program so all I have to do is talk out my dream when I wake up.later in the day I write it out, and then I read it before I go to bed.you sho",1

when I was little my mom wood send me and my little brother timmy to band camp where we had this counselor who always dressed up in a superman costume would make us play "what's under the tee pee". he use to lure us with werther's originals and,1

"it's not a rip-off of something else, or promising something it doesn't deliver! It's a dream JOURNAL. If you prefer pen & paper, use it & buy a dream interpretation app.",1

"1. This is a dream journal, it's named Dream Journal Pro to make its function obvious. It's essentially a blank database you use to record your own data.2. It is no more a dream interpretation app than your calculator is.3. IMO, interpreting symbology",1

"For a person who does journal their dreams, this is a great convenience to having your journal right there without having to hunt down your journal or that pesky pen/pencil that rolls away off your nightstand. Rate the app, folks.",1

"I love this app its really good for telling people your dreams so when you wake up, you can type it down and tell your friends and family without saying "and then, and, or um "; you can just read it to them and it will be super understanding!!! ",1

"It never said anywhere that it will interpret hour dreams, just help you try and interpret them for yourself. It would be nice to see a dream dictionary on there though.For the idiot complaining about a stolen image, go read the about page in the app, th",1

"How can they even think to put atrix in the same sentence as a low end device??? Atrix does not even carry the same classification, low memory, slow cpu, as a low end device. Whatever, this app seems like something you could do in quickoffice (which btw ",0

this app is very simple down to the point. you record your dreams and review them for later. Device used: Kindle Fire,1

love your app. it has been very helpful in many ways. hope many others get as much help as it has me :) have a blessed day / evening,1

"I've had some odd dreams lately, glad I can record them! I enjoy the part about not working with low end devices and the atrix... the atrix is pretty crappy lol, I'd classify it under the low end category. its a Motorola, Google didn't buy them for t",1

I can't believe the nerve of some people giving it one stars because they won't use it. Idiots! All of them! App works great for cataloging my dreams and comes with pw protection. Ignore the idiots who just want another angry bird clone this is a great ,1

This is just a place to write down the dream with some questions to answer and no assistance. I expected a symbol dictionary at least. What a let down,0

"For the past few months, the FAOTD has used a variety of sophisticated techniques to control users' minds. This app is nothing more than a blatant attempt to measure the extent of that control. Don't let them get their hooks into you.An android is a robo",0

I can't believe I wasted my time downloading this piece of crap. And to have the gall to have a piracy warning. I wouldn't even pirate this! Boy am I glad this was the free app of the day. It's just a damn text editor template for gods sake! I cant beliee,0

Gave this a try last night but was unable to accurately record my first dream this morning - it's missing a category: wet.,1

"I downloaded the free version of this app a while ago. I've been wanting to record my dreams so I can try Lucid Dreaming. This app has been perfect, it was exactly what I was looking for. Glad I held off from buying it; finally Amazon put out a decent FA",1

"This app helps you organize various aspects of your dreams and helps you to interpret any meaning they may have. It works exactly as it is described and is very easy to use and well payed out. If you have always wanted to record your dreams, but wanted s",1

"This is the best app! It keeps my dreams in a journal, that I can refer to later. This app would be nice, if it had... meaning of the dreams or a dream dictionary!! Then it would make it more

organized, without the need for other apps.",1
 this app is boring. sorry. wtf. do I really need an app to write down my dreams. It useful for folks that need it I guess. I downloaded it cause it was free and I thought it analyzed your dreams. it doesn't,0
 very in depth questions help with dream analysis. makes you think about the dream. well thought out app. will update review after a week of use.,1
 this is one of the better slot games. it does not nag you to spend more money for coins on low paying slots or you need to wait hours to play again like so many other slots games out there. for that reason alone i give it 5 stars. i also like that it is ,1
 _I really love this game it gives all effects of being in the casino whether in AC or Las Vegas,1
 "Great game for free time. Quick loading for fun while waiting in line. Multiple ways to get big returns and bonus games. Not overly advanced graphics, but not cheap and cheery either.",1
 "I enjoy playing slots; it numbs my brain from every day worries. Always the luck of the spin and noAds. There are other interruptions, but not a problem with me...yet!",1
 A lot of fun. I play for hours. I really enjoy the mini games. I do have trouble with a couple of the mini games but all n all fun.,1
 This is Really a free game. So many say free but you have to buy chances. This is truly fun!!!,1
 warning! this is addicting! I like playing slots. games; this one is fun because l build the money up fast. amazon has a lot of fun and interesting games.,1
 "this game is a lot of fun,at first there we're a lot of bugsbut they fixed them and now i injoy playing it again...",1
 The graphics of this app is very primitive on my 8" tablet running android 2.3. Can 't even tell which line is a winner. Look for something else.,0
 "It looks like a game where you back up the car and move it around, but it isn't. It's the same is Unblock Me. For me, the description was misleading.",0
 Couldn't figure it out. Got bored trying over and over. My sister -in -law recommended it but this was different than her Nook app.,0
 this game ducks so bad it almost made me break my kindle! omg I hate this game it ducks so badly,0
 I love this game> i have played it several times. Its fun and creative. Love the graphics and the idea!,1
 "stupid,just ,stupid.I would never play again.that was a waste of my memory on my k.fire.I'm really mad.if there was a way to rate below one.,ill rate below one ××…",0
 when I was a little girl I love driving I try to drive my moms car but she said no I was a bit dissapointed but she took me somewere that makes me happy which was my favorted place Mcdonald.I was so so happy,1
 "This is an old game brought to the kindle fire. The logic is the same, and the skill level increases with each round.",1
 my children are still having a ball with this and enjoy it since the day we got it for them.,1
 I love to shoot a whole bunch its awesome so good its awesome really good so good its awesome so good I downloaded it on my kindle fire,1
 This game was just too simple and too laid back to be any fun. It was mind-numbingly easy. Would not recommend,0
 The is a great Bible app. You wont need wifi (unlike the "You Version").You can get to the Bible verses quick also!,1
 This Bible is the best the other Bibles don't work you can highlight and keep notes and search up key words and it will give you verses with that wordI highly recommend itYou will not regret anything,1
 "I enjoy this text very much .The format was a little different than the last text I had received,which blacked-out on me, but all in all I like it quite well.",1
 I have been using this bible app for quite some time. I find it the easiest app to navigate the bible. My only complaint is when I tried a translation or devotional it stays in my content. But that is not so annoying that I would drop my rating. I highly,1
 I love this application. It has a lot of extra material with it and I really enjoy the parallel Bible option.,1
 "I love this bible it is easy to look up verses, in church when in bible study. I also us it when I'm studying with my pray pardner on the phone.",1
 this Bible is so easy to navigate through. I love the fact that it has so many helpful apps within it that it makes reading it easy.,1
 "Well, now I can hold my phone in the pews without the clergy staring me down for inappropriate behavior. I can find the verses quickly.",1
 I am saved by God's grace and love. This is wonderful to read any time and for all ages. Thank you for sharing God's words.,1
 Nothing like starting my day reading the Word. Makes my day go so much better when I can it with GOD.,1
 "I really like the ease of use. I have Kindle Fire, Panasonic tablet, Kindle HD and a 1st generation Kindle, Blue Ray Disc player, my wifi Television, and lastly my HTC EVO 4G phones. This application is a must have with any of your electronics .",1
 "I was looking for an offline bible and this is the best one. It is King James version but, you can try the other versions if you have WiFiI definitely recommend it.",1

I like this app. It is simple to use and enables me to find the texts very quickly. I would definitely recommend it.,1

This bible is easy to use. At bible study and in church. Easy to find what you want. You can highlight and bookmark pages for quicker things when the pastor is jumping all over the place. I highly recommend it.,1

Good to have the scriptures in a hand held device rather than holding a book. It is easy to read with the lighted background.,1

"This King James Bible appl is very good, searchable and can be Use as a study bible. The highlights and copy ability is a wonderful tool. Thank you for making this appl available for free. God Bless you all",1

My granddaughter downloaded this Bible for me. I can look up verses on my tablet. I can take it to church. I enjoy my take along Bible.,1

That's why I downloaded this app so I can read it more. It will be close at hand and hopefully I can be nearer to God's teachings.,1

"Love this app! Takes a little getting used to but like the highlighting features. I also like the way the books are arranged so you can just click on one and it takes you right to the chapters. Very nice, I would highly recommend if interested.",1

"I gave this app 5 stars. It is free, very easy to use, you can use is with wifi , and also offline. Like the features such as the bookmarks, how you are able to highlight verses, you can add notes. You can just tap the book , chapter, then verse...very ",1

I enjoy having the Bible with me on my Kindle. I find having it with me on my KINDLE that I read it more also,1

"A great Bible. Easy to navigate and read. All in all, a great Bible which you can use to read God's word.",1

love this product.it goes with me everywhere.I can select and save my favourite bible verses and use them as quick references.It loads quickly and its very well organized.I bought a bible from another source and I was not able to use it.it sucked.but th,1

This is a very nice app. Allow you to follow with the bible. I like the fact it can be read to me a great feature.,1

LORD JESUS CHRIST THANK YOU for YOUR INEXHAUSTIBLE LOVE.yes this one works great for me.THY WORD IS A LAMP UNTO MY FEET AND A LIGHT UNTO MY PATH.PSALMS 119:105 KJV.,1

A friend recommended this app. She has on her iPad. I love it. I read it every night. Very happy.,1

This is a very impressive app for personal study and Bible learning enrichment. I downloaded it expecting the KJV alone but in a wifi environment it supplies several translations as well as other resources.,1

This is a wonderful app that can be used on a daily basis. You can read scripture for your daily devotions or follow along with the sermon. You can find scripture quick and easy.,1

They only reason I am giving this app a 5 star is because you don't need the Wi-Fi to read this Bible at all once you download it everything is good to go. see my church and other churches don't have Wi-Fi in them. now I can bring my tablet to church n,1

"Easy navigation,simple to use KJV version I love having the bible on my kindle fire hd.it's pretty good app to be free and you can use it offline.all in all a good app I would recommend this to anyone wanting a bible app.",1

"I have tried pretty much every Bible app I can find, and, honestly, I use this more than any other. Most Bible apps store highlights and notes on a server, and require you to be online, which always threw me off at church. My kindle fire doesn't have 3G",1

"This would be a great bible but its online so when not near or able to sign in somewhere, unusable",0

I am really enjoying reading my KJV. It is a great comfort to me!! I am starting at the beginning and hope to read to the end!!,1

I love this Bible app from Tecarta.Very easy to use and grow in Christ with.GOD'S BLESSINGS TO ALL.,1

I love this app! It is very easy to use and find the passages I want to see. The church I attend has a bible study and lessons during church and I can easily and quickly find the passages I want and follow along as the passage is read. I'm thrilled wi,1

"I love this app because I can read my Bible anywhere, especially at church. I can highlight my favorite scriptures, take notes and book mark scriptures.",1

It's exactly what I wanted and now so convenient to use. I'm encouraged to purchase more apps based on this experience.,1

Unlike others i have tried this app allows you to read your bible without an internet connection!! You can also highlight in different colors! The words of Christ in red are a bonus.,1

"I love this Bible. The features I use are: Computer reading voice, Auto scroll, Bookmarks, History, Cppy text, Folders, White text on black screen. Recent updates were great (except that the scrolling is harder to start and has only one speed without cha",1

Love anything that keeps me connected to God! Thank you for this and may God bless you for your work!,1

"I love the new note taking feature. I can take notes during a teaching, or while researching, and the print them out from my email! And I love the copy and paste. I love that I don't have to worry

if I copied down the right scripture reference. It makes ",1
 "I prefer the KJV Bible. I grew up using it. It's great that you can get a KJV ap, esp. since so many are going to other translations. Thanks.",1
 I just love this app easy reading can highlight without marking on my personal bible which is my most valuable book of my book collection. I do have trouble using the book Mark so I always got to find my spot which is the only down side .I even got my pr,1
 I am now able to find Chapter and Verse faster then the Pastor with the key board provided. Love it.,1
 "I had looked for an ebook version of the King James bible and did not find one that I liked. This one allows me to quickly find verses, to mark favorite passages, and allows me to make the font big enough to read.When I am well enough to attend church ag",1
 "This is a great bible for my kindle. You can do searches, highlight, bookmark and other features. Sure comes in handy when you're not at home.",1
 "The King James Version is the best book ever written. It is written by the greatest, definitely best writer ever!!! My favorite Book which I highly recommend! It is awesome!",1
 "It is so easy to find your book, chapter and verse. On top of that you can highlight areas and make notes and save them for later. This totally eliminated the need for a bulky bible, notebook paper and highlighter alltogether!!! You can go back and up",1
 I love this app. If I want or need to find something in the Bible this is very handy to have.,1
 "I have a king James Bible, But this is a lot easier to use when trying to..find a memory verse plus no need to carry high lighter around of different color pens And because I am getting older it's easy to change the front size. To me this is a bles",1
 Easy to zip to scriptures with search box. Was free but looks like it costs money now. Still worth it.,1
 This Bible is exactly what I was looking for. It is simple enough that my 4 year old could use it without a problem. I would recommend it to anyone looking for a Bible application.,1
 "LOVE LOVE LOVE...all the different functions of this Bible. It's audio, provides more than one version of the Bible as well. There is room for notes and more.",1
 "The audio is really bad. The voice is female, and very robotic sounding. Adjusting the rate of speech does not eliminate the robotic voice effect, nor does it really slow it down. I found the voice to be a distraction, so I uninstalled this app. If yo",0
 "I have other Bible apps on my kindle fire, but you have to be on-line to use them. With this app, the Bible is. in memory and I don't have to be on-line. I have both the KJV and NKJV versions and can easily switch between them. Navigation is very easy",1
 Nice electronic version of the King James Bible.,1
 I enjoy this version of th Bible and I enjoy the way this app is set up. I love the fact that you can create real detailed notes and have many option to book mark the scriptures as well.!!.,1
 Love this app as it will let me use many different bibles. Can also bring up two different versions and compare the verses. This makes finding a version that is easy to understand.,1
 I did not like it.,0
 This is a great app. The verses and the layout of this bible is the best one I have found so far. I can take this to church and not worry about having a large bible. The layout is great and you can bookmark certain scriptures for reading later,1
 Now I can take it with me to church and can also highlight important scriptures. I'm glad I decided to download the app.,1
 This is a very convenient Bible to own. You can read a chapter at a time or browse the other books.Quite easy to use,1
 "The best Bible app I have found. So far the easiest way to find book, chapter and verse. Since it is an app, my Bible goes with me everywhere. And since my favorite translation is King James, it is the best. Highly recommended.",1
 It is a good book to live by. Everyone should have this book at their table and read it daily.,1
 "As I was downloading this app onto my Kindle Fire HD, my threat detector warned of a virus attached to this app. The virus called "Android/SMSreg" has the capability of replicating itself and infecting other files, hijacking the hard drive, etc",0
 The KJV Bible app is easy to use. Verses are easily located and the app works offline. It is worth downloading.,1
 Absolutely love it. Easy to navigate and read God's Word. Can not go wrong with this free app.I'm using it on a Kindle fire HD 8.9 and it looks great.,1
 I can find scripture easyYou can highlightMake notes.Just love itThank you for a wonderful way to spend time with my Father.,1
 "My son advised I get this ago when he saw me struggling with another one in church. I couldn't keep up with the sermon, while he was moving quickly from book to book. I appreciate the ability too have dissent versions and resources embedded in the app as",1
 My 10 year old son put this on his ipod touch. He loves to use it in church. He thinks its neat.,1
 "I love this bible bacause my note pad is right there I don't have to search for it.index is great, make scriptures easy to find. I do sugess you try it.",1
 "I absolutely LOVE this app. I had it on my HTC One V phone; now it is on my Kindle Fire HDX. Works beautifully. I can VERY EASILY do EVERYTHING on here that I have always done on my paper

Bible! I highlight in 4 colors, make notes, copy & paste even",1
Really enjoy using this app found it very helpful and easy too navigate would gladly share this app I keep up the good work,1
"I really like and enjoy the way to its this online bible or app works. It is such amazing, accuracy and I loved it. Yes, I am recommend it to my brothers and sister and to all my friends and you my co-friends from amazon. This bible is such important for",1
"I LOVE reading the Bible, and this helped me when i needed to take a load off and just read God's word. . I always recommend the kjv Bible to anyone. It's the only TRUE version of God's Word.",1
This is exactly the bible I want on my kindle. Easy to use and I can share on facebook at any time. When you find an app like this and its free you will want to share it with your friends. This is a keeper. Thanks again .,1
King James version is my favorite version of the Bible. I love to read God's Word daily and this app helps me to do just that.,1
Looking for a bible for my Android tablet and I tried the FREE KJV version by Tecarta. Seemed to work well with my Samsung Galaxy 8.9 tablet. Could easily navigate to the books and verses I wanted. I also liked the ability to highlight verses in a number,1
"Hello. I'm a 9 year old, and I'm a Christian. Obviously, at Churches you have different bibles they use. Like NIV and etc. We use KJV in our church. (Ebenezer Church of God) And our church is in Maryland. Well anyhow, I use this bible for when I'm at hom",1
"This app is the bomb! It lets you search books, chapter, and verses. If you're like me, and you sometimes forget your real Bible for Church, than this is a great backup... :)",1
Really like this bible app because I don't need to be online to use it. I can bookmark and highlight verses I want to go back to.,1
"I am very happy with this purchase. I am still learning my way around, but find its getting easier with practice. It's just so nice to have the KJV so handy to read when I need inspiration.",1
"Awesome app! Nice to have the quick and easy access for personal study and research. I do wish it was audible,also. Still....great addition to my app library.",1
"KJV version which is the most beautiful and the most accurate, study the history of how the King James Bible came about, no need for wi fi once it is installed on the device it opens and makes it real nice to take to church to follow along with the preac",1
"So easy to use, even for this baby boomer. Easy to navigate and bookmarks for me so I can pick up where I left off. Makes my bible studies so effortless.",1
This took a while to download - but it is the entire Bible and can be read offline. And it's free!,1
I love this version of the Bible. You dont need the internet to go read and the notes and bookmarking i just love them.,1
I use this app as my Bible in church every time we have a service. It helps me find where I'm going really fast and I can keep notes and write things to myself on it. It also lets me highlight what the scriptures were for that service. I really like th,1
I love this app so much.. I don't have internet at home and I have a hard time reading the bible for falling asleep after a long day at work.. with this app I can have the bible read to me.. Thank you so much for having this free it a great part of life.,1
awesome software i would recommend in the future for others like the way it allows the highlighting in the bible for study time,1
"I will only read the King James Version Bible. Not any revisions like the New, or others, No supposedly easier to understand versions. The Kings language, I believe is the closest translation to the Greek",1
I love this app of the King James Bible!!! It's very well designed and easy to use and I highly recommend downloading it! Thank you Tecarta!,1
the best to use for in Church Bible study if you us it you will like it very helpful thankd\s,1
"The app was easy to download, and this KJV Bible is very "user friendly." When installed on a Kindle, it's as easy to carry to church as a printed Bible, and even a little easier to navigate.",1
This is an excellent app and I like very much. I don't have any improvement to suggest at this time,1
This bible is cool just for the fact you don't need to be online to use it plain and simple.,1
I like the King James Bible because I could turn to any Bible verse and read it. The downside to this application is that you have to weed through everything to get to the verse that you want to read.,1
"My last app was not very user friendly. I use my bible app very often and need to find scriptures quickly, this app is perfect for me!",1
I am pleased beyond words with this app. I have been a student of the Bible for many years and have bought many commentaries. Having them at my finger tips and on my Kindle Fire is awesome. I can't wait for more commentaries to be added.,1
I love reading God's word and sharing it with my other Christian friends. It is a very special book. Good.,1
Very easy to go to specific passages and keep up with the discussion. I love being able to highlight in color. Better than my computer bible that has become so cumbersome through all it's

updates.,1

This was exactly what I was looking for. My mom and I read this every night. Great for kids too.,1
Excellent eBible for use in Bible studies. I use this on Wednesday nights with our church. I am thrilled to be using this.,1

I love it because the bible is available off line. I have searched for such an app for a while and I am grateful I found this one. It also as an audio feature. Awesome,1

I've had many different Bible apps and each one in their own way was hard to use. This KJV one is VERY useful. my favorite features are the highlighting and notes. you can highlight verses that speak to you and even write down your thoughts on the notes.,1

"This app is great. u can change from versions for better reading, highlight, and even do night view for late reading. im really glad that i bought this app. its worth 5 stars!!!!",1

"This app is easy to use snd navigate. Has cool features like multi color options for highlighting, ability to underline a passage or just a word and a search feature that is simply awesome. The notes feature is pretty cool too. I use this app at church, ",1

I love how simple this is to navigate. Finding books and verses is fast and easy. Its nice to be able to quickly find what I need or make notes during church.,1

I loved this it reads to me and is very easy to use in church when the Pastor is flipping books and verses. I have tried 3 others and this is THE ONE,1

"This bible app is re a lly great for anyone especially for anyone traveling that doesn't have access to their personal bible, it has great features with it also, one of my favorites is the ability to highlight the verses that really are important veres t",1

"It is so quick to find a verse or a passage. Plus, I can leave my heavy Bible at home.",1

"I was in search of A Bible that I could always have with me and this is it! It's so easy to navigate and find exactly what you need! Not needing wifi to use it, awesome!!! Thank you!!!!",1

Easy to navigate. I am not savvy with the computer but this app is easy even for an old timer like me to get around. I am still testing the waters but we are becoming fast friends. I like starting my day with a proverb.,1

"I have some beautiful reading to do and also to hear, and read along if I wish, how much more could I ever Hope for in Reading and listening to God's word, I have been truely BLESSED, THANK YOU LOL, Lisha Belle Scott, Given",1

"I just got this app and, so far, I love it. I have always wanted to be able to copy Bible verses and paste them into Word documents that I am editing or writing. I speak for ladies' groups and sometimes want to work on a presentation, but didn't have a",1

I am a Pastor and use several Android Bible apps for various purposes. This app is outstanding for rapidly navigating through the Bible when following a sermon. It also has a fantastic bookmarking and highlighting system for those presenting sermons or,1

"I really like this game about the BIBLE. i PLAY IT A LOT. i LIKE GAMES ABOUT THE BIBLE. i MIGHT ORDER MORE LATER",1

"I haven't used this app as much as I'd like to and plan to in the future, but so far it is wonderful.",1

"My husband is a minister who hates to be without his Bible if he has time at all to read. He is 'tech-challenged' but recently consented to a smartphone with the promise I would load a Bible app for him. I've been looking, but most were a little too te",1

It has the convenience of what I've been looking for. I also love the commentaries. I recommend this Bible app.,1

"I have been looking for a KJV with the red words of Christ for awhile now and one that could read it to me. When I get to the Old Testament I sometimes have trouble with pronouncing alot of the places and peoples names, that's when I use the audio. The o",1

"This is the second KJV Bible application that I've downloaded. THIS one is the better for me because it is downloaded unto my Kindle Fire HD. I do not have to wait to be in a WiFi spot to use it. If I were to forget my own Bible at home, I could use ",1

Rate it a 5 will all ways enjoy closer to your life as usual I will truly the KJ V of the bible weWe as one Will all ways enjoy it.,1

i love reading kjv bible and other books i own nwkj to i love it also and i love the bible,1

"I love this bible version. I downloaded a lot of different ones, but this is by far the best one. And I got it for free!!!! It is very easy to use and you can quickly find what you are looking for.",1

"Give me the old time religion. The original book, Just great.",1

its great to read the Bible in the morning that's what I do to keep in walk with God. Great for anyone who wants to read the bible.,1

I now carry my kindle to church. can change the size of the fonts easily and finding verses is a snap! would suggest this to everybody who loves the KJV.,1

"People at church are amazed that I can find the verse so quickly when we are studying our Sabbath School lesson or during the sermon. Wish NKJV or RSV were free too, but still a wonderful free tool at church and is alot easier to carry than a Bible. Have",1

"I love this app and all it's great settings. There's night/day also audio, note taking and highlighting also searching for words/phrases. I have just started using this but really love it!",1

"Simplicity at its finest. I have used many Bible apps but this Bible is, by far, the easiest to

navigate, in my opinion. Thank you, Tecarta, for making this freely available.",1

"I love this app not just because its a simple bible, but you can read it offline no wifi connection needed!",1

This is a very good bible app and it has so many options. I absolutely love this app and I would recommend this to anyone,1

ANY ONE who will get this application will be satisfied. I speak that your life will never be the same.,1

this is a repeat but this app is my second best friend. my Bible being my first. my kindle goes with me everywhere. these days are so difficult. through joy and pain my Bible is by my side. thank you so much for being available.,1

"I use this version in Church. It is an excellent version to use to read along. The print is sizable to be large enough. The navigation between books and chapters could be better, but otherwise great product.",1

This is so cool. It is very easy to use and I haven't had any glitches. Great app:) you should get it. So glad they have the wonderful word of God on here.,1

"I love this Bible! OMG, this is wonderful. I play it at night as I go to sleep and it has the full Old and New Testament in King James Version. You can take notes, email scriptures and find your favorite Bible passages quickly.",1

"I love this Tecarta Bible App. I switch easily between several versions as I read, quickly able to compare the way different translations or paraphrases as I process spiritual truth. I often look the Scripture up in a different translation to compare. Wi",1

"I like this app especially when a preacher or teacher is using several Scriptures in his/her presentation. All you need to do is bring up the app, tap the book title and then the verse. So much easier and faster than flipping thru the Bible at a time lik",1

"This Bible app is one of many I have, and I'm using it almost exclusively because of the Commentary. It's intelligent, balanced, and well-written.",1

I needed a copy of the KJV for my study library and this version has a bunch of bells and whistles most people would also enjoy. Works well on my Kindle and Windows system so I believe you can go wrong with this one!,1

My favorite Bible App. Have tried many.. Well done.. Just perfect for on the go people. Thank u Tecarta.. This App is great!,1

"This bible rocks so much, i've never seen an error before, its identical to a printed bible. It has always served my biblical needs in any way, its got a few features but thats all it needs,a dn with this latest update it faster and better looking than e",1

Easy to use. Cute highlighter colours. Easy to find texts and lighter than the actual Bible book for church. Download!!!,1

"Best bible ever , because you don't need WiFi connexion to read . Chapters change easily and crisp , no problems .",1

"The KJV has been the dominate translation for so long, that it is still the best starting point for any serious study. Even though the language is a bit archaic there has never been a more dependably accurate translation to English.",1

It great it just what i need at night before i go to bed its greatest app im the store,1

This app does not need an internet connection in order for you to use it so it is ideal for all of the places you may want to read your Bible but have no access to a wi-fi network. Using the app could not be easier; click on the search box and the entire,1

"I love this app. I use it every Sunday because my 3 year old granddaughter wants my Bible, so I use this to follow along with the scripture reading.",1

"Love this Bible. Very good interaction. Can easily find texts. Love the fact that it can read the texts for you. The only drawback is that when the voice is reading and you want to stop and come back to the same place, you can't. The voice will start ba",1

"I haven't used this app much yet. But, so far I am very pleaseed with it! I am anxious to take it to church with me!",1

I do like this on my kindle. because that is one less thing I have to carry. I have not checked it out all the way. thanks,1

"I love this app; it lets you do several things to verse's. You can email, text, highlight(four colors to choose from), add notes, bookmark, underline, and upload to facebook or twitter. You can read and notate for later review. I use this to notate what",1

"When one doesn't have a KJV at hand, this application permits to keep reading the Word of God in a clear and easy fashion - whether online or offline (which is a huge plus). Plus the navigation through the scriptures is also quick and easy. I recommend t",1

"This app is one of the best Bible apps that I have used on my Kindle. I looked around and used others. This beat the other KJV Bibles. My husband is a minister, and I read the Word quite often. It put everything at my fingertips. The highlighting feature",1

"Very good Bible application. It is free, so why not? Also, you won't need WiFi just to open it. Of course you need WiFi to download it at first. I use this Bible all the time in Church. It also has margin notes so that you can add notes to a scripture an",1

I chose this Bible as it was free and I am familiar with this version. I also want to purchase the NIV version as well as the NASB version. Any version that will acquaint you with Jesus is a Good Bible.,1

This app's strength is the ease of navigating to a particular scripture passage. It's interface is both straight-forward and quick.,1

This app is the best I have come across. I use it at bible study all the time. Thank you for this simple but effective app.,1

"I found it to be a very simple, easy to use Bible app. It has the night mode which I love (battery saving mode).",1

I didn't think it would work but I've. enjoyed it very much. I. like it because when I am busy I can listen instead of reading.,1

This is a great App. It is easy to use & has everything I need. I love being able to take notes & they will be right there with the verses I took the notes on. I'm forever loosing my notes or have the notes & forgot to put the book & verse they were for ,1

This Bible is really great you can take notes listen to it and you don't need wifi! KING JAMES VERSION ROCKS!,1

This is a great bible .it has all of the newest features that make it so handy I would recommend this bible,1

I love red letter bibles its the perfect bible for Christians or anyone. It doesn't matter who you are the bible is a great book (well books) to read.,1

Love this Bible app. I use it on my Kindle Fire HD and haven't had any problems. The only thing lacking is not having the Strong's Concordance. Making notes are easy to do and I love that you can underline favorite verses. I use it at Church because I ca,1

So glad I have this on my kindle fire. I really like the KJV bibles. I also have one on my other kindle and bring it to church also!!!,1

Extremely easy to use. Better than any paper Bible. It is exactly what you need for quick search and reference. I love this Bible.,1

Okay so this is a wonderfully app yeah sometimes you can't listen to it but that is why you go to church or get a recording I mean goodness gracious this isn't the only app out there but,1

I have searched for a good bible app. I finally found it! This is by far the best I have found. I recommend this app for ANYone wanting a KJV bible. Mine is being used on an Android phone and works beautifully.,1

"KJV Tecarta is a high quality app you can use to study Scripture, and because I don't want to really tear it apart and scrutinize the details, let me keep it simple; if you're looking for a nice mobile study tool for the Bible, try it out. There isn't an",1

I love the app for all the bibles versions you have available. I've tried several and all were very pleasing. The highlighting and underline capabilities make it easy to remember and locate certain scriptures you want to keep in mind certain chapters.,1

The King James Version is the best Bible to read there is none like it. Read the King James Version you will love it AMEN,1

this app is a good Bible app. it has different types of bibles you can look at too. you can highlight texts and send scriptures that you like to freinds.,1

the app did not work on the phone and I was not happy aout it because I wanted to read the bible,0

I love the fact that you can parallel with other versions of the bible. the side panel is great and perfect for in app note taking,1

This app is excellent for following along during a sermon. Even when the speaker is referencing several passages from different books.,1

Very easy to navigate! Love it! I would highly recommend this item to anyone who wants to read the Bible.,1

this Bible is very easy to use. very quick to locate with just a couple tabs and your in. KJV App is awesome. enjoy this!,1

I love that this app can be used without wi-fi. And the features that let me make notes and highlight sections. comes in handy.,1

A great way to read the bible and if you want it can be set for it to read to you. Just a good book.,1

"I've only had this bible app for a brief time, it's great so farIt did close on me twice when I first installed, but no more problems with itAfter that...I totally love the side by side bible books, so I can compare 2 translations at a timeAnd being able",1

I like the fact that I can read it at anytime throughout the day. It is in an easily understood language,1

I think this book is good in the way about how it uses the words that the people used then. I recommend this book for most religions,1

I use this every Sunday in church on my Google Nexus 7 tablet. Real easy to use and quick to find verses. I don't use the note take though because it does not have an "undo" function. That's the only negative I've found thus far.,1

"But hard which one like that sound read story. So great God's praise, follow in our love and safe. But I am Superman are responsible hadit for help people from fear are not good.",1

"I recently got the Kindle Fire HDX 7. I wanted to get an app that has the Word of God in it so that when I attend service I can use it to easily locate the books, chapters and verses quickly as the study directs. This one is nice. It does NOT require ",1

Not what I was looking for. There was some thing about this that I did not like and did not work well for me,1

"The Bible on my kindle makes it easier to follow the preacher during his sermon rather than having to thumb thru pages during the sermon. Get to book, chapter and verse quickly and I like the way the verse you have searched is highlighted at first.",1

It's great to be able to see the word of God on the Kindle. It is a great thing and I Love it.,1

I really like this Bible because it is easy to find the scriptures I am looking for. It is easy to make notes an bookmarks the scriptures. I would definitely recommend it!,1

This is a good bible that has very good text looking speach.I read it with preacher's on TV shows everySunday,1

Just wanted to have it always available even when I don't have the actual Bible with me. So much can be stored on my kindle that is very useful.,1

"This game was a lot of fun, great graphics. I downloaded the free version so it stopped after a few different levels but it was still pretty cool",1

Same shots over and over. No challenge. Do not recommend it even for beginners. Would recommend that other golf games be played.,0

Its totally a waste of time. I'm gonna delete it like now. At least its free anyway. This game stinks. DO NOT INSTALL. STAY AWAYRT,0

This game would have been bad in 1985 much less today. Teh graphics stink and the play is awkward. It is far outdated. I wish there was a better golf app for my kindle fire than this.,0

"bad graphics, bad game play, not worth the 20 minutes i wasted trying to figure it out. at least it was a free app.",0

Wnderful for a free app. Offers different kinds of study plans and different kinds of bibles to read from. Thanks,1

"This product is ok, but I found that it wasn't really what I was looking for. I'm sure that others will enjoy this product and find it very useful in meeting their needs.",0

This is my go to Bible now. It's a modern English that is accurate and easy to read. I love it.,1

This is an excellent version of the Bible in easy to understand modern English language. Also this app does not require internet access to view the pages which is a plus.,1

This is an easy to use translation of the Bible. I enjoy the ability to browse to find just the right passage.,1

So far I'm loving this bible!!! Very helpful with my independent studies of my newly found faith. Recommend for new believers who want to know more info behind almost every verse.,1

Love this Bible and use it at church every Sunday. Easy to take notes while pastor is preaching. Love having sermon notes wherever I am.,1

"I could never put another version on the same level with my Cambridge Cameo KJV, of course you will understand, but I can say I am pleasantly surprised at the quality of this e-book. Easy navigation and full functionality on my 1st gen Kindle Fire. I m",1

"The My Bible app is great, but when I just want to read the ESV, which is usually my version of choice, I use this one. I like it because it is simple and easy to read. I also have Kindle Book versions of the ESV and ESV Study Bible, which are also gre",1

This is one of the easiest to use Bible programs I have found the first one I downloaded had to have web access this one is good anywhere,1

This is the best Bible app that there is on the kindle fire. I hade the you version Bible app but u cant read that unless u are connected to a wi-fi network.,1

"Any chance to read God's Holy Word, is a chance worth taking. To read it, in an understandable language, that keeps close to the original language, is always a good thing. While the King James is an excellent version, and we have that one, too, To use to",1

"This application is stable, it has never crashed on me, and is very intuitive. This is the best application with the ESV version that I have used. It is a joy to use on my Kindle Fire.",1

We use this version of the Bible at our church. I love it as much as I love my King James Version I have had since I was saved in the sixth grade.,1

It'smuch easier to find books of the Bible and the refrences needed for church each Sunday. This is the version most often used in my church.,1

I love the fact that I can take notes and enlarge the print to the perfect size for my bad eyes. This is a wonderful app. Thanks,1

"Great reading app for my Kindle. Syncs perfectly, reads easily, and keeps my within easy access of my Scripture reading/study.",1

"As many of us do, we have a number of Bibles purchased over the years but left collecting dust because we find them too heavy, to hard to read or understand, or a myriad of other reason. I found these issues solved by purchasing this Bible and keeping i",1

"Not much to say, other that this is my second favorite translation. I like the NASB the best. It does what I would like it to do.",1

"I downloaded this and so happy I did, it's easy to find the chapters and there is a reference page that you can get to very easily. The words are big enough for those that are far-sighted and comfortable even for those that don't . Love this version, any",1

The app is easy to use. I like the ESV edition. The print is easy to read. Finding Bible books within the Bible is very easy.,1

"THIS IS A GREAT APP FOR ANYBODY!! PROS & CONS: PROS:VERY GOOD CONTENT,YOU CAN HI-LITE ITEMS AND PUT THEM IN YOU FAVORITES! CONS: IT'S AN APP, NOT A BOOK,SO YOU WON'T FIND IT IN YOUR BOOK SECTION,ALSO YOU HAVE TO SCROLL DOWN, NOT TO THE SIDE,SO BEWARE, YO",1

I downloaded this version because I like to read different versions of the Bible. It is easy to navigate and I enjoy it.,1

I use it often when I am reading the Bible or looking up a verse. Had to get use of the language because I wasn't accustomed it. It is easy to read and understand. I have been reading the NIV for years and the Complete Jewish Bible. So the ESV gives ,1

"On those days that I really don't want to lug around my very huge Bible, the ESV Bible comes in very handy as I can instead just take my Kindle to church. The great thing is that I can also read this Bible on my Kindle on days other than just Sunday. I",1

"This digi-Bible is absolutely the best I've seen. Having studied the ancient Hebrew, Chaldean, and Greek texts I was shocked at it's accuracy. It even saved me a few times when I needed scriptures on the spot. Extremely pleased and I now have this on all",1

"ALSO RATED PARADIS ISLAND, NOTEBOOKS, DOODLE TOY, FRUIT NINJA and SUBWAY SURFERS) HOW TO SEE MY REVIEWS? LOOK FOR MY NAME AT THE BOTTOM OF THIS REVIEW!!! This bible works like a charm! It's easy to find the things you need. And it's awesome!LEE ANN HAR",1

"This is very easy to use and understandable translation of the Bible. It took me a few times to figure out how to use the notes correctly, but that is my issue and not a design issue.",1

I really like this bible it is so easy to read and study with and with it being on the kindle it is ready any time any place,1

I love this Bible and it is so easy to move around in and will be used a lot in my studies as a result. It is definitely very user friendly and I highly recommend it.I have only had this version of the Bible two days but I am already enjoying the use of ,1

It took me several tries at finding a Bible on line that was easy to use and this is the one I like the best. It is easy to use and can easily turn to several passages and back to your original passage with ease.,1

"This is a good bible for the free price, however it does not have the ability to change the font setting as you can in other books you download, so not a good choice for me. I contacted the company and their customer service explained to me how to find t",1

THIS BIBLE IS JUST THAT A GOOD STUDY BIBLE ALONE BUT THE NICE THING IS THAT IT HAS PO[P UP NOTES TO DIRECT YOU TO OTHER PASSAGES. HIGHLY RECOMMEND.,1

"The Bible I own is ESV, so I wanted something to match the one I owned. This was the one I came across and chose. I have had this app for about five months now, and I love it. It is very simple to navigate, and you can highlight verses you like, add your",1

"Does not affect any dogs in my neighborhood, so it is a waste of memory space on my device! Do not get this waste of time and space!",0

let me summarize the reviews for you: this app is garbage. I didnt even have to try it to know that...,0

I tried to use this on my dog and he just sat on my sisters lap and licked her hand. Terrible app. Don't get.,0

downloaded it to see if it would work on my dog and nope. a complete waste of time and memory on my phone.,0

"Just like every one else, the stupid whistle would not shut up so I had to uninstall while it was blaring. Also, my dog had no response. I had this on my phone for about two minutes before the whistle got stuck.",0

"I have no recollection of ever having installed this app on my phone, though I am sure I did at some time.",0

this app stinks I held it up to my ear and it hurt my ear really bad and my dog didn't wake up at all I had to call her to wake up,0

Love it! You can change the frequencies and experiment! Nice job! My dog's ears perked right up. I had heard that teenagers could hear frequencies adults can't and this app proves it! Fun!,1

My dog hates this but I love it. Helps him behave when he is not. What more is there to say!,1

i hot this app and looked at how terrible the reviews are but then i looked at this one review and it said at 18000 its awesome and i got it and it was awesome,1

what is this junk?! I held the speaker on my kindle fire right up to my dogs ears and she didn't even respond..... at all!!! I would have better luck getting a dog to roll over if I shot it down a hill. My mouth would work better than this. Looking to an,0

I like messin with friends and gettin chased and jumped its all worth it so yea so yea and yea,1

it didn't call my dog it just freaked him out . but I'm not one to talk it may not be the app it may be the dog,0

Used it to train our dogs to limit their barking. We would yell go home (meaning get back in the house and shut up) give a single toot on this horn and now they come in straight away without the whistle.,1

does not work at all my aunts dog just sat there and was like "whacha doooooin" like he always does! he is sorta clueless but cute,0

"My dog heard it and looked up, but he stopped caring after 2 seconds. Oh and turning it off? Yeah that doesn't work. you have to turn your media volume all the way down or restart your phone. ATK didn't kill it either it wasn't even listed. I killed all ",0

I got it out of curiosity to see how it would effect my animals they seemd to prop up their ears at first but then it was ignored.,0

"I really have no use for this other than to see who can hear it and who can't... as well as to

really pester some of my close friends, but it's neat to see how high the pitch can go before you can't hear it, but please, show a little restraint when playin",1

This app annoys young kids and dogs perfectly. There really isn't much else to say. You can shift through Hz and produce the perfect pitch to piss off anyone.,1

"Great because it works, bad because it hurts the dog's ears so you probably won't use it anyway. I had to give it five stars though because technically it does work, it's just cruel to the dog.",1

I really love this app despite the fact it doesn't do its job with the dog part. But it does work as a great prank....I remember when my classmate used this app in class....everyone was like "What on earth is that sound?!" It's more of an app to,1

This doesn't even sound like a dog. I was expecting various sounds like a chihuahua dog and a pit bull. Uninstalled immediately. Save your money for something else better!,0

"This did not work, I have two dogs and this did not phase them at all. It is a worthless app.",0

"Mostly, just an annoying program. I tried it out on my dog, while asleep, and she didn't notice it at all. It has an adjustable frequency, which I tried, and nothing in the range caused any reaction, except when the frequency got within human range and",0

I loved it. It worked fine. But that might just be because my dog is deaf in one ear and she's a dalmatian but it worked great,1

This isn't even a dog whistle! All it does is hurt my dog's ears! Even mine! It sucks. And if I CAN hear a dog whistle it's NOT a dog whistle!,0

"In my 3rd hour class my friend got really mad and cursed some people out in front of a teacher, all because of this annoying app",0

"This app gives me a headache, #3 really.... I don't really like it.... btw. I tried it on a dog... it didn't work",0

My Kindle froze with a constant buzzzzzzzz and my speakers kept popping! Do not get. I had. 2

reboot and delete as soon as I opened it!!!@,0

"I downloaded this the first time I tried it my speakers popping a lot even with no sound on, until I restarted my Kindle Fire. I think that it could cause damage to the speakers. No stars",0

"Awful garbage heap of an app. Had to see how bad it was, and it's just pure suck. I advise against it.",0

"I tested this out on my dog and he didn't even notice it. Horrible. Plus a dog whistle is supposed to be where only a dog can hear it, so why can I hear it too? Weird order of pitches. Don't get this app",0

My wife installed this junk on her phone and started it. It was so piercing and loud it hurt everyone's hearing. And here's the bonus: It wouldn't exit when she tried to stop it. We had to shut her phone down to get it to stop. Avoid this app at all costs,0

My sister uses it on my niece and I. We both hate it! Works great on cats but not so much on my dog. DONT GET IT!,0

My dog was asleep I put it on high Hz she jumped up it was great! I don't know others say it doesn't work I disagree,1

"Did not effect the dogs was a waste of money, hurt my ears.... would not recommend to buy or use. Bla bla bla",0

I would like to know how I can get paid to write idiotic five star reviews for POS apps that don't do anything except take your private information. Give me 100 bucks and I will tell you this app allows you to fly to the moon!!!,0

"At least it didn't work on my dogs, they acted like they never heard anything at all. It's not worth the download",0

I don't have this for my Kindle but I used to have it for my iPod. You have to change the sound a bit to where you cannot hear it. Try it on a dog. I tried it on my dogs and they went berserk. It was kinda funny. They were barked their heads off and jumping a,1

The only thing it works on is.. well nothing. Not sure what I was expecting but this was a flop.,0

Did not work on my dogs (12) Chihuahuas. I tried all different frequencies and volumes - it did not phase them.,0

So after reading all the reviews of this app I have decided NOT to download it. Thank you to everyone for the info.,0

"Of course I didn't think it would do anything, especially with all the bad reviews. But I was playing with my Kindle Fire and the dog in the apartment upstairs was crying for the last two hours. So I grabbed the app, used it on a few frequencies, and h",1

"Simply put, my dog just sits there and looks at me, wondering why I'm clawing at my ears and waving my phone at him...does not work on this Airedale.",0

This is a pretty neat app. I wish it would go down to as low as 14 hertz. I would like to experiment with using the 14 to 16 hertz frequency as a healing tool. I wonder if any of these frequencies could be used as a rifle machine. If you are unfamiliar with,1

this app is so cool. I love how it drives my dogs crazy! I think you should get the app it is the bomb digity!,1

This is so fun to use to annoy the cats! Dogs didn't move but it turned my cats into Battle Cats!,1

so I thought to myself oh this would be a perfect way to train my dog..... it wasn't it hurt her ears (mine too) and she ran away..... so that's WHY YOU NEVER GET THIS CRAP,0

I don't even have a dog. I can hear the whistle though. I thought the point of a dog whistle was

that only dogs can hear it.,0
"you shouldn't even be allowed to publish this, let alone give it away for free...shame on you.
rating u on google app market next...",0
i friend wanted to try it out n its sooo annoyin wen she plays wit it she does it rite to my ear n
its soooo annoying it,0
"I'm on kindle fire and my dogs haul @2? to me when I play it great app, g bt. f f f u g l y",1
"I tried this just to see if it would work. Well, it didn't. It stinks. My dog freaked put then
started crying):Now everytime I bring out my kindle she runs and hides under the bed.",0
"My dog did not even raise a ear. Tried all settings.....nothing. I think its a joke myself.
Stinks, hate it.",0
"Dogs don't react to it at all. Now I can understand it with the older dog...she is pretty deaf.
But the younger dogs are in their prime and don't seem to hear it either. Giving the benefit of
the doubt, it may be that you need a better speaker than comes",0
"This app drives my dog crazy, he just can't seem to understand where the sound is coming from.
It's fun to watch and a good way to get his attention.",0
nothing good to say. I thought maybe i could use this with my dogs. it does not work and takes up
memory on my device.,0
the first time i opened it and used it it got stuck in the on position and i had to remove my
battery to make it stop...closing the app didnt stop the noise,0
even for free it was a waste. when i changed the volume it never stayed the same. plus it wouldn't
stop ringing annoyingly even after i deinstalled so to whoever has a kfire i warn stay away from
this!!!!!!!!!!!!!!!!!!!!!!0
This app is so crappy it has to be someone's idea of a bad joke. Don't even waste your time.,0
Tried this with my dogs... the corgi completely ignored it and the Pom just lokked at me... was it
the whistle or that he wanted a treat?,0
"When I tried it out on my dog she woke right up and kept staring at my phone. I couldn't hear the
tone at all, but she definitely could. I noticed that the only people this works for are the ones
who have the Droid X, so in all likelihood the other devic",1
"The app gets stuck and continues to whistle until you force close the app. Also, the people that
say this works are wrong. Dogs respond to ANY sounds. Buy a real dog whistle and you'll see the
difference. Complete garbage and horrible programming.",0
"Freaked my dog out for a bit, then he just wanted to attack my Kindle. Maybe I will wander
around the neighborhood & try it out :D",1
"People amuse me! They get on here to rate the app. They complain about it & tell the
developer to fix it. On the install page, towards the bottom, (you might have to scroll down),
you'll find an email address that you can use to ACTUALLY get in touch",0
I got this on my kindle fire and it was terrible. the first time I tried to use it my dog didn't
even look at me. don't waste your time on this app.,0
If you feel your dog is losing hearing this is a greatapp not only to access the dogs level of
hearing butan excellent tool to work with a dog that is sufferingfrom any amount of hearing
loss.As an example my dog does not hear people coming up frombehind,1
"1650 is near the frequency that your parents can't hear, but you can. It drives your sibilings
insane. Cool app, but I don' t use it for my dog.",1
"if you gave this more than one star which is minimum to complain, then you are fail, if you gave
it 5 stars, then /wrist. I downloaded this out of curiosity and when my dog looked at me like I
was an idiot, it got deleted",0
"This is a silly app. It make an annoying sound that wont turn off. Had to restart my phone. Then
thought to myself, this is a pointless app anyways. Uninstalled... no good...",0
"My Rat Terrier is clicker trained andsome time can't hear the clicker. I turn this whistle on
and he comes running quickly, I makes me laugh.",1
I just tested it on my room mate... OMG!!! she was looking around trying to figure out what she
was hearing. she checked the Tv... looked more... I love this app!!!! Though I am sure she will
kill me if she ever finds out it was this app.,1
"If someone made an app for watching paint dry, Pocket Ants would appear on the list of
suggestions. And no, it doesn't look good. The developer doesn't know how to write code based on
screen geometry. Consequently it looks ridiculous on a large screen",0
It's stupid fun like popping bubble wrap. Will it tell you the meaning of life? Yes! Pointlessness
is the key to life :),1
"Just reading the description for this makes my skin crawl! Not the ants, but the perverse
""pleasure"" the developer must have had in making this. These people have some serious issues of
their own. ""...electrocute and drown the ants; blow the ants into yo",0
This app is a waste of space. The interface is colorful but the lack of game objective makes it
worthless. There is no visible mean to turn off the volume so the app stars at full blast. Not
worth the "free" price.,0
"So, the game lets you kill virtual ants, and lots of them. Is there a goal? Nope. A point? Also
nope. An interesting 2 minute diversion, but it probably won't hold your interest any longer
than that.",0
"Normally I'm all for pointless things, but this gets old quick. Download it if it's free, but
don't let it take up your memory space for too long.",0

"Basically its a sandbox, after 5 minutes you will never open the app again. Maybe for two year olds? Not even worth the free app of the day download.",0

"Right now this app is the alternative to Pocket God but soon, I don't know when, but soon Pocket God is coming to android and kindle fire.",0

I know they're just pretend ants but it makes me sad that you're supposed to kill them. I was disappointed by the lack of helpful instructions. Was hoping for something better.,0

"There is an ant hill and there are all sorts of things you can do (anything you thought of as a kid, plus more like lasers and freeze rays) to the ants. There is no point. There is no score. You just do stuff and see how the ants respond to it.In othe",0

"This is the stupidest app I've ever installed. Utterly pointless. People PAY for this normally?? I don't understand. It isn't even a game, really; it's an ant simulator. What??",0

if only 0 stars where possible .. doesnt fill up my acer tablet.. and where u tap is not what u get.. dont waste ur time even dowhloading it .. even if it was compatible .. this is not a game this is a time waster for dummies.,0

I would like it if you could make never ending holes for the ants to fall in. That would be awesome.,1

"Selecting the widgets to do things with was almost impossible. While I might have gotten some amusement out of it, or kept it installed to amuse my three-year-old, not being able to select different tools without huge risk of accidentally hitting non-ga",0

Seriously. What a total waste. I always feel bad for leaving a not so good review because people work hard developing applications... but there are just some times that one can't help it!This is a waste of time. Fun for the dev to claim they created some,0

"Had to try it, now I regret it. My formal review of this ""app"" is that its not game. Such advertising is a lie. As others have said, there is no point or objectives to this thing.To make matters worse, it didn't take much to make it bog out. Mixing e",0

"about a one min game. not worth a dollar, barely worth free app of day. works fine on my desire",0

"I didn't get this free... I paid for it a week after the Amazon giveaway (in spite of the spat of bad reviews)! The folks that are remarking about it being pointless are probably not into the ""Pocket God"" genre of apps. I'm a pretty busy guy, and I don",1

Just what this country needs...an app that brings out the sadistic tendencies in children. Cause I don't think adults would play it for much longer than a minute or two. I agree with a previous poster...ZERO stars please.,0

"The graphics are great, but there needs to be a series of obvectives to complete; entirely open gameplay gets boring really fast--boring enough to not even be a good time waster.",0

"I got this for free, and I thought my kid would like it, but it requests too many privileges to safely install. Why would it need the ability to change global system settings?",0

"It's an ant-torturing time waster, not a full fledged game people!It works great, and is actually pretty fun and very well made. You basically play god with two hoards of ants.There is no point, there is no beating the game. Just like other casual time w",1

"glad it was the free game of the day cuz i got what i paid for... lol. lil boys might like it, but then again theyd have more fun frying real ants...",0

"I love it, and it's one of the best apps on my kindle. It cerntainly is very fun and a good game to play when you have nothing else to do. the only thing I don't understand is the difference between the 99 cent version and the free version. If you like k",1

"This app is totally worth buying or getting the free version. During the game you have a choice of using path, fire, ice, spider, and many other objects. Do you want to make your red and black ants live together happily or do you want them to fight again",1

Does not scale correctly on the zoom tablet as another reviewer posted. with so many good apps that work on both phone and tablet this is just bad development.,0

I had this gAmE on my kindle fire and it was great. My kids loved it but this time I got the game and it will not down load. I don't understand. My kids are upset that they cannot kill the ants. Because they do not like ants and a game is better then th,0

it seems like a nice game but is does not display correctly in my g slate. Need to work on that. Otherwise nice gameplay,0

"i played it to the end. some of the puzzles esp the mannequins were a little strange, couldn't. figure out what they wanted but they still congratulated me for solving them.could use a zoom, could not open any of the puzzles in the puzzle section.at the ",1

"When touching the screen, the game moves from side to side, which makes it extremely difficult to tap on any found items. Hopefully there is an update in the future.",0

"HTC evo. Love this hidden object game, but it can definitely cause eye strain because I can't put it down when I start! its addictive! A hint ability in the mini puzzles, or maybe even instructions for them would be nice. would love to see more games",1

"Beautiful graphics, works flawlessly on my Incredible. Well worth the money. If you're a fan of HOGs, this won't disappoint!",1

I downloaded this game to my kindle fire HD and it comes up in a tiny screen. It does not load full screen with items to find list or the hint button or anything else there might be. Any fixes for this game for the kindle fire HD?,0

"This game is so packed full of problems and constant BS. I HATED it. None of the little stupid

side games worked, and if I wanted a book I would have bought a FREAKING BOOK!!!!",0
 This game keeps crashing at the same place every time I try to play it. I have had no issues with any other game I've played -- including other hidden object games -- this one is just not working for me. I'm on a Samsung Galaxy Tab.,0
 "This looks to be a great game,however the minigames do not work on my Evolution 4g or my Flyer.They load but the area where the game is supposed to take place is blank.I can wait till the timer runs out and proceed with some portions of the game,but wher",0
 Awesome game!! well worth the money for those that like sodden objects. Works great on my Droid Charge! Not really sure why there are so many bad reviews. This game is very entertaining .,1
 "On my Droid Global the app keeps shutting down. Then, when you go back in, it returns to the beginning rather than where you left off. Will uninstall immediately.",0
 "Everytime I leave the game I have to start all over. Looks like a good game, but who whats to start at the beginning each time? I have not found a way to save the game.",0
 "Love this game, simple point and click sort of old school interface. I am still looking for more games along this mystery sort of genre.",1
 constant force close on the droid 2. I haven't even gotten to playing the game and it has already force closed on me twice. don't waste your money on this app.,0
 My tablet/software would not allow this product to download. So I can't tell you if the product is good or not.,0
 This app is real good and let you keep your numbers you should try it out is the best that I see in it is very good,1
 "Forces you to sync with a google account. I'm not giving google all of my contacts' info! Needs to have another option, such as ""phone"" or ""tablet"" like a real contact book.",0
 "Title says it all. It wouldnt load, or it just didnt work. I dont know, Ive downloaded other things. I think this was something I just deleted straight away.",0
 "This is not straight forward tool., tooo complex. Certifiably not user friendly. instructions were not really available. of no use to me.",0
 "What a fun time to pass the hours! Get help to learn and be quick on the call. playing against virtual opponents was fun, at least on easy!\n",1
 Wouldn't install and when it did it locked up my system. There are a few bugs in it. The author needs to fix the minor problems.,0
 I'm so frustrated with this game I've downloaded and uninstalled 2 times and I still can't get it to work the reviews looked good and I really wanted to play but I guess I'll have to find a different one.,0
 I feel bad for the retardedcraps who created this horrific thing don't get this app or you will end up as one of those craps,0
 The title pretty much sums it up. 20 word minimum 20 word minimum 20 word minimum 20 word minimum 20 word minimum.,1
 if you want a good app go to istunt 2 it's great or pacsnake or quell ok that's all I have to say la la la la.,1
 only a retarded creep could download this fame and be entertained.. mo offense to them or anything ... horrible.. also there isn't even a background!,0
 it fun 17 16 15 14 13 12 11 10 9 8 7 6 5 4 3 2 1 0,1
 I love this application. Very easy to use. I love that you can set multiple timers. Previously I had one Alarm Application and one Timer Application. This allows me to have one app that does it all!,1
 I got this pro app free as the free amazon app of the day. Before that I had the free version and liked it. The pro is great. It does everything I need it to.,1
 The alarm clock works great. volume's loud enough to make you get out of bed. And you can set the duration for as short or as long as you want. without any intervals of 5 min or 5 sec. :))))),1
 I use this mostly for alarms. It reminds me to take my meds. It reminds me of tasks I need to complete during the day. Love the sleep feature. I have tried several apps and like this one best.,1
 "This app does it all.... timers, alarms, speech-enhanced announcements you type in yourself, stopwatch, icons to visually enhance your selections, fade-in options, ETC! Super-simple interface is easier to use than all the other alarm-type apps I've t",1
 Very handy app. I do wish that the second-level interface had a large start/stop button on each timer or alarm.,1
 "A lot, apparently - more than I ever would have guessed.First of all I tried this on my 1st gen Kindle Fire and have yet to have a problem. Some features like vibration are obviously not going to work, and you have to remember that for an alarm to go off",1
 "This is a great timer. You can have multiple timers saved. I love the trigger function. You set one timer to trigger another, start the first one and the second one starts as soon as the first one goes off. I see this being very useful. The stopwatch and",1
 "This app is very useful for me. I use it to remind myself that I have a task that is ready in the MMO that I play. I can do the task once a day on each of my characters, so I have to wait 24 hours before I can do the task again.",1
 "Multiple timers that can be used simultaneously! I adore this app, and use it every day for cooking. Five stars!",1

if I don't wanna use an app everyday I want to be able to turn off the startupUNINSTALLED,0
 this works great on my kindle fire! I use it every morning as my alarm clock. I pretty much use it
 all the time for timers for dinner or to remind me of something! I love that you can use your own
 ringtones. With the exception of the calendar this is my,1
 "Great app to keep track of the many things we do during the day. Such as work breaks, lunch,
 laundry, and cooking.",1
 I have stopped using the alarm on my tablet and now use Timers4Me plus. More to this app than just
 an alarm clock though. I have nothing negative to say about it. I like having so many choices for
 ring tones plus it speaks whatever you label the alarm. S,1
 I downloaded it as the free app of the day. I like that I can have different times going at the
 same time. I use it at work for different projects. Easy to set up and use.,1
 Got a friend retiring; we're counting down days to retirement. Days to the birthday? Counting
 them down. Awesome little app.,1
 "This is a great app. You can set alarms, or do countdown. (My kids already have a countdown to
 Christmas.) Much used in out house.",1
 I haven't got to use every timer yet but I am looking forward to using this on a daily basis.,1
 "This has so much, it's simply amazing!! It has built in Timmer, Alarm, Stopwatch, etc, but you
 can use it for: Work outs, Reminders, Cooking, Races, and so much more!. I don't think they missed
 a thing with options Oo. It has so many options it will mak",1
 this is the timer I use to time my housework super awesome I have used this for a variety of
 things would totally recommend. this to all,1
 "Easy to use. Has timer, alarm clock and stop watch modes. You can quickly do anything that one
 uses a timer for. Several ways to specify time makes it fast and useful from everything from
 games to food timing. Use preset times or specify your own. A",1
 I use this app all the time. It is outstanding if you need an alarm or timer. Excellent - highly
 recommended.,1
 "An extremely versatile set of clocks, alarms & timers. And it's easy to keep them separated so
 you can quickly set an alarm without accidentally setting a timer instead. Also easy to set which
 days for the alarm to go off. The timer is handy for remin",1
 "Nice, neat, smooth and very customisable. I like! Would suggest a bigger start button. As big as
 the Dismiss button....",1
 "I'm addicted to my watch, and I use the stopwatch and timer all the time. But, you can only run
 one at a time. That is where this really shines, the ability to run multiple timers at once. The
 app is intuitive and easy to use. I love it!! I do wish it co",1
 I first started playing with electronic timers back in... well in the old days we had to build
 them ourselves...this is the first time I have a timer that I can use easily and works the way my
 brain works when processing things like lap times... why has ,1
 "You want timers? You want a super stopwatch? Don't look any further. This application might be
 considered to be the epitome of anything to do with time. The graphics and smooth flow make this a
 real keeper. Time is of the essence, and the essence of time",1
 "I use this app all the time. I like that I can save timers or alarms I use frequently. This is
 useful for timing food, reminding me when to give another dose of medicine, or keeping track of
 how long my kids have been working on their rooms. This is a gr",1
 "This app is very easy to use ,customizable and handy. I use it when I cook ,exercise, nap, and
 many other times. It always keeps me on track. I can't say enough a bout it. This is a keeper.",1
 EXCELLENT timer app! Tried a few others and this is by far the best. The ability to have all the
 timers I'll ever need preset and ready to use is what makes this app great. Works perfectly on my
 Note 2 when other timer apps didn't.,1
 "The Timers4Me is an excellent app that I installed on my smart phone. It is great looking as well
 as very user friendly. I almost always carry my cell phone with me, so I always have a work,
 kitchen and nap timer and stop watch with me. It's great and I ",1
 "I can use it for everything from timing how long I spend doing certian activities such as
 exersizes or finishing a task to use for time-outs with different timers allowing for different
 times for different ages of child available at a single touch, to bl",1
 I love this! I usually time everything and this gives me the opportunity to have several timers
 going at the same time. I use this every day.,1
 "But I don't know what I dislike about it. Lots of alarms and timers. I don't know what all of the
 buttons do, but haven't really tried to figure them out either.",1
 "4-22-13 -- This app has many options and I expected it to be hard to navigate, but to my surprise
 I found it very intuitive and a snap to program. The alarm part seems to be only in military
 time, but this is fine with me as it is more efficient and eas",1
 It requires phone abilities is because there is a feature on the app that makes it possible to
 alert you while in a phone call or not. It also has plenty of other features including a talk to
 you future.,1
 "Bought this app to use while I grill. So far it has timed BBQ chicken, ribs, steak, burgers, and
 sausages. No issues with crashing or anything else. Great app.",1
 "I've tried at least 3 other timers and this was the only one that allowed me to set it up so that
 I could open it and choose from several different timer settings that I previously set. Just hit a
 button or 2 and off it went. I have them set for 3,5, and",1

"This is a great tool. Very handy to have around for laundry, cooking, etc. Love the customization options, particularly speaking the alarm name.",1

I cannot attest to some of the other reviewed comments abt this app not working on the Kindle Fire. Perhaps they had an earlier version. I got mine around the June 2012 timeframe if you want a time stamp and this app works great for me. I use it as an al,1

"As with Greg H. my Kindle Fire closes when the timer gets to zero. I love the app on my Droid Charge.4/25/2012 - Got an alert that the issue was corrected so I fired up the app (or tried to) and I was told that I no longer have the app, but that I could ",0

I have tried MANY different timer apps several that I PAID for... most crash (as this did). The developer immediately provided me with an updated version which DID NOT crash as well as included many new features.Notable is the ability to easily start pr,1

Use this app everyday on my Kindle Fire and it performs without a hitch. Great options and a good addition to complete Timers4Me which I use as an alarm.....Highly recommend for Kindle users!,1

"As a teacher, I have used all sorts of timers to time students giving presentations, for tests, etc. Most are slightly clunky or plain annoying. This app, however, is sleek and simple to use. It has so many functions, keeps a log of all timing activit",1

"This handy little app does all sorts of timely things. They are obvious from the title and they are all easy to use. I am always losing my kitchen timers and if I just look at the clock I am never precise. However, my Kindle is always with me so now my t",1

"I've purchased many apps and mostly only been able to keep track of 2 times. This app gives you multiple time keeping options that. I'm a online gamer and I need a timer to remind me when I need to be back to check my games, or other online gamers will s",1

This was a free app of the day. I've got other timers on my phone but this one beats them. I have used this numerous times since downloading. Comes in hand for just about everything! I'm giving it 5 stars because I like it.,1

"A wide variety of alarms, from sounds to music, plus the ability to set both alarms for specific times and timers for any length of time, make this one of my most used apps. I have half a dozen recurring alarms set after just a few weeks' use. My only co",1

I enjoy seeing multiple timers. You can time your oven while jogging up and down the street among other uses.,1

"I love this apps! That what I want!! It's,much better than android stock OS..Samsung Galaxy S Relay 4GAndroid 4.0.4",1

"This app is a stellar piece of programming. It has so many features that it boggles the mind. The graphics are beautiful, the options are endless, and the voice used to announce the alerts sounds cooler than Siri.And before you assume that the app is l",1

"For medical reasons, I need to semi-wake every 2 hours at night (long story). Up till now, I have not been able to find an acceptable app to accomplish this seemingly simple task. I've been manually setting my old kitchen timer, with 4 individual countdo",1

"I am constantly using the timers. I use them to time therapy sessions, while cooking,etc. The alarms are loud enough to wake this sound sleeper.",1

"This app is really nice. It's easy and very efficient. I'm always forgetting something, so I preprogram what I need to do or remember, and it takes care of the rest. I do wish that I could use my own music with it, but it's not because you can't, I just ",1

I use this daily for my alarm clock and love that you can personalisewhat it says for you to wake up to. It helps make sure that I am reminded of why I need to get up early.,1

I use this for my son. He has autism and the timer helps keep him on task. Its easy to set and use.,1

"The dominoes are way too small... For the price that they supposedly get people to pay, it is a ridiculous rip off!!!",0

"it really* really* sucks! it doesn't give any instructions on how to play! leaving me clueless the whole game and I lost every round because it didn't make any freaking scents. so consumers, don't waste your time or you amazon kindles gigabytes. . . its ",0

"I took the advice of another reviewer and read the instructions...believe me it makes a world of difference. I'm not a big dominoes fan, but this was a lot of fun!",1

This is a very good Rugby game but did anyone notice the goitch where if u press play the players and take turn into dominoes this amazed me,1

Doesn't explain how points are earned.i'm new to dominoes so not understanding how one move gets you 65 when most gives you zero and the auto player always seems to score just doesn't seem fair. Maybe a tutorial or hints button to help you learn?,0

hay Thor's who want an update thence give it a 5it only gets better if it has 50 or 5. 5 stars this do this with every game that stinks give it a 5,1

"They do not include customizable features, they don't highlight dominoes that you can play, and they don't have online player to online player playing. These are things that most free apps come standard with.",0

"Very simple game, would be better with 4 players. Hard to manipulate (have to "hold" the hover carefully or you lose the highlighted tile). Hard to see things. Played 1 game, that's all it took to know I won't play it again. Uninstalled it. But",0

"This is a good game and I and my husband like playing it. It is difficult to get it to stick to the tiles once in awhile, but I guess I just need to work it better.",1

I agree the tiles are too small. played two games and I am done. I do not recommend this game.,0
It can take four or five tries to place a bone. It is not worth the effort. I uninstalled it after one game.,0
the game works great with no issues dropping bones on legal moves.i would agree with others that its not noob friendly as to explaining scoring and how to play.,1
The dominoes are miniscule!! And they won't stick!! That's the whole game!! They need to patch this thing up. Not good even for free!,0
fun dominoe game if you can keep a connection. it does tend to be a little slow to load on the tablet sometimes and it is hard to find another player to play with but once you do it is game on! I enjoy this on the tablet.,1
The game scores almost every time. I got tired of playing after a few games and removed this junk. ive read of other players saying the same thing.,0
"Another great APP with a game I've played a lot while waiting here and there. It can be addicting. Not sure I understand the scoring part of it & why I keep losing most of the time, but enjoy the distraction of the game.",1
"For anyone who has played dominoes - and as others have said - those who bother to read the instructions, this was great fun. My eyesight is awful but I had no problem in seeing the dominoes.The Ai was competent, and let's face it: the odds will always t",1
I think this game is great I love itttttttttt it is so cool you need to try it. I love it from the start,1
"Domino vet of 27 years. In just several play throughs computer manages come backs equivalent to getting 2 royal flushes. Whether this is intended to challenge players of all skill sets or not, don't expect realistic play.",0
This app isn't worth the download. The pieces are tiny and the computer always gets the points. There are much better apps out there.,0
I couldn't even place one domino. Complete waste of my time. I'm glad I didn't have to pay for it.,0
its ok I like it that's all I haft to say this is so its 20 worlds I I I I I I I I I,1
I am giving this app 1 star because tittle does not have a two player mode. What game of dominoes doesn't??,0
"thank you for teaching me to play dominoes. I always wanted to learn. I played straight 3 hours before I finally won, but it was fun! IMO, needs win/lose percentage tracking, and multi player would make it better.",1
"Plain and simple, I love Dominoes. Nothing intricate here, just a simple game of Dominoes. I play it all the time. If I had paid for it, I would have definitely made a return on my investment by now. It was FAOTD so there you go.",1
DominoesI read the Jackass reviews on this game and hesitantly downloaded this old favorite pastime game. The game worked fine for me (on The Fire) but....hey!...I cheated. I read the instructions on the menu!Okay. The tile placement is tricky. Try t,1
"Who hasn't sat in a park on some sunny afternoon and played Dominoes the way it was meant to be played? Unfortunately, you can't line them on end and tip them over ;)",1
This is great on kindle fire. This is a game I played as a kid and it is good for people who like strategy or puzzle games. The tiles just have to be placed over the tile that you want to play on. When it glows green it is in place. I will play this one ,1
"The game would have been ok if it wasn't for the tiny tiles. You have to have 20/20 vision to play this game. I don't call straining eyes having fun. Amazon can keep this game, it's even cheaper then free.",0
"Please save yourself some headache. Do not trouble with this for the download, it is poorly developed software.there is nothing good of this unit.",0
"At one point I was playing and the chain was so long that I couldn't see what I could play. Wouldn't zoom in or out, wouldn't move side to side, nothing. Very poor planning. Uninstall!!",0
"After playing 4 or 5 games, reading the instructions and going on line and reading how to score I'm convinced the AI is cheating!",0
"Amazed at all of the posers that think they can be SM75. Be original people! Seriously, how many pizza reviews are you going to write?",1
This game was way off on touching and moving dominoes its wayyyy too small and will not let you move tiles around! I do not recommend this game to anyone.,0
this app I downloaded it to see if the other reviews were true they were!!! the dominos are tiny even on my kindle fire it was ridiculous!!! it was very irritating!!!!!!!,0
Another version of the popular game. I came back to it recently and this one is easy to use and challenging.,1
"I love dominoes, but this is a bad app. dice are wayyyy to small, even on the fire. glad it was the daily freeborn.....already uninstalled.",0
"the screen is very cluttered and it seems like illegal moves are allowed, it's also difficult to figure out what does what. I'm not even sure of the rules anymore. Uninstalled- Droid 3 running Android 4.0.3 ICS by Hashcode",0
Game plays well. I'm not sure why such low ratings by other reviewers. I played three games with no problems.,1
drag the tile doesn't stay the dominoes are to small just needs work another crappy faotd what's

up with the past couple of stinkers,0

I can't get the dominoes to stand on their sides for placement in a dominoe train. The best part of dominoes is setting them up to knock them down! Please update with this ability. Thanks.,1

"I love dominoes and once you get the hang of placing the dominoes this game is fantastic. I struggled in the beginning because the domino wouldn't stay where I put it especially on the right side of the screen, I don't know why, but you have to put your ",1

"If I were to change anything it would be to highlight the tile you just drew to make it easier, but the game is still a lot of fun",1

The user interface is absolutely terrible. It's very difficult to turn dominos or place them where I want them to go. Also the program will not let me make some legal moves. This program needs a lot of work and I have no clue how amazon thought it was go,0

"I don't know why I bother reading these reviews, I love how Karen put it though. You said it best Karen! READ THE DAM INSTRUCTIONS PEOPLE! The game works great on my Nookcolor.",1

"whats up with the kiddie, wimpy, buggy games this month? Come on! We DO spend money on aps we like, the least you could do is give us a great faotd on a reguar basis... we are the ones giving you good ratings when deserved!",0

This game is so much fun and addictive..even though i lose way too often its a blast to play. Samsung galaxy nexus..ics 4.0.2,1

"If you had a Palm device and remember the use of graffiti, then you'll love how well this ap replicates that input method. The ap does exactly what it claims, and accurately reads the graffiti symbols.On the other hand, if this is your first experience ",1

"this is an awesome way to input. However, you will have to learn the different stroke combinations and that could take a bit of getting used to if you have never used this -like me-. overall better than other writing apps in my opinion. wrote this revie",1

"I remember this from the old school Palm's, from back before my parents got palms, lol...Awesome app, very simple to figure out, if you take the time to read the help page, I skimmed through it and then wrote this review with only a couple errors, all of",1

"I tried swipe and thumb keyboard. this is a nice alternative, especially since I used a Palm Pilot for years. With a tiny screen I find this less cumbersome and more accurate. might not be for everyone, but great for some of us, HOORAY! My smartphone is ",1

"I am a terrible typist and only used the graffiti (1) in my palm. When I got a Palm Centro, I went looking for a Graffiti program. I had to switch to an android because Palm messed up their devices and became unusable to me (I do miss it, though) and the",1

"Didnt want to spend the time to learn this cool app, I give it 4 stars though for being cool.",0

"i am writing this with the app. i don't recommend it if you never used a palm pilot. if you did, it is every bit as good! better (imho) than the onscreen keypad",1

"Palm user for years. Less than 5 minutes, and I'm already faster than SwiftKeyX or Swype. This is a dream come true for old palm users.And honestly, if you're of the fat finger persuasion, even if you're not 'an old palm user', this can seriously speed u",1

"Memories of old Palm. Thank you for giving me another input option. I do love swype but sometimes my fingers are too dry from rubbing/swyping so much. So, as silly as it maybe I will rotate my input methods. Tapping letters in swype is at times annoying",1

"There is a decent learning curve. Once you get past that, but it's great! Accuracy is good and improves with use. It is as fast or faster than regular tap to type keyboards. Well worth \$2.99!",1

I was a long time Palm Pilot user & loved Graffiti. This app works perfectly & I can input text so much faster than using a keyboard. Text prediction is good & gives several options to choose from. I have an HTC Incredible & use my fing,1

"I'm chuckling at all the reviews complaining that this app won't let you cross your ""t""s or dot your ""i""s. That's not the way it's supposed to work, kids!This is a really nice implementation of the Graffiti input method used in the Palm family of device",1

"I used to be really fast at Inputing graffiti. It'll take some practice to get good with it again, but i think it will be well worth it. Thanks for this great app!",1

"I've installed Graffiti Pro with low expectations, but after a simple configuration I was able to jot down immediately, fast and accurately as I used to do with my last Palm TX. I wouldn't recommend it for newbies but if you're comfortable using graffiti",1

"So, I'm not a big fan of this app. So why the five stars? Well, it delivers on what it is says it is. I did install this for a day for a nostalgic stroll down memory lane (yeah, I was an old-time, long-time palm user) but it really isn't the quickest way",1

"The recognition system isnt broken like some claim, its just nonsensical. E, k, q, v, x and y are some letters it frequently had trouble with, and it was because of how it handled input for these letters. I guess if you spend the time to acqiant yoursel",0

"because it's hard to trust an app when all of the positive reviews read like a marketing ad. I thought it was against the rules for developers to falsify reviews! If your product is good, then why not let it stand by its own merit?",0

I did not know about this app or I would have gotten months ago!I have really missed my Palm and Graffiti... I have not gotten the hang of typing on a virtual keyboard or Swyping successfully. I so often do not write what I meant to and then the mis-wr,1

this app is quickiy growing on me. i am finding that i would rather use this than a regular

keyboard. this seems to be a little more natural than typing.,1
 It was nice to revisit my palm pilot days. And it's definitely better than a straight keyboard. My favorite input app remains SwiftKey because I rarely need to type more than 1 or 2 character to complete a word. If Graffiti added a more intuitive auto co,1
 "This is an awesome app. After I unlearn the other handwriting strokes, this will be much faster. And I won't get Droided (when the Droid prediction changes the word and you don't catch it) quite as often.Graffiti was great on the old Palms.",1
 I really thought this would be useful but its not. I tex faster using this keyboard not some b.s. drawing lines that don't even show the correct letter u are using ain't that some. I deleted it so disgusted with it.,0
 "What a useless app. So many other full featured, free apps out there. This one. is 5 year old tech. Swipe and voice recognize text is so much easier. AND THEY ARE FREE",0
 "I see that it checks license ""from time to time"" - on a critical app? I have many paid apps and have never seen this. I would like to give it a try, but not with DRM!",0
 "Based soley on its viability, you just can't give this app a high rating. I guess I can see why somebody might...if they came out with a mike tyson's punch out app tomorrow, I'd rate it pretty high. Knowing full well that its old, outdated, and weaker th",0
 "Palm abandoned me when they went to PalmOS, killing thousands of applications. I bought a Droid and discoverd Swype. Now in a perfect world, Swype should be faster, but with my wide hands and thick fingers, I can't see the keyboard and I don't hit the le",1
 If you used Graffiti before you will find this is a well done app. It may be easier to learn on this app than the Palm if you don't know the method. It's great to have choices and this gives you another one. PS stroke up and off the input area to see the,1
 "If you were good at Graffiti back when Palm ruled, this is for you. If not, then one of the other alternatives is probably better for you.Overall it works very well and is well thought out. At this point I prefer it to the other Android keyboards I've ",1
 Just installed a few minutes ago and without reading any instructions figured out all but about 3 letters which were logical moves quickly learned from the character map. This my first smartphone so I have no previous experience with Graffiti. I was a ,1
 "i have never used this input method before. it took me about 20 minutes of doing texts, updating Facebook and posting on Twitter to master this app. i really like it now. it really only takes a bit to learn, you really only have to remember where to star",1
 spent all day with it and just can't seem to make it work for me. add a space and back button and I'd be thrilled. seems like if you were a fan of the palm OS this would be heaven but alas I was not. Giving it 5 to counter the re-re's that blast an app b,1
 I love this game. I am a big fan of logic puzzles so this is perfect for me. Nice relaxing music too. Recommend if you like logic games.,1
 This game Sucks. It has nothing to do with the game of dominoes. Give us a domino game that we can sit and enjoy.,0
 "this game is not to hard, but not all that easy either. It's great for passing time. Download it it works great for kindle fire give it a try u just might like it.",1
 I like this game. its fun and excercises my brain in the morning. I would reccomend it as its free.,1
 "I like this game. Most games I play, though entertaining, usually seem to be following a trend of some kind... This is not the case! The music is soothing, and game-play logical & straight-forward. People that claim it's "too easy" probably",1
 "All of the dominoes are in the pattern...Okay well, the pattern is pretty small and it isn't all that hard to figure out. IF you just wander along marking two spaces at a time the most you're likely to have decide between is one or two place where you sh",0
 I could not figure this one out. I could or could not recommend it because I wasn't sure how to play the game.,0
 "I don't get the game. It's not entertaining. Just give me regular dominoes. That's all I want. I downloaded this game, attempted it and then immediately removed it from my device.",0
 Its ok... but I thought it was a regular domino app! Eehh can do without it! I will try another!,0
 This is not the traditional game. ONe doesn't play against the computer (or another). but rather have to 'Match' tiles. Will be returned.,0
 1 it's boarding.2 it does not stick to it's on rule.2 you can get a virus with the down load.,0
 I really missed old dominoes game from the 90s. I finally found an app for dominoes.Thanks for the free game.,1
 "I was looking for a job and stumbled across this app. It was very helpful, hope it is helpful for your job search.",1
 I used this for about 30 seconds before I just decided to use my laptop. Clunky and confusing to use.,0
 Optimus v for those of you that cant get it to work its a widget not an app there is a huge differance,1
 Worked very sporadically on my Droid X. Had to reboot the phone several times due to lock-ups. Also found it difficult to uninstall. Foxfi worked a lot better (even though Foxfi's free version is data-limited.,0
 "I couldn't see paying for the Tether product, especially with the reviews for my phone. on the

other hand, I really wanted to be able to hook up my Nook on the go if I lent my WiFi card to my grandson (the price of family). In any event, I downloaded the",1

"I am so happy to have finally got an application that works for my Toshiba Thrive! Connecting my phone is great, super easy and fast. Would have paid for this. I paid \$10 for easy tether and it only connects via usb cables, no hot spot. Which meant I cou",1

"Ok, it is just a widget. But, it places tethering right on your home screen. A "must have" for Android phones.",1

"Honestly, it's not difficult to tap the description and read the key points to this WIDGET. Not an app, and will not magically make your phone capable of making it a wifi hotspot if it wasn't capable of it in the first place. If you don't have the tether",1

"if you're looking for free tethering for your verizon wireless handheld get PDAnet. there is a charge for secure sites, but how I get around that is don't sign out of the page. and plus \$16 one time fee for full pda net is way better than what VZW charge",1

I've been using a different tether app for over a year now but it's gotten sluggish and unreliable with recent updates so I decided to try this one since it's free. I honestly wasn't expecting much due to the price but this app works great. It's very sim,1

"With the new Over-The-Air update, HTC Thunderbolts have their WiFi Hotspot feature disabled, so downloading this app was an attempt to get that functionality back to some degree. Perhaps it is the Verizon TetherGuard process on the phone that prevents it",0

Giving 5 start review just to help counter the 1 start idiots who don't know how there phone/service works. Widget does EXACTLY what it says it does.,1

17 one star reviews. All because they couldn't read. This works WITH carrier paid tethering. If you don't pay for tethering this app is likely to be worthless to you. If you want a work around then root your phone. Or get pdanet.,1

"It didn't work with my phone. I have an Evo 4g, and it just wouldn't do what it was supposed to do.",0

Using LG Optimus V on Virgin Mobile. No setup required. Just turn it on and let your wifi device find it. If you want you can add some security.,1

You will not get free wifi with this app. My droid x w/ verizon asks you yo pay for the service.,0

Don't work !!!!!maby if you use a flash Rom or somthing like that I have a regular htc evo and it say I don't have hot spot services when I open - 1star...lol,0

"Widget works great couldnt ask for better for something thats free. If you dont like it, your not using it right!",1

Using this with my Motorola Xoom tablet. Makes it so much easier to get online since I only bought the one with wifi.,1

"Doesn't work on my Sprint Epic Galaxy S phone. Every time I bring up the wifi, it stops after about three seconds and says "Registration Error: Your Sprint data service username and password may be incorrect. Please try again." Well, I've tr",0

"Tethering widget works very easily and does great at setting up mobile hotspots. However the usb tethering does not work, which I think is because you would have to root the phone to get that type of tethering without drivers. That's ok for me though, be",1

"This application never did work, I tried it numerous times and the results were all the same, did not work.",0

"And no, you don't absolutely have to have tether set up through your provider, unless you're one of those unfortunate people with a phone that the carriers have blocked.",1

"You can't flag tethering because it's only data transfer, providers can not tell if it's your device or a tethered device using that data, and really it makes no difference anyway. Tether ho!",1

This works perfect on my wife's Droid Charge. My Galaxy Nexus is another story. The description must not apply on Android 4 phones. When I follow instructions about applying the widget my phone just doesn't work that way. The widget just isn't in the wid,1

I used it once and I didn't like it so uninstalled from my android.... That's all I have to say about that....,0

"Excellent selection of words and the graphics are fun and interesting. There is however, one caveat when using this game. If your batteries are running low this game WILL begin to lock up and the lock ups get worse as the battery gets lower. Make sure",1

Enjoy playing word search very much. Keeps your mind busy and sharp! Glad I ordered this game. Thank you very much,1

Love word searches. This if a fun word app. You'll love it. Take a chance on it and get it. Its free!,1

"I like the little graphics used on the puzzles, they . Make the game more fun to play.The sound effects are cool too.",1

"I love the new update, I have had this word search forover a year & I was very excited to see the new puzzles.The graphics are beautiful & I enjoy the puzzles. They'regood for a quick few minutes of fun when your on thego or at the doctors offic",1

"Ok, it is a really simple puzzle, one to help pass time and spark the vision a bit. This app does a great job of making it more of a challenge. Beautiful backgrounds that also set the puzzle at an angle so you don't feel quared off. The highlights on eac",1

I play this game often and always enjoy it. You can make it very easy or very challenging. I am

sort of an intermediate player,1

Puzzles are redundant and boring. My five-year-old enjoyed this more than I did. Needs work before I download again. Not recommended by me!,0

"This game looks great and plays great. I like how the words are grouped into themes and I love all the different background and selection designs. Also, nicely easy to select letters.",1

"Not sure why I has to buy 2 games to get all the content found in a single game on other platforms. That's said - this level pack contains the 3 beat and most difficult levels from the psp minis 'the impossible game'".The game itself is simple. Tap on t",1

"This game is so awesome, i just love it so much, i play all the time, and this level pack rocks so much, especially the third level envy, so fun and so hard, it rocks...",1

"fun, fun, fun, fun, fun, fun, fun..... my kid loves to play this game for hours and hours. oh boy.",1

This is an excellent strategy game. I think it may very well be the best I've ever played. If you want to be allies then qwtfo is my ally code,1

stupid peace of shit said i was 13 minus 1 and i was banned for it peace of shit i hate uken i hate this games as well i had an awesome clan now wut i was rich as carp and owned everyone join something else,0

"By far, Forces of War is a great app. It's addicting. You can interact with players from around the world in this war game.However, sometimes when you log on, it will show a different person's profile. To fix this, you can simply turn off your device com",1

I love this game the first week I had it I was like eh but I played it and its one of the best apps you can get for the devise that you have if you think its gonna be like COD then your wrong but still really great,1

this game is amazing and its way better than the damn furry ball that talks Ps don't get that game....anywase this game is good,1

"This app only exists to get you to make in game purchases. Somewhat useful if you are looking to increase knowledge of military equipment, but the battles just say if you won or not, there is no player involvement other than just deciding to fight and bu",0

Great game.excellent game play.good if you have strategic mind. SO WHAT I JUST SAID SIMPLIFIED : GET IT!!!! If you do get it feel free to add me code XAQKS,1

I know that this game is free but if this company expects people to invest time in playing it then it would be nice if it worked. I know of another game that is free too. Its called tic tac toe and you'd be better off and less frustrated playing that.,0

This is by far the best war game ever! I have played it nonstop just because I want to level up,1

"Can go on missions or bounty hunt. Create alliances, buy weapons, build bases to create income.

Nice game. Give it a try. My ally code is ezuna..add me.",1

This has quietly become one of my favorite apps. Awesome game of strategy. Build an elite squad of soilders over time. Train them and purchase weapons for battle. Earn money each time to fund your private army. Very cool game.,1

"Forces of war is a great game. You can add allies, battle online, and complete missions.My ally code is dznrt please add me.",1

"I love this game and I got it free. don't expect to get into the action and be a hero. you are a general trying to gain new weapons and gain your money quickly. you can be allies with other players, collect bounties, and complete missions.",1

I love this game! uken is very responding and has handled all the problems I have had with ease! It is so awesome! and its for free! the only problem is that it lags really bad on the fire. but still an awesome app! get it!!!!!!1,1

"It takes a bit of time to understand all the options, but once you do the game really opens up and is thoroughly enjoyable. Be sure to form alliances early on. This is a big help during the battles. Alliance codes are found in the forum (in the game) .",1

my code is nmaam. shdjddjdbfhdhbf dbf f f f f f fgf ff f f f f f f d d,1

alliance code jmla accepting any invites. good game good game good game good game good game good game good game good game,1

This game really changes your view on war. From clan wars to the simple mission this game is amazing. Befriend allies and battle your way to the top. This game has changed my life.,1

this game is awesome I love it it is not as bad as everyone says it is. it never reset my profile.,1

It doesn't work well for kindle... probably because kindle is not meant to play games or I do not how to make it work,0

hate it hate it hate it u don't do poop u don't see your base u don't see the fights pecae out,0

"I literally can't stop playing. The clans are the best part. Second best are the tournaments, need the income. Don't change anything!!!! My ally code is phplv.",1

this game is the most epic game ever except the internet thing. totally totally epic epic epic rpic epic epic,1

yes it does glitch alot and it may have a bug but u need to contact uken if u have any trouble at all and they can help and if u have cussed people can report you u can be reset and u can also be put down lvls if its not to bad.,1

It looked cool and when I saw all the good reviews and that it is free I instantly bought it and you should too. If you want me as an ally then my code is: OXFMN,1

Dumb dumb dumb I can fight at all this is **** I can't battle I hit attack and I said you losse you win stupid,0

When I got it I thought it was cool but when I did a mission it was just a click. Not good,0

This game is great you can do missions battle actual people in the world and best of all get a boat load of money if you work hard at it download this app and add me as your ally My code:VWZHU,1

"This is a great strategy game. Good for thinkers. No real action to see on the screen, purely RPG style. Game is done in real time so you can't beat it in 2 hours like some. If you like these types of games, this is one of the best.",1

I HATED this game. Worst war game right next to eagles nest. So if you want this I bet you \$5 that you'll HATE it too. I mean it. LISTEN TO ME. YOU WILL HATE IT.,0

"I wish it were not so addictive i find myself thinking about it at work. last thing i do before going to bed, first thing i do when i get up.",1

"I have to say that this game has turned out to be fantastic. Lots of play, lots of completion and multiple levels of action. Highly recommended.",1

this game sucks you don't do any thing but stratifies. it is just stupeid jxushxgsgvdhd djgdhs. dhhdjd dhhdhe dive dcdhd,0

"I love this game. I don't get why people hate it so much. You have to pick your strategy of survival in war, make income to avoid negative cash flow, and of course, level up.... And it's FREE! Best game for the kindlefire. And hint: I would prefer spend",1

At first the game is confusing but once you figure out what you're doing it's really fun and a great pass time. I love it.Its free. Get it!,1

"This game is a highly addicting click-based game. You click a button and a number goes up, but you have to think every move through or else you will be dead relatively quick. The strategy mixed with the social aspect in that you can play together with fr",1

okay im going to say this- i love strategy but this pathetic game in NOT STRATEGY there is no actual battle. Get colony attack u win by how powerful you are not a random coputer. theres no battle scene just get blitz braged its much better but thats a fps,0

this game is exactly like EVERY OTHER game Urken games has released Urken make something NEW!!! and this game is the glitchy game they have made plus it makes it really easy for other people to hack your account,0

it is very good. its a realalistic battle simulation game like deadliest warrior but not as good still awesome though,1

this game is awesome because u can upgrade missions battle other people and build weapons its fun as well get it right now,1

great game takes a little bit to get used to though ag first is complicated but if you learn how to do battles and things works great. however if your looking for a game you actually play this is not it.,1

"this game is the best game on my fire love it.code,inpnnI'm a lvl25 and I am incredibly sting for my Lvov and I'm a billionaire",1

"if you've played one, you've played them all. This isn't exactly a game ... it is more like a boring pointless waste of time. I'm a huge RPG fan and think that calling this game an RPG is ridiculouy inappropriate.",0

please look and other 1 star givers are stupid b b b b b b b b b b b b,1

"it's not a real strategy game. all you do is push buttons and there is no battle scene or anything that really tells you why you won or lost a battle. also, since there is an element of luck in each "battle," you could have far better weapons t",0

Great app. Works great on my kindle fire. no problems .love it.Great to be a free app. I would recommend this app. very fun,1

This game is great. I like the strategy side in it mixed with the war side. It gives you a sense of accomplishment when you win.,1

this is a great war game if you hate to see blood and guts. even if your fine with blood and guts its still a great game.,1

Usually I loose my interest on a game fast. with this game it didn't happen. It is so addicting. Every day I play it. If you don't get it than you are missing out.,1

"I got this game for me and my brother to try, but when we started we were so confused! Its way too complicated!!! PLUS..... you don't really even fight-we thought this would be like modern warfare, but its not even close! If you're looking for a fun ",0

I got this for my husband and he did not like it. so I took it off my kindle. sorry I got it.,0

this game is so addicting i have no problems with it.it runs fast.the only weird thing was that it was already on my kindle but other than that it is an amazing game.id say its manely for stratigists like myself its a great time waister the only problem ,1

I had my kindle reset for no reason re downloaded this then I was logged in as a new account!!!!!!!!!!!!,0

this is an awesome game I love it this. it is one of my fav games. I totally recommend this game it should get 10 stars that's how awesome this game is,1

epic game love it money well spent must buy.fort mercer chuparosa twin rocks slidell San Antonio Alabama fat game review,1

"I love this amazing game! You guys should get it! I won like 100 million for winning something on

here! uken, you rock!",1

"In this game you do NOT represent your country, you only bear it's flag. Cannot conquer anything. It is designed to make some quick bucks from impatient people and even if you are patient it has NO action. It only has pics not even sound! I have played m",0

"I was doing so well, just a few exp from level 50, and then all of a sudden whenever I open it started connect to someone else's level 5 account. I had \$8 billion in the bank, 6 underwater generators, a bunch of powerful weapons and vehicles, many of the",0

I love this game its all about maintaining your own millitary force and battling others around the world! add me!,1

best game I own would download 1000 times over AWESOME add me as an ally:ogylz

aaawwwweesssoommmeeee so flipping fun cool beans,1

"great war game. unlike other war games where you have to have crazy video game skills, this game all you need is a good mind for strategy.it is a semi-realistic simulator of being a war general because you don't really fight you just cammand different s",1

I got this app and thought you shoot people but you don't soooooo never ever get this app ever and Insane that so peace out,0

"I got this, then I tried it and it wouldn't do anything. Then I tried to delete it and it wouldn't delete.",0

"sorry this app does not work on kindle fire !! will not upload, wont do anything but what did I expect for free",0

I hate this stupid app its horrible listen to me and don't get it its sooooo bad don't get this rip off of an app,0

"Cannot get this to work its really frustrating. I can't even get past the "log in to your account". Always denies my password, even though I have reset it 4 times! I know I am not putting in the wrong password because I have all of them writte",0

"I had been avoiding using the cloud because I thought there was a monthly charge for it. But then, while searching for something else I found the cloud gives you 5 gigs of storage free. It only works for mp3s--that's what I have--and I can put music fr",1

Like this product give me storage for my music and more I just love the extra storage and would use again,1

"The interface is a little clunky and not all that pretty, and a big drawback is the lack of a search function. But the app does work, it does stream music nicely to my Kindle Fire. But here's what is significant about TunesAccess-- not only is the app ",1

"This is quite a good app. For those of us not so great with money, it's a godsend. Intuitive and nice looking interface + ease of use makes this an app worthy of getting. Worth more than the \$2 price tag. Get it, it's free today and very worth it if you ",1

I rarely use checks but I added all my gift cards to help track their balances and this seems really user friendly. It did not ask for any personal information just a nickname for the account and a starting balance. Simple app but if you still use a ch,1

"I have replaced my actual paper bank book with this app, it is SO much easier for me to keep track of my finances digitally. I spent a lot of time trying to find an app like this, now I can stop looking!",1

This app was exactly what I was looking for. It's really easy to use. It doesn't connect with any banks or accounts so there is no worries about losing money and it has password protection for added security. By utilizing this app there is no need for me ,1

"Works very well. Easy to set up. Easy to customize. Visually very appealing. Nice, LARGE text on my Kyros 7024. Runs flawlessly. Worth the money.",1

"This a easy to use, but very nice app. Just what i was looking for. Someone pointed out that it is not "sharing" product" for mor then one phone, but I put it on 2 tablets, and did a back up. Copied the backup file to my computer, the pasted ",1

the app is very simple to use. i dont keep carbon copy of chrcks so this is nice to write my notes of what the check was for instead of me having to download the scan copy from the bank before they go away.the password funtions well for me. i dont think ,1

"I could hardly believe this thing when it installed.It was blurry,it was upside down.I mean everything was upside down.Happy to get rid of it.",0

I purchased this app on the Android Market a long time ago. Worth every penny to me. Works a lot like a money program on your computer and makes keeping your account balanced a breeze.,1

A basic electronic checkbook for my Kindle to keep track of my spending. Easy to setup and use. And it's for free.,1

"wow this wants my account number? haaahaaahaha yeah ok let me give you my pin number, ss# and DL# while im at it since i don't need to keep it secret or anything. no i think i'll just stick to the check book in my glovebox since a lot of people arent ac",0

This app is a simple check book app. It works smoothly and supports multiple accounts. This is a great substitute for a paper check register.,1

I have the basic version. I keep track of four accounts on it. I am not carrying multiple check and savings books around anymore. The trick is to enter a purchase right after it is made or keep receipts in order and make daily entries. Great way to keep ,1

I have found this to be a very good tool. I have it on both my tablets and find that labor intensive but that's my fault. It keeps me up to date on balances at all times. I would get it

again. The only thing I wish it would do is sync information fro,1
 Great app. I was looking for something simple to use in place of my checkbook register and this is great. The only thing I wish they would have done is made it so you could delete some of their catagories. I'd like to just have the ones I need. Other the,1
 "I have been using the free version for nearly two years now (as I have not yet needed the features in the paid version), and it had served me wonderfully without fail. I tried a couple different registers before but none were as simple and easy to use as",1
 The single most useful application I have ever seen in my life! Use it every day and save paper from check ledgers!,1
 This is probably the easiest checkbook roster ever. I downloaded another and paid for it and it was so confusing I deleted it immediately. This was a free download for me and it was way better than paying for one. I carry my kindle everywhere with me and,1
 Never like register books because I forgot to use them. Now I save my receipts and log them into my phone which goes everywhere with me. Good deal.,1
 Way too much trouble to setup. A lot of the problem is the lack of using a real keyboard. I created and use a spreadsheet on my desktop and it's a lot easier and faster to use than an app on a tablet. If a tablet or other android device is all you hav,0
 "UPDATE ON WHY I DOWNGRADED TO ONE STAR:: The EXPORT CSV FILE feature creates a spreadsheet with the following format for the DATE COLUMN: ""Fri Sep 02 20:21:42 EDT 2011"". Can the developer change this to a NORMAL format that accounting programs recogni",0
 "I bought this from Market the first time I used it. The export and backup are great if you plan to use other software, which I do. Doesn't budget, and neither do I so it's perfect for me. Try it! Great easy way to keep track of Totals...",1
 "This is Great! I'm still using a paper Checkbook, but I use this to keep a backup, and so that I can check (When I'm out) what I have in the bank, because I don't carry my checkbook around with me. I Love this App! I Recommend it to Everyone! Works Grea",1
 App does exactly what it says... it is a manual register. Password protection works fine. No issues running on Droid 2 Global.,1
 Easy to use. One of the best apps ever. Give it a try you won't be disappointed. I use instead if check register.,1
 "I've been using this app for quite a while and couldn't be happier with it. Pretty much the same as a checkbook ledger but easier to keep track of, and it does the math for you so it's super reliable.",1
 If you have multiple bank accounts more then 2 I would recomend buying this app. It really is alot easier then carrying multiple bank ledgers. This app gives me one less thing I have to carry around.,1
 I don't know how some of these people came to the conclusions they did on some of these reviews. Most of the complaints are inaccurate (unless the app was updated and changed the features). You can add exact cents and new categories and you can edit entr,1
 "Nice, simple and effective program. Much better than the old hand-written ledgers as this one doesn't make math errors. Can track multiple accounts too. Recommended.",1
 This app does everything we wanted it to do.you can reconcile with the bank statement by during the hidden entry option when cleared.,1
 this app did not do what I thought it would be doing.. I decided to delete it from my tablet.,0
 "Good ledger, a digital version that replaces the paper version you have in most checkbooks. Works great if you use it right",1
 I purchased this app about 1 year ago for my DROIDX. It works great and I love it. I use a debit card and can quickly post my purchases. The free version only allows 2 accounts. Got the paid version so I could also keep up with my home based business. T,1
 "I have searched high & low for a ledger app, & even called Amazon to see if they could recommend something. They never mentioned this app. I came across it by accident, downloaded it, & am 100% satisfied with it.",1
 Just what I was looking for. It's a great app and very easy to use and understand. Works good for me and the things I use it for.,1
 For someone who likes to have half his money in cash for budgeting purposes this app is great. As I don't update my finances to the penny daily I can now more easily keep track of how the cash is spent and budget as needed when I do eventually sit down.,1
 I only opened it to test it. Looks simple enough to use. Password feature worked for me... Someone said it didn't. I don't write enough checks or track my transactions close enough to use this but if I did this application looks like something I would us,1
 "First of all, this DOES NOT link to your bank info! It is NOT AN ONLINE BANKING APP. It is an electronic register - period. It DOES NOT think for you - it only does MATH and remind you of auto-transactions! I've been using the Free version for over 6-mon",1
 "I use this app every day. Keeps multiple accounts, and lets you name them. Gives you an expense report based on the categories you have chosen. Allows you to be very organized with your spending, without giving out a bit of your personal banking informat",1
 "If there was anything I would want added to this app, it would be the ability to reconcile your account. Other than that I really like this one.",1
 "I felt the need to run this app since I saw an earlier review saying the password did not work.

271/683

not for phones no no no no no no no no no phone no gooood a b c d e,0

"Whenever I like a new song or want one of my favorite videos from youtube on my Kindle Fire, I can just easily download it straight from this app. It only takes about a few seconds and its so EASY. You must be crazy not to have this app :)",1

this app is youtube right? well it only gives you 40 videos that you wouldn't even want to watch. if you like wasting your time then go ahead and buy this useless app,0

"The only app I've ever downloaded that was flagged malicious. Immediately uninstalled. Even if it's not, it's an issue with the app that's causing it to be flagged.",0

"FREEdi YouTube Downloader is great.I used it to just listen to music at school,but it works everywhere.Its downloading is quick and the music works great.Get this app!!!",1

use this app to download mp3 and mp4 files straight to your kindlefire. it works amazingly. don't listen to the stupid people who give it a bad rating because they don't know how to use this app. search for music using the magnifying glass on the bottom ,1

At first I didn't think it would have the music and it wouldn't let me download but this app has proved me wrong. I really enjoy this app.,1

awesome awesome awesome awesome awesome! I love utube it is awesome and screw everyone who dislikes this app. awesome awesome awesome!,1

"I never really know if these MP3 download apps are legal or not, but I guess it must be. Haven't done a lot of searching but found the songs I wanted. Had no problem downloading song and playing it back on my tablet.",1

I was downloading stuff and then it stiled working. the pro is to much money. Downloaders beware!!!! the last thing you want is to only downlode15 videos.,0

One can pick anything they want on You Tube an it is great. I listen to whomever - even religious stuff they allow on here.,1

This app has a virus on it so it won't let me download any songs video or music I'm mad because it's the only app that did work and now it sucks,0

this app is good at first but then when you try just to watch normal youtube it redirects you to the app and tries to force you to download the video on their app. also it stores the videos not on the app but in your pictures. another thing it also frequ,0

"This is actually a really good application if you have great wifi. All you need is patience! Give it some time, and you'll really love it! Get this app if you like viral videos! I love it and you will too!",1

this works perfectly on the kindle fire and makes it so easy to download youtube videos in either video or mp3 music only format,1

"Was working fine now can't download nothing no videos no mp3's. Please fix as soon as possible, was my favorite app.",0

I already downloaded a couple if songs to mp3 and it was simple! The realplayer of android apps except its only for youtube. Try using Astro file manager to search for the folder and find the videos and songs you downloaded and converted. Very much worth,1

"Search and you'll find....however it fails to actually play a video. And if a video somehow manages to play, it suddenly stops and the app just dies. Uninstalled after multiple letdowns.",0

This app is great. Download videos and I can show them to my friends without having to find them again. I love it. I have put it on every Droid I have owned.,1

I really Love the free You Tube downloader. I easily find older music that I liked when I was younger and can enjoy it again via You Tube.,1

"This app is by far the best. Its very simple to use on my device.MicroMacro Mobile Inc. is probably a non-popular company, but it does make a great and simple to use app, with very high video quality.Recommend this app highly, good for all ages.",1

"This app is awesome but you have to press = button to check downloads,DO EVERYTHIG ELSE PURCHASE THIS APP NOW!!!!!!",1

I like this because it downloaded all my favorite vocaloid songs and hetalia videos so "GET IT NOW OR YOU'LL DIE",1

"I guess there are some people who don't know how to us the app but it is very self explanitory, to search for videos hit you're menu button, to download keep you're finger on the video then a menu will pop up, it works wonders",1

it caused a virus on my kindle fire for days I couldn't open my apps or app store it finally opened bac up and I got virus protection and antivirus scan,0

I downloaded it on my kindle fire.... it doesn't play any videos. Very disappointed and I deleted it off my kindle.,0

it keeps force closing on my kindle fire it doesn't always play the vids and everytime ive opened it it closes,0

"We all love having Youtube at the palm of our hands. Lots to check out and search for, haven't had any issues.",1

This is by far my favorite app on my kindle fire (even better than all my games!) because I can watch all my favorite videos from Youtube even when I don't have Wi-Fi!! Brilliant! I was especially happy I got the app when a channel I liked got deleted f,1

"This little youtube downloader works great with kindle fire. I can use the search function and type in any video makers name and view their videos. I tried it with my own youtube account, simply typing in my name I use to make videos. Instantly I foun",1

The rating system needs to include more stars for this product. I would rate it a 10+. It's easy to use. The App is fast and easy. The downloads were really fast.,1

because i don't like spending money on music i can just download it for free.i get great sound quality and can play on my apps while i listen to what i want btw better than pandora,1

This is the easy access to you tube. Every other day or two I check you tube to see if there is anything interesting. Having this app makes it convenient for me.,1

"It is my favotite for when im in the car or something and have no internet connection, because you can download music and videos FREE! On my kindle fire, you hold down on the video of your choice, download as mp3, and you get the adio and it goes straigh",1

I love this app. I use it to download music and it works amazingly. it downloads the songs extremely quickly.,1

I love this app so much because I can watch videos without wick once I download them and the app works perfect!,1

"Until now,all the good songs in the Kindle Fire music store are paid.Now I can download my favorote songs as.MP3!I'm listening to one of those right now--The One That Got Away.And they're free!I can also download my favorote Cimorelli songs as MP3 so I c",1

This app is just a mess an doesnt work all the time. I recamend the Droid Youtube Downloader (the title of the app),0

"Wtf is going on with this? I cant download anything anymore! When I try to "download as MP3" It says "Searching" and then a half second later it stops! I even deleted a song I had already downloaded from this app, and tried to re-dowl",0

this app was good and I liked it but then it stoped working and would then add in my gallery dumb pictures and adds. when I first got it it didn't do that. so don't download,0

"Download all of any youtube videos! I can get music videos, funny clips, or even educational tutorials! This is great for all ages allowed on the site, because this is all of the website.",1

Get this! I got this and there's no viruses. I just easily download a video and it goes on my camera! Amazing,1

OMG this app totally sucks. You have to click and dL and view and then it freezes. Why even bother offering an app that has so many glitches.,0

I FEEL THAT THIS APP IS VERY GOOD!!! IT LETS U DOWNLOAD MANY MANY VIDEOS!!! U CAN SEARCH VERY MANY DIFFERENT VIDEOS!! THE ONLY COMPLANT IS THAT SOMETIMES WHEN I GO TO SEARCH IT SAYS "NOT RESPONDING FORCE CLOSE" THEN U GET OUT OF IT AND GET BACK,1

this is a great app. its a good way to get music and videos. I will use this app till my kindle dies,1

I love having my favorite YouTube videos at my disposal and its very convenient in downloading my favorite songs. Word.,1

I luv this app soooo much!!! u can get videos and music for free!!! idk what is wrong with ppl who dislike it!!!! those ppl r stupid!,1

"This is a great little app for the Android Velocity Cruz T301 Tablet, because you can watch the videos online, or download them to the SD card and watch them later. :)",1

"I'm sorry but if you can't figure out how to use this app then you should not own a smart phone.when you load the app it generates videos that are popular. they may be songs, commercials, game clips....if you want to search for a song or video, click on ",1

"Love this app! on my kindle fire I download all my favorite YouTube videos, and they are saved to my gallery. you can watch them wherever, wifi or not. I absolutely love this app, I'm into a bunch of youtubers. ^_^ Thanks for making it!",1

DON'T BUY THIS IS A VIRUS I BEG U NEVER EVER BUY THIS APP EVER NEVER EVER OK PEOPLE IF U DPNT BELEIVE ME THEN LET IT RUN ON A VIRUS OK,0

"this app is horrible! doesnt work messed up my kindle fire, always makes it shut down. DONT DOWNLOAD!!!!!!! waste of your time",0

"I would like this app, but there is one problem.This app does not tell you how to download the videos!!!!!!Other than that, it also acts like a virus.",0

this is great on my kindle fire greatest app ever!!!! I don't see what the big fuss was at all this is working wonders,1

"Before I had this app, I was stuck using tubemate which isn't able to download videos anymore. I was furious when I heard this. When I discovered this app, I thought it would be a waste of space by the looks of the reviews, but I tried it anyway. It turn",1

"This is my fab app, no doubt. It works perfectly on my Kindle Fire. I have been downloading videos constantly since I installed it. I am a quilter, and there are so many amazing tutorials on youtube. But on a crowded sewing table there isn't always room ",1

I love this app. There is one flaw however. It doesn't show VEVO videos. Other than that this is a great app.,1

keeps force closing and keeps having errors. Don't get for kindle fire. It is great until you keep playing it.,0

this app lets you download songs and videos if you don't get this app your so stupid and if you don't get this app you'll be sorry,1

"It shows about a dozen garbage videos to choose from, none of which I had any interest in whatsoever. There is no way to search for anything, nothing like on a computer. What you see is what you get and that is all, a lousy dozen pieces of foolish infant",0

its a virus I have a anti virus app and ir reported that this app was malicious I recommend not getting this,0

"My Kindle Fire HD identified You Tube Down loader as malicious and advised me to uninstall it. So, I did. Avoid at all costs.",0

"I tried about 5 other apps like this, and they were all very cumbersome. This app is exactly what I was looking for! The videos are easy to download, easy to find after they are downloaded, and the interface is extremely intuitive. I love this!! I am usi",1

Is it the app or is it youtube? I don't know. What I do know is I'm tired of. the inconsistency . All I'm looking for is a way to reliably view and download youtube videos. This ain't it.,0

was good until the last update now i cant download a single thing it sucks they need to fix it and soon.,0

"Ever since the latest update, this app will not let me listen to any of the songs that I had on it. It used to work fine and it was truly an amazing app... until suddenly it stopped working when it got a new update. Now whenever I try to play a song I h",0

like watching funny flicks. help to take the stress away from some miserable days. Always good to have a laugh.,1

save your self the troubleyou cant pick what you want to watch only the most popular or recent don't get,0

This is one of the best apps! It gives you free music and YouTube! Who wouldn't buy it? I love it!,1

this game is the suckys game I have ever played!!! who the hell made this damn game? you suck bigtime!!!!,0

This is one of the best apps I've downloaded. It's extremely easy to use. It gives you the choice of watching or downloading a video and the choice of different resolutions. It's opened a whole new can of worms ... even more time spent on my kindle fi,1

"No nothing other than a choice between video or mp3, then 1 million.Ute of downloading, then nothing for 5 minutes. Not worth the free price should have been paid for my time.",0

it worked great until recently. now like others have said it won't download bringing up an error notice about speed whig is bogus I can tootle outbreak and play anything I want.this has been reported yet nothing being disappointed in amazon for not corr,0

Doesn't do what it says. Does absolutely nothing but waste your time. Crap. Crap. Crap. Crap. Crap. Uninstalled. -Droid Bionic,0

this is not needed for my kindle fire and i wasted my time and anything and everything else that i spent to get this.,0

"ok the great things is everything, except wen the downside comes into play...everything stops loading...EVERYTHING.. and to get it working again i have to reinstall the app",1

"I have a app, and when you buy apps, it tells you if they are clean. When its not clean, it tells you what it could do to your device. Turns out it could shut down your device forever. Don't buy!",0

Taking youtube everywhere with my kindle is great. Love storing my favorite videos right on my kindle! I would tell my friends about it.,1

Love this app! Now able to watch utube videos on my kindle. Also very easy to download them to the kindle for later viewing. Has a handy search feature to find any video. Have had it for several weeks and no issues so far.,1

Great app if you want to watch or download videos to your phone or tablet. Great for downloading videos ahead of time and watching them later or when no internet is available. Fast and easy to use. Definitely worth having if you are a big fan of You T,1

This did not download or install at all on my cruz tablet..I used to have youtube already on it but it disappeared so I tried to load this and it didn't work at all,0

the program does exactly what it says. easy to learn and start using. has some limits and doesn't work on every video but so far it has worked just fine.,1

"okay this is what it says...error while retrieving your app please try again. I'm sick of it. (I usually don't make bad reviews. if I make a bad review, there is a reason.)",0

It has been so nice to be able to quickly view multiple You Tube videos on my Kindle Fire. Being able to see the You Tube offerings on my Kindle Fire and brought a new impressions of how You Tube has changed our expectations and lives.,1

"This is the worse YouTube app every made, you can't sign into your profile and it's badly made and hard to figure out. It looks like the didn't even try to develop this app. It honestly doesn't deserve a star.",0

"I loved this app, it was pretty much the most commonly used app on my Kindle Fire, but for some reason I can't find it anymore so.. I'm disappointed in that.",1

I really enjoy this app at home. I can download any video from youtube I want. I have like 35 music videos and 19 episodes of Fullmetal Alchemist.,1

ads this ads that i've never seen an ad from this app when its not running its a good app but sometimes it looks like it will play a video and it goes back to the page I was at,1

"Wow, I just realized I never changed my review back to five stars. My bad. This app is awesome. It does everything it says it does. I haven't tried any other apps of this sort, because I like this one so much.",1

this program was. running relatively well but now aneroid antibirus is reporting it as malware.

This needs to be checked out. It may explain some random restarts I've been getting lately.,0
 I was looking at some of the other youtube downloading apps on Amazon and several of them started having the same failed download problem as FREEdi within the last day or so. I really have loved the ability to download videos to watch on my TV (I stream ,0
 This ap is one of my favorites. You can download YouTube music to your tablet for free....how cool is that!???,1
 "Many people said a "virus" made it suck but I love it. There is no virus, at least for me. I use this app when I need to watch youtube vids. One day my kindle stopped allowing me to watch videos on it so I started to watch them on this app. I c",1
 "Love this app, so much easier than the official website. Use it all the time. You tube is awesome. Even on my t.v.",1
 Free way to take youtube on the goDownload anything on youtube and you can download as mp3 to listen to music while out of app,1
 This one works. Tried the other free one. It didn't work. This one worked just fine. I'm satisfied. Try it!,1
 "I absolutely love you tube, I look for all kinds of videos on there. Usually some funny ones, I'm usually laughing insanely.",1
 "I just downloaded this app and I LOVE it. This is honestly the best app ever! I've always wanted a way to watch my favorite anime on the go, but with this, I can have any video on YouTube that I want in about 45 seconds. I only have 2 more words about th",1
 YouTube offers so much to so many. It is definitely a worthwhile site to visit as often as you like.,1
 It took a while for me to figure out how to use it but now that I know I love it. Nice clear picture and good sound.,1
 It would be a cool app if it would WORK! I have tried to download a video 100 times already but it wont work. DONT get it. It may be free but it aint worth the price. SO DI NOT GET IT!,0
 "Instead of downloading videos through your laptop, why not use this app. Great download speeds. I use it all the time. Instead of watching them load on your browser or stream it with youtube, why not do a one-time download instead?? You can replay it aga",1
 I wanted to watch Ain't nobody got time for that but I couldn't search for it or anything.I don't care that it's free.I honestly hate it.Listen to the other guy and don't bother even downloading it. Never mind the one that cost money.,0
 "I love it, but you have to have patience. Because when you go to search it, it will close. Just reenter, and it will be fine",1
 How do I view my videos when there downloaded. If I can figure this out. I would be happy to rate this app.,0
 worst apps that I have download. Good think that I removed it from my kindle.I was not happy with this product,0
 Save yourself the trouble this crappy app does not work at all. I tried to download a movie and it wouldn't work and then when I tried to download a small clip it didn't work. It sucks really.,0

 "easy to use, fast, HQ, and works with kindle fire! love it! keep apps like these coming please please please!",1
 this app is great! I really enjoy it. I mean like you can download videos and songs and stuff off of this app for free! its better than wasting your money buying music and videos off of your kindle app store...,1
 YouTube is very helpful and I'm glad that I have this app. I always come back and use this tool,1
 "i have a kindle fire and ths app is amazing, nvr been so happy b4. thank u God 4 it",1
 "A fast and easy way to save your favorite Youtube videos for on the go use and entertainment, it is a must have app for youtube users who like to always be ready to share the latest music video with friends, or even that new viral video that just started",1
 "I thought this app would be good for roadtrips that you have no wifi on and you could save your videos to your kindle fire. well you can't. and that's why I give it 1 star. its good for something if you don't have an Internet option, but most of us do. ",0
 What can I say - this does what it is supposed to do - no problems with it. I would recommend it for people who use You Tube on their Kindle - it makes it easier to view videos.,1
 "Another garbage app not worth your time.You want youtube, go to youtube.Oh, snap! Forgot, you can't "do" youtube.....flash drive no workie on Kindle.",0
 "I thought I would like this program. But after doing a virus scan on my phone, this is the only program that came up as MALIOUS..... Use caution when downloading..... Send email to Amazon asking if they scan or review apps before posting for us to dow",0
 don't get this app I recommend music download and/or video downloader if u want this type of app 4 videos.PS- I have both...they're amazing,0
 I love going on and downloading music and it can go right to your device or cloud and then I don't have tto buy my music love it use it everyday !!!,1
 Works wonderfully! One of the best things one could have. kindle fire + this app = awesome. I definitely recommend this app,1
 Giving this only one star because I am not a You Tube fan. To many times they contain viruses

which I have had my fair share of problems with. It is not worth putting You Tube on a good computer.,0

one of the best apps I have ..if you have a tablet this app is a must have I highly recommend this,1

it lets me download videos and mp3 songs from youtube. you can search for it on youtube or search for whatever you want on the app.,1

I've been using this app for a while with no problems at all. I download whole videos or rip them as mp3's to turn into ringtones. I love this app and it keeps me from buying ringtones. Sometimes i use it in place of the YouTube app to view videos as wel,1

"this app does exactly what it says, have never had a force close. 5 stars. from sidekick 4g with android 2.2",1

You can use this to view videos and download them as videos or as music. I love It and there is no better app of its kind. Get this app. You wont regret it.,1

"This is the perfect App for watching how to do things. Two years ago I began teaching myself to draw. When I found the YouTube app, I began to watch all types of artists who are the best in the world teach me how better to draw. I quickly graduated fr",1

I like the app but this isn't right it is illegal to download music off youtube. that's why I give it only 1 star.,0

"I can find my favority "how to" video's on You Tube and download them on my Kindle so I can view them at my leasure, how cool is that?",1

I wish I would have been had an app like this. let's you search and download any video or mp3 off YouTube.,1

"it works great all you have to do is go to youtube, type in what you want, tap di youtube downloaded, and your song will be ready in around 2 minutes!",1

"This ap began okay but then just stopped working. The Pro version isn't any better. Many videos stop downloading at around 92 or so percent, which is aggravating. Now, for some reason, I no longer even have the option of downloading!This ap used to work.",0

"this the best music/downloading spoon the market, heck I wish I could get this on my computer so I could download music or videos on my computer "",1

I love YouTube and use it a lot. I use it to learn how to do knitting stitches I don't know and watch funny animal videos and on You Tube you can find anything you want to look at or learn.,1

It works amazing on my kindle!! i haven't bought a single song!! I just download the song as an mp3 and that's where I get all my music!,1

I love it. I should've downloaded this earlier l. I can listen to songs and download them without having to pay. This time I can download a song on my mp3 for free instead of paying on the music shop.,1

this is the best app ever!!! I Dp not know why people are saying it is a virusamazon would not let you download it,1

"I hate this app it's a waste of your time! Don't get it, because it can and probably will give you a virus.",0

I am so greatful to see this working again! It's so easy to use and has less happening in the background than youtube so you can hit your menu button to search whatever then long hold on top of what you chose and a box pops up. Also you can save anythi,1

"It is a little slow but I love it - I download weaving tutorials, and it is nice to be able to stop and start when I need to. I would have no hesitation in telling anyone to get it.",1

"what people are saying is true. It used to be a fantastic app but for some reason after the update, the screen keeps cutting the scenes and exits by it self. Please fix!",0

"You get to preview your song,movie,or little clips on it if you would like to.But instead plugging it on a computer you have app instead.",1

"Works great, no problems with usage. You want to get entertained, learn something new, get grossed out,fill your quota on everything cute, this is a one stop place for that. I learned to braid my hair, lance a boil,make a gusseted pillow, and many other ",1

I thought it was great and easy to use on the kindle fire it is easy and I can download anything I want'!!!!,1

Did not like this. I immediately deleated it and dowloaded the Droid Youtube Downloader. This did not suit my needs.,0

"It's kinda funny but if you look at all these 5 star positive reviews to this program, all the reviews sound identical and they're all written the same. the damn developer is reviewing his own application! this is pathetic. just download tubemate.",0

"Love it very much, very functional and user-friendly and is free. Can download songs in mp3 or in video, Thank you so much.",1

"I Love This App. It Has Great Features An You Can Even Download Free Music. Great To Use, Great On The Go, And Just Another Great Application.",1

it is great but it still needs updates or else it wont download thingsFREEdi YouTube Downloaderlovely blah blah blah blah blah,1

Long story short its got a virus. it messed up my kindle fire so I have reset the whole thing.,0

This app really works well with tablets There is no pausing like there can be with most wireless objects. Truely great!,1

I dont know about you guys but I didnt have an updateAlthough I cant watch movies and certain

videos,1

"For all tablets that aren't supported by Google Play and as such can't download google apps such as YouTube, this is a great app. If you know what you want to see you just type it in, and can watch it, download it, or download and convert in an MP3. It's",1

Viewed the product once and did not like it. Was not what I expected. Not sure what I hoped for in this product.,0

This was not what I thought it to be. Just regular you tube does me fine. Did not like the way it opened.,0

"This app is too awesome to be free and legal! Wow, free songs and videos when ever i want without wifi!Get this!",1

"Don't know if there was an update or if I was trying to download a video that just couldn't be formatted to MP3, but the app works great now.",1

I like totally. liv this is app it lets me get music without spending a arm and a leg. I totally recommaned this app,1

on my kindle fire it recently stopped even search for songs on meaning I cant ofcourse download any >:(please fix???,0

"I have nothing at all bad to say about this app. It does exactly what it says it does, and it does it with a minimal amount of fuss. Highly recommended, if you're needing to download YouTube videos.",1

its so awesome you can take on the go and watch them fastter when downloaded. this why its so awesome.,1

I love this app. it works great on my kindle fire. it saves me a lot of money because youtube has a ton of songs so I can just download them for free instead of paying a dollar per song.,1

this is great so I can down load music on to my kindle fire and listen any time I want,1

I enjoy watching videos on this so with family and friends. We gather round the Kindle and laugh.

I also use to view political clips.,1

"Don't waste your time, don't waste the space on your appliance. No wonder it is free. Really thankful I didn't pay anything for it.",0

I have a kindle fire and it works great! I love this app and highly recommend that you get it!,1

"I had wanted to download some Hunger Games parodies by alicecullengirl (Alice Christine) I love them, and she made album only available on itunes. (I have a Kindle Fire) I wanted them on my music library, instead of having to surf the 'tube. I had tho",1

only one simple flaw... IT FORCE CLOSES TOO MUCH! but aside from... did I mention updating deletes all your data on the app? aside from that this app is perfect.,1

Raising grandchildren rarely gives me the opportunity to watch much more than cartoons on television and I frequently need escape. This is great for me as it provides me with everything from laughs to inspiration for science and backyard projects. It i,1

It's great it's not a scam it says what it is and you probably don't know it but you can search I like to watch rooster teeth lucky 7dx Ventarian Tale sky does minecraft it's great so get it :) p.s best youtube app ever!,1

"Hello today, now this is a very fun app to have I can download my videos, and my songs so easy it's just a great app to have! the Divinefairy",1

This app functions very well on my Flytouch 3 Android 2.2 tablet. If you find a video you want to share with friends this will do the job.,1

Works like a charm. No issues with HTC Thunderbolt. Glad to find this in the Amazon app store. Love it!,1

Having the YouTube app on my kindle fire hd is convent and useful. You Tube is my "go to" when I need a video on how to do something from cooking to gardening.,1

The app does exactly what it says. The interface is intuitive and it was able to download the videos I wanted in multiple format options including audio only.,1

Got this to download some content for my mother in law that she wanted to watch all of the time. Worked well for agree product.,1

don't get it all my music say playback error and it sucks a lot and when you download a song for the first time the album cover for that song is the album cover for every song,0

I was looking for a convient way to downloas songs and free music so I came across this app and decided to try it and it worked for about a month with a ton of crashes and now your rip off app says when I try to play a video something like cannot play fi,0

"Have you ever wanted to throw your phone across the room because a youtube video wouldn't load? Well, look no further. This app lets you download youtube videos and keep them on your phone or Kindle to play when you are not in a Wifi zone or using 3G/4",1

for a while this was great but then all the sudden the videos started gliching and freezing and skipping... which makes it terrible. so now i cant watch the videos i want to on my kindle,0

great app for kindle fire. easy to watch and download mp3 and videos. best video downloader for kindle fire highly recommended,1

amazing awesome beautiful cool beast sick unbeatable. iv got pa song on my mind here it is we are the champions and we'll keep on fighting till the end,1

I can't play any of the videos because it says they can not be play outside of youtube's official app.,0

not at all what i hoped for at all.it not the best and it has a lot of linmts.meow:(,0

something.,1

Does nothing but crash and other programs won't work without it so I downloaded for that reason only. I have uninstalled and tried reinstall but it still crashes.,0

"This is an easy and essential way to get you tube content to you tablet the easy way. It works fine, I'm not sure if you tube would work at all if you didn't have this little app.",1

"Product did not function as indicated in the description. I was unable to download any videos from the internet. Unless there is some secret to making it work, it was beyond my ability to get it to do what I wanted it to do.",0

Won't download!!!! WTF?! Seriously? Worked great when I first got it but now it sucks and won't download ANYTHING! Soooooo angry! Had a blast when I first had it but it is a total waste of time and effort. Complete and utter bullsh!t.,0

This is a great app for kindle fire. I have only downloaded music and have no other plans for any videos. Thhis is a perfdct way to get free music. ALSO IF YOU WANT TO DOWNLOAD MUSIC DOWNLOAD MUSIC AS AN MP3 THE VIDEOS HAVE BETTER SOUND QUALIYY THAN THE ,1

I saw this app and decided to try it out and IT WAS SO UNEXPLAINIBLY AWESOME AND SAVED ME AT LEAST \$20. THIS APP IS A MUST HAVE FOR ALL MUSIC LOVERS (I like minecraft music :)) SO PLEASE GET I PROMISE U WILL LLLLOOVVEE IT I know I do :).,1

So far I have downloaded 80 songs using this app. Paying for all the songs I want to listen to was just too expensive. This app is easy to use and makes it easy to download other songs. I tried other downloading apps but they don't download it TO your d,1

I still have this app but from a diff source as I no longer us Amazon Appstore but if you want to get it from Amazon I do LOVE it,1

this app does everything it says. I listen to all my music off you tube so this app is amazing!,1

Seriously the best app I have! I use it all the time! Fast and easy. This is the app for you. ;),1

You can watch your favorite youtube video anywhere! In your car just download the episode then go to your gallery and watch,1

It is a virus I detected it on my own no youtube vidios would load my apps were very slow when it came to loading the apps.Then I got an anti-virus detector it told me thus app was a virus so I uninstalled it. I never installed the app again.,0

every time I try to look on the app it said errorr.the graphes are horrible.I mean serusiuly what the mess,0

"-This is the daughter of Justin, BTWAnytime I try to download a video, it says 'File Size not Available Yet'. I even cleared the app of all my music *HUUGE MISTAKE* tried redownloading videos I used to have, but they pull up the same error. What confuses",0

I loveeee this app! You can download songs as mp3 files and take your favorite videos and download them! It very great for long car rides. Download this app! Sooooo glad it was free! I downloaded Tv episodes and music and watch them on car rides. Very go,1

Works... But I just downloaded it for my kids to watch videos on it. But when I saw the videos on it. This is not a youtube this is an I want you to see my body boys app. Or girls look at all the stupid stuff I can do. Either way DO NOT DOWNLOAD! I forgo,0

Very disappointed. I was unable to navigate through this app and I was unable to find what I wanted to watch.,0

I don't know what all these negative reports come from but I download all the full length movies and shows with ease. Occasionally it closes down but it's because I have a ton of apps open at the same time. Get it and stop complaining...it's Free!,1

ok so when I first got it it worked great but now it wont download anything its terrible if you don't listen idk,0

I loved this app but I updated my kindle fire and now I can't download videos anymore. what the heck happened?,0

"This app was a great app when I first got it, and I couldn't believe that it was free! Then, after using it almost daily, one day it stopped working properly. If I tried to play or download videos, it would bring up a message claiming a connection proble",1

"thought this would be killer for my kids - download vids to keep calm when I'm without wifi or 3g, but it didn't work at all...optimus s",0

This app is so versatile. I download all my favorite songs through this using the "audio only" option and it automatically puts it all into my music on my KindleFire without me having to mess with Amazon Cloud Player or buy the songs either. I ,1

everyone get this app u can watch anything on here btw every one plz watch computerner101 if u get youtube,1

this app takes longer the an hour to load. You cant get download a video. I tried to download a video and It. wouldn't download . I tried to download it a few days later it still didnt download.!!!!!!!!!!!!! ITS A FAIL!!!!!!!!!!!!,0

"This app was OK when I first got it but then after I watched a video, it forced closed by itself. I tried uninstalling it from my kindle, but it still did the same thing! I would advise kindle fire owners not to get this.",0

"This downloader didn't have the greatest reviews, but I haven't had any problems with it and I use it all the time to view videos and search for new musicians.",1

good good goodnight good ggood good good good zbb e d d d d ddudhhd bbshwj jwkchf hsh Hendrick hdbf sjhs,1

This app is great. And its my favorite. Its fast and easy to download videos and mp3 onto your Kindle Fire. The best part is that once you have downloaded your songs/videos you can watch them without wifi. So you can bring it to school and watch videos a,1

This is by far my favorite utility app! I love that I can either have music or videos on my kindle fire instantly. I can open them up no problem and with no hassle. I love it very much. Get it! You will like it too(:,1

This app was a waste of my time and energy to download then uninstall on my Kindle. No clue what it was for.,0

you tube is so so so cool I can use it in so many different ways like school videos and videos just fun game time videos cool so so so so so so cool,1

"Specially for those trips you know you might get without WiFi Internet connection for a long period of time on your kindle, you just browse anything you want on youtube and download it to watch on those occasions. I love it.",1

this app is.horrible and you cant.search for the video or music u want. -. not worth it so don't waste your time withthe app,0

"My family travels a lot so when I bought the kindlefire in November, I was disappointed there was no free Tv shows or movies without wifi so I'm really happy now and it is AMAZING!! works well on kindlefire, besides if u don't like it u can just delete i",1

Excellent APP. Just like my desktop. No issues. Fast downloading my favorite You Tube videos. Highly recommend to all sceptics....Thanks Amazon !!!!,1

"I loooooove this app. It allows you to download music into your internal storage, so you don't have to buy it in the app store. As for slowing my kindle fire down, I haven't really noticed anything. Get this app! You'll be satisfied, I PROMISE!! Its a fre",1

The app is great. You don't even need the Internet.....you can just see the video or download it. If you see it the one you downloaded then it has no BUFFINING one it. I reccmend this app to anyone. Enjoy your app. :),1

This app sucks don't get it the first day I got it it frozeup it sucks they should pay us to get it and it still wouldn't be worth it just don't get it.,0

"It limited him to certain featured videos and did not let him search for the ones he wanted. The browser on his Kindle Fire HD was acting up, so he thought this would be a nice add like the youtube button on his ipod touch.",0

I do not like this youtube app. so if I do not like it you shod to.this is not a good app a bit!,0

"This app is just awsome. Ignore all the negative comments, the app might have been bad last year but now its great, works fine",1

This app performs perfectly on my Kindle Fire. The "threat" detected by my anti-virus seems to be due to the permissions the app is using and nothing malicious in nature.It's likely just a result of a heuristic analysis done by the anti-virus ,1

its a useful app I recommend it to anyone I dont have to pay to download any type of song its so GOOD.....:-),1

"This app is great but when I play a video, right in the middle of one it keeps saying SORRY, THIS VIDEO CANNOT BE PLAYED",0

I love that it's updated with right things it's something I would recommend to everyone it's just amazing.....Good...better ...best...never let this rest,1

"THE NEW VERSION IS AVAILABLE NOW, ITS THE 2.2.9... I RECOMMEND DELETING THE OLD VERSION BEFORE DOWNLOADING THE NEW I have nothing else to say so I'm just filling in",1

"This app is terrible, why is this 4 stars?! It runs like a virus and it only have like 15 videos on here and you don't even get to pick them out... don't get this app it's terrible. THE END",0

i can get songs from you tube that i couldnt get at the store and some that is possible from the store for free ty for this app.,1

Awesome. We download some Peep and the Big Wide World and then hit the road. Saves me money instead of having to purchase content.,1

I love love this app it is great on my kindle fire when ever I go out and no Internet I can listen to music this is the number one music app ever!!!,1

This app is the best app on my kindle fire because when your on the go you need some entertaining stuff,1

My kids are always on You Tube. We travel 180 miles round trip on weekends and it keeps them occupied. I am constantly inform by social media about something to watch for on YouTube.,1

This app works exactly as advertised. I downloaded a 5min video over 3g and it played offline just fine using mVideo player. Using DX with rooted OTA Gingerbread.,1

I was pleasently surprised with this app. with the new update you can see thumbnails but don't press the search button or it crashes the app.,1

At first I was skeptical about his app. But after seeing someone use I downloaded it. I works tremendous and I get to listen to all my favorite songs for free!!!!!!!!!!!! there is no doubt in my mind that anyone who like to listen to music will want this a,1

This is way beyyer than having to actually have to buy music when you could just get this. i recomend this for everyone who wants to have music...,1

I like this app for searching on you tube. It's useful and can be addicting when you search videos available.,1

"This app is freakin' amazing!!! Download any youtube video to mp4 format or any music video on

youtube to mp3. I used this to download db's episodes 192-267 and all of them worked fine. Then I transferred those files to a flash drive, and then put them o",1

I freaking love it. There are some songs on you tube that I can't seem to find to download so I love the fact that I can convert them mp3 and listen to them in my library without Internet connection on my kindle fire :D,1

just downloaded new version. nothing works. get message saying connection quality is bad. I run on kindle fire. it worked perfectly on the last version!,0

Do not get this app it runs like a virus and it also crashed my kindle I had to restart it twice and the last update caused all of this because all of my Anit-virus protection programs detected it as MALWARE so trust me do not get this app,0

"okay, so I have had this app for more than 6 or 7 months on my Kindle Fire.... and well now, it doesn't want to download anything!! I have tried deleting some songs to see if it was because I have too many and I have even uninstalled it! but now it still",0

"I got some nice tunes using this. I don't really use it a lot, but it still works for me.",1

At first it was an okay app just donot update it and now does not work for my kindal fire:(,0

tried to download songs but after 2 months it stopped?? dont get!!!!!! i suggest myxer or another type or method!!!!,0

Great app. Great way to get free music and fun bids. Don't stop and think before you download. Hit install now!,1

"idk about everybody else's kindle fires, but both mine and my sister's are not allowing us to view or download videos.whenever we try to view/download a video it says to check the connection, yet I am able to surf the net and even watch vids at youtube i",0

I got the aneroid app scanner and it said it was bad probably illegal so don't get it but get the aneroid app scanner,0

"This app is amazing. You can get any song for free! Just search for the music video on the app. Download the file as a mp3, or audio, and it will download and save the song in your music file. It is amazing. I downloaded so many songs on this along with ",1

I love this app you can download your favorite videos on your device! I have had the best time with this app. hope you enjoy it to.,1

"I love this. I don't have Wi-Fi at home. I use my phone as a hotspot, therefore, I have a limited about of data to spare. It's nice to load up a couple of my son's favorite videos so he can watch them when the tablet is not online. It's easy, too.",1

This app is exactly what it says. Downloaded videos to the app to play locally without an Internet connection. works great!,1

it was horrible. i got a few songs and a couple days later... BAM!!! a virus hit. dont get this. it could ruin your kindle. luckily my lookout app warned me.thank god. my kindle is safe now.,0

"this app is terrible. I do not recommend it to anyone. it is disorganized and not fast. I would tell people not to download it, and just type YouTube into their web browser.",0

"This works great. It allows me to put ANY youtube video onto my Kindle Fire. Just open this app, search for a video, click it and tell it so save as video. I can take funny videos to work and show them off with out internet there.",1

it broke while I was watching "there goes a fighter";I want to give this a 0 star!! booo please fix!,0

I like you tube because you can get a lot of video and dun stuff and most of them are fun.,1

"Don't download this app! It won't let you search anything, it crashes all the time, my kindle almost got some virus from it. Download this, and you'll regret it.",0

DON'T GET IT. THIS APP HAS A VIRUS!! I downloaded this app for my kindle fire hd and did a virus scan and lo and behold this app had a virus. That's one of the thing I hate about android. You can actually download an app with a virus on it to ruin your ,0

this is the best app ever good job people i would pay for this app if it cost no lie it downloads youtube videos and you can watch them anywhere without Internet access. Good job Kindle fire,1

great app... downloaded lots of music and only takes like a couple seconds. has tons of music. there hasn't been a single song i havent heen able to find.,1

Works perfect..excellent replacement since video 2 mp 3 no longer has an app. Have been able to find everything I looked for. Can save as an mp 3,1

oh my gosh I LOVE IT BECAUSE DOWNLOAD IT = FINN JAKE FIRE PRINCESS AND EVERYONE ELSE FROM ADVENTURE TIME,1

The only videos you get to see are the popular recent submissions. All the videos I saw were about Osama's death or something related.,0

"If you are using an android , You simply don't need it.You can download any video my pressing your finger on it until save link pops up.",0

"Now this one is my favorite . . . but just because it is for You Tube, I still use other down load other apps.",1

It takes forever to load a video. I think that there needs to be a youtube app made by Google for the kindle fire. Guts you need to fix this app. I'm on the kindle fire he if that's any help.,0

i have a Samsung S 4 . i downloaded this app. right away it caused my phone to slow up and lock up... i deleted it,0

This app downloads YouTube videos to your device. It is nice because my mom can download instructional videos for DIY projects. You can download them and take them with you when wifi is

unavailable. Really convenient.,1

"This app does just what it says and does it well. Very cool - perfect for parents who get stuck somewhere with kids that need some sort of entertainment and your cell signal is weak or non-existent. I find the video in my YouTube app and touch ""more"" a",1

"I've only used this 2 times and I am not real sure that it is what I really was looking for,",1
allright pplz this app is like the best u can download ur favorite songs right off of youtube soo its not illgal bcuz youtube has licenesto everything thats on it yay and you get to listen to your music right off of ur devices own music storage i use k,1

Was reported as malicious on my Kindle fire. Instantly uninstalled app. Maybe just my system but not taking any chances.,0

I love it I can find all my fav songs and like videos from youtubers. I very much do recomend this app.,1

"Its awesome, cool,nice, and there is also a price to pay sometimes it will freeze and if you would like to download it as an AAC, VIDEO, MP3, you have to press it for long but brief moment I hope u enjoy it :) because its really good",1

I HAVE WANTED SOME THING LIKE THIS FOR SOOO LONG I TELL YOU PEOPLE!!!! ♥♥♥ ASPESHELY MINECRAFT VIDS!! I LOVE YOUTUBE!!!! :D ♥♥,1

This application is great for finding videos and cartoons for kids you can look all most anything I like to look for kids playing videos,1

"KINDLE FIRE HD 7""One of the first apps I downloaded. FIRST USE SEEMED REALLY GOOD, THEN THINGS WENT WRONG THOUGHT IT WAS ME UNTIL I WENT BACK AND SAW THE OTHER MALWARE COMPLAINTS WITH THIS APP.DON'T GET IT !",0

I have downloaded my favorite songs on it with no problem.I have downloaded all my si swimsuit vids on here also.Good app.get it!,1

this game is so gay. it takes forever to get a song. you can only get the lyrics. once in a while you can get a video . don't. get this really gay app,0

if you have a kindle fire like I do. dont waste your time. it fails to download more then 6 videos for me -w-,0

This app rocks!!! its so cool I can download ALL my fave. you tube videos!!!! 5 stars!!!! :) if you love you tube get this app!!!!,1

best app ever!!! works great on kindle fire and quality is amazing (HD)I recommend this if you want to download youtube videos and don't want to go through all the hassle. easy one step and ding! you got your video!!worth more than 5 stars!!!,1

This youtube downloader is so much better than Playtube!! It works perfectly on my kindle fire. It allows me to save music videos in my "personal videos" section on my device. You also have the option to save just the audio in your MP3 (music),1

"Works good for me, watched a video then downloaded it and rewatched the local copy. I'm on an epic 4g so I'm confirming it works on this phone. Aside from the download of the video being a little slow "F#%^ you sprint". This works as listed!",1

I bought this app about two months ago and it crashed my kindle fire... now I have tubemate... look it up on the app store.,0

This seems to work really well and it is smooth and functional. I also am able to find many of the videos that I want.,1

its a great app u can upload small little Tv shows so u can wach them even if u do not have wii its great u can even wach music videos its awsome,1

Amazing app great for listening to music or downloading your favorite music as mp3 or download the video for later times or just for saving when your not around WiFi its an excellent application and since it's you tube you can find any music you want un,1

I love this app for my kindle fire HD.It's awesome to see what the world is looking at so much fun,1

I love watching utube on my phone and now I can watch on my kindle! Great app! Worth the time to get!,1

love being able to download videos to watch anytime without internet connection later must have if you like youtube already,1

great app works as intended only the best from amazon will continue to be die hard shopper always a satisfied customer,1

This app is so cool. I can download movies to watch on the go for FREE... it runs smoothly all the time so it's a great app if you know how to use it.,1

the app is awsome i download all.my movies and music plus its all free you can also back it up to your kindle or restore it its awsome,1

"I've had this app on Kindle Fire for 2 days. It worked great ...NOW it doesn't. While attempting to download video an ERROR msg pops up saying to check connection when my wifi is glowing all bars, forced closed a bunch of times too. Nothing will download",0

"I have no idea what happened to this app, but I used to be able to download or watch any video's online on my Kindle Fire. Now it continually comes up with a error message so it is not worth downloading.",0

"This YouTube download is fun and I know alot of people like YouTube download even if it's another YouTube download as long as they get it and to download stuff to listen to,it's likeable for alot of people and children.",1

This app is stupid. If you want YouTube then go on to the internet(silk). It is still pretty bad there but it is better.,0

This is a not a good app and doesn't work well with my Kindle Fire. As a new owner I see some apps work well on it and some do not. This is not a keeper.,0

this app used to rock. downloaded tons of music and even movies now you cant even watch them let alone download. don't waste your storage,0

a great app. very few commercials that arent very annoying. gets the job done. download view with ease. or make it an mp3 file so u can listen to it. couldn't ask for better.,1

Awesome. It plays clear and sounds clear on my kindle and iphone. Good move by You Tube. I really love it.,1

"it worked great at first but now it won't, when I try and download it says searching then stops!!!!!!!!!!!!!! 19 20",0

Ever since the update this app would not let me listen to an mp3. Every time I download a song it says playback error.PLEASE FIX THIS PROBLEM!!!!!! ,0

I love this app soooooo much. its a wonderful amazing lovely app. I have gotten sooooo much out of this great app :,),1

Better n easier n faster than using youtube via the Internet. All though this is for whatever reason its faster. Also. No commercials. only adds scroll across the top. . .pretty ssweetness. Gotsto love it. . . ,1

"This app is very good if you're a person who wants to watch their favorite Youtube videos and music on demand without internet. You can just download them and go! After you figure it out, it's simple and user friendly. I use it all the time! The fact tha",1

i dont know what these people are talking about. i freaking love this app! i love being able to download videos!! ,1

this app works fine for me although I have a kindle fire...soooo...yeah it works incredibly great ..I suggest it a bunch,1

"I love downloading videos to watch later on, when I don't have internet access. Great way to distract my little sister on long road trips. I haven't really encountered too many glitches with it on my Kindle Fire. Five stars!",1

"If you like You Tube and use it at home, then you need to get this app. I love this app on my device. It takes a little getting used to but it is great to look stuff up.",1

this is a great app. it os good. for cheating if you want free music. it really is a fantastic app. I love it! I will never take it off my kindle fire. exactly what I was looking for.,1

this app is good on kindle fires it is awesome I love this app for some dumb reason I cant get yiutube on my kindle but when I saw this app I was berry happy get this app if you like free apps videos and if you have a kindle and you like youtubeP.S. you ,1

ive been trying to download songs for months now and it wont even search for the song i want!! this is so annoying and i suggest u fix this soon or noone will download this app...im deleteing this from my dvice,0

I love this app and use it all the time. I only wish it would download the video a big more higher quality for playback to look better.,1

this game sucks on kindle fire Cuz I waited forever on the videos that I tried to watch but they never loaded and when they did load they kept stopping and loading again finallyvi just deleted this app!don't get it!!!!!!!!!! ,0

No need to buy songs any more get them. for free here just don't get the update if you update ANY youtube app it will quit working so do download don't update!!!! hope i helped!!!,1

I deleted this right away! Why this is even an app I will never know? Its much easier to just get the real youtube app.,0

I love it I live it because I. can listen to songs shows funny videos when ever I want. and It doesn't bees Internet live this app,1

Hey you guys should watch your "regular"5th grade bus and the fricken steamer on youtube. So funny and plus there's gonna be a new video.,1

"this is the app for you to be able to load some of your videos on your Kindle. I have the Kindle HD and this worked well for me.Oh, and it is free.",1

This app is the best app ever.Please get this app but u should probly not update it because people say it CRASHES and u DONT want that to happen.And like i said please get this APP!,1

"I LOVE THIS APP.IT IS A GREAT SOURCE OF GETTING VIDEOS, SONGS,AND THOSE KIND OF STUFF.I HAVE SO MANY SONGS DOWNLOADED AND VIDEOS AND MY MOM HAS THE APP TOO.SHE SHOWED ME IT WHEN I GOT MY OWN KINDLE.",1

The you tube app for iPhone is terrific. I downloaded this for my Kindle Fire. Don't like it nearly as much. Very confusing and sends you all around the place. I probably need time to get used to it but the app for iPhone is just easier and more intu,1

"I always used to have a problem getting You Tube to download for me. I never could seem to get it to do that, so I never got onto You Tube even though I had an account there, All I have to do now is click on it and Voila! It opens right up for me. Lov",1

"for all the people in which the app doesn't work for you, it must have something to do with your device. I have a kindle fire and it works perfectly fine for me. I have been able to download about 200 songs and videos and counting and its perfect. the on",1

"I don't know about everyone else but it works perfectly fine on my Fire, amazing app. Now I don't

have to buy the wire to sync music to my Kindle, thanks yo whoever made this :D",1
"HAVE TO GET !!! I never pay for song any more. U can go on u tube and download songs, videos, and movies. IT is a have to get app. u will never delete it.",1
for along time I've been looking for something like this app where I could download youtube videos For FREE.When I found this app I was excited.Now I use this app EVERY day which I usually don't do.I use it for me and my family.,1
"I had this app for awhile, but then it won't download anymore videos!As soon as wifi was gone, it wouldn't play anything! I WANT THIS FIXED!",0
APP IS NOT GOOD AT ALL . USES ALL LOT OF SPACE. DO NOT LIKE IT. NOT WORTH 5 OR EVEN 1,0
had songs downloaded and then the update showed up which means all your songs are gone. it took me months to get the songs I wanted and now they are gone! not to mention the downloaded take forever! this app sux very frustrated right now. uninstalling ju,0
Easy to use (provided you have Flash) and is a great convenience. I've even downloaded movies as well as tunes.,1
"thought this was a no brainer app, turns out some things really are worth what you pay for them...this is worthless!",0
"This one is not hard for me to use. I am new to using this kind of ape, once my grandchild explained it. I have been enjoying every minute of it.",1
Just Kidding this is the worst app it creates viruses! DO NOT GET THIS APP!!!!!! It is not good at all!!!,1
"I was trying to view videos from another app that I had downloaded and was not able to because I don't have an Ipad or something that uses Itunes. I found this app and thought I would give it a shot, and it works great. Now I can view whatever I want.",1
Was skeptical but I love this app! Can simply watch or download. Def worth getting. I am now hooked on it - so far better than any other youtube downloader for the kindle.,1
I don't know about everybody else but I love this app because you can download anything from youtube that you want for free!! You can also download music! I use this app all the time. If your like me and don't want to spend money on videos and music then,1
it will not let me down load or watch. ug it used to let me. but after i gave it an interveiw when i first got it it went really bad,0
"Okay. I loved this app honestly. I used it to download EVER bit of my music. Now it's not letting me download anything, as a MP3 or Video. It wont even let me view it online. So I say, update it to where it works, and ill change my rate.",0
"I don't understand all the bated reviews. I thought it was very helpful and good. It wouldn't open a few times, but it 's worth it ...",1
"I have YouTube on my other devices and it worked great. It was fun watching the short films. I haven't yet tried it out on my Kindle Fire HD, but I'm sure I will love it on that device too.",1
It Doesn't work on kindle fire... will not let you download... keeps telling me to re-install.. I re-install and doesn't work...,0
Apps that download You Tube videos violate the YouTube TOS (Terms Of Service) Several apps on Google play have been removed for violating the rules of other websites. Have nothing against downloading you tube videos but I won't because I respect their ru,0
this app is the best u long click it then click download as video and it goes to ur gallery so u can listen to anything without wifi,1
It's pretty bad it works for a while then stops after that it's a waste of time I would just go to the web and go to you tube there it's the same quality.,0
I love music so much with the amount of money I spent before this app I could've well I don't know what I could've done but it was a lot of money anyway now any song or album I can get... its awesome... ive had few issues on my kindle but nothing,1
I just got this app not so long ago and I already love it. you can fey any thing off youtube and be able to watch it when you are not in a wife zone and you can put stuff on as your music,1
"they play on my new kindle keeps them out of my hair ,and they love it ,thats nana like them to play it",1
all it shows is videos. there is no muic for kids BOO do not get this app :(it will be a big mistake,0
I have been looking for something likethis and it works perfectly. I have downloaded three videos with no problem. it was fast and good quality.,1
I absolutely love this app. this is where i get all my music from. its very handy indeed. i suggest it to EVERYONE. this is one of many good apps besides the games :D,1
it did work for awhile and was great... now nothing cant do anything with it..... going to have to find a different app.,0
"It's not really a virus, ignore the idiots below who listen to whatever their virus scanner viruses tell them. It has gotten better the last few updates. Faster download time, less likely for a non-compatible video, and now a fancy new icon!! Keep up the",1
"This app can help me listen to music even if I cannot access YouTube. Many times, YT crashes on my phone especially during a lengthy song but this app allows me to continue to listen. I don't have any problems with this app and all the music I listen too",1
You tube has some interesting thing to watch and reflect on some of them are quite funny and amusing.Happy watching,1

"I absolutely love the option to download a video as an mp3, and there are no problems whatsoever on my Fire. It works very well. :)",1

"It was a descent app, but it doesn't let you search videos well. It will sign you out, make you reopen it, search again then work. It hasn't let me play videos lately and has st opp op-ed working completely.",0

awesome! Just search any song that is on YouTube and it will download it to your music library! I love this app!,1

this app has no key bord at all cant tipe at all it is so bad that I deleted it do not buy and if you have it you are a sucker.,0

This app has a virus and you should not buy it because it will pop up as a malicious app. DO NOT BUY!!!!,0

"I have no idea if this works or not, so don't take my low rating as a statement about it not working... It might, I just haven't used it yet so have to rate it according to my favorite apps and not so favorites.",0

"My buddies say that the app is kinda a virus but when I downloaded this it was perfect! I downloaded it because youtube on the Internet did not work on my kindle tablet. Sure a few adds pop up above the screen but I don't seem to mind it at all. Though, ",1

"I CANNOT LIVE WITHOUT THIS APP ANYMORE! IT ROCKS AND IS SO FAST AND EASY TO USE.. btw kindle users, the videos save into your gallery.",1

"Love the cool videos, I'm on it every day laughing at the things I see also love the fact that my family are also posted and I can see them.",1

"FREEdi Youtube Downloader works beautifully! I can get the latest videos from my favorite channels, and my friends think its amazing! I hope you get this app and enjoy it. :)",1

"works great, if you love searching for videos, use this app daily enjoy that it was free too...easy to use",1

I have recently been using this site quite often. The videos have helped me a lot in adding new apps to my kindle fire hdx. Bless those who have the knowledge to do things with these gadgets and have the goodness to share it with others and help those li,1

I like to have the option to see videos on my tablet anytime I want. Enjoy sharing them as well.,1

"I have not had one problem with this. no adds, no complications. its very easy to use :) it may or may not work with your kindle depending on how much things you have already downloaded and whether you downloaded this correctly.",1

"a cool app. easy to use, you can search for any video and you can view it or download or both , also can download as video or just audio. luv it!!!",1

"This app is simply incredible. I mean, free video and music downloads? Heck, I love it! Greatest app I've ever used. Sadly, the update destroyed it, but I looked at one of the other reveiws, and 30 seconds later I had a fixed version. Go to the app, sett",1

great to find little video's for the grandkids to watch. they really enjoy this and it is easy to use.,1

I love this app so much. it lets you watch any youtune movie any time any where and it only takes WI -FI to download the video to your list.,1

I have downloaded a lot of free apps onto my Kindle Fire. Many are pretty much worthless and I get rid of them after only a few tries. Either they don't work or they are just lame. This app is very cool because it's so simple. It's designed to allow the ,1

toughness downloaded is not a virus it really does work some people just talk bad about it because they probably made an app similar to it but it didn't work and now.there taking.bad about them,1

it works perfectly and I can download/watch any video I want! great app. I don't need wifi to watch the videos once they're downloaded which is great and it only takes about a minute to download a video,1

this apo used to work great better than great really but lately it hasnt been working when i try to play the mp3's i download does anyone know whats wrong with it,0

"Okay, so officially this is the best app ever for downloading and receiving free music. Yes sometimes there are glitches but if you exit and go back into it then it will work just fine. If downloads aren't working then remove from device and install agai",1

This app works very well - simple clean look to it as well. The search bar makes it easy to find what you are looking for.,1

"After I had a total of 70+ songs, it started to stop downloading songs. Waste of time, you've been warned!",0

"I downloaded this app, and my virus scanner IMMEDIATELY told me it was malicious. I then deleted it. But save your device and DO NOT BUY! Also, copy this comment so others can see.",0

"This app did not work for my kindle fire. The search worked, but the download button did absolutely nothing. After uninstalling this flop, i got tubemate, which worked fine. Yeah, get tubemate.",0

so great use it as limewire flawlessly no problems fast down loads tons of music h h h h h b h,1

"The only issue I have is the fact in runs "kind" of sluggishly (not a big deal though). Also, the search feature isn't like the one on the actual website, which still gives my the search results desired even if I spell something wrong.",1

it's simple to use and downloads super fast. only way this could be better is if I could download videos off other websites too!,1

"I had this app for a long time and when I decided to download a song earlier this week, it stopped working. It really only works to download the video, not the mp3. Do not get this app at all.",0
its like free music with videos! I love it when I don't have wick and cant use Pandora it works great on my kindle fire,1
"I can't download or even watched practically anything. I believe that FREEdi youtube downloader plus lets you watch anything but it's \$2.00. What a rip off. I don't know about you but I'm a major YouTuber and I need to have the full version, and I don't",0
"They have recently updated their software making it more difficult to save some videos, at least on my Kindle. I don't save too many because of space but once in awhile I like having them when I don't have an Internet connection.",1
"So many topics to choose from for whatever mood you're in, Love the DIYF on there, music lessons and everything else you can think of. Keep it safe, thanks",1
This works great on my tablet. My other YouTube Player app didn't work so I missed out on a lot of great videos.,1
"Worked great for a day. Created playlists, listened to them at work. Next day, MP3 download doesn't work, errors trying to play downloaded videos, can't play next video in playlist; causes errors, and my favorite, keeps playing the audio even though the",0
its awesome i never found a good youtube downloader app i tried this one and it works fanstastic!! i do reccomend it,1
I luv this app sooo much when I'm in the car and don't have any wifi I can listen to the music if it is downloaded,1
its super amazing cause u can listen to your music all the time and any song yayyyyyyy I think that we should all have it,1
I just downloaded this app and so far it works fine. I downloaded my favorite minecraft songs and they play just like I'm in youtube. It was confusing at first but I figured it out and am still adding my fagorite videos. The app works great! Er... so far,1
It is a great app but there is a lot of bad stuff on you tube so wen you get this app and your a kid bring it to your parents so they can block things,1
It works perfectly for me. No virus no ads no nothing since the update. All I can say is that it is a great app. I love it!! It's simple and no complex situations.,1
Awesome so far. I have downloaded several videos and mp3s so far. Videos work perfectly both stores on my phone (evo) our when transferred to my macbook. So far only about 2 of the 4 mp3s have played on the computer though they all play on the phone. Most,1
"actually, I really like this app. I can download songs when Im at home, and then I can play them when I'm at a baseball game :D I really like it and it is a really nice app. good job!!!!",1
The greatest I would die if i couldnt see my you tube every day its awsome . Whatever the mood or if i want to reflect in the past its there,1
"It does exactly what I wanted it to do, and works great. I love how after I've downloaded videos, I can watch them without an Internet connection. And I absolutely LOVE how I can download the mp3 versions of songs for free!! This is a great app. I've ha",1
This just works and downloads are quicker than expected on our lousy connection. I find nothing to criticize in this app.,1
Its YouTube whats not to like? Plays video's that people upload for free. If you watch youtube you need this app.,1
This app is just amazing. I can download songs and videos for free and it is very high quality. I would definitely recommend this to anyone.,1
When I first got this app I was so happy! I could final watch youtube videos on my Kindle Fire. And the best part was I got to download my favorite videos on to my Kindle. And I never got a problem yet with it. That's why I am rating it 5 stars.,1
I was able to download all my favorite songs that I didn't have on my ipod mini or anything else. its good because u dont need Internet to listen to previously downloaded songs. I love the playlist feature so I can listen to music and not have to worry a,1
I dont see why people say its malware it runs perfect for me and is a nice program if you want to download your favarate youtubers latest vidio and not want to wait for youtube to load in the middle of the video,1
I wanted a you tube on my kindle so I got this one works great. I could even watch musci vidoes on this really cool...,1
"there's something wrong with this app. every time I try to play a video it says:"this video cannot be played outside the official youtube app";3 things:one, it was working fine a few months ago so what happened?Two, what is the official youtube ",0
"ever since I downloaded the update the app does not open. I have tried uninstalling and reinstalling, restarting my kindle and nothing. the app just automatically forces close.",0
"Nice app, haven't found anything bad yet. Fyi, to search for videos hit menu and then it's the magnifying glass.",1
Excellent app. You can save a copy of the video as a video clip or mp3 to view or listen to anytime on your device. I love this app!,1
"I am in love with this app! it is great because it allows so many options, some being to download the actual video or just download the music... you just press the search button and type in what

you want and it comes up... you press the title and then se",1
"This is probably the best app available on the Kindle Fire. Rather than having to pay \$1.20 for a new song, I can easily download it for free. I LOVE it!",1
I like this application because it allows you to download videos flowlessly. you can find application like this anywhere else,1
This app is brilliant! I downloaded it on my kindle fire and it works perfectly. You can download any video from youtube for free!! It's great on kindle fire but I believe it may not work so well on other android devices. Still love it though!!!!!!1
"unfortunately, they just had to add the download as mp3 button. This makes it incredibly easy to pirate music. i don't want to use this anymore, now that i found that out. i suggest that amazon removes this app before the other industries find out.",0
"I had no problem getting this to work but after downloading, my phone kept receiving spam, which had never happened before. I downloaded Antivirus and it tagged this as malicious. Uninstalled.",0
I love the fact that I can get the lyrics as well as hear the music and enjoy for free,1
"this is a pretty good app. just copy the title from the actual website of youtube , paste it in the search thing.enter.",1
Quickly downloads videos from youtube and searching is easy. I find it easy to navigate and easy to use. Gets my Thumbs Up!,1
this is Im pretty sure the WORST APPL EVER. becuz u cant search anything they give u random dumb videos.and it keeps telling me about some virus. So I earased it HA in ur face stupid youtube app (well not yet but I'm gonads after my review) anyway DO ,0
Many hours of laughter ensue when you open U Tube. We particularly find pet videos fun to watch as a family.,1
I love this app!!! I have a kindle fire and I can download as either video or as music/mp3!!!I strongly sudget it!,1
"When you first see this app, you'd expect it to be totally amazing, being able to download music and videos to your tablet. And that's what I thought when I purchased it. Although, it was overloading with ads - even inappropriate ones - that were useless",0
"works great. I use it on my nook tablet and phone. Good for downloading funny mp4's, or mp3's, even AAC formats.",1
I downloaded hecka videos of lyrics and videos and it said my connection was bad and I was standing right next to my box and I had all 4 bars perfect connection works perfect at first but then ducks don't waste memory,0
a really enjoyed this app I think people who watch videos on youtube often should get this the idea of this app is great and I have no problems with it,1
amazing app. now I can watch videos w/o Internet and listen to my favorite songs. get this app! it works perfectly!,1
"If the picture of the album art stays the same all the time, search "album art grabber apk" on the web. That should help you.",1
"It used to run smoothly and load,but since the last "update" it doesn't work at all!When I try to make it load it won't load!I loved it before the update but now it's just plain dead to me!",0
why do you need this if you have the Internet on the kindle you just click on web and type in youtube bam videos I saw this and thought u wouldng need Internet but you do so I was definatly not gonna get this,1
Can you please check it out for being infected. I downloaded an app that checks for that and it was the only one and suggested to uninstall. I really like this app and I don't want to but I don't want anything to happen to my kindle. please let me know w,0
this app can put videos into your gallery. best part is that the videos start automatimatically. you gotta have this app.,1
This is an AWESOME like AWESOME app you can download anything (except for vevo) videos!!! I like totally recommend this app for all ages!!!!!!GET THE APP!!!!!!1
what happens to this app.was fine untill update.now it wont work says something about Internet connection not working.and when I uninstalled and reinstaled my antivirse said it was bad.so its fd-up..if I could submit my review without having to give it a,0
THIS APP IS SPYWARE!!! after I downloaded this app it would no longer let me connect to wifi. when I ran my anti virus it flagged this program and removed it. the problem with the wifi was fixed right after I removed the youtube downloader.,0
"Until a recent update, it worked fine. Now it only reports an internet error on view or download! please fix!",0
This app works in conjunction with other apps. Anything youtube is great to own. I am more equipped for downloads.,1
"My son literally used this app every single day to watch his favs on youtube. I felt much safer with him using it than the Internet version. Now it freezes every time he tries to use it, which has resulted in tears & frustration! Please fix!!!",0
I love youtube so I thought an app is amazingly awesome but I tell you get it because if you like youtube get this app!!!!,1
it obviously has issues!...it worked for awhile...then started having problems on and off...then

just quit all together...my kindle support couldnt find nouthing wrong....its obviously inferior!!!,0

Does not work on my Android.,0

"I download thinking that is play me music on the go. But, the more music I download, the more it take up on my kindle fire. Terrible App. NOOOO DOWNLOAD",0

"Not much to say except if you're used to Firefox's ""downloadhelper"" then this should be right up your alley. Basically, what you do is ""long press"" a video or song on youtube while using your android/kindle and a series of options will pop up to download",1

"I got this app and it worked fine at first. when the updated version came out, it wont even search a song. please fix this.",0

"I LOVE the Starkid productions, and have always wanted their musicals with me wherever I went (I don't have any of that 4-G stuff), and after downloading them (which took a very short time) I have them and any other videos I want on my Kindle! The only t",1

I downloaded a video and it took a longtime to load and then it wouldnt let me watchit! I would give this zero if I could.,0

its great if u don't no how to do it shut up u guys r wrong u don't no what u r talking about,1 just satin amazing perfect for me and anyone who likes to dance sing and have fun all of ya haters yr tones are wacko just saying kk bye,1

This app works perfectly on the Droid X. Could use an update that lets you download larger files for video though and some kind of indication that it's not going to download the file. Great app nonetheless!,1

I love this app. I use it to download a lot of music. This app is great for downloading a lot of videos and music. I would definitely recommend this app to everyone I know.,1

My kindle fire alerted me the second it downloaded that it is a malicious application. I uninstalled it immediately. BUYER BEWARE.,0

"NOT AS GOOD AS OLD YOU TUBE.. WOULD NOT LET ME SERCH, ONLY GAVE ME WHAT IT WANTED AND THAT WAS IT.. NOT A GOOD PRODUCT",0

"When I first tried this, and 2 other You Tube downloaders [TubeMP3 Machine, and TubeMate YouTube Downloader] none of them worked on my Kindle Fire. I gave up on them all, till I came across a You Tube video on how to install and use this one. I tried it ",1

i have had this app for a year now on ny kindle fire .. no problems actually the best app i ever downloaded,1

Why cause this app it so full of moviesAnd it's easy to use. I love it andDownloading its easy and fun youCould download 3 movies at once.,1

pf course youtube is worth it or u cn juz use the internet but easier access i guess . . .,1

I am using this on a kindle fire. I was able to download the videos and view them. I didn't have to pay and it was easy. pretty happy about it :) I recommend this app.,1

great for occasions such as road trips where you feel the need to laugh at your favorite videos or listen to free music,1

this is a gr8 app that lets you download songs and videos from youtube and whatch videos. gr8. no viruses or anything. force closes once in a while.but nothing bigot.,1

"I like youtube alot. It was free through Amazon and I love Amazon. I can download music for my laptop and my ereader. I like listen to music while i clean, when i', cooking or taking a shower but mostly when i'm laying in my bed quietly in my baby's arms",1

Horrible spammed my kindle I just want a app that I can watch youtube on not where you 'donwload it' and get a virus do not buy!!,0

"yeah you get all the videos from youtube, but not longer than 15. min, has viruses, and takes up all your internal space",1

This app sucks! I got this app because my youtube wasn't working. so I got this thing. this doesn't tell you how many views. this has bad visual quality and ia overall a bad decision,0

"This app is perfect for anyone with iffy wifi signal. When ur in a wifi signal, just simply search ur favorite youtube videos and download them straight to ur kindle! PERFECT if u want free songs... Or want to watch ur favorite youtube classics on the go",1

"Works just fine unlike almost all other youtube apps. search button doesn't work, you have to go through the menus.",1

I love it its my main spice of entertainment when ur on the go and don't have Internet u can be prepared with some downloaded videos. LIFESAVER,1

"This app lets me download any video, music, etc. whenever I want. I can just watch videos normal or hold down the video and I can download it",1

so great so many funny videos on it i like the gangman dance with the mom and son and all the crazy cat pics,1

"This is great app. I don't understand what's going on with other peoples devices because ot works just fine on my Kindle Fire. I've had this app for almost 2 years now and sometimes it will say 'force close' but then when you go back into it, it will wor",1

Was a waste of time adding it to my kindles. When I get time I will be deleting this application.,0

so I didn't download this but... isn't this pirating? it just sounds like piracy to me q w e r t y,0

"It was working great until I decided I wanted to download more videos then whenever I selected a

video and hit download as a video, I would check the videos downloading and it would say file size not available yet. I have plenty of data room available. I",0

Have had this app for six months on my kindle fire. Works flawlessly. Downloads music to your music file on KF. Wonderful..... wonderful..... wonderful.....,1

its easy to use and it saves u money instead of buying music i totally recomend this appaksksksksnsjsnanakanajana jdnsnszjzn snsjsizbzjsjssjz jsu,1

"I've been using Tubemate and then saw this one and thought I would try it. This one force closes on me all the time and doesn't have as clean a look as Tubemate. Tubemate also gives me more options for video quality, download or watch, and the presentati",0

Not sure if it still exists on the market but it worked fine when I had it. i loved it. Kinda boring but i downloaded some accounting videos and watched later to do my home work.,1

had the app for a couple months and suddenly won't play any youtube vids not loading videos or downloading too many errors and shuts down regularly,0

I love it but every single time it stop I have to delete the app and download it agian so it's a pain in the ass,1

Don't listen to those 1-2 star reviews. They don't know what there talking about.It works on kindle fire. For those of you who are giving 4-5 star reviewsyou are fine. But if you give 1-2 star reviews then your wrong (and I'm sorry for those of you who g,1

"When I downloaded this app, I expected it to download movies and videos that I wanted off of YouTube, but I was wrong. It took about 2 or 3 minutes for a video to download, and whenever I go to the Personal Videos app on my Amazon Kindle Fire HD Tablet ",0

"It's youtube, I mean what can you say.? It works and it's free. Free is good! Nothing is different from the one you use on everything else.",1

"I have yet to experience any trouble with this app! Quick, easy, and entertaining! Best of all, it's FREE!!!! Highly recommended!",1

I use this app fairly often and it works just great - never had a problem. Wish I had it long ago.,1

Stopped downloading video a long time ago. Its now a complete waste and why does it need to read sensitive log data?.....,0

this is the best app i have...you can download any video on youtube as a video or an m.p.3 so if you lose wifi you will still have it,1

"This app stinks. It just gives you a list of recommended videos. You can't even pick your own. I want to be able to pick a video I want to watch/listen to. If they don't have your video that you want, it's useless.",0

this app freaking awesome I love it I can get any song I want on my kindle fire and plays very well too,1

If you like YouTube like I do. This is a must have app!!! Very very easy to get a video you like. This is a awesome App!!!,1

"if you think you are going to be able to look up videos and download them, then im pretty sure you're wrong unless i didn't look hard enough but i couldn't find it so i do not recommend this app",0

I loved this app. Best app ever but it quit working! Please fix this. I want my music back. There's no updates.,0

"This app's not easy to use--if and when it works. It crashed so much I gave up on it and got Playtube, which works Much better.",0

this product wasn't what i was looking for and i was able to find a product that better suited my needs,0

You tube is awesome. I watch it a lot. So this app was nice. I get to You tube fast. I use it for my Kindle fire.,1

Its a great app because you can put free songs and videos on your kindle for free. I know I said free twice.,1

I was very cautious of this ap due to some of the reviews and really didn't think it would work. Its GREAT! I downloaded a few songs and spent half the day yesterday watching random vids. Its so much faster and easier than watching vids elsewhere. I ,1

"Great app, works perfectly on Droid X. I don't know what antivirus software some people are using (probably some crap free antivirus), but I use the paid AVG and it didn't flag this app at all. Considering AVG is one of the top antivirus programs availab",1

"this is a pretty good app. works as described. interface is not spectacular, but is definitely functional. overall 5 stars",1

"This app worked fine until the update. I had 71 songs downloaded from it (you can download media), and they all deleted about a week after the update. Also, all of the videos that I had downloaded also deleted. I used to be able to view videos, but not i",0

"No issues, successful searches, quick and easy downloads. Easily convert video to music format. Even includes artwork with downloaded file. Will allow me to sign into youtube account. This works better than my PC download/converting program. I have recom",1

"It looks like this app was a little scary in 2010, so it has a very bad, but very old review,

that people see when they first look for this. It's 2014, and it works well on my Kindle, seems safe and lets me download YouTube videos. Very nice. Please ""1",1

Downloaded to my kindle fire. It will no let me search for things it just shows most poplar. I will just Google YouTube so I can watch what I want,0

"This app works beautifully on kindle fire. Personally,I love it! :) I use it all the time. It is an awesome app to have.",1

"This app is awesome! It saved me \$50 worth of songs you would normally buy for .99\$ a song. But using this I got the same songs for free! For those of you who are saying, "couldn't get it to work" I think you should put some of that blame on yo",1

"For all of you who have the kindle fire and can't find your videos, here's a review. Go to your gallery. Click on the Icon that says videos. BTW.... THIS APP ROCKS!!!",1

Horrible app. Locks up constantly. Glad i did buy it.dont waste your time with this app. It sucks big time. Waste of time,0

"This app doesn't work. I installed it and it will search for videos but when you go to download something it says it is searching, but never downloads anything. it also will not play any of the videos either.",0

Omigosh this app is amazing on the kindle fire!!! I love one direction and i got a bunch of their music!! This app is awesome and i wish i would have downloaded it sooner!!!:),1

this app is crape it wont download anything and it locks up my kindle fire when the screen goes black I wouldn't get this again if I needed it to save the world this sucks so much,0

"For a free app, this is great. I can get all my favorite music for free, and I don't need any money at all. I find it a little slow to download, but worth it. this is truly an app worthy of 5 stars!",1

"I thought this was actual youtube. all you can do is download everything, you can't view anything without downloading it.",0

This is an awesome app even on the kindle fire! you can download everything on youtube!!! I recommend this app to everyone. best app ever!,1

"I ha e downloaded and SAVED over 150 songs to my KINDLE! Over 25 Videos and I can watch them anytime. It has had a few problems lately but, they just happen every so often.",1

This an excellent app that my grand-daughter loves and so does the rest of the family. The price can't be beat it's free and will be getting hundreds if not thousands of uses.Kudos to Amazon for another excellent free App.,1

Android AntiVirus app show that this is a malicious app. Tried it on 2 different phones with different AntiVirus apps and both came back with the same warning.,0

Its dumb. Not worth your time. They are just stupid videos that random people put on. DO NOT GET IT!,0

Freedi youtube downloader is the best. You can download any videos that you want on this app. I tried other you tube downloading apps but I didn't like em so I think that this app is the best for downloading videos from you tube.,1

"Doesnt do any thing but list videos. No play, no download, no nothing. Waste of a download. Now the damn thing is stuck in my list of apps.",0

"I see that a lot of reviewers were having trouble with malware, but at this point (3/14), it is not malicious. Works just as I expected.",1

I get all the video I can stand. Wish I had wireless at work so I can view when ever I want.,1

This has been my favorite app on my Kindle Fire. The music and videos download quickly. They have a fast working search engine that is accurate. Many options provided regarding viewing and downloading. It is cool to be able to easily download music t,1

"I have downloaded and deleted this app numerous times hoping it would fix whatever was wrong. After I did tge required update for the app it began to crash daily, it wouldn't allow me to view any songs before downloading, and now it won't download any so",0

really fun and addictive!!! I mean seriously its addicting!! CHEAT!!!! IF U CHANGE THE DATE ON UR DEVICE TO THE NEXT DAY IT WILL REGENATE UR COINS!!!! So yea its cool and fun!!,1

I had no problems with it slowing down my kindle like other people said and u can download songs to ur kindle fire for free I saved like \$20.00 because of this app I love it so much plz get it,1

"For those times when a link wont normally let you open, evil grin with victory exclaim ""thou shall not hide from me!""",1

"This is a scam, a ripoff, whatever you want to call it. Maybe it works for others, it doesn't work on mine. It's just trash.",0

Works great. Just what I have been looking for! Great job. Love the ability to download my favorite songs as Mp3s. Thank You for this app,1

I liked this app very much until something updated it no longer downloaded videos or mp3s.it was a great app.it worked so well and any utube clips would be found.now it just keeps searching for files.Removed the app from my kindle and updated the Itube a,1

this app used to work great. started to fail ran the update now 100% failure rate. my connection quality is great thanks for telling to check it,0

"I use this on my kindle fire and it is so far flawless! You can search youtube and download a video as a video, mp3, or AAC. Then you can view the video or song WITHOUT INTERNET CONNECTION!!A+ so far!!",1

it used to be awesome but now it will not let me download anything. I guess somebody stopped

illegal downloading from this app...it sucks cause it used to work GREAT. oh well. I can live without videos on my phone.,1

BEST APP EVER. I can download the music i want to listen to for free when otherwise I would have to pay 2 bucks for the song. Get this app.,1

"It works very amazingly on Kindle Fire. So far I haven't had any problems, so I rate it 5 stars.",1

works incredibly well for if u bust want to watch a video later and you can download a video as an mp3 too! so if you find a song you like just find it on there and download it as an mp3 ...its basically free music!,1

"This makes it incredibly easy to view my You Tube content when I am away from home, or when others in my household are busy on my PC! Love it.",1

"Not good as a YouTube browser, but good for watching and downloading the video and its audio! I love this! Good job MicroMacro Mobile Inc.!",1

"I have been looking for a program like this for foreer dor my computer! Its awesome to have on my phone. I love being able to get unique songs that I couldnt find anywhere! It works well even without wifi, and its very easy to use!",1

I downloded mob of the dead trailer and I went to downloaded and there was nothing there this thing sucks take it off the store,0

this app allows you to download videos and watch them anytime...with or without wi-fi! I use it to watch gmod idiot box when we are supposed to be reading in class. (look up gmod idiot box on youtube its funny),1

the best so good it allows you to download stuff straight from youtube so I can watch bids on long car trips and on the go etc. WITHOUT WI-FI!!!,1

This worked fine for months then after an update it will not let me download anything. I've reinstalled and its the same. Please fix this problem.,0

my children love youtube and this app was great for them because they were able to stream vidoes from their tablet,1

this is perfect for all the ppl who like going on youtube but wants the videos for later to watch.,1

Do not waste your download time with this one. No search feature? What the heck guys! Stupid stupid stupid! I cant understand the logic really,0

i got this app sp that i could enjoy youtube songs and videos that arnt on cd or dvd and i love it,1

sorry that is all I I have Have To Say about about That I I am done writing about this,0

"Great way to get YouTube clips onto the Kindle Fire without a hassle, sometimes these Aps can be confusing, this one is easy to use and worked well. Don't need to be on line when watching it later.",1

Is it me? I love youtube but don't like this app. I don't find what I am looking for on this app. I can't stop finding what I want on youtube on my computer. please help.,0

I enjoy looking up remixed songs and downloading them with this app for free. It's fast and easy to use.,1

use this on the kindle and it works gr8 so far. love the kindle too so it was worth it,1

with this app I'm able to download all of my favorite Tv shows and watch them on long road trips,1

Was a bit hard to find out how to search. But once you find out where the search button hides all is well.,1

"This app compliments YouTube and adds the highly desirable video download feature. However, after maybe a year of using it happily it stopped working about couple of weeks ago (not sure if there was an update that broke it or maybe YouTube changed someth",0

"This app throws a lot of videos at you but I was unable to search for what I wanted. So I moved on to Tubemate, a lot better downloader.",0

"I am not certain, but after I installed this ok my mytouch 4g, my antivirus (Creative Apps' Antivirus Free) reported that this app is malicious and that it is strongly recommended that I uninstall it.I did, of course, and now I post this so you too can ",0

This app I got (thinking it would be good) WAS TERRIBLE!!!! This is a very stupid app. You can't even search for videos! All you do is look through a short list of vids. In my opinion this app should have never been made!!!,0

now I have musicon my kindle fire at last!!!! yay!! u need to get!! u can download in mp3 and video gallery!!!!,1

I love youtube so of course I loved this app when I had it that is.... Youtube is a great website!!!!,1

this app must have had an update or something because I though I could only get videos from it but now I can get an mp3 version to witch I can put into playlist or add it to my music with all my other songs. Every single one of my hundreds of songs is d,1

I think this app is an excellent money saver to just download music from youtube then buying music 4 a dollar each with only slightly better quality,1

I useing my friend but my kindle died and was full of bug. don't get it if you want to still use what ever your getting this app on.,0

I am saving money not having to buy songs . I view and listen to my downloaded music videos and how to do painting tips on my Kindle Fire. When you get the app. one must touch the magnifying

glass or search symbol to get the keyboard. Then type the be,1
My friend showed me this app and I love it so much. I was trying to find a easy way to download music and videos without paying for it and this is definitely a keeper!! I download all my music and YouTube videos from my channel the4bestfriendsshow (you s,1
I love this app but for some reason. I cant look at it.... or download or anything! I'm really sad...,1
"Will lock up your device and ruin it. Had to do a re install after running this. BE AWARE ITS EITHER A VIRUS OR A BAD PROG. STAY AWAY FROM THIS. It will freeze up your device, or even worse lock it up for good.",0
"it won't even let me view the video, download the video or even download the mp3. freaking thing worked before now it totally sucks.",0
I downloaded because seen before and wanted to try sometime. I don't know what all reviews are of virus and malware stuff. I downloaded and lookout didn't say it was. Downloaded a YouTube video and it worked ok and had no issues.,1
THIS APP IS MESSING UP MY KINDLE FIRE ITS REALLY BAD DO NOT GET THIS APP PLEASE DONT GET THIS APP,0
"This downloader only permits you to download the songs that youtube is offering, probably for a fee. The ability to actually find a song you want (Patsy Cline - Crazy) doesn't exist as far as I can determine. The old saying that nothing is free is true h",0
this a piece of worthless junk! do not buy! at first it is a great app but then trouble starts to roll in... now everytime I want to play a song it says something about a dum error! !!!!!!!0
I've used this app for months now. Very confident I'll continue to do so for a long time. Works exactly as advertised and simply to figure out.,1
"I love being able to see my fave videos on my kindle. Like having a laptop everywhere you go, or an ipod. Love it!",1
lots of problems it freezes the screen blocks you out of using the player and when it does work it only works for 5 minutes,0
"on fire, great app, u can watch movies, Tv shows etc. and for free! u can do it without wi fi too",1
I love this!! the people who dislike this just don't know how to use it! this app is awesome for downloading music and videos for FREE. yea I said it. get this app.NOW. and vocaloid otaku FTW!!!,1
"Excellent App, great value! So many interesting fun and fact filled videos to watch and great music videos! Love watching old TV shows. Brings back so many memories of my youth.",1
"at first i thought this was the best thing ever, but after i got a second kindle since there was a malfunction, I couldn't download any videos ! it's just outrageous so I went with something even better, ANOTHER downloader which by the way, doesn't downl",0
i love this app it is amazing so when im sitting around bored i can just pick it up and watch tim hawkins,1
Every literal 10 sec after pausing adds pop up like 13 time and every 2 mins they pop up sorry but until it's fixed im looking for a new app im not gonna waste my time and I suggest others do the same.-Honest Reviewer,0
"I downloaded the app, tried to use it, nothing. I could not watch a video, I could not download a video. It was useless.",0
Do not buy it does not let you on any channels I watch boyfriend vs girlfriend so I need to go to there channel f- is the grade,0
its great!!!! best app I ever got. also I don't have to pay for the downloaded!!!! I have so many songs on here. didn't pay a dime!!!!,1
I downloaded it because I thought it would be nice but it almost gave me a virus. Ps don't say I didn't. warn u. :(,0
i was downloading this app and my antivirus phone detected an malware and act like one DO NOT DOWNLOAD (Also slows down your tablet),0
it was a great app until the latest update it just freezes when I try to download something then it reboots :/,1
"It is excellent for Kindle Fire, Good size, and easier to read the comments. I use it often till I get a new TV which have YouTube so I only watch on Kindle Fire when I am outside or travel. But it is really great to add it to Kindle Fire.",1
I have used this App to download You Tube Videos that my laptop could not. Then I transfer the video to my laptop. I have had no problems with this app what-so-ever and think it is a great feature on my tablet and phone.,1
I like this app because my youtube stopped working and this app works for me and how I want it to. It does sometimes make me angry when it doesn't work but I like this app :),1
Videos never buffer after downloading and you can watch videos anywhere. Amazing for youtube lover's <3 Must get it have fun,1
"I haven't had any trouble with the app triggering my anti virusProgram here on my kindle, but this is about the 4th or 5th timeI have had to download this app. (Which may indicate a virus ofSome type), because for some reason the app keeps removingItself",0
"Works great! I love using this to find videos that I'll want to show to friends in places that don't have Wi-Fi. It's great to be able to have all my favorite videos with me, wherever I go.",1

"I couldn't get the videos onto my Kindle fire with this app. Could have been me, but I found it a waste of time.",0
Not sure what its for. I have no idea why I even bothered. Someone else may just love it. Not me.,0
"This is 1 of my very favorite apps! I love being able to read PDFs on my Kindle instead of sitting at my computer.I'm mostly blind, so PDFs are a challenge.On my Kindle fire, I can also have it read to me. This app crashes often when reading PDFs with my",1
"easy to use, and the perfect partner with Kindle reader, you can transfer easily all your text files to your android device with this app and read it on your kindle reader anywhere you go",1
Fantastic program - I use it in both my professional life as well as my personal life. Easy to make PDFs of whatever I may be viewing (mostly web page articles) and instantly send them to my Fire.,1
With this app you can have anything form what ever email address you have stored. I like taking special things with me and you willl too.,1
I am in love with this technology. I can now put everything I want/need on my Kindle for access later. It is a very small app and works every time. I even use it to transfer JPEG's.,1
This is a great and fun product. I am so glad I got this one. I use it all the time.,1
No longer do I have to do an email. This app works and it is quite quick depending on the file size. I will be happily using this great app.,1
You can easily send any document or web Site to your kindle cloud for download - simple to use and a great way to keep something important to read at another time. Preview lets you see what your document will look like.,1
This handy program allows me to send docs from my PC to my kindle. It came in handy for teaching at a youth camp where no internet was available. I also carried copies of my papers for a class to the class on it. Saves paper and ink. :-),1
"I'm a photojournalist on the Gulf Coast. We don't fool around during hurricane season down here. This app shows a variety of active radar, satellite and tracking map loops with weather reports that look great on a Kindle Fire. It is winter now and things",1
HOPE I do not have to use it to see what is coming my way. Great GRAPHICS and near real time info.,1
"I love this app. Displays various maps, weather service info, tracking maps and more. I used it on the go to watch the changing paths for the storms in the Gulf this summer. Works well on Viewpad 7e.",1
I live in Florida and to have a hurricane tracker to take anywhere is great .it is easy to read and understand,1
i live on the Gulf coast and there are plenty hurricanes now because the water is warm if you need a hurricane tracker get this one it is very good thanks thomas a.,1
"Pretty much what the reviewers said. They really need to come out with a better spell checker for the kindle fire. Don't waste your time with this one, its a real lemon.",0
I downloaded this after 6 times closeing out on me when hit spell check. I can say delete ... if it would work that would be nice as not many spell checks when looked.,0
"I absolutely hate this app! All you can do is open it up, write a few words, press the spell check button, and then it closes. I wouldn't be surprised if this app gets taken off the app store. Don't waste your time. Get a different app!",0
"I tried this app as a spell checker for my daughter,whom is in kindergarten and it is of very low grade.I purposely misspelled a word to check the accuracy and it said "no misspellings"..I must have missed the memo from Webster that the new spell",0
It is not a spell checker. It does not help you spell anything. Im glad I did not have to pay for it.,0
"After it finds incorrectly spelled words, it colors them red. When you press on a word to see the suggestions, it crashes. Useless!",0
"It is unbelievably accurate, at least for a Cancer such as myself. It provides you with a lot of information, all which I found extremely interesting.",1
"It was free, so I decided to try it. Very interesting and accurate.I like the blending of astrology and numerology. Good App !!",1
"At first, I was like how does this work. but when I figured it out, I was proud of myself. I have been going through a tough time in my life so the words this app gave me were very nice to hear!!!!!!",1
"I was expecting some bs horoscope app, but this app gave me a dead on description of myself. I was in shock reading what it had to say about me! Great astrology and numerology app!",1
"This kind of crap has stood in the way of real science and any kind of progress for too long. The human race needs to move past it. If you're bored play angry birds, at least that kind of takes some small level of brain activity.",0
great motivation. i can relate much of my self. a lot of things i need to appreciate my self worth. Thanks for this app.,1
Mine is seriously 100% on point!!! I couldn't believe and still don't! I keep reading it in amazement!! This is spooky but very also interesting,1
I enjoy things like this and this app was pretty accurate on myself and others I tried it on. I don't know if these things are coincidental or not but I enjoy using this. It's technically

supposed to entertain and it has done it's job well. I'd love to f,1

"this is a great app it is so true I want to be a writer and I have a taste for sweets, drugs and sex and I'm very attractive it's just I don't lose weight easily and I don't really like attention and lash out a lot plus I'm sensitive but I hide well and ",1

Simple to use and whether or not you find it to be accurate (as I did) it will motivate you to be more introspective...always a good thing. Also great for starting heart to heart dialogues and conversations.\n,1

this app was amazing it told me about myself and trust me it was right in a lot of the stuff it said about me what an amazing app u should definitely get it,1

I wasn't very happy after I downloaded this app... I spent real coins and got a limited and boring app. Please don't waste your time on this app! It's not worth it at all!,0

"Buy the full version, ads hinder children's enjoyment. Kids will love this. My daughter spends time with Larry every day, laughing the whole time.",1

My nine month old daughter loves this app! She giggles at everything the bird does. There is nothing better than a laughing baby!,1

"This is a cute little interactive guy, the kids love him and it encourages some to have fun therefore if you have kids or elderly they really enjoy this and have fun with it as well..",1

"Whoever creates the animated creatures has a great sense of humor and when I need a chuckle and also feel the need to do similar to whack a mole often at fairs , well Larry suits my need to laugh , knock him off and just love it!",1

Talking Larry app is a bird that will repeat everything you say back in a squeaky voice. But you do have to talk slow to get the best sounding response. Do too fast and it will sound like a different language ha ha. You can play a piano which makes Larry ,1

"this app is so stupid, 1.you cant change your paint colors. 2.it just looks like marker. 3.you cant erase or do anything just draw.",0

I opened it up it had the illumination eye symbol n other devil symbols I am being serious donor get this app it has demonic symbols on it,0

"Keep your religious bulls*** to yourself. no one wants to friggin hear it, they want a spray paint app not to hunt down the devil.",0

its dumb the wall looks more real than the paint does. don't get this app take my word for it. always read the reviews before u download an app even if it looks like a good app. if u have this app delete it!!!!!! NOW!!!!!!!!!! seriously delete it it suck,0

"Sounds great, but won't work. After reading the other reviews I decided to try it anyway, but it crashed my phone and I had to remove the battery. I uninstalled it and encourage you not to waste your time. Too dang bad though, wish it worked.",0

"If there was a half star, I would use it. This app would be 5 stars IF it would work. But it continues to crash. I never know when it will work and when it won't. Glad it was free.",0

"This app just would not load. Even after trying several times, and also turning on/off my phone. So, I un-installed it and got another one that did.",0

"it sucks, took forever to download and never did actually download the main page just had to delete it , not good at all",0

This beats the included browser with my Mach Speec Trio. It operates in full and mini modes and is faster.,1

"I used the native browser my Viewsonic gtablet came with, Dolphin and Opera Mini. Opera is my favorite. It is fast and easy to use.",1

"I love this internet browser for many reasons. It's fast, smooth, and user friendly. I really appreciate the inclusion of the "turbo" function. I find this most helpful due to my poor internet speeds. I can definitely see improvements in page loa",1

"This is actually a lot better, in my opinion, than Firefox or dolphin browser. Easy to use and lightning fast it's only flaw is the interaction with icloud. If you are fighting your current browser give this a try it is definitely worth a try.",1

i really love this app amazeing app it works amazeing on my tablet it browser fast an show amazeing pics just amazeing an u can download on the app an do all kind of stuff on it,1

THIS IS THE BROWSER YOU WANT AND NEED TO HAVE. FASTER THAN DOLPHIN AND THE STOCK ANDRIOD BROWSER. GREAT START PAGES AND EASY BOOKMARKING MAKES GETTING TO YOU SITES FAST AND EASY.ITS THE ONLY BROWSER I USE NOW. 10 TIMES FASTER THAN DOLPHIN. TAKES SECOND,1

"Great browser featuring Opera link (sync bookmarks, searches, speeddial, passwords in the future). Turbo option increases speed by compressing pages.",1

"Regrettably Opera, my fave browser, would not function properly on my Ainol Novo 7 tablet with Android 4.01 (Ice Cream Sandwich). They are ahead of the curve among browsers, give them time. I like the feature richness of the Opera I have on my Desktop.",0

"Several months ago I side loaded Opera Mobile from my phone onto the Kindle Fire. I like it more than the built-in Silk browser. It seems much faster, and I like the way that tabs work on Opera Mobile better. Plus I'm using Opera Link so that my bookmark",1

"I used Opera on my PC. I tried Opera Mini. I ran for about a week. Then It stopped working, App not installed? No big Red O, just a small green bot? Why? I came back to install Opera Mini, but I can't install the Opera Mini app? Why, not on Amazon apps?",1

"Amazon says it is not compatible with the Kindle Fire HD, other sites say it works, Amazon said it downloaded and it didn't. The price was right.",0

"Having tried the core browser on my Samsung Galaxy S 4G froyo, Dolphin, and Opera, the Opera wins hands down. Lots of tabs (9 or 10) speed & dial & faves, double tap to zoom, which is customizable, no dots or pixels, selecting text to copy and p",1

Have had Opera on my computer now for around two years...Find safe and efficient and much better than a lot of other browsers.,1

"The Amazon app store is about the same as the Google marketplace when it comes to K Fire apps. I was looking for an alternate browser to Silk. I am perfectly fine with the browser, except that it doesn't consistently load web pages that I need to acces",0

Will not work on kindle fire Amazon has made a huge mistake not having flash player for the 8.9 hd kindle & not allowing to use web browsers that support it. When so many games & websites use it. Can't use it on kindle fire this is why 1 star. It was jus,0

This is my go to browser on my android x and on my pc. I have always loved Opera. It is small agile and fun. It works as advertised every time I open it up. I don't know what appears you naysayers are reviewing but it clearly is not this one.,1

"Hey All,Just a quick note of a product that will not install on a Velocity Micro running Android ver. 2.2.1Cheers!Dave Cooke",0

"I hated browsing the web on my cheapo tablet, but opera works great. It feels almost as fast as any other computer in the house. I was really shocked how much faster it is.",1

"My tablet had a generic browser, and the amazon appstore, so Google Chrome was not available. I Found this browser and it is as good a Google Chrome if not better.",1

"Love it. Works much faster then the factory browser that's on my tablet. Easy to use and not at all complicated. I used Opera browser on my computer and it was okay, but the android is great. Comes highly recommended.",1

"Before you pay for it, make sure your device is supported. The download site said it was compatible, so I bought it. It would not download. After several emails, support said not all android 4.0 devices were supported and mine was one of the not supporte",0

"easy to use, quick a must for any tablet sets up easy for pages with preview Best browser I have found so far",1

"It's noticeably faster than the android browser, and, more importantly, opera has a more intuitive UI, with a great start up page (that can sync with your pc, if you want) and web page tabs that are immediatly available to preview, switch to or close a t",1

"I called my bank because I couldn't get my bank statement to pull up. They suggested downloading Opera Mobile Web Browser. After I downloaded it, my computer shut down. I uninstalled it and my computer works fine. It just wasn't compatible with my lapto",0

I used this browser for months until I was talked into trying Dolphin. WOW! What I had been missing was astonishing! DO NOT USE OPERA OR THE OTHERS! You only need Dolphin.,0

"On my Samsung Tab 3, it was 10x slower than either Google Chrome or my stock browser. No exaggeration. Not sure what the deal was, tried it with the Turbo feature on and off, but the window loads were so slow here on Amazon (my main site) that I uninst",0

"I thought Maxthon was the best Browser on the Kindle Fire. Until I side loaded Opera Mobile and now it's my favorite Browser and the best on Kindle Fire, for many reasons.",1

"I've been away from using Opera for some time now. I remember it was great for my old Windows Phone. It still looks and functions perfectly, but it takes a bit of & getting used to& after using other browsers for a few years.",1

"Downloaded it, tried to contact it to Facebook and get friends birthdays. Some kind of error message about some unexpected hash mark popped up and it did nothing...might try erasing and reloading but probably not worth it.",0

I chose this rating because it's the closest I can get to zero and still say this app sucks on Kindle Fire HD.,0

I have a kindle fire and I could not get it to work with my contacts list. I tried but I just couldn't figure it out.,0

This just didn't work at all on my kindle fire. Nothing on the screen. No place to enter anything. I didn't use it at all because there was nothing to try.,0

"This app is ok, i guess. What am i saying?! This app sucks butt!!!!!! Don't get!!!!!! I do like the pic thoughon the cover! Mmmmmmm, cake sounds good.",0

I love this app!It keeps me organized and even notifies me when a birthday comes up.You can even sync your kindle contacts onto there or just make a new contact!Very user-friendly.I would recommend this to anybody!,1

"I was hoping for an app to sync with FB, but this one wouldn't do ANYTHING, I mean nothing. I know it's free, but why waste our time if it is just gonna sit there? Sorry, if I could give it minus points, I would. This all pertains to a Kindle Fire.",0

"Was looking for a App that would keep track of my accounts. I'm cheap and like the word FREE, that is why I downloaded this app first. I think I got more then I thought I would for free. I want to upgrade to the Pro when money is available so I can see ",1

I'd been looking for awhile for the right checkbook register app for my kindle fire. I'd actually bypassed this one a couple times. Then about 3 weeks ago I decided to give it a whirl. It only took a few minutes to transfer uncleared transactions from m,1

"This app is amazing, ideal & in short, spectacular. I can't believe it doesn't cost \$15. This lite version is free, so at some point I'll be seeking to make a donation or two soon as can.

Thank you for this excellent personal accounting app. I even a",1
 Poor user interface. I was completely confused. I would rather use excel because I don't have the time to be learning how to use all the poorly explained and organized buttons.,0
 I found a better app that doesn't keep kicking me out when I get to it. Deleted from all devices.,0
 "all I wanted was an app to keep track of my daily checkbook balance. this is the 3rd one I tried, and the first one that actually works with kindle fire. I only use the checkbook register but there are many other financial tools included. I love this app",1
 WAS VERY HELPFUL IN SHOWING ME WHAT I WAS GETTING AND NEEDED. I BOUGHT THE FULL VERSION AND LOVE IT. IT HAS REALLY HELPED ME UNDERSTAND MY FINANCES MUCH BETTER.,1
 "Too hard to get set up. A little confusing, too. Probably would work okay if it was easier to get up and running.",0
 This app is perfect for keeping track of finances for my business. I recommend it. No problems or issues thus far.,1
 "I use this everyday, it has some glices which the updates are slowly correcting but I have't found a similar product that is as good - yet",1
 "This app required heavy payment for use, and the free app didn't indicate anything about payment for full use of features.",0
 "I only use the calendar so far, but it's still great. It links up with your google calendars, which is why I got it since my kindle calendar stop syncing with my google calendars.",1
 "great price (FREE) and a great way for me to carry around a calendar and address book in one (since I *don't* have a cell phone!) IF you have a smartphone, this may not be worth it for you.",1
 "I use it many times throughout the day to keep track of contacts, appointments and tasks. It can be a tad finicky when editing sometimes - could be me - but I really depend on it and highly recommend it.",1
 It's a Kindle/Android version of MSOutlook. I no longer have to carry around an agenda. Easy to use & automatically syncs my contacts. A must have for anyone who needs an organizer!,1
 "I have used Microsoft outlook for years and when I started using mobile devices I wanted the same.interface. My first device was a Blackberry provided by my employer, and syncing with Outlook on the company server was seamless. I left that company and p",1
 Really enjoy this office organizer. It has the calendar & phone contact that I really like. It's so easy to use & keeps me organized.,1
 I love it on my kindle fire.Very easy to use. You will not be sorry..... I run my calender and my address book thru it.,1
 Haven't worked with this site yet so I can't give a solid review. I'm sure I will enjoy it when I get to work with it.,0
 This app. has everything you need to organize your life. I have used a Franklin Covey day planner for years and years and this app has replaced it.,1
 I was looking for this kind of app for my kindle fire and i am so happy to have found it! Only problem i see is that if your kindle crashes (mine did and lost everything!) there is no way to get it back and it took me days to put all the info on it! If ,1
 "If you are a former Palm user, this is the app you've been looking for. If you're not a former Palm user, you still need this app. It is absolutely the best sync app for Outlook to the Kindle Fire that I have ever seen. The app on the Kindle Fire is f",1
 I didn't like this very much. This just did not work for me. There are so many more options out there that work better.,0
 "Not worth the download. There are plenty of apps that can deliver better than this one can, especially for my Kindle Fire. Happy hunting!",0
 "This free app has everything you need for scheduling, contacts, etc. It's like a data bank for your tablet! Did I mention it's free? Has a great calendar too.",1
 "This is such a gift to be able to sync my calendar between my Kindle Fire and my computer. This is definitely what you need, unless you do not do much all day. The calender and the to-do list features are alone worthy of this download.",1
 I just discovered this app a little over a week ago when I was looking for a way to syncAct! Pro v16 (2014)- Includes 1 hour ACT! 101 training webinar held weeklywith my Kindle Fire HD. I also downloaded Deja Office for my iPhone and iPad to sync that wi,1
 I have downloaded a lot of calendars looking for the one that will do all I need - this is perfect. I can easily switch from day to month to year view. Appts can be set and recurring appts are easy - as well as changing or deleting one of the recurring a,1
 This was the last piece of the puzzle needed to ditch my trusty Palm after 10 yrs. Everything transferred seamlessly.Loving it so far.,1
 I use the (along with companion link) to keep my android and outlook on my computer in sync. Would highly recommend to anyone who needs to have their outlook data with them at all times.,1
 "I love this product! It allows me to use the reminder and the snooze reminder. I like that it shows day, week, month or year. Another benefit is that it's easy to navigate. I don't like that it doesn't sync with my yahoo calendar easily. Other than that,",1
 "You have to allow twenty different permissions in order to download this app. That is way too many. The app might work well, but I do not want anyone having all that access to all those

different things. This app is not worth someone knowing all these th",0
Great app - solved a number of sync/act issues. Recommended for anybody using act and a Kindle Fire/Windows phone. Very helpful.,1
Had looked for any and all apps to sync my new ASUS 300Tpad with outlook and couldn't find any. Was even more disappointed to read that there were minimal apps but was lucky that the article talked about CompanionLink. I was even more thrilled to learn,1
Only took a second to figure out menu and submenu navigation. Has all the effects I could want and then some. Well be my goto photo editor from now on. Good job on this one.,1
Linking to the camera is a common problem with Apps. States there is a camera hardware failure. This app needs some serious updating. Will not work with Asus TF101 & ICS ...ALSO LOCKS UP SYSTEM REQUIRES FORCE REBOOT. There are dozens of apps that fa,0
this is my personal fave. I use it so so much. I always get great comments about the pics I post after I've fixed them with little photo.... love it!,1
Wonderful very nice and easy to use application. I have been a Priority member for many years now I have all the information I need at my finger tips.,1
So glad to have this mobile app and it works great! I'm already using it to earn more and more points with IHG!,1
use it often and it is very convenient. highly recommended. the app works flawlessly. can't say enough good things about Priority Club Rewards.,1
Always stay where IHG gives points to use.,1
Would be a great game if you could play it. Want play all the way through WASTE of money. Will not be buying from this Game Company Again.,0
this game is one of the better ho games. played on my fire with not one bit of trouble. great story line. really enjoyed this.,1
"I have a kindle fire, the hidden object portion was awesome. But when it came to the minigames my screen was all messed up, I read similar complaints, and its true. Would love to purchase the whole game, but am afraid of the same problem. I dont know if ",0
"Very fun! This app works flawlessly on my Motorola Triumph (Android 2.2)\nAlso, yes, its a ripoff of Tux Racer, but unlile Tux, it isn't a ripoff on your wallet. \nAlso, you can control his speed, you flick forwards & backwards to do that.",1
"Crashed on me on multiple tracks, when it did run and too easy to get turned around in a rut.",0
I guess it's an OK premise but the practice is just you playing the game no tutorial no explanation waste of time,0
"Total junk. Doesn't even work on the G-Tab, absolutely no control. Don't waste your time or memory getting this game.",0
"I dont get how people dont like this game! Its so fun! I love how its n 3d, my favorite challenge is ski jump, feels like ur flying... ;)",1
"I downloaded this game because I loved the graphic, but then I started playing it! This game is a lot of fun! Not overly challenging, doesn't take a lot of brain cells to figure it out, its just a fun time waster. Use your phone to control the speed and ",1
"I'm really enjoying this game. Graphics are pretty good and it can be challenging. No issues at all on my Evo 3D. I don't know why everyone is dogging this app!? Good graphics, fun, free, challenging... what's not to like?",1
"This is nothing but the open source game TuxRider/TuxRacer with the Preferences and About menus removed... and of course, the new developer's ad/button in place. If you want the real thing, TuxRider is available for free in the Market and its developer m",0
" Might as well play this on Linux, because on the phone sucks. I hate it when people change the name and such and call it theirs.",0
"I really love the first person mode. It reminds me of downhill skiing, which I can't do in July! Fun game.",1
"I accidentally discovered that the Amazon version is the March '11 release as opposed to the Market version. The market wanted to update it, but kept failing. Finally realized I had gotten the Amzon one. Have no clue why thse Market would know/want to",1
This app saved me a couple of times when I did not have the ability to use USB. Be aware that Android and windows don't like transferring some files with some file extensions. I had to rename .exe and .apk files before transferring.,1
I found this app shortly after I got my first Android phone almost a year ago.Banzai! I was thrilled. You will be too. It is so handy to be able to trade ringtones and pics or any other file on your sd card *or* phone with anyone one else that has the ri,1
"this software works the way we expect, it do connection ok and good recommend to use it , love it",1
I couldn't get it to work and the support on this software was old time gobity gook. Wouldn't wish this waste of time on anyone,0
"My new phone's (Samsung S5570 Galaxy Mini) contact list would not transmit to, or could not be automatically read by, my 2011 Hyundai Tucson's bluetooth phone system. This meant manually looking up and dialing numbers instead of scrolling to them on the",1
"It took a while to get this application to work as explained, but once I figured it out I use it daily. Being able to wirelessly transfer files to and from a computer (or other Bluetooth enabled devices) is great. It's file hierarchy is familiar, and s",1

Love this on my phone and Asus transformer. It helps when transferring all kinds of files. Stock bluetooth would not transfer .csv or .apk,1

"I AM NOT SURE WHY BUT, DESPITE THE APP PROBABLY WORKING WELL WITH MOST DEVICES, I FOUND THAT IT DOES NOT CONNECT WELL WITH MY THUNDERBOLT AND HAVE HAD DIFFICULTY TRANSFERRING FILES SOME OF THE TIME.",1

"I wanted to do file transfers of photos from my computer to my ASUS tablet, so I got this app. It didn't work. I manually started my Bluetooth before opening the app, but never got past "Can not open Bluetooth connection" error on the app. Delete",0

"This is the go to program in my humble opinion for android share in the house.I have had about 5 generations of android phones samsung, lg, etc and this is one app they should have in the system it makes sharing files easy in between phones via bluetooth",1

This application is life-saving I have 300 old photos on a completely destroyed old-school Motorola razor plus 30 videos two years worth of stuff that I could not transferred get in anyway shape or form of been disconnect water damage and I found this ap,1

well it's hard to like something you never got the chance to use. the app wouldn't open not sure why but i deleted it,0

These are very beautiful and relaxing to watch. Makes you wish you were right there with it. Try it you will love it too.,1

"This wall paper is terrible. It looks decent in the icon, but when it gets blown up to the size of your phone screen, the quality is absolutely terrible. The "live" water doesn't look like running water at all.",0

"One of the most exciting apps to me is living wallpaper. I have and always will be a fan of things that move on my phone, tablet, desktop and laptop.",1

"I've tried a lot of WW apps over the years but this one is the best by far! It's extremely user friendly and intuitive, has a large database of foods, especially WW friendly foods (it updated just a few minutes ago when I logged on to it) -- it's up to ",1

"Keeps track of food, your weight and measurements, all without having to connect to ww. Great online food database. Well worth the price.",1

This is easy to use and fun too. So much cheaper than the online WW program. Runs perfect on my Fire with no problems.,1

Great app to track your points. Has more features than the stock weight watchers app without the monthly cost. I would recommend this to anyone looking to lose weight. Helps keep you honest.,1

I'm extremely overweight and this helps me to keep track with ease and it lets you see what you've already logged. you can eat anything and keep on losing weight. I lost 8.2 pounds this week.,1

"I wanted to do the points plus but live too far from meetings. I was looking at apps for my Kindle Fire and found this one. I tried it and am hooked. So easy to use, has everything I need to follow points plus, and even calculates my daily points valu",1

"Though not officially affiliated with Weight Watchers, this app provides similar options a-to the online version of Weight Watchers. Easy to use, easy to understand. Love the barcode scanner option...beats having to enter info piece by piece everytim",1

"Got this app because I no longer wanted the monthly fees of weightwatchers online. Also, there was no WW app for android subscribers. I'm glad there wasn't, because this app does everything you need for \$3.99 and there is no monthly fee. since 8 bought i",1

This is a very helpful tool and once I figured out how to use this I really like this app.It really puts a whole new spin on eating junk foods...Better instruction on how to use would be helpful.,1

"I am a weight watchers member. I was unable to use their app on my Kindle and using the fullsized computer was too time consuming. when I saw this app I thought I would give it a try. needless to say, I now track here instead of on paper. I wish it h",1

"When I bought this app, I thought it would be a good alternative to the WW web site, no monthly fees, and a great app for my Kindle.I was right, but I keep finding new things like the meal maker that make this app AWESOME!!It was a good way to spend a fe",1

"It's perfect for men. Hundreds of restaurant meals in the database, easy to scan items, easy to add items not in the database. I don't have to count my points because the app does it for me. Two weeks in, I'm down 7 pounds. And I'm JUST using the app",1

"Easy to learn and use. The on-line food database has almost everything. I know the points values for all my favorites (fast food, too), and can make informed, realistic decisions beforehand if I wish. I can add the foods to my "Favorites"",1

"No need for Weight Watchers or Jenny Craig, this app is keeping me on track. I have used other calorie counting apps and lost weight but they are not as much fun as this points plan...and most Fruits and Veggies are no points at all. Easy to use, just be",1

this work's very good better then doing on paper it is easy to work _give 5 stars lot of information,1

love this app! doesn't just track points but helps a dieter organize all aspects of their food intake and exercise. well.done!,1

I like this app a lot well worth the money. helps me to stay on track with out going to meetings.,1

Its nice to have an app that calculates " keeps track of my food. Looking it up myself was tedious. This app makes it easy. I love it!,1

"Best Weight Watchers app ever.. no other app is needed. It calculates, there's a database, place for notes.. it tracks everything you need and more!",1

This diary is really great. I lost 9 pounds in the last two and a half weeks. I would really recommend it for guys and girls that can't live without their gadgets. My eating habits are changing everyday.,1

"My wife e-mailed me over a week ago about this application, and I immediately downloaded it on the strength of her having read the reviews and her comparison shopping. Boy, am I amazed! Within a few minutes, I had entered my meals for the previous day ",1

"This one beats all of the others we've tried. Tracks foods, allows you to set not only food favorites but also MEAL favorites. Extensive nonlinear AND native food database. Tracks exercise. Basically all of the functions of the Weight Watchers nonlinear ",1

"This app works great on the Kindle Fire. I don't have to have any kind of Internet connectivity to use it except to look up plus values for some foods and this isn't a big issue wants you have your favorites set up. Every User friendly interface, as we",1

this is the best food diary application for kindle that I've found. perfect for weight watchers and a heck of a lot CHEAPER!,1

"Great app. I lost weight on Weight Watchers years ago. I thought I knew what I needed to do. I got off the program and the weight came back. There is something about writhing down what you eat. It is too easy to forget the yogurt on break, etc. I ",1

"This app has simplified my life! Best WW app out there, and I have tried so many. Download it, you won't regret it.",1

"Points system for weight loss. There is a large database for foods so you are not inputting information all the time. Very user friendly app. Impressed with all of the different areas of information tracking from weight to inches. If I am motivated, I us",1

"This app got me back on track! I love it! Helps with everything. Points value, diary, exercise, etc. Worth every penny!",1

"As others have posted, this app is much better than the "official" Weight Watchers app or website on my Fire (2nd generation). Intuitive and easy to use. A very complete database of foods and loads of restaurants. I tried this app a coupl",1

This tool works really well and is free. What more could you ask for. Simple interface the ability to scan barcodes and enter manually are all great.,1

This is a great app and they keep it updated as necessary i put this in my favorites and i am losing weight weekly. i am using the " Booster " in the calculate points section. This is worth the money and time.... Number one Program...,1

"I have tried the regular WW app, but prefer this one. With the WW app, you need Internet to access it--something I don't always have. I like that I am able to access this app both on and off-line. My only criticism is that you have to enter whole numbers",1

"I used the WW website for a few months and loved my results. My problem was that I do all of my tracking on my Kindle Fire, and for whatever reason, their site is incredibly difficult to even access, much less use via Fires. I found myself looking for ap",1

Finally a program for meal tracking that does not take the whole time you are preparing the food to enter into your journal! (and then your dinner gets cold because you are still entering!) My only fault is that it will read barcodes for manual entry bu,1

"At first I was hesitant to get this application, but glad I did. Easy to use, has more information storage for you to go back and look at. Helps in figuring out your points, lets you see what you have eaten all day, and you can have it set so that it dup",1

I prefer this app to the. one WW had at the time. Perhaps it has been improved. This app has everything I want to record points weight measurements etc. si have never had a problem with it. Highly recommend.,1

I have been using this ap for two weeks. it gives me the information and support to stay on track. makes it a lot of fun and I love the graph showing my weight loss,1

"Really appreciate this app. I'm not an active WW member , but like this method of tracking better than calorie counting. Thank you!",1

Best weight app. on the market in my opinion. If you cant afford weight watchers site this is the next best thing. I use it every day.,1

Just as good as the ww app. Essential for anyone who wants to continue the program tracking of food. Has all the needed functionality.,1

"I have been using this app for a couple of years now and it just keeps getting better. My wife subscribes to Weight Watchers Online and I just use this app. There are some differences, but this is an awesome resource for anyone following a WW type plan. ",1

This app is wonderful. It has a large library of items so you don't have to put in all the data and it does not freeze up the phone or have any other glitches.,1

"Love this app. Started using it on my Kindle Fire and put it on my cell phone when I switched to Android from Blackberry. Love it on the Kindle, easier to read. However bar code scanner is a nice feature on the phone. Lost 20 lbs. tracking with this app",1

so easy to use. since I carry my fire with me I can keep track of everything and can see a difference in my weight. It helps me stay in control! Have already recommend to several friends.,1 I love this app. It was well worth the money. Its easy to use. I have lost 6 pounds since I started. would recommend if trying to lose weight.,1

Just started going to weight watchers and was horrified dealing with tracking and points--until I discovered this app. Thank you Fenlander Software! I'm paying for the use of the Weight Watcher site but the site doesn't run on my Kindle Fire so I gave ,1

"I really like using this app. It helps keep ""track"" of the point values of the food I eat. Helps: diary, favs. your foods, really helpful database of foods, there is a way to help track exercise ""points. Until I see something better this the one. Th",1

"love it! no complaints, easy to use which is a huge plus. very accurate. love that I can look up restaurants",1

have been on ww several times and tracking food was such a chore that I didn't do it. now w this apparently its Sooooo ez and I track every single morsel! ! thanks so much!!!,1

"Full of neat and useful features! Very user friendly, too! I highly recommend this app. I've had the flu so I haven't been following much of a diet or exercise regimen, but looking forward to getting back on track and using this as a helpful tool.",1

"I love this app. It's the easiest, least expensive way to do Weight Watchers EVER! I live in a small town and knew there was no way I would go to in person meetings (I'd know everyone there). The online option seemed to expensive (and then I started s",1

Don't waste your time. The app is buggy and fugly. It does not belong on your phone. One has to wonder whether the developer even looked at the free competition before setting his price. Absolutely not recommended. Not even for free. Not even if Amazon pa,0

"this app is ridiculously complicated to use, considering its just supposed to be a task list. you waste a lot of time adding tasks. this might be good for procrastinators though if they dont actually want to complete the tasks... but even they should be w",0

would not recommend this what so ever to anyone. not even free. the developer should pay me to use this app. its that bad. a pile of cow dung.,0

Wow Amazon did it again! Another worthless crapp of the day! I wonder what they will give us free next that no one will use....,0

"Downloaded when it was a free app. First thing I notice? Add new item button is the width of the + symbol and not prominent. Also requires too much permission, especially given that the default task is 'financial'. There is better to be had for free.",0

"This appis horriable, how can they make an app thats so ugly and that is just like theone on my phone. I would never pay for this, i dont know if it is a good thing or not that it is free today.",0

Really ugly looking app. It works okay but there are much better alternatives for free. You'll notice that this app is pretty much rated five stars or one star which means the developer is writing a lot of fake over hyped reviews. Pathetic. Don't even do,0

This app cured my acne and made my phone faster. 5 min after I downloaded this app I inherited a million dollars. Also now women flock to me and men envy me. All because of this little amazing app!,0

This is one of the worst programs available on the free app of the day. horrible UI and broken program. really 4 dollars the dev allowed free app of the day to be high on the list. trust the 1 star ratings.,0

"Poor interface, no instructions. I'd love to know how the 5 star reviewers figured out how to make this app so essential.",0

This app is so so so bad!The best part of the app is the icon - I do not know who would pay for this in their right mind. Almost any free notepad app is better than this one.,0

Got it for free and still installed. ugly UI. To be honest who really needs a task list? If I did need one I certainly wouldn't pay \$4 for it.,0

there are much better apps of this type available for free much less 4 dollars. terrible interface and barely functional. if your reading this and its not free. Run!!,0

"no backup option, nor does it sync with any online task manager - such as Google Tasks. Instructions do not do as the title mught suggest.",0

"The negative reviews nearly scared me away from trying this program, but I am glad I gave it a shot. The quadrant system is a great idea. I suspect the negative reviews come from people who didn't take the time to learn about how to use the Forward, Neut",1

"I had to add my 1 star to this app. Maybe the developer will take a hint, and charge a reasonable price for such a simple app. Like FREE!",0

Not only is this an amazing app. I think the best feature is the quad-whats. And it knew how I like my coffee! Just amazing. My friend says it took years off her complexion. I would make 3 easy payments!!,0

"What a horribly designed app! It loses entries, force closes, and is an embarassment to Amazon. How does garbage like this get approved for Droid?",0

Okay you know the five star reviews have to be fake. there is no possible way anyone in their right mind could honestly give it anything over two. you can just tell looking at the screen shots how crappy the app will be before you download it. try it fo,0

"The UI is unintuitive and gets in your way. This app tries to be Remember the Milk and Evernote smashed together, and the result is pure, unadulterated fail. Even at \$0.00, this app is too expensive.",0

The few 5 star reviews must be from the developer cause this app is a rip off. I'm glad I didn't pay for this it's complete crap and will be uninstalled after typing this review. Amazon should

use an app before placing it on the paid for free area. This ,0

"Wow, can't believe they are charging \$4 for this piece of crap to do list. It's extremely ugly, bad design. And that's really just the tip of the iceberg. Doesn't even work well. The quadrant view could be cool, if it did a decent job of taking and displ",0

"This app should be removed, and the developers ought to be blacklisted. Not only is it priced too high. Not only is the interface poorly constructed. The main issue is that the developers dishonestly reviewed and rated their own product. Not cool.",0

"I see absolutely no purpose for this app. Don't buy it. It's not even worth the space it took up in my phone the day it was free on the appstore. The interface is chunky and confusing, there are free apps that work better than this. DONT PURCHASE.",0

I can not for the life of me determine what use this application has. A text editor keeps tasks better. Twenty words,0

"This app worked all right for me. It has a lot of customization and great options. I'm not the type who usually uses a task manager, but since it was free I gave it a go. I got it and used it all day. No problems. The interface could use better expl",1

poor ui. poor functionality. poor everything. amazon made a poor decision releasing this for free. gtasks is so muvh better.,0

"I am having a hard time believing anyone actually paying 4 bucks for this, and if you are the one....shame on you.",0

"This app seems to complete it's task ok. But the GUI is just plain terrible, not customizable except for a limited selection of colors. The interface also seems like it was designed with a single phone in mind... The app will not resize to fit the re",0

"If I could rate 1/2 star is would. Very Poor design and UI. Loses tasks, looking at when the 5 star reviews were done it's obvious the developer and his or her friends rated their own product. All the high ratings are within a week of eachother and th",0

"Confusing UI aside, the program won't save my tasks, and doesn't do anything for me other than work as a glorified notepad application. Something like Astrid or even a calendar event on google calendar can do more on my phone.Honrstly, this program needs",0

"Yes, this is definitely a bad app. I wonder how did Amazon approve it to be the free app if the day.Now a problem: I tried to uninstall the app, but got the message that uninstall was unsuccessful. The app does not show at the app drawer, butI I guess pa",0

I have had this app a long time it real helps big time it is the best game of disshion,1

"Roses are red. Violets are blue. This app sucks, you know its true.(Bows) thank you. thank you. Encore? Ok. Check out if I have been on another app to find my poems. Hmm... I feel in the mood for a game... perhaps a virtual toilet? maybe just a virtual ",0

Awesome,1

"I really like this calculator. I use it often. When I purchased a new phone, purchasing this App was number one on my list of things to do.",1

"Don't use an awfully lot, but when I need it, it sure helps. I always wanted a percent calculator because when your in the store and it says 20% off of 6.99 well what does that come out to? so this is a must for us who shop bargains lol",1

"Great bible, I got it because i use it on my phone. The phone version however does offer more translation than this, go figure.I love studying the word & this bible is the best there is out there without any invasion whatsoever. If u have an android phon",1

I got this Bible for my husband to use when I am teaching Sunday School. It is easier for him to use. No gadgets like some of the others. Plus he is more comfortable with this version.,1

"Having downloaded several versions of the Bible I have become addicted to this one. It's easy to navigate, notes and highlighting features are easy and reliable. I use it for personal study time along with the Bible trivia game (freeat app store) and fo",1

"Very easy 2 use, easy 2 find a specific verse. Of all the bible apps on Amazon's Appstore this is the one I would recommend",1

This is easy to use fast reference I really enjoy it so fun to read and don't have to lick your fingers to turn a page.,1

I would only encourage people to read the Bible is all I have to say on the matter at hand,1

"It does what is says, quick. You can quickly find a verse and turn to it. I love that you can add different Bible versions. I mainly use the KJV, but have Bible in Basic English when trying to understand a difficult verse. I like that in is not an 80 meg",1

"I have been searching for that ""perfect"" Bible app, and I do believe I have found it. This is a very customizable app with many functions and requires very little space. It can be used off line. I have left the app open for a while to see if I got the",1

Great for my Kindle and I am enjoying this. Great gift for anyone and I have always liked the KJV myself.,1

I like the fast reference when I type in the book and verse. It is very good. I would recommend everyone purchase this that would like a fast reference.,1

"I really liked this app...really do! but, I downloaded this app and another at the same time and I just liked the other app better and so I use that one! So sorry to have done that cause I do like this app and I would recommend both to everyone and let ",1

"I would have given this a 10 or more, as what could be better than the Word of GOD to have with you, when you need it. These crazy days we need the 'Word' and stay close to the Lord our GOD.",1

Quick King James Bible (KJV) is great. I take my tablet with me everywhere and it's great to have on hand.,1

"I RECOMEND THIS BIBLE FOR NOTE BOOKS AND KINDLES . FOR IT IS THE TRUEST , PUREST , MOST DOWN TO EARTH KING JAMES BIBLE, I LOVE IT , OUR PREACHER'S WIFE SHOW'D THIS TO US TO DOWNLOAD ONTO THE KINDLE FOR CHURCH, IT IS THE TRUEST BIBLE , HAS ALL OF GOD'S WO",1

I found this app to be reliable and you don't have to be on wi-fi to use it. My mother loves this app and she's 83 years old.,1

Installed as a free KJV on my Kindle. Great app & all for free. Christ words in red & easy surfing from book to book,1

"This is the best Bible App! It's quick, efficient and easy to use. The search option is great also. Every verse or word I have searched, it has found. A must have!",1

"easy to navigate, easy to read, you can find tons of reading cycles online for free if you want 2 read thru it in a year, just pik the one that works for you. Can now take my Bible anywhere which is convenient. Also this was a free app, nice to have a ",1

"this KJV Bible by far is one of the best bibles I used it quick and easy way to chose books, chapter, and verse is great its always at the bottom of page the only thing I would like to see change is being able to move left to right instead of up and down",1

"Over the years I have used many types of E-Bibles, from software, to dedicated devices, and now this Android app. This is by far the easiest and most versatile type I have ever used. Its easy to get to where you want, its fast, clear and easy to read, it",1

"this is a very nice Bible program. loads quickly, runs flawlessly, gives me the options i want (text size, colors, etc), along with bookmarks and the ability to add verse notes. exactly what i was looking for to use for my daily Bible reading.",1

I love this app it is so easy to read God's holy word. I keep my tablet with me most of the time and when I stop reading it comes back to where I left off. I thank God for such great tools to work with. It makes it so easy to read God's Word.,1

"Great App which meets daily use. It has a daily verse and search by chapter, verse, or subject. I'd been searching for a passage for months before installing this app. With the easy search, I found it. Highly recommend",1

"Easy to use, Easy to read, and has just what I need to do my morning devotions. Now I can read the Bible when I am out and about without messing up the pages.",1

Its all good. I love the Lord and his written book. I'm so glad that it was offered for the kindle fire.,1

"better than any book I have downloaded. highly recommend, easy to use. I use mine in church every Sunday. Works fast and you don't need Internet.",1

"As always I enjoy reading God,s love for us. This is the never-ending story. For me it is the finest Words ever written.",1

"The quick Bible is awesome, I can access it from anywhere. The best part I do not need the Internet to access it. Bravo!!!",1

"A simple to use, but highly useful app. Switch between books, bookmarks and highlight with ease. The Bible at my fingertips, without needing a wifi connection.",1

i love it because it easy to use to find the book i want.i got it because it very useful to highlight important scripturesno dislike when come to God's wordjust love this app,1

This is an easy to read Bible. I got it because I have a problem reading the small print in my Bible and this is wonderful. I also love it because it can go anywhere with you easily.I would definitely recommend this app.,1

"Nice to be able to pick up phone or tablet no matter where you are and be able to read the Bible, Easy read,I have enjoyed it",1

This is why this version of the bible is great for me. The versions available are interesting to see the differences as a person looks up chapters/verses on the fly. A person can shift back and forth between various versions.,1

This is a great app for church or home. Easy to use and mark verses. I really like it. I would recomend it !,1

I like that you are able to move from book to book easily. At church we move to different parts of the Bible and searching through a book is difficult to keep up with the sermon.,1

I love this quick KJV Bible. It's so easy to find what book and verse.You can take it with you to church or anywhere.I would recommend it to anyone. Myself I only use the KJV. It's great.,1

it was everything the reviews said it would be. i enjoy being able to highlight and make notes on any verse i want to.,1

THIS ITEM GIVES EXACTLY WHAT IT SAYS IT WILL DO. IT EALLY IS QUICK AND IT JUST WHAT I NEEDED FOR MYCELL PHONE.,1

"I cannot carry my Bible with me everywhere I go, but, my Kindle Fire is always with me...love the convienience.....",1

i think this is splendid to put the whole bible on an app. Now people have no reason to read it,1

Simply a very good Bible so very easy to search and use. Customizable fonts and colors.Thank you Author for such a wonderful Bible.God bless you!I changed the font to black and background to white. Seems more cheerful to me.I realize it uses more batte,1

I love reading the Bible on my Kindle. It is easy to read and to transport it. I Love it!,1

"I LOVE this, I even love it more that I can add notes as the pastor talks. This is much easier

than the actual book and taking notes.",1

I found this version easy to get around in. It is quick and easy. I have two kids. (7 & 10) They both can surf from book to book during the sermons. It did not take me long at all to get used to the way it changes books and verses. There are options to h,1

Great to carry to church or Bible Study. Easy to locate references or jump from verse to verse. I've used other KJV apps and this is the easiest FREE one I've found so far.,1

"I've been looking for a Bible App like this for YEARS!!! THANK YOU, THANK YOU, THANK YOU!!!!!!

Not that I didn't know when Jesus was speaking, but it's nice to have some concrete certainty.",1

Easy to use. I really enjoy using this in bible class and during study at home. Good for devotionals also.,1

Great keyboard. Easy to use and great auto correction. I can type faster now than ever before. The skins are a nice touch. :-),1

"wont apply any settings or even apply period, dont waste your time. shame because i use my tablet keyboard a lot",0

This is a great keyboard for any task...better than the pre-installed android one. I'm using it to type this review right now. The predictive assistance is excellent too!!.,1

"I'm currently using it to write this review. It took awhile to learn & I even disabled for awhile, but after working with it more, I seem to be getting on its level. :-) It isn't completely compatible, for example with OfficeSuite I have to backspa",1

"I tired other keyboards, but this one seems to work better than the SwiftKeys with my PanDigital 7" tablet. Thumbs up.",1

"Spell check is terrible, keyboard functions are terrible. I couldn't find one good thing about this app. . . .",0

2.99 for this. why dont they just make a app with dancing monkeys on the screen and tell people they would like our money for mt dew and Doritos. i would be more inclined to buy it based on that than this out dated crap.,0

Absolutely waste.. Don't use this app for your phone. It will drain your battery. Android has better memory management in its system.,0

"Although I must say I love the fake reviews, haha. Maybe I'm just another "Droid troll", but the bottom line? SAY NOOOOOOOOOO TO TASK KILLERS. The end.",0

Amazon should know better than to put their support behind this charleton of an application by featuring it as Free App of the Day. Every potential visitor to this page should understand that this type of application is a complete waste of time (and mone),0

"Android 2.0 and newer don't need this, and this app will cut your battery life if you run it on Android 2.0 or higher.",0

"Android phones operate using flash memory. Because there is no hard disk drive, a defragmentation is impossible.\n\nThis leads me to question the legitimacy of the app, as the creators would have no way of writing an actual defrag program. I've hear",0

Another points task killer... Specifically designed to slow your Android phone down and eat even more battery life than without it. When will developers stop making these? And this one charges money!,0

Apps like this are no longer need on newer phones. if you have an older one it might help bit check what version of android you have by going into setting > about phone if you have 2.0 or higher pass on this app.\n,0

"as everbody are becoming aware that all app killers, task killers, memory boosters etc are useless as android will reload the app immediately after, and for doing this app, you are killing your battery for reloading apps constantly. get rid of all those, a",0

"bleh Amazon...u know better! As for the developers, why would you prey upon those who don't understand 2.0 android software?",0

"defragging solid state memory is a bad thing. secondly, the android OS does not need a task killer and force closing apps with them can cause your phone to start having issues.",0

Didn't do anything to make my phone better. Waste of time and space. Not recommended. Do yourself a favor and don't bother downloading.,0

"don't waste your time downloading these types of apps. as all the other review s said, t total waste of time",0

"Do not download this. your android software, ir 2.0 ir above, does not need a task killer. RAM defrag is BS. This one star rating goes for the dev of this app and specially dor Amazon.",0

Don't let these developers make any money off of this crappy work even if it doesn't cost you anything! I am sure everyone else has covered the merit of these task killers.,0

"First, as already explained by many others Android versions 2+ comes with a very effective and efficient memory manager (allocation and garbage collection). Having applications such as this running in the background will not only be a battery hog, but ",0

First off how do you drfrag memory? Answer is you can't it's not a hard drive. This app is useless crap DO NOT DOWNLOAD,0

I couldn't notice a difference at all. 2.99 is a rip off. I wouldn't recommend this at all . 20 words.,0

"If you really must get a task killer because some idiot in a suit at a cell phone store says so, then at least get a free one. True geeks and techs are trying to save you from making a mistake here, so pay attention, read up, and use google to educate yo",0

I haven't seen any speed increase with these type of apps. In fact my phone seems to run more slowly.,0

"Just like everyone else is saying, worthless application for anyone running 2.0 or higher. Defrag RAM, really? That is ridiculous.",0

"Memory defrager? That is a new for me, do your phone a favor and don't install this BS app. So i need a few more words... There!",0

"Most of the apps it killed were background apps that will restart themselves. So you. Ot old waste battery power by running this app, but you lose more to the program restarting. I see Amazon is scraping the bottom of the barrel today!",0

"No good for nothing. Useless,just another useless application. I'm glad people do reviews like Android tells you read reviews to avoid useless apps like this one.",0

Not everyone has a 2.0 or higher phone. So why all the 1 star reviews? Oh that's right its all the people that think they are the only people on earth and believe even the sun revolves around them. \n\nSo they say task killers are not needed after,1

"Pros: it looks nice?\nCons: it kills apps like games even when they're running, and caused my 4g radio to disable itself repetitively.\n\nMemory management by the OS may not be using a desired algorithm, which would constitute a potential need for p",0

"ram cannot be defragmented period, this uses more battery and ram so it makes it useless, the os already does this job without wasting performance",0

Report an issue with it in the product description section. That way Amazon will know what's going on too. And everyone is right. Apps like these are not needed.,0

"Reviews are helpful, good or bad, I dont install anything without reading at least 50 reviews on the app.",0

Task killers are not needed on phones running the newer android operating systems. They handle this stuff on there own and task killers can do more harm then good to them,0

"Task killers nowadays are useless, and you (dev) are just pushing snake oil down everyone's throats thinking that you'd win and hurt everyone with your junk? No thanks, and I'm glad that everyone is down-rating this app! Shame that we can't",0

Task managers are pathetic and are based on the assumption that your phone doesn't know what it's doing. It does. Avoid like the plague. \n,0

"That doesn't even make sense. Memory is not the same as a hard drive, where defragging is useful. If that's what the devs claim... Wow.",0

that phrase alone scares me. defragging is a good thing on hard disk drives. it realigns most used blocks farther on the platter to allow faster seeking. its a good thing.\n\ndefragging RAM or SSD (Solid state drive) is useless and DAMAGING. there is ,0

"The Android operating system re-allocates memory on the fly as it's needed. Tasks that are idle may be 'using up' your ram, but are unloaded automatically by the OS when that ram is called for. Using apps like this will force the OS to rel",0

"These type of applications are useless. No needed, doesn't do anything, waste of space and just a big zero. That's it.",0

This app is a bad idea! I wish that Amazon would give us good apps as the daily free app but then again they are free so.... Anyway this app is not needed for the new Android phones. \n,0

"This app is not needed by most people. If you are still pre-froyo, give it a try. Otherwise, it's not needed and the developers should tell potential buyers this. Bad business practice.",0

"This app is totally useless. You do not need it for your Android phone, no matter what scare tactic is used to convince you otherwise.",0

This app store has really dropped the ball lately. I can't even remember the last time the FAoTD was something good or useful! Myphone came preloaded with an awesome task killer which is only used to 'kill' apps if they happen to crash. T,0

"This is completely unnecessary and it will cause your battery to drain. Android manages resources, apps, and memory on it's own. Don't download this.",0

"This, like most other alleged 'performance' enhancements for android, is absolute hokum. Unless you're changing the clock speeds of your cpu, or running a sleeker trimmed down UI you're not going to see a thing. If you need speed or b",0

"This must be some junk ported over from the iPhone market because an android phone doesn't need this crap. Seriously, I have over 100 apps on my phone and I don't have a single problem with it, my phone runs just fine without any additional mem",0

"To echo everyone else, these type of apps are useless. maybe early on in the donut days they helped a little, but now the serve no purpose.",0

"useless and people should already know these task killers are really killing your phone. we aint trolls, we know so dont believe me? well google it. also your phone should already manage apps by itself. dont be idiots, just listen and understand.",0

"Usually the low ratings on Amazon aren't justified in this case, they are right. Apps like these are actually harmful to modern phones, im really surprised Amazon posted this. unless you are running an older phone with Android 2.1 or below, do not downlo",0

"What a waste this is. Its smoke and mirrors, and out set off Watch Dog. Its not needed and gets in the way of the native system...don't to it",0

When I first got an android phone I went killing background apps left and right. This actually

made the phone perform worse and be generally unstable.\n\nOnce I learned that android has a different method of memory management and left it alone my phone t,0

"why do programmers keep making these memory boosters? they don't work. if someone wants to help me , write a program that let's me remove the bloatware on my phone.",0

Wouldn't touch this app with a 10 foot pole with the dev stating it defrags your phone. What? Defrag an android?,0

"You don't need this sort of thing with an Android device. Don't download this, we don't need to give this dev any money for a crap app.",0

did nothing but make my phone battery die faster than it used to. don't waste your time downloading this app.,0

Does no good on Android phones. Maybe if you are stuck on 1.x version. Useless otherwise. \n\nIf your phone is slow is more likely that you have poor hardware or crappy apps like this installed.,0

everyone claims there are useless. I have the newest 4g phone available in the USA. and let me tell you my good task killer keeps force closes at a minimum and allows all my apps to run well. but this app sux it is horrible on all fronts. and for those s,0

"i havent download this apps... i didnt install any kinds for task killer... i dont need it.. i have use WatchDog Task Manager Pro... i wasnt happy with that... i learn alot about task killer from web site.... so, then i got updated new gingerbread 2.3",0

It is called a smartphone for a reason. This App is not needed. Thanks but no thanks. Just use a regular task killer.,0

"The last time someone told me to defragment my RAM, they tried to sell me EDO sticks at 90 bucks a pop for 32 megs. I'm not going to use the Android app being pushed under the same "I have no idea what I'm taking about" computer sales",0

This kind of application is no longer needed. It's seems like Amazon doesn't understand this. Why should I trust Amazon market if they don't understand themselves?,0

"well I downloaded this app this morning and tried it for about a half a day, and it is complete garbage. My phone would just sit on the table vibrating and pushing buttons on it's own. Now I've had some problems with Android before, but nothing",0

"This app, apparently, caused my phone to catch on fire. BATTERY exploded. And, I received a 3rd Degree burn on my thigh because the phone was in my pocket. My mom won't let me carry a cell phone anymore. Stupid App! EVIL.",0

I think the developer needs to rewrite the description as it appears to just be a task killer. It runs fine on the htc evo 3d.,1

"i tend to exit out of apps all the time using the home key and i am unaware tue app is still running in tue background. apps such as pandora radio, google maps, or even angry birds. its nice to have an app that will reassure your phone snt working harder",1

"Pointless. Read below. Does the same thing as any other, but less pretty and more cluttered. Not even worth it as the free app.",0

"As has already been said by others, task killers are pointless and often will do more harm than good in the Android ecosystem. Unfortunately some people will undoubtedly try this and be tricked into thinking it will do them some good.\n\nAs for the idio",0

Didn't Amazon learn from the last debacle with a task killer? In twelve hours this app will be rated at 1 1/2 to 2 stars with hundreds of reviews and nobody will ever touch it again. Idiot developers should have done their homework. \n\nAndroid doe,0

"Apps like this are needed for earlier versions of Android... like pre-2.2 Almost all prepaid Android phones are pre 2.2, especially on Boost Mobile. Not everyone runs out to buy the newest phone either. There are plenty of people using the same phone for",1

"please downvote any and all apps likethis. they don't work,and will actually make android less stable. android knows how to manage memory on its own.",0

My phone performs much faster whenever I do the quick boost. It works great. The widget makes it very convenient. The best memory manager I've used,1

"Don't allow yourself to be misled by the legions of Android fan boys touting how wonderful its memory management is. The manufacturer's recommendation is to reboot the phone on a daily basis. So, in a nutshell, the Android developers have taken an OS not",1

This provides no benefit to any of the modern phones. If it were only made available to only ancient phones I would not mind. But it's just a placebo for phones.,0

"With 2.0 your most used Apps are preloaded into ram, where they sit without using any processor cycles, and therefore use no power. Your phone loads these so it runs faster, then Apps like these use power to empty the ram, which your phone then uses powe",0

"First of all this is misnamed as a memory booster. It's not giving you more memory nor is it ""managing"" your memory in anyway better than what the Android OS does itself. It actually says that this app helps you run at ""optimum efficiency"" when the only ",0

"all this has done is use up more memory. I agree with other comments posted here: its useless program, a waste of my time. I'm going to uninstall it now.",0

"as many others have stated, Android 2.0 and above derive no benefit from this kind of app. the developers of these applications are preying on those who don't understand or care to understand the technology behind their mobile devices. \n\nI also ag",0

android os is optimized to handle memory efficiently on its own. These memory freeing apps cause

more harm than good,0

This does not defrag your memory. I'm shocked that this is a paid app. Don't waste your time on it.,0

"The app might be designed well and look nice but like stated before, if you have Android 2.2 or later then you have no need for this app or ones like it for that matter.",0

Memory management apps like this are completely unnecessary with Android 2.x and above. Then the dev has the balls to charge \$3 for it?! Get real.,0

"this app is so useless, not ever worth the free price tag on app of the day. lets send a message to developers trying to scam hard working folks",0

"Glorified task-killer, which does nothing but reduce performance. Many processes killed are automatically reloaded, so worthless. I thought we were done with the age of task killers for android?",0

"It makes no sense that Amazon would place this on the market. It has no value, and could lead to wrong- headed understanding of the Android OS. Stay away.",0

"Don't waste your time and energy. It used up far more memory and processing power than it freed. OK, so I need more words to write a review. I don't tink it is necessary, but if that is what amazon wants so be it.",0

"This app is useless, never pay for this as you will be doing more harm to your phone if anything.",0

it doesn't work. It sucks. needs fixing. not good at all right now. could be great with a lot of changes,0

"With newer Android OS's this application is not really needed. The developer does a decent job of listing out what is staying resident and running in the back ground, but for the most part Android already does the job of cleaning up after itself. It was ",0

"like everyone else says , it works against your phone's natural processes and actually hinders it rather than helps it. Too bad you can't give 0 stars",0

Couple things to point out it is not helpfull or maybe even possible to defragment a flash memory (i dont know im not a computer expert) Also continually killing a task may use more battery and may slow your phone down if the app is going to start automa,1

"Your Android phone will manage resources better than any 3rd party app. If you want to use junk apps, like this, buy an iPhone.",0

"When will people/developers learn that task managers/ ""memory booster "" /ram optimizers are not needed for Android operating system? This does more harm than good. The native scheduler just works fine. Useless app.",0

"Defrag memory? That makes no sense, as there is no seek time penalty for RAM. The developer should be ashamed, as should Amazon.",0

"Wow. Just when I thought Amazon couldn't think less of it's user-base, they go and put garbage like this up. I have grabbed almost every app of the day since the market launched, but I won't encourage this kind of idiocy by adding this app",0

"oohh.. Look at all the bells and whistles and pretty lights. This must be the coolest app ever. Actually that's all this is. Pretty lights, bells and whistles that blink and ping but don't really do anything. But it looks pretty. USLESS!!",0

"I gave up on task killers months ago and noticed no difference at all. Zese apps, zey do nossing! Skip this one!",0

"This seriously is just a terrible joke. Defrag? If people actually believe that you can defrag your phone or tablet's FLASH MEMORY, then I have even less hope for humans. Don't believe this stupid app's false claims. Don't bother down",0

There is absolutely no need for something like this. I used to work for US Cellular and the moron regional manager and the store manager decided to make it mandatory to download a task killer onto androids and I can nearly guarantee that every single one,0

"shame, shame, shame. These apps never work as they claim to. Your android phones are smart enough to manage without this junk.",0

First of all you proved your either a dev or someone else trying to give props \/ a five star fake review for a this app by what you wrote ie \/ for example saying google I swear this is or was amazon and if im right is not owned by google last I trust t,0

"I had to chime in here. This is a great. app! Does exactly what it's supposed to do. My LG Lucid runs great with this app. Before installing this app, my memory frequently would become bogged down from browsing, game play, etc... No longer an issue ",1

"This app works wonderfully. All those others who gave it a bad review must not have even tried it. Overnight my phone used zero percent battery. It was at 65% when I went to bed, and when I just now got up. Love this app.",1

"Android can manage your memory much more effectively than any task killer can. You should definitely avoid this application, and all other task killers.",0

No point of even having this... Total waste of space for newer android phones. How do these poorly written apps even make it on to the market?,0

I use it all the time. It is a real life saver for people who use their phone alot. Speeds my phone up and keeps it in tip top shape.,1

"This is the first free app of the day that I haven't downloaded. I agree with the majority in this case. If you really want to increase performance, root your phone and get ahold of

imoseyon tweaks or similar, or try one of the many great ROMs avail",0
"Google has designed the Android operating system to do these functions automatically. Using a program like this may slow your phone, cause extra drain on your battery and require phone reset to uninstall.",0
I wish I could give this app a zero star rating. Utterly useless. I can not believe Amazon is promoting this app.,0
You should avoid task killers at all costs. They actually impede on Android and REDUCE battery life. Hoping for a ban on them someday.,0
doesn't do anything I can't already do with the operating system itself. would not recommend this app to anyone. do not download.,0
This will be only the 2nd time since the start of the Amazon App Store opened that I am passing on the free app of the day. The reason? Three words: Defrag SD Ram!,0
"if you have android 2.0 or better you do not need an app like this. Android pauses any background app and leaves it in memory yes, but will close apps when it naturally needs more. This will drain more battery because its essential fighting the android s",0
"... memory boost app, it destroys your phone more then helps. I never trust any third party app. Just use phone task manager.",0
how can you trust an app with a description that makes no sense. it can't defrag your memory it just shows you fancy graphs that mean nothing. \n,0
"Not to sound mean but yeaaa, these Apps aren't needed and if you want to try one, just get the real atk.",0
"Current versions of Android manage memory extremely effectively. Memory managers, task killers, and the like are not only pointless but can cause problems. No one who owns a current phone should install this, and anyone who has should uninstall it.",0
"this app is not needed, task killers can kill operating system for your phone that are needed to run at its best. also plz give bad review, amazon has been putting nothing but useless apps out lately",0
"Android does this on it's own, all this app is going to do is drain your battery. I guess I should have read the description, I thought it was a logic game lol. As with 85% of the 'free' apps Amazon puts on here...this ones garbage. I thi",0
This is a dumb app both in its worthlessness for Android and in the ripoff it is to anyone that gets sucked into paying for it.,0
"just another task killer, and as long as you're at android 2.0 or above, your device manages it's memory efficiently enough. these types of apps are actually bad for your device, they take up their own system and slow things down by closing ope",0
"There are a lot of red flags in the description for this app. For recent versions of android, this app will hurt both performance and battery life. The android kernel does much of this already and it does it much more efficiently.",0
been using this all day on my htc inspire 4g. so far I've actually have seen an improvement on my battery life. I used to have to charge my phone halfway through the day and today I. didnt have to. So thanks for this app Amazon and the developer. I ,1
"Android was made to multitask. If you use a task killer, it only interferes with the way Android is built to work, therefore it makes your phone worse. Read what Gizmodo and Lifehacker have to say about these task killers.",0
defrag your memory? no android phone or tablet has a harddrive that's capable of being defragged. shame on the developers for making people pay for a fake product.\nshame on you Amazon for promoting a fake product,0
I installed it and ran it. it looks very pretty but when I tried to free memory it free's d like 500 bytes. I tried this multiple times (it makes you wait 10 mins each time) and same result. so I don't see the advantage of it. looks pretty but d,0
Waste of time for my phone. May be needed on older phones. Just a waste of space on my thunderbolt!,0
"Android systems do not need task killers. They are useless. That is all this app is, a useless task killer.",0
"Not even worth the time it takes to download. Does not increase performance, battery life, or your desirability to the opposite sex.",0
This type of product is a digital snake oil for your phone. Your Android smartphone is actually smart about how it manages applications and resources. Apps like this one work against your phone and any effort it will make to maximize its battery life. Ye,0
"like every one else is saying about these deceptive developers that make a supposed memory booster or battery maximizer, they just hinder your phone more than help it",0
Unless you have an android with a software version of 2.0 or earlier then this program and all other programs like it will NOT help you. In fact it can things to run slower.,0
"I use FltPlan.com on a daily basis, and this app makes my job even easier! I just got a new tablet, and with 2 clicks I have all of the information I need to plan a flight. I have used every section of this app, and none of them have disappointed me. A m",1
I love watching videos and this app allows me to watch videos from my favorite artists. I always am able to keep up on what I love listening too.,1
I love this on my kindle fire because I hate that youtube mobile doesn't support VEVO but this

app...I love it!,1
"doesn't play youtube playlists, takes forever to start and won't play playlists and search engine sucks !!!! if I could rate properly = minus 5 stars. There is not a single youtube app that will play my full playlist with no problems, FREEdi youtube play",0
"Wow, I love watching music videos on the computer screen at home, but now we can watch it on the kindle, on the go. THANK YOU VEVO",1
I have not used it but I always watch vevo vids on youtube quick loading when you skip does not lag but I know dis app is gonna be awesome oop done with the download,1
This is the best music app. Requires Internet. has many artists like rihanna eminem jay z. Not really any rock bands,1
"we have this channel on our roku streaming device and we love this music channel, we all get to listen to all of our favorite music",1
Sometimes youTube wont let me watch on my phone but VEVO alllllllllways does! Heck yea! And it has all the new stuff!,1
"works amazing on my kindle fire. if you want to watch/listen to your favorite music artist then this app is for you. plus its free, so what more could you ask for.",1
You can get any music video in the world and on the website! This is so cool to finally be able to watch music videos at a restaurant!,1
I enjoy being able to watch music videos for some of the songs I like. I also like the fact that you are able to search for what you likes and the wide selection available.,1
"If you love to watch music videos at your leisure, you must have this app. I love VEVO--lots of videos (many times UNCUT), just a finger-tap away.",1
My tablet alert me of a virus with this so. I had to get rid of this.,0
This is a must have app for anyone that wants to watch music videos. The video quality is amazing and you can save playlists.,1
I really live this app. This is my go to music app. I can pick the songs/videos I want to see and add them to my playlist and it is free. Love that.,1
I thought this app would be great and it was finnaly one that i would love it worked for abot 20 minutes and suddenly stopped working so i had to delete it,0
and i love videos. this gives u unlimited videos for... geet this... FREE!!!!!! i can not believe this is free. its perfect and u can watch any video u want as much as u want! oerfect! if u like music then buy this app 4 FREE the best price ever.,1
I had to uninstall this app. It wasnt what I thought it would be .it didnt play well on my kindle. Maybe I didnt give it time,0
music apps are only good if it plays the music u want and keeps playing while u play on apps this app only plays what you want! THIS APP SUCKS!!!!!!!!!!!!!!!!!!!!!!!,0
the only bad thing is the error part but besides that its great I love it its finally a decent app with vevos,1
Do you know why I love vevo is because they have every music you could think of. I love it,1
"The Videos are free to watch in terms of money, but you do have to spend a little time watching a commercial every now and again. I didn't count but it seemed like one commercial every four or five videos. The search function will find videos in the li",1
This app runs very poorly (when it runs at all) on the Fire. It crashes frequently and you have to force a close. In a few cases it locked up my Fire so I had to power down to recover. The few videos I did manage to play were very low res and unpleasant t,0
vevo always has the songs you want to hear! browse through some top songs now or some older classics! i love vevo app!,1
This app is the best app if you love music videos! it's always up to date with the latest premieres!,1
It does just what it says so you do not have to worry about going on YouTube and then having to connect to vevo,1
Dont even remember this so it was not good I would guess. Other wise wouldnt I have remembered it? :(,0
"I find the colour, clarity and quality to be excellent and so easy to access... even my 6 year old granddaughter loves it and can access it on her own!",1
it is truly awesome. it has all my fav. songs and more. all the songs are really easy to find,1
"I am glad they have an app so, I can see my favorite videos without going to my computer. My kids like it as well but, make sure you monitor what they are looking at. I also love the fact that it is free! I can see older videos that I have not seen in a ",1
"very nice HD quality, my favorite app for music videos, very easy to download, will definitely tell my peeps about this app.",1
"Great Video app, simply add your e mail and and pass from Face book or twitter I think it was?... if you like to save all your free videos that is lol.. Poke around to get used to the buttons, but most of all, "top right corner" for your playl",1
Extremely slow. Very blurry and hard to hear. I do not recommend this app. Absolutely terrible app. Don't get this app. It's not worth your time,0
I like these songs man it is so cool you should download it is so awesome it is a funny name,1
My friend got this and she said it was great so I decided to get it and it is awesome,1
This is a good app. Ive downloaded it to my other devices works great with them... if it would

just download to my kindle fire... that would be great!,1

"This app is the best thing to ever happen to me. Usually I get bored of an app really easily, and uninstall it a week later. But I've had this app for 6 months. Its so worth it. It doesn't even cost anything! IT'S FREE! You get all the music videos of bi",1

Love this app it's very cool and its free I am very much enjoying this app it's really great and awesome if u get it u will love it and enjoy it because of the music to,1

I am really enjoying watching the music videos. There are some songs that just have audio which are labeled as such. This app is really good and I enjoy sharing my favorites on Pinterest and Facebook.,1

I very much enjoy watching music videos from my favorite singers. There are many videos to chose from as well as artists.,1

"Most Videos are in HD both on Tv and Amazon kindle. Brand new video are posted up all the time and its simple to look up videos by searching artist up. I also like the Vevo live though i dont always watch it, i do sometimes. you can look up music videos i",1

Any of the top music videos are found on this. it is great if you would like to get caught up on all the new music and videos,1

"Music is beautiful, and its my life. So I got this app, and no music is with me on the go! Get this app, and you will be happy you did.",1

I recommend this app to anybody who likes music videos you can browse all kinds of categories within the app very good app I get this five stars five funds up for a good app.,1

it does not work well at all on a kindle fire. don't waste your time. I love vevo but this version ain't working. please fix and I will change to 5 stars easy,0

This app is amazing! it works very well and the videos are all HD even if you dont have the best internet. Its great!,1

Love anything free. My kids love it because they get to see all the new releases. I like it also I can watch all my favorite singers when ever I want. And it a whole lot easier to use then the VH1 on the DTV4 loader.,1

works great on my kindle fire :) way better than youtube. haven't had any problems with it. videos load quickly and play without having to stop and reload. A+,1

must have if you like music videos. has great play lists and new music before it hits youtube. better than youtube,1

My on " hooked" me up to VEVO. I spent mot of my time in rehab listening and watching the video.,1

this app is so confusing I can not make heads nor tails on how to use it. it is useless and not useable.,0

"I especially love the 80's music videos from the day when they first became hugely popular on cable TV. Vevo allows me the joy of revisiting most all those videos, or other genres of music video since it automatically customizes subsequent selections to",1

I love this app I watch all my music videos on it and justin bieber videos I really recommend it,1

"I have tried to play vevo on my kindle fire HD but, it is not working at all. I still have the same videos on here from weeks ago I thought it is suppose to change up to different video's. I am so disappointed at this app rite now because I love beck and",0

i love this and enjoy for hours of entertainment. the search engine is very easy to use and i enjoy just about any music videos there is to take me back to old days yesssss!!!,1

"i like watching music videos on this app, it also found me new songs to listen to. i like it",1

Vevo works perfectly on my Kindle Fire. This app makes downloading music videos a breeze. Very similar to you tube except this is for music videos only. I love it and would highly recommend it. This app is another must have!!,1

"The picture quality was horrible. I couldn't even see peoples faces, because the videos were so pixelated. This is a really bad product.",0

Easy to use Vevo music video app. Be able to view your favorite music videos on your tablet for free.,1

"This is a great app! I love it, because you can watch music videos for free, in HD without having to download them!",1

would never let me on there,0

This is great! I absolutely love it. The quality of the videos are very sharp and clear. The sound is outstanding. There is absolutely no comparison! It works perfectly with my Kindle HD.,1

i didnt like this at all....couldnt really use it the way i would youtube.....i would recommend youtube to anyone who wants to watch music videos.....,0

"This is cool to be able to watch music videos that my kind of stuff, i hope that kindle fire have some more good apps",1

I am so happy to find a station with videos in it. and Free is my cup of tea....Thanx y'all for the good things you do.,1

I love it and it keeps me up to date on the new and old music and video's have it on my ipod also.,1

vevo is messed up because whenever you start listening to music and watching it says vevo isn't responding so you have to exit out,0

"It's a great app. If you want to listen to your favorite singer or band, get this app. It's a great app and it's free",1

"You name the genre of music you like and make a video playlist. The video quality is great for most videos, and you can fine tune the videos to your taste or just start the videos playing and VEVO will keep the videos coming in the genre you adore. Must",1

This works as well on Kindle Fire HDX as it did on iPad. The updates have really improved speed and efficiency.I use it much more because it's now very user friendly with great picture quality.,1

"I tried too leave an opinion for you , but some idiot stoped me from doing it. I was trying to express my feeling about how I hate face book sing in. I really,wanted to ,use your app, but facebook won't let me sign in. That ok I find another way to se",0

"This app. is amazing you don't have to go through the trouble of downloading your own music, its all there and you get to watch the music videos!",1

"This app sucks! It Plays videos fine but first it forces you to post every little thing you are listening to facebook if you want to be able to create a playlist. Why do these companies Apple, & Tootle & Aneroid Have to have to try to know as muc",0

I myself do not like Google or anything there about. That is one of the main reasons I like Vevo so much. It just needs that extra push to get it more popular! Love it though. Keep it up!,1

The choices of music just weren't for me-more for the younger generation. It was a good variety of artists though.,0

"When Vevo first appeared as an app on my Roku, I started compiling histories, for playlists, of my favorite videos. Then I discovered a Lebanese video by Myriam Fares, then another. I emailed Vevo to tell them Hey, I'd pay a little for something like t",1

"terrible unreliability on the Kindle, crashed constantly. that problem is exacerbated by vevo blocking users from viewing their videos through youtube on mobile devices",0

"So much better than Pandora! You can watch ANYTHING!!!!!!!!!!!!!!!!!!!!!! You can pick a genre, from gospel 2 metal. u can do anything!!!!!!",1

I love the vevo music videos on YouTube but this app is terrible. It only has a small number of the videos that they have posted on YouTube. Also it takes forever to load and the app design is not very user friendly. Not reccomended.,0

I was excited when I saw there was a VEVO app but the video quality is extremely poor. I'm not sure if these videos just look that way anyway or if it's just because of my Kindle Fire HD...,0

Why am I being foreced to write words? If I have nothing to say then why do I need to type? This is very annoying.,0

OMG! I love the fact that you can create your own VIDEO playlist. You can listen to videos over and over and over again! There is a variety of music from KORN to Una. Thrilled I can use and the cost is free. Cant get much better than that! I would defini,1

"This app is good to have so you can log in, set your fav's and watch the music videos you want when you want and without having to upgrade to anything.",1

My step-daughters love this app....they watch music videos all the time. They also love their Kindle Fires. Amazon is awesome.,1

When traveling with my granddaughters (15 & 4 yrs old) it keeps them occipied. They are in different age bracket but both can enjoy it.,1

VEVO - Watch Free Music Videos allows you to watch a whole bunch of GREAt videos on your Kindle Fire.,1

"This App is my favorite. Whether I want to listen to an entire album or a particular song, it's all there. Plus, new albums just out are on there too and I can decide whether I want purchase it or not. You can even program it to play a set of your favo",1

I tried to get on a music video and it was freaking me out it was like the worst horror movie evermore thank goodness for this app now I don't have to get scared out of my mind.,1

"What can I say but thank you very much, since I found this app on my Kindle Fire HD that's pretty much where it stays Just like Pandora for music but with never ending playing music videos that learn what you like. SWEET.",1

i luv this app its like so kewl.i tried it on meh friends phone and its kewl.u guys should get this im 12 and i <3 it!!!! :),1

"but then it started deleting my playlists, then it started taking forever to load a video and then it just stopped working completely.... so not worth the hassel!-",0

The ads would load the stop at 1 at every video. This app is stupid. Vevo please fix this crappy app.,0

"So, more than likely you won't be able to use this on any school/college exam due to be on a smartphne, but if you could it would work great. Easy to read and calculates everything I can throw at it.",1

"I am not qualified to evaluate this app, but it seems like it would calculate anything. Works on my Kindle Fire HD 2nd generation.",1

"This app is beautifully designed and implemented. It provides a wealth of scientific functions, most of which many people will never use.However...Even if you don't need it today, you might tomorrow. Or later on. If not you then your parents, kids, si",1

"The amazon account on my tablet never shows apps bought online with the PC, but seems to download and buy ok from the tablet....Guess I need to stop the PC emails....Amazon",0

"This is a really NICE calculator. It isn't a 100% replica of the HP-12C that I used through much of my early/mid professional career (before smartphones), but it is damn close -- close enough to

save me from carrying another device. Works pretty much 1",1

"This does everything my trust 12C did, perfectly. This is really so much cheaper and better than the original 12C (which I lost, ugh), that I would recommend buying a phone rather than the calculator, then installing this app. It is that good. Just li",1

This is very impressive. RPN has been a preference of mine. I find it difficult to write anything that wasn't already written by Thom Bone. Fantastic app on the Kindle. I do miss real buttons.,1

"Well I have to say all the functions this has is beyond my wildest dreams I purchased many scientific calculators from radio shake in my day, as high priced as \$120 bucks for one that faded away with time! This surpasses them all!Thanks DEV for making su",1

"I fondly remember my HP-12C that helped me graduate from Engineering University. This is a great application and I am enjoying the memories of RPN. If you don't know what RPN stands for, this is NOT the calculator app for you.Get this app!",1

I got this on the 8th as Amazon's free app of the day but it is definitely worth the \$2.30 asking price. I used to tutor math and physics and we always used Texas Instrument's calculators as they were the ones recommended by the school or professor. I li,1

"This is hands-down the best non-game FAOTD in a while, so don't miss it. It would be a bargain even at the regular price of two dollars and change. I started with an HP-35 in the early 1970s after the original price had dropped substantially, and I've be",1

I have used scientific calculators for decades and my first one was the Bomar MX100 that I purchased in 1974 for almost \$200 dollars. That was a fortune back then (About \$1008 in today's dollars). We have come a long way in research since then but to s,1

"Closest thing to my beloved HP-12C on my Kindle. If I don't have my financial calculator with me, I usually have the Kindle. And I am so stuck on RPN (Reverse Polish Notation) that I hate using other calculators as a result. Anyway, a nice app to have.",1

This app has been able to handle everything ive thrown at it. I believe it's on track to replace my old calculator.,1

I saw it in the apps and didnt believe it could do so many things. It does and much more. This is one application that everyone should have in their Kindle. Amazon should have it installed in the Kindle without having to purchase it.,1

"It does what it says, turning my tablet into an HP with reverse polar notation. Very crisp keys, nice response, changes from landscape to portrait seamlessly. As someone who cut my teeth with programmable calculators in the final years before PC's came",1

Calculators with these functions used to be expensive. This one does it all casual or scientific applications are all there. Interface highly intuitive. Need a calculator? Look no further.,1

It looks and works exactly as the original HP calculator.I am very happy of having purchase and installed this application,1

"I'll never understand why the engineering community chose calculators based on RPN (Reverse Polish Notation)... And if if that term alone doesn't give you some kind of a clue why TI calculators are so much easier to use, you have no hope. There are a sle",0

Never would use it because I do not understand those calculations and I am too old to learn such things,0

"After you install this calculator, scroll down to the bottom of the app page and download:My RPN Calc User's GuideThis is a very comprehensive guide to the RPN calculators by this developer.The icon for the user's guide will appear next to the icon for t",1

"Examples of a couple of the accuracy tests I ran on this app:--The ""one divided by nine"" test: Basic fractional math tells us that one divided by nine and then multiplied by nine ($1/9 \times 9$) should equal one. An accurate calculator will spit out the number",1

"This is one *serious* combination calculator... and extremely well designed inerface that uses hardly any OS/battery resources and the most minimal permission. Definitely a keeper... (going to shoot some emails off to a few friends, letting them know th",1

If you like your HP12C you'll like this app too. With the exception of the tactile feel of the keys it works exactly the same as the physical calculator. RPN is the way to go.,1

"I once built a Heathkit calculator, that used reverse polish notation, so I purchased this app just to see if it was similar. Haven't delved into all the different things it offers, but then I don't deal with statistics very much.",1

Unbelievable price....Free.... for such a tool. Einstein would have cherished this scientific tool as he would his crazy hair style. I highly recommend this calculator.,1

"I thought this game sounded interesting, but it requires you to create an account to play. After several attempts and repeatedly being told my email address is "invalid", despite having entered it correctly, I decided not to bother. I do have a",0

"I just fired up this game for the first time. I couldn't recall if there was a pay version or in game pay system, but I make a point to go past compensation and reward good development and service.While not a fan of Java and its' community's dedication ",0

"I've played this game over a year, while it was still Age of Thrones. With Age of Ascension, the game is essentially doubled, because you can now travel the sky as well as terrain and water.When you start playing, you're assigned a mentor. Mentors are ",1

"I love this game, can't get enough of it. Although here on Amazon, for some reason you don't get the most up to date versions.",1

A fun and challenging game . Very addictive . I play for hours at a time . I hope some day I can

play on my Kindle Fire .,1
My grand daughter loves this app. She played with it all day after unloaded it on. Whenever she sees my kindle she says game...game....and points to the Santa app,1
kid loves opening santas sack. he likes all the free ones by the talking tom cat company. I wont buy any of the others though... not for a 3 yr old.,1
"I think this game is amazing that when you think of fun its crazy fun!!!!Kylie Ann RoppLOVE IT,WOW.",1
There is a hacker !!! It is made by out fit 7!!! I heard a girl had an out fit 7 app (talking Angela) and she had a daughter who got asked a lot of questions like where do you live and she told it and Angela said I will visit you and the hacker went ther,0
I didn't like it. I didn't think it was appropriate for my kids even with the parental controls. Santa pulls his pants down.,0
This keeps my son entertained and I enjoy hearing him laugh!Thanks for a cute app for him to play!,1
"I can't get this app to install, it is just hanging out in limbo on the top of the screen. it won't delete either. it's making me a little crazy",0
"This would have been a great app, one that my young nephew was really looking forward to. However, while the graphics were great, the sound quality was horrible and very laggy. Santa's voice actually scared my nephew!! I didn't spend a lot on this app, b",0
i was on the website when i saw that they had an app now so i installed it and it works great,1
The app itself installed quickly & easily via Amazon's download. The DATABASE is another story! I tried getting the DATABASE to download to my Samsung Infuse 4g. Over a period of 2 hours it tried to download the database and never finished (thank heavens,0
"Before I even type 2 letters, it tells me it has stopped working, and takes me to my home screen.",0
Every easy to use for Spanish class. I like this app and it is useful. if you want to look anything up in Spanish I think it has it.,1
"the most accurate Spanish to English dictionary. recommended the website also, and lots of teachers prefer the us of this. worth the... oh wait its free. yup.",1
I enjoyed this app and it is a welcome edition to my kindle fire.I would reccomend this app for a reference on your tablet.,1
Word of the day helps expand your vocabulary. Excellent tool for learning Spanish. I would definitely recommend to a friend.,1
"I thought it was strange that this app wanted internet access. While I don't doubt that it has some reason for it, my Amazon password--and every other stored password in my phone--was somehow deregistered after playing this app once.TBH, the game play su",0
"I don't like to give bad reviews to games, but man this game is crap. the graphics and the design is so bad, it is unbelievable. sad, sad game.",0
"u dont play much games, but this game is addicting. its not your typical shoot 'em up game and i like that.",1
"I really enjoyed this game. Animation kind of lame. Sound was annoying. But the physics were great. As you advance, the explosives get more powerful, and you can get more creative. And being free, why even the haters can't complain. 5 stars because I lik",1
"1st of all, this is a weak attempt at stealing someone else's game idea. shame on you! secondly, there is no volume control. I hope no one made the mistake of paying money for this.",0
"Everyone in here is such a perfectionist. I swear, a working app cannot even get a 3 star rating. Why is everything compared to Angry Birds? Angry birds blows, and its old. All of these reviewers make developers NOT want to make apps.I didnt even dl or p",1
"You can make things and blow them up.Rewards strategy,foresight, not just another kill kill kill game, but still high on the testosterone level for my grade school guys. Graphics are what I think of as Early Android: objects are geeky rather than elegant",1
"You'll love this game. Nicely done with some new elements and gameplay. It represents the genre well, better than most. Easy 5 star blow up game.",1
i in front of the app name completely ruins the game. 1 star because of that. Won't even try the game because iAnything is lame.,0
"I didn't download this expecting to waste hours of time and I won't. That's what HexDefense is for. But the game is simple and somewhat addictive. It plays very well on my Droid X, unrooted of course. The only quirk I had was the Level Completion dia",1
bad physics and graphics! sounds are cheesy and just plain old boring. the simple things that amuse some of you people.....,0
"if you for a nice little time killer game, then download, pretty fun, kinda repetative, but hey for the price.graphics are good, could be better, sounds not that bad.worth a 5 star rating in my book, so like i said, if you want a nice time killer than do",1
I thought it was live camras. I will remove it from my Kindle Fire. Doing this review made me remember that I had it.,0
"a complete waste of time and money. very limted choices, and no way to just do random camaras. maybe I don't understand the comcept. I recommend iSpycameras",0
its just a bunch of pics. its not videos all it does is show u stupid pica don't buy it,0
This is an excellent shopping list that allows full addition of items including price. You can

just select from a list for needed items and add in the quantity. As you check off items it asks for price and gives a total for purchases. The only drawback is,1
Wasn't what I was looking for. Too much set up time and too tedious. Just want something with a list.,0
I took it off. It was not easy to use as advertised. Much too complicated to set up; not intuitive; directions were NOT helpful.,0
I love that you can save the prices. no more guessing how much my bill will be! very handy with stores that only accept cash. also love that I can save the stores. makes it easy to know which store has the best bargain. perfect for families on a budget!,1
"I really like this App. It is easy to use and lets me create multiple lists, sort by category, sort by aisle and store. It's great.",1
this app is LAME I thought it was something better but... no. % g g g g g gvgvgvv g v,0
"Took a few seconds for my little processor to focus the images, but when it did - Wow! Fractals make math pretty for we who do not get it. Well worth the tiny amt of space it takes. Thanks, David.",1
I have been using this app for months and I still love it. It's not just a "time waster"; for me; it's therapeutic. I use a Droid Incredible and have had no issues with the app of any kind.,1
"This free app is well worth downloading! I bought a math co-processor for my first computer in the 80's so I could process fractals more quickly, and even so, I had to let each deep zoom process overnight because it tied the computer up for so long. Th",1
"A great app for math geeks out there (like me). It's hard to figure out at first, but when you do, it'll be that much more awesome.",1
I would love to make beautiful fractal art like what is shown to get you to get the app. I can't make it do anything! There is not instruction manual or in app direction whatsoever. Don't get this app.,0
okay first of all I could not use the app because when I open there is a note saying something about David Byrne. DO NOT get this app.,0
Game sucks so boring every time I play on it. It gives me the same one so annoying it never gives u a new 1 so dumb and the same thing happens over and over can't stand it so I got rid of it!,0
I don't know if you have to be a math wizard to make these beautiful fractals or not...I'm not. All I can do is make blobs. I would love to make pretty ones and save them...wish there was a tutorial and/or drag with stylus/finger to create new images. ,0
"Please tell me where the menu button is....then I can fully review. But for now, I can't change the formula. Edited: Found the menu...fantastic, now I can adjust the formulas. It's no apophysis, but fun nonetheless.",1
this game is the best app ever because you can do different pictures every time and always have it turn out good.,1
"Fractals have fascinated me from the time I first heard the word ""fractal"" in the 1970s. Without powerful computers and hi-res color monitors, and proper software, however, they were mostly just academic. Now, it's possible to see their beauty and experi",1
"this app. is a must for all math freaks, and it is free, what more can i say it rocks...",1
Great for making backgrounds and manipulating otherwise confounding mathematical equations :) takes the hard work out of the results :) thanks :),1
"I can't work out where it saves images of fractals but it is easy to change the designs with the menu, then zoom the image and imagine your processor straining to render it ! Very relaxing and a good time killer.",1
This is a fun app and great for sharing! Also an interesting way to introduce beautiful math. We've made some interesting personalized images. Thanks!,1
This app as the other person put it is frackin fantastic!!!!!! Its so frackin addicting! If you are a creative person or just want to try it out this app is for you!!!!!! I highly recommend fractoid!! :D,1
Use of menu to change math and options makes easy to use. I quickly found a design that is appealing for my wallpaper.,1
Enjoying this app. Always had a fondness for fractals and this does job nicely. I would like to see more Colorado options but still a great app.,1
"I am a big fan of fractals, fractal art, and fractals. I adore looking at them. There isn't much to say about this app. It's got lots of pretty fractals, you can zoom out (and zoom in almost infinitely), change equations, backgrounds, and other things. I",1
"Do you have a college degree in advanced mathematics? If you do, then maybe you can get this app to work. There is no tutorial... there are no instructions... nothing. Pushing the few buttons that there are results in very little change to the blobby t",0
It works great on my Kindle Fire and I think they are breath taking to look at mind blowing to comprehend. Whoever worked on this gets an A+!,1
"Now, this is a game. You pay for it and it's well worth it. Bought this a while back from a game company for my computers. When I saw this for my Kindle Fire HD I couldn't pass it up. Lots of action and well worth the money. And be sure to buy Monkey Mon",1
love this game so much fun to play like all the colors and the sounds the bounces are good to cant play it enough.,1

"love this. I just keep winning. when down in dumps, it's fun to play and bring me up. Fun Fun",1
 The artwork is very good. Lots to enjoy for all ages. It's worth every penny and then some. Tap quickly and you might get the bonus more easily! Gotta love those monkeys!,1
 "I reallt enjoy playing this slot game. The graffics are cute, the reels turn in a good pace and the slots are loose enough that you can enjoy the bonus', which is what you are playing for anyway. Its alot of fun",1
 "This game is so boring that I am only up to \$768,996,235.88. I play it for hours and really enjoy everything about the game. I have not mastered every aspect yet so I am obligated to keep playing until I do. I hope to hit a billion dollars soon.",1
 "I can remember playing this little game back in the day. Challenging, simple and fun. The only downfall I have with it is there's no sound. Maybe mine was a fluke? Who knows, but encourage you to get this game. Did I mention it's free???",1
 "I used to play this on the computer in the early 90s. I'm glad to see an Android version for my Kindle Fire HD. This is a neat little version, with nice background pictures. Now if I can just get past the 5-ball level....",1
 "JezzBall is an engaging game where you separate the bouncing balls until you manage to enclose over 75% of the screen to earn your score. If you're proficient enough to enclose over 80%, you receive bonus points. If one of you balls connect with the li",1
 The only reason I am giving reviews is that it is free. I feel I owe it to the developers. This game is fun and challenging. Looks pretty on the Kindle Fire.I really missed playing Jezzball. I couldn't believe I found it for the Kindle Fire. Great li,1
 "I signed up for an account on the traditional website, downloaded the app but it won't let me login. When I click on login it redirects me back to my Kindle Main screen. Too bad, I was hoping this would be a neat tool to take with me to family gatherin",0
 this app duz absolutely nothing! u hav 2 make the tree yorself and it duznt know anything! dont waste yor time with this app. this deserves -7 stars.,0
 It needs wifi ! That defeats the whole purpose of digging up family history in the car...Make sure u no u need wifi.!!!!,0
 This did not do what i wanted it to do so i deleted it. It may good for others just did not like the program.,0
 Can't compete with the weather channel app for a free weather app. I tossed it. Have tried all the popular ones and this was a no keeper.,0
 "It's a good, but very basic, weather widget for your phone or tablet.I for some reason really like the way the little Android logo looks, so getting a weather app with this as the display is great.I like the app alot, but I wanted a bit more functionalit",1
 I love the little droid but the weather isn't up to date. The temperature on him isn't the same as when you click on him to get the forecast. He doesn't refresh to the current temp,0
 THIS COOL WEATHER DROID TELLS YOU THE 5 DAY FORECAST IN YOUR TOWN AND HE IS GREEN AND DRESSES ACCORDING TO THE WEATHER. YOU CAN ALSO VIEW A MAP OF YOUR LOCATION'S WEATHER LIVE.,1
 "I really like this weather app. it's simple but informative, while being cuteand helpful. I really like that the droid is dressed for the weather because frankly I nee help with that! I am new to the Northeast region. if it had gloves and hat Id give",1
 "This game is fun, lasts for hours and is very addictive! Play it to relax or play it to pass the time. It is fun.",1
 "This is a nice addition to the match three gaming genre. For those of you who love match three games, this one is for you. It has different levels of gameplay and gives special objects throughout the game which you can use if you run out of moves. The gr",1
 "It's really hard to stop playing! Bright, crisp graphics and responsive action. It's nice to be able to slide jewels rather than having to click each item to move.",1
 "I got this game for free using the GetJar app. Aces Jewel Hunt works,looks great on the Kindle Fire and game play is very similar to classic Jewel games.",1
 "This game is really worthwhile to purchase!! I'm totally impressed with the stunning graphics and game play!!Without giving too much away from your experience, your offered 3 levels of game strategy! Which I find worth the 5 stars alone! You'll see when ",1
 I love this game and all of my grandchildren do too. good eye to hand coordination . All ages like to play and is suitable for all.,1
 "I can not believe this app is still around. Web sign on does not work, and it does not even sync on the phone app. Just tells you to hold on while it syncs but it does not connect. All those pictures you see need to be downloaded to your phone's SD card ",0
 "AS AN UPDATE, my last review (below) was October 4, 2011, and the developer does not respond to inquiries to the apps problems, nor has the problem been fixed, despite numerous in-app reports sent to the developer within their own app. I currently use 0",0
 Created an account to sync with everything and their website is never available- rendering the app useless and my list gone forever. Company needs to be on top of their problems and fix this- same goes for the paid app- good idea- just not handled very w,0
 "My grandson downloaded on my kindle. I looked at it and didn't see that it was something I would be interested in, so I deleted it. Good thing it was free.",0
 "I downloaded this game and never played it. It was not what I was expecting, so I uninstalled the app.",0

"Thank goodness I did not pay for this one. What a waste. You have only so many chances to do the ""readings"" and then if you want more...you have to pay (of course!!). Might be fun for a party, but it had better be a small party! LOL",0
cause you have only any 9 tries and then you need to either buy or uninstall it again.... so. I just uninstalled it.,0
"Not at all as I expected! I thought this would help someone like me, who has been out of school for a while, understand the basics. Not so. Not impressed at all. So if you have an idea of what you are doing, it may work, otherwise, I think it's a waste b",0
works well and I like that it shows step-by-step how to work out problems. Older versions made choosing specific problems and levels easier but each update has improved program itself and how it teaches (unlike updates of some programs which just seem to,1
This app is helpful because it covers the different standards of algebra and it shows you the steps of the problems and how to do it. When I first started using this the numbers seemed foreign but after a short while I was mastering the equations like wo,1
I have already learned what I needed to to bring back some of the fun of figuring out what the value of X is.,1
"Downloaded with no issues, but when launched, the app immediately generates an error indicating that the website it needs to connect to is nonexistent or unavailable, and nothing further can be done with it.",0
This is fun. I really don't know what else yo say so I'm just going to type until I meet the word minimum.,1
"I have little background in music. I am a listener. But I always wanted to understand the basic elements to make one. This app is allowing me to do that. I have tried on my PC with Sony Acid, but it is not intuitive and demand more time to learn than I a",1
"Wow, great for a musician who wants to do stuff on their phone. Clean interface, worth the money. Works great on tmobile g2.",1
I assumed this app had something to do with music. It turns out it is just a soundboard with a few pointless sound effects. I can't imagine it actually costing \$4.99. It must be some mistake. This entire app is a mistake.,0
"Definitively a great use and/or display of android versatility. Well made and easy to use. Comes with some great track downloads, too.",1
"lol, a really fun app, you can create, compose even if you don't know anything about music. many options and easy to use. I'm a composer now! music here i come",1
"this app is mediocre at best. you only loop pre-recorded sounds that the app has (which are few) Yes you can upload your own .wav files, but seriously, if you are going to take the time to find or create them you might as well stick to editing software o",0
This app is for all levels of music abilities. The options seem endless. I have been having so much fun creating music with this app that I had to pull myself away to write this!,1
"It seems the developers of this app are not musicians, and know nothing about music. it has no staves, notes or anything even resembling them! Even those basic piano apps with recording functionality are better than this! A real music notation software ",0
"Some little factoids about me (to bore the living daylights out of you): Guitarist with 20+ years experience. Manipulate digital audio and make music on my DAW. ("DAW" is an acronym for "Digital Audio Workstation" for you Philistines.) So I know a thing ",1
"gonna search some tutorials. online. to learn how to use it more efficiently, great app of the day yes!!! party tonight",1
"Looks simple and easy, but starts confusing you by playing things you never clicked. Keeps making it's own defaults so I have no input. All the sounds are dumb, too. Waste of my time.",0
"Got this program as the free ap of the day, but really didn't use it. I wish the Kindle allowed users to access Google play",0
"I think this is a fun app! Do a little dance, make a little music, feel the beat! Enjoy the process.",1
"If you just want to play around with sounds and a beat then this is the app for you. Anyone who rates this a 1 star just isn't musically inclined. Which everyone is not, I know that, but don't bash a good app because you can't roll a beat.",1
"I've spent so much time randomly tinkering around with this, and the Devs give great support. It's been updated numerous times and I can't put it down sometimes, sucks me in for hours. Love this music app.",1
Don't listen to the naysayers regarding this app. Yes if you just open it up and start clicking around it seems that it doesn't do a lot other than play some techno beats. But after you read the directions & figure out how to really use the app you',1
the app is only fun for 2 minutes until you realize there are only Bout ten different sounds u can make... waste of time.,0
I have waited for a fix but the app will never open. A refund would be nice! I am sure it is a great app for those who can get it to work. Sorry I purchased this.,0
this app is total crap just like these 4-5 star reviews if you want to enhance this app you will have to pay five bucks for it here on Amazon again another crappy worthless FAOTD and more fake 4-5 star reviews,0
App works well. Clean ui with lots of options. I agree with the previous reviewer that this doesnt

have a lot of potential for practical application. Serious musicians would use a more professional setup. Still a very polished and fun app.,1

"I like the app. It does what it says it will do. It works reliably and sounds good. I saw someone that rated it low because that person didn't know what to do with it. That's the problem with the free app thing, people just download it because it's free.",1

"Well, it's not really my style but, I heard a techno song one time that went like...And then this other part came in and it was like...",1

I've used this application for several months. After trying some others and reading reviews I chose this sin embargo it was the most feature rich and solid. No problems at all running on a TMO G2.,1

"I must confess, ive recently bought an iPad 2 and have been neglecting my Thunderbolt and Transformer while I play with apps like Garage Band and more recently dJay, fantastic apps to create and mix yours and others music, I was just thinking of looking ",1

I payed for this game and I didn't get anything out of it at all! It is not entertaining and it is a waste of money and time.,0

"To the person that gave it one star because it had no tools to create sheet music style composites, you obviously missed the entire purpose of this app. It is used for creating music loos from samples, and not for laying out notes on a page. It does what",1

"Total crap. It works, I don't like it at all. One of those apps that would trick an idiot into using it. Those who make music should just wait for FLStudio mobile to port from apple.",0

I like how I change the tones it like having your own music center. Somewhat like a keyboard you will love it,1

"After extensively searching the Android Market for sequencers, I found the demo versions of this and RD3. I've played around with them for a while and I was about to buy them both, when this showed up for free on Amazon. Perfect!As for the low-star revie",1

"this app has clean graphics, works as advertised. pretty fun and interesting application. not sure whats wrong with the other ppl giving it low ratings its a five star app",1

love it completely. more than I could've asked for. blah blah blah blah blah oh and I'm first today!,1

"Unfortunately you cannot download it from the Amazon App store, but get jar dot com has the current version available for download. This has replaced my kindle's default launcher, and I set up the kindle launcher for books in the toolbar. It really shows",1

"While looking through free Android apps and downloading a few that seemed to be Amazon user favorites, I came across this one. Not really knowing what to expect from it, my expectations were fairly low, but I was really blown away with the pick-up in sp",1

"Can't load it or try it, would have been nice to be able to customize my Fire, Maybe they will come out with an app later that will let you do that.",0

don't like it.....got rid of it.....never really could figure it all out.....I guess if you can then that's great.....end of review....,0

Please note this is not available in the Amazon App Store but it can be downloaded by simply using the Kindle Fire browser and going to the GO Launcher EX web site and downloading the .apk file.

There are many other ways to get it.This app is so far sup,1

"I've tried them all, and this is number one. So many things to customize! It's crazy and as good as LauncherPro plus. You won't regret it! This app is easily worth 5 bucks.Also, look into rooting your phone and Google "supercharging" it. I high",1

I was looking for a good launcher and this looked like the best one. Unfortunately it is not Kindle compatible.,0

"If you have a fire don't get this app... you will regret it. NA JK it doesn't work on the fire so do what you want. It will be just there and it will do nothing. So get don't get it, your choice it just wont work on the Fire... Next",0

"I cannot in good faith recommend getting it from Amazon. The devs of this app update it regularly, and Amazon is notoriously TERRIBLE about updating. If Amazon was on the ball as far as updating their apps go, this would be a great download via amazon, b",1

Best launcher I've tried. Lots of free themes to choose from. I use the stock them which could use some more icons but that would be my only complaint. Software runs smoothly and is stutter free. Highly recommended for any one who wants to tinker with s,1

If I could give it more than 5 stars...I would! I love every aspect of this app. My tablet is running on Gingerbread (2.3) and this app allows me to do everything I wished I could do with the normal/native launcher. Add apps to the dock...add MULTIPLE do,1

"Splashy, yes, but too bulky for my tastes. Tried to do a lot more than I need. I scrapped it soon after I tried it.",0

"Go Launcher EX is highly customizable, easy to use and has lots of fun and unique themes. i've been using for months now and i love it. I also use Go Sms, and some of the Go Widgets. I highly recommend. Thunderbolt!",1

"When I first got my Lenovo Ideapad K1, it really was limited. I could not use the interface because it was crashing several times a session. Go Launcher EX got my tablet working like it should be. I was/am ecstatic that this product just worked and wo",1

I downloaded this twice but it never showed up. I searched the APP store for it but to no avail.,0
My Samsung Mesmerize used to have horrible battery life - 6 hours of medium level use. I read a

post on the Mesmerize Facebook page where someone with a similar problem suggested switching to Go Launcher Ex. I installed and it worked. I now regularly get,1

"Fast, stable and has a tab for recently used Apps enough said...I have tried several other launchers and this is my favorite after launcher 7.",1

works great on my nook tablet. Gave it the real tablet experience with very little effort. No need to root. No swapping of SD cards.,1

I have a rooted Nook Tablet 1st gen running Gingerbread. I have heard good things about this app and decided to try it. It works well and has a nice customizable layout.,1

"Free, customizable, up to 9 pages, easier to delete and uninstall apps, built in task manager, why haven't you downloaded this already? Tip... dl the page importer app to keep all your pages the same as already on your phone (ie app shortcuts.) Nearly wit",1

His app stinks because it takes up all your internal storage and you can't download anymore music or stuff that needs to be saved on your games it just forgets everything.,0

"When my hero's sense UI started the HTC.bgp.com force close error, this lil guy swooped in on its' valiant steed to the rescue the damsel in distress, me. it allowed me to bypass a lot of configs that, without it, would've made it impossible to utilize. ",1

"On a daily basis I use SugarSync with both my mobile phone and desktop app's-- for business and personal use. The app is great because I can upload (or download) various files, pictures, music, video and even big Photoshop and Illustrator files.Recently",1

I could not get drop box or drive to sync on my new kindle fire so I was pleased when I found this app. Not that much storage for free but it should be okay for what I need.,1

"This is a FANTASTIC piece of software. A must if you want your documents, pictures, etc. portable. Automatically backs up pics from phone. Gives you 2.5x the space of dropbox and has more functionality. Just as easy to use as dropbox. Makes shifting",1

loved old sugar sync. I did like seeing each of my synced computers and the different folders in the old Sugarsync and I was a little confused with the new SS;but it is so intuitive and works so well. An absolute genius developed this. Absolutely love it,1

"Works well! It syncs up your desktop, kindle, iphone and all that in lickety-split time. Share your photos of scabs and old tacos.",1

great app except for a few things. sugar sync has all of the documents you would have on your computer right at your finger tips. I am a sugar sync member with a 1 terabyte account with I could not survive without it. I will type all of my projects on t,1

"This used to be a good service, but now they are charging for even the smallest amount of use. AVOID.",0

Works as described. Easy to use interface. App runs completely independent of a PC. It's actually more functional than dropbox.,1

When at your desktop drag photos or folders into the SugarSync app and then when you have opened your Kindle you will find your items. For photos a little menu pops up at the bottom saying "Open In" and then you select Photos and there you can se,1

Not the least bit user friendly...Pain in the rear to understand...I hate it! Unless you are pretty tech savvy don't waste your time!,0

"I have tried box, dropbox, wuala, asus and sugarsync. We signed up for Sugarsync initially because it gives you more free storage than the others. Plus, it gives you more free storage for each new referral.I have been very pleased with their customer sup",1

I thought this was a game it had a mowing bird on it what can u expect from these apps?!,0

"It synced everything between my PC, iPad, iPhone, and Kindle Fire. It's a great app to have for all of my devices.",1

My wife can use her tablet to look up pics without having to download from the computer. This is an easy way for my wife to view photos on her Kindle.,1

"As a cloud disaster service, sugarsync it's the best one. 5giga byte of storage plus wonderful windows client.And the android client is the most complete I've ever tried.",1

I have tried many different online storage software's and apps and this one I have found to work the best and very easy to use.I have all my computers and tablet synced together without any problems.,1

"I have an old tablet running an ancient version of the Android OS so my device isn't supported on Google Play. I use SugarSync on my desktop and my mobile phone. So when I saw this app in the Amazon app store, I had to give it try. IT WORKS FLAWLESSLY!!!",1

great recipes and no silly developer ratings. can&apost wait to try some of these. wish Amazon didn&apost require 20 words.\n,1

"I don't understand people who just slap an app together, mark it for a few bucks, and then release it on the wild. There isn't anything in here that is worthwhile to hold on to. I find that using this new invention called ""The Internet"" is a lot better w",0

No recipes come up. Just pictures. It looks like there is a wide variety here; just no info coming up.,0

This is to counter all the fake five star reviews. Also to laugh at the sad morons that post and rate highly to counter honest opinions when their opinions and intentions have nothing to do with the app. Silly little people with nothing better to do with,0

terrible to navigate. Very vague instructions. If You are new to grilling this app is terrible. and its not great if You grill a lot. all together its just bad.,0

"Poor navigation, nonspecific cooking directions.\n\nThere are better cook book apps out there that are free. Save your time and money by not downloading this.",0

Everyday every app.. Certain People come on here and 1 star each application. Its worse each day that goes by. Gets old.,1

"It doesn't really give you info on heart control etc and the directions aren't that clear either. If you are inexperienced you are better off googling questions. If you are a pro, then why are you doing reading this? Lol",0

"Preheat the grill" is about the most useless instruction for something that's supposed to help you grill something you've never made before. Temperature is important information, but nowhere to be found. \n\nThe UI is also quite horrible",0

"I'm not even sure when I got this, but I know I removed it pretty quick. Not what I was looking for.",0

I am surprised by Amazon for putting this very poor app as featured. It does not give proper instructions and leaves room for a lot of guesswork. Pathetic!,0

The UI for this was so bad I couldn't stand to look for anything to try. Normally I give an app more time to mess with but just couldn't with this one.,0

I don't know what the complaint is for. Great app! Easy to follow simple recipes. Also... What bother giving stars if you aren't even going to give a legit review?,1

i bbq all the time. it great to get some new recipes. the pics look yummy and the recipes seem fairly easy. TY Amazon & developers!!,1

Very poorly designed app. If you need this to bbq then you shouldn't be grilling at all. Poor recipes and presentation.,0

"...to counter the idiot who assumes all the poor reviews are from 13-year-olds, and who admitted he wasn't even going to try the app. \n\nPeople, give the apps a try before you review, and please, give honest reviews, not spin control. \n\nThat said, I ",0

"poorly designed interface, awful recipes that are extremely generic, the chimichuri steak recipe is wrong as well, too few herbs in it.",0

"not a half bad app, doesn't have that many recipes yet, hope they add more, nice interface, kinda basic but still nice to look at and the pictures of the food look great. like another reviewer said i wish amazon would change the age for reviewing apps",1

"Cmon! A kindle does that for you. All you have to do is go to settings next to the battery, and then climb on it and then click Sicily.DUH!!!!!!!!!!",0

I love it. It works very well on my tablet. Even when I go places that is not near my WIFI. These types of apps is what I am looking for. The majority of apps that I have downloaded do not work very well and I would like to know why because I pay for a 1,1

This game is not like other bingo games. it is boring and stupid. There is no challenge to winning the game. Who wants to play a bingo game when all the numbers are basically the same.,0

"It is a ridiculous way to expect anyone to play bingo, few choices, and absolutely NO bingos! I uninstalled it after about 2 hours of disgusted play. I will think twice when choosing app companies in the future.",0

How to you uninstall this thing? it is too small to even see. I don't know what this app is doing. not playing Bingo that's for sure.,0

the only reason i gave it five stars is that everyone else gave it one star im different im crazy haha im so silly,1

"This app makes no sense, and is poorly explained. You can figure out how to change game play, and how to print out the bingo cards, but I can't figure out how to play this app on my phone and tablet. Lame. I should have listened to the other reviews.",0

"Don't even know how to use it. Need some instructions. All I want is a Bingo game I can get into and play, even against the computer.Bingo Live for iPad is a good example.",0

ding that's messed up everyone rated it 1 star the only reason i rated it 1 star is so this game will have a record of 1 star lol - royal swag always and my name is copyrighted I will sue,0

"I was hoping, in spite of the low reviews, that I could figure this app out & possibly have a little Bingo fun! No such luck. I should have trusted the other reviewers & just kept searching for something better.Did developers really think the average person",0

moms loves bingo,1

I am an avid second life user and this app allows me to sign in and talk to friends there where ever I am!!,1

"This app is not free. Free to download then try to log in and you have a monthly subscription for maintenance fees. False Advertising, better off getting the new 3D viewer and spending \$3 once instead of a minimum of 250L a month, almost a week",0

"This app is great for sending messages on the run. Don't expect to be able to do too much with it, but use it for what it shines at, which is sending & receiving messages.",1

"I have been hoping for a way to access SL from my Fire the whole time I have had my Fire, so was thrilled to finally have a mobile SL client for it. It works great as a light chat client for SL, with a few added features, and the prices \$1250 or \$1450 a",1

installed app put in my location and selected what I wanted and I heard nothing. exited and did it again still heard nothing. I uninstalled. Droid x,0

Outdated application. It has plenty of stations to keep you busy.quality is great but is depending on the feed from the provider.This is a great app.You don't have a scanner yet try this

one first.,1
 "I downloaded, uninstalled, and downloaded again but it still didn't work. I had a real scanner in the room, and there was action but this app was totally silent. Useless.",0
 This crap doesnt even work alot of the people who said the same n more are so right all I get is some error message but it doesnt say error it says somthin diffent but I know from the way it comes up / typed out,0
 "this is cool to have real informative. A bit of lag, but get enjoyable, extremely useful if you're nosy or just curious",1
 just to offset the idiot who is mad at the Amazon app store. I dont even feel like elaborating on your stupidity.,1
 Downloaded and have yet to be able to get it to work. I tried just about every option for WA and nothing. Uninstalled- Droid X,0
 I thought this would be cool. : No sound or anything. Not even static. I am going to uninstall. I have a droid x.,0
 It really work. I live on the rough side of town and like to be informed before anyone else. So I listen often.,1
 i like to play the Jacks or better. the pace is just right for me. many hours have passed playing wile waiting for husband's appointments. I do reccomend this game.,1
 "This is one of the fairesst JorB pokergames I have ever played. If youknow the straagies for the proper way to play,you can be a winner!!",1
 boring not worth the time to play it,0
 "This app is very nice. First it makes you laugh and that is awesome, second its nice because u have so much fun with it so you get to controll it. Its very fun for children and adults! You should totally buy this app!:",1
 This app sucks and is a toltal rip off. there are no funny ones at all and I crack up over almost everything!,0
 I thought that it was going to be great?! but no way! horrible! I advise you not to get it:),0
 I meen I haven't even got this app...seriously it already looks stupid really ...really...I.mean come on you can do better,0
 This app isn't as bad as you might think. Get it and maybe you will like it. my opinion is that its a great app! ⅛ of people like this app. lets turn it to ⅔ or 1 whole!,1
 I wish that I could get the weird things out of my head I deleted it 2 weeks ago and I 'm still having nightmares,0
 Usually I don't listen to reviews but I wish I had now. This app is so stupid and lame and 99% of the ringtones aren't even funny. Its just a waste of app space I wish I didn't get it.TT-TT,0
 "I thought some of these ringtones might be funny to others when they heard them, less the vulgar ones. The problem with this app is they pretty much want permission to take over your phone. For that reason alone it was enough for me to delete it and give",0
 I really like it! idk y all the hate g g g Yggdrasil g v v v b b b b v v v v,1
 "Take a look at those before you download any app. Write(but not read) to my phone, see my contacts? Come on.",0
 "this app.has no funny factor, and all the stuff is the same. if the made some creative stuff then I would consider not calling the worst in the world. it really sucked",0
 It would not download. I have no idea if the ringtones were any good or not. So far I am 0 for 2 on FREE ringtone apps from Amazon.,0
 do not and I repeat do not get this app...take my word for it....or learn the hard way and get the app only to uninstall it...,0
 "I know this is something for the person who wants to be cute and freak people out but this program did not entertain me much at all. Didn't care for it, wasn't very realistic.",0
 "I downloaded this because my boss...well, he's a boy. He likes stuff like this. The selection wasn't very good and the selection they did have, sounded the same...over and over and over and over.",0
 "I rarely give reviews, but this app just saved my ease of mind, because I couldn't get rid of lets golf 3 and couldn't get advice anywhere. after loading this, that 850MB download was gone in less than 2 minutes. thank you adisasta!",1
 "This doesn't work. I think it is because you need flash player and that has been taken off tablets with no alternative available. I thought that this might just be my product, but hear that even the i-products are not getting it anymore. I thought that t",0
 I am very satisfied with this product for my Chromo PC Tablet and the app works quite well within recommendations.,1
 This app helps me keep track off all of my apps I would recoomand this app who likes to keep track of everything.,1
 I used this program for a few minutes and didn't understand what it does. I personally like ES File Explorer 10 times more.,0
 I really did not care about ths product because it was not user friendly. I found other programs that were much better.,0
 "I found this app early on in the learning curve with my Ainol Novo 7 tablet with Android 4.01 (Ice Cream Sandwich). Being new to the Android platform, the first four days with it were frustrating. Once I learned most of the nuances of working with AndroX",1

"Have not seen this tool used but my son says it works well, and he can now find things on his Kindle that were hard to find.",1

Best utility I ever used for my Kindle Fire HD. I love how I can manage my apps right at my finger tips!! ,1

easy to use and find files on kindle fire. works great for my needs. easy to copy and paste to different folders.,1

This is great. You can find all the files in every directory or folder your looking for. You can do everything you can on a PC. I highly recommend it.,1

Will let you browse your device's file structure and the network you are connected to (if there are any servers connected to the network). Exactly what I was looking for.,1

Works fine on my samsung 3 phone. no problems seen so far. And have friends using this also with no problems.,1

"Nothing to compare with ES File Explorer, too many folders which is shouldn't be there, I don't understand how use this app. So I will delete from cloud too. But I appreciate your work anyway.",0

"before downloading this app I would save files to my kindle fire and never be able to find them. this app allows me to find, open, and organize all files. very essential for kindle fire owners. A++",1

For doing multiple file operations particularly useful for jailbroken kindle fires which are customized android tablets in reality. A little practice is required to use it effectively.,1

it doesn't work on my kindle fire hd 8.9 it says its compatible but it is not so I took it off,0

"works great nice to have and easy to use, auto matic to sd card when downloading need 4 more words",1

I have added this app to every device in my household. Everything you need all in one convenient place. Highly recommend.,1

"This app works very well for me. i hope the "move to SD card" problem is fixed. even with that bug, the one button maximize function is great. saves me lots of time. i recommend this app.",1

It does what it says. Easily close apps and software running in the background so the app or program you are using runs better / faster.,1

"This is the best App Manger out there by far... this one can do it all... Apps 2 SD, Task Manager, Backup, Uninstaller, and Cache Cleaner.. this is amazing.. it even has mini Add-on apps to compliment it by adding widgets so you don't have to go into the ",1

"I hated getting reminded to "donate" every time I used this app, so I forked over the 3.99. It worked for a while, but for no reason, it started showing ads and asking me to donate again.I emailed the developer, and he told me to go to the dona",0

"Did not care for this app, no special reason, just did not like it. Didn't like the features or the way it worked. I found a much better app to organize my apps on my Kindle Fire HD.",0

Don't need. Went to site by mistake. Sorry 1star because it wasn't useful for me. Went to it to work on an app that I needed.,0

"I love this app! I'm running it on my Kindle Fire, and it allows me to kill the processes of things that would normally run in the background online when I'm offline and don't need them running (like my weather app, Words With Friends, etc.). You'd be su",1

"I highly recommend Gemini App Manager to absolutely everyone! Knowing what your aps have access to at-a-glance is great. Batch actions are very handy, too. LOVE IT!",1

"Yes, much of the functionality exists elsewhere within Android or other apps, but to have all the options here in one place is very convenient.Normal mode gives you a clear list of what is taking up memory, what is currently running, what is on the SD ca",1

"I like this App Manager, its the first I've used so I can't ocmpare it to anything. It works well, does what its intended, and I haven't had any issues with it thus far.",1

"this app is amazing! I love the amount of tools avaiable in only one FREE app, they could charge a lot for this (which I hope they won't. do though)works. great and helps keep my kindle fire in great shape! I just hope they would add a disk defragmenter",1

"After cycling through a plethora of task killers, I found Gemini dominates the competition. Lots of features and a solid and well polished GUI make this app a must have for your Android device.",1

"This is the best app manager out there on the market today. Works excellently on Android phones and has most functionality on tablets. Would be excellent if tablets had the same function features as the phones, like moving to external sd card. All in all",1

"Tried others but this my favorite.Stops most apps just like it is supposed to. It is so quick and easy to use, but can be customized for tight control if wanted.",1

"It has been updated as of late to include more icons and VERY detailed explanations (and it has an EXIT button!)I have been using this app, as well as the widget, for years now. With a rooted phone this app allows you to modify apps so they don't startup",1

"Not only doesn't this do what it said it did, it doesn't list but a few of the apps I have on my Fire. I'm very disappointed and now have to try to figure out how to uninstall it.",0

"On any android device you need to have app manager that can kill the processes that keep running in the background. If you don't, you'll soon have so little ram left available that system performance will be significantly degraded. This app does a pret",1

Works really well to control apps that want to run all the time in the background and eat up ram. Especially on my little Vortex.,1

"This app is not just for rooted phones. If you install a new app that can be moved to your sd card it sends you a notification, which takes you right to the screen to move it. No app out right now can ""kill"" an app installed by your carrier without rooti",1

"Almost impossible to imagine why this type of app wasn't part of the OS but since it wasn't, this is the best app of the 4 I tried.",1

This app caused my Kindle Fire HD to crash and reboot constantly after I installed it. Once I uninstalled it I didn't have any more problems.,0

"I have only used this app a short while, but have found it easy to use and very helpful on my fire.",1

Most welcome addition. Does what it is supposed to and does it well. No conflicts of any kind. Thanks for the hard work.,1

"There are other features in this app manager that I don't use, so I can't provide a full review, but for simple killing apps that don't have their own exit button, and the "one touch" cleanup everything is nice, depending on what I am doing - I g",1

I've had three Kindle tech's hang up because I wanted to know why my two gigabytes of ram was 95% used. With Gemini in expert mode I saw that all the red color app's were ram. I ran an app and closed it. Going to Gemini I found the app was still using ram.,1

"This app has everything in one place. Easy to use and great functionality for your device. App is free, upgrading helps the developers to make this product even better.",1

does what it says and does it fast. actually kills apps unlike most task killers that claim to stop a application.,1

"I downloaded this app and never even used it. I Che Jed it out a few times, but never used it and need upmuninstalling it!",0

"Without a doubt, this is possibly one of the best little utility apps you can get for your Kindle. Since knowing exactly what programs are running and what your RAM is being used up by is not easily known on a Kindle, I tried this application out and fi",1

This a very utilitarian app for making sure that there are no apps running in the background eating up your battery charge,1

"Ridiculously useful app! I can't imagine my kindle fire without it. I use it for force closing apps to free up memory, and to quickly and easily browse through all my apps to see how much memory each takes up and if it's worth it for me to bring it along",1

With this app I was able to clear my cache. It cleared my application storage because when I intsalled app and uninstalled them some of the data wasn't earased with the app and that took up a lot of space in my application storage. With this app I cleared,1

This is a powerful little tool that puts everything right at your fingertips. it makes managing all your apps so much easier. Love it!,1

"I am so glad I downloaded this. This allows me to get rid of apps that I have gotten tired of or downloaded on accident. Super easy to use too, as soon as a new app is downloaded I get a pop up from this app saying it is stored.",1

My Fire was getting slower and slower. Kill all your useless background stuff and the carousel acts just like day one. I had no idea so many apps were running as sub routines.,1

"This has the word «developer» in the beginning of its des ription, but that didn't put me off -- this is not a beta version -- you are going to get a full alpha application. Install is a snap and so far I am getting good insight into my CPU an",1

I like the app well enough but after I donated to pay tribute to the Dev and get ads removed I still have ads. I've sent multiple emails to Dev that have gone unanswered. Pissed off and not feeling the love. I will be contacting Amazon for help.,0

Gemini App Manager has certainly helped me out on finding "data-hogging" files and apps. The ability to customize your searches and 'when kindle has a micro card's to move data to the sdcard has been very helpful on the Android phone. Now mak,1

"This has to be one of the best apps for my tablet, Creative Zii0 7. It's very reliable, opens quickly, and lists all currently running apps (along with important stats, such as the amount of RAM being used by each app). The best part ... with one butto",1

"This is one of, if not the best app manager available for Android. It loads apps up very quickly, not a big lag when you start it. The app icons are clear and large enough to actually see, which helps locate apps a little more easily. The task killer ",1

"Works well, nice design and happy with production, it's free and feel it is worth the try. Thank You Very Much!",1

Has potential-- but clearing the full page adds every 10seconds.... doesn't allow you to realize that potential...uninstall on principal... a shame... because the file list by size is valuable to this reviewer.,0

"If your app killer kills an app and the app comes back on, that has nothing to do with the app killer. The app is programmed to come back on. You'd need to change a setting in your app if you can but a lot of apps won't let you change it. Those",1

"Useful app, even though I'm not a huge power User. I use it mainly to kill apps I am done with to free up memory. My Kindle Fire doesn't take an SD card so this is very useful. Not having unwanted apps still holding memory seems to help battery life.",1

I am a fan. Love the app and would recommend to others. It helps me manage apps. Simple enough. What else can I say?,1

"allows you to review and manage your apps very easily. very useful app, highly recommended. matter of fact, i think it is a must have app.",1

"Great product, especially if you are on a rooted device. Which I always Root everything, not recommended for novice. To Root that is. But this app manager is a good one rooted or not.",1

This app is great! It helps me with all of my other apps when they are having issues. A wonderful app!,1

"I've used this app mostly to kill apps, but have used it for a couple other things. I've had no problems with it, but will update this if I do.\n",1

quick and easy way to free up resources. easy install. easy to run. no brainer. anyone can see the differences.,1

Excellent tool for keeping track of apps and their impact on system resources. I always run it and use it frequently.,1

"any android device should have an app killer on it but the Gemini app manager does that and so much more, FOR FREE! does a great job and is easy to use.",1

"I'm constantly on my kindle, so it's fabulous to be able to ensure I only have one app going at a time. Gemini kills all throw apps I'm not using, freeing up memory for my current app, which means faster response time and saves on power being used by my",1

uninstalled much better apps out there that do the job much better. Good try maybe next time they will get it right. LOL,0

"My favorite feature of this app is that I can clear the cache on ALL my apps at the touch of one button! That feature alone saves a lot of time as well as memory. My only problem with this app is that my phone freezes when I use it to delete apps, but th",1

From my extended use of every application & program management tool available for android based phones I've concluded that this is the best by far. It's very extensive and contains everything plus more that you will ever need. 5 out of 5 hands down!,1

This app is a must have for those like me have too many apps. The app manager lets you see which apps are a keeper and which ones won't be missed. I love Gemini App Manager and if you're looking for a good app manager you will too!,1

"I have tried many task killer apps and battery saver apps and most of them didn't work or pretended to work. This app lets you pick what you want to kill that's running, or hit one button and it kills everything but your important apps. With one button i",1

"Beware, this app froze my entire phone and I had to reset EVERYTHING!! No not download unless you want to ruin your phone and all your memories you have saved in it.",0

This was one of the first apps I downloaded for my EVO 3D. It is an incredibly useful all-in-one Swiss army knife of an app. The batch action feature is awesome for killing multiple tasks at once or moving multiple apps to your SD card. You can even do b,1

"I've actually been recommending this to some of my tablet owning friends. Usually that's not something I like to do since they're far more tech savy than me. But this app is just too useful not to spread the word, just get it ;-).",1

"Absolutely no issues, and lots of benefits. Makes my Kindle fire work faster when used regularly. Using the cache clearer alone will make anyone's device function better. Absolutely fantastic.",1

I use this application to close out my other apps. It works great and is timely and efficient. Thanks Gemini!,1

This is a very handy app. However if you get it thru the Android market it crashes all the time. I have no problem with the one I get thru Amazon. Recommended.,1

"I love it it shows nearby theaters,gasstations and people it great for if you ned to know someones phone number and stuff its free why not get it¡!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!",1

"Downloaded this app. Tried to open it three times. Each time, it force closed on me. Uninstalled, and I lived happily ever after.",0

"I didnt download this app from Amazon, rather i grab it from the Android Market. Regardless of where i got it, this app is awesome. I used it before on my blackberry and loved the ability to look up numbers for restaurants to call ahead, find out whats",1

"This is truly a MUST have for anyone that drives, eats out, goes to the movies, or is looking for just about any person, place, or thing to do. i recommend this to every smart phone customer I have. not one hasn't thanked me later for it.",1

Quick download to my kindle fire hd. At first it didn't work as described. Any a note to company and they responded they were fixing it. They came through and now it works as advertised. Good app to quickly find information on places and things. Keep it,1

"I have use this app for years both at home and away from home. It's an easy way to check movie times, restaurants, businesses, the weather, look up names and addresses of people and much more, including gas prices.Everything is logically organized and ea",1

"It has everything you need in terms of finding movies, food, gas prices etc. Even local shops are listed if you forgot a number to your favorite sandwich place. It's indispensable.",1

Wow! My images come up fast and clear. I have been using it for a week and have no complaints. Can't get better than free...,1

works great for viewing tif files but prompts to buy after converting to PDF 4 times.....no

problem. I want to buy it but can not find the paid version on the amazon market! please make available on the amazon market.,0

"For my Kindle Fire, I was looking for a media application that would display and run animated GIF images. Not only does this free app do that, it does it well, displays a multitude of image formats and has some other nice features as well. So far, I have",1

"This app is a fast track to view pictures and movies. Very nice file structure with thumbnails. Animated Gifs even display nicely in full size, even the thumbs are animated. I would have paid for this app.",1

Very fast way to browse through photos. I like the way it shows the photo information next to each thumbnail on the list-page instead of having to open each picture and then pull up the details from there. works perextly on my Kindle Fire.,1

Great way to keep my recipes handy and I have tried some and were very good. Very convenient to have it so handy when I am shopping for ingredients and when I am cooking to have the recipes handy.,1

"Allows an application to receive messages? what application? Read User Contacts? what for? too many answers needed for questions that should not need to be asked. No thank you, guess I will try groceryiq.",0

I have yet to use this app for store shopping but love it for the recipe box. I no longer have to search the entire internet for a new recipe or twist on my own recipe. Just put in a keyword such as chicken and stream through pages of recipes. There is a,1

ZipList is very handy and I really use it a lot! It is on my phone so I pull up a recipe at the store. It creates a shopping list for you. I recommend to everyone who loves to cook!,1

Love the way it creates a category so it makes shopping in each department a breeze. No back and forth to the different isles when shopping!,1

\$1.99 doesn't break the bank but COME ON! This app does nothing but frustrate me! It does not work in any way shape or form. I want me money back.....,0

This app is a huge waste of time I know its hard to make an app but maybe upgrade it to be more efficient,0

I almost never buy apps....now I remember why! No instructions. No support. No way to get a refund for something that is ridiculously far from what is described/advertised. I have done photo work professionally in the past and thought this sounded like f,0

I can't even explain how disappointed I was..... the test drive was dun and it worked and then I got to the real app and it just sucked!,0

This app totally works! It took me a month to figure it out but I'm still amazed. What most of the other reviewers said is not at all true! It really works. What you need to do is press start new session and then color what you want colored. It won't sho,1

Not a very good app.I thought it would be interesting to have this app but I was so wrong. It stopped working right away. Very disapointing!!,0

"I just got this app. I can not get it to work, Yes I can draw on my picture but fit an app you payed fot that is not worth it. I was hoping to do black and white with btight colors. It only gives you a few options. I was not able to do anything on this. ",0

I absolutely LOVE this app! Works great on Kindle Fire. You have the ability to Color only certain things in a photo you have on your device. This app is a must have for creative photo takers!!!!,1

"I love playing with pictures. This app made me hate it.First of all I have a Kindle Fire, pretty big screen, not like a phone screen. Every time I tried to zoom the picture, it completly disappeared. Then using my pinky tried to color in, but pinky to fa",0

Should be free isn't worth it. I wouldn't buy it if I were you. I regret it! DO NOT BUY!,0

"I really excited to use this app, but when I opened it and uploaded a photo I couldn't use it, there are no instructions, I tried everything I could to make my photo black and white and then make certain parts of the photo in color it wouldn't work. Of c",0

"I found this by accident, but once found, I appreciated it. You can find videos and tutorials around the "net" to help you fix and repair your bike. This is one you can carry on the road - for when you REALLY need it.",1

I find the app to contain useful information for my needs. Just getting back into mt. biking after a few years and forgot maintenance routines etc. Shows fundamentals and helps in trouble shooting. At sale price I definitely recommend.,1

This app has come in handy several times and has already saved me money. It is well layed out and I think it is easy to navigate.,1

"While perhaps not perfect and complete as per some reviewers, This would give a lot of people the confidence to start a repair. Once started, most people can figure things out for themselves.The app is nicely illustrated and arranged.",1

I've had new pain in my knees and then my chain began skipping. I found troubleshooting and resolution easily here. It also provides guidance for safety and maintenance. \$2.00 more for this approach at Apple.,1

was wondering why my smart keyboard wa vibrating vs entering what I was typing. also launcher pro bottom left button was not responding since it's in the launh zone.,0

this app is great.onetwothreefourfivesixseveneightnineteni have to 20 words in order to post why not sure,1

"This app caused me to have to factory reset and do an extended battery pull before my phone worked right again. It totally threw off my calibrations, barely click on anything... it took me a whole hour just to get through the menus and get to the uninst",0

"Great idea for an app. I love that the devs made it so configureable. On the Xoom, the default gesture location is a bit in the way, but they made it so that you can put the little hot spot damn near anywhere you want. I only wish there were additiona",1

"Currently, I am using it to keep my favorite games handy. It is very customizable. One of my favorite apps. I've never had any problems with it all.",1

I have a tbolt so I can long press and get my apps. but! you can set the icons in wave launcher to quick dial any one of your contacts. That is extremely useful. Completely customizable. Love it!,1

"This app, by far, surpasses it's inspiration. It so awesome that I even paid full price for it. (FYI- I do not like to spend money) Anyone who is with Palm's WebOS would agree that this app takes Android beyond any other OS, and I mean any. This should be",1

"people are morons lol. people are really rating an app One star just because THEY don't need it? text plus has been around for a long time, i use it on my iPad and now on my g tablet. it gives you a free number on your WiFi only devices to text from. th",1

"ahhhh sweet memories of my Palm. Well almost. This application is pretty cool. So easy to set up and so easy to use. What's next, cards like the Palm? i would be just fine with that!",1

"So I decided to try this since it was the Amazon free app of the day. Got it installed, and messed around with the settings then all of a sudden my phone rebooted and then locked up during the boot process, had to pull the battery, try again. Still no go",0

Thought phone had a virus. Spacebar started working one out of 10 times. Then realized ALL bottom row keys worked only if press tiny top edge of button. WAVE keeps trying to launch when I'm texting or writing email. Uninstalling immediately.,0

"I loaded this app on my EVO and was immediately impressed. After updating the apps I wanted to load, it works amazingly. This freed up some room on my home screen, but kept my frequently used programs accessible.",1

"This app is extra useful, allows a quick way to access my most used apps from any other app. Great for switching between apps on the fly or pulling up my calendar while reading my email then switching back. Great customization, with minimal intrusion. Ma",1

"I love this app because it makes so many apps accessible on any page. I do wish it was a tiny bit less sensitive. Still, even with that I love this app and I think it is a must have for all Android users. This takes one of the few advantages from the Web",1

This app is a steal for free. I'd be willing to pay the 99¢ for it even if it wasn't free app of the day. I love how much you can customize it. Get it while it's hot!,1

Awesome app! Love it :-) wasn't sure at first but now that I've had the chance to use it for a while I love it.,1

"Crap app. Stay away from this one. All it does is kill your battery as it is constantly running in the background. Also slows your phone down as well. Setting it up is also very difficult. Again, a waste of money.",0

"Tried all the settings and tweaks, but it doesn't seem to work on my Xoom, and maybe any Honeycomb tablet?",0

"Works great on my Epic 4g. I press on the Samsung logo below the screen to trigger the wave, so it doesn't interfere with anything Some users report it messing with their keyboard though, so apparently not all phones can utilize this effectively.",1

"I didn't think I would like this app, but as soon as I installed it I saw its potential. Works well, easy to configure and comes in rather handy. Well worth getting.",1

"It's fun while it lasts, sure. Out of nowhere, I don't even recall if I had used it right before, the blurred background thing comes up and covers my phone completely. I had to uninstall and do a battery pull to get it to work. (It's so incredibly diffic",0

"no good for HTC phones, doesn't work well with the home screen set up. when you try and use it, your apps on the home screen block it. also it can only launch 5 apps, the home screen holds more than that itself not including the separate pages you can sw",0

"I really like launchers, the kind that work with your home screen (different from home screen replacements, HSRs). Wave Launcher is among the best. I like the interface, stylish and fun...but still easy to use. To make it even better, I recommend the develo",1

"i love this app activation and graphics are nice please add more room for shortcuts. when im typing, it sometimes makes me have to hit the spacebar twice",1

"I think this was a text input app. It failed, whatever it was. It might have improved since I first used it about 2 years ago. But it was terrible when I used it.",0

"I didn't really get what this was when I first picked it up, but now that I'm using it I can't imagine my phone without it. It is basically a quick way to get to my favorite apps easily without having to hit home first. Since there is a handful of apps",1

this is a very useful app. i really like that i can edit the area to drag from so specifically! great app.,1

This has got to be my lucky day. Just this morning I was thinking about this app and how awesome it would be to get it on the Amazon Appstore for free and bam. Bringing some of that sweet webOS greatness to Android. This is not a alternative launcher it ,1

"I was one of the lucky ones that got this as one of the free paid app of the day, and I use this app on a daily basis it seems. Highly customizable from the touch area size, touch area location, apps/widgets/shortcuts to choose from, to the color of the",1

"Love the app. :D It works great on my Tab. You just have to change the settings to make sure it wont interfere with your keyboard. Otherwise, works great.",1

This is one app I would of paid for had I realized how beneficial it is. Example..you are typing an instant message but you need the calculator. If you have the calculator on your wave you can bring it up without ending your instant message. when you are,1

Especially comes in handy when tweaking widget properties that don't populate in "Recent" list in Android (ex. Fancy Widget Pro),1

"I'm not going to change the star rating, bc I still really like this app alot. But I'm annoyed that there's an update available for this app on the android market for over a month, but no update from Amazon yet. This is not the only Amazon app I've had t",1

I was a huge fan of webos and ths is one the things that I really liked about it. I must say I find it way more useful here in Android since I have so much more app wise it is a nice short cut to my more used apps.It has tons of options for you to playwit,1

"What a great and simple app to make life easy. Read notes section, gives some advice on how to not have it mess with on screen keyboard. A must!",1

this app will be good to use when I am on the phone and I need to pull up my calendar.,1

"I love this app. Now I can access my most used or favorite apps while doing just about anything without exiting the current apps etc. Very useful. Great job developers! If only I can turn on/off my mobile data through this app, then this would be perfect",1

Why would this app need to be allowed to use "services that cost you money" and "directly call phone numbers"?? I want to install this app but thats just sketchy.,0

"Yes, this app could be frustrating if you don't know what's going on. However, if you educate yourself in it, and learn how to customize it, this can be one of the best shortcut apps in your arsenal.",1

"This is a must have app, I don't remember such a full-throated endorsement of an app by me. No more getting angry at android for not building this in to the core system. No more getting cranky at why you can't transfer easily between apps from within an ",1

Great application! Interfered with my keyboard until I realized that you can customize the gesture area. Since that point I have had no problems. App is quick and allows easy access to my most-used apps!,1

"Now my Evo has a Web OS feel to it. Works great, easy to set up and use. Thanks a bunch",1

I love that I can not have my desktop cluttered up with all my apps but still have quick access to them. Thanks,1

This app is great! Love that it can be active from the lock screen so you can go straight to any application. I kind of regret buying Widget Locker now. This does most of what I need. There are some issues with it decreasng sensitivity to buttons at the ,1

how is this better or more intuitive than the already easy to use and intuitive Android app launcher? absolutely worthless.,0

Took me a little while to figure out how to use it but now I'm loving this app great job to the dev,1

"I'm using a Sprint Samsung Epic 4G, with Android 2.2. This app saves a bit of time, but overall is just really convenient.",1

this app works really well. Customization works well to place the hot spot where it works best. Very intuitive when you set it up for yourself. Glad to see the reviews that pointed this out. FULLY CUSTOMIZABLE!!! Thanks for this app!!,1

"I'm sold on Aldiko eBook reader. The interface is user friendly. Using the app is easy on the eyes, perfect for reading before bedtime. The download interface is easy to navigate. Filled my bookshelves in no time. I love it that it saves my place. Recomm",1

"Aldiko is the best e-book reader I have found for my Android phone. You can import any epub format book or download from Feedbooks, Smashwords or other online sites such as Project Guttenberg. Its ability to automatically bookmark your current page saves",1

"This book reader has smooth flow of pages, the best I've seen so far-and I've downloaded them all trying to find the best! Good selection of free books - many more than other readers.",1

Works about the best and is a good all purpose reader. I can download any book in PDF format and it's available instantly. Don't have to load it from my computer.,1

didnt like this at all. never worked when I tried it. deleted it recently cause it wouldnt work. oh well free but hated it.,0

This item does everything I wanted. It do and very nicely. it is very user friendly. I wuld definately recommend this seller to anyone to do business with.,1

"I wish that I had got the paid/premium version. The upgrade has improved the smoothness of use, so much, that now I'd be willing to see what else it can do. I'm just an ordinary book lover/reader, not the highlighter, notetaker, academic, or author type",1

I just did not keep it had other book apps I chose to keep. Does the job if you need it.,0

"If you like reading and don't want a big brand interface, then this product is for you. Nice design, easy and efficient gui. Very nice features, as well.",1

"Aldiko Book Reader provides a very helpful and easy to use interface. Plenty of options put it at

least on a par with other book readers, if not superior overall. It downloads the books so that they can be read when offline unlike some that require an in",1

"Great app for reading ebooks and pdfs. Worth the price. The extra settings are useful as well, you can change the font size, colors, and brightness.",1

i like my overdrive app better. this is okay but the overdrive app that i use seems to fit me.,0

This works great to organize your e-books. Helps convert to reader format and shows books on book shelf. This is must have.,1

"I really love this reader! It is easy to use, responsive and quick to update! I would recommend it to anyone who wants a no nonsense reader.",1

"There are various versions of this excellent ebook reader around, the one I use is on an Archos 7 HT v1 which is limited to Android 1.5. I bought the Archos as an ebook reader having seen Aldiko on another android tablet. Very satisfied, never had issues",1

"Excellent app...i really live how easy it is to use...you can change font size and screen brightness...even change from black text with white background to white text on black background which i find much easier to read. Importing files is easy too, seve",1

"This app reads my galleys which I needed to be able to have in a more portable setting. On top of that it also does all the other major files I use (epub, mobi, and pdf). It's been a life saver for sure.On top of all that I found it a breeze to import my",1

One of the better ereaders available. Have used several on phone and tablets and this is by far one of the best.,1

"I downloaded this app for my wife after buying an Android tablet for Christmas for her. She finds it to be quite intuitive and easy to use. Epub files read well on the device using this app, where my KOBO device struggles with them for some reason.",1

Can't review since I cannot find it on my Kindle Fire 7 HD although it is supposed to be shown in Apps?,0

This reader has several features I like such as the ability to read PDF files and a night reading display function (a feature you don't get with the Kindle). What I don't like is its inability to read Mobipocket files. Otherwise...5 stars.,1

Not alot of selection on this one unless you like old books. would not recommend. Not knocking but not my cup of tea.,0

"After uninstalling the app and re-installing, it works great. At first it wasn't working and was very disappointed but after the reinstall I am happy.",1

"Though I don't think it's available here, aldiko sync for rooted devices is great with this app. But even on it's on this is a great reader. Customizable and able to use the android share feature so that you can post to facebook/google/twitter/email/et",1

"This is a great ebook reader. It does everything it says it does, and does it well. The best I've found.",1

"Awesome reader ! I use it regularly for bunch of epub books I have. My daughter uses it to read lot of classics! Love it on my 7"" ASUS tablet and 9.7"" HP Touchpad!✔ Support EPUB which is what I use as well as pdf✔ Fully-customizable readin",1

I use this one especially when I want to view my collection with sophisticated tags and categories. It's a classic.,1

I used to have to convert all EPUB books to MOBI in order to read them on my Kindle Fire. With ALDIKO I can read them directly without conversion. Great little reader. Highly recommend,1

"shows ebook and pdf formats, shows in reverse lighting (dark background and light text) . remembers place where i stopped reading.",1

You will have to go to the Aldiko web site and download it to your computer and then side load it. I have about 600 ebooks in ePub format. I'm not going to give up the ease of tags and other info. This is the best program if you have a large number of,1

"I settled on this reader after trying about 13 others. It is by far more usable than any of the others. Adding books to it has a bit of a learning curve, but is still easier than any other reader I tried.",1

"I downloaded this app from another appstore because the product page in Amazon says it's not compatible with my Kindle Fire. Well, it is. I won an advance copy of a book to review from NetGalley, and it came in the form of an ascm file. I had to downl",1

this app sucks. right when I opened it it froze. this is stupid do not get this app. don't get it,0

This doesn't even work!! It shows West when you are going North and messed up on all other directions turned to.,0

"As a person with no internal sense of direction, I find this app very useful. Also, seems to be accurate.",1

does not work on the fire. the compass does not move when you move away for north and it does not work as a compass at all,0

this thing sucks on the kindle fire Cu's it doesn't. have a gos on it. don't use this if u have a kindle fire,0

"I would give this piece of crap a half a star.it didn't point me in the right direction Ever!always stayed pointed to the north,nothing else.GARBAGE!",0

"This is too cute and as soon as I figure out which direction that I want to go, it will definitely come in handy.",1

"downloaded it. opened it. and the pointer stayed pointed in the same direction: North by north east, no matter what direction I pointed my kindle. Maybe not meant for my device?",0

"This app will show you what a compass looks like, and will change the background picture, but is NOT a functional compass.",0

this app does not work on the airpad x 10.2 tablet. the app opens and then freezes. it does nothing at all.,0

Requires GPS to work and Kindle does not have that. It was free so I wasn't out anything but time.,0

this is an android app but does not work on the Kindle Fire - it needs a built-in GPS which the Fire doesn't have,0

not good app for kindell. pretty much useless in the case of actually needing a compass. I believe amazon should get a real compass app.,0

I hate Cu's my cusin said it was inapropitlreate. and it wont install on my kindle it is dumb if you are a kid don't get it if you like it then you are a gross person,0

I love it know instead of saying this stuff I can press it so lucky for me now if I get in trouble I can say I didn't say it my kindle said it,1

"its just stupid, really, doesn't work at all, it erased all my apps on my kindle. like really. i was so angry. Don't buy!",0

I really wanna buy this app but i don't want to spend money on it. I think that's why most people wont buy it.,1

POS This is just my opinion and I'm writing this because in order to leave a review I must have a certain amount of words in my review. Really!!! AYFKM. Jusy Saying.,0

I think this game is awesome and totally worth it. I suggest getting this game because ithas smooth controls and is way better than most basketball games.,1

This game is really addicting! I love basketball and this was the app for me. The main point of the game is to make the shots you take and get more advanced. You earn different basketballs that earn you more points. This game is RAD. Get it if you like b,1

"Fun & Easy game. My youngest kids (4&8) can play and have fun just making the shots, my older son (12) plays it at a little deeper level and still enjoys the game.",1

its ok it was free to try.. dont think i would purchase the game although because it doesnt have any sort of reply when u get bored and u will .. u will never play it again.,1

I love this game! it works great on my kindle fire and haven't had any problems. much better than basketball shot.,1

"This game is great. It is a great time waster. It has smooth controlls and sounds. I REALLY, REALLY recommend this app. Have fun!!!!!!!!!!!!",1

Great game. It is a great time killer. My five year old son loves it too! Download this fun game!,1

"LOOKS AWESOME ON MY K-FIRE! Too bad this is burried in the search mix when you type in calculator. Had to really search for this as it was pretty jumbled/burried in with a lot of non math calculators. Love the simple name, has both great scientific and b",1

I got all the way to the level when your cat falls into the lava pit it was awesome. I was excited all the way through....reminds me of Harry Truman dang it was a sexxi game,1

"If you want to store a set of operations then calculate after hitting a button, use a different app or request this feature from the dev. Works as intended.",1

When you use this app you clearly realize that it ONLY calculates the first function you input. It cannot disobey the order of operations because there is no possibility for entering more than one operation at a time. If you're smart enough to know wha,1

"Adding 00 and % buttons does not a business app make. Use Office Calculator Free if you want:A tapeRounding optionsFixed point arithmeticA %= keyNegative numbers in redAlso 3 skins (button colors), and hepatic feedback.This seems a fine scientific calcul",0

"Interesting. A calculator for the app of the day. It's not like you cant get a free one that does exactly the same thing. Still gave it 5 stars cause its a good app, just a crummy choice for app of the day.",1

"The equal button failed to work... All this talk about it have a special order of operations sorta reminds me of a joke by Ron White where he says, ""Let me tell you what I'm looking for in a tree. I'm looking for a tree that you can tell is alive even if",0

"The calculator has great potential, but it it's missing parenthesis and am ability to enter an equation before calculations take place. Without those to features, all of the scientific expression buttons that appear in landscape mode are completely usele",0

"This calculator app has the additional functions not included with the stock android app: memory add, memory subtract, memory clear, memory recall, and percentage. Plus it has scientific mode in landscape mode. Enough said.",1

"Well a calculator is pretty much a caluator. However, the convenience of having one on my Kindle is wonderful! Good buy!",1

This is the same exact calculator that comes with the evo 4G. The only difference is you can't change color... Definitely not worth 2 dollars so you can change the color of you calculator. And I think the reviews of it not having the order down is legiti,0

"One thing that always bothered me about the stock calculator on my SGS was the lack of memory functions. The layout its similar to the stock Android calculator, but with more features.I

actually like having the option to change skins. I change the look o",1
 "There are many calculators in the market, some paid, some free, some good, some bad.all calculators make calculations, all can add, subtract, and all that sort of things, some are scientific and some are the easier to use normal calculators.But this one ",1
 This is a great basic calculator and am glad it's a FAOD since I don't have one on my KF.I wish more people would just rate the app for what the description says it is and whether it works well or not instead of rating it for every thing they wish the ap,1
 This makes a great business calculator and is certainly an improvement over the stock calculator. I can't comment on the scientific calculator because I don't use that but the layout and function of the regular one is perfect.,1
 "If I had bought this in a store, I would return it right away. Who wants a calculator that doesn't give correct answers? It doesn't matter about changing skins if the answers wrong now does it?5*4+2*3 is NOT 66...far from it. Do not get this for your kid",0
 No order of operations. It looks nice and seem to run fast but with out order of operations I can't give it anything but a 1 star.,0
 "I would like to know what kind of drugs the developer was on putting out an app that fails at basic calculations and what kind of drugs Amazon is on for picking these free apps of the day. They have been crap lately, not worth even looking at or download",0
 "This isn't like the built in Android calculator. It doesn't wait for you to enter a string of operations and then obey order of operations like the other comments complain. It works like handheld calculators, applying the operation as you type. This i",1
 I love this it helps me with my math I'm up 2 grades higher than I should be so this really helps me. thankyou for making this the is the calculator I needed.,1
 "charging for something that everyone's phone already does/has. unless I'm mistaken every phone out there that can download apps has a calculator BUILT IN! DUH, anyone that would pay for this app is an idiot and should not be allowed to procreate.",0
 "Actually, it's worse than useless if it doesn't respect the order of operations -- it's HARMFUL if the unsuspecting user is relying on these calculations for classes or business operations. Needs a MAJOR FIX PRONTO! If I paid for this, I'd be LIVID.",0
 the lack of memory funtion really bummed me on the stock calculator. despite the smaller buttons (havent fully explored yet) i think i wil enjoy this calculator better. thanks for making it faptd,1
 "As others have stated this does not follow pemdas, also known as order of operations. As soon as another function is called it calculates what is on the screen and then continues. So for example, of you type in 1+9x2 it will stop at 1+9, and multiply tha",0
 "Easy to use, but doesn't really give anything new to use. My biggest frustration was that it didn't present order of operations. Even if they had included some parentheses so that we could define the order. Without that, to me, it is completely worthless",0
 "While I agree that a calculator by itself makes a crummy free app of the day, the ability to summon dragons by flipping it upside down on its face makes this app stand out from the rest. I don't know about any of the rest of you but my stock calculator c",1
 "Digital calculators come in two modes of operation, simple and advanced (Scientific). Simple calculators like the one you see by holding the Kindle Fire in the portrait mode do not obey the mathematical order of operation. These types of calculators expe",0
 Does not understand order of operation and why does it not have parentheses. The stock calculator app on my phone has parentheses and understands order of operation. I would never buy this is as it is a step down from my stock calculator. I don't care ho,0
 I could tell as soon as I downloaded it that I was going to love this app! The large buttons and easy-to-read display make this the perfect calculator app for my Kindle Fire! Thank you!,1
 "Well, this app is just wonderful. I use it on my Galaxy Tab and it works perfectly. The UI is very nice, meaning it works great on my tablet. Keep up the great work.",1
 I dud not spend \$200 to use my Kindle Fire to help me add or even perform scientific calculations. Give us some better apps please.,0
 "I tried this app several months ago, and it seems not much has changed. This is missing even basic things like parentheses, not to mention many, many functions found on a scientific calculator. And without order of operartions, you can't even do simple",0
 "I couldn't believe the kindle fire didn't have built in calculator, this is exactly what I was looking for. great themes also, could use a little more themes...",1
 "people who keep comparing this to their stock android calc are idiots. and mine has memory, so I'm assuming they just don't know how to use it. this was a steal at 99¢, but free is even better. there are none out there that combine business AND scie",1
 "This app is a rip off of the stock Android calculator. This app isn't even close to other paid calculators.I mean, if your device didn't come with a calculator, by all means, try this out. But just know there are far better options out there.If your de",0
 DONT BUY IT SUCKS SO SO SO SO SO So BAD SO DONT BUY ITS HORRIBAL ITS A WAST OF MONEY DONT BUY,0
 "It's a nice calculator. Works good. Just like any other calculator. I would like to point out that normal calculators do not follow order of operations either. Like they say, calculators are fast, but dumb. People are slow, but smart.",1
 "I like this calculator. I like how you can change your settings, change the direction and color.

You don't have to worry about batteries or putting it in light.",1

1+ 2 ×3 is 9 so u guys r wrong 1 plus two is three times 3 is NINE hmmm I wonder how I got that right?,1

"Unfortunately this app does the math as you type and enter numbers and operations. As another reviewer pointed out, 1+2*3 is NOT 9 but this app states that it is. Pitiful.",0

garbage. yeah this is really a peice of garbage. but aint nothin to it gangster rap made them develop it.,0

This is a calculator and functions as such; if you expect more from it then it's definitely not the app for you.,1

Not sure why there are so many negative reviews. This calculator works great. It calculates properly and does what you need when figuring numbers. Works great on my kindle fire!!.,1

if you are performing simple math but if you need a calculator for higher level math as I do and are used to a graphing calculator or even scientific calculator that knows order of operations this calculator isn't for you. I will review again when update,0

"I was going to download this to try it out against RealCalc, but seeing that 1+2*3=9 here, I think I am going to pass.",0

"The app does what it says, nothing + nothing - . It's a calculator not a problem solving software, for those complaining about not giving the correct answer try solving the order and then CALCULATE.",1

"that's all I wanted. Serves my purpose--easy to read, easy to use, and can't beat the price!!! I feel certain that there's actually some use for those ""scientific calculators"" that are sold, but I have to say I don't know what it is. Sometimes the sim",1

This is an upgrade to my stock calculator which has memory and a few advanced functions. This calc offers many more functions. This app is a very nice upgrade. People do not expect the world for free.,1

"I was going over the reviews and I came upon one that said that 1+2*3 is not 9, and they are completely wrong. 1+2=3, then 3×3=9 (JUST SAYING). I don't have this app but the review I was talking about was just too stupid to not write about.",1

"it is a really awesome calculated app. i like how it can change skins and stuff. really useful, and better than other caculater apps.",1

"Not to beat a dead horse, but I am also shocked the order of operations is not respected. Junk. Going back to the built in calculator.",0

"I don't get why u would pay for something u can find for free n the market place. that and moat phones come stock with a similar, if not better, calculator",0

"This app does everything a scientific calculator is supposed to do. It is not a graphing calculator with a big display screen where you can do multiple operations, it is a scientific calculator designed to do one operation at a time. You have to know mat",1

"greatest calculator app ever. I tried everything else, but none came out as good. this app came through with flying colors.",1

I've found this app to be good enough to replace my old sci calculator since I'm always with my Fire these days. My only critisism is with the glass "keyboard" on my Fire that doesn't have a tactile feedback. Not a fault of this app!I recomme,1

"Nice app! I have a SGS II and the stock calculator sucks. But this one has everything as a regular or a simple scientific calculator.And it's skinable, with 5 pre-installed skins.",1

"Please excuse my dear aunt Sally. The recipe called for 2/3 cup of water, 1 1/3 cup of milk, 1/4 cup of oil, 1 egg, and the cake mix. She bought 2 packages and used this app to double the recipe. She used 1/3 cup of water, 2 1/6 cup of milk (she struggle",0

Why would I pay for an app that my phone already comes bundle with? Kind of useless to have this app since I can use the stock calculator and get the same result. The only thing you are really paying for is the custom skin. Not worth it.,0

they need to stop doing stupid little stuff like calculators as the free app of the day its really annoying,0

"I was surprised that the Fire didn't come with a calculator to begin with. Given the features this calculator includes, I think the price is very fair. Hold portrait for a normal calculator, landscape for a scientific calculator. Awesome!",1

"Great for people with the kindle fire, but unnecessary for people using an Android phone made by HTC and possibly other manufacturer's. This calculator does a great job and is worth its 5 stars, but this calculator functions almost identical to the free",1

"While it does LOOK like stock, it is far from it. Yes, you can change skins, big whoop, but if you look closer, it also does business and scientific functions. I have an HTC model phone with ICS, I also happen to need a calculator that does more than jus",1

Needed a calculator and there the app was.....can't say much other than it's an easy to read (for those with glasses or eye problems lol) and it's easy to use!!.,1

This app sucks. There is no order of operations and the functions are hard to find on the fire. I wish they had cooler free apps of the day sometimes.,0

"This is not a scientific calculator. A scientific calculator uses order of operations. It's acceptable to work like a 10 key calculator when it has only ten keys but when it goes into ""scientific"" mode it has to have order of operations.It's worse than t",0

"The calculator doesn't order operations in scientific mode, which is a major issue when you want

a scientific calculator. Major letdown because it looks nice.",0
 This looks pretty handy but I couldn't find no instructions on how to use it. Something to explain what's all them buttons are for would be nice. Thanks.,1
 "an app that is redundant. Of course, if you are a Fire user, I suppose it isn't. In which case this looks like a very good calculator app. Still, app of the day?",1
 "Really like the transition from basic to scientific calculator - very good idea. I think I still slightly prefer RealCalc but it's a very close thing, and probably just down to the more familiar look and feel of RealCalc TBH",1
 "Respect for algebraic order of operations is so basic and so absolutely required in a scientific calculator of this type. Since I can't even override that by using parentheses because they are not implemented either, this calculator is, unfortunately, ju",0
 "Calculator app an eff' off award. Looks ok. Doesn't function correctly. One would think Amazon wouldn't want to be associated with such a bad app. They need independent testers to help protect amazon's image. Nothing too complicated, just a simple yes or",0
 "This app works great on the kindle fire HD. After reading directions and learning how to move things around, it is a lot of fun for young & old alike. You can use pics from your photos on the kindle or take them with the built in camera. I used a pic of ",1
 "You can't do much with the picture to enhance it. I would not recommend this product, we definitely did not like it at all.",0
 "I don't know what the problem is, but this app just won't load. Sorry, cause I would like it to work...",0
 I downloaded this app before I realized Amazon had warned me it may not be compatable with Kindle Fire. Well it isn't. Does not even show up on my carosel. I was warned. Need to pay more attention to thoise compatability messages.,0
 YUMMY DESCRIBES THIS WONDERFULL CHINESE BOOK...I LOVE CHINESE AND HAVE SEVERAL BOOKS ON THEIR DELIOUS FOODS...THIS BOOK IS PRICED REASONABLE AND EVEN SPORTS A SECTION TO PUT YOUR SPEICAL RECEIRTS IN...IF YOU ENJOY CHINESE PUT THIS BOOKS RECEIPTS IN YOUR ,1
 The recipes are great. There are a good number of recipes given. The instructions are clearly seen and easy for me to read!,1
 Great Ap and recipes are new to me and will use often; would recommend to anyone in their attempt to cook Chinese rather than do take out!,1
 It might be nice if more folks realized that Chinese Ketchup is Ho-sin sauce. The chinese have a great way to eat. they use yesterdays leftovers to make a new dish so it is hot. then the make a brand new from scratch dish. So for day one the fry up pork ,1
 Any game of thrones enthusiasts must get this app.. it helps you keep people straight figure out story lines and looks at maps of the lands and houses... each and every character is described in this app. Fantastic for the book lover as well as the serie,1
 i am a super fan after reading all of the got books. thiss is a must have for alll got fans,1
 "Fantastic!!! Has a complete list of all characters!! In this book as you know, many characters to keep up with. This app makes it so easy.",1
 "Game of Thrones(GOT) is one of the best shows ever & now with this app, I can look up different characters and view maps of the kingdoms. It is a great reference guide to all GOT fans of both the books & Tv series. If you watch the show and/or ",1
 "Wonderful companion to the series. Easy to look up an individual, if you forgot their details. The maps are great for reference. And being able to turn the spoilers off & on is brilliant!!! Great job, Jason. Now how long will we have to wait for",1
 "I love this because I am terrible with names in person and in books. GRR Martin is utterly insane with the hundreds of names that he drops in all his books and he threw away the general rule of not having similar sounding names...if you can't keep up, to",1
 I have read the first two books of the series so far and this app has been a wonder while reading. This has helped me so much with keeping the characters and places straight. This app has helped me keep up with the story without getting lost. I would ser,1
 I hate this game. ways the point. I exited the game and the music is still on. sud ya SHUT UPSTUPID GAME.,0
 This had negative reviews but I find my taste runs different than most of the norm and dowloaded it anyway...so glad I didn't pay for it and that it's removable from my kindle!,0
 o my goodness this game is so fun especially when you get to level 13 where the dots shoot at you...download this game!!!,1
 this app sud nuts don't get doesn't make any sense idk how to play or what the point is never get,0
 this game is horrible.don't get it its a waste of timetake it from someone who just played it don't get it!!!!,0
 this game is not funny because all u do insit there and touch a red dot. do not waste your time or space on this stupid game. go on to the next game and u might just be happier then if u play this dumb game,0
 it could be fun for some people. not fun for me. there are deffinetly better games out there. I reccamend not to get this game.,0
 this is the most useless thing ever DoNT get it is is a waste of money and that is really saying something cause its free,0

ths app is apsuloutly freakin' gey!!!!!!!!!!!!ths game makes freakin' NUNS want to spit in the game maker's games!!!!!!dont get it warnin' ya!!!!sux BIG TIMEZ (literally!!!!!!!!!!),0
 its cool and funner than everyone says and I like the music too its not bad. people just overexagerate. cool.,1
 looks like it would be a fun way to spend some time on the phone or computer when you lazy,1
 This is such a cute game and its fun to pass the time with. You tilt your screen (Kindle Fire for me) to control the little guy. Really fun game for me!,1
 My kids and I love this game easy to play for the novice but gradually more challenging for the expert. The music does get a little annoying however but how many other games are too? Fun to play and well worth the price.,1
 This app does not need to access my phone state or information about my networks. No thanks. HTC Thunderbolt stock rooted.,0
 "I have no idea how to play this game. Where are the instructions? Just a waste of my time trying to figure it out. Have lots of games I play all the time, will not bother with this one.",0
 This is a very frustrating game. From the sketchy controls to the fact that if and WHEN you die it takes you all the way back to the start menu. You spend more time going through menus than actually playing the game. To top it all off even if you only li,0
 exactly what i wanted a nice game will look for more games like this in the future as always great apps on amazon,1
 This game is so much fun. That I could not stop playing it before I even realized I had already beaten the whole entire game in about half an hour.,1
 "this is another lame attempt at gathering your Private, Personal, Confidential Information, under the guise of being a game. The permission the app asks for are INVASIVE, UNNECESSARY and WRONG!..... UNINSTALLED",0
 "Takes forever to load on my Nexus 7. Then one I completed the level, it wanted to post to Facebook or online. I hate games that do that. Uninstalled.",0
 there is no reason for the amount of intrusion this "game" has. reading my phone state has no logical reason for any game.,0
 Yep...another quick play game to occupy your time while waiting in a line. No real skills are involved in this game other than a steady hand.,1
 "Simple waste of time, if that's what you're looking for this is the game for you. I like games with some mental challenge too. this doesn't have it",0
 Anyone who says that evolution is a fact needs to define what they mean by evolution. If they are saying a change in things over time then evolution does occur. If they mean that we all came from a big bang billions of years ago and that everything creat,0
 evolutions is theory!!! tht means there is no proof for it and there is no proof against it. and I'm sorry to all he Bible thumpers out there but so is God!!! I mean where is the proof of everything bout God! besides a little book?!?!? I mean really. Gre,1
 "The application is great and informative. I am impressed that some of the neanderthals cited, learned how to use computers and review apps. I would like to see the simple down-voters test the theory of gravity. Btw the app "Sapiens" will provid",1
 "It will be a bit long but please read it.This guy says, "oh...this, this, and this are proven". Then he says nothing of how they're proven. ??? ...also, he blaintanly lies in telling his opinion as fact. "There is no evidence for intellig",0
 "This app is absolute hogwash. It would be almost acceptable as someone's point of view if the writer didn't openly lie to get his point across. Anyone interested might get out their dictionary and look up the word ""theory"". Webster: 1)Abstract thought. 2",0
 I WENT TO THEIR WEB SITE - NO CONTACT INFO !!!I CAN NOT REGISTER FROM KINDLE AS I DO NOT KNOW WHAT A SERVER IS THAT THEY ASKED FOR. WOULD BE A GOOD APP TO HAVE IF I HAD ACCESS TO IT !!!,1
 This does exactly what I wanted. This program should be standard on the Kindle Fire. Once you start using it you'll see how useful it is.,1
 "Even though I am sort of a technical geek when it comes to home networking and fun gadgets, I decided to use this really easy tool for turning an old, unused PC into a Home Server where I can access my files quickly and easily from anywhere and from any ",1
 "This program is great, access to the entire storage system and being able to download to another computer or smartphone with password priotection.Very simple to use and a great asset and best of all its FREE.[...]",1
 I got this because Zumocast (which was a fantastic app) no longer worked on my Droid Bionic after the Jellybean update. Tonido does practically the same thing.,1
 if you set your reminders in the already included Google calendar it does the same thing. the only thing this includes is the homescreen widgets. If you want holidays to show up in your calendar login to your gmail go to calendar and you can add whatever,0
 This app works just as it should. I quickly and easily added 3 events without any problems. I am dismayed though that there are only 169 days left until Christmas! I'm not in the mood yet. :),1
 "This is a fantastic widget! Install is super easy, and set up and use is even easier! First time installing a widget for me and the first thing you see when you open it is a 4 step instruction list.Love the size choices and the icon/overlay options tha",1
 I got this app over a month ago and still enjoy it. Made a few reminders and decorated the

calendar with a small tattoo so I had that much more to remind me. Easy to use and does what it says.,1

Just installed this app and added ten countdowns easily. I like the little pictures you can add to it although if they added a few more it couldn't hurt :) Wish you could change the color on the huge widget but the 2x1 is the perfect size to see all th,1

"Works well, looks good, just what was advertised. Kinda annoying that people give poor reviews based on another app doing the same job. That does not make this a 1 star app. Review the app not your frustration that it isn't a \$5 game for free.",1

"100% customizable! From the color to little stickers. Does what says and you can plaster your screen with countdowns. If the app is not for you...do not give poor reviews, wait until tomorrow for the next lame game!",1

"really? good going amazon. put an app on sale for more than they ask! such smart techies. wooooooooooooooooooooo wasting space. nice app btw. (72 hrs later this is posted, up to 48hrs my _ _ _.....",1

Those who say Google cal does this are dead wrong and clearly do not understand how useful a widget like this is. I would never clutter my pages like the demo images but I bought DaysUntil a long time ago and always have a payday or project deadline coun,1

"I love this widget. I use the smallest box and have two, three, or four going. you can change the color, it can show the date or the event. you can put a smiley face or another icon to denote what type of reminder it is. I have had no problems with i",1

"This is a great application. Works well and the widgets look good. Not sure I'd pay for it, but it was good while it was free.",1

"As a lover of countdowns, I love that I can know how many days left without having to check my actual calendar. The little reminders on my homescreen are cute and helpful. Zero wrong with this widget. I've had nothing go wrong with this on my EVO.",1

"I have used the free app for a month or so and like it. The app acts as a countdown to important days and can cause you, or at least me, to get more excited waiting for big events to come.",1

why why why?! why does a stupid countdown app need to know so much about me? I simply don't get it.,0

"My wife is always joking that I have a count-down for something in my head as I'm always looking forward to the next big event. Book releases. Big movies coming out. Holidays. Not so much birthdays, well, not my own anyways. And here is an app that ",1

"great reminder, easy to use, will be of great utility for me, i like it very much. thank you app of the day",1

This is a well thought out widget that does exactly what it needs to do. I started using it right away! Thanks for a great free app.,1

"Love this widget, I use it for Anniversaries, parties, special occasions, etc. UI is simple, love the sizing option. And it just overall works well.",1

"For everyone whining about this app getting poor reviews, it deserves it. This doesn't do anything that a basic calendar app can't, and doesn't have nearly the functionality of an actual calendar. Just because an app does what it claims doesn't make i",0

"This is a great and simple little program for tracking number of days left until a certain date. In the service we used to carry a chain around with us that had a link for every day left until our enlistment was up. Then, every day we would cut off a lin",1

i really like this widget. it's really handy and combined with catch notes is even better! would recommend if anyone has important dates to remember and wants a countdown.samsung fascinate,1

The application puts calendar data on your home screen in a convenient format that the stock calendar does not. That makes the application reasonably useful. I downloaded to see if I'd find it helpful. Seems to be about a 3 star application. It's not as t,1

"This is seriously a great widget! I've been wanting something like this, & although some people seem to think so, not everyone's calendars have this as an option. The calendar widget on my Droid x only shows the next agenda on your calendar, & do",1

It does what it says. Might be other apps that do the same thing but this works for me. Word 20,1

"I wasn't really using it anyway, but I go to use it and it tells me I don't own this app. BS! At least I didn't lose much.",0

"A crappier version was on the market and got yanked back when. This is a completely new NICER version than that one.. I like how that guy says 'and now they charge for it, that's ridiculous' he just said before hand he got it as the free app of",1

"If you are like me, and find it hard to remember dates like birthdays anniversaries etc, then this is for you. Perfect for us men",1

"installed and easily setup three events. love this for my young kids. they are always asking how many days til certain birthdays, holidays, and events. this widget is really cute, colorful, easy. like the overlay icons. LG Optimus S.",1

"It's really simple and does what it says. I've had no problems with it. The interface is perfectly organized, and it's handy for remembering lots of dates without having to check your calendar every day.",1

Nice graphics and interface. Counts days accurately and easily updates. Took me a few minutes to figure out. Does what it says and works fine on my EVO3D.,1

great for all those countdowns for events. now my kids have added their birthdays so i dont

"forget". i even added my anniversary.,1

"This is a fantastic little widget! We are all counting down the days to special events in our lives, and this just makes it that much easier than either using a calendar to do a backwards count, or just keeping the date marked, and doing the countdown ma",1

I love it! Thanks Amazon for bringing a great app to the free app of the day! This widget delivers on its promise!,1

Works great and I love how it's a widget that can go on the home screen! I also like the fact that you can change the colors and add the little character depending on what holiday/event it is!,1

"This has to be the lowest of the low of any FAotD that Amazon has offered. I mean, you can get this same functionality in your built in Google Calendars. you certainly don't need a separate app or widget for that.",0

"This gives me a countdown reminder on my home screen. It is just what I wanted. I love the flexibility of counting by years, months weeks or days.",1

I like this widget. It's simple. It's easy to use. It does what it's supposed to. What more can you ask for.,1

I have been using the free version and loving it. It's a great way to keep goals in sight and simple to use.,1

In my line of work I needed a voice recorded that was convenient to use and inconspicuous . The Note Everything is just what I was looking for. I now have a recorded on my phone and it is totally inconspicuous . I can conduct my business without being n,1

I could not make it work. Others of high tech mentality could do it I'm sure. I lost heart and quit. My son loves it.,0

If you are using your stylist to take notes don't use this app. it does not work well the letters are blurred and unreadable,0

"I love this app. It helps out so much. I use it every day, for anything from organizing my day, to writing shopping lists, to drafting letters (which you can email, straight from the app) and writing in my journal. It's even a piece of cake to use to tak",1

"I purchased the app but it will not download to either Kindle Fire we own. When I went to Manage Apps to the actions button, it gave me a link to Manage Apps but I could not download the app.

How can I rate an app if it won't even download. It's a good ",0

"I've been using the Note Everything for months now and it is great. I use it for anything I want to remember and delete it when I have accomplished what I'm doing or looking for. Grocery List, Things I want to buy and where, Prayer List, you name it si",1

"You can skip this. Functionality is sketchy at best. Very disappointing purchase. I will be utterly amazed one someone writes an app that is as good as Notability available ONLY for ipad. However, even once someone is smart enough to do that, Amazon ",0

great app but I wish it had a pro version for kindle fire. I would buy it in a heartbeat,1

"Great App. Use it for multiple lists. Have a running list or groceries and another one for keeping track of my time at work (vacation, sick, etc...). Very versatile.",1

Did no like this app. Just wanted simple. It is to complicated and for what I needed didn't work. Someone who wants to take the time to learn all details might enjoy. Just wasn't for me.,0

"I wanted a simple program where I could jot down a note and this is it. I tried many and you had to jump through a bunch of hoops to simple jot down a phone number, etc. This one just names the note automatically and saves it automatically. You can also ",1

"Works great on an Acer A500. I like the variety of note types. The photo notes are great for attaching notes to pictures (shopping, etc). Folders make organizing everything easy. I imported several years of Palm memos, so I had a lot to organize.",1

"I'm constantly writing in notebooks and random pieces of paper. The only problem is that I have a hard time finding where my writings are. This is a handy app that allows me to write, file, and store in one location (device). It's pretty easy to use.I do",1

"Not as user friendly or as flexible as I wanted it to be. I downloaded it, tried it out and promptly deleted it. Thank god I didnt pay anything for it.",0

I use this for notes in my classes at school and I've been able to keep up a lot easier and more organized without all the papers. Best app for notes and reminders!,1

"It has: paint to draw in, and notes look fantastic, just wish in E- mail they saw it that way we send it, but it pastes the note in, which is fine. In options which are huge, remove any record functions since we don't have a mic. Has dark and light theme",1

it is really great for road trips when i want to write but dont have the means. ten stars. XD,1

"I was looking for a simple text editor, document creation app, and this one is just what I needed. It's free, easy to use, and does what it's made to do. Simple on the go note, document creation. Perfect for not letting those unsuspecting gems of inspira",1

Note is very easy to use n highly recommend it to anyone.,1

"Note Everything works very well on my ASUS Transformer tablet that is running Honeycomb 3.2. The more I use the app the more features I find useful and indispensable.Mostly I use it for creating prioritized color coded text notes, barcode notes, audio n",1

I downloaded this app to take notes at a spiritual convention over the weekend. It worked perfectly. It was very easy to use.,1

baby are you down down down down.. even if the sky is fallin down.. yea ea ea ea.. yea ea ea ea.. baby are you down down down down down..? youll be my only.. yea yea yea yea yea,1

"I use Note Everything, absolutely every day. It is better than carrying around a pen and paper. You have easy access, and you can't lose it like you would a little piece of paper. I can jot down thoughts, or entire lists to keep my life organized.",1

I really can use this item. I am a Secretary of an association and this will really come in handy for making notes and I like the drawing pad. Thanks for this product.,1

"This NotePad app allows you to not only type notes, but you can also draw little doodles (perfect for college classes where the prof. is constantly showing graphs). Easy to use",1

"Love this app! It is so versatile, giving me several ways to stay organized! I especially like the voice recording feature. Takes less time when you're in a hurry. Wonderful app!",1

It lets you choose a category and provides lined blanks to list things. I like to use the voice recognition instead of having to type in the words. It's pretty accurate.,1

"This has everything I'm looking for on my Kindle Fire so that I can easily take notes and then turn around and send them to myself. Very nice tool to have where ever I go, right in my back pocket.",1

"i use this more than anything else on my kindle...almost. but i do use it for school, to take notes, for labs, for appointments, and it has voice recorder, paint and type. lots of pages, endless really. and i can erase and reuse. it's great, i love thi",1

The pro version makes it even better with reusable check lists. Works well. Stable and no crashing. Nice ability to export notes and lists. I recommend this as an essential app.,1

For those of you that are upset about this app on your kindle fire: of course the voice recorder doesn't work! the kindle won't let it work! other than that this app is great because you can save written work and drawings on it. best free writing app out ,1

"I looooooove this! it can take pretty much every kind of note, whether it's handwritten, typed, a voice memo, etc etc! Forget the other notepads, this one autosaves so you never have to worry about saving it or it timing out(: I've been using it for a w",1

"I don't believe the Kindle Fire doesn't come with this standard. Call it up, push image or picture or whatever it is, and you can scrawl down a phone number or address with your finger quite easily. I use it often when calling people from Craigslist or",1

This is my husband's favorite game when he has nothing to do. He loves playing dominoes and he loves playing this game too.,1

I love this game with long trips or long waiting for Dr Appointments. It is better than just reading a book Thank You,1

"This is for me. Just something to keep occupied while waiting in line, Dr. offices, Pick up kids and just sitting and resting. I like I can put it down whenever and come right back to it.",1

Just started playing Dominoes and this is one of the better versions I've played. Time flies when you play this game. Highly recommend it!,1

You can select Players. Game. Color of Dominoes. Background. type of Game. and when you start the Game. the dominoes just will not move. Very frustrating. I am an experienced game player and play dominoes on my DSI all the time.,0

"Great app. I really like the colored tiles. Makes it much easier to read. I wish the tiles didn't move everytime you add one to the board though, and would stay where you put it.",1

My granddaughter thinks this is the best thing ever. Why kids and men think farting is the funniest thing I will never understand.....,1

"Some people may view this as crude but excuse me, we all do it and in some circumstances it is funny. I got this app so I could get my sister back for all those times that she left me standing in a shopping area with her sometimes silent and sometimes no",1

Not good. It is a little funny but most of the farts do not sound realistic and they mostly sound alike.,0

this game is the funniest game i have ever heard. You should really get it. My brother and i would really like to play it.,1

can take this of my saved for later apps no matter how many times I get rid of it. and when I deleted the app it just came back later.,0

really are people five fart noises DON'T GET THIS APP cmon people .think people are wasting money anyways i dont get it was so funny of fart noises omg people stupid too,0

even though I do not have this app it looks awesome but gross and weird oh forget it it looks amazing and sweet and amazing and sweet and amazing and sweet and amazing and sweet and amazing and did I mention it looks sweet and stuff like that crap,1

"it is a very challenging game. although it is the same puzzle in each level, it invites to improve the solving time. After level 8 the challenge is high and does because there are different solutions, it is always daring.",1

This game is very addicting. My daughter loves it and even found one for her android phone. Would definitely look at other games by the same maker.,1

fun. at times I want to scream lol but other than that it's really fun. very challenging. also worth it because it's free!! hope u buy this,1

"Very nice way to keep the old brain active. Like any games that do this, it helps stave off those nasty, old age, brain disorders. Sadly, it still hurts to be beaten by a 12 year old. Thanks just the same, it's still fun.",1

"Game would not open. Never did get to play. Kept moving on screen. Could not get it to stop so you could play the game of untangling. I have tried to play this game again, but it has not been

fixed. When is it going to be fixed? Untangle is one of my",0
way too easy to start with but its great when you get to the upper levels. I play way more than I
thought I would,1
definitely glad we did not pay for this one. Never did figure it out!The lines just kept moving on
the screen and you couldn't do anything with it.,0
I thoroughly enjoyed the degree of difficulty and the variety of puzzles kept me interestedI look
forward to playing more,1
"As a baker, I have a huge collection of bread recipes in hard/soft back. It's never a case of too
many for those that work in this area. Having a totally mobile recipe stack to view and use
whenever/wherever is a definite plus. This app has that going",1
I love it. I know it looks boating but its the best thing ever! Plzzzzz get I highly recommend. I
love it!!!!!!!!!!!!!!!!!!!!,1
iCooking bread is so cool I'm there biggest fan who ever made this up. me n my mom at home luv to
make bread all the time. so this is the awesomest ever.keep up the good work.!!!.....:D,1
I have had this book for well over a month. The recipes are easy to read and directions are well
written. I have read through most of it and used several of the recipes. Today I am using the
pizza crust recipe. Although the ingredients and preparatio,1
This was no help to me what so ever! It was more of a pain in the buns than anything else. I did
better on the classic pen and notebook paper.,0
I really enjoy checking this app periodically as I count down to my wedding day. I get so excited
every time!,1
This app is very simple which is exactly what I wanted. It counts down to your exact wedding day
and time with nice backgrounds to choose from.,1
"Could be better, but does what it says it does; easier for me than using a laptop to track
this.",1
"I am Loving this app! I thought I was pretty strong in the upper body but this app has shown me
how wrong I was. I'm just starting week 2, but I look forward to doing my pushups every morning
now!",1
Just got this app today but I think it is exactly what I needed. I also appreciate the simplicity
of it in all aspects. I hate self help apps that are far too complicated to keep up with everyday.
Thanks amazon!,1
Almost bought this app the other day I'm glad I didnt...no walkthrough or directions of any kind.
Couldnt figure it out...,0
OK I love this app it works good and gives you something to push for. Something I thought of tho
was why not integrate some sort of notification to give you the little push to actually do them on
an every other day Basis?,1
"The app is very basic, yet very confusing. No tutorial to tell you how to use it. Not really
sure how to use it. Lame program.",0
app doesn't explain a damn thing. its just a bunch of buttons. do not waste a dime in this app or
any app this developer makes.,0
"The application does what it claims and works as claimed, which I would normally give 3 stars.
However, I'm rating the app 5 STARS due to the EXCELLENT security behavior of the Developer; the
app only requires Network Access rights to check license but d",1
you can't combine a non intuitive interface with an app that has no instructions and have a usable
application. I can usually pick up pretty quickly how to use an app without any instructions. but
this 1 is so poorly designed that I just quit trying.,0
The only reason that I didnt buy this last week was because i was hopin this would be the free app
of the day. My patience has paid off.,1
how is that person in the picture doing a push-up when he is clearly missing his legs below the
knees? and how is the bottom half of his body floating? magic? i dont know. can someone help
me with this?poor guy.,1
All the problems people are talking about seem to be addressed. If you don't do enough reps in a
certain set you can change the number after that days workout.,1
amazon appstore internet connection required = spyware. It's the amazon drm.It's why I don't buy
apps here.,0
This app is great. If you're anything like me you need a lot of motivation to exercise. Hundred
pushups helps you create and follow a workout schedule that fits your capabilities.Being able to
track your total pushups accomplished is greatly convenient. ,1
"Maybe the instructions were updated before I downloaded it.Tells me what to do, shows how many
sets and how many pushups per set, allows me to enter the actual number performed when I'm done.
Checks my progress periodically (perform to exhaustion after tw",1
I installed the app and ran through all the info they provide. When I start the app a timer starts
running..... OK. Why is there a timer running?,0
"this is useless and eats up your memory space. tried in using it for first 2 days, didnt like it
and i uninstalled it. piece of crap app",0
i have no idea why theres an app just for pushups when you can get multi reps for a dollar and it
does so much more. i believe this app is a ripoff.,0
it is so stupid on easy no matter where you touch it goes in. makes me wonder who made this
horrible game,0

which is 5 \$ now what am i gonna do this game doesnt even look good why would you get it anyway,0
 I tried shooting the ball up in the air.But it went way way over to the side when my aiming
 was good.So don't waist your time and buy this app.,0
 This game is super hard and really stupid. There are tons of basketball games for the kindle and I
 wouldn't get this game.,0
 "don't waste your time with this game, made for phone not tablets, there are better free
 basketball games available, try Basketmania instead.",0
 This version you can customize to your liking I grew up playing euchre this game helps yo keep
 hour playing sharp tried some free versions this is the beet ive tried,1
 I play this game every day. Played it since I was 12 years old and I am 75 years old.,1
 "I have played about 1000 hands so far on my phone, never an issue. Options for stick the dealer,
 going under, etc. and for the play style of your partner. Very detailed stats. Every once in a
 while I won't notice there are six cards dealt and go to pla",1
 "This application installed and ran flawlessly on our Kindle Fire HDX 8.9. The author is
 continually upgrading and improving the program. The display in very clean and uncluttered, with
 exceptional detail in the playing cards. There are many menu options",1
 "Exactly what I was looking for! The design is simple and interactive enough to engage the kid.
 The levels are very customizable; I started my kindergartener on 0-5 addition, which mixes up any
 number in that range (i.e. 1+4, 3+5, 4+2) and after a month, ",1
 I did not waste my money buying this.it comes with a timer.you can choose different colors. its a
 great app. I reccomend this for kids who struggle with math.,1
 I got this for my grandson..oh how he loves Math.. He caught onto this game and is now at the top
 of his class in Math.. He is in Kindergarten...IT's trully amazing how this game helped him with
 math skills.. I highly recommend this game... He plays this ,1
 I'm a big kid and thought it would be fun to practice. It's too easy for an adult but awesome for
 kids. Cute too!,1
 This is a great math flash card app. Whether you want to teach your four year old basic addition
 or your help your nine year old with division this can help. This will give me something to keep
 their brains going during spring break too. Thanks for a gre,1
 This app has been exceptional at helping my 3rd grader learn her multiplication facts! I highly
 recommend it for math memorization!,1
 This is something I used to use when I was little growing up. Flash cards always helped me. I was
 always great at math. I even taught a math class for a while. I know I'm only 19 and I taught a
 class and that was cool. Math has always been my favorite su,1
 "I use this in addition to regular math flash cards with my 3rd grader. I like that I can see the
 time spent, and I especially like that it also records idle time. I show my daughter the list of
 missed questions, and then she concentrates on those facts",1
 Has really helped my youngest with math and makes it a fun thing to learn. I would recommend it
 highly.,1
 This app has been great for helping my preschooler and 3rd grader learn their math facts.It is
 more fun on mommy's phone!,1
 "I got this as a free app of the day and after playing with it I would buy it again in a second if
 I needed too!Superb customization options, best I have seen. My ten year old does not need it but
 enjoyed it none the less and even my 14 year old, who thou",1
 I started my 5 year old on addition and subtraction before the school starts introducing the
 concept. She loves doing her problems. Even my 4 year old get into it. I am going to use this
 for my children as part of their summer workbook.,1
 "Parents!!!: In options you can set up all kinds of ways to work the Flash cards: +, ×;, -,
 etc, even double numbers. This is a Must Have for kids/adults needing help with math. Everyone
 needs refresher courses, and what a great way to go about it!. ",1
 I downloaded this app to brush up on my own math skills....math has never been a good subject for
 me and I thoughtI would take advantage of these flash cards. I think they arefun and excellent
 source for increasing your math skills.....good for any age ,1
 I use this app to help my four year old with her addition. She loves it! The "reward" of
 balloons and colors for a perfect score works well for her.As a parent I appreciate this apps
 ability to be customized to fit the level of the child/area t,1
 A great way to get your kids to learn math. I wish I had this when my kid was going through his
 flash cards. Now I use this to entertain (and distract) some of my nieces and nephews. It is great
 and is an awesome opportunity to teach them one of the most,1
 "I bought these to help a young girl to learn her multiplication facts, it is fun to do and gives
 you feed back right away. I thought it was very good.",1
 I love the fact that after doing this for quite a while I found that I had worn out my brain...
 LOL as the numbers came i moved faster and faster until ... yes I forgot how to add 6 plus 5....
 It stopped me cold... I then restarted slowly and had a lot o,1
 It is great .at first I was thinking it needs to be more challenging until I went to setting and
 changed that,1
 I downloaded this application for use with my 5 year old granddaughter. It's very well prepared
 and a joy to use. It has many options to build increasingly challenging math cards. A cute popper
 shows up when the child solves the problem. Very nice interf,1

"I clicked around on it for a bit, checking for ads, etc. and now the kids play on their own, and set the very customizable limits for their abilities, and they enjoy testing themselves with it.",1

This app is worth the .99 if not more. My daughter thought it was fun to play. I liked how easy it was to set up and customize. I wrote a suggestion on how to look at your child's scores and the creator of the app replied back right away and has already b,1

"This is a great and FUN app for teaching math, no, really! A parent can even choose to customize the problem set. You can do addition, subtraction, multiplication or division or any combination of those. Plus, you can adjust the problems themselves. F",1

"My kids fight over my Kindle to play this game and to test their scores! They love it! They love how it says, "Great Job" when they get something right. Very good app!",1

"My wife is a school teacher. She loves this app but she hates writing reviews, so I'm doing this one for her. My wife says our kids need to learn their ""math facts"" better. I assumed any math drill app would be as good as another. Not so, according to my ",1

"We use this with our kindergarten child and it's been great. You can actually choose your own set of numbers to fit the age level you're working with. He enjoys seeing the stars pop up and the ""awesome"" when he gets it right and it encourages him to tr",1

"This app is fun, colorful, highly customizable, and full of info about how your child is doing. My daughter almost enjoys learning with these. (I say almost because the nature of flash cards is repetitive and so I have to enforce use.) It's much more fun ",1

"My 7-year old is struggling this year with the basics in math--very resistant to plain flashcards and rote memorization. I love that I can set timers, customize problem sets and there is the interactive "cheering" to spur her on. This does addi",1

"I so recomend this for parents with little kids. It will be a great way to train them for elementary school. They can learn their math facts before anyone else in the class. And then, you'll just be one awesome super- parent!",1

I really like this I do it once a day. I can get easy problems or hard ones. It is fun!,1

I love these! My 7 yr old enjoys them too. He likes that you can change the color and sounds. I like that you have control of the numbers and math facts. It also keeps track of how your child scores. I like the options. It takes a little bit to figure o,1

I love that this app is so flexible. My DD is learning the times tables so we can adjust it for just the table she's learning that week. We've got a rule that before she plays any other games she has to do at least 2 sets of flash cards. No complaints,1

My nephew struggles with this memorization so I thought I would get them for him on an electronic device for him to work on. It has worked so far.,1

"This is a fun way for children to learn math. It can be set up to show a range within the child's grade level for addition, subtraction, and multiplication tables. You can also mix addition and subtraction in the same flash card set up. Great for all a",1

"I think this app is great. It is very user-friendly, easy to understand and operate, and a lot of fun while educational. My daughter who is almost 9 loves it and it has helped her learn and practice her multiplication facts. I love the fact that you can ",1

This tool helps my 8 year old and my 4 year old either reinforce or learn math skills. The older one helps my youngest how to do math and keeping him at a fast pace.,1

"This is an excellent quick way to get my boys practicing their math facts. You can adjust the set range of facts from 1-12, through addition, subtraction, multiplication, and division. It was well worth the 99 cents.",1

My daughter loves this game and it has been a great tool to help her learn her multiplication tables this year. We love it!,1

"I absolutely love this math app. I purchased it for my daughter back in 2012 (she'll be 7 this summer.) She really enjoys doing the math problems and, thanks in part to this app, was already quite proficient at addition and subtraction before she even ",1

My second grader who HATES doing flashcards has really enjoyed this app. It makes our life easier. Thank you very much!,1

"I wish this stuff existed when I was a kid. It is so much better than paper flash cards, yet in essence that is all that this is. I don't know why sticking flash cards into an App makes them so much more fun, but it does. Our kids love this App, and w",1

I am very glad that I bought this as it is great for for homeschooling and it has a lot of settings to customize the difficulty from about 1st grade to 8th grade from what I can tell. You can have vertical or horizontal problems as well. The only thing t,1

"This one is very helpful in that it allows you to customize it to their level. This keeps me from having to go get more flash cards everytime he advances, or having to go find where we put those cards the last time he was going through them. I'd been ma",1

These flash cards are great review for my 3rd grader. Especially handy when have to wait in the doctor's office. He has fun and is learning at the same time! Also a great introduction to math for my preschooler.,1

Enjoy playing the game. It is a good way to learn the strategy of the game. Both my Husband and I enjoy the game.,1

This is a great way to break up the day or to grab when you only have a few minutes. I play it daily,1

"Long time euchre player. Game is way too fast. Last hand opponents always have an ace for the last trick when trump cards are used up. What is play under mean? Not the real game of euchre. If u get 3 tricks, sometimes u do not get a point. Are there an",0

Even better that it's free. I love euchre even if I do have to play against the computer :). I can play anytime anywhere & I can stop anytime & pick up right where I left off. Good game. No frills just plain cards & plain euchre.,1

I have always loved euchre and this is a great game with no ads. I like that I can change the player names and also the challenge of play.,1

"This is by far the best euchre program I have ever used. The opponents are good players, and don't cheat.I spend WAY too much time playing.",1

fun game - play it all the time - just what I wanted to get - enjoy it lots -,1

This app is perfect if you love to play euchre fast and with the computer as opponents. I love that you can change the names and settings easily. Great app! I have played daily for months.,1

There were no instructions whatsoever on how to play this game. I had no idea what do or what the scoring meant.,0

I love playing this game. I played it for many years and had a great time. I played in tournaments and it was a fast paced and fun game. The fact that you have a partner is fantastic because it helps with making you points. This game is wonderful for,1

"I absolutely love the game of Euchre since way, way back in the last century. I have played hundreds of games. I thought possibly with this app and three computer hands to play against I might gain enough knowledge to actually win my first ever game! But",1

Euchre is one of my favorite games and when I found it on here and it was FREE I was so happy! It is a very fun game to play and I enjoy playing it!,1

opponats always have the right card to play. Your partner never has it. its never buried. it just gets old after a while. Look for another game there has to be a better one.,0

I love the game ofeuchre played it for years.It keeps your mind thinking. I paly it everyday. Thank you,1

I really enjoy playing Euchre with this app because of its' flexibility in play. I've only played a few games so far but I have enjoyed the challenges it provides.,1

Euchre is my favorite Card game. So glad I found this app. for my Kindle Fire. You made me very happy.,1

"Besides loving the game of Euchre anyway, this game app is easy to play. No delays, very responsive! Just wish the cards were just a bit bigger though. Have trouble at times seeing what some cards are.",1

Not usually a card player but I do love euchre. This is realistic except the other team always seems to hold the missing 'trump' card!,1

"I have tried several of the Euchre games, this one to me is the best. It shows everything just like you are playing for real. Other games it was hard to keep up with who was playing but this one is great",1

I love Euchre its a game i play all the time weather it be with friends and family or on my pc. I downloaded this app on my kindle hoping for it to be fun to play while i had down time or while on the go. Not very good if you are looking for a Euchre app,0

The computer AI makes it really hard to win especially when my partner is table talking with our opponents. Although I still win. A lot... but this is only because I am an AAAAaaaaammzingg Euchre player.,1

"Nothing seems to make sense, you can't pick it up, you can't order your partner up and I didn't find any instructions anywhere. Maybe it's because I'm new to the kindle world and having difficulty b/c of that, but I deleted the app.",0

"I love euchre, but I have no one to play with. The computer is my partner. It is quite challenging. I like this version better than others have checked out.",1

Great game. I used to play this all the time. Now I can play it anytime without having to hunt for someone to play.,1

if they would bother to list where this is available it would save alot of people alot of time....common courtesy STILL goes a long way.,0

I love it because I am handicapped and I can order from Peapod anywhere by taking my Kindle with me.,1

"I do most if not all of my peapod orders on my Kindle 1st generation now, with this app. Only thing you can't do is access and/or change some account information. But it's handy to be able to do the order wherever you are when you're ready to do it (li",1

"I used the Peapod website on my laptop with great results. I could not figure out how they could translate it to a smaller screen and make it as easy to use, but they did. Very easy to use. The app and the service are just remarkable. It is winter and I ",1

"Very good app to have. I may not always be 100% happy with PeaPod, but when I do order I love using the app. Very easy and convenient.",1

"Hate these montrous grocery stores, Peapod makes shopping easy. I keep a running grocery list on the site, as a run out of things.",1

Been using Peapod since it started in the Chicago area I love it. Very easy to use app and I am happy I can see it on my kindle screen and not use the iPhone.,1

"Very satisfied with this easy to use and feature packed App. If you use Peapod you need this App.

It's that simple. And, if you don't use Peapod, you should. Why waste time at the store when you can have your groceries delivered right to your kitchen tab",1

"Since I use PEAPOD HAVING THIS APP ON MY KINDLE IS VERY HELPFUL ~ On the Kindle you can view the products very clearly & actually place an order, just GREAT !",1

"We shop for more than 95% of our groceries through Peapod, an outstanding service particularly for those unable to get to a store on a regular basis due to age or infirmaries. I was thrilled there was an app available. After logging in I found all my li",1

"this may be good for those people who have it in there area, however in my area, it is not available at this time. sure sounded great though.",0

I do this for my 92 year old Mom .. this app makes it easy for what is already a fantastic program!,1

i like this app easy to jump on if you have something to add to your order before getting shipped out. definitely recommend !!,1

"don't bother.. this game sucks on multiple levels. Ghraphics sonund and options are all lame, looks nothing like the Milton Bradley classic.",0

Easy to play. Lots of similar qualitiies. Brought back some great memories. An easy enjoyable break from reading. Highly recommend it.,1

"i couldn't figure out what to do, the graphics suck and you cant even play with another human. DON'T BUY THIS APP",0

"This app is very hard to use. I have not played battleship (the real game) on a long time and don't really remember how to play. The game gives no rules! I won but don't know how. Also, the grid has no letters or numbers on it. I am uninstalling this app",0

"Fun, runs well on my Android tablet. I was skeptical at first but after playing I certainly liked it. Delightful!",1

did not like this at all. poor graphics. difficut to log in. ñot fun at all. don't download this app. not even worth being free. lol.,0

I got it thinking this would be a nice little game to play to pass the time. NOT TRUE. Nikola if your still updating this game and didn't just quit on it then in the next update include instructions!!!!!! I opened the app looking for instructions and ,0

Very addictive app. Suitable for all ages. Works great with first generation Kindle Fire. Love the option of playing with dots or flowers/fruit. Also like being able to change the backdrop. Highly recommended!,1

I really love this game. It is very addicting. I even got my husband to download it and he plays it too.,1

"Read through the cookie cutter, repeated and simply bogus 5 Star reviews. Deceptive practice you would expect from a game that has no exit option and stays running in the background.",0

KEEPS MY INTEREST BY CHALLENGING MY MIND EACH TIME I PLAY THIS GAME. I ENJOY PLAYING. IT HOLDS MY INTEREST AND I FIND MYSELF PLAYING BEECELLS DAILY. GREAT FUN,1

Bee Cells is a game that keeps the mind working. Need some skill to complete this game. This game is for the older game players.,1

This is a mindless little game which gets you thinking about things other than our everyday stresses.I I I I,1

Simply put this is a boring game. You can get similar games for free if you look. Adding tracking software to a paid ap is a nono as far as I am concerned. Possible fake reviews are worse. You guys get one star for this action.,0

"I suppose I could try to figure out what the point of the game is, but I really don't care. This FAOTD was a dud, as far as I'm concerned.",0

This may be a great game but I did not figure out how to play it. It has Great graphics though.,0

"If you read (Product info) above, it exsplains everything!. There is nothing wrong with moving a color, it's the users. Simply tap once on the color to activate, then tap on the board where you want it to go. It will zig and zag around other colores to g",1

"No in-game instructions, unnecessary permissions, crap graphics, and data snooping. Broken. Leaves me wondering how much amazon got paid to make this the FAOD. :-(",0

Can't seem to stop playing. No rules or notes on how to play but once you start it is fairly easy and then it gets harder as you go. Good no brainer at first but then gets you to think stradigey,1

This app stays running in the background and has no option to exit the game properly. This is a shady practice. The game lacks a polished feel to it.,0

"the 4-5 star reviews sound like someone from Bootant arguing with this other reviews, telling you how easy it is and how fun it was to figure out how to play. Uh in what world is figuring out how to play fun? it's frustrating and sucky.",0

This game is just a waste of time. It is boring and there is not possibility to play the game and win. You get to move one ball and when you get a group of 6 they disappear. Unfortunately the game adds multiple balls for every one you move so ultimately ,0

After purchasing and enjoying the game one time I shut down my kindle and when I went to play it again it said I needed to put in a password. I do not have a password so I was not able to play again.,0

"My newest favorite! Takes more thought than I had expected, making it a good challenging game. The rules are very simple & easy to play. But getting your score higher, is the fun part. I love it!!!",1

I like this game a lot. You have to strategically fill in the cells. It's a great challenge! I recommend it if you want to put your thinking cap on.,1

"If you do not want a additive game then you had better move on! I like the color blind choice also. At times I get so frustrated and think wow I wish there was a undo of course that would make it too easy, try it and have fun.",1

"makes me think, makes me plan moves and I enjoy playing this game.I find the challenges it offers great. Not sure I will ever win but its fun trying",1

Difficult to put down at times. It helps with hand-eye coordination and exercising flabby gray matter:) Try not to start a game if you are pressed for time!,1

I guess I didn't care for this game and deleted it. I don't even remember getting it. Maybe I should try it again.,0

"Addictive,bee careful! I prefer the flowers and fruit and like that you get a choice. Time can fly by once you've started",1

"I love this game. It is always a challenge, and I find myself playing it every day trying to beat my old score. I could never get tired of playing it.",1

Bad thing is on fire you have to press home key to exit. On my first game I got 110 points. The game doesn't take up much memory. It does everything the designer indicates. I don't get every free app of the day. Of the several hundred I did get some ar,1

"This game has a lot of stuff you don't want, and is missing some stuff you do want.Once you start this game there is no way to stop it unless you kill it with a task manager or restart the device. POOR programming practice! This means it also ignores t",0

I agree with most others on here. No exit button among other issues drives this rating way down. This game has to go.,0

It's very difficult to play. I am always looking for something that is quick and fun and this just wasn't the game for me.,0

"Not only is the game so poorly designed that it is impossible to actually win, but it also contains a new form of adware/privacy destroying add-on-ware called "Swarm" that, if you go to their website and look, is actually proud that they are th",0

"Ugh, this is too simple and too repetitive to be SO addicting... I actually HATE this game, it's the same, there's NO winning, no chance, EVER... so... I just play and play again. As soon as I lose, I start an new game. Grrr... 5 stars for most used app",1

I love this game. It is simple enough to learn but challenging enough to keep me entertained for a length of time. You have to connect 6 of a color in any way as long as they all connect. Every game is of course different since the computer randomizes th,1

"Game does not maximize to full screen on Motorola Xoom, which make everything too small to tap and too small to read. Game defaults to Asian language, instead of the English language. I will reinstall if the screen issues are fixed.",0

Game will not load properly. I only got a out an eighth of the game to load. Not worth it.TWill check again later to see if it gets better.,0

I found it very difficult to operate the controls. Sometimes it worked and sometimes it didn't. Needs to be refined.,0

"Everything about the game is awkward, amateurish, and NOT player-friendly. Crappy graphics, obnoxious music, and really bad game-play. There are so many great games available, it's a shame to waste time on one this bad. Played on Kindle Fire 2nd gen.",0

"If you are interested in adult beverages and want to learn more about mixed drinks this is a great app. I've tried many drinks from it some were a great success and some not so much, but that is the fun of mixology.",1

"This is a fun app to have. It has a huge list of different drinks. Some of the features I really like are: save favorite drinks; have the app pick a random drink; if connected to the internet, you can find the closest liquor store. The search features",1

"I don't mix drinks anymore, but that didn't keep me from getting this app. More than once, the conversation has come up ""what does such and such a drink have in it"".... Well, this is your app.. Also, it's database is HUGE, so I'm sure it has more tha",1

this app is OK its not that good actually and I wish I could give it zero stars it is really boring if your looking for a good app like this play speedx 3d. that game is awesome,0

It is a really fun and adicting game. I found this game on youtube;I didn't know it had an app. I haven't had any problems with it.,1

fun game i got to level four on first try. :-) (-: hdgxxhhgdd hdbdf hxxddh hxxhdg hdbddhd bgdhdd hxxhdh hddhdd hdb dhhh ddhd,1

This game is amazing! Fast download and challenging! You will NEVER get bored with this! It's free too! Get Now!,1

"ok, I love love love love LOVE this game!!!!!!!!!!!!!! but I have to say something EXTREMELY important.....I LOVE ICECREAM!!!!!!!!!! sorry, did I say important? I should have said unimportant",1

This app is just like the version I play on my computer but now I can take it anywhere I want. now only if they made happy wheels for kindle fire...,1

this game is so addictive I picked it up and couldn't stop! I played forever trying to beat my highscore.I finally did going to level nine with a high score of 356 this game is non-stop fun there are no bumps and glitches and distracting adds which make,1

its not even the real cube runner.the graphics are terrible and it runs very slowly.I suggest not getting it.trust me.,0

Very fun. Awesome on kindle fire! This game is addicting and passes time. You can use it at any age because you just steer to avoid the cubes. =>,1

I love this game on the kindle fire but on the kindle fire HD it tilts the wrong way! I am not happy with this app. If you have a kindle fire HD don't get it! It will just make you angry.,0

"I personally love cube field on the computer, so I bought this game with high expectations. But it is a big disappointment to me. You have to tilt the device really far to get the ship to turn. Even in the hardest setting it isn't very fast, and the lack",0

"Maybe good for beginners but as a program user of several years, I found this app to be very limiting in information and recipes.",0

This app is not worth your time or money. It did not load on my Kindle Fire and it does not work. Stay away from this app. I am now deleting it from my apps permanently!!! Run away fast!!!!,0

This web site was not user friendly for me and there are way to many steps to enter your meals for the day.It is not android yet only Iphone. I wanted something for my phone as well as internet,0

was not helpful. you can just look up the info on any website. not worth the download. i'm sure there are better apps for weight loss,0

Just getting started in reviewing this approach,1

This is an easy and great little app for keeping track of those times when your kid's misbehave or behave well for implementation of punishments/rewards. I am starting a points reward system with my boys and want to easily be able to track their behavior,1

I love that this app of a stop light helps me be able to utilize this wonderful technique for behavior management! My son's class uses this at school. I love that we can have a consistent across the board tool to use!,1

When I tried to put the second child on red it wouldn't let me. 0 stars if I could >:(,0

I can finally keep track of my daughter Olivia . after she found out about my app she never whined or kicked or did any of that stuff.,1

I tried it about a million times and it did not workit worked the first time but I could not get into the behavior status,0

This was not what i expected. I had been looking for an app to use in my classroom but quickly realized this was not the app for me,0

"Downloaded to my Kindle Fire, considered a high end device, large screen, no screen protector to interfere. But it is almost impossible to click the green light. Can you imagine a child's outrage at seeing 7 yellows they didn't deserve, entered while try",0

Disappointed with lack of directions or if I missed them - I would say it is not user friendly.Not at all what I was hoping for.,0

This app turns my Kindle into a writing tool that I can use anywhere I go. I especially like the way it can sync to other devices.,1

I like this app works great on my kindle fire. I like the dictionary and Theseus option as well and you can adjust font really nice works for my purpose,1

"There are tons of writing apps, but all of them you can only write blank amount of things. This app you can write as much as you want. I love it¡¡¡!!!",1

"This app is PERFECT for those who want to write stories, poems, essays, and more, whether professionally or as a hobby.It saves to a Google account. Put your account info in and go to My Writing Spot. com if you want to access you stories/writing pieces ",1

"This is a great way to be able to write where ever you are. For writing down that idea you just had that you don't want to forget, to writing a few pages. It's password protected so prying eyes can't read it before your ready to share. This would be goo",1

my dad got this kindle fire for me for my Christmas present this and Sims 3 pets for my xbox 360 so I have to wait to get this app but it looks awesome.,1

Don't expect lots of formatting options. However its very easy to get to your writing from an app or the web. Perfect for writers who hop devices all the time. Use a computer when you have one and a phone or tablet when you don't.If you have files in the,1

I use this app for any notes I get or any stories I write. It has been a very good help to me. A MUST Buy.,1

"As a professional writer, i look for writing apps suitable for all the things required for a good story. This app seemed like heaven to those authors out there. You have dictionary, thesaurus, password to open the app, and in your selection you can chang",1

"Great and simple. This app allows you to write whatever you want. If it's poems, books, essays, diary, stories, or for taking notes then you've got it. You can name and color code your different documents. It also allows you to access a password lock to ",1

"This is really great because you can type as much as you want and save as many things as you want! I love this app, and it is well worth the money.",1

Love the ability to write everywhere I go. I also love that I can sync it with my laptop and other devices.,1

"I am supposed to write whatever, personal stuff perhaps or a story I may be working on and sync it to.some unnamed server with a company who does not post any assurance that my data is private? That's the thing about the ""cloud"" there is no guarantee tha",0

"I love this app! Recently, I've had this strange habit of writing books and this app is awesome.

In my science class, I tend to pull out my kindle and act like I'm taking notes when I'm actually writing my latest novel! This app is wonderful! (:",1

I love this game. It well worth the price. Great controls. The reaction to the movement is perfect. Making pong better than ever before.,1

"GREAT EYE, HAND COORDINATION GAME. HIGHLY RECOMMEND. REALLY KEEPS YOUR INTEREST IN GETTING TO HIGHER LEVELS. I WOULD RECOMMEND TO ANYONE.",1

"This game of breakout offers many twists and changes that makes the original game great. Really enjoyed playing this game. Highly recommend the game to players that would like a simple, fun game.",1

"Runs great on my phone, graphic are fun (doodle-esque), not sure about sound because I play all my games with the sound off.Best of all: NO PERMISSIONS and NO IAP!Overall, great implementation of a simple concept, high replay value.",1

This game played just like you would expect this old classic to play like. I have no complaints. Droid Incredible 2.,1

"Great twist on a classic game. Fun to play with good replay value. As another reviewer commented, I often lost the ball while chasing other things on the screen. Smooth game play on my tablet. If you like retro games, this one is well worth the download.",1

"Simple moving platform and ball game, there are plenty like it so just find the one that you yourself enjoy playing the most and stick with that.CJB",1

"When I first got my nexus 7 a few months ago, this is one game I was looking for. A nice simple breakout game with no unnecessary permissions. I have tried a couple others and gave them the boot for different reasons, but I will keep and play this one.",1

"No permission issues, no problems running or controlling. Might be the first 5 star I've given an app. Nice redo of a classic.",1

"On a quad this is quite well made. Great free app and well worth .99.A couple of suggestions. 1) Make a little more difficult or add easy, difficult. Was on level 24 with 10 free games left. (Restore is an excellent feature to compensate for that)2) chan",1

I always loved blocks. I'm glad I downloaded it while it's free. haven't played it yet but I know it will be good.,1

"Nice colorful graphics with no glitches. A bit too easy, would have loved more challenges. Thank you Bootant for not requiring any permissions! I recommend this game for any kindle user.",1

Arkanoid game any day is awesome. From the original to any one keeps me busy. I like the different back grounds.,1

Fun simple app that is addicting and just a simple concept . Vivid colors and changing levels keep it fun,1

"It's my favorite game! It reminds me, vaguely, of the old pong game we played on the tv back in the 70's. I love trying to beat my previous score.",1

"Its great fun . My grandkids can play this game. Its just loads of fun, very enjoyable and hard to put down.",1

This game is very similar to the old Atari Pong. Excellent graphics and very easy to play although it gets harder as you progress. This is one of those games that I keep going back to after getting bored with other games.,1

"Nice game to play. I thought it would be another dull game, but it turned out to be very enjoyable.",1

"Paddle control is perfect, colores are bright and some times rather 3D. Could use more special effects since this is the future, but still feel others will say it's a Must for there collection. All in all, a very solid game. Remember: It's EZ, when you S",1

This game was a lot of fun and I play it often. Once you get started you do not want to quit until you complete all the levels. One draw back is if you do not pass the level you will go back to level 1. Great game for all ages.,1

"who doesnt like games like this, a lot of fun to play when you have down time and you are bored",1

This is about as good of a Arkanoid knock off as you will ever find. I miss playing the original at the laundromat next to my first job as a teenager. this does a fine job of recreating on my phone.,1

"Really more like Arkanoid in many ways, although I haven't found lasers yet. Smooth, fluid, nice control system, pretty to look at...an instant classic! Thanks so much for offering it!",1

I use to play the much older version on the computer. I saw this game and it is just like I remember but has much better graphics.,1

"All of the other blocks games that I have tried on my Kindle were unresponsive to touch, but this game is great.",1

"Wow, this game brings back a lot of memories. I have played many a breakaway clones and playing this reminded me how much I loved them. This proved to be exciting to play and well worth picking up, especially for just a dollar. Word of advise, put your f",1

Neat game with different levels. Love it that the ball changes color with each different color block it hits. Runs great on the DROID 2:,1

"Simple and addicting. No permissions!This is how apps *should* be written, no invasive permissions.Decent coding. Great way to pass time. I got it on FAOTD.It's a keeper.",1

Game play:This is a classic bounce the ball off of the colored blocks at the top of the screen and

continue until you have missed the ball and used all of the balls you have available to you. The blocks are aligned in various formations so the game is ch,1

"As a huge fan of the original game, a person who has tried all the apps so far - free and purchased, I can honestly say I most enjoy this version. For starters, this game can not be duplicated in exact form when your finger is controlling the bar. This b",1

fun to play but don't play this if you think it will be relaxing. I am on the edge of my seat when playing this. you have to move quickly.,1

"Finally always loved the game Breakout but all the bock type games were crummy Not this one, great game!!!!!!",1

I loved breakaway and this is a visually stunning update to the old classic.The vibrant blocks are arranged in different patterns for each level. The background patterns are varied and keep the game interesting. The falling bonuses are fun! Watch out ,1

I got so addicted to this game i would play it for hours i played it so much i beat the game within two weeks and i still play it,1

I enjoy this game. It took quite awhile before it got too difficult for my slow reflexes - that's a good thing for an older gal.I really liked it!,1

I loved the old blocks game but the controls on the screen just do not work as good as the video game console. too hard to keep up with the ball,0

Very fun version of Breakout. I like the addition of game-altering actions hidden within the blocks. Just one suggestion and one "bug". The suggestion would be to continue on the board the player ended with rather than having to restart the e,1

love this game. works great on the Kindle Fire and very addictive! No lags or problems. reminds of a game I use to play as a kid on the old Ataria.,1

I picked up this app as the free app of the day because I enjoyed the classic arcade game. This game works great on my Kindle Fire and is easy to play. Moving the paddle on the bottom of the screen is smooth...not jerky as I have encountered with other,1

This is the very first arcade game I played (Atari) and have been hooked on it since. It really helps me keep my reflexes up to par (can be nerve racking too) at times. :-),1

"Loved the app. works great on the kindle since its bigger than the phone. Only thing is if you lose, you start alllll the way at the beginning level.",1

Classic and free! What a bargain. Its on sale right now but it wont be forever! You absolutely must get it. Fantastic color block game that brings us back in time to the classics.,1

"With all of the other hundred games based on this premise, it would be easy to overlook this one as just another clone. However, this game excels at what the others lack. Interestingly enough, the blocks are actually 3D (though you still play in a 2D pla",1

Finally! !!!! A great block breaker game! The control of the paddle is good. Works perfect on kindle fire. It only takes one level and you get challenges thrown at you.Love this game!!!!!! It was free today but I would have paid good money for this game,1

i really love this game. when i happen to get some down time i like to play it.easy to get started and can stop anytime.,1

"This is a great, easy to play version of the classic blocks game I grew up with. Fun, easy to operate and a great way to pass a little time. Lots of power ups make things interesting.",1

This is a fun game and a bit challenging at times. One I find myself going back to when I need some entertainment.,1

Reminds me of the old Atari system. That kinda tells my age. Haven't played much but it is fun. Works well on kindle fire.,1

"This game is very similar to the classic game of ""Pong,"" or a pinball machine. It's a lot like Pong on Steroids! But the game has been updated, and a lot of extras have been added. Here are some things I like:1. The action is fast.2. There are a lot of",1

"I have already deleted this app, not what I thought it would be. not worth your time downloading it to play.",0

"This game is smooth on Kindle Fire, Nexus 4 and Sensation 4G. Very responsive, very fun and doesn't want access to all ypur information!!!",1

"I originally had this on my iPod Touch and was hoping to find something similar for my Fire, only to discover that the exact one was in the app store! It's the same game I know and love. I can play this game for hours without getting bored. Simple yet ad",1

I couldn't tell you bad nor good. It never worked for me. I got rid of it and never tried it again.,0

I haven't been able to quit playing since I got the game. It is addicting and I love playing. I would recommend it to friends and family.,1

"I got this app when it was a freebie for the day, which is a good thing, because I might've missed out on it if I hadn't! Block breaking games aren't really something I seek out, but this one has totally won me over. It's a great app, with wonderful grap",1

A good game to pass the time. Lots of challenging levels. Good for finger and eye coordination. Works well for the Motorola Xoom tablet.,1

"i haven't tried it on my fire yet, but on the cell phone it's nicely proportioned so that it's easier to pong back to the blocks. one thing that stood out to me as different from other blocks games was that on the very first fire of the ball it just fir",1

I think it is a little bit like block buster.It has the same rules and everything.I think that

block buster got a 5 star rating from me also.,1
"It's hard, and yet fun. If you like to challenge yourself this is the game for you. Speed increases with levels and each level is different. Love this game.",1
"I have always loved Breakout style games, and this is one of them. The graphics are decent, there are no permissions, and the controls work, so what is to keep you from downloading a classic?",1
I actually put this app on for my son to play with but have used it also. It just did not keep your interest for long.,0
"Yep, we're all loving this silly, simple, "Pong-style" game. Try it! Why is there a minimum number of words required for reviews???",1
"At first, I liked this game, the multi-ball happened, there were balls flying everywhere! It brought back memories of when I was a kid and I had to clean the men's bath house in San Francisco, there were balls all over the place there too!The reason I am",0
this is a super super cool game! will keep u or ur little siblings entertained for hours on end promise!,1
"Works great on my kindle fire! No problems with the game lagging. It's a great way to pass time. Although the game is repetitive, there's plenty of achievements to play for.I do agree with some other reviewers about the pearls. it would be great if you c",1
I really loved the game. i would play it all the time but after a while i decided I liked it so much to give it my email so i could do more with the game but then it took forever to lode. i waited a hour and it still was loading the app. I just delited it ,1
"All of you saying you can't download it, is it really that hard to turn on your WiFi? I tried downloading it through the 3G network, it told me to download it through WiFi, so I simply did as I was told and it downloaded in seconds. This is probably the ",1
this game is soooooo fun! can you believe you can catch a sea banana? but i agree with the other people you cant really do anything after you buy the bamboo rod and upgrade your tank. the rest deals with pearls and they are really hard to earn unless you ,1
The only place I can do is catch fish and look at my tank that's it I do not recommend it,0
I love this game its fun and cute and good for kids all you need to cast the rod and wait for a bite then catch the fish and sell them if you have 2 of them sell them. and make money.,1
OMG! LOL! I got the game and used my pearls to get new fishes. Then I got toooo much addicted to it and had to uninstall it. I recomend this game,1
This app is Very fun and A time waster if your bored! Also Very addicting! Add me! Name is : LexiTheVampire,1
you should get this game. to me its the best game on the amazon shop. p.s. don't spend any pearls you get unless you've thought about.,1
This is a simple fishing game where you catch rare and uncommon fish and add them to you aquarium. I love this game because its adorable and fun! The fish are so pretty! ♥,1
I really like this game. my only real complaint is that its hard to earn money and pearls. other then that I think this game is great. the sea animals are cute and there are over 500 you can catch including comical imaginary fish and merfolk. I recommend,1
I love this app but on my phone Sony Erricson Play it took up alot of space but on my kindle however it was amazing but a month after it took a long time to load and do people even read these things?,1
Really addicting.All you have to do is click at the right time to catch the fish.Then you put them in your tank and buy food to feed them.Mt 3 yr old cousion loves to feed and watch the fish.,1
"this is a very easy to pick up and play game. fishing and aquarium. cant really believe its free as its very fun. lots of fish. plenty of options, and goals. easy for kids and fun. thanks a lot",1
I love how you can use different bait and fishing poles to catch different fish. I always love catching the rare fish and putting them in my tank and selling the fish I already have for money. This is a fun game I highly reccomend it!,1
My 5 year old can't stop playing this. There is so much variety that it is not going to get old any time soon. I'm surprised this is a free app!,1
"Love this one it's great if you just want some mindless fun. Plus, there seems to be no end to it. Some apps are solved in a day or two. I'm always looking to see what new creature I'm going to catch! The only drawback, I guess, is that it entices ",1
I like this game cud it is creative and fun kids will love it just like me also try birdland,1
"Sounds like a good game, but the download stopped and I got a message saying that the game was "too large to download" and that I needed a wi-fi connection. Huh? What's the point of a phone game if you can't download it without wi-fi? Does it ",0
this is a fun exciting game that is adorable and very amusing it made me happy and keeps me up just to colect pearls,1
The fish are humorous and varied enough to keep the game interesting. The lack of violence means my kids can play it too.,1
it was sooooo boring!!!! taking care of my real live fish is more interesting than this game!!! don't get it! you'll regret it!!!,0
my boy friend recimended it its cute interesting and addicting. I like it like I like my boy friend!!!!!!!!! so ya,1
It was OK but I was expecting more... Its hard to earn money and it won't let me use the fish

tank for the background-live-video-feed thing.,0

Its so simple but so addicting! This game could entertain me for a lifetime because of the thousands of possible fish you can collect. In the words of Pokemon... I gotta catchem all!,1
 "this is a very cute game and i am enjoying it. i have been playing for 2 days and i already have caught 3 rare fish, anywhere from 5 to 50 anyone will enjoy these little fishies.",1

Don't listen to other ppl. if u r asking my opinion I luv it!!!!!! Awesome game!!!!!! But other ppl r just interested in violent games and stupid stuff so they might not enjoy this as much as I do. If u like action or violence this is not the game for u.,1

Once you start playing this game.... you become addicted tto everything this game has to offer. nobody can change my opinion about what i think about this game.,1

this game is soo fun!!!I could play it for hours Apon hours!!! I love all the different fish and its a great time waster!!! I would suggest this game to anyone!!!,1

i cant one star minimum. k i hate this cuz fishing is impossible! i mean really. other then thet one ginormis flaw its jrs as great as a fishtank game can b without any fish!,0

GET THIS APP. I love the music the most. It fits so well! The fish are so unique and I love how the fish you catch vary with the rods and bait you use. Plus the app is free so none is lost if you don't like it. This is great if you love pet games.,1

"this is one of the kids favorite games. simple enough for even the youngest, they play it whenever they can.",1

I love this game its so amazing you should get it and my 3 words are BEST GAME EV3R and epicly awesomely amazing,1

My granddaughter loves this game and so do I. I likenit because it teaches her responsibility and she loves it.,1

works great on the t-mobile g2. i love how cute it is! it's not frustrating like angry birds! the one bad thing i will say is that it's highly addictive!! but i love it!,1

"Great app for all ages. You select/buy different rods to catch different kinds of fun fish. For example, the candy cane rod catches fish relating to the Christmas holiday ie: red elf hat fish, x-mas tree fish, etc. You feed the fish and they give u coin",1

This is my stress relief. There is a rhythym to this that you can't do if you're stressed and you would think it would add to the stress but I know that I'm okay when I can do this effectively. Plus it makes me smile.,1

I think this game was the best game I have ever seen in my life. I would decently get it. If my brother didn't get it I wouldn't be able to do thisGET THIS GAME.,1

I had this one my phone and I love it because it's so awesome boom bam I love animals so if you love fish get this,1

I was so happy when this app came out for kindle fire I immediately got it its so fun. there should be like a 100 pearl reward for catching all 504 fish.,1

I GOT SO GOOD AT IT YAAAAAwwwwwwwwnnnnnnnn ITS SO BORING NOW. it was fun and works great BUT it got BORINGJUST do NOT GET ITmy final point I LOVE THIS APP YOU SHOULD GET IT,1

I love this game ...it is so cool even my older brother likes it.An amazing time waster its just hard to keep your energy filled all the time.A little tip :don't waste your pearls,1

"All these five star reviews, has anyone looked at the permissions?! They can see your phone, text data, all sorts of crap!",0

"You cant catch a fish easy. When you try and get the fish after you get a bite, you cant get it and it says " almost ".I recommend don't get it because after all of the struggle, you get aggravated.",0

this is very fun to play.I love it:))!!!there are so many fish you can catch but it is hard to get pearls,1

its a very cute game!! I loove it!! its a very good idea of a gamd!! the fish are adorable too!!!!add me:LoveTecna,1

aqua pets is so addicting u can catch rare and lengary and common creatures. put the different fish in ur tank and view the fish u have caught.,1

couldn't even download it! says its too larve for a mobile network please try again when gou have a wifi connection. i turned on my wifi and still couldnt download! -droid2,0

"I have been playing for a few days now and I love all the fun fish you can collect, plus it gives you an aquarium to view all your favorites as they swim around happily. =P I encountered a problem with the feature that allows you to link the game to yo",1

LOVE!!!!!!!!!!!!!!I ABSOLUTELY LOVE THIS APP AND RECOMEND IT TO ANYONE!!!!This is the #1 app I play and I highly recommend it but for the creators here's some suggestions....EASIER WAY FOR PEARLS!!!Maybe like a pearl for every 4 petz you catch.TAKE AWAY FHE,1

It's a awesome game but I've gotten over 50 rare kinds of pets but no legendary petsif you want legendary PET you pearls.,1

This game is so addicting I LOVE it!!!!!!!!!!!!!!LOVE IT!!LOVE IT!!!LOVE IT!!!you get to talk to your friends and visited their tanks!!! Get this app and add me as a friend. BeachyBrooke is my name in the app!!!,1

this app is soooooo cute. it is super fun to use and makes killing time fun.I love that you get to fish for your pets.Super fun for everyone.I will regimens it to all my friends.,1

this game is so so cute!! the only thing I don't like is the waiting for 5 minutes just to get one piece of bait:p,1

i luv this game so much!!!! it is so cool to see the different types of fish ththat you can catch,1
 "It's super addicting, and my kids love it too. My five year old gets so excited when she gets a fish she's never caught before.",1
 I had to download this for my son so he could stop playing all my games.He had played it before and got hooked!!!,1
 I have used this app for two years on 5 different Android phones and has made it very easy to keep it clean and running well just a few clicks.,1
 "Believe it or not, there are actually decent apps on amamazon for android phones. This is one of them. I have not found a second decent app here yet. If someone finds the other decent app be a good sport and let the rest of us know.Peace baby",1
 "Excellent application! Works as described. I wrote to the Dev about an update pop-up I didn't understand & before I left my email, the was not only a "fix" already implemented but also a highly courteous & professional email reply addre",1
 Nice app to erase history after searching items on various web sites you visited. Does a great job on the Kindle Fire HD. Clears up space no longer needed on your device. I like to clear everything after searching around all sites visited. Makes my Kindl,1
 it keeps me entertained for a long time pandora and this together it is amazing get it!! its just what i was looking for works great oon kindle fire,1
 "I'm not even sure what this is besides rolling two dice, would be nice if it was actually a game.",0
 "This is one thorough app...you can check your balances, check the markets, transfer funds and make trades. It has watch lists and quotes; what more could you want in an app...I seldom see apps that do as much as this one. Very well designed.ShareBuilder ",1
 Probably my fault but I was looking for Capitol One app that I could use on my kindle fire with no luck.,0
 "Not really Kindle Friendly. You can check your account, but not much of anything else. Seeing as you cannot get on their website on the Kindle Fire HD for some reason it is not compatible... but you cannot do anything with banking, etc.",0
 I haven't able to transfer it my phone properly. I plan on trying again.I hope I can be sucvessful in the next go around.,0
 This App is very easy to use and it is constantly being updated. The only thing I have found that I cannot do is change the amount or date on a payment that I have already set up to be paid.,1
 "Sharebuilder Mobile works so well on my Kindle Fire, I prefer it to the Internet version! Excellent is the word.",1
 "My app is telling me to download a new version so I did,and it is still taking me to download a new version. So where is the new version.As of August 2013 The New app is running fine.",0
 "This was not the mobile banking app that I was looking for, so I did not like it. I was not able to access my peculiar account. It may be great for someone that have share in Capital One.",0
 it is only good for Capital one brokerage account.So do not install if if you want to use it to access any other account,0
 Convenient way to check my accounts from my phoneEasy to use and navigate. I would recommend it to anyone with a shatebuilder account,1
 "it's an excellent app i have the web site on computer but definetly like it better on the kindle, thanks",1
 "No matter what I've done to try and get this to work on my KFHD, it crashes before I can even put in my login credentials. From the reviews it looks like not much can be done in terms of trading from the App anyway but I'll never know since it doesn't w",0
 "If you have an account with ShareBuilder, I highly recommend this app. It lets you easily manage your account while you are away from your laptop.",1
 "I came upon this after doing a Kindle Fire app search for "ING Direct". Since I have an ING account, two credit cards through Capital One and an auto loan, I figured this would be phenomenal. Nope...there's nothing to log into besides any stocks",0
 I encourage everyone to report an issue w/this app w/Amazon. I just did. You'll find the link on the product description page (1st tab). Here's hoping they'll fix it!,0
 "I like being able to check on my account when I want to, instead of having to wait until my computer finally gets the net. It makes things alot easier. Thanks",1
 it is a lot better than the one I had on my iPhone. very nicely done game. inspire 4g :),1
 I don't like this game. I just didn't think it was worth down loading. The description sounded better than the app.,0
 Farkle Live is so stupid. it totally rigs ir for the other person. it rigs it for the other person everytime I play. it SUCKS ALL THE THE TIME.,0
 I HAD TO COME BACK AGAIN TO SEE IF OTHER BUYERS HAD THE SAME PROBLEM WITH THIS GAME...AND SOME DID...U CAN NOT WIN ...DICE IS STACKED AGAINST U ..SO DO'T TRY...I AM DELETEING IT..A BONETTI,0
 "Love this game, super addicting! Unfortunately not for multiple players :(Has good customizable capabilities for different rules and such.",1
 I have the actual farkle game so I decided to try this out and it is awesome. other people said that there screen shrunk but I don't know what the heck their talking about.,1
 "I love playing Farkle on the internet and having it on my Kindle is great! It's an addictive game, but I absolutely love it!",1

"love this game, but be careful you too can get addicted and the hours just fly by. have played other versions but i like this one best.",1

This is the best game I've played in a long time. Love having it on my Kindel Fire when sitting and waiting for an appointment. Would recommend to everyone.,1

"Once again, not as I expected. Was searching for the same game as on my iphone. Would not recommend.to my friends.",0

"In my house we play this and it's just called Dice, and we have that 3 pairs is 3,000 points 12345 is 1,500 and 123456 is 1,600, also six of the same number is that number to the 1,000, if one then 10,000. This are rules I think should be added.Love the ",1

""Farkle"" is a fun, almost addictive dice game that can be played against a computer opponent or even another person (by handing the device back and forth). The game took me a little bit of time to figure out, but once the scoring and strategy became clea",1

"We had a great time playing this together on vacation. So much easier than carrying dice and paper to the beach! I like that you can play the computer, and select the type of opponent you want. Or, you can play with friends and pass the phone around. ",1

"Love this app. Easy to learn and play. Part luck, part strategy (in as much as taking the chance on rolling what you need is strategy). It's a good way to pass the time and keep yourself occupied.",1

"I really do like this game, no thought needed at times. But I do think the game doesn't get as many Farkles as the person playing! Needs to be fairer. I would recommend it to others though.",1

"I had never played or had even heard of this game. It is fun, a little addicting. Not much thinking too it. just fun",1

this is a complete. rip of you never ever ever win its always someone else boo boo boo stupid idiotic,0

"i can see how it could really be fun with freinds. works well off of the SDCard as well. this one is a keeper. i have dowloaded plenty of games, but find most don't play well with smaller screen.",1

"I love playing Farkle with friends and when I have no one to play with, this makes up for it!",1

"I love farkle, and this is a great no-nonsense app. I also like the Western theme where you can play different computer characters like Wyatt Earp, all with different strategies and skill levels. 2 thumbs up!",1

"I love Farkle, and this app makes it easy to play on the go. The app is smooth, I've had no bugs and the best part is you don't have to add your own points ;)I also highly enjoy the fact that you can toggle the rules. There are many different rule vari",1

I love this game. Great graphics and easy to play. Very addicting and well worth the download. Have lots of fun!,1

"Why is this Not available for the kindle Fire HD 8.9? I have it on my other kindle fire and I Love playing it... because it's an offline game! But, I still give it 5 stars! :)",1

My kids love playing this game against each other and the ai. There was an issue after an update and once the developers where informed of the issue and where very prompt in looking into it and keeping me posted on the resolution. Great game. Great comp,1

Very fun game. It is perfect for when you have a little time to kill. I have no problems with the AI.,1

"One great thing about free games is you can choose the one you want & hopefully find one that's easy to play without a lot of complicated set-up or learning how. So it is with the farkle edition; you only get the classic game, but can play yourself, agai",1

"Iv'e played this game on lots of other electronic devices. I love it on my Kindle. I play it daily. If you like Dice games,you will like this one.",1

This game is my favorite on facebook so I thought I would get it on the kindle works the same and fun,1

FarkleThe only problem with this game is it is addictive! I love it and play way too much. It has cut into my reading and crocheting time. :-) My Mom burned my kids out on this game when they were young but now are ready to play it again in memory of,1

"Liked this game - HATED the update that shrunk the playing area (several May '12 reviews address this). VERY glad to say that it's been fixed! Back to the easy controls and great playability, which gets it a five-star rating from me. Also - as far as AI ",1

"Just like you remembered only without the gambling... Fun game. Developers did a great job with the interface and the graphics. One small criticism - in order to leave the game you have to touch the ""play again"" button (a little counter intuitive don't ",1

"I found this first on Facebook. Not having an account anymore I'm glad to find it here. An excellent game to pass time, and challenge friends. The settings for the game here are much better to those on Facebook. There are no power ups, which sometimes f",1

Gets boring way too fast. Don't bother wasting your time with this one. Also loling at all of the reviews obviously written by the developer.,0

so I just played with my farkle two days ago and today when I went on to play all my screens r very tiny and hard to see. I went to settings but no way to change. ne one else having this problem?,1

"We have the physical game and this is pretty good. It's a fast paced game when you only have a few minutes for a quick one. I do wish the board was a little bigger, seems like a lot of wasted

space. I've even won a few times, which is nice.",1
 I can not comment on this as I have never used it. I can not comment on this as I have never used it.,0
 "LOVE this game..... great for waiting for appointments, etc. Best of all it was FREE as well as very fun !!!",1
 There aren't any directions. I've heard of the game but never could figure out how to play. I was disappointed,0
 force closed the first try. tried again and it played but wouldn't allow me to select the dice that I wanted to choose... it chose for me each time... then force closed again... uninstalled... Samsung galaxy S,0
 Great game and easier than the dice version. Hours of fun! Have you farkled today? Don't worry about bad rolls or lost dice. The game keeps score for you.,1
 "New update fixed small sized graphics issue, and Farkle score sounds have changed. Slick new game winner interface too. I love this game - have to play it a couple of times before sleeping! Quick to learn and fun to play, and will allow several people t",1
 "I'm picky when it comes to games. this one is fun and simple. thanks. nervous nell is a Cheater, LOL",1
 "We really enjoy the Farkle App! You can set up the scoring in a variety of ways, depending on how you learned to play it. Works great!",1
 farkle is a totally addicting dice game. my boyfriend and i even try to play with each other. its soo much fun!,1
 This is an excellent game. Easy to under stand and enjoyable to play and is a game that you can play for a long time.,1
 "I've played this game on facebook - but I love the fast pace and the voices on the Kindle Fire, very fun!",1
 I needed a fresh game to challenge my brain. It is easy to use. Good graphics. Thanks for making it available.,1
 You never know who is going to win this game until the end. That sneaky cpu will get you past you just when you think you have the game.,1
 "I love this game and I especially love that this one is extremely fast paced when you want it to be. Face it, this is mindless fun. I don't need a lot of bells and whistles and this meets my expectations for a good game that is user friendly.",1
 "This fast-paced game is highly addictive and you can even play it with ONE player. Farkle has been around since the Renaissance period, so it is a true time-tested, very enjoyable, and addictive game for all ages!",1
 never have I ever felt so challenged playing dicegood game. would highly recommend this game to family and friends.love it love it,1
 "A must download! A real time killer. If you never played this, you will become addictive. You can easily pass & play to friends around a table or in the car on road trips.",1
 "Nice simple game, very addictive, nice design. Have to play at least three games a day. Love this game, recommend this to anyone who needs small time to pass.",1
 Good version of Farkle. You can play against the computer or up to three friends. Works great on Kindle fire HD.,1
 "Currently one of my favorite games. Winning involves a combination of luck and strategy. Games are relatively short, which is good when you just need a short break from current task.",1
 "It was fun but I hadn't even played it five min. And it locked up. I enjoyed it, but got tired of rebooting my kindle.....",0
 "I have "Farkle Addict" on my I phone and I LOVE that game. This one does not allow you to play a 1 person game and that is how I enjoy playing Farkle. Usually play it when I don't have much time to play, like when waiting in a Dr office. I wish y",0
 "Bought the Kindle just so I can play this game. You don't need a partner, it already gives you one. Wish I didn't need to be hooked up to WiFi to play so i could take it on vacation.",1
 This game is one I play everyday. It is very addictive and easy to understand and play. I recommend it to anyone looking for something to do while in a waiting room or to simply pass time.,1
 I first found Farkle on Facebook and thought it was a fun dice game. I was happy to see a free version of it for my new Android tablet.This rendition of Farkle doesn't disappoint at all. From the fun themed opening screen to the smooth animations and fun,1
 I like playing Farkle and sometimes it is hard to stop! Would like the option to play other people...but it is free,1
 "I've not used this app, so I can't really comment on it. Strill will try it out. I will try it tomorrow night.",0
 "Fun game, easy to use on the tablet, keeps my soon occupied during Dr visita plus it helps with math skills",1
 The game cheats. The way the game plays I should be the one winning most of the time. But most of the time as I am getting a larger score the computer suddenly has large rolls. The game is biased not truly based on random dice rolls. DO NOT LIKE GAME,0
 "I absolutely love Farkle Dice. I play it every day, and I win quite often which is odd for me, I'm usually not real lucky. Love it!!!!",1

This is not the same as Facebook but once you get use to it it is as just as much fun.,1
 "The game offers options including number of players and different names for NPCs. For a quick game to play while waiting in line or in an office, it certainly delivers in entertainment.",1
 "Great little time waster. Works very well.As to the 1 star reviews,Try contacting the author if you have a problem before you rate an item. As you can tell from the comments this one is VERY responsive!Umm, there are instruction! Try your menu key, or on",1
 This game is really fun! It is challenging and yet I can still beat the opponent sometimes too! I love it!,1
 I play on this app all the time! I love it. I have not had any problems with it! great app,1
 I have down loaded this app for my two kids also. They game is very simple and my kids love playing.,1
 "Love this game its one you can play alone or with someone. You can play the computer as well, so this makes it nice.",1
 "Pretty authentic version of Farkle with only small ads (so far, at least). I've played two games against the AI and won both, so I don't think it's fixed (although the AI did have a really impressive run at the end when it was trying to go out). Definite",1
 i play this game a lot great fun play against the computer a game of chance i hate it when i get a game and find out i have to pay to play more this is free!,1
 it works well just 1 problem u cant play with other friends or random ppl nd tht sucks alot but at least u can.play sumthin if ur bored,1
 Awesome - no glitches - works well - thanks for a great game. I'm now adding words because they are making me.,1
 "I have a lot of fun with this game...it's easy, fun and cute...oh, did I mention it's quite addictive?...I could play this one for hours!",1
 "Great version of a classic dice game. I have tried a few different versions of this game and this is the one I kept. This was 10 times better then most of the others, only one other one was even close. If you like Farkle, you'll love this app.",1
 Takes a little getting the hang of how the scores work but a lot of fun. Play against android player. Great time killer for pedicure ot at doctor's office. Fast paced game so you never get bored. Get it!!! Droid X,1
 "I played at the FireCo. on Fri. & Sat. nites with the guys , with real dice, I'm so delighted to see an app like this for my KF..... thank you",1
 "Can easily be handed back and forth between 2 or more people while waiting on a table or food to be delivered to your table. Great for families! Would work at a waiting room, or while waiting in a line or for kids (and us grown folks) on a road trip! LOV",1
 After many attempts at this game I realize its not me that sucks its this game. Every word I created out of the letters given was not correct. The words you are supposed to make are only indicated with ----- dashes. Only good thing is it's free. What ,0
 get it it helps with scramble with friends awsome ness best little aawsome game ever woot woot woot woot woot!!!!,1
 I found the graphic setting dull and the game play frustrating not all of the possible words of a given group of letters are included just the words the game's creator thought of unlike the great classic word game Text Twist where every possible word com,0
 "I haven't read the rules, but it had tiny letters and words. It looks like it should have matched the way Word Mix Lite works. It doesn't. Because it was so hard to read the screen, I just uninstalled.",0
 My husband and I love this app!! We sleep wonderfully listening to "Rain on a tin roof" (Hubbys fave) and I nap very well while listening to "Beach 2" or "Beach 4"...Great Purchase!!!!,1
 "For people who don't sleep well at night, this app is for you. You can choose any type of tone or combine any 3 sleep tones of your choice and timer, those tones will put you to sleep within 2-3 hours. I use this every night and I feel ready to go every ",1
 "I love this app, I have stored my favorite sounds - thunder, rain & thunder. I swear I fall asleep so much faster than w/o the app. My kids also love just hearing all the different sounds",1
 Best sleep app out there and totally worth the money!! I've tried expensive sleep sound devices and this beats the expensive devices hands down!! Great for vacations or just a simple weekend getaway - I have a hard time sleeping anywhere but in my own be,1
 "This is great, esspecially when I'm away from home. It has all kinds of sounds and different versions of the same sounds. (like different types of frogs, or crickets w/ and w/o other sounds) and you can layer them for the perfect effect. My favorite is t",1
 "I purchased this app without really knowing if I wanted/needed white noise for sleeping. Honestly, I thought it was kind of silly. Then I tried it - wow! You can choose from so many sounds, layer them, adjust the volume of each one (birds not so loud, ra",1
 This app is great and worth paying for to get all the sounds. And there are so many to choose from. Love it!,1
 I use this app every night. The nature sounds really lull me to sleep. It is like camping in your bedroom.,1
 "I don't know how anyone could fall asleep listening to these sounds. Many of the sounds are on such a short constant loop, you can hear them start and stop with an audible click several times

in one minute. How can you shut down your brain if you just kn",0

"I CANNOT BELIEVE THIS!!!!!! This is an amazing app, totally helps you sleep! I would even pay up to \$50 on here!!!!!! It's amazing!!!!!!!!!!!!!!",1

"It has allot of different ambiance style sound bites, but none of them are very good and each sound has to be individually downloaded from the internet, so it takes allot of time to figure out it isn't that good.",0

"I love this app!! Sleeping with chronic snoring partner has never been more peaceful. When sleepy time is on my brain blocks the snoring and focuses on the sweet sounds of ocean, rainstorm, river, whatever. Best lifestyle app ever! Finally 6 hours of res",1

"This app is superb! I generally set it to go for 45 minutes but it puts me out long before (as far as I can tell). I like crickets and dryer. A bunch of great combos, actually. A marvel of good thinking!",1

"I love this app!!! There are so many variations of sounds that you can put together to fit every mood. I have tinnitus really bad and since I started listening to this app at night, I fall right to sleep. I like the fact that it has a timer so it auto",1

"There are two things that I look for in a white noise generator or a sound machine, and this app manages both of them superbly.1. variety of sounds. The creator(s) have put serious thought into what a broad spectrum audience may find relaxing.2. looping",1

it's a pretty good app buy it I highly recommend it I like it very much you won't regret buying it it is worthy,1

"I tried the free version and liked it so well with the limited features that I thought "shucks, for the price of a bottle of pop, why not try the paid version?" It is worth every penny! If you need a sleep noise generator, you can't get better",1

"Just what you hope it is, better. You will enjoy blending your own symphony of sound and tailoring them to your liking. I use this all time now. Worth more than I paid. I encourage the people who worked on it to continue to improve on this wonder",1

I've used this app while traveling for work. It's nice to fall asleep with in an unfamiliar hotel. lots of sound choices and works great on Moto XOOM.,1

I like it because I can have something to listen to at night besides music and the ringing in my ears. The white noise is easier to sleep to than music or the ringing in my ears.,1

i originally downloaded the lite version but it did not have many sound features so i upgraded to the full version and i use it every night to help me fall asleep. i love the crickets and the campfire you can also set a timer to shut off the sounds. i lo,1

Works fantastic in my Kindle FIRE! Everything downloaded perfectly. So much better than a high priced unit that takes up space on the dresser. I can take this anywhere...even WORK!,1

"I started out with the lite version of this app and was really impressed, but a lot of the sounds I wanted weren't available. I went ahead and bought this one and I don't regret it at all! I really like the feature that you can play up to 3 sounds toge",1

"Since moving into an apartment for college, leaving home the sounds of the countryside including crickets, frogs, and the woodstove, I have fell in love with this app. The campfire 1 sound is my favorite, along with rain 2, thunderstorm 2, and row boat t",1

I have always had trouble falling asleep...until now. This sounds are so amazing on my Kindle Fire. There are so many unique sounds to choose from and many standard relaxing ones as well. I was truly amazed at how easily the thunderstorm has been putti,1

I've had this app over six months. I love that you can layer sounds or just listen to one. The rain with thunder is awesome. I listen to that sometimes when I'm reading - it's so relaxing.,1

"amazing, I started with the free version of this game. it was good, but I quickly decided that for 1.49 the paid version is super. so many sounds to choose from and I love how sounds can be layered. for years I have slept rarely more than a few hours ",1

I love this app!! I'm bad at getting to sleep at night but its really easy with this! I completely recommend the whale noise!,1

"Extremely realistic, soothing app. Love the 3 layer effect with 80 sounds from which to choose. Works perfectly on the Kindle Fire.",1

... someone who's used 'noise' since well into the last century to cover up noise to get to and stay asleep! Thanks...,1

Big mistake! Uninstalled it! Bought this after listening to different sounds on the free version (you will see with the rest of my original review how happy I WAS). What the heck is up with the silence every 60 seconds on the loop? How can you expect peo,0

"Great App! I work night shift and I use it to coverup the noises made by the daywalkers, street noise and those damn cheerful birds :) Get this app if you work nights.",1

"very nice app. sounds great. you can even combine up to three sounds at the same time. sounds like the beach, birds, wind. DROID X",1

I sleep to the sound of the forest and a campfire. This reminds me of Summer in the Adirondacks. thank you!,1

"Amazingly high sound quality and fantastic selection of sounds. Really helps with relaxing and very enjoyable. I do hope they let us have a favorites button at some point. Oh, you can also run more than one sound at a time... my kids love messing with ",1

"I managed to set up two different ""layered"" sounds within a couple of minutes after downloading this app. I set it to ""rain, thunder and wind"" and was asleep before the ""timer"" ran out at 15

minutes. Woke up in the middle of the night, as usual, and ins",1
I am absolutely thrilled with this app. I don't buy many but this one is more than worth the price if you are a person who needs a little white noise to go to sleep. I am accustomed to sleeping with a fan on and when I travel it is extremely difficult ,1
campfire #2 on because I like pops so BUY IT. BUYERS BEWARE. beef best best best game ever should buy works on kindle,1
"I thought this might be a good app to run instead of wasting \$ on a real fan or air conditioners, but what I found was a plethora of sounds that can be mixed in nearly countless ways to get the exact sound you want. I live near mountains, and this app ",1
"This has been very helpful to me. There are so many sounds to choose from, some that surprise me. There are several Beach sounds... from gentle lapping lake waves up through the ocean crashing with a fog horn and seagulls in the background, and a coupl",1
"I often have trouble sleeping, especially at dialysis. Sleepy Time is the perfect solution! All the sounds are realistic(though some are a tad puzzling or even downright annoying, such as the red and brown noises). I like that you have so many sounds to ",1
Love this app it does what it says sounds r AWESOME! Lots of sleep timer choices. u really should buy this!!!,1
"This has helped immensely, when on the road, in a strange new hotel, this helps ground me. I can concentrate on the wonderful variety of sounds, suited to my liking. Can fall asleep faster and easier, if need be can set the timer for the entire night and",1
Excellent app. What sets this apart from other apps is that you can mix multiple sounds to create that perfect sound. Worth every penny if you have a hard time getting to sleep as I do.,1
"Sleepy time was worth every penny! I bought this app and have not been disappointed yet! HUGE selection of sounds (one request please, crackling fireplace?) They have everything from rain, camping, truck idle, fan sounds, beach, white noise, crickets, ",1
"I use this every night while I drift to sleep. my favorite is " thunderstorm 2". set it for whatever time you like, and rest easy.",1
If u need a great sleep app try 'Relax melodies'white noise app. Not only is the sound far better-butcher you can pick more than 3 combos AND you can save multiple. favorite combos. It has ocean - storm -ac-music-zen etc tons of great selections without ,0
"I've actually put off buying this app for a long time waiting for Lightning Bug to be available on the Amazon Appstore. Then one day I just decided I would buy this app just to try it. Even though Lightning Bug is now also available on Amazon, I have no ",1
Love this app. I listen to ocean waves everynight when I go to bed. Sounds like you are laying right on the beach. There is still some things I don't understand how to do but have not taken the time to figure it out but it has been worth it. Love it and ,1
"There are so many different sounds available and the ability to have 1,2, or 3 sounds playing at the same time AND give you full control of the volume for each different sound takes the cake. I'm unable to sleep without the help of Medicine. Last n",1
"Yeah, I know...I know. No such thing as a commonly used smartphone or tablet back in 2000. If there had been, I would have saved a bloody fortune at Sharper Image, buying one after another of their ""Sound Soother"" machines. I had the BIG ones, I had the ",1
I love this app so much. it works great and dose not lag AT ALL. It helps me sleep and take Mg mind off things. But you have to download sounds if you want them. I would recommend this app to anybody who has trouble sleeping.....,1
I remember going to my grandma's house when I was little. She has this big grandfather clock in her living room and I would love to sleep on the couch just to fall asleep to the ticking sound it made. The sound here is very close to that old grandfather ,1
"This app has never begged me for a review. I keep the two soundtracks on, Crickets 1 and Crickets 2, constantly, going on now for months, at about 3/8 volume, night and day. Most people never seem to notice. I have not heard a single comment or inquiry. ",1
this works I fell asleep so fast I could not beleave it gosh this app really works it tricked me in to thinking I was camping,1
We haven't figured the point of this yet. I think ant tv show works too. I uninstalled this. It might just be my lack of understanding,0
"This is wonderful. My favorite sound to fall asleep to is 'Rainy Drive' which is a soothing sound of a realistic car drive in the rain complete with windshield wipers, rain, and the occasional car passing by. I set it for 45 mins and fall asleep before t",1
This has so many sounds to choose from and it plays till you fall asleep. If you have trouble getting to sleep this app is for you.,1
I set my timer for 1 hour and I don't think I've heard past the first 10 minutes! I fall fast asleep so relaxed every night! It's wonderful!!!!,1
"Im a "" white noise"" kind of guy and I love all of the customizable sounds. The sounds were far better quality than I had expected. I will have to agree with those who say some of the clips are too short which can sometimes be noticeable as they loop. Ove",1
"People this is the real deal. It does what it says AND THEN some. whether you're a light sleeper or you crash right away there is a perfect sound for everyone. solo easy to use, just awesome",1
"This app is amazing. I love the rain sounds and the beach sounds, but my favorite is Frogs 1. Very calming and well worth the \$1.50!!",1

the sounds on this app are not good for trying to sleep at all. just sounds like irritating noise. I'm definitely going to try and get a refund.,0

I can fall asleep with put a cat purring or someother calming noise to me. ever sends my cay passed away I found this a great way to for me to still feel like my 23 year old cat is still there with me.,1

"I enjoy this app for it's beautiful sound. The white noise seemed a little off, but babbling brook is my favorite one, and it's better than that girl named brook I. my class babbling on and on about nothing. :)",1

"I am one of those people who have a hard time sleeping without some sort of white noise in the background. What I had been using for white noise stopped working a long time ago, and I never had a chance to replace it.Since this app was discovered for my ",1

I picked this a couple weeks ago as a source of background noise while I was falling asleep. Its been exceptional so far. I was quite impressed with the huge list of available tracks to play. Its pretty safe to say that everyone will find at least one th,1

I've used this app for lengths of time and not had an issue with sound gaps as others have reported. I think this app is great and worth the money. some of the sounds could be better like the clothes dryer has some noises made by the person recording it ,1

This app is ok for some people that like to drop off to sleep if you have the internet hooked up. Saddley the internet can not be everywhere. This is not part of the avertisment that you have to have internet hooked up in order to use this app. other wis,0

I love this app. There are so many wonderful sounds to relax or fall asleep to. I frequent the thunderstorm sounds on my nightly slumber. Great sound quality and I can set the amount of time I want it to play; which is good since 95% of the time I fall a,1

This app is amazing on my Kindle Fire. It is multitask capable so you can read or surf the web while listening. The sound choices are varied & sound terrific! Well worth the \$1.49 I paid!!,1

"Excellent app that allows a combination of sounds with variable volume. If you hear a gap in sounds when the track repeats, it is because of your particular version of android (most ics high end devices), not because of a problem with the app.",1

"I first downloaded this App 12/01/2011 - It was excellent for folks who need ""white noise"" to sleep. My wife and I used it all night for a restful sleep (""Air Conditioner"" setting worked best for us). HOWEVER:UPDATE 01/30/2013 - PROBLEM WITH LOOP - REMOV",1

"I bought this app because a friend of mine said it was great... I absolutely love it. You can set the sleep timer for as long as you want and the sounds are so realistic, sometimes I wake up thinking that it's actually raining outside. I has really help",1

"I love word games, but this one I did not enjoy at all. I tried several times to get into it and just could not.",0

works great on my k.f. which is what I was looking for I recommend to people who people who like word games,1

This is fun game to play. Fun to see how many words you can get and beat the clock. It will surprise you when you try it.,1

"don't like anything about this game.....will, except maybe for not spending any money on it.hate having to write a certain amount of words for the review",0

"This was a fun game, the levels were challenging and easy. It keeps my mind sharp and challenged. Great game.",1

"I love this game. Some days I just go on and on, others I can't seem to build enough words. But it is definitely a great game!",1

I don't get it cuz all I do is press da numbers dat is on da screen and it give me points. word chain on gameshow channel is diffrent. ex: on diz word chain u make words out of the letters on the screen with da one on gameshow they put a word on da board,0

Probably my fault I really don't understand the game. And the directions from the beginning of the application when you choose the game doesn't make sense to me.,0

"I like games that make me think and Word Chain is one of those. It's even addicting. I am 82 years old and my two daughters gave me this Kindle Fire ""so I would not get alzemiars"". I like challenging games, love Majgong and have to admit I first did not",1

I would've read this program 0 stars but the marketplace won't allow 0 star reviews. this program is a complete and utter waste of time not entertaining not enjoyable and should be removed from the download section.,0

"For all of you who complained, you do not under stand that this is a physics app. Not a game.",1

"sasa erwin? What are u thinking. just don't gte an app h dint like gosh! for people who dint like it, its awesome.",1

"all you do is pull and rip a cloth, really? that is so boring and annoying how can people stand that. don't fey this app",0

"Okay so if you don't like physics and stuff don't suggest getting it... But overall it is interesting and it is very much like cloth movement, sadly there are no options to change things a bit but overall pretty great!",1

"I am a phisics freak, so I love this game. Great for kindle fire! Get it! It really does give you real movement and simulation. I highly recommend. this!",1

All this company text based games text based games suck. if you see a game with their sign over it

then it's a text based game and sucks don't listen to the other reveiws it will
SUCK!!!!!!!!!!!!!!!,0
i loved it but found star legends love the new game fun play sl better less boring I'm Superjel
there:D,1
"I absolutely love this game, the community is super friendly. While playing on my kindle the
battery does decrease at a faster rate, but you can also play with a slower connection. You can
also connect the app to facebook and play it there.",1
I have been playing for a long time and have had no issues with this app. It is a great game and
work just fine on the kendle fire. so the review about it not working on the kendle fire is wrong.
if you like a great community you will like this game.,1
"I got this game thinking it would be the best, with fighting, monsters, and quests. I was very
dissapointed when I got it. You just press a button, wait a few minutes, and then a result pops
up. You don't even see it happen! This game is NOT what it loo",0
This game was really fun and I enjoyed it but uken banned me from it so I'm kind of madI reset my
profile and they give me my file back then ban me for no reasonAnd from what I heard the game has
become corruptSo play at your own risk,0
just as in uken's fow there are different strategies you can approach the game from. If your
looking for a strategy game instead of a aim and fire game you may well like this one. On one hand
it is very easy and on the other hand it could be frustrating m,1
"Similar to the other uken games. Great support, if you need it. Keeps my geek coming back for
long time.",1
"This is the most amazing online app I have ever played. I don't know why, but it reminds me a
little bit of skyrim. add me (ixskw)",1
I have a Kindle Fire and I thoroughly enjoy playing Age Of Legends on it! its really awesome and I
think everyone should give it a try. but warning!! it IS very addictive. :-) have fun and add me
to your guild if ya want: MIRWL,1
so this is my fav uken game i like rpgs like this but none of my friends in real life do but this
is fun ive been playing for over a year!,1
great stratigic game. but forces of war is better.it is very fun you go on missions and battle
rivals.scoots it angry birds age of legends in the house!,1
A terrible knock off of Castle Age. Even free not worth the download graphics are like a toddler's
drawings at best.,0
This is not a good game and its as rotten as eggs! It's a cool-looking Dragon on it and all it is
is a game that's no better then sitting on the floor for an hour! THIS IS NOT FUNNY. Do Not buy.,0
"My favorites are:Dark GalaxyForces of WarThe StreetsI really do enjoy Uken and text based apps,
and don't complain that you cant do anything. If you don't like it just delete and play other
games. I have all of the games by Uken, so I do know what I'm ta",1
"Great app overall. I love the bounty idea in it. I found myself at 12 at night stalking the
bounty list.But if you don't love Mafia Wars and those sort of games, don't download it.",1
"this game is for people with patients. it is a very fun facebook rpg but you don't have to have a
facebook account, it merely prompts you to add it. this is my fav Uken RPG game",1
"Finally a cool superhero/villain game for facebook! And another big plus is that it's a free app.
I've spent way too much time waiting for my energy to load on the Sims Social. With an app, I can
play anywhere and not waste time. To be honest, I would ne",1
I couldn't even load the game. I don't have a facebook so this is a waste of my time. I was really
hoping to play this game but I guess not. if you don't have a facebook do not get this game.,0
I love this game! At first it may seem a bit boring but then it becomes the best app ever! You can
chat with other people too! Get this app!!! You will LOVE it!,1
"This has got to be my go-to game of all time. When I can't get online to play for hours, I used
to go through game withdrawal, LOL, but now I know at least I'm collecting billions of dollars per
hour and building stamina, health, and energy to the fulles",1
this game is awesome u can b a dragon a werewolf a witch Dr or 2 different creepy girls and
different vehicals and lots of henchmen,1
"This game starts out a little slow and you need to spend about an hour with it before you can
start realy playing the game. It is a awesome concept as you upgrade your empire and spend skill
points, all while managing your money! The fight concept has a ",1
In this game you ARE EPIC you choose where to focus your income so that no two gaming experiences
are alike. This along with the ability to pick your own fights and fight your own wars makes this
a simple complex experience. They start you with reasonabl,1
"You don't do anything in this game! You push a button and it says "You win!" there's no
graphics or really any complex input whatsoever, save your money and your time and buy something
else",0
"A game I pick up my kindle for. Fighting other real players, or a hero the game generates. My
favorite part is the Empire, where your buildings generate money to spend on more buildings or
henchmen. I reccomend 'Crime City' highly if you enjoy this.",1
I give it zero stars it won't load it's good that it's free looks like a good game but it just
won't load,0
Awesome! totally worth it! oh and on age of legands... when u r a legend and want 2 change ur
hero.. DON'T DO IT,1

"Granted it can't be your primary game, you have to wait minutes, hours, etc to gain points to spend on missions or battles. I play something else for a while, comeback, spend 5 minutes playing Villains--up my level, rinse and repeat. This isn't a ""fun fo",1
as I see in the photos because i dont have the game.Its ANOTHER copy of the game im just sayin,0
I chose this particular app because I'm a huge comic book fan and I like the villains in the comic books.,1
"Games like these may be common, but are the best way to kill time when you just need to do something.",1
"So, when I got the game, I played and got to level 18!! This game is like an online game (It is, right?) that requires no username or password, just a villain name. This inspired me to start writing a book. About villains. Anyway, I love this game and y",1
A game like this deserves more respect I will give a few reasons why.1.The community:everyone is nice and don't act all nerdy like you would probably expect. Ukane games makes the same game in different versions to sell to a different community. (Ex. Wor,1
this app is great. only one problem:-(when ever I try to select anything the screen blanks over. other than that it rules.,1
Yet another "create a character and tap buttons" for 5 minutes before putting it down for 30 while your "energy" rebuilds. Boring. There are MANY better games out there.,0
"If you're a wordsmith, a spiritual seeker and/or a game player... And you have a sense of humor about those things, You will love this game. Not for the religious fanatics ... Delightful, pun filled, (my favorite humor) and non-committal... 3 of my favor",1
"After a couple of days, I find myself checking in on my heroine far more than is probably healthy. As the description says and others have reinforced, there's really not a whole lot to do, other than keep up with your hero.The game's core is its humor; ",1
I find this game to be witty and interesting. I don't have to sit there playing the game for hours. I really don't even have to run in and heal my hero when I'm alerted and I don't see it....he just runs away :)great little game for sure.,1
"its quite a fun app, all you have to do is check in every couple hours, and read his diary for a couple of laughs like"11:58 Noticed a small inscription on my weapon: 'Warranty void if used against monsters'. Darn it!.I guess there's more deph to it",1
"Fantastic game, very addicting! Your hero does all the work, just heal him every once in a while. learn the commands from the Godville wiki and contribute to the community!Also, join the ranks of the Brotherhood of Steel, help us make a difference in the",1
This was a great app until the last update. Now it force closes every single time. What is going on?,0
I check my hero at least once a day. After awhile of reading his diary he seems alive and real.,1
"I love this, but if you don't play an RPG MMO, it may make no sense to you. The sport names of monsters, the goofy drops just kill me! I can't play my MMO at work, so looking in on my heroine throughout the day keeps me from jonesin.",1
"I'm kelly76, Thanks! I'm loving the game... It's fun and I don't have to babysit it! I would love it if you all would add me!",1
"No heavy lifting here, but the developers tell you that upfront, in fact that's the point of the game. The game consists primarily of a running diary of your character's actions and the entries are hilarious. Lots of thought. Clever.",1
"Really its just a modern tamagotchi, but its got enough difference to make it not nearly as annoying. Honestly a great time waster.",1
This game is exactly like it should be. It does what it says it does. You should play this game.,1
Just updated this app tonight and now it won't load. 100% broken now. Please fix. I love this game. Very disappointed!,0
Very funny diary entries. When I need a quick laugh I just open this app and read about my hero. Keeps me smiling all day.,1
"interesting app. not really a game, more like those digital fish tanks where you can watch fake fish swim arround without having much contact. the little that you can do doesn't seem to effect the game much. it's like reading a book.",1
.... I t I s o k I h a t e t h e game top girl. s k l a,1
This is the best game I have found. You can do as much as you want or nothing at all. It also has a great community of players. You can not go wrong with this game. Just create a hero and sit back.,1
"You just don't have to be serious to play this game. In fact, it's better if you aren't. Random events happen to a character you create, which is relayed to you via "diary" pages. Don't have time to "play" for a day or three? No worri",1
"i love it, this app is amazing. i find myself spending hours playing with it. i just wish that you could interact with your hero on a more, personal level, like talk with them.",1
"I love this app! I got it for the Kindel Fire and it was just so funny! I check it often. At the price tags of free, why not? My God name is Wintersmith",1
"make yourself a god and your own hero?!? plus fxt other heroes and funny thing the hero will say? on this one time when I sent the hero a message, my hero was eating lunch, and right after I gave her it, she says in her diary "I choked on a peanut&q",1
"Revisiting review 7 months later:Still using this, still enjoying Godville. It's a ""Zero role

playing game"" - you aren't the adventurer, you're the deity and your mortal adventurer goes on quests and generally runs around. The text is full of puns and hu",1

I check this game all the time even though I have little influence on my hero. It makes me giggle! The cute dialogs from the battles. The little side shouts my hero sees from other God's to their heroes. It's just a fun time wasting addictive application! G,1

good game get it funny funny funny funny fun fun fun fun fun fun fun fun fun fun must have fun fun get app it is fun fun fun get app fun fun gunner than fun fun fun,1

I am in love with this game! it's the only game that has remained on my Kindle since I downloaded it. I check on my hero daily more than once a day but I can leave him if i need to.,1

This game is so much fun I love it would recommend it to people who have time to play very little but I check on it up to five times a day.,1

I can't really call this a "game"; but whatever it is its fun. its kind of annoying that the hero doesn't always do what you say but still very entertaining.,1

"Funny wordplay, interesting game idea, though it's kind of a chore at first. Once you get past level ten things start looking better.",1

awesome game. you won't like it if you like complete control. but its cool to watch. little control over hero but can punish or encourage them. light or dark.,1

i am addicted to this game. ive made so many friends its pathetic. i havent met any at all. my god name is cattail,1

"I like this app for what it is. Really is quite funny, my hero is a coward though. He always runs from a fight.",1

I have had this game for about 6 months..it doesn't take up all of my time and not a lot of action. I love it..check up in my little hero pretty often. Works great on my DROID2.,1

"I love this game! Usually I don't like text based games at all, but I love this game anyway. I love the things your hero says, its so funny. Try it, its freeeeeeeeee!",1

This is the most fun you can have while doing nothing! I love checking to see what my hero is up to and the random meetings of friends. My only complaint and it's a minor one is I wish we could resurrect pets easier. This is lots of fun. Give it a try &,1

easy to play. description says it all. kinda interesting to see what your hereo does on there own. thanks dev.,1

"This is a great game, and every gamer should give it a try. All the characters have a personality that you'll come to love",1

"It's like reading the script to a really funny action comedy, except you have the occasional ability to interact with your main character. Love it! I'm spreading the word at work. Almost everybody is playing it now. :-)",1

I know I have created to many accounts. this is an awesome game but can u be nice enough to get rid of too many registrations plz.,1

Been playing going on two years now and can probably count on my hand the number of days where I didnt check in. Simple but great,1

"Great Game Add Me: King-Leonidas This is great for people with limited time, an IQ of over 50 who can read, and a good sense of humor.",1

"I bought the Kindle HDX earlier last week, that's another review. Seems that they don't transfer app information, so all games/apps clear, you have to begin again. Now for Godville; if you have this on a kindle, keep your info somewhere, because if you lo",0

"most people think this game (and I use the term loosely) is boring. And they're right. But even worse, after doing nothing for a day or 2, it wants you to start paying for more nothing. Boring and Stupid",0

I know the point of this is that you don't have to do much. But I think there should be more optional things we could do. Still I love this game and enjoy everything about it.,1

been playing with this over a month now. great time waster when your bored. works great on htc thunder bolt and moto XOOM,1

"how did I not know this game existed before? while it is kinda hard to get used to having near zero control over the person, this game never fails to amuse and entertain, which is the point of a game. bravo. :) I also don't understand some religious pe",1

"I love the concept of this game but I wish you had just a little bit more say in what your hero does. Currently, my hero runs away from almost every battle and spends all his money on alcohol. It was funny at first but now I just wish I could tell him to",1

I love most everything about this game! From the other heros es) & Gods (ess) to the names of the monsters! and dont forget the weapons!! ,1

An odd text based game with all the fun of a mock up version of an rpg without the real effort of doing more than simple minimum. I am "The Giving Tree" if you want to be friends.,1

"I love this 'game.' Then again, I love most RPGs and similar types. If you are interested, then try it. I won't promise that you will love it because I really think most people are hoping for more interaction and plot. The game description is accurate",1

I love checking on my heroine. This game is so funny. The creatures names crack me up every time. I've been recommending this game to my friends.,1

Its a great game to pass time but why would you need wifi other than that a great game fun fun fun fun fun fun fun fun fun,1

I think this game is awesome I totally think you should get this game. It is really cool and

entertaining.,1
 Boring so boring. It posts updates of what happened that are kinda funny but it became very boring very soon...,0
 you never get bored with this app there is unlimited things for your hero to find and do your hero might even meet other people,1
 "I love this game! It's fun to watch what your hero gets into. The writing is hilarious, love the enemies and the items found.",1
 "It's strange that a game in which there is so little to do is this addicting. I find myself opening the game four and five times a day to check on my hero and see what he's doing. The diary entries and game wiki are hilarious, which is a major bonus.",1
 It's fun to play and read. This app will give tons of happy cute sayings that will put a smile on your face,1
 "No issues on dinc2. Strange but fun ""game"", that is entertaining but wont eat your life like an MMO. Ideabox is brilliant. :-) Looking forward to more updates.",1
 Godville is one of the few games that has survived the test of time on my phone. If you give it a shot I think you will enjoy it too.,1
 "Godville lets you play as a God (not THE God), and guide your hero through adventures. Without, you know, actually doing anything.Fun to read, no commitment. Recommended.",1
 "A little frustrating when my heroine keeps getting herself killed but I absolutely love all the silly things that happen in this game. It seems like every enemy name, every item, and every quest are jokes or puns and it never ceases to make me smile. I j",1
 "I have to say, even with as little as you do to 'play' this game, it's really fun. The running diary of the hero is hilarious. Thank you GGL. This game is simplistic yet awesome.",1
 "This is what happens when those pocket pets from the nineties grow up, kinda.Think of those with a lot less interaction needed. You really don't control anything but it's more for entertainment. Seemingly a parody of rpgs.",1
 hilarious gameplay that pokes fun at every mmorpg in existence. combines mulitple memes and pop culture with classic puns for a rewarding experience.,1
 "Funniest game ever! It isn't as demanding as other MMOs, but you'll always be playing! My Gods name is The 10th Hokage. Add me!",1
 "Super cool game, but not very involved. I couldn't spend hours playing, but I can waste ten minutes. Its fun to read the things your hero puts in his diary.",1
 "What a sweet app. Pretty in depth too sofar. Original and addictive... Thank you for making it free too. Can't wait to see what new features will be added as it grows... Negative reviews from people who uninstall immediately, or because it was not simpl",1
 "No need to think on this game. Kind of like owning an ant farm. You watch, and sometimes help and sometimes hinder their lives.",1
 "Is it possible for something to be a time-waster that doesn't take up any time? Anyway, a unique concept executed well. You don't have to check in constantly but it does reward close attention.",1
 this game requires little energy or attention but is loads of fun. I've played for one week now and love it. five stars all the way.,1
 My man is kicking b*t. What more could a God ask? This is an app that doesn't steal huge amounts of time and the tongue-in-cheek comments are truly amusing.,1
 "I love this game. I don't have a lot of free time to spend on gaming, which makes this pretty much perfect. I can check in on my hero when I have time, laugh out loud at her absurd diary entries, and let the rest take care of itself.Be aware that all t",1
 this game is freakin awesome it might take skme tkme to play but it is awesome in such a way that will make it awesome,1
 "downloading, even though i don't have any intention to play. rating 5 stars to irritate you even more. also going to get everyone i know to download and rate 5 stars... just to irritate you. now shut up, stuff your empty heads into your pillahs and go c",1
 "The diary entries and situations that your hero runs into are hilarious. While technically, you don't even need to do anything for them to progress, just the ability to interfere in there lives makes this game incredibly fun and funny.",1
 "reading other reviews, I agree that you need to have the right personality for this game. what I especially like is how it plays for you so you can divide your attention to other tasks... or just watch a movie or something. either way, I like it.",1
 I didnt like it at first but its hilarious and a lot of fun even though you truly do nothing. Reminds me of something WoW and DnD players would really enjoy. Can't get enough of it! ={D,1
 "I love the low mantinance aspect of this game. I can't babysit something to keep it happy all day long, so this game is perfect for me, it gives you the occassional notification (about 1 a day) that let you know something important is happening...like hi",1
 "This is a great un-game. Godville is an engagingly silly game that plays itself, with a small amount of influence from you, your player's god. My daughter and I have been managing our Godville characters for over a year now, and it is great to have it av",1
 This game takes the zpg genre to a new level. It's fun to watch your hero move through the world and give him or her a nudge now and then. Nicely done.,1
 low maintenance app with a sense of humor that never gets dull. I love the idea that I don't have

to check it every minute.,1

"Neat little dog type game that plays by itself, you check in on your hero when you feel like it. I find myself checking on mine several times a day. Amusing diary, opponents and items/armor. I LOVE this game!",1

"This is good for anyone with a sense of humor. although your direct control is impossible, it is a part that helps, and reflects, what the game is.",1

This game is so easy and fun to play. I highly recommend this game for anyone. All you have to do is check up on your hero a couple of times a day!,1

"Crazy, simple and you literally do nothing!! If you have a vivid imagination and like RPGs, you will like this!!",1

"Awesome game. I don't usually go for these types of games (create an avatar, multi-player platform, etc.) but Godville is great! As Goddess I don't have to do much... just watch my creation do my bidding. The game site is a great resource for help and j",1

"This is an excellent game. It may be confusing at first, but you come to love it eventually. I recommend this.",1

"I have been playing this game for months now, and I still love seeing all the references and puns in it. Wish my hero would listen more though...",1

I love the funny entries. And there's no need to do any hard quests. Just get a free account and watch the hilarity ensure! XD,1

"If you're looking for a game to kill time, this is not for you. However, if you'd like a brief distraction that will make you chuckle and not take up very much of your time, Godville is a very unique idea that will keep you entertained over several week",1

"This is a great 'game'.. I believe in God, but really? I can't believe there are people out there who actually get offended. This is only a 'game'.. a parody at that.. I, very much, enjoy playing this. That doesn't mean that I am disgraceful to the Lord",1

"I was searching out free games on the Marketplace when I saw this, and figured I'd give it a quick spin. Overall I think this game (that might be stretching it a bit) is quite fun, and serves as an excellent and often highlarious diversion.Basically you ",1

"I can't understand how this game manages to be so addictive despite the fact that you don't actually do anything...much. But my wife and I are both fully hooked, and we play on mobile and online ([...] too.",1

"I usually don't even like games like this without graphics but this one is actually very unique and fun...you can just let it do its thing and come back to it a few days later even and just check how your hero's doing, or you can spend more time on it an",1

"I really enjoy this game. It's simple, casual (for me) and it's entertaining no matter when I open it. It's a novel concept in mobile gaming and well-executed.",1

A laugh a minute. Be as little or as much involved as you want. My hero does some crazy things...,1

This game is awesome. It is very original and is very funny. It seems simple at first but has more depth to it than it appears to.,1

"I really like it. the entries are cute, his reactions are priceless, and the fact that I technically don't have to do anything but sometimes revive him is great.",1

"If I was dieing on a desert island with no food or water, a weak signal and one bar, I would waste the last moments of my sad life playing Godville.",1

"Love it. Provides lots of laughs, kudos to the devs. Can't wait to see their next project. Who knew not playing a game would be so entertaining?",1

This game is entertaing and definitely worth the download. It's not hard to keep up with even if you don't check it often and full of funny updates. I highly recommend it.,1

"Force closing on my Evo 3D with ICS. Needs another update, fix immediately. I doubt that the app will work for anyone that updates it them self.",0

"Add me: CeltonasReally funny, love it! I like talking to my heroin...I guess I'm just an encourager at heart. But pretty soon I'm going to start messing with her...just to see what she's made of.",1

"so this is the only app I downloaded this week, and now my phone has a virus. I can only assume its this program that did it",0

"Been playing for three months now and this game still rocks my world, a week after I joined my wife had to sign up too and we can't get enough.Simple, continuous game play. As you increase levels you will unlock the ability to duel other heroes, get a",1

"The only reason I'm rating this, is because of all the ignorant comments by religious idiots. This game could be referring to the thousands of "gods" invented before Christianity came along and decided to steal the history and story-line of the",1

"I get the feeling this may be a battery drain, but it's great for a laugh and you can't help but want to check up on your silly hero.",1

Zero player game. Watch your hero complete quests and help them... Sometimes... Lol. Brilliant design and completely addictive and requires no supervision. Don't understand what I mean? Try it! Seriously. -phrontisteries (add me),1

its so fun!!!! i luv making words into sentnrnces...wutever tht meens. its so funny but at times its confusing!!!one question...IS IT REALLY LIKE THT UP THERE??? ITS SO COOL.,1

a great game to check on occassonaly. passive fun like an ant farm. not high octane. clever and

witty. :),1
 "I don't know what's better the "game" or the Jesus freaks at the bottom who gave 1* because your "playing god" get a life, its a game.",1
 "everyone should play this game it is so fun and very addicting all of you should put your God name here mines Karichan, add me",1
 "I'll admit, I chuckled at one of the puns...but this app is (was) a complete waste of time & memory on my phone.",0
 This app is great especially if you're familiar with RPGs. Definitely satirical and filled with play on words. Great great fun!,1
 I can't stop looking at my hero just to see what crazy things he does next...though most of the time it's drinking. Great game for those who want the flavor of an MMO without dedicated hours of staring at at screen.,1
 "I have been playing this game for months now and I still love it. keep in mind, this is not an instant gratification game. It's a check in a couple of times a day game.",1
 "Loving this - keeps me laughing all day. Very witty and addictive! And the forum is great fun, too!Goddess name: Bellatrixie (or Bellatrixie The Strange, as soon as the admins get around to changing it for me)",1
 I enjoy the witty comments and scenarios that your hero gets themselves into. The only think I would add is a way to make your hero smarter but I'm worried about what would happen if they used any magic.,1
 I enjoy the humor and references the game has. I love that you can be as committed as you want and it just plays by itself.,1
 "This game has no true game play, no real action, and no true storyline, and as far as I'm concerned, I should be hating this. But it's AWESOME! It's strangely addictive and fun.",1
 "I've quite enjoyed this game. You take the role of a god, with your own personal hero who travels around his or her world, vanquishing monsters in your name, drinking, and getting killed periodically. You can't directly control them, but that is a good t",1
 "I have been playing for 9months right now my hero is in a guild called victoriasecrets lombof !!!!! my hero and her pet that now will not die!! are very amusing , if you put this game down for a month your hero keeps going on with their lives and quest",1
 "I never have time to really get into a game any more, but this game allows me to just guide (in some small ways) a little, then sit back and watch it unfold without missing too much inbetween checking on it",1
 It's different but highly addictive.... Im glad that I don't have to do much to play. its a keeper.. add me my godname is sheisme33.,1
 "I've had this installed for months now, and despite the minimal interaction, it is one of the few games I won't uninstall to make space for another.Let your hero loose and watch her praise you and smite your enemies.",1
 Great if you don't have much time on your hands and enjoy a quick laugh. But why is my character such a wimp?!,1
 this is just genius... i mean i cant always check in on my hero everyday so this is just AMAZING. the only thing is i wish you could read what your hero did over the days or whatever time period. but other than that... GENIUS,1
 "I've had this game for over a month now. You don't really play it. It plays you. I check in on my hero a couple times a day. All the functions work well on my Kindle Fire, and it is oddly addicting. I find it funny and well thought out. The devs did a gr",1
 "This is by far one of the most idiotic apps I've downloaded from the Amazon market. Why people have to make fun of God and show their hate towards Him is beyond me. After installing the app and looking through it, I removed it the following day. Dud.",0
 Awesome game! Gets you to use your imagination in the reading and so funny. I love my hero's hilarious escapades.,1
 Godville has given me loads of chuckles since I installed it a little over a month ago. I use the android app to monitor my heroine on my Kindle Fire and keep one browser tab always dedicated to Godville when on my computer.I enjoy a hands on approach t,1
 This is a really cute little time waster. I like the concept and the pop references. The fact that some Xtians are whining about it is just gravy.,1
 "Totally worth the download, this is absolutely one of the best free apps on amazon. its hilarious, the updates are always great, having access to the net is required to play, but that's a small inconvenience all things considered. Thanks :)",1
 I can't believe people are so anal about a game and religion. Get a sense of humor. ben playing for a day now and think it's great.,1
 "This is such a fun game to participate in. And so punny! I find myself checking in many times during the day to see what my hero is up to. I just wish he took better care of his pets, damn it!",1
 "No matter what I do, my hero loses in the arena. There are no instructions and no way to learn how to play. The" funny" dialog is repetitive. I don't like to lose.",0
 "so much fun. if nothing else get this app for the hilarious quotes. add me, my name is Jc McGodingham",1
 great game great time waster works well you can play online in the regular internet as well on

your phone I kinda like it maybe you will too,1

"So based off the good reviews I decided to download this app. Oh man, I am so happy I did. I fit into so many little niche categories that they make fun of. You will really like this game if: You played World of Warcraft, Parallel Kingdom, Everquest or any",1

"There really isn't much more one can say about this app than the title of this review states. The ""game"", and I use the term lightly, is about on par with watching mold grow on bread. I've been more entertained watching my dog vomit up crayons.",0

Love to check up daily on this game. You can interact as much or as little as you want. Always brings a smile to my face.,1

"I have enjoyed this game like others, and, like others, I have been force closing since the update this morning. I hope the devs fix it fast so we can start enjoying it again. My humble warrior might think I've forgotten her. Motorola Bionic.8/3/12 - Ch",1

"I love this game. There is little to do, but the content is usually hilarious. It's a zero play game, so like I said... you don't do much. You basically attempt to guide your hero while it fights monsters and builds you a temple in your name.",1

This silly little game makes me laugh every day. I find myself randomly checking the app just to see what kind of crazy thing happens next.,1

I really love godville and I think it was a great idea because I basicly don't do any thing. Awesome,1

I have been "playing" Godville for months now and have really enjoyed watching and interacting with my hero. The app is constantly being improved and the execution of the concept is top notch.,1

"An RPG you just watch from the sidelines. Your character does all the hard work with minimal input from you. It's a text based game of sorts. You can encourage or punish your character, join different guilds, but mostly you just follow your hero's adv",1

"best game i have on my kindle fire. funny jokes, quests, monsters, and gameplay. i would recommend this to anyone. i check my hero everyday. my godname: Andrew mcnatt",1

"I love this game! Its fun, witty, and unique. It doesnt require daily play, and the adventure continues even when you dont play. Highly recommend!",1

i got this game on a whim and can't stop playing it. been playing it for 3 solid days since i got it! add me if you need friends. BloodThirsty Brawn,1

"So the concept is get a game you don't play and then just read text. Sounds reminiscent of Commadore 64. This is a poor idea, and even poorer app. The ratings do appear to be skewed. Dev appears to be spending time writing reviews. One star and no d/l fo",0

Funny. I'll keep this one and peek at it every so often. The fundamentalists who are offended and rating the app poorly have their underwear on too tight.,1

Fun game with lots of entertaining reading that doesn't require lots of time. Great time killer. I love it. Yay!,1

"A game that I just keep going back to. You basically just set it up and let it ride, but it also offers quite a bit of interactive avenues to explore; such as gladiator fighting, guilds, and other casual fun.",1

Very addictive and competitive. Well this is a very stupid and wastes your time kind of app. but AWESOME game and love the references it make to other games. Did i mention it's also hilarious?!?! also you need to be knd of a gameer to understand the joke,1

I seen other reviews for this and they were 5 star reviews well they lied you don't have alot of options for editing unless you buy full version they need to let you know its pretty much a demo. Don't waste you time with this.,0

"Test device: Samsung Epic, Android 2.2 officialThe idea here is that this app is supposed to help you fix up the *skin tone* and *faces* in your pictures, giving them a better look. As a bonus, you get some filters you can apply, to further improve them",0

"That is all this app is. It is HORRIBLE! Any kind of ""editing"" you do looks awful and taints the whole picture. It's blurry and has terrible coloring. You can tell the whole app was designed to advertise Samsung smart cameras. The ads for them are all ov",0

"I had all the options to change things than I update it and it's gone, where are the settings? Please fix the issue.",0

"This live wallpaper is just beautiful, I LOVE IT!! I have seen alot of live wallpapers, but this has got to be one of the prettiest ones I've seen.",1

i downloaded this app and it would not open can't really use something i can't open. thank you for nothing,0

Beautiful for my tablet. I am a wallpaper fanatic and I love nature scenes. These are well suited for a tablet and they move. Thanks amazon!,1

I love it. Its girly but very pretty. I don't notice any battery drain. This is my favorite! Very peaceful.,1

I got this app for free but when I downloaded it to my phone it look a lot different than I though. It looked cheesy and cheap. It is free so....,0

"Very beautiful, I don't use it because I found something better, but I really love the anime kinda look. It's worth getting.",1

I only got the free app of this live wallpaper. It is very pretty. I would love to see what the paid app shows but I am such a cheap skate. The colors are very lively and the movement of the

clouds are nicely done. Enjoy!,1

I still have this on my tablet it is so beautiful and tranquil and it is best I seen on my tablet and works both long and tall if I turn tablet either way. I havnt purchased all the other that comes with it and wouldn't recommend anyone spend money to do,1

Haven't had much time to really test the wallpaper but I like what I see so far. I mostly am only writing this to remind people that this is not an app... You can't open it... You just add it like any other wallpaper.,1

"Altogether, a lovely live wallpaper - a full and glowing moon (or is that a star?) provides the landscape for a floating ephemera of violet and blue clouds. Ad-free, and works wonderfully on the Kyros!",1

This is very pretty wallpaper. I like the options you can use with it. It's kind of like a dream.,1

"It was a nice wallpaper while I had it, but I had seen much nicer ones for free else where",1

This is super nice I am sure after i run it for awhile and have no issues I will buy the download.,1

Perfect for me and it looks amazing on my Galaxy S phone. I'll be paying for this one. Go Dev!,1

"This has a soothing affect to me. It's not a busy pattern, nor is it a fast moving wallpaper that distracts from info that is on screen. I would recommend this to anyone that wants to beautify their screen. It's awesome-to me.",1

"its wallpaper, not an app. thats why it wont open, thats why its not in your app list. its a live wallpaper so you have to enable it. its amazing that some of you dont know how to work your own device, probably because you cant/dont read",1

"I like the movement of the clouds. Serene and tranquil. Can't beat free, free, free, free, free, free, free, free!!!!!!!!!!!!!!!!",1

"A waste of money, way to confusing for me. Plus I want to play the person, not a cheat sheet.",0
anyone playing the game should get it. it keeps you from looking in the dictionary for words to fit the letters you have.,1

I used this when I was just starting out with Scramble. It was great! Don't use it very much now but I always recommend newbies to use this.,1

Keeps having error notice that it did not download properly. Tried several times..Not a true rating because I have not been able to install it to try...HELP :(,0

this helps me keep up with some of the other people I play with. I like how the page is clear over the board.,1

I really enjoy this game because you can have many games started at one time which you can almost always find someone to play with,1

Sure saves me time playing words with friends. A quick and easy way to find new words. I've had poor results copying a puzzle and pasting it on the board help though I've tried the volume down button and on/off button simultaneously. The instructions ,1

"This app is wonderful. It's not just a cheat, it's rather helpful as well. It has a dictionary to help to see if what you came up with is a real word.The board saver is really helpful if you can't come up with a word right then and there. Saving the boar",1

"m.patten & Annette Rider said it nicely. I used to play a lot of scrabble in the past. WwF is 'sort of' my return to Scrabble (for free :-)). Before I played words, now I am strategizing and making better placement. The app ia great and deserves its ",1

This is a great cheat app for Words With Friends. it's simple and it tells you how to use it. A must buy app.,1

It helps me when I have very little letters and get stumped on trying to find a word. Great when I had it!,1

Love this app! Every time I have contacted the developer he has responded so quickly it's unbelievable. He is quick to help and to fix the few problems I encountered. App is easy to use and very helpful when playing the game. If you do need help using th,1

I can't get this downloaded to my kindle. Went through process of getting Adobe file but it sits in my download file and won't allow this app to launch.,0

"this app is great, especially when i get stuck with all vowels and one letter, it helps me find words i can use for words with friends without having to pass a turn! I recommend it to everyone, it doesn't get stuck and it is a great help!",1

"I would like to use it split screen, but I haven't found a way to do that. Maybe that will eventually happen.",0

"I like this app better than Word Cheat because you can click on a word to get an instant definition. The only downside I found (maybe I haven't figured it out yet) is you can't a click a beginning or an ending letter, so you can better your search. Other",1

"i think this is one of the best help apps on the market,any one who needs a little help should at least give it a try even if they are not big on asking for help. however it is terribly difficult to get to word.",1

When purchased I thought this was a game. Please cancel. A detailed description or a demo screen could prevent the need to cancel soon after placing order.,0

We enjoy playing game and talking with friends when they call to ask where did we come up with that word to win.,1

"I love this app, It is an amazing helper for "Words With Friends"! I wish I had this

for "Scrabble") Thanks Dev!",1
 don't write a review if you never used the product. sometimes people need assistance when playing a word. there are beginners out there who are not as good with words or spelling and it provides the assistance needed for them.,1
 It is such a help even if it's cheating. Some words I do know but could not see them with the letters jumbled.,1
 "I downloaded word help for when I got in a bind and couldn't find a word but I am so addicted to using it I use it all the time. Not a good thing because I don't try to find words on my own anymore, but it works better than the online help I was using. S",1
 "I'm hooked. I must do this every morning when I wake up, and every night before I can go to bed!",1
 Yeah yeah I know I'm a cheater but who cares...it's all about the win baby....This app has helped me win a few games but it doesn't guarantee a win. If you are looking for some help then download it.,1
 really comes in handy on word games....all sorts of words to choose from and many various ways to use this tool,1
 Now all ways winning my games. Loving it. It is pretty cool how it can tell u amazing words. Awesome,1
 "Excellent app both for use with WWF as well as with Scrabble. The overlay capability is pretty good. Being able to expand the overlay a little more (to see if all the letters of your chosen word will fit) would be even more beneficial, but otherwise, great",1
 there is a free version of this that really doesn't suck. that way you can be a cheater and a tightwad,0
 Impossible to use. Waste of money. I thought it would be a nice assist but it was no help at all,0
 i have never been good with word games. i put in my ideas and if they don't work this app helps me see what and where i should play. i honestly use it to learn the game and if someone really is that much better than me. i don't care too much for the game ,1
 "This is an excellent source. I try not to use this one too often though, because it's cheating you know.",1
 "Very unfriendly, can see how it is used and can't switch between Word for Friends and Word help easily. That was a waste..",0
 I enjoy playing games and think this is a great help to Words with Friends. I use it every day.,1
 Love it so much. It unscrambles your letters and offers more word choices. Works great on my Kindle Fire HD reader.,1
 I only use it against others that use cheats! You can tell who's using a cheat program or not. I prefer not to use it.,1
 "I love this app, it helps me so much. I don't use it to cheat, just to help me find a word.",1
 "Works great for the occasional stump! For those who don't like it... don't use it! Stop rating low just because you do like others using the app. This may be 'cheating' as you see it, but you're just being ignorant and rude",1
 This program only worked when it felt like it. It would not retain words that had been entered & I had to start from scratch more than once on the same game. Uninstalled it.,0
 It works perfectly on my Kindle fire. I love to use it when I'm stuck and need to get rid of those letters that never seem to make a common word! It also supplies you with the definition so you can actually know what that odd word means. It's fun to use a,1
 "Sorry, but I have not learned to use this game. I thought it would lend me a hand in Words With Friends, but I haven't been able to figure it out and can't use it.",0
 I love this app it helps me so much. My scrabble dictionary is hard to read and I can never find good words. With this I can easily find words that fit. Works well in my kindle fire.,1
 I find it difficult to use and am still working on it! If it's not quick and easy it is not worth it.,1
 Love this app. I play Words with Friends everyday and use this all the time. Great app for those who need help.,1
 I WAS NEVER ABLE TO BEAT MY SON BEFORE. NOW I BEAT HIM EVERY TIME. YOU COME UP WITH VERY UNUSUAL WORDS.,1
 "SO FAR, I HAVE BEEN UNABLE TO USE THIS. DO NOT UNDERSTAND HOW IT WORKS. I WILL TRY AGAIN IN THE NEAR FUTURE.",0
 "I truly love this app because when one is playing Words with Friends it sometimes can be difficult to come up with a word or when you have a word in mind it isn't playable. this app gives you useful words that can be played with the game, and it has many features",1
 "This is for cheaters. I can't see why any decent person would cheat when playing with friends. If you must, then cheat. but don't expect to feel good about yourself.",0
 Not easy to use or figure out. Just don't buy into it there is no refund and sorry to say much regret.,0
 This app has a lot of features that other apps don't. You can see your search app over top of the game so you can do searches without switching back and forth between programs. It never fails to find a word for me. I love it!!!,1
 "this app is awesome, it's not really a 'cheat' but really is help, I'm a good player

with a great vocabulary, but often find word placement challenging. this app. helps with that making the game more even when playing with the older, more adv",1

Does not work on my Kindle. Tried to get it to work for hours. No luck! The instructions did not help at all. disappointed customer.,0

this is a great tool to have. Not only am I learning words I could never think of on my own I am now able to spell somewhat better and have been able to use them in my normal speech. although some don't know what I am talking about lol.,1

I used to spend hours on one move because I couldn't find a word that fit! that's not the case anymore! works perfectly with the kindle fire!!!,1

"Can't even rate this one low!!!! Works great!!! Don't be a hater, try it yourself, you will find it is really useful too!!!",1

I hate this app! It was a waste of my time and money! It does not work! Don't waste your time!,0

"I thought one of my friends was smart until I realized they were cheating, lol! Then I discovered this app and how to use it to win games. I like the in-game feature because it allows you to see the board, the letters you have available and the letters y",1

"OMG!!! What a great sample of a book 34 chapters for a sample and who wouldn't want to go buy the book and finish reading it?! But James Patterson is a GREAT author any way, I love pretty much all his books!",1

I play with friends and am glad I can now do this on my kindle fire hd. I like that I can carry it with me wherever I go. It is easy and fun to play.,1

Little to none on instructions. No place to inquire. Help is pretty much else to say bad bad bad bad,0

What help this app is when playing Words with Friends. I love playing but sometimes get stuck so this helps,1

I can not get this app to work. I've already wasted too much time trying to figure it out. No matter what I click on I can't get anything to appear nor any help with what or how!!,0

A great app to help with playing Words With Friends. It gives you many options to play and check your selections.,1

"My son tells me it's cheating but I don't mind. I use it on my Kindle Fire HD. I'm pushing 60 so I need a little help now and again. Besides, it's only as good as your tiles. If you have 4 E's, an X, and a W, and there's no tiles left to play, it is what",1

"When words with friends is up and working it is a big help. Right now my app is not working on my kindle which is useful, driving me crazy",1

is absolutely not compatible with kindle fire. works nicely with your android phone. you need screen shots and kindle fire does not have that ability,0

"I need something that will connect to the game I am playing. Having the option of creating a word from letters available and switching to another screen is time consuming, frustrating, and not my idea of HELP.",0

"Did not find the app helpful at all. Not user friendly, and I especially did not like having to re-create the boards. The in-game feature did not work. Complete waste.",0

"I have tried this several times, especially yesterday with Words with Friends, I have been looking for something like this for some time.",1

I have really enjoyed playing this game. It is easy to learn and you can play with several friends at once. Just be careful who you play with because they may have cheat sheets available. I didn't like to learn you can download an app that chooses you,1

I've had this app for some time and it worked great. The hardest part was trying to figure out how to take a screenshot with my Kindle Fire HD 8.9. Then on Feb 26 Words with Friends pushed out an update changing WWF to landscape mode and WWFF could no longer,1

"but the first time I clicked on it, it did say .99 cents. first time it ever happened to me in 4-5 months. hit my 'back' button on my phone, tried it again, and it was free! so if it ever happens to you, try again! and wait a good half hour after 12pm!",1

A little frustrating at times and infuriating but in a good way. Graphics are well done and the puzzles ingenious.,1

It's a generic puzzle game like the thousands that have come before it. Not entirely fun and would not recommend to anyone.,0

"I am enjoying this fun little game. Some have had issues with the controls, I don't have a problem with them. This one will make you stop and think!!",1

"fun and simple, at first. then the fun starts to turn into repetition, and the simple only a little more than that. yes it may only be a buck, but it really isn't worth it. only recommended for the beginning puzzle solver, and even then you may lose interest",0

"I love a good thinking and strategy game, much like Angry Birds. This is a lot like that, except that you are moving boxes as efficiently as possible instead of knocking over buildings. You advance through levels trying to get 3 stars on each, even if you",1

This game starts out easy and quickly gets difficult. I'm currently stuck on level 10 and am almost to the point of thinking it's not possible... but I know it has to be since there are 100 levels. I've looked online for solutions but can't find them. Any,1

"Some people have no patience with waiting until a free app is converted to free. Anyway pretty fun game, barely tried it but going back after this review. Amazon please create an IQ test for people before they can do reviews, just a thought.",1

I love this game. It is a logic puzzler (?) forces you to plan ahead several steps and avoid trapping yourself. Simple execution but intriguing and challenging. If you like Quell you will like this. I don't have issues with the controls on my evo.,1

like others have said.. we've seen this puzzle a hundred times in different forms... takes 3 seconds to solve in your head... but 30 seconds to actually manoeuvre.worse... can't move to SD.Uninstalled.,0

Would have been well worth the 99¢ if it weren't free today. I like thinking games like this. Similar to aporkalips.,1

"nice game, simple controls, works well on my htc evo. good time waster. can't comment on sound, as I always leave those off. doesn't need a ton of permissions which should make those people who worry happy :)",1

"We have had it for over a year now, illuminating the dark places, and it works great. Recommend it highly.",1

I chose the five star rating because the ease of download and use for this app is excellent. I keep it charged in preparation of black- outs. It is an excellent tool.,1

"I find that I frequently use my phones as flashlights. With my HTC Thunderbolt, it was preinstalled. I am using this app for my Amazon FireKindle Fire, Full Color 7"" Multi-touch Display, Wi-Fi. No ads, just a bright white screen that comes in handy ev",1

"This app does exactly as descirbed! The app is bright, easy to use, and great for those trips in the dark or small spaces where you can't get a regular flashlight into.",1

This application does what it is supposed to do.Max out the capabilities of the device of illuminating a room. I can't complain even though the kindle fire d does not have a led light the white background and the high brightness level help to illuminate ,1

"I could not get it to work at all. So frustrating! After several tries, I had to remove the download.",0

"I have tried to load this application and it just won't do it. I works on my wife's Kindle and gives off good light, but not on mine.",0

Great App! I put this application on my Kindle Fire. No problems and it is brighter than I expected it to be.,1

Was working last week and the sunset while I was up on a mountain and my flashlight was down in the truck. It gave me enough light to walk down the mountain and get to my truck in a pitch black desert night. Thanks!,1

"BEST FLASHLIGHT IN THE HOUSE!!!!!!!!!! NEVER HAVE TO WORRY ABOUT THE STUPID BATTERIES!!!!!!!!!! DO WE HAVE BATTERIES, DON'T WE HAVE BATTERIES!!!!!!!!!! WE HAVE HAVE BATTERIES!!!!!!!!!! AND ITS ALWAYS CHARGED!!!!!!!!!!!!!! THANKS GUYS!!!!!!!!!! LOVE IT!!!!!!!!!! :~)",1

"The idea behind a flashlight application is simply to turn your device's screen bright white, thus rendering a flashlight. This app does only that! Other flashlight apps access your contacts, gps, and other thongs which are unnecessary. You'd think that f",1

"This works very well. After a recent storm produced a power outage, this app was very useful. You can use it to get around at night without waking anyone. Extremely bright.",1

This app works great! Very bright and useful. It can light up a room using the Kindle Fire's screen if you have one. I recommend you getting this app when you are trying to open the backdoor at night:),1

FlashLight gets 5 Stars from. Many nights sitting outside and playing my Kindle Fire. Its late out no lights on.Shut down my kindle and put my light on and no problems getting around in the dark.Very handy have around.,1

"Simply put, this app makes my Kindle Fire screen turn bright white, which is a pretty effective light. To maximize the light, just turn up your screen brightness with the star shaped icon for settings in the upper right corner of the Kindle screen. Works",1

"I don't use this app often but it is nice to have available. It is very bright. You can also get fancy and have a banner scroll across, however it is not very useful for that purpose.",1

"All I want in a flashlight is for it to make my screen white. That's all this app does. It doesn't require unnecessary permissions, use ads, or do anything else.",1

This app on kindle fire and it is pretty cool. Super bright white light with no extrasplus you can't beat the price of FREE. I really like it.,1

"This is my favorite flashlight app on my first generation Kindle Fire--I tried several before settling on this one--and I would give it 5 stars for the 1st gen KF. I like that it's basic, small, no ads, and has no intrusive permissions. It does exactly w",0

"Don't buy other flashlights. This is ad free, easy to use, and doesn't ask for info. works great for my Fire, and I tested the difference between this and the home screen, and it's pretty big a difference. Buy it.",1

"Hit the app... it comes on nice and bright. Tap the bottom of the screen to the Home, and it goes off. Very simple.",1

"This didn't work for me. I have a kindle fire and when I opened this app up it just said that the flashlight was stopped. I tried it again and again but it just made my system lag. So I don't know how it will work for you, but for me it was just a waste ",0

"This is very helpful. I have used other apps in the past, but this one is the best. It keeps things organized by categories in the store so i am not looking all over the place.",1

"I agree with you audiotexas, why in the world would any app need access to your contacts, email,

or be able to make phone calls to work on a phone. Even the appstore app for android has access to your contacts, can read your email and sms, and can interc",0

I use this on my computer and on my Kindle Fire and on my Blackberry and I love this app. You can add anything to a list and create items that aren't part of any list it is an all around awesome app.,1

Makes a great list love it,1

I love this product. I used iin the grocery store and was able to mark off items as I went along. It heallped me from duplicating items. It was awesome. I highly recommend this product.,1

I found this did not have what I was looking for. It might be alright for someone who likes to shop all over town.,0

"I was looking for something to input my pantry on hand items, make my shopping list, and mark the list for coupons. I guess I was looking for too much, or haven't found the right thing. I will just keep looking.",0

Don't know whats so complicated about this app but I cant get it to work. Very frustrating when trying to make lists.,0

This wasn't what I expected it to be at all. I don't know what I was thinking it would be butI ended up deleting it from my kindle. I can do better with my local grocery store ads.,0

"I was so excited when I discovered this app was available for the Kindle Fire!! What a disappointment after I downloaded it, installed it and started using it!! It does NOT even compare to the version I have on my 1st generation iPod Touch which I loved",0

"use this site often and have found it very helpful,,rather than carrying lists around, it is with me easily to read.",1

I have been using this product since it was first released! Love it. I have recommended it to my family and friends.,1

"Got bored fast , more work, think I will still to a piece of paper and a pencil. I would not waste my time unless you are a very patient person, unlike me.",0

Kindle Fire: does not play any videos (gives an error) or force closes. I have not seen one video play.,0

I tried itout cause my daughter LOVES Mickey Mouse Clubhouse. The longest so called episode is alittle over a minute.... stupid app not worth downloading. Good thing it was free,0

Whenever I click on a show it just goes to YouTube. It's like if I wanted to watch this on YouTube I would just type it in the url,0

love this app i dont know why people rate it so low i love it but the one thing its missing is a quick go back button,1

IT HAS ALL MY FAVORITE CARTOONS (EVEN FREAKIN KIRBY RIGHT BACK ATCH YA) I CQNT BELIVE THAT IT HAS THIS MANY CARTOONS ITS AMAZING!!!!!!!!!!!!!!!!!!!!!!!!!!!!,1

The app didn't run correctly on the Kindle Fire HD. It would take me to a particular category I choose but the videos would not play or if it does it's just black screen.,0

i hate this app they dont have sponge bob shows on here....that sucks DONT GET ITT!!!! I WILL ALWAYS LOVE SPONGEBOB! LONG LIVE BIKINI BOTTOM! THE STARS DONT GO LOW ENOUGH,0

this is great I love it .it has all my favorite shows from when I was a kid its great for my kindle fire.,1

Your child's own little Tv and remote in which they can watch lots of Tv shows from old to new. I truly recommend it and just like the product review stated it can be used anywhere!,1

The library is huge. They put alot of effort into getting hundreds of the best cartoons from 90 & 2000s. Its not just for kids either theres plenty of shows for adults too. From clasics like Scooby Doo to new shows like Kim Possible. Once again try this ,1

"This app is wonderful. Whenever I wait in the car for my wife to run into the store, I just know the kids are gonna get restless quickly. Using this app, I can quickly find a kid-appropriate vid on YouTube, and I can keep them from killing each other w",1

It only gives you a few choices. It seems like the same ones all the time. It stinks free or not.,0

Great app if you have small kids. It compiles all the cartoons from youtube into one browseable app. There are a lot of old cartoons that you can easily watch and reminisce about the old days.,1

"dont be upset about an app that says what it does and actually does it.. i dont go to starbucks at all, but that doesnt mean this deserves a low rating. 5 stars for an app that doesnt disappoint",1

app runs well andit makes getting the perks and rewards of using the starbucks card so much easier. great job!,1

I have used this for a while and have not had any problems. It's worth trying. I hope the updates keep coming to keep it working great.,1

"I prefer this app over the Starbucks app. Great functionality in a smaller package. Only problems ever have been cause by Starbucks the company, not this dev.",1

"Only problem with this being the "Free App of the Day"; is that I don't drink coffee. Ever. However, if I did, I would def use this.",1

"My wife and drink our weight in coffee. I have the app on my phone. It makes it real easy to share cards, reload, and find a location. She keeps the real card and I use my phone to pay. You register a card and there you go. Scan your phone. Paid for. Now",1

I swear people don't use that giant thing inside their heads called A BRAIN before leaving reviews

on here. So what if you hate the coffee you aren't reviewing the damn starbucks when you leave your 1 star reviews...wish people realize before wasting rev,1

"The core function of this app no longer works, at least on a large number of devices. It can't display barcodes. If the developer is aware of this yet continues to sell this app on multiple markets I believe that constitutes fraud.",0

"I downloaded this before there was an "official" SB app, and I find myself using this instead of the "real" one. It updated my card balance automatically where SB I had to do manually. It just is more user-friendly for reasons other",1

Works flawlessly. Syncs your starbucks card with in seconds of entering data. Has a barcode so that you can let starbucks scan it to pay for your coffee without using your card. I would recommend this if your a gold card holder.,1

"since starbucks doesn't feel that Android users are worthy of an official app I use this instead. not having seen the iPhone app, I can't really make any comparisons, but I can say that this is a great app, has everything I need. barcode feature works fl",1

"You get points for using your refillable card, resulting in free drinks. These are Starbucks reward points you can accrue. I prefer not carrying yet another card in my wallet, so this app saves my wallet a bit more space.This is great for Starbucks regul",1

easy to use. seamless. app helped me remove a thick gift card from my wallet to my phone. wish i could do this for all of my cards. great app.,1

"Even if Starbucks finally gets their application working, this one does just what I need, fast, and updates my balance automatically when I close the barcode. Nice.",1

"Boy, now that Starbucks has released their own app, I had to come back and tel how much better My Coffee Card Pro is! Much smaller file size. Thanks Amazon, for making this free a few days ago!",1

"I originally had issues with this app after an update, but all is well again and everything has been fixed that I care about. Transaction history still fails.Works great. I use almost daily for my Starbucks fix and reload directly through the app. Recom",1

"(Android user) Handy and well maintained app! Updates regularly and very convenient! Maps, card balance, easy pay barcode feature, very user friendly.",1

Esta aplicaci&ocaron es la neta planeta. Funciona muy bien y mejor que la aplicaci&ocaron;n oficial de starbucks. Hhh hhh hhj jjk,1

This app works awesomely. It provides a great solution to a problem and fills a great need for streamlining the ability to get... coffee!!@the person who complains it doesn't say specifically "Starbucks"; you can't do that. The easiest way to ,1

exactly what i needed and wanted well presented and executed. the easiest way to pay for and monitor your rewards,1

"This is a must have if you're a Starbucks fan and gold member! I've been using the free version for a while now and it's so fantastic and convenient. Track your balance, purchases, stars, and find locations easily. Plus with pro you can have multiple car",1

"app works wonderfully. I don't even carry my gold card around anymore. I just wish Amazon didn't suck so badly, the app updated on Android Market 2 days ago. it keeps prompting me for update, but fails since it was an Amazon free app. thank God for roo",1

I hate this game its tilt ctrl sucks there is no other ctrl and the graphics are horrible totally unuseable! don't get it you will regret it within ten seconds of the game!,0

"I usually give games good reviews. however, this is an exception. u cant shoot, aim, and none of the missions make sense. if u don't trust me, go ahead and playthe game. find out for uourself.",0

I should have know better..Its for kids..teenagers i would suspect like it.I tried it once was excited loading but 3 minutes in to the game was bored already..Its like an early 1990's game. Dumped it already,0

"stupid, just plain stupid. i thought is would be a good action, but a had a rude awakening. if you want a good sniper game get contract killer.",0

this is total bs i wana know who mad this game and kick him in the face. Contract killer is better than this crap u guys should try it.,0

this app was annoying because the music on it was there wen i exit so yep that is all i have too say byby;(),0

all you do is tap where the enemy is at and shoot them this game isn't realistic at all don't get it waste of time,0

"Hi I'm Jazzy and I got this game not listening to the reviews thinking it was cool , I was being clueless this game is horrible you can't even shoot the guys because wen you take out your gun it moves around then gets all scratchy and it's not a good gam",0

I got this app I thought it could be fun and I bought a gun for 130\$ in real money so don't ever ever get this game :-(),0

"This is a great game if you want to mess around or if you want to get better at the actual strategy of blackjack. It lets you keep a count, see the odds of each option, and tracks your history of betting and winning %",1

this game is flat out boring. not worth the waste of time to download and install. would not recommend at all,0

"I could have more fun, as Del Griffith quoted, "playing pick-up sticks with my butt cheeks"; rather than wasting time with this snoozer of an app. CASINO Blackjack? No. More

like Blackjack at the kitchen table with Granny. Graphics are small. P",0
 Tyvm for this free app!! Have a great Saturday I'll try.Try it It cab be fun if you don't like you
 can always delete right? :0),1
 this is a good app and it was free. constructive criticism is fine but there's not any reason to
 dog this game. I'fe been playing it all morning. give it a try. its free today so what can it
 hurt?,1
 play this one everyday easy to see but i can't figure out how to change the betting amount to a
 lower amount,1
 "this program does not need your identity to operate. Careful what info these intrusive programs
 need. I would like to hear from the developer as to what they plan to do with, my information.",0
 this is one of the best blackjack games i have ever played and all you need to do is pay attention
 to your next move,1
 "I decided to review this app now instead of waiting at 3:15 am, but glad I did, this APP SUCKKS!
 I placed a bet with my kindle fire and lost against friends. I'm reviewing on my new kindle fire,
 1 star for being the free app of the day! :D",0
 Hello fellow amazonians from another day at the hospital. I was board from watching my roommate
 picking his puss from a freshly amputated thumb that he had because of a recent hitchhiking
 accident. so I downloaded the faotd to entertain myself with a few,0
 FYI: data mining "read phone state & identity" not necessary for a card game app.
 uninstall.,0
 "I increased my bet and it worked fine. Then I decreased my bet. When you go to increase it again,
 it doesn't work. Doesn't matter if you hit decrease or increase, it's stuck on decrease.",0
 can not download as it wants me to enter credit card info. before downloading ... it is a FREE app
 why does it need this info.??? not sure why I am the only one with this problem but I refuse to
 give a game this information so unless they fix this m,0
 "Teaches you the correct move by showing expected value of hit, stay, double down, and split. Also
 shows customizable count and allows for many settings changes.",1
 "False advertising by Amazon if they have a permission section and omit things. Why bother with a
 permission section at all if its incomplete. Whats next, a whole bunch of permissions worthless
 without net access, then you download and see the net access ",0
 "This is not poker, as some of the reviewers have failed to observe, and it is a well-done game,
 at that.The permissions are obvious, for the informed: the SD access is so that it can store game
 save information; the phone state permission is probably so ",1
 "Before I can rate an app for the experience itself, I always look to see what's going on behind
 the bells and whistles before downloading and installing. Heck, most people do that (or at least
 should) on their computers as well. Usually, you can count ",0
 "It is not pretty, but the game is so well designed, and so quick that it completely makes up for
 looks Imo. Since it is so quick I get sucked in and lose all my game money in no time at all!",1
 Not worth the memory space and has very unrealistic play. I'm a hardcore blackjack player and all
 this app does is teach people who don't know Blackjack how to screw themselves and others at their
 table by trying to count cards instead of learning the lo,0
 "This is a good app. I can increase and decrease my bets with no problem. It works just fine on
 my nexus. Would like sound, but other than that, interesting app.",1
 "I couldn't get betting to work. Well, it did show displays but my ""bankroll"" or my purse as
 others would call it never changed... so perhaps I didn't understand how this feature was
 supposed to work. I figured if you placed a bet you would either win ",0
 I have another Blackjack app I prefer. I can't remember even playing this one. This may have
 been during the time the Amazon App locked up my etablet with the Angry Bird Season with Ads. So
 I don't think I've every successfully downloaded this one.,0
 Awesome game! Intalled on transformer and Droid 2. Works great on both. No problems changing bet.
 Stupid dog woke me up- first to review! Very windy today. Sounds like house may blow away to Oz!,1
 Great way to keep math skills sharp and waste time. Fun to play when there isn't anything better
 to do. Same rules as a casino.,1
 "Fun to play. Will teach how to play blackjack from a beginner to an expert. Definitely worth the
 price.Contains no adware or analytics, works firewalled, adblocked and with data/wifi disabled.",1
 Nice app and works as advertised. worth the free dl if you enjoy playing BlackjackTo the idiot

 "After a recent trip to a casino in Louisiana, I came home with the 'fever', this was the perfect
 cure and it doesn't cost me a dime! Love it. Just wish I could find something similar for
 Roulette!",1
 "After playing for just an hour, I could predict what card (or at least card value) would come up
 next in my hand. For instance, whenever you have an ace and a number card, and you hit on it, you
 will ALWAYS get a card with a value of ten do you end up wi",0
 I don't often do reviews for apps unless I am thoroughly impressed or distressed. That said I am
 writing this review because you probably saw the photos of this game and weren't impressed. I too
 was about to move on but since it's the free app of the day,1
 "the real black jack app is on here for free and is better in my opinion. on the other market it
 has 250,000 reviews this on like 90 reviews",0

"I watch this game all the time on tv, and was really excited to see it offered as the FAOTD. However, I can't get the dealer to let me see a flop, much less the turn or river. I have tried reinstalling, but still no fix. Please update! I want to be the n",1

I watch a lot of tv so I know a thing or two about poker. like once you flop down by the river and poker you get a full house.,1

Practice BJ strategy! How this game has only 3 stars-confuses me. this strategy game is intense! practice your best vegas game.,1

"cannot find any stations somehow, and only says, "error" on my kindle fire. But, the creator did say it would not play the station, but could be better.",0

This app only finds local stations near you and it still didn't list all the radio stations near you. So there for this app wasn't worth downloading it. I downloaded it for a trip I took since I was going to be traveling through different States. I reall,0

It found all the stations in my area in a flash. I would recommend this app to anyone needing to find particular stations with your favorite genre of music.,1

"This is not a FM radio player. If finds local radio stations you can play on your fm radio. Great app if you travel. People who don't read the description think it will play them, it does not. Don't get mad because you did not read.",1

"I cant believe this app! Ya it helps you find radio stations, but how many of u that r looking at this app right now r looking for something that actually plays music? this app is so stupid because it only finds radio stations but, doesn't even play them",0

This seems pretty cool. I am planning a trip and have always hated losing my station and then searching for another one. I tried it out at home and it found all the radio stations in the area. I wasn't looking for something to play the station and this d,1

the desk clock works great. I am glad that it is free. definatly worth it. I use it every day. helps a lot.,1

This is a nice clock. It is accurate and does what you want a clock to do. No complaints here.,1

Perfect simple clock. I use this nonstop with my older phone on my baby's nightstand. It plays the music and then I just display the clock all night. Perfect perfect.,1

Nice calculator with all the basic funcionaliy. Looks great on my 7 inch tablet! Recommended for those seeking a solid calculator.,1

Your stuff Is stupid just to see if it will work I put 1x1. And u people said it equals 2255'777..22 whatever ur stupid stuff Is getting on my nerves ughhh noobs,0

Looks and works better than the default Android app ! Has M+ and etcetera. Nice keyboard layout and color scheme.,1

no no no noi no no no no no i dont do these period so dont ask please ok .,1

This simple calculator is perfect for your basic needs and it is one of the few that doesn't ask permission to things I think are unnecessary for a calculator. I highly recommend this calculator.,1

Added to kindle fire hd. Very big numbers and east to use Not fancy. Just a plain calculator for balancing usage,1

"It works weel on my sister's Kindle and she seems to like it enough to keep it there, so I can't complain.",1

I use this app to add bills works really well no "problems" here . I use it frequently and I haven't had any glitches and no freezing other.,1

I love this app. I does everything I need it to do & more. Great idea! I highly recommend this this product.,1

"This application was free for my Kindle fire. It is easy to use. I showed my doctor who wanted to know where I got it. You can export the results in many different file types(xls, doc,...) and e-mail it to your doctor before check ups. I love this a",1

"this is a clean, simple and efficient app. does exactly what i need it to do: track blood sugar, weight and blood pressure. i love the ability to set reminders. good product.",1

Easy to enter data and it provides an easy to understand summary of the information. The defaults make it simple and quick to use. I especially like the export feature which allows me to easily create an excel file to send my cardiologist. Works well on,1

Great Deals,1

"I have to say I thought some of their stuff I thought it was expensive until their sales come up. Great buys, some out of seasons but that's the way I shop.",1

"If they delivered any faster, my package would hit the front door before I put in the order. The post office dosen't even carry a letter across town as fast.",1

I am a shopaholic and I love Zappos. They have so many great shoes so of course I love the app.,1

"I have been with Zappos for 8+ years, and this app makes shopping so easy. I can easily browse while laying in bed, and so much easier to see on the big screen.",1

"It's a fun site to look at, but I haven't ordered from there in the years since they were hacked.",1

"I love Zappos, now I have them with me in more ways than one. A great company to do business with and there aren't others like Zappos.",1

I think this is the best shopping app yet....hope that greater things will build off of this and greater things will happen an more people will download it but that's just me....hope they come out with a more upgraded one..I would jump on that in a hea,1

I got a message telling me that the app was corrupted and would not load on my Kindle. I didn't attempt to try loading it a second time.,0

"I've been a Zappos fan and member for years, they are constantly improving and already stellar customer service. and company as a whole. love Zappos!",1

"I wear a size 4.5 in ladies shoes and cannot buy shoes in a store any longer. Stores rarely carry shoes below size 6, so those of us with smaller feet have to buy shoes on line. Zappos is one of the best places to do that. The shoes are not cheap, but",1

I have been shopping Zappos for quite a few years. I have "never" had a problem with the product or service.If i send an email about an issue or just a question they are always right back with an answer within a day.I go nowhere else for my shoe,1

I love to shop Zappos.com because it has a great selection of shoes and FREE shipping both ways. I also like shopping for shoes without a sales person. It's super simple to shop Zappos.,1

Zappos has a great thing going for it and I love that I can buy through Amazon now too. You can spend an entire day on their website or search for immediate location of a product.,1

"I wear a size 15 shoe, so I'm pretty much limited to online purchasing. Love Zappos and this app. Super easy to shop.",1

This is one of the best .com service that I have used. It is very thorough and covers in detail all of Zappos departments,1

"It is really nice to see an app done right. This app covers the shopping function, order placement, fulfillment and order tracking. all with an easy to use user interface.",1

Zappos makes shopping from home a real pleasure. They have great website and you get lots of views of the shoes you are interested in to help you narrow down your choices. shoes arrive quickly with no shipping charge and you can take your time deciding if ,1

Don't waste your time with this. I only have a Kindle and looking at the website without this app is much better. There are limited graphics and options with it.,0

"Always have the product the next business day, free returns for 365 days after purchase, no questions asked. Always friendly service.",1

"Love Zappos, free shipping, no hassles, arrives shortly after you order it depending on where you live. If it comes from NYC to PA we get it overnight and you ship it back free and replacements are sent w/o you paying any shipping. Love the free shippi",1

"There are few companies in America that I can look upon and say "I really enjoy doing business with these people". Zappos is one of them. Selection is unparalleled. Service is second to none, in both shipping and customer service should something",1

I love Zappos and this little app gives you easy access to all of Zappos' features with full access to your Zappos account.,1

Apples wonderful for all shoe lovers. Shoe people will love this free Kindle app. All shoes for any kind of woman.,1

I am going to spend more time shopping with this app. I can track my free one day delivery anywhere!,1

The products are of great quality. No hassle display is easily layed out. Ionsphere's that I will be getting my monies worth.,1

I do not know what this is because I did not order this game and do not know what it is about .,0

"It's easy, it's affordable, and the delivery is even better. I have a lot of my family and friends shopping from the app..Everyone loves it",1

I'm sorry to Zappos for this review. I don't want to buy shoes from my phone. Ever. This app was automatically installed on my phone (Motorola DROID RAZR MAXX HD 4G Android Phone (Verizon Wireless)when it automatically updated to the Jelly Bean software ,0

I ordered on line and then I needed to change the order and called the customer service number and the person I talked to was so helpful. She made the changes and was very quick and helpful. Then Monday afternoon I had the order! It was great. Thanks,1

My sister first introduced me to Zappos and it's been great. I've purchased shoes and sneakers that are both comfortable and stylish. Excellent service and fast delivery makes Zappos one of a kind and top of the line in my book.,1

"This app is very easy to use and even fun! It's very user friendly. I can look up just a particular brand or style, or everything relating to one item. There are lots of great things to buy, whether it be for kids or grandparents! Great great app! And it",1

Loving my Keen's. Getting lots of compliments. Everyone wants to know where I got them. Of course i say ZAPPOS!,1

"Zappos is above and beyond FAST when it comes to shipping. Customer service is amazing. They set the standard for other companies in problem solving, i.e., doesn't fit, color doesn't match the dress, etc. Returns are handled expediently. They are SO ",1

I love this app. I use it all the time. Works great. It makes it easy to find any the you're looking for.,1

This app is great for navigating and Zappos did a great job improving the customer shopping experience from the tablet perspective. I strongly recommend this app if you even just casually browse the Zappos website.,1

"Zappos is my new favorite website for shopping online!!!! It is super addicting and really easy to use. I would definitely recommend it to anyone who wants to get a present for another person, or for themselves. Man or woman, you will love this site and",1

"I love zappos because if you don't like something, you can return it and it doesn't cost you anything! Love it!",1

Extremely helpful in placing order. More than willing to work our unique situation. Service is outstanding and Michelle and Regina were awesome.,1

"So far this app is easy to use and easy to navigate. It moves from screen to screen very well without freezing, and I can make the images larger if I want to, which is something I wish more Kindle apps would do. So far my experience is a pleasant one.",1

I can find so much stuff on her that I want! Good prices and a very wide selection! Highly recommend,1

"The prices on this site can NOT be beat!!! They have literally EVERYTHING you are looking for. Shoes, handbags, jeans, and everything else.",1

This is a great place to shop they are great to deal with. I ordered a pair of shoes and realized that I ordered the wrong size I picked up the phone and called OMG they were great had the order and changed it and then I received my shoes the next day. ,1

No worth my time downloading this app. Zappos is a let down so I'm removing the app from my Kindle.,0

Awesome app. Use it all the time. So easy to navigate. Never had any issues ordering when using this app. Just great.,1

Zappos has the best customer service department in the world when it comes to buying shoes. Free shipping in and out... They are quick and treat customers like VIPs...,1

"If you like Zappos, you'll love this app. Easy to search for specific items or just randomly look around. Easy use. Get down on it!",1

zappos is like magic. They will get your product to you the very next day (I live in California...mostly... but have had it happen in Michigan too) I honestly don't know how they do it. And shipping is free.The hardest thing for me is shopping on thei,1

"I have shopped on Zappos for shoes for a couple of years now and have to say, I love it! I have also bought gift cards for my son who is hard to buy for so that makes it easier. Everything I have bought from them is high quality and I get the package a d",1

"I am excited for summer to arrive so that I can finally wear these adorable, flirty sandals! They make my feet look smaller too!",1

Great website for clothes. I will definitely order something from t his website. I also told my sister about it.,1

For years I have had trouble finding shoes because I have a VERY narrow foot. I am amazed at the selection of shoes in my size. I will be a customer for life!,1

What a great place to buy shoes.. There is usually a short video showing how the shoe looks on your foot which is very helpful to us women. The shipping is free and the return is also free so you have nothing to lose and everything to gain by trying th,1

if you are a shoe lover.. then take the pleasure of using zappios the web site is fanastatic yoy never go wrong everyone should have thus APP,1

"Seems to be a well made pair of shoes, would buy again.Have to see if they stands the test of time... :-)",1

Zappos website alone is very efficient and easy to use so this app works perfectly. My only drawback is the scrolling but I just hate touchscreen but it's easy and fun to use Zappos May be expensive but they are always worth the money,1

"I have recently ordered several items from Zappos and have been extremely satisfied with the quality of the products ordered, the prompt attention, and fast shipping of my orders. One item which I ordered was in the wrong size and I was able to promptly",1

"I've shopped with Zappos and find they have good merchandise. They are very good with customer satisfaction.If unhappy with a purchase you can return it .Also, they deliver fast; in two days you can receive your product.",1

"Great, easy and convenient website. Easy to navigate with a large number of products in many different areas...split into catagories for quick searches.",1

Great site for many products great shipping and handling and return features. So many cool things in one place Zappos.,1

Zappos has everything I want especially when it comes to shoes. This app just makes it easier and more accessible!,1

I love this website. You get free shipping and free returns. There are tons of things to buy here from shoes to clothes to beauty and beyond. I've ordered from them several times with a great experience each time. Sometimes I've found cheaper prices too.,1

Rather use the website than the app. Didn't care for the app at all. Love zappos tho! I use their website instead.,0

I think this is one of the best websites there is for ease and amount of merchandise to purchase. I don't mind paying a little more to get my purchases overnight.,1

It's very easy to browse shoes on my kindle. I've never had any problem with this app and I really love it.,1

No problems with this app. Working perfectly on my Android. I get all my updates here and can purchase items quickly. A,1

"Original Review: Locks up and freezes Kindle FireI read the reviews where people wrote that it ""crashes the kindle"". To me a crash is when the app exits to the main screen, and what I

experienced was a lock. My kindle was completely frozen. The only wa",1
 Very long lasting and has good quality and a high instep..Sizes are confusing .. Mens and womens
 are combined to be a little off.,1
 They look so great I am going to order two more pairs! Get your season favorite glasses. I know
 I am!!.,1
 I love shopping at Zappos for all my shoe needs. They are far easier to deal with than a local
 store. The reviews help make decisions before purchasing. I've been ordering for over 10 years and
 never had an unhappy moment. I order 8N and rarely have to r,1
 This app really understands how to present the data on the small screens of mobile devices. It's
 easy to use and makes shopping convenient.,1
 I loved the app but did not use it much on my Kindle. What may work for some does not always work
 for others.Thanks Anyway Amazon!,1
 "I got this for my mother since she is always asking how much of a tip she should leave. She
 loves it! She is not a person who uses electronic things (cell phones, computers, tablets...),
 but she will play certain games and she will use this app.",1
 This app is quick to download and install. It lets you adjust the number of persons paying the
 bill. It also allows you to adjust the tip percentage.,1
 "I used this only last night when out to dinner with friends. It is an easy to use, helpful
 tool.",1
 I have been using this tip calculator for over 3 years! Best one on the market and its free. The
 only thing I want is a widget!,1
 "I installed a few different apps like this and continued to be frustrated by all the extra
 "features" on other apps. This is the perfect, simple calculator and gives you all the
 info you really need without overusing your disk space.",1
 "Just tells you about titles Netflix gets, not when they're available for streaming. Since
 Netflix's DVD service is being renamed, the app should be redesigned around streaming (the only
 part that will still be called Netflix.)",0
 great app for my kindle when I want to watch it in the bathroom otherwise can not complain you may
 want to try it,1
 I uninstalled this the second day I got it. It gave me a few movies I'd never heard of. not worth
 the space it took up on my kindle.,0
 I impressed all of my friends with this one that is only a small picture compared to some of them.
 This app is super fun and super coooool!(____/)(=^.^=)(")____(")
 BUNNY!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!/_/_/_/ ' ' \ /)n n. _____ (=(Y =.",1
 "It's so cute, I don't use it a lot but it still is the cutest and there must be hundreds of these
 cute emote icons and stuff nice app, thumbs up :)",1
 I sent my dad a message on his phone and he loved it!!!! I like this because my mom and dad love
 it to!,1
 Very nice cute app. It gave me a bunch of different little things to text to people. And they have
 many different themes and stuff. Love it.,1
 "awful, don't waste your time or device storage. The descriptions are bad and the execution is
 worse. You can find better just by searching the net.",0
 "Had this for a long time, works perfect!... and you can either make your own text picture and
 save, or change one that's already there and save.. Simply copy and paste, it goes anywhere with
 you all day long till you paste.. For all your ""must haves"" need",1
 "I was on this very page to write a good review for this when my keyboard froze up, then completely
 disappeared. Then my fire crashed and I had to restart. so I think "maybe something's wrong
 with this app" because I had JUST downloaded it. so I tr",0
 there are maybe 2 or 3 decent "images" but the rest is horrible scrambled crap that you
 wouldn't even recognize without the title description.,0
 "I really like it it is good for all sites :) I would recommend this app to anyone who has
 facebook, loves to text/email, or is on a social Internet site often.",1
 "This app is good for what it is. It's just a short catalog of some Ascii Art. That's all. Not
 bad, not great, but it's free, and you can learn how to make the silly bunny rabbit :)",1
 anyways if u have a kindle fire u should totally get it but only if u have txt + because then u
 could press the 1 u like and then it will give u options and then press send then u can send it to
 ur friends it is so awesome I would recommend it! !!!!!!!!!,1
 idk if it's a copyright app or something but it just won't let you copy and paste anything but
 otherwise i love looking at the pictures once or twice a day.,1
 "Even though they are copied from the Net, these are probably the best emoticons ever. in my life.
 yes, they are okay you get the point...! :c)",1
 (kawaii=cute) this app is amazing I love the stuff you can send. I don't have a texting app but
 they're pretty easy to copy so this is super fun!,1
 "good and free. thanks. and to the idiotic moron before me that gave this guy a 1 star, get a
 clue & a life, loser.",1
 This is soooooo awesome cause the symbols look like animals and people!!!!!! It's soooooo
 awesome I DONT WHAT TO SAY!!!! :D,1
 "awesome, my friends keep thinking the bunny and things where different types of plants or
 animals... there kinda crazy lol",1

"It wouldn't download but still,I learned a lot from the bunny!!!!!!AWESOME APP!!!!!!!!!!!!!!I rllly impressed my freinds with the bunny,and alot of other Ppl!!!!!!A+ App!!!!!!!!!!!!!!",1

have been texting for only a few months so many of the characters make no sense - without help. this is it. the creations are fun and give me a reference when i encounter someone's cryptic msgs. U knw.,1

My 12 year old daughter got this for her Kindle. She uses it when texting friends and gets a big kick out of it! She says all her friends ask her how she makes all those amazing pictures. She really likes it and has fun finding just the right picture to ,1

I have never removed an app faster. This app was slapped together with as little time as possible. The "art" is copied from the Internet and each is given a generic name like "Littleone13" I stead of what the emoticon is trying to exp,0

"_|(|)|^ |^| ^< ^> <+> < ^>| || |__/ | __/ \/,__,|.,__,/(|)Anchor!!!!",1

This is such a fun app. I got it free so price wasn't a problem but the samples weren't to bad and you could even use your own photos!!! I highly recommend this for anyone (mostly kids but whatever). It's the best and coolest app ever!!!! As my friends w,1

this game s-u-c-k-s that spells sucks.if I were u I would not get but that's just me. do not get this game!!!!!!0

I searched on the app store HUNDREDS of times and I am YET to find a free version!!!! all the app companies want is money to keep making apps. I understand! but u should have a free app too!,0

"The effects are slow on my device, the back button just exits the application without any question if I want to save, the take picture crashes the app. Not worth the buy!",0

could the price go to free cause kindle fires don't even have cam's to take pica of people and mess with them as April fools :c no fair,0

"don't waste your money. I got it for my kindle and it dosent have stickers like the ipod version, plus kindles don't have cameras to take pictures so you have to use the default pictures.",0

I LOVE THAT YOU CAN MESS PEOPLES FACE UP. IT MAKES IT FUN THAT YOU CAN ADD STICKERS. FUN GAME,1

"Despite the fact that I am connected via wifi, this app opens up and tells me that it cannot connect to the Amazon appstore, and then advises me to check my network connection.It then closes and restarts my tablet.This has happened 4 times in a row, and",0

"This app will keep my very rambunctious 4 year old busy for a while, and that's saying something. We love the gallery of pictures that are already available and being able to input your own pictures is quite entertaining as well.",1

"I didn't have any issues uploading photos, opening the app or using. But it is incredible boring. You can either poke it and make it jiggle. Ooo-ahhh. Or warp the picture a little. Don't waste your \$money\$. Unless you want to I guess. Its up to you.",0

I am warning everyone here - DO NOT PURCHASE THIS APP UNDER ANY CIRCUMSTANCES.This app is utterly useless and and a scam. You can use Gimp to do this and other free things on the Internet. This app just wants money.,0

"It's so simple, and yet, my boys 7 & 4 can't get enough of this game! We've only owned it for a few days! They love it!",1

Not worth the free price. Will delete app. The so called free Cosmopolitan magazine promo does not work. Absolutely terrible.,0

"I love free apps, but this one is great, You always find something new here. It's super!! You gotta try it",1

I have received quite a few freebies from this site!I would defiantly recomend it to anyone who likes free stuff.,1

this app is a good deal. they have a lot that work right from my kindle fire. so far I have gotten a free year subscription to Martha Stewart and Rachel ray magazines and some food samples. I do recommend this. the magazines a lone are worth it.,1

"The app is set up beautifully, but it is not user friendly. It had several options to click into, but I would receive either a note saying I need to upgrade to use that feature or it was a link to an advertisement. Lots of advertisements on this app! I b",0

"I have been using it for a few years now, it's always near accurate predicting my cycle, and it was handy when I had my children.",1

"It works for me I'm thirteen and I just got my first menstrual cycle and I wanted to be a blew to track my flow and I think it works great! I advise you to download it, it works very well for me and it should behold for you too!",1

I chose this after a bunch of others I tried. I've used it for 6 months and this has a cute layout and really easy to plug in information.,1

This such a wonderful little app. Definitely worth the download. It predicts better than any other all of its kind that I've had before! I'm even tempted to pay for the pro version!!!! Totally recommended to every woman!!,1

"I'm so busy, I rarely remember to keep track of my cycle. This app works great. After a few months, it figured out my monthly cycle and I'm by no means regular. It also has a calendar to remind you of whatever else you need reminding of. Great little",1

"This has helped me so much since I've gotten it. I am able to keep track of not only my cycle, but I can also add notes that can help me keep track of when my other health problems flare up. My

doctors have always asked if my pain gets worse around the s",1
I really like this app. the best ive found. its accurate and customizable. I have Used others and they don't compare,1
I like this app it is mostly acurite great for keeping up with my period and weight and just overall health,1
I love this so much. will not be a waste of money trust me. you can also get advice from others.,1
I think it's a really good app! It has groups so you can ask personal questions and its a great way to track your period,1
they have thought of everything in this app. so helpful in predicting the unpredictable at times. if u want to time conception this app is wonderful for that too,1
"I went off the pill a few months ago, and my husband and I are trying for #2. I never knew when my period would come because I was always on the pill (10+ years) and my pill pack always told me when it was due. After a few months using this app, it figur",1
This app is very useful I also like the comments in the app it answers questions that I have so I recommend this app if you don't want to be spending \$2.99 on pro or want something simple,1
"Really, every girl/woman needs this app. It is always convenient to track your period, but to track your moods, symptoms, and intimate moments is just SO helpful. I LOVE THIS APP.",1
Extremely accurate and great app to use for teens and women who have their period. Highly recommend Pink-Pad! Looking to get the paid version also!!!,1
"It would not accept any user name. It gave me an error notice each time, saying I couldn't use certain names, and only letters, numbers, and punctuation. It wouldn't even accept "Jane Smith" as a username.It's ridiculous to require users to jum",0
I could never remember when I started myperiod in my own head. With this app I don't have to remember. It's very dandy that you can put emotions and your thoughts in it too. Very good Job! Keep up the good work!,1
Pink is my favorite color so how could I pass this up??? Pretty good stuff right here :-D Good thing it's free.,1
it worked and amazed me for 1 single day it was so **** stupid do not get this app trust me u r waisting your time,0
"This handy app keeps track of your period, your most fertile days, and much more. You can keep track of your mood, when you are intimate, and how you are feeling that day. I am probably going to upgrade soon so that I can chart my information. Give this ",1
well I just got my period and I said that it would stop on Sunday and so far nothing! Works really good!,1
"Easy to use app that will track your fertility, period, and weight. You can create a graph to track weight loss. You can also track your mood and symptoms each day during and leading up to your period. You can also track your intimacy dates. Very hel",1
this app is amazing!!!!!! you can give people advice while learning and having fun! this app helps my track my pierod so much!!! it has an option for bacicly everything! GET THIS APP!!!!!!!!!!!!!! <3,1
"This is so great! REALLY helps when you have a problem remembering dates! Good idea and pretty darn accurate!!!!!!!!!!!! AWESOME!!!!!! LOVE IT, LOVE IT, LOVE IT!!!!!!!!",1
I love this app. It's really accurate and super easy to use. And it's useful. At first it's not as accurate because it dosent have much data to go on. But as you log your period it gets super accurate. I defiantly recommend this app.,1
I've tried other apps out there for tracking your period and knowing when you're fertile days are... none are as sleek and simple to use as this one. Also enjoy the forums of other members where you can interact if you want to.,1
Super helpful. it enables you to trackalmost every aspect of your cycle. It even shows you when you are ovulating! Great help for me I used to do this on a calendar by hand. So glad I discovered this.,1
"with this app, I don't have to worry about my period surprising me in school on the one day I wear white jeans. it takes one thing off my mind and makes life that much easier. I love that you can also track moods and temps and weights on it too. the foru",1
I got this app for my kindle fire and its absolutely wonderful. I no longer have to guess when my period is and all the symptoms help as well. I'm upgrading to the paid version.,1
"This app is deffinatly worth it. For somebody like me, who has trouble keeping up with when my period is, this is a life saver. It also helps me record symptoms on different days and different occasions. More to it: the app has a weight and temperature ",1
This app really helps you track everything with your body. I could never tell before and now I somewhat have an idea.,1
"This is neat little app. It's simple, easy to use and understand. It is upgradeable if you want extra 'stuff'. I haven not needed to upgrade mine. I believe it to be very useful and accurate so far!",1
I hate this app because there's no worth on playing it's so boring I can't do anything with it all I can do is place dates on the stupid calender. Says Fantasia,0
This program is excellent! It has helped me keep track of my cycle and other things. So useful when you need to know and can't remember because you not only have the calendar and dates you have notes you need too. Helped me so much I was able to get a su,1

this is so helpful in keeping track its better than writing it on a calendar. kind of wish we can get the backgrounds free too but cant complain its free!!!,1

"This works great in helping me track my period and everything, since I do tend to forget. I think it's great",1

I love this app! I am able to track everything going on with my body. Being able to track all of that info and not have to keep track of it on a calendar is awesome to me. Thank you for creating it. I recommend it to all of my friends too. My daughter ha,1

"I'm rather forgetful when it comes to keeping track of something for a long time. Most girls my age understand their bodies completely by now. This app helps me keep track of myself, my weight, and my cravings since it can write them in the notes. It loo",1

"I use this app daily. the hubbs and I are not trying to have a baby right now, but don't use birth control. the app has correctly predicted my fertile time and my cycle. I also like the symptom and mood tracker. if you are planning to get pregnant or lik",1

I love this app... It helps me stay in control of when I am going to start and when you are intimate.,1

"It works great, just like it should. I can track everything from my period to my weight. If you happen to get pregnant it has a feature for that.",1

great app. really big help for me in tracking everything and looking ahead to plan. even the free version has many uses.,1

This is great I have a chance to talk to other girls my age ask questions and get other girls opinions on serious or silly topics!!!!,1

Man this app helps my a lot Bc when I. go to the doctors office they ask me this question and I always say I don't now.,1

Love this app. It is awesome. I use it to track my fertility and I love how it let me know the length of my cycle. The notes and in depth symptoms tracker is a great feature too.,1

"I am loving this app so far. I couldn't wait to get my period, so I could put it in here. Remember the days in your checkbook register, when you would start each period with a circle and x out the rest? Those days are gone! I have also been looking for a",1

this app is amazingly awesome and on target I love it. it is the best period tracked app ever!!!!!!' great app,1

helpful and cute. tracks all your girl stuff. there is also a spot for notes in case you want to record food or whatever.,1

"It's a great idea but seriously kind of complicated to use it. Maybe if you upgrade, it will work better but this one doesn't really work good",1

This app is very helpful for keeping track of every 'womanly' encounter from menstruating to mood and even weight. It gives calculated suggestions on when you will ovulate and start your next period based on your previous months information. I also keep t,1

loo ooo oooo vvvvveeee itttttttt tbh its do cool definitely get foreals yo. you'll love this app totally love it like yea,1

"It could do with a few tweaks but what app is perfect, I love the app and have recommended it to friend's a on Facebook. It helps to keep track better than I could have and has great extras :)",1

"I like the way this app can be customized, so it is not a one size fits all. It has different uses depending on what you want to use it for. It is user friendly.",1

For a free app it's pretty awesome! I just started to use it. I'm tempted to buy the full version but I want to give the free version a go for a while to see if I really like it enough to pay for it! I like the graph charts and its easy to use!! It's the,1

"This is a wonderful app. It works very well for tracking periods and symptoms, and the community is very friendly and supportive. I recommend this highly.",1

I've been using this app for over two years. now. Over a year ago I bought the pro version of the app because I love it so much! It makes it soooooo easy while at the Dr to actually ACCURATELY tell him/her the date of your last period. Love it! I have it o,1

I like other apps like this better. I found a different app that I liked more so I deleted this one,0

Can track and document all the different changes my body goes thru monthly. Somewhat like my own personal diary. I love it!! ,1

I have tried a couple of simialr apps and I decided it give this one a try. I loved it. I love that you can also have conversations with others. It is very detailed oriented.,1

"very good app keeps me on track! each month super cool, to be oraganized with things thanks a lot for this great app.",1

This app works really well. I like all of the features on it that let me write about my mood and how am feeling as well as other things. It is also pretty accurate when it tells me when my period is.,1

I love this app. You can keep track of so many things. It does have ads on the bottom but it doesn't bother me.,1

This is a great app for tracking period and ovulation dates. I hope the full app is on the free app of the day soon.,1

"I love pink pad. it tells me when my next period starts and ends. also if u click on the link down at the bottom, u can find out how to loose weight. and it can help u with all your cramping and how ur mood feels",1

"Thanks to Pink Pad, I was able to track a potential problem & alert my doctor of irregularities in my cycle. (Tried using the Pro version, but it just locked me out. The developers didn't happen to return my e-mail, either.) This one is a bit better",1

"I track everything on here. Period, days to use extra birth control ideas, when you sex, moods, symptoms, if you are with child it will follow that as well. I track my daily medicines, depression, weight, helps my doctor track everything.. Add a picture ",1

"This app is a really neat app. It's really nice to have a place/program to input all of your info, and to get feedback in an instant. I would recommend it to women of all ages!",1

this app is very sufficient it helps me keep up with my periods & fertility. Downloaded this app over a year ago and it's still one of the best apps on my kindle...#loveit,1

"For someone who has never really tracked their period, I decided doing so for health reasons. It's always good to keep up with such a thing. Well anyways, I decided to download this app so I wouldn't have to track my cycle myself. This is very accurate, an",1

"I love this app! I not only use it for tracking my period, but use it for a journal daily for my body.",1

"this thing is awesome. It keeps my period tracked TO THE DAY. I love it, it's cute and pink and lets me input my mood and other symptoms of period happenings.",1

I have always been too busy to keep track of my period but this app makes it easy for me to do that. it's so easy to use that it even helps someone like me who has no time. it's private and convenient.,1

"has room for everything, great way to keep track of the premenopausal woes, you can't go wrong with this app",1

"I don't need to know when I'm ovulating, but being pre-menopausal, it helps to be able to track length and time between periods without having to flip back through a wall calendar. I can see the next start date by either default cycle length or average. T",1

I've found this app to be really helpful especially when I know I'll be going on a trip or something. it adjusts things according to what you type in and is pretty accurate if used correctly although it's not hard to use at all. I recommend this for all ,1

This app helps me to keep up with my cycle. Now when I have Dr. appointments I have the information I need. No more guessing.,1

I absolutely love my pink pad. It is simple but accurate. I really don't know what I did before I got my pink pad. I can now safely plan outings and events without worrying about if my period will surprise me.,1

"I downloaded this app for my Kindle Fire. I was very pleased with the Free version of Pink Pad. It is an easy way to keep track of your monthly time. I also love how you can put emotions and your mood, makes it a little more fun! I would recommend this t",1

This program works great and is easy to understand. It tells me when the flowers are blooming so I can avoid accidents. Thanks Pink pad!,1

I used this app everyday for a couple of years to track my periods and to track my weight when I was dieting and going to the gym daily....great little app and if you pay for the extended version of it you can also use it for keeping track of when you're,1

Great way to keep track of periods...intimate moments...and how you are feeling...really helpful to know the best time to try for baby and when your next periods coming,1

"The Pink Pad (Period Tracker) is just the app I needed to help me keep track of that time of the month. It's. great for those doctor visits when you need to give info on your period schedule, flow, symptoms. It's all there great for all beginners or ",1

Downloaded this 3 years ago now (have since upgraded to the paid version) I love it! I have been with my husband for three years and have used this to track my cycle and avoid getting pregnant. I do not believe in birth control and condoms are so incredible,1

"It is great! Exactly what I was looking for! Just enter the date of your last period and everything else is done for you. If you want to keep up with your symptoms and moods, body temp or weight you can enter it all in the calendar. Precise and easy!",1

"This is the free version with ads on the bottom. Felt I had to point that out since I saw some whiners complain about the tiny little random cycling ads. There is however a paid version with (I believe) no ads, plus more features. I'm pretty happy with t",1

"I am pleased with this app because it keeps track no matter how many days my period lasts. I have tried other apps and they have a limit on how many days your period can be, but this doesn't. It is simple to use and easy to find the data . I am very happy",1

pink pad helps me keep track of when i am due so i know when to prepare myself and not have accidents.,1

"Keeps track of periods, ovulation, and intimacy. Useful when my gyno. asks when my last period was. Nice to have when it seems your period hasn't shown up, you can check. I use the notes space to mark when I am possibly ovulating.Cause not every girl i",1

This comes in so handy! And it's great that you can put symptoms and choose flow. Really you can put as much or as little as you need or want to put. The one gripe I have is that when you're on the daily page filling in information you don't know what da,1

love to see how things change even if all the cam's don't work. wish there were more cam's too. the beach one is very droll though.,1

this game makes me feel like an Ninjas because I can see *EVERYTHING* so if you are looking for a

really good game buy this one the \$3.00 are worth it,1
 I cannot believe some people would give this app 1 star. It is incredibly flexible and fairly to set up. It works very well. I am thrilled. o,1
 I like to see things around home and office so I installed net eyeballs to keep me in tune 24/7.,1
 I bought this to use as a baby monitor on my kindle fire HD with my foscaml 8910W cameras. The app has a camera scanner so it can get most of the details for set up on its own. Once I figured out the difficult part of port forwarding using a YouTube video,1
 Best app Ever! I use this app all the time to watch my car and my patio door. It records images and sends them to my email. View live and it's only a spit sec. difference in time. Control your camera right from the app. We plan to add more cameras.,1
 "I started with the Free version then paid to get the Pro version, since it included sound (it was only two bucks then)It works great. I have two Foscam wireless webcams and use this software on my Kindle Fire HD. I can easily view the cameras from insid",1
 This full version allows you to have more cameras configured. I've setup my cameras to be accessible through my router so this works real well. It connects faster than the camera manufacturer's camera apps. I've configured some of my relatives' camera,1
 the app ispy cameras is wayyyyyyy better and cheaper. het that instead. its way less confusing also compared to this one,0
 "I love it so much! theres just one problem. I was watching one of the cameras in Venezuela,and I saw a girl running from three guys and they all three shot her. so be caution.",1
 great app ever I get to see were I never thought I would of sal when my bro sees it he laughs at me :(,1
 "This app started locking up my Kindle Fire so bad I had to do a hard reset, plug/unplug the power cable, then do another hard reset again just to get my Kindle to unlock and come back on. After contacting the developer multiple times, I realised he just ",0
 "I've tried most, if not all, of the ip cam monitoring apps for android and Kindle fire. tinyCam supports more brands and does it better than the others. The recent upgrade to support RTSP was timely and works great. My hat's off to the developer.",1
 "I love this app. You can travel the world and see beautiful scenery and what's going on in other parts of the world, right from the comfort of your own home!",1
 "DONT BUY THIS APP!!! I can only see this one place in Virginia. The other cameras don't work. Besides, who wants to watch people just walk around?",0
 "Does not do much in this unpaid version!. Won't autodiscover cameras, really not much help in monitoring personal webcams. I tried the paid version which is much better, but quirks in our network configuration ultimately frustrated me.",0
 only 1 cam would load they should separeate apps for cell phones n kindle fires because I'm pretty sure our kindles don't have webcams waste of my time horrible,0
 "Having used similar programs before, I couldn't believe how horribly-made this app is. After hours of frustration I gave up on using it.My issue may have been related to the hardware (KFHD) but I can't be sure.",0
 Well it could be me but I found it disappointing.It did not preform the functions it said it could do.Example is that when I had gotten an actual picture the camera would not turn in the direction I wanted.Also a short video about the use and functions o,0
 This dose not work. I hate how they mix up ittems for phones and for kindles. It is very stupid. : (,0
 "You need this app to use with Worldscope Webcam streaming video. Together, they enable you to see live streaming video from webcams around the world.",1
 this program is great to monitor my Panasonic ipcam. I noticed they took off the paid version off amazon just when I was ready to make the jump. I use this app on a kindle fire and it works great.,1
 "I started off with the free app of this and upgraded to the paid version (which is a great price!). It enables listening and talking.The App works great. I have a couple of Foscam wireless webcams and this program works great. Can easily view, move, l",1
 "This AP was free and installed quickly and easily on my Acer Tablet for my DLink Camera. You just need to know some basic information, IP address and it connected to my wireless network with no problem.",1
 the app is so cool you can see around the world at the military in Italy and so muchmore place and also get fireworks arcade its super fun!! :),1
 very cool to see what people are doing.in sted of loking out my windo i can see whate people are doing on this app.,1
 "It will not work on Kindle's or Kindle Fire's of any kind. I believe It is meant for a Notebook, camera or a mobile Phone. It was very disappointing for me. It does have a working example on the APP when you open it though. It will not work on my che",0
 i didn't no of it would work on kindle fire nut them Hetty heyyyyy said yes and it definitely does,1
 My 11 and 8 year old kids tried this to spy on their brother. They said it works great. It's easy for them to use and understand.,1
 "This thing doesn't work well, and it is too buggy. Once it stops my kindle, I couldn't shut the app down and so the kindle.",0

376/683

day. I use them when I'm having trouble getting to sleep and also just to let go of tension. I've used it during the day just to center myself. My teenagers have",1

If you're open to it it will definitely put you into a relaxed state and has multiple options to do so.,1

the hi five star is for a well done on the sound quality. i like this and it is very smooth for the mind.,1

So awesome I was at his mercy or at least I think I was and this helped me a lot.,1

"on those nights that I cannot just go straight to sleep I play this.. my worries drift and then I'm out like a light..if you stress out about alot of crap before bed try this out, its free dude so why not?",1

"I must tell you, I've listened to several other relaxation/guided imagery apps and this is the best so far! I can't get thru more than 4-7 minutes and I'm asleep! There are several videos you can watch at the same time, if you're still awake. FYI~ he doe",1

"This is the first time I have completed a sudoku puzzle by myself and I was so excited and surprise .Yes, I did it by myself!!!I can see right now this is going to be an addicting habit.",1

"I download games and books all the time to my Kindle HD. This product gave me several error messages and never loaded correctly on my Kindle.I have only tried using it on the Kindle, but it was a waste of time for m e.",0

"Having the numbers in colors is just BRILLIANT! This has totally changed the way I see the board and has improved my skill level. I had brain surgery 15 months ago with major complications because of the surgeons error. I have been using this game, as we",1

"This is one game I can't stop playing.. It just make u thing were everything goes. I used to get the books Althea time, tell I got the on my iPad..",1

I love playing this game. It's lots of fun. Some levels are more challenging that others (i.e. 2 might be a little harder than 3). It's seems random on which levels are harder. It's very fun and a great way to kill a little time.,1

I downloaded this game for my 6 year old grand-daughter. It is one of her favorites. We have so much fun laughing at the animals when they tumble off balance. Her mom and I also play it - it's great! 5 Stars!,1

Cute puzzle game for adults and kids. My kids think the animals are hilarious and it is addicting...you'll find yourself saying "okay just one more level.",1

"The game provides users with a series of challenges - blocks must be removed without tossing the little critter on top to the ground. The difficulty increases and some basic physics must be intuitively applied to succeed. If you fail, you get as many cha",1

"love the features of thks app, does a really good job of keep track of your workout, calorie count and etc and u can even post on Facebook to show off to ur friends",1

"I'm happy to say I picked it up for free but it's worth \$10, especially if you download all the other free pieces that attach to it (including regular Cardio Trainer and Calorific). I set it up and started using it the first day and it's great. It works",1

"I used this program all the time on my Droid 2 and even had others purchase it because it WAS the best one on the market. A number of us now have the Galaxy s3 and the program is no longer compatible. It crashes the phone in the settings menu, and appar",0

"This app does what it says. I use it with Pandora when running.haven't had it that long, but I love it so far! Easier than other apps I have tried.",1

"For those of you using the Noom weight loss app by the same company, you know they included Cardio Trainer as part of that app. This Pro unlock key appears to work to unlock the pro features of the workout features of the Noom app so you don't need to in",1

This is a fantastic app. it really helps you keep track of your runs and see your progress. It provides great motivation to see how far you have come and to push yourself even further. Definitely the best app of its type.,1

"I love this app. If you are a runner, this is for you. I've enjoyed the free version for months now. Get this free today, even though it's worth the ten bucks.",1

"Sad but true, used to be a very nice app. Without an update, it is not functioning as it should. Settings force close the app when attempting to change ANYTHING! -and mine is not a new phone! It should be removed fromed the market! Any developer who beha",0

Used this today for an intense bike ride and I love the way it works. Couldn't ask for more in a workout app :),1

"We are in a technological environment where we are updating hardware and software all the time. If the developer does not support these updates then then app, if not useless now, will be within a year or 2. Dont bother with this one. It simply isnt worth",0

false advertising on this app. charged 9.99 when it states free. refund requested based on this. total dissatisfaction.c'mon amazon. better than this.,0

"I used Runtastic and that was great, but this program covers many more topics. While it doesn't have a space for BJJ you can create a custom slot for it. The GPS feature with maps tied in, and MP3 player included in the program is fantastic. Easily worth",1

"This app is worth every bit of \$9.99. Where else can you have a fully functional bike GPS with all of the many tracking abilities this app has for <\$10. The linkage with Google Health is an additional plus. Also, Worksmartlabs.com has some neat featur",1

Crashes on com.wsl.Cardiotrainer module each and every time I try to start a workout. Can't use it on my device I guess... Too bad. It looks very feature rich when it works.,0

I was just getting ready to buy the pro version because I use to free version so much. This made my day. So many wonderful features.,1

i agree with the previous reviewer. this is simply an amazing that utilizes something i already have-my GPS-to do my daily jog. as far as the complaints; I'm not sure what people are talking about as i found the whole install process straight forward an,1

"thank you developer. this is an amazing app. i wanna get out and run more now. i will be using ur app for my marathon time, well along with my pace group. this app is beautiful and works great. thanks again for making this happen.... greeaaaaat app.. i ",1

"This is an app that was made for my phone. I've always wondered why they didn't have one before. Dropping \$10 is cheap compared to how much I spent on my GPS watch and this tells me more and gives me a more customizable workout. Not only that, it is e",1

Cannot believe it's will find too many more apps like this that are as useful. I have been using the free one for a long time and I have enjoyed it. I have noticed that it runs a lot in the background and when it does than I just force close it myself if,1

"I had been looking for a GPS solution for when I rode my bicycle. I wanted to be able to find an easier way to figure out my distance and average speed than what I was doing. What I had been doing was riding a route, coming home and plotting it out on ",1

1. Make sure you have the cardio trainer installed not just the free app of the day all that is is a key to unlock the pro functions.2. leave 5 stars for the dev because this app is the best to ever be on android.,1

"i can see where this would be a ten dollar app, very impressive! i love how it automatically starts your selected playlist when you begin the workout. cleverworks flawlessly on my HTC Droid Incredible.",1

I have used the free app for over a year and use it as a back up to my garmin gps on my bike. Posts my ride automatically on facebook. I ordered the polar bt heartrate stap should be here next week so I will be able to integrate heart rate data. Not s,1

Loved loved the free version of cardio trainer from the past nine months I have used it. The pro version is by far the best! I adore the pro trainer features. Great motivation to get off your feet and get moving. I was super excited when I saw that amazo,1

Cardio Trainer is my new favorite exercise app replacing SportyPal. The interface is so easy to navigate. All of the controls that you need are right where you need them without a lot of extra stuff getting in the way. It is very easy to start a new work,1

"I have used this app for a long time and it is amazing. Works perfectly on my Incredible running CM7 with Chad's beta8 kernel. If you actually know what you are doing, you will never get a force close.",1

"love this app, used the free version for nearly a year. I sell Android phones and this is hands down the best workout app available. I use it on the HTC Thunderbolt. works great. THX for the free upgrade. :-)",1

I'm surprised at how useful this is as a motivation to take the time to work out more often. It's an easy interface to use. You can start logging a workout in real time and then tell it when you stop. Or you can add a workout in later. It has a lot of pr,1

"I've used the free version of this app for a couple of months and had planned to buy it at some point this year. Now thanks to Amazon, It's an easy little app to use, I like how it plays my music for me while I'm walking and its fun that it allows me to ",1

Ive been using cardio trainer for a while. Its nice to be able to unlock the full potential. Im a runner and this helps out quite a bit. the interface is better than mytracks considerably,1

This WAS my favorite app. Worthless on my S4. Please update it...I feel abandoned. When it worked on my galaxy S...this app was a workout aficionado's personal beast!,0

"Once I casually mentioned how nice iPhones were and my girlfriend's first response was to frown and say: ""But it doesn't have Cardio Trainer and Calorific."" Well, I'm sure the iPhone has some great workout tracking apps of its own, but Cardio Trainer rea",1

"Really - this app does it all. I wish I could edit the type of workout after the fact - e.g. I recorded a running workout, but it was on ""walking"" so the calorie count was off. I'm so pleased with this app. It is making me work out more.",1

"I really like this app, and encourage anyone who walks, runs, or rides and has an Android phone to try it. If you have an iPhone, encourage the developer to port it to iOS! It shows stats on your individual walks like distance traveled, mph, number of ",1

"Installed the free app, then the pro. Both give FC shortly after starting. Seems like a great app and I'll look forward to using it someday. I saw an earlier post about it could be a problem on phones running gingerbread. I'm an htc evo user running 2.3.",0

"was working great on my old 2.3 version of android.... now I have ICS and I cannot change any settings... crashes everytime!!! plz fix, outside of that this app is AWESOME!!",0

Bought pro from amazon and all of a sudden I can't get the new update that google market place has. Says not available in my country?Was hands down the BEST cardio app out there.I will change my stars when I am able to update thru market place or amazon.,0

The Cardio Trainer Pro eliminates the ads. It is one of the few Amazon Free App of the Day apps I have.,1

"I've been using the free app for a year for running walking and it's a great motivator to get me to exercise. The default settings (exercise reminders, play your music when you exercise) can annoy, but if you take a couple of minutes to figure out how to",1

"Before I finish the tutorial, this app force closed on me. Happened 6x in a row. Dev should do something because this thing is crappy.Mt4g running CM7",0

I've started using this several months ago and it is invaluable for those wanting to track their progress. It has a wonderful little icon on your top bar that shows you how many calories you have burned and reminds you when you need to weigh in.,1

"it is a bit pricey, but I considered it more of a donate. the gps works well, never had issues with it. I use this for biking and running",1

every body knows that yoga could be boring but it is. acutally. withing if you have a. quite place so get digital 3d yoga,1

This app only has like 10 different poses and they are the most basic poses ever....I do not recommend this.,0

This game is terrible on the kindle fire. The graphics are terrible and it doesn't even work on the kindle fire it STINKS. (my kindle fire is AWSOME :)),0

great game for kindle fire! so much fun. no cons with it at all. I rated this 5 stars because it is so fun and addictive,1

this game sticks nevvver ever ever ever ever ever download it on kindle fire game stinks don't waste your time,0

"This game only tells you the instructions at the beginning. Plus also,it wont let you tilt or move using kindle fire. (The instructions aren't very good.)",0

this app doesnt work kn the kindle fire. you just cant seem to tilt the little man at all! please fix this problem!,0

"This game is truly one of my favorite games of in the market place and is a shame that is not supremely popular. I'm really not voting 5 stars because it suggests I do, but it's really a 5 star app.",1

I like to download games for my three year old. He had no intrest in this game what so ever.,0

this game is great but not my style. the controls are great and it goes by fast. i really like the adult and kids mode- which are diffulclty settings.,1

I think its cool and fun for a game that when your bored this is the game you could play,1

doesn't work the tilt deal is not on the kindle fire and it ticks me off that it even shows up for a kindle on the appetite don't waste your time on this,0

"I recently lost my netbook to a hard drive crash. Prior to it's death, I found I was only use it to surf the web and for MSMoney, which I had become accustomed to using since it's release date way back when. Over the years, I found myself using my Kind",1

Best personal financial app ever! Does everything the developer said and more! Have been using pocket quicken in conjunction with quicken for over 10 years when old iPaq died. Since no one carries iPaq's or programs bought a tablet. Had to find app that,1

Excellent app for personal finance. I replaced Quicken Basic and Money with this app. It imported my files with no loss or corruption of data. I use it everyday.Only drawback: must keep the Amazon app store app active or it won't run. That's not too bad.,1

"this game is completely awesome! the controls I had a hard time with but after a little bit, I figured out that its real simple. for all those people that say the controls suck, you suck because the only reason your going off the track is because you go ",1

This is a really bad game. The steering is terrible. It has crappy handling. Do not download this game. Do not waste your space.,0

don't buy the lite versian thank God it was free but it sucked get the paid versian the graphics suck its hard to handle and you get only 2 cars and 2 tracks that both suck,0

the best game ever you should try it and for every person who is out there that likes racing games should try it to.,1

this app sucks. it is so hard to control and it gets boring in the first 2 seconds. do not buy this app unless you are in for never ending boredom.,0

they have incredibly hard tracks to turn on and can only go like 6 mph to get around them. you will hit the walls and ever time you do they take away 1000s of your points. not a fun game.B,0

I got this app because I love a fun car racing game. this is the oppposite. this game is rediculously impossible. dont get this app.,0

"I thought this would be like need for speed but it is nowhere close.You can't control the cars, so I uninstalled it.DON'T GET!",0

this is a hard game don't get it.I downloaded it and I rather fall down the stairs than this stupid game.,0

I think it's a hard game until you get used to it.And if you are not used to moveing your hand a lot why'll using your fingers at the same time I woulb not get this game :-),0

when I first tor this game I thought that it would be cool to play since I like racing games. no; do not waste your time. it is very hard to control the car and you will end up swinging your kindle or I phone or whatever all over the place trying g to st,0

the first time I played this it was very confusing. then the next time I played this I hated it. I feel that all of this swerving around is making me dizzy. that is why I unstalled this game and will never install it again!!!!,0

by far the worst kindle game I have downloaded .asphalt adrenaline is better . its not worth being free . don't download!!!!!!!,0

"its impossible to control the car. good graphics, no finish though. don't waste your time, you will delete it after two races",0

Real.U cant even control dis little app. Also u cant even race y would they even create dis uglli stupid dumb ol game,0

"This game is very bad. The controls are too hard, it goes too fast on turns, and it advertises the full version way too much. Do NOT waste your time getting this game.",0

My husband downloaded this on his kindle and he could never even get the app to start up! We need up uninstalling it!,0

Really bad and it is almost impossible to drive and you get no grip at all. Do not get this app.,0

it is so hard to control and then you lose points for the game being horrible. I didn't listen to the reviews and I really regret it,0

Son loves this game,1

I thought that at first the reviews were overexaggerating but then I tried to play the game and if anything it was underexaggerating this game is junk don't waste your time,0

I got it thinking it would be fun but it totally sucked the controls are jaked up I suggest you don't get it,0

This did not install on my Android 2.1 tablet. I have played this game in Linux and love it. It is too bad it doesn't work on the tablet.,0

"THIS GAME HAS RIDICULOUS CONTROL! So I uninstalled, but loved the feel of the game. Maybe if they fixed that, I would get it again...",0

It is stupid and dumb it barely does anything I mean n it is very difficult to learn to do,0

this game is awesome drifting is easy control are cool yet there's tones of liars saying hard this and that if they really played game theyd know just wish it had more cars and tracks but fun anyway,1

fun game great graphics but it takes some Bering use to worth the time to play and I love this game,1

it is very good I love the way it looks. lm 11. so I play a lot of games. but this is the best.,1

"This app is by far the lamest, stupidest app I have ever encountered. I don't get half of the jokes, and the people who made this don't know what funny yo mama jokes are! I definitely do not recommend you get this!",0

I love this app! I think it's funny! It works great with kindle fire! I highly recommend it! It is AWESOME!!!!,1

Great stuff. The only thing I would change is updating the jokes every so often with new ones or at least give the option to do so.,1

This app is so cool and awesome.This app makes me beast at yo mamma joke and know every time I make up one everyone says ohhhhhhhhhhhh!,1

I love this app gives hilarious jokes and gives you da best ones no one would think about and helps own ur friends in it GET IT NOW!!!!!!!,1

I love this app so much! Some I don't get some r just mean and some r funny some r gross! But I think u should get this app! u will enjoy it so share it with friends!!!,1

these jokes are so funny. some are old but most are to die for. def worth the time. it works great and is great entertainment. it was hard not to lol,1

good app get it its funny yo mama so dark she went to night school and was mark absent. yo mama so skinny she. hula hoop with a cheiro,1

This app is one of the funniest "Yo Momma" jokes app I have ever seen! there are multiple jokes to read and they're all super halarious!,1

The app is very good. I recommend it to anyone looking for a laugh. The jokes are appropriate for all ages.,1

this app is so funny I love it I use it all the time. if u are still thinking about it; BUY IT,1

FUNNIEST APP EVER!!! SO GOOD ONES TOO. IF U LIKE YO MAMA JOKES THAN IS A GOOD APP FOR U!!!! LOL :D :D,1

this app is freaking hllarois. ive been laughing my butt off ever since I got in! 5stars easily it kicks butt,1

I love this app so much. its hilarious and I laugh every time I use it. I recommend this app to anyone that gets bored often.,1

this yo mama jokes thingy is awesome the jokes are funny lol type of funny. you guys and girls should get it peace yaw I lov ya!,1

"you have to get this app!its so FUNNY!!you promise meyou'll get it, ok?its the funniest app I have ever had!!the best app ever for FREE!!",1

Personally I adore the app.I cannot stop laughing. But some people may be offended by this app.So maybe look a little deeper into who you tell these jokes to or you may hurt feelings or worse case scenario lose a close friend.btw I love Harry Potter Just,1

If you want something to laugh at get this app. CAUTION: Read the joke before you say it! There are lots of jokes to chose from so read your pants out.,1

"I read these jokes all the time since got this app and they're funny and I really like them, if you get this I hope you enjoy!",1

"These jokes are soooooooooooooo funny,on a lot of them I nearly killed myself!This is probably

the best "Yo momma app"ever!!!!",1
this app is awesome the jokes are funny and so hilarious I feel bad for those yo mamas who read the jokes but they are hilarious.,1
these are the best 'Yo Mama' jokes OF ALL TIME!! they make me laugh until I cry! they are really funny!!!!!! they are great if your havin a 'Yo Mama Off'. I absolutely ♥ this game!!
♪da doo da do♪,1
"Yo mama so fat that when she stepped on the scale, Buzz Lightyear popped out and said, "To infinity, and beyond!"",1
great & classic yo mammal jokes. good for contest and just fun to read. and plus its free. ggfh gvj,1
I love this so so so so Sos so much I peer reading these joke love love love this so much,1
I love this game. it has the funniest yo mama jokes ever. I recommend it for anyone but kids should ask before they get,1
Laughed out loud. My son thought I was crazy to laugh at insults about me. But told him if you can't laugh at yourself then who can you laugh at.,1
I luv yo mamma jokes lol they are soo funny. even my mom is in here laughin as i tell them haha :) i would totally recommend this app for ppl who like yo mamma jokes. and the ppl who said tht the jokes are mean obviously don't know what a yo momma joke i,1
this app is so good I cant even explain... I even went to school telling the jokes an now a more pop points.,1
ia ia JA JA JA JA JAJAJAJAJAJAJAJAJAJAJ G900000000DDDD AAAAAA P P P P P P P P P P
JAJAJAJAJAJAJAJAJAJAJA JAAJAJAJAJAJAJ@#%\$&x%\$ #@#%\$&*& %\$#@,1
this app is awesome you should totally get this app does anyone like apples nevermind just kidding well. I guess ill just say bye okeay 123.bye,1
I love this app. there's so many jokes its bigger than your mom! everybody will like this! please buy this app you'll be happy,1
its funny because you tell it to your friends and they crack up. I reccomend this app please get it,1
"Fun little "app " They seem to never run-out of jokes. Some are actually funny. And the app is free.",1
Great app. I enyoyed it and thought it was my fav app for my kindle fire. some of the jokes are rude but mostly there all funny :),1
really funny jokes although some of them repeat a lot. some of the jokes make yo momma look fatter than the others do.,1
Laugh out loud hilarious! Now I can use this against my friends! It's very helpful when we are joking around!,1
I love this app 5 STARS BABY it is a lot now it's just I am not that kinda cool right districts of a,1
"made everyone laff! I love this app cause whenever the ice needs to be broken, I use this app. super funny!",1
this app is one of my favorite apps. it works great on my kindle fire too. if u r a fun loving person who loves a good joke get this app I love it love it love it,1
yo mammal so fat when we gave her rice crispies they did not go snap crakle pop they went oh crap she's coming.,1
"Hilarious!! great app. funny jokes, but not offensives. funny funny funny really funny jokesby the way, can anyone make a yo daddy app???",1
this app is so dumbthe jokes as really old and get repeated there's a total of about 50 jokes and after that they start repeating! seriously????!!!!!! if this wasnt free I would NOT spend my time with it!when I'm done writing this review I'm going to uni,0
This app has the best jokes! Highly reccomend this!Great to entertain you and your friends. Unique and funny yo mama jokes in this! 5 star app!,1
"this app is the bomb the best gym joke is this one, yo mama so fat when she jumps she got stuck",1
I bate this I appreciate my mom this I stupid and mean never get this by the way I'm 16,1
"this app is terrible. there's a lot of swearing so kids shouldn't read it & the jokes aren't funny at all, I read like 20 of them & didn't laugh once. don't get this app.",0
it is awesome!!!! it made me & my friends crack up laughing so it made me laugh 2 I just love it.,1
this is a hilarious. if people cant stand cruelty then they should have never bought this. great app! XD. THIS GAME IS AWESOME,1
some of the jokes I have already heard but most are new and it works great on kindle fire never forced close,1
wow did not expect it was going to be this funny. u know how people make apps that they say are the best. well this is the best,1
This app is so freaking funny!! Reccomend it to everybody who is looking of yo mama jokes. Haha!!!!!! LOVE It!!!!,1
this app is so AWESOME!!!!!! hilarious too!! I would give it a million stars if I could. I love it.,1
this app is the best here's one yo mammal so fat when she saw a bus full of white kids she said

stop that twinkie anyway a very good app you need to get it,1
"ask itself if u filly want this on ur device. if you answer yes, gi tog the Barcelona and look into day mirror and face palm urselves",0
This app made me laugh so hard. I reccomened it for teenagers because of some bad words. You will enjoy it a lot!,1
This app is a good app and I recommend to everyone. It brought a smile to my face and I enjoyed it.,1
this app is funny and really good to use on ur friendsI would get this app for any divise,1
this is a great app whoever came up with is a genius this will make u laugh all day and great to use on your friends,1
"absolutely lame, these jokes sound like they were written by a two year old, and the only decent ones are the ones everybody has heard a thousand times, uninstalled instantly, not worth the space",0
"this is funny and good, and to the person that said there "mummy"(mommy) started crying it was you're fault I bet you showed it to her.....um hello its called yo mama jokes for a reason...you're moms are not supposed to see it but anyway funn",1
this is litterally the best app I have and I have a ton of apps.if I could I would rate this app 200 stars.I love this app.,1
"This app is so cool,1. It never runs out of jokes2. The jokes are so funny3 there are NO ads4. It is very simple to play5. Requires no instructionsIf you get this app you WILL NOT regret it.",1
this is the best app ever i love it so much i look at them every day they are never ending and they will make you laugh your head off did mine,1
That is sooooo mean 2 ur mom. I highly reccmend to not get this stupid mean offensive app!!! if u have it delete it....NOW!!!!!!!!!!!!,0
Yo mama so ugly Bob the builder said"I CANT FIX THAT"made my day for the rest of the week. The jokes are hilarious however don't read these to yo mama. I can't wait to tell my friends on Monday some of these in between classes :) this is a gre,1
"yo mama so fat she fell in the Grand Canyon and got stuck" that's a joke in there this app made me laugh maybe it will make u laugh.,1
I was crying and laughing at the same time. Please take a minute to download this app. It will make a new meaning of ROFL.,1
this is the best game ever!but some jokes are nauty.one alsaid once i told yo mama to haul her ass! naughty.,1
this was one of the funniest.apps I have so I bring only the good ones at scoop cause we have.yo mama compositions. but now I win all the time. so I recommend this app.,1
This app is so much fun!!:)I love it...it is amazing...I'm still on the floor right now laughing my butt off!!!!(:I can't believe how much fun this app is!!It is so worth getting!(!,1
hahaha this is a look hilarious omg could not stop laughing you should get it it has a LOT of jokes,1
"I have my own joke,"Yo mama is like a lightbulb, everyone_ turns her on." I just thought of it when I turned on a light.",1
it can help with my bad yo momma jokes. my friends always know better yo momma jokes. but now i do.,1
i love this app!! i lol on almost every joke. i started annoying my brother by laughing. i suggest this app to everyone,1
Cuts off at bottom and can't scroll to see entire joke. Can't see connect with Facebook button either.. Lame...HTC Evo V 3D,0
i only hav three words for u. GET THIS APP! its so funny!!! my mom even likes this app. so get it!!,1
this app is so funny I use the jokes at school all the time yo mama's so fat she went to sea world and the whales started singing we are family even though your fatter than me see.!,1
You'd be crazy not to try this... this is epic. This is almost five stars. I can see why. This should be more famous than Justin Beiber. I never liked him anyway.,1
who ever this E.Farrow person is don't listen to him.this app is the coolest even though some of them r hard to under stand its the best...yo mama is so ugly that Bob the builder said i cant fixs that.<3,1
I love this app! It's SO funny! They should make a 2nd app! That would be awesome! I wish they could.....,1
this puppy is got all the yo mammal jokes you need!!! so next time your in a yo mamma competion just rember these (if you can there is so Manny) so you don't have to use the old lame ones ...bey the way this is the first app iv gave 5 stars and I give my,1
OMG I love this app. Me and my friends read it to each other all the time. You should get thistle app,1
these jokes are HILARIOUS!!!!!! :):) xD My fave one is the one that goes yo mama so old when she fart dust came out!! rofl rofl get this app if you love comedy (rude but funny comedy) lol,1
I really love this app mainly because there are a lot of jokes and you don't need wifi for them. some are funnier then others but they all r pretty funny.,1
hate this i this it is so bad that it dont even get get star. dont get it bad jokes,0
"the app is extremely disrespectful, but its really funny. like: yo mama is so fat, even obama

lost hope.mean but funny, I love it.",1
man you could not believe what amazing jokes this app had well i am going to tell you one of the
yo mama jokes i liked here goes yo mama so stupid she got stuck in a grocery store and starved
hahahahaaaaa,1
"this app is more than i had expected,everybody in my family loves the Yo Mama,i use it
everywhere,in my car,and at my house.",1
"I don't know how the ratings got so high on this app, the jokes are lame and very amateurish. I
couldn't find anything worth a laugh in here. good thing it was free. Easy come - easy
go.....",0
Wow! There are so many jokes and they are all really funny. I enjoy this app and I think that you
would too. At the end of the day-you will be happy you got this app.,1
"This app is so funny, I love it. My freinds heard these joke and laughed so hard. If u need to
cheer up GET THIS APP.",1
This has stinking funny mama jokes even tho I don't know what's the dice for but it's funny the
arrows are just if you wanna go review more or go back to the on you read,1
funny funny jokes i think this is just great and is very :P so freakin funny lol this is just a
real hilarios,1
laughs laughs & more laughs! We had everybody including my 5 year old saying Yo Mama jokes and
repeating them everywhere!,1
"These are the best yo mama jokes!!! Three quarters of them i don't even know ,and i know all the
yo mama jokes!!! Best app ever especially since its free.",1
"These really are the best yo mama jokes ever. I really liked them alot and so did my friend we
had a great time crackin jokes on each other.Sincerely, Tay",1
I love this game.me and my bro was driving on each other with these.some are very very funny.they
should come up with some more.I'm gonna start using some at school just for fun.,1
tell this is not Pericles's yo mama so ugly she made an onion cry I like this I think you should
get it its fun,1
"Okay, so I got this app thinking, okay lets see if these will make me laugh.. did it? no... and
ppl make me laugh easily.. this app is horrible.. the jokes are meaningless and stupid... there
are other yo mammal apps 3x better than this.. I am very disap",0
wow these are funny!!!:D I could read these all the time if I could. I'm up all night reading
these to my family they like them too. this app I got was free so its fantastic and I have had a
good time with it now its your turn to enjoy this app.,1
this app is so funny it does use some not kid friendly words if you know what I mean but it is
still hilarious I am so glad its free,1
Hilarious!,1
I love this app. its hilarious but some of these like the poor ones are unnecessary . but overall.
these jokes are hilarious,1
I think this is a great funny app because boys at my school and on my bus start having a Yo Mama
joke-a-thon as they call it :D,1
here this will convince you to get it yo mama is so fat when she sat on a bench her dart went off
like gun shot,1
ha ha ha this app is awesome I love it..... my Conley conplant is if reapeates the jokes..... I
still love it thoughI would recommend it for kids over 10,1
This app made me laugh so hard. Its one of my favotite apps ever!! I found some really funny ones
too.,1
its too funny I love it I tell the jokes at school when we have our yo momma joke compitision and
I always win every one is so mad at me then but again I am the most popular kid in school,1
"This is so dumb! Why does almost every app want you to login to Facebook? What if we don't have
an account, and we're not planning on making one? That's like discrimination! How do you expect us
to use it if we don't have a Facebook?!? Good thing it's fr",0
stupid app all it does is play your music i think it should be like pandora and come with music
already on it.....oh well.....,0
This is a straight forward gin game with no frills. The competition is pretty tough at the higher
levels and pretty easy to beat at the beginner levels. This is a great game that doesn't take too
long to play and isn't hard to learn.,1
I like this game it's neat to play expectantly if you like gin rummy so I would recommend it iee
get it,1
"great game, graphics are good, the AI characters offer a range of skill levels, which really
helps set the game level. I play this all the time.",1
"Lots of fun and glitch free!! Very addictive:-) My boyfriend saw me playing it all the time, so
much so that he finally began playing real Gin Rummy with me :-)",1
this game is quite engaging! I can't seem to put it down ! it's my favorite app. no complaints
here.,1
I used to play live Gin Rummy years ago and this is neary as exciting. I have played many hours
already and plan many more.,1
"When you get Gin you can't go out, you have to do some knock thing and dead somethings are
counted. I took it off my device almost as fast as I put it on.",0
This graphics are clear and the game controls are easy to master. I play for hours. I just love

this game and you will too. The price is also right...,1
If I could reach through and strangle those people I would! I get so tired of losing my status!
Let the player win some will ya?!?!?,0
"I like this game because it moves the cards for me. Puts them in order as they are dealt and when I make runs are groups, it puts them together. Unfortunately, I don't win often. My opponents are really tough and quick.",1
I play this game all the time. I wish I had it on my computer so I could play more,1
Gin rummy is probably one of my most favorite card games and this free game really delivers. It is a great game and hard to put down. There are 5 different levels that you can play on from beginner to expert.,1
"I love that as you get better, you have more difficult players to face. Tournament mode is fun too as you face players of increasing difficulty and different styles. I'm soon gonna wish for more "players" to face.",1
This is a fun little app for my phone! I play it when I am waiting around!!!! I would recommend it to a friend! My husband plays this more than I do!,1
Great game. Quickly became a favorite! Would definitely recommend to all who enjoy card games. Works great on Droid X.,1
"I have had lots of fun with this product, the implementation is really good and generally bug free.The UI is nice, getting Gin Rummy to fit in a small UI is never easy. I have a 3.7"" screen and big fingers but I am able to pick out what cards without pro",1
"I downloaded this game many moons ago. After it I download apps daily but have been going back to good old gin rummy almost daily. It is just a very quick and enjoyable game that doesn't get monotonous.This game, with the variety of AI players, subtle so",1
With today's update it gets five stars from me. I play this every day cuz I can start and stop and it resumes where I left it. My only issue was the size of the cards. I got a stylet to play with so I wouldn't accidentally toss the wrong card. With the n,1
This game is too easy to make unintentional moves. The cards are difficult to arrange and discard. Don't waste your time.,0
I am hooked..... I play this the most on my kindle fire. I love it. The best version I have seen.,1
"it is a very good game. don't see how people are saying it is too hard, maybe they don't know how to play gin. it is fun and very easy to use. I love gin rummy and this is really everything you could ask for in a gin rummy game",1
Excellent game with different opponents and levels of skill. I enjoy changing opponents every 5 games to get a different perspective from another style of play by an opponent. Teaches good rummy skills.,1
"By far the best gin rummy game I have ever played. good opponents, nice graphics,and easy to play. I spend WAY too much time playing.",1
I'm addicted to this game. The graphics and sounds are great and I like competing with the computer which is winning most of the gamesso far. I look forward to zooming ahead in games. Try it.,1
"any free app could do without ads, but the placement of these ads werent so bad. i was able to learn the bare bones of the game just by reading the rules here and playing several practice rounds. luckily the game keeps track of the score for me.",1
I love card games. I love this app as a time waster while waiting in the movie theater etc.,1
I play Gin Rummy every day. I enjoy playing this game. I am glad it is free. Every one that plays the real card gin rummy should try this game. Enjoy.,1
This game has good graphics and was easy to understand how to actually play. I would recommend it for anyone wanting to play Gin.,1
the games controls r probably for know it alls. it gave me a headache. the controls r deffinetly horrible. I love rummy but not this,0
"playing on Xoom. plays great. I don't know why folks whine about getting beat. I constantly beat the AI. Then again, there`s more to rummy then just matching numbers. graphics are good, sound is authentic. best of all, it was free from amazon. good job d",1
I waited on writing this review because I wanted to see if the things other people wrote in their reviews were true and I just hadn't noticed.1. The claims of soft porn ads....Completely False (unless you consider Disney soft porn).2.Cards being dealt mo,1
I love this game and I spend hours playing it. It's addicting and I highly recommend it. I need three more words,1
"I like this game alot, it's just like playing with a group of friends. It is a fast moving game & doesn't get boring.",1
There are several other gin games I like better. Found this one a little bit tedious to manipulate.Requiring each review to meet a word minimum is dumb.,0
I love that you get to choose your opponent. I am just competitive enough to feel pride on those occasions when I beat them. Great graphics. No glitches. Great game!,1
"I enjoy playing this game quite often. I've now learned to play Gin, in addition to Rummy. Lot's of fun! Thanks!",1
"This is an awesome card game! It takes a few hands to get used to, but well worth it! I enjoy being beaten by the computer competitor...not for long as I get better every hand!",1

If you aren't doing as well as you think you should you probably aren't playing on the right level. I do the best playing against Finn much to my surprise but I was always a very good rummy player as a kid. \n,1

"This app is great for anyone that likes to play Gin Rummy. It is a lot of fun, especially if you can beat your opponent. There are several opponents to choose from to give you a challenge. I like to play this on rainy days and when I am being lazy. This",1

"I really like this game. Each character has different levels of strength, so the game stays challenging. I play this app on my Kindle Fire and have no problems with it or the loading. Good buy and always fun.",1

"This game sucks. It was fun until I noticed it was dealing cards previously discarded in the same game, drawing out of turn, and awarding itself more points when winning. For winning the game (not the hand) the game gave itself 5-10 points versus the m",0

I've played recreational gin for decades and this is very like real games. Don't see what the complaints are about. I'd pay for this app. Can't tear myself away.,1

"I installed this in hopes of a good game and found myself uninstalling it in just a few minutes. They place the ads at the bottom of the screen where you will accidentally hit them while trying to get to the menus, and then most of the ads are nothing sh",0

"People need to stop being sore losers. When people write programs like this, they use a random command to generate the cards. Sometimes I win one, then lose one or win a few in a row or lose a few in a row. It's RANDOM. It's all about developing at strat",1

they give u to many cards from how I normally play with 5 cards each person so I think this game doesn't even play gin right. DO NOT BUY,0

honestly kids play these card games too! they definifltely don't need to see ads like this! what were the devs thinking?! change this please,0

I got this game really didn't think I would play it that much I play it almost every night or when things are slow at work on my break.,1

This is such a fun game! I like that there are different opponents to play against. I can't believe this is a free game. Love it!,1

I enjoy playing this game live so it is great to play it on my kindle fire. Great great. @,1

i love this app. i do not have trouble with it freezing. i rarely win but i have a lot of options. i like this from Amazon rather than the market. as I have had a lot of phones it is easy to re download.,1

My favorite game that I have downloaded so far. I play this game every day. I would recommend it to anyone who likes a challenge.,1

I like that I can stop playing any time and pick up right where you leave off. Good graphic and easy to play. This is great game and allows you play for a short time or tealy get into. I have never had an issue with the game closing or freezing. Htc ,1

"First off, don't know what all the negative reviewers are whining about; the game doesn't cheat, it just gets progressively harder, just as it should! A gin rummy pro will not play a hand for 12 minutes until someone can knock with no dead wood, it's abo",1

"Beautiful graphics, and it plays wellGin is one of my favorite games and now I can play it as often as I want",1

Fun,1

"Beautifully designed, plays fast, AI is fun to play against. One of my favorite card games. Running on an HTC EVO 3D.",1

"I chose this rating because I think it's the best gin rummy game available, and I highly recommend it to those who like to play gin rummy!",1

"Okay,I really love this game. I play at least 2-3 rounds everynight when I get home for work. Such a fun game..",1

"When you need to waste some time, this is a good game to waste it with. I play this often.",1

Easy and fun to play. Great to have when waiting in doctor office. Love having a card game with out having to worry about the cards,1

Anybody who loves Gin Rummy will love this game as well. Same rules and very addictive. I recommend this game to all card lovers!,1

"Love playing gin and this is the perfect app for me. Graphs good and never shuts down, or not yet.",1

THIS IS A great app and it was free. its the game of gin with 3 other players from the computer it also works on my pandigital)(see my review for that as well) .Try some more apps from the amazon app store.,1

Got this game on a whim. Ended up playing it all the time. Definately worth more than the price! Only down side is the inability to have "house" rules but that hasn't stopped me from playing!,1

"This is a fun game. I usually play right before bed, so I know I have deleted my day. Good one! It's fun to change opponents, and they win as much as I do! I recommend this game for brain balance and calming down.",1

"Lots of fun to play, still a challenge to beat your other player.game goes fast if you don't have a lot of time.",1

"I didn't like this app, I didn't follow it, I was user friendly at all, not fun, not stimulating, boring.",0

I love play rummy because it makes you think a lot and a card game and you can play it with your friends.,1

I liked this app. I play it when I'm bored at work when I can't read. I used to play as a kid so this was fun to have on my kindle,1

"Great game, I waste, I mean spend too much time playing this app. Very well done, neat graphics, but not over the top. This was the 2nd Gin game I tried and the 4 or 5 afterwards were deleted so fast, they couldn't come close to this.",1

"I had not played in many, many years and was happy to find this app. It is well made with quality graphics. many options and modes of play. I would rather have the paid version though due to the fact that in play it it's way too easy to accidentally hit ",1

"#1: Ignore all the bad reviews BECAUSE I think they probably haven't played it long enough to REALLY figure this game out. One person said it throws all face cards: Yes it throws a lot of face cards, but that is really an advantage because you can quick",1

Great game and graphics. You have several levels of skill and you can pick your own level. You won't be disappointed.,1

I have never played the card game before playing this one. What makes it interesting is that you can play 5 different players.,1

Well worth it. My favorite card game by far. I haven't played this since I was little. I was glad to see it on here. THANKS!!!!,1

"I lost my standard gmail bookmark to a virus, so that this is a very fast way to replace it.",1

I tried suing the app a few times and then I deleted this app - it was what I expected it to be,0

I have a new android tablet and this helps me connect to my gmail account. No problems so far. Notifies me of new mail and allows quick email communications.,1

"The program crashed repeatedly on my device. Apparently, despite it being for the Android, it won't run on that platform",0

"this application is simple and helps me clean my e mails in order when I am away from home, for me works just fine I would recommend it.",1

Could not use this app. Not compatible with kindle. Wasted time downloading and uninstalling immediately afterwards. It probably is great if you own a Sony eriksson device.,0

This app comes in handy at anytime of the day! I think that having this app is a very good thing!,1

"I got this app for my daughter's kindle. We love furbabies and to have one on the other side cleaning our screen gives us a boost. I would love a doxie on the other side, but any furbaby will do!",1

this is so stupid it looks more like they dirty your screen so I'm deleting it. so so dumb ughhhhhh,0

"My dog is adorable and he is a mix of a Boston terrier and a beagle, (hence the name Boggle). I got this app thinking the black dog was Labrador. Plus the app looked insanely adorable, like the "Dog Screen Cleaner" app (with the pug). But it w",1

The screen cleaner is superior to another I had. It has a choice of breeds and fascinates my grandson. What more could one want - except maybe an aardvark?,1

"app would not load, would not recommend this app for that reason. I had a version for my HP that worked well, but can't find that one for android",0

Not at all like the android game on my phone. Was very disappointed in it. Would not recommend to my friends.,0

This is a fun little game. Easy to play. I have a version on my pc but this is perfect for the kindle fire. Enjoy,1

"I REALLY enjoy this game, play it almost daily! It's lots of fun and works great and is easy to use. It's actually quite addictive.",1

"I use to play Farkle Free on here and loved it. I accidentally deleted it and can't find it on here now. so I dl this one. the animation sucks, and the lag for the AI is stupid. Do not download.",0

"The graphics of this game are bottom rate. It functions well, however I expected a lot better graphics given the picture that advertises the game. I know it is a free game, but I'm still disappointed in the quality. I won't be keeping this one on my k",0

this is game is fun and addicting. I can play for hours and never get bored. highly recommended easy to use and excellent graphics,1

It took me a while to remember how to play it. But once I got the hang of it I love it. This is the best on line version I have seen!,1

Have Farkle in several different renditions and love them all. Really like to play the game and would recommend game.,1

"This is Android excellent version of Farkle. I started playing on Facebook Android fell in love with the game! One thing that needs fixed is when the AI uses all the dice it doesn't roll again and it should. Also we know the name of the game, use that sp",1

my husband plays this...I didn't care for it. but ones that like this kinda game it must be a five.he love it,1

"Used to play this as a dice game with grandma & she got my kids into it too, they also loved it. I remember it as having to get something like 750 points before you could start counting your score and it also went to 10k before you won & first person to ",1

Ok so why even make a game if you can't play it on a gamers tablet. I get the phone and was ok with that but really my ASUS T101 is not cool....,0

It will not load on my Motorola Zoom. just hangs at the loading screen playing annoying music. please fix it.,0

"Drift Mania Championship is an excellent game. Most touchscreen driving games utilize auto-acceleration, but Drift Mania allows you to fully control the throttle via their unique throttle bar. The user can actively adjust the throttle input easily to c",1

"Awesome graphics, great sound effects, and an overall fun app. It takes awhile to get used to the controls, (you have to turn your device for steering control while utilizing the touch controls for speed/drift), but this game is definitely a 5 star winne",1

"Going to be a challenge to master the controls, but I can already tell this game will be a win. smooth graphics too. Droid Bionic",1

"Tried several times to attempt a dl and install but just tells me "application not installed". It downloads ok but won't finish installing. Appstore won't let me send message about the issue either. Too bad, looked like fun.",0

Getting used to the controls is a understatement! I have tried different control settings and unable to make 1 lap. Takes forever to load as well. Great idea though too bad. Motorola Zoom,0

"Im not the one to leave a bad review but this game was a complete fail from the start controls and graphics suck,but hey I can't say I can do any better",0

"Great looking and sounding app. Very smooth graphics and runs excellent on my phone. One review was right, turn camera stabilizer off, change gas to throttle and turn the steering sensitivity to the max and....PRACTICE. No complaints, app works as int",1

on g2x. just hangs on the loading screen. Id like to try it but I cannot. Would like to see this rectified.,0

Your disclaimer excuses you from expectations of this app working on good phones? I get nothing but the loading screen...nothing else.,0

"Was looking forward to a game that I'd actually want to play. No such luck. Won't go,past initial loading screen.",0

"Controls took getting used to but I think it's because, in the end, they really open up the handling experience. Works great on my Evo. Others' experience may be different...",1

When I opened this game Honeycomb's zoom compatibility came up since it is not optimized for tablets. The game does not display at all and eventually closes itself.,0

I really thought this game was gonna be tight but it is the lamest of lame I don't even like it when you move your phone side to side where u need to go it exaggerates it and there's no point in finishing the drift if you continue to go the wrong way or ,0

"does it not work with tegra 2 on gingerbread?game just sat on the loading screen playing that song for 5 minutes, I didn't give it a chance after that long. my atrix loads everything else right now so I guess I can only blame this app.sorry dev I wanted",0

"... butt controls. Not even worth a free download. Don't waste your time on it... really, I'm not kidding, just move along and find something else to play. I hear Scrabble is nice.",0

"Junk, Crashes or hangs at the loading screen on Moto Xoom 32gb. Free app of the day, and worth every penny of \$0.00. Don't bother.",0

It didn't work as well as I had hoped and I'm one for car games. I was highly disappointed and deleted it within the week.,0

"Hard to control. With small phone screens, it's hard to control without being able to see more of what's ahead or what is on the sides until it it's too later, then crash. My driving skills are not great, maybe it's just hard to pick up the controls.",0

"I played this a couple times and the graphics were great, but that really doesn't matter since the controls and Atari era physics engine yield the game unplayable. I was going to try adjusting the controls, but I can't since now it's stuck on the loading",0

"Let me first say I'm not a big fan of racing games. Yet this game has engaged my attention like a dropped clutch at 10,000 RPM... it took a few seconds and BAM! my skepticism was gone.The attention to the three-dimensional details, the audio and music, ",1

"Another iPhone app not optimized for Android. No exit functionality; you have to just press the home button, which makes Android run it in the background. Steep learning requires an extensive tutorial, which is not supplied with game. I got the hang of t",0

Looks cool but won't work on my Tracphone. When are developers gonna realize not everyone has a smartphone. Can't even get it to begin the download process. Lame.,1

This is a temporary review after I play with this app a little I'll give a proper review. I just wanted to be first to review this app.,1

"Not working on Asus Transformer or Galaxy? That is unacceptable. Two of the better tablets on the market and the free app doesn't work with them. Come on dev, catch up and get it going. And amazon should check functionality before releasing.",0

this game has beautiful tracks and some good mechanics. I suck right now but I'm sure I'll get the hang of it.,1

"This game has an unfairly low rating. It does take some getting used to but after awhile you get the hang of it. Like others said tilt sensitivity the whole way up, camera down and use the throttle bar. It's allot of fun once you get some practice and fi",1

at first I was skeptical. thought it must as every other browser. I was so wrong. this browser is

awesome.,1

Pretty impressive. I'm not a huge fan of the dolphin like gestures but it works pretty well for my kindle fire. Great job!,1

"Much much better, and faster, than the Kindle Fire's default browser. I love being able to navigate back & forth between pages & tabs without having to minimize the screen first. Just slide the page a bit, and the back/forward & tab button",1

"I have not found a real use for this app, perhaps you can find more by reading the 50 best Kindle apps, manual, I found it to be the best free app in the entire app subscription!!!",0

This app is easy to use and convenient. I highly recommend it. Nothing extra to get in your way. No irritating ads.,1

"After just downloading and trying Maxthon for five minutes, I already can tell it's much faster than the stock kindle fire browser. Me like.",1

"Silk spoiled fast. Maxthon is simply superior. Way faster and much more customizable. With add-ons that integrate well with the Kindle Fire, it's interface is much more in line to what PC and Droid tablet users are used to, unlike Silk.",1

The Maxthon browser is way faster and has better features than the Kindle Fire browser. I really like my Kindle Fire and this makes it better. I got the add-on that allows you to import your bookmarks from the Kindle browser of which I recommend for ever,1

I found this to be rather user unfriendly. Too many choices without explanation of the technical terms. I have found better browsers to use than this.,0

I really like this app. It's very fast. On my kindle fire I'm not sure if this turns my screen rotation off. With a reboot it fixes the glitches. This doesn't drain the battery no more than other apps. I think every fire and droid user should download. I like it,1

Maxthon is a real step in the right direction for android devices. So far it is the best browser I've found.,1

A very light yet powerful browser. I use it every day. It provides an interactive GUI that makes browsing on my tablet bearable.,1

I switched from Silk to Maxthon and love it. Pages load fast and the issue I had with the page jumping around while I was typing on Facebook is completely gone. I even installed it on my laptop to take the place of Chrome!,1

After trying to use this browser for only one day I removed it from my Kindle. It was not very user friendly and I found it to be a little difficult to use.,0

"I love this browser and the cute themes I can set for the background. It allows me to set quick access links very easily and using the links is even easier. My only complaint is the tabs at the top, in full screen, overlap quick access buttons and sometimes",1

I have tried out different browsers due to the stock browser features lack. Opera was working much better but an update bogged it down so I went hunting for a replacement. I tried this one and it's not that great. I settled on the Dolphin browser as it has,0

My friend recommended this to me and now I only use this web browser when I am on my kindle fire. It is very fast and you can customize the viewing on the web browser which I think is really neat.,1

This is the most easiest browser to use. It is so easy to use and navigate. The interface is awesome. Works really great on my Kindle Fire.,1

I got this browser because the one within my kindle fire is slow. I was worried that this one may be the same but I was pleasantly surprised. It runs pretty fast. I have no problems going to different web pages. I tried going to YouTube and was able to,1

When I uninstalled on my kindle fire my Amazon browser will no longer open so now I have to use this browser! Fix this please,0

It does what it says and that meets my expectations. Five stars all the way! Free makes it that much better too!,1

"A must have browser for the fire.. what a godsend. Very fast and intuitive. Easy to set up favorite sites. YouTube videos had stopped working on my Silk browser, but that led to finding this amazing browser.",1

This is much better than the built-in browser that came with the Fire. This is seamless and handles like a dream.,1

Good, easy to use, you can watch videos and other stuff that you can't on the original one for the Kindle. Update makes it nice to,1

"At first I wasn't sure whether I would like this browser, since I was used to using the Dolphin Browser on my iPad, but the key for me was taking the time to discover all of its really cool features. Much like Dolphin, the customizable desktop where all",1

I like this browser much better than the one that came with my Kindle Fire. Easy to use and fast.,1

Never even heard of Maxthon and gave it a shot. Very fast and I like the many options. Give it a run. Most give high marks.,1

"Facebook pages load much faster and actually show the pictures at a decent size. Many of the sites I go to load significantly faster and the scripts generally work better (example: [...]) crawls in Silk and the buttons frequently don't work, but loads quick",1

Excellent! Really good! I recommend it! Worked GREAT for me! Get it! At least try it, it is a really good app!,1

it work we'll I got it and it perfect and I got interent problems that I can log in to face book or twitter and something wrong with my browser but when I get this It work perfect never detle this u should get it!,1

"I left Firefox because it got bloated and slow. Then I tolerated the slow speed and quirks of Opera, but appreciated its sync-ability between Windows desktop and Android mobile. Then Opera stopped syncing and I went looking for an alternative. Maxthon al",1

I downloaded this ap for my Kindle Fire. I was looking for a different browser as the default Fire browser loads slowly. This one is just what I was looking for. I am still exploring some of the features but I use it all the time instead of the Fire b,1

"Got this for my Samsung Galaxy tab based on the reviews. This is a very nice, FAST browser, with a lot of options the default Samsung browser doesn't have. Glad I got it and will stick with it!",1

"This browser has no setting for avoiding mobile websites. I like desktop websites, but Maxthon won't let me see them. It will only load mobile sites.",0

A great and fast mobile web browser. for kindle fire it takes some getting use to but never the less this is a great and fast mobile web browser,1

Awesome browser with a lot of optional customizations. Quick load times and efficient use of screen space. Really improved with the latest update.,1

"Finally a browser that handles imbeded formats!There is some learning to negotiate the tabs and bookmarks. Although visually handicapped, the renderings are pretty smooth.",1

very nice addition to a kindle fire if you have trouble with the standard web browser I give it 5 stars worth the time to down load,1

"Well worth the download on the Kindle Fire. It blows away the built in browser, both in speed and functionality. No problems so far and is a great asset.",1

I wanted to see if this would be faster; it is....I wanted to see if videos appear and run better...they do. The sound on the videos sound crisp. I am using it my Kindle and have had it for about 4 days...so fat so good. try it if you do not like it y,1

This app is great. I use it quite a bit to check my Facebook and various other things. I have no proof but I don't think that it will work if you don't have wi-fi. I'm not positive though. Great and useful app.,1

"Oh My Gosh. This browswer is sooo much better than the Amazon Cloud, default for the Kindle Fire. It is faster, doesn't freeze, and much easier to use. It also asks to clear your history every time you exit, which could be very useful to some people. I h",1

"This browser is not only fast but also has an intuitive interface. It outperforms the onboard browsers on the Kindle Fire, the HTC smartphone, as well as the kindle hd 8.9. Web pages (even highly complex ones) are rendered quickly and accurately. The fea",1

I have a kindle fire and this app works great!!! its very fast and it lets me watch videos on it. idk why ppl say it doesn't let them play videos on their kindle fire? it works perfectly fine on my kindle. Its a great app!,1

Installed this after working with Amazon's browser that was slow. It installed quickly and has run without a hitch for months. Provides a complete menu of options. Will continue to use.,1

This browser is better than the browser that came on my Fire. I went searching for a new browser when I was having problems connecting with the built in browser. I chose Maxthon because it was free. I didn't expect it to be ` great app based on,1

"The speed is better than Silk and Opera, which is what I was using before. And it handles youtube's mobile site correctly, which I haven't seen Opera do despite three updates.",1

Love the easy access for your favorite sites. and the quick access for the sites you go to all the time.,1

"webpages look totally different in this browser, cant click on certain links, I thought with the average reviews it'd be great, but im sadly disappointed. please fix it, I love the concept.",0

pretty cool app nothing wrong even gives you an option to make certain movements to do certain things like go straight to youtube by drawing a smiley. its really fast to. and its free so go ahead and get it,1

I'm very pleased with this browser. I was trying to decide on a newer browser to replace Silk on first generation Kindle Fire. Saw the good reviews and tried it out. Glad I did. This browser is very fast and so far no problems at all.,1

"I have a first generation Fire and Maxthon is so fast it makes me feel like I've upgraded my hardware. I don't prefer its interface over that of Silk (I miss Reader mode), but the improvements in the speed of loading and scrolling are worth it.",1

My Kindle Fire browser stopped working after a month or so when it was brand new so I found Maxthon. Been using it for 2 years with no problems since!,1

My Kindle browser kept crashing on me so I had to find a different one to figure out what was wrong with Silk. So I downloaded this one in hopes that it would be good enough to figure out my problem.It works better then expected. I love the gestures add ,1

"This browser is a good idea for an alternative. This is my second go around with Maxthon Mobile. I have been using it for awhile on my Kindle Fire. I don't know what they did, but it seems to me maybe they have made some changes from the first time I ",1

"January 12, 2014this is an amazing browser. it is fixed so it plays all videos perfectly. it has since replaced silk browser.",1

Very please with this app that open the door to see my Abc soaps again! I am able to see the site without problems so far. When I want to see you-tube I just choose Amazon browser when the window pops up. I never from both options make any the default so,1

This is an awesome browser. it is faster than Amazon Silk on my Kindle Fire. Silk is supposed to be better because it is built for the Fire and is based on unique cloud technology but Maxthon is outstanding! Download and use it; you wlll not regret it,1

"in anyones life / occupation one needs to use a particular instrument to function in our daily life. A car, a hammer, a notebook, and of course the computer. without certain OS, programs, it becomes a difficult task. this here web browser allows you",1

"only been using it for a few days but really prefer it over amazon silk, the default kindle fire browser. Maxthon has premium features like themes and add-ons, and it's pretty customizable. Only issue I've had so far is two crashes, possibly related to o",1

I was so disappointed when i got my kindle because the Internet wouldn't load anything other than google in less than 3 hours so my dad suggested i look for a browser app and i found this wonderful app. it completes my kindle with its fast loading and gr,1

i really enjoy this web browser. amazons silk web browser works fine on my kindle fire. this browser offers many more functionalities than the original built in browser. with this browser you can change the look of your browser. i give this a five star r,1

"One of the greatest Browsers on the market, if not #1. We have used there browser since it was created, also helped them out debugging it before it came out. If you want all your favorites saved you will be adding to the new browser, simply sighn up with",1

"This is an amazing browser. It has theme options for customization and is easy to use, not to mention free. This is definitely a good option to consider when one wants different browser choices.",1

Really loving this app on my Kindle Fire. It's really fast and responsive. Definitely an upgrade over the stock browser.,1

"love the private browsing feature, also love the fast speed of the browser. much better than kindle browser. overall, I am highly impressed with this browser and recommend it to all",1

This is a highly recommended app for kindle fire its just as fast as my 8core Pc downloading websites so yes this is a must have app,1

"This browser responds exactly as promised. It is infinitely better than the stock version, responds quickly and is easy to use.",1

This is a great app. It is very fast and very easy to use. I specifically downloaded this so that I could use Facebook in desktop view and it does just that unlike the default Kindle browser.,1

This browser is awesome. I've been using it for a couple of weeks and I'm still finding little tweaks that make my web reading and navigation easier and more enjoyable. I love the use of gestures... Once you get the hang of them it becomes second nature.,1

"Maxthon is solid and easy to use. Not a lot to adjust, IE settings, but you really don't need to.",1

"Amazon says it was downloaded, it isn't. Still stuck with Silk on my Kindle Fire HD and doing without most streaming video. Thanks.",0

"I have never had a better browser. no offense to amazon, but maxthon mobile is a whole lot better than amazon web browser. with maxthon mobile you use hand gestures to delete, add, and switch between tabs!!!!!! you can also take a website on one device an",1

I am using it on an Amazon Kindle Firs and it works great for my purposes. I really like the menu layout and the basic options. I have not installed any of the available upgrade features.,1

"Didn't work for me. I tried installing/removing/installing several times with no luck. I've heard that it is ""the best"" but who knows who came up with that claim. I spent way too much time trying to get it to work on my Kindle HD 8.9"" tablet so I'm bu",0

I love my Fire but I have never liked the browser that came with it. Now there is an option for Fire users and it is incredibly good. This is a must have app for Fire users!,1

this browser is so much faster than the browser thar comes with ur aneroid divice it never greases or stops unexpectantly its amazing,1

"I love how you can finially screenshot, and how the full screen is really full screen and it doesn't leave annoying yellow marks everywhere and it plays youtube videos a lot better. BEST FREE APP EVER.",1

I love this app. My browser wasn't working so I got this and it functions amazingly. If you want a different browser I highly recommend Maxthon Mobile.,1

"I like it,it's a great app its better then the already pre-loaded browser on.the kindle I would recommend it to every one of my friends it gets my highest recommendation",1

this is a nice browser. plays Online streaming very well. tabs option is really cool. predictive browsing is done very well.,1

Just an absolutely terrible browser. It crashes all the time and doesn't do a good job of rendering pages. Nope.,0

This is a fast and very customizable browser. The speed is very impressive. Easy to manage favorites and to export web page articles to my Pocket application. Very glad I installed it.,1

"Very fast compared to the Amazon Browser. Love its attractive design. And possibly due to changes or upgrades, it can play Youtube videos.5 stars no doubt.",1

391/683

"I love going on the Internet, but since I am usually busy, all I have to do is connect to the Internet.",1

"this is an epic browser. so much faster than the stock browser and reminds me of chrome. very fast, and has loads of working plugins!-one complaint is that a keyboard cannot be opened for games like miniclip.",1

I've never heard of Maxthon browser and stumbled on it while searching for Firefox & Opera. Its way quicker than Amazon's silk browser. A must have for any Kindle fire owner!,1

I love this app...very helpful my original web browser was very slow and did not work but this is easy to use and very fast!,1

I'm going to heed other reviews and NOT update this app. I seldom do as the Fire's old OS doesn't seem to benefit from newer versions. Silk is so annoying I could go on and on but one thing in particular drives me crazy. Silk keeps remembering tabs from ,1

"I was considering replacing my Kindle Fire with an iPad. After mulling it over for weeks, I decided that what the Kindle lacks is a great browser. Enter Maxthon Mobile. Talk about new life for the Kindle -- I can do pretty much everything an iPad can do ",1

this program app works very well on the kinked fire. speed of page delivery is good. I have no complaints.,1

This browser is almost as good as my favorite Mercury browser. Well done. I like it and it is easy to use.,1

I recommend this app if you want to use your fire for web browsing. It's faster than the built in browser in the Fire and is more responsive as well. I'm very glad that I've been using it and you can set it as your default browser as well.,1

really like this app do every thing I like. the regular browser is ok. but not like this one you actually can view stuff which make it a very good app.,1

"Really love the interface and the use of gestures. Very fast, doesn't hog up resources (I am guessing). Remembers your last tabs if you want it to (although this can sometimes be a pain if you have many open and just want to reopen the browser to look",1

I love this app because u came do stuff that u cant do on the Internet like watch videos that u cant watch on the real internet,1

first waaaay better than silk browser....faster and responsive...pages load quickly and clear for both mobile and full website pages....the pages are clear and precise and they dont lag like silk does when you scroll down or up...videos play fine althoug,1

I use this app every time I use the Internet its cute too when you scroll it has a yellow tracer following your finger,1

my kindle silk browser wont open so I am trying this. works great! probably wont go back to silk even if they do ever fix it! thanks!,1

I have only taken it for a short test drive but liking it much so far. Fast and light. Have not tried youtube yet.,1

Works wonderful. I was having a hard time reading facebook and other pages on my kindle fire. This program has solved 90 percent of my problems. I like the way it links to gmail.,1

This is a great browser for KINDLE FIRE. It shows how fast or slow pages are loading. and I prefer it over the Silk for downloading.,1

"This is honestly the BEST browser I've ever used. I was an avid fan of Google Chrome, but since I downloaded Maxthon Mobile Web Browser, it has replaced Google Chrome on my laptop as well!! Its FREE and FULLY FUNCTIONAL!! I really like the custom gesture",1

"Easy to use & personalize! Love that I now have my Chrome bookmarks on my Fire. So quick to load pages....love, love, love it!",1

Maxthon Mobile is very good!! I downloaded it on my kindle fire and it works perfectly. I don't know why people were saying in other reviews that you couldn't watch videos on youtube. You can. I like it a lot. I highly recommend it. GOD Bless you and I h,1

for some reason that Amyzon cant fixI can no longer download apps from the Amyzone cloudI found another source and this works just fineno thanks to.....,1

"After a recent update the few problems it had have been ironed out. With the additional applications within it making it much more custom, it is one of the few applications that I have given all 5 stars.",1

"When I first installed this app, I was thrilled with it. Not so much anymore. The last two updates have seriously affected the quality of the service. Now, it freezes constantly and is soooo slow when it does work.I've waited about two months, hoping for",0

even for a free app this was a total waste of my time. I gave this app 2 chances. And both times I've had to do a reset on my Kindle Fire. Deleted!!,0

"This browser works more quickly than the native Silk browser on my Kindle Fire. I haven't used it much yet, and I have read reviews where there are issues with launching YouTube from browser links, but I haven't tried that yet and cannot comment.",1

"this browse is fast. makes my kindle-fires web tab, look silly. if you get this you will be pleased.there's an opinion of clearing your history before you exit,that's pretty cool. and there's different add-ons you could use.",1

I can watch youtube on my kindle fire with. this browser. so cool!! so glad I found this one. I highly recommend it,1

Love this browser! I was not a big fan of the stock kindle fire browser so I was willing to give

this one a try and I happy I did. Don't just take my word for it give it a try for yourself.,1
There've been many sites I simply couldn't visit with the Kindle Fire browser because it wouldn't display the sites properly. Maxthon's whole experience both tech functionality and the smart UI design far exceeds those of Amazon's pre-loaded one. Pretty ,1
Run very well on my Kindle Fire. Better than the provided browser. Runs faster and has more features. I'm very happy with it.,1
I have only had this app for a few daysbut I love it!!I would recommend to anyone....however as someone else has mentioned a problem w/ 'you tube' videos not playing...they seem to work fine on my Kindle Fire.The best thing about it is when I am usi,1
pretty smooth. a good alternative to the silk browser that the kindle fire comes with. fast. good options. I just read a bad review regarding youtube which I haven't checked yet but will. but for free I really like this browser.,1
"I'm sorry Amazon, your Silk browser isn't good. Never has been really and in recent months has only gotten worse for me. It has usually been slow and more recently crashes way to often. Maxthon to the rescue! I'm enjoying browsing now on my Kindle F",1
seems to play more youtube videos than silk is capable of too. I like the gesture based navigation as well.,1
"Amazon should learn from these developers! It is so much better, faster, smoother than the original Silk browser! I cannot believe this is free!",1
I love this App.. Everything you love at your fingertips. I never write reviews. but this one deserved one..... ..,1
"the silk browser was making me open 20+ tabs everytime so I needed a solution, this is perfect. and the add ons... I love getting to draw a house to go to my home page. download this now!!",1
"Maxthon is fast and does everything I have tried without hesitation. My only wish is a dark mode. akin to Greader Plus, which is an RSS reader and not a browser. But Mathon does everything else quite elegantly.",1
it is faster and I can attully watch youtube it is alsome and free I highly recommend it most get,1
"I turned off WEB ACCESS in parental controls, and set DOWNLOADING APPS to password only in an effort to protect/restrict my child from the internet. This app had been downloaded months ago and then uninstalled from the kindle. However, since it was not d",0
Quite an amazing program! It is able to browse easily and even play videos on youtube. I highly reccomend this broswer,1
I've had no problems with any sites using the Maxthon Browser. Even videos play well. I've been able to do my banking also.,1
This browser solved all the issues I had with the amazon browser that came with my Kindle. Now it doesn't revert to desktop mode on Youtube and it let's me go back a page without taking me back to the main page.,1
Works great on my Kindle Fire and is a faster browser than Amazon Silk. Makes it easy to watch videos.,1
this browser is good when other browsers won't work. i like watching YouTube videos using this browser on my tablet.,1
This browser works extremely well. It's so much faster than the Fire's silk browser and it even allows multiple tabs to be open! Love it! :),1
Been using Maxthon for a long time on the PC and love that it is on the Kindle Fire. Gestures are a plus.,1
"I like this web browser app. When I use the one that is already on my kindle fire there are a few things that are just hard to work with. On google.com for example, on the Maxthon I can just swipe through pictures, on the other app I have to click in and",1
I like this browser over the stock browser that came with the Kindel Fire. The only knock or complaint that I have is how it handles You Tube videos. It does not play in full screen mode.,1
"This new browser, being much better than the default browser has now become my favourite app! It is very fast, streamlined, and to top it off it looks great! I don't usually leave reviews, but Maxthon really deserved this one!",1
A friend told me of this app when my DSL was down for a week and all I had was my Kindle Fire. I needed to get on line to view my paystub and check on some bills. Linked to the WIFI at work I downloaded this app and was able to take care of business in ,1
"Wow. This totally blows the stock browser (Silk) out of the water. Much faster performing, runs like a charm on my Kindle Fire. Now if I could just get a better keyboard....",1
Your browser helped stabilize the web-based work I conduct on my Kindle Fire. Looking forward to future revisions of your product.,1
I really like this browser it works quickly and efficiently.Getting on the web was slow with what Kindle Fire had put on their machine but this browser made a huge difference.I highly recommend downloading this app.,1
this browser is great. it runs smoothly and the gesture add on is the best feature. go anywhere on the web with a simple gesture for example to go to youtube I just draw the letter y on my screen! the download manager is also a big plus being very simple,1
It is really a very good browser ..beyond my expectation. works fast and doesn't crash. more like google chrome but better than chrome.,1

I gave up on surfing the Net with the Silk browser. Silk is slow and buggy. Maxthon works fantastic on the Fire. It is very fast. It is easy to use and navigate. I'd give it 10 stars!!",1

"I wish reading mode would work on more news sites. despite this, the browser is solid and better than the default kindle fire browser.",1

"Also, it does a much better job at showing desktop pages and it may not be as fast as Silk, but I think this is good enough. A nice alternative to the KFire browser. Although it has its downsides, like crashing for me occasionally for me, its still good.",1

"This app is GREAT!! My Internet on my kindle fire stopped working?! So I was looking for an app to replace it. And let me tell u, this app is AWESOME! Its fast, quick, and GREAT! I really recommend this app for undecided customers!! :)",1

"Maxthon Mobile was a very fun browser to use along with Silk. It has many great features. Silk and Maxthon are both great browsers. If you are a person who likes trying different things, than I recommend this app!",1

"I have not seen many of the problems listed in the customer reviews. it's free or I wouldn't have tried it. what I like: The home screen. the settings menu with all the options. the one click clear all for cookies history etc. If you share your kindle, t",1

"As said, it does not scare you do wake you. It increases volume as promised. I love all the options on how to wake you up, expecially the math problems. It stops me from always hitting the snooze! Love it:)",1

"Before this app, I had a problem falling back asleep after my alarm clock would go off. Since using this app (about 2 months) I have not fallen back asleep once! Apparently doing two "hardest" math problems while having a random Avenged Sevenfo",1

"I absolutely love this alarm clock. I use it on my kindle fire. You can customize it however you want it, from the Color to sound. My favorite features is how the volume of the bell slowly increases. I also like how when the alarm clock is going off I ha",1

"I am a heavy, heavy sleeper and an avid snooze button user!! The solve a math problem option is perfect for me and forces me to become conscious before I can snooze the alarm clock.",1

"I downloaded this app while on business trip because I was afraid I would oversleep. I didn't really trust the alarm in the room and hate wake-up calls, so I decided to give it a try.It works! It woke me every morning without fail, allowed me to snooze",1

I have had none of the problems others reported. my guess is they installed to an sd card.I have 3 stored alarms and select whichever one I want to go off. The installed ring starts quietly and ramps up. just make sure you leave the volume set high befor,1

I Love This Alarm Clock . My Mom Told Me To Erase This Because It Annoy Her Much But I GOT IT BACK IM SO HAPPY IM GONNA SET IT EVERYDAY. Man I Really Love That Alarm Clock.,1

"I love this app because the settings let you download your songs to wake you up, and also lets you lable why you need to get up.!:)",1

"I love this app!!! it wakes me up every morning. Its great period!! get it! I love it so much!!!! it makes it easier to wake up:) I am in LOVE with it!!!! like I said it just a great,wonderful, and perfect app!",1

"i set this app to softly play edward grieg's morning mood half an hour before my regular alarm just in case i was in a light sleep cycle at that time so that i do not wake up tired. it woke me up 40 minutes early, and surprisingly i was not tired! i was ",1

I think this is the best alarm clock app there is. Alarm Clock Xtreme Free is very useful. I use it every morning. I have tried other alarm clock apps for the Fire but some of them delay or do not even ring sometimes. This one wakes you up every time you,1

"I've been using this for about a week now, on my Cruz T301, with satisfactory results. I'm also pleased that it includes a countdown timer. I like the included ringtones, especially ""Medieval Jant"" which I've been using as my wake-up alarm. This app ",1

"I was looking for an alarm clock app so I could wake up at a certain time each morning. After trying many other apps like Bedside Clock and Night Clock or whatever, I stumbled across this one, and I love it. It actually works and had some nice features.&",1

"Not a lot of frills, just the features you need in an alarm clock. Easy to set up and works great with Kindle Fire",1

"Overall, this app was great. Then one morning, I go to disable it and my password stops letting me in to my Fire, and the music is still playing! Ultimately, I had to do numerous shutdowns until I could access my appsand delete it(sniff, sniff). But this",1

this alarm clock is a life saver. I recently had an accident and had to take my pills at several different times of the day. even firming the night this alarm went off to remind me. it goes off while I am at the GROCERY;DOCTORS; etc. It has not faile,1

"this app has replaced the use of my alarm clock. I like all of the customizable features. I would not say that it now keeps from ever being late to work, but the hard math problems most of the time make me think way more than I would like to and help m",1

this app is awesome for the kindle fire I love the increasing volume part it works great! I also like that there is no boring ring you can choose your own music!! love this app!,1

This app is great! It always gets me up at 5:45am so I can get up and go to school,1

this app is really nice although I just got a One Direction alarm clock. So I wont be needing it anymore but still really handy.,1

This app works very well. It takes up no extra battery when an alarm is set. You have a large

variety on the alarm sounds/toons. Great App!,1

This is a great alarm app with many different options and it works well with my kindle fire... now I wake up with a great playlist of songs that begin quietly so I can wake up gently. I need that in the morning!,1

This is a great alarm clock I use it a lot with the different alarm sets it has and the many different ring tones it has on my kindle and I also have it on my phone. You can change many things as well as the snooze timer. I would recommend this app as a ,1

This is now the only alarm clock I use. Recent updates have fixed the previous small issues I had with it. No complaints.,1

This is one of the best apps I have downloaded. It has a variety of functions and settings so that even the grumpiest of early risers can awaken in a decent mood. Love it!,1

This is the best alarm app you can have with all the different features. It wakes me up every morning to my favorite song I love this app,1

"This works very well, with plenty of annoying sounds to wake you up. Our personal favorite is the Rooster...it sounds like a rooster on meth.",1

I just didn't trust my KF to turn itself back on in order to make the alarm sound. I'll stick to setting the alarm on my cell phone.,0

"I set the alarm on this five times to hear how it would sound, (and yes before you ask, the volume was on and working). and the stubborn little app wouldn't perform. Could have been me, but, I just didn't like it.",0

Too quiet. Gradually gets louder but still has a hard for me to hear with the volume turned whole way up.,0

"This is one of the most vital apps I have on my phone, and I use it 6 days out of the week.

Alarm Clock Xtreme is the most feature-rich alarm clock app I've used on any phone, thus far, and I'm quite pleased with it. I particularly enjoy being able to ",1

I set it for seven so I could get up for class. it woke me up at eleven and I got a week of detention. thanks for reading before you get,0

"Why is this app listed for the Fire? It says 'the phone must be on for the alarm to work.' The Fire DOES NOT HAVE A PHONE! According to the instructions, it also requires a GPS.",0

An easy and very useful app for keeping track of time. We use it mostly for the alarm but also on the timer which is effective without being too annoying!,1

this is the app for you sleeper immerse who always turn off your alarm because you can enable it to not be able to shut off by making it where you need to do math to turn the alarm off I highly recommend,1

This App works great. I use it as a timer when I'm cooking and it works great. The alarm clock works great too.,1

Great App!1. Dependable accurate no more snooze button makes me get up to turn it off never late to work since started using this great free instantly satiating app,1

"I have always had trouble waking up to all of my alarm clocks, this alarm has different snooze options such as, shaking the Kindle for a set number of seconds or solving math problems. I think this app is genius. I have had no problems with it not going ",1

I use this app every day to help me get up in the morning. Its better than a regular clock in that you have to start up your kindle to turn it off so it really wakes you up.,1

"This app is great you have to do math to snooze that's a great start for the morning and. you get to set as many alarms as you want! I love this app. People who say it doesn't work on kindle you are very wrong, I have a kindle and the app works perfectly",1

This app is so helpful!! I can always rely on it. It has so many ringtones and you can even have your own music play!! This is hands down the best alarm app!! Download it :),1

This clock has many settings including having to solve an equation to shut it up. It can also get progressively louder until you respond. Good stuff.,1

have not figured out how to use it yet...tried several different ways to set it up but good thing I have a back up alarm on my phone,0

"I used to be able to mindlessly snooze through the regular Android alarm clock and it was hard to get up in the morning. However, with this app and the math functions I have been able to give my mind enough stimulation to wake up on time.",1

i use this app every morning 2 wake up 4 school so the best sound is the rooster bcuz its the only one that will wake me up! (: so use and i really like lol have fun! (: came on kindle fire hehehe! (: trust my opinion! (:,1

"This app is just what I was looking for & more helpful than I could've imagined! I have a tough time waking up in the a.m., and have developed bad habits of pressing "snooze" too often, OR turning my alarm totally off in my sleep & not realizing it until",1

"I downloaded this app for my kindle fire and was worried about how it would perform on it. I must say after downloading it and trying it out, I love it! It's loud enough for me to hear it in my sleep, I can set my own music as the alarm, and I love the o",1

It's a nice app to have. It replaced my alarm clock. I use it everyday to wake-up in the morning.,1

"This is a great AP. I like that I don't have to wake up to a really irritating buzzer or ringing alarm, there are several more subtle options. Additional features, like making you do simple math

problems before you can hit snooze, is a evil but great way",1
this alarm clock app is very useful. I really like the feature of being able to set requirements for snoozing like having to do math problems and cutting time off each consecutive snooze. I also really like that you can use your own music for the alarm a,1
good volume. a lot of options. comes with alot of ringtones..you can also use your own music..love it..set up multiple alarms,1
I love that I can set this to get gradually louder when I don't turn it off. Then it does not shock me awake in the morning. I set the alarm on my cell phone and use this on my kindle fire to be backup. I forget to charge one or the other many times. The,1
My 12 year old uses it every day. I never have to wake him up. He programmed it in his Kindle Fire all on his own.,1
"Works really well it is nice to have an alarm clock that wakes me up, and doesn't depend on whether or not the power is interrupted.",1
"I've been using this app for about a year, and have yet to encounter any bugs. I have a lot of trouble waking up in the morning, but this app has made it so much easier. I love that I can set it so that I have to do math problems to turn the alarm off; t",1
Awesome! This app is totally user friendly and allows you to customize everything! Alarm Clock Xtreme is the best alarm ever! It automatically adds a ringtone to the selection once you click 'set as alarm tone' on a different app for ringtones. I highly ,1
I love this app! It is very easy to use and I can always count on it. A must alarm clock for those who need to wake up at a certain time each. day or just on certain days.,1
"This app is an alarm, a stopwatch, a world clock (any time zone) and a countdown timer. It does it all!",1
You can't turn the alarm off wjen you shake the device or press tje button. The only way to turn it off is by shutting the entire app down.,0
Better and more reliable than a standard alarm clock! I love that I'm able to customize my ringtone.I've never had a problem with it - no forced closes. I am using it on a Thunderbolt.,1
Does exactly what I need it to do. Can set multiple alarms...great for getting me up and going before the next alarm reminds me to get the kids up.,1
"I have not had to use it, but testing it out, it seems fine. It is on my Kindle Fire, and I just hope it works away from home.",1
I love this alarm clock and use it every day. its simple to set to and use. highly recommend it.,1
I love this app. I have never had a problem with it and I love the feature where the alarm gets louder so it doesn't jolt you out of sleep.,1
"I'm a heavy sleeper who finds it hard to wake up in the morning. I usually find an alarm clock with a noise that will wake me up, but I get immune to it after awhile. This app was perfect for me. It allows me to choose from a variety of ringtones, as wel",1
"I think this is a really good app. I have not heard it go off lately. I am probably sleeping through it. Oh well, life goes on.",1
"it is what i wanted, easy to use and highly affective. What is there not to love about it. does its job.",1
"It's a nice app, I use it whenever I'm baby sitting or need to take a nap. It's a dry peaceful way for me to get up with MY music, and not some obnoxious beeping noise. I would recommend it to those who are looking for a nice, free alarm clock that is fa",1
Ive had it on for about a year and it has not failed me once. I like that it has different tones to get you up and you can set your snooze minutes. This is a great app and I would highly recommend it for the Kindle Fire.,1
Love the math problem solving required to snooze or dismiss alarm. Lots of choices for ringers and very easy to cancel alarm (before it goes off) if you dont need it. Great app!,1
"the alarm mode gives multiple alarm setting, while allowing multiple date arrangements for each setting for up to a week. The stop watch is excellent as well. The clock runs continuously even when running lap mode which it displays the individual laps ",1
This is a basic alarm clock that works like a basic alarm clock should. Easy to use with clear functions like snooze and an alarm that gets louder if you don't dismiss it. I use it all the time for coloring my hair or cooking - just not at the same time.,1
This is a good alarm and works well...I will use this instead of a wake up call while traveling about.,1
Use it everyday. Got rid of my regular alarm clock. I love that it can be programmed to wake to music and will play anything that you choose.,1
"I use this on my Kindle Fire HD. As stated above, it is better than the alarms pre-programmed in my phone (which actually isn't saying much, considering it is an old Samsung Acclaim) as well as my 7G iPod Classic. Granted, the one on my iPod is standard,",1
My new phone came with a different clock and I put up with that for about 2 weeks. Then I downloaded this one again. Easy to set and use.,1
"I believe that I stand with the majority of the other reviewers here when I say that this app is very easy to use! There's not much else to say besides that beyond being easy to use, it's extremely customizable and has a sleek interface.",1
"Never had any issues with this app, and I use it daily. I love all the settings you can customize and it saves them.",1

"Love it, it keeps me on the clock. Easy to use, on the phone, make a date, grab your Kindle and schedule all relevant times, when to get ready, when to walk the pup, when to.....I also like that it tells you how much time before the next alarm.LOVE IT!",1

I would recommend this alarm clock! This app works great. You can use your own music as the tone to wake up too. You can set as many alarm as you need.,1

This is an easy to use alarm clock that I have on my original kindle fire. I have my music playlist as my alarm.,1

"I used this when traveling and the options are amazing, it is easy to set, and the multiple tones and multiple alarm times allow for customization.",1

"I love the rooster alarm it is extremely annoying and forces me to get up just to shut it off. Thank you, finally something I can't ignore.",1

awesomest app ever!! jfic djdj is jd d d ueue h dwh dhd cdycdy ucd hh du uu du uu dji,1

"Despised this app! It sucked the life out of my battery and was a headache to figure out how to shut off this morning! I couldn't uninstall it fast enough...after I recharged my kindle, that is. I can't imagine the sad desperate lives led by the people w",0

There are a multitude of settings that cater to the kind of person you are in the morning and the sort of sleeper you are- deep or light. Maybe you need obnoxious noise or just a quiet reminder. The wake up prompts range from obnoxious ringtones to sof,1

"If I had to get rid of all my apps except one, this is the app I would keep. I rely on this app on a daily basis. I use it as an alarm clock, a timer, a reminder for things I have to do hours our even days later and more. You can set multiple alarms and ",1

"YES, this has gotten me up on time for the last three days... it hasn't missed a beat! the increasing volume on the alarm is a great feature!",1

"Does everything: timer, alarm, stop watch, and desk top. The alarm is not real loud but maybe that is in my settings skill. Try it!",1

I have a Kindle Fire and this app works just fine for me. For all those people out there complaining about this app on thier Kindle obviously don't know what the hell they are doing. On the Kindle Fire you just have to set the app settings so the alarm d,1

"A lot of times the alarm on my old phone wouldn't go off if it was on silent, so I wouldn't get up when I needed! But with Alarm Clock Xtreme, I set it to go off any time and day I need it to, and I can select any ring tone from the music on my kindle fi",1

"I love this alarm clock, it's a nice way to wake up every morning and I don't have to set up the alarm everyday because I have stored 3 different alarms for every day I need. I highly recommend this app!",1

"I love this app! You can have many alarms, pick how to turn it off (which is how I think people were having problems). I've had it for a few months and recommend it!!! I use it to wake me up in the morning for school and it works! I don't use the vibrate",1

"with this clock you can choose to shake the device to snooze or solve math problems, or wake up to music",1

I use this everyday. I love how it allows multiple alarms. I also love that it counts down to when alarm is due to go off and shows me how many times I hit snooze (lol). Great app!,1

I love how I can just add a playlist I want to wake up to and I can even add and even delete songs on that playlist that I didn't want to hear. You can even adjust the name of ever alarm. It is the perfect alarm!,1

Reliable and so easy to use... I use every day for work and also on those odd times when I'm grabbing a cat nap. On my galaxy s.,1

this is just what I wanted. u can set it to.music on ur playlist ir random sounds. u can make the volume increase slowly as u wake up.,1

I have blown the speaker on my cell phone and have turned to my Kindle Fire as an alternative. This app allows me to keep all of my several alarms organized and on. Customizable and convenient.,1

"I use this on my Kindle Fire HD and it works fabulously. You can have many different alarms and set each alarm with its own chime or song. It has the ascending option (that I absolutely love) and a ""max volume"" setting, in case you don't want your device",1

I like the alarm clock extreme free. Its looks overwhelming with all the options but not hard to figure out.,1

I didn't think an app for my kindle would be loud enough to wake me up; but it is. I really like the timer function on it. it helps with time management.,1

cool app very customizeable very reliable and fun. Easy to learn and lost of settings. works great on kindle fire.,1

"This app is very good. It does exactly what it says, maybe even a little more. I am mostly doing this because it was telling me to, but I would still recommend it. Best free alarm clock ever!!! If you are looking to get one, get this one.",1

I really like this alarm...I really like how simple it is to set up and to use.I also like the fact you can your own music as a alarm.,1

"I use this app daily for over a year now. It is easy to use,and attractive. Not only a great alarm clock but great for anything you want to time. great app.",1

"The application is quite stable. Yes, the free version has ads but they do not interfere with the application functions. The best part of this alarm clock application is that instead of having the

desired sound start off deafening loud it will gradually ",1
Great alarm clock! It's nice having as many different alarm times and days as I want. Plus each can have their own sounds. I think my favorite part is that each can be labeled with whatever I choose. So if Saturday morning comes & I can't remember why I,1
The timers are accurate. The sound effects awaken me without being too obnoxious. I've been using it for years with no problems.,1
"This is really good if you need to have multiple alarms set for several different days because it shows which ones are active and when they're going to go off. What's really good for me and probably many others, there is an option to repeat an alarm. If ",1
I like the tones and the constant action. We are not late now and we enjoy the ease of use. thanks,1
I have been using this app faithfully for about a year now. This is the best alarm clock I've tried over the years. I have no complaints and I've never had any issues using it. I love the fact that I can set multiple alarms and am able to hear the ala,1
this is on of the best alarms I ever used so ya I think you should use this and plus it is for free yeah free what's up,1
it was the best thing ever when I have school my mon doesn't wake me up but this thing does.,1
"This app is the perfect alarm clock. It's reliable and always accurate. Also, you can preprogram it for days, weeks, or months if you wish. There are an infinite number of sounds/songs you can set as the tone as well.",1
"To all those complaints regarding rights and such, that is ONLY if you want to USE the gps etc. Features, which I don't. Wish they would actually use the app before giving it negative marks",1
Awesome application never fails and I use more than one alarm setting to help me manage my daily reminders too,1
I got this app for the timer. However. Volume does not work on my Kindle Fire HDupdate... just put this on my phone and works great on it.,1
"I think I like this app, but I can't really remember, actually I don't even remember if I still have it on my phone.....",1
"I use this every day and it has never failed me. It does have a few flaws like once it set 75 alarms for 8:00 am and sometimes it will chime when the alarm is set for music, but all in all a great app!",1
This is a very fun alarm app!! It works very well! I like how you can make it start quiet then it makes it louder and louder! And I like to solve math problems so you have to wake up to press the snooze button!,1
I love this app! It's so cool i can have as many alarms as i want! And i can set how many times i want it to go off and how often.it's very efficient for every day alarms. I can't believe it's free! The quality makes it seem worth allot more. Get this ap,1
"With this application running in the background I never again have to worry about reading or playing games too long, I simply set the timer and it tells me when I need to stop and get ready to go or get back to work.",1
I can not believe how good this is if I turn it off it still works I love this app give it a try it will wake you up,1
Definitely my favorite alarm app. Like naming my alarms. Like the graduating volume of alarms. Works perfectly. Easy to set up each alarm.,1
"As others have mentioned, this app can really wake a deep sleeper. I've basically retired my alarm clock and use this app exclusively. Haven't slept in yet (knock on wood). I like the portability of the app too. It is easy to set the alarm before takin",1
i have been using this app since december on my kindle and it works great. love you can set multi alarms and you can set it so many ways. great if you have a teen you can set it that only a math problem will turn alarm again.... great free app. may do t,1
This is a great alarm app. I have several deadlines during the day and have a separate alarm set for each of them.,1
"have had it for over a year now, waking up when it tells me and that and it works great. Recommend it highly.",1
"This app is the best alarm you can get. You can change its color settings, it always wakes you up (except for if your device is off), and it lets you choose what you want on your alarm. BEST ALARM EVER!",1
"Super customizable and very low resource drain. Highly recommend. Includes multiple alert options. Five Star speaks for itself. Yup, and indeed.",1
"This program has been my default alarm clock since I bought it over a year ago. It allows me to set a number of useful features, including choosing what sound(s)/song(s) to play, able to set multiple alarms, label what each alarm is for, set repeats for",1
Love this app. My phone was having issues with a virus so I downloaded this to wake me up in the morning for work. There are tons of different tones that you can use. I also like the math problems. You cant turn off the alarm until you solve 3 different ,1
"On track better with having it then without it. I have had this one since I don't really remember, but it's worth it all. Goes off right on cue every time. Sometimes I use it to do a check on my Other apps with it when a time limit is on one or more at t",1

I needed a simple alarm clock to wake me and this does the trick. No big whoop. It's back up for my main alarm.,1

Works great on Kindle Fire. Multiple alarms with no issues. Countdown feature is nice. Very customizable. I tend to keep a charger by my bedside to charge unit while sleeping so battery drain is not a concern for me.,1

"First off I want to clarify my device so other reviews know if they can trust, I run a Kindle Fire not the version which I have read has problems with some apps. Anyway the alarm is great and completely adjustable, some complaints were they weren't loud",1

"Anything you might need in an alarm clock app can be found in this, even better in the fact that it's free.",1

I love this alarm.....it wakes me up every day I definitely recommend this app....I love it love love love love it.,1

delivers as promised. can set multiple repeat alarms with a variety of tones. I use it daily not just as an alarm but as a reminder.,1

This is a well-thought out app that is full of features. I am very glad to have this one and it is the only alarm clock I need. I retired my other bedside clock.,1

I like the easy use of this app. I don't need it very often but like having it installed. At first I didn't think it was loud enough. I didn't have the sound on the fire itself turned up enough....oops. Works just great.,1

This is a great app! I love how the settings give you so many options to personalize the alarm! It's VERY helpful in the morning!! :-),1

I think this app is great. it does not cost anything so its cost is great :) and it works great I don't seem to have the battery problem like some people say,1

I use this alarm daily on my Kindle and absolutely love it!!! Great and AFFORDABLE!!! ;) Easy to figure out and set times and days and sounds.,1

"I like that it can be set to different ringtones, and even more importantly can be set to start softly and increase volume gradually if you don't hear it at first. can also set time between snoozes - even set to shorten time between snoozes gradually. No",1

"I needed to wake up everyday at 7. it seemed impossible. but after using this app, I woke up at 7 o'clock everyday. it has a lot of options for snoozing, and dismissing. also, you can control the volume and the sounds. all I can say about this app is...",1

It wakes me up in the morning to a ringtone or an mp3. I can depend on it so I like it. It turns my Kindle Fire into an alarm clock with a back up battery built in.,1

What can I say? It works great and has lots of alarm tones to choose from. Gets me where I need to be on time. I love it!,1

I use this alarm every day. it works perfect for what I need. The fact that it is free makes it even better. I completely disable snoozing because it is actually bad for you to wake up and go back to bed for a few minutes and get up again. all the features,1

I think this app is extremely easy and helpful! I think it's very convenient that you can change your alarm to your music (if you're sick of the other alarm sounds) so now I wake up to my favorite song(s)!!!! & <,1

"I use this every day! I cannot imagine going back to a regular alarm clock or clock radio. I have this on my Android phone and it is both simple and efficient. With a quick look at my phone's status messages, it shows the next alarm set so I can go to bed",1

It was working for the first five months then it stopped during one day and I almost missed the bus!!! What do you have to say for your self angel labs?!? I almost missed school!!,0

"I haven't used a traditional alarm clock in over a year. I love this app. So many options, but you can make it super-simple too. Pair it with the Sleepytime app, and make going to sleep and waking up easy and completely personalized.",1

use it everyday easy to setup alarms well wrote application would recommend the app to all those that need alarm can use rings or music,1

must not be compatible with this tablet could not find this after it said it had been purchased not sure why,0

I had it and it didn't even wake me up you should get the one with the red clock and don't waste any time with this one,0

"I love this app, best Alarm Clock app I found. It has a lot of customization and works 100% with my Rooted HTC EVO 4G",1

Installed and uninstalled in 2 minutes. Alarm does not go off if device is in sleep mode. So what's the point.,0

It works extremely good with my Kindle. I get to set my own music to wake me up. This is an incredibly useful app.,1

The alarm clock does not work at all. If I could have given a zero star I would have. I was excited but after waiting for it to work for 4 days I gave up.,0

"It's on the Kindle! My daughter uses it, and it's just about the only way to get her out of bed and on time!",1

"I love this app, works perfect, is very useful and it also very fast. I will recommend to everybody around",1

This is a complete clock/alarm app. It has tons of customizable features. it is really intuitive and easy to use. I was up and running in less than a minute with lots of options.,1

this app is a great way for me to make fun of my brother and sister because I don't tell them in

their faces (joke),1

I don't use it for anything more than an alarm clock but it's great! I love that I can set multiple alarms and that the alarm starts quietly and then builds.,1

"1. Can create tons of individual alarms each with different times and/or settings2. Tons of different alarm tones to choose from3. Can set max # of snoozes allowed from 0-unlimited4. Dismiss method can be press and click, shake the device, captcha or mat",1

I hate this retarded app it looks good when I first got this app it was OK. But now it is S0000000 SSSSSLLLLLLO00000Wwww!!!,0

This is for the stupid people who's rated /t bad and said u can not set it for weekends. Guess equate you can overall best armament clock app ever and yes for kindle fire.,1

I love the way the alarm turns on softly and slowly gets louder. Wakes you up gently rather than with a loud blast of sound that jerks you out of your sleep. I use it all the time!,1

Could never get it to work correctly. Tried several of the modes. No sound no matter what we did. Don't bother.,0

"This is simply the best thing since sliced bread!Since I usually fall asleep with my Kindle, the alarm is already set with a wide variety of 'alarm sounds' to choose from, multi-time settings, snooze... Just great, great, great!",1

"I want an alarm clock that is easy to use and can put appointments in, this is just not it. So no I would not recommend it to a friend.",0

"It works like a charm. It gets me up for school, and tells me when its time for bed. I highly recommend it.",1

This is a neat little app that is very easy to use and does not take up much space on my phone. Thanks,1

Super alarm that I can make custom for me.Its a must have for anyone who uses their deviceto help keep them on schedule.,1

"Full of features!Make a new alarm for each day of the week, each with a different soundHave the alarm start softly & increase in volumeHas a customizable snooze alarmIt has a stop watchIncludes a timerAllows you to customize the color & look of the scree",1

"It was a free app and most definitely worth the price. Had this cost me one penny, it would have been wasted.",0

"This is a great and very useful app. I was on a business trip and in the room, the phone was on one side of the bed and the alarm clock on the other. I had to unplug the alarm clock to charge my phone. I was thinking...hmm...I wonder if kindle has a",1

"This app is easy to use and customize. From the background colors to whether I want a special ring or song to wake me, it's got a lot to offer. Just used it for the first time today, and it works great on my GSIII. Going to download it now for my electro",1

"First of all, I love the fact that it has an alarm clock, timer, and (also free, but you order it separately), a stopwatch.The alarm clock is the best I've seen. You have the option of having the alarm be a pre-installed alarm sounds, like multiple beep",1

This app is easy to use and is very convenient for me. It is really really nice for a free app.,1
This program works like an alarm clock just like it is supposed to. When the power goes out I will still be able to get up in time.,1

"I wanted a free alarm clock, and my son suggested this one. It lets you use tones or playlists, and works even when the Kindle is turned off. You have option for specific days of the week as well. For example, I use my heavy metal playlist for when I ",1

For a free app. this one does a great job reminding of what I input into the alarm clock. The clock works beautifully and the alarms are perfect (for me). I highly recommend this game.,1
Easy to customize. Many options. Nap settings. Accurate. Extremely dependable I've used for years and has never let me down.,1

"I downloaded another alarm clock that was a FAOTD a while ago, and just uninstalled it because it NEVER went off. Thought maybe it was because I forgot to turn the sound on my Kindle up, but nope, the app just sucked.I got this one as a backup because I ",1

"Since I always travel with my kindle fire, this it a handy app. Several people recommended this to me for it's ease of use.",1

I am not an easy person to wake. I love that this app makes it really hard for me to ignore my alarm. It starts out quiet and gets progressively louder until you hit the teeny dismiss button. love that feature. You can solve math problems to disable the ,1

"This app has tons of options. Best alarm app I have tried so far including a paid one. And this one is free! I really like the math problems, great idea. But even the hardest ones are not TOO hard. But then again I didn't expect calculus. 5*",1

"I just used this app. I have it set so it will ask me 2 math questions just to hit snooze! Good job Angle Labs, good job. LOL",1

I really don't know what's going on with the people who make all these claims about how terrible this app is. It doesn't enormously accelerate draining the battery. It works perfectly on weekends. It's intuitive and easy to use. It works perfectly fo,1

"Had this installed before on another phone. I love it! Very easy to use and change! Adding new alarms is supper easy, and it will wake you up nice and easy. It works it's way from soft to loud, which I really like!.",1

"This app is AWSOME! In my opinion it's not a battery draining app, because you can just turn it

off(Not ALL the way off) and when the time comes for the alarm clock to go off it'll ring and you can hear it. If you have a passcode:type in pascode! z",1

I enjoy that you have the ability to choose a harder way of dismissing your alarm before I used to sleep in much more than I do now and I also love how it tells you how much longer until it goes off that makes me be sure it will go off and I can track ho,1

"this app has many different options, they are amazing, like math problems, and shaking the device to get the snooze. great app for a person who has to wake up early.",1

"I was using my phone as an alarm, but this is much better. It allows me to set different alarm settings for different days and times, as my schedule changes from the weekdays to the weekends and holidays. Highly recommended!",1

Sometimes I don't want to use my phone so I got this alarm for my Kindle and its great. I use it for many different things and it goes off no matter what I'm doing.,1

"There is nothing I detest more in the morning than a jarring, screeching alarm clock. I no longer have that problem and the memory of the awful awakening has almost faded to nothing thanks to this wonderful, gentle alarm clock. I love choosing a soft, ca",1

"I love this alarm clock. I can set it to be loud and impossible to ignore or set it to softly and gently awaken me. I usually choose the latter, but it's nice to have the annoying choice available. it never fails. I love it.",1

its awesome cool and nice I loved the game now it is close to my bed and I can use it for the morning when I get up,1

It was free and I downloaded it for my kindle because I had my kindle one night but oddly not my phone. Did the trick!,1

this is the best alarm you don't have to keep your kindle on all night.I use it to wake me up for school,1

Great app... love the random music and all the customizable options. Just need to be able to put in a specific date so I can use it to remind me of Dr. Appts. I use on my kindle fire with no problems at all..everything works great except for stuff you ,1

I <3 this! I have 2 wake up 2 go 2 school on time every day. this app never lets me down. it works supreme on the kindle fire. just don't shut off the device. hit the button to make it sleep. it is loud enough. just make your kindle is like on ur beds,1

"Nice-looking and works very well on my KF. The unexpected bit where I have to hit the power button and then unlock my Fire before hitting the snooze button, actually wakes my brain up enough that it's unlikely I'll sleep in.",1

"I really needed an alarm app so I installed this one and it is absolutely amazing. You can customize it into your favorite color, make your own timer, and it is an amazing alarm. If I were you, I would install it.",1

I used to NEVER wake up at all and this is it I used it this morning u can do math to wake u up and I Hate math so it wakes me up and other kinds try it you'll LOVE it,1

Does exactly what I needed it to. Love this alarm clock. It lets you choose the sound file from ones stored on your device.,1

"Great alarm, plenty loud enough, with great snooze tapping!. Remember: You set how loud you want it in options, so to get used to the app, test it first!. Set vol for 100% at first.. In options the box is checked to start the alarm sound low, and gradua",1

"great alarm, after reading negative reviews i dont see many that are even valid.1. i have the epic 4g it doesnt really drain my battery.2. it does have volume control, i set every alarm to 100% without using the crescendo effect which takes it from low t",1

this app is awesome because it wakes you up everyday when you set it so I would recommend this app for everyone who needs a free alarm clock.,1

Works very well gently wakes you up. Download with confidence that it will always get you up on time. No complaints.,1

"You couldn't ask for a better alarm. I'm always happy going to sleep knowing I'll be waking up to this alarm. Honestly, there should be a paid version of this app. I would get it in a second.",1

I use this when Im travelling and it work very well for me. I also use it at home so I don't change my work alarm clock.,1

"Have had it for six months, never failed, set three different alarms, love it plays my songs. Very easy to use, good job Angle Labs!!",1

I love it. best alarm ive had. doesn't scare me to death when I wake up from its low to high volume transitioning. :),1

"This is a great alarm clock. Fairly easy to program depending on the device you have. You can program weekly, daily or monthly alarms with any kind of music or songs. Very efficient.",1

I love this alarm clock. it tells me how much more time I have to sleep. its cool because u can use your own music. I wouldn't trust any other alarm!!!!,1

This app runs all the time even when your not using it. I shut it down and it came back on by itself. Look for another alarm.,0

"I love this app!! I used to always be late for whatever, but after I got this FREE app I have never been late for anything else. I love that you can choose a variety of sounds and that there are so many things too use, like vibrating, snooze button, and ",1

"I have literally used this app every single day since I downloaded it. It is the ONLY way I can get up and function in the mornings, as I am so not a morning person.The different settings are

perfect. I use the math problems which makes me mentally foc",1
 "I especially like the ability to have the alarm sound begin at silence and increase to 100%. I used to use my phone for my alarm. I could not disable the alarm without deleting it, then it would have to set from scratch when I needed it again. My hose",1
 I've been using this as my default alarm for months now. It's simple and it gets the job done. woot.,1
 Use this app five days a week. Very reliable and customizable . Best part is you get to wake up to your own music!,1
 This app is great and has alot of different actions and options. I use it every morning and sometimes thru the day too. Thanks,1
 Very good clock. Does what I want it to do. I can use it when I am gone for the night,1
 Don't hate it. Just haven't had the chance to use it. I'm sure it will be very handy when travelling.,0
 This alarm clock is by far the easiest alarm clock app that I've ever managed. Easily customizable and super simple. I love it. You can have any song that you have downloaded to your device or choose a selection of ringtones.,1
 I heard on some reviews that this app drains 10% of your battery.WHO CARES!!!!WE ALL HAVE CHARGERS!!I love it.It wakes me up for school everyday.I love Alarm Clock Xtreme Free!!!!!!!,1
 This app has changed my life. It is very easy to use. My life has always lacked proper discipline. With this app I have given myself a regular daily routine. My body now has adapted to this by itself but I still use the app to make sure that it stays th,1
 "I want an alarm clock that consistently works. This does. It's that simple. It does what I set it to do, without problems. I love the snooze feature that allows me to set the time interval. I don't have to choose from a list or two or three choices, I se",1
 ok so i got the saying oh i need a better alarm clock so i got i tried it and set it to 5:00am and it woke me up at 3:00am i was really angry so donr get it,0
 i need a clock to manage my time when I am on my Kindle. It suits my needs and has never given me any trouble.,1
 at first I thought it was great multi ring and ringtones... but as I tested it the ringtones were only 1/4 the loudness of the sample... even at 100% volume... then it after all the trouble the settings reset themselves....another delete,0
 You can set this to solve math problems to snooze and type in a password with many different characters (i.e. Ei3p90fvDDa) in which you'd have to be conscious to get through.,1
 "This app works great for me, especially since I have a habit of hitting the snooze button repeatedly. You can create a playlist of songs to wake up to so it's not the same thing every day and the math function is fabulous for snoozers! Works great on Mot",1
 Once in a while I'll accidentally set my alarm for pm instead of am because it switches without me noticing but I don't suppose that's the apps fault. Best alarm clock app I've used on my kindle and will continue using for as long as I use my kindle for ,1
 I've had this app for as long as I've had this kindle. And it's AMAZING! I absolutely love it. It gives you so many options and settings to choose from. It allows you to create as many alarms as you want to. Definitely worth getting. Best free app I've e,1
 "wakes me up right away on time every time, very reliable though it is annoying, but what alarm isn't? I will definitely keep depending on it to wake me for even the most important events!",1
 "I really like the options that this app gives. It would be worth it if a paid for it, even better that it is FREE!",1
 Easy to understand and use. However it would be nice to have more alarm clock sound to choose from. Thanks.,1
 I am a SERIOUS sleeper. This app is on my Sony Tablet and has become alarms #4 & #5 in my morning wake up ritual. It has a setting that makes you either answer a math problem or enter a one of those captcha things. Those settings are great & make me focu,1
 "Works great, actually makes me get up to snooze. I used to sleep through all alarms. Having to do the math problems to snooze is awesome. Even though they aren't difficult you actually have to think and that wakes me up...",1
 This is the best alarm clock and whatever you hear about this app dot believe it it might just because the people who told you had there kindle or whatever their using froze but anyway come download this app right know,1
 "I love how I can wake up to music every day, its also great when I need to wake up early for school.",1
 "I love waking up to my favorite songs (Attack on Titan, Hetalia, Bleach etc) and I love that it helps me get on up in time and not Falcon Punch the daylight's out of my kindle. The whole 'beep beep beep' of other alarm clocks just don't compare to waking",1
 These reviews are getting on my nerves. the app is great on the kindle just put it on standby and keep it plugged jeez. give it a rest.,1
 there are apps that are horrible versions of this that want you to shell out cash. get this. I have tried other ones. it was one that was the faotd like 2 months ago and everyone gave it bad ratings. this right here is simple and to the point an alarm cl,1
 "This app is awesome! It has never let me down and I've had it for three months now. I love the ability to set multiple alarms each with unique sound and snooze settings. I've been looking for

a timer, too, and finally noticed this app has timers as we",1
I like this because when you want to snooze your alarm you have to do math so when you want to wake up later you have to do the math to wake you up,1
I don't know why I downloaded this app. Used it for .45 seconds and then forgot about it. I hope this review helps you avoid it.,0
I've been using this app for about a year now. Not once has it ever failed or glitched. I love the rooster sound option as well as the option to use your own music files. Wonderful app....dependable creative and easy to use. Thanks to the creators for m,1
It is very useful I can say. My favorite part is the fact u can set it so for u too snooze or shut off alarm u have to do math problems .exp. (has other stuff to) also u can wake up to music,1
So I really like this app I use it on my Kindle Fire HD and it works perfectly this is a really good app GET IT it's AWESOME,1
"With acxf i wake up a little faster than the one i got on the android market because it tosses in subtraction too, forcing me to wake up to figure out why the blasted (in my sleepy mind) thing wont shut up. Before I just added and it would snooze.I love ",1
Uh let's you play your own music that y poo u have on your own device. You can set it for anytime and you can even change the snooze timing.,1
"This easy, yet perfectly programmable clock has never failed me. I sleep soundly knowing I will receive a perfect wake-up call. Set several alarms for work-week, week-end, special occations and forget it. Like to wake gradually or do you need the rude aw",1
"This ap did not work for me. I tried using it three different times, and all three times it was an epic fail! After alarm went off I tried to snooze it and it would not turn off. I could not get it to stop. I almost through my phone against the wall. ",0
For real though. Those who created this product covered all bases including fun ways to wake up while making it user friendly. I think the name blows but who needs a good name when the product is just that good.,1
Like the versatility. Multiple alarm tones and multiple alarms for just about any occasion. Would reccommend it to anyone. Loud enough for my spouse too. Like the options for sound volume.,1
This is a straight-forward app that does exactly what I needed. It is especially helpful when traveling and you can set to not scare the daylights out of you when the alarm sounds.,1
"Contains the option to include multiple alarms that go off at certain days of the week, to label each individual alarm, and to set reminders. I especially the like options to wake up to any music I have stored on my Kindle, which can be played by album, ",1
This is my favorite alarm clock app out of four that I have tried!!! I do not even plan on looking for any new ones!!!,1
I love the oversized snooze button. So much better than the stock application. The fade in alarm is nice subtle touch.,1
"Clean, easy to use, and handy. Exactly what I needed - no frills, just a good alarm clock with memory. Love it.",1
Can set up for my all day alarms and then some. Can set up my own alarms sounds or use the installed ones,1
"This works great. I love the building crescendo alarms so I can wake slowly. Plenty of different choices, for alarms, sounds, vibrations. Can't go wrong.",1
this app always wakes me up in the morning. It even has a mode where you can have it so that you have to do math problems before it shuts off. lololol,1
I love this app. It helps me get up in the mornings because it has the volume crescendo. I recommend this to anyone who needs an alarm.,1
Amazing app for all kids and adults who have to wake up early in the morning and have a rough time getting up. This alarm is very loud and has auto repeat that makes sure you get up. And If you are a deep sleeper I would definitely recommend this to you.,1
works really great on the kindle fire wakes you up to amd u can set your own ringtone too.you should get this up works really good,1
This little app is great! I have the alarm set for gradual increase which is a mor pleasant way to wake up in the morning or whenever! It even has a snooze button. LOVE IT!,1
I have used this app on my kindle fire for about a year now and I am very happy with it. I use the music I have downloaded. I am a heavy sleeper. This alarm wakes me up. You can adjust just about anything you can think that you would like to be able to. ,1
I love the alarm clock. It works very well. I have a hard time with my old oneThis clock is so easy to use,1
"As alarm clocks go, this one is fantastic. I had downloaded another one previously, but it only allowed me to set alarms in the morning, but I need them at other times throughout the day and night, this one works for that.",1
I have never seen a timer/alarm app with as many options as this one. I use it every day to give me notices of something that is coming up on my calendar. I especially like the feature that allows you to start the volume of an alarm low and raise it to,1
I've been using this alarm for months and it always gets me where I need to be on time! And it's free!,1
I downloaded this app for my Kindle Fire and I use it everyday. Very simple to use and loud so deep sleepers like myself still wake up.,1

I love this as an alarm clock. It has lots of options....well lots considering its free. Has worked perfectly for me as an alarm clock.,1

"This app gives all kinds of control to the people who dont get up with just a ringing alarm. It allows you to set the number of snoozes allowed, add math problems to dismiss and wake up to songs.",1

This app is very useful. I can set any alarm I want. it is great. I highly recommend betting this app.,1

I got this app went I frist got my kindle a year ago.It works great for me I use it every day,1

This app is a well qualified app to have on and android device. it never freezes or EVER messes up.,1

love this alarm clock... if your like me and press snooze in your sleep this is perfect for you. you can set it to make you answer math questions before you hit snooze!!.,1

Dont say it is stupid cause its not its great and you can hear it if you turn the volume up!,1

Works great! It is efficient in wakening me and the math problems are fun too! lol It has a lot of cool features. I do wish it had more ring tones though! Using the rooster and buzzer!,1

I have used this for about a week now & it is working great. recommended with no hesitation ; does what it is supposed to.,1

This is so easy! All you do is set the alarm for as many days as you want and your done. Unlike normal alarms it doesn't go off at the same time every day so you won't accidentally wake up at 6:00am on Saturday morning! I definitely suggest you get this,1

I very much like this app. It is really easy to operate. The clock is large enough to see. It works GREAT! Also--it is FREE!,1

"This is a great app. You can wake to any music you prefer--a different Mormon Tabernacle Choir song for each day or the same everyday. You seem to be able to set as many as needed--get up, turn off facebook and get ready, stop reading email and get rea",1

Probably THE ONLY 5* review I have given to any Amazon app. Every aspect of the app has worked so far. I even downloaded the stopwatch part and the timer part (BTW... why 3parts?),1

this works very well. good choices for settings. easy on the eyes. can setup multiple alarms. its so easy my 18 month old changed my settings and ringtones. seriously!,1

I have used this app every day for months now. It even has the classic alarm that could wake the dead. also you can set the same alarm multiple days or same times different days. never buy a new alarm clock again. or any other alarm app for your kindle.,1

"I was using my cell phone as my alarm clock (Motorola Atrix) and did not like the newest update which changed the shut off/snooze option. I downloaded this app to my Kindle Fire and am loving it. I love the different options for the snooze feature, though",1

not that of an app for alarm clocked because you have to leave you kindle screen awake. drains battery and killss your screen,0

after my alarm clock broke I had to have my mom wake me up each day. with this it wakes me up guarenteed on time and you can set it so it repeats on weekends or weekdays. it also has a way that makes the alarm start soft and gradually get louder. I thoug,1

"I use this alarm daily with no problems. very customizable. you can set how long you want your snooze to be, which is my favorite part.",1

Timing is everything and this app keeps me on track. I have tried several clock apps and this one is the only one that lives up to my expectations.,1

This app works great for what I was looking for. I did not check out others so I can't compare,1

I love having a n alarm on my kindle. I can take it anywhere. This makes it handy when traveling. I also like that I can use my music as an alarm.,1

"this was a great alarm clock. I only had a good experience with this app. It had reminder days and times, i could set my own tones or choose for it to vibrate, overall it was awesome. I don't know what the paid app is like but it must be fantastic becaus",1

"This app was the perfect solution for waking up early. I used to sleep through my alarms and i got this app and it was the cure. Ever since I got this app, i have been getting up on time, which is important since school starts this week.",1

"This app is just perfect! It is better than any other alarm, real or virtual. I love how in order to press the dismiss or snooze there is a choice for solving math problems. The volume crescendo is also a great feature, for I hate it when my clock scares",1

This is the clock I've always been looking for. This app could teach a gymnast flexibility. Wake to the music you wish make it as loud or quiet as you like. Need to catch a few zzz but afraid your too tired to hear the alarm? Be afraid no longer you can ,1

"Very good alarm clock, lets you wake up to crescendoing music of your choice. It also gives you the option of forcing you to solve math problems to shut off the alarm.",1

"This is a great app, I had a problem with my I-phone recently, so I had to relate on my Kindle Fire, and added it and works so great, I will recommend it to everyone!!",1

There is no issues with the app it is the best app for waking up and it has so many options for every thing I need.,1

A solid app that does what it says it does! It also has some cool little functions like the digital hourglass and the ability to link functions with the other AVG Labs Apps!,1

"This is one of the best free apps I've found - love how customisable it is. It's great to awaken to a favorite song, very nice snooze features and extremely easy to use.",1

I use the music option for my alarm which is cool but the best feature imo is the widget which displays the next alarm time. this is awesome as I can quickly glance at my Home screen and know if u have time for a snack or a powernap. Works great on my In,1

"I love all the customizable features and how you can set it to make you have to do math problems, it really makes me wake up.",1

"I downloaded the free version and wanted to see if I wanted pro, and what do you know I have the pro, very awesome alarm clock.",1

"I love this app! its loud, and it tells you how many hours till it goes off! very reliable :)",1

"I use this for waking me up, taking medications, tv program reminders and a timer for various things. Love it!",1

"I was looking for a simple alarm clock for my Kindle, and this one fits the bill. Not only can you have multiple alarms (one-time or repeatable), but you can also add your music to it. I can wake up to any music on my Kindle and customize playlists for e",1

"I am fortunate to have no need for an alarm clock, but I use this on my Kindle Fire all the time. I set it to remind me of conference calls and appts as I often get caught up in what I am doing and forget to look at the clock. Initially, my biggest disap",1

"Great app! love that you have multiple alarms that can be set to different songs, playlists etc. Works great on Droid X running Gingerbread.",1

ok so I got this app and I have had this for 2 years now and I love it this is perfect. this app is amazing and u get so much bang for ur buck. everyone that said one star grow up get a life this is a great app get it! get it! it is amazing!,1

I love this. I had it before on my phone before it needed a complete wipe and had forgotten about it until recently. It is a much gentler way to wake up. Instead of jumping awake at the obnoxious built in alarm this sort of grabs your attention first and,1

My regular alarm isn't loud enough. This will wake you up in no time. Will never be late or miss an appointment again. I use this daily.,1

I have to get up at different times every day' so finding an alarm that sets different times on different days and sets like that w/ you don't have to set a new one is just good.,1

There are so many different alarm sounds from which to choose. I don't worry about sleeping through the alarm anymore!,1

I use this alarm clock instead of my bedside one now!!! I really like that it's got a crescendo rather than just blaring at me.,1

Normally a regular alarm will not wake me. I can change the rings so I don't get used to the alarm sound.,1

Works great and I can choose my own music to wake up to. I have tried a few alarms and this one in my opinion is the best.,1

The alarm on our clock radio stopped working and I needed a quick and easy substitute. I love how easy this is to set and that you can pick music from your Kindle/Cloud to play as the alarm. Highly recommended.,1

An alarm clock shouldn't be that big of a deal and yet I've come to rely on my alarm clock app on my phone. I just got my Kindle Fire HD and went looking for a suitable alarm clock app. I picked the first one I found figuring they're all alike and then,1

"I use this every day. The ability to ""work math problems"" as part of the snooze feature is a real plus. Beats the heck out of my alarm clock. I've tried a few other alarm clock apps but keep coming back to this. (It is on my Kindle Fire.)",1

"This Alarm Clock Xtreme (Free) App has everything! From an alarm clock, to a stop watch to a timer!!!! It works wonderful!!!! I don't wake up to an awful buzzing drone sound. I now wake up to a gentle melody!!!! Thanks, Angle Labs!!!!",1

"It's an alarm clock, and it works, and it's free. Seriously, what more do you need? Ok but this one is cool because different days of the week I need to be up at different times and I can set this day by day and it's saved so I don't have to worry about reset",1

So much better than the Android or HTC stock clocks. I love the option to have the alarm start quietly then gradually get louder. Great app.,1

this is a great app. I love the features. I also love the alarm ring selections. I love the way it wakes me up gently which helps me start the day off with a pleasant attitude :),1

"the settings are amazing, u can set it so u have to shake the device or solve math problems to snooze, u can make it get louder, auto dismiss, and soooooooo many more I would TOTALLY recommend this app I can't even believe it's free!!!!!!!!!!",1

"Awesome app !!! Good variety of sounds, could use a couple nature sounds maybe. Didn't think it would work, pleasantly surprised.",1

keeps track of multiple alarm times on multiple days. alarm sound is pleasing but still gets you moving. this app is free but it has been so helpful to me that I would gladly pay for it. thanks for keeping me on time so many times.,1

"This is one fabulous app. Even though I am a sheet rat at heart, it's almost pleasant to wake up to this alarm. Being able to choose from my own music to be my alarm is such a cool feature. Thanks for a great app.",1

I love this app! it wakes you up at the right time and lets you wake up to the sound of your music! its perfect!,1

I love this app! Especially for my kindle it's awesome. It's repetitive snooze and alarm works for

when I don't wanna get up but it keeps going till I do! Soo I won't be late ^&middle_dot;^ u can even costume it to make the alarm music or some recording of y,1

I love this app. I tried several alarm apps and this was the best by far. It is great being able to have a set timr for weekdays and another for weekends.,1

A great free app with lots of choices so I can have multiple alarms for different family members and different reasons. Especially helpful getting my family out the door on time each day :-),1

"I love this alarm. I can preset several different alarms, it's easy to use and the displays are convenient to read. I have had no conflicts or errors with the operation on my Kindle Fire. I would highly recommend that you try this alarm app.",1

if you want to use it at night to wake you up in the morning simply connect the charger to the device so that way it wont run out of battery. it is really easy to use and you can change its color. wake up your kids in the morning with a rooster sound!;),1

I love this apps. I like that it tells you how many minutes or hours before the alarm will go off. This makes me confident that I have set the right time. I love the snooze button.,1

"This app is amazingeverything can be customized to you.... look, feel, dimness, music, buzzer, snooze time+ amount of snoozes aloud and Evan how you dismiss the alarm (shaking or math problems etc.)",1

"Had to do a full recovery with kindle support. Locked it up, no chartering no nothing...very UN pleased with this one",0

"I love the fact that I can have several alarms to set . You can set one for weekdays and another for weekends. I also need one to let me know it's time for medication. I use to have a couple of alarm clocks for this, now it is all in one place and on on",1

I had to find an alarm-clock app because I am evidently too dumb to figure out the complicated alarm settings on my new projection alarm clock. I downloaded this app late one night and was able to set it correctly in a matter of seconds. What a refresh,1

What can I say. This wakes me up every day!! I love it and glad I got it. Great app and it is easy to use.,1

"Highly functional easy to use program. You can set recurring alarms with it, like what time your class ends every Monday, and you can also use it as a timer to time "boil for ten minutes," or you can set a one time alarm to remind you of an appo",1

"I love this app! Very customizable with sooooo many options. Great selection of sounds to choose from, and so many other features, far too many to list. I plan to research this developer and see what else they have created! Kudos to the developers!! Than",1

I apsalutly (crappy spelling sorry) love this alarm clock.I have to wake up early for school and whatever time I set it to it wakes me up quickly and nicely.It also lets me custumize my alarm.It plays my FAVE songs to wake me up and lets me insert a disc,1

"it works perfectly!!!! I cant believe this app is free I wouldn't mind paying \$5 for this app its so good!! Ivan costumize ur alarm from what song it plays, all the way ti what Color it is!!!! u can eve make playlists on this app! I seriously recomend it",1

"I don't like early mornings or alarm clocks, but this app works well for me. The fade in is great!",1

"It worked as promised a few times, but now there's no sound when the alarm goes off. Yes, I checked all the settings. Bummer. Kept trying different settings and times for over a month. I really wanted to like this app!",0

"I use this daily rather than my old alarm clock. I absolutely love it. Plus, it was free. I like how the alarm starts quiet and grows louder.",1

"This works great for my Kindle Fire. As soon as I finish reading at night, I just set my clock and it wakes me in the morning. Kindle is not just for reading anymore ;-)",1

it is great wakes you up I am never late to school. it os easy to snooze. it is not bad at all.,1

I use this every morning and it never fails me. Love it!Choices of music and gets louder if you don't wake up.,1

i like because it wakes me up and it loud ialways have to wake up early and it helps,1

Seems to work just fine. Have only used it a few times so can't give any details yet about any idiosyncracies in the app. If I learn more later I will update this review.,1

"I love this Alarm Clock! As far as I can tell my Kindle Fire doesn't have an alarm, so this is what I use to wake myself up. I like the way it looks, I like the easy options and the sounds to wake up to. One of the best purchases I've boughten, I'm one v",1

"It's the most effective alarm clock I've ever had, and it's free! Trying to figure out what 23 minus 7 is is easy during the day, but trying to make the stupid freaking alarm shut up when you're still half asleep and why in the \$&",1

I like this app. its ringtone is better than my own alarm which has an annoying sound. highly recommended. I'm 12 years old!,1

"Unlimited alarm settings is most helpful. If I miss an appointment, it's because I didn't set an alarm. Great app.",1

"I have so many alarms, you would think I was apart of the fire department. This one has never let me down...",1

This was my first attempt to find an alarm that would give me options on the 'rings'. I really DO NOT like the choices on the Kindle. (Sorry to admit because I love my Kindle!) But this had the very same sounds and no other attractive options to ,0

I use this as my regular alarm clock. I like the ringers for it and I like how I can set several different alarms for to go off on different days. It appears to be intended for use on a phone but I use it on the Kindle Fire and really like it.,1

Good free app for my Kindle Fire. Easy to use if you just want something to let you know when to get up. You can set several alarms. Not annoying. I set mine to start with a soft sound and gradually get louder. Works great!,1

"I love this alarm app. I have various settings for different days and hours to awake. The early morning alarm for weekdays is the Rooster crowing. It gets louder until I wake up and either dismiss it, or snooze the alarm. The second line of defense is to",1

"This alarm clock app helps me wake up early in the morning before every one else here at our beach house. (We only stay 1 week a year :() So then I have time to get ready, make some anklets, work out, read a book, and watch T.V. I haven't noticed any p",1

I love the flexibility of the alarm. Works well on my kindle. I love the use pf math problems. to wake and/or interrupt & prompt me to go to sleep. Great app. Can't speak to how much it drains battery.,1

this is a great alarm clock. in the summer we have storms and lightening electric alarm clocks get hit and with this is my best alarm.,1

"I download this app and then when i went to school, I was sitting and it thought I was sleeping and rung and the teacher was like give me it, and I had to kill her so she don't, then aliens came and I made a band then stole the statue of liberty and am n",1

I'm not understanding the reviews for the kindle fire. I have been using this app since the summer and it works perfectly. I love it you get to choose your own song to wake you up or choose what ever sound thats on your device. Compatible with the youtu,1

"This app provides an option to make me do math, before allowing me to hit snooze, much less dismiss the alarm. So, not only is my brain being forced to wake up, just to turn the alarm off, but my mental math skills are improving! I am very happy with thi",1

I use this often. It's quite and gradually gets louder and louder. Work great on my Kindle! It's a keeper!,1

"Finally, a free alarm clock that does everything I want it to... This app has so many different ways to wake you up and I love it. LOVE THIS APP!",1

I was skeptical about how this appt could wake you up when your Kindle was turned off. But it does beautifully! It really amazed me at how many settings there are. I just love it!,1

GREAT ALARM CLOCK. I USE IT FOR WORK EVERY MORNING. I THINK THE ALARM CLOCK IS WELL DONE AND I HIGHLY RECOMMEND IT.,1

"I have only used this a couple of times. Read the reveiw and since I do not always have my kindle plugged in, was concerned that it might drain the battery. I haven't noticed that being a problem. It might be useful to know though, that if you have somet",1

I have used this app a few times now. The app is nice and loud and will not stop until i stop the alarm myself. Get this app you will not be dissapointed.,1

the software is not much different than the regular standard alarm clock. definitely not worth paid 4. this is about the best alarm clock application. it is however very standard.,0

I absolutely LOVE this app. I've been using it for sometime now and I really love the way it wakes me up slowly rather than the shell shock out of bed sort. lol I highly recommend it.,1

"I've had clock apps in the past that have failed me as far as the alarm goes. This one not only woke me up on time, but it worked even though my Kindle cover was closed! I love it!",1

I love this app. I have pre-set my daily alarm time and it hasn't failed me yet. I also enjoy getting to choose what sound I want to use. It also allows me 10 minute snoozes. It is very easy to set the alarm time. Set and forget. I keep my Fire plu,1

repeats and uses the same approach as my phone does. could be louder but since kindle does not over heat it can lay under or next to my pillow.,1

"Yeah, it's not saying much, but the app is very good, has a ton of time-related gizmos outside of the alarm itself and it's freaking free. It's a must have, whether you need a new alarm clock, travel or want to increase the Kindle Fire's functionality.",1

"easy to set, nice ring tone, works. (doesn't have clock face that I know of, it has a digital readout. you should test drive it)",1

When I got this it was awesome. but... after a month it quite working and I was late for school etc.,0

"If you need a free alarm clock, this is it. Easy to use, great features, and it's free!!! This was the first app I put on my Kindle!",1

I can't believe this is free! It's great! There are a bunch of options for snooze and dismiss. Great alarm clock! And I haven't had any glitches!,1

"It is an awesome app. It has so many options customization, and tools that easily make it the best app of its kind.",1

This is the second phone I've this app on and I love it! It has everything I need and much much more!,1

Works great. Replaced other alarm clock app with this one. I have had no problems with this app. It has been very reliable. :-),1

One day I messed up my phone @ work..so I had to buy a cheap phone to get me by for the month..anyways my cheap phone didn't have the simplest thing..such as an alarm clock. I browsed

through my kindle looking for a simple alarm clock and found this one.,1
Alarm Clock Xtreme is a great app.Easy to use and has all the features I could ask for.Highly recommended.,1
"I used to always turn my alarm off after a few snoozes thinking I would get up. Several times I fell back asleep, and was very late for work. With this alarm you can elect to solve math problems before you completely turn off the alarm. I love this! Have",1
"Works GREAT!!! I have used it for medical reasons, especially when I had to take medicine several times during a night (every 4 hours) for a short time. I could set several times at once. Also good for travelling - I depend just like my phone. In f",1
I use this app every morning as my alarm and it's wonderful! Highly recommend..you will not be disappointed. Very happy customer.,1
I'll look in my downloads area of my Kindle. So if I can't find it then obviously I can't rate it. LOL,0
I really like this app. I am able to set several different alarms and can select to wake to the music I have saved on my Kindle Fire.,1
"This works great on my kindle fire! I love it. I can set my alarm to go off with my music. I like how it starts out really soft, then gets louder. You can set multiple alarms at the same time, and there's even a timer too. It doesn't drain my battery at ",1
This clock is super loud and super easy to use. I would recommend to anyone who has trouble waking up,1
"As a 14 year old freshmen waking up at about 5 a.m. isn't fun. This alarm clock gives mii options and variety on how I want to be woken up ! I love it, best alarm clock on the market !",1
this app is amazing! its very accurate on the time and has a graet volume so I can here it. I don't have an alarm clock so this makes a great one. I'm really pleased with this app!,1
Works perfectly! Love picking a random song to wake up to! Would recommend to anyone who is looking for a great alarm clock!,1
I never here alarm clocks. This one does the trick; I never have to reset after the power goes out. It works... buff said.,1
"I really love this app. it allows you to set it so it goes off to songs you own! it is so cool. I've never actually tried it without it being plugged in, because I charge my kindle while I sleep, so maybe what the reviews that talked about it draining ba",1
I wake up to it! It was simple to download and simple to set different alarms for different days. It was a nice back-up alarm when my clock died.,1
this clock app works well for timing how long my children read to a travel alarm. I'd recommend it for anyone.,1
"It is my only alarm clock. Love waking up to my playlist. Easy to use, unlike an iHome product on which I wasted my money.",1
"I have had alot of alarm apps...and there were a couple of times they didnt go off...but this alarm ALWAYS goes off! i love it, there are fun ways to set snooze such as shaking the device and even solving math problems...it is a MUST get..enjoy:",1
This is a great alarm app.Especially for it to be free!! I Strongly And Highly Recommend this App..!!You Won't Regret It At All!!! So Many Options And The Fade In Options Is So Great!!DOWNLOAD NOW DON'T THINK ABOUT IT!!,1
"I love how you can customize your own music to the alarm settings,plus so many features it`ts hard to believe that it is free!!! I would recommend this to everyone who needs an everyday alarm.",1
I really like this app! It is a great alarm clock! It wakes me up when I need to! I recommend this app!,1
Does what it says it does. Lots of options. We use this on both our kindle fires. I do recommend this.,1
"I love this app! I have had trouble waking up for...well, forever. This alarm has an option (set as default) to wake you gently with a gradual increase in volume. Add to that the giant snooze button and smaller dismiss button, the option to do math probl",1
Great app. Keeps me on point. I never miss anything I need to do having this on my Kindle. And it's free! Thanks!,1
This app is the best! I would never wake up before but since I got the app I wake up every morning and I love the math method for the snooze. Highly recommended.,1
I use this alarm almost everyday. its loud and I like it has many different ringtone options. don't miss out on this FREE app,1
"This is an excellent alarm clock. I had originally purchased one that was \$1.99, but it only worked one day. This one works each and every day....I actually use it as a back up to my regular alarm clock just in case there is a power loss. (So much for",1
Easy to use and many great features make this a must have app. I highly recommend it. There are so many options to customize how you wake up. I especially like the feature that resets the alarm automatically but allows you to select what days of the w,1
Couldn't get it to work on my Kindle so I deleted the app because it kept hanging up and malfunctioning.,0
this is amazing because like my kindle didn't come with a alarm clock so I guest I downloaded it and it like very strong when I wake up and I really sometimes I cant hear alarms but this one I

can,1

"Ok, I'm going to give some readers TMI here.....but I have chronic insomnia and other medical conditions that make sleep impossible. When I finally get to sleep, if I do, I have trouble getting up. I have to set...yes, really, 9 alarms. Well, now 4 of t",1

"this alarm clock app is very nice. it can wake you up starting from soft to loud. it also has cool features, such as how you can set it so that you have to solve math problems or enter a code to turn it off. you can also set the number of math problems a",1

I found this app under the free app of the day. it has been extremely useful for my iirregular schedule so I am not constantly resetting a traditional alarm clock. it is very easy to use.,1

This is hands down my favorite app I have on my Kindle fire. The alarm clock has taken the place of my cell phone one and my real one on my night stand. It is super easy to use. My favorite things about the app are how you have many alarm sound option,1

This app is really useful and easy to use. I use it every morning! you get to customize the sound and really everything else!,1

I haven't tried some of the other alarm apps out there because I don't need to. This app has everything you could want. It even lets you use your own music to wake your self up! I love it.,1
this alarm clock really does work. I thought at first I would not be able to hear the alarm but it was loud enough. I was using my cell as my alarm clock and I now I can turn off my cell and not get any phone calls when I am trying to sleep,1

"Love the fade-in option. App is very customizable. This is one of the first alarms I ever installed, I paid for it and I won't ever have a need to replace it with anything else.",1

A workhorse. Love the standard alarm sound choices. Caffeinated rattlesnake rocks!!! I really wish reviews were character - count based....,1

"This is an awesome free app! I like it because it doesn't scare the heebie jeebies out of you when it goes off. It starts off low and slowly gets louder. There are a ton of options you can choose from, i.e. the size of the snooze button; what music you p",1

Easy to use and if you have to wake up this is a good way to do it. Love the declining snooze and small dismiss button.,1

"My children get out of school at one time 4 days a week, but a different time 1 day a week. Also, one child takes viola after school 2 days a week and the other child does taekwondo at various times on various different days. I'd often find myself runnin",1

Great free app.... Great free app... Great free app... Works great. No complaints! Recommended to kindle users! Thanks!,1

I love this app because it can play all sorts of sounds and even mp3 is included. this is so amazing. :),1

This is a great app and the recent upgrade just made it BETTER! I've never had a problem with it :),1

I'm never late.!i love. all of the different features on this app you can do pretty much anything and everything and that's what I need....so in my eyes its perfect,1

"Works great - easy to set up and can have multiple alarms going at the same time. I also love that it overrides the volume button, so it doesn't matter if I've turned off the sound, the alarm goes off anyway (just make sure you don't leave headphones pl",1

"This is a great app to use for just about anything involving time. I use it to help keep the household schedule straight and it has always worked. I especially like that I can set it so that you have to do math problems to get it to stop, and that I can ",1

My son set this up for me on my Kindle Fire....it worked perfectly! I have only used it once but plan to use it for future travel. It is handy!,1

This app works great. I set multiple alarms and label them. I have never had any problems with this app.,1

I like having the option to calmly waking to 1D singing to me or hearing the Yeah Yeah Yeahs to really motivate me. Great app!,1

"Use your own music if you want, even a different selection for different times or days. Set it up to whatever days and times you want and never worry if your alarm is set again if you like. So many ways to customize this app that you will wonder how yo",1

"By far the best, and easiest alarm clock app to use. I have tried all of the other free ones only to have them either not go off or crash. This one has always worked flawlessly. The developer actually listens to the users when they have a problem and ",1

"This little app wakes me up every day. I've abandoned my old clock radio. I have it installed on my cell phone and Kindle Fire. It's especially helpful when traveling. I don't have to figure out the alarm in the hotel room, and it removes worrying w",1

"This, I think by far... is the best alarm clock app. You can TOTALLY make it your own digital alarm clock, from ringtones, button fixes, sound and display, and even if you're on a schedule for work, you can change the settings to repeat, where as in my c",1

"There are a ton of sound options for this alarm program, most of which I'm sure people would never consider but it's fun to go through them and laugh at the possibility of waking up to some of the noises. There are many good options as well, 5-stars.-D",1

"Really nice alarm clock app, great features, very customizable. I've used it for several months now and it has met every need. I particularly love how you can fade in the sound or music, no more being startled awake (you can even set the length of the f",1

nothing you don't need. everything you do. ads are there. but don't get in way. i like the increasing volume feature.,1

Great Alarm!!! I like where you can change the color theme. It gradually gets loud and doesn't shock you awake. The snooze is great as well. I have it set for 10 minutes. And it's FREE !!!!!!!!!!!!!!!!!!!!!!! :) :) :) :) :) :) :),1

now remember people this isn't just alarm clock free its alarm clock XTREAMEEEEEEEEEEE free yah so you've got to be XTREAMEEEEEEEEEEE. To be able to use this witch is why I uninstalled,1

Why not get one app that does both work as a timer s well as a super alarm? I like the variety of sounds as well as the ease of operation. Five stars!,1

Works. Sound volume seems fine; limited only by the volume of kindle fire. Starts off low volume and slowly increaseses so as to wake you in a more natural manner than a suddenly blaring alarm.,1

This app is definitely worth the download. It wakes me up and even allows me to fall back asleep. I'm on time for appointments no matter how late I fall asleep. Thanks.,1

I've tested several alarm clocks for my Kindle Fire HD but this is the best.It's packed with features and comes with a lot of preloaded sounds.Some are named after constellations which I like as a stargazer.And they are loud enough to wake the dead.,1

hay is a really good app try it and u will love it u can but your own song to wake u up and u can change the min really good app try it,1

Its simple and it does what it is supposed to do. Easy to add your own music as your alarm. I love the timer feature...great for cooking or setting limits on my kid's use of the kindle.,1

"I use the alarms all the time. Not just to wake up each morning, but also as reminders about specific tasks. My 4 year old hears it and knows what's coming up because of the ringtone. So many tones to choose from. I also love all the different settings ",1

"This is a good app if you dont have an alarm clock...i used this when i had to wake me up in the morning.You pick the alarms sound,volume,and everything that suits you!",1

this alarm clock doesn't even work and there's no ring when you set it and i didn't know how to make it work.,0

"I have this on both my phone and kindle. I recommended it and installed it on my brother and mother's kindles as well. It is easy to use, easy to set the time and easy to snooze or shut off.",1

Very reliable and easy to use. I rely on it every day. Good job!I am running it on a standard Kindle Fire.,1

"This is a fully functional, easy to use alarm clock with a timer and a stopwatch. My favorite feature is that when the alarm goes off, it starts very soft and gradually gets louder. So much nicer than being blasted awake! I have no need for other alar",1

"I tried your alarm for the first time last night, I set the clock for 6:00 am for early wake up, at 8:00 am it went off, I don't know I changed it wake up, the alarm even showed the time in hours and minutes before wake up. I deleted it and will try an",0

it nvr turned on wit my kindle or nvr went off should i say but once again nt worth the dwnload,0 There isn't anything I don't like about this app. I would highly recommend it to anyone. Give it a try!,1

"I got this for my Kindle Fire and it works perfectly. I use the music on my Kindle instead of a regular alarm or ringtone, and it can get pretty loud. It does run in the background after you set an alarm, so I recommend setting it before you sleep and ke",1

"Outstanding app. One of my favorites: very customizable, intuitive, easy to use. love the 'shake to snooze' feature!! Ads aren't overly intrusive. Great product.",1

"Nice alarm. Good luck sleeping through the rooster tone. Several tones to choose from. Several alarms can be set at the same time. You can set it to ring/Buzz/whatever just one time. Every weekday, every Wednesday(or Friday or whatever you want). Very ha",1

This is the perfect alarm clock for me. Since I read myself to sleep each night I always have my Kindle Fire next to me. Adding the app made perfect sense. I like that I can select from so many ring-tones as my wake up sound and I love that I can set ,1

This app works well for me. It is dependable and does everything I wanted it to do: wake me up.,1

"With my busy scheduale I have to be up at 5;40 AM each morning. Being my age (14), and having to wake up at this time is so hard and I have to say that the normal Heep's do nothing but temporarily wake me up. Thisnon.the other hand is easy to use and mak",1

All the features I need and a seemingly limitless number of alarms permitted. I like that I can choose a specific song as the alarm sound or have the app choose at random from my music library. Very complete app with no negatives for me. I highly reco,1

I downloaded this due to I was having phone problems and needed a back up alarm clock. It goes off ontime whether the Kindle is on silent or off.,1

"I really like this app. I have a question though, I received a notice of an update. How do I get it?",1

This is such a terrific application! I have a choice of varied pre-sets that are pleasant to the ear or my fav music selection. The single best concept here is the ability to have the alarm start off quietly and gradually increase in volume. And no limit,1

"This is an excellent app. It works well and easy to use. The format was well thought out. I have not found any features I would like to have that were not there. ",1

"It's an alarm clock that works perfectly. You can set up multiple alarms, various sounds, etc.

Does what it says. Thanks!",1

"This is the best clock app I have used with tons of features like different ring tones. setting ringer volume separate from other on my kindle, volume crescendo which starts out soft and gradually gets louder so its not obnoxious and more! I cant believe",1

"This app is really great, it has all the accommodations that a good alarm needs. Works great for Kindle Fire and if you have music you can listen to that when you wake up. You should totally get it because if you don't a little girl named Sarah will show",1

this is a great app and u can adjust the volume of the alarms so they don't freak u out! I recommend this app for Kindle Fire.,1

Use this alarm clock all the time on my kindle. Great reminder and extremely handy when you're busy doing other things and lose track of time.,1

I really like this app as I use it when I have to be somewhere and I am looking up things on the web. Keeps track of the time.,1

"I am an extremely heavy sleeper. I already had an alarm clock app that showed the weather as well on my kindle, but it limited me to only three alarms. Yes, I do need more than 3 alarms that wake up, even if they go off in succession. This alarm clock",1

I love this app... it is so amazing it has woken me up everyday for the last 6monthes failing only once.... and that is helpful because I'm a heavy sleeper.....,1

Very easy to set up and it is highly customizable. The alarm is loud and can be set to rise gradually. Alarm can be set for different days all at once.,1

I am a very heavy sleeper and this is the only alarm that wakes me up. I also love the gradually getting louder so it doesn't burst my eardrums. so handy I love it,1

My husband and I live by this alarm app! It's the best alarm we've found that actually wakes us up. Lol! We especially like the Rooster Alarm! Lol!,1

This really is a good app. It has an alarm and and a timer sort of thing. It has never failed me in the mornings when I have to get up. It works great and is totally worth getting!,1

"This is a great free application. I use it as a secondary alarm, and it has never failed. I also use this as a travel alarm.",1

Another very easy to set alarm clock for my Kindle (Why should I have to wake up early if I'm on vacation - other than to hit the Continental Breakfast Bar and to get an early start on the day?) but it works great.,1

"Alarm Clock Xtreme Free is a great little tool to have on my Kindle Fire. There are plenty of sounds to choose from, and I like that it starts out softly and persistantly increases volume till you wake up. The timer numbers are large enough that I can s",1

"This alarm clock app is excellent! It is easy to set and control with it's many options. I really like the ability to upload music. And I did, a beautiful instrumental of Wichita Lineman by Johnny G. For those of you who remember this Glen Campbell s",1

"Since My Kindle is on the nightstand, or what may be serving as a night stand, this app gets me up every morning. To wake up it plays my own music stored on the Kindle and functions every bit like an expensive bed side alarm clock. This bed side alarm ",1

"Angle labs has thought of everything, from shake to snooze to solve a math problem. The UI is great and easy to use. plays MP3s or built in alarm ringtones.",1

I can change color and wake up to some hip-hop music while brushing my teeth every morning I wake up at five o clock and beg for thirty more minutes waking up now is going to be a breeze I just listen and enjoy music then get up for middle school.LOVE TH,1

"Waste of time, download and headache. I got Alarm clock and love it. The only xtreme here is the time you will waste!",0

"This app does exactly what I need. It is an alarm clock that actually works. You can set alarms for multiple times, on different schedules, etc. I currently set my alarm according to my work week and set a separate alarm for my weekend activities.",1

"This is by far the best alarm clock app ever, and it's totally free!!! I love this app!! There are so many settings so you can customise your alarms any way you want!!!! You can ever here your favorite songs first thing in the morning to put a huge smile",1

"I travel a lot and always take my Kindle for watching movies on the plane. Because of Alarm Clock. Xtreme I have no need to take an alarm clock too. It works great, is easy to use, and I love of. It has never let me down.",1

"Terrific app! I thought I might use it for travel or as a nap alarm, but there are so many cool features that it's already replaced my real alarm clock. I'm a chronic snooze-abuser, so the snooze features are perfect for me.",1

"I highly recommend Alarm Clock Xtreme Free because it allows the user to setup multiple alarms, and the user also gets to select to wake up to either an alarm sound or a song of their choice. This app is worth it!",1

I cant have this without it freezing and I cant turn it off it has a stupid virese It doesn't even sack me up(.)(.)n,0

Love this alarm clock app.. love the different sound choices and volume selector too... also has snooze function too =),1

"Without this app, I would be hitting the snooze button and being late everyday. Very simple interface and good amount of personalization",1

This is perfect. It has options that allow me to keep track of every activity for the whole

family. It allows for all the variations for repeats that I need. I usually don't write reviews but this one is so worth the effort. I really love all the options,1

"I love that I can use my own music and sounds for waking up, and set as many as I need. I wake up at varying times, depending on the day and need a different sound for each. this app is reliable and able to accommodate my desire for waking to my meditation",1

"Exactly what I was looking for, ease of use, no messy/complicated app to download. Use this on my Kindle Fire for when I'm just reading and taking a bit of a nap with the baby. It is loud enough for me to hear it but not too loud to disturb the baby. ",1

"clock works great, is nice and loud to take you up from the deepest of sleeps, easy features to customize your alarms!",1

Works well. No crashes. I like how you can use personal music as they wake up. Like the options such as decreasing snooze time.,1

This is a great app. You can set several different alarms for different days all at once. It allows you to slowly increase the volume as the alarms ring. It also has a great feature that allows you to simply shake your phone to shut off the alarm. ,1

I use this app as an alarm clock when I need to wake up to be on time for appointments. It's very user friendly.,1

I have tried many alarm clocks where you can just hit snooze only for it not to go off again. This one makes you open your eyes to see the off button otherwise it just keeps going,1

it is so bad. I turned the volume all the way up and I could not hear it. I am not 60 when I can't hear things but man this app sucks.,0

"Works as described. Love it would recommend to everyone that needs reminded of things to take care of at certain times of the day and the week. Great app thank you amazon, for this free gadget! I always look to see other reviews on products worth purchasing",1

Does not work how it says it will. Not worth the time or space for download. I do not recommend this app.,0

"The Setup is pretty basic you can pick the alarm sound, or name the alarm you're setting up, put the alarm on repetitive days, change the way the sound is executed etc. etc.. This is a very handy app ..I usually hide my kindle so that I have no choice but",1

"This app was just what I needed. I have had 6 different alarm functions going at once, I don't know what the max is. I can set each alarm for a separate day(s) auto snooze or dismiss or neither, choose from many different alarms that are built in. I have",1

does everything I wanted it too. I use it almost everyday as an alarm. would recommend to anyone looking for one.,1

"~All this app stuff is new & confusing to me, this was the first app I got that was easy to use. I don't understand why most apps are more confusing than they need to be.",1

I wish I had downloaded this a long time ago. Easy to set gentle noises or loud. The gradual alarm is awesome. Two thumbs up.,1

Great app. It does what says. It is easy to use and configurable to do everything you need it to do.,1

I think it's great and absolutely perfect! I recommend it to everybody who has to get up at a certain time.,1

I have been using this app for a couple of months and I love it. It is so easy to set alarms and have your music or lots of other sounds wake you up. And is so easy to turn off or hit snooze. GREAT. GREAT,1

I used this app this morning to wake me at 5:45-not my usual time by any means. I set it to rooster crow and it was plenty loud even woke up the kids down the hall. will use this all the time,1

I love the fact that I can have my phone on silent and the alarm clock work with sound. I have a different alarm app that I paid for and it doesn't do close to the amount of things this app can do. I can customize it to play my own music for the alarm cl,1

"Great. app. Able to change sound, method of turning off alarm. I use it as backup to my regular alarm.",1

runs on the fire but you can't hear the alarm mostly the fire's fault. Also the clock display (digital) is a waste of the available real estate.,0

This wakes me everyday. And I have to get up at 3am. I check it every night and plug in my kindle and no prob.,1

"This app may be a free alarm clock, but it's not like others. This alarm has different settings to help wake you such as doing math problems of different difficulties to the selection of an alarm that you can get music from your device on the kindle, not ",1

I love this app...it works great and one thing I love about it ...is that when you set an alarm it tells you how long you have till it goes off!,1

If you need an alarm this is the app! I use this every day to wake up to school... this app prevents me from going back to sleep... I definitely would recommend this app,1

"I absolutely love this app!! The volume increases in up to 60 seconds. You can choose your alarm noise, and the snooze features!! This is a great app, you defiantly should install it!!!",1

"Love this free alarm clock app! There are a lot of different alarm sounds to choose from; can choose to snooze or not to snooze; can set alarms for different days and/or times and each one can have a different sounding alert, including music. It loaded w",1

"This is a great app for free. I was surprised with the ability of customizing it; right down to the fade in alarm, so that you are not frightened awake. It does have advertisements, but I have not had any problems with that. I have this and a paid for al",1

"It's amazing, but a 1 suggestion for extra personalization:1. You could add the ability to display pictures as a background.Also, to really give an awesome alarm, the downloader should also get the FreeDI youtube downloader. Download music by going to yo",1

wonderful alarm clock w/ great options! I have mine set to start quietly and gradually get louder -nice sound options that are not annoying or abrupt. Also has the option to wake up to a Pandora playlist (which I just noticed and have not used yet) ha,1

I have been using this as my morning wake up alarm since I purchased my Kindle fire and it has worked very well.,1

I love being able to set multiple alarms in the morning simply because I tend to not wake up at the first one. I paired it with the InkPad Notepad (for notes) so I can alarm myself to see the notes to make sure I do what I typed out.,1

"I can sleep through just about anything...except this very loud alarm. Easy to use, have multiple alarms for set days of the week, programmable snooze duration, customizable ringers and more!",1

I love t it has always be here you should even raise the price I mean it's free at least 99 cent cause this is needed to.wake you up and all the selections you v you get is wonderful-Jojo,1

"I use this alarm for waking, medicine reminders and more. The many different settings and multiple alarm set up is why. Setting music as the alarm sound would be a bonus.",1

"I use this app to get up for school every day, and it is great. its very customizable and a great tool to have. To anyone looking for an alarm app, the search ends here.",1

"Feature packed app, yet very easy to use. Really like that you can select music for the ringers including the timer feature. The organization of the main screen is also well done.",1

"I love this! As so many people have pointed out, it really works -- as long as you only need to set alarms for one day. I guess the paid version gives you more options, but this really works. I especially love it for times when I have to be at a certa",1

I have the free version and this is a great app for my Kindle Fire. I use it every day!,1

"I have been using this app for a year on my kindle and I love it. You can set and save several different alarms, all with different settings.",1

Thank you AVG Labs as this app works as stated which is excellent. The option of utilizing your own music is a major bonus that sets this app apart from the other alarm apps. This is a great alarm app.,1

Free super easy to customize app for those who engage in timefoolery-- setting the alarm early so you can purposely enjoy the extra time snoozing. Hit the snooze with a tap or solve increasingly difficult math problems to wake your brain up. Adjust the C,1

"Didn't work for me on multiple levels. I uninstalled it within about an hour and went looking for another ""reminder"" system that would meet my needs. Not worth the effort from over here in my world.",0

This is by far the best alarm clock. I love the way it wake me up gently with my music. The music goes from soft to louder so that it doesn't jar you awake. Love it!,1

"I was disappointed in an alarm clock I downloaded before this.. that was intricate, but I couldn't figure out how to turn off the alarm..This one is a lot simpler and forgoes the fancy clock display, but makes up for that 10 times in useability. The set",1

There are so many features and options here I can't believe it's a free app. Replaced the phone's stock alarm & my actual alarm clock. Best feature is probably the progressive volume.,1

Nice app that does what it says it will do. Easy to navigate and setup. I use it over the alarm app on my phone.,1

"Usually people hate their alarm clocks, but this one is so easy to use! And has many many different alarms, my favorite is safari and world.",1

this is the best alarm clock app you will find. a huge plus is that it is free. the ads are small and unnoticed while the alarms are loud and clear. great app.,1

This is a very very good app to buy..... plus it Is FREE so get your alarm clock extreme right away,1

"nice app....gives you options if you need them but not so many that its confusing. replaced the stock alarm on my HTC thunderbolt, feels like the developer looked st the pros and cons of every other app and fixed all of them.",1

UPDATED 4-20-14I've had this app for about a year and a half and it never lets me down. I stand by it 100%!The most important feature I was looking for was AUTO-SNOOZE and this has it! You don't have to touch your phone if you don't want to deal with t,1

"I love this app, and whenever I'm at a camp, I use it to wake myself up. Even my cousin said it was awesome, and she's Mel B from America's got Talent!",1

"This alarm clock is so helpful because of its great ability at waking me up whenever i need to! I can wake up to the radio, my favorite song, or one of the provided alarms you can choose from. I also like that you can make an alarm repeat whenever you ne",1

This app works great. I love it. I truly depend on it. Free version is awesome! I would recommend this to everyone.,1

Handy free app that hasn't failed me yet! Absurdly easy to set your wake time with the option of solving a math problem to be able to either turn off the alarm or hit the snooze button. Either

415/683

wake me up every morning. (The clock included with the kindle c",1
 I have used this alarm clock for almost two years now and rely on it to get up for school in the morning. It has a useful timer and is very easy to use. I strongly recommend using this app.,1
 I'm just sad that the option to play random song by artist broke on my phone when i upgraded my Atrix 2 to icecream sandwich. I still use the alarm every day. I get waken up and practice in my math skills.,1
 a great ap! does everything you would want an alarm clock to do! I would reccomend it highly to everyone! it can also be customized.,1
 "I have been using this app for at least 6 months. This program has satisfied me ever since. I consider about the flexibility. We can both use the available tones, which I barely use, and our own music. I think the useful point of this app is the amount o",1
 I've tried to use this several times. But it has never woken me up. This one is a waste of time.,0
 I really like it does what its supposed to do never had any problems. I'm sure it has other good features but I just use the alarm,1
 "This app met all my expectations and then some. Choosing music to play as the alarm, randoming the songs if you want, and even volume ramp up. Then there is the adjusting snooze function. Love this app!",1
 Ever since I downloaded this app I haven't Been late for school. I go to a Catholic school so their really strict. Good job creator! P.S I love Harry Styles & #directioner,1
 use this alarm every night. it only drains your kindles battery down about 2% each night. definitely deserves the 5 stars.,1
 "As the title said, the app force closed on page 12 all the time. Tried on 3 Verizon Thunderbolt devices and same thing.",0
 I wanted to sort my Kindle books. I bought this because I thought it would work on my tablet. Amazon's Shelfari won't work on my Samsung device.,0
 I downloaded this on my sisters tablet thinking that it was the lateset version. She needs to be able to highlight. It does nothing more than the free version! This is a rip off. Either give me an update to the new 2.2.0 version or give me a refund!,0
 "I love the highlight function. I use this to study and highlight my answers, I love that it remembers where I was unlike Adobe which starts you at the beginning of the book. Awesome APP!",1
 This progam is able to use (Adobe Text Doc and epub) so no matter what I download from there or any other book store I use it. It also put the book in order or how ever I set it up in seetings.yes I would recomen this reader to my friends.,1
 Worked good on my Pandigital 9 inch Slate Droid Running Android 2.0.Problem is that it uses 6 or 7 Meg of memory and I removed it so I could install other Apps. Am looking for a lighter E-reader.I may reload this if I decide to dedicate my device to stri,1
 I use epub a lot and it works great for that.recomended for all needing a good reader. Try it now.,1
 you will have to have this app to read books other than those purchased at the google play store on nexus 7 tablet.there are others that can be used but this is my favorite.clean delivery with no problems,1
 "Love this app as well. It helps keep my books organized, keeps notes and highlights neatly in one area. The bookmarks and other options on this app help keep me organized.",1
 "A straight forward reading platform that has always seemed to work. Others I have tried just don't seem to be as reliable. I don't know if there is better out there, as I stopped looking because this works reliably. Like it.",1
 "Everything that can be said has been said, the level of customization is amazing but the navigation is intuitive enough that anyone can setup the simplest routine or a very elaborate alarm schedule without getting a headache. Awesome app! The timer is a ",1
 I've been using this app for 6 months and it hasn't failed me yet. I set it for the morning and also can set it for naps. This is the one app I can't do without. Thanks developer's for a great alarm. Thanks Amazon for the most used app I have.,1
 "Update: 5 stars for certain sure.Great app, love it, use it all the time. Had to download again due to phone problem, and looked more closely at the Permissions. Had some major questions, so wrote the developer. Got an almost instant and fully informati",1
 I first tried the free version and was happy with it but this one is great. It is very versatile and has many applications that you use day to day. This is a very good App and i would recommend this one to all.,1
 This application is amazing! I love the progressively louder alarm. I finally get to wake up softly. It is also very customizable!,1
 I picked up the free version of this app then the paid version popped up on the free app of the day so I downloaded it. the free version is quite full and useful and doesn't feel like things are missing from it so I probably wouldn't pay for th,1
 This alarm clock is great. It is really easy to use. I can have different times for the week days and weekends.I like the different tones and that I can pick music.I suck at math so having to do a math problem to turn it off really works.,1
 "I've had some pretty annoying alarm clocks in my life, but this one is a winner!!! I started using it when my stock alarm stopped working. Stock works again, but ACX is much better, with many

more features!!! Great useful app, thanx:-)Dear amazon, it wou",1
"Easy to use, reliable; very solid app.I would like to see the widget made a little prettier and would LOVE a 1x1 widget.",1
I've been using the free version for months. I love it thank you amazon for giving us this one for free,1
"I've had the free version for a while, and it's been great. I'm not sure what th difference is with the paid, but I think it's the ability to set unlimited alarms. it's a great little app! it definitely deserves more than four st",1
"I like having multiple alarms, and being able to select different songs. It is easy to use, and set up, I have one work day alarm and another for other occasions that I turn as needed.",1
"i love the custom features in this one. i dont get startled out of sleep anymore, the gradual volume increase is just what i needed.",1
"I use this instead of the stock android alarm because you get more options, the LG revolution has a crappy alarm clock, this is much more natural feeling.",1
My favorite alarm clock app. I'm really happy that it's the free app of the day; I was planning on buying it anyway and I just saved some cash!,1
"This app does everything I need. It always works, restarts as needed, etc. Widget to show next alarm time and great advanced settings.",1
"don't know how, since it doesn't dl 2 SD. but, somehow my SD card is now read only & it happened immediately after opening this app.",0
"This alarm clock likes u to pick many different audio options, and the turn off feature is math from easy 5-2 to complex algebra, some of it is very hard especially when you are half wake! Love!EDIT: i STILL use this everyday!!!best money i have ever spe",1
"High praise for this app. I use it for my default alarms, and for daily time reminders. It's HIGHLY configurable, set the amount of snooze (or none), the the length of ring, anything you can think of is in the app. Great work Angle Labs!",1
"I have a problem hitting the snooze over and over in the mornings. After twenty years of working I should be use to getting up early but that will never happen. This alarm is awesome, I have it set prompt me to solve math problems before I can hit snoo",1
"Incredibly useful app that I use every day and it has never failed me, even when other things on my phone are wiggling out. I have to take pills all day long and I have several alarms scheduled for every day. This app has frequent updates and has had sev",1
"when i uninstalled this app and tried to reinstall, it would not download again. i lost my money. still using the free version because I love the app.",0
"I use this app every day. I love the many aspects of customization, from what alarm noise to use to the difficulty level of math problems. It allows you to make it perfect for YOU. I wouldn't change a thing about it.",1
"I use this alarm app every day to wake me up for military formations and for important meetings whenever I'm sleeping or need a reminder.This app has never failed me. I got it as a ""Free App of the Day"" a while back, but I would pay \$10 for this app beca",1
I do love it. I like that you can choose from the music playlist andI like the way that the alarm gets progressively louder and louder.That way it does not startle me. It is GREAT!!!!,1
"This if the best little app I've downloaded on my cell. I use it as an alarm in the morning, a cooking timer, a reminder to take my meds, a quick nap timer, and even a reminder to get the mail. You can set this alarm for hours and even days in adva",1
this is an excellent alarm clock app that is loaded with more options than i've seen in any stock alarm.,1
"I've been using this for a long time; ever since I bought my phone actually. I used the free version for about a month and then decided to buy the full version. Even though it's available free today, I don't regret one bit paying for this",1
"This provides exactly what I was looking for: multiple alarms with different sounds (including ones you import). I use it with different nature sounds to signal when class begins, when I've got 10 minutes to go, when class ends, and when office hours are",1
"Overview: This has been Lifehacker's choice as the alarm clock app to get for some time. Simply put, this is the all in one alarm clock app that you have been looking for. It will use your playlist or phone/tablet sounds to alert you for whatever you nee",1
"Well, I say hands down, but really it's hands on! I love the functionality of having to perform math to dismiss or snooze.Of course there is always room for improvement but even as is, it's an amazing app.",1
"I've been using this for about a year now and I can safely say that it is the best app for Android. I love that I can set the length of snooze, the way to wake up (math problems) and the ring gradually getting louder, but starting very softly.The only th",1
I have a heck of a time waking up even when I get a full night of sleep. I always hit the alarm and go back to sleep without even remembering I had woken up. This lets me wake up to any song I want on my phone while I solve a handful of math problems. It,1
this is by far the most well used alarm clock in my family so please use and get it you will not regret it,1
Got this application from the android market and had a problem once my Droid x updated a while back. They responded with multiple emails and had the problem fixed in no time.,1

Especially with the latest updates. I use the math feature which requires me to wake up enough to solve moderate (you can choose easy to tough) math equations. There are tons of settings and seemingly endless individual alarms. I recommend this app.,1

This app is very pleasing to the eye. It is easy to use and dependable. very well designed. Thanks for a great app.,1

I had the free version and loved it! Much better than the alarm app that came on my Droid X. Now getting the paid version as Amazon's free app of the day is even better! Thanks Amazon ;),1

Always hated the stock alarm - sometimes it simply did not work. I have been using the free version for months now - not sure what the differences between the two are. I really like the alarm and the multiple options it provides. As a note - I gave it,1

"Sooooo much options, this thing rocks folks. I was looking for a good system alarm replacement and found this on Amazon, for free! But most definitely worth the couple bucks they charge for this. Truly customizable and great user interface. Thanks.",1

"Love the alarm, but I have yet to see any difference between the free version and the paid version. \nFor those complaining about permissions and GPS usage, that is optional only if you want to use those features! Really now, actually USE the app before ",1

"I like this app so much that I upgraded to the full version even though there is apparently little difference from the free version. The alarm settings are great, choose from sounds or music, limit your snooze settings so you never over-snooze, set for w",1

Works very well and I use it all the time. Even for an afternoon power nap at the lab. One of my most used apps. Very good app. I would download again. Thanks!,1

"Love that I don't have to have the little alarm notification on all the time. Don't ask me why, but that just bothers me. I love apps that allow you to customize little pointless things like that. This one allows you to set a color theme, choose from ala",1

i just wanna say wow amazon wow. 6 weeks of having the amazon app store and finally an app i can actually use... been using the free version for a couple weeks now. love it! it lets me use my music to wake me up instead of my annoying rooster crow. ther,1

"This is the best alarm clock I've ever used, including standalone hardware clocks. There are tons of options, including snooze duration and alarm crescendo. I bought it a while back and don't regret it for a second.\nMy only feature request wou",1

"I have used this app for some time (the free version) and it has a few features that stand out. Max amount of snoozes, Math problems with 5 difficulty settings and a choice of how many are solved before able to hit snooze. There are also customizable way",1

"Nice little alarm app. lets you use music (select specific songs, random by artist, etc), ringtones, and more. Several snooze & dismissal options. Just a great app overall.",1

Have been using the free version of this clock for 10 months and it has served me well. the alarm has never failed to wake me. used daily. easy to set and use. has plenty of options. purchased recently and will continue to use it.,1

I have never had issues with these alarms and I've been using it for over a year now. Wonderful app!,1

"This was the first app I bought when I got my EVO Shift. The timer, snooze options, and math capabilities rock. Dev(s) respond quickly to email, and, while it may have been planned already, the enhancement I asked for was in the next release.",1

Really like the app! This clock is perfect since the beginning and keeps getting better :) I've tried a lot of different clock apps and this by far is simply the BEST!!1

"I use this daily and for a variety of activities -- to wake up, to get ready for something, to wake up my kids or husband, to start the crock pot, to turn off the sprinklet in my garden... you get the idea! Each alarm you serve is extremely customizable",1

"Liked it so much I bought it. I tried several alarm clock radio aps before I settled on this one. Easily the best, it will let you:-have multiple alarms (I have ten saved for various times/days of the week)-choose any music on you Kindle as y",1

I was at the PayPal hackathon meetup when they wrote the prototype for this app... I now have harp music wake me up every morning... love it!,1

"This is my every day alarm clock now, I love the mechanism of making you do simple math problems to kill the alarm - keeps me out of trouble big time! Very reliable and good to use.",1

I freaking love this app it always wakes me up on time in the morning when I need it too. Way better than preinstalled junkGalaxy s 4g tmobile,1

best alarm clock app there is. got this for free quite a few months back as the FAotD. use it all the time,1

"This is a great app... I liked the free version so much I bought the add free version... just to help out the developer and get rid of the ads. Now I wake up to Shock the Monkey or whatever I like, and I like the way it starts out at a",1

"great app, especially for those who lost their alarm clock on their HTC Droid Inc 2. I have used this regularly and it is simple, reliable, and effective.",1

I use this as my alarm clock and it works great! I have not had a single issue with it at all. I used the free version for a long time with no issues as well. It has been extremely reliable and does not use much battery power at all.,1

"I hate alarm clocks. Freak me out actually. I can set classical music with this, which makes me happy to wake up to. It also has an ascending option that is nice. A very large SNOOZE and or

small dismiss button. And if you think you can turn it off and s",1
 I guess I SHOULD be more disciplined and ready to jump out of bed when my alarm goes off. this app fills in the gap between how I should be and how I actually am. I love the math feature. Make your half asleep morning brain do math in order to shut off t,1
 "Started to buy app on Market advertised for. 99 but purchase page said \$1.49. So I bought it here on Amazon for .99. Great alarm, much better than Gentle Alarm.",1
 I love it. Multiple alarms with a ton of options as well as a pile of tones to choose from. Simple to use. Can't be beat !,1
 "For several months now, and I simply cannot say enough good things about it.\n\nFor those wondering why all the reviews are 5 stars, it's because this is simply a great alarm. Stop pretending like you are a Jedi trying to bring balance to the force ",1
 "It allows you to make yourself do fairly challenging math problems before you can silence it, which makes quickly hitting the snooze button pretty much impossible.",1
 I love this app. It has the most features and has the most customizability of all the alarm apps. The only suggestion is have is to put in a QR scanner to shut the alarm off.,1
 "My clock beta has a better ui. I have used it forever, but got this cuz it was free. So I am going back to my clock.",0
 "I had just downloaded the free version about an hour before it became free app of the day. It is a great alarm, but I think I like gentle alarm better.",1
 "Author has continued adding features to a very good alarm application. Now the application is more than an alarm, having a timer.",1
 "Gentle alarm was featured previously not alarm clock Xtreme. Wish Amazon had a way to weed out people to dumb to post. And why give 1 star for a app if it was free before? \n\nThis is to review the app not whether it was free before, seems you people ar",1
 "Best alarm clock app I've come across. I've tried several other alarm clocks from the market, but this is the easiest to customize and use. Definitely recommend !",1
 "This isn't the same alarm. Last time it was gentle alarm by mobitobi. In essence, they are similar to one another.",1
 Well designed ; Easily tailored to meet any need ; Clear interface ; Flawless execution ; Worth every pennyThis is the standard for alarm clocks!,1
 There are three features that make this app the best:1. The extremely large snooze button2. Ability to play your own music as the alarm3. The gradual volume increase of the musicThat's it. It shouldn't be complicated. It just needs to function.,1
 "I love this alarm clock because of its versatility, reliability and ease in customizing. Everything fun this developer is well worth it. ing",1
 "Great app. Got it as a faotd, and I'm glad I did. This is now my goto alarm clock. The crescendo alarm is a very nice touch!",1
 "I usually silence my alarm by pressing random buttons when I'm half asleep. I can't do that with this app. I have to actually turn on my brain on order to turn off the alarm. I didn't think I'd like the math equations either, but it W",1
 "At first I had the free version and I appreciated it so much, I was happy to go back and pay for the app. The developer deserves the recognition for providing a rock solid alarm clock and timer. I use my phone's alarm to wake up every morning, keep on ",1
 This app is wonderful. I use it every day. I downloaded it on two generations of kindled. Works reliably and is easy to use.,1
 "This alarm app is so good, so reliable, with so many features it should come standard on all android devices.",1
 "It is easy to use, intuitive, and does a great job of getting you out of bed. One thing I like is that when it goes off it starts off quietly and then builds louder, making it so that I hear it before my wife does and prevent it from up waking her up. Ve",1
 Does exactly what it claims it will. I use it every day. intuitive Interface.And it is good looking. Used it for several months now.,1
 Has all kinds of settings from doing math to disable the alarm to being in your car. This alarm had saved me tons of times. Any customization to an alarm clock you'd ever need,1
 It actually woke me up right now and I didn't have to over sleep! I had to solve 3 hard math problems and man that works!! This is so awesome! I'm never going to over sleep again!,1
 This is been a great app ever since I downloaded it. I've had the free version for over a year now and it is kept me from oversleeping is perfect to have especially when doing math problems in order to have to snooze or dismiss the alarm.,1
 I have been using this as my primary alarm clock since 2011 and have had no problems. Very user friendly.,1
 I used the free version for some time and loved it. I bought it a few months ago because you could set up multiple alarms and select the days they would go off which was important to me.\n\nDOWNLOAD THIS APP. Free or paid for it doesn't matter it is,1
 I guess extreme means going off 15 minutes late if at all... also most of the time I have to take the battery out to turn it off - uninstalling,0
 This is a great alarm clock application. I use it everyday to make sure I get myself out of bed and into work. A lot of great customizable features to tailor the alarm to how you want to be woken up.,1

"I gladly paid for it. you'd be nuts to pass up on this app while it's free. the app is updated frequently, and the devs are responsive to feedback and requests for help. I prefer to set music as my alarm sounds; you can even tell the app to ran",1

"This app does everything I need it to do. The countdown finger is a nice bonus. Love that u can set do many different ones since my schedule varies from day to day, not your typical Monday thru Friday work weekt",1

I love this app <3 it makes me think unlike my bedside alarm which just makes me locate the off button. this alarm requires my brain to function to shut it up. yeah you can snooze it but you can limit the # of snoozes you allow yourself. when you',1

I would highly recommend this app anybody that wants a alarm clock better than with your phone came with. fast and easy to program each alarm and the interface is very cool too.,1

I have multiple repeating alarms set and it works great for me. I have my work week alarm. I have a daily morning and evening alarm set to remind me to give my cat its thyroid medicine. I have a couple weekly work task related alarms.I like the alarm ,1

"This app is actually a very integral part of my life. It is responsible for getting me up every morning. I should give this app a low rating, as I hate having to wake up early, but it does its job fantastically. I have been using it for over a year and h",1

They have switched to the new updated ICS style time picker....time to find a new alarm app or hopefully I have a backup of the old version I can restore to. Developers are spending more time on switching UI stuff than adding features these days. I stil,1

"The level of customization that is offered is outstanding. This is a definite upgrade from the stock app. If you need a smart alarm clock on your phone, this is it. \n",1

I love the gps feature for setting an alarm when I have to go to another building at a set time for my work. You can set it so you are moving at a minimum speed before the alarm disables. Very useful for me.,1

"this is one awesome app, for the price it isn't that bad. It's every customizable and works great. we know your phone has a an alarm clock, but why not try something different.",1

"I've been using the free version for a while, and I'm so pleased to see the ad free version as free app of the day. This alarm gets me up and alert every morning. There's so many settings and modifications to tailor to your personal need",1

I've been using the free version for several months now and it has worked great. Upgraded to the full version thanks to amazon's free app of the day. Great no ads now! Even the free version has all of the features you could want in an alarm and,1

"OK, I know this is an alarm clock, but I am fortunate to not need one. I still use this all the time to remind me of conference calls, appointments or anything else I need to do at a specific time. if I could schedule an alarm at a certain date I'd give ",1

"Love the many settings. I can wake gently to my favorite song, artist, or playlists and I can set how long it takes to get loud and how loud it gets. It has different options for snooze and dismiss also.",1

"I have never had such a wonderful alarm clock! I have had the free version for about a week and loved it. Combined with my Mabilo ringtone app music, I've been in heaven! Goodbye annoying limited plug in alarm clock....Hello Alarm Xtreme!",1

Outstanding escalating alarm sounds. Loud enough to wake the dead and me! You can set it to make you do math calculations before it will disable the alarm. Gets by the old problem. of "I don't even remember turning off the alarm ",1

i was going to buy this on fri but was delighted it was app of the day.. great app\nwords words words,1

this is the best alarm clock I have ever used in my life. give it a shot wont regret it,1

another alarm clock didn't work so I bought this one in hopes that it would work. The alarm did not go off nor did it wake the kindle up. I left it on but the kindle went to sleep and when I tried to wake the kindle it crashed. Had to do a 20 second h,0

"Used the free version for a few months and it worked great so I wanted to support the developers and upgraded to paid. I've used other alarms, but like this one the best.",1

I had the free version for awhile but would always end up clicking the advertisement at the bottom instead of the snooze button...which proved to be very annoying when just woken up! Lol! I purchased the paid version and have NO complaints or issues!,1

"excellent app. I started with the free version, which was great, but soon switched to the paid. I wanted at the features and no ads to accidentally hit in my groggy morning state, though that never even happened. I am also in favor of supporting good dev",1

"I haven't tried all the Android alarm clocks, but this one works great for me. Tons of features and easy to use.",1

"my time management sucks @ times. This clock keeps me going. I swap work schedules, this lets me have all of them in point and click mode. Even better it can forces you to do things to snooze, of course that means now I can do math in my sleep. This ",1

"It works very well, easy to use. I recommend it. It's reliable. Good options: music, sounds and more. X xo",1

At the moment this is my favorite alarm app. I especially like the crescendo feature. You can feel confident getting this alarm app!,1

"===== OLD REVIEW 12/16/11 (please see update below) =====When I bought this app, I only found one

review that specifically mentioned the Kindle Fire. That review said it didn't work and mentioned a problem, but didn't really go into it. I can list all th",1

"I have used it for a few years now and I wanted to support the developers and get rid of the ads which were, of course, right next to the dismiss button. Now I have larger buttons in a more user friendly interface. I can full size mp3 for alarms or timer",1

"I use my phone as an alarm clock in hotels, at home, and pretty much everywhere. I bought the better version to avoid ads, and I haven't been disappointed. Interface for setting alarms is easy and intuitive, snooze works great, no problems at all.",1

App is great and easy to use. Makes life easier when you are using your device and need to be on time! Highly recommend it for daily use.,1

this is best alarm clock app ever. customize alarms for day and time of day. The alarm sound fades in slowly into a crescendo. dismissing the alarm is as easy or as hard as you would like.,1

"allows for multiple saved alarms, great for someone like me who has a rotating schedule and odd hours.would like a "smart" alarm option, where music plays a few minutes prior to the alarm allowing you to turn it off if youre already awake",1

samsung droid charge has crappy internal memory. cant spare space for apps that have to live on my phone. therefore this app is no good. didnt bother playing with it as a result,0

this thing woke me up at 2:00 in the morning and I had school I was tired all day this thing stinks lame!!! @\$%*,0

"jolting, loud, and annoying sounds is what it takes to wake me up for school. the volume crechendo option is perfect for my needs.",1

"This is the only alarm I use anymore. It has so many options. Adjustable snoozes. The volume can be set to come on gradually so that I don't get startled awake. It's so customizable, that you can make it exactly what you need it to be. I also love the co",1

"Reliable. Use it every day. Doesn't crash, can add multiple alarms. Bought the full version to eliminate ads. Good buy.",1

it is my love whenever I have to go to school I put an alarm in my fire and it wakes me up! I am in love with this alarm,1

"just wanting to balance the stupid people rating one star because they think some reviews are fake. you guys are morons. this is a great app that does have some nice features the stock alarms do not have. take it or leave it, to each his own.",1

"Like many others have mentioned I've been using the free version for a while now and got this when it appeared. You can set multiple alarms with many ways to customize your alarm. (Shaking your phone, solving math problems, and a lot more) All in al",1

"The customization you can put on each alarm is incredible. I've been using this for a couple years, and the only alarm failures I've had were if I forgot to charge my phone overnight and the battery died, and one instance when my phone somehow picked th",1

"I missed this as the free app of the day the first time, so I'm excited to see it offered again. I've been using the ad-version for a couple months now and I love it! I still hit the snooze button, but not nearly as long, and because I like to",1

"This is a well designed and easy to use alarm that can actually get just about anyone out of bed in the morning. \n\nThe GPS permission may seem odd, until you read what the app uses it for.\n\nJust picture it - you're driving (or biking) in rush ho",1

Been using this since it was free app of the day. Always have backed up on titanium backup for fast restore. Great job,1

I've had this clock since I got my andriod. Used the free version for months and never failed then I bought the application. Glad it's a FAOTD. You can have multiple alarms and you can have different songs to wake you up. LOVE IT!,1

"...for my taste, Gentle Alarm is better. After years of being jolted awake by alarms, I much prefer the slow, quiet approach.\n\nIf you decide to oversleep, you can still do it after entering a math problem.",1

"This app received 4.5 stars on the market. Good app. 1 star reviews are fake and are written by a competitor. I am a professional writer and I recognize that all 1 star reviews all say the same thing, so they are all fake. Developer, dont let these moron",1

I installed it & set it up to alarm me this morning. did Not go off & it ran down my battery so bad that it took hours to recharge then a hard restart (Hold button in several seconds). NOT compatible with Kindle Fire. only gets 1 star for ease o,0

This is by far the best alarm app out there. Very customizable in almost every way. That's why I upgraded to the pro version.,1

"Lots of alarm sound choices, so when your sick of one, you have hundreds to choose from. Also you can use your own music. You can choose how many snooze are allowed, how long, even that each snooze decreases in time. You can set snooze to have math pr",1

I have been using this app as my only alarm clock for years now. Super easy to set up but has all the options under the hood. Love it!,1

"I deliberated on which alarm clock app to get and am glad I decided on this one. Easy to configure, love the wake to music that gradually gets louder and that big snooze button!",1

"Alarm Clock Xtreme is the first app I ever bought for Android almost two years ago, the day it came out. Over that time it's received innumerable updates and improvements. It started out as a reliable alternative to other alarm clock apps as well as",1

"This is a very cool app. Lots of options for creating manyalarms and types of alarms. This app should come as part of Androidso we don't have to install it on top of the stock OS of the phone.If you use/need alarms on your cell phone, get this.",1

It actually works pretty good. The alarm sound can start out quiet and slowly get louder until there's no way you could sleep through it.,1

"This is the most reliable alarm clock app that I have ever purchased. I was tired of testing and reading reviews of other apps that proved to be marginal to good. Heck, this one even has a reliable "egg timer" feature. Also you can select your fa",1

I used the free version of this app for over a month and loved it so much that I finally bought the ad-free one from the Android Market recently. I like being able to set the number of allowed snooze hits so that I don't get carried away. I also use the ,1

"This app has been a staple on all of my devices (about 8 over the past 3 years) without fail of an alarm... Ever.My only contentions would be with the interface: it's dated and boring. Skins or color themes would be great.Different sorting options, say b",1

This app is the only thing that can keep me from sleeping in. get it if you have the same habit as me. Galaxy S,1

"This is a fantastic alarm clock application. Much better than the stock one that comes with Android. I got it as a Free App of the Day, but would gladly have paid for it.",1

"I love how you can customize this app. I've never overslept. There are so many ways to set it up, but it is not complicated.",1

"This app is perfect for my purposes. I use it and absolutely rely on it every day. Not only to awake in the morning but also for any thing I need to be notified about all day long.I love it, Great job folks.",1

I used to have such a hard time finding an alarm program that would actually force me to wake s in the morning. this app does. :-) just that. its worth it just for that. there is a free version that works. better,1

"I started use this app when my HTC Sense clock app stopped working. After HTC finally fixed the clock app, I stayed with this app instead. I particularly like being able to play a wake-up tune instead of hearing an annoying, repeating noise. The volum",1

This is an amazing app and worth every penny. I would recommend this to anyone who has trouble waking up in the morning.,1

"I've been using the free version of this for years and been very happy with it. I decided to buy it as a ""thank you"" to the developer.I can set up several alarms, and only pick the ones I need. Tonight, for example, I'm setting four.....",1

THIS IS NOT A REPEAT APP! Geez... Had the free version but the ads used to get on my nerves... Very happy that it's free today!~Someone who's NOT a developer,1

"The alarm app born of one brilliant person's attempt to outsmart herself. The only bad thing I can say about it, is that IT WORKS. I accidentally set the math dismiss option once then kept forgetting to change it. Do you know that if you force yours",1

I think that the best thing about this alarm is the widget. It simply shows the time of your next active alarm. That one feature makes it more useful than most other alarms I've seen and used.,1

This has become my bedside alarm. I have a Kindle Fire 8.9 with a great recharge dock. The dock has a bluetooth link and speakers. I use the for a night lite and waking me up. It has ability to set many alarms base on days and times.,1

"The title of this app is apt to what it is: it's an alarm clock and it's extreme.This alarm clock is so annoying, it makes me want to smash my phone into the wall, but darn it, it wakes me up. The app lets you set as many alarms as you need and has many ",1

I love this app! I'm a heavy sleeper and this alarm really works. Check it out! It wakes my as_ up for real.,1

I have used this alarm clock for several months now and it is definitely a great replacement for the stock alarm clock. This alarm clock is so versatile that I can't imagine anyone not being able to find a good use for it.I love that you can set it to ma,1

"I see the dev trying to address the trolls claiming he wrote all the reviews and that this app has been free before. It has not, sorry dev this is how Amazon is, I hope you don't let it run you off like so many other devs have left and screwed the FAOD c",1

"I highly recommend this app to everyone that wants a great alarm clock. The app features so many functions that are not present in the stock alarm app. For those of you with issues snoozing, you can set snooze limits and even require math problems to b",1

"Been using it as my exclusive alarm clock for over a year now. Only problems I've had were due to phone issues, not the app.",1

This app is easy to use and works. I especially like the feature that requires you to solve a math problem before turning off the alarm. It pretty much ensures you don't go back to sleep. The gradually increasing volume of the wake-up tone is also a n,1

"I've been using Alarm Droid for about a year now, and gave this one a try because it was smaller (1/3 size of Alarm Droid), and I've been looking for ways to reduce my memory usage.I must say, I'm impressed. The features are similar to Alarm Droid, with",1

"I can't think of anything else i would want in an alarm. Easy to use, works well. Go Bucks! Beat Michigan",1

I use this app for Kindle fire since November2011. It works well. It is easy to set it up without

read the procedure. The only thing that I can not do yet is set up alarm by use music because I don't have any song in my Kindle F. I wish the Angle Lab upd,1

Love having MY song be my wake up call! I can have multiple alarms set. Schedules can be different weekends from week days.,1

I've used the free version forever and LOVE it. Doing math problems is the only way I won't just turn an alarm off and go back to sleep!\n\nTo everyone complaining that this has already been a free app: I check every single day and don't ,1

"This is fantastic, it helps me get up in the morning so much better than just a normal alarm. Since I actually have to think to do the math, and it allows me to NOT have a snooze, I get right up!",1

i've been using the free version of this ap for months now. i chose the theme song from the 1970's doctor who show. wakes me up EVERY time!! especially with the crescendo option. freaky but works for me. the do math problems option is not for,1

"I used the free version of this app for a year and a half and have finally upgraded to the paid version to support the developers of this great app. This is a full-featured, easy to use alarm clock that lets you customize almost anything you can think of",1

"I have had this app forever. It has never once failed me. I wake each morning exactly the way I choose, with music gently getting louder and a set number of snoozes before I answer three hard math questions to turn it off.",1

It's awesome. I use it every day! i use it for so much such as reminders and eke up calls!,1

"Every morning I wake up(not to this or any alarm), roll over and grab my galaxy tab. I unplug it (did you know you can't use it while its charging? Piece of crap but that's a whole different issue), push the awake button, and go straight to",1

"As annoying as it may be to have to jump through hoops to turn this alarm off, all the options you can set for your alarms make this very robust, and easily one of the best and simplest alarms in the marketplace! Well worth the money and then some!As a ",1

Versatile. I love being able to wake to music I enjoy. Appreciate the big buttons when eyes are blurry with sleep. Great for setting many different alarms and turning them on /off by selecting/de-selecting. Can turn vibrate on/off. Can have volume slowly,1

A great app! Better than any alarm clock that you can buy in any store. I only use my regular clock to tell time without having to touch my phone.,1

"super useful, would pay to upgrade if I could connect it to Pandora for music to wake up to since I don't have any on my fire :) but great app use it everyday, and helps me stay on track with regular stuff :)",1

"This is now my best alarm clock in my home. It has great options along with the alarm, like a stop watch, and a count down timer that I use even more than the alarm. Great selection of sounds, both soft, progressive, and loud to choose from. Thanks fo",1

"I use the free version of this app for a long time and eventually paid for it, I liked it so much. The developer is responsive and the app works perfectly. \n",1

I have been using this for my alarm for quite a while. My favorite feature is probably the slowly rising volume. It often allows me to catch it before it gets loud and either disturbs others or startles me.,1

"I cannot find a flaw with this alarm clock, nor can I think of the feature that is missing. It is amazing, worth every penny, is light years ahead of the stock android alarm clock and I absolutely love how the alarm volume can be set to steadily get loud",1

"Thousands more options then stock, knowing what I know now, I'd buy this even if I hadn't gotten it as fapotd! Crescendo, or ascending ringtones are great! Snooze options, virtually unlimited alarms, auto snooze via gps, and many many more options. Great",1

What a great alarm clock app!!! I lovebeing able to customize the different alarms I use everyday. It's never let me down.,1

Just installed and tested the Alarm Clock Xtreme app on my Galaxy S phone w/ 2.1 (Eclair). This is a very good alarm clock app. You can set the alarm for different times or different days. There is even a timer setting that you can use like an egg ti,1

This puppy gets me up for work every day. I use this in addition to the regular stock alarm clocks also. If it gets ME up it definitely works.,1

"Used the free version of this app since I got my phone. It's an awesome, easy to use alarm app. The multiple settings are nice and very easy to set up. Hands down the best alarm app for android. Just get it!!",1

"this app has a ton of USEFULL features, is easy to use, and does an awesome job. a must have for sure.",1

"i have been waiting for this app to be free and this morning it did. I'm always late because i hit the snooze button. But this alarm rocks. The math question, especially on hardest, will certainly wake up albeit in a bad mood because the stupid alarm wou",1

"this is a powerful program, with dozens of options, that makes the task of setting alarms and timers easy and enjoyable. different tones for different alarms. different frequencies. all in a slick package.",1

"This really is just a spectacular alarm app. It has a wealth if advanced settings and great features, such as limiting the times you are allowed to hit snooze or requiring that you solve math problems in order to turn off an alarm completely. The option ",1

This is hands down the best alarm app that I have used. The ascending tone is much less abrasive than having it begin at full volume. Great alarm.,1

I have only used this app once and I LOVED it. Love the crescendo feature on it. Nothing bad on the app! Works great on the LG Ally!,1

great cam & adds auto focus (hd2 android) only complaint is that annoying intro screen with no way to skip it. missed cool photos waiting for that damn slide to pass otherwise great,1

any reason this won't open? just wondering. cause it seems like I'm not the only one having issues with this.,0

"Once upon a time (Late 2012) this was a magic photo app. You could pre-determine the filters, for example you could chose to select only the orange in the photo and everything else be black and white, you could add glitter before the picture was taken. A",0

"I downloaded this trying to put something on my Kindle. I can't even remember what it was, but I couldn't ever get the app to work properly.",0

"I downloaded this app to get free android apps on my Kindle Fire and I used it to download Minecraft Pocket Edition on it, and it works great! Just find the app files online and you can install it and play it.",1

I purchased this to "find"; saved copies on my kindle fire. Couldn't find them on this or anywhere else on my kindle.,0

"This app is truly wonderful. I downloaded it because of the good reviews, and it did things I didn't even know I wanted. Fantastic app. Does exactly what it says, and keeps my files so organized. thank you!",1

"I use File Expert to copy and delete files, install apps, etc., and it works really well. It seems reliable and is very easy to use. Recommended.",1

"this works well, I used it to operate some cracked files on my kindle, easy to work and no problems",1

"this has many features I like. I even prefer the interfac to astro, but there is one thing I can't find. Where is the ability to navigate to the parent folder. No not a back botton but a link to the folder containing the current folder. for example FTP ",0

A really like my kindle. The forked android operating system can be annoying. You really need access to the file system and this tool works well.,1

This app serves all user purposes and then some. My favorite feature is sharing my kindle/phone files over an FTP link. There are also a few skins available for the UI that are very well made. By far my favorite explorer for mobile and tablet devices.,1

"Program does what it is supposed to do, access your files so you can delete them, move them, etc. Thanks",1

"wonderful app, i use it alot, work like a charm. its a must download for those apk file or any file to mess with.",1

Everything you have on your unit is all on one app. No more searching! I recommend this app 100 percent!,1

"Could not figure out how to select multiple (but not all) files except by using search on common characteristics in name (e.g. Search for ".mp4") Other products offer this...Looked for help on vendor site, but forum is filled with "this is the best" comme",0

Another wasteless app that takes up too much room to do whatit should do. What more needs to be said!!!!,0

Works Great. Could not get Candy Crush to run on Kindle Fire HD. This great app made it happen. For Candy Crush Saga lovers using this app and the Candy Crush Saga all help link gives youstep by step instruction. Works Great on Kindle Fire HD.,1

"I couldn't figure out how the app worked. After a half hour, I gave up and found another app that didn't make my head hurt. Perhaps you'll have better luck & more patients.",0

I enjoy this app and have it on every one of my devices. the only downside (if I can find any) is that there are several plugins that require purchase. but that being said they are worth every penny.,1

"I've tried them all on amazon's app store and this the best one because of it's abundance of features i.e., file sharing, easy to navigate ui, and over all usability. definitely a must have for the kf.",1

The best file manager: stable and feature rich. Also has great sharing features. It updates very frequently which is a little annoying.,1

I love this ap for one main reason and one main reason. only and that is because IT HELPED ME GET TEMPLE RUN!!!!!!!!!!!!!!!,1

OMG I love that I can now play Candy Crush on my Kindle! Anyone in the same "App creators are all Apple Stockholders and hate android users' boat will want this app. Just Google "How to put (candy crush or other game where there is no Kindle ap,1

Did not work on my kindle fire. I would not recommend this to anyone. Stay away from this app thing,0

I like software that does what is supposed to do and does it well. I have serviced computers for 25 years and I am really fussy about how software works. I like this app because it works extremely well and has many features not considered by other softwar,1

Just another hole for someone to get into your phone or kindle and download your files. This is more a file sharing app that shares all your files on the network. I don't need it.,0

hi guys to get rid of that annoying message go to.settings and uncheck the box for warn me about new versions. I went a step further and installed the version from the maker.,1

Pros - It's freeCons - Most have full (paid) version to access several functions. The File manager only works with a WIFI connection. What happens if I want to work with File Manager where there's no WIFI? And why does it need to connect with anything,0

I have this app downloaded from the app market and I have to say it is the most comprehensive free file manager on the market,1

"This worked perfectly. No hassle, no unwanted ads, no BS. Just the program and the program did exactly what I needed it to do. Strongly Recommended.",1

"The File Expert uploaded a virus on my Laptop and crashed my PC. I started receiving Pop-ups from various Tech Support Companies, stating my PC had been compromised: and in order to clean up my PC, there would be a cost of \$79.00 to clean it. Needless t",0

This non pro version did almost what I needed so I bought the pro key. That did not work out and I've not gotten the pro features to work. No one has yet replied to my email asking for assistance over 3 weeks later. I went to creator's web site to get,0

"this app is great and really makes the kindle fire a lot like an ipad or another great tablet. it makes deleting and managing your apps easier and faster. it also shows you the pdf files youve downloaded from online, which is a big plus. its like a littl",1

"The other reviews are spot-on. This app is PERFECT. I needed a simple app to copy and paste files and create new folders, this does the job beautifully. Couldn't be happier!",1

"This app helped me find and edit files that I had on the kindle. for rooted devices, i dont recommend. I would recommend es file explorer but my device is not rooted, so it is great having this and es",1

"This app allows you to access all the various files on your device. Be careful you don't inadvertently delete system files, or other important files. Aside from that, highly recommended.",1

found this to be very useful in my down- loads.I would recommend this to my friends as a must have.,1

"does everything i could need. makes folders, moves files easily, it's easy to find a certain video and the image viewer is great. can be moved to sd card to save precious phone storage. only downside is you have to exit out or it keeps running in backgro",1

"I prefer this file manger over Cyanogenmod's built in one. For free, you really would have a hard time doing worse.",1

This app was able to take the place of 3 on my phone. The root functions are a plus as well. It also helps me sync files and such to my Kindle Fire.So glad for this app!,1

"Really eases all file handling tasks. Locating, deleting, moving, and uninstalling are all made very simple with this app. This works a lot better than the built in apps that came with my tablet.",1

A very good application which is very useful to access files on the kindle fire hd tablet I would recommend it,1

I purchased product so I could download the Candy Crush Saga. I'm not sure what it does but it works. I was able to download and play the game with no problem.,1

"this file manager is absolutely the best, and trust me, I tried them all. what doesn't it do? little smb server ftp server, connects to my mac and to my western digital live tv. oh, and it also manages files on the sd card. does compression decompression",1

it got me temple run on kindle fire! I play it a lot! you can also get many other games! very few glitches.,1

This is by far the most feature rich file manager i've found for the Fire. The Samba client is most welcome.,1

This app is perfect and does just what it says. My favorite thing about this app is that you can download other apps through it that can't be found in the Fire's version of the app store. The Dolphin browser is amazing and I'll never use the factory brow,1

I used to love this app but now it is worthless. The app did everything that couldn't normally be done on the Kindle. Now that the app has been updated it refuses to install. I have my settings set to allow third party apps but still no go. I also have p,0

"I have ES File Explorer, but I wanted something else. I downloaded this and I am very happy with it. Works well on my Kindle Fire HD with no issues. I even like the layout a little better. Not as much clutter as other apps of this type.Recommend this one",1

"If you have an Android, you need this file explorer. Everytime I open it up I find out something else that it can do. It does an excellent job of interfacing with Dropbox. The next step is if they can figure out how to allow me to access my Amazon Clo",1

"Honestly, I only downloaded this app to be able to install the Facebook game Candy Crush Saga to my Kindle Fire HD. But I soon found out what a great app this is. You should try it",1

"I used this program to "side load" Android Apps on my Kindle HD 8.9."The Economist" magazine application is only available for Android on Google Play.Since the app was not available as an Amazon app, I was forced to "side load" th",1

Got it to download Candy Crush Saga to my Kindle Fire... It's done what I wanted and I'm happy. Thanks!!!!!!1

helped getting the game I have been trying to download for days. would recommend this to anyone

needing to download.,1
 helps downloading none kindle files that have not released yet. good app check it out not a bad move for sure,1
 I amso busy trying to master my other game that I haven't tried itbut I know it is there and I will play it.,1
 "File Expert gives you more options than the file cabinet installed on the tablet. I was able to locate my files faster and do more inside my files. I was able to view pictures, play videos, and play music all inside instead of opening different apps fo",1
 "Love this program. I can easily find any documents or music or app that I have downloaded. It is easy to use, easy to locate and wonderful. I Highly recommend it!!",1
 Deleted it.....it was free but read the reviews after words and they weren't good...never gave it a shot!! Read reviews people.,0
 "plz tell me how to get mine craft with this app plz plz plz plz,.....i rllly like minecraft an i have to know how to get it explain step by step",1
 "I absolutely love this program. Thanks to file expert, i can now play candy crush on my kindle fire! Thanks!",1
 "I use this as one of my "essential" Android tools. I don't know if it's the best on the market because it did what I wanted to, is intuitive and easy-to-use, so I felt no need to look further. Can't beat the price either. :)Kudos to the compan",1
 I couldn't figure out how to work it. I decided to use another one instead and it works much easier.,0
 "Makes it easy to use the tablet. When you need to move files, kill apps, just do basic housekeeping this works.",1
 I can't believe these developers keep throwing this open feint virus at us... takes up massive space-can not remove it once installed (it reinstalls itself)-can not turn it off-it takes gross control of your permissions... what about this does not scre,0
 this game looked a littlenfun for free so I got it bid.mistake! so dumb no action wouldn't have impressed me in the 80s!,0
 "Sounds bad, looks worse, and both get higher scores than 'fun.' Not worth more than a few minutes of your time, and you'll want those minutes back.",0
 As soon as I saw this app as the faotd I began laughing for about 10 min knowing that all the bad reviews would be hysterical.... seriously micronytes? This reminded me of an episode in futurama where they go inside fry's body to fight worms lol.... now ,0
 "The increasing number of pseudo-comedians squeezing into their troll suits to give poor ratings to the FAOTD really need a new hobby and a dictionary. That said...On Kindle Fire:Micronytes is an amusing, entertaining game with great replay value. The cu",1
 "Fun game on kindle fire. As you advance it gets more challenging. The music is kinda cool in weird sort of way. The graphics on fire are basic but crisp looking. It mentions openfeint but I have yet to find it in the game, maybe it shows up as you advanc",1
 "the game wouldn't even download. it is really awful. do not get it unless you really want to. :(it is such a slow download, not worth the wait.",0
 "Why do (some) people don't have nothing to do but complain about OpenF but gladly give Amazon their credit card number? If you don't like, or want OpenF on your phone, then do everyone a favor, move along! Amazon do try and ferret the apps they put on th",1
 "Test devices:Samsung Epic, Android 2.3 officialViewsonic gTablet, TeamDRH ICS 2b (Android 4.0)I picked this up about a year ago after playing the demo, and it's just as good as it was back then. Visual appealing, and the background music is excellent. C",1
 "This may not be the first review like the guy that did the first one had to tell you, but mine Is the best. I haven't installed the game yet but it's down loading. This is the best review!",1
 "Well my title pretty much sums it up. boring, repetitive, annoying music. graphics and storyline are poor. locked up and had to do a battery pull to exit. uninstalled. DROID 2 global",0
 I like the music and graphics. Cant rate how it plays because I cant finish the tutorial because the controls wont work.,0
 I'm the first review and this game is a time killer but a little challenging overall it is pretty fun.,1
 the grafics stink and so do the controls!I wouldn't waste a cent on this game!you have been warned!,0
 "I downloaded this because it was free. It was boring, hard to follow, and I didn't enjoy the graphics at all.",0
 "This game works great on the Logitech Revue,this is probably the best game i have been able to play on the Google TV, it works using the dpad on the keyboard.",1
 Just had to one star this app to counteract all the 5 star trolls. I wish all you helicopter parents that think putting out a horrible POS deserves a 5 rating for effort would just go away. I wonder if you people go to a restaurant and eat a horrible di,0
 "For those freaking out about the bluetooth permissions, its for the ability to use a zmote our whatever its called. Its a bluetooth connected remote game control.Game itself isn't all that great",1
 Do you guys really expect the normal 1 star review from Superman on April Fools Day? Come on... It is DRIPPING in sugary sweet sarcasim!,1

"crashed during tutorial level. I have a nexus s phone. maybe I'll give it another chance after an update, but its unplayable for me as of now",0

This game is terrible. It's just crap. Boring and uninventive. Why are people giving this app five stars? it doesn't make sense to rate this app five stars just because other people are rating it one star,0

I could understand if the app was so advanced that it used voice recognition via a Bluetooth headset. that would be amazing. but since that's not the case why do you (the Dev) need access to Bluetooth?as for the game its glitchy and suffers from poor lev,0

Could not get past the first level. Just force closes. Seems like it'd get boring fast as well. Transformer Prime running android v4.0.3,0

"The controls are adjustable. Check the options page you lazy down loaders. Plays, sounds, looks good. Blue tooth is used for the zemote dumb dumbs. There are too many novices on this review.",1

this game would be fun if it didn't lock up your kindle and every time you turn off your kindle it would still play the sound and the only way to turn off the sound is to shut down your kindle,0

No... I am not kidding... best game ever. So addcting. Can't stop playing it. Download this because you will not regret it. It is OpenFeint free (and that is always good) Good controls. Good grafics. lots of levels. I am so addicted that I wont let my pa,1

"This is the best game ever. The story line is top notch, the graphics are superbly done, and the sound track is to die for. Five stars to help counter the daily bombardment of one star reviews from the trolls who have nothing better to do. - ;)",1

"~~~~~Happy April Fools, Superman!Your FAOTD reviews are hilarious. So many people, like me, have started creating their own reviews like yours to follow in your footsteps. I'm sorry about Openfeint ruining your marriage.Everyone, Superman wrote it as 5 ",0

it stinks worst app ever. why you ask. it is terribleI am sorry but whati is the piont of the gameS000 STUPID,0

I might like it because from the viedo I have a kindle fire it looks really fun I hope it fun,1

"Makes the fire multitask without loosing the app you were working with. I can read my EZpdf books and if I need to just quickly jot down something, I just press the arrow and can switch to any app or task, etc. Works great, had not problems loading or ",1

"I have it set up so that it only shows up on my status bar but you can add other areas along your screen for easy access to all of your apps without having to go to your home screen. There is a customizable quick launch rows, & there are different ta",1

MY BRAND NEW KINDLE FIRE HE GOT ALL MESSED UP FROM THIS APP AND WOULD RECOMMEND NOT! RISKING YOU KINDLE WITH THIS APP.,0

"I wanted something like alt/tab on my android and found this. It is very customizable, yet easy to use. I would highly recommend it for those that want to quickly and easily move from program to program.",1

"Yes! This app makes direct, one-click switching between any apps on your device -- VERY handy, for instance to copy txt or URL from a website & get quickly to Evernote to paste it. This does work under the basic Kindle Fire launcher, & makes it much more",1

Amazon did well on this one. I know how they are when it comes to their Kindle Fire HD because I own one. This app will save me a lot of time switching apps when multitasking. It does it with ease and has a beautiful interface. You can re size the icons ,1

I use baby center on my pc all the time to check to see what is going on with my pregnancy week by week so i dl this for kindle so i could read things while not at home or to search for stuff if i wanted to research things while not at home. Good app sam,1

"very informative and useful! offers day to day tracking of pregnancy, baby center boards, and videos. i highly recommend this app for all pregnant women.",1

"Works great! Navigation is easy, loveusing it for the community. It's also easy to obtain information on my toddlers age. Some features from the classic site, but nothing that is a big deal!",1

love this app it is a wonderful little app i highly recommend it to anyone wanting an enjoyable app to use during their pregnancy,1

I used this app throughout my pregnancy and I really enjoyed all of the new information and tidbits I got from it on a daily basis. The community on babycenter was incredibly helpful for me during the hardest times of my pregnancy. I would recommend thi,1

"Very easy to use with a lot of tips, hints and links to connect you to a variety of sites to support you during pregnancy. Highly recommended especially for first time mothers.",1

this is a great app for any expecting mom to be. I check it every single day. I love it,1

OMGosh! This little APP is awesome. I cannot tell you how awesome it is. I got to follow my daughter's pregnancy with it and my or my the information this give you is so unbelievable! Sure wish I had this back in the day LOL. I downloaded this to my Kind,1

I use this every day to check in on my birth club to see new topics and to read the daily gossip.,1

I have three children. My oldest is due in December. I never had things like this app. and I am thoroughly enjoying sharing in the excitement with my daughter. not just for moms but great for grammies too :),1

been on here since I found out I was pregnant. I love the timeliness for my pregnancy and the tips its gives everyday. I also love going on the community to share and read stories from people. the

app is so easy to used :)),1
this was great while I was pregnant. the information was fun and the birth clubs are great. highly recommend this app.,1
"best app for pregnancy! very informative, great community, checklists, etc. I use this multiple times a day. a must for every momma to be!",1
This app has been a great help during my entire pregnancy. I am now at my 39th week and it has had some really helpful advice. I would recommend it to any pregnant woman.,1
I really enjoy this app. it has good information and I look forward to checking it everyday. I feel that the videos were insightful and interesting.,1
this app works great & is very informational. I enjoy checking it daily. the widget telling the size of the baby is fun too.,1
enjoy the updates and chatting with other moms in the community especially being new to my area and a future mom to be.,1
"I've used baby center for all three kids. They are great with lots of info from experts and other moms. Their time lines for when the Dr would do things was right on time, and gave me ideas for what to ask and when to expect things. It is the most cum",1
it is really fun to read something new everyday. I like the advice and cute things the app has to tell me daily.,1
ive loved babycenter since i had my first son 4.5 yrs ago n with my new Kindle Fire this application is Awesome!,1
I love this app. It's brief and concise. There are links available if you want more. I love reading about development and how to be better,1
I loved having this app for my kindle. It was easier to read than on my phone. Babycenter offers alot of information for pregnant women.,1
i tried a couple apps like this but this one is my favorite. I recommend it for anyone. it has lots of info for you! !! ! !,1
It's fun to see baby's weekly growth. The information provided is very helpful and the tips are worth paying attention to.,1
i love the checklists! they help remind me of everything i need to be doing since we know how forgetful a pregnancy can make you,1
I am an inexperienced soon to be father and found this app absolutely great. It's a great learning app even for already parents. I turned on my kindle fire today and found a notification of my child's age. The app includes activities for mothers who wa,1
"Good app, very informative. I like the weekly updates and the tips/calendar reminders are nice too. I like that it keeps track of things for me so I don't have to with my pregnancy brain.",1
This is a great app when you are expecting. Great articles; videos; and pictures to show each stage of the pregnancy. a great tool.,1
"This app is very informative and helpful especially if you're a first time mother, I'm enjoying every part of this app!",1
"This is definitely a great application. Everything you need from the web version, but made for a tablet or mobile device. Glad I got it.",1
incredibly accurate. the information given clears doubts literally as they appear. the app links you to different videos & websites that are super helpful.,1
"I loved this app while I was pregnant. I used a few apps during my pregnancy, but this was by far my favorite! I even downloaded the "my baby" version of babycenter after I had the baby, and followed that one for his first year! So informative, f",1
"All this app does is give you a few of the latest article titles with links to the web page. I was expecting more. If /. is listening, you need the web page to format the articles for reading on tablets, 7 inch - like Kindle Fire, and 10 inch - like t",0
"Very good and up-to-date coverage of key technical items and subjects. And, a mouse click brings you additional information. A well-done news coverage.",1
"I got this as a free app of the day and my 6-year old absolutely loves it! I was surprised he actually sat so long to play something that didn't involve fighting or graphics, but he really likes it.",1
"This is very simple and fun. You can make mixed up monsters by flipping though the selection of heads, bodies and feet. My kids like to shake it and just see what comes up. My kids will play with it for about 10 minutes and then get board, but they do",1
"My kids love it! My 5 year old likes to mix up the body parts and then try to piece it back together the ""correct"" way while my 3 year old loves mixing them up to make ""goofy"" monsters-she laughs and loves to share her new creations! Really great, simp",1
"Sometimes, simple is better...that accurately describes this app. I was browsing apps, trying to find some for my 5 year old son. He has to go to the doctor several times a month, and I'm always trying to find something new to keep him occupied during th",1
"Installed flawlessly, worked immediately. Includes mouse remote, keyboard remote, and custom-configured screens to remotely control several popular PC apps. Nice!Note that you MUST install the Windows Remote Service on your PC. It's the receiver that thi",1
I downloaded it for my Kindle Fire. Tried to set it up. Gave up. Too complicated. Will be deleting it.,0
as soon as I downloaded the software it found my device (kindle fire) . the mouse and everything

works like a charm and I cant beleave my eyes that it actually works. I love this app. keep it up Banamalon!!!!,1

"see my title for my review. the remote maker is a bit clunky, but you can figure it out pretty quickly. just be sure to keep good notes.",1

I can turn my kindle fire into a universal remote for my desktop for FREE? F@#\$ YES... I recommend this app to any kindle fire User.,1

"Totally confused how to get this to work. After doing some research, I realized this app needed control of my computer to work (sort of like a remote desktop). No way was I going to allow an outside party to get access like that. For those more tech savv",0

I wanted remote control of my Pc without remote desktop this app is so awesome I installed it on my kindle and aneroid phone so I could have a mouse and keyboard without having to go back and fourth thru the screens but with the voice commands on the pho,1

Use your tablet or phone like PC-peripheral hardware (keyboard or joystick). Transfer files between them easy and quickly. Thank for developers!),1

This app sucked I'm sorry but it was the WORST app I have ever gorgon. Due to the other reviews I almost did not get it but after seeing how terrible it really was. I Realized I should have.listened.,0

U CANT EVEN PLAY THE GAME CUZ THERE IS NO MISSIONS BUTTON! ITS A GOOD THING THIS WAS FREE! LESON IF U CANT MAKE AN APP RIGHT THEN DONT MAKE IT STUPID CODXP!?!?,0

I like space type games and this was no different but without players helping out on funds this game is a bit challenging. Luckily there are plenty of players out there willing to help you out when you start out and when you are assigned to a mentor of ,1

"DO NOT DOWNLOAD THIS GAME, I was extreamly dissapointed. this is the most useless and boring app ever. to "go to battle" you just click a button and it tells u if u would have won. screw the Ppl who made this app.",0

would be nice if you could just change your species in the game though.... other than that its all good,1

Perfect for seeing those words that you just cannot pick up on with WWF. Nice transition between app & game. Really helpful. Love it.,1

I love this app! I use it for Word with Friends (fair enough cause my opponents use it too) and I use it for lots of other applications too.,1

This tool eliminates a lot of frustration. While I don't use all the time but when I get all vowels or none well Love it.,1

actually now that the maker of this app has fixed the last update it works very well. It is certainly a help in Suggesting words better in your tile board without actually cheating. There are many cheater Apps out there but if you were going to use tho,1

"I am awful with spelling and this app helps with that, I put in a word just to check spelling!",1

"Well, more like help w/ the jumble of letters you have in your hand. Great help in tight spots (mostly brain drain...) :-)",1

I wasted \$1.99 on this app just to get a "no words found" every single time I search for a word! This is no help when you are stuck at all! Not even worth the 1 star!!!! I WANT MY MONEY BACK!!!!!!!!,0

"Not pregnant yet but trying, downloaded this free app to use for when we are. Easy to use, easy to understand.",1

I love this app. I do in out early on I was expecting and I got this app right away I love that it give you day by day subjects to read about.,1

must have for mommies. journal to keep track of how your coin day to day. a pregnancy calender with neat facts and much more...wish I would have found this sooner!!!,1

bought it for my best friend and she absolutely loves it. i find it fascinating on learning whats going on week by week basis during her pregnancy,1

"I absolutely love this app and recommend it for every mom to be, even if you already have other kids. I have two kids, 5 and 7 and still love to read the info. and even more, love the journal I can fill out daily. and enjoy the pictures.",1

"I love the daily updates along with the weekly updates. I also like that I can record any symptoms or weight gain. There is community chat. This is a great pregnancy app, seems to go along with babycenter information. I check it all the time and stare at",1

I am having my second grandchild. What a fun way to countdown the days to his or her birth. I wish this technology was around when I had my children. I reccomend tbs to every new mom.,1

"I have been using the free version of this app throughout my pregnancy. It has good information. Only wish that when my Droid X crashed, I could have re-installed the version I paid for. I've tried to re-install through Amazon but it will not let me.",1

I like this site better than some of the others out there! It gives more information. I like the weekly as well as the daily info!,1

love this app. this is my first pregnancy and this app helps me out a lot. so glad I found this app with out it I would not be able to see what my baby looks like in my belly.,1

I love the baby bump app while helping keep track of my pregnancy I get great tips everyday and some r even for the dad amazing,1

"I loved the community area of this app, loved the countdown that it offered for weeks of my pregnancy, and I got to see how my little boy was progressing each week. What a wonderful thing :)

This was not the only pregnancy app that I used during my pregn",1
Its fun simply to play with this app! But it is a serious tool that lets you get creative with what to serve. I had to bring a fish appetizer to Christmas Eve dinner---and I found it here easily. Love it.,1
Very good UI experience. Ease of use design and theme. One of the best free game on the Android market today. Highly recommended!,1
"Thius app is amazing, I love having the ability to research dinner ideas for my family. I also have this same app on my phone for on the go researching!",1
"I use this site to have recipes literally right at my fingertips, I can't stand trying to find a recipe in my books",1
It's a great help when I am out and don't know what to do for dinner. I use it all the time,1
"There are so many good features to this app. I love that you can save your favorites, even tho you have the free version. Whenever I want to try something, even something I've made with my own old recipes, I check to see their versions, and have come u",1
A good cook application to help you plan your daily meals. It shows you how to process each meal. So hope you enjoy it as I have.,1
"This is one of the best apps I have on my phone. It is so easy to use- you just select from the three different sections, and All Recipes pulls a list of different recipes for you! Want to print something out or send to a friend? not a problem- it allows",1
"I have "Allrecipes.com" on my laptop, so I decided to put it on my Kindle for reference when I need to shop for ingredients on the way home.",1
This is one of my favorite apps. It is like having a creative cook book with me at all times. the receipes are great and fun to make. it solves my thinking and makes dinners a snap. Get it and you will love it too!,1
"When I'm ready to cook something different, but don't want to browse the cookbooks, this is a great place to start. I can have the recipe on the Kindle as I'm preparing the dish!",1
why is it asking for a credit card if it's. FREE.... Are we going to be charged to look-up a recipe?,0
could not see any real value in this app so i have not used it. removed from my device and cloud,0
"I hate trying to come up with dinner ideas. Sometimes I'll peruse a cookbook (yeah, those old-fashioned dead tree things), but it's time consuming and that's a minus when it's about 6 pm. The Dinner Spinner makes this quick and fun. And no glitches! And ",1
"I love this app! Allrecipes provides you with a recipe for the ingredients you have on hand, a shopping list for a recipe you want to try, reviews by other home cooks and a lot of other features. Its kind of like having all the recipes that you've trie",1
This app works well with my Kindle Fire HD. I have had no problems. It is always fun to try new recipes for dinner.,1
I really like the different combinations that you can put together to have a great selection at your finger tips,1
this app turns my kitchen into a gourmet restaurant! This app pleases me! I use it so many times a day and am always searching it up and down for the next recipe to swallow! My relationship has grown to new heights and weights all thanks to the app!,1
"What a fun and USEFUL app! All of the great recipes from the original site at your fingertips presented in a unique way that's fun. It's like a slot machine where you can get a little treasure from pressing a button or shaking your phone, or you can set",1
This app seems to run as described on the Kindle Fire. It works fine for what it is - a recipe finder. If I find something special I can use the button to go to their website and email it to myself to print it. Otherwise I can just enjoy browsing. It dis,1
"I'm really glad I found this app. It has actually saved me money! Now when I have leftovers, I put them in the search tool on this app and I get a myriad of ideas so instead of throwing food away, I am stretching my money by making new meals from leftov",1
"This is hands down my all time favorite app. I not only use it on my mobile device, I also use the actual website with my computer system. Great for people who love kitchen chemistry!",1
I use this a lot while in the kitchen. You have access to thousands of recipes. Easy search also and user friendly. I would recommend this app.,1
I love you can put in your ingredients and it pulls up recipes according to what you already have on hand. it seems FOOL proof and a must have have.,1
I love this app because I like making new things for dinner. This app makes it easy for me to search for something new and quick. It has good pictures and easy to follow instructions.,1
"I enjoy this app on my Kindle fire very much. It allows me to even search for foods I am in the mood for in seconds and hundreds of quick and easy ways to prepare them. Plus I can use it on the go, taking it to friend's houses, family events, or a picnic",1
"Cooking isn't one of my favorite things to do, but this app has been great. So far I've found every recipe I've needed, and even different variations. I've used several already and they've come out great! I like that they're simple recipes with ""normal"" ",1
I do like to cook and bake so this really is a good place for me to get help and ideas.,1
I love this. I am always looking for simple healthy vegan recipes to feed my family...especially my son who is growing.,1

"If you aren't checking out and using All Recipes shame on you 'cause you really need to be. This warehouse of recipes, pictures, step by step instructions and user reviews for each recipe is the best on the internet - bar none!",1

"I like this app. for the easy match ups you can do with meats, pasta, chicken great tips for quick meals especially when your always on the go. A father of two this is what i needed. Great app.",1

"Allrecipes.com has always been in My Favorites on my computer, so I'm glad that it is available on Kindle for use in the kitchen. Thank you.",1

This Allrecipes apps..free and its awesome! I tried one salad recipe and turned out so good!Thank you for this app! Happy to have it on my kindle fire!,1

"Installed this app and I definitely find it fun to poke around with. Lots of recipes at my fingertips. Not sure if this app has it, but it'd be nice to be able to select multiple ingredients and have it do a best match search. Maybe also allow typing in ",1

The recipes are easy to read. I like that there is a large variety of them to choose from. Also you can switch and choose any variety of foods.,1

love it that i can type in anything and get so many options. i dont cook much but i have more confidence now!,1

do love it a whole bunch. Handy to have on the kindle fire for kitchen duty and even just lounging around looking up recipes.,1

"I love allrecipes, period, and I love this app. Its fun, simple and easy. handy to have at work when I'm trying to brainstorm a lunch special or when I need a reminder on how to do something that I hadn't done in a while. thank you!",1

Pretty pictures and easy to use recipes. Will have many meals from this app. I am looking forward to trying all the new tips I have read about.,1

I use this Allrecipes.com app all of the time. This app is a must have for recipes and cooking ideas.,1

This is a fantastic app! I've made many tasty dishes using recipes from this app for my family. They have enjoyed many new tasty dishes.,1

I already have this on my computer for a quick way to find recipes so I loved it just as much on my Kindle.,1

There are a lot of good recipes on this app. I use it all the time to cook delicious meals in my home.,1

"great to have this off of my phone, but still with me at the store. i like the ease, and best of all, lots of reviews. keeper for me.",1

I use this site often. It has wonderful recipes that are now far-out. It uses everyday ingredients that I have in my home.,1

we are not a cooking family but when we want a recipe for anything from deviled eggs to beef brisket its there! and lots of variations to choose from,1

"Need not say anymore than I love it. A lot of great choices and nice format. Easy to use, view, etc.",1

I use this a lot when I am looking for something different and simple to prepare. I am a person of 1 and the quicker the better...lol,1

"This app truly makes life easier. Pick a recipe, add it to your shopping list, add another recipe to your list & it will combine ingredients so you don't end up in the next aisle & realize you don't have enough of something. Your shopping list is",1

"This works great and has many features. To the reviewer that mentioned the recipe box was not available, it is. You just click on the link from inside the app. and it takes you to the website where everything is available. The only negative thing I can f",1

Freezes every time I would attempt to choose a recipe. Trying an uninstall/reinstall didn't help. Waste of time .Removed immediately.,0

"Love this! When I have no idea what's for dinner, I go to allrecipes. It's a simple solution for meals when you are short on time. Easy and quick to download too",1

I was honestly surprised with this app. Slick UI and tons of good recipes all with ratings. Its such a breeze now to search for a recipe. You can even put ingredients together ah la slot machine and see what recipes it spits out. 5 stars!,1

I love this app it is really good for finding a new and good recipe for many dinner choices. Awesome,1

I love this app! I always use it for a reference when making desserts. I don't really use the spinner much but that's a creative touch! Oh and the app never freezes which is great,1

love spinning for dinned ideas or the search works fine too. great app on the tablet for use in the kitchen,1

this is excellent! really enjoying the use of this app--so easy & extremely helpful!I have made many recipes from this,1

First I love allrecipes.com website now that I have this it's even better!Can't decide what to have? This app is great for that and it's fun if only to get ideas. Thanks for making this.,1

"Love it, this app works great on my kindle. Love the recipes that are on it. Have tried a few and the food came out great.",1

I can type in ingredients I have and it'll recommend something to fix or I can find a recipe for something I've heard about or seen. I love this thing and if you create an account you can save

recipes and use the grocery list to help you do your shopping,1
 THIS APP IS WONDERFUL. I LOVE HOW YOU CAN CHOOSE THE MEAL THE TYPE OF MEAT OR FOOD GROUP. OR JUST
 SHAKE PHONE TO RANDOMLY SELECT A MEAL. I USE THIS TO COOK GREAT MEALS . THANKS GUYS. GREAT APP.
 GREAT GREAT GREAT,1
 "This is a very good app. You can look up recipes by category and also by ingredient. For
 instance, I take some pork chops out of the freezer. I look at them and say "uugh," I
 don't want to use that some recipe again. I can go to this app and ",1
 I have to help my wife with dinner often. I use this several times a week to plan a meal. This is
 a must have App if you are a dinner helper. I have a dozen cookbooks but I grab my Android tablet
 and make dinner before I can open one of the cookbooks.I'm ,1
 "This app has so many recipes! All the ones I've tried are delicious! Some even have nutritional
 info and that is very helpful! (BTW, the Country Apple Dumplings are awesome!)",1
 "love the website already...now this! ?! its great. lots of recipe results. I can tweak recipes
 if needed ...takes the dread out of deciding where to start. if it would shop,cook, then clean
 up.....",1
 This app is the only recipe app I use. Can't believe I didn't know about this earlier.,1
 I really like this app. Your can search by recipe or ingredients. It very easy to use and it seems
 to have a lot of recipes.,1
 great app for kindle fire. love al the choices and love all the recipes. I also really like the
 spin option.,1
 This is a fun app and gives lots of ideas for new recipes to try! I'm also a subscriber to the all
 recipes website and love it just the same!,1
 I have a busy family and my three year old loves to help me cook. This recipe app is so easy to
 use that she can help find recipes to try.,1
 "The nice thing about this app, is I can take my kindle into the kitchen with the recipe I want
 and follow along, instead of having to print it each time I find one I want to make. I have used
 this site for years, so I am thrilled this is a free download",1
 I can virtually find any recipe I desire by the tap of a button. I love the spinner feature where
 it randomly picks recipes with selected ingredients. Truly an excellent app for cooks.,1
 "This doesn't really work on my phone, but I'm glad it work on the kindle, b/c I can build my
 shopping list and go right off the mobile device. :)",1
 This is a great app.I like the Spinner function. I found a great pie recipe while waiting at the
 doctor's office. I was able to see pictures and make a shopping list.,1
 I do a lot of cooking and even more baking. There are times when I feel like baking but don't know
 what to make. This solved that problem.,1
 "I had high hopes for this app, but was completely disappointed.I searched for vegetable main
 dishes and received three top results, all of which were loaded with eggs and cheese. The next
 three dishes had chicken, and all the "non-ad" ads on th",0
 WE USE THIS WEBSITE ON OUR LAPTOP TO TRY NEW DISHES AND FIND HEALTHY THINGS TO TRY AND EAT NICE TO
 HAVE ON THE PHONES,1
 I have thsi app on my cellphone and kindle. It is great! It works well and has several options for
 most choices. I LOVE the spinner. It allows you to chose what you need and what main ingredient
 youd liek ot use then it gives you options! I LOVE it.,1
 Kind of fun when you don't know what to have for dinner or need a recipe quickly. Have tried 2 and
 they were good.,1
 I love this app! I hate cooking and have no skill in the kitchen. This app has helped out
 immensely in developing my culinary capabilities. This was brilliant idea and it works great.
 Droid X.,1
 "I have tons of recipe apps as well as actual recipe books. I love them, can't get enough! But
 this one, well, it just isn't easy to use, has VERY little use and is extremely inflexible.The
 best apps allow you to both import your own recipes as well as co",0
 I love this app because you can plan a whole meal offof this app. The meals are different and you
 can also have differentside dishes. Love it everyone should have this.,1
 I really did not like the concept of this app. Some people may enjoy spinning the wheels like a
 slot machine and then making dinner from it. The problem is it takes a couple of spins to find
 something you like and then to make sure you have what is nee,0
 it gas a recipe for almost anything you need. great pics too. I live that I just put in an item
 and BAM there's a bunch of recipes. Really helps on those nights you don't know what to cook.,1
 If you are looking for recipes this is the one for you. I love it and have told everyone I know
 all about it. It is AWESOME,1
 "All Recipes is a great APP for anyone that gets in a rut of always making the same things all the
 time' There is nothing wrong for cooking recipes that you like the most, every now and then we
 need to spice of up a little. AT delivers this variance.",1
 I use this all the time.,1
 "Simple to use, plenty of great recipes. Would love to have the, option to upload my own pictures
 of the food. Best part of the app is its compatability on my galaxy 10.1.",1
 "Allrecipes.com is a great place to start if you are planning a dinner for friends or family.
 Everything is organized well with great descriptions. The best thing is that it is on your
 Android, so you can easily shop for ingredients.",1

I enjoy cooking again. Easy to make sure that your own your own. Add to the ingredients for your own satisfaction.,1

"this app is wonderful, easy to use, and i have already made some yummy foods thanks to this great app!! :)",1

"This is a super app...the things you can do with it are amazing...recipes, menu ideas...it is a dream for those of us that cater and cook for our family and entertain A LOT!",1

Kindle Fire - This app is lots of fun! I like how you can pick different combinations & you get a lot of different options to choose from. This will definitely make cooking fun if you aren't someone that already enjoys it.,1

"This app was a download from Amazon and I decided to put it on my little 7"" tablet. I use the Allrecipes site all the time on my desktop when I need to find a recipe that I want to print out. I love to cook and am always looking for recipes! I thought th",1

I enjoy having this cook book. It has any recipe that you may want to make that's quick or that can be challenging. The directions are very easy too. Love it!,1

Lots of recipies to choose from and I like the different selections of spices. The extra tips everyone offers are very good!,1

"I love this app as it tells you the receipe, the calories, the ingrediants and so much more. This app is AWESOME and deserves***** stars.",1

"This is a unique and helpful guide I found more recipes for brussels sprouts than I thought existed. The ones I tried were great. This is a very easy to use, handy, and helpful app.",1

"I love using this app when I don't want to think about what to make for dinner. I use the spinner to make the decision for me. If you love cooking but don't like figuring out what to cook, this will be a valuable app for you.",1

This is great for my indecisive self! An hour before dinner time (at least once a week) I shake my phone for a spin and fate decides what we eat!,1

"What a joy to find the variety of recipies in this. So far I have found the perfect recipie for baked salmon, the best I have ever eaten. And I tried a recipe for banana frtiters which were soooo good. I have been looking in cookbooks and on the inter",1

I use this app all the time. Everything I wanna try something new and different or even old favs. With it being on my kindle and phone and i look up ideas from anywhere and they ahve a menu planner which is very helpful on family dinner night,1

"I love having the recipes at my fingertips, on my Kindle, in my kitchen....now if I can keep from dropping my Kindle into something while I am preparing a tasty recipe....LOL",1

"Easy to use, fun. The only problem is some of the partners seems to be playing by themselves. Great buy.",1

I've used it this dinner spinner a lot. I absolutely love it. I made these taco stuffed shells and they were amazing. I loved them and oh my goodness delicious.,1

"I've been using this website for many years. It's so handy to now have it on my kindle fire. I put all the staples in favorites, so I never have to go searching around for the measurements or temps. Love it!",1

I love this website so I was pleased to see this on here. I wish you could save some of the recipes to my kindle so I can use it without an internet connection.,1

"Love this app! When it's time to cook dinner and I don't know what to make I just reach for my tablet and use this app. I type in the meat I have on hand and voila, tons of recipes to choose from. The recipes have users' reviews so I usually choose one w",1

I like that it works and I had used it in the past on the desktop. It is great now that is easier to used on a touchpad.,1

My daughter and I love this app. It makes planning new meals easy!! And our family has loved all the recipes so far.,1

I can't count the number of times I have used this app since getting a Kindle Fire for my Birthday in December. Absolutely my favorite!! :),1

"i loved this app, i have the iphone version and i frequently use in on my computer,this will help bad,good or even great cooks.",1

The is a great app. You just click on the ingredients that you have or want to make and it gives you a list of meals to cook.,1

I love this very useful app. A wide variety of recipes are readily available and there is a spinner if you can't decide. This is highly recommended and it is free. What more can you ask for.,1

I have tried several recipes from this app and everything I've made so far has been very simple to make and always came out a great success.,1

I love this app. There's a spinner that you can choose from to create new dishes. If you're looking for something you can find it in the search engine. There are many recipes for everything!! I LOVE IT! I would definitely recommend this app for anyone wh,1

you pick what you would like to cook any type meal it spins and gives you many options to pick from.the recipes are easy to follow for pros or amateurs.,1

This app doesn't have my allrecipes recipe box. I find it dumb to spin for my recipes. I would love an allrecipes app that has all the features of the website. The only use DinnerSpinner has is to entertain you with disgusting yet amusing recipes.,0

This app is the bomb! All the recipes and ideas are right at my fingertips. No waiting to log on

to the internet from my pc or laptop to go to the websites for recipes. it's all here! Thanks for creating this wonderful app!,1

This app is apparently incompatible with my Samsung Galaxy 2 Tab. It's a wonderful app on my Kindle Fire I love this app in the Pro model.,0

"There are access to so many recipes on this app. Love that you can search by ingredient, type of dish and time you want to spend cooking. There are so many other ways to search recipes also There is also a shake feature where it spins the options and ",1

"Hey everyone it's me, I just wanted to say I love this app that I got. If you love cooking and don't know what to make. You should could consider getting this app. This app gives you options to many different types of food to make. Please try this app",1

"I have used this app for multiple recipes, and all turned out great. I love the convenience of having thousands of recipes right when you need them,",1

I got a similar app for my Windows 8 laptop and I love it. I really like how you can pick just one or multiple ingredients and come up with so many different meal ideas!,1

This is an answer to my problem. I don't have a laptop just a desk top computer which is not located in the kitchen. I was soooo glad that I could have Allrecipes on my Kindle Fire. This allows me to use it in the kitchen or wherever I had wifi. Allr,1

"I love this app. It's easy to use and helps me figure out what's for dinner! I enjoy using it, i would totally recommend this app!",1

"I have this app. on my Kindle and use it regularly for recipe finding. Seems very dependable as to the results, only been disappointed a couple of time. Like seeing the pictures and reviews.",1

"The Allrecipes Spinner is a great application. I use it almost every day to come up with dinner ideas. In fact, I've used it for breakfast and lunch ideas, too! I like the multiple ways I can use it to find recipes. I also enjoy reading the reviews of",1

Absolutely love this application. I had an old can of pumpkin in the house and I randomly found a recipe for pumpkin butter! Well worth the cost :),1

I already am a member of the Allrecipes site on my pc. I was thrilled to see this free app as I really enjoytheir recipes.So fun to just click on a category of a specific food or an ingredient and have many recipes appear immediately to choose your meal,1

"Okay, allrecipes, what's the sitch???? I downloaded the allrecipes app the VERY DAY it was launched. I used it daily, do you hear me...DAILY...when I was at work and thinking about which of the hundreds of recipes I have stored in my Recipe Box. So, sud",0

I will always use ALLRECIPES.COM and have used both its app and its website as my go to for learning fast and easily recipes. I use their Banana bread recipe to this day and many of my friends have come over and had tea and AllRecipes banana bread.,1

This is the best app ever. You pick the meat you want to prepare for dinner and decide how you want to prepare it then the fun starts. So many choices! If you don't find something that looks good to you then your not hungry.,1

I love the recipes I find on allrecipes.com and this app makes it even easier to get to them quickly. I don't seem to be able to access my allrecipes..com online account from this app but fortunately I haven't typed in any of my personal recipes there y,1

"I love this app! i have used it for so many recipes, i save everything to favorites that i like, i actually use this when making my grocery list, not every recipe is a winner for every member of the household. that is to be expected.",1

"Thrilled there is an app for the kindle fire. Love All Recipes.com. Very responsive, quick loading. Can't lose with this app.",1

"whats not to love new recipes are allways good..cant say much more,,,good good good...grrrrr they make u right to much",1

"For what this professes to be, this is a great app. Not a lot of ads except....wait...that's all this is bit that's exactly what you want it for and this fills the bill. Only reason not to get it is if you're saving space in your droid. Otherwise, get it",1

"Great app! pick ur time to make, course, and main ingredient, or shake and let the spin pick it all for you! Once you have your options, time to find a dish! Great little app. for those who cannot decide on "What's for dinner?"",1

I so do love this app very user friendly. It's fun to use I am going to recommend for family and friends allrecipes u did it again quality at its finest thanks for making a very easy app that anyone can use easily. thank you,1

i use this on my computer and now i have it on my kindle so happy it more handy on the kindle,1

"Love this app, my brother introduced it to me long time ago, I was so excited to see that Kindle had it available, it is so much convenient for me to use this app now, because I can just set-up my kindle in the kitchen while I am cooking, they have great",1

This website has always been a favorite of mine so when I seen the app I just had to get it! Love it and works well! It's so nice to be able to have the recipe propped up on the counter. No more printing out the recipes!,1

Love the site love the app. Easy to navigate and plenty of ideas for dinner!! you can search by meal type or by ingredient.,1

I have used the All Recipies website for years and have made some great food from it. People post their favorite recipes and when you make them you review it. People post changes to recipes if you want to try it a different way. Calories count is give,1

"I actually deleted it because I figured I could just google any recipes I need, but it's a great app and helps organize favorited recipes and such.",1

I think this is a fun way to come up with menu items and is a great way to change things up.,1

Cant figure out what to make for your family of 5 or for two? Check out this app and see what it can do for you! Very helpful for all sizes of families!,1

I will use it with my All Recipes app and it really seems easy to use with some good recipes.,1

"I love this app. I don't use the dinner spinner, cute idea but I use the search feature and look up things (ie "easy chili recipe). My phone usually ends up with me in my kitchen, and when I find something I like, I can save it to favorites. Best re",1

I love this App I use it all the time. I have added so many recipes to my favorites list.,1

This little app is very good. You can just put in an ingredient and it comes up with ideas on how to cook it. I haven't found anything yet that there are not multiple recipes for. I like having multiple recipes so I can choose the one that works best ,1

This os really helpful I use it a lot when trying to prepare quick meals.Sometimes you just get tired of the samething the same way.,1

"I love this app for all my cooking endeavors. I have to follow a recipe or my meals fall apart, not in a good way. Great recipes and great comments by users. Makes me seem like a cooking genius, even though I just follow a recipe.",1

This is my go-to app when I want new inspiration! It fun and easy to use and puts hundreds of recipes right at your fingertips. I would highly recommend this app.,1

I love to cook and always look for new recipes.....this one has them all and so far it hasn't let me down for a new idea,1

"Just an awsome site. I have been using it for years now and I love it, and recomend it to all of my friends.",1

"This is way better then using a cook book or a cook e-book. You can search from thousands of things to make. It even has a shake and match feature that can be fun to use. Easy, Fast, and Convenient.",1

"As with the top reviewer, it is kind of annoying not to have the recipes you've tagged on Allrecipes to turn up in the app, but that being said, it is a pretty useful app.You can search based on the ingredient you want in your dish. You can search all of",1

really like this site and was very excited to see this app for the kindle. It is very easy to us.,1

My wife is on a low sodium diet & this is the only recipe app that lets you search by ingredient - tried and deleted all the rest.,1

has lots of gluten free recipes. easy to use. great on kindle fire. great for changing things up and trying new flours,1

"Plain and simple- I went online, downloaded, and it's telling me I need wifi service. Uh, I wasn't able to go online and download it by magic. How stupid.",0

I havnt used it a lot but it seems like it has plenty of recipes and looks like it could be very helpful on the fly.,1

"I like that I can find a recipe (or 20) for just about anything. I put in blueberries and a time frame and type the other day and it just gave me loads of easy, great recipes. Very happy with this.",1

I use this site religiously. Truly my "go to". I read all reviews and I get compliments all the time on my cooking. I love to cook and I love to enjoy food!!!,1

One of my favorite apps! Tons and tons of recipes and love the spinner feature! It makes it easy to figure out whats for dinner every day!,1

I love the ease of this app. I can go to my freezer and select a meat and then choose how long I want to spend on the meal. It gives you lots of different recipes to choose from and then you can narrow down your selection by the other ingredients that yo,1

Ive always wanted to be a vegetarian and I HAVE to have a high fiber diet because my prescription. This gave me recipes i LOVE. thx allrecipes.com,1

"Wow! I have used several app about dinner recipes and this one is by far the best. If you like to cook, install and see it for yourself.",1

Love that I am able to look up recipes for what I have around the house. Plus able to hop and have my list with me for the items I need then prepare each recipe without having all these cookbooks taking up tons of space. Not to mention I don't always rem,1

"I got this because my mom got it on her phone. she said it was great and helpful. it works on the kindle and iphone! if you like cooking then I only have 3 words yo say, GET THIS APP!!!!!!",1

"love all the wonderful recipes, and all the ways it shows to prepare sidedishes with all of the different meats. makes meal planning really easy",1

"I've been a member of the site for years and have shared as well as adopted many recipes through it. This version, and the Spinner are perhaps the best AR has ever done! And that's saying something!Thanks for a great and exciting cooking tool!",1

"Love this for my kindle. It is really nice to have on hand. I only have a blackberry, so I cant get great apps on there. This is something I use almost daily!",1

Love this app. Lots of recipes for any kind of food. I would recommend to anybody that enjoys cooking. Great!,1

"All Recipes app is wonderful. I can't tell you how many times I use it in a month to help me come

up with ideas for dinner, or dessert. Always something new and I love reading the reviews others make on the dishes, with suggestions on how to tweak things",1

I use the website on my computer and now I've got all my recipes that I have saved at my finger tips. I can look at a recipe while I am out to be sure I have all the ingredients.,1

It's great. I use it weekly. No more printing recipes from my computer (wasting paper) Just have my Kindle Fire in front of me at the kitchen counter.,1

"So far works great on my kindle hd. After you log in with your google account you can print to any wireless printer or any printer connected to a pc with google cloud print installed. This is still in beta, but they are working on support for printing ",1

"Been so frustrated when I needed to print a doc I developed with my Android ... I had to save it to my online drive, then go to my PC and access the file, finally printing from the PC.This utility, combined with Google Chrome (on the PC) and Google Cloud",1

Downloaded this app because I need printer for Kindle Fire. I could not get this app to print from my Kindle Fire.,0

Works on a Kindle Fire. You must have your PC on. Our printer is a Canon wireless and it works just fine.,1

"Still needs some work, when ordering it has a problem printing the page perhaps something with privacy, so if I need a copy of an order I just order from my laptop instead of the kindle unless in amazon because they always send you a order copy anyway. S",1

This app would not function properly on my Ainol Novo 7 tablet with Android 4.01 (Ice Cream Sandwich). Everything will come together eventually though. We're in a growing phase right now. :<),0

Cumbersome and didn't work with Samsung Printer as advertised. A little more truth in advertising would be greatly appreciated but I guess they are not the only app supplier to do it.,0

"works effortlessly for my Chromebook. Must have my laptop running and my non-cloud printer up too. Other than that, its fine. My next printer will be Cloud-print ready, so bye bye laptop.",1

didn't like it and also it didn't work on my so not sure how or what to say about this.,0

Works like a charm as long as the host computer is turned on. Just follow the setup instructions and go.,1

Could not get it to work with my kindle fire hd. Spent hours trying to get it set up and just wasted my time,0

Makes using the cloud an easy and feasible way to store files. The user interface is pretty clean and straightforward.,1

This app was very easy to install. Works great with all my older printers. Can also print from anywhere that you are. Really like that feature because you can print when you are not at home.,1

"We tried more than several apps before we found this one that finally worked. You will need to create your cloud printer within Google using Google Chrome. Once we logged into the account that created the cloud printer, the printer was available and we",1

"Really deserves four stars, because setting an account set up on Kindle is not so straightforward, and a lot of functions are "coming soon." Hopefully my extra star will offset all the people that gave up too quickly. It tries to connect to y",1

"This wouldn't even be good for a toddler! One key at a time, and like not a lot of keys!!!! It says in the description "Practice your piano!" Um even a beginner couldn't practice with this!!!! DON'T GET!! Only good thing is that it is free!",0

It lags when tapping the keys so the sound comes out late it has few keys so it it's hard to play songs with more notes it won't let me use 2 keys at once and it has a feeling of it was made at the last minute (?? ?? ??),0

"Only has a few keys, Not fun! We were glad it was a free app. Thank you for letting us try it.",0

"I bought this for my grandson to use when he's using my Kindle. The price was right and he loves it.If my grandson is happy, I'm thrilled!",1

"Nice program but It was not for me! I just do not have time to figure it out. Sorry, it was just not for me.",0

A great little app that kids like a lot - and drive adults nuts with. Keeps kids busy while waiting for appointments or just time killers for them.,1

sounds like a real piano nothing compairs to the real thing but this is just as much fun at a great price free,1

"Pros: Not only translates Spanish, but Chinese, French, German and many others.Gives pronunciations for every word.Easy to use. If you are translating an English word to a different language, make sure the left-hand box says English and the right-hand bo",1

This app really helped me out. I was really glad to find that there was a really good spanish translator app especially one that works as good as this one.,1

Apps such as this one is why i love my Kindle fire so much. Spanish translator and dictionary right at your finger tips! Love it. I also really like the word of the day feature it's really cool.,1

in this app you can learn over 11 different languages not includeing English. it's so helpful and you can also hear it if you press the sound button,1

it is really helpfull even though it only does a few different languages it is really a pretty cool app,1

"My cousin and his 7 year old daughter visited us from Panama City over Christmas. He speaks

English just fine, and his daughter is learning some English in school, but my kids don't know any Spanish, and my 5 year old is just learning to read/spell. Th",1

"While this App calls itself a Spanish Translator, in fact it will translate more than 20 languages from (or to) English. When translating to another language, it will also speak the phrase in the other language. Any phrase you type in the top box is tr",1

I love this app!!! it helps me with my Spanish class. if you have trouble with Spanish get this app,1

"This is the best app you will ever get to learn a new language. I'm learning Spanish,Chinese and so much more you have to get this app. And it tells you the word of the day which is really cool. And the best part about this app is that it's FREE FREE AN",1

I'm learning Spanish for the second year and this app shows the translation shows exactly every word we learned! I trust this app a lot. I have been using this app a lot and nothing has gone bad. write translation and you can hear the translation. also i,1

Ivan going to Spain this summer and i needed to brush up on my Spanish.This app also came in handy when web visited Pietro Rico!!!!,1

fantastic! my only question is how do I upgrade to Pro? I tried and Amazon took me to another app!,1

"I have a few friends who are Hispanic/ Anglos, meaning they have a great command of both languages. But sometimes it's fun to include little bits of Spanish in my messages to them. This translator is so convenient to show my solidarity and esteem for the",1

I have this on my cell phone also. Very useful. It has more slang and a greater variety of definitions than other similar apps I have looked at.,1

This app is cool :) I love typing in random words and seeing how you say them in another language! Gracias for making this app! :),1

"I am a cop. As much as I try to learn spanish, I never speak it enough to get great at it. This is a great tool for me.",1

This app is great. It helps me in the ministry to translate letters and correspond with my Hispanic brothers and sisters. I recommend it.,1

this is very helpful with Spanish lessons and when I need to find a word or translate a phrase into Spanish.,1

just type anything in and... presto! its translated and tap the megaphone Icon for a talking translation. not only learn how to write but also how to pronounce translated words.,1

"Vocabulary is the basis for proficiency in any language. From English to Spanish and the reverse, this product fills the bill for increasing vocabulary easily. My technique is to borrow a basic Spanish reader from the library. Then, ensure my understa",1

"I had high hopes to use this with my child. Never worked on my kindle fire, removed from the device.",0

I found this app hard to use so I deleted it completely off my Kindle. I think the app needs a complete re-think.,0

I love this app soooooooooooooo much you can type in anything and you can have it say the translation!Best part.....IT IS FREE!!!!!!!!!!!!!!!!!!!!!!!!!!!!,1

it tells you wat word ur looking for and tells also.AND there is like 7 languages to choose from.to English to Spanish or wat ever u want.....Enjoy!!!!:)),1

This app helped me get through Spanish 2 with a B!!!! Best translator ever and it conjugates the verbs for you. I highly recommend this app,1

I like this app because it helps with Spanish at church I like it a lot it really helps yea huha your awesome God loves you,1

"This app is very accurate. The speech feature isn't as accurate as typing in the words or sentences, but none of the speech recognition things out there are 100%. This is as good as any other. I will be going to Mexico in a couple of weeks and visiting a",1

I have limited experience (this is the only translation app I have used) but my most important criteria for me is how user friendly it is. And this app scores a solid five. It is intuitive and easy to use.,1

This is a handy tool to have if you want to tell a non-Spanish speaking person JUST what you think of them without them having a clue.,1

"i got this app to help me with French but unfortunately it translates everything literally. i translated some things that i already knew how to say and write, and this app translated very incorrectly. i wouldn't recommend this to anyone",0

bad app thought I was learning spanish then listened real close and hear A lady speaking english in A spanish accent too funny dont waist your time on this app,0

"Im slowly learning another language with this app. I need to speak another language for work, so I tried other apps but none helped. This app is great because it translates full conversations.",1

This app is real good people should try it out is a very good app people should try it out,1

really good for language learners and has a word dictionary with it so I hope you enjoy pus its free,1

Really helped with some flyers that were given to residents in our community whose English is not their first language.,1

I have used this several times to help me in communicating. Love the fact that it works both ways.

Communication made easier.,1

"Sorry, I don't have a review yet on this. We went to DR, but never ended up using the translator.",0

Dont even think about buying this piece of junk it is a rip off and its inaccurate DO NOT BUY!!!!!!!!!!,,0

I entered several phrases I'd use in my neighborhood and so far I was given exactly what I wanted. It would help me to communicate effectively.,1

I think this app is extremely useful and easy to use! I use it at school to help me understand some students who are not English dominant. It helps me get my ideas across to them and their ideas back to me! I HIGHLY RECOMMEND IT! Now if I could find .a ,1

This is THE best spanish-english translator on the android market. (It also translates a lot more than spanish-english!) Anyone who needs to translate from spanish to english or a variety of different languages will love this app.,1

"The Spanish Translator/Dictionary Helped me in Spanish classes, this app is excellent it works on my Kindle Fire HD. I suggest this than the other Spanish Dictionary or Translation. Secondly, It also helped me understand and learned correctly!",1

It has a ton of languages and it will teach you a language. its also funny do English and translate to English and listen its funny.,1

I've used this app several times. It's easy to use and it translates both ways. La cocaracha / cockroach... cockroach / la cocaracha. LOL,1

I really like this app. It functions well with no glitches; provides me with a correct way to say what I want; offers a function that provides a daily vocab word; is easy to use. Slang is not really an option but I did learn the words for Rudolph the Red,1

"really handy. very helpful. it helped remind me how beautiful Spanish is. was helpful in class, and is very easy to use",1

This app helps a lot because it doesn't just help you with Spanish it helps you with other languages like French and so on. I love it,1

"I love this app it is ilsuper awesome!!! now during Spanish class, I can be the smartest kid in class just because of this app! this app is my life saver!!!",1

It's very helpful when you want the correct word in English or Spanish I always get stuck either way. Thanks a lot for having it right at my finger tips.,1

guess im just not that into these types of apps i found it boring and unless you really needed to use it somewhere found it useless.....,0

I can't find where it got to!!!! So I've never seen it.....at least yet. These aps tend to hide from me.,0

I have used the Spanish Translator/Dictionary frequently in my Spanish classes and look forward to using it more when I travel to Spanish speaking countries.,1

this app is very helpful it works better than any other translator app or website that I've used I really enjoy it!,1

very convenient must have works well in any situation helps me teach my kids words too highly recommend for everyone,1

I love this app I don't use it in real life but its fun to mess around with and it can go from Spanish to English and English to Spanish I would definitely recommend this app to anyone and everyone.,1

It's a great product and highly recommend it to anyone who needs to translate Spanish to English or Vice Versa,1

great app. very helpful. use it alot and its easy to start picking up phrases you search. id recommend it to anyone. love it alot.,1

I use it all the time when dealing with Spanish speaking people. They sometimes laugh at me but the point still gets made and we can communicate at least,1

This is the best translator. You can read and hear the words spoken. It's not just Spanish. Its very easy to use.,1

This app has everything you need. Nice interface and pleasant way to search. I love it. I recommend this to all my friends in Spanish class. Its great on the Kindle Fire!,1

"I absolutely love this app. I take Spanish at school so when I'm doing homework and I'm not sure about this one word, I can just translate it with this app.",1

I love this game it really helps with different languages. especially if you have a new kid at your school from a different country.,1

love this app. it helped me learn Spanish. and is an easy program to use. it is also easy to hear the words.,1

I am very happy with this translator. you can put in a single word or a whole sentence. then it will translate it for you and even speak it for you.,1

I am in the medical field and find this to be a great app. It works amazingly well. I love it,1

I have so much Spanish homework but this app makes a 30 minute job 5 I love it. I highly recommend it,1

The beauty of this app is that with a tap of the finger I can switch from English to Spanish and back. I'm studying Spanish in preparation for an upcoming trip. This app is ideal for real conversation translation.,1

"I love this. it actually taught me quite a bit of spanish. SUPER helpful! Remember , its FREEEEEE

(°°°)Get this app if it will be helpful to you in any way.do.it.right.NOW (por favor?)"1

"This app is a must have .it is A great help in so many ways.never get stuck on a word again, and you also learn how to say the word. Oh did I mention You can translate just about every language on earth.",1

This is cool. I try to use it every day. I love to learn how to say things in more than one language. It is very helpful.,1

"Great for free app. NEEDS a clear button that does not require you close the keyboard and open the menu. I buy apps that I like, but even tho the app offers an upgrade, it is not accessible. YES, the app makes errors in translation, but my spanish speak",1

This app helped me on my family tree.I wrote 8 sentences and it helps me learn a lot of Spanish.AWESOME!GET IT NOW!,1

"I love this game. In fact, I find it quite addictive. My grandchildren love to play it as well and we play it together. I think it helps with their observation skills to try to find the 3 and 4 in a row possibilities. I especially love the sound effe",1

its cool if you havent played other jewel apps but if you have you would know that this one has plain jewels plain colors bad graphics and not many special jewels or special effects in the game i would recomend jewel star its fun free colorfull exciting,0

This game is the closest thing to Bejeweled without the name! Great graphics and sounds. This beats the pants off off the other game with the same name! The other one sucks compared to this one. Just being brutally honest!,1

"I love this game....it seems I am always trying to find a little break in the day to play, then another break and another.",1

I love Jewels Legend and have played through many times. Wanted to try a different game but found this one lackluster after playing Jewels Legend.,0

I love this game I can play it forever. I also used to play it when I was little. A WOO LETS GO JEWELS.,1

"Won't let you play an entire game. keeps randomly shutting down with out warning. very irritating. would be a great game, otherwise.",0

"This is a fast paced, mentally challenging game...gives me better sense of concentration as well as improving my eye hand coordination.",1

I love defender because .I like shooting all the monsters down with the crossbow and I love using all of the different spells to stop all of the enemies from attacking the. Fortress and the game is a lot of fun,1

Any 3 match game is fun and jewels has them all. Addicting and exciting as it gets when playing these games. Keep up the good work on presenting these types of games.,1

I use this a lot when I am crocheting. It helps me keep track of what row I am on. Great! But I have to keep my phone plugged in because the screen stays on. Small price to pay for such a great app.,1

I don't like the fact that the phone will stay on so I don't have to unlock it to count the rows. I also don't like how it functions.,0

"This app is soo much easier than keeping tally marks on paper. No worry of dropping your needle / hook to hunt and grab a pen, draw a tally mark, pick up your dropped needle /hook then resume your work. Just tap the screen and resume. Saves soo much t",1

No more lost pegs on a traditional counter. Just tap the screen of your Kindle to count another row completed. The free version is just a big number that increments every time you tap a screen. I can read it even without my glasses.If you knit items w,1

Always seeking new ways to keep count. This solves that difficulty.Easy to use. Affordable (last counter I bought at the hobby store was \$11). Useful.,1

This a app is easy to use and very fun and cute I love the android character . I recommend this app to everyone.,1

I love it. It allows me to search and display articles from wikipedia in the best format for my tablet and cell phone. it displays all relevant headings and gets content when you click on it thereby speeding things up and getting only what you want. five,1

I like this app. It is very helpful when I need to know things. I like the app very much.,1

This definitely goes to favorites on my Kindle Fire.I have fast access to Wikipedia instantaneously.Just compare to the speed on the regular website.,1

Disappointed in the feature articles showing up on the home screen. Not easy to look up items. Prefer to get the info from a google seach with brings up Wikipedia and others sources.,0

I like how when you load it it randomly pulls up an article for the day. It's pretty much as easy as navigating the real site and works great on the Fire.,1

"This is absolutely stunning. I downloaded it for my 5 year old (who loves it) and I play with it as much as she does. The designs are endless and colors are amazing, plus you can save your work on your phone or tablet.",1

"Not in a negative way, mind you - sometimes you need to disconnect from reality, and this app allows me to do just that.Easy to use, and some of the designs you can make with it are really cool.",1

"This is by far the BEST drawing app I have seen! I took me a bit to get the hang of it, but once I did... Wow! This is my new favorite app!!!",1

This app is awesome! I downloaded it for my 5 year old son. It's the same concept as the old magna doodles but in a more modern format. Gone are the need for crayons and paper. The best thing about this app is that it records your drawings and plays t,1

"Everyone should read this version - it is a loving, and a lovely read - well worth loading..., it is a permanent resident on my tablet",1

THE MESSAGE book is just that. I thought it was another version of the bible but this could not be further from the truth. When it is compared with a true translation (and this is a paraphrased effort) it holds only a mild resemblance to the bible.,0

"I love The Message version of the Bible. It's so easy to read and understand. This app keeps with the simplicity. It's easy to navigate and find just the books, chapters or verses you are looking for. In a word, perfect!",1

"The Message Bible is easy to understand. It is easy to read and makes comprehending easier. I like the KJV in general; but just for reading and getting a better understanding, The Message Bible gets five stars.",1

I have been reading the Message Bible for several years and wanted an on-line version. This is easy to read and I like many of the features in the online version,1

"This is not a study Bible, but I love the modern vernacular used in the translation! Great for easy reading.",1

this is very easy to follow and understand. makes the word easy. I suggest for any new reader of the bible,1

This app is one of my all time favorotes. It gives me the ability to get a more "current" look at the scriptures. A better understanding of how God's words relate to me today!,1

Pretty easy to use & doesn't need Internet connection. I love the parallel display & making notes in the nation. Great choice.,1

"I love this Tecarta Bible App. I switch easily between several versions as I read, quickly able to compare the way different translations or paraphrases as I process spiritual truth. The Message in particular presents vocabulary and phrases different eno",1

I have wanted the message bible and to get it in the app was really awesome. The price was right too.,1

This version of the Bible has always been my favorite. Great job offering it for such a price. I love it.,1

"this game is fun. And for you guys who don't know how to move the people you click them,and to move sally you tap on the people.And I got a discount because on my I pod touch the full version is \$2.99 ,but on my kindle fire the full version was0.99 cents",1

"It is nothing like the pc, and it is very hard to control. Waste of money. And the app is small on the screen.",0

yeah you have to beat your tablet but I look at that was part of the charm. I constantly replay & got the luxury version.ASUS TF Prime,1

Played sallys salon and wanted to try salls spa. She is great at both of them. I watch her often.,1

I got this for my granddaughter she really likes to play this on my tablet. It really does keep her attention.,1

I this game I have it on my I pod touch. my cuzen showed it to me and I was like Omg I love it!!!!Peace out home roomys!!!!,1

"I played this game once and I already know it stinks. DO NOT get this game . it is waste of money. you cant even get the people to move, so they are geting madder, when you, are pounding you fingers through your kindel fire. do not get",0

This is a good time killer. I like theupgrades and the challenge of getting all perfect levels. I also like that you have to learn the best times to use the different bonuses.,1

I love this game it is so much fun to play can barley pit it down I finished it in 3 days so much fun,1

This app does anything but waste your time. It's also a waste of money and does not work very well.,0

I've played this game on my desktop & enjoyed it as well as sally's salon. But this app freezes my kindle to the point it shuts off & may take a lil while to come back on! I'm so disappointed because sally's salon works fine on here.....all I can,0

My friend recommended this game and I love it. Fun interaction game Wish there were more games like this one.,1

Sally's Spa is a good game for girls are women to play this game is a pretty good game to play I think you will enjoy it when you start playing it.....;-),1

"Great time management game! Fun, challenging, & Addicting! Graphics are Good & plays perfect on K.F.Cant wait for the Next Sallys,keep it goin RealNetworks,time for another!!",1

"I don't like that it is so small, even on the kindle. It is only half of the screen. It should be full screen like Sally 's Salon. I wish I had known it was so small before I paid for it.",0

I wish I didnt have to give this app a bad review because its a nice looking app but it doesn't work very good.,0

"This app says its free but once you click on what card you want to make, it takes you to an app purchase where you have to buy it.:(",0

This app didn't have any greeting cards that was of any interest to me so I deleted this app as soon as I downloaded it.,0

THis is a very nice bible. It is easy to use and the find function works too. Thanks for making it into a Kindal File,1

"A bible app for \$5.99, wow I guess jesus needs money!! There are many free options available out there. Well good luck.",0

This is a great ape. Love the way it shows the cross references. Highlighting is so easy. the narration is so clear. Its a must.,1

so that I could use it in church. love the way it is so easy to use. enjoyed this book,1

This is a great download for people that want a quick reference bible. I use it in church all the time. Easy to highlight and verses very quick to fine. I love it. I love the word of God.,1

this is so convenient! I am able to take it anywhere. it is easy to navigate through the Bible. I highly recommend this app. you will like it I promise!,1

I am always looking for a good bible app with the options to highlight and bookmark. This is the one.,1

Looking for a bible for my Android tablet and I tried the FREE KJV version by Tecarta. Seemed to work well with my Samsung Galaxy 8.9 tablet. Could easily navigate to the books and verses I wanted. I also liked the ability to highlight verses in a num,1

This NIV Bible App is a blessing in my sermon preparations. It is easy to navigate through the Bible and the NIV is a very good translation to use. I have purchased many different Bible Version Apps from this same company and use them often. I recommend ,1

"The Bible is organized well and easy to find additional information as needed! The other publishers that are available are much more expensive and not worth the additional cost. In general, I'm happy with this purchase.",1

I currently have a hardback NIV as well as Wesley Study NKJV and also a NLT. Having the NIV as an APP on the Kindle HD puts it at our fingertips. We pick it up often and read it.,1

Love this app. Especially for Bible studies and is amazing how easy it is to find passages of scripture and of course for making notes.,1

"I love that it doesn't require internet, and I can switch between NIV and KJV. It will highlight, bookmark, you can change the names of your bookmarks or just leave them as Book and Chapter, overall just a really great Bible! Definitely worth the money.",1

I purchased this app also the King James version because it was more convenient than carrying two bibles to church. I prefer King James but my pastor preaches from NIV. I love that you don't need Wi-Fi to use.,1

I use this app all the time you can download the bibles on your Kindle to use without internet connections. Lester,1

"I love the King James Bible, and its cross references, however, when studying my Bible and I need it simplified for understanding, I can always read it in the NIV Bible.",1

"I absolutely love this app. It's perfect for using with my 1-year bible reading plan. I love how I can highlight any verses or passages, bookmark my place so I don't lose it, and underline stuff as well. I have the app for the BLUE as well by the same pr",1

"I love the Bible, but this version does not seem to have audio. I like the audio so I can rest my eyes and hear the Bible being read to me. Hope that this will have audio soon. Also to have audio, a man's voice is better heard than a woman. Many hard",1

"I like having my Bible with me, but carrying around book can be heavy! I have this on my Galaxy S4 and on my Kindle Fire. Love to have my Kindle during Bible study!!!",1

I love this app because it helps me go through the Bible easily. It gives easy access to the scriptures and is very convenient.,1

I like the ease of using this Bible. I depend on the text to speech aspect a lot. Way better than it used to be. I highly recommend this.,1

The more I use this app the better I like it. The better I like this app the more I use it. Discover the opportunities to creatively read & study the Bible.,1

I chose this Bible app because of the reviews which said it was the easiest for clicking into a specific verse. They were right. I am very pleased.,1

I have this on my old tablet but will be putting on my new one. I like having my Bible near me and I usually take the tablet if I'm sitting waiting at the Dr office. Thats often too!,1

I love this Bible app because you can use it offline as well as online. You can take it with you to read anywhere. Very user friendly.,1

"I love this Tecarta Bible App. I switch easily between several versions as I read, quickly able to compare the way different translations or paraphrases as I process spiritual truth. The NIV is a standard check when I want something well-translated. When",1

"Our preacher uses this Bible as reference when creating his sermons, and he grew up using this translation. fairly easy to understand and is a terrific resource for students who like to know a bit more about the Bible. I use it sometimes when doing Bibl",1

great addition to my kindle books it is an easier version to understand now i can read the bible anywear without having to actually carry the bible,1

"okay- I tried this out and started comparing this with other translations. then I did some research. turns out, the NIV has many problems 1, numerous times it wont say the right stuff that is in the NJK or ESV translation. for instance, in Noah's ark he ",0

"This is a Kindle app, and works only on wireless connection. Other than that it is quick and easy to use giving the reader instant access to the Bible and once you get use to the interface you can switch around to various books quickly while doing resea",1

"I use this version for my Beth Moore Bible Study and really like it--it fits with what she uses in her teaching, and is easy to follow.",1

I loaded this on my tablet as a first translation (NASB was second). It is great to be able to see translations side by side. I also really like the ability to highlight text and add margin notes. Navigation is easy.,1

This is a great Bible that I can take with me when I don't have online service. It's a bit hard to take notes on.,1

Very easy to use. Taking notes is much easier in this bible app than others I've tried. WOULD recommend this app.,1

Love this translation and the software that is provided with this Bible. Love to use the feature where you can put two translations side by side. Love the 4 color highlighting and many other features. Great features,1

"This Bible is awesome. I love the fact that the app works offline, highly convenient when you attend a church that has yet to install wi-fi. The best improvement is being able to type in a keyword or name and tons of scripture references are instantly av",1

I enjoy using this Bible it is very easy to use. I love the note taking feature and the search and bookmarks features I would recommend it yo others.,1

I like this app very much.It is very helpful to me because I wanted to know how to pray all the differentchaplets.,1

This is exactly what I was looking for and the written prayers allows me to concentrate as I pray. Concentration is difficult at this time so this app is perfect for the Kindle Fire and Android phone.,1

Like this app alot. It has many different chaplets to choose from. It has made my prayer life better when I can choose different prayers daily.,1

It is a complete masterpiece designed by a higher power that is so cool it is breathtaking enough to mal some forward contemplations,1

has all the chaplets that I use and then some all in one place! Makes it easy to find and pray so many devotions to Our Lady.,1

Don't get this app. It is impossible to win. The zombies leave their coffins for about 2 seconds. You can't tell the angels from the zombies. I can't beat mission 1. I was bored of it in 1 minute.,0

CANT GET ENOUGH OF IT I THINK IT IS THE FUNNIEST GAME I HAVE PLAYED NOTHING ELSE TO SAY ABOUT IT,1

This have sucks.I wouldn't recommend wasting memory on your device for it. It runs slow so you don't ever win.,0

"This app may not be free (today it is), but there is truth in the saying that you get what you pay for. On my Asus Transformer, it has a much more polished look over Google's app and renders much more smoothly. If you are into star gazing this is a ",1

I wasn't sure what to expect with this but it totally blew my mind. The amount of information available and how easy it is to use mKes it a must have for any level of stargazer.,1

"major problem. don't bother to install. very disappointed because it used to be cool. comtacted support, but not expectong much.",0

"great star map application! This application is beautiful and worth the money. 3 dollars is nothing to pay for this kind of application and really highlights the abilities of our smart phones. this works well on tmobile g2 but not perfect, i can",1

"I have the new kindle fire hd 4g and this is great. Enable the gps,bundle up your kids and find a spot away from lights and this handle app will help you find constellations ans planets in the night sky when you point your device in whatever direction y",1

i've always wanted to know more constallation. and now i can! works great on my samsung galaxy! i dont mind the pictures.\n,1

"Star Chart doesn't seem to read the accelerometer correctly on the Kindle Fire -- it doesn't know which way the device is facing.In the absence of a GPS, it also refuses to work unless you manually type in a latitude and longitude. It could get a very r",0

"This app is amazing. I've had it for a couple of months now, and I use it all the time. It's AWESOME. I'm so mad it's free today! I paid for it on the Android Market, but it sure was worth the money.",1

i have used this app several times already to figure out what planet or constellation i'm seeing. this is a great app.,1

such a phenomenal app that is enjoyed by all ages. Having the constellations on it makes it even more fun & educational!,1

"This app is super sweet - it's a star map that knows what direction you're looking in. It was very helpful when I found myself trapped as a hostage on the planet known as Aagloorp in the Hath system. Luckily, I used this app to orient my star maps so whe",1

"Of course you have free Google Night Sky, but this app has better graphics, more friendly controls, and a better interface for learning about constellations. well done!",1

"I really love this app. its pretty, functional and I can also see stars under my feet ;) Thanks Amazon for giving out quality apps like this fo free.",1

I have found this application to be terribly inaccurate. I had it pointed towards Orion and it was not showing it. I tried to change my time zone and it still didn't show it. Google Sky Map is WAY better. I do like how this program shows the graphic,0

"This is one of my favorite app's, I have always loved to look at the stars, with this program you get the names and information.",1

very smooth and responsive map of the stars. Anywhere you point theets lots of good info. It looks awesome on my honrycomb tablet,1

"I absolutely love this app! The auto orientation and graphics are spectacular, and I just love using his at night. Thanks for making this free today Amazon, and BIG thanks to the developer for an awesome app!",1

I am really disappointed that this app is not working. I really wanted to try this app it must be awesome if the reviews are real and not posted by the developer. Please fix this app.It force closes every time I start it. Thanks Amazon for the free app o,0

"Great app. Might be redundant with sky map given free. Looks good on the Asus Transformer. Fun educational tool. The reviews are ridiculous. Seriously, people seem to have way too much time on their hands.",1

A friend has a similar app on his iPad and it was partly why I wanted a tablet type phone (it works well on my Galaxy Note 2.)I have found many constellations I had difficulty identifying in the past.,1

Very interesting and impressive application. The free app of the day rocks. I am in awe. The constellation images are a nice touch.,1

"Much nicer than googles, not a cooking app as someone else stated. I highly recommend this app, it is.pure quality.",1

"This astronomy app works great on my Acer Iconia A500 Tablet. Which by the way has a GPS, so the app automatically gets your location, then adjusts it's orientation. in respect to the direction you are facing.I have found it to be very accurate so far. A",1

I admit I'm a free app whore. I download them then never review them. This app deserves a review though. It has amazing graphics and works great on Thunderbolt. Like Google Earth only a million times better!! I wish I was a great reviewer but alas I,1

"the graphics are awesome and the detail of the celestial objects are awesome. you can set your view location from any coordinate, do wish you could do a city name or zip at least.",1

A world apart from Google Sky. Graphics are outstanding. Just touch a star and it's information pops up. Thanks Amazon for this application. DroidX 2.3.3,1

"This app is way better than Google Sky, in my opinion. The graphics are great and the overlay of the constellations is a great touch.",1

this app is amazing. it is very accurate and I can position it right over the stars. this must of taken some real time cuz the developer made it right. thanks a lot man. I hope u make many more apps or games for the android system. we are happy to have y,1

"I entered my lattitude and longitude after about 4 delete and re-installs because it kept taking away the decimal point (which btw, Moon Phases picked up just fine without any input from me) and now, it shows me about 3 starts if I point it up - it's a 2",0

"I'm a big fan of Google Sky but this beats it. Smoother movement, better graphics, and information for each star. It needs to use network location, not just GPS. It's also missing time travel. Otherwise just about perfect.",1

Everyone I show this app to thinks it's really cool. great conversation starter. if you ever wanted to know whhat you're looking at while looking at the night sky you should get this app.,1 This is an easy to use and very useful app for anyone with a Kindle Fire and a desire to stargaze on a clear night. It has a wide variety of settings that allow you to get just the right amount of information displayed so you can match the star map to w,1

The app works beautifully on the ASUS Transformer (Honeycomb). I started the app and began scanning the night sky from my brightly lit kitchen. I can't wait to identify stars in the sky tonight. \n\nThanks to the developer for making this fun and ,1

This is a very useful and beautiful app. I am really looking forward to using this app while camping! Very impressive.,1

"Metro PCS Samsung Galaxy Indulge (no root)\n\nThanks for the very informative reviews.\nSurprisingly, not too many whiners.\n\nAll issues other reviewers I read have, (lags, can't read text, jittery), I do not have with this phone. It's damn ne",1

"seems like a really good app. well laid out and easy to find constellations. I especially like the artwork as you line up the stars, it makes it easier to see what the constellations are.",1 This App is awesome; it has a lot more to offer than Google Sky Map. The only issue I have is the lame description. It just seemed like the developer couldn't think of more to say so they just fluffed it out. "State of the art GPS technology.,1

If you already use goolge sky map then don't let this ape pass by. It's makes a great addition to your google sky map.,1

"The 1st reviewer had me cracking up. I really hope it was a joke. Otherwise I feel sad for them. \nTo those who say that this is a rip off of the google version please just shut up. This offers way more than that. If you like google better, then use ",1

"This is a great shop, and free today, yay! I've had google sky, but the added beauty of the gorgeous illustrations congress those the winner in my book. I can't wait to show my 5 year

old daughter, she loved the google app, but as soon then a",1

"This is a fun little app! The quality is really very good, both in terms of the graphics and ease of use. This would probably be very good for some young kids too because it has a cool factor that would have them want to explore the stars",1

"You are in a universe surrounded by stars. They are all around you... Yes under your feet, albeit also behind (under) the planet you are standing on... hence under your feet.",1

"Works great with my Evo 4G. Love the subimposed art depicting constellations. App was very bright and I found myself wishing for a night mode... sure enough, there it was. Excellent job! Love this app.",1

"This app benefits from the GPS chip that is on (and only on), the Kindle Fire HD 8.9 4G LTE. As others have commented, other Kindle models do not have GPS, BUT the new Kindle Fire HD 8.9 4G LTE DOES! The app quickly obtained my location from the GPS chip",1

"The Asus Transformer has GPS, so setting location is a breeze. And it has a compass so turning around would orient the display to show the correct part of a sky (just make sure you don't have this in a case with a magnetic clasp). It works in landscape m",1

"I know Google Sky Maps is free, but it has nothing on this! Star Chart is downright beautiful! I homeschooled my kids & have used Google Sky before to try to make learning about the stars more interesting. It didn't make much difference... just showed t",1

great little app so worth it much better than Google similar offerings. Fun to check where things are around all above our heads,1

"last update broke this app. no longer works and restarts my phone. please fix, I love this app. Mytouch 4g",0

"The product now works with correct orientation on my gTablet. Please note, my tablet does not have a built-in compass so it will not automatically orient the star charts based on the direction the tablet is facing, but that is the fault of the tablet an",1

Beautifully made and fully functional. Breathtaking graphics with smooth fading mechanic for the constellation drawings. Would give more stars if I could:),1

First time opening application on my DROIDX app force closes. This had me worried but 2nd time it opened no problem. Had to have gps & vzw networks on in location settings in order for app to find me. Didn't seem to entirely match my movements w,1

I have a 6 year old grandson that loves the stars and moon could not wait to get this so I could show it to him and he loves it we are thinking about getting him his own type of ereader that he can have this on his own best buy yet for my new Kindle Fire.,1

"Wow, so pretty! Google stars is nice but this has a few advantages, one of which that I really appreciate is an overlay of the cancellations so you can see how its represented. Will get lots of use out of this I'm sure!",1

"Top notch first rate app that accurately uses the GPS to display the skies above you. It's amazing how accurately it displays stars, planets, constellations etc Easily moves to SD card as ANY good app should! Well worth the \$2.99 a steal as the free app of ",1

"Bought this after getting a competitor's app. Found this to be superior. Only problem is that when using a time other than current, must use GMT. For Chicago area that means adding 5 hours currently (CDT). Other than that and the inability to show fainte",1

"This app is a rip off of googles skymap. The developer had nothing revolutionary about this program and the reviews are ludicrously fake. Android apps are becoming redundant, theres always some joker trying to charge money for free "water".",0

"I really love this app because I can hold my phone up when I see a constellation that I might not know, and it'll tell me what it is! Also, I love the fact that for example, I'm looking at Leo, it'll show a very detailed picture of a lighted up lion arou",1

"best star chart! so clear with line drawings then, pretty art so its not just Ursa minor in lines, there is a white, swirly bear illustration, very beautifully drawn.",1

"Tons of options, smooth animation and works better than Google's. Takes a little longer to start up, but worth it for the performance.",1

"First off, congrats to Amazon for FINALLY implementing some level of hardware control. If you cannot download or install this app it is because your device is not supported. Amazon did let you download it before so that if you bought a better phone in th",1

It is nice to be able to look up all the constellations that I know but can't remember the names of. Plus it looks nice and is very easy to use.,1

why buy this or even consider it when Google sky already exists? seems odd to pay for a similar app,0

I could not get the location to work. Holding it up to the sky didn't work. It was very disappointing.,0

It's accurate and fun... I haven't taken time to use it much... need nine more words... don't know what else to say :-),1

Stable app that seems to work well and very accurate. I enjoy using it on the back porch. The night setting makes it turn red to help with viewing the app and the stars with little eye adjustment. My kids like to point out stars and have me tell them i,1

"I was not expecting such a beautiful app. The graphics are stunning. My 5 year old son is beside himself now, as we were trying it out, he said, "I wish there was a giraffe up there.", then all of the sudden, we saw one! He literally hugged my ",1

"When Amazon fixes that I guess I would rate this higher. I'm sure there will be people saying they downloaded it fine, but there is no option to get the app on my screen.",0

"I went outside and couldn't see any stars because of light pollution, so rated this app one star. J\K. \n\nThis is a neat little app that directs you around the night sky based on your physical location. It just works. You can turn on and off label",1

"I don't know if it's the built in gyroscope, but this thing is buttery smooth and the graphics are light years ahead of Google Sky! I guess as long as your phone has the right hardware, the experience is second to none!",1

"Simply stunning graphics and easy to use. Many Kindle Fire users seem to have issues, but the new Kindle Fire HD tablet has GPS so it works great! The price is right at .99¢ and you won't be disappointed!",1

"the program loads and installs but is about as accurate as drunken blind man trying to shoot a moving target.not happy spending money on something that doesnt work on the andriod fire, mostly because there isnt any warning before purchasing. i place tha",0

"This app is very relaxing to look at, kind of like watching tropical fish or a lava lamp. I personally think it's better than the Google one because it has pictures of the constellations, not just the names and locations.\n\nThe only problem I'";1

i shouldn't have bought this ...i should have read the fine print. it is not compatible with my fire. I thought i could go out and point it at the stars and it would tell me what i was looking at. My fault though. it might be a great download for the rig,0

Works great on my Samsung Fascinate! Looks SO much better than Google Sky and seems to be a bit more accurate when pointed in a direction (NSEW). Love it!,1

This is a very nice looking app and has similar features to sky except this is much more detailed. Runs very smooth on the HTC G2.,1

"I was looking for an inexpensive guided meditation for my Kindle Fire, and I've purchased others at the Amazon store, but this is by far the best guided meditation I've found, and I only paid about \$2 - can't beat it.",1

It makes sense to me to purchase meditation apps from a company that specializes in this type of product. That being said this app is a kite meditation that does exactly as advertised. If you need a more structured deeper meditation product I'd advise ,1

No fancy script...just gentle suggestions to let your mind go in a soft and calming voice....I fall asleep before it end every time.,1

I don't recall purchasing this item so I find it odd that I would have a review pending for me to write.,0

"Very, very nice way I start my day. You can set various times to suit you preferences, and the voice is very soothing to make you just clear your mind. Mediation is about being in the moment. I love being quiet and being able to have no thoughts running ",1

I found this to be so relaxing I was in a almost sleep Others mentioned a lack of directions for breathing etc. For me I liked not having to focus on all that. It distracts me and puts a "performance" stress on the mind. I love this app for it,1

"This is great for destressing your day. Actually I have listened to this three times in one day. I am a cancer survivor, sometimes daily activities can be stressful. I find this app is very helpful in guiding me to a more relaxing state of being. I r",1

"This app is great for a middle of the day recharge! You can set it for 5, 10, or 20 minutes. No sleepy hypnosis, just relaxation a refocus of your awareness. Highly recommend!",1

I used where a while back on my Palm Pre and didn't like it. This version is way better a year later. It can replace gas finding or movie search apps and for someone who has limited space on their phone that is a big help.,1

"I downloaded this application and was going to save my favorite restaurants to the list so that ""Where"" could find similar restaurants and I could try them out. I typed in and also did a search by category of my favorite places. Only two out of fifteen w",0

"First off, the UI is amazing on My Galaxy tab. It runs smooth, looks great & overall is simply just great. Cant complain. :)",1

"Wow, not sure what more I can really say than this app really does exceed all of my expectations!! I already had an app that read the Bible out loud (Cross Connect), which I really love, so i debated even trying this one. I decided to give the free versi",1

"I'm very happy with this app, ended up buying it shortly after downloading the free version. I hope the Old Testament will be released soon!",1

A great and easier way to use the bible. I absolutly love it. A great use in bible school activities.,1

Education and entertainment in a superbly crafted app.I highly recommend. You will have a new appreciation for scripture. Do not have reservations with regard to the price. Works very well on Kindle Fire.,1

Spreading the word is what we r suppose to do. Not asked to be paid for it. Cant buy your way to heaven. Ignorant!,0

I don't know why I downloaded the app...didn't use it for long. Now I have an iPhone and don't need it.,0

This app works great on my DROID X. I have a message saved for when Im driving or in the movie. Will add more when the situation comes up. I recommend this app.,1

why do people give such horrid reviews for an app that does what its suppose to do.No issues so far. works great when I work all day and can't respond to people.,1

"This ape is great for when you're out. On a date, late at night and if you're in a movie. It beats ignoring calls and texts! No force closes and seems reliable. Good amount of options.",1

"I hate it when people lower the review (stars) when the app does not have a feature that they think of, but the app does not claim to have it.a true review is rating the app for the features it claims to have. you can always contact the developer and ask",1

i installed this and a leprechaun texted me a weird message. immediately I was able to ignore it now and my family is free from the leprechaun terrorists... thanks dev!!!,1

"I appreciated this app that Farmer's Insurance has that allows you to send a text out if you are on the move, but it has a bunch of other features that I didn't want causing it to move into bloatware. So it is nice to see an app dedicated to auto-respond",1

"if you are using go SMS, you must uncheck "disable other message notification " this cause problems when reading text messages. when I unchecked it, it now runs flawlessly!! I hope you guys read this. this app rocks!",1

Seriously? Friggin wait until you get somewhere. You need an auto reply while driving? Turn off your txt plan and learn to live in the real world.,0

"i trying messing with it and it doesnt even work, i tried and tried. i installed it and uninstalled it and again no good, sorry :-/hope this review helps.",0

This app does exactly what it sets out to do. I love having this on for when I'm driving or watching a movie in theaters or just at home spending time with family. You can rest assured knowing that you're not completely blowing anybody off. No more wo,1

"This app is excellent. Does just what I need it to do. Lets you enter your own message. I use it driving and when I'm busy and can't be bothered.Somone complained it didn't let them choose callers they didn't want it to apply to. Duh, then don't use ",1

"I sleep during the day and all the ladies hate it when I can't hear my text message ringtone. Now I can turn on this great program, tell my ladies im sleeping and all is good!Im so happy amazon made this app the free app of the day.*rooted evo 4g w/",1

This app is a genius idea. I love it and turn it on when I'm asleep or at work. Works perfectly on my Droid 2. It even has a widget you can "add" for easy access.,1

"This app is great, works exactly as described every time, never had a problem, never crashes, great to let people know why you're not responding to texts. Perfect for gym/work outs, meetings, class, job, or whenever you're away from your phone!",1

"Full customizable auto-reply messages are what I needed for my phone to reply to for text-messages or phone calls while I'm working or otherwise busy. That's what I got with this. It was the Free App of the Day on August 21, 2011 and I downloaded it afte",1

"using this app has really helped relieve stress, feeling like you have to reply with an excuse as to why you are late to reply. also, the customization of messages allows for greater freedom than other apps.only thing may be to apply it to other services",1

"I have used the Lite version for some time, and found it very useful. With the full version, you can create you own away messages. I will continue to use this every day.",1

"Did not care for this app, no special reason, just did not like it. Didn't like the features or the way it worked. Better Video poker games out there.",0

for free OK but if you have to purchase it.....don't do it.....I had great hopes but it is proving boring.,0

want a simple fun poker game to play around with-try this out for a bit. offers fast response and good graphics and something easy to play around with. worth a shot and trying. doesn't seem to freeze up or anything like some games like this do.,1

"Another waste of time, not really free. not enough money to start with. You will have to spend money to win at this game, and lot's of it.",0

Fun way to lose your money your fake money try to out wit the dealer but its a long shot and no risk so lets play cards im feeling lucky,1

It's just like the real thing---I can never win! LOL This is a good game for when you just want to sit down for a few minutes at a time. Great for a busy person.,1

"I'M ENJOYING PLAYING OLD SCHOOL POKER. IT'S WHAT I NORMALLY PLAY WHEN WE GO TO THE CASINOS. THE ONLY DRAW BACK IS IT DOESN'T KEEP YOUR CREDITS WHEN YOU SHUT DOWN. EACH TIME YOU OPEN THE GAME YOU START WITH 100 CREDITS, BUT IT'S FUN AND KEEPS ME ENTER",1

"I was looking for a simple video poker game, and I found it with Free Old School Video Poker. Very straight forward, easy to use with a couple of cool options. Giving you hours of entertainment. Wait! did I mention it was FREE!",1

I like video poker and this game is my favorite. I can't stop playing it. I'm getting better at it all the time.,1

Good game....win or lose as much as any other game of poker.....nice fast and efficient game on my Kindle. Kills time as well as any other.,1

I have always liked playing video poker....Deuces Wild...Joker Poker...Jacks or Better...etc...BUT....this game is so lame...No Action... so B-O-R-I-N-G !I would not recommend,0

who gives this a five star and then says it make you cooler!!!!!! if I ever see that guy he'll be in prison for selling illegal drugs!! don't get this app even if it's on a device,0

447/683

My grandchildren love this game! Their imagination goes wild as they draw and color on the screen. And the best thing about Computer Painting - There is no paint spill mess to clean up afterwards!,1

"Just like reviews before mine have stated, it incorrectly marks mines and in some cases doesn't put numbers next to mines where numbers should be. If I could give it 0 stars, I would! I downloaded this game a long time ago but never played it until now a",0

"Mine sweeper!! There are games in our lives that will forever hold a near and dear spot in our childhood. Pacman, Zelda, Final Fantasy, Mortal Combat and Many more but Mine Sweeper fits in there with all of them. The play Is perfect but I am do favor cla",1

"Kindle Fire hd 8.9""This is my original review after I just DL game but I was wrong! The game has lots of bugs, putting flags down and clicking when a flag was supposed to be put there. I tried a few times thinking it was me but in the end I had to uninst",0

How can you not love mine sweeper. Makes my brain actually think! I love it. This game will never get old. Worth it,1

"First time listening, there were pleads for donations. I already bought the app! Major fail! Just play the radio shows and don't try to bleed me alnmore--especially a paying customer. Pass on this one. Sorry I wasted the money, even if it was only \$1.99",0

I've been enjoying this app so much. It's been a connection that I can talk about with my parents and they get a luck out of it too. So far I haven't experienced any problems with the app.,1

I love the Johnny Dollar adventures and there are a lot more shows to listen to. Thank you Adam Graham for all your hard work!,1

I have an internet radio I listen all the time to old time radio shows suspense detective stories etc this is great now I am more mobilegreat library,1

Because 10 is better than 9. One two three four five six seven eight nine ten eleven twelve thirteen fourteen.,1

"This is a very complete and easy to use financial calculator. The graphics are large, easy to see and use.",1

I don't have the time for a complete review. I agree with what all the great reviews have said. A few people who put that the calculator was"too confusing" or thought it was a normal calculator need to be flicked in the head. Writing thi,1

Great calculator app. No bugs or miscalculations like apps in the past by other developers.I like how this developer took the time to reply to people and address concerns about network access etc. I wish people who thumped this app with 1 star reviews ba,1

"This is definitely a five-star app. Definitely worth downloading (even when it's not free).The display is clean and had the look/feel of the HP calculator upon which it is based (absent the raised buttons for course). It is also, to the relief of many,",1

"I've used advanced calculators since back in the day when they cost hundreds of dollars and actually had LED displays instead of LCD. I bought my first TI scientific calculator in an electronics store in Manhattan that was ""going out of business"". LOL I ",1

Program kept stopping which probably was a good thing. Definitely not for the amateur in that it is not intuitive.,0

It's great you can do just about anything with it and then some so I use it a lot just about everyday.,1

Probably the best FAOTD calculator thus far.Please ignore the bogus reviews using stong words like spyware. The developer actually took the time to leave them comments and adressed their concerns but they ignored him.,1

I just updated my phones O/S and discovered THIS APP WON'T WORK UNLESS YOU'RE LOGGED INTO YOUR APPSTORE ACCOUNT.I uninstalled 10bil Calc since there are plenty of Calculator apps that don't require me to be logged into my Appstore for simple day-to-day c,0

Works just like the real thing. No problems with or without internet access. It's getting a bum rap from some.,1

This is a professionally designed and functional financial calculator for your tablet or smart phone. I installed it onto an Android tablet and a Kindle Fire without any issues. The calculator is a copy of the HP10BII which makes it ideal for people in,1

This app is better than a lot of the others I've tried. I took a finance class before I found this app. I wish I saw it earlier,1

"5 stars because maybe it has to be usefull to others, I just downloaded because it was a FAOTD and may be one day I will use it but for now I can't even look at it again cuz me brain died. :)",1

I downloaded the program and when I tried to open it a error message showed up. I tried to download it the second time and it told me only one download per customer. So as of now I have no comment on how it works.,0

I am looking through my files for an old calculator bought from the Wall Street Journal.This calculator has the same/very familiar functions. I can use that manual to operate this,0

This is a nearly identical clone of a real HP 10BII calculator. I've been using a real one for years and it's pretty close to breathtaking for a nerd like me to now have this on his Tegra2 tablet.BONUS: This is SO close to the real thing that the actual ,1

"Even though you may have no immediate need for a complicated calculator like this, as a FOTD 6 dollar application, you may want to download it as a ""who knows, maybe one day will need it.""

It's a little more than 9mb in size and approx 46 - 50mb in RA",1
 "what a fantastic app. the calculator alone is very useful, although very complicated. But the easy setting makes it so even a novice could figure it out. All in all, very useful",1
 its good at hiding things and so discreet!!!also on my kindle fire I use it to organize my picture into separate files instead of just "downloaded".that is my faveoeite part about this app!!! ^_^,1
 Very nice hide app. No one knos that its hide app all my friend think its audio manager app. No hidden files r seen in sd card manager. m very happy :) ,1
 Hidden apps still show in the market. They also still show in the settings -> applications list. This app also shows in the market as well.,0
 Ironically I really use it to adjust my sound levels.Of course the hidden file part works great as well.,1
 its a must have for hiding pictures videos audios and you can only hide apps if your device is rooted which is the only downfall,1
 "I found this to be an easy to use and quite useful application. Not only does it provide a means of blocking the view of almost any thing you can consider, it also can control the audio output of your Android device. Get it!",1
 "This app is really handy, and I also use it on my phone. On my phone I also use it for my texting, as opposed to the stock texting app.",1
 "You can't hide apps without root access, which really sucks. Would rate 0 stars if I could. Uninstalled. Lock instead.",0
 "I've tried several different apps like this one, trying to find one that worked well. I came across Hide It Pro when my phone OS updated and the app I was didn't support the new version. I'm glad, as this one is far better in pretty much every way. Fi",1
 "why wouldn't you love a program that keeps your private stuff private. it hides things perfectly, and it has a hidden browser too. I recommend this program whole heartedly!",1
 have the paid version on my phone. been using this app for about 2 years now. 5 star app. excellent,1
 "This is a well thought out application with a straight forward, easy to use interface. Definitely a Top 10 and Must Have application!",1
 Could not figure out how it works plus I don't trust it.,0
 "Works great on my Kindle Fire 1st generation! Better than I expected and I highly recommend to anyone wanting to make pictures, videos, etc. private!",1
 this froze my kindle I had to buy a new one don't get it you'll regret this dumb whet app,0
 "I have this on my sons EVO & it has the ability to lock apps with a password. I got that from Google Market, but the Kyros tablet i have for our other son, which can't have Market. So I was happy to see it here, but it's missing the ability to lock a",0
 the one thing I would change is that mine comes up as hide.it pro for the title you should change the name to audio manager or volume controller or something like tht,1
 "Pleasantly surprised, the app appears as audible manager in your list. Very easy to use, I have not tried the encryption Icon yet, I wanted to use it to hide my erotic lit but the file names are gibberish I 'm having difficultly recognizing my books, but",1
 i love it is so cool to use it make me feel like a spy with the secret thing it so cool and fun to use.,1
 "If you're trying to hide porn on your Kindle Fire, an app called Hide It is not a very subtle place to put it, innocuous musical note logo or no.",0
 This little app gives you an excellent stop watch with multiple lap times as well as a basic stop timer functionality. Very friendly interface and super functional!,1
 "Beautiful app, beautifully done. lovethe option to toggle verbal responses. The developer certainly didn't skimp on the extras. thanks for making it free. Great job!",1
 excellent app for timing and stop watch options. useful for my work and personal use. I love it and will use it often.,1
 "Installed on my kindle fire, it works very nicely. I particularly like the count-down voice - perfect for those timed party games.",1
 "UltraChron is an easy to use stopwatch and timer, which I have been using both on my phone and tablet for a long time. The controls and navigation are intuitive and easy to use.I have Version 1.9.2 Installed on my tablet. It is showing a Total storage of",1
 "Having used Turbo Tax for the past 6 or 7 years I can confidently say it is the easiest way for me to do my taxes which are an average level of difficulty. I especially like the quick, free federal e-file and I buy the state included which I print and ma",1
 I find this app useful for estimating the arrival of my refunds. It helps to know about when the money will arrive. It is also nice to know when my returns have been processed. I download this every year!,1
 "I had had an issue with identity theft, so I wasn't really expecting this app to give me an actual time frame for my refund. I was so wrong! It was right about the day I filled and even the time! As for the time frame, I will update this review when I re",1
 "This app gives you current information, less hassle than using irs website, if you filed your taxes using TurboTax but no state information giving.",1
 This app is very simple not much too it but I guess that's the beauty of it. I don't like the fact

that I have to enter my social but at the same time it makes it safer.,1
"This app was EXACTLY what I was looking for! It does EXACTLY what it says, nothing more and nothing less. Simply elegant in it's simplicity. Thank you!",1
"This is a very useful tool to have. It worked quickly without making my phone crash, and it's very easy to use.",1
"This app was extremely easy to use. I think a first grader could do it. No problem downloading it. Also, it's free. Get it today!",1
"I used this app to track my refund as I use Turbo-tax yearly. Didn't have much interface as my taxes processed in record time. But, what I did use worked very well.",1
Don't waste your time! No real information that you can't already get from your tax software. Save the time and space and don't bother.,0
"I am very satisfied with this product. I've been using TurboTax for years and the Track My Refund for three years. I've always gotten the maximum refund allowed and this year, I finished in about ten minutes after I got everything ready to begin. Highly ",1
"It's certainly to the point. It's a simple app and pretty hard to screw up. I just wish turbo tax gave you more info on your state refund status though, on either the web our this app.",1
Keep track if the status of your return and when you can expect to get it. So easy to use,1
Quick and easy. Don't have any thing more to say. Don't have any thing more to say. Woo hop! Yay!,1
"This is a very simple app designed to do nothing more than track your e-filing and refund. In this case, simple works. It's quite user-friendly and the status update is immediate. It's a great way to keep on top of your tax return's status.",1
"I used Turbo Tax for the first time this year because my bank offered a free version on their site. When I was done and picked up my Kindle Fire, this app showed up as a ""recommended"" product. So I bought it.I am so glad I did. I check the status all t",1
"like it. It does what it is suppose to do. Yes, I like it a whole lot. I like it.",1
I loved how quick and easy this was. Just take a pic fill out a couple other things and literally SNAP your done! :-D \$25 to file and it was admitted the same day within mins.,1
"Finished my taxes yesterday using TurboTax (on my PC), opened this app on my Kindle Fire this morning, and very easily can see the status of my Tax Returns. Simple!",1
"Works perfect, just enter SSN and zip code, and it tells you your current status! I would definitely recommend this to a friend.",1
I am not going to keep telling people I had a very bad experience with them and if you went through my ordeal you would hate it too. Should have stuck to H& R Block,0
"...and quick and matter-of-fact.No bells+whistles.It does exactly what it promises to do which is, in my opinion, admirable.",1
It took all of 15 seconds for me to get up-to-date information on the status of my refund. Just like the version on my laptop. I recommend this app.,1
This app makes it so easy to check on your tax returns. I use it daily until my money is in the bank!,1
"I use TurboTax every year to do my taxes. It easy and hassel free. So, when I did my taxes this year, I was happy to see an app that I could download onto my Kindle Fire. I was able to check up on my tax return with ease. Worked perfectly!",1
"Even after I received an email from TurboTax stating that my refund was on its way, this software continued giving me updates from the previous year. Waste of time.",0
The app was very easy to use.since I used turbo tax to do my taxes simply entering my social security number and date of birth got me instant update on my status. Easy to use.,1
I recommend this service to anyone who needs to file their taxes because it is not necessary to pay when its so easy to file. Even i could do it.,1
"Great app. Very easy to use. Loved it!! I've used TaxAct for years, but this time around I opted for Turbo Tax and I'm happy I did.",1
"The title says it all, but because of the word minimum I will add that the app is one of the easiest you'll ever use. Much thanks.",1
Very easy to use. Use it to check on status without having to make phone calls or submitting loads of erroneous data.I am plaesed with the simplicity,1
"Simple. It works. More does not need to be said, except these reviews are required to have at least twenty unique words.",1
Plug in your numbers and bingo bango you have an answer. I'm not saying that it is the answer but it is a answer.,1
"Easy to use, and quick response. I would recommend this app to anyone that wants to check the status of their e-filing as well as when they can expect to see their refunds.",1
"Been filing with Turbo Tax for 15 years problem free. Now there is a fast, safe way to check on your refund. Get the MyTaxRefund app for TT!",1
This does exactly what it says it does. Much easier than turning on the computer and logging on to Tutbo Tax to get the information. I'm glad I saw this and got it.,1
"Love it, and I think it's just a great app. I don't think I will use any other app other than this on. Intuit you're great.",1
It is so nice to be able to track your refund and see when it is deposited in the bank. Thank you,1

This app sucks! It gave me wrong information and when I emailed them to tell them that I was told that I needed to update the app. Guess what what there is no way to download an update. If you want accurate information about the status of your tax refund,0

Filing our taxes with TurboTax was one of the easiest and quickest ways we have ever filed taxes before. The step by step directions were awesome and so easy to follow it was unbelievable. We will never again do our taxes any other way. If you have never,1

"It kind of feels funny to put in such sensitive info into a mobile app, but it really wouldn't be much different than doing the same thing on the computer where I did it to file my taxes. It works and even gives an estimated date for refund if you're due ",1

Fabulous product. Would recommend it to family and friends. I used it last year and will continue to use it in years to come.,1

"Simple, fast, to the point. Lets you know where your return is. Does what it says it will. I was pleased to see that it's a free app, since turbotax usually charges for everything.",1

"This is a nifty little app to have when you want to know when you might be expecting your tax refund. i don't like the fact that you have to provide your SSN as part of the retrieval, but I do understand that it is necessary in order to find your tax re",1

Great app for checking on your tax refund. It really helps to be able to track your tax refund as it makes its way to the IRS.,1

We have used TurboTax for several years. We are very satisfied with the ease of completing our returns. We efile and get our refunds quickly. I know I have utilized all the options available for us. I get to print out the form and it remembers it all to ,1

"I love turbo tax. I have filed with them for years and never had a problem. This app makes knowing when your money is coming so simple and its actually more convenient than the ""where's my refund"" that the irs offers. Get it. Use it. Be satisfied. It's t",1

This is a very slick little application. It is very quick and straight forward. Easy to use! The price is right.,1

Convenient way to check on the status of your refund. Just enter sen and zip and your status instantly appears.,1

I have used Turbo Tax for the last 15 or so years and trust them exclusively. It is a great app and your security is protected.,1

I loaded this the same night that I filed and within a few minutes my federal return was accepted.. With this app I can check the status anytime anywhere. Great app. Thank.s Turbo Tax,1

Intuit is a great company who listens to its public. Always innovative and like its name intuitive. I've been an Intuit fan since DOS!,1

"i decided to not use this app so I deleted it from my Kindle. I have no idea what it does but if you need it, it is free so give it a try.",0

"This is a nice, quick, lightweight application from Intuit, the makers of Turbo Tax, and Quicken. It quickly finds and report the status of your return. Only, I'm not sure why to keep it past April 15th.",1

"Downloaded this free app on a whim. It works exactly as is stated. You just plug in some info, and it gives you an estimate on when your refund is on its way. Works well on my kindle, no bugs. If you're curious to find out when your refund is on its way,",1

I choose this rating because I filed my taxes through TurboTax and this app is awesome for anyone who used them to file taxes!,1

I have used turbo tax for a few years now. A lot better than spending a hundred bucks. This has proven accurate!,1

"This app is easy to use and it only gives me the information I want, at a glance. No mucking around with excess information our images, it tells you what you wanted the app for any way.",1

Love this app love being able to track where and when I might get my refund. Simple to use just like turbo tax I have used it for years and will again.,1

Great app for tracking tax return. It works flawlessly and it's up to date. I love turbo tax they stay innovative and the tracking app is a great addition.,1

I always do my taxes with Turbo Tax because of how user friendly it is and makes even me looks smart. I always like to go online to check on my refund status for one reason or another and his app lets me check the status on my Kindle Fire just as easy.,1

"I was really nervous when I found out that the IRS was delaying so much this year, but with this app I found out before I even got the email that it was accepted and the app was so easy to use.",1

This app honestly will not work this year as the Irs has changed its system. They no longer give dates but just say within 21 days so turbo tax has no idea and are just making up a rough date.,0

I like Sudoku and this app is great and doesn't have any bugs or glitches. I highly recommend it to anyone.,1

"A challenging game, which will preoccupy your mind and help you relax your mind and sharper your ability to analyse situations.",1

"Although the appearance of the game is great, it doesn't work very well, at least on the Kindle Fire. Once you turn on the hints, you can't turn them back off. It has an auto check feature, but you can put all the same number in a row or column and it do",0

This app is simple to use. My children ages 3 and 9 have mastered it. The 3 year old loves it and

I've learned so much about him and his needs. Without this app our communication gap would have been severed. I realized that he understood so much more than,1

My daughter's teachers use this in the classroom. I was very excited to see that it is available for the kindle fire! Now we will be able to get them for both autistic preschools,1

I tell it all the time to say wakey stuff it says stuff so funny just love it!!!!!!?! so rad,1

so awesome I used it on my friends iPad when we went to Monterey bay and got it on my kindle fire,1

This is a great starter application for anyone who has language difficulties. My son has autism. I hope to teach him to use this program to help him have another way to communicate. The basic version is free!,1

This lite version is a waste of time. It is very hard to make a sentence. I am afraid to buy the full version because it may not be much better. It is clumsy and not laid out very well. Don't wait your time.,0

I still have not been able to figure out how to use it. Not at all user friendly. Poor instructions.,0

"When I searched for ""soup"" in Amazon apps, there were over 80 results. I decided to try the ""iCooking Soups"" app, which turned out to be a good choice. The app has fifty recipes for five different types of soup: cold, chunky, creamy, fish, and meat soups",1

"Great recipes included in the program. I also love the option of including my own recipes, so I can have all my soup recipes in the same place.",1

It's good for using the creative and problem solving part of my brain and yet it is so relaxing that I play it at night when winding down for the day. \n\nBeware their update asks for Fine Location which I do not do for apps that don't need to,1

Great app love the twists to this and it's a little addictive. Nice to have if your somewhere that doesn't get wi fi,1

quite possibly my favorite game ever.. it's challenging yet relaxing. could spend hours playing if i didnt have a life/family.... great game!!!!,1

i have the paid version of the app. Works very well. The battery life on my Motorola Triumph went from 7 hours to 10 hours with moderate use.,1

"Does not work on Sprint Evo. Usually my phone will have power until anywhere between 5pm - 8pm. I installed this crap app, and by only 2 pm my phone battery was flashing red and about to power off. But it doesn't end there. I missed ALL calls for the day",0

I heard about JuiceDefender from a friend and boy it makes a big difference on the battery life on my Droid. I am so glad I took their advice to try it.,1

"One of the best things I have tried for my HP TP. Battery life is so much improved. Try it, no really..try it",1

"My phone used to go dead before the end of the day, JuiceDefender changed all of that. At the end of the day I still have 80% of my battery.",1

absolutely does what it says. I took it off after months of use to see if it really made a difference. went from 1.5 days back to less than a half day. couldn't wait for the battery to recharge so I could re download.,1

I really don't concern myself with how juicedefender works. Just set the default and you will get considerably better battery life. I have used it on two Motorolas and a Samsung with great results. A must have.,1

"A huge problem with smartphones is always the battery life. Now, I'm able to save some more battery when the phone is not active. The balanced option is more than enough. I haven't tried the aggressive mode, as I have not needed to yet. My estimation is th",1

It needs to run in the background and the app itself drains ur phone...total waste. I wish I would have known before.,0

don't believe the idiots that rate this less than 4 stars cause they have no idea how to tie their shoe let alone run an app this pimp! been using it (paid) for almost a 1 1/2 yrs through several devices and not once did it not perform. If you want bet,1

"Most people will be happy with the free version, but some will appreciate the control afforded by the upgraded versions. Upgrading process went very smoothly for me... no uninstall was necessary, and all settings were kept. Had a 1.5x increase in battery ",1

"This is a great app! It keeps me honest with my battery power usage... I can now go much longer without recharging, with the same battery.",1

I am a power user. I use the phone for work and have an extended battery. I normally end the day at 15% or so. This app works.,1

"I have been using this app for close to 2 years. Those of you who say it does not work, please make sure your settings are set correctly. I get nearly 20 hours of battery life now on my sprint htc evo. Without it, I get nearly 12. The biggest benefit of ",1

I was surprised to see that it really does save battery! I was changing batteries several times daily (I have four of them) for my high use on the LG Connect 4G for metro. Now change battery 1 time per day. I rarely buy apps but I am seriously thinkin,1

"I used my EVO 3D for the first two weeks I had it, and it is a power sucking beast. With juice defender, problem solved!",1

It was a must have on my OLD phones but with the new phones you don't need it as they do it all for you. At least my Note II does.,0

My Galaxy Tab 2 10.1 tablet accepts and uses JuiceDefender. This APP is unobtrusive and really does work. When the tablet is in sleep mode it is connected to the internet. That is just one of the battery drains it regulates. My time between recharges has de,1

This app will NOT install on my Coby Kyros 7022. I can't review an app I can't install. Let me know when I can.,0

This is a great smart phone app. These new smart phone take a lot of batty energy. Many phones need to be charged during the day and can not go all day if you use your phone much. This program is great and monitors your energy use and makes recommendatio,1

my battery stays for twice as long now idk how it works (kinda) but just set it and for get it. would be nice if I could exclude some things though.,1

"I'm not much of a ""power user,"" but even on standby the battery life on the LG Optimus V was modest-at-best and sometimes ran low quicker than I would expect. JuiceDefender, at its ""balanced"" setting helps extend the battery life fairly well, without li",1

"I highly recommend this app to maximize your smartphone's battery life. I am curious as to why the Amazon App Store has V. 3.8.3, but the Android Market has V. 3.8.4.",1

"I downloaded this app & used it on my galaxy tab for about a month and I saw no benefit. This app does not work as advertised and I do not recommend it. If I paid for it, I would want money back!!!!",0

I have used Juice defender since my first smart phone. All my family uses it! Save me a lot of time recharging the phone.,1

didnt like this . it sames to shout down all my stuff on my phone . if that is what you want then get it . i was trying to get a device that would keep me from going on my network internet because i couldnt find it on my phone . fixed that problem by doi,0

"as we know, the EVO has terrible battery life. with the aggressive function you can slow battery drain by over 50%!!! the app is brilliant",1

has doubled my battery life on the aggressive setting. love it and highly recommended! gwt it while its frwah. joy joy,1

"I have tried using it in all 3 modes. The default mode was too simple for me, I like playing with my apps. The advanced mode was fun, but I ended up with limited savings of battery power. So now I use the mid mode. It lets me define some of the parameters ",1

if your a zombie fan like me you'll dig it..it does get to hard fast but it makes you sweat to beat a lvl ..ignore the 1star trolls..they 1star everything if skyrim was 60 fps for 1.99\$ on here they'd find a reason to 1 star it...,1

"This game gives a different twist to tower defense. It is fun, engaging and creative. I love the fun nods towards cult classic and current zombie movies. They are subtle in some references and not so in others. Either way, this is a fun and awesome game!",1

"awesome game. the charactors are cool and the gameplay is sweet. you just arm your hunters, place them, and sit back and watch the destroy zombie hordes! you have a wide range if weapons (from 22. pistols to ak47s) its perfect to waste time in a fun way",1

As the tigtile said it wouldn't work when I tried to open it and it kept flashing on the loading screen,0

"I downloaded this game awhile ago, and I didn't leave a review for it. It don't work now for some reason but it was still a really great game, one of the best stratigraphic games on the market place. Good job man.",1

"This is the worst product I have ever used I put it on my wife's phone, my daughter's phone, and my phone. Guess what they all stopped working. Biggest peice of crap I have ever used free apps are way better than this junk!! They must have paid the revie",0

"if its nots downloading the its not the app, but your dam phone troll. this app is a well earned 5. my battery life trippled thanks to this. dont listen to the 1 star troll review",1

"Android phones eat up battery life fast. This product, with a minimum of fuss, will extend your battery life typically 1.5 - 2.25 times the pre-application life of the battery. Yes, I wish it was a higher multiplier say like 7 or 8, but twice the batte",1

JuiceDefender has cut my battery use by leaps and bounds. It has only been installed for 24 hours now and I am getting at least 80% LESS drain. Thanks for the app!,1

"I was skeptical about this app's performance but, it has turned out to be great. once I got it set up the way I wanted it has more than doubled my phone's battery life. I used to need a charge every day but, not anymore.",1

I downloaded this on a free app of the day event. I gave it a shot. It didn't seem to save my battery and it caused problems with apps I did like so after a week of being annoyed I uninstalled it. I have an EVO 4G running Android 2.3.3.,0

"My Droid X is great, but getting though the day without charging was nearly impossible. With JuiceDefender Plus I can easily get through the day. And by using JuicePlotter as well I can get a good estimate on how much time I have left on the current cha",1

"A great app, no doubt. But I wonder why Amazon sells an older version of this app. It has been upgraded more then once since this version. Weird...And then, this older version costs here more then the newer one in the Market. Weird too, no doubt. As for JD",1

"This translator works very well, and is easy to learn and use. The voice pronunciations are easy to understand. It will be a big help when going to Italy this summer!",1

"This app is magnifico! It is reeaaly good, with word of the day! Download it, you won't be

disappointed, I wasn't!",1
This app is like google translate.... most of the translation are wrong. Dont get it cause they are all wrong,0
the jokes aren't even funny when I saw it I looked at them and just quit no wonder its free,0
if you buy this app all it does is take up space. the jokes are terrible and don't make any sense at all.,0
this game ducks it has no good jokes on it. I don't know why I got it . if the names said best jokes the jokes are no good.,0
people that say these jokes suck. apperently don't REWD them or r to young to understand them. some of them are pretty funny,1
I love this book because it have a lot of jokes and they are funny. I can tell them to my family,1
"This app is wonderful on so many different levels. It teaches animal names, the sounds they make, what kind of food they eat, how to properly pet an animal and what they look like from birth to adulthood. After you properly pet the pet it changes into a ",1
"we do this a lot, I love the imagination it brings to my son, thank you for a great product.",1
I like this game very much! it is weird though when you see the turkey..... its a nice game though!,1
"I give this app 5 stars because it's great for small kids and user friendly. It allows you to lock your Kindle to this app only, to keep your kids from going to other sites. Great learning tool. Your kids will love it if they like to learn.",1
Colin and I played with this for 1/2 hour or more. Lots of fun for a 2 1/2 yr old with his Grandmom.,1
"I really LOVED this app. Very fun and interactive. I am thinking about getting the full version, because it is so brilliant.",1
This app was unable to sign me into any of my accounts. I'm very glad I had not paid for it.,0
Works very well on my phone. And this app is great. Better than other chat apps worths all money..,1
low score because of the client going through a server to log you in and transmit the messages.....thats stupid...why would you do that?? thats more frustrating than a 3 legged dog trying to bury a terd on an icy lake. it just dont make no sense...i woul,0
"great app. I can use this app for all my instant message clients such as google talk,yahoo,AOL and more. Easy to use.",1
"Overview: This app is awesome if you have multiple chat services, like many people, and always want to stay connected. Some of the most popular IMs are available which makes this app very versatile. For instance, I am able to see my chat buddies for Yaho",1
I have had this app for awhile now and I have to uninstall it. It does not work on the Xoom at all. It auto starts all the time even after I turn it off. I have asked the developer for help with no responds. I am going to have to go with ebuddy.,0
"This app allowed my now ex-girlfriend to break up with me via 3G. If it weren't for this application, I would still be dating her.One star since it combines all my IMs, though.",0
"Sluggish and unimpressive.Not as good as Trillian. Especially once you factor in the seamless desktop/Android/IOS/Web integration, there is no contest.IM apps like this have a long way to go to compete, esp. at this price point.",0
I've been using this app for a month & a 1/2 and its great. With the update its even better. I love the "toast-like" popup that appears when someone im's you where ever you are.Thank you for the great update !!,1
It uses googles push to send and receive messages. This means that even if you lose connection you still get them as soon as you get your connection back. Awesome.,1
There's a reason no other IM app asks for this permission. Send this developer a message. We won't put up with shoddy programming or spyware.,0
"I have been using this app forever as a Blackberry user and now with Android, allows me to stay connected work, family, and friends on multiple platforms at one time.",1
"I saw many reviews complaining about security risks with this app but I chose to ignore them, huge mistake. within 10 minutes of using this app someone had stolen my passwords. first was the password to my suitcase and luggage. by the time I realized it",1
I love this app because of its clean UI and its ease of use. Does exactly what I want without any hassle.,1
I found it too much of a coincidence that my email account realeased a boatload of spam within minutes of downloading and setting up my email account on this app. Deleting immediately!!!!,0
Of all the security risks I read from peoples reviews I am so not downloading this BS thank you so much every body who warn about this security risk n more I cant belive amazon offered up this,0
This is a terrible app if you want to be able to use your phone for a few hours w/o charging. It also randomly disconnects you from one or more messengers. Do NOT download!,0
"After I installed the latest update, it immediately began using a huge amount of power. The program's "force stop" option under Settings > Applications > Battery Usage was grayed out, so I had to uninstall the program.",0
so I am forever getting text message spam since it keeps me logged in forever. I've tried logging off numerous times but they still come through. I'm pissed off since its wasting my text messages with spam text from idiots.,0

It won't let me log on to my contacts.. I think it is a waste of space on my tablets memory... do not recommend it.,0

You have to buy the pro in order to have Skype. Skype for sure works well on the pro though.,1

WARNING. This application is a Security Risk! IM+ servers read your password and then log into your account for you. This means that your PASSWORD is sent over an INSECURE NETWORK....UNINSTALL IMMEDIATELY....,0

Really? You are willing to give a third party all your IM logins and passwords and then also send all your messages through that party too? This app is HUGE security risk. THINK before you just blindly trust apps...,0

"I've been through many IM client apps on my Android. Some are clunky, not intuitive, intrusive, difficult to use quickly and just plain crud.IM+ is simply the opposite of those. It's the easiest, cleanest looking IM app I have used to date. Before, I was",1

Why does such an expensive app need so many invasive and risky permissions? is it poorly written code or does the dev just want to spy on us?I guess I will go back to eBuddy...,0

"I've been using the free (ad-encumbered) version for a while, and it's one of the best instant-messaging applications around. What a nice surprise to find it as the free app of the day.",1

"all connections go through their server (which means they can read all your messages and even send messages from you), and the app contains spyware.",0

"Rate the app, not Amazon! The app works great and really helps bring it all together with messaging. if you message allot you will like this app.",1

I like this app. I'm on a G2. It's becoming more and more apparent that the best place to actually get reviews on an app is in the Market. It seems like Amazon's ratings are consistently lower than the ones in the Market for no good reason.This app is cl,1

#1 it's free but even then this app is a great instant messaging applications that supports multiple instant messaging protocols and supports Google Push services.,1

"While I dont use all of the functions, I find the ones that I do use to be quite stellar. A worthy chat/social media compilation.",1

"As someone who has been downloading tablature since before there were web browsers, I can tell you this is the real deal. All the tabs we've grown to know and love, just like it is on all the websites, but formatted to look good on a tiny screen (with som",1

"I've used the ultimate guitar website for years, and while the accuracy of user-submitted tabs is hit-and-miss, there are always plenty to choose from. This app is easy to use, and within a minute of loading it I pulled up and tried out a bass line I ha",1

Does not work anymore. Not sure what happened. Type in search field and it crashes. Pain in the buns. Paid for it and used all the time. Now it is useless. Expensive too.,0

"Love this. Replaced two apps on my phone, and a great assortment of tabs. You can auto-scroll a tab if you want, to make play-along easier. Lots of different guitar tunings available. The price is a tad high, but still, I strongly recommend.",1

"Tremendously convenient and fun app for guitar players. I hope the developer makes some money with this one. QWERTY, QWERTY.",1

"All of the features work well on my Droid Incredible 2. Didn't find tabs for some songs I searched, but most of them were there.Ya'all shouldn't rate an app poorly because Amazon doesn't behave the way you expect. Complain to Amazon if the free app isn't",1

I cannot believe i got this for free. This app organizes the websites content very well. I actually prefer this app to the website. To the reviewer who said he wouldn't trust the tabs: these tabs are submitted by all sorts of musicians. If you want exact,1

Like the app better than using the full web site. Great job! Love the transpose feature. The tools section is also very handy.,1

"I was really looking forward to downloading and using this app. But, there is a problem with installing it just hangs on my samsung fascinate galaxy s phone. However, It allowed me to download it so maybe they will make a patch so I may use it then I ca",0

"It seems to me the developer has abandoned the development of this app, or care less about compatibility with tablets.",0

shows tabs and automatically transposes. Tons of artists and song titles. Powerful tools. Wish it showed 7th w/ flatted 5th chords. Well worth the 7.99.,1

I love this app! Most of the songs I have checked out have not only guitar tabs but also just lyrics and chords which is perfect for me as a pianist. Awesome app! Thanks!,1

"Finally an app that has it all, whether you're an amateur or a professional guitarist. It loads smoothly, and the graphics are great. Wonderful for on the fly jam session, finding the tabs to a song couldn't get any easier. A+++ HTC Incredible.*note*",1

"This app used to be the best, and probably still is in the Google Play Store. Too bad the developer has apparently forgotten about the Amazon Marketplace. Does not work on ICS or Jelly Bean devices, it crashes every time you type in the search box.",0

tuner is ok. I love that I can just look up what I want to play right on my phone. pretty handy app for a beginner.,1

"I have literally no problems with this app, it's wonderful. Every song I look up has an accurate tab and it's helping me practice so efficiently. I'm getting better at playing by ear as a result. This app has been integral to my learning guitar and I rec",1

"does not work on tablets, or android 4.1, nexus 7please update this soon! I depend on this app to

play my music on guitar! let us know when an update is coming.",0
This app is even easier to use than the online version for UG! Best way by far to get tabs.,1
this app looks great on my Aria running CM7. I dont know why other people are having issues. love
the app as I am learning the guitar.,1
Bad reviewers have ruined this appstore. As a developer I won't publish anything to the appstore
because of the awful reviews everything gets. You all ruined it. A free app everyday but all you
people do is whine. An 1 star app here is a 5 star app on th,1
"This utility does exactly what it says it does. This is not Guitar Hero, but a functioning
musical utility. Read the description...what you'll read is exactly what you'll get.Well done,
developers. And thank you Amazon.",1
"This app is great! It has really neat built in features that can search for tabs of the song that
is playing on your music player. Also, the tuner and the metronome are pretty good as well. Well
made app, runs smoothly on droid x",1
Metronome tool makes it easy to discover the beat of your favorite song. it is easily adjustable
and a keeper for sure,1
"I was just thinking the night before, ""I wonder if there's a good app to get on my phone to help
me learn how to play the guitar?"" And boom! Amazon App of the Day gives me Ultimate Guitar Tabs
and Tools!Not only does it show all their user submitted guit",1
"Truly an awesome, ultimate program for any level of skill. You get 5* and a thank you! Pls add
the 11 and 13 chords, and their #'s and b's. This really is a great learning/teaching tool.
Thanks again for sharing it for Free, I for one will recommend it,",1
"This tuning feature is worth its weight in gold alone. But the ability to easily find thousands
of songs makes this priceless. It also has a metronome and comes in handy when you need to look up
a specific cord.If you play guitar, get this app without he",1
awesome look and works great! I'm going to pick up my guitar and start playing again!!!! thanks
dev!! totally worth 8 bucks!!!!,1
"Played with it for a while just to get a feel and i really like what I am seeing. It makes me
wish i had a tablet since a pgone is just to small to really read.But, when I'm sitting around the
fire and a friend wants to jam a song I dont know? Well, I wi",1
"I've found pretty much everything I looked for. Usually, there are several options, all rated.
Not sure where the tabs come from, but it is a nice interface as well. You can tap the chords to
see them tabbed, and even convert the music to a different ",1
"It's the iMusicstand! I have been using this on every rare chance I have to sit down and play.
Great app, and user friendly. Worth the price in my opinion.",1
"I haven't had a single force close issue like others have reported. it works flawlessly on my
droid x.finding tabs, cords etc is now super easy! this is a must for anyone that plays
guitar!",1
"As a beginning guitar player, I have searched for websites that offer guitar tabs for all of my
favorite songs. I finally settled on Ultimate Guitar as my favorite. They had a seemingly endless
supply of great tabs for all skill levels. I stumbled across",1
"This works just as well as the website does for tabs, it's nice to be able to open this up and
riff out to a tab I just thought of rather than walking over to my computer. Now if I could find a
tuner app for my phone that is good!",1
"What an awesome free app of the day! The tools included would make it worth at least \$5 all by
themselves, but the library of chords and tablature make this app an utter steal at \$8. The auto-
scroll feature is great too.If you play guitar or bass, or are",1
"Another waste of time. Why does this app have to be in my phone's main storage? If I cannot
transfer it to the SD card, it gets one star right after I delete it.",0
"Years ago I had a book that featured all the different chord positions for a particular chord
along the fretboard. I lost that book and have never been able to find another one like it. This
fantastic app not only offers this feature, but also gives yo",1
"This app is an excellent collection of tools for guitarists. Of course the tabs themselves are
stored online - You don't have enough room on your phone for it all - but this makes the database
super-accessible. In addition, there are quite a few great to",1
"This app is really easy to use. Fluid navigation, and the tuner makes it worth the money alone.
Very visual, fluid graphic movement, sensitive enough, easy to use on stage on the road. Love the
tap feature on the metronome.",1
As a casual guitarist this is simply an invaluable tool to have in the box. The database of tabs
is impressive. The ability to click on any chord during a song and reveal tab/finger placement is
very helpful. You can also play the song while viewing t,1
"App crashes as soon as I type the first letter into the search box. So basically, this is
useless... Used to work great, please fix!!",0
"This game sucks. I much prefer guitar hero." Is that a joke? Seriously. Because, if it
is, at least give 5 stars. If it's not... good luck with life kid. You're gonna need it.",1
"Don't rate this poorly because it doesn't work with a custom ROM, blame the ROM creator. How
many custom ROMs are out there anyway? Get real.Don't rate things poorly because it's not for you.
You never would have purchased this and subjected the dev to ",1
This app is amazing for when it comes to learning how to play guitar. I can check out my favorite
songs and learn how to play them as well as beginner chords.,1

I rated three stars but my review was deleted so now you get ONE star! How do you like them apples?,0

"The many features make this app worth the price. The metronome is a great resource, it has helped improve my timing. I use this frequently and have no trouble. The advanced search option makes it easy to find a specific guitar tab for your tuning and s",1

"As stated by others, needs ICS support. Force closes when attempting to sync with account, meaning favorites list cannot be added to or accessed.",0

Got to admit this is one awesome app. One of the better free app of the day. Wish they gave more awesome apps! This one by far odd the best since sound hound.,1

"These guys don't play guitar, this app is junk. Check out guitar tapp app. One is free. Two has all these songs with a link to YouTube for video lessons. Three much easier to use. Four you can make sets for playing out. Please save your money and go chec",0

I am learning the guitar and this is an indispensible tool. The are tons of chords to learn and they are here. This is one of the best free apps ever! Get it NOW!!!,1

Will not install samsung galaxy s epic so its hard to do a review when it won't even install. At least do the free purchase for this expensive app,0

WOW is my rating. ignore the one star ratings. This app does it all with a very well done interface!My one complaint is that it doesn't wrap the text of the tab makers explanation of their tab but I can live with that.Has a very nice looking high res i,1

"Wow, seriously?!? I just had to scroll down to see that write up myself, hahaha.First, read app descriptions. Second, download if you're serious about trying a guitar tabs app on your phone because you want to improve, change things up from how you check",1

"It's been awhile but with the plethora of apps available for ios and now that Android is getting some, I just may go to the pawn shop and pick up a guitar. I'm self taught so this app is perfect as I can't read music so well, but with a resource like thi",1

Contains everything you need to tune your guitar and learn some new songs. A great application. Nice that each tablature gets a rating so you can jump to the best version easily.,1

"Crahes on Nexus 10 when entering search...please fix. App does not work, not acceptable. I think app in google play has been fixed a long time ago",0

I got this from the FAotD. I can say I've never seen such an amazing app come through Amazon for free. This is a very well designed app. Looks and works great. Droid X.,1

"This may be the greatest review ever.Still, I feel bad. After the disappointment of all the pieces looking alike with the free 'chess' game a few weeks back, now this...",1

"Search by different criteria, large database, has song chords as well, can transpose dater than I... I can't say anything bad about this.",1

Doesn't work on Galaxy Nexus / Ice Cream Sandwich. :(I'd give it a great rating if it worked. What a shame.,0

I had the version of this without the tools and I'm very happy to have gotten this on the FAOTD. As a decent guitar player it is nice to easily navigate their tab selection and have the tools such as different chord positions and things like that. I high,1

This game sucks. I much prefer Guitar Hero. I could not get the songs to play or figure out how to play along on my phone. Guitar Hero is much easier to use in my opinion. Open to suggestions though.,1

"This is the best free app of the day I've seen in some time. However, of the multitude of free app I have received, this is the first one that asked me for payment information. Is this really free? I don't want to give payment information.",1

I really find this to be usefull! And it's free...Thanks Amazon. Works great on my Samsung Galaxy 10.1! I love the library of songs too.,1

All the tabs work great. Searches cameback with what I was looking for too. Nice metronome.

Tuning good. No force closures. I'm ready to work on my skills.Thank you.,1

Way to go Amazon! You've restored my faith in you. This app is great. Was actually thinking of buying this just the other day. It's like you read my mind.,1

this would not download on my machine. I tried. I would love to be able to play this game. Millie,0

This game bored me pretty quickly. I deleted within 30 minutes. Not recommended for someone who likes words games that move along quickly.,0

"I am addicted to this game. I really like word games and tried this as an experiment. Now I can't put it down. It's challenging, it works your mind and just maybe it will keep me from getting senile.",1

"To all the negative reviews; there's a bigger picture to solving these puzzles effectively! Sure, some of the words are so outrageous that you wouldn't even see them on a Scrabble board but this puzzle 2 dimensions to solving. First of all, it keeps thin",1

good apps for all ages.It works even no internet connection. Great because you will get many idea about countries.,1

"Hey, I am actually learning things! I like this quite a bit, since as we age we sometimes forget things we learned in school. Also, this world is constantly changing, so it's good to keep up!",1

Lots of practical information that has allready improved my use of the Kindle.,1

I travel a lot. Just needed a good general reference. This suits me just fine. Gives me the big picture at a glance,1

"I haven't found any other games like this that are as good, and I've been searching high and low! Good story, easy controls, lots of levels. I wish I could find something else on Amazon our Android that are comparable!!",1

"Love the Delicious game series & this translated well from pc to mobile app! Runs well - Droid X. Easy to maneuver, great time management game! Some graphics are a little odd (speech bubbles) but it is worth it for \$2.99 and snap it up for free with ",1
it could be better but thats just opionion also u should get it b/c everyone has there own taste nd opinion,0

"I got this as a free download, but is worth the cost. Cute, fun, and can be challenging on the hard level. I recommend it",1

"Tried this game free on Amazon, and it force closed after day 8. Glad I didn't buy it first! I have an HTC Inspire.",0

"This is a fantastic game. Intuitive, challenging, addictive, and cute. My only requests would be: improved shop interface, ability to go to waypoints not just destinations, and a way to avoid accidentally clicking the wrong thing (I would love to play t",1

"Although I have yet to play it, a few kids have and declared it fit for playing. The graphics seem ok - but the story seems to really reel them in. No complaints - I will have to try it sooner or later.",1

"delicious Emily is the best game on my kindle, it is super fun and also has no glitches! I totally reccomend this game",1

"Such a fun game, flawless beautiful artwork, kudos to the designers. Such fun, too. The storyline was cute. This is why people buy smartphones.",1

"Constant lockups and such caused me to drop this after short use attempts for a week or so. I do not hate the program, just found it quirky and unuseable.",0

"Love this game. It reminds me of Diner Dash with a little plot and variety. I got it when it was the free game of the day, but worth paying for. I finished the game and went back to get other stuff I missed the first time around and I didn't have an",1

"Love the Emily games! If you play this one on a phone with a bigger screen, it won't fill the screen",1

I installed this game during its one-day run as the free-app-of-the-day. I didn't actually expect to get much from it other than a possible game to add to the distractions for my kid. It was sort of hard to anticipate what to make of it from the screen,1

Love this game! Lots of fun and never gets monotonous. Did run into a small issue when I finished the last level-the last day kept replaying. that was on medium. Now I'm going to try hard.

Love that there is a difficulty setting too!,1

I was so sad that the game ended. it kept me occupied and curious from beginning to end. I wish there were more games like this one. too cute!!!,1

This game is entertaining and easy to get the hang of. It is mostly fast-paced with a little bit of strategy. After playing through a few levels I felt like the frantic pace sharpened my alertness for whatever I was doing next in real life. You will p,1

"I love this game. Beautiful graphics, plays beautifully on Sprint Samsung Epic. No glitches what's ever. Wish all games tan this smoothly.",1

I love the cafe game on facebook and this reminds me of it.. I haven't had any problems on my Thunderbolt,1

"I initially entered my device to look for games and this came up and I purchased. But when I tried to download it says that it is not compatible. I wasted my money!! I am rating my purchase experience, because I was unable to play the game. Thanks a l",0

the screen flickers between the game and another screen that shows green dots with a black background two times a second. annoying and absolutely unplayable.,0

This has been a very entertaining game for me. I usually have to play each level at least twice. The first time to see how the new items work so that i can plan my time to get the best score. I sometimes miss the mouse and have to play again to catch ,1

"Totally addicting. Hope there is a sequel :) Easy, repetitive. I like those kinds of games sometimes. Cute storyline too. No bugs that I noticed, I always appreciate that.",1

"I think three bucks might be on the pricier side of a game like this, but I did find myself entertained and wanting to play more the more I messed around on this game. I like the achievements and how you can purchase upgrade to make your customers happy ",1

"Do you like chick flicks and shopping for shoes? Well then, this game may be for you! Do you hate one star reviews and cal everyone with opinions that differ from yours an idiot? Well maybe you live in a communist state where you arent allowed to have ",0

Easy to pick up and play. Fairly simple to master. My only criticism is that I wish there were more levels.,1

grest game well worth \$2.99 just which it wad longer and wish more Emily games where available for the fire.,1

"The plot in this game is laidback and interesting. Especially for a time management game. Not too easy and not too stressful, I found this game a delight to play. At times I didn't want to put it down. It ran perfectly on my HTC Incredible.",1

"Good, addicting game. It's a little cheesy, but is a good way to waste time. Has quite a few levels that build on each other, so it takes a while to beat. No problems on HTC Inspire 4G",1

"I can play this for a long time in one sitting. Its always fun, clean and polished. Runs smooth, and changes it up from your regular diner games. Definitely recommend this game.",1

"High quality, addicting game that plays very much like Flo's Diner. The game adds more depth to the gameplay through specific order items, with some that need to be crafted. You need to be quick to handle orders from customers that dine in, get it to-go",1

I'm so disappointed. The game is way too small to play on my kindle. I want my 199 coins refunded to me!,0

"totally fun, good for some mindless entertainment. got through it all within 10 days. wasn't so difficult that I wanted to give up, but wasn't so easy that I got bored.",1

"This is a fun time management game, but I wish there were more levels. The achievements were fun to strive for.",1

"I'm a guy who would not typically be attracted to the visuals in this sort of game. Once I got started, however, the game became very addictive and I found a very therapeutic and exciting. I really appreciate the different levels and scenarios added to",1

ive never played diner dash...but ive seen pictures and this looked similar. i dont know if it is....but its really fun and pretty long for a cheap game. it has awards and good replay value. great game overall.,1

"A little disclaimer before I start:For all you whack jobs who will claim me to be, I am not, nor have I ever been the developer of this or any game/app/etc. Just because you don't like or haven't tried this game, that doesn't mean nobody else can like it",1

"There are a, couple of problems with this game one is that the hit boxes for the game are not very accurate. I also had the same problem with the game freezing at level 8 so I would pass on this game. Does not work on evo 3d",0

"Review and Rating Update 05/14/14: Dev has now updated graphics so can now be played on HD tablets! It still works fine on smaller screen smartphones too.-----I wish I had read the reviews first, but it's true - it's a tiny display on the bottom left cor",1

I've loved the Delicious series on the PC platform for years and I was so excited to see it available on Android. The gameplay transfers really well to the touch screen platform.,1

Simple to learn game and challenging in a good way. Was great for commuting on train.\nWish there were more levels.\n,1

"This was a great game, but it was too short for me. Or I was just too addicted to put it down for long.",1

it's the best game I ever played it keeps me going on wanting to play. some of the game.we to me are to expensive but I would buy them cause it a great game.,1

I couldn't stop playing. Lots of levels and challenges. Very creative. I enjoyed the little stories mixed in with the game. Thank you,1

fun game. worth it for free. would rate 4 stars but giving 5 to try and help balance the stupid people who shouldn't be allowed to rate apps.,1

The game is cute reminds me of diner dash but more colorful. Sad what happens to Francois though... Lol overall fun game.,1

I thought this was a fun game. I couldn't put it down. This is one of the few games I finished. I hope they come out with more levels.,1

"I wasn't expecting much when I read the description, but I'm glad I was wrong! This game turned out to be pretty fun! The story was decent, the controls good, and it keeps you hooked with minor differences as you progress through the levels.",1

Dumb game. This game is more like giving yourself chores. Pass on this game. If you want extra chores I can give you some of mine.,0

This game is addictive... So much fun! Well designed application. The user interface is easy to use. Straight forward game play.,1

I wasn't sure how I was going to feel about this game... I love it... I beat it quick and hope more of these come to android.,1

I got this while it was free. I really enjoyed the game. One of the few on my phone that I've completed plus I'm considering going back to work on the levels I didn't get max score.,1

"Being a fan of the game since the first Delicious, this one has always been my favorite of all six of them. Since it is free for the time being, go grab it while it's still hot. :)",1

"Ok, at first I'm thinking, ok, another cookbook app (maybe like iCookbook?) as I have never heard of this series of game (yet it appears to be extremely popular to those in the know)but boy, was I wrong.Disclaimer: I got this as Amazon's free app of the ",1

"I downloaded this for my Epic 4G. I played through the first 2 levels and so far it is a lot of fun. I've always been a fan of high score games so this seems like a good one because there is always an opportunity to faster to get higher tips. Anyway, ",1

I loved this game. Challenging and addictive game that I would recommend to anyone. Hope that there will be more games like this one. Thank you.,1

"I'm a big fan of the delicious emily games so when I saw this on the amazon market I was thrilled. I would happily pay 1.99 for this game. Problem is, on the kindle fire hd, the restaurant only takes up the bottom left of the screen. The rest of the sc",0

"This game has pretty good graphics, several levels and lots of different tasks to accomplish. After getting through the whole game, it was fun to go back and try to get higher scores and collect all the ""fireworks"". Similar to Diner Dash or Cake Mania bu",1

I was gonna try this cuz it's free but why would it need access to phone calls? Does not make sense to me.,0

"Great fast-paced game with a cute little story. Enjoyed the variety each restaurant had. Also includes unlockables, trophies and a few hidden objects.",1

"This game is better than your average time management game. There are several different themes for each main level such as a diner, farm, candy shop and more. Each of the main levels has different foods and methods of preparing the items. Each sub-level ",1

"I have played both Emily games and love them. They are a lot like dash games. The scenarios keep changing, the story lines are cute, and best of all, no in app purchases. I wish there were more.",1

"Great app, uses your GPS to track you and hosts it on their website. Then you can send the link to friends or share the link on fb/twitter/email and they can track you. Very accurate and detailed tracking, accurate within a foot and detailed in that it s",1

Used this on our vacation while traveling with family. It worked great! Comforting to be able to track and know where the others are at all times. No getting lost with this type of communication,1

I uninstalled it a few minutes after trying it. I'm sure it will be useful for someone else but not me. Sorry.,0

Have this app on iphone and use it almost daily. Love it. Desolated it fails to load on my 8.9. Please fix fail-to-load problem. One star only because it fails to load - it really is a five-star app.Thank you.,0

I follow my son's progress on his 3 1/2 hour trip to and from here. It is good to have.,1

My wife and I used to always use Latitude to see where each other were. Especially useful when we commute and we would like to know where the other is and how far away they are. This has been the best option I have been able to find ever since Google c,1

"This calendar/memo app is a piece of junk...Not even worth it...After downloading I realized that this app doesn't keep my appointments, meetings, etc... organize well...Doesn't show current date either when not in full use of using this app...",0

"You should so get this calender. You can write your reminders, and even you can put little tiny colored sticky pieces of paper on the side. And you can mark them off!!! I give this 5 stars!!!",1

"Really good and interesting app. When you click on the date you want, at the bottom it open kind of a notebook/reminder that let you read what's planned.",1

Wasn't what I was looking for in a calendar. I didn't easily find my way around in this app. Deleted and just went with another app.,0

finally just a basic calendar that doesn't require going 5 levels deep just to see a date or jot down your day.,1

"Good way to keep up with appointments, due dates and things of that nature. I really enjoy having this on my Kindle Fire.",1

I could never write on the days that I needed reminded of appointments. I did not like it. I thought I would be able to write on the days in calendar.,0

"I tried other calendar apps and this one is the best for me. Hope you have good handwriting, but love the fact i can make my own note for the day and not a stale typed note!",1

"You can put notes on everyday, you can colorcode your appointments, meeting, school or any activities. You can type an entire list and save it.Wonderful, could use more color tabs and a section to keep memos not attached to a date. But other than that it i",1

I am so glad that I got this. I was very pleased with it. I use it for everything! I wish all the apps like this were this awesome! you'll be very happy with it.,1

"hard to believe a calendar can change its mind at a whim. this one does. sometimes the days/dates are accurate, sometimes they are not. i recently went to make an appointment, looked at my app and knew right away something was wrong as oct 25, 2012 is no",0

Note pad is great to keep things listed that you must do. And just to jot down things at the spur of a moment.,1

I absolutely love this calander I would totally recommend it to all my friends which I have. It is so easy to use!!!! Also another calendar app I love almost as much as this one is the Jorte calander. it has great features like a task list and color coat,1

"After searching all the calendar apps for my kindle, this was the only one that fit my needs. It has a color coding part too! I love this calendar app, and if you are looking for the best, here it is. And the best part is.. IT'S FREE!!! Whoever heard of",1

It's not what I was looking for. I want something easy. I don't have time for something so difficult and takes time to learn,0

the font is just the right size!it is just what i was looking for.and it was free !,1

"Great calander easy to use. I use it to keep up with doctor appt's, hair appt's, etc. I find it to be perfect for me.",1

I needed a simple calendar to help track reminders and this one does the trick. It is easy to use and works great.,1

Love having the different ones so I can have all I need in one place and not have to run around with pen and paper.,1

"Haven't used it completely yet, have it on my KINDLE FIRE will see soon. Like to be able to mail

or send messages regarding events",1

This would not work on my Kindle Fire HDX. I deleted it. Wish I could find one that works for me.,0

"I didn't really use it other than opening it up because of the ads, which I don't mind. The problem was the ads are oriental NOT English. Considering my native language is English and I am American I found this insulting so I uninstalled the app and fo",0

I love this app just at first it was a little confusing. but you pick up what everything does after that. ITS GREAT,1

"When it comes to planning, I'm there. This app is perfect because you can add multiple memos to one day. I keep track of my work hours, family events, church events, everything, through this app. It is simple to use. There aren't a bunch of buttons to le",1

"I like the calendar as it shows me the whole calendar of each month and also let's me see just the dates I have applied a message calendar. Still learning, but it is easy for me to learn.",1 Haven't used it much but seems great! Love my Kindle fire 1 thinking bout the HD But this works so well,1

I use this with my Notebooks Pro they go hand and hand. as I sit in meetings I have this up to mark any other meeting I may have and also put in my Notebooks Pro.,1

"I love this notebook, I looked at many others and didn't like them as much.I just wanted a simple calendar. Not a work calendar.",1

"it's not hard to do and you can write alot for each day..enjoy being able to have different color tabs for doctors visits, B-DAY, special events..",1

It was not like the description. It was not what I was looking for and was hard to use. I deleted it.,0

"Another app that is simple and just what you need, not a bunch of junk on there that you will never use. Thank you George;",1

"got this to use on my kindle and it does a fine job. easy to read and see what is coming, can sync with calendars so dont miss things",1

I was looking for a simple calendar to use on my Kindle Fire for everyday type of reminders. I downloaded this program but could not install because I received a message that the file was corrupt.,0

This is a good way to keep track of appointments and miscellaneous information right at your fingertips - recommend for anyone who has a busy schedule - or even not!!,1

"I have a heart condition and it is super important for me to keep notes of my blood pressure, weight, heart rate, and sodium intake for each day. I WAS in love with this app until it deletes almost a month of my notes, and there is no way to get them ba",0

I got this app because I needed a day planner. but I cant put reminders on other days. I can only put notes on today. DONT GET! REALLY NEEDS AN UPDATE!,0

"not for me it did not have the features hat I wanted, but maybe for some people it would be great",0

"I could not get into this. After set up. 'done', it would only tell me to go to cosi.com. It goggles back and forth between that and a page for a family photo (which I don't have). It's uninstalled.",0

"I downloaded this calendar to my Kindle Fire. You can add notes and appointments to the calendar by touching the applicable date on the calendar. To go to the next month, slide your finger across the screen. However, there is no way to type the date a",0

"I have used a ""paper"" organizer for years and this one has done a great job of replacing my ""paper one"". Takes just a little bit of setup when you first start...but you quickly get a feel for what it can do. I am using it combined with the EANovate app.",1

"I've uploaded a few calendar apps, this is the only keeper. It's basic and I- do not need to sync. Only one day and I'm already happy.And it was free today so people should stop whining when it cost them nothing!!!!",1

This app doesn't work. There is no way to type and add notes for a particular day. At least it's free.,0

I love this app. I am in college and this helps me keep track what's due and what classes I have that day.,1

I actually love this app! Don't waste your money on other apps when this one is perfectly fine you can check when everything is and even go ahead and back many many many years,1

The app worked for a few weeks on my Kindle Fire but now while it's on the loading screen it just crashes (or as Kindle likes to put it just stops). It's kind of upsetting since it works on on my Galaxy 2 but not on my Fire.,0

"Tried other lyric apps, they were terrible, could never s find the song I was looking for. This app is great, fast, and right on the money! A++",1

This app really frustrated me! I searched "Payphone" by Maroon 5 and you will never guess what the freaking app told me! It said no match found! so much for 4 stars! Throw that out the window! id give it 0 if I could!,0

Runs on droid2 & Xoom full screen w/ great graphics. I turned off d-pad and just used direct touch which worked better for me.,1

"This game was going pretty well. It was a cute puzzle with pigs. The controls respond a little slow, but other than that it was fun. THEN all of a sudden while playing I recieve a phone call

and the game breaks.I tried to close the game but it won't work",0
"One of my very favorite phone games. The puzzles are just difficult enough (so far)... colors are bright, love the "story." DROIDX w\gingerbread.",1
"enjoyable way to spend some time, this is not dumbed down, instead you need to apply logic to come up with creative solutions. great way to destress and take a break.",1
"I was lucky enough to get this for free, but even if you weren't, you should definitely pick this up. Its probably the best puzzler I've played in a while. Runs great, looks great, and keeps you entertained!For more of my game/app reviews and the full re",1
Very fun game that reminds me if spider pig spider pig nobody can do what spider pig does. It's an entertaining game that doesn't bore in the first 5 minutes. Recommend it.),1
"This is a very fun game. I uninstalled but only because I beat it, after MANY middle of the night baby feeding/game sessions.",1
This app works fine on my Samsung Intercept (Virgin Mobile) which is kind of a low end phone. Its a pretty large distribution at 15MB but it mostly moves to SD leaving just 900KB of internal memory.,1
I'm giving this app 5 stars to offset the idiots only giving it 1 star! I would give it 4 stars. It's a fun time waster with decent graphics and very good play. Why do people come to amazon if they don't wanna sign up for an account? I have over 30 apps,1
well its good to know there's only a few people who rate this game with one star all these days I feel angry because the low reviews. come on people. It's free,1
"We are playing this on Kindle Fires.I have liked previous incarnations of this game on various platforms. My wife hates this type of game. Guess who's many levels ahead?If you haven't played this type of puzzle game before, give it a try. Not only is it ",1
"great, entertaining puzzle game. so far im about half way through. low points, sometimes the on screen dpad doesnt do exactly what youre directing it to do, and some of the 3D graphics are tricky to visualize during the course of the game. otherwise, ",1
this is the first game I wanted to finish perfectly on android. Great puzzles and unique abilities and I was hooked for over a week.,0
I purchased this through Amazon a while ago (and here it is free.. ..ugh!). My only consolation is that HandyGames actually deserves my money on this one. Great game with great graphics. It's as charming as it is fun and it looks great on my Asus Transfo,1
"A cute, polished, well done puzzle game. Sticks to the theme very well. Worth the 99¢ cost for sure; even better free :)",1
"I almost did not download this app when Amazon had it as the 'Free App of the Day' because of the negative reviews at the time. But I did anyway. I am VERY glad that I did, I have not seen any merit to the negative reviews.Pros: Good graphics, great game",1
"I love this game! It is fun and very well made. It runs smoothly on my EV04G. Great gameplay, completely worth it!Great developers, great games, keep up the great work!",1
"It may look like a kids' game, but it's not. Like all games, the early levels are simple. The challenge and logic needed increases as the characters are added. The game field becomes more complex and you have to use the right pig with their special ab",1
This is a fun little brain game that makes you think to find the solutions to little puzzles you have to navigate. Learning it is pretty easy as each pig is introduced to you one at a time so you can learn them before moving onto the next. The levels s,1
reminds me of 'Adventures of LoLo'. Fun and different game. kinda funny too. graphics are good. runs ok on droid x,1
"This game has been fantastic! I downloaded it for me, but my kids love it too. They would play it for hours if I'd let them. The graphics are very nice and smooth, and the characters are cute. I would absolutely recommend this to just about anyone lookin",1
"this is a puzzle game with a cute theme. you use four pigs, each with their own simple abilities, to solve the puzzle. similar to games where you move the right rocks or flip the right switches to move to the next level. the game is fun and addicting. Am",1
Amazon doesn't charge for the free apps. But they do require you to have an amazon account (also free). I've ordered several free apps of the day. I complete the transaction and get a receipt with a zero balance. Stop dissin' amazon!Game is fun and cute.,1
"I've noticed this game before on the Android Market and just looked past it, but after playing for a few minutes I was loving it!Awesome graphical style, a little kiddie, a little not. The challenge is perfect for the type of game. Its really easy to m",1
downloaded and installed this on my nook color and it works great is fun and the graphics are amazing. the best part is that it is free!,1
"This is truly a good game. I've had the free version for quite some time, so I was extremely happy to get the paid version for free today!I'll admit, this is not the game I choose to play most of the time, but that's not cuz it isn't good...it just isn't",1
HTC Desire running 2.2 Froyo. Application crashes after the developer screen time and again. Looked like a solid puzzle game. I'll have to live vicariously through others on this app.,0
"blah blah blah blah blah great game , very fun, like it alot, blah blah blah blah blah great game , very fun, like it alot, blah blah",1
I got this app as one of the free apps of the day. It's a fun game that is pretty challenging.

It's definitely a great way to pass some time.,1
"I have spent many hours playing (replaying) Aporkalypse and enjoy it immensely. Just noticed how many levels you actually get and its a decent amount considering if you play go enjoy, half 'n hour can be spent on one level just to get the maximum coins.",1
"Fun puzzle/maze game! Good graphics (Angry Birds style) and runs smoothly. I'll probably be hooked on this one for the next week or so (depends on how long it takes to finish all the levels). It was easy to learn (tutorial in game), and has a thorough ",1
"This game is a lot of fun. The graphics are great, gameplay is enjoyable, and it's cheap. Try this game you won't regret it. The characters are amusing.",1
very fun game. reminds me of walkabout and bobby carrot. i like the pig characters and their different abilities. if you like puzzles this is for you.,1
cute old style game easy to play.works well on htc thunderbolt. not really my kind of game but worth the download.,1
This game is a lot of fun. Great time killer that makes you use your brain. Cute storyline. Worth a dollar!,1
"if you can't download the app then how can you give it any review at all? you can't one star an app just because you are too scared to create an account. if you ever got anything from Amazon.com you probably have an account and guess what, they kept your",1
Totally fun mindless game to kill the boredom as I wait for the bus after work. Doesn't even drain my phones battery that fast,1
"cool game. entertaining. not the most challenging, but it is fun to play. blah blah blah blah blah",1
"Ever since upgrading from Windows 3.1, I've hoped for an update of the classic puzzle game Chips Challenge. But until today, I had never found one.The story is like many others... Navigate a character(s) through puzzle levels with tricks, gadgets and ene",1
hi again. im back. this is definately a keeper. go ahead and download this. works beautifully on samsung epic. easy control. addictive game. storyline game. to know what this game is.. imagine wii pacman with 8bit nintendo zelda and add goofy. all toget,1
"I don't play many video games, let alone one on my phone, but when I saw this as the free app of the day I downloaded it and have been playing it ever since. Admittedly it can be frustrating at times, but the cool part is that it truly makes you think a",1
This app is awesome! The puzzles are challenging and fun and the pigs are so cute! Works great on my lg optimus v,1
"Much more than I expected! Hooked! Graphics, maze, puzzle, concept make this worth it. Droid X. Get it while it is free or you will want to purchase later.",1
So worth the dl. Fun quick puzzle game. Got the song stuck in my head now.Stupid 20 word minimum.,1
Great free game just played for 45 minutes and it was fun and intuitive. Great design 4.5 star in android market.,1
If your a kid under the age of ten you may enjoy it other than that its not even a decent game to waste time with.,0
"The first few levels are easy but the later levels are surprisingly challenging, especially if you want to collect all the coins (which you'll need to do to play all the bonus levels).",1
"Very fun game and very well made, beautiful graphics and awesome sounds. some levels are very challenging. And for \$0.99 it cannot be beat!Some guy gave it a perfect review and called it very addicting and gave it 1 star. O_o",1
I have never used a calendar app like this. Either I am using it wrong or it id useless. Where is the User guide?,0
this app is awesome u put down the thing or date and the time and 5 minutes before that time is tells you what you put down,1
"why would you need a note calender....? can't read what day of the week it is when you turn on your kindle fire or phone, seriously pointless..... 1 star for faotd",0
"Does what it says it will do. Of course it's somewhat a redundancy in that you could just go straight to your calendar, but this is a pretty good concept. Ok, MEMO to the newbie(s), the FAOTD is usually posted at MIDNIGHT West Coast time, which means 3am",1
"First, the description implies that it syncs with "[my] Android device's calendar." It doesn't. It is a stand-alone calendar and that makes it worse than the stock calendar.Second, if this calendar syncs with nothing at all, WHY DOES IT NEED FU",0
I started using it and found it simple but somewhat useful. Then I realized it didn't sync with my other calendars. UNINSTALL! Thank goodness there is a note feature in my other calendars so it isn't like I'm losing functionality.,0
"All I require is a good, independent note style calendar and this suits me perfectly. It's simple and easy to use. I have plenty of room to add notes for a given day and can even color code them to keep work and personal stuff separate. The app works ",1
"so I have Colornote Notepad Notes, always a free app, on my Kindle Fire and I love it. it is also a calendar with color sorting like this one. but this one tells me in the notifications what is on my calendar for that day. I have my son's school, scouts,",0
you cant put in a note until the day before....the pictures show nothing on how to do it..... what are the colored streaks for..... JUST DONT BOTHER WITH IT!!!!!!!!!!!!,0

My Kindle goes everywhere with me and I find it's a convenient way to get reminded of an appointment when I have my nose buried in a book. It's an easy to use application too.,1
 No way to set up repeating events = takes way too long to input for a schedule. Only way to change months is to tap the last day of the month and then use the next day button to get to the first of the next month = have fun putting in events a year from ,0
 looks old should be called free crapper of the day..they should be ashamed charging 1.50 for this outdated crap..seriously who picks out these free apps????,0
 "The app itself is ok, there's nothing really wrong with it, but it's functionality is something that I would use google services for on a mobile device that hasn't integrated it's functionality into the OS.",1
 "This is almost perfect for me. I would like to see the US holidays. It's a very simple, uncomplicated calendar for those of us who don't have abundant meetings or appointments everyday. It is a competent app, it does what it says. As far as those com",1
 "Thanks a lot. I downloaded this thing last night and without a widget or reminder, I forgot all about writing my review today. It's 2:00 and I'm just getting this up. Any idea of the trouble this has caused?!!",1
 Fail! Do not get. I can see why they made this free! I lost 5 minuets of my life with this app I'll NEVER get back!,0
 "Terrible app. It is difficult to navigate, has only symbols for buttons, but the symbols don't immediately make me go "oh, I know what that is". I pressed a random button and in broken English it said "you want to do move previous day?",0
 Calendar just missing a lot of features that are pretty basic nowadays. Others have already listed them so I won't do that here. I frankly see no point in this program even if it was free all the time. A good application should be able to leverage the te,0
 "I have been looking for a non-cloud, simple, efficient calendar since I got my tablet! Thank you. So far I have no recommendations, it is exactly what I was looking for. I just wanted to get my rating counted.",1
 "Well some people don't know that you can set alarms and you can mark dates with different colors, example, you have a work speech on April 1st u can mark it with blue and lets say its a 1 hour earlier then ur usallly at work so u can set the worm for let",1
 I really Like this app because you could draw in all different sizes and Colors. I also enjoy how you could share with email but I love to share on neon draw.com the best. great app,1
 I love this app it rocks. if there were more drawing apps I would buy them so I am Addison Minich that is 11 and I love this app,1
 "This is another 'safe-for-children' app. The drawings can be saved, and there are some tools available (probably more in the upgraded version).",1
 This app just randomly came on my kindle fire so I played it... and I luv it!!! Good app 4 all ages. Rofl (rolling on floor laughing.) :D,1
 "it is so cool I can name this app 4 ways awesome,cool,sweet,supperfragalistickeapealadoshouse and I whant you to try and name it but not the ones I did",1
 You need to get this game!!!If you like drawing then you would love this game.The day I got it I played it for 1 hour!!!!,1
 great toy even for big kids (adults)..fun to just doodle...have had a a real fun time drawing this and that,1
 "did not like, but would be great for children. not exactly what i was expecting.children would like this it is good for some adults, but i did not care for it.",0
 I installed this app cause it was free. I didn't think that my whole family would enjoy playing with it (me included :-)) It is alot of fun to move your finger around and watch the rainbow of colors swirl all over the screen. Justjiggle it to clear it aw,1
 I am sorry to make this review but I can barely shake it cause nothing happens and when I press the options menu all that comes out is clear share and save even though the clear one helps I still cant do it!!!,0
 this app looked ok when I first saw it but not all that great. I saw it was free (witch is wat I was looking for) so I got to try it out. it was great its fun entertaining interesting and slightly hard to make the circles. it is a colorful app and it is ,1
 Better than doodlebuddy more glowing colors effects. I just love this app! I use this for notes and when I'm bored,1
 Another cute draw program that works on Kindle Fire. The color is beautiful. The app is fun and easy to use. I like this very much.,1
 "It is an excellent way for me to keep track of all my repairs, fill-ups, etc. I keep it with me at all times",1
 "This app is very limited. Lets you enter info on only one vehicle only, and preset maintenance schedules are not changeable. Ads also show up in the middle of the screen.",0
 "This looks like a really good app, but to only allow me to keep track of 1 automobile to me is really not worth it...I would like to keep track of at least 2 automobiles...Just my opinion",0
 "This is EXACTLY what I was looking for! I tried the few others that are free. This is the only one to give me a way to track maintenance on my car, schedule intervals, reminders, etc etc. I am thoroughly impressed with this app.",1
 This little program really helps keep records in order. I was amazed at the many areas it covers.

It give small graphs for us freaks who like to keep complete records of our vehicles.,1
 "yes, the description lies less than the title, but both mislead. the only reviewers giving high stars are the few developers and their friends. everyone else is giving them a one star.",0
 This app falsely advertises itself as a "coin scanner". It does NOT scan coins at all! Very disappointed and immediately uninstalling from my phone.,0
 Perhaps a pre-requisite for owning a smart phone should be being literate. This is a great app that does exactly what it says it will do. It even demonstrates what it does in a photo. If you thought you could scan any given penny and trace that singular ,1
 "Please reads descriptions before downloading and reviewing.This app scans the coin slab. Aka the thing you can put the coin in. Lists the rating, coin, etc for traders and collectors or pawnshops.No where does it say that it scans currency in the descr",1
 "So a coin scanner, it sounds great. Endless numismatic joy, a futuristic tool for seeking out new life, or a tool to make my own money with. Turns out this app is none of these things. My first thought was to use it on my rare coin collection, but it ",0
 dev is an obvious coin collector nerd. learn to name your apps and try to understand that people do not appreciate being misled,0
 "Title is misleading, and it's definitely done intentionally. I don't understand how some idiots think that people who download this expecting to scan a coin are morons. Ever heard of Google Goggles? Image recognition? The technology exists where scanning",0
 the application would be great in a barcoded environment but my old coins are not barcoded. it would have been nice if the developer would have provided a better description but that didnt happen. uninstalling.,0
 "I could not get this app to work at all. I tried it numerous times, and no prevail. Uninstalled very quickly.",0
 put that extra word in between "coin" and "scan". not hard at all to do. its an intentional misdirection brought to you by the new world of order.,0
 dont badly rate apps because you are too ignorant to realize titles of apps arent so literal. smart phones are nice but do you really think they can scan (photograph) a coin that can be 200 years old and from the thousands of different kinds of them? us,1
 "Runs nicely on both aKindle Fireand anHTC EVO 4G phone.While it works well on both platforms, it really shines (no pun intended) when used on a telephone.When traveling, this app is at its most useful. Use the Evo's kickstand, and it becomes a familiar, ",1
 I love this app its time works wonderfully well. I love the whole thing every ting about this app is great.,1
 This app is a very useful night time bedside clock for use in those hotels that do not have a bedside clock. The brightness is very easy to change and the alarm function is also very easy to set. I appreciate the ability in the alarmclock in that it ca,1
 This app is the only thing I found that makes my old Samsung Galaxy Prevail worth keeping around. Leave the phone plugged in and run this app. Have your screen always on while charging and you have a \$100 +/- alarm clock that you can use custom mp3's on ,1
 Night Clock is an excellent app.I have installed it onto my KindleFireand use it almost all of the time.I use the Landscape view because it can be seen accross the room with no problem.I frequently change the display's color just forthe heck-of-it.I reco,1
 This is perfect. I love looking up and seeing what time it is in the middle of the night and this does it perfectly. Kudos,1
 olive it it is awesome u should get it beascause it rock you get it I love it you will love it imitate amazing get it please I created this app,1
 "I love this clock. Others have said some things about the alarm, but I don't use it for that. I love that I can change the color of the clock and that I can just tap the screen to dim it. I use another alarm clock app to wake up by and it works perfectly",1
 "I can see this as being a handy app to have. Camping or just ""in the dark""? This could be your salvation. Has it's own alarm setup system, change colors and 24-hr clock along with numerous other options. Simple, but nice app to have.",1
 The night clock is a great addition to my Kindle Fire. It allows me to have a travel clock and a clock I can use for small meetings so all can see the time. You know how we all hate meetings that run past the allocated time. Very cool.,1
 "This Is A Great App. I was looking for a basic clock that I could use at night. I do not want to have to spend money on a clock. I have the great alarm app, so this fits right in with that. It is a nice low light so it does not bother me at all and I us",1
 "I love this app, the clock is perfect for my room. I no longer need an alarm clock. The night clock also works as an alarm, which is awesome.",1
 "I opened the app and tried to set an alarm on my fire, but It wouldn't let me. it said that my device was incompatible with the alarm clock. uninstalling",0
 "Well, it's a clock. The features aren't that easy to use and the clock is way too bright to actually put on the nightstand, but it does tell time.",0
 I wanted a full screen clock that I could use on my kindle fire and this app fit the bill.,1
 I use this app when I'm traveling because Hotels never seems to have a nightstand clock that has a working backlight. This app does the trick. It has a day and night mode to the brightness so that at night you won't be annoyed by the backlight.,1

"It's a big, bright, bold and easy to read clock that I can see from across the room even without my glasses.",1

"this is just what I was looking for. simple and to the point night clock. options to change colors and landscape mode. looking for a night clock, look no further.",1

I needed a clock I can see in the dark without disturbing my sleep and this is the perfect solution for any room lacking a clock.,1

I use this clock every night on the dim mode. The dim mode is the best part of the clock. I also love that you can change the font on the clock.,1

I already had a Kindle that wasn't really doing much sitting there on the shelf and I needed a clock but I didn't want to buy one and this app came through and really delivered a great clock app for my Kindle. Now if I could just get rid of that little o,1

"This Night Clock app is wonderful. I downloaded it onto my Kindle Fire and it just works. I place it on my nightstand and it's like a regular clock. In landscape mode, the font fills the screen, so it's extra large. Touch the screen and it goes into ",1

The Night Clock helped wake up in the morning even in Spring. It would go off right at the time I set it at. The best part is it goes off after the time I used it.,1

"It's Big, it's nice to look at and you can not miss it unless you are blind. I have a kindle HDX 8.9 and I set it upright and it stays on and looks great on my desk. I would recommend it to anyone. Same goes for my Kindle HDX!",1

This is a great app. For someone visually impaired like me it is nice and large. App easy to load and use.,1

"Love it. Travel with it. Perfect bedside clock I can see without my glasses on, with it set upright in a good case. It dims with a touch and is just the right amount of light to find the bathroom without stubbing my toes. I use with the Xtrem alarm clock",1

"I downloaded this app to my Kindle Fire thinking that it would be an excellent alarm clock when I was traveling. It actually worked fine for a few days but then it stopped working giving the message that an "internet connection was needed to run this app",0

"This app works nicely on both a Kindle Fire and an HTC Evo phone. While it works well on both platforms, it really shines when used on a phone. It's especially useful when traveling: use the Evo's kickstand, and it becomes a familiar, easy-to-read timekeeper w",1

Simple no fuss night clock with big digits. Great to use also when travelling. Was looking for something like this.,1

The background screen doesn't black out completely so that no matter how dim you make the numbers the black background area still stays bright. If you are looking for a clock that can get very dark or dim to where you can almost not see it - this is not ,0

I have my Kindle hanging over the window in my dorm room and I have this clock app displaying on it all of the time. It's really nice and convenient.,1

This app is great for seeing traffic on the road before driving. I usually check before getting into the car to have an idea of what I'm going to be looking at drive wise. Great app!,1

"INRIX has come in so handy when dealing with traffic. I use this App any time I'm in an area where I'm unfamiliar with the highways and local roads and come upon traffic back-ups. Thank you, INRIX!",1

"Works as advertised. Cool new features, and pretty accurate data. Really helps while driving. some of the new reporting features are confusing. can't remove them!",1

"I have this on my iPod for free, and I love it so much. It really helps relieve stress. Get it! It rocks.",1

"Seriously...it worked!! I'm not familiar with this type of hypnosis...in fact I never believed I could be hypnotized; but this isn't like something you see on t.v.. First, it has a beautiful scene with clouds flying past, a blue sky, and sun that",1

I practice meditation on a daily basis and by far this is the best one I have found to fall asleep with. It is awesome.,1

"These are a bit more expensive than some of them out there, but it quality sound, lovely relaxing videos and it is pretty simple to use. I own three of these DM apps and they are all very good quality.",1

"I love this app and it's my most frequently used. It's not only helpful if I'm having trouble getting to sleep, but I utilize it and the relaxation app (by the same company) even when I'm already tired. Both really help me relax and let go of all the ten",1

Was looking for an NPR app for my Kindle Fire. This fits the bill nicely & works great. Recommended & the price is right.,1

"This works really well with the Kindle Fire. The streaming content is wonderful for those who like classical, folk, and NPR. Perfect to listen to while reading or playing games.",1

One of the hardest things I had to do when I left NE Ohio was to leave WKSU behind. I joined three other stations in places where I lived and they were good. None came close to WKSU. And there was nothing like Jim Blum. Then came Folk Alley.com. Heave,1

"This station is a delight to which to listen. NPR at its best, along with wonderful classical music. The combination of news and music is difficult to find on the airwaves today.",1

"This app is a charm. It is easy to access, intuitive to use, and enjoyable in that there are options other than simply streaming the current live broadcast. I like the options and the sound is good. I anticipate using this app quite a bit.",1

it is freezes sometimes on my Android tablet so i have to wait 4 the last card to turn over,0
i like this app. its fun and can be accomplished by all ages! its great! i deff reccommend this app!,1

I love this game for keeping my 5 and 7 year old entertained. We also like to play it together. It could use a few more levels because hard isn't all that hard but overall. it is a great game. Love the colorful characters,1

I think that this game was perfect for kids all kids would want to play this. review by Mac and angel,1

This app is really cute. My granddaughter is three and loves playing. The creatures wiggle when she gets them all and she just giggles. And yes..grandma likes playing too!,1

This one will keep the little ones busy tote quite a while (especially if you play too) .

Creatures are cute and the game helps build attention span.,1

"Furry Creatures Match'em game is FREE and soooooo cute. Although the game is easy to play it does make you think and helps with memory. Easy is easy, but it does get harder at medium level. THE END OF THE GAME IS SO CUTE WHEN THE FURRY CREATURES AL",1

kids love it! great learning tool to improve memory...and interactive to keep them entertained. we have a great time with it.,1

My little boy loves this and so do I. Its a great way to keep him entertained and help improve memory and perception skills.,1

I downloaded this game thinking it was like the Chuzzle game where you math 3 in a row. I got a pleasant surprise! It's a very cute game!,1

i would definitely and certainly advise you to get this if you have a child and/or have a sibling. this was very hard to rate this cuz my lil bro was begging to play!!!!,1

"Was simple to install. I haven't had any problems with it and it is unobtrusive. No viruses or other malware yet, so I guess it's doing what it's supposed to do.",1

I had searched for an app to use on my Kindle Fire and this one appears to work very well. I had looked at a few others and some of them I was unable to download and others had negative reviews. I did not find that with this one. It seems to be doing ,1

This was recommended by a family member. It seems to do a good job. It scans new apps I download and lets me know if it is safe or not. I notice it does scan on it's own or I can scan when I choose.,1

FINALLY THIS IS THE SECURITY APP THAT I NEEDED! WORKS INCREDIBLY WELL! I AM SO SECURE IT TELLS ME WHEN A VIRUS IS DETECTED! But if I see one sight of trouble it's GONE.,1

"I downloaded this on my Fire last month and its been great. I feel comfortable that its protecting my device. It has a constant presence (always On in the background) and you can scan manually, too. It doesn't consume resources or make the Fire perfor",1

"Even though security is hardly an issue on tablets, it is always better to be safe, rather than sorry. However, no matter how ironic this might sound, this security application poses possibly more danger than a foreign application. Why? Because it dete",0

"I think this is a very effective app, i used lots before, and is easy to use and whats IMPORTANT it DOES what it SAYS will do, nice interfase so its easy to use.A MUST",1

I purchased this to protect my new Kindle Fire and I am satisfied with the level of protection that it has afforded me.,1

It is so cool and it does an amazing job of protecting my kindle!you should totally get this awesome app,1

Haven't had any malware or viruis. Must be doing its job. Runs very nicely in the background and doesn't use up system resources. You don't even know its there. A little slow on a complete scan. (about 5 minutes) I like what I see so far.,1

"Cool little anti virus app, and I assure you all that protecting your Android devices from malacious apps is very important. There are malware apps out there, and you must be protected. I once downloaded an app from the internet on my Kindle Fire, and it",1

Glad to have found this type of app for my needs - works well on Fire! Am very pleased with it!,1
this app is so cute and funny! it made my friend laugh so hard she peed herself.if you asked my opinion I would highly reccomend downloading this app.,1

"When you need lift, or a laugh, this is the go to app. Every phone I get first app I install.",1
Great app. tons and tons of really funny pics cats doing very odd stuff. Has really funny captions for each pic. the person who made this was really feeling nice because this is better than most of the ones you have to for. has way more photos than other,1

okay so I'm always on the website so this is purrrrrfect thanks a ton! !!! !!!!

!!!!¡¡!!! !!!!! !!! !!!!!,1

"cats! if you don't want to look at silly pictures of cats don't download this. I love this app when I'm bored, just like the website without the annoying ads.",1

"This ""Random LOLcat"" app displays funny captioned pictures of cute (usually) cats and other critters. Those familiar with the ""icanhascheezburger"" site will know exactly what type of pictures these are. This is a great time waster as a single tap to the ",1

"The animals, captions, and pictures in this app are adorable! Its just I can has cheeseburger.com but on an app, so you don't have to go all the way to the website to get your daily cute, and funny pets.",1

i absolulty love looking at funny/adorable cat pictures and if you do too then get this app

because it is amazeballs,1

"This app is so fun! I love the cats, but you can choose other categories too. Many of the photos are fun without the captions, and the captions make me lol!",1

that I am crying. I found myself hitting the "save" button on so many pictures to share with people later! Totally hilarious!,1

"Now this app is worth the upload. Kitties do the craziest things and my kitty, FAUST, is no exception. Go for this app!",1

"This app is absolutely wonderful! I spend a lot of time waiting...doctors appointments, sports practices, etc. and this is a great way to pass the time and laugh while doing it!",1

I love cats and figured I would get this.and I love it!! and I have 3 cats so I can understand a lot of.the pics lol there absolutely hillarious :D,1

My 4 yr old grandson downloaded this. I did not and would not. I am poor and cannot afford appsthat cost money. Make it harder for kids to install apps. PLEASE,0

"I got this app years ago and adore it. It's always fun, entertaining, and absolutely wicked cute! Would suggest it to anyone who needs a good dose of cute or something to cheer them up.",1
this is one of my fav apps!! the cats and kittens r SOOOO cute!! who ever came up with this app is a genius!!!,1

"AWESOME!!! I luv cats and yeah some of the pics aren't funny, but alot of 'em are. when I have nothing to do, this is the app tht pops into my head first thing. and fo all yu cat h8rs, no body told yu ta download diz! !! so y go around bad mouthing apps ",1

"Very similar to the site. I like the options for sharing pics or downloading. There are many other categories just like on the site, like "Fails" and many others... Good FREE stuff!",1

this is funny!!!! and some of the cats r so cute &3 ^.^ if u rated this as one then u don know wat funny is and ur cruel to the furry clan!,1

friggn best app ever!! i have a celing cat and she saw these pics and just stared at me!!! so cute!!!!,1

this app is awesome.you can look at more than just lolcats.you can look at memes and all that.amazing entertainment for hoursget this app!!!!,1

cats cats and more cats fun funny I like it a lot neversaw so money cats and always changing. but can not save pictures,1

"My wife and I both have this on our tablets (a Kindle Fire and another Android tablet). We used to look at the LOLcats (and other such) pictures using a newsfeed app (Pulse), but that app suddenly stopped displaying them well (problems with zooming in o",1

CURSE YOU!i cant stop playing this!its too funny!why is it so funny?!? cant ... get ... enough ... ok so im a cat person i cant help it.,1

"it is realy funny!! works well on KindleFire, has good pictures.And its free! 5 stars (my entire family loves it a lot)! I strongly regimens it to anyone who wants a good laugh ;)",1

Hi everyone! Random LOLcat is legit and its funny! I give it a double thumbs up! If u don't know what LOLcats are then don't hate! Hope my review helps you!,1

I love LOLcats! And this is a great way to see them without have to go to a certain sight.,1
How can you not love the random lol cat? A great pick me up when you're having a FML kind of day.,1

"Who doesn't love LOL Cats?!? (Don't answer that). *I* love LOL Cats! This is a great app for when you just need a little smile. Tap through the Cheezeburger kitteh memes, and enjoy.",1

My two year old loves this game! He plays it for minutes on end a few times each day. I am confident he will learn letter recognition using this entertaining game.,1

This is a super duper fun app and your kids will love it and want to play it all the time!,1

My son loves to play this! He enjoys the sound effects and all the movements of the animals. He pretends to be all the animals!,1

The moving images and music on this app really draw my attention and the attention of my 3yr old. This is a basic intro to letters.,1

This was recommended by my girlfriend who had it on her computer. My two-year old loves this app and it keeps her busy for long periods of time.,1

my 3 year old loves this. its simple and identifies what letter he touches in a fun way...he even dances with it!,1

"I wasn't sure if this app would keep my toddler engaged or not, but I'm pleasantly surprised how much time she spends looking at all the different animations. I downloaded a lot of different alphabet learning apps and this is the one she likes the most. ",1

No good at all. Felt like an early 90's video game or Atari lol. But we gave it a shot .,0

Next to the African animals matching game this game is also loved by the crew at my in home day care. Even the older kiddos have fun with it.,1

Great for keeping my 2.5 year old occupied in church so I do not spend my time in the nursery... Love this game,1

This application has way more capability and functionality than the free version. Do not pay any attention to those who gave it a one. They are either ignorant or they are mis-representing the facts (complaining about selling price being a rip-off is u,1

Unfortunately the cost of this application is beyond the means of those on fixed incomes. The limited versions are all we can afford.,1

Why would someone charge for an app when the church provides one with more resources and nearly the same functionality for free. Don't purchase this. This is a copied version of a free app that someone is trying to make money off of. Shameful ...,0

"It is easy to use and I like having the other manuals and references. The marking system works very well, It is just like having my books with me but not as bulky.",1

"I own this one and the app of the same name from Standard Works, LLC. I would steer everyone towards this app. First of all, if you want incredible customer service (I have had to deal with both) then trust me when I say that LDS Scriptures.com wins hands",1

I wanted an app that allowed for easy reading and studying of the LDS Scriptures. This app provides that and much more. Study is so much easier with the notes and highlight functions. Would definitely recommend to anyone~,1

"Love these Scriptures., Easy to use and like the highlight words and will take you to another place in the Scriptures about the word that is highlight.",1

I love everything about it. It has more items than I thought it had. I can mark what I want to. It worked on my device when others would not. Downloaded in a short time with no problems. I would get this App again if I need to.,1

Get the official one made by the Church. It has a LOT more than this one and it's FREE. Highlighting...indexing...cross referencing...the whole works. Get more content for free with the app published by the Church.,0

"I have been using the old app and find this app to be a huge improvement. I love this one with the separate books, the headers and footnotes, and the music notes added to the hymn book. I am reading the Old Testament as well as the Book of Mormon in my r",1

"The cost is the only thing that I do not like about this wonderful comprehensive, useful app. I know others say that it is such a well written and detailed app that the cost is justified. I feel that these things are toll bridges. Once the cost of the br",1

"This is the very best, easiest to use, complete set of LDS Scripture's, manuals, hymnals, etc. I have ever seen.",1

"I have been involved in my church all my life and enjoy the easy access to all the books, that I use, I don't have to pack the Bible with me all the time now",1

"Being a member of the church of Jesus Christ of Latter-day Saints, now I can read and study wherever I am at. It is easier to carry my Kindle, rather than my hard copies of the material. If the opportunity presents itself, I will be able to share them wi",1

I think this is better than the APPs you have to pay for. There are so many things that come on this app.,1

"I bought this for my father to use when he goes to discussion groups and to church. He is able to switch between books and verses quickly and finds it very helpful. Having one object (his Kindle) instead of several books to juggle is great, since they s",1

Let me guess.. the developers last name is Johnson.. or is it just chance that every good review is by a Johnson... and how many fake amazon accounts were set up to rate your own app. I am so sick of people dedicating their lives to make money off the go,0

"I got a Kindle Fire for Christmas so I could carry & study my scriptures in a more compact & convenient and lighter way. I downloaded a free version, it was good and had all the books. Then I found this app, read reviews, was able to get it for",1

I love this app. I had the free version that everyone talks about and that app was fine but this app is superb. The benefits far outweigh the \$9.99 cost. I purchased this app because of the audio capabilities. I now can listen to the scriptures instead o,1

I have had this app on my Android phone for as long as I have had the phone and have it on my desktop as well. The Kindle marketplace (on the device) does not show this app and when you go to purchase it from the Amazon Andorid app location it gives you,1

"This scripture program with the golden plates cost me \$9.99. Yet when I saw it later, it was \$14.99. Did I miss out on something? So far it is flexible and easy to use. I can go from book to book easily and quickly. The hymnal is great as are the mis",1

"I don't think I am that much different from others when I tell you I like to mark things up with notes, highlights, colors and other things. I was a little hesitant to spend the money on this because there are free apps and some even allow some marking. ",1

"This app contains an assortment of solitaire card games. Application has performed flawlessly and graphics are good on Galaxy S3. Numerous small touches, such as ability to recall move, restart game, etc. really add to the experience. Highly recommended.",1

"The Google app store shows a full version, with all 24 games, as well as a "demo" version with just 10 games. What they are releasing here for the FAOTD, only has 10 games. If their description on Amazon had properly listed that it only has 10 ",0

"this is a solid, small app. customizable, it can be as pretty as you want it to be. game play is smooth, sounds are unobtrusive yet realistic. this app is a keeper.",1

"Very nice app, looks great, cards are easy to read, yet to find any bugs or issues. Great fun. Definitely worth getting. EVO 4G LTE.",1

"I got this game while it was the FAOTD, and I've played it a little bit. It is well constructed, and the distinct lack of permissions is nice. The game does explain the rules in the help menu, but it takes a couple of clicks to find. The auto-play isn",1

"Cards are a very good game for anyone to play. Since one does not have to pickup and shuffle,

the games are much easier and faster to play. Lot of variety of solitaire and the app was free.",1

"Great solitaire app! I am not a huge solitaire player myself, partially because every game I've downloaded on my phone has either been horrible or had annoying ads that took up too much space. I am impressed with the number of different solitaire games a",1

"This is easily my favorite solitaire app. The game is fun, challenging and winnable, great combination. Highly recommended time waster.",1

"Many thanks to the developers and Amazon for an excellent app. Works flawlessly, and no permissions. If you want solitaire for your mobile, look no further. There are many variations to pass the time; I am looking forward to trying them.",1

"so little time, so little game to play compared to all the other solitaire options out there keep looking good luck",0

"I still like Ace Solitaire 2 better, but this one is nothing to sneeze at. :) For a game with so many different versions, it's amazing that the app is under 2mb. I'm sure they could have added some bells and whistles, but didn't. Kudos!Btw, an 'exit' but",1

"When playing 40 thrives (I have not tested the others) it is impossible to move a stack of cards, ie any more than one card cannot be moved at a time. This game allows only one at a time. It is also not possible to use the email in the help section to re",1

"When most games are filled with In App Purchases or lousy controls or ads all over the place, Yukon Gold Solitaire has none of that.Clean graphics, simple controls and a nice (but small) variety of games, make it a great solitaire package. Kudos to Bra",1

"This is my favorite solitaire app. I've had it for a long time, and the developer continues to make improvements in the game, so it is much better now than when it started. But it was really very good even at the beginning.The only improvement I could th",1

"There are plenty of features and no annoyances that often come with apps these days. The help button has great suggestions on the next move. I rarely download games, even the FAOTD games. So many of them are garbage. This one really shines.I also wan",1

"This game keeps me occupied during those times when I have to wait,.....I'm not very patient so it makes the time go by faster.",1

It sure is frustrating -- like playing golf. When you think you have it licked; it bites you in the butt.,1

"There are several type of games to choose from. I had no idea there were so many ways to play solitaire. You can also change the front/back of the cards, change the color/pattern of the background, as well as other gameplay features. I would like to see ",1

"Finally, a FAOTD which doesn't contains spyware nor wants you to keep paying for regular game play. On top of that, the games are varied, the UI is crisp, and the whole thing just works!",1
I have a hard time beating the Alaska version of this game. I have played hundreds of them and have won a few but at least I have won!!!,1

"Nice game with plenty of options, don't understand what the one-star ratings are all aboutAppreciate the effort put into it, highly recommended for any solitaire fan",1

good game with lots of options. May not have EVERY solitaire version out there - but how many do people need? (see other reviews). Get this while it is free. worth a buck or two if you like solitaire.,1

"I have looked at just about all the solitaire games, not to mince any words, BUT this one is the best. Enough about it, get it you'll enjoy it. I know I do...",1

"Now THIS is how you create a 5 star app!! No internet, no data mining, no social networking inclusions, no IAP, no CRAP! And the dev working on changes for us to include one tap moves and no more move alerts, etc., just goes to show he's a genuinely ni",1

"This is the best Solitaire game for android I've found so far. Who said Solitaire is dead? There's nothing like getting caught in line at the bank or the DMV with a game like this. Get it, you wont be disappointed.",1

it is what it is point blank. it says its solitaire and that my friend is what u will be playing when you open this app. its a different form of it tho. at least for me. I must say that it is fun and I just got it less than a hour ago and have played it ,1

if you like solitaire games you will like this app. lots of variations and help. I got it free but it's worth the 1.99 price. I would recommend.,1

I've tried other Solitaire apps but this one is THE BEST with great features and selectable options. You can customize to suite your taste and Graphics are crystal clear. Well designed app has all bases covered nicely. The only thing I would change is,1

We all grew up on solitaire. But over time many of us became bored with it. This gives you variations on the game and can be both fun and challenging.,1

"So many card games in one, I found this to be very entertaining and has helped me fill in the gaps of several HOURS of boredom. If you like Solitaire games then I highly recommend this one, even at two dollars. You will get hours of enjoyment out of this",1

"I use it a lot, mostly for spider solitaire, and it works very nicely, even has a help button! I would recommend it.",1

"With a great interface, nice graphics, a ton of variations, and no skeezy permissions, this is all you could want in a solitaire app.It'd be nice if you could flag or downvote idiotic fake reviews like you can in the Play store so that they didn't drag do",1

I love Yukon and this app does it well. I now have no need for the other solitaire apps. Good job!,1

This is a solidly designed and easy to play solitaire app. Game play is smooth with 24 solitaire games and variations in the game play. It can also be installed on an SD card. It features a nice user interface that lets you rotate your device and even ,1

"I love this game. Lots of settings for different decks of cards, font sizes, and colors. I like having options.",1

"We've tried many solitaire apps and between the ads, permissions and just plain ol' poor programming, none have measured up. Except this one. Love the layout, being able to customize the deck and all the games. Yukon can sure be frustrating and challe",1

Yukon Gold Solitaire will be replacing the other solitaire game I have been using. This one has less variations but it has all the ones I actually play. It looks better than the other one too. It has some very nice card backs and faces as well as playing,1

"the streak counter does not work for the tripeaks game, please fix so I can give this game a better review!",0

This is exactly the solitaire game I was looking for. Glad I purchased it. Looks realistic and there are tons of options! Great solitaire!,1

"I just downloaded this app about a week ago, so I have not been playing it for too long, but so far it is great. There are many choices as to which style of solitaire you want to play, they work well and instructions for each style are included. Easy to ",1

"Love this solitaire set! Easy to use and perfect for you if you like solitaire card games. When they perform an upgrade, they provide a detailed description of the changes and enhancements. Great game!",1

"And it's only for Android!! I love this app!! I play it on both my phone and my tablet. It's quiet, it's fun to play and there are 30+ card games to play in this app. I play Yukon the most, but I can play Klondike, Alaska, Forty Thieves, Freecell, Golf, ",1

Works well on my Galaxy Nexus. Works well on my Kindle Fire. I'm sure it'll work fine on my Nexus 7 due to arrive later today. Looks great and plays decent. It works well on both my phone and tablet.Thank you for this app. This title deserves 5 star,1

"Went from a 5 star to a 1 star. I have had this game for a long time and always enjoyed it. Recent update has ruined visual aspect. Corners of screen are darker, hints are too large, menus are ugly and harder to read. I won't be playing it anymore. I hop",0

"Pros:-Lightweight app, runs on most anything and scales with resolution nicely.-Many game types.-No hidden gotchas, IAPs, ads, or permissions.Cons:- You can go on some pretty long losing streaks!",1

"Although this is free today, it has a nice interface, lots of options, and solitaire varieties. If you are looking for something flashy with bells and whistles going off, then find a casino.",1

"It's solitaire so you might be asking yourself ""how the ding song heck a ma doodle bell can you add IAPs to this?"" Well it would be nice if there was a donation feature. I'd like to give the developer a bit more as my way of saying thanks for making suc",0

I downloaded this a few days ago and it has become a favorite already. I never thought I would get addicted to solitaire. lol,1

"I've got to say, I thought to myself 'how bad can someone mess up a solitaire game anyway?' Then I downloaded this and found out. I guess I got spoiled playing 250+Solitaire Collection, which if I remember correctly, was free. It also has graphics that ",0

"Excellent app with smooth operation and graphics. Numerous versions of solitaire, all are very well done. On top of all of this there are non invasive per ossions and no in app purchases. I recommend highly.",1

Very nice game. The hints are nice andso are the detailed instructions for the games. Great as a free app of the day.,1

"This is awesome! No IAP, no strange permissions, and works great. Finally, amazon is giving us what we've been asking for.Btw, is anyone else tired of "Pete Commando" saying that he wants IAP? It's getting really annoying.",1

"Great job guys! I was a little shocked to see no permissions! It thought my phone glitched, our was looking in the wrong place... This game is clean, tons of options, well conceived.Such solid production this game is well worth \$1.99! Now if all the othe",1

So many games...so little time! I didn't even know there were so many different types of solitaire.This game uses very little battery power. But it's so addicting! You can play for hours and not waste your battery.If you like solitaire... this is the ,1

"My wife enjoys this Solitaire collection on her kindle, it is very complete and has a lot of different versions on it.I use Amazon for most of my purchases and update my reviews if anything changes with the products. I do this so other Amazon users can g",1

"My dad always told me that if I played with myself I'd go blind. Is that true? I'd like to give this a try, but am afraid of losing my eyesight! Thanks!",0

This is my favorite game to play and relax with. I play it all the time. Thanks for providing it.,1

"If you love Solitaire, then, you'll not get bored playing this. Plus, with the touchscreen, it is easy to play. The only thing I would like to see different is the leader board (it only shows the high score not the date).",1

Nicely done no crazy permissions lovely graphics keep up the great work.....solitaire by definition is a single player game unless you are playing double solitaire so its a good time killer while sitting in the doctors office,1

"If you love solitaire, I think you'll love this program. It's simple, flexible, oodles of games, and most importantly it **requires no special permissions.* I've used this for years. It's my go to game on phone and tablet. I wish he made others apps as ",1

"A very well written solitaire game with lots of options, pleasant graphics, no permissions that are intrusive and most importantly... no stupid in app purchases! What more could you want? This is just a great great application.",1

"I like clean running, and basic types of games. This is truly one of them. Lots of playing options, but still a good basic game.",1

"I've tried others, but keep coming back to this one. It's tablet friendly and a good basic game of solitaire.",1

"Can't get enough of this game. Play often enough, and raising my win percentage.Keep up the good work, Thanks.",1

"Really solid solitaire game. In the few weeks since I first downloaded the game the dev has already updated it with some nice improvements, like automatically letting you know when there are no more available moves. The only thing I'd add is an animation",1

"This is one of the best Solitaire apps I have found. Easy to navigate, some decent options. I had a Sol game once though that let me go through the 1 card Vegas three times. I wish they would offer that option, whether it's 'real Vegas' or not.",1

"no IAP, back button isn't disabled, and no ads from what I can see. interface seems decent enough. thanks devs",1

"This app has a beautiful interface, is very well maintained with regular updates, and is enjoyable to play. I can't recall a single time when the app hasn't worked flawlessly on my Kindle Fire or my Droid Razor in nearly two years. Yukon Solitaire is def",1

"This game has no multiplayer mode. Why can't I team up with a few friends to do co-op to beat the hard levels, please update... Btw, Yukon gold is a potato, not a card game.",0

Wonderful app. Has many great games in it. Well worth downloading. Nice Color and great card backgrounds. This app replaced two of my other apps.,1

really dumb - can't actually color anything - will only let you use "Halloween" colors - here we go again with needing extra words - no wonder no one wants to review apps,0

uuuummmmmmm..... duh! you have to hit "lines on" to stay in the lines (even i knew that) and I'm 11 so it is possible to stay in the lines!,1

A great way to keep up on what is really happening in Ireland as well as the US. Stay well informed on what is happening around you.,1

This newspaper should sort things out as this simply is not good enough. This is a poor advert for the paper and for Ireland.THIS DOES NOT WORKAttempted usage on kindle fire HD 7 inchI would actually prefer to give no star at all.Ppl,0

"I needed an FTP interface to copy files from a web site periodically.I like using a ""file explorer"" interface that lets me easily browse the directory tree and select the files required.The product provided exactly what I wanted.... select a folder on lo",1

This program works great for transferring files from server to my tablets. I have never had a problem and have it loaded on 3 tablets. Highly recommended for ease of use and reliable transfer of files.,1

"While I normally use scp to do one off transfers on a system, sftp via this little app is great for the Archos 43 that I have. It handles keys, saved passwords, or prompted passwords. After a brief look, I got the Pro version.Oh, and kudos for the fore",1

"Excellent app. Just what I needed, I was running low on space and needed to move some movies from my Kindle to my Seagate Home network drive. This did the job quickly.",1

"I've used this app a number of times since installing it. It's easy to use, and doesn't take a rocket scientist to figure it out. I definitely recommend it.",1

"I was connected to my web folder within 3 minutes of downloading this app. Having my own web storage, I was hoping something like this existed.",1

This is a great FTP client for the Kindle fire and packed with features. It is awesome and quite good.,1

"I like this app. It is easy to use and helpful for keeping track of my headaches. I may have to get the full version eventually, just to get better information about my headaches but this is fine for now especially for a free app.",1

This game is not so good please that's a bottom line so loud bad just do not get this stupid GAME. I. HATE THIS. GAME DO NOT GET IT.,0

"I love this app. I bought it on Android Market for \$2, and think it's a great price for that and a steal for \$1. It's a useful alarm clock, and works well for me because instead of hitting snooze I drive the police car. The graphics and sounds in the app",1

This doesn't have a alarm it's just sirens and a wimpy game. do not buy. The top reviews are totally faked out. I got this because sirens are loud and alarming. Instead I got a police car game with a clock. No alarms just a siren you have to activate man,0

do not purchase. I. purchased this app. tgen downloaded it. it keeps crashing. won't even open. don't waste your money. I DID NOT GET A REFUND. WAY TO GO AMAZON.,0

this game might be worth it if it was free but it is not. if you want a cool alarm clock then it is great. If you wanted to drive a police car like me then keep looking. The car is impossible to control and the whole road is straight. Again do not waste ,0
Didn't work at all for me. Didn't even show anything at all in my state when I looked under
"K";,0
"trying to give us free wifi?? wtf we know how to get wifi by only clicking or tapping, and NOT CLICKING OR TAPPING ON THE BUY BUTTON THEN INSTALLING IT. PLUS U SAY THIS IS FREE? U HAVE TO PAY A DOLLAR 50 CENTS FOR IT PLUS WE ALREADY HAVE WIFI SO WTF -- ",0
"Oh my gosh, a app that looks for wi-fi!!! Oh, wait a second, can I just go to my settings and do that? Well, they just tried to steal \$1.50 from me. Man, that was close.",0
Nice to have wi-fi on my kindle when we travel and ect. It fits into my world. I love it.,1
Omg I like love this app! It like gives free wifi for 1.50. Oh I almost forgot its like not wifi. It's like just a list of places with wifi. which is like weird because my cell already has wifi and u like have to have wifi to get this app. ... huh what u,1
Do not like. Period no good app. Do not recommend. It doesn't have the information you need.don't get it. Bad app,0
"i did not buy this app,but all it is is a waist of time and money.litsen go to settings on your android device, then go to wireless.there you go get Free wifi",0
"Free wifi?!!!! Only \$1.50! Is it me, or is this a little strange? Let me find all the free wifi hotspots for a fee of \$1.50. Good luck with this app =)",0
"this app is a joke. don't get it. read the description before downloading. horrible, bad, garbage. do not download. do not download.",0
first it says free wifi but you have to pay to get a list of wifi places!I hope they relize that people look at things that say free and get mad when they are \$1.50,0
"From the description, it sounds to me LIKE YOU NEED WI-FI TO GET THE FRICKEN LIST OF WI-FIS!! Read the DESCRIPTION!!",0
wait cant I just go to the settings to find wifi they almost had me pay 1:50 gee this app really is crap,0
I just wanted to point out the title is Free Wifi when it costs \$1.50. So its technically not "free" wifi.,1
"This app helped me tremendously,while out and a bout I'm able to get WiFi when and where I need it.",1
Extremely limited and of no use to the person who is seeking a WI-FI station in most states. Does not live up to how it was advertised,0
"I love this and all of the other Nubee games, they're addictive and they help to pass time ,I just wish they would bring the games to Kindle!",1
This game is like two games in one. A slot game plus the coin dozer game. Alot of fun. Just love it.,1
"This is a simple game and I can't stay away from it. You drop coins hoping to put other coins over the edge. How simple is that?Try this, you might feel the same way I do.",1
Game was no fun and did not enjoy playing it so much that I completely deleted it from my computer and KindleFire HD.,0
"i really like this coin game. lots of things to collecti and making the slot spin is pretty addicting. i haven't had to buy any tokens, the free ones last me quite a long time.",1
"I am addicted to this game on my phone, but I would LOVE to have it on my Kindle... WHY is it not on Kindle yet??? :(",1
"Locked up on first level, could not play anymore. This game was not worth my time. Would not recommend to anyone.",0
"You can enjoy the thrill of slots and a coin game at the same time. The graphics are exciting and it offers lots of other little items, such as different colored coins, books, and extra coins for your game from a slots win.It is simple to play and would",1
We love this app! We recently got new phones and this was one of the first apps we installed! My hubby and I are in a constant compitition to see who can get the higher level! However its hard to make any headway when my 3 year old is always dropping all,1
this is just like coin dozer but with a twist it is a slot also . get a coin in one of 3 slots and it spins to give you a prize . i like this one better thin coin dozer,1
This is a great tool to have I usually use my phone but it doesn't have everything I'm needing to use when calculating items. I recommend this to everyone.,1
I hate this app. This not a good Calculator. Do not ever get this app. Waste of money and space. For some reason always puts decimals in there all the time. Stupid APP!!!!,0
"I do not use this app, all that often but I have found it to be effective and thought it works very well.",1
"This is something that everyone should have because everyone needs a calculator sometimes. I use this calculator at least once a week. When I was doing my charity fundraiser, I was very glad to have this app so easy to access.",1
"This app was free for one day and I downloaded it. It's a great basic calculator. I'm not sure if there are advanced functions or not, but it works for what I've used it for, and works well. I haven't had any problems or issues with it, and I like it. Th",1
"I love it, it is so easy to use and so many added options. I will tell my friends about this

app.",1

"I had seen ads for these electronic Bibles, but this Christmas when my wife gave me a Kindle Fire HD, one of the first downloadable was this. Immediately I searched for favorite verses, highlighted and went over several times. I was awed by the reading too",1

"The NKJV Bible has been faithfully and fabulously done with all the care and finesse it deserves - I now use this version as a parallel and it has everything I look for..., and more.",1
Enjoy this version of the Bible. Very easy to navigate from Book to Book and Verse to Verse. Cost was worth it.,1

The NKJV Bible is easy to understand and speaks to me with a clear message. It is a good source of information to help people have a more clear meaning to the classic KJV.,1

I've only had app a few days but so far I'm enjoying it. Lots of info and easy to use,1

NKJV Bible is easy to manipulate. I adore the fact that I can make notes and highlight. This allows me to reread my Sunday School lesson or sermon that was presented. Tracie,1

This is an excellent tool for my Bible study. I use it many days during the week. It is easy to use & responds quickly.,1

"I love the way I can have two versions open at the same time, side by side, and easily compare versions. I like the way I have all my Bible versions, my study Bible, and devotionals all at my fingertips. No need to switch between apps.",1

I love this bible and I also got the Message Bible. Wi-Fi is not needed and these two bibles work well side by side in Church. Highly recommended.,1

The app has many features which I also use when I do a comparable study out of my personal Bible study including being able to highlight verses and take side notes. I recommend this app for Bible students of all stages of their growth in the knowledge of,1

I use this the majority of the time. It is so easyI love it. It works as an audio book too.,1

"Great app for reading, taking notes on verses, sharing favorite verses, making comments on shares. I especially like the ease of parallel versions, comparing verses and highlighting. And it is very simple to use, while having so many functions. Extremely fr",1

I downloaded this as one of my first items. Love the easy access and it was very easy to read and navigate through. I would recommend this to anyone who wants an easy to read Bible.,1

"I love this version of the Bible and I also love the way that it will move or go down the page as you read, which also may be changed to go faster or slower as you read!",1

"I use my Kindle for my daily Bible reading time, not for Bible study. I have a KJV and this NKJV and I like to switch between them and compare wording, etc. On the KJV app you go to where you want to start reading and reading is continuous, that is you",0

This Tecarta Company has produced a wonderful Bible Program that this app and many other Bible Versions can be installed. This NKJV is what I use to preach from and if you choose some of the other Bible Version Apps - you can quickly move from one to the,1

"I think this is an excellent Bible. Easy to locate books, chapters, and verses. Good reference Bible. Easy to read.",1

"I really like this bible version for my kindle hd. I find it a bit easier to use than the YouVersion bible. With this bible, you're not required to go online, you can read it anywhere. And to make it a parallel bible, you do have to choose another bible o",1

I have looked at lots of Bible apps but had not found one like this where I can highlight only one word or I can make a note that will attach to the very spot I made the note. Lots of other goodies. The only downside is that every translation costs money,1

"I love this app because it's easy to navigate, highlight, and take notes. The best part is the parallel feature. Plus it works on all my devices. I can't say enough good things about it!",1

"Truly decent Bible app. There is a slight learning curve as to how to access various Bible books but once that is figured out, then it is a wonderful tool on one's Kindle and certainly less cumbersome to carry around than an actual book. These "pag",1

"I have this on my Kindle Fire and it works so awesome! It's so easy to navigate. There's night/day settings, audio settings and also where you can take notes and highlight verses etc. I have just started using this app but love it already!",1

For those people who want to read the Bible and understand what you are reading this is the Bible to get. Don't listen to those people/clergy etc. all that say "If the King James was good enough for Paul it is good enough for me". They don't know w,1

This is really a good APP. I use it on my Kindle Fire and find it to be easy to use and has many great features. I would certainly recommend it to others who want an APP for bible reading and bible study. I also like the ability to add additional tran,1

"Great investment. This Bible is easy to read and understand. It is easy to find scriptures, to make notes and to mark scriptures for future reference. Excellent purchase.",1

This is a very easy to use and browse and is usable offline. Highly recommend. Will use as go to NKJV.,1

"I have been using this app (Bible) since November of 2013 on my kindle fire HD. This app is wonderful, I'm still new to tablets but I can find everything I need, you can highlight in different colors, it has good navigation to each book or verses. This is",1

"This is a fabulous app. So easy and quick to search, you can bookmark and highlight passages, change font and size as well as have it speak. Super nimble, pages turn quickly and easily.",1

I have used many different bibles in digital format and this is by far the best. There are lots of options available to make your study of God's word easier.,1

"Love it, glad to have another choice for reading the word. So nice to be able to take it with you, to appointments, on a trip, wonderful",1

Use this at home and also take it to church - it is "quicker to turn the pages" as the Pastor speaks then having to turn paper pages.,1

"after my Bible fell apart, it dawned on me to use my Kindle Fire instead of searching for another. this app was highly recommended and I must say, I love it!! very easy to use and I particularly like the margin notes that readily available. I also like",1

"I love love love this version of the NKJ Bible!!! It is so easy to navigate, highlight and make notes in. There are margin notes and I take church sermon notes right in the program too! I like that I can add folders and organize the notes. My daughter li",1

Great Bible App and easy to navigate through. Has alot of features that are useful for Bible study. Easy to locate individual verses.,1

It is a great tool when you are in Church or anywhere. It has helped me to keep up with the service and in Bible Studies. and the audio help me pronounce words that I didn't know before. I love it!!!!,1

Love this item. Easy to use. I would buy this item again. Wifee has it on her I-pad. She love it also.,1

Definitely seems like a spam app to me. Just shows the logo; no loading progress or anything else. Download size is way too small to include any music anyway.,0

A fun game if you like music trivia. what more can be said download it play it if you don't like erase it (got to love free games),1

"love it !!!!! alot of different type of songs by knowed artists, good sound would reccomend it to everyone, easy to use.",1

Not sure if it is a user error or an app error. I tried downloading to my kindle and to my computer. I got nothing. Oh well.,0

"I've been hoping this app would be offered as app of the day. I have this app on my ipad and my kids and I love it. It is harder to use on the smaller phone screen vs. the ipad, but my kids won't care. Thank you Amazon and Darren Murtha Design for offeri",1

its very cute I'm a tern and I love it but so does my ten year old sister its fun and lets kids of all ages get creative and use their imagination has lots of neat tools and you can save to your gallery and on the app I recommend this app to others,1

It's just a fabulous app. Great for any quick finger drawing you need to do and great for kids too. Any less than positive reviewers want some full blown tablet form of something like Adobe Photoshop for \$1.99/free. Bottom line is that for the price i,1

Excellent FAOTD and would be worth the \$2 if I had a young child or was fond of doodling. Thanks Murtha!,1

I just downloaded this app and my kids think its amazing. It's all the art fun without the mess! Highly recommend it!,1

My 3 year old boy LOVES this app. Great for waiting in a doctors office. It holds his attention for a good amount of time,1

"I've had several of these type of apps for my LG Optimus phone and this one is by far the easiest to use! Its easy to navigate, draw & save without any directions! Thanks Amazon for an amazing FAOD!!!",1

"My give year old and up love this app! The possibilities are endless with all the backgrounds, stickers and colors. I will say resizing the stickers is harder for me as it's very precise. I would love to see more girlie stickers and an android sticker, b",1

"Works great on Tmobile G2 even with its small screen. This app must be amazing on the larger screen of a tablet. This is a great creativity application, very intuitive, easy to use, great graphics and worth every penny.",1

this app is great for when ur going somewhere and u want to draw or scribble.....also it has every Color in every type of ustencil,1

"don't expect this crap to be worthy for an older artist. no brush sizing? no Color picking? hell, no freaking zooming in/out? no thanks, get out of here. waste of money",0

My family loves this drawing app! Its built for ages 0-infinity. ;-) It has everything you need for a child and adult to doodle to their heart's content.,1

My twins who are 4 absolutely love this app. My son loves the stickers and my daughter loves the paint. I love that they are also using this as a way to practice writing.,1

Versatile app allows both children and adults to indulge their creative urges without needing a tutorial or a lot of innate talent.,1

"This is by far the best drawing app I have tried. Everything is great: the interface, the graphics, the selection of tools (markers, pensils, stamps, stickers, and more). I am using it on my Toshiba Thrive and I am very happy with this app. Definitely r",1

"I was skeptical about this app, expecting it to be either weak or difficult to use. This app was both very intuitive and provided a multitude of methods to draw/paint/stamp/etc. I love it!",1

"very nice app! my 1 year old loves doodling on the phone. this is awesome! love the color, type varieties and stickers? nice~",1

free app of the day - amazing features. worth even to pay for. gotta try it on my tablet

[illegible]

- from backgrounds, to materials to use. I got it for free, but I would definitely have paid for this app!",1

""Drawing Pad"" is exactly what a drawing app for the Kindle Fire should be! It is easy to use, works as expected, and even includes fun ""stamps"" to liven up your drawings. Kids will love this, but it is also practical for drawing diagrams to illustrate id",1

"Really have been enjoying using this app. I have created many a ""master piece"" (tongue in cheek) since I have purchased this app. Money well spent, if you like to doodle, paint, or are creative (or not) in anyway then this app is for you. Check it out. T",1

I love this drawing pad because I get to distract my younger siblings for about 30 min. to an hour. Plus its better for the planet because there not wasting paper.,1

"I've tried a lot of drawing app for my little girl. this is by far the best variety of utensils, colors, etc. I believe even I will get carried away on this.",1

I enjoy it to doodle while I am talking on the phone.,1

"Dear Amazon, Thanks so much for the Christmas gift you gave me this morning. I really wanted this because I love to draw and paint. I played with it on the NOOK at a store and fell in love with it. I have no extra money to spend this year so I really ap",1

"Nice app, my daughter is really into art and loves using this one. she can draw and even save it i would recommend this one",1

to keep my small children engaged while at line at the Supermarket I play games with them. This was a hit! THE best drawing app I've downloaded hands down. worth every penny.,1

This is about the fourth drawing app I've tried on my Kindle Fire and the only one so far that I've liked. This is the first one that was easy to use. Nice selection of tools. I did just buy it but was so impressed I had to review. After using for a bit ,1

good app i see buy app like this on pc that cash going for \$20.00 back days not will like \$50.00 this app dos what the some higher end apps on pc / mac its a fun app have on my phone A+ to devs and amazon app store for this one app of the day \$1.99 not b,1

My Grandkids love to play with this. It seems easy enough for my youngest Grandchildren to understand and there's enough variation to keep them entertained.,1

At first I was weary of buying a drawing app but this is great! Ive tried many drawing apps and this is by far the best. on a scale of 1-10 I give this app an 11,1

HECK NO WASTE OF MONEY WITH THEM TWO DOLLARS U COULD GO TO THE DOLLAR STORE &BUY EVERYTHING THIS APP HAS DONT WASTE MONEY PPL THIS JUNK IS FKR KIDS UNDER FIVE!!!! ALL THE ADULTS THAT LOVE THIS APP LOVE IT BECUASE THEY GOT KIDS! DONT DOWNLOAD U HAVE,0

"The Drawing Pad is really cool the stickers, the paintbrush's, the crayons. This game is awesome and it really expresses my art talent.",1

Very cool little app and well worth the two bucks. (full disclosure - I got my copy free from one of Ammy's daily appstore giveaways) Very handy for keeping a child quiet while waiting at the doctor's office or other situation where something to distract,1

I chose it be because I like to draw and if you make a mistake you can erase it and re-draw. The Drawing Pad gives you lots of options including coloring or painting. You can save your work in an album and go back to them later. Really fun to use!,1

"My daughter has alot of fun with this app on the Kindle Fire. I don't think that she's even used half of the different types of drawing things on it, yet. She loves the stamp markers and the fact that she can pick different papers to draw on.",1

its awesome! I love to draw so I needed to get this app. if your bored just play with this its epic!,1

I love this app! It is great when you're bored or when you just want to be a kid and color! :D,1

"This is a very creative app. which is fun for Grandma's and for our grandchildren. The various mediums of art (pencil, brush and pen)can easily be adapted for any age of child. An adult can just have fun trying the various mediums of art.",1

We all love this app. You can lose track of time when playing with this app. My nine year old twins love this.,1

"This is one of the most pleasant drawing apps out there. The tool selection and layout is supremely intuitive and very creatively done. The entire UI is clean and straightforward, which is fairly rare these days. Thank you for a wonderful app.",1

"Awesome drawer for: Kids, beginners, and artest!!!. This has so many things in it, and the photos simply do not do this justice what so ever. This also can be found 4free if you know where to look, but trust me, well worth the money for the correct forma",1

"My three year old daughter has been playing with this consistently for the past year. I have a lot of fun drawing with it too. It has very realistic crayon, marker, colored pencil and paint brush tools with varying widths. It also has lots of backgrou",1

"I got this app because I wanted a drawing app for my kindle fire. It features a wide variety of colors and backgrounds that come with the app(you don't have to pay extra for them). There are different textures that you can use (Crayon, marker, pencil, etc",1

"My granddaughter loves this app. I take my Kindle Fire to restaurants and let her draw to her hearts content. A real life saver when herding an almost 3 yr old. I've grown to use the app also as a teaching tool, using it to draw colorful letters when w",1

"We are an artist bunch in my household. My kids love this pad because they can doodle, paint, add "stickers" make them larger or smaller. This is well worth downloading, and I even got it

free! My daughter had to have it on her kindle as well.",1
 this is the best drawing app ever. the colors are vibrant and there are a lot of different shades to chose from. its really easy to use as well. deffinatly a good drawing app purchase.,1
 "i want this app really bad, but i heard it's really cool. i can't get it because it's not free. bye",1
 "Highly recommend!! More app then expected, money well spent. Can do endless hours and so many possibilities. I feel like a kid in a candy store...lol",1
 This is a great app for kindle fire!!! You can choose from many different colors and utensils that you can use. there is different papers you can choose from and lots of stickers!!!!!! this app is fun and entertaining without using paper and killing tr,1
 "This drawing app can really bring out the creative side if you! You can either draw with Crayon, paint,draw with marker,or you can color with colored pencils. I will draw till my kindle is broken!!!!!!!!!!!!!!",1
 this is an awesome app with backgroundsstickerspaintmarkerscolored pencils. it is an app for the creative imagination typed person. even thought its two bucks- its worth every nickel.,1
 We love the freedom that this app gives us. I'm so glad we downloaded it to our computer to use,1
 "I love this app, I been so use to carrying a 4"" x 6"" sketch pad in my left pocket that it has been second nature. But with a Kindle Fire HD or any another Tablet, it is another way to express yourself simpler! Great way to paint, draw and even save your ",1
 "I downloaded and installed this app. It promptly disabled my wireless access and the keyboard. Even after rebooting the Kindle Fire I could not use the keyboard or reconnect to my wifi signal. I uninstalled it and everything went back to normal. So, ",0
 "Usually I hate apps that are more than a dollar, but this app is just outstanding. Drawing Pad gives you the full art experience without the mess! Truly a very well put together app. I strongly reccomend this for everyone.Even if you are into art or not,",1
 "This is definitely an app to get. You can choose from a variety of utensils, and the app has excellent quality. It works perfectly on my kindle. I absolutely, positively recommend you get it. It is, without question worth the two dollars!",1
 "Drawing Pad is a wonderful paint app, rivaled only by SketchBook Mobile. While comparing a casual app to a professional app may seem unfair, DP still holds up to scrutiny and passes with flying colors. From unique brushes to layer handling, it will surpa",1
 "Please, do yourself a favor and get this app! It is worth the \$\$\$\$. You can pick backgrounds, stickers, markers, crayons, symbols, ect. And, you can EMAIL YOUR FRIEND PICTURES!!! You can also save them to your album. Its really fun anywhere, car, plane, b",1
 this game is not good at all it froze my kindle fire for days and I had to go online to see how to fix it. get it,1
 "HTC Inspire. Great little app for exploring your creative side! As others have said, would love to have text input. More backgrounds, access photos, etc. but the app is awesome enough to get all 5 stars without. Definitely worth the download.",1
 This app is aswome for when you are on the road or when you just want to creative. I like how they have every thing that you might need to make a great picture.,1
 I rather have the app Draw Something than this!! I wanna play with friends and family!! I don't want just a regular Drawing Pad. I want to have more fun with it!!! :/,0
 The Kindle Fire HD was a gift for my daughter who loves to read and draw. I got this app for her and she absolutely loves it and has created some amazing drawings with it!,1
 "This is an entertaining drawing app, allowing me to do what I mostly use mspaint to do on my PC. But with this, I can do it on the go. It is easy to use, intuitive, and very colorful. Admittedly, I don't use it too often, but it comes in real handy when ",1
 This is the perfect app for doing nothing but thinking... I have no real need for a drawing program like this but it is a great fun app.,1
 "While not as sophisticated as apps like Adobe Sketchbook, this is an app that gives you a lot of flexibility for drawing on your tablet. The interface is like having an art box with drawers that you can cycle through. My five year-old son loves using thi",1
 "Two thumbs up for everything!I downloaded without first checking the reviews, as is my normal routine and I am not disappointed!I love the variety of drawing tools, color and paper. The GUI is easy to learn and use; it outperforms all other drawing prog",1
 "Tbis is the best drawing pad app that I bave used. It is simple to use and learn, and it has very powerful drawing tools. My 5 hear old LOVES it.",1
 This app is fun and creative! It has tons of options and.everything you need not make awesome art! Me and my husband love it and my kids love it even more! And its real easy to use.,1
 This is exactly what I'm looking for my children. It's also great for adults. The app is very responsive and fun.,1
 I'm a college kid and I love this! It's super fun to make pictures for friends and tweet them! Yayayayayayayayayay!,1
 This app is definatly the best drawing app I have used. Works better than basicly all of the.other drawing apps. Works very very well on the kindle fire this app os worth paying for.,1
 Both of our children (ages six and three) love this program. They like to experiment with the different patterns created by using the different drawing tools.,1
 I love this app. I'm an up coming artist and this helps me a lot instead of a sketchbook I use

this.It is a way you can get creative and no one tells you what to draw! Highly recommended!it is fun for all ages! Thanks for reading my comment ! NOW BUY THI,1

"this app is soo easy to use. all the paint brushes, crayons, markers, colored pencils, stamps, all the colors is just really great and awesome.",1

"...but my wife and I play with it just as much! We like to draw a background, and then use stickers to add to it. The share button is great, as we can email my son's drawings to Great Gramma. VERY happy with this app, and it's well worth the price.",1

I love this! it really had a lot to do. a huge upgrade from my old drawing app. I also love the price today..free!,1

"they love it, it's very fluid just like a real paper, crayon and pencil. I haven't personally used it yet but will when the kids give me a chance lol.",1

"Great drawing app, especially for tablets. Ability to save it is a big plus. Lots of different supplies to make your drawings or words look wacky or simplistic. Highly recommend.",1

"I got this app for my son on his Kindle Fire, but so far, I've played with it more than he has! It's lots of fun! There are many options for creating, including colors, drawing tools, and varied backgrounds, as well as clip art pictures with their own ",1

this is a wonderful app for all ages. can't wait for my grandkids to play it. works great on acer 500 tablet. thanks amazon.,1

"This is a very fun app! You will love it! I do wish it had n integrated writing journal ----- but I still give it 5 stars! There are crayons, markers, and more that can be used to put writing into the pictures!",1

this game is the bomb it is the best game ever you will love this game beacause it is one of thosel games that you can play again and again,1

This is so much fun! There are many mediums to choose from and I like painting with my fingers. Very creative application!!,1

"I love this app so much! it has great tools, a varity of stickers, and tons of colors definitely worth the money.",1

I bought this for my grandkids to keep them busy and they positively love it. One of them is only 3 and she loves it and is able to do it. It's fun and colorful and even fun for adults!!,1

This such a great app. I'm a doodler and this is awesome because I can doodle without ruining paper. I love all the little extras like the stamps and stickers. I also use it to layout scrapbooking and card making.,1

LOVE IT!!!!i love this app so much i want to be on it right now but i am too busy writing this review!!!!,1

I first let my daughter play this but as I was setting it up for her and showing her the ropes while I realized that this is an amazingly designed app. Super simple yet fully featured interface. All the icons in the drawer on the side are super clear a,1

This is a fun and easy to use app that I love to play with when I have some free time on my hands. It works great on my Nexus 10 and my Kindle Fire as well as my Note 2 Phone. I feel it is the best one out there.,1

My kids love this--all the kids that have ever played it really like it. It is engaging and they love the "marker" settings!,1

"I played on this app at the store on the demo kindle fire. can I just say.....I ABSOLUTLEY LOVE IT!!!! I recommend It to anyone who loves to draw, dreams of being a famous artist, has kiddos or simply has free time and feels like doodling. GET IT! :)",1

This app lets you draw anthing. The colors are endless. I love this app. You can save your drawing. Get this game.,1

My 5-year-old daughter and I have each taken turns playing with this app on my Kindle Fire. It's exactly what I was looking for in a drawing application for a tablet.,1

"This was not much use, not even as an entertainment. The elements were fairly basic and manipulation of input was limited. If you're looking for something to unleash your creative juices, this ain't it. If you want something to amuse your 3 year old, t",0

My 5 yr.old grandson LOVES this app. I think I may have a budding artist on my hands! I enjoy seeing his creativity. I may soon have to invest in another Kindle so his 2 yr. old brother can have equal time during their visits. What a great idea! Gra,1

I saw my friend Alex playing it and I want it so badly but it wont download he wont le me play,1

I have this on my NookColor tablet & my kid loved it. I ended up playing with it also and it draws really well plus it has lots of options. I was surprised.I got an Android tablet & saw this on top apps for Amazon but didn't wanna buy it again. T,1

"I love this app. It has a satisfying amount of mediums and colors, and the ability to save drawings in an album. It also has a large amount of stickers and backgrounds. I do wish they would make it easier to color under the little handle or whatever you ",1

The whole family enjoys using it especially my 6 yr old granddaughter. Lots of features and drawing tools. Very easy to use.,1

my 4 year old loves all the markers brushes pencils and all sorts of colors for her to choose from. an array of stickers and paper - all great for the budding artist.,1

"This an fantastic invention!It is one the best apps I have seen! I am a HUGE art person and now I can create art anytime, anywhere with paint, Crayon, markers, stamps, and a large selecting of backgrounds and stickers. You can even choose.the size of the ",1

""DRAWING PAD" IS A CLEVER, COLORFUL FUN APP-- THAT DOES NOT HOG YOUR MEMORY SPACE.I WOULD RECOMMEND "DRAWING PAD" TO ANYONE WHO WANTS TO "DOODLE" FOR A SHORT TIME.",1
 this app is every creative mind's dream come true. there are do many things you can do with this app!! get it NOW.. you will not be disappointed!,1
 "I use this all the time on my Kindle Fire. As a progressing artist, this helps me so much. I love all the different things you can do, along with stickers, painting, pencils, spraypaint, and more, in all different colors.",1
 "This is really amazing. I have been able to do so many things with this. I absolutley love it,can't find any downsides.",1
 downloaded this for my grandkids but I got to playing with it and love it. Made a beautiful fish tank with a blue background complete with fish and green plants. The options are endless!,1
 I am soooo glad to have this on my Kindle. My grandchildren LOVE it. Keeps them entertained for hours. My 2year old grandson says "PaPa" "PaPa". and we know this is the one he wants to play with. His PaPa is in the construction business a,1
 My three year old daughter loves this app! Easy to use and a ton of features make this easily worth the purchase!,1
 "this app is worth the 2 bucks, but right now its 1 do get it soon. anyway this app features: many different colors for the background, a save feature, multiple drawing tools and erasers, cool realistic interface, tons of colors, tons of stickers, and mu",1
 not as good as Doodle magic this seems more like an app for a 5 year old or so not if you really want to make something good.,0
 "As stated - I have not talent - so, I need all the help I can get just to draw little animals. Has a lot to offer - just need to practice,practice,practice.",1
 "This app looks and works beautifully on the Kindle Fire. It includes a large number of different drawing tools (markers, crayons, paints, stamps, etc.) that really look like the real thing on the page. The colors are beautiful and the graphics are ext",1
 "We LOVE IT... and we love how we can actually save pictures! My four and half year old, and even I have fun this this... so many colors and such a variety with ways to draw and create! LOVE IT!",1
 "This app is great for all ages, whether you're just doodling or creating serious art. It has endless possibilities for creating anytime or anywhere you like. I'm 25 and I love to paint or color to relax when I'm stressed or just for the fun of creating a",1
 "Backgrounds, shapes, colors, textures, stickers, this game has it all and it's simple enough for my two year old to play on his own. If I could only have one app, it'd be this one!",1
 OMG OMG I luv this app!!! its awesome!!! I love it. and you don't need wi-fi either!! its like awesome!,1
 Hi there.as soon as I downloaded the app I knew it would keep me busy and I would have lots of fun using it.,1
 My Kids LOVE this app. They are always asking to play. Its easy to use and very helpful in keeping the kiddos busy while out and about,1
 So far this has been pretty fun. This is one of the best drawing apps I have found. I wish they would add coloring pages.,1
 "This app has lots of options - from pencil color, to drawing instrument options, stationary selections, and stickers. Lots of variety that kept my child and myself entertained.",1
 "I like this app. It is a little frustrating if you practice art off outside of a kindle - it is difficult to get exact lines and ideal colors. But if you are looking for stress relief or just fun, then you will, enjoy it too.",1
 I used to own a Xperia x10 and SE developed a similar drawing app called Creatouch. I have to say DMD beat SE hands down in this category. Ill be making my parents a very pretty postcard this Christmas!Looking forwards to more great apps from Darren Murt,1
 "Not sure of the problem, but this is only the second or third app I've ever had a problem with, so I don't think it's operator error. I bought it on my Kindle Fire and it's always clearly stated when it's not compatible...",0
 "First off, the touch drawing is very responsive and really does follow exactly where your finger goes. The amount of content blows me away. this could easily be a \$5 app. My daughter absolutely loves it. she is trying to take my Fire out of my hand as I ",1
 "This has to be one of the best apps! So many colors to choose from, so many brush and pencils to select, and my daughter is going to love the elephant stickers!Great for Kindle For HD 8.9!UPDATED REVIEWMy daughter does indeed love this app! She's done",1
 "ok, I love it. I like how it is simple to draw on. I also love how you get to change the color of the background. I think its neat how there are different stamps of different colors and shapes to choose from. there are a lot of different things you can d",1
 "This is the most beautiful drawing program I've ever seen. I like to play with it as much as the children. The layout is great, and the selection of stationery, construction paper colors, stamps, and tools are wonderful. I'm so grateful that Amazon intro",1
 "My 9 yr. old daughter enjoys using this app, as do I. There are so many options for backgrounds, types of writing/drawing implements, sticker add-ons AND works without flaws.Galaxy S II",1
 My daughter had this on her Kindle and the kids love it so I got it for my Kindle and have had lots of fun with it.,1

This is a great drawing app for all kids and even older non serious artists. It does not function like other apps because when you choose your color is is just options instead of the color circle which I think is easier. Whoever is willing to spend their,1

"My daughters have used this app and like it very much. They make nice "pieces of art" and they can save them. You can draw with different effects, color, change to a variety of nice backgrounds, and also add stickers. I just wish it would have mor",1

great amazing beautiful app works great with even a stylus so many different styles of things to draw with its super great,1

My 3 year old grandchild loves this and she will spend quite a while with itSaves getting pens and paper out,1

"I can't draw a straight line but in minutes using stickers, highlights and backgrounds I created a picture worthy of saving to my album. Easy and fun to use for all ages (I'm 72). Highly recommended.",1

My nephews and I enjoy doodling on the board. It gives them the abliity to explore arts and to use the software to create pictures.,1

"Once you figure out how to maneuver around everything so your not deleting the picture every time; it makes great relaxation,fun to use,and willing to recommend to all.",1

I have always enjoyed drawing and painting. This is a good way for a 78 year old just recovering from broken hip toenjoy drawing without getting all of the supplies out to paint. I love trying to blend Colors. With some success I must say. It very easy,1

this is a really great app. my 3 year old sister loves it. it is so fun to draw in it. everyone needs this app.,1

I got this for my A500 and it works great. It has a lot of colors and shapes. I recommend this app if you have children. You will spend hours drawing for them. :-),1

except for the stickers when my siblings crazily paste those plane and animal ones and I have to erase one by one.Very responsive interface a great time pass.,1

"This app is great for many reasons. First, ITS A DRAWING APP! Sorry, I love to draw, so it makes sense I love this app right? Second, you can draw whatever you want and save it to your kindle or any other android device. You can even share it! The only t",1

"I very fortunately got this app for free and now that I've seen what it can do, I can honestly say that it's worth the price. There is an amazing array of drawing tools for such a limited app, and some special features that I wouldn't have expected in an",1

I have a Nexus 7 and the Amazon app says that it's not compatible with my device? My device IS a tablet!,0

"This is a VERY impressive drawing app. I let my child play with it for a bit before I got to it. Within minutes I had a very simple, bu t pleasing ""painting"" created with very little effort. This app works GREAT on the Viewsonic gTablet and in fact ma",1

My 3 year old "LOVES" to play with this app. It keeps her busy with the "stickers" and "stamps". It has paint and crayon options too. The best part is - no mess or art supplies to buy.,1

"it says free, but when I click get app, it said price changed. I went back, and it still says free. what is going on? If it shows free, it should be free. Otherwise, the price should get updated.",0

it is the best and ever body should try ever bit of it and I am you will love it all,1

"I really enjoy this 'drawing pad'. My cousin (she is 5 years old) also said that she liked it. All of the different colors are awesome! Also, It's cool how you can use a marker, colored pencil, crayon, or paintbrush. It's also cool how you can save your ",1

"This is a great way to blow off steam or just give yourself a break. I was very impressed when I tried this app on a nook. I got a Kindle Fire and bought this app, maybe first. It's been almost a year & I still have fun with it.There are a lot of opt",1

"I guess I should thank this app for the object lesson that Apps aren't refundable, no matter how big a steaming piece of crap they might be. This had a lot of potential, but it's completely unusable for anything worthwhile by someone over the age of two.",0

Thanks DMD and Amazon. I will use this application often. My kids won't be touching my tablet (fire) so if you want to try kiddies download to your own device.,1

it is fantastic for amazing artists such as me I did not put my name for a reason it is amazing I regimens it get it get get get get,1

My kids and I love how we can draw and share it withrest of the family household. My fellow friends this app is amazing,1

This is a very nice drawing app for myself and my kids. It is intuitive to use and works well on my Fire and Archos 70.,1

"Very responsive on my Thunderbolt, works as well as my iOS drawing apps. Definitely a 5 star app.Note: Amazon deletes my review if I review over one star, because trolls report me as the dev. So I'll review for real but rate only one star so I don't get ",0

"Wow! works great on my low end vizio tablet. No problem. Very clean, and well made program. Simple to use, makes you feel like a kid again, and minus the mess from paint.",1

"I really am glad to have purchased this drawing app. I like being able to draw, paint, or do whatever, and be able to either share it by keping it on the Fire drive or by putting it on my Pc and printing it out. Thank you!!",1

"Best app for children this is a fun app. coloring is best, add on pictures of animals, airplanes, cars. Everyone should have. the children will busy with this app.",1

"This amazing little app is so fun, It offers so many different mediums to work in and a huge assortment of colors. A lot of fun !!",1

it's really fun! You can take on car trips and leave the mess behind! I think I've filled up half my scrapbook! it's totally worth the 2 dollars!!",1

I read all the reviews for this and what I got from them was that this would be the perfect thing for my 6 yr old granddaughter and she loves it. It is very easy to use and lots of fun for her.,1

This app is so awesome! I really love it! It even keeps my baby cousin busy while I do other things. I love this app because it keeps and records my favorite thing–DRAWING!!! I highly recommend this app; it's so AWESOME!,1

My granddaughter loves coloring on this app works great for her she loves it and I would recommend it to anyone,1

pretty good has all of the tools an artists kit should have like makers or paintbrushes .there even stickersm weird but neat,1

My grand-daughter LOVES the site. She can play for hours and has lots saved to her files. Good job for diversity too.,1

"I have been looking at this app for a very long time, and then saw it for half off. I got it, and loved it. Now I have looked at other drawing apps bought them and did not like them one bit. I believe it can be for all ages. I highly recommend this app ve",1

excellent tools for make....easy...drawings.....but the bad thing is not too many tools...but that okworks fine in my DROID X,1

"Great drawing app. Lots of options and I actually like using this one. Free today, but well worth the normal price of \$1.99",1

"Good selection of tools, lots of options, lots of colors. I like it! Perfect for those who wish to practice their art skills on the go, or even for kids to play with.",1

"I have had this app for ages. It's my favorite for occupying toddlers; I've even distracted a room full of crying eighteen month olds with this app! I recently purchased a VERY highly rated kids drawing app, only to be disappointed. No realistic brushstr",1

"My son and I both enjoy playing with this program. If we are out and about somewhere and get stuck (the mechanic, in line somewhere, etc.) we can color, paint, draw, use stickers or whatever, all without hauling a backpack full of supplies. It is a fan",1

works very well on my kindle fire! It's cute & fun. Easy to use as well. I always check out the free app of the day and was excited to try this one. So glad I did! Can't wait to test it out on my students tomorrow!,1

Bought for 6yr old daughter and you cannot use it on a kindle fire. So we bought something we can't use. Our mistake I guess should have read it a little more closely. So beware read all details before you buy.,0

Each & everytime I open this up I am entertained and inspired. Really a terrific deal for it's modest price ! Highly recommended.,1

"my 4 year old loves to draw using colored pencils, markers, crayons and add stickers, and stamps. This app has it all except the fridge magnet to hang my Galaxy Tab onto it with :D Apple is well known for kids apps being very well done and I agree but th",1

This game is a lot of fun. My six yr old loves playing it. She has so much fun playing this game.,1

"I have the sketchbook pro app and this one is easier and more enjoyable and intuitive to use. Sure, it probably has less features, but when I compare the ease of use the other one doesn't come close. This is well worth buying even at more than the asking",1

This one is a cool app for messing around with drawing or similar items. Can spend some time messing with it.,1

THIS DOESN'T WORK DON'T WASTE TWO FRICKEN DOLLARS LIKE ME I GOT THE APP AND ALL IT SAYS IS SUCKER!! YOU JUST WASTED TWO DOLLARS!! ITS SO ANNOYING!! DO NOT BUYYYY THISSSSSS,0

"this app is really fun. every age can play it and be creative on it. it is totally worth \$1.99 and I love using this app. what's different about this app then most drawing apps is, u can choose to draw in paint, colored pencil, or Crayon. u can also have",1

I am an Artist. Drawing sketches on sheets of paper was getting too much. I like the Drawing Pad because all I have to do is erase my sketch if I'm not happy with it. Then start over or erase a portion I did not like. It did take me time to get used ,1

"This is one of the best art apps I have tried. With choices for type of drawing/painting tools, different background, colors, etc...there are many unique ways to create high quality designs that you can save, publish or send to friends. Simple enough f",1

"This is a FANTASTIC ARTIST Dream. This App. is what every Artist should have downloaded on their own Devices. I as well, would recommend that this app. be used by parents to help their children learn about art and colours. We all have an artistic side o",1

"It amazes me how well it really works on a tablet. I wasn't expecting Photoshop, that's not why I got a tablet. But for quick fun finger painting type of artwork, it's just amazing.",1

"I love all the choices you have as far as tools to draw with, graphics to choose from, and backgrounds to choose from. You can save your drawings as well as share them. You can even print them out if you want. Lot of possibilities with this app! My 8",1

"this app is fun to use, for kids and also for adults. it gives a real feeling and has a lot of options and is easy to use. great to get it free but also is worth the normal price.",1

"This app has saved me at dr appts, on trips, and just around the house on a rainy day or just wanting to doodle. My 3yr old loved using this app to show us how he writes his name & ABC's. He enjoys coloring shapes & playing with the sticker pages. He rea",1

No lag and smooth controls. Great for 7 dollars. You should get it by all means! More coming later for this app.,1

"I really love this app - colorful, easy to use, save, doodle - whatever your heart desires. I didn't know I needed an email app to send my drawings and when I contacted customer service they replied within minutes, super helpful and friendly! Love it, ",1

this app might be expensive but its fun.its the best drawing app ive seen on the kindle so I think u should buy it.,1

I really like this drawing app. It is very easy to use. It is fun to use and great for when you are bored and just want to play around.,1

I have read some of the comments and I am not happy. So what if it does not have a bigger and smaller line size and I'm over seven years old and it does run on the Kindle Fire. GEEZ PeopleI love Drawing Pad =),1

"well this app is the best. i love it. It has a lot of colers and marcers,crans,pait,and colered pencils. Amazing app love it. you shoudk get it. also you can save your your pics into a booklet that u can print. i lobe this app tortaly love it. :-)",1

"importing photos would be a big plus, but this is a great app for drawing or painting. Stickers are a nice added feature.",1

"This is a great app. I like to draw on it. I think there are a lot of fun ways to make your drawing better. Highly recommend app and I don't understand why people gave this a 1 star rating. If 10 stars, I would give a 10/10.",1

I recomend this app to everyone!! I love it!! So many color choices and ways to draw. Love the stickers and stamps! This is worth two dollars!!,1

keeps my kid busy for hours on end. Need to get some shopping done give this to your kid while in the cart will keep them busy so you can get your stuff done.,1

This was a great app and I recommend it for anyone who likes to doodle and who has kids. My daughter who is almost 3 enjoys drawing and using the stencils and other media available for drawing and coloring.,1

"This is an awesome app! I have several drawing apps on my Kindle, but I really like this one because of all the different options they give you for brushes and markers, stamps/stickers and backgrounds. Very fun!",1

"Don't download, it screws up your phone. It doesn't download properly on Droid3 and then the download update stays on the screen until you uninstall the amazon appstore app completely and reinstall it.",0

So worth \$2.00 you can draw anything so fun!!! It even has stamps so so so so many colors to choose from there is no other coloring app to get this is the best I'm telling you!!! Get it believe me!!!,1

"Its great for all ages and great for kindle fires!!!! Don't fall for all the other dumb drawing apps, this is the very best and u will LOVE IT!!!!",1

"Love this app! Great for writing with a stylus /finger and illustrating. It has pencils in all colors, markers, crayons, paint etc. many colors and types of papers to use.....has ruled tablet type paper which k-1 grade writers need for sentence and ",1

For one if you delete an app it automatically removes the icon for you unlike stock folders which you have to do manually. I repeatedly download and delete apps so this was a pleasant surprise bonus for me. The fact that you can make the folders look any,1

A good program for organizing your apps in to folders. The folders icons can have any of a large stock of images. I like that this program asks me if I want to put a new application into a folder after I have installed one. Only complaint is that it take,1

"It's rare to find something that is both beautiful and practical. This app meets both. If your launcher doesn't support folders by default (long-press on home screen to see if it does), this is your solution.",1

Love this app had it for about a year now would never do without it!HTC Thunderbolt withGo launcher,1

there's no sense in getting this unless you actually think making a folder with the built in folder option is too hard. why people actually pay for apps that do something your phone already does in the first place is beyond me,0

Way too hard to figure out how to use. No help or documentation. About to uninstall..glad I didn't pay for this c**p,0

Simply an outstanding folder based shortcut manager for your android phone. Think of it as an easier to use version of Folder Organizer featured here a few weeks ago.This program allows you to have customizable shortcuts appear on your home screen. Insta,1

Great app for grouping icons to save screen space. Great app...using it on all devices. The included icons makes each grouping easily identifiable.,1

"I would definitely pay for this fantastic app! I can now put my games in one folder, most used apps in another, news links in another, and put the folders all on one screen. One screen! That

leaves me 6 screens to do whatever I want. I made 4 folders for",1
 i began having a lot of problems after downloading this app recently on its free offering on the daily free app feature of amazons app server application. as soon as i uninstalled it i was able to open amazon apps again without it force closing and have,0
 This app is great! i skeptically downloaded this FOR FREE after reading mixed reviews. i"m so glad i did! my home page is very organized now. and i can easily get to and find my apps. You wont regret this download. Thanks Amazon for giving it ,1
 I generally have two folders on my home screen. One for games and the other for fitness. I found this app good enough to replace stock folders.,1
 "Absolutely the BEST app organizer I have ever used. This is a must have for every Android user. Now I can finally clean up my home screen and access my all my apps without scrolling through the app cache for those apps I can't fit on my home screen, or d",1
 Finally something good from Amazon free app of the day. Love the easy set up for folders. Better than the one before.,1
 "like others, I too am wondering why this app wants to access my browser history and contacts. other file organizers do not.",0
 "While it does do a cool thing, that is organize apps, you can already do that. from the home screen, select menu, then personalize, then folder. Voila. Why take up more precious memory with something you already have?",0
 "Slick interface, very useful if you have a lot of apps. Easy to use. Get it today for free. Def worth a try.",1
 "GREAT APP. My 7 screens were full and now I'm down to 1 screen. I set up categories and moved all my apps into those categories, making it so much more easier to find my apps. Set up is a little slow process....but well worth it. THANKS!",1
 awesome app. got rid of that stupid stock folder. now I can organize and move loads of apps ... glad I found this. totally worth it.,1
 To the people who say that this only offers the same functionality thats already built into AOS are either idiots or didn't bother actually using the app. 1. It allows you to customize the folder icon to anything you want. 2. It allows you to put the,1
 "I have been using this for years and, after the initial setup and once you understand how to use it, it's great. Installing an app automatically asks you what folder to put it in and uninstalling automatically removes the app from its folder (if you cho",1
 "This app works beautifully on Sprint Samsung Epic. Love all the customizations to folders you can do. The icons you can choose from are many and what a smart idea to clear home screens of all those apps. Thank you for an intelligent, great working app. F",1
 "This application allows me to group all of my apps into logical folders and keep everything accessible from my home screen.No more searching for the app I want! I am using folders for: Driving, Work, Games, Utilities, Health, Quick Dial, Kid Games, Reli",1
 As this is a application organizer what business does it have reading my contact data? I decided to not install so I can't comment on the app itself.,0
 "I love this app. Does everything I would want a folder app to do, including prompts to add any freshly installed app to an existing folder. Sortable, editable, custom looks, badges for number of apps per folder. Above and beyond what stock Android offers",1
 "This app is easily, by far and away, the best folder manager app I have ever used on Android. It blows the built in folder manager out of the water. They're not even in the same league.Using this app has completely changed the way I use my phone and orga",1
 Not a simple app. That is what makes it a gem. I use it for keeping track of over a hundred apps. Constantly using out. I would like to be able to add my own folder icons or have more provided.,1
 The good: I like the clean white interface that pops out of the widgets. The bad: Everything else. way too many steps to add things to folders. The icons? They're ridiculously small. Can barely see the little pictures on some of them. The variety of ico,0
 I do not know about anybody else but this is exactly what I have been looking for. The old filesystem was boring in this at least gives a little bit of life to your desktop,1
 "So disappointed with the app, was expecting so much more customizations, not worth it when the phone can do it for free, such a waste of space and resources on my phone",0
 The Widget breakout on the is both a clean and professional look to the menu. I have tried three other organizers and they pale in comparison to the app.,1
 "Much better and less buggy than the Folder Organizer App they gave away free a month or so ago. The included icons are beautiful, and the widgets are great and clean. Very well done app. Almost feels like a new phone. Epic 4G",1
 Not a lot of stock folder options can rival this. Even custom launcher folder options have a hard time rivaling this. Would recommend this to anyone who is into using folders.,1
 Works very well on EVO4G. Great dynamic folders option. Found adding and creating folders very easy. Newly installed apps very easy to place in previously created folders.,1
 "Organizes apps. For us Type A personalities, it's right up our alley. Using gallery pics or images downloaded from internet, one can customize desktop uniquely.",1
 I have bought folder organizer few months back.. so comparing with it.. GUI is comparatively good.. but this app is slow to open folder.. Also one HUGE function missing is to keep folder open after you access some app from it.. e.g. if I have stored new,0

I really liked this app. I've downloaded others prior and found them to be not as user friendly. this was definitely worth the download!,1

"with a variety of icons and the fact that you can add so many apps into each, name every icon, then choose layout whether it is scroll view window horizontal and light or dark when you tap icon, it is truly one of my top three favorite apps. They have up",1

"enjoying it so far, I love the ability to make my folders look so beautiful. Not to mention create the ones with the little preview next to it.",1

I prefer this over Smart Shortcuts actually. The folders are much cleaner looking and there's several options as to how the shortcuts show up. Only problem I can see is that there isn't enough icons.,1

"while there is a bit of a learning curve to this, it is a must have. Unlike the stock folders created by Droid, if you use this, all icons stay in place if the phone is restarted. totally worth the money. Love it!",1

Great app. Simplistic and easy to use. You can have personalized icons for the folder. Different ways for the look when you open the folder. I love this.,1

I have been looking for a good application organizer and this is it. I tried 3 others but they were not intuitive enough. this includes customizations that the others don't. I especially love being able to customize the actual icon on your screen. gr,1

"But the work flow isn't as efficient.Also, I wish it auto-notified like Folder Organizer so that I can put apps in their correct places right after install.Still 5/5 stars for very smooth scrolling performance! I have 83 app shortcuts in 1 folder and it",1

"Great for grouping , news version ads more folder styles, I already had people at the office drooling over it..only thing I don't like its the message on start up about illegal downloads every single time.",1

Your android system already provides the same ability of creating application shortcut folders. This application is completely unneeded. It's a really annoying trend I've seen in Android app stores not just in amazon.,0

the icons are to generic for me. sticking with the stock folders app for now. I may try some of the other apps mentioned by other reviewers.,0

"This blows the stock app out of the water! Easy to use, is fast, and pretty much flawless. 2 things make it stand out:1. It puts recently downloaded apps at the top, making it easy add them to a folder.2. It highlights the apps that are already in a fold",1

Devices: Acer Iconia A500 Tablet and Samsung Epic Touch (SGII)It is very useful for the phone because of the screen realestate. But I also use it on the tablet to organize my applications into categories. Before I installed Application Folder Pro - I ,1

"This is a must have. I was holding out on a folder app because I was too picky, but this is just what I was looking for. Very customizable and looks great with my phone setup. Droid X",1

Me parecia una excelente aplicacion muy interesante.... facil de usar... excelente apariencia.....NO produce FORCE TO CLOSE.... corre muy bien en mi DROID X,1

initially it took a little while to understand and explore this app. Now I have neat folders with choice of icons and views which makes accessing all my apps so much easier. I like both the shortcut and widget options to access the created folders but pr,1

"This app is absolutely a must have if you have a lot of apps! Not only does it allow you to organize your apps into folders, but prompts you to assign a newly installed app into an existing folder, and removes the entry upon uninstalling.The only downsi",1

This is close to unusable. Similar apps let you create folders by dragging one icon onto another. This thing makes you go through a complicated process I still don't understand. Life is too short to figure out how to use bad software,0

"i checked the android market and they only have the free version on there, and its a more recent build, so why is this one an earlier build and it costs money?on the bright side, this is one sweet app, do yourself a favor and download while free, you wil",1

"I love this app, and have used it for years. Pro version. After phone reset, I noticed this version didn't have Folder Editor, etc. I found the Lite version in the Play Store, and run both to get Pro features like backup, various folder styles, etc I'm u",0

"I had downloaded many folder management Apps but each one was lacking in functionality or looked bad. This app gives many display options and has cleaned up my display. I love it!Only bad thing is lack of documentation, but after a few minutes I figure",1

Had now for four hours and its the best. Has allowed me to free up so much space and organize the folders so easily. Love this app.,1

"This app is awesome, it's a neat way to store files without covering the entire screen. You can file your most used apps into categories of folders and have maybe 1-3 widgets on your home screen with your favorite apps in them. I made 4 folders 1.Message",1

Couldn't get it to work. Didn't have time to waste trying to figure it out when there are better alternatives out there.,0

"i especially love how i can use my own pictures as customer folder pics. I use a neat app called "Pic Finder" which utilizes google images to find whatever i want. i save the thumbnail, and voila, instant folder pic for Application Folder Pro.M",1

love the game but need help desperately getting through level ten can anyone help me I cant control the sliding to go were I want to I want to keep playing but I can not get past this ice

level... help please...,1
 "Kids and I love it! Good game, it occupies my five year old when needed. But all around fun to play with and without the kids! :)",1
 i like games that r puzzles but pigs thats amazing B) My favorite puzzle game. im going to call this piggy puzzles,1
 One of my favorite game's I've been playing for month's on the free one now all of a sudden it won't load ...can you tell me why? Katre,1
 if you want a good challenge for your brain you should totally get this game. loved it. the pigs help you solve the puzzles which get harder and harder as you make it past each level.,1
 bludvlgr1. Stumbled on this game while browsing. As others have said it is a fun problem solving game. Can be frustrating when some of the elevations aren't apparent andyou trap yourself. I quickly learner to save my game at several intervals througho,1
 It is fun and silly. I can play it and let my 3 year old granddaughter play a little to make her happy. so good for alot of age groups. the story line is cute!!,1
 "Graphic very poor, game play is lame. Don't waste your time with this one, there are much better games out there",0
 "Since I collect pigs, to my delight I discovered this game. I played it almost non stop! Great game for all ages, even this older woman, heh. I'll highly recommend this if anyone asks which games apps. What's more? This game is FREE!",1
 not for me ..not my kind of game...just tried for something new. stick to what I like and know ok,0
 "I got this app from the other market a while back. This is by far a fun game and great app. It worked flawlessly on my vibrant. I never had to contact the dev, but I read in the othet market reviews where people did. Not sure if the dev got back with",1
 "i like this one because its a lill scarry for my daughter so it opens her up to the horror factor w/out scaring her, & helps her stratigize.",1
 "This game is just like the video said, full and free. I play this app more than any other app. Definately get it, especially if you like problem solving.",1
 "Great maze game. Lots of levels. New twist and strategies needed for each level. Silly and fun, sometimes tough. Love the puzzle.",1
 I would have gave a zero rating but I cant so this thin is suckish I'm never playing it again even though its right there once again people don't buy it sucks I hate.you people that made it its harsh but its right,0
 this is a great time waster it is fun but it is hard to know what is what but that shouldn't stop u from buying it!!!!,1
 "I recommend this game because it is challenging, yet fun. It feels like you're in a real restaurant!!! I really love how you actually cook the food. Please get this game for fun for all ages!!!",1
 "this app isn't really cooking, its putting fake food on stoves. Not worth it.:(The app is just customers asking you what they want, you putting food on a stove, and anannoying voice telling you what to do.",0
 I love this game!! You have to think fast and keep ahead of the orders. Even the Easy setting is challenging.,1
 "i got this app thinking it would be ok, it turned out to be the worst.i deleted it cause it was being dumb and there's this anoying voice that tells u what to cook.DO NOT GET THIS APP!!!!",0
 "This game is so addicting and time consuming! I absoulutly LOVE this game! My parents own a restaurent, and they cook the food in the kitchen sometimes too, so now I know how hard it is to cook! Except, it's much harder in real life... But, still, REALLY",1
 I L-O-V-E THIS GAME IT'S SO MUCH FUN U HAVE TO GET IT I'D GIVE IT 500 STARS IF I COULED OH AND YOU MEAN PEAPLE BACK OFF,1
 happyneis spereds in this app year after year I give a good fourteen to this vary app it is vary fun,1
 Such a boring waste of time. I don't think I played it for even 10 minutes before I deleted it.,0
 I love it its so fun and addicting and its totally free I recommend it to anyone who buys it,1
 When I played it I loved it very much.It's awesome. Napoleon is the team I like.I will. make the. Napoleon's food.,1
 I love this game... its nothing flashy just cook what's ordered as the game progresses orders become more complex but u can challenge yourself... pretty cool,1
 All you do is tap things... tap the ingredients then wait. then tap the pan and then a ate. SUCKS. DO NOT WASTE YOUR TIME DOWNLOADING!,0
 Entertaining for a child but didn't hold my attention because they is nothing to it. It is not interesting enough for a cooking game. No strategy at all.,0
 all those people That are saying the app is great are most likely lying to make them look better than every body else. I do not recommend this game to people that want to play a cooking game. I have tried to like this game but is impossible. stand of foo,0
 The sounds of it actually cooking makes this game really interesting and fun. If you love cooking or interested in cooking this will be fun to play.,1
 I love this time management game. It is really great. But I think it is better if you play it with the sound off.,1

this app is not fun at ALL!!! all u do is tap the food then the stove. and u can NEVER cook it without burning it. u only have literally an 1/8 of a second to flip it. the lady's voice gets really annoying and she tells u "hurry up";. this is th,0

i found this game quite boring. it was too simple and wasnt a challenge. i would not recomend this game to any of my friends,0

all i can say is this app freaking ducks I mean it sucked worse than a vacuum! no offence to the people who like it though.,0

"I have to admit,this is a pretty good game. I'm not the best at it right now but it is getting better each time I play. I cook much better in real life,though. tee hee hee :)",1

for all those people that say this app sucks they are so right I mean when your at a restrant and your foods late you don't say hurry up you just wants there and wait for food,0

If you are not good at multitasking you probably wont like this game. I happen to love it. I okay the hard version for awhile then the med and easy. I enjoy trying to better my score. Also I play on a Kindle Fire +it works great. I have used it a lo,1

"Makes annoying noises to humans but not mosquitoes. Simply put, this is not an effective way to combat those peaky mosquitoes.",0

Got the app. Turned it on. And I can hear all frequencys.Cant wait to try this app. Hope it works.,1

"the frequency range of phone or tablet speakers is very limited, I don't see how this could work. But just for fun is OK too.",0

"We went to watch fireworks outside, and everyone else used the spray stuff except me, I used the app, and I didn't get bit once! most everyone else did. I'm in Texas btw so it works for the mosquitoes here. It's Awesome!",1

This is actually really good. Its a book and you put in your email address and they send you great tips on everything about music. I like it! Its VERY helpful! If you don't like it then just delete it. And you can press something to stop receiving the em,1

Please mind those very negative reveiws this app works fine if you're a very patient person you will love this app,1

this book just tells you take music lessons what a waist. Now I have to put up with the icon. I wish I knew how to get rid of books I do not like.,0

you cant get the first one to work the others you can so your like "what am I supose to do here.";,0

"great app. didn't want to install at first, but it is now. my two year old loves it. it will enyrtain him for 30 min or more!",1

Loved teaching my nephew about new animals while we waited for the doctor. Kept him entertained for over 30 minutes. I settled him down with this app after Nana got frustrated and was at her wits end.,1

This is such a great app to have!! My 2 year old loves it! It is easy to use and a great learning tool for little ones. Great for trying to teach sound association!!,1

My little girl started using this app at about 9mo. and still uses it now at 2 years. She learned soo much and was using new words everyday when she began using it. i am tight on cash so i only get free apps for her but this one was WELL worth the money!,1

I promise it is worth it. My son has loved it from 6 months to now at 20 months. Even my older kids play with it.,1

"My four-year-old still plays with this app even now. We got is a year or so ago and it was essentially then, the only app he play with on a regular basis. He loved hearing all the different sounds and associating them with the world around him. He is ver",1

"I really liked this app when I first downloaded it as a freebee. Even the ""lite"" kept my little guy pretty happy. Bought the full version... that has been worth every penny and then some. The only thing I would have added initially was a voiceover sayin",1

"Had the free version, worked great but my daughter kept opening the ads. Bought the paid version and it doesn't open, force closes every time we try it.",0

"A favorite of my 2 yr old grandson. He plays with alot of aps but always starts and finishes with Sound Touch. It is fun and a great learning tool- no mess, no lost parts, etc!",1

"20 month old grandson has been playing this app for about 8 months now! Started with the free app, and Just unlocked the rest. He has learned alot from this app! He loves animals and can growl as well as the cheetah, LOL!",1

My 3 yr old grandson loves this app. He will sit for hours and play this! It is just as entertaining as it is educational! A must for every young child!,1

My 18 month old loves this. She will spend hours touching the pictures and hearing their sounds. Very educational and entertaining for babies.,1

"My nineteen month old granddaughter absolutely loves this app and has been using it for the past six months. Here is why we both like it:1. There are six different screens: domestic and farm animals, jungle and ocean animals, birds, different modes of tr",1

Mega Bible Dictionaries by Ian Vink is an excellent book. I like it very much and highly recommend it! It is great!,1

Mega Bible dictionary was very well designed to allow one to navigate easily in ones quest to find meanings. I found it easy to search and pick words that I needed to learn extensive information on. It's a very resourceful app that will assist you in res,1

"Has only one version of the promised 24. Freezes when searching and forces shut down of app. Tap bars, if that is what they are suppose to be, do not respond. No way to change settings. I am totally disappointed and especially perturbed that it cannot",0
ANYTHING THAT HAD TO DO WITH GODS WORD I TRULY THE LORD I'D AND WORTHY TO BE PRAISED THE ONE ONE AND ONLY ROCK.,1
This has also the scriptures in it. It is very informative for a christian or anyone looking for answers about the bible.,1
"I am so disappointed in this app! It advertises many versions of the Bible and you only get 1. Aside from that, the search feature is worthless. It merely sits there spinning saying it is searching and then after a time a box will pop up saying it has",0
Mega Bible Encyclopedia by Ian Vink is an excellent book. I like it very much and highly recommend it! It is great!,1
I also know how to read and learn about the Lord to know him is to love him .love him,1
This also has the bible in it. It is a good tool for someone looking for the answers for themselves or someone else.,1
"Great resource, sermon help and bible study help. Everything I need to help as I study people, places and things. Areas of interest are explored and explained.",1
"When all I had was a little iPod, they were on it and helped me relax. Once I got a kindle, I searched them out again. A great collection of meditations.",1
"This is a collection of guided meditations covering everything from waking up, getting creative, relieving stress and deep relaxation. If that's not enough for you then maybe you will be interested in one of the other near-50 podcast episodes available ",1
This app features podcasts that are informative and gives you a wide variety of current and older ones to choose from. Many of the podcasts are meditation guides and can be used by the average meditation student. Reasonable priced and high quality. Rec,1
"This is a wonderful app. And Mary's voice is so sweet and calming. There are many meditations there, for every reason you might think of, and some very short, some longer.",1
I have to say...I have always had a hard time relaxing and falling asleep because my mind just won't be quiet. But I am usually asleep before any of these meditations are half way through ..,1
"The Modern King James Bible and Multiple Histories of the Christian Faith, all in a single app. Normally, you would need a fairly large bookcase to store the entire library of dozens of volumes describing how Modern day Christianity came about.Such thing",1
This app is something that I am surprised that Amazon has on their web site. It does nothing that it says it will. I wasted my coins when I bought it and I wish I had them back.,0
I hope to live and Learn about his presence and kindness and glory will learn to love the lord,1
This is a great resource. It contains more documents than I will probably ever be able to get through. But when it comes to the bible I like to have anything that might come up in a conversation.,1
I am amazed by this wonderful Christian Bible Library. So much to learn in one place. I am blessed to have this library on my Kindle.,1
I appreciate the opportunity to have this library of resources and references available in such a compact form. It is especially useful when traveling. I'm assuming all of the volumes included are in the Public Domain and could be found individually if I,1
Note: I am not a professional drummer by any stretch of my imagination. But the slow response time and tinny sound turned me off from the beginning.,0
Finally a good drum app I've been looking everywhere for one and if you're someone that like the drums get this don't waste your time on other apps that cost you money just because you think if it's worth money it's better well some times it is but in th,1
"I think this is a great drum app. its a little small on the kindle fire, but there's no lag, or at least not on the kindle fire. I'm just dissapointed that I suck at playing drums :-(",1
"My kids love this App , I do too and I'm 43 and know nothing about music.. They play it regularly and works and sounds great on their Kindles !!!! Easy to use also....",1
totally fun! everyone can have fun with this! make your own music or play along with a song that is playing on the radio!,1
I don't remember getting this. Can it be removed from my Kindle - Was there a fee for this product? I have no interest in drums and really don't want the program,0
This is the best drumming app for kindle fire hd out there. Must get this app. It's my favorite music app,1
This app is really fun!I can rock out loud and play my beats as loud as I want to!My inner drummer was released in a cool way!,:),1
This is lame. The sound of each drum or cymbal is weak. I would rather bang on a big bucket.,0
I got this for my 12 month 2nd cousin's son to play with at a dinner party that he was not happy that he had to attend,1
"I'm a drummer and I have never seen that many cymbals on 1 drum set. Also, if you try to hit 2 things at once, the sound either gets delayed or stops for a few seconds.",0
"My 13 year old grandson downloaded this to his Kindle Fire, and uses it all the time, he loves it!",1
This is a good drum app that works well and sounds good.I downloaded it as I was looking for an app to practice some drum circle style drumming and there are enough choices of drum kits that I

489/683

to buy it. Thank God it's free,0

"This app is a total ripoff. Even if it is free. It only puts a transparent transparent circle on your eyes. If I could put 0 stars, I would.",0

"i was dissappointed with this app as I couldn't find the connerstone lesson study. please work on providing the connerstone,primary,collegiate sabbath school lesson study on this app. otherwise excellent job on the app.PS- you might want to refine the th",1

"Thank you for offering the Quarterly in digital form. Now I have the bible, quarterly and all of EGW books to take to church and anywhere I am, can't ask for more. Free!",1

I love my quarterly. I can have it handy any time any where with my Kendal or my andorid. Keeps me up to date on my studies. Thanks so much for making it available for the Kendal.,1

Now I can do it often and easily. It is just so convenient to be caught waiting somewhere and just pull out my phone and catch up. No more wasted time standing in lines...use it to read and stay connected.,1

"If you don't want to carry your Sabbath School Quarterly with you to church and already have a Bible app on your Kindle, then this is the program for you. Works very nicely.",1

This program is awesome. The only improvements I can think of would be to correct whatever problem there is with the companion Bible program and make the teachers guide available as an option.,1

I have this in Kindle and also on my android phone. This is a great app that every SDA should have.,1

The electronic quarterlyis very helpful to study God's word when you are on the go every day of the week.,1

I really like this app. At the end of the quarter just uninstall and re install and the next quarter lessons come up. Great app!!.,1

It is just great to be able to have the quarterly on the go. No matter where I am I can study each day's lesson. I just love the accessibility of it.,1

"I am so pleased to study my Sabbath School Lesson on KindleFire. I will have the lesson handy nearly always, the Bible verses are right there too! Thank you so much.I got it today because I did not know this quarter was avalible until now.",1

I use this daily and highly recommend it. It will be even better when Goggle make scriptures work on the Kindle.,1

For me is the best way to study and learn more about theme in the discussion the sabbath class. I recomend this clases to everybody who has the opportunitiesto have a KindleFire.,1

"I love this app! It is absolutely wonderful to have the on both my Kindle & my smartphone. I am disabled and recovering from surgery, so even when I cannot get to Sabbath School I can easily follow along and not worry if I didn't get a quarterly in Sabba",1

Another great product for us to use in order to study God's Word. I like the fact that it updates after each quarter so that I can have the next Quarterly without hunting for it. Thank you!!!!,1

This is an awesome app! It's wonderful to have my lesson quarterly with me at all times so that I can study when I have a break throughout the day. I do love it.,1

It's very easy to manage and meet my expectations! I'll be using it very often for my worship and Bible stud,1

"Rated high, because it is a daily guide to be used.Am able to read it any time.love it",1

I have been studying my Sabbath School lessons on my Kindle Fire. This app loaded quickly and works great! I even get daily reminders at time I chose. No complaints. I highly recommend it.,1

"it dnt evn look real!! yhu can tell its sssooo supper fake!!!! bt really juss look at it && ii mean really look at it, evn from huere yhu can tell its soo F A K E*carman*",0
The Sound is not good and it is a very disappointing app. It could be so much better but it is not.,0

CHAINSaws ROCK I CANT WAIT TO SEE BLOOD HA HA HA HA HA HA HA THIS IS GONA BE FUN I WILL ACT TO KILL MY SISTER AND SHE WILL BE SCARED I JUST KNOW IT THIS IS AWSOME SO GET THIS!!!!!!!!!!!!,1

playing on kindle fire hd and it is great fun but crashes after 4 mins of game play. please fix,0
This game is so fun. Too bad it has a little glitch. Deal with it. It is not even a major problem,1

"o mean ive sewn a game like this one, and I loved it. but I don't know there is something about this app that isn't as speaking as the last game. hmmm... manet its that UOU CANT DO BARLEY ANYTHING WITH IT!!! I warn you don't get this app.",0

"its definetly a fun app. I would be willing to pay for a version that does not force exit too. I played the Java version, but this is definatly better, except for the force exit.",0

"I got this app and it kept lagging. what is the point to lagging? Awful game, it made me want to burn my kindle fire.",0

its a really fun game but on my kindle fire I will click on the app and it just turns off!,0
I have to keep it on small I think it just is that it takes up too much of your memory but actually it is a piece of crap game So just to warn you DO NOT GET THE GAME,0

"I love this app as does my son, but it only worked for 20 minutes. we have had it downloaded for weeks but it wont turn on. just goes to black screen and auto exits. please fix this really cool and fun app.....please.",0

It is really really bad I recomend doing nothing than playing this trash:(It is just really bad no fun at ALL,0

"this game stinks when you click on it, it brings you right back to were you wereI recommend you don't get it it is just a waste of space",0

this game is boring and won't. stay up on my kindle fire. lame and stupid.after a while it won't. even pull up.,0

"I like this app, but I was really upset when it started to have a lag, then, when I try to get back on the app, It doesn't let me back on the app! I got me so mad. This app is ok, but it would really be nice if they fixed the lag and if I could get back ",0

I downloaded this game a while back and it crashed and stopped working so I redownloaded it to see if it would work then and it didn't.,0

this game is really fun use to play it on my Pc but this app dose not work it force exits all the time to the point of it not being playable,0

This is a lonely peace of poop first time it restarted itself second it works fine but then again some jerk turn it off then it won't work,0

"Copied from an app called ""The Powder Game"". Do not get this app! Get the real version instead. (Disclaimer: so far as i know,""The Powder Game"" is not available in the Amazon appstore. If you would like the real, actually working version of this app, then",0

"Within 5 seconds of playing it, it closes itself. Willing to give it a second try, it closes again within 10 seconds. This app would be great if it didn't crash. Until they remove all the bugs: uninstall.",0

"I'm only giving this 5 stars because of the pure awesomeness but really, PLEASE FIX THIS APP! It shuts down every time I turn it on!",1

"This is a great app... for the 45 seconds it runs before shutting down. If the stability issue is ever fixed this will become a must have, but until then it isn't worth downloading.",0

There is a way better version of this with more options Ana everything online called dustbin it doesn't crash but I guess it's ok,0

i will totally pop your gellies. totally just sayin. reviewing your stuff. gtfo and whatever review and ha review yeah ok bye,0

FUN FOR A SHORT WILENEET TO BE MORE CHANANGING.NEED MORE MEAT IN THE BONE FOR THE GAME (MORE FUN),0

This is a fun and addictive game. Very challenging. Makes you use your brain. Recommended for all ages 5 to 95 .,1

Inever played this so i don't know what to rate i just wanted to counter the two star with a five star,1

"I really like this. It doesn't't stop and ask for money or tell me I need to wait for more lives! Fun fun fun!!",1

"I'm serious... I download a lota useless apps, but... this one is worse than the worst app in the world, bey. fifb cicvr ric eud ddjdje e such dwid dEric sod d eifhe eididic f ejdjic. ehfudbr fjhfhfhfudhd r r fvfuchr fbfur e r rbfhr. rhfufvr vfhfuf f dhcu",0

it suck so stupid waste of ur life and it os so cool i love must buy great game it sucks so good so by now and by chaos my usure name is russ12299,1

"What is the point of this app? I mean really it's useless, just a waste of space on your device.",0

"this is sooooo stupid.DO NOT GET THIS APP. VERY STUPID AND A WASTE OF TIME. SAVE URSELFGET A CALCULATOR. it more entertaining. if I could, I wouldn't even rate this a 1 star.",0

ya it can be addicting but if u swing it. it stabs and if u.jab it it makes the swinging sound. DONT GET IT¡!!!!!!!!!!!!!!",0

"With this great simple little app I learned the alphabet over night & then used it to master it completely. I couldn't ask for more at this price, well worth the money. I wish this developer would create this app with word signs to give those of us ",1

"My daughter is learning ASL as am I, she loves this app, I hope to see more app's for ASL study and will certainly purchase them!",1

"I have taken ASL and forgotten so much. Never very fast at reading finger spelling. This is the perfect tool for practicing. You can repeat the words, choose slow, medium, fast, choose the word length. I have improved a little and hope to improve a l",1

"It looks as though it's marketed towards children (and even uses a childs hand), but as an adult who doesn't know a lick of sign language, I definitely appreciate this app. From what I can tell it only teaches you letters, so if you already know all your",1

I've been using this app for a short time. I is so much fun and easy to use and very helpful in learning ASL. I highly recommend it to anyone who wants to learn ASL.,1

This is an excellent product to teach small children or even adults who are starting out!I would truly recommend this to all.,1

"finger spelling!! great job!!! iam learn how to sign. i dont know that much, but it help me.Great job! thank",1

This was advertised to go w/Word Help to take shots of the gameboards in Words w/Friends and it doesn't work that way.,0

"took a bit to understand but when I got the hang of it, it worked okay on my kindle fire ... but ... the 525k Pdf is so pixelated its useless. could not read any type on it. so am taking it out.",0

I love how online on my kindle fire I can turn website into a pdf file for reading offline. then I

can open it on my pdf program to read and its saved.,1

Great product when you want to capture a screen shot. Would love it more if I was able to name the files.,1

"This app "reloads" the page as it takes a snapshot. So, if it's a page that requires logging in, then this app takes a snapshot of the log in screen only. This is worthless.",0

This is a very useful app. With it I can load a we page using the kindle browser and then choose to open that we page in this app. Then I can choose to save the whole we page as a PDF. Most useful. I went to a web page I wanted to save and was able to ca,1

I have tried this program on two different tablets. It will not download Bibles. Just will not work on either of my Android 4.XX tabs.,0

I was looking for a easy Bible app that you could access without the Internet. My sister suggested this one. I have liked it since and would suggest to anyone who is looking for one such that is easy and no-access Internet.,1

I use it with my Sabbath School Quarterly everyday and I love how it highlights the text I am reading. It is also great by itself.,1

This Bible app is better than other Bible apps because it is well organized. It is easy to go from one verse or book to another. Highlighting works well and scrolling is smooth. I am very pleased with this app.,1

The title says it all I love this app.I personality think that everyone. should get this app.Also I think that the sabeth app thing was awesome and with this it is even cooler.Thank You!,1

"I'm not a religious person but this Bible is exactly what I was looking for whenever a religious debate comes up because you have the NT in Greek as well as the complete Vulgate in Latin and even a Hebrew version, so it is great to look up the original v",1

What a neat app! I love how it's linked to the quarterly so that lesson study is at my fingertips....thanks.,1

I got this app because it offers the Torah. The app dies every time I try to access the Torah. I must remove it from my device and reinstall if I want to look at any other translation (after trying to view the Torah). I see no point in keeping this app a,0

very fun game and very addicting. it is also very easy so it wont be a challenge even for kids. still i love it.,1

"This game is very boring. Not much of a challenge at all. It is very slow, I would not recommend this game at all, very Boring. Maybe for a little kid but did not satisfy me at all.",0

"Many other apps I've purchased before would get killed with my, Task Manager, or Task Killer not this one. It's great! I have teen boys and having the ability to let then use my phone to talk and be assured that they don't go into the internet and get in",1

First app for the Kindle that works as advertised. Ive tried others and all they do is screw up how the Kindle works. Easy to understand. Easy to use.,1

I purchased this app to have the feature that once I enter my code I don't have to enter it again unless the screen goes dark. Worth the cost to protect the content on my Kindle Fire.,1

"Got the app free through the Appstore. I tried play, but GB app didn't respond to the screen tapping. To be fair, it might be my Polaroid PTab7200.",0

will give a better rating if I am able to run the appI don't know what this app is about but I won't be able to fund out until it has nexus with ics support.,0

not fun at all. feels unfinished - a work in progress. not enough to it. technically speaking it does work though.,0

The title of this review says it all. this game won't run on an android 4 device.I'll be happy to re review this after the program had been updated.,0

people need be peaceful and try get free app 20 are more minutes after midnight then it will likely be free cool game thanks developer for a cool game,1

"After about 2 minutes of this rather boring game, my Fire locked up, had to restart it, do not want this app near me!",0

this game sucks the controls are poor and the graphics are wat a game would be 1000 years ago don't waste your money,0

I like it. its the rummest game ever to me that's why I rate it 5 stars I love that game,1

For this POS game! I am ashamed to say that I even tried it!why was some lamer allowed to post this,0

"This might be a fun game and might be worth the money however, since it did not work on my galaxy nexus I'm going to fairly assume its rubbish. It shows the developer's title and then stops unexpectedly.",1

"enjoyed playing for awhile, cute game that takes a little skill, my grandkids will love it....really worth it for free!!",1

"Even though it may need a little work, it is defenetely not a waste of time, especially when it is free. If you like to play reasonable games, this is for you.",1

Won't even open on my Transformer running Ice Cream Sandwich. Just crashes every time I try to open it. Uninstalling for now.,0

"And honestly I'm not disappointed. Today's menu featured schnitzel which was extremely delicious! I am still looking forward to sinking my teeth into some flavorful, juicy, chicken in the near future though. This game is weird.",1

"As mentioned by another review, it would seem this game is not compatible with Android 4.0.

Please look into fixing this so those of us can play this game. At that time I will be happy to revise this review. Thank you.",0

"This game has great graphics and great gameplay. Controls work smoothly, and it's very addicting. Thanks to amazon and Myriad for a cool game.",1

Not the best game in the world but Deff not the worst. At 50 cents i would recommend. Runs fine and does as promised.,1

"I know that most users have capacitive multi-touch screens, but many devices do not. Most apps are designed to work on both types of screens, but not this app.",0

It won't work with my Galaxy S 3 Mini. I suspect the phone to be the issue in all honesty.,0

Does not work on Polaroid Andriod Tablet. Tried to install four times and followed calibration instructions. May work on Andriod phones.,0

"This app works like a charm, for me, on my Fire! I don't see what the big bad reviews are for. You obviously did not bother to actually download the App! I like it a lot! It is far better than Easy Money, which I have on my phone...",1

"One of several apps not optimized for my phone that seem to work fine. (I get the FaoTds anyway so I'll have the apps when I upgrade. Some work, most don't.)As for the app, it has a clean interface, well done categories, a bill reminder, and password pro",1

the naming and icon of this app are rather ironic as the most fitting description of it is: cow pie,0

this app stinks do not buy the app unless you want to be complcied.this is just the hard way to do something,0

"terrible. couldn't even get it to run once, just kept crashing and restarting my phone. T-mobile G2 || Cyanogenmod 7.1",0

"Really? Okay, I agree, this is a lame faotd, but rate on how it works! Seriously, talk about immature!Okay I did downloaded this but I really made this to counter the lame spammer Superman and the rest of his lame followers.However, I do KNOW for a fact ",1

"Moola looks good but has too many permissions that look like they allow theft of sensitive data. Finance Apps need to be secure utilities, not possible data mining tools for the unwary prey.This is decent enough for a FAotD, but I think I'll stick with ",0

just like others ... but I had to try myself it will not install correctly on my kindle fire soo one star is because cant use,0

"who represents a personal finance app with the Icon of a cow!?!? seriously Now I want to drink milk, 1 star for faotd for no entertainment, false advertsidment, and making me thirsty!",0

"As someone who has trouble remembering how much money is in their account, I find this app to be extremely helpful.Nowhere do I see anything forcing me to surrender any personal info, unless of course a trip to Target counts as sensative personal informa",1

Thank you for trying Moola Personal Finance by Moola Inc. I love this app and so will you!Be sure to tell your friends and loved ones!,1

I've read reviews about how they think this app is spam or going to steal your stuff etc. After testing this app and checking it out the app is clean. I have lookout pro on my phone it passes the initial install as well as the privacy security check I h,1

"Save your money: hide your children, hide your women; there is a thief on the loose, and he wants your private information AND \$4.99",0

how sad is that? I would NEVER get an app that has this many reviews online about data loss. beware! all over the net ppl are saying that this app looses data constantly and responses to complaints have gone unheard. to the developer who left the comment,0

frreeee3eeeeeeee I sssssssssy joking bye the way I love it because I purchased it for freed so creel the buuuuuuuuurrnnnn,1

"Can't believe I got woken up by a phone call at the crack of noon, no less on the day after attending a St. Patty's party, from a friend whining to me to review the FAOTD before they download it. After I had my coffee and a packet of Goody's powder, I b",0

there are too many apps that will not run on the lg optimus that unless we all rate it 1 we will be a forgotten phone and left behind. fellow lg optimus users need to stand up and say work harder on supporting us!,0

"seriously? the price went from 5\$to 8\$!!! if u really need to pay 8\$ for a saving money app, you need to go to a bank instead.",0

doesn't work on kindle fire wish it did could have been very helpful very sad.....I have tried others that seem to work but...would love something different,0

"Moola, (or as we like to call it- Moomaw.) helped me greatly when planning our St. Patti's Day parade. (We spell Patti with an i for extra detail.) It was the most puce-filled parade our town has ever seen & was full of unicycles of all girths & ",1

BTW... AV I know her sooooo not a tool! and SHE is not a HE! I personally love this app worked great on kindle fire and superman.... ur pathetic.... I mean really? Well if u really need a app for personal finances I would get it but I don't cuz I still l,1

"I was really excited about this app. I wanted it for a while but 4.99 was steep for a register. then Wait, FAOTD yeah. But hen I click on the get app and suddenly it COST 7.99..... So not only is there NO free app of the day for March 18th 2012, but the",0

"I am rating this application a 1/5 because it does not even come close to a stable application. I gave the app, one star because it was free. If I would have paid five dollars then it would've

been rated a negative ten out of five. Have a better day by N",0
this was the free app of the day a while back. so glad I downloaded it. very useful and I use it daily,1
"I love this app,its great. now I have something to manage all of my bills. I'm not the best when It comes to remembering my bills are due.",1
"I was extrememly excited when I saw the icon for this app. I just knew it was a Chick-fil-A coupon app and am always looking for Chick-fil-A coupons. Unfortunately, upon downloading, I discovered it's just another personal finance app for people with mor",1
"who needs a cow to tell them about finances and other crap? and I was so excited that this would be a fun game app called moola until I actually looked at it. I am disappointed in you, amazon. you and moola Inc. suck.",0
"this software supports accounts with one currency only and has no exchange rates. and what can i do if i have an account in the US and one in Europe, because i work with Europe and many of my expenses are in euro? answer: i can't use it. uninstalling.",0
"UPDATED:I'm not going to list the available features for this app as they are numerous & cover just about everything one should need or want in a financial app, including password protection.Because I don't feel comfortable sharing my personal banking & ",0
The game is beautiful and the gameplay is excellent. Highly recommended for anyone looking for a popping style game. The adventure mode is really fun.,1
"I didn't anticipate that I would enjoy this game as much as I do. The quest mode is especially fun. It has replay value by mixing up the game modes between classic, puzzle, strategy, time, etc. It also provides different goals for beating a level as a",1
Flawless and addictive. This is the best appstore freebie yet. Some games crash the Atrix thanks to AT&T but not this one.,1
"I wasn't sure about this because there wasn't any reviews, but I'm glad I went with it. its fun. a board game meets tetris.",1
First OF game I ever bought. Happy to have it working on my Samsung Tab. All the extras are icing on the cake.,1
Definitely worth downloading. Playing on Droid Incredible and have had no problems. I have played this on the PSP and I actually prefer it on touchscreen.,1
"Does not maximize to full screen on Motorola Xoom. Nothing happens when I press on menu buttons, so I can't even play the game. Uninstalled.",0
"I've played this on my Thunderbolt for a long time and LOVE it. Great way to pass 5 or 15 minutes. Wish it worked on my Xoom, but so glad I have it on my phone. It's a keeper!",1
At first I thought it was just one more clear the tiles game. The developer cleverly turned spun it into a mission. I found the Quest mode to be close to irresistible. I did finish in a few days but logged way too many hours each day. I recommend this to,1
"Have a version of this for my Nintendo DS (Super Collapse 3) and loved it, it's just as fun on my phone (Optimus V). Its a great time killer. :-)",1
"doesnt work on my galaxy tablet... does work great on my htc evo though.... fun, colorful and interactive. my daughter loves it",1
"Can't figure out why I like this game a lot, but even after beating it I still end up playing it... This coming from someone that doesn't really like timed games...",1
You 1 star reviews with tablets are morons. It clearly says it won't work with tablets. Quit being haters >:(,1
"Update: Newest update (April 2013) won't install. It downloads fine, but always comes up with the message: ""App not installed.""Other than that, it is quite good. Difficulty increases at a reasonable rate. costumes and backstory are kinda silly, but the g",0
i finished the game and believe me it is a fun game. it took me a month to finish this game. it is a really easy game to play. PLEASE MAKE MORE AND MAKE THEM FREE!!!!!!!!!!!!!!!!!!!!!!1
Ever since I first played Collapse on the computer I knew it would be the perfect puzzle game for touch screen gaming. This was an obvious buy for me when I first got my Kindle Fire last year and so far I've really enjoyed it.Touch three or more of the ,1
"This game is beautiful and flawless as far as gameplay goes. Love it so far, especially the story mode. This game coincides with the Facebook and pc versions.",1
This always has errors and dosent work very well. I dont know why but I have taken the app down from my computer. I will be removing it from my kindle as well.,0
"I understand it wasn't tablet friendly over a year ago, it should have been fixed by now. Especially with the tools provided to devs",0
I am glad I don't have a tablet because then I would have missed out on this fun game. This app was better than some of the computer versions I have seen.,1
"I read the dev's comments that this doesn't work on most tablets. So will moronic Xoom owners please stop scoring it with 1 star complaining that it doesn't work? That is very unfair on the developer. I downloaded on my Evo, and consider it is an excell",1
"love the game, the storyline and graphics are also great. music too, i think its worth the cost. also good to get for free today :)",1
"I thought this would be Tetris-y, but thought I'd try it anyway. I am glad I did! There are lots of variations & levels. It can be either relaxing or a challenge, depending on what you're in the mood for. Love it! DROID X.",1

"Test device: Samsung EpicWow, where to start? Ok, Collapse took your typical bubble/brick breaker game and went to town on it. Multiple game modes, special blocks, excellent graphics, well chosen sounds effects and background music, and controls that ar",1

"Very responsive and never lags, many game developers should take note from this guy/gal. Starts up quickly, fly by menus, and game is responsive.",1

"Great fun if you need something to do in order to clear your mind, relieve stress. Sat and played through several rounds, addictive.",1

"This is so much fun. I was hooked after the first game, and had to get it for all of my devices.",1

So I picked this up when it was free and was done with the game 24 hours later. I could NOT put it down. Great game and fun as hell.,1

"Works fine on my Flytouch 3 Android 2.2 tablet. Give it a try. A great twist in a few old games. Well, I made the 25 words.",1

"This is a great game! Provides lots if entertainment and well worth the price, if you happen to miss the free app day.",1

Great fun. This game is challenging and addictive. Quest was a little short though but taught you all of the modes of play. A buck is a great deal.,1

When I got the collapse blast I thought I had died and gone to heaven. About 2 days later I discovered the original Collapse and immediately purchased that too. Now I can play either one any time the mood strikes me,1

"Worked well on my Pandigital Novel, Pandigital Planet and Samsung Tab 2. I did not have any issues. Very fun on all three.",1

"What the hell happened!!!! This game was great. My wife would spend hours with this game and she does not even want to touch my g2x. mmmm come to think of it, maybe this is the best thing since sliced bread since I like my phone so much. Anyways, hope",0

Very well made game. Devs did a great job on this one. I did not recieve the permissions some others have noted.,1

"I used to play this game on the computer, now I play it on my tablet. It is very addictive! I love it, and it keeps my senior brain alert!",1

"Cute fun game, works great on droidx. Ignore poor reviews this app requires far less permissions than 99% of the apps I've downloaded before. Plus it's fun!",1

The free app of the day has been hit or miss lately but this one is a hit. Very entertaining and worth the buy if you miss it as a free app.,1

"june 10, 2011 update really screwed the game. viewable game screen is now 1/3 the size, menues are very choppy , graphics are worse. this game used to be very snappy and fun, now it is slow and tiny screen is killing my eyes and fingersEDIT6-14-11They fi",1

i really honestly hate it. the game itself blows monkey anus. plus u have to go on facebook. i dont have a facebook. serously i am not even 7 freaking years old yet,0

Takes advantage of a touch screen with simple but addictive game play. I love playing this game and it was free,1

I beat the game and enjoyed every minute of it. I would recommend this app to anyone looking to kill sometime on a trip.,1

"I like a good game that can work the ol' noggin, and this is a nice strategy game just for doing that. It is challenging but it doesn't quickly turn into the same level over and over again (read: Tetris) but adds new different ways of playing (from clas",1

"This is a fun little game. It works great, is entertaining, and looks good. I think this app is worth the cost.",1

"Love this game, play it all the time!! Even after I beat the game I start over cuz its always different puzzles",1

Running the stock Android 2.2 from Viewsonic on my g tablet and this game works great. At first I thought this game was way too easy but it gets challenging after a while.,1

"amazing game to play, totally addicting. Can play the story mode or the quick game mode. Get this game! simple yet challenging, towards the last few levels it gets really hard",1

this game. presents challenges and makes you work towards a goal. fun game to pass the time! plus it was free :),1

Quick game is fun for multipke generations. i loved the test drive online. may end up purchasing the PC game.,1

I tried this game because it is free today. I'm glad I did. It's very fun and also challenging. I'm playing on my Vibrant and the graphics are clean and there is no lag at all.,1

I thought I wouldn't like this game but it is well polished has a good sound track and very addictive game play. And I beat quest mode with all gold stars!!!,1

On Xoom the buttons are in the wrong place and can't be clicked. On Nexus One the top quarter of the screen is empty. Sounds nice though.,0

"This is a great little time killer. It's a simple "click on groups of 3 or more of the same color" game, but with some little extras that make it funner than just the same old thing. You earn coins to buy power-ups, costumes for your character",1

I have this installed and working on my Nexus 7 and when I try to install the update it claims the game is not installed. So how did I install it and continue to use it but can't update it because it's not installed??????? Just doesn't make any sense.,0

"This has everything I enjoy in a game for the Kindle Fire - increasingly difficult as you move through the ""quest"", a variety of different puzzles including ""panic attack."" Each step through the journey requires you to eliminate blocks of three or more ",1

I also fell in love with this game on my sister's kindle. I needed to get it for myself. I am addicted. It one of those games that hooks you and you can't let go. Also one that frustrates you and gets your blood boiling.,1

it is stuck at downloading. will not advance. should be a way to stop it and retry. have even restarted my tablet and nothing.,0

"Great game, glad I got it. Wish the levels were harder, the puzzles were difficult at time . Random words to make twenty words for review",1

this is a very fun and addicting game. i love the quest mode. i couldnt put it down!! definitely download!!.,1

"just beat the game today after playing it pretty casually since I downloaded it. really fun, challenging, and beautifully designed. great app.really hoping we get an update with more levels. it was a pretty quick game, but definitely worth getting.",1

No problems installing. Smooth gameplay - no lag or crashing. Disregard low ratings by tablet owners that didn't bother to read that this isn't for tablets.AMAZON - please setup a system that lets us vote down and/or hide spam or other useless or irrele.,1

"Just as most every other review says: on my g2 this game runs flawlessly. Nice touch that it asks about sound on launch. The quest challenge adds a nice depth to the game that introduces variants on the classic game. High production value, good execution",1

fun cute well made entertaining puzzle game with a quest mode and bosses. just right for me. runs perfect on my mytouch4g,1

"I downloaded this game as the free app of the day, and got addicted to it within the first 10 minutes of playing it. It's like a more fun version of Tetris. The Quest mode isn't too long - just a few hours - but the single player is still a ton of fun an",1

Very nice app. Especially in comparison to yesterdays crap shack. This one is awesome. Very addicting. I love it.....,1

"the map screen is now over sized and playing screen is to small. 1 star until fixed, uninstalled - droid x gingerbread.",0

This game is more than just your average bubble popping game or removing 3 or more alike pieces. It has fun challenging levels that keep getting harder as you go. I love the little trail that you can follow and the interactions you get along the way. dri,1

"This is yet another app that's version is far behind the same game, for the same price, on the Android Market. I believe the most recent version is supposed to be 1.7.1. Amazon needs to do something about the frequency of this problem.",0

"I have always been a fan of Collapse, and this really rocks to be able to play it right from my phone. Love it!",1

i love playing this. my kids love it....so addicting. its like a better than webkins cash cow. cute app. could be made harder though.,1

"I don't buy a lot of Apps. I have played this game on the computer and loved it, so when i saw it for Kindle I was thrilled. A very fun and addictive game that has many modes. It works great on my Kindle Fire.",1

"I don't buy a lot of Apps. I have played this game on the computer and loved it years ago. it is great to have it as an app on my kindle fire. I can spend hours playing, When watching TV I play during the comercials.",1

I love this game. So addictive and even when you finish the quest mode it is still fun to play.,1

"Unplayable after the latest update. Main menu had changed, graphics are missing, and play area has shrunk to an unplayable size. Hopethis is fixed or will have to uninstall.",0

"this was my very favorite game and would still be but after playing the whole thing, i think, your board is just there. there is no congratulations you finished it all or do this or you missed this. kindle fire.",1

"Bubble buster is a great kissing cousin to this game.I'm using a my touch 4g, and I like pretty much everything about this game. Amazon have it away as a freebie, but I'd happy halt to pay 1.00 for it. They're some cool discoveries along the way. I finis",1

"i thought it would be no fun on a small screen,,, wow was i wrong !! i work with handi capper people and they get tickled when we play it !! God bless !!",1

adds a fun little storyline to the old arcade and pc collapse game. still offers the timed and puzzle aspects but within a gradually unlocking walkthrough with collapse bosses that have different special abilities. also has cute customizable outfits for,1

This game is great. The quest is fun. I defeated the alien!!! That was the best and well though out level.The only negative thing is the icon doesn't have transparency.,1

great games to keep your mind active and keep up to the pace of the fast acting puzzles. Lots of fun,1

"This is a great spin to the tetris / jewel genre. I've played many hours, and so have my young kids. The story line isn't that great, but difficulty goes up gradually and consistently, keeping this challenging for a long time",1

update locked continuous! read on for other problems! don't know what the deal is but will change rating and review when fixed!,0

why does a game need to read my identity? can't it just give me a game without knowing who I am? uninstalled. each app with such unjustified permission should be reviewed one star.,0

"Great gameplay, graphics, and story. Plenty of levels, each with unique challenges. A shining example of what a mobile game should provide. I don't get to say this enough: Well done!",1

"I got this thinking I was going to get a Columns clone, but I was wrong. This is far from your average bubble popper game. It starts off kinda slow, but when it picks up, its like no other popper game. I just had to tear myself away from it to make this ",1

A game for those boring moments in life. My favorite is quest mode. I actually had this game on my last phone and liked it so much I downloaded it on my new one.,1

I have a xoom. Read all reviews. Installed game anyway. Am I stupid? I think not! Collapse works anyway. I get a kick out of some of the people that are out there that complain so much about a little app. I love the opportunity that Amazon gives peo,1

"downloaded for my 4 yr old, but i'm just as addicted as she is. highly recommended. its like bejeweled meets tetris in a weird way.",1

It was terrible hated it. wasn't cool or anything.not cool.wow it was a disappointment.wish I never installed.really really bad uninstalled,0

"Well first of all I found this thinking it was just a app that lets you listen to music, but, NOPE! You hear like 5 seconds of it and then it just stops if you don't want to be annoyed, then DON'T GET THIS APP!!",0

"For some reason, I couldn't listen to the whole song. The app would just play a minute or two of the songs! I'm just glad that I didn't waste any money on this.",0

This is a wonderful app for global charts! It isn't for listening to full length songs. I am so happy I downloaded this app for my Kindle Fire HD!,1

"I always use this app for the cheapest hotel rates when I travel to see my husband who serves in the Marine Corps. It's quick, easy, and gives lots of different hotels in the area you want while comparing everything from price to which hotels have free b",1

I like using this app because it makes it easy to search for hotels in one place. My husband and I like to randomly take a weekend away and this is a fast way for us to do so.,1

"I use this software for all my hotel stays. Sometimes I don't even have plans or a need to stay at a hotel, but I will goof around and see how cheaply I can get a room at a high rated hotel and I get such a good rate that I take little minnie vacations.",1

"I use this app all the time when i travel. Its really simple and user friendly and I have found many good, last minute deals while i was on trips",1

"Jame go back to star trek, you have a much brighter future in the stars. Why would I even download an app like this. I never travel!",0

"It does save you money on travel ,like name your price on cars and hotels .Works just like the web site,less ads",1

"This is a 'love it or hate it' kind of extreme mind-bender puzzle game and I suspect that not everybody is going to love it because these puzzles become VERY hard once you get past the first 3-4 screens. So, make sure you don't throw your precious phone ",1

"Great concept, and great execution. Plenty interesting and replayable but I still can't wait for shift 2. More, More, More...",1

"This game feels like Portal but 007 agent. An awesome original game that plays perfectly on my Moto Droid 3. However, if you are standing too close to a ledge trying to run/jump at the same time, jump will not engage resulting in an OOPS I Died. Takes a ",1

plays great on asus transformer and droid x. fun puzzle game thats just challenging enough. love the music too. def worth paying for.,1

Keeps force closing on my Motorola Atrix when I press play. Looks like it could be a fun game if I could actually play it.,0

"I absolutely love this game! Just the right amount and combination of challenge and fun. Controls just take some getting used to. Incredibly engaging game - download now!Dev - please, please add more levels!",1

I'm really enjoying this. I love puzzle games and this one brings a whole new slant! Great fun. Droid X.,1

"I have a Droid 2, which I guess is what they call a multi-touch device? Sure doesn't seem like it to me because I died 50 times in Tutorial level 2 just trying to jump over the first gap in the game. Major design flaw, and I'm not the first to mention it",0

"Don't listen to the negative comments. This is byfar one of my favorite FAOTD thus far. Very unique concept, easy, responsive controls and tons of fun! Grab this one while it's still free.",1

HTC Evo 4GThis is a quality game all the way. I love these avant-garde type puzzle/platformers and this one is no exception.,1

Brilliant concept! it's a very fun time waster. I like that it gives that spy vs spy feel to it. Sometimes it glitches like for example when he falls it blinks and he's already at the bottom. Needs to run a little smoother. Also the jump button doesn't m,1

"Excellent game!! Challenging, fun and very well done. I really wish people would stop giving 1 star to games because it doesn't work on YOUR phone. Maybe YOUR phone just sucks.",1

"When Game Informer mag says a game is good, you should listen. I read a review on this game yesterday in the magazine, came to buy it today, and BAM! Free app of the day! I have played about 2 hours and it amazing. Really fun, fresh approach. I would ha",1

"I love the flash version of Shift, so I was very dissapointed that it wouldnt even launch. Bummer. Samsung galaxy s vibrant.",0

This puzzle game kept me busy for 1 1/2 hours. Very addictive. More than worth \$2. Hopefully they will update with more levels.,1

"This game has supurb mind bending and lateral thinking puzzles. It is like the classic Prince of Persia games (yes, I just dated myself) were ported to Android with a super puzzle twist. Wel worth the money to get this game!!",1

"I have a 1.5 year old rooted X and it runs great.. Plus it's fun! If you have FC issues, blame your provider for putting bloatware on your phone, get a better phone or root it. Why pay for reduced capabilities? Thanks Dev, fun game, and thanks Amazon",1

I played this on the PC and thoroughly enjoyed it. So when I saw it on the andoird I was excited.....but it force closes on the Droid X2 when first opened. =(,0

This is a very fun game. just started playing it and really enjoy it. controls are excellent and easy to use with accurate and precise character movement. Shift concept makes game even more challenging and interesting! Great app!!,1

"So its not the developers fault that amazon does not properly filter what games will work on your phone like the google market place, I've played this game on the PC and it deserves 5 stars. So for those that have a photon sorry but there are tegra games",1

"I found this game to be really good and well worth the time. The controls take a little getting used too, but don't take too long. Feels fine after practicing a bit. Graphics are simple and are perfect for the game. Just the same it should be. Developer ",1

"It'll probably take you a dozen or so stages to look at a board and really "get it"... but when you do it feels pretty natural. The game is a little short (I wanted more levels) , but has decent replay value... competing against the clock in a ",1

when the force close issues are resolved this app will get a fair rating. it deserves 1 star from people if they can't get it running,0

"I LOVE this game. If you enjoy portal you'll love this game they are kinda similar. The fun of a platformer with the challenge of a puzzle. Oh and just so the trolls know I'm not the dev, im just a satisfied user.",1

"This is a great take on a performer game and one the best FAOTD games I've tried. Very minimalist graphics - you fun your little guy across the platforms, with a button you can press to flip everything upside down, so you're high when you used to be low",1

"Shift Platformer Game by Handmark, Inc. is a super-exciting puzzle game! I downloaded this game and was amazed at how addicting it is.I'm going to check out other games by Handmark, Inc as well.Download Shift Platformer Game today, and be sure to tell y",1

"Selecting options or play results in a force close. This was one of my favorite flash games, I look forward to playing it.",1

great game! a little confusing at first but you catch right on. and to the person who waited "months and months for this game to be FAOTD" Why didn't you just spend the \$1.99 and buy it?,1

"this game works great on my epic 4g 2.2its a bummer that so many people are having problems with the game because its actually prety cool and different (i thought it was gonna be another run and jump game, but i was wrong...sorta). its free today so why ",1

"Loved this game when it was browser-based. However, since there is no multi-touch support, it is impossible to run and jump at the same time. This makes the game 100% unplayable. Absolutely pointless to have ported it to Android since you can't play it w",0

I have this on the kindle fire. I had no problems with it. this is one of the most creative games I've played and I love it. perfect for the stratagist. I highly reccomend it.,1

"Why does this game need to know my location and to access the network through my phone? I thought the description says no ads. If there's no ads, then these permissions are not necessary. But yet they're still there.Buyer beware!",0

Interesting game. The makers really thought outside the box in creating this one. I just wish it was bit easier on the eyes with higher resolution.,1

Sloppy coding. Will not run on NI Adam tablet. Force close every time after opening screen. Tried several times after rebooting. No dice.,0

Dinc2Controls work perfectly fine for me running stock rom. A clever game that I know I will play often. I would pay for this game hands down.,1

great new idea loved it first time i played half huor whent by be before i knew it very fun a little challageing all around great,1

This game is an awesome platform. Works great on swagged OG EVO. I would recommend this to anyone who likes puzzle games,1

"The app immediately closes when I hit play. Tried the app 3-4 times, with the same result on the Tmobile G2x.",0

"interesting game, but over way too quick and very easy. I would like to see more levels and an increased level of difficulty. you should be able to get stuck and unable to complete a level if you make a wrong choice. the puzzles need to be challenging",1

"I love this game, it has very innovative controls. after you get used to the controls you are good to go. the graphics are simple but they get the job done. the music goes well with the game, I don't know why the negative reviews. HTC sensation",1

"great game with smooth graphics, nice permissions, cool death animation, and small footprint. great for my plane ride home today",1

"It always amuses me how some people put the blame on an app force closing on the PHONE. If an app doesn't work on a major brand of a late model phone like the Droid x2, it is not the fault of the phone. It disgusts me to see so many FAOTD apps have forc",0

This game seemed kinda odd at first...After getting used to the Shift experience this game became 10x better well Worth the download!,1

"It is pretty simple with (again) simplistic graphics. Probably why it runs so solidly! Despite the ""low"" graphics I found this to be a lot of fun and challenging. I like challenging games that get me thinking. If you do to, pick this one up without hesit",1

me being a dev I would never put an app on amazing ...this is a great app and people still hate on it. why do people hate here and not in the android market. this is so bull,1

"Great game, very fun, one star reviews deceptively lower this from five to four stars. It is in fact a five star game!",1

"awesome on motorola bionic! i was going to say controls were confusing, but after my 7-yr old explained it to me It was fun. simple graphics but challenging game play. well done.",1

"There is absolutely no reason to need to know where I am located in an ad-free game. So like all the other privacy invading games, I will continue to 1-star them. Someone, please reply to this and give me one single GOOD reason for this dev to "need",0

"The application will not open past the main menu, as several others have said. it sounds interesting but I cannot play it and therefore it does not deserve a good rating yet. G2x cm7",0

good game. got it when it was faotd. so many 1 star reviews....don't pay any attention to them. this game works perfect in my Droid incredible with froyo.,1

"the game played well on my tablet...but my Droid 2 not so much. couldn't do the basic things in the game like jump. it was like the touch spot to jump was in a different spot than the graphic. that's if for my review, couldn't play because of that.",0

"so awesome! sucks so many people are unable to run it, but it works great on my vortex. screw Flanders.",1

"this game is my go-to time killer. the people who are obsessed with multi-touch are stupid. There are four buttons: left arrow, right arrow, and two shift buttons flanking the top of the screen. you jump by holding down the arrow of the direction you ",1

Anytime I launch this application it force closes after selecting an option in the main menu. I am using a T-Mobile G2x,0

Do not do not do not install this. Reads phone identity for no good reason and i hot spam texts next day,0

works great on Samsung Epic Touch. have to use your brain a bit. It's good to have a great phone. :-D,1

Seems almost everyone complaining about fc has a motorola. Pathetic to criticise the app for a less than great phone. invest in a different phone. Great game.,1

"A nice original take on a platform game! Begins easy, ramps up difficulty pretty quickly and presents a formidable challenge that keeps you hooked and coming back to solve each level. Definitely a thinking mans game here, great job devs and thanks am",1

A nice game to kill some time. it works perfectly and smoothly. Why some rate one star makes no sense. This is a simple game but even the simplest things are too complicated for some.,1

Awesome! Just an force closure bananza! My little crappie phone just can't handle this wonderful force closing game. Wish more games would FC like this one! Definitely a 5 star FCer.,1

The controls for this game seem off on the eve. It's very hard just to navigate your character on the screen I would pass this on even for free,0

The shift concept is a clever idea and adds interest and challenge in visualizing a plan to navigate each puzzle.,1

Fun game. Works fine on a droid x - perhaps the whiners and low raters should get some hardware/software that is post 2009. I did notice most low reviews were not rating the actual game but technical issues instead. Could use more levels though.,1

"I thought the shift concept was creative, however; the action for the though screen controls seems to have the same sensitivity issue that most of these games do. Maybe that's supposed to be part of the challenge...IDK. Anyway, worth it as the free app ",1

cool premise and makes you think a little bit. the controls are good for mobile. worth a go for a bit.,1

"Works perfectly on rooted Droid X. Fun game, worth the download. Extra words Extra words Extra words Extra words Extra words",1

"I don't have a lot patience for games, but this one is pretty clever. I don't think I have ever played anything like it before. works great on evo 3d.",1

I originally got shift lite from the android market and finished it up real quick. I'm glad it was the FAOTD today. it is definitely a fun puzzle game worth getting even if you don't know if you will be playing it immediately. there's not much else to say,1

how sad this fc on my archos gen 8. was really looking forward to this as i love playing it on game sites,0

"works fine on my DROIDX, no crates with any buttons. the game is fun and unique. if you think Motorola sucks, go rate them low somewhere. this game is definitely worth the download.",1

I have been waiting months and months for this game to come up as the FAOTD. I played the lite version of this and fell in love with it. It's a very polished and well executed game. The graphics are simple while still being stylish. The gameplay concept, 1

This is a very unique game and I appreciate the fact that the developers offered it free today. Thank you very much., 1

"samsung Nexus S... a very challenging and unique puzzle game, very glad I picked it up despite the up and down reviews. Takes a bit of time to get the timing down on the multi touch controls but very smooth and simple graphics and really like the concept ", 1

"As title says, doesn't work on my atrix. Too bad. I heard this was a good game. I'll review again if they fix.", 0

"Jump function simply doesn't work on my G2. Well, you CAN jump, just not in a controlled or practical way. Can't even pass the second screen.", 0

"love the game.. played it on addictingames a couple years ago and loved it. I have an impression 10 tablet and it ran perfectly. my only complaint is its kind or short, I wish it had some more challenging levels. maybe they will make a shift two.", 1

"It takes bit to get a handle on the controls, but it's a pretty good game once you do. 20", 1

"I love this game. It's lots of fun, simple design, controls work well, good animation. Would definitely recommend to friends. Only thing I don't like is the moving spikes. I feel like they make some levels nearly impossible. Personally I just like to take", 1

Game opens then force closes as soon as you hit play. Does not work on Motorola ATRIX. Good thing they tested before releasing., 0

This is just what I've been looking for. A challenging puzzle game that's not like every other "unblock me" type of game. It's totally addictive and this is one game I will actually keep and play. Finally! The music does get a little old after , 1

"... u'll like this too. they're not the same but it's clever like portal. very inventive, but I did finish it in one sitting. it would be great if more levels became available in the future (please!).", 1

"just installed and it immediately force closes every time. no matter what option I choose from the main screen, still force close", 0

"HA! Get a life whiners! Worked perfect on my Moto Droid! Old Guys Rule!!! Fun game, I can see puttering with it when I'm on my "two-minute" break! ;-) Moto Droid, S.S. 5.6, 1G-lv kernel hahahaha X2 hahaha Take that!", 1

Devices - Works great on Samsung Epic Touch (SGII) and Acer A500 Tablet Controls - Multi touch support on both devices work great. Yes - it takes a little getting used to for the jump. Yes I sometimes think it should have jumped and didn't. But - once , 1

"I think this game could be my new favorite. It makes you think, is challenging and kinda funny at the same time", 1

"ignoring them is best. This is a great original game. 5 stars anything less and people are being too picky, have cheap phones, or are trolls. But I digress, Amazon has let the review system go to poo. This is the direction Android games need to go. More cr", 1

"really fun puzzle game, no problem with the controls at all. the jump and run being the same button is not an issue. definitely download and give it a shot.", 1

"Really like the minimalist design and the nod or throw back to some of the old spy movies. You can get lost and engrossed in the task at hand, as the game is a nice mental challenge. If you're a puzzler, its definitely worthy of a place amongst your Brai", 1

Works great and lots of fun. I've always enjoyed the shift games and glad to get it free. Thanks Amazon, 1

EVO 3D... works fantastically! Pretty fun game. I find it easy to jump I guess some people are complaining just to complain., 1

"I played through a few screens and so far the game and controls respond well on my Moto Droid. It's different than most puzzle games that I've seen, so kudos for that. This seems like a good time passer so far and I will be keeping it on my phone for a b", 1

This game force closes on my Motorola Atrix everytime after I hit the start button. Will reevaluate after bugs are squashed., 0

Crashes when I click play. Dev apparently didn't test enough. Disappointed. AT&T Atrix 4g fully updated running android 2.3. Don't waste your time, 0

game is incredible! works perfect on hacksung fascinate cm7. moto users should buy a new *good* device. moto is crap and always has been, 1

Same problem as other Droid X2 users. Forces closes before it even starts. What a complete waste of memory space!, 0

"With some of the FAOTD lately, I was afraid to try this one with no reviews, bit I thought, what the hell? This is a great puzzle game. My only complaint is not having a dedicated jump button.", 1

force close every time i press play. looks like a game i would enjoy. oh well. at least it was faod., 0

sure the controls arent the greatest but it is still super fun to play. i like how they kept the levels true to the original game. thanks amazon for making this free today!, 1

"First off, you have to know the controls. You can jump by touching the top right, but it appears people here don't know you can double jump by tapping a second time. Punching the appropriate debris is also important in this game, as there are jumps impos", 1

Do not install on LG Optimus. Made my phones memory full after it errored on installation. Had to use my comp to get it off.,0

Seems to be a fun and simple game. At least the first thirty seconds. By then it will surely have crashed.,0

"The goal of a review is to communicate to potential buyers what they can expect from the product. Since Amazon's Appstore doesn't have a means of filtering based on phone compatibility like some other stores, it is up to those of us who have had a bad ex",0

"My specs: Samsung Gravity SMART (runs Froyo, low-midrange).While the protagonist must run, the game itself does not. It fails out of the gate when trying to install, with no indication at all what the problem is. The only ""requirement"" listed is Android ",0

"Dear Amazon, please remove all reviews wherein the reviewer complains about an app when their trash phone is to blame. Did they complain when they couldn't get Half-Life to run on their Commodore 64? Likely, yes.",1

"Fun, simple game. Good to pick up and kill a few minutes, don't expect some epic adventure. I downloaded this for ps3 a few months ago, because it was like \$1. My three year old likes it too.",1

"okay. I'm glad that either you grumpy off-setters either have the newest phones or you can get one. for us in the real world who have a contract and have the same phone until it's out, we do have the right to rate it as we please.I love my Optimus S...th",0

Game is fun but needs some better controls added like pausing and going back to the menu. Instead it automatically restarts every time you die. Didn't take off a star because I liked the game enough anyway. Hopefully those improvements come!,1

It wont install on Lg so I can't rate it properly. I'm just hoping I save someone else the trouble.,0

game freezes. graphics are bad. not a very good game. has a lot of problems. needs fixed. word word word word,0

just like many other run and jump games out there this game is no better then ones u can get free already. graphics are Ahh nothing great.Force closes...and controls suck they don't work!!!I my self find the game boring after a minute and being that ever,0

"While I Must Run! uses the hit game Canabalt's formula of run and jump, it adds sliding and punching into the equation as well. I Must Run! is a great game with cool environments and great gameplay.",1

The game looks like a good game. This app. does not install on the L.G phone. Tried it twi ce and still would not install.,0

"Graphically this game looks horrible but for what it is, it is fun. Simple easy to play and had some replay value.",1

"That's true, the Optimus V can't run fast scrolling games like "Yoo Ninja" and "Ninja Rush." Oh wait, it CAN. In fact, it runs nearly everything from "Angry Birds" to "Netflix" if one has Android 2.3 installed. I g",0

Does not install in the LG Optimus. One star because no where does it say that it will not work on my crappy phone or list phone requirements. The game sounds like it would suck anyways.,0

This may be an excellent game but unless the author makes an effort to cover most popular devices it will not receive the best reviews. Try again!,0

Not much fun since it locks up on the HTC Thunderbolt after a few rounds. Very little difference from that running ninja game. No storyline.,0

"for starters it doesn't ask your permission to access 10 things on your phone like other games, just 1 permission request to install.The game is very simple, jump when needed, punch when needed, and slide when needed to get to the end of the game a save ",1

"this game is a blatant ripoff of of a free flash game. the art has been changed, but the creator of this app is soulless for charging for a game that someone far more creative already made.",0

This is a super fun game and its addicting. And it is a lot of fun on your kindle fire. Just because other people don't like it doesnt mean you wont like it.,1

not worth the money there is no point and is a waist of device space I bated this app stupid,0

I have to say never waste your money on this game!!!! Dont just dont buy this ever.Promise me you wont waste money on this.,0

I hate this app it is totally gross and when I deleted it the first time it installed itself again!!!! I deleted it several times w/o even re-installing it. This is a terrible app and I am very irritated.,0

"Alright everyone, hasn't anyone told you that if you don't have anything nice to say, don't say nothing at all? Well, you should take that advice and stop writing harsh reviews! I get how you are helping people out but you don't have to be mean! This is ",1

when will people learn . they need to listen to their customers. I totally agree with 1 and 2 it even looks gross. who finds fun not pain in popping zits. if you do your not right,0

My daughter love to play this game of pimple popper. When I look at her to playing and I said ewww!! LOL,1

A pimple popping game? Can you spell GROSS? This app sounds like it's made for insecure teens with acne. Does this app sound intreaging to you? I hope not.Let me tell you something. THE APP DOESN'T WORK. I've installed it and uninstalled it and reinstall,0

wow. pop pimples its fun! not. I mean go pop your own pimples c'mon people how could you ever

think this is fun? it is majorly gross to!! who wants to sit there and pop pimples on a stupid game??? sigh,0

"I buy it, I thought it would be great, but it isin 't. Im sitting here trying to pop a pimple and im thinking : THEGAMESUCKSIWANTMYMONEYBACK!!!! I mean don't buy it it's a waste of money and a waste of time. WORTHLESS!",0

"first off I'm guessing this game is like the seasons one, so if it is (which I really think so) then it is AAAAWWWSSSSOOO0MMMEEEE!!!!",1

I haven't even bought this game and I'm grossed out I mean look at the pictures there is pus coming out of a pimple! How can people play that game?,0

"Maybe it's the nurse in me , but I love this . Anything that has to do with the removing of or cleaning around ,reminds me of nursing days.We didn't pop pimples , but ,got to break a boil on a patient for a Dr. Never forget that .",1

"I've had it for a few months and have cashed out about \$15 in Amazon giftcards. It's not complicated, you can download apps, sign up for spam and trials, watch videos, make phone calls and more for credit. Very simple and they do pay, it's great!",1

I didn't like this app. It seems like you have to pay for all the offers to get anything back.,0

Great app lets me get amazing gift cards! If you want 0.25¢ here's my invite code: CM2065859 Your welcome get the app!,1

The app will not let me sign in despite already having an account. It just loads and returns me to the Sign Up/Sign In page.,0

"Most of the things that it makes you do cost money. So basically, you are going to spend around ten dollars for 50 cents. Does that sound very fair to you? Not Me!",0

I really enjoyed playing this game. at times for several hours. if you are feeling like playing roulette than its time to play this one.,1

Brings back memories of playing in the casino's. This is a fun game that I'm sure will give me hours of enjoyment! Don't forget to log-in everyday so your "Bankroll" will continue to increase. It gets bigger and bigger every day you log in and pl,1

It was a complete time waster. Didn't play like I wanted and it was complete crap. I deleted it immediately. It was really boring.,0

I really like this game. It is easy to play and I only wish I could download it on Facebook and my android cell phone.,1

Screens look fun. Attempting to install on Optimus V causes forced reboot. Will revisit and review when issue is resolved.,0

"will not install on lg optimus v. crashes phone & causes reboot. as usual, amazon appstore won't let you delete",0

"Runs fine on HTC Incredible. Unique game, you tap the screen to send your character into orbit around various planets while avoiding enemies and obstacles. Is it me, or do Optimus V phones have a lot of problems? Glad I didn't get that phone.",1

Reboots the phone during installation. Would like to know how to get rid of the install app since it doesnt work. - phone: LG Optimus V.,0

"love this game, though it does lock up sometimes when loading between screens.... and now I need seven more words",1

"I never had a problem with freezing but the app did have bad ads, especially for kids. They fixed that and the game runs great and is a lot of fun! The bunny does turn silver when he has a hat on though. Thanks guys!",1

fun game that has provided solid entertainment. not sure what errors others are having - runs smooth on HTC incredible. I definitely recommend it.,1

"I got this app on the android market months ago. wonderful game, fun and addictive. no prob with freezing. wish they had a paid version to remove ads. one of the best games on android.",1

Freezes at the end of every level. For the person that said you can't rate it if you haven't played it. If it freezes the it sucks. Fix the bug and ill change my rating.,0

"Same problem others are having with LG Optimus, no matter the letter designation. Tried to install, hard reboots phone. So disapointed! Please fix!!",0

this is a AWESOME app. its really fun and entertaining. its also very time consuming. GET THIS APP!!!!!!HE HEHEHEHEHEHEHE hehehehehehe,1

"This is a really fun game. It does freeze up once in a while, but the price is right. It has adds but they keep them out of the way.If they iron out the bugs this could be up there with angry birds. Good job.",1

"The gameplay is good, it leans a bit toward the easy side though. Generally can 3 star after only a few atempts. Where this game shines is in it's spectacular production quality. The graphics are nice, without pushing the hardware too much. I dont t",1

"To begin with, probably 99% of the low ratings are due to non-compatibility. I think there should be another way to mark phones not compatible other than giving it a 1 star rating. That just does not properly show how good an app/game actually is. Now on",1

I was really looking forward to trying out this application however when I tried to install it it just restarted my phone every time that's really too bad lg optimus v,0

"I downloaded this on our Vegan-tab G-Tab and my 4 (almost 5) year old loves it. He's been playing it over and over again. Plus, it's free.",1

best game. better than ANGRY BIRDS. ANGRY BIRDS!!!! I love that people created the game listen to

me no one else!!",1
"Bright graphics, quick loading, and actually requires some intelligence to play the higher levels. We need lots more like this one...",1
"This app makes my phone crash every time I try to install it. It looks like a game I'd like, so I'm pretty disappointed.",0
Just like a few others the game reboots my phone during install. It's too bad because this looks like the best rabbit space sim I would've ever played.,1
"Entertaining little game. Very reminiscent of Super Mario Galaxy, which is a good thing. Fun, somewhat challenging. Has run on my Htc Thunderbolt with no problems. Highly recommended.",1
runs smooth on my samsung captivate. no freezing or rebooting like others are complaining about. this is a fun game with nice smooth graphics.,1
every time I tried to install my phone would shut down. It never did install. I don't get it. Not good,0
this game is awesome! I've played through a lot of the levels. they get pretty challenging. haven't had any crashing or downloading problems on my Droid or Thunderbolt.,1
I HAVE HAD DOCTORS AND ALL KIND OF EDUCATED PEOPLE TRY THEIR LUCK ON THE SAMPLE TEST AND THIS SEEMS HARD FOR NEARLY EVERYONE. IT DOES MAKE ONE STOP AND THINK TO REASON OUT IF YOU CAN THE ANSWER. I LIKE THAT IT DOES GIVE THE REASON AND EXPLAINS THE ANSWER,1
This game wouldn't download. O believe I tried twice and gave up. I would like to try again on the future to at least Der what it was like,0
"Great Game, can be very changelling, but just what I wanted. If you love a challenge, this is the game for you.",1
"There are so many ways to improve your mind with this device. Topics are: analogy, blood relationships, classification, coding/decoding, direction sense, logical reasoning, mathematical operations, number/ranking/sequence, series, statements/conclusions/",1
You better be prepared when you play this "game". It is EXTREMELY challenging and very intense. Intriguing questions in every area of knowledge. You have to exercise ALL of your brain power to figure some of the questions!! A real mental work,1
This is a fantastic app to retrain ur brain...occasionally hangs up but I'm yet to find an app that doesn't...nothing to get annoyed about. Really great exercises for the brain!,1
Damn thing went to my cloud when I was reviewing it and then just started d/l. Took 107 of my coins. I deleted it !! Did not want it to begin with. Beware of this with this app.,0
So much to this app. So many questions and sections. It just keeps going and going. Love the challenge of it!,1
Too complicated for me. Was hoping to find something more relaxing and easier to do. Will have to try more of crosswords type. Will keep looking.,0
thought that it was for the kindledidnt payattentionfirst app I got when I first bought the kindlesure its a good game just not for the kindle,0
"I don't know how many total games are within the game, but 3 generations of us love to play them, trying to get the best score! Only problem, grandkids have the higher scores I'll never be able to match. Very good for membory challenges, hand-eye coord",1
Fantastic test. Always wanted to know my IQ. I was surprised as to how high it was. You will like it.,1
I think this was made by a kid so good job. If this was made by a adult you need help. Minus it is a another tower defense game it just horrible graphics it looks like junk. The dev needs to refund 10 mins of my life back.,0
It's a fun easy to understand game. Simple to play especially for anyone who hasn't played tower defence type games before. I've played lots and this is in my top 5.,1
"This game works well on tmobile g2. This game is not as well polished as other tower defense games but the swamp concept is great, plus the objective is a little different than other TD games. You only need to pass a certain number of waves in order t",1
"I've been playing the lite version for a few weeks now and this game is lots of fun. Easy enough to leant and play, challenging enough to not get boring fast. Evo 4G",1
"I play alot of tower defense games, and this isn't remotely as bad as some are making it sound. Yes there are bugs but all & all fairly entertaining.",1
I don't even have to play the game to notice the blatant display of cleavage in the sample images. I personally find that very tacky. I noticed the fun cartoon monster and just about downloaded this app. I'm glad I took the time to notice what was goi,0
"... cleavage? Like their kids aren't going to see that at Walmart or your local supermarket! Anyway, yes, another tower defense game but, I freaking LOVE the music! LOL! Gives you that down home on the farm feeling, and that's from someone born and raise",1
"only works for about 20 seconds and then freezes. you can wait 10 minutes and it'll unfreeze for another 10 seconds, or you can let ot crash your phone.don't pay for it... don't even install it for free",0
"I love tower defense games, even crappy ones. This one won't install on my phone, however, so it gets one star. On LG Optimus S, and I made sure I have enough memory available before downloading.",0
"The graphics lackluster, the cost of weaponry is unbalanced. The levels are very very basic. There are alt of tower defense games out there which is a great thing. But this particular game

brings nothing special to the genre. Go for tower defense hd or p",0
people are dumb. complaining about cleavage? that's just bad parenting. don't let your child ever
leave a room if you don't want him seeing that. good game its free can't complain,1
I'm addicted!!! This game is a lot of fun and easy to play. It's not always easy to win though! I
need SDAA! Lol,1
"I didn't like the game, but still going to give it 5 stars because it IS another TD game. good
graphics, music, meh, but overall, enjoyable. All you 1 star haters out there, don't rate it
poorly just because you don't like the game. uninstall it, and ST",1
"First off there is no tutorial. There are also balance problems with the enemies. Finally, when I
exit the game it doesn't save my progress, so I have to start over.This game was not ready for
release.",0
This is the first android game that didn't bore me after 5 minutes.The music is silly but added to
the game.I love the undocumented tower powerups. It makes the game interesting. It actually
encouraged me to use creative placement strategies instead of ,1
"Great game with a light Ui. It is a bit tacky at times but fun. Not a whole lot of out of the box
thinking. Still very enjoyable. And for the mother arguing about the cleavage debacle, try taking
your kids to the mall without seeing some girl with a fake",1
REALLY? CAN ANYONE BE ORIGINAL ANYMORE? HOW MANY OF THESE STUPID GAMES WILL THERE BE? PLUS THIS
ONE SUCKS. This has to be one of the worse.,0
"No tutorial, no explanation of which units do what. Game crashed on my G2x before I could finish
the first level.No story to go with the game. Very unbalanced when it comes to the attackers hit
points vs tower strength.Save your dollar and find a differe",0
"This is a tower defense game with some interesting variations. First is the theme; your units
are some sort of rednecks with different attacks, and the enemies are swamp creatures. There are
several levels, which have a path for the enemies (they come ",1
"this is the first time I play a defense kind of game, I really enjoyed it. keep the free app
coming amazon!",1
"Pretty sure Ive seen this EXACT game before but with Aliens or other stupid craps. Bad graphics,
poorly made, not fun. Hurray for free.",0
"Seriously, how many more tower defense games are people going to make? Nothing impressive,
special, or worthwhile of this one.",0
Tower defense is such a broad category that it has its own genres. Vector for the purists. Single
tower. Turn based. Battle. Open field. Long path. Short path. Military. Cartoonic.This is
cartoonic and short path. Its also just plain silly. it falls in t,1
"This is an absolutely solid tower defense type game that doesn't take itself too seriously, which
makes it so much fun to play. All you need to know is in the 'family' info and everything else is
self-explanatory; if you need more - i.e., a full-fledged ",1
"I remember when this released on Xbox Live Indy Games for a dollar some months ago. I actually
considered spending a dollar on it at the time, but now it looks like I don't have to! The game is
simple and moderately entertaining, something you can easily",1
"Whooooo. . . . another tower defense game for mobile phones. It's not like there aren't already a
thousand tower defense games out there already. It's not even worth a quarter. Your dollar would
be better spent on the dollar menu at McDonald's, the dolla",0
It won't even install on my phone. Something about the package. Total bullcrap. This should be
taken off the market.,0
"rating this 5 stars to counter act the same idiots that put 1 star reviews for every faotd. if
you want an unbiased review go check the android app store. most of the reviews over there are 5
star, so pay no attention to the stupid babies that rate ever ",1
I love this game so much that I play it EVERYDAY!!!! It is fun fun fun! There is nothing else that
I love more.,1
I want this game but you cant buy on the kindle fire.. it sorta sad. if they made this for the
fire id love it! thanks,1
only wish is that it would let you set sequences of colors for the marbles given as the ammo. Some
orders might be impossible though but downloading a sequence to help make it easier could be a big
help. The sequences for levels could be rated too as eas,1
I totally love this specially since its free. I made a giant flower one time played it for 10
minutes straight AWESOME!!!!!!!,1
"I found this app, I thought would be.cool but I guessed wrong.. this app said it does not work on
kindle fire, but it worked but it was sooooooo confusing! I hate bubble baster and this is just
worse!",0
It is the one game I play for relaxation and it is easy for the grand kids to play without much
trouble.,1
i have bubble buster and i guess everyone has bought it because the levels are way diffrent than
they used to be.i'm not saying i dont like it i was just warning the people who have bubble buster
that their levels look diffrent. i love bubble buster leve,1
this game is one of my faves! it keeps me entertained and other people too! really like to relax
and play when I have time!,1
"I first looked at it.then I played the normal version,and it looked totally different then when I
first got it!then I buy this one,and try it out,and don't watch the freaking tutorial,and HOW DO

YOU SAVE THE CREATION OR JUST PLAY WITH IT!!!!!!Someone p",0
 "You can make anything you want to, even vases! At first,it was kind of tricky. Later, I had 20 levels! But then,my brother deleted most of them. LOL!",1
 "level 787 is nearly impossible. while it does take skill, you need even more luck. took me 2 weeks to get close to passing this level, now I'm burned out. I'm uninstalling now",1
 This app is great. It is a lot of fun to make your own levels. That is really cool. I highly recommend getting this app.,1
 "easy to play, fun, and never a problem loading. it's not overly exiting, but a great quick game to waste short time periods with. i highly recomend this for someone collecting fun FREE games.",1
 This is a fun game and I highly recommend it. My grandchildren think this game is the best ever. You will love it,1
 i do not get it even with the tutorial i think they should give it better instructions but it seems fun!!,1
 "I have tried many, if not all, the ""Bust-A-Move"" type match 3 bubble busting type games. I believe this one is the best of them.It starts out with the basic ""Bubble Buster"" game and after it will ""upgrade""to the ""Bubble Buster Level Editor."" With the lev",1
 this is my favorite apps of all the ones I have got from amazon apps store. If you don't like most violent games this will fit like a ring.,1
 this was a great addition to the regular game that allows you to create your own level. made for hours more fun than the regular game gives,1
 my sister asks me if she can play bubble buster level editor and I say no I am playing on it,1
 "although the reterded shooter steers like a train, i love editing. :) besides. i got a buddy who can fix it for these guys. buy it!!!!",1
 This app is a waist of time I could make a better app blindfolded. How do you work it seriously. I HAD IT FOR 10 SECONDS AND GOT CONFUSED. I read your tortural NO HELP!!!!!!!,0
 the game is woo confusing it keppes showing up ads and covering up part of muly screen the cool dude says nah not cool not rad nor wicked not anything but bad totalyy not worth the chilllaaaxxxx for,0
 "I Love This App. When I am Board I play this game. Love, Love, Love this app. I think you should her this app.",1
 I hate the fact that they do not offer home service. I thought the whole idea of wifi was to have service everywhere. I didn't like that at all!,0
 "This app doesn't work at all wheter at my home or at my work, and when you try to cancel subscription in next to impossible.I wounldn't recommend this app to anyone.",0
 "I tried this app with much trepidation after reading all of the other reviews, but I haven't had any problems with Boingo freezing up or causing any problems. I have really enjoyed using this app. It fires right up and find wifi without issue, logs me ri",1
 Not sure what this app does. It does not help find the hot spots just seems to sell you internet services that I do not know where they are. I took it off my kindle.,0
 "It is not as advertise, it cannot find you a wireless connection, it only found connection if I was home and of course that was the connection I already used. It could not find a connection when (was out and about which is what I need.",0
 This will totally screw up your kindle. Constant rebooting and shutting down in tyhe middle of searchers. It reallly sucks.,0
 "I actually think I paid money for this app, and ended up deleting it because it was useless. It didn't help me at all.",0
 "So Dumb, supposed to help you find free wi-fi, basically it shows the ones that I know are free, like starbucks, panera, Mcdonalds, my phone does it for me with out paying a fee each month. Please don't waste your money.",0
 "I use this app to get free wifi if possible on my Amazon Kindle Fire. If I am offline Boingo does it automatically and presto I am online with wifi! This app is not for tethering, it is to locate wifi.",1
 NOT GOOD IF U DON'T TRAVEL OUT OF STATE....I GUESS IF U WERE IN A DIFFERENT PLACE ALL THE TIME IT WOULD BE GOOD TO FIND HOT SPOTS...BUT NOT 4 ME ...AT \$9.95 4 ME IS A WASTE,0
 I hate bingo wi -finder only kept it for a few days then I got rid of it useless app to me,0
 It finds the hotspots that you need while traveling. IT was handy during a time that I flew alot. I would use this again,1
 "From what I gather, they are giving you a way to connect only when you're connected. Someone must have just been sitting around and thought,""How can I make money and still smoke crack and use little to no effort and gain the respect of the business comm",0
 "My kindle notifies me when new comics are available, there is a large selection, and it's simple to use. There isn't much more to say than that. I like this program. It's one of the best that I've found.",1
 "This is a great app that helps me keep up with the books coming out, but also what my favorite writers and artists are up to.",1
 i don't have to go to the comic book store anymore. all i have to do is use this app to see if its even worth driving over there. this app is super helpful and easy to use. thanks audacious software!!!,1
 "If you are a fan of comics, this is an essential app. Wednesday is indeed the best day of the

week :) I am really into the Red Lanterns series by DC (the new 52), among others.",1
Magnificent!!! I enjoy comics.I can read them anytime I want to.Anybody who doesn't like Fresh Comics probably don't like to read.,1
this is a great way to keep track of writers or super hero's like: water woman superman wonder woman spiderman he's cute.,1
"I just wanted to be able to see what apps are still running in the background, on my Kindle Fire, after I move on to something else. This one does just that. It tells me what's running and how much RAM it is using. Also gives me the option to shut dow",1
"really is helpful....keeps you in touch with what apps are still open, even when you think you have closed them.",1
"I know it does more than I ask of it but really never spent much time exploring to see what else there is. Don't use my Kindle that much so I don't charge it much. At least with this app, I can see what is running in the background that might use resourc",1
"I have this on my phone, it's a real battery saver. I have some apps that will not close no matter how you exit them...this app did them off so they aren't ruining in the background running down my battery.",1
"I always leave apps open when I close my Kindle Fire, now with one touch I can make sure everything I was working on is closed.",1
omG this is the best games ive ever played you get to yurt boss its like wack ur ex online or something like that its really fun not trying to get your coworkers wet. lol,1
"This game is absolutely positively retarded. It was a waste of time to download and a waste of space on my device. The boss just moves back and forth across the screen and says ill fire you. If you are looking to waste your time, this is the perfect game",0
"I wish i listened to da reiviews. i got it ONCE, thought ot totaly SUCKED, and deleted it. do NOT get",0
This dumb app not worth it. they should pay you to take it. all you do is tap the screen,0
if I could give a 0 I would. its for a 2year old soooooooo not worth it. Don't GET!!!!!!!!!!pay0\$ I - t s - t - I - n - k -s,0
I HATE THIS STUPID RETARTED GAME!!!WORST GAME IN THE WHOLE WORLD LIKE SERIOUSLY!!!!!!!!!!ARE U FREAKEN SERIOS!!! WHOEVER MADE THIS IS SN IDIOY,0
"There's nothing good about this game. It makes me sad. The graphics are bad, and the game is just flippin' bad! please don't buy it! Please!",0
Certificate in the boss games and villages and bosses and villages in a survival of the boss games and other hand axe to be the boss and bosses and villages and bosses and other than that of the most important thing is that the boss yellow ytype and boss,1
"So I read the reviews, and they didn't look good. I'm the type of person to be like "oh let me give it a try" THIS GAME SUCKS. I didn't like this game AT ALL. I would not recommend this.",0
my name is Tuesdae & I am vary picky if I do mot like a app I will worn you befor you mack a bad dishin. WARNING DO NOT BUY!!!!!!!!!!!!,0
this is the worst game ever. I hate it. its too much like office jerk and hope they don't make a sequel.,0
I love it is challenging but do u want a game that's easy. get this app. it is awesome. I love it,1
I don't know why I even got this app. it is horrible and impossible. I am one sextillion times better in real bowling and I only have a real high game of 218,0
"This game has really bad controls but you still win, it also has really bad graphics so don't even bother downloading the light version you will only be losing valuable time in your life!!!!",0
the game is not fun and the art work belongs to bleedman. its just recolored art. for the people that know bleedman they know what I'm talking about and for the ones that don't. look him up,0
"I wanted to check out this game thus I have been looking for a bowling game for a while, therefore I downloaded this app before buying the full version.BUT IT SUCKS!!!!!!!!!!!!!!!!!!!! (I don't have time to add all the exclamation marks in sign of my disgust",0
This is a stupid ap. in the beginning you have to beat this girl AND SHE CHEATS!!!!!! one minute she'll have ten points then BOOM 21 points.,0
"I like the game, it just isn't very fair to control. I always get irritated when it misplaces my roll on the bowling ball.",0
the graphics suck and the ball is very hard to throw.the game doesn't refer to bowling at all.I beat this game in 10 minutes.,0
this game is really dumb! its not realistic at all! I don't ever play it because its so boring and its not even fun!,0
I got this for my kids to play on my kindle but have found myself playing it more than them. Its a free app so doesn't cost you anything so defiantly worth the download,1
"this app stinks!!! the CPU,AI,whatever u want to call it has loaded dice because your bowling ball goes everywhere and the computer's goes exactly strait!!!!:(do not get!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!",0
"the controls are really hard when you flick to bowl and when you try to balance the ball, its soo clumsy!",0

it's like a talking tom for kindle but w/o the voice copying. still so much fun! kids will love - especially youngest,1
 stupidest game in the world.gt gt gt gt gt gt gt gt gyve ggb guv ugh ggvyq xdc b fbv bbf. gt. Gb g,0
 "my kids love it. it has no point, but it makes them laugh. I don't get it but they get it, and that is all that matters.",1
 I played it on my first try and it was boring so I delete it never get it stinks! allot does is eat a carrot juggle talk wave to you,0
 "Perhaps a one is a bit harsh considering I have a three year old. The graphics are great. The play is ... is there play? It is hard to imagine this being engaging on any level, even for the youngest of kiddos. It seems mostly like eye-candy that gets",0
 i downloaded it and thought it would be like talking tom and was so weird especially the button to make it speak,0
 "Sometimes we are lucky with an app we download for our Android because it shouts 'professional design' and 'quality'. And Thumb Keyboard is one of them. It's a highly customizable, well designed, predictive THUMB, ONE-HAND and FULL keyboard app (yes, you",1
 "I've tried a few different keyboards for my Galaxy Tab 2 7.0 and this is my favorite. I just like the configuration options the best, as well as the aesthetics. Responds well, no real complaints.",1
 "App was listed as FREE on my phone, so I figured it was worth a try. Within moments of clicking ""Get App"" I got a confirmation from Amazon that said I paid FULL PRICE for the app! I don't care about the app's quality, Amazon's process is horrible and bei",0
 "After downloading, I went straight to Settings, tried to downloax one of the keyboards, and got the error saying to check the internet connection. Sent Beansoft an email and got a fast answer. Solution: open and run app once before trying to change the ",1
 I really like this format. it is much easier to type with. it is the best keyboard I have used so far. Better then swiftkey. I may yet be able to type with an on-screen keyboard.,1
 "I used Better Keyboard for nearly two years. Tried this out when it was the FAotD, and haven't looked back. Highly recommend.",1
 "I've heard so many great things about this keyboard, mainly as it pertains to tablets. Being I don't have a tablet I've always passed this keyboard up. What a mistake! This keyboard is extremely polished and completely customizable. You can choose betwee",1
 "love it. very easy and intuitive to use. love the alternate keyboards, especially the one that moves the keyboard to the right when needed.",1
 love this app. very nice with lots of options . and it's free today. well worth the price though. love it,1
 I'm one who loves a program that makes my life easier. when I type I usually only use 3 fingers and can type about 55 wpm. I use this program on a 10 inch tablet and after getting the hang of using my thumbs this program rocks. it's less 'clunky' than t,1
 "I only downloaded this keyboard because it was the free app of the day, and I was pleasantly surprised by it. Very easy to use, and customizable in ways that the Android keyboard only dreams of! I would have even paid for this keyboard.",1
 This is app I always use on all ky devices. I can't stand the original Samsung keyboard anymore. This one has made it easier for me to type and to get around my phone. Its a little weird at first I will admit but once you get going its smooth sailing. Th,1
 "The keyboard is great, but I am running jellybean and Amazon still has not let this app get updated. The app is 2 to 3 updates behind Google Play Store's version. Update, after a long wait and coincidentally right after i posted my review, the app is fin",1
 "While I personally prefer Swype to the ""peck"" keyboards, I definitely recommend this to anyone who is interested in a non-slider keyboard.This works perfectly on bigger screens and tablets by splitting the keyboard into two pieces, one on each side of th",1
 This keyboard app is incredibly helpful. I can type faster than I've ever been able to on a tablet keyboard. Being able to tweak it to suit my tablet and typing style makes this a 5-Star app. I really like having a two-colored keyboard that makes the sc,1
 "5 stars when, I can use swipe on your keyboard. 5 stars when, I can use swipe on your keyboard. 5 stars when, I can use swipe on your keyboard.",0
 I've used a bunch of keyboards on half a dozen Android devices - especially with Amazon making keyboard apps free for the app of the day frequently - and this is by far the most intuitive and easiest to use for my Galaxy Tab. the split keyboard makes it ,1
 I thought swipe was a fast way to write i was wrong this has to be one of the best keyboards ever so much customizing it's like having 10 different keyboard in one.,1
 Just because the developers "say" it doesn't send keystroke logs doesn't mean it doesn't! *DON'T* install this app until the 'full internet access' permissions have been removed!!!,0
 You can't simply enable long press to select the keyboard with Ice Cream Sandwich. Uninstalled. Uninstalled. Uninstalled. Uninstalled. Uninstalled.,0
 This is a reat Keyboard. I really love it on my tablet as well as my phone. a a a,1
 Thank you amazon for making this app free today. Just using it for 30 minutes I already love it. Makes typing so much easier for me. 5 stars any day.,1

This is the best alternate keyboard for Android I have ever used. Well worth the price. the customization is amazing. I wish I had a tablet so I could use this keyboard on it!,1
After countless kbd apps this is hands down the best. I'm finally typing fast! Love the customizations. Flawless on HTC Evo,1

"It works great on a Thunderbolt, and really excels in landscape mode. I would suspect that it might not work quite as well on smaller screens, but is probably the best thing going for tablets. I really like how you can hold down the number mode button an",1

"This keyboard is perfect for tablets and I refuse to use anything else after 2 mins of use. I have a Nook Color which is a " tablet. This keyboard has a ton of option for from phone layouts, two " tablet layouts, and bigger tablet layouts. It",1

Great keyboard with cool options. Plus if you need ANY help or have questions they've gotten back to me asap!! Take your time going through the settings and follow their directions and you'll be set!! I've tried Swiftkey App and the stock app and they ca,1

"On my HTC Thunderbolt,I have used HTC's keyboard (Nice and has arrow keys, but its ability to fix typos seldom works for me)I have used Swype off and on (I like Swype when it works, but a lack of arrow keys to modify existing text keeps making me switch)",1

this is hands down the best poke to type multi touch keyboard. very intuitive word choice and auto correct and great multi touch ability makes typing a breeze on phones of all sizes. and this is also the only keyboard I use on my xoom as well! its about ,1

"This does make typing on a tablet a lot easier. It does take some getting used to, especially things like finding the comma, but the layout makes typing on a " tablet in landscape a lot easier.I got kind of spoiled with SwiftKey Tablet X and how i",1

I can't believe some people one star'd this app because it can read text input. You guys are idiots end of story. If you seriously think that a keyboard doesn't need permissions to run do the rest of the world a favor and go take a concrete bath in the m,1

"Test devices:Samsung Epic, Android 2.2 officialViewsonic gTablet, Calkulin+Clemsyn 1.5ghz Froyo Combo V6I searched high and low for a good keyboard for my gTablet, and found Thumbs to be about the best thing since sliced bread. With multiple screen size",1

It is one of the best alternatives for the stock keyboards and not only. With many layouts to choose from and pretty decent typing speed makes this particular keyboard one of my favourites. Thank you Amazon appstore for this really useful app of the day.,1

"thank you amazon for making this available, i had read about this keyboard layout awhile back. it is an actual joy to use my phone. i must have 60 wpm in landscape. all phones and tablets should have this as an option if not native.",1

"Lots of themes to choose from save money you from hassling with metamorph. It's responsive, and customizable and VERY easy to use.",1

"Purchased this for my Asus transformer and it works like a dream. I even like the autocorrect better than the stock keyboard. I agree with the other posters that this should be standard for all tablets, particularly the " ones. a definite buy!",1

"I thought this would just be another keyboard application, just like the one I already had on my phone. But wow. This keyboard is spectacular in pretty much every way. The amount of customization you can apply, from the sounds and looks of the keyboard t",1

This is one of the most useful apps I have seen for free by far. I haven't mistyped a word yet and I've been using it all day. I like the split keyboard it really helps.,1

Great app on Thunderbolt. I love that it has two spacebars in the landscape view and that it is customizable in each view. I have already recommended it to several friends!,1

but worth getting. best keyboard app around. but worth getting. best keyboard app around. but worth getting. best keyboard app around.,1

This is by far the best tablet keyboard ever. It is so nice to be able to use my thumbs.,1

"Hands down the best keyboard for any android device. Its fast, has the ability to customize themes and is just plain amazing. Wouldn't type without it. Great work developers.",1

"I truely like it, I'm using it right now and have no problems with it, the only thing that annoys me are the cursor keys, I don't want them there, you should have an option to take them off, other than that, this keyboard app is flawless.",1

"This app seems to be working smoothly on my Samsung Galaxy S. The only problem I am having is the lack of auto capitalization, which may be a setting that I need to configure. The app is incredibly easy to use and is speeding up my typing abilities. The ",1

I have tried them all if you have fat fingers this is a must have two thumbs up ! ! !,1

"Tested and true, thumb keyboard is one of the best and most accurate keyboards you'll ever use. Totally worth the money.I've tried almost every keyboard app that Android has to offer, including the stock HTC sense keyboard stock vanilla keyboard, Swype, ",1

"This is a great keyboard, and you should get it for when Fire comes out, if you are so inclined to purchase one. I have a Droid X so I don't need it now, but when the Kindle Fire is out, it's gonna be great. Just download and don't install so you can pul",1

"I have a Droid 2 and with manicured nails I was having a very difficult time texting. My friends could barely make heads or tales of what I am saying and now here I am typing this review problem free. Very easy to use, neat backgrounds and sound options ",1

This keyboard is awesome! its got special macros you can customize to say whatever you want or do whatever you want. large variety of backgrounds. and arrows to navigate in text vs trying to poke

the word right. got it free. would have paid for it now th,1
 "thanks, works perfect, I love this app and I love this app developer. all around a great app. just wanted to make a shout out to the idiot with am I the only one that noticed voice recording. get over yourself and develop apps then u will see that an ap",1
 ...for my Galaxy S phone. It worked flawlessly and was a much netter keyboard than the built in one.I would recommend this to anyone.,1
 If you are looking for an improved keyboard over what your Android phone/tablet comes with then you should give this some consideration. I felt that when I used my thumbs I was getting some decent wpm but in the end I ended up going back to Swype because,1
 "Specs: Nook with CM7 SDWith a 7" tablet any QWERTY keyboard works pretty well in portrait mode. But, switch to landscape mode and typing is a pain. Additionally, swipe modes require too much movement to be usable on a tablet. After giving Thumb Keyb",1
 "Wow. You will not believe the difference his keyboard makes on a tablet. It is not perfect, but it makes typing in landscape mode with your thumbs possible! I had no idea you could do this until I saw it in the Amazon app marketplace.",1
 "was expecting bigger keys, but even configuring it didn't provide what I was looking for, just the same keyboard with some arrows",0
 "I have had up to three keykeyboards install to use various features depending on my needs. Thumb Keyboard as replaced them all. It took a bit of getting use to, but now I wouldn't think of using another keyboard. Arrows to navigate text & specail cha",1
 "I've done exactly *no* exploring of the fancy features of this app and am still blown away every time I use it. I have a rooted Nook Color and when I go to landscape, I have all of the letters plus a numeric keypad nicely spaced and somehow, even when I",1
 love the split screen so most of what you need is all in one screen! no switching back and forth. I only use my one thumb to text and this makes it Sooo much easier!!!,1
 "I truly enjoy this app. I'm a junkie when it comes to customizing my phone. Not only does this app make texting a million times easier than stock, I'm in love with the themes! This, along with GoSMS, has made it so that I can't put my phone down lol",1
 This keyboard works great. Runs perfect. I love the fact that you can change the colors. Very customizable and user friendly. Worth every penny.,1
 "This app can read whatever you type!!!including passwords!!!!WTH???How can something invade my privacy like that???If not I think I would have loved this,but never allowed myself to use it because of this!!!",0
 This is by far the best keyboard replacement i've found for my phone. Extremely customizable and many layouts to choose from. Especially good for large screen phones and tablets. I would give it 10 stars if i could.,1
 this version is NOT good value for money. The newest version 4.2 is freely downloadable @apktop. it has numerous additional features & is quite customizable on my stock Droid X. I'm using it to write this review ;-) I selected honeycomb city from the,0
 "This is the best keyboard yet. looks great, super responsive and good dictionary support. It even have tablet support.Recommended!!",1
 This apps is needed for 2 reasons.First and foremost it added Arrow keys. I have never understood why the most used keys on a real keyboard are not standard on screen keyboards. Neither Android or crApple have them. To remove your hands from typing to ,1
 I am using this keyboard to type this message and it is supurb! I love auto correct and the layout of the keyboard is really nice. another great feature is the choice between 26 different themes.5/5Sent from my Samsung Epic 4G.,1
 Worlds better than the default keyboard. Well-worth a buck. Might even replace Grafitti as my primary method of text entry after I get more practice on it.,1
 "ok people, this is pretty basic stuff here. there are too many different phones out there, so when you say, "it didnt work on my phone", it doesnt help anyone. If there is a problem with the app on your phone, tell us which phone it is so 1, th",1
 great keyboard for tablets fully functional worth every penny1.29 is a real bargain for such avgreat productivity app. only keyboard I will ever use,1
 This is great. i am impressed with the amount of customization. i like the themes too. Most of all i like its speed. It out performed swiftkey.,1
 "this is an amazing keyboard, this is way better then my keyboard, I like is more then other keyboard apps. it feels more smooth and easy to type with.",1
 "I really had a hard time with the droid x keyboard. It would miss letters, my space wouldn't always work and it was all the time.When I came across this on amazon apps, I wasn't sure I wanted to take the chance.. but considering the issues I've been hav",1
 Love this one! Thumb Keyboard introduces a revolutionary and innovative split layout keyboard for tablets and phones that makes thumb-typing easier and more comfortable. It also acts as a standard keyboard with numerous customizable features.,1
 "For the price and customization of this keyboard, this is the best one yet! Only flaw I've found so far is no auto capitalization. Maybe it's in the settings and I missed it but this keyboard has everything I've been looking for...especially themes and a",1
 "Tons of themes, all of which are compatible all the keyboard layout. It's worth ten dollars if you ask me.",1

This is the best keyboard for Android. Works great on both my Droid X2 and my OG Droid. thanx!!! Love it!,1

"I love arrow keys. good keyboard. not a fan of the split board, but they have a regular one too.",1

"I have a bunch of keyboards that I've tried- Gingerbread, Smart Keyboards, Swype, etc. and this is the one that I really like the best! I use the rainbow skin and it makes me type with a smile because it's so cheery looking. I like the way the keyboard i",1

I really wish I had downloaded this app a long time ago. I had considered it but was satisfied with stock. I then switched to swiftkeyX when it was on sale...This keyboard smokes it!,1

"I used to think my 7"" Android tablet was small enough to use with a standard configuration Android keyboard. When Amazon dropped the price on the Thumb Keyboard to 99 cents, I figured I'd give it a try. This is really great. In landscape mode, it display",1

This is a pretty great keyboard. I love how you can set different layouts for portrait and landscape mode. Now all it needs to do is add a sliding method. It has a lot of themes to choose from and they are all free. I recommend for everyone to get as a f,1

This is a wonderful keyboard with lots of options! The predictive typing is great. This keyboard is worth the price.\n\nAs for the idiot that posted below about unsafe app... all keyboards display that warning during installation. \n\nAnyone wanting to ,1

"The variety of layouts, customization & themes make this a Must Have for EVO users.*follow the installation suggestions & customize for your preferences.",1

makes everything easy and its worth the price. makes everything easier on this 7" tab. cool customization its great cool colors also,1

"I don't do a ton of texting but I think this is a great keyboard. Lots of options to personalize the look, size etc. I have tried SwifKey X beta and Swype and found both to be good but somewhat frustrating to control. May give them both another try at s",1

"This makes it perfect to type of my tablet. It makes it so comfortable, I don't even need to haul around my physical keyboard as much.",1

I just got myself a Transformer tablet and therefore I felt the need to try this app. I am extremely happy that I got this app. It is way better than the stock ASUS keyboard and also better than the android keyboard. The amount of options this thing ha,1

"I love this keyboard for no other reason than it is easy to use. Keyboard ease of use is highly subjective. I have tried several others like Swift, Swype, Hacker Keyboard, and they are fine keyboards--lots of features that are neat, but I had a hard time",1

"Downloaded weeks ago, and I find Thumb Keyboard to be very useful. Having the split keyboard in Portrait mode, complete with numbers and punctuation is great. Picked it up when it was Amazon's Free App of the Day, but I wouldn't hesitate to recommend i",1

"Using Thumb Keyboard to type this, I can say that it is the first app I have paid for ... ever. And immediately, I am sold on it being worth the price. I am starting to wonder if I should cancel the keyboard dock on order for my Asus tablet! I will say, ",1

"I got this app back when I first got my Samsung Galaxy Tab 7" and I've never looked back. If you have a tab, this is a must!",1

"This has been my preferred keyboard on 10" tablets. Can type at a decent speed, and the secondary keypress makes for quicker entry of that random punctuation. I wish it had a "next" button for forms, but that's about it. Otherwise I think",1

whoohoo another awesome Free App of The Day!this app is worth ever penny of the 2.49. will probably buy this app in android market as well.,1

This works great on my Samsung Galaxy 10.1 hands down best I have tried and I change keyboards like I change directions(ADHD) and I've actually settled on this one!! Try it and see is all I can say!!!,1

I'm going to try to keep it short and simple since so many 4 and 5 star reviews have hit the nail on the head with their reviews. This isn't really an in depth review but more so customer opinion.This is simply one of the best keyboard apps out there for,1

Got this when it was the 'Free App of the Day' and love love love it! -- So thankful for the 'cloud' so I didn't have to pay for it when I got a new phone!,1

"Excellent. You can customize a lot of features including the theme of the keyboard, the length and width of each key, among others. Droid X.",1

"I went out of my way to get a hardware keyboard phone (HTC G2) because I was sure that all software keyboards were not quite as good as the "real thing".Well, I take it all back! This keyboard (that I am using right now) is awesome. As a matter",1

"Couldnt find special instructions to install on gtablet from developer. If you open titanium backup, find thumb keyboard, long press,convert to system app. should work. will have to uninstall and reinstall for updates. worth the trouble.",1

"I purchased app for split keyboard, after reading great reviews. Upon installation it said the app could collect texts,passwords,and credit card info. I promptly refunded/uninstalled.",0

Great features make this my preferred keyboard. It is very customizable and easy to use. I really enjoy using this keyboard.,1

"If you have a tablet, you need this keyboard. It makes entering text while holding your tablet a snap. Full featured and a very responsive developer. Best keyboard for tablets!",1

"There is a bit of a learning curve, but once you get past that it's as easy as if you've been

using it all along. I imagine I'll enjoy it even more once I get my replacement glass in tomorrow, since mine is shattered and screwing up the touch screen. Thi",1

now i can hold my dell streak 7 in landscape mode and reach all keys. lots if cool layouts and themes to choose from.,1

Plenty of other apps and games that require communication simply don't work with this keyboard and its annoying to have to switch keyboards in the middle of a game our something else.Great idea though. Uninstalled for now.,0

"Access of the app to my personal info seems unnecessary for this type of app. not installing, even if it's free.",0

"This is a drastic improvement over the default keyboard on my phone. Lg optimus T, Android 2.2. Highly recommended. Two thumbs up.",1

Don't get me wrong... I Love Swype too... But I have two Android devices - one Sammy GS2 (Epic Touch) and an Acer Tablet. For the tablet - the Thumb Keyboard wins over Swype... it is just the right size and is very very usable. You can't beat it on the,1

"this is The only keyboard i would suggest for tablets. the full QWERTY layout makes typing/texting a breeze. I've been using this keyboard since it first was released so i can say the dev support is amazing. full customization such as theming, key height",1

"I'm typing with the app right now, and while it takes a little time to get used to, this is by far my favorite utility/production app! Has really nice customization options, and actually makes typing on a tablet not only possible but fun too!!! Highly re",1

"I don't buy many products on Amazon without trying them first, but the reviews for Thumb were so good that I had to buy it for 99 cents. I still use Swype on the Droid3, but on the Transformer is the clear winner, and Honeycomb stock qwerty is pretty go",1

So many customizations. love being able to change themes and to have one keyboard for portrait mode and another for landscape mode. It beats the stock keyboard...perfect keyboard...A.I. keyboard!,1

"I have recommended this to others a few times and everyone has ended up buying it. I have it on my Xoom, guys at work have it on a transformer and a phone the I don't remember. I have been running it on honeycomb and the the upgrade to ICS has been fla",1

i love this keyboard i have been using mostly swype but decided to try this one out. this keyboard app has tons of customization options its very spacious to type with its well worth the price tag and a fantastic deal for the faotd.. download it now!,1

I have been using this keyboard for more than two years. No other keyboard offers customization as this keyboard does.,1

I use this keyboard on all my Android devices. it's one of the first apps I load on any new Android devices. I love the the unlimited customization options to fit my needs and personality.,1

"I was looking for a keyboard that was compact and also had arrow keys to navigate with. this keyboard has that. it also makes it very easy to access numeric keys, symbols,etc. i highly recommend it!",1

"I so love this keyboard app. From not having to switch between keyboards to the split keys, this is the best keyboard app! I love being able to long hold a key to get another letter, and having backspace keys. There are so many options to be able to per",1

"This is, hands down, the best keyboard one can have or use on a tablet. Well worth the purchase price if you use your tablet much at all.",1

"The title says it all. I'm a sucker for customization, and this keyboard has it all and more. Absolutely great, all five stars for you!",1

I got this for my tablet and this is THE keyboard app for tablets. It's so sleek and the interface is so effective. You can even switch modes back and forth immediately. I have Swift Key on my phone and I might switch to Thumb keyboard but I know that th,1

This is by far my favorite keyboard. I'm running a rooted Evolution 4G on Synergy and it has a different keyboard than stock that doesn't have direction arrows. This keyboard was the only one I found with the arrows. It does so much more then that though,1

"Even If you don't need the split function for two thumb operation, this is a fantastic upgrade from the built in Android keyboard. It has so many different settings, including a full unsplit version, and multiple oolors of keyboards. At first I didn't l",1

"When I first activated it my phone's touch screen became unresponsive. After a reboot all was good, and I love the keyboard.",1

"Not long after I was somewhat disappointed with the last free keyboard (Swiftkey X), I bought Thumb Keyboard. I like this app - but danged if I didn't pay full price for it!That's OK, the dev deserves it!",1

Absolutely the best keyboard i have ever used. There are a ton of customization options and skins. Great Buy. Keep up the good work!,1

"I got this for my Nook Color 7"" tablet, but I liked it so much I put it on my phone too.The standout feature is the programmable shortcut keys. It's really helpful for often used phrases, or long email addresses.There's tons of customization, so if you d",1

"Thumb Keyboard allowed me to type notes for several hours a day, for 3 days, during a convention. The split keyboard permitted me to type in a position that took the strain off my hands, wrists, and arms, and I had no cramping, aches, or pains at all. ",1

i look up this app so i can get it 4 my niece and it costs MONEY now this is a outrage its

basically a preschool play set how ridiculous STUPID APP CREATOR,0
Please update this app...it has not been updated since JULY.....AND IT GLITCHES FROM TIME TO TIME. Thank you. It is a nice game though.,1
I got this app for FREE a couple weeks ago and I was checking for and update at the store and I saw this for 2.99!!!!!! this is SO messed up!!!! don't buy cuz its a rip off!!!!!!!!!!!!,0
"I down loaded this app for free in May or June for my toddler and he loved it. However, my Kindle had to be replaced a week ago. When I linked the new one to my account, the app was just gone. It had also diappeardd off my husband's Kindle. It was a",0
"This app is bad. When I used it, it said I had 381 friends on facebook. But when I went on my facebook page, it said I had 581 friends. This app is WRONG and NOT UPDATED . Do NOT get this.",0
This app has let me know who has left my friends list as well as keeping track of special dates for friends.,1
"Not sure how it shows you were unfriended by someone 1 day and can't get into their profile and then the next day you are friends again without a friends request. something is fishy to me. it was fun to see who unfriended me, but to find the next day w",0
"Love him or hate him, he's got great guests and a great app.This app is rock solid with all the features necessary to make listening convenient and enjoyable - including an automatic save feature, and the ability to mark favorite episodes with a star. Bu",1
"My husband and I both really like Marc Maron's format for WTF - interesting guests, some tidbits from his life, good observational humor that's a touch dark sometimes. It's great. The Ben Sidran interview is one of the best ones on here - check it out.",1
"Marc's podcast is amazing, the interviews are fantastic. This app is a great way to dive into his backlog of 400+ episodes.",1
"If you're considering this, you know Marc's show [if not go wtfpod.com...you'll hear in the show opening ""he's not for everybody"" TOO TRUE!]I've had none of the issues other reviews complain of, and I have to assume the problems are due to their devices",1
"Waste of my time and energy to download! If you are looking for a personal finance organizer skip by this. Budget didn't calculate correctly, can only enter repeating income such as salaries and that is all this app even does if it is working.",0
I don't understand it and can't get it to work. It says "accessing bills" forever. I put in one bill and it showed it due every day. I had to shut down my kindle to make it stop. I cant seem to find any directions and I hate the date format,0
This is great for helping me to keep track of all my bills and when I need to pay them.,1
I really like this app. it helps keep me on target with my bills. it gives me a reminder when to pay them. I really recommend you download.,1
I will use this as long as possible. Easy to use with no confusion. Very helpful in keeping track of all my financial information.,1
"This is one of the most terrible apps I have downloaded on my kindle fire, I was not impressed at all. It is too hard to input everything",0
I love this little ap. It keeps me on track with paying my bills and I'm able to budget accordingly.,1
"I highly recommend this app. It is very convenient for keeping track of your debits, there are other uses, however that is what I should it for and find it very helpful. Very much like a checkbook ledger. Cool app.",1
I have a couple of tablets with only front facing cameras. This means you have to go through some gymnastics to see both the code and what is being seen on the camera. What makes this one a good program for reading QR codes is that it automatically read,1
"This app functions well. The gui is functionally designed. You can scan, create, and share QR codes. What more could you ask for?",1
I have enjoyed the ease of using this app and it has been lots of fun recording the things that I am searching for and keeping them handy...such as for my house search. I can keep them organized and find them on the maps easily. It makes the chore easier,1
so this is a great all but for some stupid reason I get updates from Google Play AND Amazon's store. At least Google updates it automatically but the next day Amazon whines that it wants to update as well. It is the ONLY app I have that does this and th,0
Great tool. Not sure why it didn't come automatically with my phone. QR stands for quick response codes. You see these codes everywhere now. On water bottles. On store shelves. clothing tags. Toothpaste tubes. These codes can be handy. You can scan a cod,1
Works very well and I use it all the time. It is an awesome way to retrieve useful information. Very good app. I would download again. Thanks!,1
"I didn't think that I used this so I uninstalled it. Discovered that I needed it for the PBS Wishing book scanner app, so it's back!",1
"While the scanner did work, it did not work intuitively, and it gave me too many warnings about things like being too close to the code. It also felt awkward to me to press the button (which I felt I had to do in order to get it to scan ... either that o",0
"No problems, reads multiple types of codes just fine with handy Internet links built into the program. It's simple enough anyone should be able to use it.",1
"I haven't had this long, but it does what it says and so far no problems. Very easy to use.",1
"Easy to scan, simple to use, can even scan from pictures already taken. I don't use it often, but

it's great to have the ability. I see more and more codes coming around each day, so it provides easy shortcuts to links and media. Great app!",1

"I like the app, it loaded quickly and that could be because my phone is Droid, and it scanned perfectly and I accessed the site without a problem.",1

...barcode reader for Android. It functions perfectly on my Toshiba Thrive. I have not yet tried making a QR code but I do not doubt it will work.,1

"I keep having emails, magazines, books, stores, etc that expected me to have this and now I do so I will be ready next time",1

Nabbed this little puppy in my quest 2 get more information about certain products that were on offer to me it's quick simple to use and very informative when it provides the results,1

"i like it. so far it has worked, tho, because of limitations on my phone, I'm not always able to go to the webpage it points to, but that is no fault of the program.",1

"If you are a business owner, or are starting your own business, you can create your own QR code. It also will scan an existing code and tell you what is offered in it.",1

"This app was recommended to me by a friend, and it works perfectly every time! So easy to use, as you just line up the box over the bar code...and you don't even have to push a button.",1

Easy to scan! Super!,1

"I don't use QR Codes often. When I do have one to scan, I want the process to be simple and easy. QR Droid is reliable, opens quickly and automatically scans a QR code when passed in front of one. Then it opens the link automatically as well. Simple and do",1

"I have used other scanners, this one is faster and easier and opened the website better than the other apps I have tried in the past.",1

This is really cool Anywhere I go I can scan the item or items and this app can read it. Whether I use the "scanner" or take a picture from my camera. I can also create my own and it remembers what I have scanned before. It works fast and effici,1

This is the app for Android that will download barcodes etc. Very handy. I like having it available when I am shopping.,1

"It takes up a lot of space on my phone and I don't ever use it. But when I do use it, which is rarely, it works great.",0

"Simple and fast are the two words that easily describe QR Droid. I use this each week at minimum as our church has a QR code on the back of the church bulletin for the weekly Sunday service. Once you scan the code, the QR Droid takes you to the church we",1

"This app requires unneeded permissions, including reading contacts and web history which it can upload with full network access. Do not support these apps!",0

Works the first time out of the box on off brand android 4.04 tablets. I have not review all parts of this app only the QR reader. Great software,1

"Love this scanner. I wish this had caught on faster. The codes just don't seem to be as many places as it could or should be. I hope it doesn't just go away, though I will admit that even me, a proponent for this sort of cool code scanner, thinks it isn't",1

this is a nice app simple and it works plus it takes the picture automatically when it sees the code properly,1

I don't use droid because I have an iPhone and so I use apple and I have a contract with Verizon,0

"I can never remember my #. So now I just send my contact card, or let them scan it! I'm gonna use this a lot.",1

"I seldom give 5 stars for anything. It does as advertised, It is ad free, Fast and accurate, easy to use!",1

Would love it even more if I could have the option to resize the icons. This could be something the dev could include in a future update. But besides this point I'm very satisfied with this pack and I'm looking forward for new ones.,1

A moral imperative add on for CircleLauncher. Worth the price. 'Nuff said! This is a great add on for the add on.,1

I had \$2 in Amazon App Store money to spend and I purchased this icon pack to compliment the Circle Launcher app. I love all the options although I will probably only use 2 or 3 of them. I love beautifying my home screens and this added much more to it. ,1

"Immediately bought this after downloading the app. It's a great addition for customizing the widget, I like that I can mix and match the symbol and widget color.",1

you will love your circle launcher even more when you buy these icons. the other icon pack as well. Very well worth it. eye pleasing way to organize your phone.,1

This calculator is leaps and bounds better than the stock android calculator. I love the memory function. The UI is clean and very easy to use. This is one of two free apps that I use that I felt compelled to donate money to the author. It's that good. (,1

the perfect display on the Fire and works great on Android phones. I've used it for almost a year and I used it over my standard HTC calculator. Highly recommended.,1

When I first downloaded this app it took me a while to get used to the blocks. It doesn't look like a calculator app so I kept passing it up on my Kindle. Now I'm used to the icon and I use it all the time. I definitely recommend it.,1

This app is easy to use. It is easy to read. I would recommend it for anybody who just needs to do calculations in a hurry.,1

"The Cube Calculator is a joy to use. Its interface is simple, yet works harmoniously on my

Motorola Xoom and my Droid X. Try this one out for its good looks, speed and gives you what you want simplicity.",1

one of the best free calcs w/o irritating ads - easy to use and keeps a history of numbers when adding a list,1

I wish I would have used this before purchasing the one by stormin dorman. this is hands down the best calc on the amazon store,1

Very simple and easy to use. Extra large display makes it a pleasure to use. Very convenient for quick calculations and checkbook balancing.,1

The fact that this app is not only free BUT ad free as well is icing on the cake. Most apps that I purchase are disappointing a large majority of the time. The descriptions provide on most apps are rather exaggerated and are not quite as useful as they c,1

I chose this app based on a book recommendation. The app works fine and is very easy to use. The large display is helpful for those with low vision. It is also very bright. Now a misplaced calculator is a thing of the past!,1

"well, first of all, what I look for in a calculator of any kind, app or plastic, I make sure it has decent calculation features. check. decent amount of digits? it has infinite digits. check. plus it tells you the answer to the equation instantly, has yo",1

This calculator has more signs than any other calculator i've ever used! Its really nice for trying to do math homework!,1

"I have tried many calculator apps, but I could never find one that I liked better than my hp, until this on. I like that it displays both the answer and the equation, and the equation is editable if I need to correct or change it.",1

"I wanted to have a simple, easy-to-use calculator without all the bells and whistles for my Kindle Fire. After trying several other calculator apps, I stumbled upon this one and discovered that it fits the bill quite nicely.",1

This is a good scientific calculator. When you swipe your finger from right to left it shows another set of keys that handle logarithms and permutations and has a key for pi. After you get an answer you can hold your finger down on the answer and a men,1

This is a good calculator it's large enough and can do just about anything on it. Very user friendly. Which makes it easy.,1

"At last a perfect calculator, and one that actually has a division sign instead of a slash. I can only suggest one change and that is not to the program but, to its Icon. The blocks are great but how about adding a plus sign? Blocks indicating $1+2=3$ wou",1

This app works well on Kindle Fire. I was pleased by how easily the app downloaded to my Kindle Fire. I tried more than one free calculator and this one is very good. I have no complaint. The best is it was FREE!,1

"Simple, clean, great function - and a great value. Considering most apps like this either cost a buck or throw in ads, its welcome addition to the device.",1

the search function is useless. tried locating by map feature and that was a no go. I would recommend this cluster****.,0

"Fun and interesting to look at towns and scenery around the world. It would be nice if it could find my google maps, but not that vital. You can save and categorize lots of favorites.",1

"This app is amazing! You can search for live feeds and weather all over the world!!. Great for people who watch the weather especially like: fishermen, skiers, etc. You will simply be amazed! how fast everything is, wow!!.. Remember always though: It's E",1

"I don't sleep well and in the wintertime nights seem so long. But I know it's daylight somewhere - so I travel the world with this app. They seem to be adding more streaming cameras with each update, which is a bonus. Instead of a picture you get real",1

"I love the random locations, and especially in places I may never get to visit. It's also good to see places and help look for fun on upcoming vacations.",1

it is like taking an around the world tour. Some cameras better than others. clicking on random and see 10 different cities is fun.,1

didn't work. only had about 40 webcams. map had error message. poor ap. didn't work on kindle fire. no streaming cams,0

"This is a nicely designed basic math review app., though set up is a bit involved (so many options to choose from).Runs fine on Kindle Fire and it's free.Many thanks to the designer/publisher!",1

this kills bozos & makes them a lot better with the facts I barly knew my facts & I'm in6 th grade! this tots HELPS ME GET IT! !!!!!!! ;) ***** :) <3,1

This app is great in that you have to solve the problems and not choose an answer from a predetermined list (multiple choice). My math deficient 2nd grader took to it like a fish to water and I have watched as her confidence in her math skills have soar,1

""Let's do the Math" is a simple arithmetic learning aid. It's customizable enough to make it useful for kids from preschool to about 8-9 years old.When you first load up the app, you have several choices to make. In "Tasks to do," you set",1

"This apps instructions are very hard to follow, and there isn't much of them. Also, like I said in the title of my review it only goes up to 2nd grade math. I found this app pretty useless. There is no timer, it's hard to figure out and not at all user f",0

"Good for a reviewer or refresher, my girls love the program. It helps with enjoying math more as

well. Playing makes it feel like fun instead of learning.",1
 I do not recommend this because every time I try to play it takes me to the amazon webpage! if u download this u will regretted it.,0
 "I like this one because you can set it to where you have to enter the answer instead of giving multiple choice. On the multiple choice apps, he just hit answers until he gets the right one and does not think about it or learn his facts. He is memorizing ",1
 "seriously, if youre in debt, get out a pencil and paper and figure out a plan. this app is useless and cannot aid a serious attempt to pay down debts. for starters, cancel your data plan and sell your expensive phone. and definitely dont waste money on s",0
 This thin does no help me. Perhaps this is an app for someone who doe not have that many bills but for me with more than 10 it does no help me.,0
 This doesn't give any real help. The strategy should always be lowest debt to highest to wipe out more faster. Don't download. Listen to Dave Ramsey instead.,0
 I have a budget app. I wanted an app to help decide the order and amount payments to pay off cards and loans. This fills the bill. Appreciate!!1
 app says its free today but when i try to download it errors out saying i need to add a payment method to my amazon one click settings.,0
 I am familiar with most of the debt reduction plans that are used in this app. I can tell you that this makes it really easy. I couldn't be happier. Easily compare different methods of payment and how each one will pay off balances and when. If you are ,1
 Five stars for the funny developer review. Love that sense of humor! App is nice basic app for those who want to keep a handle on how deep a hole they're digging themselves into debt.,1
 "app is very usefull i got my amazon market debt paid off.. ;) good layout,..... good good app",1
 I love reading reviews it's like a mini soap show ppl whine way too much oh no the developer left reviews omg so did their friends boohoo who cares?! try the app review it not the developer reviews if it's great then ok if not oh well get over it. as for,1
 "All of the calculations this app does can be figured out with a little magic in Excel. But if you are either unskilled in that area, or lazy (that is my category) then this app can help you decide which debts to pay off and how much debt you will have a",1
 This is a relatively simple app that lets you enter in each of your debts and an overall monthly payment. It then calculates how long it will take to pay them all off. It lets you try different scenarios of payoff order to see which way is quicker and c,1
 "I find this app easy to use and quite helpful. I love the export feature! I can export my plan to an excel file, email it to myself, then print it. I like marking off the payments as I make them. It gives me a sense of accomplishment. I had a questi",1
 "This app is the greatest app to ever come along. Anybody who doesn't download this should just kill themselves. This app will do everything in the description, plus cure cancer, solve world hunger, and keep Arnold Schwarzenegger from getting any more",1
 This item is just what it says. It just did not meet my particular need. This app is limited.Does not have much going for it.,0
 So easy to use! This is the BEST debt payoff calculator that I've found on the internet. I've used it to amortize my credit card debt and I'm digging myself out of the hole by following the payoff plan recommended in the plan. I can't give this app enou,1
 You must be really pathetic to have to review your own app that apparently sucks. obvious when all reviews are either five stars or one!,0
 "glad to see developer has a sense of humorous & the rest of these twats need to jump off a bridge!! ill never use this app., but they got my dollar for tickling my funny bone!",1
 If you need an app to tell you how to pay off debt I think you have bigger problems. An app won't stop you from buying Starbucks or tell you it's only \$2.00 more for quality gasoline. It's also not going to yell at you when you buy snacks for a road tr,1
 every time I try to enter information it force closes. not to mention it suckered me into buying an additional app which I can't find to download! !!!!! Now I know why I don't do this crap on my phone or kindle fire!,0
 "I'm not the developer, and the app isnt the greatest. It does seem to function rather well it hasn't cured me of cancer. Mainly because I dont have it, but it has cured my lack of a smile from all the drama queen reviews!",1
 "wow, did anyone think to consider that the 'reviews' the developer supposedly left could be a prank? because this app actually made the world a better place... really, it's completely changed my life. app isn't for everyone",1
 "This app is really nice! Nice and colorful tabs. Love that this app syncs with my Google calendar. Has alarms. Can set dates by week, days, months. This will be my main calendar app. I can set agenda's, folder's, private things, make lists. I was really ",1
 "Works great on both Motorola razr and my Hubby's Droid x. We sync both calendars easily. I like that I can set colors for different members of the family, and I can do things like save an event to repeat every other Monday and Wednesday.",1
 "on kindle fire it doesn't sync with google calendar, only task manager. tries to install on my Droid 2 to see if functionality was different than on Kindle Fire. on my Froissart it just crashes

as soon as installation is complete. this app is worthless",0
 I love this app. It syncs with Google for me. I like that I can choose which calendar to have events show up on.,1
 Does not match screenshots but is a decent app.Nothing different than using Google calendar and has interesting permission request s,0
 "I found this like many as FAOTD. That being said, I got my money's worth. The add says you can sync, but like the other reviews I found... you cannot. Out dated, as a new version has been released. No help files, or support.",0
 Great app for google calendaring. And I got it for free as a FAOTD!I highly recommend it if you're looking for a replacement for the stock google calendar.I'm using it on a Xoom with ICS.,1
 I've used this since the first version for pocket pc. The android version seems to be a bit sparse. The only thing that kept me from buying this was the lack of a widget. I still squeed a bit when it was the free app of the day.,0
 "I always read reviews before I download anything free, paid, or faotd. This time I decided against the majority of poor reviews and downloaded anyways. I have a nexus 7 2012. This looks exactly like the screen shots for me. Not only that, it synced every",1
 "this app, on any platform is always one of the best. we all know the difficulty in programming for android market. this developer had been replying to everyone. I am using this and am very impressed with project to date and responses do far. I know it wi",1
 "Ok, I downloaded it. Now what? Not user-friendly, and no instructions. Maybe others can figure it out, but for me the amount I've time I've already wasted makes this useless. I've added tasks but can't find them. I'm frustrated by this app.",0
 Pocket Informant is an excellent calendar app that keeps getting better all the time. I've tried most calendar apps and it's one of only two I consider usable.,1
 It is even synching with my gmail account. I'm a Mom of 4 kids and a college student. I'm going to love this app!,1
 "Sub tasks are not indented. No widget. The calendar views are pretty enough, but even for free it's a waste if space.I use ""Google Task Organizer"" and ""Calendar Pad"". They have free versions, but even if you buy both, that's \$6 instead of \$10, and the",0
 "This app is great and works flawlessly. For you Amazon Fire users, there IS NO Google calendar on your device because it is not an official Google product. There is nothing wrong with this app and should not be rated down because your device is lacking.I",1
 "I really do not understand the people who expect that their smatphones works like a PC or Mac. This is really good application if you learn how to use it and that is really not difficult. It is very good. You can use it as a calendar, remainder, attach a",1
 "I apologize. I do not remember this application. Evidently, I have deleted it from my tablet. I am still giving it a 5 star rating though. Sometimes, I just delete application which I do not use or have too much memory.",1
 Not sure why others having sync issues...I installed and immediately saw my calendars All 5 of them. Works great although only spent about 15 minutes so far but really really like the various layouts with a calendar view with list of events below it. K,1
 just want to tell the community that Google calendar (and task) syncing work.please don't blame the dev. just go settings - synchronisation - Google task - enable sync...alto don't Forget toi specify default calendar when creating new task otherwise it,1
 fantastically customizable Syncs with google calendar and tasks and with Toodledo Displays monthly weekly and tasks fuse and combinations. well worth the price in my humble opinion. the best calendar and tasks app I've ever seen. everything customizab,1
 Have attempted to use this for about a month now and have continually had multiple problems! Attempt to modify an event & it creates new ones; attempt to delete events & it creates new ones!Attempt to go to monthly view & nothing happens,0
 I got my new Kindle Fire yesterday and needed a calendar. I don't use Google calendars or any others and so I was frustrated that every calendar app seemed to want to sync to another account which I didn't have. I just wanted to be able to enter events,1
 honestly I just made this review because I feel bad for the app people. it can't sync with Google on Kindle Fire because of the way Kindle Fire is made. not because of the app. although I'd be livid if I'd spent ten dollars on it...but it's the FAOTD (Fr,1
 "Disappointing that this does not sync with Google Calendar. As a Fire and Android user, I've been looking for a good free calendar for the Fire, and had hoped this would be it. Unfortunately, it's not.",0
 Seems to be working very well so far. No glitches or problems that I can see. The only thing I don't like is that appointments all default to 15 minute alarm setting so I have to change every one. 15 minute notice is not enough for most people that us,0
 it has a steep learning curve but once you get used to it you'll realize that it is an awesome replacement for the default calendar. I use this all the time to keep my appointments and reminders. The only things it is lissing is synching with google cal,1
 Wow free app of the day and it is the old version. Way to go Amazon. Don't waste your tim eon the out of date app.,0
 "With the last update the Kindle Fire version has gone from ""marginally usable"" to ""will not run at all"".If a product that is essentially a calendar has to state ""Kindle Fire doesn't

support calendar"", then it shouldn't be offered for sale on the Fire.",0
"Just tried this out and it seemed like it was going to do the job for me (I don't care about snyching to the Google Calendar). My big thing was that it needs to work offline, and it seems that it does. However, when I tried to add a contact,it promptly c",0
why should a app be so BIG!!!this app has EVERYTING in it. contacts and adresses of skype of phone of google and agenda and mail and messages...putting everything together in one app...?that is where we have android for.. to have several smaller apps wi,0
"I agree with a another review, how can they pass this off as a 9.99 app when this is v2 and they have released v3? Luckily for me it was the free app of the day, but I still uninstalled it immediately. Amazon is partially at fault for offering an out of",0
They sing praises about features of this app that are not even available. They should have to call this app by another name because it is not the Pocket Informant I have used before from the Google play market.,0
App continues to freeze/force close. If this issue is ever fixed I may change my opinion. However in the meantime I will continue to rely on Google Calendar.,0
"I have been wanting an app like this for a long time. Exactly what I was looking for, maybe now I can get organized. Thank you!",1
"If you're concerned about your privacy...steer clear of this app. It requires far too many permissions (most notably, access to your email) than is absolutely necessary. Use the OEM calendar instead.",0
Loads contacts for you when you connect to email. Calendars are easier to use than others I've used. Like having everything in one place and I don't have to buy a calendar every year to put in my binder!,1
"This is v2. The devs came out with a (almost) completely rewritten v3 app. That means this one is an old, obsolete version and a poor FAOTD offering. Very disappointed.",0
"I have used Pocket Informant as my calendar app for years. Works great. I especially like the view that looks just like a paper calendar.No, it doesn't work on a Kindle. Giving this app a low rating because of that, when it tells you right up front tha",1
I've looked at probably a hundred task and time management apps and PI has one of the most detailed implementations of the GTD method that I've seen. I have both the iPhone and the iPad versions and I'm very happy with both of them. It comes with no less,1
I can't figure out how to enter account information for my google calendar / tasks account or my exchange calendar. Why would amazon pick this for the app of the day when there are millions of kindle fire owners that can't use it. not impressed. kindle f,0
"By the time I read through the reviews and opened the app, the calendar had sync'd with google before i pressed any buttons other than "open". For the OS users, sync that to google and it should be fine. Also, I believe that there is a toggle",1
"Excellent calendar, unfortunately it keeps making me sign in to Amazon to authenticate, sometimes more than once a day. takes 5 minutes to go through the process just to check my calendar. If not for that it is a great calendar.",0
"This app is by far the most useful calender app available for the Kfire, and to get it for free is a bonus. It has exactly what I need, its simple to figure out. I must admit that I don't have anything set up through tootle and I don't care to import my ",1
"I read the reviews (which were not that great)and decided to give this a try . glad I did!I do not use any other organizer app, just The google calander that came with my phone. I have a Samsung galaxy note 2 android VER. 4.1.2...i was pleasantly Surpris",1
"Sync's up smoothly with google calendar, I like the option of mini text on the monthly view so I can see a quick overview of all upcoming plans. No complaints yet",1
I hate seeing an app flamed due to reviewers inability. Someone was mislead by the product description? Learn to read. Says nothing about google tasks. Doesn't work on kindle fire? That doesn't make the app suck. It means your kindle fire sucks.Runs just,1
I was looking for something to replace my Datebook6 Calendar that I used to use on my Palm device. I thought I would have to compromise and give up a lot. I didn't. This is an incredibly useful app which is highly customizable. There are a number of diff,1
"I have used this app since it was in Beta (October 2010). Since the first beta til launch (nearly 5 months) the app barely improved. I bought it at launch for \$6. Since then, they've raised the price. As a free app, I'd download it and try it. You've got",0
"This is quite a useful app. It is like a digital day planner and more. It's easy to use and has so many helpful things to help keep appointments, birthdays and all organized. You'll have no excuses for missing dates, times, addresses, anniversaries etc. ",1
"Very great app, but they dumbed it down to make it cheaper. Not cool. All other markets get the Outlook sync features, except Amazon. Might be OK for tablet users, but really sucks for phone users. Will change to 5 stars if we get the missing feature.",0
"Great task manager, calendar, event scheduler. Lots of customization options available. Very kind of the developer to offer this as the free app of the day. Thanks!",1
Works great on the Kindle Fire. I really wanted and needed a calander / to do / reminder type program for my Fire. Works great. Thanks for the gift Amazon.,1
"I dont know what those other reviewers downloaded, but the color tabs are there, the easy to use calendar including the full 31 day or week views, all the screenshots are accurate. This is the

same great product i grew to love back on my pocket pc.",1
 "the other reviews are being untruthful again, this synced my Google accounts automatically and other calendars perfectly. but again Amazon deleted my 4 star review. They never delete one stars so here you go.Great app. if you take the time to look at it ",0
 They ported it to android without using any of androids capabilities. Business calendar free is way better. Needs a ton of work and is useless without a widget.,0
 I used this on the iPhone. I thought it was great until I tried Business Calendar for android. This doesn't even come close in terms of usability and rivaling a desktop experience. Buisness Calendar has much better calendar views.,0
 "There isn't space enough to do this app justice. I haven't learned all of the features of Pocket Informant, but just the calendar features are outstanding. Some of the features that make it stand out are: the ability to sync and update with my other ca",1
 "Pocket Informant installed and performed flawlessly on our Kindle Fire HDX 8.9. The display quality and content is even better than that which appears on the ""Test Drive"" demo. In Landscape mode, additional information (such as a calendar) appears on th",1
 "One of the most touted feature for this app is the ability to sync with Toodledo, a cloud-based task provider that is much more robust than Google Task.Pocket Informant (PI) ""supposedly"" have the ability to automatically sync Toodledo task in the backgro",0
 I usually don't review apps but I just downloaded this app since I use my calander just about everyday.This app just seemed easier and more interesting to use. So I'm very happy with it. It synced with my Google calander with no problem.I'm using HTC G2.,1
 "I downloaded this app because I thought it would be pretty cool to have a top-of-the-line agenda app on my phone but was quickly disappointed. As I sat with the app open, I realized I had nothing to do this week. Or next. Or the next. Nothing. Not even s",1
 After great success with it one day it crashed and I have lost six months of appointments and am furious!!! How do I retrieve them??? Not at all dependable.....and I used to rave about how great it was!!! Bad bad bad!!!,0
 "I thought it would be better. Most reviewers complained about syncing issues but I didn't care about that. I had some force close issues when changing daily and weekly views. I also couldn't figure out how to turn off the highlighted work times, even tho",1
 "I was impressed at first but... Firstly after two months of information went on - as well as another 3 months forward, I received the following error: ""Sorry - The application Pocket INformant (process net.webis.pocketinformant) has stopped unexpectedly",1
 "Couldn't find any way to make this useful. I like my calendar and Noodles app better. Mayne I wad missing something, but everytime I tried to get into it, ther was nothing to do. Uninstalled.",0
 Please don't buy. This app does not sync with anything and when you check with the developers you are told it is a kindle fire problem and not theirs. Yes if you are selling on a kindle fire amazon store then you are responsible. Instead of removing th,0
 The bottom of the calender is at the very top of my screen. It's a useless app. Don't get it and don't buy it. There are other an better free planner apps.,0
 "I have been trying calendar after calendar app trying to find one that works well, looks good is simple and effective... This is the first one that fills all those requirements.",1
 "They came out with version 3 already so for a free app they give us version 2, um yea.....would have rather the version 3 be the faotd instead of this....",0
 "This is one of the most complete todo apps on the market and it works perfectly on the atrix 4g. It does use your built in calendar to get the days agenda, so if you have google calendar it should work",1
 "Once again another big failure for nice calendars. It does not sync with Google in the Kindle Fire. I thought that was the whole point of spending money in a calendar, it's a good thing I got it for free.I have to say, though, that the interface is nice ",0
 "When installed on the Kindle Fire, this app doesn't sync with Google Calendar - it only works as a standalone application. Without sync, this app is pretty useless.",0
 "The actual product looks nothing like the screen shots. Also, this does nothing that my phones calander does not already do. Glad I tried this as the free app of the day so I did not have to waste my money.",0
 This could be a great program if it was compatible with Android 2.3 or better. It does not work with Vizio vtab tablet. Not compatible after upgrade.,0
 "Sorry, but this program is useless on a Kindle Fire HD. It just doesn't work. It may be a good Android program on phones or other tablets, but don't download for Kindle Fire HD.",0
 My 4 year-old didn't even like it and that isn't saying much at all. Do not get this item you will delete it quick,0
 "I got this app to use from a friend's recommendation and was so excited till I tried to download it, and found out that it wasn't compatible on my Kindle Fire HD.....:-(",0
 "I dont know why but for some reason it says it needs a feature enabled and everytime I enable it to try it, it doesn't work. Not sure why.",0
 I wilsh all of the apps you download were very easy and self-explanitary. I could not even try it because it was too hard to do anything with!,0
 This app freezes once you change keyboard settings. It sucks and it makes me hate this kindle more and more. Should have bought a Nexus tablet.,0

My " TOP OF THE LINE KINDLE FIRE 8.9 " 4 G L T E @ \$ 400. " will not run this. This compatibility and other issues where apps need permission to run on kindle makes me think I made a poor decision in choosing to buy 2 kindle fires 6 mont,0

"Thought it would be fun to scan lables on kindle fire. App loaded but tells me to change keyboard type. Tried, cant. App won't work-disappointed.",0

"Fun when your bored, or with friends. This version offers more questions:)) Love it, I started with free version but upgraded right away!!",1

This is the best mash app ever. You can pick your own questions and save and email your results. It does cost 99 cents but it's worth every penny. In my opinion it's the best mash game ever. The only downer is the email doesn't work on the kindle fire.,1

I love mash! 40 years ago in 5th grade me and my pals played this! when I showed them there we so happy "lol" as the cool kids say,1

this app is effing amazing me n my friends can b stupid n its worth the 99 cents i always play this game but you will have fun with it just use ur immagination,1

"Dumb, pointless and crashes all the time. Note that all the 5-star reviews follow just about the same pattern? That's because they were written by the same brilliant mind who wrote this waste of a "game".",0

"I got this app because i like to play it with my friends on paper, but that takes awoke. So i saw this app for free, but got the other one. It has a ton of questions you can choose from. I know, it costs 99¢, but hey, you will use it a lot and it is",1

I always am playing this game with my friends. we love it so much as an 11 year old girl this prompts my imagination giving me better grades in subjects like English. buy it buy it buy it,1

"awesome app! so fun to play everywhere! cute and charming, I love how you can email and save your stories! I totally recommend this app!!!!!!",1

this game is the most awesome game I have ever played I love all the mashes I love it so good,1

"I luv this!!!!!! I did this to my sis and just to say,her life STINKS. hahaha!!!!!! so fun I recommend this game for EVERYONE¡!!!!!!!!!!!!!!",1

I didn't buy it but it sounds the same as the free version. q w e r t y :) la la la,0

Its sooo funny when im hanging out with my friends and using this app.i luv it. yhu should totally download it!!,1

"And my quest for the perfect (and free) stop watch app continues...So far, this one is the best I could find and it's as close to 'perfect' as they come. Briefly, this is what you get out of it:- Count up or down (to switch back from count down must 'zer",1

"This stop watch app does all I need. Fast response interface. Count down timer. Lap timer, that has the splits listed on the main screen for easy comparison.",1

"It's a great stop watch, and we use it for home-school related activities as well as for Bible Drill timing.Easy to use, and easy to reset - love the ""restart"" option to be set for pushing the start button - each time you touch the start button, it will ",1

"I tried to use this app for time-sensitive art, and for counting down it was fine. But, the problem is that it never stops. All day long I get the notification that the count is done, but I never set it! The app does its own thing. Uninstall.",0

"I was looking for a good app to let me time various events (grilling steaks, recording movies, etc.) and this app fits the bill. It has many more options than I need and it's free, can't beat that!",1

User friendly and gives options on the usage. Good for classroom timings or sporting events. Easy to read but no sounds.,1

Did not work as well as I wanted on a Kindle Fire. I found other clocks that met my needs.,0

works great. only complaint is that start stop buttons too small...perhaps an option to change would help some. like that it functions as a stopwatch and a countdown timer.,1

this is the worst app i ever got. this app will keep resetting itself every day waisting your battery. if u use ur device for everything have fun with the annoying beeps and battery wastage. DO NOT BUY!!!!!!!!!!",0

Just read the title till your convinced to buy the app. way better than the homework app I gave 2 stars. this one is G -R -E -A -T!!!!!!!!!!!!!!!!!!!!!!",1

My device is protected by a security provider I trust completely called TrustGo. It says that this is a high security risk because it uses a what sounded like a Japanese scam website that is basically a bunch of hackers who put viruses on your device. Th,0

"It is a stop watch plain and simple so that part gets 5 stars. However, when using it on my Kindle Fire it continues to make notifications pop up saying it is done counting when it wasn't even being used! A very annoying side effect.",0

"I just needed a simple stop watch because I like to take my resting heart rate throughout the day, it does the trick",1

"Good app 4 timing people. I like it. I am hungry. Man, cake sounds soooooooo good right now, oohhhh, i have an idea! BYE SUCKERS!!!!!!",1

"Clean, simple and easy to use... thank you! Nice options as well. To add even more usefulness, please consider having the sound at the end of a countdown be continuous or repeat until stopped. This would make this app not only the excellent stopwatch",1

"LISTEN TO MY POST ABOUT THIS APP OR IF YOU DONT LISTEN, DOWNLOAD IT FOR YOURSELF!! I LOVE THIS APP!! I CANT THJNK OF ANYTHING ELSE TO SAY SO ITS AWESOME,TRY IT OUT, IF YOU DONT LIKE IT THAT IS

YOUR OPINION BUT I WILL KEEP MINE OUT THERE!!",1

Obviously based on the game Dominion I became hooked on this app instantly. I hope for a version 2 or update adding more conquests as I worked through them quickly. I still love to play though on quick mode. Great game.,1

"Test device: Samsung Epic, Android 2.2I never really got into the trading card games like Magic and the like, but got a passing familiarity with them and how they are played. I decided to go ahead and give Fortunes of War a shot, mostly because I liked t",1

"I'd like to say this is a good way to spend a few minutes, but I've spent too much on it to truthfully claim it's ONLY a few minutes. The game is, as already written, much like Dominion, with a tarot-like fantasy theme. What's cool is that in each scenar",1

if i could give this game a negative star i would. it Sucks with a capital S. it was cool at first while playing conquest mode then turned into an uphill struggle. it cheats. hours of my life thrashed trying to get cards that I'm constantly denied and al,0

I have played this game alot. The game is very easy to learn and has got a lot of options.,1

"I was a little concerned that the accuracy of a bubble level on a phone would be even remotely useful. I found the retro camera's level pretty accurate, so I gave the RIDGID a try, and was delighted that it handled level and plumb as well as a standard 4",1

"This RIDGID ""Digital Bubble Level"" is incredibly useful, works perfectly after being calibrated (easy to do), supports the camera (allowing alignment with cross-hairs), and is free without adds. The three bubble levels displayed at the same time makes le",1

"This is one of those apps that does what it says it will do. As long as you have a source for calibrating it it will give good readings. It's also handy for checking the angle on, let's say, a table saw. You zero it to your table then find out what angle",1

"This is a very cool app. It is a level that is very accurate, has 45 degrees, Vertical, and horizontal levels. Reads out in degrees out of level. Has a calibration adjustment as well. very handy.",1

"Plain and simple - this turns your tablet into a bubble level. I know there are 3 or 4 levels in our house and garage, but finding one when I need it is time consuming. I always know where my tablet is so I will be using this one quite often. PS - you",1

"This works great, BUT... you have to take any case off you phone or it won't be accurate. I use an Otterbox Defender and taking it off at a job site is not an option. But I wasn't really expecting it would replace my old-fashioned bubble level.This has",1

I downloaded it on my iPad and then it said I need adobe air so I downloaded that and it still would not work,0

Good for use on the fly when you don't have access to your tools. Appears to be reasonably accurate in most situations.,1

This is outstanding. Would love it if they produced one of these for the physical world! I would love it if they added a virtual plumb line and table top bubble level.,1

This is cool. I'm hoping to get how to work it properly. This can be really helpful for stuff around the house.,1

Who would have guessed that this app would be so sensitive? It even measures down to tenths of a degree!Fun application!,1

The level can be set to make a tone so you can HEAR when something is level if you can't see the display.,1

"This is so simple. I was always losing my little level. Now it's on my phone and it works just fine, at least for making sure pictures are straight.",1

"works great on my droid 2.2 - remember you need adobe air. nice work! I have not had a chance to use it for a project, just tested it out. but I never know where my levels are and phones always there.",1

i tried a couple apps for bubble levels. They all were the same. This one gives you the addition of an angle .,1

I was using another app for a while; but this one provides three types of leveling at the same time. I wish it could be magnified; but it still does a good job and is easy to use.,1

This is simply wonderful! what a great addition to have it make a sound when level. perfect for when outside and can barely make out the screen. Thanks Dev!,1

"This is a great use of the tablet's gyroscope. It's a level and works great at being just that....whether you want something leveled horizontally or vertically, it works like a charm. No more turning the level to level out the table...just set the tabl",1

"It may be innocuous, but look at the permissions for this app:PowerManager WakeLocks to keep processor from sleeping or screen from dimming;I'd also question why they need access to networks, but my big problem today is with the above.I do not w",0

"this is the 2nd worst app I have ever downloaded on my kindle, as there are little directions. any time you mess up, you have to restart the level which causes you to loose points.",0

"Remember those tile games we played as kids? There was one open space and the object was to figure out how to slide the tiles around and finally complete a pattern?Well, this is kinda like that, but not. Lol...how is that for vague?It's a simple strategy",1

When I first played this I was hooked. I love puzzle games. I haven't played in the pass few days though. Just had to take a break and try other games. I assure you that I will return to play this app.,1

"If you like puzzles that are mind-boggling, then this is for you! I love this game. It gets very frustrating, but I love the challenge. I play the relaxed mode so I can take my time and think about what the next move will be. It's very addictive, and",1

I am 8 and this app is NASTY I've only had it for 2 days and zip through it just to get some ideas and even on normal only mode there is some ADULT CONTENT. If children play this I'd say they are very IDIOTIC children. I highly recommend the mangobird on,0

Remember playing it when I was young so got this for my girls. They love it and have a lot of fun.,1

"The developer did not include a check to see if the question had recently been asked, so it tends to dare people to do the same things over and over. Variation would be an improvement.",0

I was playing this and it kept telling me to"wrap yourself up like a party present"and it was annoying,0

I got this and immediately deleted it because it asked me if I wanted to play adult dares.... ummmmm I don't think so. I'm not gonna have anything with adult content I'm 14!! Shouldn't have adult games for sale in a kids app store!,0

"This is a good app, but it left me wanting more. It is one the better truth or dare apps, though. It is NOT at all inappropriate for all the parents and sensible children reading this. It is a great game for sleepovers and parties! There are many ads, so",1

there are ads taking up the whole page almost. images are real grainy and cheap. dares suck. "put peanut butter under one armpit and jelly the other. wipe it off with bread and eat it"don't waste your time,0

Are you serious I am so dissatisfied with this app I mean the whole point of this game is to make you laugh or get really surprised or something happy but seriously this is just stupid it says wrap yourself up in a Christmas present as a dare and for tru,0

this app is just wat i was looking for i had some really good sex all night it was.the best night of my entire life,1

I am only 9 and this game is gross i was checking what some of the dares wereand it said take of your pants and sit on the opposite sex of you for 30 seconds so don't get this app I AM WARNING YOU DONT GET THIS APP.,0

I am 13 and this is the grossest app ever. it told me to strip to no clothes and for thirty seconds anobody in the room can rub or massage e anywhere. I do not approve of this app and I do not recommend it for kids around my age. I would really appreciat,0

everybody hates this app so I do too. ads suck. now add several more words to tell u I hate. apps with too many ads.,0

OMG this app is terrible. The jokes are terrible with the little jokes there are! If you want my oppinion don't get this app!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!);,0

these are not even jokes like seriously who just thinks they are good they are horrible. ew. i wouldnt dare look at it,0

look you should see how much i hate it there is like thousands of adds and there are nearly any jokes and guess what you wouldn't believe that there is this person said it should be rated five stars and stuff like that i just wish that person would be in,0

Did not work on my kindle fire at ALL! after entering all of the tedious required info in order to link up my various accounts it would not find places on foursquare or even go back. This useless app was quickly uninstalled! don't waste your time!,0

I couldn't resist. I Love this product because it allows me the opportunity to manage all of my social platforms at once and schedule posts when I know that I am not available. If I have an issue with the app I just tweet hootsuite and they respond right,1

"I use it all the time for our customers for advertising on the web, tweet, etc.recommend it to all.",1

"Loving Hoot on Fire. Don't fancy twitter app, tried tweet caster for weeks, way too slow although liked features. Tried Hoot to speed things up & it really flies on my Fire, & features are excellent. give it a try!",1

it does what I expect and it is great. I only use it for twitter and its the best twitter app ive used.,1

"If Twitter seems overwhelming, but you can see some intrinsic value for your business/cause/event, I suggest HootSuite for managing all those streams and #topics. I must say I like TweetDeck's ability to allow a longer post, but w/ practice, you'll get t",1

This app makes it ready and convenient to keep track of all my social networks. I would definately recommend it.,1

"Whether business or personal or both.... this IS the APP. Great on pc or mac .. seamless on Android and Fire. Have used Pro for 4 (four)years for self and three (3) clients. I can see ALL ACCTS INCL Facebooks, LinkedIn, Twitter, ON TEN ACCTS AT ONCE. ",1

I love being able to juggle my personal and business twitter accounts at the same time. Huge time saver. Must have.,1

I am very impressed with this free app. The interface is very user friendly. I enjoy using it just as much as the desktop version. There are no annoying ads. I would very much recommend this app.,1

Every time I try log in to twitter it tells me there is an incorrect username and password... but I haven't even been able to add my twitter username or password. Facebook works fine. So frustrating. It seems like a common problem between all KF twitter ,0

"You can use it as a basic twitter client, but the real power comes from having multiple accounts and getting the same power as the website. You can even go to the website when away from your tablet to schedule tweets,.etc. I love the product and think th",1

HootSuite is my twitter and facebook client of choice. It makes scanning all my twitter lists a quick and easy task. I use it on both my Kindle Fire and Galaxy S3 with no problems at all.,1

I could not get this app to work correctly but it might be my crummy no-name tablet. I just kept getting stuck in a loop between setting up the account and adding any social media account. I just uninstalled. But it may work well for you.,0

I was loving this app until the update three days ago. Now it won't even load my accounts. Literally nothing at all. Just a blank page. Now I've had to switch back to Tweetcaster and my regular Facebook app. Why do these apps keep having updates that ru,0

"This is definitely one of if not the best app that combines multiple social networking sites. Fortunately it's a free download, however, I would DEFINITELY pay for this app if I had to! Congrats to the developers, and thanks for such an efficient yet ef",1

"HootSuite is a great app for managing multiple Twitter accounts, plus Facebook, and others. The free version will allow up to 4 Twitter accounts. It can post pics, shorten links, retweet in different ways, and more. It's quite versatile. Hootsuite is my ",1

This is a good FREE tool to manage my twitter feeds and status on FB and Linked In. I'll keep it.,1

I just updated the app and it no longer works. Its totally garbage IDK if its hootsuites fault or Amazons but it needs to be fixed ASAP,0

"It won't let me add Facebook after I added Twitter and LinkedIn. It says I need to pay for pro to get a 5th stream--but I'm only trying to add a third! Without Facebook, it's pretty much pointless.",0

"its all you really need for a program that is meant for multi-posting. if you expect to much you'll be let down, but it does what its meant to do without shutting down so I like it.",1

"Those complaining about Foursquare not working on their Kindle Fire: Kindle Fire doesn't have the gps set up needed for foursquare, that's why it isn't in the app store itself! it's not HootSuite's fault!",1

I am a tweetdeck fan but after using Hootsuite I have started to get over the fact that I can't have it on my Kindle. It's a great app and has several features I like better than tweetdeck. Downloading this app is just like getting married to your second,1

horrible game.. to confusing and doesn't even tell you what to do.total waste of time ..would not recomend .not even worth downloading,0

warnig spoiler alert!Love it! Was so hard at first but now I'm done! the guy and Aphrodite was easy! 1.feed goat food 2.ask if she can go with you touch her icoins and to the hill tata! so there's your hint from me now go download this game!love it!,1

"omg I did not get what to do it was a waste of my time, I wish I didn't get it",0

"This app is horrid!There I was, innocently looking for a appropriate truth or dare app, and I came across this one, read the reviews, thought I should try it out. It downloaded in one second, of course I should of suspected it would be bad but really?!!?",0

do not get this app!! some of the questions would be: have u ever flashed someone before?remove any 4 articles of clothing for the next 3 rounds.run around outside in nothing but your underwear.yeah very very very dirty app!! I deleted it 2 minutes after,0

"Chances, your answer is ""no."" If you answered the other way, you might love this app. Its got a huge ad every time you open it, two more on the title screen, and yet another one for you while you play! Oh, and what a game playing experience you will have",0

one dare said " I dare you to prank call your mom " that's illegal man! u would get arrested,0

I love it. its the best. its so cool dont listen to those losers. I personally love it.the best game ever,1

I dare you to get this app it is so awesome me and my freinds play truth or dare all the time but most of the time we can not think of any good ones this totaly helps with that.,1

who cares that stuff is illegal your moms not going to get u arrested this is a good app if u have a problem with what it says to do then uninstall it dont through a big deal,1

spo stupid all of the truths were things you are just like balh and the dares were amazingly boring.:)Have a lice life!!!!,0

i love it im going to have a slumber party and use this app and it has no bad words in it,1

this game is a rip off. sure its fun once or twice but its the same truth or dare. I was looking toward to playing it with my brother and at parties. disapointing!,0

BUY IT! get it free right now out of this world. yo :) or if you don't which you should but it doesn't. matter anyway ok ok as I was saying if you don't. like it here it is :(babem,1

I waited for 10min. and I am already dead right there. then I waste my time playing because it keeps doing the same damn thing gosh!,0

This app only does one thing. You think of a number between 1 and 99 and it "guesses" your number by process of elimination. it's a trick that any 3rd grader could do.,0

Get a grip people maybe the s in games refers to you playing multiple times. The app does what it's supposed to do albeit in a bare bones way. The description tells you exactly what it does and it's only two sentences not one of which is "You won't,1

"Reliable, digs out all the stations and can record a program too! It even has sleep timer for bed time. Lots of other great features too.",1

"you can tune in to just about anything... this app is great. however, be advised that the police radios are not generally family friendly and tend to perpetuate racial stereotypes at times. bloomberg and the bbc are instant favorites that i cant receive ",1

"I have never been so happy with an app as I am this one. It picks up channels everywhere in the world, including police transmissions and emergency calls. It's easy to use. I'm not going to get windy, the number of good reviews speak for themselves. I'm ",1

I can listen from anywhere and everywhere! AM and FM with or without ear buds. What more coulda anyone want. Thank goodness for the internet and all the creative people who make it outstanding :),1

It was free during the holidays. Tried it out and it is much nicer than i expected. It has a ton of features and lets me listen to NPR and I can record it. Havent had any issues with local radio other channels it can be finnickly some of the channels take,1

delete tune in radio and then install it again im not sure if your music will still be there but the update will work,1

"Honestly, one of the things I was jealous of the iOS devices was getting this app. Now o regret getting the app on my iPod touch. I can always be connected where ever I go! I'm glad to have the ability to record radio, especially with anime and Japanese ",1

"I have this on my ipad as well as this version on my Fire. It is a beautiful, easy to use app. But I would really like two features that are missing in the version for Fire. First, I would like to be able to schedule recording rather than have to hit ",1

I moved to a different state and I was so glad to find this app couple months ago. I never miss my favorite morning show. Looking forward to recording now great for my busy mornings when I can't really pay attention to the radio.,1

I use this app more than any other. Runs without crashing. TuneIn is always updating app. Well worth the inexpensive price. Could use some tone controls or an equalizer.,1

this is the best radio app ever sure beats having to use my traditional bulky radio. you can even stream to different countries. best radio app EVER,1

"With this app you can listen to any radio station in any country in any part of the world. I was born and raised in NY and now live in FL and I hate FL radio, but w/ this app, I can listen to my favorite stations in NYC. I'm so happy!!!",1

I've seen some negative reviews for this recent update in other places. I updated it none the less. I like to judge for myself. One big critique was about the addition to add social media - Facebook and sharing what you listen to. I see nothing wrong wit,1

i love how it picks up my local stations and so many more. like how it has the categories too,1

"Radio from around the planet, searchable, fav-able, and record-able! Found exactly what I was looking for, then found a wealth to discover. I could not be happier.",1

I like this radio app better than the heavily advertised competitor. A note to those one star reviewers who are upset that the app won't install; it is fixed now so at least have the decency to change your review.,1

"I have this app on my tablet and couldn't ask for anything better. The sounds are clear and the choice of stations is great. I have accessed a number of podcasts from favorite offerings. I don't have a lot of time during the day for radio, so this is r",1

The latest update won't install on my kindle fire HD. Very annoying. Had to reinstall the free version. Please fix!,0

I love the fact I can listen to Radio stations in other parts of the world without having to be on other parts of the world.,1

Better than the freebie. I really likelistening to talk radio or my favorite music. It is a must have on your Fire.,1

"I listen to several radio stations outside of my market, and I use TuneIn radio. I love sports talk radio in Dallas and use this app to keep up on the news/hot sports opinions on my favorite Metroplex teams. Record up to an hour of audio to listen to lat",1

"I think it is a little more than suspicious that this app runs at startup and continues to run in the background.I don't know what the app is doing, but it certainly isn't working OT to improve its streaming; this app is not as good as it used to be.",0

"NOT JUST ONE BUT MANY STATIONS TO CHOOSE FROM, ITS FREE AND YOU CHOOSE YOUR OWN STATIONS. NICE FREE STATIONS AVAILABLE. GET IT ITS WORTH IT",1

"This app works amazingly on my Droid RAZR, has all my local radio stations plus one thats not well known, and coast to coast",1

"Works great. It has LOTS of radio stations and pretty good searching facilities.I wouldn't call it a battery hog, but I use it so often, when outside doing yard work, that I ended up buying a bigger battery for my phone. It lasted 3-4 hours before and ",1

"Awesome App!! Totally Worth the .99 for this Android App has lots of features,you can set preset stations and lots of other Goodies!!",1

"I work in Pennsylvania and I listen to my favorite radio stations from Milwaukee, WI. I have streamed radio in the car without buffering for over an hour. It works like a charm on WiFi or on my 3G network.",1

love this app. It's so much better then the I heart radio app. will continue using this in the

future.,1

its awesome I always record music because there is a music button. where u can record it and when you record it u can listen to it later even if u don't have Internet connection I use it all the time when I am in the car because it is already recorded,1

"The thing I like most is that I can record shows I'm listening to for later, either to share or to go over what I couldn't listen to without distractions.",1

i think that if you like music sports or any other thing you can listen to then get this because it has all the games and lots of good music i myself like country and if you like new country look for jake fm,1

Love to here music most of the time and this station is great.I like the oldies and the Beatles music.,1

I love this app! It has a great user interface and does its job great! A must have for Android on the go. Who doesn't want to listen to their favorite radio station every where. I can listen to Gainesville Fl The Buzz when ever I want! And record it to,1

"This is a must have app for anyone. I used to have several radio music apps installed, and I swore by Slacker, but not any more. It's not radio on demand in that you can't choose the particular song or artist, but with thousands of stations to choose from",1

"I have 2 different tablets One android and one Webos and 2 pc,s.This app is on all of them and it was free from amazon. It is my favorite app for entertainment.It has hundreds of stations it seems, I really don't know for sure,I just have about a half a d",1

make my own song recordings and listen to many out of market stations! fantastic app. love TuneInPro! can make my own Mp3s.,1

Ive been using tune in constantly for a while now and was unaware of the pro version which records the streams. This app truly has everything that you would want as far as radio is concerned. The buffering times arent bad as well. Tunein Radio has got,1

Over the years I have purchased these radio apps and this one is the best. You will not be sorry.,1

Used to be my favorite radio app. Now all it keeps saying is "an error occurred"; Shame. Hope it gets fixed.,1

"Much more stable than the Winamp radio I was attempting to use. I love that I can search by genre, because most of the genres I listen to aren't available where I live (for some strange reason there's no dubstep radio in Kansas). Thanks for the awesome app",1

Great app that's always way out of date compared to what's available on the Google market (nee Play market). Five stars for app and usefulness but one star for always being out of date compared to Google.,0

Very easy-to-use. No problem playing in the background while I am doing other stuff on my Kindle fire. I would recommend purchasing this app.,1

I've been a TuneIn fan for a while now.. but now with Pro can't complain. The recording option and the 10 sec repeat is awesome ..works for me!,1

This is app is my most used app.I install this one app first and could live with this being my only app.love being able to rewind station. Pause station to go down the road to the store get home. Unpause and carry on where I left off. Must have,1

"This is really a great little app. It has nearly all the local AM and FM radio stations here in Nebraska, as well as NOAA weather radio and the Lincoln and Omaha police and fire departments. Plus I can listen to radio stations in other states or even out",0

"I use this everyday at work to listen to my favorite morning talk radio show, Bob and Tom. Good stuff",1

"I was skeptical at first, but I ended up LOVING this app. It has all of my favorite stations, and I really love the record feature bc I can record parts of my favorite morning show that I don't want to miss. A must have app for any radio lover!",1

"i am able to listen to radio stations locally and in NYC, you can roam and hear radio stations from other countries. i just moved away recently and this puts me in tune with the radio station i use to hear in NYC, its nice. i recommend it to any one who ",1

I like to listen to old time radio when I am working around the house or on the computer. This program provides a good selection of a wide variety of programming.,1

"I purchased this app some time ago for my first generation Kindle Fire. It worked great, but the latest version is completely unusable.Edit: Latest update seems to work perfectly again. I've changed my review to 4 stars. It's a great app, but releasing a",0

I love this app! The building I work in has crummy radio reception (too much metal and machinery) - but with this sweet little app on my Kindle - I've got my favorite radio stations available! A really big plus - it has tons of stations available from ,1

"I LOVE this app. It is the Three apps I cannot live without. I love listening to radio stations from around the world. As of now, my current favorites are: radio Caroline from UK and Celtic Evenings from Ireland. Nice to hear accents and with no commercials",1

"I've had tune in radio on my devices for years now,I love being able to listen to radio stations in other states& I've found a few stations that I'd rather listen to them listen to local, it definitely gives me another option besides the mp3 player. ",1

"Great app but as others have stated, lately, the update fails with "program not installed";. Always worked great in the past....hopefully fixed later.",0

"I always have to compare apps like this to i-tunes , and this app is better really happy with the functionality,ease of use,! I have had the app for weeks and still have not finished exploring all the unique stations and options ! Nice work",1

Has quite a few stations to choose from. playback is generally good. I have been using this app every day since I got it a couple weeks ago. Great deal for free but It's worth it to pay money to get this app.,1

I do not have radio reception in my windowless kitchen. With this app my Fire I can listen to all my local favorite stations. What more can I want. I have not yet tried to get stations in other States.,1

"I've loved this app for years, but today I'm uninstalling it from both my phone and Roku. There is no need for a music streaming app to read and track my contacts.",0

I'm using this on my Fire 8.9 and have been very pleased with its performance. The user interface is very simple to navigate regardless if I'm browsing at random or know a specific station or podcast I want to listen to. Overall speed of performance is a,1

"I started with the free version but decided I wanted the ad free version later. I can listen to my local radio stations, but I tend to listen to the stations I could never find locally. Celtic music is one of my favorites. Soft ambient background music i",1

This app is very easy to use. I can listen to the radio anywhere and you can save the program to your device if you want to listen later.Carolyn,1

"It's all fantastic and does exactly what it is supposed to do like tune in seamlessly to all stations listed. However, when app is started, I see all categories except "following"???",1

"Works like a charm on my HTC Aria.I can get all our city's local HD channels, which is not possible via conventional radio.Not a bad application at all.",1

"I loved tune in radio so much I decided to spend a dollar to get pro. I have not been let down yet. there are some great radio stations out there, KOLA top of my list of favorites.To those that gave poor app rating because of radio broadcasters wanting r",1

this is a great app. used the free version for a couple years. theres a good selection of everything here. only wish they didn't list streams that dont work with the player.dont know why you would list something that doesnt play.,1

please k-love rstore the radio on this app i love that you can listen to some music on here n n,1

"so much better than others i have tried. The ability to search talk radio by show, so i can catch the first hours of shows i have missed on their West Coast delay, or easily find archived shows, is just what I wanted i have and use both on my Blackberr",1

Great app for a great service. I use it all the time and recommend everyone give it a try. Well worth the time and effort.,1

"Im glad i found this. It has made my life better and less stressful. I can find any type of music any were. And record it if i want. Thats a great thing to have antime with ipad, tabletor even my iphone!For me this is great!",1

"Very nice app. It gives me the opportunity to listen to World-Wide music and talk radio, while at the same time I can be reading a book, or playing Angry Birds, on my Kindel Fire. The .99 cent version of this app allows you to create a list of your fav",1

"They have absolutely no R&B/Hip Hop stations in or around Harrisburg Pennsylvania. you have to live closer to Maryland, DC, Pittsburg or Philly to hear anything worth listening to. I was feeling deprived until I got Tunein and I can catch anything from a",1

I am learning to use this device and find this and extremely helpful device on the Kindle.Thank you very much,1

It works great. I would recommend this app. The extra money was worth it for the record function. Good job.,1

"I origionally had regular tunin radio. But I am in love with the pro version, espically since I got it on a free day",1

"Would be great if it had shoutcast (like xiia), but the quality is here. Besides radio it has podcasts and local police -fire. Also like recording feature for spoken word (which puts me to sleep). Easy to use UI.",1

Great product; don't have to buy a radio since I downloaded this app. Saved me money and it has all the stations i could ever want available at a touch.,1

"Hands down this app is great for radio locally and via the internet. It streams remarkably well. I have not recorded anything yet, but I have noticed that as a nice option.",1

"I get like every station, FM, AM, and even the NOAA weather band. I love having the weather band! And at \$.99 why not?",1

"I wasn't even sure what this did when I tried the free version. Just try it out, it more or less makes content available whenever you want it. Really good if you're a fan if Talk Radio. A great innovative app.",1

This app is well worth the cost. It functions flawlessly on my Flytouch 3 Android 2.2 tablet. If you listen to radio this app gives you a huge selection to choose from.,1

This is a great app that has reinvented the radio for your Android device. It is loaded with handy features. Who hasn't listen to the radio and wished they could rewind a few seconds? This app is will do just that. The layout and organization is superb. ,1

This is an outstanding radio app. I use it all the time to listen to programs not available in my

area. I also use it to listen to sports for my home team announcers since I can't listen to them in my current city. Highly recommended.,1

"Love the mix of local radio and internet only station,allowing the access of radioio, and other premium io stations. And can't forget being able to record live streams.",1

update will not work. cant use it now. kindle fire 8'9 hope it gets fixed soonwill cange review once i can use,0

"When my husband first recommended this ap, I didn't pay much attention. It really deserves a closer look. I love NPR and especially shows like This American Life and Snap Judgement. The ability to listen to these NPR podcasts is well worth the cost of th",1

I love the selection of types of stations available and the number of stations within each type. I particularly like the music selections available.,1

"It wasn't worth anything as a free app. For 85 cents, I almost feel cheated. San Francisco evidently hasn't joined the parade. All I can get are reruns of last summer's radio shows, and on KGO or KSFO ("progressive" and conservative SISTER stations in th",0

"Have a 1st gen Kindle Fire and have used TIRP for almost 2 years with only minor problems. Basically I was more than satisfied. Since the last update, I can'tset it down for more than about 5 minutes. If I do, it starts breaking up and then stops playing",0

i loved this app untill the recent update now i can not open any podcasts at all.. i can only listen to live streams.. i really wish i could listen to the podcasts again,0

"This is a great app. I predominantly use it to stream radio stations from around the world while driving.When I am stuck in traffic on the highway, it gives me great pleasure to know that there is a traffic jam on the M25 counter-clockwise at Junction 2",1

"This is a great download can pick the music , talk or entertainment radio from local or distant stations , which I had better internet to use more",1

"I don't know why this is missing from the Android version when I can do it on my iPhone. If there is a way then it's bad UI design because I can't find it easily. Without a way to add by URL, this app is useless.",0

"TuneIn is a must have app for Android. It is a well thought out, polished application that takes existing resources and organizes and presents them beautifully.",1

"great app!!! I have it on my kindle fire hdx and my smartphone moto x and once I turn it on I can't stop listening to it, in fact I have it on most of the day and also very easy to install. PS. very happy that I got this app and also make sure you buy ",1

One of my all time favorites across both platforms. Although the new version isn't as flat as the earlier versions. Too many taps to get to playing the latest station. Love that I can record shows for later!,1

"This is the best radio ap in my opinion. Wherever you go, local radio stations of all kinds are found instantly. There is an alarm and sleep timer as well. I use my Kindle for listening to radio and love using this ap to do it",1

"I had no trouble with download or installation of this app. Since, I had previously made a user id and login in the free version, I logged into the pro version and all of my settings, favorites, everything except alarm setting transferred over. This app",1

"saved my radio life during the long work day. some often stations are restricted, but there are plenty of alternatives to find.",1

Terrific app for android. Internet radio from anywhere in the world. Very clear reception and very user friendly. Highly recommend it.,1

"I moved away from where I grew up and my sports teams aren't broadcast on television here very often, if at all. TuneIn allows me to catch all the action easily and efficiently on my phone. It's as simple as pressing the sports option in the menu then se",1

"Since January... as of this writing (April 11), still not addressed or working. I'd advise trying songza or another streaming music solution at this point.",0

"Brilliant to be able to listen to radio from all over the world. Now I can listen to American, British and German radio all on my smartphone.",1

"TuneIn has done a great job at offering radio stations from all over the world. I love listening to radio from Taiwan, and then from Los Angeles when I'm traveling. My wife listens to radio from Indonesia! It's amazing what our phones can do these days, ",1

This app allows me to search the world for radio stations. I have great fun listening to a station in Antarctica and all over the world! Can you believe there is a station near the south pole? It is easy to use and streams many types of music. Well ,1

"I had the regular version for several months so this was a no brainer to upgrade to the pro version. The audio quality is still excellent, the viarity of radio stations available worldwide is huge.I live is Florida and enjoy listening the NY Stations. I ",1

This Pro version lets me record radio when a good discussion is on (I listen to talk radio) and also great for saving a favorite song to learn about the artist.,1

I use it on travel to other countries in central americaIt pick alot of radio stations from local countryGood buy,1

I have found this program to be extremely helpful and useful in finding radio stations that I enjoy. It provides links to many related radio stations and it allows me to record what I'm listening to so that I can listen to it again at a later time. I am ,1

I use this app daily to keep up with various talk and news programs during the workday when I

can't be near a radio. Also great for catching up on local news and information on different locales.,1

I have used this app for quite a while and upgraded to Pro version. Not sure what all the complaints are about. It has worked great. Once in a while you lose a signal but that's to be expected as your location changes or whatever tower you're pulling ,1

"I was surprised to see all the local music and talk shows around town. Finding stations, even those outside of your local area, is easy and I found one station I used to listen to when I lived somewhere else in about ten seconds (they changed station #'",1

"I really like this app. I'm a fan of a lot of different types of music, and this app tunes right in.",1

I used the free version of this app for over a year. Then I heard that you could set TuneIn as your alarm on the paid version so I downloaded it. I've had it for a month and just now figured out how to use the alarm feature. I would have given it 3 stars,1

I'm not a big radio person but this app may change my mind. It runs great on my Moto Defy and has a pretty friendly UI. The stations are streamed over the net so you'll get a ton of stations that you won't find on your car's radio whilst cruising down yo,1

"I love being able to record my favorite radio station when I want, and the devs used one of my requests! I emailed them 2 months ago asking them to make the playback easier to control by increasing the size of the control ball. They emailed me back promp",1

"I like to listen to my radio stations whenever I go over my email on my tablet. This is nice, and I can even listen while I surf the web, too.",1

"This has a lot of options I haven't even gotten too yet, have only had it since this morning but enjoyed some really old songs from a man that my hubby said use to go with Bob Hope to entertain our men over seas. I love it and know it will be something I",1

Why does this app need to run @ start up? I know this app for sure doesn't need access to my contacts! It's a streaming radio app.. was going to reinstall but after reading the permissions I'll pass without a doubt...,0

I love this application. I can now log in with my desktop computer and create my favorites folder. It also allows you to move favorites between folders. The only thing I wish they would upgrade is the ability to change the order of the folders. Minor,1

I love this app. I use it all the time to listen to my local sports teams. I also like the ability to find new stations based on genre. This is a must have app.,1

"Need to fix update. I cant even find the app to uninstall it. Must fix asap. I dont even want the piece of \$hi\$ but Cant get rid of it. If there was a rating lower than one, that would be it. Things like this really ruin the credibility of a development ",0

"Haven't had any problems with this app whatsoever. The only complaint (minor) is that some of the functionality is pretty hidden - for example to access the timer, etc.",1

At first this app seemed like a good idea. Listen to the radio. But this app never just plays a stream. It is always just saying stream ended after a few minutes. Why would I choose to like this app. I have yet to find a radio app that does not do this.,0

"...until I downloaded it. I was surprised to find, quite literally, EVERY local station that I am even remotely interested in is on there, including an AM station that barely comes in on my actual radios that is the only one near me that does ESPN Radio.T",1

"this was a great app until stations started blocking their streams. now, TuneIn Radio Pro just takes up space on my phone. totally useless.",0

As of 1/05/12 the Android Market has this at version 5.3. This app is still stuck at 5.2 here on Amazon. Amazon needs to force developers to keep their apps up to date here!,0

"I love this app it has everything! talk, rock, news everything! unlike I heart radio your NOT limited to stations owned by just one media conglomerate. you can browse a wide variety of programming. its worth the one time fee cuz it's ONE TIME not ongoing",1

I love this app. Works smoothly on my Droid Incredible with CM7. I love listening to my favorite stations from home when I'm on the road. Who needs Sirius? Not me.,1

works just great. on Xoom. You can get local and nationwide stations. Also lets you know what's. being played. Album art would look great on the Xoom. And this fills the Xoom screen rather. than running in a tiny window.,1

"Intuitive and simple to use. I've used the free version for a long time and now purchased the Pro version. Love it, thanks Amazon.",1

"Put a band name in search & TuneIn will show you any stations that are playing that band in real time!! You can pause & rewind the music up to 30 minutes, has a 10 second rewind, you can record music & schedule recordings, works in standby saving battery.2 t",1

"I've been using the free version of this app for the longest time now, and found the pro version here when Amazon had it as the daily featured app. It's the best streaming radio app I have found so far, and the only one that has the one station I actual",1

This app is great. Not only can I listen to radio stations across the country but I can also search for specific talk shows and it will give me a list of stations that are currently playing them.,1

"I love this app! Its almost a miracle how I can tune in to radio stations from around the world, and also select the genre I want ot listen to. Great!",1

I listen to music every night and I love this app. I use it to find new stations and music.,1

"TuneIn Radio Pro is awesome! I live in an area that has poor radio reception, but with TuneIn I can listen to local stations, or whatever genre I want. The controls are very easy to navigate and the sort and search functions are fantastic. I use this app",1
 awesome. nice to not have to wear headset. by favorite station can always be with me.offered as a free app today. I would had gladly paid for it. very good radio app,1
 "This is one of my favorite apps! I can set my own stations and listen to whatever i'm in the mood for -rock, country,r& b. Love it...",1
 "Intuitive UI. Stations are properly organized. I can even find Hong Kong radio shows to stream! International streaming can be choppy once in a while, but it's way better than none!Highly recommended.- myTouch 4G",1
 "I am really glad I got it. I has everything! I even have scanner stations, & NOAA. I love it! I got all kinds of stations I set to my favorites. Pick your style, even Disco! I like many different types of music so it is perfect for me. You can even recor",1
 "There are so many stations in every genre you can imagine. There are music and talk stations from around the world or around the corner. Most, if not all of this is available on the net, but no where near this convenient. I love both Slacker and Pandora ",1
 "I travel a lot and this helps long drives bearable. Especially AM stations where you normally do not get clear reception, they are crystal clear on this app. Soo much to choose from. Ability to record streaming audio. Add favorite stations. Search sho",1
 We are really enjoying the endless choices of music on our Kindle! We are living out of the country for the winter and this is the perfect way to hear the music that you like anywhere in the world.,1
 "this is a great app! the radio stations where i live just suck so i use this all the time, when i'm just hanging out at home or in my car. can't live without it now!",1
 But then I got to setting up all the nice stations I enjoy. This is very nice app for my Kindle. Very surprised at just how great this can be.,1
 "I love this app! Its feature to search for local stations made finding these stations easy, better app than the XiiaLive Pro I tried. Its seach engine found ""Celtic"" stations that were missed by the XiiaLive Pro app. I found that the layout was very eas",1
 I love listening to WBLW and it is a northern Michigan radio station. I live in south/west Michigan and this does not come in on my radio. So the only way to get it is on internet. This allows me to listen to this station on my Kindle.,1
 I had the free version of this and used it for a year and really liked it. I got a new android tablet and decided to get the paid version (only \$.99 so a great bargain). There is such a good variety of radio stations with this app and It doesn't stop aft,1
 "So many stations to choose from. There are also a few podcasts available. So much handier to have this instead of that giant boom box, although those look sweet on your shoulder. Ha",1
 i enjoy this program and its free what a value i know if it wasnt free its very cheap and affordable good job great.,1
 "Although I've only tried a few music apps this one seems to work the best for what I need and like, with lots of choices in music, and genres, has not caused me any problems on my phone like the few others I've tried. Glad I got the pro even though the f",1
 love it. you could put sattelite radio almost out of business. too bad my kindle only has wifi and my phone is dumber than me if that is possible.,1
 This is perfect for me. I love listening to radio from all over the world and also finding just about any type of music you could ever want.,1
 A lot of channels to choose from. You are able to save your favorite songs and channels. Also you can buy songs from the app.,1
 Love this app. I can listen to whatever I fancy. From Classical to Rock and everything in between. You can go to any country and discover new and innovative music. I listen to soul music from outside the USA. I now like Bluegrass. I listen to my favori,1
 "No more having to put on headphones for an antenna! Plus, being able to select by city, genre, etc is way cool.",1
 fix the recent update. it crashes the player. it idiots can't seem to leave it alone. fix this junk. NOW!!!!!!!!!!!!,0
 "I liked the free one, but this one certianly has a few features that just fill the program out if you will. Very nice, I may start using Pandora less :-)",1
 I love this app it works great if you are trying to find international stations. It is worth the money. it is easy to use and find what you want. The car app keeps the phone from sleeping while you are driving and allows you to change stations pretty e,1
 "Throw out that old FM/AM radio you have because TuneIn has so much more to offer. There are so many stations from which to choose even from around the world, where ever you are. I think apps are connecting us to the world like never before, and this help",1
 "I love this app on my old Toshiba Thrive tablet. Tune in, turn up, and flop out; they have the ambient and new world music stations that i like, all the Soma Fm stations i rave for; with a full-bodied 320kps stream from the stations that support it, pu",1
 Ui is now horrible. App want access to contacts and my accounts - information it has no valid reason to access. Uninstalled and now looking for a streaming app which actually places priority on streaming instead of accessing personal infomation.,0

"It buffers a lot on my phone, but works great on the Kindle Fire! I haven't had any interruptions thus far. Not saying it wont, It just works much better for me on the Kindle Fire then on my Droid X!!",1

"I love this because I can tune in to the local police channel, too. I work at a hospital so knowing when there is going to be an ambulance arriving at our door helps me know when I need to see if the nursing staff needs assistance with phones, etc.",1

new kindle fire User and this app is the greatest has all my south Jersey and Phila stations plus police and fire,1

"I love this app, one I think you should have in your collection. You can listen to a wide range of radio stations from local, national, and international sources. You can create your list of favorites. I have found stations in Spanish from my country. Yo",1

Im really happy I got this app after finding Radio Nintendo and Final Fantasy radio which I listen too on a daily basis getting a dosage of the gaming nostalgia. I also occasionally will try too find 1 of Mark Levin's podcasts here and then I just love h,1

I've tried several Internet radio streaming apps and this is by far the best one. I really love how you're able to record live streams to your device so you can listen to them over again.,1

I love this app; I can listen to any radio station from all over the world. I love to listen to this wherever I am. It's easy to use and the quality is superb,1

"This is a great app. I can get any and all stations. It is a little complicated to program and set up, but I am still working on it. Windows 8 is a pain to, but I'll eventually master it, just like the VCR",1

"Whenever other family members are not hogging the bandwidth, I can listen to radio from all over the globe. Radio stations and programs are easy to find in this app. The streams are very steady and not choppy at all. The perfect app for anyone interested ",1

Walkman was the best music players with built-in radio in the late 80' . TuneIn Radio Pro allows complete control what you want to listen to @ your thumb or finger.,1

Too many stations are not available on this tuner. I don't know if there is that much difference between this and the free version.,0

I enjoy listening to all my favorite radio stations. It works well with my kindle The sound is clear. I love it.,1

"There is a plethora of good, old-school country stations on TuneIn. It is disappointing to see that your favorite radio station has the same playlist as every other station in the same genre due to the network. Kind of like Clear Channel Radio.",1

"For those who are saying update is broke, uninstall your current version than install updated version. Works great, no problems.",1

"I previously purchased this app for my iPhone. It's my best music app, hands down and I own a few of them. This app has worked flawlessly on my Kindle, and as of yet have not encountered any problems whatsoever. This developer cares about this app. T",1

I live in an area where finding a good radio station is somewhat of a chore. This product works very well and is very easy to use.,1

"Love to listen to NPR with this I have all of the broadcast, and an occasional late 60's 70's rock music (flashbacks)",1

Better then all the free one's. It's got more stations a lot more then the free bee's. Listen to your hometown station and around the world. Love to listen to the Christmas stations that also are from around the globe. Worth every penny!,1

"Are you kidding me? This is worth the \$4.99 and is infinitely better than the free version. The world's radio stations in the palm of your hand without having to go through your browser. Out of 100 stations I tried, only one didn't stream -- and I bla",1

"Living in San Diego and occasionally homesick for my native Toronto I was able to find my fave rock station, Q107, now I can listen to a little bit of home whenever I want. Highly recommend this app!",1

"It's fun finding radio stations from all over the world. My father lives across the state, and sometimes sings solos in church, which is broadcast on the local radio station, so it's nice to be able to get that radio station on Tunein and hear him sing ",1

It is one of mu favorite apps I can listen to thousands of radio stations from all over the world It also lets me record music that I can play when not connected,1

"UPDATE: I guess we now know why TuneIn Radio Pro (paid version) is tracking your location:

NOTIFICATION SPAM ADVERTISING! Do you really want to pay for ads? Original review: Sure, it works as advertised, but why does this need to receive unrequested data ",0

This is one of the must have apps for your Kindle. Listen to all kinds of radio stations and more options than the other combined. I use it daily.,1

"I am loving this app! UI is simple, functional and stylish. True to broadcast, without added advertising inserts. Awesome selection of stations, with easy browse and search functions. He stations where available.. incredible sound quality. Samsung Epic",1

nice to be able to hear local radio when i'm not near one. plus can get local police scanner as well!,1

Very good app only I want one more thing more stability... Sometimes braking when I listening it in my car ...,1

"After downloading the free version of TuneIn Radio I was very impressed, and decided to buy the

Pro version. The only difference that I can see is the ability to record streams for later viewing, but for the price point I don't mind in the slightest as t",1

had the free version from the android market and loved it so the free pro was a no brainer.only complaint is it needs the save to sd option. thanks.,1

I love being able to hear stations from the US but I was like WOW when I could find stations from the Caribbean and my Country Dominica as well ! Great app ! No complaints !,1

I listen to talk radio all day. most is on the am band and picks up static. with this app I can listen to my favorite shows pretty much any time. I love this app. I can even put my kindle to sleep and the radio will continue to play. I can listen an,1

"You can literally listen to any station I could think of. I listen to electronic music mostly and I've found everything from ties to to my local djs radio show. Have this program on my smart, my phone, and my kindle fire he. Pro version you can record li",1

"This is one app I use constantly. If I'm out of town or can't get a good signal in the office, TuneIn is there. I also love all the search features especially since I'm a talk radio addict.",1

Not being a techie I wasn't sure how a radio app would work. I LOVE IT. I can listen to my local stations & so much more. I was surprised to even be able to hear local police & fire bans.,1

"Music is a big part of my life and far more important to me than playing games on my Android. I have been a fan of Tune-In Radio for nearly the entire time I have been an Android user. When I picked up an iPod Touch back around Christmas time, I was deli",1

This was great initially until it told me to install an update but each time I try it says update fail Now it won't work at all. Not happy.,0

"I moved and couldn't listen to my fav radio station anymore, but tune in allows me to listen once again.",1

"Wow i was able to find all my favorite stations from L.A. to San Francisco stations, even the phoenix stations,play a lot of my favorite music, also found some good comedy staions, etc. i just love it",1

"This app is amazing and a must-have for music lovers. I can listen to my favorite Hawai'ian music stations (yes!) no matter where I am. It stores everything you've set, even if you uninstall it for awhile. I am very happy with it.",1

I love this app! I tried the free version and loved it but after trying the paid version and using the record function I have an even greater love for this app. Very worth it!,1

"This is truly a wonderful app. Not everything has been perfect, but it works well otherwise. There are so many stations you can add to your presets and I really am glad to be able to listen to stations worldwide which is why I got this in the first place",1

"I have enjoyed Pro version for years and can tolerate the new interface, but I'm not updating with the new permissions. Why does a radio app need access to my personal contacts? I'll start looking elsewhere for streamed radio content, really disappointed",0

this is a fun app. just does the trick if you wish to play it in private enjoy some great music stations. you can also select your favorite stations for later usage. i will recommend this since i am keeping this free app.,1

"I find this app very useful for listening to various online programs, able to set up favorites so can reach them quickly, the quality of the audio is excellent and available programmings are wonderful",1

This has to be my favorite app. So easy to use. Why bother with a satellite radio subscription when you can have access to tons of free programming. Absolutely no issues with the app.,1

people are saying that you cant update this app but just uninstall it and reinstall it and it works perfect.,1

Fantastic app! I can listen to home stations anywhere! I can try out other stations from anywhere else. I'll say it again...Worth twice the price!,1

this app is so amazing. i love being able to stream kexp at any tme i want. it has song and program schedule information. i got it for free but if i knew how good it was id pay the money anyways.,1

"TuneIn Radio Pro is amazing! It has songs that I can get at my fingertips. I can even save and record for later. I am so pleased with TuneIn Radio Pro ... if you like anything from Ambient to Trance, from Dance to Oldies, from Children's - Christmas musi",1

"This is one very useful app. When distant stations, especially on the am band, must reduce their wattage to comply with FCC regulations, this app replaces the computer as the only practical way to listen to these local stations. This alone makes this de",1

This is hands down the best streamer for local stations across the country. it has 90percent of the stations I search for. thanks!! nothing really tops it besides pandora.,1

"The number of radio stations available on this app are mind bogging! The pro app, as of 2/26, is working and installing with no problem. The difference in the pro is you can record shows, which I wanted to do, and works well. Save your money on all tho",1

"Although it's missing Clear Channel's stations and CBS still doesn't put their music stations on here, this is still the best radio streaming app for Android. The sound quality/stream is user selectable for optimum quality, the global selection is wonde",1

"I have some of the same issues as others, occasionally it drops the station, perhaps this is more related to the quality of the stream or the wi-fi or 3g/4g networks. I do not believe it to be the fault of the app, as I see it occur with other similar ap",1

"this is better than the lite obviously and I especially like how there is re runs of any kind of news, there is so many radio stations and the best part, its only 50cent;. I have I heart radio but only for one reason. the Elvis Durand show. I'm never",1

"Very polished, smooth and responsive. The ability to record stations for later playback later is probably one of the best features.",1

I Hate This App. Just Hate. >____< Its My Opinion... You Peaple Dont Get All Pee Pee Hearted Eather. xP,0

"Excellent radio app. I either use this or Pandora for all of my music needs. Each one has its own pluses and minuses, so it really rounds out your options.",1

This is a great application. You can find all your favorite stations and then some. It was a free download from Amazon which makes it even better.,1

I can listen to the type of music my mood dictates at any given time. It is real handy at work.,1

"A free promo, glad I got it. This is a pretty good app and you cant beat the price. Thanks!",1

"It's perfect for listening to your local radio and any other internet radio you want, and just \$0.99 for no adds and more battery life. 'Nuff said.",1

"Awesome app and they are responsive too. It's always a pleasure to use this app when I need to travel. Sometimes you wonder why a flight takes longer than other times, well you can see why by looking it up on the map. Excellent.",1

"Hands down, this is the best flight tracking program I've seen. I love being able to see where the plane is at a given time on a map and getting notifications of delays, etc. In addition, my wife is a flight attendant and this app allows us to keep our s",1

"I got this app alongside Flightboard. This app gives you details of each flight, including where the flight is, status, estimated arrival and departure - all the stuff you'd normally you'd find in other websites. But this app gives it to you in a nice lo",1

I tried some free flight apps but none compare to the info this app gives. Especially great is the inclusion of flight time and layover durations. This is very helpful when flying over different time zones. I'm off to Europe next week and anxious to out ,1

Its great and fun. Great to pass time bored or just want a challenge. I use this on both my kindle and cell. I like that its free and its visually appealing.,1

"AI has been showing very good quality games and this one is no exception, I have enjoyed it and is excellent company for dead time.",1

It is hard to find as Sudoku that works and allows notes. I can think of a lot of features I like to come out. The biggest being having the ability to add puzzles.,1

"I tried 3 other apps but this one seems to be the one i like most. Never crashes, it has a bunch of different sudoku to solve, and it doesnt tell you your mistake until you notice it later on when you cant keep going with it anymore.",1

I like math games and this one is great to get the cerebral processes flowing. I find it challenging. A+,1

"This is the best free sudoku app out there! I am definitely NOT tech savvy but this particular sudoku is so easy to learn, play & master! Thanks AI Factory Limited!",1

"I had never played Sudoku. I took a tutorial on YouTube and got busy with this ap. There is 1 feature I wish it had that the Google Play version has, and that is to highlight all the same number (such as if you're working on 3, all the 3s turn a different",1

"I'm a Sudoku addict, and this is an excellent version, especially for free! I play it every night as a relaxer.",1

I've had this app for a while now and it's just awesome. I really enjoy playing and relaxing when I get home from work and there are so many puzzles to choose from its great.,1

"If you like Sudoku, then this is exactly what you want for your Kindle Fire. It's Free-Ninety-free so just try it out. The ads are VERY non-intrusive.",1

Wife didn't like it - what else can I say. Wife didn't like it - what else can I say.,0

Really good game. The numbers are not too small and it is really easy to use. Anyone who enjoys Sudoku will like this game. You can change the difficulty levels.,1

I love this app. It is great to be able to do sudoku without having to erase mistakes. Very easy to use.,1

This is an addicting game. I love that you can put multiple numbers in a box just like on paper.,1

This is the perfect game for those who like logic puzzles. I especially like that there are 5 levels each becoming progressively more difficult and that there are hundreds of games in each level. This makes it easy to begin at a challenging level or star,1

"This is a great game considering that it is for free. I have been playing Sudoku on my phone for years, so I very particular about the apperance and functionability.",1

"This is an excellent app. I love Sudoku and tried several apps. Other apps would say certain ones are easy or medium, but were actually hard or impossible. I am pretty good at the game but I have spent hours just trying to solve one puzzle. Not with this",1

Great Sudoku game. It is even compatible with my old tablet running Android 2.2.1. I would recommend it as well as other AI Factory Limited games.,1

best sudoku app I've ever used! great graphics - lots of levels - good interface - I really like this sudoku app. much better than others I've tried. I highly recommend it.,1

I have played through to about half way through the "hard" category". It is

especially good to have on my tablet for waiting rooms since it can be played without concern about interruptions or distractions.,1

"I love Sudoku , but I love the levels, and the brain work , there is 300 games per level and 4 levels so lots of fun games to come",1

Loads quickly. Love the ability to enter multiple numbers into a square. Plenty of puzzles at a variety of difficulty levels.,1

"This app rocks! Improves your brain power with each puzzle. Concentration, memory and attention span are boosted with each game. Users of all ages can benefit while learning and using this.",1

"Great, once you figure out how to use it. It would be nice if it had a "clear" button to return to the beginning.",1

"this Sudoku has the option of saving more than one number per box, sorta like when you write it in pencil so you don't have to think later, just delete the one you don't want afterall. or you can turn this option off for more of a challenge. great game",1

"This free app has all of the features you need to play Sudoku. The only limitation is that there are only 300 each of the different difficulty levels. Fortunately, by the time I get through all 300, I can start at the beginning again because I have total",1

"I enjoy crossword puzzles, and sudoku is very entertaining. I like the way one may increase the size and difficulty of each puzzle. This is a great free app.",1

"This one even highlights the same number in other squares and if you bump the wrong letter and it is an invalid option, it lets you know. You can shut off that hinting feature too. but I don't use it for cheating, just to catch when I have a fat finger. ",1

nothing fancy...there are ads during game play but they are not intrusive (and keep the game free). AI also has other great games like Checkers and Reversi which link to free downloads from Sudoku. This is one of the better Sudoku games with clean grap,1

"This has to be the most user friendly version I have ever used, love it, clear, large on kindle fire, so many games. Doesn't need any explanation, fantastic",1

So many Sudoku apps but so few to enjoy like I do this app. Every app I have played from AI is very interactive and enjoyable. You need to get this app if you like Sudoku because you will not be disappointed.,1

"I love this game and the many boards that come with it, love it.The only thing I would add is more, more, more.",1

Fun game for single player. Lots of puzzles to choose from to test your skill. Very user friendly version. Highly recommend,1

"I am enjoying this game, as it keeps my mind challenged, which is something I need... I am having great fun with this game and certainly recommend it.",1

Colros and game graphics are awesome. I play this all the time. Allows notes as well! MUST HAVE in Kindle library if you like Sudoku!,1

"This is by far the best sudoku app on the kindle fire. Very user friendly, 1500 puzzles, and easy note taking.",1

"Best app yet. It's a brain twister and concentration is key. As u move through the puzzles your concentration and memory seems to improve. Also just a time wasting, all around good time.",1

I've been playing the Free version of Sudoku for about a week now. It works great and I'm very pleased with it. Would definitely recommend this game...especially since it's Free.,1

"Runs from ""brain-dead"" to ""diabolical"". Allows you to write little numbers in the squares. Lifetime supply of games. It's there when I need it.",1

...you will like this free game! Lots of challenge...works well on my Kindle Fire...fun to play! I can definitely recommend this and many other AI Factory games!,1

"I like this game, even though I'm not really good at it. It gives you the option of what level you want to play, which is great for me!",1

"Since I have my Kindle Fire with all the Sudoku apps, I don't have to carry my Sudoku paper books to the doctor appointments, etc. Sudoku Free is lots of fun and stimulating.",1

I'm just getting into playing Sudoku and this app is very helpful to learn with.If you love Sudoku you'll love this app!,1

This Sudoku is one of my favorites. It allows multiple numbers in each square which is like taking notes. My strategies for paper and pencil Sudoku puzzles work well with this version.,1

I have tried multiple Sudoku Apps on multiple devices and I like this one the best! It is very user friendly.,1

"First of all, free is always good. Love the amount of puzzles and the different levels of difficulty this app provides.",1

It is perfect that you can always work with pencil mode. Then when you have enough solved you can quickly (just a tap or two) clear your pencil marks to leave the correct number. Play this at least once a day.,1

This is a free download of a commonly enjoyed game. You can select the level desired and it is a useful AP for a waiting room.,1

"I love this puzzle game of logic and you do not have to be a math quiz to do it, just be able to recognize the patterns.",1

"I never understood Sudoku before, this app makes it so easy because it lets you enter different possible numbers in each space that way you can narrow down your number choices.",1

I love that i can put what numbers im guessing on the boxes. Its an amazing game and this app

makes it very enjoyable!!!!!!1
"Different, took a little while to figure out, but have enjoyed playing on my iPhone, cool game to play with grandkids !!",1
I like this challenge this provides and I like competing with myself to try to better my times. Excellent game!,1
Gives one a real challenge as there is no way to see a solution before you discover it yourself. I enjoy playing it before going to sleep.,1
"This sudoku app has plenty of options to make the games easier or harder (show matching numbers, clashing numbers, etc). The ads are a tiny bar at the top that I find easy to ignore. Like all games from this developer, there are no issues with the permis",1
Basic sudoku. Doesn't need internet to run which is my beef with some of the other versions. It works for me.,1
Love being able to turn the clues on and off. Better than a paper and pencil approach. The only way to occupy your time on a plane.,1
I love the challenge of this game and for the most part know that every time I open it I will be challenged and usually will be successful in meeting that challenge. I hate for a computer to beat me so this one is great as I will only beat myself.,1
SUDOKU IS A VERY CHALLENGING PUZZLE. MY DAUGHTER GAVE ME A PUZZLE BOOK BUT I THINK THIS SUDOKU GAME IS THE GREATEST.,1
"My wife got me hooked on this game. I have tried 3 or 4 other versions but keep returning to this one. It is clean and simple, the way games should be. Audio is non-intrusive, easy to put in notes, and the color scheme really starts to grow on ya.",1
I am addicted to this game. I have a love/hate relationship with the fact that it doesn't let you cheat. Or if it does I can't figure out how. I play it all the time.,1
I've done Sudoku on paper for years and got to where I didn't enjoy it any more. This digital version is such fun and gives so many different levels of difficulty. I have been working on them since Christmas and still have not run out of new versions. ,1
"works real well and enjoy playing, better than working in paper book, thanks Al Factory Limited for great games, I have several games app from al Factory limited",1
This game is easier than the one I played on my daughters iPad. I love the soft touch screen. I'm love that it challenges my mind. I find I'm addicted to this.,1
I find this sudoku app basically my favorite. I prefer this mind stimulating app vs those I have solved in paperback editions. It is my one go to puzzle.,1
This game is exactly what I was looking for! Easy to play with no complications & you can add multiple numbers in a box easily without a tutorial.,1
I love the Sudoku puzzles and this one is great. I like that one can put the small numbers in the block for the possibilities. It's just so much fun to play. I recommend it.,1
this is a great app for when you just need some brain stimulation! it has hundreds of puzzles and the different levels are great!,1
This to is a wonderful escape into another world. Utilizing my brain powers to figure out the correct patterns. Thanks!!!,1
love how this app works letting you put veritable in the box like you do on paper real easy to figure out and of course great fun!,1
Has all the whistles and bells you will need. Great for beginners and advance the the more experienced player. Love it!,1
"I find very hard to put down. I am able to select the level of difficulty and many puzzles to choose from, so I never have to repeat a puzzle. I like the way the software allows quick notes and immediately alerts to duplicates.",1
This suduko has become my top favorite one. It keeps me entertained for hours. There might be other better ones out there but I've yet to find them.,1
Best app for sudoku. I would recommend it highly. I like how it allows you to put hits. The graphics are also the best.,1
it works so well it has everything that I need it has a day planner and a lot of other handy journal enteries to help,1
This is just what I'm looking for!!!! All ot needs are background colors and writing colors. Plus fonts and sizes. Please. Thanks,1
"I can't tell you how happy I was to get this APP. However, I didn't like having to pay for the translation I preferred (Yusuf Ali), but it was worth it. Many times I'm able to listen to the Qur'an while driving long distances. It's very comforting. I",1
I didn't buy the app but I was reading the reviews and o thought about buying itsoooooo should I,1
Excellent...for the simple fact...u can read it or just listen to it...while your eyes are close...but your brain is recording it...I Love it.,1
This product is wonderful. Have free version on cell phone for over a year and put pro on kindle because I did not want to download limited amount of surah daily(did that once and got entire quran in about a week for free but did not want to be patient,1
"Easy to search, scroll through, read and set up for translation and transliteration and contains Muhammad Asad translation, the best English translation I've come across besides Abdullah Yusuf Ali's. The only thing that could make this better would be taj",1
"I love this application. It has helped me a lot. This is my favorite application. Audio,

repetition, which helps in memorization and meaning. What more can one ask for?",1
 This is an awesome application if: You do not have a physical Qur'an available You are trying to learn a new surah for salat You want to compare a few Qur'ans in the moment You want to hear a few reciters in the moment You want a quality Qur'an for your mobil,1
 sucked only 7 truths. and dares so terrible boooooo boooooo boooooo its so terrible boooooo boooooo. boooooo worst game ever boooooo,0
 I really don't know because it is taking forever me and my sister are going to play it and I really hope it is fun I have tired other apps but they suck I hope this is cool with us luck,1
 no one get it its a wast of ur time! :p and so ya don't get it please its weird and the dares are stupid!,0
 "It's great that you can get news from ALL over for free! I can keep up with news from home, compare neighboring town news, and world.",1
 "Seems like there's every single newspaper in the world listed here. Not just newspapers, magazines and info sites listed too.",1
 this is great I can read my paper on n offline adjust text awesome love it best app ever very easy to use,1
 It is wonderful to read newspapers and magazines from different parts of the world. It is interesting to read all the news.,1
 love this app. easy to use. go to it everyday. son-in-law loves magazine and easy access to sports news.,1
 Like hat I can read the news from around the world as well as the local little rag that comes out once a month.,1
 "Having access to local newspapers has been wonderful. With it, I am able to stay current and up-to-date at all the localities where I have lived, so that when I speak with my friends and relatives who still live there, I have an idea of what's going on ",1
 I found this app to be a great source for the papers I read I like THE Washington post and find a better kindle page than that given by the WP APP for Kindle. Thank you.,1
 I'm still getting used to this app but so far I am quite pleased with its straight forward intuitive ease of use. In addition to learning the news this is an excellent language learning resource. There is a translation option included via the option key ,1
 "This app has pestered me with demands to rate it, over and over, so I done so. You have your rating!",0
 Great way to get the news fast! I would recommend this app if you want a quick way to read the news.,1
 "Flexible, Comprehensive....Covers The World. Links Have Been Flawless. Unequaled Variety...A News Junkies' Dream App. Highly recommended, Especially If You Do Not like Sound Bite news",1
 I am a news junkie and really enjoy the selection of sorces for my vice. I just enjoy surfing through the stories and must limit my time with this app or I would never get anything else done. If you like reading the news you will love this app. My goo,1
 "This is assume, you can read any news from any state. I actually got to read what was going on back home.",1
 "This is a great little app that comes in handy when a global news event comes up. You can pull up the country the event happens in, pull up local paper websites and read from the local sources. The app supports saving favorites if there are some papers y",1
 "You can have news from where you want, and you can even search the internet without actually going on the internet!",1
 "Way! Browsing news is necessary and fun for me -- work and play -- and this app facilitates and entertains with no problems, so far, on my Pantech Element tablet. I can remove a few app icons if this keeps working so well and I switch to using it most of",1
 thanks to the devs for the free-ness of this. consolidates lots of papers from around the world. looks great on my kindle fire.,1
 "People who know me: know "I love great news"; and I feel so far there are only 11 "must have apps" out there, this is that 11th!! I love this apps news and how solid it is, but most of all, it's options for today, there perfect!. I w",1
 "You can get any of the newspapers they list from the news organizations website. Waste of space, don't bother with it.",0
 This app is great. I enjoy using this to get free news resources. My go to for information. Keep up the good work.,1
 "I found links to all the papers I like to read. I have about 10 - a mix of large papers, my hometown and college town papers, and a few Asian papers I enjoy reading. Now I can just go to one spot and read them all from here. Thanks!",1
 "ok so first local paper I check gives this error."404 Error! We’re sorry the page you requested could not be found. The URL link may have changed or expired. To return to the homepage, please click here.Or click on the header on top." Ne",0
 I like magazine reading and this app does it well. Nice selection...I hope the list grows. It would be nice to add areader view or text only view with larger font.,1
 Great app Im able to look through my local classifieds in minutes! very easy to find the paper you're looking for by city or title.,1
 I have made this my primary source of reading news.... excellent way to read many local papers

from within the app from around the country or around the World. Very easy to navigate to find newspapers of interest by categorizing locations.,1

"This app is better than most paper's own custom apps for viewing on-line newspapers. And it is both fun and productive to find new favorites, say for vacations or trips. Search the world and find a newspaper. Thanks!",1

"was looking fo something like this my whole life, yes as a kid I wanted to read about the local cattle news in Holland... lovely app",1

This is invaluable to anyone who wants to be informed beyond their local stream media sources.Read the news from all over the world and decide for yourself instead of just believing what your local media people tell you.,1

Wonderful app. Im able to get local websites I couldnt access before on my Kindle. Apps like Washington Post Mobile work here but not on thier own.,1

This is a very interesting app. All the news you want all in one place. This is a must have for anyone who loves to read newspapers from everywhere.,1

This app works well on Kindle Fire. Keep up with the world for free. Get it and enjoy the state of the planet.,1

"This is, by far, the best newspaper app I have ever seen. Every paper that you could ever want, including your local paper. You can even get translations of papers from other countries. It is excellent.",1

"It won't open,up you fools. I mean I won't to read the news., this is why I gave it one,star. I,would have given less but out of kindness I Will give you a 1 star fool.",0

It's a great app for general reading of the daily news anywhere in the world... Just select local or world news by country.,1

"A lot of papers not available, some want upgrade with money from you. Just like when the great ny times lists a story or two on the web and after you read them they tell you immediately that if you want to continue reading anything the print you have to ",0

I was able to find my small town newspaper in there...I selected "country" then "state" and then scrolled down to find my local paper and now I can read it anywhere !!!!,1

Great for quick updates and information. Various choices in many languages. Enjoy reading news and sports from a variety of sources.,1

"So many choices it's hard to settle for one news source. Paper after paper but be forewarned Arabic papers are in Arabic, Spanish papers are in Spanish, Chinese papers are in Chinese etc...",1

thank you for this and I also truly appreciate you not trying to track my movements like many of the other applications of this type try to do.,1

"I absolutely love this. I am not a fan of the American versions of foreign news, but there are a good number of foreign papers that can be translated with the in-app translator. Amazing!",1

"all good except being asked to review and rate the app while I am using my kindle for other things",0

"I love this newspaper. It gives me all newspapers in Philadelphia area, inquire, daily news, metro, etc. When I can't pick up a copy I just turn on my kindle. Thanks kindle fire hdx",1

Fairly simple to use. Good selection of newspapers. Even has a link to the paper in the small town where I live.,1

"I'm American and I live in a foreign country, so this is a HUGE help when I need to convert my money to American dollars. It has an incredible variety of currencies! Ahhh this app is just so helpful!!",1

This app is great. It gives real time cross rates for virtually all currency pairs from the majors to the exotics and much more. I am not surprised since this app is created by Oanda. I love it.,1

"Terrific little app that stays up to date and accurate (with wireless or a data plan). You can set up widgets for your trip and customize them to show more than one currency and/or more than one direction (US to Euro, Euro to US, Pounds Sterling to US). ",1

I can't find the application on my Kindle and don't know how to get help. Can you help me find it?,0

"This is the best kind of app -- straight forward, just the facts, well organized, easily understood, and quick to respond. No confusing extra steps or cryptic instructions. I plan to use it to better understand currency matters in international new",1

it did everything i needed to convert pesos while on vacation- easy and simple to use and understand- very user friendly,1

It has quite an extensive list of currencies. I frequently travel to South America and found the conversions for those countries to be fairly accurate.,1

"Great currency exchange app. Simple to use and great simple black/white contrast so conversion stands out. Pull down to choose between rate options such as bank, kiosk, atm,etc.",1

i thought i could use this for down the road on seeing prices in other countries in magazines and is very easy to use and all types of currency i mean all does just what it should,1

"I have yet to put this app "to the test" while traveling, but I've "played" with it and it works well. It will be an excellent travel tool.",1

A must for traveling,1

i find this a simple and helpful app. i like to use it as a quick reference to use while reading

books with currency i do not understand. quickly i can figure out how much \$\$\$ they are referring to. it would probably be a great app as well for those wh,1

It is the best currency converter that I have been able to find. It has all the currencies that I have use lately,1

I NEED TO BE ABLE TO QUICKLY CONVERT MONEY ON MY UPCOMING TRIP AND IT WILL BE VERY HANDY TO HAVE IT ON MY PHONE,1

A must for foreign traveling. Quick conversion from one country's currency to another wherever you might be in the world.,1

"I keep a currency convertor on my netbook, but this is so much faster and easier to use. You can select favorite currencies so you don't have to always scroll through the amazingly long list of available currencies.",1

Great except for one thing. It doesn't work unless you are connected to the internet. When traveling to another country you need a converter when you are not connected.,1

"I had no complaints at all with this.I went to Europe last month (May, 2014) and used it a lot to convert from dollars to Euros and Kroners.It was so handy and helpful.I recommend this!",1

this app is so helpful overseas and i love that it updates on its own to what the conversion rate is daily!,1

"It is fast, user friendly, and accurate. There is an option to calculate different commission rates, too. Overall I have found it useful for figuring out exchange rates.",1

"No more, who knew surprises when it comes to spending money overseas. This APP quickly and easily converted all different types of foreign currency into dollars so I know at any given time (even in the frenzy of bargaining with locals for the best deals)",1

I liked this game but the demo only goes so far and then you can't play any more. I don't pay for games.,1

if you love solitaire then this is the app for you!!!!!!beautiful background changes & card changes.the graphics are first class. it has quickly become oneof my favorite games to play.,1

"I found this app for my HTC Merge Android platform phone and loved it. I told CJ and she downloaded it to her Galaxy. We both loved it there. Recently I was given a Kindle Fire HD and found it.I love the game. I will say, however, we seldom play anyt",1

This is definitely my favorite solitaire suite. When I had to reset my tablet (lost everything!) this was one of the first APPS I downloaded. As far as I can tell it works perfectly. Every time there is an update they provide a detailed description o,1

App has a lot of variety. I especially like the tutorial for each game. I wish more apps were this indepth.,1

its an awesome game and it also makes u think and have fun and sometime u need yo have fun!!!!,1

It is one of the worst game that i installed in kindle..While playing the first level only the ball was moving very fast and after few seconds showing your time is over and your score is Their is no setting for ball to move slow.. and while pla,0

"A steady hand gets you though the maze. Could play for hours.Don't give up, once you figure out how it's easy.",1

"Generally unresponsive, jerky, and slow. Runs smoother when background is removed. Would not recommend this.. even for free. Get NEWTONIAN FALLDOWN instead.",0

I love it! I..I cant put it in words of how much I love it.it is fabtabulous (fabulous) .it works amazingly on my k.fire (kindel fire),1

"I love this app! its a good, addicting version of falldown. it has good graphics and really catchy music. And it is NOT slow. Trust me. Its a great game",1

such a simple game but addicting! helps my son with hand eye cordination see how far you can go !,1

great game to hone up on music skills. my only problem is that it doesnt last long enough. Really love it,1

"It has helped a lot and I continue to 'test' my music reading skills, daily. This was an excellent find.",1

"I am very good with music so this app was of no use to me. If you know music, then you know it, but this app required you to name a note with a random key and clef as fast as you can, but most of the notes (in the advanced mode) were way outside the sta",0

"this game was very difficult to understand, so i feel better details and instructions would make this game better for all....",1

This program helps me learn notation both treble clef and the bass clef. I like the quizzes that are available. Really good product if you are a beginner music student.,1

personally i dont get it it is stupid to me so please save your time i wish i had :(,0

There are no instructions. I have no idea what to do with this. If the game refuses to offer any help I can't play it. It doesn't look like anything I've seen before so I don't need to be annoyed .,0

I could not figure out how this app was supposed to work. this app is a waste of precious space. Do yourself a tabor and just don't get it.,0

this game is so meaning less. what are u supposed to do? don't get this at all its stupid.no purpose at all,0

I thought that it would be cool before I was playing and I played it and I did not like it at all. if you want to have a cool app do NOT pick game of life lite.,0

this is not like the board game. it is SUPPOSED to be different. this game is about cells and evolution. not the board game Game Of Life,1

Did not do what it was suppose to uninstall ed it wanting something that is one app that will scan for viruses and malware and adware also clean coach and stop running apps that use to much of battery I just don't know what's better for my kindle cause I,0

"This is a very aggressive cleaner, so be careful. Using it erased not only the cache but also the stored data in my apps including log ins and downloaded books. Somehow, it also took my desktop screen on my Cruz android tablet back to factory settings,"0

This app does what it says. It cleans brings up a list of your cache and you can clear it with one tap. I was surprised that Facebook kept popping up even though I do not use the app that much.,1

I can say this app worked like a charm. After the purchase Amazon downloader did the rest. Now my Cache is clean and thats one problem I don't worry about any more.,1

Didn't remove my virus from my kindle fire .. tried a couple times and removed program .. this cost money .. mad :(,0

I use this to keep my tablet cache cleaned upIt's very easy to install and use and i was told it's good to get rid of material you don't need any more,1

"I literally can't say a single bad thing about this app. It's highly intuitive, entrancing, hypnotic, beautiful, brilliant, and expertly designed. Does what it says and does it better than most of it's kind. Had I heard of it before it was a FAOTD I woul",1

This app keeps crashing my phone during download. I have had to keep my wifi off otherwise it starts downloading again & crashing. Tried turning phone on/off. Tried other wifi networks... crashes my phone (Samsung epic) every time. went into sprint s,0

This app was anything but relaxing. The first time I turned it on I couldn't get it to stop and eventually had to force it to close through the phone settings. The music was so bad that I couldn't get it closed fast enough. I thought this would be some s,0

"I use this to soothe my newborn son. The music isn't great but the various soundbites help calm him. I vary the strength of various sounds to distract him. Good combos include ocean and whales or wind, rain, and thunder. Try making some sounds gradually ",1

"Excellent sounds, very relaxing! Couldn't be happier! So many options! My husband and I have both used this and we have also used it for our 4 month old son. Worth every penny!",1

"Yah, Yah, app is great. thank u amazon.but to superman75, you make my day reading your reviews. thank u for adding humor to my morning faotd routine.",1

"This app is loaded with presets that are great. Even better is that you have the ability to adjust each with multiple sounds, levels & mixes as well. Puts all the other's I've tried so far in the ""dislike"" bin. This one is my absolute favorite. I play it",1

"Like you, I spent the night with this app. If there's an annoying piano, I didn't find it! I put it on random and was sleeping pretty soundly right up to the moment my wife woke me up for something. :-(Did what it said it would do. No complaints here th",1

"They should have to pay you, for wasting your time and energy downloading this app. Awful. On a Kindle Fire and it wouldnt stop playing in background.",0

"Alpha waves are non-productive for sleep induction, if this app truly provides them in the first place. Also, wifi only download for something this mediocre should provide higher quality sound.",0

The piano was driving me crazy but thanks to other reviews I learned how to fix that. Now I love the app. and its great that I can mix my own sounds! Works great on the Kindle Fire. I will be using this app often for relaxing...,1

"When I finally figured out that the pause button stopped just that darn piano and left the sound effects going, this became worth 5 stars.I'm going to try this out for real when I sleep tonight since my house is so noisy and I'm really bothered by sound ",1

I have been using the iPhone version of this Sleep program (by different programmer Bonsai Labs) for over a year now. Works well for my Tinnitus. What people have to understand this is NOT just any white noise generator or sleep app. It actually has un,1

I would have reviewed this sooner but I was catching up on some much needed sleep. Cannot beat the price.,1

You can turn the piano off by pressing the pause button. I created my own lullaby from this app. I recommend it. too sleepy to write more. used on my kindle fire,1

"I got this as the freebie app of the day for my Kindle Fire and I am glad that I didn't pay for it. I ended up uninstalling it.You can mix sounds (rowing, paddling, rain, camp fire, splash, wind, ocean, thunder, whale song, beach, sand walking, and storm",0

This app makes all kinds of relaxing sound that can help you sleep if you are into that sort of thing.,1

this app is okay for free but if you cant turn it off its not really worth it. uninstalled it right after i played with it for a few minutes,0

"I've been using this app for over a year now. Started with the free edition, then when it was offered as a FAOTD, I jumped on the deluxe version. Very simple to use and customize. Plenty of settings to find the right combination of sounds that work fo",1

"Relaxed my sick crying baby as well as myself the minute it started playing, free is great but stopping a baby from crying is priceless. the only thing I would do to make this better is add

color changing screensens.",1

I downloaded this app to see what the features were. I had it on my Kindle Fire but in the cloud. When it loaded I played every tune and mostly they are just water sounds and piano music which to me is not very relaxing. When I tried to turn it off it wouldn't,0

"Not an ordinary sleep app. So many sounds and effects! The fact one can turn on or off certain sounds and save them is a big +! If I had known about this app earlier, I definitely would've bought it. Kinda glad I didn't though, since now I get it for free",1

this is one of the first FAOTD's that I would not hesitate to actually pay for. This is so relaxing and wonderful to unwind to. I can't say enough good things!!",1

Very nice Sound Sleep app. Lots of choices and has quality sound. I would recommend this over the free sleep machine apps and over many of the paid ones. Nice feature to have on the Kindle. Definitely worth the money.,1

"Few sounds, all of which have very silly, new agey names, computer generated attempts at natural noises and bad piano accompaniment. Even free, this app is a waste of money. Going back to "Relax and Sleep",0

"It's not a huge app by any means, but it gets the job done. I hope it works and I fall asleep soon. Yup it's worse",1

I have no idea what anybody has to complain about. I played around with it for 5 minutes & was relaxed enough to fall asleep. There are so many customization options you're bound to find something you like. It worked incredibly well on my Droid X. No,1

going thru all the sounds it seems like a pretty good app can't wait to try it tonight. all in all not a bad free app,1

"Ignore Supertroll and then him and his mom, who keeps posting as someone who actually thinks his stories are so funny, will go away. Now for this so-called sleep app. I figured out how to turn off the annoying piano fairly easy. I love piano, but it is ",0

"thank you for this app. very enjoyable, relax, peaceful, I believe this is good therapy! it reminds about my recent vacation on a coconut beach ;)",1

"I have trouble sleeping sometimes so I'll occasionally use a different program for sounds (Relax and Sleep). This one definitely has a unique sound and the music options are very nice and it's easy to use. Everything the other app has, but of a higher quality",1

"it does not perform like it should. I didn't download it but since Amazon let's me say what I want I say boo! bad app Amazon you need to fix this rating system, right now.",0

"Alpha frequencies and binaural beats for sleep is pseudoscientific nonsense. There might be a scientific effect related to binaural beats, but it requires two different carefully tuned frequencies, one sent to each ear. You're not going to get that effect",0

"Could not wait to turn piano off, nothing relaxing about that. Great sound choices. How realistic can it be on a phone? This one comes close...",1

So it's 3:30 AM eastern time and I must say this app works great...zzz zzzz zzzzz zzzzz zz z zzzz,1

"My wife uses this for background noises to help her fall asleep, does the job well and she likes the selection of sounds.",1

"After spending last night in jail (please see updated review of yesterday's FAOTD) I was extremely excited to see this offering today by Amazon. I really needed something to help me relax. So, I downloaded Sound Sleep Deluxe Edition and headed off to work",1

"I downloaded this app .. then uninstalled it, due to the fact that it wouldn't stop playing the music. Even when I stopped the program or hit pause and exit! Not impressed.",0

Okay you guys I mean seriously you guys are blind as a bat and have no recognition to how this application was designed! That scratchiness that bugs so much of you that adds to the ambient tones and I like it. I'm sure they put that in on purpose to add ,1

it relaxed me and did what it says so people can't complain. pause shuts piano off. good app that I would recommend.][[Whitewarrior]][,1

"If you are the sort of person that loves ambient relaxing music, like I do, you will love this app. As a musician, I will tell you that the sound quality is fine... I plan on using this app often.",1

"My spouse and friends love this game, we play it a lot, but we play on a different app. This was a good app the first time thru, but after just one time thru, it states "There is no content in the database". That's right, all truths and all dares",0

"Guess it was NOT what I was expecting it to be, I suppose for the younger crowd it would be more useful and playful for them but for me I can do without it!",0

me and my man love this app Kindle Fire get this app people trust me it's free u should just try it.,1

OMG When I tried this it blew my mind my man and I got addicted to this we are really sexual,1 I absolutely hated it because it is just disgusting front cover looks gross the only thing I kinda like is because it is free,0

"Not for people with a jealous partner! Be prepared to get physical with every member of the opposite sex. For those daring enough, this will get the party started.. And quickly!",1

there is no removal fix that or take it off the app store hate it I thought it would be fun but it is too unappealing stupid app and I mean it it sucks,0

I was having a party and thought this would be a good game. I didn't like that you can add your own dares it just didn't make sense. not a game to play if you have been drinking. we were all

lost. would not recommend.,0

HEY PEPS RIGHT NOWXI HAVE BIG BOOBIES CAUSE I PUMPED THEM UP SO NOW MY BOYFRIE D LOVES MY BOOBIES I AM SEXY AND I KNOW IT.,1

No Android device I own will be without this awesome App. It did such a great job of helping me unclutter my Xoom homescreen that now the launcher is actually faster.,1

"One of the most useful android apps I have, i'd say one of top 3 for me out of 200+ I have. Absolutely great on Xoom to augment standard launcher, I sort all my apps to categories/labels and each category is easily accessible as folder view. And its widg",1

Everytime I needed to search for an app on my ever increasing stockpile I would gripe about androids lack of a functional system to accomplish simple organization... not anymore! This app has changed my life and has made me love my phone again!,1

"Didn't get around to using it for a while, as I could see there was a bit of an initial time investment and I have quite a few apps installed. Now that I've finally gotten everything set up, it has proven to be the best organizer I've ever used, with a ",1

"yes you can create folders without this, but this makes it so easy to organize your apps and contacts. you can even rename those apps you never seemto be able to find.",1

"Because I have added so many apps in the Appstore "App of the day";, I needed this app to get them organized. I setup folders by app type (fitness, games, kids, etc.). Huge improvement to my Droid desktop.",1

"Bought this a month ago. takes a little setup time, but works much better than dropping folders on the home screen. I like the higher density options, and like the notification to add new downloads to a folder.Oops, gave this 5 stars - must be a fake rev",1

"If you are looking for a fully customizable folder organizer, look no further. With FolderOrganizer you can clear up you screens and have all similar apps in one folder instead of strewn over 7 screens.Plus, with the ability to use ANY picture, icon or p",1

"I've tried other similar apps but this is the best. Actually, I'm not sure that I could live without it on my android. It's easy to use and the export settings feature really saved me time setting up folders again when I had to replace my phone.",1

"I bought this on the Android Market a long time ago. This is the best app for organizing your phone. Period. The options are almost limitless when you learn how to use it. My only complaint is there is a bit of a learning curve, but still a solid 5 star ",1

"if you own a tablet, you know that there are no folders on the home screens. I found a couple app substitutes and this one by far is the best one I've tried. works perfectly on Samsung galaxy tab 10.1",1

"Read and write contacts? Place a call through the dialer without notifying the user? Has anyone checked the permissions this folder manager requires?I use and love the app, just went to update it and read the permissions, and am going to uninstall it. ",0

Puts all your apps into one big box with no options to chose which our in which order. Imagine a box with 50 utility and game apps in a chaotic mess. The developer has a lot of nerve charging for an app in its beta stage.,0

"Got this when it was the FAotD and I use it all the time. I love the way you can put folders ""within"" folders, and give your folders icons. But what happened to the contacts? Long pressing a contact used to give you the option of contact method (call, te",1

"In short, this app just works. Highly customizable and really smooth. At this point, I'd give more than 5 stars if I could. Well done!",1

"I love the plethora of features this app contains. I primarily use the folder link view that shows just a simple icon with a mini-view of the apps inside on my homescreen. If works great; organization is easy, as well. I would have definitely bought it, ",1

I'm an organization freak and I have been waiting for an app like this. I hate clutter on my screens and the ability to group apps into folders is the perfect solution!,1

This is the best app. It is essential to anyone who wants to be organised with their apps. I bought it over a year ago and it has never given me any trouble. Rooted Eris,1

"This is an amazing app. It let's me put my Apps in folders for quick and easy access. I have the Droid original, and this really helps cover for the slow processing.",1

"This app is very helpful, especially if you try a lot of apps. This is what folders should have been. Strongly recommend",1

This is a fantastic app. Well worth the cost. Organizing and accessing apps and shortcuts could not be more simple than with FolderOrganizer.I previously used a similair app that would require me to swipe from a side of the screen to access my apps. It w,1

I like being able to group apps into folders that I can shortcut on my home screen.

FolderOrganizer makes it much easier to add multiple apps at once to a folder (vs. using stock Android folders). Also like being able to assign custom icons. The best fea,1

"Simply brilliant. This is the kind of perfection that should be how your phone is supposed to work by default. You simply must try this app. The setup is worth the time. And folders are easier, faster and behave as they should.",1

"Folder Organizer looks and works great on my Droid X. I was a little slow on startup but viewing the YouTube video really helped. I suggest you disregard the negative reviews from ill-informed, self-appointed app-police. Their motives are not clear to me",1

"Very good. I have alot of apps, and this helps me access my favorites easily by category. Even

reminds to categorize when downloading new apps.",1

"Ever since I installed and uninstalled this marginally useful app, my phone has been acting up and no longer sends texts. Watch out for the permissions! Thanks for the malware, amazon. These fake reviews and die hard folder organizer fans are also suspicious",0

"I have too many good things to say about this. I started w/this dev's App Organizer about 3 months ago, then moved to the free version of Folder Organizer (exporting my folder choices), then moved everything to this paid version. I paid slightly more than",1

Does what it says it does. I have been using the light version and loved it. Now I can't wait to try out the features of the paid version.,1

"I purchased this through the Android Market about a month ago (I know, who knew?) and it has been an invaluable tool in keeping my apps and links organized on my Asus Transformer Tablet (running Honeycomb 3.1). I can now easily keep apps and links segregated",1

got it for free but it is well worth the buckfitty they're charging for it. Lets you organize apps into folders that can be Widgets. You can put folders within folders. Alerts you when it sees a new app not in a folder and lets you quickly add it. If I h,1

I thought this would be the perfect app and of course the stock browser bookmarks should be more customizable and have folders. I also noticed this app said it's the only one that lets you view your customized bookmarks in their folders directly in the b,0

I didn't get this as the free app today. I've had it four months. it is hangs down one of the most useful apps on the market. takes a little time to figure out but once you do it opens up a world of possibilities.,1

"I love this app! Makes organizing your apps, bookmarks, etc. a breeze. I use it to create and organize folders on home screen(s). Open the folder with the ""subject"" I'm looking for, and there are all my apps, contacts, or whatever that are associated with",1

I have been using the light version of this app for a year. it is incredible. will change the way you use your phone. I feel guilty getting the full version for free.,1

"i got this as the free app of the day and love it. i probably wouldn't have come across it otherwise and didn't even know i needed it. i've had it over a week and love it. i'm an organization freak, so i've now got everything on my home screens organized into folders. i l",1

"It's a great app. The reason the trolls rate it with 1 star is because other people rate it with 5 stars. How ignorant is that? Oh, if it's a good app that people are reviewing highly, those reviews must be fake, because these trolls know it all.I've used",1

This is a nice app. that does everything that it says and it does those things well. I am a very organized person and this app. helps me organize my phone (Thunderbolt) the way that I have been wanting to. Permissions are for obvious reasons; internet- t,1

FolderOrganizer IS counterintuitive. It IS difficult to learn. I DO love it! I want more icons on my home screen than I could fit on 3 home screens! Ribbon launchers don't help. They make the problem worse as I tug on the ribbon looking for the app,1

"This app is awesome! Makes my screen much easier to maneuver and cleaner. Plus, the dev is AWESOME at support! Always updating and ready to help if any issues! Best app on my phone!!!",1

I can't believe I have never come across this app before today. I use launcherpro on my dell streak and the only thing i didn't like about it was the folder system. this app is exactly what i was looking for. easy to use and can customize folder icons and,1

"I picked this up as the FAOTD and it's the only one so far that actually made my phone easier to use. Initial setup takes a bit, but I went from 7 home screens to only 5 and two of them only have large widgets. Love the custom folder icons and nes",1

"I have been using Fabio's apps for years now. With FolderOrganizer, he simply got everything right. I can't run an Android phone without this app. I love being able to organize my apps into categories (which many apps and launchers can do), but the real ",1

"Love the options, especially for folder icons. Able to show all apps inside a folder. Now I can see exactly what I'm looking. Easy to set up and sort apps in each folder. Also able to name folders the way I need. almost passed this up. Glad I took advantage",1

"The longer I use this app and learn what it can do, the more useful it becomes. My favorite feature is the ""folder link"". It's a folder that you can put wherever you want and you can put whatever you want inside that folder. You can mix and match apps, s",1

This app has allowed me to clean up all of my home screens and make my phone easier to manage. I love being able to create my own labels and assign icons that are of my choosing so that I can readily identify the items contained in each label. I now have,1

"This thing is the cream of the crop. Almost like a custom Home Launcher but totally not one. Use it for just about everything that you actually use an Android for, and organize it all. Talk about streamlining an already streamlined device.This thing m",1

This was one of the free a day apps and I got it. I find now I never use it and it just sits there.,0

"I've been using FolderOrganizer lite since last summer. Such a great app. Change icons for your apps, add folders to your home screens (with your choice of icon), easily add and remove apps from folders on your home screens - it's just excellent. Gro",1

I use this app everyday! I no longer need to open up my app drawer & still thru the 200+ apps to find what I'm looking for. I have 3 icons on my home screen that I've arranged me access to every app!,1

"Believe it or not, this is one of the best, must have, Android apps out there. I bought it long ago for my OG Droid 1 and am still using it on my Droid 2 Global today. Not too sound too much like a glowing fanboy review, but it really does redefine how",1

"I gave this app a try without knowing much about it. I was pleasantly surprised at how much it did and how well it was organized. there is a bit of a learning curve, but once you get it all set the way you like then its very simple to maintain. I highly ",1

Probably the best program of its kind. Well worth the money I paid. Extremely customizable and very easy to use. If you have a lot of applications this makes them easy to find. Also has great widgets and shortcuts. Definitely worth a try!,1

"A lot of apps seem to replicate about the same what stock apps do. I wouldn't keep an app if improvements are incremental. This is one of the few apps that improves on the old Android organizing so well, that it becomes a keeper.",1

Works great on my evo 3d gives you a lot of flexibility with your home screen and great for clearing up clutter,1

"I have amassed many apps, specifically games, and this app has made it easier to organize all of them. \n\nBefore this, I used folders to organize games into genres since looking in the app drawer can be tedious. For whatever reason, whenever I added a n",1

"I have made shortcuts of all kinds, which allows better use of applications. The option of a variety of sorts further organizes my evo. Folders are saved, but the truly great function is, f I designate an app, it will automatically show up in icons alr",1

just as nice as folders with apple products. even more customizable. great! easy and free what more could a person want,1

I don't know how I lived without this app. My phone feels so organized now its sick--in a good way! Folder Organizer is perfect for gathering all the apps trolling around your phone and placing them in easy access folders. I love the personalization fact,1

"This app is definitely one of the first couple of apps you should install when you get a new Android phone or tablet. It completely makes everything easier, less cluttered and organized. I have been using this app since 2011 and I've never uninstalled it",1

This is a great app. It never bugs out. Very well made. Very useful. I like it for keeping As much as I can on the main home screen with minimal taps. Editing folders is so much easier with this version too.,1

"I have always enjoyed this app and its numerous great features for organizing my devices. I won't restate all the great features that have been already commented, but instead will focus on the latest update to the app.As of the time of this writing (Dec",1

"To be honest, I don't know if I could use my phone without this app. The options to organize and file have become staples of my everyday phone use.Games? All in one folder, organized in whatever order I want.Favorite contacts? Grouped into a folder, an",1

"I have an LG Optimus V and having this app really made things easier with tab space on my android. Using the folder widget makes getting my contacts and apps much more organized and easier to access. Highly, highly recommended since it's free for today.",1

"I use this 'Apps Organizer' is done by the same person & I thought nothing came close to it,but this is more 'powerful' to use... especially the feature of able to have 'sub groups' inside 'groups'Took a while experimenting to discover HOW to do certain t",1

This app was incredible till update now theybtook away larger Widgets I have barely any use for it because they're only 4 by 1 that's so tiny on a tablet. Seriously fix it.,0

better than app organizer because I can sort by last used or most used if I want to and also because i can have a folder inside another folder.,1

"this is a great application, it is the best I have seen at organization for all aspects of management of folder and labels.",1

"Bought through Android Market months ago, this has been well worth it. Customized folders and icons are great, along with the ability to put folders inside of folders. Kind of like Inception, without the dreams.",1

I DL this application in July 2011 when it was the free app of the day. I love it. I am now hoping it will work on my new phone when I get it next week. I have organized all my apps to suit my personal method of organization. You will like it too if yo,1

"This is probably one of the best android apps available. Rather than having a shortcut for each app in the launcher, I have shortcuts for each category folder. I actually paid for this app and it was well worth the money.",1

I love this application! I've been using the free version for a long time. It's extremely useful. Thank you Amazon Appstore.,1

"this is one of the most useful apps i have downloaded. works fantastic. i was looking for something to customize folders i made on my home screens on my droid2 and found this great app. once you create the widget on your home screen, say for games, you c",1

"This is a must have app, just like ColorNote and apps2sd. All must have apps that do a much needed job very well with a quick and simple interface.",1

Forget the troll reviews (it's a thing with Amazon app store patrons) this is one of the few apps or there worth every penny.,1

"This is a great app for reducing clutter on my Galaxy Tab 10.1. Took about 5 mins to figure out, but totally worth it. Be patient and read the info on the developer's site.",1

542/683

So many times these Roboticcode Apps have touched right on my situation I love these apps they have gotten me thru so much and have drawn me closer to God. Thank you and keep em coming!,1

"This app (and corresponding dove apps) is an uplifting way to start each day and I so appreciate the time and effort that has gone into helping us as we follow Christ in a fast-paced, "social media environment". God bless you and thank you.",1

This is great when I'm short on time or as a springboard to reading the entire chapter when I do have more time.,1

I use this app everyday! It is a very uplifting app! I highly recommend it! It will be a blessing to you I'm sure!,1

"I have been a Christian most of my adult life and yet often forget to stop and think about my Lord, and pray. I really enjoy finding this waiting to be opened in my Kindle mail each day. It asks nothing of me. I don't have to open it, but todays verses",1

Great tool to help me remember who I am in Christ. It helps me in my struggles in this area of my life.-,1

Having an app like this one has made connecting with God daily easier than any way before. I recommend it for anyone.,1

this is like a spring board to go into deeper studies. at least its worked like that for me. but it helps to always see the verses in the notifications.,1

"This nice app comes to my Kindle Fire daily so that I can read scripture easily. You can read it in either old English, like King James, or a modern version. I occasionally switch back and forth for greater understanding. It's very convenient. Great ",1

this app relates to life directly. it gives quotes from the Bible that truly help with life and keeps your focus on God. recommend. to all.,1

For the busy life we lead it takes only a few minutes to learn of God's love and care for us.,1

It is a blessingevery morning after prayer I view Identity in Christ...This has been a motivator for meTo get a daily reminder of who you really are in Christ...it encourages me to get my bible to read and study more....THANK YOU,1

"this app provides relevant, encouraging, and inspiring scriptures to keep me focused on my faith. I highly recommend it for Christians seeking a closer connection to God.",1

"The day always seems to go better with God... and there is nothing like starting the day on a good note with so much negative things going on around us, thankfulness to the app store!",1

"This app is such rich encouragement. I look forward to seeing what it has to say and am uplifted in its reading. Definitely small enough to get a focus upon, but large thoughts to carry through the day.",1

like the other dailies I like to make to include it daily either before work or afterward. very uplifting and inspiring to read daily I look forward to reading what's new. thanks and much appreciated.,1

"It is so helpful to be able to read all these scriptures in one place, especially early in the morning! I love this simple little app.",1

Love the verses each day as they help keep me instep with my Savior. Hes all I need ever and ever.,1

This is life changing it is the best app ever if you are reading this right now I suggest you download this app. don't forget to check out the other "Identity in Christ" apps give it a try!,1

I love this app! I can always open this app and know that I will be encouraged by the word of the Lord.,1

What a wonderful way to start your day. Many times the daily verse is in correlation to what I or a friend is going thru and nothing makes it easier to face life's trails than the wonderful words of Christ.God Bless you for making such an amazing app fr,1

"I absolutely love Identity in Christ Daily. It helps remind me to stay focused on Christ each day. Thank you for creating such a wonderful app, Truley a daily blessing.",1

"Great tool for daily, uplifting inspirational words from God. Easy to use product that allows me the ability to read something great without having to stop and look it up.",1

such a wonderful blessing to have love reading these messages from God everyday. Each day I feel like it was meant for me.,1

Who are you in Christ? These daily verses from the Bible siw Our Identity in Christ. Very uplifting! I like the daily notification at the top on my tablet.,1

"This app brings an on time word for me, I read one just about every day. More when I miss a day. Thank you for your dedication to the Lord. May the Lord smile upon you and give you increase.",1

this is a great app to have. having a bad day u can just flip to this to give u a pick me up. words of wisdom.,1

Quick and easy access to well chosen verses. Very convenient. Would like to see verses in New American Standard version.,1

just as we need to eat food daily so we need to eat the bread of life daily. just the right amount to remind us of God's goodness to us.,1

Very resourceful and neat. It is always good to be reminded who we are in Christ. I enjoy the format and the functions available. Thanks for making this available on the kindle fire.,1

"I have been reading every message it gives me, I. do enjoy getting. them..they are inspiring. and great to face the day. and deal. with what ever you face out there. I do recommend this item

to everyone and enjoy it as I. have. thank. you. Mrs. lope",1
"I love getting these reminders every day. It's inspirational. App works without a glitches so far. Every morning when I turn on my Kindle Fire, the scripture is waiting for me.",1
Reading these scriptures helps to improve my mood and outlook as I start my day.They also helps to remind me that I have the spirit of the lord with me and I'm not alone as I face the challenges of life.,1
This daily Bible reading gives me the strength to get through each day. I really appreciate this being a free app.,1
"Since I am reading this app, I know who I am in Christ now, I feel more reaffirm now, I read it everyday like I need food, is part of my life now, this app is a Blessing!!!",1
Great morning devotion and thought. I wake up knowing I will get a nugget from God everyday.I would recommend this to every believer and non believer,1
this is a powerful message every day I read it.people need to read the lords words everyday and live this way.Its so peaceful,1
"I like that the quote for the day comes automatically on my kindle fire. No matter how busy I get, I can always start with an affirmation about my Christian identity. Great way to start the day!Dr. Greg Smith,Urbandale, IA",1
Thrillingly it knows what will turn your frown upside down anytime. its like God is sending a verse wait... he is ie is sending you a message everyday to show you to become a stronger Christian. you'll never not enjoy these verses.Amen.,1
This Ap is so encouraging....to be reminded daily of the word of God and how that word soaks and soothes is such a great way to start your day..this ap is exactly what a person needs whether you pay for it or get it free well worth it,1
Easy to use. Works great on Kindle Fire. Inspiring....What could be better than His Word.??
Nothing in my opinion.,1
I felt disconnected from God but then Romans 8:1-2 showed up and changed my relationship with God! And 1 star people especialy that Paul guy you are disrespectful for pointless reviews like that.,1
I love the way all the dove apps fit together and are at one place! it makes it so convenient! The Christ Identity app is meaningful because it remind us of who we are or can be because of our relationship with Jesus Christ. This gives us hope and joy e,1
Any promotion of accessibility of Scripture in today's world is a blessing. Thank you for this app and daily inspiration!,1
Very uplifting and inspiring! I have a better outlook and attitude when I read these everyday! I would recommend this app.,1
This app is WONDERFUL!!!!!!! I love getting up in ghr morning to find it waiting for me!!!! I recommend it to EVERYONE!!!,1
I love this app. It trully is trully a blessing to my life. if ever there was a time reading God's Word was difficult. When I wake up I think this app. speaks blessings to mu heart.To yhr creators: THANK YOU FOR MAKING GOD'S WORD SO EASY FOR ME.Once you,1
"This app as well as some others that I have gotten that are similar is absolutely wonderful. It is exactly what it says it is and it is a fantastic way to grow in your walk and be fed with the Word of God. I love it, no regrets or complaints.",1
This ap has become vital 2 my daily walk with Christ! I'm so glad it was free! I look 4ward 2 reading each day's message - it's a secure & comforting start 2 my day. It really has helped me get a better grasp on my ID in Christ - so pr,1
I love this app. I love having access so easily to daily Bible verses. I read it everyday and it brings me peace,1
Very nice to have daily Bible verses to start your day. Share this app and verses with your friends and family.,1
"THIS IS ANOTHER ONE I LIKE. I HAVE PROBABLY 6 OF THESE FROM ROBOTICODE LTD. THEY ARE SCRIPTURES TO READ. YOU GET A NEW ONE EACH DAY, OR YOU CAN SWIPE TO READ MORE AS WELL. I READ THEM DAILEY.",1
God is always Good. Thank You God for giving your onky son here on earth to save us from our sin. This app is really awesome. Gives me a lot of amazing words from the bible and learned more about Jesus. Highly Recommended. God Bless you all. Enjoy readin,1
These verses are a great way to get my day started on the right track! I can read them anywhere/anytime.,1
)This apt is so quick to read if you don't have the time for a study right now. Gets your day off to a great start or if you need to get uplifted quickly. Remember always that DADDY loves you at each moment.,1
"I absolutely find strength and peace, grace and mercy, love and forgiveness, truth and power in his Holy One " God the Father ", " Jesus Christ the son ", and " The Holy Spirit " (The Trinity). I love the daily focus on bibl",1
I love this app and I have all of them. it reminds me to read my scriptures every day and I would definately recommend it!:)),1
I find these daily apps to be helpful to me while on my journey to be a better Christian. I'm able to read the Word daily.,1
"This app is a true blessing. It works well on my Kindle Fire & is easy to see. I like the options that come with it, too. Nice to click a link & see the chapter the verse is from, or read the verse in a variety of versions (ESV~NKJV~KJV~etc...)",1

This app brings you an encouraging Word from the Creator of the universe specifically for you. These are wonderful to forward onto friends and family. You can also swipe left or right to remind yourself of previous Words or read new ones. Try reading ,1

From the moment I opened this app I knew I was in for a real blessing. It is better than terrific.Knight68,1

I need a pick me up and these apps are just what I need. God is good and his word is bind,1

A much needed app. It helps me get through these trying times. God is truly great! A great app for today's Christian. Get this little blessing.,1

"This has been such a blessing to me. I read this every day! You must download this app! Sometimes when I don't have time to get my Bible out, I pull up this app.",1

its nice to have gods words right in my hands.I'm 13 but i love God.i love his movies.hes super stupendous and cute I'm joking om 100000000.i was around when Jesus was he sat by me on Noah's ark.,1

"During the times when I need to hear a quick word from God, I just open this app on my kindle fire. I have begun emailing my sister a verse every day and on the days I forget, she's texting me to remind me to send her a verse. This app is a blessing.",1

"I love this app because everyday is a new reminder of who I am in Christ, and that empowers me to be all that He has called me to be in Him!",1

Thank you guys for this app that starts my day reminding me of the truth of who I am in Christ Jesus!! the world is so ready & willing to tear us down...great example is review from one named ADam on 5-2-12 saying we are "all gullible pieces of ,1

"Thank you so much for this app,it is deffinatly a blessing each day for me.I love the word of God. It helps me with my growth and knowledge in the Lord Jesus Christ.God Bless You. Linda L",1

Before getting lost in the day...it is so nice to absorb God word and lean on his presences. Thanks for keeping me on track.,1

I love this! I have all six of the prayers daily and my sisters and I read them aloud to each other every day. We share each others verse as we have different verses each since we started at different times.,1

"I really like this app, it gives me a new verse each time I open it and it's a nice way to get some Bible time in. I am so glad that I downloaded it to my kindle. It's. always a pick me up to read a new verse.",1

A daily reminder of who I am in Christ. This is something I can struggle with and this app reminds me daily with His words.,1

this app is such a blessing to me. my kindle is always with me and I can access Bible verses many times during the day. I recommend it 100%,1

I love receiving this daily it starts my day in a positive way! I look forward to it every day.,1

This series of apps provides a quick and inspiring daily encouragement for anyone who is trying to begin or maintain a prayerful life. I am grateful to have these Bible passages so handy in those busy moments when I feel down or discouraged. I use four o,1

Every day I wake to a heart warming scripture about the Lord our God. I really love this reveiw because it brings me energy to face new day.,1

The daily reading of these passages keeps me grounded and focused on my daily call to Christ . I am inspired daily and my mind is renewed in God's word and promises.,1

This daily reading takes less than a minute and helps focus on what is important in our lives. Christ. I feel closer to Jesus and strive to be a better Christian than the day before.,1

A great little lift and reminder of God's word each day. Some passages will cause me to open my Bible and read further on the mentioned verse.,1

HERE ARE SOME OF THE TRUTHS I LEARNED READING THESE VERSES. I have repented of my sin. I went my own way because I didn't know God loved ME so much. He sent His only Son to die as the payment for my sin. JESUS DIED IN MY PLACE BUT DEATH COULD NOT HOLD ,1

I like being able to have these scriptures about who we are in Christ on my Kindle anytime I want to see them.,1

"ok if your just looking for something to amuse you or pass time, but if you want to find inspiration i recommend the bible...",0

"This is a blessing it's like everything I'm going through this sends me a scripture fitting the situation I'm in... I wanted to download this but didn't. Now that I have all of them I feel complete.. Inspirational, and motivational messages everyday.. I",1

"when I hear these verses backwards it makes me want to kill the phonies, but John lennon 's already dead so I eat peanut butter crackers",0

great way to get your daily reading in the Bible and gain inspirational messages for your day. thank you and keep up the good work!,1

I look forward to checking daily and will go back to reread if I'm not clear on what message is. Also will share with friends.,1

"These WORDS of JEHOVAH, when meditated on daily, reveals the "TRUTH" about YOU and the PURPOSE for your LIFE! Open up this app. you will be glad you did!",1

inspirational app. i use it daily. easy to use and has now become part of my routine. i recommend it for all believers.,1

"I look forward to reading this each morning, health food for the soul. This makes it convenient and reminds me to read.",1

Great application....and wonderful that I can use it on my Kindle. It's nice to read daily without having to search for scripture. Thank you!,1

This is a awesome app. I also like the notification about the next day devotion to read. I give it a five star.,1

I am so thanking for having this app extra blessing being free. I begin my day with the word. the identity in Christ daily completes my meditation period. I am so thankful.,1

"Whatever my trial is for the day, these always seem to fit. They also help remind me to worship daily.",1

I love this app. It is one of my favorites EVER!!!! It helps me get through the day. I just LOVE it!!!!,1

they are short beautiful words of Jesus. but so meaningful it makes me feel closer to him. you folks are doing a great job. thank you!,1

What an uplifting start to my long difficult days as a Special Educator. It provides me with proper perspective for what I do. Easy to use and very dependable.,1

thanks to the creators of this app for taking the time to create it! and providing it for free! I have this on all my devices and make sure that my children do as well! sometimes we get caught up in the day to day activities but this makes sure that we c,1

I love that I can read a different verse every day and really think about it. I also love the different translations. Thank you!,1

I use this all the time every day every week. it really helps with my walk in Christ my savior. it also is really easy to use you open the application and it randomly chooses a scripture in the Bible that relates to identity in Christ. also it usually al,1

"It's really nice to have a daily Bible verse pop up to give me something to focus on for the day. However, I frequently forget to look at the notification bar so sometimes it's later on in the day before I check. I wish there was a bit more of a notificat",1

"I use this app near the beginning of my prayer time. It is so affirming to reflect on who I am in Christ. And that reflection reminds me of who Christ is and what He has done. The app itself is simple, easy and reliable.",1

Using this program is a great way to start and end my day. It helps me focus on the really important things in my life.,1

I love this app! Each day the scriptures always seem to be just what I need to read on that day!!,1

"Helps me remember I AM A CHILD OF GOD, and the power that I have in the name of Christ.",1

"Any time of the day that I sign in, its right there with an encouraging word from God. Love it.",1

I like this that it comes up on my kindle every morning. I don't do anything until I have my quiet time with my Lord.,1

I read everyday but this is really nice little addition to my other apps. I will be bouncing back and forth in my games and see that I have a scripture waiting for me. Keep the Word in my head throughout the day. I like it :-),1

as a Christian on face book I like to make myself known. this app helped me to pick a verse each day to post. it is always uplifting and engoureging every day. I love it!,1

"I love it you cannot beat the spreading Gods Word, it is so nice to be able to read Gods Word in the morning thanks tommy",1

"It is a good way to start my day every morning. I have it set to deliver a verse to my Kindle every morning. Usually a short/quick read if I am in a hurry, but gives the chapter and verse for reference if I choose to read further. Great app that I would ",1

helps me get my day started in a positive and BLESSED way I recommend it to everyone it gives me inspiration to be my best to all I come in contact with this is a wonderful app!,1

this is a great daily encouragement. just a quick read each day to give me something good to think about.,1

didn't mean to get this game but i guess if u like sounds it is ok had a 4 and 6 yr old buggin me while downloaded game for them,0

I did not like it because it was not really a game and who would want to hear the sound of bowling pins being knocked down,0

For me the noise is accurate but just that. Without active visuals it had no meaning for me and I got rid of it.,0

My grandson put this on my Kindle---he thought I needed it. It is very annoying. I guess it is ok if you like that kind of thing.,0

"I do enjoy playing this game. It is a learning process, learn how to focus, and think and learn how we should manage to win, win and win.",1

"this is a useless app, i did not order this unless my grand kids did, but i thought that you need my password to order and they are young kids and i am the only one who know my password. took it off my kindle. sad that i was charged for it!",0

my 3 year old granddaughter loves this and requested it be downloaded. She loves the sounds and it seems to be a sensory enlightenment for her.,1

"Cannot get it to play. When I open the game, the pins are on both sides. Right in the middle is a pin with the word STOP on it. No matter what pin I click on, it does not change.",0

I thought it was something else. How do I delete it? I don't want it on my Kindle. Please

advise.,0
"THIS APP STINKS,I want my money back, I guess it was my fault, I thought it was a game, my bad I guess.",0
I can't play it due to login messes and conflicting games. What a pain. Not even on my cellphone. I can enter my user name and password and still get an "invalid" notice.,0
"I did not care for this game. I was not very good at the rotations, so I could not get very far.",0
"Ironically, I have this on my BB Curve and it works fine. But I cannot get it to work at all on my Vizio tablet as some others have stated. It just will not work. It is free, however, so it might work with other tablets-just not the vizio.",0
This bar-code reader works faster and more reliably than the three others I've tried. It seems to capture faster by making better use of the camera features.,1
"Would not work, it disabled the camera so neither one would work. I was really looking forward to using it.",0
"THis is agreat little app. It works like it should, and works on any Android 4.0 device. Love the price (free).",1
It would not find the qr code on a few that I tried it on . it just wouldn't work.,0
I want to get a barcode scanner for the Archos 70. This does not work for the antique tablet. I don't know what will work for old tablets?,0
"I needed this for barcode reading, but do not use it enough for a better rating, but I will now.",1
you can scan a barcode and it reads it but can't seem to find it anywhere. I have a Verizon droid,0
It does work with my Acer Android tablet. Very fast scans compared to other apps. Could not get it to function with my Kindle maybe because of the front only lens makes it very hard to line up the code.,1
The my scan feature saves previous scans and can save a bunch of time if you want to look at previously scanned sites. The app works well and is stable.,1
"This worked for me instantly. Better, it let me install another Android app that both Amazon and Google Market (now Google Play) insisted wouldn't run on my S5570 Galaxy Mini Android phone. I eventually found the uncooperative app on one of the kazilli",1
States that another application is reading on to the camera. Stopped all apps that read to camera and still getting the same statement. Uninstalled the app.,0
I tried to use this device on a magazine code and it took me directly to that magazine's web site. I guess that is the purpose of this app. Maybe in the future I will find more of a use for it. Try it; it was free.,1
"I TRIED FOR HOURS TO MAKE IT WORK. I WENT TO A CLASS ON HOW TO USE MY NEW ANDROID, AND THE TEACHERS COULDN'T GET IT TO WORK.",0
"One of my discontents with Verizon is that they talked me into buying an LG phone, rather than the Droid I came in there for. Battery life is really bad on this one, if you want to have any screen time - but this application really helps. It is amazing w",1
"Really like this app. It finds all the programs running in the background better than any other task killer I have used. Very easy to use, and effective in freeing up resources.",1
It will not remove Google apps that are imbedded in a android tablet. Downloaded apps can be uninstalled without this.,0
"I love having this app to close all of the running ones. It's a must have to save battery life. I have it on all of my android devices, can't do without it.",1
A great way to kill all of the open apps on your phone or tablet that you thought you had closed.,1
"Slows down the android processor from my experience, it does its job however so I guess you can't really complain.",0
Seems to speed up my Kindle fire when use it. If it really saves the memory it says then it is truly worth it.,1
"This application does what it claims quite well & intuitively & for free. I can't think of a better compliment. Some nice features within. I must say, I've liked every app this developer has published.",1
"this app works nice and great, i dont like the fact that it shows amazon tasks. i like to keep those open",1
"click close apps, it will say it closed 46 apps. click it again it says no apps closed click it again 49 apps closed...wtf? if it closed the apps then they should be closed till you open them again. and at no time have I ever opened 49 apps on my phone a",0
"This app is great. It has helped me save battery life be uninstalling programs that are constantly running in the background (like AccuWeather, Are You Smarter Than a Fifth Grader, and TED). I'm not sure why people make apps that are always running fro",1
"This does exactly what it says it will do. I find it infuriating on the Kindle Fire HD that I can't kill or even SEE an app that's running in the background, eating up my precious memory. This app works great at not only showing you what is running, bu",1
"Love this little program. Some times I don't have the energy to go find what I left open on my phone and it is bogged down.With the little greem man, I can with one click kill all of them and

free up my phone again!!",1

"I've tried other app killers for my Kindle and this works better than any other. It kills more apps, it is easy to use and there is no guessing what is or isn't being killed, it shows you exactly what it is killing.",1

Works in reducing background stuffthat may be going on when you wantto get things done quickly. I like thegreen android man.Of course I reallyhave no trouble with my KFHD 7 butthere are some apps that take off anddo their own thing when you turn yourcomp,1

"No 5 star... I had to give it at least 1. This is someone's child, they worked hard on it, probably thought it was the next best thing to scrabble. Oh ya, before I forget, I didn't even download the app so sorry. No review on that aspect. Hey, have a fan",1

"Not sure why the bad reviews. I really liked it. Works just like regular sudoku, but with a word to find.",1

"Only "instructions" are to click on empty space in the grid, but when do so nothing happens so unable to play.",0

"Wordoku is a sudoku-like game that you can play in two different ways. You can play it as a Sudoku with letters instead of numbers, or you can play it with the idea of only trying to solve the 9-letter word. I enjoy Wordoku more playing it like the latte",1

"Can't play on my galaxy tablet, nothing shows up on the main page to start to the game. Please fix, would love to try it.",0

"I can see it having potential, but its really hard to remember what letters are being used, the box to choose letters covers a portion of the puzzle, making it hard to remember what letters have been used. I can't tell what the word is supposed to be an",0

"Pros: Nice looking game board, runs smoothly on Motorola DroidCons: far cry from a "word game"; slow, no flow, overly complicated, no App2SDI rock at Sudoku, and at word games. This game just bored the crap out of me. It took too long to rememb",0

I enjoyed it. It uses the same basic rules of sudoku but the object is to find the hidden word within the puzzle. Once you've found it you've beaten the level but can continue and fill it in sudoku style to completely beat the level or move onto the next,1

this app froze up on the title screen the first few times I loaded it. finally got passed the title screen only to have it freeze on the game screen. and I can't get to any type of menu.,0
Either it doesn't work on tablets or it is too hard to figure out how to start a game. Can't get past the first screen.,0

"My girlfriend got so frustrated playing this game she threw my phone across the room. I don't have insurance on it, so I'm glad it didn't break, or it would have cost \$700 to replace.I tried it myself thinking how bad could it be. After 5 minutes of pla",0

Terrible game. I was happy to see an alternative to sodoku but this ruined it. Just play sodoku instead of this poorly executed game.,0

Not like sudoku at all. Every puzzle should only have one solution. The very first Wordoku I tried was not solvable because it had multiple possible solutions.,0

"I remember when Sudoku first came out and it wasn't met well, then all of a sudden it became an instant classic.",1

"I've never been able to figure out regular Sudoku, and that made me feel dumb. I understood the logic behind it, but I could never solve even the simplest puzzle.Now I realize that I AM smart, I just don't dig numbers. Dug! Already knew that! With Wordok",1

there are only a few glitches but they don't make the hours of fun and destruction any worse. I loved the original on the computer and I'm so glad its now an app.,1

"I was not satisfied with it, so it is no longer on my device. It's hard to say anything else. I just did not like it",0

"If you ever have a kid borrow your phone, then you should buy this app.This is a great app, and I love it for the simplicity, and how you get right into flashing through the dinosaurs. It's a super quick way to learn dinosaurs, because it hits a ton of d",1

I use this on my tablet all the time. Easy to use. It gets you there fast. What more can I say.,1
I had so many problems w/ google and felt like prey because of it. All I wanted was an accurate search engine w/ out ALL the ADS and more w/ the privacy. The excessive amout of google cookies were just bugging out my device and I desperately needed an al,1

There's a rare moment in America now when we feel alone. I like going here for that feeling of every keystroke NOT being recorded.,1

"Sure you get all the privacy benefits and there's some cool features as well To search, but what I like best about this app is the stories feature. you can tailor to your taste and its better than any kind of news feed that you can find on Yahoo or else",1

"Have been using DuckDuckGo for a couple years now, prefer it to being tracked all over the internet by Google.",1

"With the exception of DuckDuckGo, all other search engines ie, Bing, Google, Yahoo and others, all store targeted data of sites and topics you have searched. Using the other search engines will load you up with targeted advertizing. DuckDuckGo does not",1

"as much as i tried,i did not see any use for this...search sites(?) supplied with app were(to me) junk sites with novalue...got rid of it.",0

A more private app that lets you check things without the invasion or needing a public file for others to track you. Do check it out on the drive engine too. It can be an alternate search engine

and backup search check to get the information when you wan,1
Strange name but it does what I want a search engine to do and NOTHING more. I'd recommend DuckDuckGo to anyone.,1
I have used duck duck go on my laptop for awhile now so I am sure I will like it on my tablet.,1
"Duckduckgo gives very good search results without the tracking. It has replaced Google as the default search engine in all my browsers. I almost didn't try it because of the name, but I'm glad I did.",1
"On Goggles blog they recently posted government requests for user data is on the rise, yet they are continuing to pry and require more data. Today I went to review Duckduckgo's latest app, but Goggle now requires you create a public profile with your fi",1
"If you want to browse the internet without every move being tracked, and you value your privacy, this is the browser to consider.It sometimes doesn't search as deep as Google or Bing by dragging up junk that is not pertinent, but it more than gets the jo",1
Great search engine that has gotten me to the best sites fir the search items. No complaints. Use it for yourself.,1
No adds or pop ups just suggested links..like it for that reason.Have been satisfied so far . screen not cluttered with unnecessary junk. thanks so much.,1
i dont know how i ever got along with out it seriously my best friend saw i was using google/bing and after laughing at me much like i did when i heard my mom still uses IE she turned me on to the duckmiester here. Never looking back!!!!,1
Easy to use. Nice knowing I can safely surf the net. Without where I go being kept track of. Works as good as any search engine.,1
Love it. NO TRACKING!!! The speed is fine. I never use google any more. I do wish the browser wasn't so expanded.,1
This app is a very good alternative to other search engines and took only seconds to install on my kindle fire.,1
"The safe alternative to Google (aka the CIA, Google it!), Yahoo and Bing. None of your information is cached (stored) by the guy who created this browser. No snooping or selling of your information like other search engines. I have been using this search",1
Very pleased with using this app as home page basis. Fast connection. Various news articles and interest stories on home page. Humorous pieces and every day photos of notice are also included offerings. Beginning a search without ads in your face is a re,1
"I've been using DDG pretty much exclusively for searches for probably a couple of years now, and have been every bit as happy as I was way back when I first found google. Search engines are not all created equal, and a good one is a fine thing.I sincerel",1
"I like this search application, I use it almost every day. However, the cartoon duck image always makes me stop and think....is this a game I downloaded for my granddaughter? I'd like to a better logo to portrait exactly what it does... like "Searc",1
This is a great app!!!! I love that it doesn't have all that advertising like other search engines and also love the fact that it doesn't track you either. Highly recommended. AAAAA+++++,1
Finally a search engine that don't give me what they think I want accordingly to my previews searches. It always give me what I need on the first page. It is like a search engine that is not bias.,1
"Probably the best app and search engine. Love the set up and ease of use. Very functional search tools. No need to sign in, just download and start using.",1
"This engine give excellent search results, and the survey of articles from the web is very wide ranging and of high quality.",1
"Love DuckDuckGo,it is so easy to use and I enjoy using knowing I'm not being tracked! Nice to have this little bit of privacy!",1
"I use DuckDuckGo on my laptop and was so happy to find it available for use on my tablet! You do not get all the ads, you search anonymously, they don't keep track of where you have been, you can be free to leave no trail!! Excellent way to search!!",1
I first got this for my PC and everyone home has it on theirs. Now I installed this on my android smart phone and works great. What this does is lets you search without the spying from the usual search programs.,1
"This app brings me the most relevant search results first. No spamming my searches like other search engines do. With bang search you can, with convinience, search any sight on the web. If you are still using chrome or IE on your desktop, I suggest you s",1
"Have used this on my Mac, so I was glad to get it for my Kindle. If you have used it then you know all the benefits. It searches through a couple search engines, it cuts down on monitoring your activities. If you are not familiar with it, you might want",1
"This is my default 'go to' PC search engine, so finding it in Android was great. The downside is the lack of adding RSS feeds to it.",1
I love that I can search different things and not be tracked. That is what makes this site so awesome.,1
I deleted this app almost as quickly as I downloaded it. It's not user friendly! Don't bother with this one!,0
I love that this is free and you receive so many news papers!! This is a great way to get news from all over the country.,1

VERY GOOD INFORMATION UP TO DATE AND ENJOY READING ALL THE UPDATED INFORMATION ABOUT THE WORLD AND ALL THE CURRENT NEWS,1

"What gives with the pop up ads that started today in USA Today? They are nuisance and sometimes will not close. Amazon needs to get the real USA Today app, it is totally unacceptable!!!",0
So many major newspapers in one place and one need not even step foot in a library to read them.No longer am I limited to just the local bird cage liner for print news.Best of all? This app is environmentally friendly since there is nothing to throw out,1
crashes every time before it startsJava line 1019 object not initializedtotal failunusablewon't startused to work and it was clumsy but useless now,0

"I got a Kindle for Christmas and I am still learning about it. I signed on for the ""UK news"" because I love the UK and their newspapers. A month on, I am receiving messages about my 30 day trial period so I am awaiting how much I will be able to enjoy t",1
Great way to catch up on international news. Now I need twelve more words before I can post this comment.,1

Is this sold as a kindle app? It appeared to be. But it does not work on my Fire. Wish it did. I was looking for a Reuters app.,0

The "heads up" on "free range" pop-ups me off from using this. Is there a source for the Musical Times without pop-ups?,0

What a great way to keep up with the 'goings on' in the Homeland! Definitely a must have. I love it.,1

I am so happy I tried this on the day it was free. I would NEVER pay for this app. Four colours? Three shapes? Nothing extra like stencils or anything. Heck this is worse than the real thing (a white board) This is a pretty lame app with practically 1opt,0

Its a whiteboard for the phone or tablet and it acts like one with the added advantage of saving. Perfect.,1

only handwritten note taking app that is usable. a must have for any student. I would recommend the ability to continue writing on a new board and save all the images on one file....but overall incredible app. would have paid more for it!,1

"This thing responds much more quickly than a lot of other drawing apps out there. Lots of features, very much like a whiteboard. I feel like I could plug in my HDMI and give a lecture!Only thing is I get an error when I try to share (Asus Transformer f",1

I use this for picctionery on game nights. now I have to type words so I can get to the 20 word minimum so I can submit this review. mainly reviewing to help offset the db's that give it one star because it happens to be a drawing app they don't want as f,1

"Yes... this app IS petfect. It does EXACTLY what developer states it will do. AND... no unnecessary permissions. Are there other "similar" apps out there? Yes... but, this doesn't claim to do anything that it can't.For all you cry-babies... it",1

i love it i think it is awesome but that is my opinion post your opinion.and this is annabell i don't get this kindle fire.,1

"Nice and simple. Great for quick notes/random doodling. For anyone expecting full coloring capabilities, this obviously isn't the app for you, as it plainly states it is a whiteboard. Try Kids Doodle if that's what you're looking for.",1

"very nice app, and agree that the whiners need to get over whatever it is they think is wrong. is there a way to input text? didn't notice it if there is. would be nice to put text descriptions in the shapes.... I prob just overlooked the feature?",1

well I have a whiteboard at home but this is no normal whiteboard. this game you have to getthis game its asweome:),1

its. good but I rate it five stars because its good when it has more colors I will be very pleased.,1

it won't download but if it does i hope it works.½ i don't know what it meansbut someone tell me plz,0

"Less than 1mb file and no permissions, does just what it says. This will be super when I want to make a quick note or drawing. 22 23 24 25",1

"I've gotten lots 10 of these types of apps already from the faodt! why would I need this!?! once again stood awake untill 3:15 and found this,,,,, why can't we have an app like yesterday's... fuggggggge! I'm so mad bro... superman75 plz rewiew this",0

i uninstalled it from my phone so long ago i really can't remember the application sorry i can't help more,1

I HAVE IT BUT HAVEN'T USED IT. I'm going to see if I can give this app a try again.,1

"Mt grandkids love to play with this. There is a range of colors, 3 sizes of lines and some geometric choices. A bit more to it than I thought there would be, but not too much and not complicated to navigate.",1

"Nice app, it has no bugs and it just works, a great alternative for when you just want randomly Doodle and don't want to use more complex drawing apps, such as drawing pad.N:B004WGGQPQ Drawing Pad]]its well done, I still have doodler as my default choic",1

"It is the ultimate whiteboard experience without the messy eraser and the dingy gray surface. Useful, provides everything you expect in a portable format, and can't be damaged by permanent markers. On the Kindle Fire, teachers can regularly use it in t",1

"This is a very fun app for the Fire. It's not a high-end drawing program, but great for doodles

and quick diagrams. It offers both freehand drawing (with various colors and line thicknesses) plus defined shapes (circles, rectangles). Very easy to use. It's,1
 this is the crappiest game ever whiteboard for free I better so don't waste ur money on it very dissatisfied,0
 "This is perfect. I will likely use this more than Sketchbook because it's simple and easy to use. And all u folks who use the reviews to vent ur bizarre disappointments in life...or ur bizarre, um, sense of humor (?) need to go back to Myspace. Or kinder",1
 "Usually drawing with my fingers is a clumsy affair, (I'm lookin' at you, Drawing Pad) but I was quite surprised and pleased with the responsiveness and fine-tuning present in this app. It's simple, quick to use and save; a job well done.",1
 "This app allows to do ""quick and dirty""...ANYTHING you can think of. Just write or draw it on the screen. Even has an eraser...your finger! C-O-O-L!",1
 great I loaded this app gave it to my 4 year old and did a few chores in the house. I came back and found my tablet covered with Sharpie ink. being unhappy with the 4 colors junior decided to grab the permanent markers to add color. now I have a tablet w,0
 I love it so much that my mom can't take my Kindle away from me. Don't listen to any other review. I am telling the truth.,1
 "For a quick way to sketch some ideas, do a little brainstorming, this app looks to be great on the Fire. In order to be able to change screen orientation on the Fire you are required to be able to read, very early in the process. :)",1
 this app is very sexy very very sexy believe me I am serious I am I am please believe me I am serious this app is sexy,1
 "I use it for to-do or shopping lists. Pulling out the phone or Kindle Fire and scribbling a list is so easy that I haven't touched a post-it note in over a week. Whiteboard Pro is also great for quick notes -- phone numbers, dates, times, names, etc. There",1
 "The app was advertised as a basic whiteboard app with some extra functions, and that's EXACTLY what it does. It's a whiteboard screen, the markers are the 4 basic colors you find in whiteboard marker sets, has some cute extras like shapes and marker thi",1
 "Simple, uncomplicated, stable. Unlike many of the other 'sketch / draw' apps, this one is really uncomplicated. Whenever I'm out somewhere and need to sketch an idea, or an equation or I just feel like doodling, this is the app I go to first.",1
 Tomorrow I am going to alphabetize my sock drawer. I am always getting in trouble for balancing fine china on the tips of pencils. Bananas are nature's sex toy. Imagine a world without ladders.,1
 "Before I had this I used a sharpie to take notes on my phone. There was a strange bug that wouldn't let me delete my notes and they would stay on my screen, even after a factory reset! Thank goodness for this app! Now I can keep my sharpie at home.",1
 "This works great with the s-pen, would be nice if they added s-pen pressure vs. marker size support, but I'm not complaining in any way. Thank you for a good app",1
 "This is a simple whiteboard app. It is fairly basic, but that's what I think makes it so great. After all, it is no more complicated than the whiteboard I have at my office. I used a tablet pen on this and it worked great. I'd recommend it for a dollar!",1
 "Is it basic? I guess that would be a fair view. What I see is a very responsive app for tablet presentation. The app has whiteboard in the name, of you want to draw this might not be the app for you, if you want to create some basic presentation or design",1
 "For the longest time this app was incompatible with my Kindle Fire HD. Since it's become available for my Kindle, I've used it a lot to keep a toddler entertained, and to keep track of my school assignments.",1
 "Boring, along with all the other ones like it. I am worried that when Amazon sees all the 5 star reviews they will offer this sort of app once a week!",1
 "can be a toy. but is. not , very helpful. exactly like a white paper where you can write, drawing or just play. high recommendation for this one",1
 this is like the 50th doodle app in the last month! come on Amazon! it seems like if it's not an arcade space game or doodle app it's not free....give something useful or at least a different type of game.,0
 Very simple. Very useful. Downloaded fine on HTC Incredible running 2.3.4. Easy to use. Good for both myself & my daughter. Enough said. Just try it out.,1
 I am always in need of a whiteboard and this is sweet. Has 4 colors which is enough to draw accordingly. I am an engineer and having to explain solutions or concepts to clients require lots of free space. Not to mention being able to export and share so ,1
 "This is an app that gives you a portable electronic whiteboard, just as advertised. Is it a full-featured drawing app? Nope. Is it the app I would fire up to CAD/CAM a downtown hi-rise? Nope. Is it just about the best tool for quickly sketching out an id",1
 "this application brings out the best in the worst! no one will ever regret downloading it! i tried it for some gaming ideas, and it worked like a charm! seriously, download this app.",1
 It's fun to draw stuff. Why would I say this? Well... it's fun to draw stuff... typing stuff is not fun....ok? Well,1
 Nice and simple app. Minimal permissions. Does not try any internet nonsense. Very responsive. Easy to use controls. Like ease of drawing shapes.,1

one star cause i seen so many of these apps and they just about do all the same damn thing but people on here praise it so highly its like saying yes lord you have save me. praise god our lord and savior jesus christ with 5 stars i know some of these rev,0

"Don't blame or punish the dev of the FAOTD selection. That is done by Amazon. Rate the app, not your disappointment for staying up all night.This app does what is says. So it deserves to be rated for that.And what do you expect to lose if a 200k app can'",1

"Nicely done. They set out to simulate writing on a whiteboard and did a nice job of that, then they added a few handy amenities such as drawing simple shapes. My phone is a bit small to be that useful as a whiteboard but I suspect a tablet would work q",1

This game sucks! it's wicked! gr8 for kindle fire and is good 2 waste time with! I highly recommend it!,1

how come white people are always taken stuff from us black folk first our sick dance moves than our fat beats now ourwriting blackboards. how is we supposed to remember our crunk lyrics???,1

"I usually. never rate apps, but this one works great.True it is not a drawing app. But for simple doodles it is just what I needed. One of the things that I like most is that you can actually draw straight lines, perfect circles. etc. One thing I would w",1

"This app does exactly what it says, and does it well. Make simple drawings just like on a whiteboard. Works in landscape & portrait, simple and easy, uses standard "share" capabilities and saves/exports in JPG and PNG formats. It's perfect",1

The kids really like this and think its a good decent app. Great for the doodler in the family or just for fun,1

"Apparently I am not alone with being totally SICK & TIRED of these unemployed, talent-less & obviously lonely trolls posed as "reviewers" & would give ANYTHING if Amazon and/or developers had the ability to rid those of us who actua",1

I love Whiteboard Pro. Amazing how something so simple could be so cool. The tools are very basic. Use freehand lines or the straight/square/circle tools. The color and width of the lines are adjustable. There is an eraser and an undo/redo function.,1

"I cannot draw,period. So I certainly don't need some app with all kinds of colors, brush styles or various tools. The simpler the better. If you want a whiteboard to scribble on this is perfect. If you think of yourself as an artist there are numerous o",1

"This is a nice, simple, versatile app that works smoothly on the kindle. Useful for diagrams when you don't have paper.",1

"I have a few drawing apps, but this has got to be the best. Simple but with just enough features and colors to create neat drawings. I think I may cloud my others and keep this one on my K.F. Thanks Gross Software and Amazon.",1

"I needed something to jot down notes quickly, this is it. I tried several other apps that say they do the same thing, but for me, this one fits the bill.Can't say enough about it. Works flawlessly on my Kindle Fire tablet HD.Recommend to anyone!!",1

This is by far the best doodling app I've used. It is simple and effective. Highly recommended for everyone that likes to draw things. I'm having a blast with it.,1

"Wouldn't suprised if Amazon stops this program soon. Must be hard to find developers willing to endure these irrelevant reviews. A little mind blowing how expectant people are of something they aren't even entitled to. BTW never used this app, don't int",1

"it's pretty cool that they make a line,cicle,and more for you but they don't have a lot of Colors all they have is blue,black,red,and green but still this is a fun game",1

I really love this app!!! the only problem is: there should be more colors!!! I would give this a 4½ but I cant soo 5 stars for Whiteboard Pro,1

"Some serious complainers about the free app program from amazon. First off, it's a paid app for free. Either good or bad, amazon gets these devs to give their product away for free. But everyone will do that, and that's why you will see apps that you thi",0

"okay, this app is great. I am glad I did not believe the reviews about landscape mode. It works on the Toshiba thrive, has 4 different colors, extremely easy interface, easy change from draw to erase and basic shapes. I often illustrate small notes at wo",1

Thought this app was amazing! Did everything it advertitised and more! Great for artists and anything of the sort. GET IT!!!!,1

"Growing up in the 70s, I prefer blackboards and chalk to these fancy whiteboards and dry erase markers. However, there is no option in this app for drawing on a slate blackboard. Please update with this option as it would also save on battery life by pro",1

"This app is an "etch a sketch" for your phone/pad/etc. No more boring meetings!And Superman, you need to trade in your smart phone for a rotary dial phone!",1

"This is a great app for children,they could draw or play something called"teacher"that is a great game because that child could be the teacher and they could get toys or other children to be the students.This is a great app.PLEASE NOTE:this app",1

I like this app it helps me practice for deviant art it's helpful for school to people get this app,1

I have tried many different drawing apps and this one works the best. I use it on my Acer A500 and the touch is right on where you place it. I have deleted all other drawing apps. Thanks.,1

"I am not a ""tech-head"" and have never used an app. like this until today. I have been playing with it on-and-off all morning on my Fire and find it easy to use. I've had no problems at all.

If Amazon hadn't offered this as the FAOTD, I most likely would",1

"This is great! It's got four basic colours, three marker sizes, and infinite possibilities. If you've used a smartboard for a whiteboard, then this is waaay better.",1

Dude. I do a lot of LSD and this app is great for swirlies. the gnome in my fridge likes it too. now if I could just find my pants.,1

"my niece will love it, and I can share it with family and friend's. also it's free so it's worth the price.",1

Wont list what your suppose to have Wont let you sign into your account! SUCKS! SUCKS! SUCKS! NEEDS WORK! GRRR,0

"I downloaded pocketBlu with high excitement, but was let down. After I downloaded it to my Kindle FireHD, it will not run at all. The program will open and a page for redemption of Digital Movie codes opens. That is as far as it goes. Every thing on the ",0

I think its funny how I can control my dvr from my kindle fire and not my dumb remote for my tv,1

"Beside Amazon app (Kindle fire HDX), I tried this on play.google.com (my phone) and Windows. None of them working. On portable part, both are not responding to my request to download. On my Windows PC, it says server is not ready. Failed app. Stop promot",0

I absolutely love the app. It works great and moves fast. App is really cool and I really enjoy it,0

"This may be a good product but it will not work, have tried several times but my Kindle Fire can't recognize my Blu-ray player, or the player can't recognize the Kindle, either way it won't work. Good thing it was free or I would want my money back!",0

"I have been using this app for about two weeks. well-written and well done, with all kinds of useful and interesting extras, especially if you use jog tracker pro.",1

Unable to use on old Droid X2 and forced closing a constant issue. It was suggested to go with the PRO version and it performed as well as the free version. NOT AT ALL.,0

This tools great for tracking my walks. I love that you can track distance and speed. I also like that you can save and upload your walks.,1

This app does a great job of letting me know how far I've traveled when I'm exercising. Don't be fooled by the name it also will track when you walk as well.,1

"I love being able to track my jobs and to see how fast I run. I especially like the ability to estimate how many calories that i burned. The best part is, it's free! :D",1

My daughter enjoys this game. She loves to match everything and she has already mastered it and is still not tired of playing.,1

love the way it says the letter out loud but wish I could turn the volume up. my two year old grandson enjoys this app runs okay on the fire.,1

"Title says it all, just a very stupid game, I dont like it, my daughter does not like it, just does not make anything fun or learning tbh.",0

"A memory game to match the alphabet letters. Simply does what it is supposed to and is good for keeping a preschooler busy for a few minutes. There is a Color Match and a Number Match, too. Looks and runs fine on my Kindle Fire.",1

We love this game. My kid who is 3 can play it by himself. The cards are nice and big and easy to click.,1

I bought this game to introduce my 3 year old to letter recognition. I really like that it speaks the letter as it is revealed. She enjoys this game & it helps keep her busy on long car trips.,1

"..... for my 6 yr old. This was never used, so I deleted it. Nice idea, just wish there was more to it.",0

"This is a simple app. I do like it for my 4 yr old. I wish the voice was clearer, and a feature to repeat the letter if tapped again would be a nice touch. The only thing that I can't stand is when you make a match the voice says "Good job with the",1

The app crashes on the Galaxy Nexus using Ice Cream Sandwich. Really annoying when you want to work out and it stops mid way through.,0

"I have been using Cardio for my jogs, workouts but I like this one better for just jogs as it gives more data and analysis than Cardio. I might start using this more as I hate my Cardio app force closing on my Atrix often.",1

"A lot of people bash this app because they say there are better available. While that may be true this one does everything it says it does. I personally got this app when it was FAOTD and have used it on a few different runs. It works quite well, and ",1

"This is a solid program with several beneficial features, including real-time charting of speed, pace, and altitude (especially helpful here in Colorado) in the pro version. And the permissions are appropriate and not intrusive. I am not the developer! ("",1

"This program is simple to use, has a clean interface, and is better without those ads. I was not able to try the heart rate monitor function, but if it works, it is a great feature.Thanks amazon for having another health and fitness related free app for ",1

"It's so sad that most of the time when an app is put up for free on here, it becomes the kiss of death for the app. People complaining about it being a free app, people giving not serious one star reviews, and people picking the app apart like it's supp",1

"This is to everyone complaining about free apps. I love the sense of entitlement some of you have. Have any of you ever heard "different strokes for different folks"? Just because it doesn't interest you, doesn't make it a bad offering. its",1

"The activity selection needs to be updated. It is missing several common modes of transportation: crutches, skipping, sit-n-spin, riding lawnmower, wheel barrow, piggy back, three-legged, somersault, on hands and knees, segway, and hot air balloon. Thank",1

"the only device that I have that can get apps, is my kindle fire, when I try to run it records it but this app actually broke my kindle fire because it fell out",0

Yea I had trouble with the controls too so I really don't know if it's fun or not maybe if it actually worked,0

horrible its just horrible its even hard to get the eggs and its horrible graphics I don't even wanna give it 1 star,0

"horrible I hats it it has bad controls, bad graphics, and the most ANNOYING songs ever! even my brother didn't like it AND HES ONLY 5 YEARS OLD! !! Don't buy it!!!",0

Omg. This game is horrible. The sky is all gloomy and depressing. Not to mention that it is stupid and not fun at all. All you do is look for eggs and get a headache after playing it for about 5 seconds. This is the kind of game meant for a retarded 3 ye,0

I love this app! I like that I can write with my finger or type on the page if I choose. Since I type fast it would be great if the app wouldn't lag behind. I recommend this app for anyone who likes to keep notes or journals. I currently have this app ru,1

Wait till 12:30am for app to b free! 2:30am central time.This app is exactly what I have been looking for! I never have anything to write with and the main thing I miss from my old phone was notepad. Thanks to the dev and to amazon for a useful FAOTD ,1

"I adore this application. I have been searching for a basic notepad app for a while and this one finally delivers. I have experienced no FC, lag time or any problems on my HTC EVO running Gingerbread 2.3.I love how I can write as big as I need to and it ",1

This app is not working out for me. I have tried several times and my notes just look like unreadable scribbles. I need a writing app where I can use the keyboard. It is possible you can do this with this app but I have not figured out how to do so.,0

Works great on my HTC Incredible. So much faster than typing on regular notepad with the keyboard. Finally an alternative to the standard notes app! Better grab this free app of the day while you can. Once you try it you'll agree it's well worth the price,1

"I don't know if it is innovative, but I can say it is the first time I have seen an application that records a character or sequence of characters and lets you replace or redo later. Works surprisingly well with fat fingers.",1

"This used to be a great app and now it won't open. Tried uninstalling, rebooting, nothing works. Please fix ASAP!",0

personally I love this app! It is easy to use and if I'm in a hurry to write myself notes or Xmas ideas it comes in handy. I think it is worth the money. I haven't found too many other apps like this that work well. love it!!!,1

This really took time to try to understand. Not useful so deleted it and will look for another option that will be better,0

This app is great! I had been looking for just this type of application to use on my Kindle Fire HD 8.9. I am testing it on my Motorola Zoom while I await the arrival of the Fire 8.9. I love the user interface. I also like the many available paper option,1

"I just purchased the app. for my Kindle Fire with the thought that I might be disappointed. NOPE, I love it. I teach Chemistry and being able to draw molecular structures right next to notes! YES SIR!!! I can't afford a ""Tablet"" and apps like this one",1

"Great APP. Still learning. Great for work, School,,reminders,Saves on on paper and saving a simple little note you just jot down while pressed with time.A+",1

I've been looking for something like this since I got my Android phone. easy to use. nice design. easier than typing when you need to write fast. Overall very useful.,1

"Wow. This app is absolutely terrible. I don't see how anyone could ever stand using this for more than drawing pictures that even a preschooler could put to shame. The idea for something like this for a phone is a bad idea in the first place, because it ",0

"This app works good, and is very useful when taking notes. I am using it with a stylus which I find works much better then just using your finger.",1

great app. I would like to see password protection added. I could use this as a journal if this feature was included. please add. thanks,0

If this were a FREE app it still would not be worth the money. I have a fairly good writing hand but on this thing it turns it into what looks like hen scratching - almost totally unreadable. And you dare not lift your finger from the screen until the ,0

I bought the pro version for my Kindle Fire and have the free versions on my Android phone and Acer tablet. It is so nice to be able to quickly open the notepad and actually write a quick note without having to hunt out tiny keys or special characters. ,1

"Would not recommend, app was not displaying properly on Kindle fire. Couldn't figure it out. And of course the app itself wouldn't let me adjust any settings",0

"This app does just what it claims. You can customize the pen, and layout of the notes. Now I have to work on my penmanship. Quicker and easier than typing if you just need to scribble out a note. I use it on my charge and my XOOM and have had no problems",1

"This app was not what I expected. It lets you write with a finger, but it posts the text before you can cross a T or dot an I. I removed it from my Kindle Fire HD",0

worth getting. very useful. helps to have a stylus but it isn't necessary. I like it a lot. definitely a good buy.,1

Nice app...super fun to play with but....I regret paying almost 4 dollars for it.....I wish there were a free version,1

This app is not worth it! There is an app called "Notepad" by Michael Checca. It is much better and it is free. DO NOT GET THIS APP!!! Go " Notepad"!!! And boo "Handrite Note Pro"!!!!,0

I mainly use this app to take notes. Its simple and quick enough that I can write notes on the fly before I forget as I'm not thinking about what button to press. definitely a unique app.,1

"I love this app! It's quicker than typing and it's perfect for a quick note. I have lists on my phone that I can update quickly, because I use this app. Love it!",1

"It works fast and remarkably well .. You use your finger to write a word and it instantly makes it small to fit on the page so you don't have to worry about using tiny writing . Is very fast .. Can be stored on SD card , I really see no negatives and if ",1

When I have a thought in my head or something I have to remember I can quick jot it down on this by using my keyboard or using my finger to write. It works very well and in an intuitive fashion. Easy to use.,1

Works great. Doesn't convert your writing to text but enters your handwriting on a tablet. I will use this when my 5 year old asks me how to write a letter or number. Definitely gets a spot on one of my screens for quick access.,1

"this app is really cool I love it! literally, you write something out with your finger and it puts it on a notepad, exactly as how you wrote it. kudos to the developer! I love free app of the day! :)",1

I think that this is a great app once you take the time to learn how to use it. You can use your fingers to write or the keyboard to type your message. This is replacing my other note app.,1

This app does what it says. I keep a widget on one of my screens for quick notes. I was always fumbling in my purse for pen and paper. Great for times when you need to jot down a phone number quickly.,1

This is a very handy app when you need to jot something quick. It is also helpful when you need to use nonstandard characters. You can incorporate small drawings and such.,1

"Really cool app! Easy to use, would recommend to anyone 1-100. It's fun to see your terrible handwriting come to life on screen!",1

"I first purchased the free app and really liked it because it was easy to use. but the small ad at the top/bottom of the screen sucked. so i gritted my teeth and bought the pro version of this for i think \$3.99. It was totally worth it, i don't have t",1

Being a simple note pad is a necessary thing for a smartphone. This app is great because it allows you to write your own notes in your own handwriting and then scales the word down to fit reasonably on the note sheet. Definitely easier than fiddling with,1

Works really well as a quick way to jot down notes by writing directly on your screen with your finger. The resulting "handwritten" memos are surprisingly legible and space-efficient. For me it's a nice efficient way to write a quick memo witho,1

"I use this app constantly, so much so that I added it to one of my Circle Launcher icons on my phone so it's always handy. Anytime I need to jot something down, directions, shopping list -- this is the app for the job!Turn your phone sideways for the eas",1

"I just installed this on my Samsung Galaxy YP-G70 and it seems to work fine. Not sure when or how I will use it. Nice to get a free app that's unique and not a game, since most of the games seem to just be a variation of another game.Update: Also insta",1

"Great app for all ages...its alot of fun & useful! You can write in different colors, on different paper & all sizes.",1

"Come in extremely handy on the kindle fire. Don't know y the bad review, but maybe if some folks would go through the tutorial they may get better use of the app.A download must, download this app.",1

"I love technology, but there are times I revert to the old things. This is one of those apps that allows that. Like my Grocery List and addresses that are given to me over the phone or when in person.",1

"At first I was a bit skeptical of this app because I'm not a fan of writing things directly on my phone screen, and I thought it'd be a nuisance to use, but it's not. I'm glad it was free but it's very nice",1

Great add on for Kindle Fire HD. style and ease of use is why I got it. Glad I have it.,1

"This app gives you exactly what it says it will - a way to jot quick notes with your finger. Yes, a stylus would be neater, but when you want to note something fast, this is an easy way to do it.",1

I am UN able to print directly to my printer. Just a portion Will print of each note and its very large,0

"This is a terrific app. You write the words large and it shrinks them down into a list. It's perfect. At first I thought the writing was too large and didn't make sense, until it automatically resized it. Genius! For free, you'd be silly not to tr",1

"If you want to use your Kindle in a more traditional way, this program will be very useful for you as sometimes writting by hand is more enjoyable than typing.",1

"Yes, this app works great. Lets you type or hand-write notes for your kindle. Lets you store separate pages for separate projects. Super easy to navigate. Definitely glad I downloaded this ap.",1

I bought this app here on Amazon after using the free version for over a year. Recently I discovered that the "Pro" version sold here is the same as the "Lite" (free) version on the other major app selling site. I thought it must ,0

I always found myself with out a pen to write important messages. With this brilliant app problem is resolved. Thanks developer. Brilliant!!!,1

"First off it does exactly what it says it can, what ever motion my finger does it replicated.However, I don't see this as something people will use "just to take a quick note". Where I see it getting the most use is by kids. It could be made ",1

"After trying several apps, looking for one that will allow me to handwritten rather than type, THIS IS THE ONE!!!! Knowing that it works so well, I WOULD PAY 2x THE PRICE FOR IT!!!! TERRIFIC APP!!!!",1

"Using a virtual pen that follows the touch strokes is a great idea but there should be an option to make the pen tip visible for better control. This app has potential for further development into the realm of handwriting recognition, handwriting analysi",1

"This is a WONDERFUL APP. It does what it says and in my opinion, is awesome for any kind of note, entry, etc. It also has a bunch of other things you can do like change the color, faunt, size, add attachments, and much, much more. I highly reccomend it",1

"this app is pretty great. some people here don't like it, that's fine, but shouldn't rate it low. it does exactly what it says it does and very well. I personally enjoy it, just set the milliseconds to around 145 and you get a great writing experience. ",1

I really like using this app. I love to write and it lets me do just that! It comes in handy.,1
This product is just what I wanted. it is a way to take notes with my kindle fire! thank you.,1

"The idea is appealing: Just use your finger to write notes. For that to be better then typing, the app must be very responsive and sensitive. That, unfortunately, is where this app fails. When I try to draw letters, the app does not respond quickly or wi",0

I've tried to give this app a try but its really terrible. To take notes is really bad. The options are confusing its never clear how to take notes. I can't save them whats the point.,0

"thank you guys I took your advice and didn't fey the app.Thank you,thank you, thank you. I think they should get a truth or dare app that is for kids and has at the least 100 truths and 100 dares.",0

"I really dont like this app and deleted it soon after i got it because every time you play, you get the same questions in the same order and you cant evn choose if you want truth or dare..",0
it doesn't have many to chose from and the ones you CAN chose suck and I like it when they chose the truth/ dare randomly,0

"Hello. I'm EmilyJksn. Also known as Emily Jackson. I want to tell you that I think this is a great game. Here is my story:One day I decided to look for fun games. I have the older kindle fire. Don't be fooled by all the 4,3,2, & 1 stars. This is a g",1

I luv this app! it is the best app ever! it is the only appropriate truth or dare game for kids!!! this app rocks!,1

I looked through the first couple dares... so lame and nothing I would ever do with my friends. None of the truth or dares on Amazon are any good.,0

Took your advise and I am glad I did id say DO NOT GET THIS CRAP!!! YOU HAVE BEEN WARNED,0

it is bad don't get this game. it is very boring. you can not say no or yes. it just tells you to do someting,0

i love it but you can not plah by your self it is not as fun as if you were to play with a bunch of friends i had a.slumber party and we played this game it is great for sleep overs it rocks,1
this game is so stupid all it does is gives you requests and you really dont even get to answer back dumbest app ever! it deserves 0 stars!!!,0

It isn't a challenge after a while i have to give in and lose. You can never lose because its near impossible for a balloon to pass down to the spikes so after about 3 minutes of just touching balloons nonstop it gets boring. This is okay for little kids,0

"its not that fun of a game and some times no matter how much you touch if, it does nothing and then it goes down then POP it goes",0

"This game is fun for the whole family. You tap the balloons on the bottom so that the balloons don't pop on the spikes. You have three lives. It lasts forever. See how high you can get your score. It was fun for me, and my family likes it. I would ",1

I loved this game it is so much fun and once you start to play trust me you cant stop!!! :),1

"The minute I started the first level, I had already gotten bored. I know the touch screen works, but the balloons will not float up when I tap them! This app is a waste of your time and space on your kindle. But if they fixed that, I would try it again.",0

its soo fun for the kindle fire. the people who hates this doesn't know fun plus it is a challenge. I thin you should get this app. its soo fun I play it too much.,1

I got this stupid game out of bordum but regretted it instantly! there was nothing to the game! all you did was just push up.on the balloons. that's it. don't even bother with this cruddy app.-,0

this game is great!I think you should make a new level pack!it will be very very very great!,1

"Ok, so I thought the game would be fun according to some of the reviews. And was I wrong! After I was dead and my score came up I was dissapointed. So plz have some sense and listen when I tell you its very BORINGGG!!!! Deleted this app immediantly.",0

Do not get this gamedon't get itdon't get itdon't get itis anyone even reading this I mean why do we make reviews if no one reads them all!?!?!,0

it dissent work for kindle fire the game is off and it is very very very slow so it is hard to get it,0

it gets really old and to do the fun LOOKING apps it costs 1 dollar a game.it may say its free but you have to pay about 3 dollars to get the full game.DON'T. GET THIS APP YOU GET RIPPED OFF!!!!!!!!!!!!,0

Super fun game sort of hard love it make a new level? SWEET Anyway its fun to do if you have nothing to do :p,1

this game is the best!!!! i like all the modes and it gives you enough in the free one to keep you playing for a while!!! super fun!!!! really pretty on my kindle fire!,1

"Okay, first of all, awesome!!! (see how I put THREE exclamations points) Very simple and for kids of all ages. I hot over 7,000,000 points on my first try for survival mode with no hints!!!!!! I don't think that they need to show the modes that you don't",1

"This app is absolutely awesome. You'd never think bouncing a balloon with your finger over a line would be one of the best games you will ever play. And it is. Addicting, crazy-fun. You really should get this app. Completely worth it.",1

on kindle firethe balloons don't go up when u touch them. it just sucks. Please don't get it even if its free!,0

Well this game is fun at first but after a while it gets boring because after you get to know all the levels it gets boring.Still a good game though.,1

"one day I was playin' "FLOAT"& won level 22 and got 2,160,000 week!!!!yayy lalalalalala oh uh ha ur still here heheeee just whistlin' unhurt ummm byebye",1

this is very stupid I like happy poo better you should get happy poo. my finger really hearts from swiping I donot like it,0

I think its hilarious how people complain about permissions. Theres a good chance that these same people have a Facebook account yet they dont realize how much information they're giving out with it. They also probably know nothing about the coding and d,1

this game rocks.. for you tards that for a free Of Optimus in your Cheerios... throw it away... of at Superman 75 when you see him on the corner turning tricks,1

I love this game.. I get to use my brain for once in a game that isn't overly complex. This is a great game to sit down and blow a bit of time. I'm glad I installed it!,1

on either my high end tablet or my low end phone. I think this is the first program I've ever found that wouldn't run on either!,0

"So Yoda and obi-wan decided to walk into a bar and buy a 5 dollar drink. Yoda seeing that he only had 4 dollars asked obi-wan, "have a dollar do you? A little short I am..... seriously I'm no good at telling jokes 1 star for being the faothd. :D",0

"I have an LG vortex and this app installed then crashed my phone, undoing some of my settings and apps. And the gravity burst application did not fully install. This is a very unstable application.",0

come on again really I absolutely hate these kind of games get a new kind. we need beter and newer,0

This app sucked waste of space!!!! Don't get it! I would have put zero stars but my kindle fire wouldn't let me!! Please if u r not a idiot don't get it! :(,0

"Per the description that states sticky (unsecure broadcast) intents are required for Air, is the developer implying one must download the huge-sized Adobe Air onto their devices in order to play this game? If so, it should state that clearly as well and ",0

"When I first saw this FAOTD, I thought to myself: wow, not another space shooter game. But I was surprised...it's not a space shooter (well, not a standard shooter anyway). If anything, it's more like a puzzle game just with a space theme. Some of the",1

"Very creative concept, and worth the initial frustration of learning the controls. So, four stars for originality. However, you don't need a network socket open to move pixels around the screen of a Kindle Fire. So, deduct all stars for demanding permiss",0

"I want a game, not a bunch of ads or my data being mined. Good game, but not worth it.",0

This app is a nice playing game and the gravity well concept is unique and adds difficulty to playing. It plays smoothly and has some nice features.Unfortunately the requested sticky application an Internet access leaves your device open to unlimited pro,0

I give this app one start because of permissions. I will download it and give it a try when I don't have to be scared it will mess up my phone,0

"Adobe Air is NOT necessary, either, btw. I don't have it installed & it still works perfectly fine. I don't even like shooters & I really liked this. It's the type where there are planets, & the planets' gravity affects where your ammo goes. Figured I'd ",1

Could care less about the game just like reading superman's comments..I think there should be an app of just his of the wall insane comments and maybe it could be the faotd,1

not very fun. pretty boring. what's with all the free apps being non compatible with the optimus? anyways not worth it,0

This game was fun for a little while. Good way to kill some time while waiting for someone but that is it.,1

"Couldn't get this app to run. Tried several times, only got a black screen. Very disappointed because I had high hopes for a fun, brain stimulating game. Reviewers, don't assume people who can't get the apps to work have an inferior phone, and don't assu",0

"I've never had any app suck a battery to death so fast. fail. game was ok, nothing special. uninstalling now",0

I've downloaded so many apps for the Fire that I've had to delete a bunch of them in order to make room for more. This is one of those that I've kept. That should be reason enough for you to try it out. It's fun and worth the download. I can't say that a,1

"More like Gravity Bust. According to Newton, a game that is lame will remain lame unless acted upon by an outside force. You've been acted upon...",1

fun I like the name its just really fun whoever gave it a bad review it is good I think you would like 5 stars,1

"The idea was appealing, but the execution is a bit sloppy. After you fire the missiles your own base disappears while the missiles loop and slingshot to your target. When there are multiple targets your shot includes enough missiles to hit all targets. S",0

As a fat guy I hate gravity. As a Christian I don't believe in it. As a republican I feel gravity is a liberal elitist farce hell bent on undermining the nature of God. As an object I tend to stay in....WALL!!!!,1

I hate this game :(it's really hard and stupidA better game is Angry birdsI really hate it you shouldn't get this,0

"Well researched from the original and ancient texts, manuscripts, by a splendid team of writers - this is a version you should add to your library... this app is very well done and true to the text",1

the biggest problem with this app is that the background is gray and the font is gray so it is hard on the eyes. there is no setting to change this. I would not recommend this app to anyone.,0

"I have really, really found this version to be very helpful when I am doing bible studies as it makes for easier understanding in breaking the verses down into plain english. I usually read the King James version but alot of people do not like the thee's",1

This is a great Bible app. The main advantage is that it is downloaded to your kindle and you can read it any where without wi-fi. I have been using NLT for many years and find it to be the best for the true meaning of the scriptures. The free " you,1

The NLT version is the first bible I read through. This was several years ago and since I have read five other versions through completely (including KJV).,1

just like the print version. Like the red letters. getting used to the features to jump from one place to another.,1

Absolutely love this app. I can carry my Bible everywhere with me and find scripture references with the touch of a finger. I love being able to take notes in church right on the app.,1

"This is my favorite version, however I have purchased the Mathew Henry commentaries, which are an integral part of any study guide. It has a smooth integration and the other Bible versions are as smooth. I like it since it is an offline bible.",1

I love this bible translation. It was my first time reading it. It is very easy and help you understand the bible.,1

Love reading this. Like all it has to offer with different versions and the audio. Will continue studyingthis bible.,1

"To have all these translations, as well as commentaries, available in one app is a GREAT time saver! The share feature is also something I use a lot, whether it be to something like facebook, or to my email to use in something in the future (or to some",1

I really like it. This is my first for this version. Considering adding another one or two and using the parallel format. I do like the ease of using it and the highlighting and notes portion.,1

"This use to be the BEST bible app for offline. With the recent update now the owners can charge you through sms messaging , according to my trust go security app. I'm very dissappointed that another company doesn't care about the consumer.",0

"I love this Tecarta Bible App. I switch easily between several versions as I read, quickly able to compare the way different translations or paraphrases as I process spiritual truth. The Message and the NLT in particular present vocabulary and phrases di",1

"Our preacher uses this Bible. It's easier to understand than other translations and our congregation is not well-versed enough in Bible studying to use the NIV or ESV. I like it when doing Bible study with my wife, who is also learning the Bible. This Bi",1

"While I own a number of translations, I enjoy using the NLT for my daily Bible reading. I like this particular company's app for several reasons:1. Ease of navigation - It only takes three taps to navigate from one chapter and verse to a different chapte",1

"This app works so well for me. Its very easy to navigate through and eash to mark, highlight, etc. I highly recommend.",1

Love the software with this Bible. I like to put two translations together side beside and this software provides for that. Once you learn the features it is pretty phenominal.,1

best Bible app I've come across. Able to add other translations very easily as could be and switch between Bible.,1

"This is the most accurate bible to get the niv is an inaccurate translation for (yes thks will cause distaste towards me) 7th graders. It changes flesh to sinful nature, which are not synonymous, thus altering an entire generation's thought, as just one ex",1

This translation is a great understandable and the closest to the original as possible. I recommend it to anyone who is interested in really understanding what the Bible says.,1

"Easy to use, quick select bible verse, easy navigation. Coordinates well with other translations by same publisher. Love the feature that gives expanded definition of words.",1

This is the version our Pastor uses and I can now follow what he is reading. Good to have. Yea,1
Similar to the app on my phone. My husband and I are now able to share what we are learning about at church....and both of us can see.....,1

I highly recommend this Bible as it is easy to use. It's the one I use for my daily reading.,1

"This app I find easy to use, very powerful delivers a very readable and accurate translation of the Bible. I find myself using it in church in lieu of my study bible for its rapid changing to other books, and verses. I recommend it to everyone. And like ",1

Enjoy listening to the Bible and reading with the person reading the Bible. I seem to get a lot more out of it.,1

We have several different bibles on our Kindle. None are easy to navigate. They got it right with this one. I really like the highlight feature along with notes and bookmarks. I will probably add a couple more versions. Great app for a tablet. I have it ,1

"Having used another book for the NASB Bible and experiencing issues that made it unusable, I searched and found this App. This is far beyond the one I had used for 3 months. Search can be done by the book you're reading, the Old Testament, and New Testa",1

The other Bible I had on my kindle the books of the Bible were so small that I had a hard time finding the names of the books. I have macular degeneration and the new one helps a great deal. Thank you.,1

I love the Bible and I love Jesus so much there is no way to go wrong with Him or His word to all who want to come to Him anytime of our life before our breath is taken away from this earth to join Him in His heavens. This is exciting to have on my kindl,1

"This is the very best Bible on the market. I have quit a number of Bible books, apps on my Kindle but this one is by far the best. I use it to the exclusion of all the others.",1

It is easy to get from book to book and verse to verse. I love the version {NASB} and the notes section.,1

"This is my third Tecarta Bible and I have never been disappointed. It is so easy to navigate and being able to do highlighting in the color of your choice, insert margin notes and organize and rename bookmarks is wonderful. It has a night reading mode (whi",1

Very good and easy to use reference talking bible. If you're looking for a language bible that is easy to understand this is the one for you.,1

The Word Of God in NASB new American standard Bible a good way to spread the gospel... and can email verses,1

"I was looking for an NASB Bible for my Kindle Fire HDX and I am so glad that I found this app. Not only is it an NASB Bible, but I can actually listen to it read the Bible to me! I absolutely love it. In fact I love it so much I found the same app fo",1

This NASB Bible application sounds like a great app. When will it be available for the Kindle Fire HD? I have the Kindle Fire HD 7 and the web page indicates that it isn't compatible for my device. Hoping it will be available soon.UPDATE: When the ap,1

"I really like this app. I have used another one, and I think that this one is easier to use.",1
I have several apps in my library but it helps to have stand alone apps that work offline. I can have my study notes and version all in one place,1

Great Bible App. easy to navigate and has many great features for study and reading. I especially like the cross reference and footnote features which are easy to access in the text. The text-to-speech feature for having verses read aloud is really goo,1

NASB is one of the easiest versions to understand God's word. One of the best translations of the Bible. Get it.,1

This bible app was exactly what I wanted. I needed just the new American standard version with quick easy access to verses in a hurry. Using this app for this purpose does not require an internet connection. It comes with lots of extra features which you,1

I loaded this on my tablet as a second translation (NIV was first). It is great to be able to see translations side by side. I also really like the ability to highlight text and add margin notes. Navigation is easy.,1

I have tried many Bible apps and this one is the easiest one I have used. It is very simple to highlight or bookmark things. You can even make your own notes in the margins. They way you scroll thru the chapters and verses makes finding things even eas,1

"I like the translation (NASB) and the fact that I can take notes, highlight things and find things easily. I also like that it will read to me while I'm doing other things.",1

I enjoy playing this game. This is the first version I have tried so far but once I get started I lose track of time.,1

"I was looking for a game to just kill some time with, this is not the game to do that with.

Boring, cheap looking, not fun at all.",0
 I love this game and have been playing it for a while these last couple of days. Hope others enjoy.,1
 "Challenging and fun! There are many games to play. I don't know how many there are yet because I've only completed 113 successfully. As you proceed, the games get harder but, if you're persistent, they CAN be won and you can move on. I set myself a t",1
 Have played this for a couple of months. The variety in levels keeps me coming back. Some levels clear quickly while others require more skill. LG Optimus V.,1
 This is my favorite game i ever downloaded!! There are MANY levels so you can keep playing. It's also esdy to play.,1
 "I love this game, but just the other game just like it, bubble buster, is bad now. I upgraded it and now the colors are terrible! I cant tell blue from purple and its pretty bad. I just wish it was back to the way it was like this game! I love bubble sho",1
 "This is perhaps the worst bubble shooter out there. The graphics are horrible, they may look ok on a phone but on the kindle Fire HD they are rough. There are no finite controls, you just tap the screen in the general direction that you want the ball to ",0
 "This is just good, clean, simple fun. The levels increase in difficulty yet beginning levels are fun for younger kids.For the elderly, it's sure to advance carpal tunnel.",1
 beat it beat the clock beat the scroll. yes lots of fun go faster are you quick enough. do it,1
 This app is a lot of fun. The levels get tricky. I highly recommend getting this app. Really cool. Get this app!,1
 "Fast reflexes and some relatively quick thinking skills are necessary for this type of game. This one has a nice flow and has had absolutely no negative operational issues on Kindle Fire. (I do find that the ""Loser!"" taunt when you mess up a level is a",1
 Highly addictive. Fun for everyone in my family. Eveny four year old loves it. Drains the battery quite fast but a lot of fun.,1
 This is a very fun game that all of us really enjoy and like to play on the Kindle Fire.,1
 "Love it, but very addictive. Enjoy playing the game daily. I am now to level 60 or more and I can't get enough.",1
 "I installed this on my Kindle Fire after I discovered that Bubble Buster was ruined by the last update. Bubble Shooter works very well on the Fire, just as BB did at first. Please don't ruin it with updates.",1
 "This is fun. My grand-daughter, (who is 7) just loves playing it...and I find my hands itching to play it instead. Great game for young children to work on improving problem solving skills!",1
 I'm hooked on this game... it's just to fun... I love this game!!! This is one of the most fun bubble shooter games ever!,1
 "This game was intended for my 4 year old grandson's Kindle Fire that I gave him for Christmas. I put it in my Fire to test if it was appropriate for a 4 year old.It actually is, but as the stages of the game advance it becomes a real challenge and I'm tot",1
 This bubble game is the first game I downloaded on to my first android phone . It has been around for years so the graphics are not the best. But it has over 900 levels and gets pretty challenging at times. A classic .,1
 "I have this game on my phone and that is how I first found out about it. After getting a Kindle Fire, I found it on there! It's a great game. It helps to pass time. I play alot before bed to help me fall asleep :-)",1
 "I really enjoy playing Bubble Breaker. Once I start playing, its hard for me to put it down. I am always trying to break my last score. Great game!",1
 No:(,0
 This game is so slow and boring that my three year old grandson won' t even play it. Don't waste your time.,0
 "The game keeps me thinking of new ways to get rid of all the bubbles, I know that's not the object but that's what I want to do.",1
 This is really fun.,1
 "No challenge whatsoever. You will be tempted to throw your phone across the room. Don't. You have been warned ahead of time. Keep it simple, don't download this game.",0
 I was not happy with the game. It was kinda boring to play. Needed more of something. Not quite sure what,0
 This game is fun when you are board but other than that its annoyingbecause its just busting bubbles id rather play a diffrent game,1
 I like this gamefun and easy to use I had bubble popper on old keypad kindle and this game is just as much fun,1
 I like this bubble breaker just haven't got them all broke but once....I am not very good at it. Amazon,1
 Too small.,0
 I am sorry to say but this app isn't fun at all. You would be better by playing it with a friend.,0
 "To be honest, this is the worst game ever. There is no point. I really wish I could rate this... horribleness of an app no stars. WORST APP EVER! DO NOT GET!!!",0

I am pretty new to Sudoku. I decided to try it out using this new app. I love it. Easy to use. No issues at all.,1

"I think is an excellent app, hours of fun from the novice to the expert I love to do sudoku puzzles.",1

"can write as many notes as you want, can color numbers if you want to for whatever reason, can have as much or as little assistance as you want, thousands of levels, alternate versions of Sudoku, difficulty from very easy (which isn't as easy as I'd expe",1

"I spent hours solving these Sudoku Puzzles. You never seem to run out. If you really like Sudoku, buy this app.",1

I really enjoy this game. It includes everything you need to stay challenged.,1

This a great game. It's so much easier than using a book and a pencil. So many options for playing.,1

"I got this app when it was the FAOTD, but I would gladly have paid the asking price, had I known what a terrific gaming app this would be. I used to be into sudoku a few years back, but don't really play it much anymore. I figured, what the heck, it's ",1

"I've played a bit of Sudoku, usually with paper and pencil. But this program is wonderful. It allows you to compute possible answers for each square (1-9), or just let the program do that boring part! You can go into a "color" mode, where you can",1

"Switching between pencil and pen marks took me a game or two to get used to, but after that the game plays great. Very responsive to the touch. Hard to put it down.",1

"Sudoku is a lot of fun, and what this app does is provide the tools to quickly work through complicated puzzles. Things like entering a number automatically replace pencil marks for that number, and the ability to steep backward and forward make it much",1

"I love this sudoku app! There are soooo many different puzzles at varying levels of difficulty. I also like that it keeps track of your times and gives you different options while playing, such as undo, redo, hints, erase, etc. I wish it had a "start",1

"I'm an advance Sudoku player and I love this app. It has different ways for you to play, and has [as stated] more than 10,000 puzzles for you to play! I am constantly on public transportation, including underground where I get no reception, so this game ",1

lots of puzzles! customized settings! several varieties! what more can you ask for? i use this on my kindle fire and it works perfectly every time!,1

"If you are looking for a Sudoku game, THIS is the one you want, it has TONS of game variants, TONS of levels endless hours of fun, you won't regret getting this app as I did not, colors and size are excellent.",1

"Too hard to figure out how to operate this app and play this simple but challenging game that I have played for years. Two different keyboards (why a zero key?), 6 or 7 other buttons, multiple square colors...come on, give me a break. Developers need to",0

Love the clock to try to beat my own times. Good app. if you like sudoku I would get this app,1

I love this game and so many games!! From very easy to extremely hard. I've spent many an hour playing.,1

"If you love this logical number game, this is one of the best I have encountered. Easy to play immediately upon DL and after you play a couple games even if you are not familiar with the game, there are many customizations and ways to personalize. Having",1

"This is a nice Sudoku version. It has a nice crisp, clean appearance. It allows for pencil marks and is playable in landscape or portrait. In portrait mode, you switch between final and pencil mark "keyboards." In landscape, they are both vis",1

It is nice NOT to have other games pop up when you finish one sudoku puzzle and want to start another one. Lots of puzzles to.enjoy in all different l levels.,1

...then this is the app for you. Great features and customization. I honestly don't know what I could suggest to make it better. I've tried a few others but this app was the clear winner.,1

"My (new) favorite sudoku game! Easy to play, LOTS of games, many levels from very easy to nightmare. Settings are customizable--I like to keep it in portrait mode. You can also set colors, hints, font size (helpful for older eyes!), etc. I highly reco",1

"This game is really well done! I'm still on the easy puzzles but some of them could be hard. When they are hard, the pencil and erase functions are very well done and helpful. This is a very user friendly game.",1

"First, this app has a very modest set of App Permissions. One reviewer reported that he could not use the app without a network connection. I just turned off my WiFi and it is working fine, so either that reviewer made a mistake, or the app has since bee",1

"I really like the interface and various options to this sudoku. Definitely the best one on Android yet, in my opinion.Here's one unique thing you guys did with this that I love, and it's the thing that makes a player get better. When you click on a num",1

"Overall this is a really good Sudoku app with easy controls, simple and elegant graphics, and a mix of easy to hard puzzles. I enjoy playing Sudoku on my phone and have played other versions. This version ranks just as well if not better than the others.",1

"Great interface for playing Sudoku. Tons of levels, great game play, I can't think of a single reason not to love it.",1

"I think by now most of us are at least familiar with Sudoku. If you've ever played Sudoku this game is guaranteed to please. It takes basic Sudoku and amps it up with a plethora of variants,

levels, and features. Personally I find the game of Sudoku to g",1
I love Sudoku. This game however wouldn't download properly on my Kindle Fire HD. I downloaded it 3 times before I gave up.,0
"I have played many sudoku games in the past decade or so and this does not cease to amaze me. Ever since I got a sudoku puzzle book for Christmas my senior year in high school, around the time the sudoku craze was popular, I have become a big fan of it e",1
"Very easy to very challenging puzzles. The format is simple. If you like sudoku puzzles, this is a must -have!",1
"This is a straight forward perfect sudoku game.Nothing extra to get in the way, this game is a true gem.",1
Lots of great features for a sudoku game.The best I've seen yet.Sudoku solving couldn't be easier or more high-tech!,1
"This app, as it says, has 10,000+ different puzzles in eight different difficulty levels. Each difficulty has 1,250 different puzzles. The puzzles play smoothly, and load very quickly. Once you choose a puzzle, hit 2 buttons and it's loaded. As everyone ",1
I have been disappointed with many other games & immediately deleted them I like htis one and use it often,1
Its a pretty awesome game. of course its a little challenging but its a fun game to pass the time.,1
So far I am enjoying this app. Pencilling in numbers makes it easy to keep track of possible answers. Yes.,1
"I gave this app five stars because it is a good app. I just don't like Sudoku. I thought I would give it another shot since I got my Kindle Fire HD 8.9, but it's still just giving me that "meh" feeling. I don't think it's fair to downgrade an ",1
"This is my favorite sudoku app. It has some great features and a very intuitive interface. Might make the game too easy for some with the default options, but everything is customizable.",1
"A very well done app. Its very easy to get around, very intuitive. Its also very easy to cheat but the helps that are there are easy to control.",1
"Some Sudoku apps are just hard to use, not even considering the puzzle itself. This one is a joy to play.",1
"I have played quite a few different Sudoku games on the PC. This is my first Sudoku on the Kindle Fire HD. While I have not yet explored all the different types of Sudoku available in this game, the basic gameplay is far superior to any that I have expe",1
Game is very good for those who like this kind of games (and I am one of them). has extensive collection of puzzles and lot of ooptions.,1
Great game for Sudoku fans. Plenty of levels and games. I just want to know why there is a minimum number of words required for feed back?,1
I rarely think games are worth more than a dollar. Usually I try to weigh how long a game can remain entertaining (replay value) and how well they are put together and compare that to other games you can play for just as long for a buck. I think you woul,1
"On my mid range phone the sudoku layout is the best i have seen. Open sudoku is my other favorite and this has better layout options for small screens, plus very useful highlighting to help you visualise solutions. Currently my favorite sudoku app.",1
"It is nice to Sudoku puzzle at hand for when you are just sitting idle. It works well, although I have not had much time recently to sit idle.",1
If you like Sudoku then this is a must have game. The game is professionally designed and is great to play. The app does include adware but I have not seen any pop up ads so it appears that at the present time they are inactive. This is a repeat FATOD ,1
I like working with numbers better than words and this game has it. Sometimes it get very hard to figure out.,1
I hope wasted in a good way. I want to keep my mind sharp and I must say this program keeps me on my toes. I haven't found any bugs at all.,1
"This is a very nicely done app. There are a lot of puzzles and different varieties, so the game never gets old or repetitive.The game board and number entry pads are laid out well and big enough to see and use in either landscape or portrait in a tablet ",1
I installed this on my Samsung Tab 2 and it works great. A more complete implementation of Sudoku does not exist. This is "professionally written". My hats off to you guys. And thanks for the wonderful time killer.,1
"Simple, clean interface. Lots of customizability. Been hoping I could find a good, free sudoku to replace the one I lost when I updated my Nook Tab from stock OS. Worth the full price - grab it fast while it's free. And tell your friends!",1
This is the most full featured Sodoku app I've seen. Lots of puzzles make for days and days of puzzle fun. Highly recommend to anyone who enjoys sodoku.,1
"This is the first app that I've seen that actually makes it possible to do sudokus on the computer - I'm not a fan of writing down every single number in a box, and so have a method that I place numbers in certain places on paper sudokus. I can't do the",1
This has been one of my favorite games for some time now and this app is great in the offering! Classic sudoku and jigsaw sudoku among other versions and level of difficulty so you never get bored.Definitely recommend it to anyone who enjoys playing sudo,1

I've never tired of Sudoku and have played for about 8 years. This game gives a sense of achievement and the researchers say it is excellent to keep the dementia away from our brains.,1
The very easy was not easy to do. Could not do the puzzle filling up 2 blocks. Not enough numbers given to make you stick with it.,0
I kept working one puzzle after another until I realized I'd been playing for over an hour. No problems yet.,1
"I'm not a Sodoku fanatic, but I do like to play. This app makes playing so easy and fun. There are thousands of games that range from very easy to "you'll never figure it out." Great for every level of player. I highly recommend this game.",1
"this is a good game, hours of fun, easy to use. any sudoku lover will find this a great game.",1
boring,0
"I just uninstalled my other two Sudoku apps. I could never decide which I liked better. This app solves that problem because I definitely like this one best!It's not that this one has any more features than the others, it's just that it is so much more i",1
Great FAOTD...,1
This is the easiest version of Sudoku puzzles I have every played. I can get done with a puzzle in half the time since it is so easy to pencil in the numbers that could go in the box.,1
"This game does very strange things like changing the appearance of the board and making it unplayable, all on its own. At one point I had to pause the game and reset the settings. There are no instructions, so I don't know how to get to all of these thin",0
I am lousy at numbers but love puzzles. This game has so many options that anyone can enjoy the gametime. I am still on the very easy puzzles but my time is improving. I like the options menu that gives you choices on knowing if you made a mistake or if ,1
"Many levels and options. I've been doing Sudoku for almost ten years on paper, but for my Kindle Fire HD, this is the best! Get it now while it is a free app of the day.",1
I picked this app up a little while back as the FATD. Not many apps that I get are keepers. This one is a keeper.I have seen a lot of Sudoku apps and this is by far the best. I honestly don't think a better app could be created for the game. Even if ,1
"I really like the app. HOWEVER, I just found out when waiting in the doctor's office that it requires internet to use. Why? I honestly think it's a 5-star app as far as the gameplay goes, but if I can't use it (I usually only play Sudoku to pass the t",0
Very challenging I like that they give you different levels to play so if the kids want to play they can as well as the adults.,1
This game can be addictive. Good for hours of fun and perfect for those times when you are waiting and need to kill time.There are several levels of difficulty so everyone should have a suitable challenge.One of my favotite games on the kindle.,1
"Honestly, it's just like a lot of other Sudoku games. But I like sudoku, so I liked this. It's a nice app, with easy-to-get-around interface, and in general a nice... everything. This isn't very deep, but sometimes sudoku is just sudoku, albeit quite ",1
I really enjoy sudoku puzzles. They give my brain a good workout and relax me at the same time. This app has plenty of puzzles to last a long while. I also found myself trying to beat my own times on some of the puzzles. The controls to choose numbers we,1
Puzzles are more challenging than the books I have purchased in the past. So a moderate puzzle is more like hard in a book. Definitely more puzzles than I will ever do.,1
"Was printing out Sudoku puzzles to do, but this is so much better. Love the way it highlights a single number in play including the pencil notes of that number! & the highlight changes color if you're in pencil-note-mode or fill-in-the-blank-mode. Yo",1
Greta app to have on a trip or when you are not near your computer. Has plenty of options once you learn how to use it,1
I am totally addicted. Love that you can "write" in your guesses in small numbers and then it shows you any conflicts also.,1
"you can choose the level that's right for you. If I'm in the middle of a game and have to leave it for some reason, I can just pause it. I love that if I get stuck and just can't figure out why I can have it analyze it and show the wrong digits. It has t",1
"It's one of the best sudoku games. You can see the timer, you can play different variants, you can choose between different levels of difficulty. If you find a mistake, you can easily delete it and don't have to start again. Also, if you are struggling a",1
This is the best Soduko (online) that I have found. I really enjoy playing. It gets my mind working in the morning and actually relaxes me at night.,1
Various skill levels keep your mind engaged. Easy to use interface makes it a no brainer... uh... sorta... you like sudoku? Get it.,1
"Downloaded it because I love playing Sudoku and I gotta say, It was well worth it. Thousands upon thousands of free puzzles to play, Far better design than pretty much every Sudoku app I have played as well. I'd definitely recommend downloading it before",1
I really like the notes feature. This makes playing Sudoku easy and fun. I don't think I'll ever run out of puzzles either.,1
What I like about this sudden app is the different types of variations that you don't see in a lot other games. Also there's different difficulties that makes the game worthwhile & fun,1
Not a big fan of Sudoku but this one seems to be really well done. Glad to see high quality

faotd.,1

"I am an avid sudukite. Love any grid anytime, anywhere. Even while I'm cooking dinner. My husband just doesn't get it. He won't even try anymore. Lots of grids.",1

"It's a game, I played some time a while back. I think it was fun but it wasn't memorable. I still gave it 5 stars.",1

"Thoroughly enjoy this game and all the variations. I know another reviewer said it couldn't be played in the kindle , but I have no problem on my kindle HDX. I like the pencil mark options and the red colored numbers that identify a mistake.",1

"Hey, I love Sudoku! I know, spelled it with a "Z" in review of "Unolingo"...life goes on. Different rank levels, checking the hint it will let you know where the error(s), is/are, IF you want to complete it, it will tell you where the err",1

"I am a Sudoku fan and and this is a great app. Tons of puzzles broke up by level of difficulty. I like the pencil feature, the number feature. This is a well designed and put together game. I highly recommend it for an Sudoku lover out there.",1

"This is very simple to use. I've only done easy ones so far, but love it. It's addictive. Great game.",1

"I have not played this game for long and am not a Sudoku geek either, but from the way the game is designed and from how the menus are made one thing is clear. That the Dev has given us a great game to preserve.What's more significant is that I now got e",1

This app has all the options you need. It has all the features you need to make the play as difficult or easy as you want.,1

"This is a perfect app for Sudoku lovers. There's a ton of puzzles ranging from Very Easy to Difficult, you can set the options to alert you when you enter an incorrect answer or play without any help at all. It gives you a pencil option for a guess tha",1

"This is the last sudoku game you will ever want. Plays well on my Galaxy SII and Note 10.1. I find no bugs, hours (and more hours) of fun, as many options as an electronic sudoku game can have, small file size and super non-invasive permissions. Thanks 1",1

I love sudoku and this app works great on my kindle fire hd. It lets you pencil in the numbers just like you would do in your sudoku book. The greatest part is there is so many games I Don't think you will ever complete the whole app in a lifetime. Recom,1

"This app has the best interface, most capable solver. Very adaptable and intuitive. I love the other sudoku app from this developer too. This version has pre defined puzzles, where the other generates puzzles.",1

"With 10,000 puzzles this should keep me happy for quite a while. I have a sudoku on my kindle reader but this one on my kindle fire is much easier on the eyes. I'm still at the very easy level and they are not too easy. There is still a good amount of ch",1

I had wondered how this app would be. I have tried others and ended up disappointed in most of the sudoku apps but this one keeps me guessing with each new puzzle.,1

I love Sudoku. I love it on paper but I like it a lot more in this digital version. And I've spent way too many hours playing it. Everything works. It does not freeze up on my Kindle Fire. It is just too much fun.,1

I've been trying to find a good sudoku game for my kindle and this was a free app the other day and I downloaded it. It wasn't too hard to figure out which was nice. And what I mean by this is that all sudoku apps have their way of operating the app and ,1

"I am glad I got this app, it works flawlessly on my 2nd gen Kindle Fire. Thanks Amazon for making it the Free App of the day. Thanks developers for a good game, and for not snooping around on my device!",1

"OMG! This is an awesome app!So many games, levels and variations !You won't need another sudoku so after download this one.If by chance you play this nonstop for every second of every day there is link to get even more!You will think you entered the wor",1

It's easy and fun! Just like playing on paper! I would recommend this app to any one who likes sudoku.,1

I love this version! I also like that I am learning other ways to solve the puzzle. Outside the box!,1

"It is what you would expect, but it makes the game a little easy. I was playing and put the same number in two spots in a column. They app marked it in red to let me know. Yes it saved me time trying to find where I made the mistake, but I feel like I",1

"This is the best sudoku app I've ever used. The entry method is customizable & it lets you enter all your possible numbers in each box. One tiny feature that made it the best in my opinion, was that when you enter a number in a box, it erases that num",1

It is not every day that I cannot think of one thing negative to say about an Android application. ;)But I can honestly say that this is the perfect Sudoku game on Android! What's not to love?

Features galore. Great interface. Tons of polish. A perfect r,1

"Rarely would I ever use the phrase "a must-have", but Sudoku 10k + is one of those rare ones as a Free App of the Day.Whether a beginner or advanced player, smartphone, Kindle, or a tablet user, portrait or landscape preferred.... the sheer depth",1

Just buy it and no question... see why there 5 stars reviews.... no complain much.. buy it and you will HAPPY... Samsung Galaxy S Relay 4G (SGH-T699) Android 4.0.4,1

"After trying all the free Sudoku games months ago, I chose this one and just never got around to

buying it - until now. It outshines the others by far. Not only is the game well thought out, it is the only one that was able to teach me how to play (many ",1

I have had other sudoku apps that I just stopped using. This one has the best user interface I have seen. I can't stop playing!,1

"took getting used to the system of entry, but once i got it, wow! What an experience! So flawless! And the settings are uncanny!",1

Best game,1

"Unfortunately, I have only used this once & it worked well, its a prog that I keep for holidays & travel times so far so good.",1

The first free app of the day for March 2013 from Amazon.com happens to be Sudoku 10'000 Plus. I have written reviews for over 50 apps so far and I have never given a 5 star review before this since I wanted to make the 5 star reviews feel more important.,1

"This version isn't just straight Sudoku. It has so many different types of Sudoku puzzles it's awesome. I love the "Jigsaw" games in which the zones aren't defined as merely 3x3 squares, but can be almost any shape. There are also "Asteris",1

"My addiction shall be fed for the rest of my life. The hints, tips, and highlighting features make this the best sudoku app yet.",1

"I can't decide between this and Sudoku4ever (by the same company) as the BEST sudoku game out there for Android. If you like Sudoku programs, get it. It has a wonderful interface and tons of useful features.",1

"very disappointed in this one - advertised for kindle, but no mention that it will not work on fire. So, if you like stuff for a "two generations old" device, go for it. if you want something you can use today, pass on this baby!",0

I am a huge sudoku fan and this game has more than enough games to keep me busy with multiple levels of challenges. You can save a game and come back into it later or start a different game and save that one also. Great app a definite keeper for me.,1

All you Sudoku lovers this is a nice app for the kindle fire you get to create your own and the level of difficulty.,1

It has so many preloaded puzzles at different difficulty levels so you can keep yourself occupied whether you are an expert who wants to be challenged or you're just looking to kill a couple minutes. The hints teach you different solving techniques and t,1

"For any kind of real movie lover, a look back into the history of film starts with something as simple as this. Fork over just \$1.99 and you have a wonderful selection of films at your disposal. This app and "House of Horrors", both by Fling So",1

Great app for those of us who like old movies and tv shows. Takes you back to a time when this medium was fairly new.,1

"This app has some great classic films, but what makes it fabulous are all the old, cheesy horror films. If you love the old horror movies shown on Saturdays years ago by guys dressed up like Dracula, this is the app for you.",1

"Watching just one old classic of James Cagney, Edward G. Robinson or Boris Karloff makes this a worthwhile expense. Not to mention Saturday afternoons at the movie house with Charlie Chan or Roy Rogers. There seems to be hundreds of movies available. A m",1

"I want to say THANK YOU to the developer of Movie Fault. I love old films, as in old from the 1960's and earlier. An to have this app, coincides with the old time radio app that I have, and I am in heaven. Best \$1.99 I have spent!! I love seeing Bela Lug",1

I read another reviewers review that mentioned they had a wpdn 2.0 and that's why I got it. I love that I have old movies to watch on my novel thanks to you!! For 2.00 which is not alot of money some old movies are worth it!!,1

This is a fairly large collection of classic films. Although they are not the best quality they are plentiful. For only \$2 it is well worth it.,1

what a disappointment! can't get any movies to play. wasted my money on this. wish I had known before I bought.,0

"on my kindle the arrows don't work so u cant even play. if u have a kindle fire, I don't recommend it.",0

"I did not like it. I hated it. It did not even work. I do not under stand that problem.,",0

fun but you move slows I got. 100 eggs. I don't care about deailt it I love it fun get it,1

"Either that or we just could not figure out how to play the complete game. When I have to read or try to figure out something and it takes a long time, not worth it to me. Make it simple so we can sit down with our children and just play it. Either wa",0

I didn't expect much from this app from the little Icon shown. As I played I realized many things I did not offer. You can only move SIDE TO SIDE. Eggs are in PLAIN SIGHT. YOU ARE TIMED. Bad graphics. Limited "hunting" space. So save the 12.0 m,0

"I did not buy this game. I have not played this game. I will not play this game but, I must give 5 stars because, the dev figured out how to exploit the Dr Who craze with as little effort as possible and makes people admit that they only gave it a chan",1

"this . is. epic. I mean who doesn't love daleks? its a great game, similar to chess. you shall be exterminated!",1

"The game is surprisingly fantastic. Though it wouldn't be worth much more than its current price (99 cents), I think it was definitely a good buy for the dollar. The controls are simple and the

game sounds like it should be too and, all things considered",1

"As someone who fondly remembers playing Daleks+ on a Macintosh SE, I love this game. It's exactly what I was hoping for. Younger folks used to getting Angry Birds for 99¢; may complain because they expect more in the way of action and graphics, but t",1

"Haha, I started the test drive thinking I'll give it a go and consider buying it, well before I knew it my test drive time was up and I was hooked. I love this game, especially how the Sale is stupidly follow the TARDIS into obvious traps! XD",1

"I love this app!!!!!! For fellow whovians, buy this app it is soooooo amazing and was well worth the \$.99.",1

"this is the first doctor who android based game that i could find, not counting jigsaw puzzles. it is a fun simple game of keep away/ strategy. you are in the tardis & try to out manuver a hord of daleks. the sounds are great and the graphics are ver",1

I am so happy they made a Doctor Who app for the Kindle Fire. Dr. Who is the best show ever!!!!,1

omg omg omg yes finally a DOCTOR WHO GAME!!!! its for ta kindle fire too...yaaaaaaaaaaaaaaaaaaaaaaaaa uh yaaaaaaaaaaaaa!!!!!!!!!!!!!!!!!!!!!!!!!!!! doctor who doctor who!!!!!!!!!!!! lol coolzy cool. no I'm not a girl I'm just super into doctor who. :p,1

"I love this game! You have to actually use your brain in this game, unlike most of the games we have now. With most games today, it's SHOOT EVERYTHING. With this game, it's OUTSMART EVERYTHING! We need more games like this.",1

"This game is easy to play and such a simple concept, but it is VERY addictive! 'I would use the word ""genius"" but I'm in the room",1

as a whovian inside and out(been watching doctor who since I was little) I was so excited to find this game! I love it and all the fun it has provided! :),1

"I originally started using this for my Kindle Fire as a replacement for the mobile version of google reader--which is usable, but not great. At the time of downloading, I tried every Google Reader app in the Amazon market, and even then this was the best",1

"In order to really use this app, you must buy the "Full Version" from GOOGLE. Amazon won't allow you to buy the Full Version on the Appstore, and if you buy it from Google Play, you can't play it on the Kindle Fire HD! I love my Fire HD, but, c",0

This game number one is boring and a waste of your time. And number two mean and hurtful. I know its just a game but the effects are hurtful:(,0

this game is fun for .2 seconds. don't get it. its a waste of time. u would have more fun playing with ur hands. trust me. this app is a dont,0

I love this game it is the best one I have got it is fun and I can never put it down,1

"The graphics leave much to be desired, the gameplay is boring at best, the animation even leaves much to be desired. This game is a big snoozer. I could not possibly recommend it less.",0

This game is extremely crule to animalsits still fun I cant put it down!!!You should get this appBut if you love love LOVE animals don't get it.,1

"who ever made this, i want sum1 to do this to u, and don't download this stupid app. i am an animal lover and this is very hurtful.",0

When you have a migraine the last thing you want is having to deal with something complex or glitchy. This app is easy to use and contains all the relevant data you want. I like so much I might buy the pro version.,1

I downloaded two headache apps on the same day. Can't remember the other one. I deleted it less than a day later. Too confusing. This one's simple and helps me quickly track and get on with my life.,1

"This diary is great. I look forward to sharing it with my doctor. The fact that you can keep track of possible triggers, severity of pain, medications, etc. is awesome. This diary has been a blessing!",1

"This is one of the first apps I downloaded onto my Kindle Fire and it's by far the most useful. Headache Diary Pro allows one to record headaches of several different types, at what time he headache started, your point on a pain scale, customizable trig",1

wallpapers are better than this. My droid has too little SD card storage to keep gigabytes of wallpaper images (or even an index to them) on board.While we're on the subject of wallpapers -- htc shouldn't have bothered providing 3D wallpapers of landsca,0

"This app has a very, very wide selection of choices. I found Simpsons wallpaper, Dexter wallpaper, Harry Potter wallpaper, even Frasier wallpaper!! I am overloaded with choices, and I haven't even opened other categories yet. If you're looking for an obs",1

"Very good selection, I was impressed. I think there is a wallpaper that would make most every one happy. I made mine the eagle.",1

This app is nice because it really works. Its awesome! It is very well laid out and if you need a memory game this is the one to get.,1

"It's not a simple memory game. The pictures are different yet similar enough to really exercise the memory vigorously. I needed that extra push because I do like to be challenged, however to start up there is a choice as to how many tiles you play with a",1

"I guess I downloaded it at some point. It must not have been very good, because it's no longer on any of my devices, and I don't remember ever having used it. I suppose it didn't help too much",0

I love it! I got all kinds of info in 1app. I have also discovered a lot of sites too.,1

"This app is really great. I use it more than Pulse. I like the look and appearance much better than Pulse as well. I like how you can manage which sources you want in every feed. I have many, one for domestic politics, world news, foreign policy, etc. Al",1

"Plenty of choices for different kinds of news, sports, business, science and other sources. Nice layout and easy to use.",1

on my Kindle Fire and I love it runs seamlessly easy to add or remove pages change text size & bookmarks. Great App,1

"Maybe it is just me, but Pulse is lacking on the Kindle Fire. This app more than makes me happy, bringing all my favorite news to my fingertips.Taptu has changed my reason for using my Kindle Fire. After first use, I became addicted to this news app. Add",1

"I've tried a few of the news aggregate apps, such as Currents, Pulse and Taptu. The top winner, in my humble opinion, is Taptu. Pulse became too bloated and difficult to use, find news, entertainment, used up too much resources on my computer. Current",1

Does exactly what it says. Being able to merge streams makes it so easy to keep up with multiple websites of the same theme. Love it.,1

This program is the easiest to use and it brings you exactly what you want to know and in a very timely manner. I have not used an RSS feed before. This program makes it a pleasure. I have said that only on a very few programs over the years.,1

"Great layout, solid, and I feel it's better then most readers todate.. Syncs with just about everything you will have, and simply wonderful on the eyes.. Everything crisp and clear, I found my self enjoying it, and Taptu wasn't bad either :-)_~ lol.. A ",1

"This RSS app sucks. Their search is totally useless (they use Bing, what we're they thinking?!). I hoped to search for the (exact) titles of my favourite blogs from my old RSS reader and it couldn't find ANY of them. Even really popular ones that show up",0

All your news in 1 location. I use it every single day it's a great app. Now I can't wait for the Kindle fire.,1

Taptu is a great app for following all of your RSS feeds. It's a snap to add any source and organize them any way you like. Very Nice!!.,1

"Easy to use, good source choices, beautiful on my Kindle Fire. This is a first look for my special interests every day. Very good!",1

"I was able to add all of the blogs I follow to this, and enjoy using it almost every day.",1

"Coming from someone thats used both Pulse and Taptu for a while, my final verdict is; I like them both! I use Taptu on my Kindle HD because i find the Pulse version on Kindle to be behind in updates. But Taptu to be very lovely on a bigger screen, with",1

"Get all the best memes, news, recipes, and time-wasting fun in one spot. Addictive! This eliminates the need for multiple apps.",1

Crack for the news junkie inside you. Beats pulse hands down. Customizable and easy to use. Love being able to color code my feeds.,1

When I was a kid I dreamed of a world where all knowledge would be instantly available anywhere. Taptu makes that a reality. Love the flexibility and ease of use.,1

A good variety of news items available. I can check out my interests quickly. I would difinitely recommend this app.,1

"This app is amazing! I had been enjoying Pulse for the last several months, but decided I wanted more. Tried Google, but not satisfied. Taptu is highly customizable, easily organized, complete, and user friendly! Believe the others who have tried other",1

This game doesn't play properly on my kindle fire hd. It doesn't fill out the entire screen and then it flickers like the video is missing pixels,0

I really love cake and I have played this before so I decided to get this game.When I get more money I will get more.,1

Sux sooooo bad I tap on item i sent her to cook an she is like slow as s*** I am soooooooo sorry I bought it. It was the worst....I would not want anyone else to waste their time..I hope this helps,0

"This game constantly freezes. Even if you go slow, the game freezes. I was so looking forward to playing this, thinking it was like the Pc game. But it is just frustrating to play.",0

I wish I payed attn.to the reviews because I never even got to play the game. I was looking forward to playing this cake mania game but it would never download so I never got to try it. Very disappointed. Wish I would have asked for my money back.,0

This game will keep you playing and thinking until the end. EXCELLENT and FANTASTIC game to play.A GREAT EXCELLENT FANTASTIC game.,1

This is a very fun game. At times the controls can be iffie and not recognise that you've tapped but other thank that it is awesome !,1

We have played the computer game.. wehen we saw this as a app for the Kiindle fire..we had to grab it. It has several levels and so much fun to play.,1

All this does is flicker and flash I can't make it work I will call amazon. Please fix the bugs whoever made this game.,0

it works very well for what it is. my children have loved playing this game. highly recommend for cognitive skills development.,1

My 4 year old loves this game he playes it forever but I wish it had more levels as he can complete the game very fast.,1

"My daughter is almost 3. Watching her grow in strategy is amazing to watch. Each time she plays she seems to develop new techniques. Fun noises, three modes, works great. Would gladly pay for an ad free version.",1

"The pictures and sounds make this app a lot of fun for small children. It's a standard memory game, but you can see care was taken to make this something my son likes to play over and over again.",1

"There are multiple levels of the game, from very easy to more difficult and multiple themes. There's a reward at the end when the winner hears a giggle and all the pieces vibrate. The grandchildren enjoy this game.",1

love this app 5 stars for sure! my son loves it and it works great on my kindle fire! and free!,0

I got this app for my 2yr old to use. He loved the app so much that he uses it every day. I have it installed on my DroidX & Kindle Fire.,1

my grandbabies love this game. I am impressed with the help it is giving them with their memories. they never seem to get bored with it. thanks,1

I tried the game and I really like it. The objects keep changing so is not boring and it has a good option for littlest kids,1

"We love it!! My four year old loves it. Plays all the time. We save it for the car, and it keeps him quiet for the entire trip.",1

My two year old loves to play this matching game. It also helps me in teaching her the different animals.,1

"This is the perfect waiting room game for my two year old. With a bit of a learning curve on tapping the screen, she will gladly play this on car rides or in waiting rooms without becoming bored. Simple design and easy to use : an A in my book!",1

"my 3 year old loves this. plays great on the kindle fire. great for on the road, and at docs.",1

My granddaughter and I spent many fun times together using this app. She's 3 and really enjoyed the game and characters. So did I!!,1

"Great app for kids among us. Nice interface, keeps the young ones occupied and intrigued. Good for the kids and the young at heart.",1

My 4 year old loves this app. Figured out all out in just a few minutes. Loves the sounds and background on the tiles. He loved showing off his success at completing the games each time.,1

"My two year old twin boys love this game. It's. easy for them to use, they keep getting better memory and coordination skills each time they play. It's great for fine motor skills as well as concentration. Each game is always different, so it challenges",1

"Thank you for this game. My two year old loves playing and will finish two or three rounds in a sitting. Perfect animation feedback, and the animals are so cute.",1

"Tried this app when it was faotd, I was really impressed with how engaging it was for my son who is 3. we can get him to sit still and play all of the games.",1

This app is great for kids my nephew loves it and me being an adult its great to give your mind a workout so if u like memory as a kid this is the one for u I am 100% loving this game so enjoy kids and adults plus this is the one that is best out of all ,1

Keeps them busy for at least 30 minutes at a time. Love it in the car. They always ask to play even if it means hanging up on daddy or grandma.,1

"great application for working your memory, the sounds are a lot of fun, and the animals are adorable 5 stars",1

Perfect for young kids! definitely entertaining and fun. keeps them busy and laughing. lots of different characters to keep it fresh too.,1

"I'd pay for this game. difficulty settings, different themes cards, the pictures change as the levels increase...great game for my two and four year old!",1

"we had no issues with pop ups...my 3 yr old loves it, great memory game. works well on my kindle fire",1

I use this for my three yr old...she has multiple options to choose from and its simple enough for her to do 'all by herself'...excellent,1

"My 4 year old grandson can play this over and over, its fun to watch him enjoy this match up game",1

this is a very fun and great app... and the good thing about it is that kids love it lol,1

"my 3 yr old daughter is a master of this game, and my 5 yr old likes the harder grid.",1

"I got this for my niece to play, but I am the one that ended up playing it! It's worth it!",1

My 2 year old can do the easy match already!He loves it. Perfect to keep him quiet during church :),1

My 3 1/2 year old loves this game. He loves the different animals and the sounds they make. I only wish it had a slightly harder level. These are getting too easy now.,1

This may have been designed for kids but I like it too & I'm not a child. The graphics are great; the music just right. Love love it. :),1

MY 18 mth old loves this app! It's his favorite game on my kindle. & he's picking it up so quickly. Fun & easy for little kids!,1

Wonderful app for improving memory skills. Also great for keeping the little one occupied when your busy. Would definitely recommend.,1

This game is very addictive. I find myself waiting for my turn to play. My gradkids tell me I have to wait my turn.,1

"This application works great. I especially like the animal sounds. I got it for the kids, but enjoy it myself, Missing is a score record of either time or accuracy. Nevertheless, it's still a terrific application.",1

Enjoyed it. I use this to relax and pass the time in reading breaks.I assume kids will enjoy playing this.,1

"I know it's made for children, but when you need a quick distraction, this game delivers. and the animations are adorable.",1

"They can be entertained for a long time, and I have noticed an improvement in my 2 year old's memorization.",1

my daughter who is 3 loves it! just wish there was more levels but can't complain for free. great download!,1

My six year old really likes matching games and this one is super cute with the sounds and different card sets. We haven't seen any of the inappropriate ads that have been mentioned previously. Just the usual.,1

lots of fun. keeps them entertained and helps with memory skills. I love being able to praise them on a job well done.the sounds are fun too!,1

Love this app. My two year old nephew can't get enough of it. It helps his memory skills and keeps him occupied while his big brother does homework.,1

"I have been using this app a lot over the last two weeks and haven't seen lewd ads, so maybe they have fixed this problem. In fact, I haven't seen any ads on this app in days. There's just the mini ad at the bottom that says Kids Match'em Free. In fact, ",1

"I got this app for my granddaughter, but I'm having so much, it may be hard to give it to her to play!",1

my 2 yr old loves it. I haven't noticed the ads others did. I have it on my kindle fire.,1

My 2 year old loves this game and I confess to playing a game or two myself! It is too cute! My little boy loves the fact that the animals make sounds. Just adorable!,1

I have twin 2yr olds and they love it and I love them using a tablet so well. Free is the best price!,1

We just love playing memory as a family! This app allows us to enjoy it on the go! My 3yr old really enjoys it and we feel it is better than typical video game given his. age,1

Excellent memory game thank you! Using for our grandmother who has Alzheimer's. Would even pay for a version that had a bigger selection of icons or themes.,1

My 2 year old daughter loves this app. It is nice as a parent to find a game that she enjoys and can learn from.,1

I love this app. I have so much fun with my grandkids when we play this. Great color. I would recommend this to all!!,1

"Initially I wasn't sure if my son would like the app. To my surprise he loves it. He's only 2, now he looks forward to using the app. He even asks to play the app on his own. I'm proud of him he caught very fast.",1

My 3 year old twin grandsons love this app. We play it daily it has really helped them to concentrate and think ahead for next moves.,1

This app is my sons favorite! He would play this ALL day if I let him. It's great to little ones! I recommend it to EVERYONE!,1

my little one really enjoyed this. he would constantly play. it definitely helped him with his memory skills. now he is better than me! u should get it! :),1

My 2 1/2 year old loves this game. It is really simple but that's exactly what I wanted for him. He quickly learned how to play it and it keeps him busy. You have your choice of four different themes of cards to match. i've even played it a bit for &,1

it keeps little one very intertained. she likes it alot i give this app a A+ ... well i think its great ...,1

"I really like this matching game for my 3 year old and 4 year old. I read the other reviews before posting mine and I went back to check the ads. It looks like the ads have been fixed (math website for kids, etc) and they are very small at the bottom of ",1

Matching game my toddler love with matching game and two years later we're still just amazed at how much fun we have playing it over and over and over again. I think that this matching game is something that everyone could enjoy.Download it you'll see wh,1

"my 2 & 4 year old love this matching game. The sounds are not to loud and the Colors are nice. Great game especially, since its free my favorite word.",1

This is a classic match game with lovely art work. It does exactly what you would expect it to do.,1

"Even though this is a kid's game, I play it all the time when I'm bored - on a plane, waiting somewhere, etc. You can play it with a partner too. Great for all ages and improves memory!",1

"My four year old daughter absolutely loves this game. It really helped her with her memorization skills. I was amazed and proud when I watched her finally catch on to the game for the first time. She breezed through it, matching all the animals and fo",1

"My boys really like this matching game, particularly the one with the animals as my kids love animals. My oldest always wants to find the lions and keeps playing to the next game and the next to get find the lions. It's fun to watch them play and really ",1

I love the fact that this is a bundled game app. I like the furry creatures game and the

Halloween match game. I especially like the end of the game when the creatures or matchups jiggle because it gives me such a good feeling!! I found myself going b,1
 love this game!!! helps with memory and learning!!!! we have a blast playing with this app!!! so much fun together,1
 "One of my two year old sons favorite apps. There are many memory match games in the free apps for little ones but many of them take too much or not enough time, flipping the cards over, explaining them, etc. This one is just perfect. My son does not b",1
 "My grandkids loved this game over Christmas and my Neice and myself, when my son was two he started playing memory match so I have always introduced it to my grandkids. Thanks for this app!",1
 my 2 yr old granddaughter loves this game she doesn't even notice she's learning. she's just having fun while were waiting.,1
 "awesome little game, my 6month old grandson, luvs this game! And it was free from amazon, that is even better, thanks amazon!!!!",1
 "My 6 & 3 yr old both love this game. Just downloaded a bunxh of other apps for them, but they insisted on only choosing this one!",1
 Great app...perfect for preschool and beyond. Fun to play as a single player or with a friend! I have had no problems with it.,1
 He loves this thing. The only thing it would make it better is to change it to teach spelling as well. Maybe have the animal make sound and say what it is and spell it. That might be a seperate apps and is only a suggestion.,1
 my three year old loves puzzles. and matching games she plays everyday. and is so proud of herslef when she finishes :),1
 The first time my 2 year-old niece tried this game she didn't do very well but before too long she had mastered the concept. Now I have to fight her for the use of my Kindle Fire and we (her mother and I) have been forced to download the app for use on o,1
 Little tikes love to play this easy to understand game. simple matching of recognizable cute animals is a great little game fortoddlers and up.,1
 Might be good for a 2 yr old but any kid older than that would be bored very fast with this game. Too few tiles on the screen number of match odds too few.,0
 My 2yo loves playing this game. Didn't take her too long to clear her first board. She really likes the Animal cards.,1
 "R rated Ads. Wife and son are playing this, up pops some chick w her butt in the air. NOT designd for kids.",0
 "Motion is very smooth and fast. Sound FX keeps kids interested. Works great. As far as apps go it is a simple concept, but they did it very well.",1
 My five-year-old daughter loves to play this game. We have had it for over a year now and she still likes it. They have added several new themes since we first got it. I haven't noticed any improper adds while she was playing it. The adds are unobtrusive,1
 My 3 yr old grandson loves this app! It didn't take him long to master this. He is better at it than I am. A must have app for every young child.,1
 bought this for my 4 and 2 year old. just what you expect. i got it free. i couldn't see paying for a memory game.,1
 Great for short attention span kid. My two year old loves it. Completely worth it. One of the best free kids games so far.,1
 a simple game my 4 yr old loves. worth having. keeps her busy. I like it too. that's all I have to say.,1
 I downloaded this for my almost 3 year old and he loves it. It is a great learning game for him. The animals also make sounds so that is fun too.,1
 got this ap for free! My students with special needs can work this game quite easily and get excited when they get a match and are rewarded with a cute sound! This game is a great time killer when you need to entertain a little one for a bit.,1
 "My granddaughter, 20 months loves this app. She really enjoys playing this memory game. She loves the different animal sounds.",1
 "My son still plays this app and I have had it for a very long time. The different images and colors are fun for him, and he has gotten so good at planning and figuring out the puzzles.",1
 my two year old loves this game. I've had it for over a year and she still plays it and has so much fun with it.,1
 this is a great game for my 2yr old. he really likes all the different levels he can enjoy and all of the pictures,1
 Evo 4g. Runs great. My 4 yr old and 6 yr old love it. Filling out the word minimum. Spatula,1
 When my children were younger we had the actual games . Never failed that pieces were lost and the kids were done with it.,1
 "My 6-year-old grandson and I love taking turns, trying to remember the place where each tile is hiding. We don't keep score, but just have fun solving the whole puzzle. There are several different sets of pictures, so the game stays fresh and fun.",1
 My four year old son loves to play this game. he enjoys the silly sounds and the way it encourages him to find the matches.,1
 this has been fun for the kids and adults in our house. we love it! love how the season cards

change!,1

"My daughter loves this game. If she can get her hands on the Kindle, she will usually find and play this game. She is pretty good at it as well.",1

"I have always loved programming in BASIC, and now I can do it on my tablet! I have yet to use it all I would like, but I have only one complaint: it gets flagged as malware by nearly every scanning app there is. However, none of them can tell me what the ",1

"If you enjoy making computers do what you want them to do, step by step, then this is a good compiler for you. Did you grow up with DOS based BASICs, like GWBASIC, BASICA, QBASIC, QBX, even old microcomputer BASICs, then you'll enjoy this one. Your progra",1

"The interface is rather barebones, but what the software lacks in prettiness it more than makes up for in functionality. It may not be the Java or C++ compiler I've been wanting, but anyone who wants to be able to program via their Kindle Fire should be a",1

"I'm not an android developer, but just wanted a program to solve simple math problems. This does the job although I'm not sure how to make certain numeric types, it has worked well for some simple programs such as listing Fibonacci numbers and finding p",1

"For a child of the 1980's like myself, finding a BASIC interpreter for the KINDLE FIRE is like finding a long-lost friend who now has SQL connectivity.",1

[quotation marks don't port over into Amazon ratings] quote = *Echo *hello out there mr.

developer*Echo *is there a way to donate for your hard work on this?*Echo *you've done a fine job at porting over a fun basic programming interface*Echo *Please repl,1

"It was quite strange and very disappointing in my eyes. I do not think it has any point to it and is, in my words, boring.",0

"It's kinda like the magic 8 balls... you can tell that it's stupid and I don't like it. I scanned myself and it was like HIGH risk of me being a zombie. I deleted it, if you can't tell.",0

"so I scanned in my backyard, and I got an 80% chance of being attacked. Then I did it in the exact place then I got an 8% chance, now I know this isn't real, but at least have it sense you when you move. and also, you should have a radar and your in the m",0

I just bought this game for my kindle and you cant even see anything it is just a blank white screen. would not recommend this game for people with a kindle fire. Really disappointed. :(,0
Yawn,0

"For some reason, the voice sounded weird, I don't know why. It just did not meet my needs, but I guess it's an okay app.",0

I'm 13 and I love shut up it is a nice way to tell my bro to shut up so I won't get in trouble,1

"The other reviews say this is funny and amusing, but I really disagree. I think that shut up is really kind of rude to say and there are much nicer ways to get your point across. Why would you take the time to get your kindle and load the app just to tel",0

It is great the kids get a kick out of it if they start fighting I use it and they start laughing right away love it,1

"But it does exactly as it says it does! It is useful at times, it's to the point and gets the message across. Turn the volume down so it can just be heard, and use it in public while it's in your pocket, and watch others expression when they hear it but c",1

"Not even sure why this app exists. My kids downloaded it, but would prefer not to have things like this on our Kindles.",0

I l o v e this app but it needs more!!!!!!!!!!!!!! But it still is fun really really fun when my sister yells at me,1

"ummm...first off, nikki warmhead or whatever your name is, this isn't a game. its for info. on that note, this is by far the most up to date and immediate wrestling news source. whether its TNA or WWE this app gives you instant and constant updates.",1

I forgot about downloading this app and now I have completed that srep this app rules as well I will enjoy it for a long time,1

"Great source for all news dealing with pro wrestling whether it be wwe, tna, Rob, etc. a all around great source for news",1

"I'm a huge fan of wwe, tna, and roh so this is the best app for me. I like to check on the champions the most. Jeff hardy needs to be champ",1

WWE IS AWSOME I READY TO SEE BLOOD ON THE MAT I LIKE HULK HOGON MY GRANDMA AND GRANDPA HAD A HULK HOGON ACTION FIGURE OF HIM EVERY TIME I GO OVER THERE I WOULD FIND HULK HOGON,1

this app by far is the worst I played in like 5 years! and that's really really hard 2 get from me because I'm a huge I repeat HUGE wwe fan and by all my 2 favorite wwe superstars is the undertaker and randy orton!,0

"PW Torch is one of my favorite apps, being I'm a pro wrestling fan. It is always up on the latest news and stories in all the professional wrestling ranks. Matches are covered and reviewed with accuracy. Upcoming events are publicized, as are blogs, you",1

I think this app is for people who either can hack into the stupid game and make it WAY better. My mom gets about a thousand emails about apps being downloaded. Just another thing to help you get grounded. It gives you like 2 second to order the number,0

"This app is great. Your brain age isn't spot on, but it is pretty accurate. When it says "you are using ____% of your brain" that is because not all of your brain is used in this type of test! It keeps your reflexes sharp at the least, and it ",1

this is great I got the best brain age in history it said so I believe you should get it and see

if you can get better than minep.s. it will tell u when u do of u do,1
 This game was not for me!! I have better games to play than this one! You can tell that some person that was BORED created this app!!,0
 This is a fun game for the whole family to play just to see what you get when playing it.,1
 "It's telling me I have a 50 year old brain, and I'm only 10! All's it does is shove numbers in your face, then tell you to press the circles in the correct order. And you only have 2 seconds to look at them. Whoever wrote a good review is crazy and has",0
 Very challenging self improvement game. I enjoy making strides to improve my abilities and find it entertaining. I would recommend this to anyone who likes to test his intellectual ability.,1
 I got addicted to this game and eked up 31 yes!! so u need to by this it is solo cool,1
 This test really needs quite and consendtration. I really enjoyed doing it especially when it said my brain was about 10 years younger than I really am. Ha,1
 I would give it a -99947373899777566292837757574738293857379998847474747489 stars if I could. I am ten years old and it told that my brain was working at 1.29% and that it is 120 years old! This is NOT a fun game and I REALLY don't recommend it!,0
 I think knowing the size of my brain is cool I play brain age test all the time so cool,1
 1star people don't know what they are talking about. they just say that because they get bad ages. anyway this game is GREAT and is a good app. ••,1
 This app is crazy!!! It told me my brain was 116 years old.I AM ONLY TEN!!! Got that trustmobtech? Do not buy!!!! If you do you will regeret it!!!!!! I wish I could rate this app 0 stars.,0
 this app is HORRIBLE it told me that i was 115 years 1 motth and 1 day old do not get,0
 this is the most stupid game in the app store. SUPID STUPID GAME NOW I DONT TRUST TUE COMPANY TRUSTMOBTECH ANY MORE WOW LAUGB OUT LOUD S900000 STUPID.,0
 This is an absolutely ridiculous app! I'm 13 years old and the app said my brain is 116 years old. I am not that old and this game is just retarded! I DO NOT recommend this app. I would give it 0 stars but the lowest you can give is 1.,0
 "please don't buy this app. I know its free, but it is very stupid. it only gives you like 2 seconds to read 9 numbers!!!!!! plus the app picture is so gross. I had to uninstall because it was so bad. the brain age is probably fake. don't buy an app thi",0
 its able to teach people how to play guitar or even electric guitar like myself. its really great but it takes time and patience.,1
 "Like how it shows you how to hold the guitar, the pick, etc. I am brand new at playing guitar, just got one a few weeks ago and I am no expert so if there is someone with more knowledge they may think otherwise, but as a total novice, I have enjoyed usin",1
 I'm just learning guitar and this app is great. I like that it shows you beginner guitar tabs and songs.,1
 "Great app! Helped me out a lot, and I even learned enough from the app to apply to other songs and further my guitar skills.",1
 "Love it! Fun, challenging. There are many levels to complete. In the beginning, they are easy, but get MUCH harder",1
 "The game just gives you a graph, and you need to find a Hamiltonian path. It's really boring, and the interface just isn't great. Avoid this game.",0
 this is fun and a challenge. It is like solving a puzzle but better because it lights up and you can see right away if you a right.,1
 "I believe there are 280 games total, and you can only advance once you finish the one you are presently working on. This game is a great brain exercise, and something to do when you need to pass time. It also won't be quick to finish, so you can rest ass",1
 This is one I play a few times just about every night. When you make a mistake it screams at you . . . funny. Quite enjoyable game and I'm glad I got it.,1
 This is a collection of puzzles that you have to draw without picking up the pencil or retracing a line. Some are quite challenging. It is a good game that you can play for a few minutes while waiting for an appointment or for longer times. Works great,1
 "I HAVE TRIED THIS 3 TIMES SO FAR AND IT IS A FUN,MIND USING APP. NOT DIFFICULT AND EASY TO PLAY. NOT FRUSTRATING,EASY TO LEARN AND LOTS OF PUZZLES. THE NEON EFFECTS ADDS A LITTLE BIT TO THE GAME.A GOOD,FUN,EASY GAME TO PLAY WITH...CAN EASILY BE A 2 PLAY",1
 "This looked like a lot of fun, but the instructions and directions are very weak. It ckuld be much better if the developers would clearly offer some strong instrucgions and help, but right now, it's just not worth it.",0
 "Great game, the kids love it and so do I, good mind workout for all of us keep up the good work",1
 THE KIDS REALLY ENJOY THIS GAME. IT IS DIFFERENT AND CHALLENGING. FELT IT NEEDED A FEW MORE INSTRUCTIONS BUT ONCE THEY FIGURED IT OUT THEY LOVED IT.,1
 I got no complaints except I would have preferred the undo button on the main screen. It's challenging and it builds up. First impression of the game is good.,1
 Fun and challenging. I really enjoy playing it to pass the time. The puzzles get more and more challenging the further into the levels you get.,1
 "Sometimes the screens are easy, others really make you stop and think. Great game. I keep going back to it to play. I really enjoy it.",1
 Much fun we play this a lot...great time waster.Getting a little tired of it though.Can't really

say much else.,1

This is a really fun game! Some of the puzzles can be hard but they really make you think and work hard to finish them! I would recommend this game to all!,1

I only got this but I look forward to trying to solve more of the Puzzles.I have only played a few levels but it was a lot of fun.,1

"Most puzzles in this game are pretty intuitive for me (as in I don't have to think about it much, but can see right off where to start and what direction to go. Every once in a while there will be a hard one that takes longer to think about.My kids (of ",1

"This game is simple, period. Don't expect 3D images, music or great sound effects. This is a simple, but smart and well designed game that fits its purpose. I have been playing it two days so far and I have not get bored while I have had the time to play",1

"This is a fun and easy game.Each level has an array of dots with lines connecting in various configurations. Your job is to light up every edge by moving from dot to dot. If you get every edge lit, you win the level, and if you get stuck on a dot with ",1

I play this constantly. I am on puzzle 224 already. My mind gets a work out with this game. I like being able to solve the puzzle as fast as I can. I am still in classic puzzle mode so I am hoping the next level will time you on how fast you solve the p,1

Not quite sure what the point of this app was. It was really boring and seemed really pointless. Don't waste your time,0

Challenging and different from a lot of this type of game. Makes u think and figure different ways of accomplishing the game.,1

"I really enjoy playing this game, it makes you use your brain, not like a lot of other games where you know what to do automatically - this one makes you think a few moves ahead in the game. Yes, it is a bit like connect the dots, but it's not and it's ",1

I love this game really exercises your brain. I love this game but i have completed all levels.

WhereIs the update? Or new puzzles ..im waiting!! Lol,1

"I have been enjoying this app. I guess it really depends on what kind of puzzle games you like. For me, this one is relaxing. I really don't mind not having any music in the background. I usually keep the sound down on games anyway. I like the tap f",1

So much fun. Absolutely fascinating. Lots of fun seeing what kind of designs we can make running finger over screen or tapping the screen. Can't believe it's free.,1

Love this game but can be frustrating in the higher levels. Definitely keeps you "on your toes". Addicting to play.,1

I love apps that you think and work the noggin instead of swiping the screen like a maniac. While the graphics are nothing mind blowing it gets the job done. More importantly it's about solving puzzles and there are enough here to keep you buzy for awhile,1

"This game is just plain boring. Might be OK for kids who are learning shapes and such, but much too easy for adults.",0

I put this on my kindle fire and I enjoy this game a lot. You get started and then you just want to keep trying to get farther.,1

I love this game. Most of the screens are challenging and you aren't tied up for a long time playing a game.,1

"This is a fun and entertaining game. I can spend many hours playing this game, it is a lot of fun.",1

oh this is a fun timed game where you have to move the cats into the house from the field--lots of fun ! offers several fun levels--very enjoyable.,1

This app works perfectly! And the devotional is excellent! Anything billy gram makes is outstanding and this man deserves the up most respect!,1

I always loved to hear and read Billy Grahams messages. This Devotional is short and to the point. I enjoy it very much.,1

So far this app will not install on my Nextbook 7s which is an android 4. I would love to be able to use it. Billy Graham is probably the greatest preacher of all time. Hopefully there will be an update soon.,0

This program never downloaded. I tried several times and have not been able to get it to download so I have been very disappointed in not being able to view the app.,0

I have not been able to download it . It would be a great app because I have it on my phone & I love it.,0

Great game could play forever however loses something in the carry over to the kindle why I don't know but its a little different then the computer game that we all know and love,1

This app is not what I was expecting it to be. I could make myself keep it and it really seems to be lacking. Should really remake it and try to keep it simple like the original Dope Wars.,0

Worst remake I've ever seen of this game. Idiotic attempt at this game. garbage game from an amateur out to try and make a cheap buck and an insult to the original game.,0

This pizza app was easy to download and install. It contains all the local pizza places and connect you to their order site.,1

this waste of time is not an app at all. It just directs you to a web page which as far as I can tell does absolutely nothing at all. FAIL.,0

Not too many coupons available in my area...kinda disappointed....hopefully they will change and more will become available in the future.,0

This is not a pizza app. I installed it based on it's claim to be from Papa Johns. All it does is take you to a web page with coupons.,0

Pretty useless app I downloaded by accident while looking for the actual dominos app. Doesn't do anything. Get the dominos app instead.,0

I order dominoes pizza often and the app works just fine.check it out yourself and see,1

I order dominoes online and this saves time having to log on my computer. I can just sit with my kindle and order.,1

This is not a great app. You can do better without it.I've already deleted it from my device. Too many steps required.,0

I just can not figure out how this app works. I often play Siduco on a hand held game. But cannot eve complete the first game here. I would not buy again nor recommend it.,0

Downloaded free to one and the paid version to the other. Both are very similar. Hundreds of games to play with several levels. An endless source of entertainment.,1

"My husband is a former math teacher, and he really enjoys suduko. I wasn't sure he would like the Kindle version of suduko, however he spends hours working on Kindle 's suduko. I highly recommend it. Amy",1

The directions for this game are difficult to figure out. I have given up trying. Give me paper and pencil instead.,0

Sudoku is one of the most challenging games I've every done. I play it almost every day and am getting pretty good at it too.,1

I rate this game to the highest!! Anyone that love numbers and puzzles will truly love this one. Have fun with Sudoku!!!,1

I play Sudoku in my own time and the competition is one on one ME against ME. I've had three or more Sudoku games loaded on my Android pad for months and they all have their good and bad points; playing all of them and grading them head to head this game,1

Very easy to play and user friendly. Numbers that are no longer in play are not illuminated and that is a plus in my opinion.,1

"My wife plays this all the darn time on her phone. I had put several Sodoku games on her phone (SG3) and she said this one was the best by far. She really liked it and when I told her we should get the paid one she said ""Don't need that, I don't mind the",1

"Simple and straight forward. It only plays in portrait though and that makes it hard to hold. Don't improve it too much, pleses",1

I absolutely love this color version on my Kindle Fire! Many levels/games to play! Could not be happier!! Would recommend this game to all my friends!!!,1

Love Sudoku. It keeps my mind nimble and sharp. Have it on my home computer in various versions. So happy to be able to take it with me now!,1

"Though well intended, the game does not function correctly. I can not fill in the possibilities, and sometimes cannot get rid of the small numbers in the blocks. This is a waste of time! I would not recommend that anyone purchase this game.",0

I am enjoying Sudoku very much. This app is easy to use and works very well. Glad to have the app on my Kindle.,1

Any game by AI factory works well on the Kindle Fire HD. I buy them all because they work and are beautifully designed. These are just the best time wasters around. This Sudoku has great features that make playing much more exciting and there are more ga,1

I play this several times a day when I was some fun brain stimulation. I highly recommend this one to all Sudoku fans.,1

This is a favorite game of mine and my husband as well..will get lots of use out of this game I am sure.,1

"If you have the time to waste and have no capacity to regret the misuse of this life's most valuable non-renewable resource, then perhaps this is your app.",0

This is a fun game. I have always liked sudoku puzzles. Great way to pass the time and use your head.,1

"In school I was never really good at math so I didn't expect I would like this game, but I got b/c a friend recommended it to me. I tried it for about a week and couldn't even complete the first puzzle. This game needs a puzzle help option where you ca",0

This game is fun to play. It makes you think and that is what I need to do to keep my mind alert.Thank You!selen,1

"This version is user-friendly and intuitive to operate. If you accidentally put two of the same number in a row, column, or box, it will light up orange to indicate an error. Otherwise, the number you type in lights up blue. If you are a sudoku fan, t",1

"I love Sudoku, and this is one of the best apps for the game I have seen. It has different levels and at least 300 games for each level. You can also re-play games to improve time/score.Very good app!",1

This is a Great game if you have a little time waiting for your appointments as you can start and resume later if need be,1

love it love it. i am dyslexic and this was on the list of puzzles to work on to keep the dyslexia at bay.,1

"I love Sudoku and have used books for years, but this edition for my Kindle Fire HD is just awesome. I especially love the ease with which you can enter or delete numbers in a certain

square. I would recommend this to all Kindle Fire HD owners.",1

"This is a really good sudoku. Easy to navigate. Easy to correct. One thing I really like is that if you select a 2, all the twos on the board light up: makes it easier to see the number patterns. Good for side-by-side play, too. My Mom and I play this game",1

"The ability to try a guess when you are stumped, and the ability to enter different simultaneous possibilities for a particular cell are great. Being able to erase, back-up, and save a game for re-play later are all a plus.",1

"Within the game package is a lot of games, 300 per each of the four levels. I am working the easy set now but am gaining confidence in moving up to level 2",1

Great game. this is addicting. Love the numbers and the hints. would recommend this one to everyone. Get those brains working!,1

I like this version of Sudoku for Kindle Fire. It is easy to use and very fun. I am impressed with AI Factory's work.,1

"My true advice don't waste your time!!!! Like so many of Amazons crap!!! I'm being totally sincere when writing this. Plz don't take this review the wrong way. Just as it is written. ""Just a Willow in the Wind"" Doc Craver :-)",0

"I read that it costs money to send SMS messages, plus I do not understand why a greeting card app needs so many permissions. Would like a dev to explain, or minimize permissions... and allow free sms.",0

"Easy sending for every day situations and reasons. I was able to reach out to all my family & friends to cheer them up, or congratulate, or send get well notes... I miss using this app.",1

"love this app! have Kfire, works great and easy to use. send them to everybody for everything! hope there will be updates for more (free) cards! Please, more kinds of cards!!!!",1

my aunt & i share the same birthday...so...i need to send her a birthday card...when I found this but when i started the installation /download process...i received an error message that said:"3D animated greeting card app has been corrupted and",0

Didn't work very well if at all. It was hard to send and even harder to figure out after awhile. I gave up after several tries. I got a far more simpler app with less promises and it was great.,0

Different versions of solitaire. A game for any card player. A very satisfying play. Hope you enjoy as much as I have!,1

Who doesn't love solitaire? Easy to load to your Kindle; you'll be playing right away. It was free. What's not to like?,1

Can't figure the game out. for nothing. I am a solitaire player and love to play different ones but forget this one.,0

All the pictures of the cards show the numbers on the card. But when you attempt to play the cards only have the value of the cards in the corners and the suit icon in the middle. Hard to see the values.,0

This product does not work at all. If you try to move a card the only place it goes is into the free cells. It is a non starter-avoid it.,0

I am looking for more graphics in this is very simple. Will keep looking. 6 more words are required for submission,0

easy to use. Just the perfect variety of games. not cluttered with games I don't like. Just has the ones I love to play. Works great.,1

I like to play solitaire because it's a game to challenge your mind. Yes I would recommend this game. And the reason why is because it's a nice relaxing game to play,1

"This free app was a disaster--I was under the impression that there was more than one version of solitaire, and I couldn't find any, and there is no solution to a bad game. I came up against a dead end and the game just sat there and did nothing, no war",0

so far so good. it has four card games instead of one. I have this same app on my cell phone.,1

Like this app a whole bunch. Easy to navigate through. Graphics are great. App works well on the Kindle Fire.,1

This app. Is best suited for the viewer who wants news and weather updates quick and precise. I use it every morning before I leave my home. I do not find the traffic component very useful. A less confusing upgrade is needed.,1

This is the best local news app I have and although it can be a little fuzzy at times the Live Stream is very dependable and gives you the exact times it will be on.,1

Fox 45 covers local news very thorough and they are complimented by national news by the Fox News National parent outlet.,1

"Love fox45 news, gives me latest stories on my kindle! Wished they had more local news apps on android app store!",1

"When I watch news, this local Baltimore, tv station is one of my favorites. They give quality news and weather, I watch them everyday on tv or my tablet and their app has worked very well on my 9834; Zto Tablet and my 7834; Matricom Tablet. I will keep it",1

"I like being able to check on the news from a source I trust and one that seems to be 34; right on it 34;. They have the very best weatherman, honestly. He doesn't bore you to death or drone on. He truly makes you smile and I love his interaction with",1

not what I thought it was. just like the previous rating. should be more to it and less of the advertising,0

I only watch WSYX ABC6 because they give the most honest news. I like the news and weather people.

I think they enjoy what they are doing.,1
"This app works great. Keeps me informed quickly. I like to check apps in morning and evening for many items. This app fits my ideals and views, and is very easy to read and I love it.",1
"Fits galaxy tab screen. Pretty basic but glad they made it. Has videos, blogs and photos. Readable ad free content.",1
"Very interesting topics, especially the ones not found in the news. a good place to find out what is going on the world",1
This is probably my favorite news app. It gets updated often - you never have to read stale news - and they really get in depth covering all sides of all issues. Politico is not afraid to go after both sides unlike the Huffington Post which attacks main,1
This app is great. I've become a news/opinion junkie with this app. It's a snapshot of timely issues and opinions.,1
This app is just wonderful. It gives you a quick headline. You may go to a more in-depth article if you choose. A great quick way to keep up on current events.,1
"Superior political news source even if the app seems a tad bland -- there is no modern glitz (not altogether a bad thing) usually have to update manually, but that is a small price to pay for solid perspective and well-written news and an app that doesn't",1
Slow app and does not update. questionable reporting at best and hack jobs for left at worst. I don't recommend it at all.,0
Uninstalled. It requires too much potentially sensitive information for it to run. It would be nice if it worked without needing access beyond the internet. Too bad.,0
"Keeping it real, this review is only for the app itself. Works great, loads fast, never freezes. Can't really complain about it.",1
"Great app to have, just love the up to date information about political situations and what is happening in the world today.",1
"This is a dead on game play reporter of the D.C. follies from POTUS, allies and Congress Critters. They don't pull punches and are dead on and usually 3-14 days ahead of what gets reported as 'current news'.",1
Having practiced reflexology for many years I jumped at the chance to get an app like this on my fire. It's helpful to have acupressure right at my fingertips so to speak.,1
love this product..it is soooo easy to use. you can't go wrong with it whether you know about acupressure or not,1
"amateurish at best.....young people might be sparked into learning about it, but the methodology exhibited is not relevant or pertinent to anyone seriously contemplating the use of acupressure",0
"A very good app that has many versions of physical massage to apply on everyday problems like leg pain, headaches etc. I highly recommend also wish they would do one for feet",1
"I use this app several times a week for backache - have also had great relief using it for headache, wrist pain and toothache. I would rather use this than pop pills!",1
Best app yet. Easy download. Good instructions and got good results. Most pleased with this app. Buy this app. It will not disappoint.,1
for some reason this book didn't download and because I am new to this kindle thing I don't know what to do about it,0
maybe too much information for the lay person. too hard to figure out exactly where to press could be dangerous.,0
I've had this app for at least a year. Still have it on my phone and still refer to it frequently for various techniques and have recommended to others. Money well spent. Good value.,1
I tried some of the procedures it recommends to relieve a headache but apparently I didn't do it right. I ended up with a migraine that lasted for 2 days. I also noticed the same procedures and pressure points were recommended for various conditions. Not r,0
This is very interesting and I am trying to use some of the points displayed. Not sure if it is working but trying!,1
This stuff really works I use it all the time and it helps relieve the pain I have from a chronic medical condition. I recommend to try it before pills.,1
This app is awesome. Just about everything you need to help you feel better. You will not be disappointed ;),1
"As I get older and have more and more pain, this is a good source to go to for help. I would suggest anyone with pain to order this. It certainly helps.",1
I tried this but didn't see any proof of pain relief. Maybe you have to think it will magically heal you?,0
"works well and I don't know if it's really ancient or not but instead of donating to Africa, I selfishly bought this for my own desires hshshahaha!!!! WIN'!!!!!!",1
It has worked for me with minor aches and pains. I really didn't believe that it would work but it did and I use it often.,1
"Acupressure is not effective for treating heart attack, urinary problems, liver disease, very high fever or any of the other medical conditions this app claims to treat. If you have a medical condition, see a doctor to get an accurate diagnosis and effective",0
Good for massage therapist and manicurist who need to massage people with tension. I have resorted to this a few times,1

"This app has saved me untold pain and freed me from pain meds. I have used it for headaches, carpal tunnel, tennis elbow and many other things. It's my first line of action when something starts to hurt. The instructions and diagrams are easy to understand",1

"just downloaded this a few minutes ago, and in all seriousness have begun to feel the positive effects. I have drastically reduced pain in the areas I treated, and that was only in the first 10 minutes after treatment. great app, will definitely use frequently",1

"I really like this app... I have many books that are now in the form of an app, and this goes right with them. Everyone needs this app if they are into reflexology!",1

"I don't think this was working correctly, as I had a hard time getting to the scene. We really enjoy Animal Hide and Seek: Free Hidden Object Game for Kids and since this app didn't seem an improvement, I uninstalled. Would like to see more "hide and seek",0

"My granddaughter loved this... until I bought it. Now "Hoppy" won't hide after just 2 plays no matter how you shake my fire. And believe me, everyone's given it a try. Please fix. More simple preschooler apps would be welcome, too. Just me",0

"I got this app to help me with my coding class. I wanted to see if it would code correctly before I took one of my tests and looked up a code I had the answer to, this app gave me the code "302.4" when I needed code "304.21". This app was a waste of money",0

"I work for healthcare, and we used to get ICD9 and CPT code books yearly, but haven't received them for 7 yrs because of the cost. This is great as an app and I need this to do my work correctly in building cases.",1

therapist as a profession and we need these codes daily to diagnose and bill for services. easy to use as well,1

"Handy for anyone to have handy, when they want to know what their health care provider is actually charging your insurance company for.",1

it has everything don't have to lug my books everywhere now it helps a lot study anywhere now thanks Tina C,1

"Being a nurse and using ICD-9 codes for all the labs that we do, this makes my work life so simple just type in what you are looking, there is the code. So much better than trying to find it in the ICD 9 code book. Takes longer to fill out the labs form",1

It's like pocket magic but better. This unique game style will leave you addicted! And don't cry if it doesn't work on your crappy low end phone! aka lg optimus,1

"Very glitchy. The image was upside down! In the beginning, it was fine. It started upright but when it started to explain how to play the game, it flipped upside down. So I flipped my kindle upside down and continued to play. But after a couple turns, it",0

I didn't even bother making a character after multiple reboots I didn't find it worth the effort to pick a name and then tell me the name had been picked and start a freeze up. I might have liked it but the glitches even before actual game play ruined it,0

"this app is great the book has a lot of information, is good for people who want to know more.",1

Terrific,1

"The Bible Scholar Set 1 of 2 is very informative as well educationally. Brings new insights to the Holy Bible, very easy to understand and follow. Non - confusing, provides clarification on points that seem hard to understand. Easy to read and follow, ma",1

I love this app because of the way they explain the books of the Bible and is great for someone new who wants to know more about the Christian life.,1

Great way to help study the Bible. With Set 1 they make a way of referencing the Bible. I use them often.,1

Terrific 2,1

"this does not do what is supposed to do. it is totally useless, if it worked it would be a good study tool.",0

"The Bible SCHOLAR SET: As I learned the 2nd volume is a must "Have to complete a 2 volume set". This 2nd volume is just as fascinating and accurate as the first volume. If you are planning a Bible study class, "I discovered that the 2nd volume 'opened up",1

"This is what will make DVD/BluRay obsolete and I welcome it! Great interface (as you probably already know if you are a Plex user). If you don't know Plex, google it and set it up on your home desktop first. Then all of the movies, music and home videos",1

"must buy for anyone wanting to play your own content on your android device. easy setup, great interface, and remote access",1

"We run our own media server at home. It's nice to be able to take it with us when we travel. I can watch a show from the kindle fire while I'm in Washington, California, or Canada. All I need is an internet connection and my account allows me to view and",1

I bought this for my HDX 8.9 Tablet and I am very happy with it. Still investigating all the features it has but so far no problems.,1

it is great to be able to watch my videos from my home computer anywhere I go. also there is a Roku version for the living room tv. my only problem is the server software is more friendly with Mac over Windows for the extra plugins.,1

Best way to stream local media on your network!,1

This app works great for my Kindle Fire HD. I never experience any of the complaints that some of the Kindle Fire HD reviewer left for this app. It could be that it was already fixed when I

downloaded this app.,1

"I love this app. It allows me to stream 720p movies from my home server to my Motorola Atrix, Asus Transformer and Nook Color with an interface that easy enough for my wife and kids to use. I even use plex with my google tv. When I am on wifi, video n",1

"Amazon should remove the Kindle Fire from their list of compatible apps and refund Fire users. Barely works and when it does, it doesn't work well.",0

Why download this when you MUST have plex installed on every device? Just download a dlina renderer-same concept but NO LIMITATIONS LIKE PLEX. Crap app.,0

"I set up my server, set-up Punisher: War Zone, and then enjoyed the cheese-fest from the comfort of bed on my Kindle Fire HDX. There was no loss in quality; sound didn't skip and I could see everything clear as day. The app did crash once, but only onc",1

"I had trouble port forwarding my server, but once I figured it out, this app became awesome. All of my movies (200+) on my Kindle anytime, anywhere.",1

"Now that it's no longer an issue, and you get can get it for free for the next 2 nights, why not try it out? It's definitely worth it!",1

"My new favorite app! I got lucky and found this when the Amazon App store had it for free. Took just a little tinkering to get it to play well with my firewall, but once that was straightened out, it's been smooth sailing. I'm able to stream movies & epi",1

This app is the perfect add-on to a Plex server. From this app you can access everything that is available on your Plex server from anywhere. It doesn't matter if you phone doesn't support the original media type as the server will transcode the media as,1

"This is not only one of the most amazing apps I have, it is also my favorite app for my Roku streaming box. I've converted my entire DVD collection to mp4 files. While it took longer and was more involved than when I i-podded my music and got rid of CD",1

Excellent app gives easy access to your Plex server allowing you to stream to your handset or indeed to cast the content to your Chromecast connected TV.,1

"This program (the Plex system), is simply one of my favorite, useful pieces of software.. Use this with the plex media server, and you are set.",1

"video lags, plays catch up or loads forever. probably one the worst app for streaming movies on kindle fire. why plex, why?until a major update comes out I would try Emit instead.",0

"besides being confusing to use, amazon-developer do not offer the refund option, not rven for a second. wished could have tried before purchasing.",0

"The UI is great. The app is very intuitive. Connects pretty fast regardless of if on WiFi or LTE. I have been using it for just 15 mins., and i like it already. I do not expect anything bad to happen. I recommend it.",1

"I downloaded and installed this on a pretty clean Windows 7 64 bit system, and the server app didn't even launch. Pretty bad, and I'm pretty unhappy with this cruddy program. I wasted the \$5.Don't waste your money if you have Windows 7.",0

"Plex is an outstanding solution for people looking to host their own media server with access available to other networked devices in their homes. I use it to stream movies to smartphones, tablets, and gaming consoles. This app allows me to do the same ",1

I was looking for an app to help me play my content on the Fire TV and now I use this for all my streaming needs.,1

I have this installed on an iPad 3 and a Amazon Kindle. Works perfectly once you set up the host PC.,1

I love Plex for Android. It is a free app. but you must secure with a credit card. If you already have a Plex account it is easier to connect the two.,1

I use this all the time when on business trips. I also use the desktop client on my laptop. It does require the use of a server installed on your host machine that holds movies /music. One thing I don't like is the very short buffer time. I believe it sh,1

"You can install Plex on your pc or mac and then have it stream your videos to your Phone, Roku, Xbox, or PC. This is a great free media server. I used to pay to have one and now I use this one and it is very nice. It also finds the cover art and text ",1

With Plex now I can stream all my movies to the big TV in the living room using Chromecast! Works perfectly. Just make sure your wifi is strong enough.,1

"Just perfect. Had plex for the roku and my xbox, keeps everything nicely organized, pretty looking UI, and is even more awesome with this app. Just get it, you will not be disappointed. 5/5 and well deserved.",1

Perfect companion on my mobile device for Plex Media Server!! Very convenient to manipulate/watch my home video collection and I highly recommend it to anyone.,1

This is what you need to play your movies and TV shows. I dont think anything else comes as close to how nice Plex is.,1

"I love this app, it allows me to wirelessly stream anything from my pc to my ROKU and my Kindle Fire HDX tablet. works perfectly.",1

The windows server for this app is slow in all respects. The app also couldn't communicate with the server. Don't buy!,0

Love this app. plays all my movies and music. you can even add items from websites. works well on Fire HD but not on Fire HDX as of this post.,1

Over the years I have trod to implement Windows media server with at best mediocre success.

Plexus installed and impressively. ran with little effort on my part.,1
 Works great and comes with a beautiful UI.,1
 This Plex application is presently the best application by far that I've found which allows sharing all of ones main computer media with a Kindle Fire HD. A 80% discount is offered at this time on its purchase price.,1
 "The app works wonderfully, if you've used plex before it works as well as you could hope for on the Amazon Fire TV",1
 "I've been using Plex for awhile now on my pc and Roku player, but decided to give it a go on the new kindle fire HD. I love the responsiveness and speed off it and how clear it is as well. Totally worth the cost.",1
 "This app is kind of like Post-It notes - what the heck did we do before this?! Lived in the stone age? I'm able to access my media collection while traveling, at work, vacation - anyplace. Great quality (configurable, too). Strongly recommend Plex for",1
 "The Plex app is the front-end interface to the Plex server, which YOU host on your own server that contains the media files. The Plex server have a feature called Recently Added list. The idea is that when you add a new media files (video or au",0
 To have the ability to access your media content stored on your computer on my Fire HDX from anywhere in my house is NICE. I am very pleased with it.,1
 "This is a great client for the Plex Media Server. You install it on a computer and point it at your media and it streams the videos to any connected client, locally or over the web. Super easy to set up, super easy to use. Auto fills the meta data and ",1
 ",what is this app exactly is it just watching movies u don't own on a kindle I don't really understand w hat it is a",1
 This game is the prime example of an absolutely GREAT game...not only is it a visually beautiful game...it has gore which is icing On the cake.Not to mention the CHEAP PRICE!,1
 "I paid 3 bucks to see a screen that says my device is not supported.Amazon doesn't do refunds so I am just plain out of luck.I have been a hoid cusyomer here, I have spent well over 1000\$ on apps in the last tear or so, but, after this that will all chan",0
 "Game is awesome on my bionic, plays smooth with no hiccups. You can get this for free through the getjar market but 2.99 isn't bad.",1
 "First of all this app worked on my Motorola Droid X. It is not exclusive to the ""Tegra 2"". Its a little choppy (a tiny bit) but plays well and never force closes. I read the bad reviews on amazon, and then I read the good reviews on the Android Market an",1
 I got this game knowing I was gonna like it guess what I was right .This game has lots of blood . It is so cool you need to get it now. NOW I SAY NOW.,1
 very nicely done. maybe Amazon should have a kids freebie of the day so they can get there games and a adult section for useful apps for the rest of us. this way they will stop complaining about nonsense permissions or the fact there is no grams.,1
 "This is a very clean, well laid out app that does exactly what it says in the description. I picked it up when it was the free app of the day and even though I don't use it all that much it's very handy to have when I do want it. I probably wou",1
 "Great little conversion tool, pretty small but I moved it to SD anyway. Very convenient to do a quick conversion without going online. Would be nice to have a tablet specific layout option, buttons look huge on Xoom - but works fine and looks OK on a pho",1
 "this is a great conversion app for Android, makes me wish Google would just buy them out and integrate it into the OS",1
 "Wow, I cannot believe how thorough and powerful this app is. And if there's a unit you don't have, check the settings. It's there.",1
 "I do a lot of conversions between US and European measurements, including (and most especially) currency. The fact that it updates regularly, and I can set favorites for conversions I use often like temperature and distance is immensely convenient. One",1
 I downloaded this for one conversion but find myself using it almost weekly. It has become a nice tool to have.,1
 "this app is a great tool that does exactly what it says it does. it's simple to use, and easier than searching online.",1
 this app has come in handy more than once. great tool to have on your phone. i use it to convert data size a lot but it has a lot of different units it can convert,1
 Sorry to all the 1 stars that this is not a game. Do not give things a bad review because its not for you. If that's the case wait for tomorrow...it will be a game again. It's nice to see something useful! Simple to change converter type and works great.,1
 I use this app on a daily basis. It's easy to use on my phone's smaller screen but also works great on my tablet.,1
 I've had many of this sort of app on a variety of PDAs and smartphones going back to the Palm III in the mid-1990s. This is probably the nicest conversion app I've used to date. Not much to say other than how nicely it groups the various units of measu,1
 Very simple and easy to use! You can set up your favourites that use a lot or are more common in your area/country. Waiting for the update to keep favourite tab open first instead the "all-tab" You'll definitely use this app! Very convenient!,1
 "Near perfect and yet 5 stars, thats because nothing's perfect.This app is everything I've ever

wanted in a converter app. High precision, lots of units across all categories imaginable and beyond. Well organized UI with nice colour scheme. I love this ge",1

As good as any of the other apps out there for conversions and there are many categories/units in the settings that can be turned on/off if you do not see your unit of measurement listed on the main menu (e.g. MBTU for measuring energy is off by default),1

For some reason when installing the application on my phone after setting it back to stock pounds was gone. It took me a while to find where I could re-enable it.,1

"Works great and looks great on my Droid X. Most useful to me is currency exchange rate function. However, swapping between From and To is a bit tricky. I had given up until someone else's comment explained how it works. The rule being, always press the "",1

like the simplicity and it does what it says it does. it is a shame people are quick.to raye something one star when they failed to use and understand the app properly.,1

"There is absolutely no reason a simple converter app needs permission to read. my phone number, yet this one does.",0

"This is a very nice app with lots of conversion options. Easy to use, clean interface. Wish it had Chilean pesos in currency conversion.",1

"Why in the name of all that's chocolate does a conversion calculator need full internet access?Do you people just blindly install and rate apps? Do you not care about your data or your privacy? Seriously, dev, why full internet access?",0

"this is just to offset the idiot complaining that the volume section doesn't have grams, how would you convert that parent of a special needs child?",1

This is one of the best apps I have downloaded. It's easy to use and will convert almost anything. Used it daily while traveling in Europe so I would know exactly what I was spending in US dollars. Would definitely recommend!,1

Love the free app from Amazon today. "converter". I just uninstalled 2 apps in exchange. Like the description says..." If it can be converted it will do it" And it's really easy to use.,1

"This is one of the best conversion apps on the market. It provides a very simplistic interface for converting a variety of measurements. Download this for cooking, housework, schoolwork, or any other reason you can think of!",1

"This is a very clean, smooth, intuitive app. It can convert pretty much anything into anything else :-) I enjoy using it.Also, they have a very nice customer service. I had an occasion to email them a question and got back a responded that answered my qu",1

The app converts units as it describes it to do. Phone state permission is for when someone calls you as you convert something.Nicely done!,1

"I don't understand these fools rating this program 1-2 STARS....it does what it's suppose to. Friendly, easy, and efficient! I love it!",1

"I purchased this app because it was the "Free App of the Day" on Amazon Appstore. I've used many Android-based converters in the past and while some of them were good, they seemed unpolished and very unorganized.The way this one is laid out is very aest",1

"I love a nice, simple app like this. I'm surprised that people can't take a simple process and program something that is this easy to use. Also, it does EVERYTHING, including currency which is something I did not expect. If I had any complaint is that",1

"very useful app, very clean neat and fast, best of all it keeps currency updated, awesome simply awesome app , great app of the day",1

"It's a fairly straight forward converter application, but it looks without flaws and looks pretty good. One of the cleanest converter apps!",1

"I use this converter for everything, from cooking to measurements. It's straightforward, easy to use, and includes so many different conversion options.",1

for those time when i need a conversion from one unit to another this has help me a lot. Especially in a chemistry class were we were given problems which used the metric system and the professor wanted the answer in the English system.,1

I've got to admit I'm a dunce when it comes to converting kb to MB to GB etc and what a nice surprise to find this app includes that. highly recommended.,1

"I just downloaded a similar app from another well known app place, but this one does what I want and more.",1

I can find so many uses for this app. It has a smooth and fast interface. Way better than even the stock calculator has. One of the best productive apps out there.,1

"A great and very useful app for sure! I've had numerous conversion apps and this rates among the best in my book. I've always preferred conv apps that function like basic calculators and that's exactly how this app looks, feels and functions. Thanks Am",1

"I don't use it regularly, but when I do, I really want it. So it is always on one of the home screens on my phone!",1

"I used this tool at least once per week for various projects. Length and mass are my go-to conversions, but I've also used it for volumes and temperatures. It really does everything one could want. The interface is intuitive and clear. I can't think of a",1

This app is easy to use and performs well. For most people it's one of those apps you won't use often but you'll be happy you have it when it's needed.,1

"This is a good app. It is simple, easy to use, and clutter free. Easily switch the "to" and "from" units.

and "from" by simply pressing the one you want to be "from". Has just about every unit you would want to convert. Did work ok without a ",1

"This is a great looking and easy to use little app that has lots of unit conversion categories. Along with the usual length, mass, energy, angles, etc. you have categories such as typeface sizes: points, picas, mils, inches, 72dpi, etc for just that one ",1

Do you need to convert units of acceleration from $\text{feet} / \text{second squared}$ to $\text{furlongs} / \text{fortnight squared}$? This application would do the job without much trouble. All common units and unit-groupings have direct conversions. And weird st,1

Not going to install. No reason for this app to access my personal information like my phone state and identity. Invasive and sketchy that it takes that info for such a basic app.,0

who needs a slide ruler when u got this. works on nook color running cm7. thanks amazon. keep em coming.,1

App has a nice interface and it does exactly what it's supposed to. Can't really find anything to complain about. Thanks Amazon!,1

"I thought this would be a neat little tool to have ready access to. As an computer engineer, I have to convert units from systems occasionally, and having a built-in calculator which does all manner of unit conversions is a handy thing to have around, w",1

"easy to use, easy to read! I installed this app just to see one currency conversion but kept it because I find I am the "go to guy" every time a friend has a currency question",1

"Great looking app that delivers. There isn't too much more to say. This app delivers on all levels. It converts one unit of measurement to another, and has a very pleasant user interface. There is no reason to not get this app.",1

"Really a four star app imho, but once again a bunch of morons gave it one star even though it absolutely doesn't deserve it. I'm SO tired of people being incapable of reviewing directly, it honestly drives me insane. Why are so many people on amazon so",1

"This is a highly polished app that can quickly and easily convert a very wide range of units. Up until recently I'd only used this for price comparison at the grocery store based on sizes or whatnot. However, I just started a Chemistry course and while",1

It is great finding apps that actually make your life easier and more productive. As an engineer I use this app all the time.,1

"This is a great app, and a very useful one. Congrats to the Author!Now to all the stupid reviews:1. Why downgrade an app like this for finding a flaw? ALL, and I do mean ALL apps have mistakes in coding, or overlooked features, etc.Almost all authors are",1

Especially helpful for us Europeans living in America ;) And for the person that was wondering about differences between positive and negative - ever thought about temperatures?,1

Looks great but has every unit of volume except grams. Child is on special diet that requires me to measure and convert daily.,0

"Another "why isn't this already built in to the standard program" app. It does its job well & is attractive. Would be nice to have button to reverse the conversion, rather than repicking both sides. Nice job. May not use it much, but this ",1

I like all the options it provides. I have thought of many idea for this app already in my mobile food truck : The Twisted Sister House of Hunger.,1

"This app does everything it promises in the app name: It's small, lightweight, converts quantities,...ummm and now all I'm doing is stretching to meet the 20 word minimum Amazon requires for reviews.",1

"Really love it, can't stop. Kindle fire is s great device, web, reading, games, but sometimes I find this game gets more attention then my reading.....LOVE IT",1

"This is a great game, but has a flaw. When you tap on the cell to win, you sometimes have to tap it a dozen or so times before it lets you tap on the item to win. More likely than not, you will lose that win.",1

love this game. hope you upgrade it. thanks. I am glad that this game is so user-friendly and I like playing this version of bingo.,1

"Best bingo game I'm playing on my Kindle. No issues, great game play. Love that you can easily earn \$, tickets and power ups as you are playing thus enabling you to play for a longer period of time especially compared to some bingo games out there.",1

"another disappointing game, I do not play this one I' am so sorry I got this game, I took it off my list",0

I enjoy this game a lot! You connect a series of dots until all dots are connected. The only negative thing I could say about this game is the voice that yells at you when you make a wrong move.,1

this app is wicked. it is sooo fun and addicting. u should really get this app. it works really good on the kindle fire just to let other kindle fire owners if they are interested. but seriously.....u should get this app.,1

"Legitimately my favourite app ever (aside from television apps ;P) and the ads aren't bothersome either, so it's a win-win!",1

It makes my thirteen year old's brain work ; She and i both enjoy it. Trace the lines throughout a drawing without crossing over a line multiple times. Becomes increasingly more complex. Graphics are aglow and kiddos like that as well.,1

I luv this game so freaking much!!!!its the most addicting game Ive evr played! I promise u jtht

u will &3 this game!,1
the app was awesome! but got a little boring after 150 levels gone by!! still really great app and totally should by this!,1
"I LOVE this app! Very fun. Can easily be a time killer. I highly recommend this app if you like puzzles, and fun!",1
this is so fun you use your brain I like it excpet for the ow when you make a mistake,1
I love this game it couldn't be better I'm addicted. Very happy about this app. I played for hours straight. I got to level 178 in one day. SO ADDICTIVE!,1
I loooooove this game its very fun and addicting its a must have game fun for all ages its awesomeley awesome,1
"I use this on my kindle fire and I have tried many,many, apes, but this one is the most addictive one and very challenging, that I have played so far. Ionce u get going you can boy quit.!! seriously! you gotta try it out.",1
"GlowPuzzle is a Must Have for the puzzle lover. Very colorful and easy on the eyes. Difficult enough to challenge me, easy enough to keep me from getting frustrated. Apparently, an unlimited number of levels. My thanks and appreciation to the developer.",1
I love this game so much! it is just so much tuna nd it is really addicting. I love puzzle games and games that relate to that so I downloaded this app because there were so many positive comments and me and my friends find it fun and addicting. so if yo,1
"Love how difficult and easy this app is. Fun to compete with the friends, family and the boyfriend. It's simple and fun.",1
This app rocks. I &3 this app. I love it and i think u will 2. I am bored out of my mind. HELP ME. :-|...,1
"Very fun little puzzle game with a twist. Some puzzles are easy, some are more challenging, but it's a fun game to kill some time and doesn't require any reading skills, so it's great for kids, too. For free, I'd highly recommend it.",1
"A lot more fun than I figured it would be. Addictive even. The idea is simple, following patterns by touching the screen, making designs in neon that remind me a lot of a light bright. You can fly through levels but there are lots here, plus different mo",1
The is a a really great tool kit (utility) for the Droid. I especially like the utility that advises which apps can be moved to my SD Card and also the battery widget.,1
"this is great! It is like a one-stop-shop! Task killer, battery widget, CPU and an uninstaller all in one. It reminds u to put your new app to your SD card. nifty.",1
Don't waste your space or time on this one. And the retail price is \$4... forget it! Still waiting for thumb keyboard to come up on FAOTD.,0
After I started using it my phone started rebooting randomly. And when I uninstalled every thing went back to normal.,0
don't bother with a space wasting battery eating program that is inferior to others and looks like an older ad-free version. your os already does it is better. where do these crazy promos come from?,0
There is no reason for this app. All of this is or can be done much better. Dev just taking advantage.,0
this app works great for me. thanks Amazon for offering it for free. i actually prefer this app to the last utility app that i had. user friendly interface and easy to figure out for the most part.,1
"Yes Android phones can do what this app offers. The app isn't magic, it just makes things a couple clicks easier to find. Instead of hunting through settings. It all right there one click. Pretty much for people that are not tech savvy and things easy.",1
"This app is worth a ton of money! It does all the things I need in a toolbox app. The developer is constantly improving the app, and is very responsive to input. I am really impressed with this, and I get the pro version for free today!",1
"This is actually an excellent and feature rich application. The difference between pro and free version are the ads and it seems most people don't get that.Anyway, it really is a swiss army knife of apps that keep you from having to install a ton of sepa",1
"After working with this for a month, and using a host of other things, I agree with another reviewer, this is better than Advanced Task Killer. The main reason I like it is because it has everything I need to remember to watch all in one place. Cache f",1
Just wanted to put in my two cents. there is really nothing new about this app. Check the rights and restrictions.,0
"I tried both the Pro and the Free. The Free has ads, the Pro does not. Version differences are by design. Test for yourself.",1
this is an awesome app every android user should use this for their smart phone which is great. you should get this app today,1
1. NEWER version in the market for free2. No dev website that I could find3. Review written by dev pretending to be a user.Shady shady dev. I wish I hadn't downloaded. Will Never install. Wish I could rate this zero stars.,0
"A few weeks ago Amazon's free app was Taskkiller Pro. I downloaded it, but killing tasks is not something that is so big in the latest versions of Android. But the one thing I did love about it was that I could use it to find apps that could be moved t",1

I have no respect for any dev that would go and give themselves 5star reviews. seriously they are so blatantly obvious!,0

"The Android OS already does these things, i dont see the purpose of installing an app that wastes more memory, ram, battery and cpu",0

"I liked the free version anyway, so this is a win.The "older version than Android market" problem is really Amazon's problem. They responded to my question with something about carefully testing apps. Certainly possible, but weak excuse. Makes ",1

"Downloaded, installed, and my tablet went FUBAR with 10+ apps force closing after reboot. Uninstalled, fixed permissions, and it's back to normal. Can't say what it was specifically but this app did not play well with my apps (even the Amazon AppStore)",0

"100% unnecessary. Android already does all of this (except, apparently batch, but who really needs to do that?) Just a waste of time, and just another scam trying to make a buck off of doing nothing. Do yourself a favor and stay away from this app.",0

"Like a previous reviewer pointed out, the same application seems to exist on the regular Android market but it's free to begin with and the version number is higher. Unless this "pro" version offers more functionality than the free version on t",0

"does everything it promises. really uniform ui, easy to use. overall good phone management app. already recommending app, looking forward to demoing the app on my review show",1

"Android OS already does this. Also, dev appears to be scamming people. Free version in google market that does the same thing.",0

I've uninstalled 3 other utility programs since intsling this all in one tool. Handles app2sd flawless)y. Does tons more! My favorite app!,1

"For peddling this old version that's free in the Android Market, and pretending that it's 3.99.Pathetic. Sad. Silly. Shady.",0

These kind of apps are a waste of time and energy. The Android Os was designed to do these things by itself. It doesn't need your help!LEAVE ANDROID ALONE!!!!,0

"A great program to do most of the"necessary"things that keep phone in working order, and all in one nice little place",1

"One person says something and the rest of you follow. There is no proof that the developer wrote the beginning reviews, let alone any of the reviews. And I'm sure he/she knew that Android was capable of doing everything this app does on it's own but peop",1

"I usually don't freak out about security, but these guys crossed the line. One day after their aotd release, they sent out an update. The aotd versions had suitable permissions for a system management app. The update? Not at all.If someone can explai",0

Due to the weight of the reviews I am passing on the Free App of the Day for the first time since Amazon opened their app store.People's opinions do matter.,0

why a) get something android already does for free B) is available for free on the market but w/o the pro tag. i think not.,0

it seems the only 5 star reviews for this product is from the developer. you do not need this app. froyo already does all of this better than this app. DO NOT DOWNLOAD,0

this is an excellent app a bug existed and was foind and fixed within 24 hrs now that is service!,1

I wouldn't recommend this app... even when they're giving it away.This app tries to do many things... and does none of them well.Try "Elixir" if your looking for a good free monitor app. "AutoAppOrganizer" and/or "App 2 SD Free&q,0

"Wow! It's hard to see why people are so negative about this app. While I would never pay 4 bucks for it, as a free app it works just fine. Does Android already do all of this stuff? Yes, but this brings all of the functions into one place with a better i",1

"I used to use this app quite a lot. Iactually used the free version from Google Play before it was available here. Too bad it seems the play version is way more updated than here, probably because they charge more for the "pro" version there. ",0

"Thanks for this app, many features make it a one stop tool for moving apps to the sd, installing/uninstalling apps, a task killer, battery checker, and more.Thanks again!",1

I use this app to quickly move apps around from onboard storage to my microSD card and I use the included task killer widget to free up space and preserve battery life. This app also provides access to the hidden folders in your phone not normally availa,1

"Downloaded yesterday, so far does all I need it to. Replaced a few programs I had installed. Fast customer service for an issue I had with a pop up.",1

"Developing an app that is basically a virus and running it as the App of the Day is annoying. The multiple positive reviews that are clearly all from the same person is offensive. Sorry, developer. Make a substandard product, engage in obviously seedy pr",0

"This app would actually take up more memory and battery life! Android OS does all of the functions described here and a"task killer" actually would do more harm than good! Devs, stop making these things! And shame on Amazon for even offering th",0

"There are so many junk apps out there, this one gives a lot of great info without messing up my phone. I almost didn't get it, glad I did. Try it out and uninstall if you don't like it. HTC EVO 4G",1

"I absolutely love this app. It takes the place of so many. No need for a separate App2SD, it creates a list of all apps that can be moved, as well as notifies you, and you just move them from

there. The uninstaller is great. You can batch uninstall which",1

"No I am not the developer, I'm just a fair user.Come on guys, this program does exactly what the developer claims. A few of the features are handy. It's not spectacular, but it worth keeping an eye on.You should thank Amazon and the author for giving us ",1

"I love this app! it has everything, even an app killer and an uninstaller! Its the easiest way to access ALL your phone's settings!",1

It works well.. You should therefore try it out.. Please make sure you stick to the plan and execute the best practices.,1

"The Good:From one app you can clear you app's cache, free memory, etc.The Bad:The folder system is annoying to use.",1

I wish there was a way to give less then 1 stars. This has been a very good app for me. Worked as promised. I've been having battery issues and did a factory reset on my phone. Decided not to install Amazon app store and now SuperBox Pro does not functio,0

"This app is complete garbage and you can try all day long to post your own 5 star reviews, but everyone sees through that. Its a nice try, but if you are going to develop, #1 Create something that isn't included and #2 Let it stand on it's own, don't cre",0

"I've had this app for several months now. I use it daily. Sure, you can do most of what this offers already, but if I can put it all in 1 place in 1 app I'm all for that.My only complaint is Amazon allowing people who don't have the app to review it. If ",1

It's just like age of war witch is awesome and amazing. It's a fun game. So I give it a thumbs up.,1

"I have two boys that are 4 and 3 and are very into dinosaurs and this interactive read to me book did the trick. They enjoyed it quite a bit. As other reviewers have stated, the facts may be a bit off as the T-rex was not the largest dinosaur but it is t",1

Bought for my nephew he really enjoys the book. He thinks it's a big deal he cando it all by himself.,1

"t rex. was a little scavenger with tiny arms. if you want to see a real predator check out the spinosaurus, a 60 foot monster!!!!",0

my grandson was uninterested and he loves dinosaurs. so short and a waste of money. i would not recommend this to anyone.,0

This app is designed for people who love audiobooks and convert their books from cd or get their books from places other than audible like the library or itunes. I have not tested audible files but it says it supports tons of formats and i have tested mo,1

"Works well for audiobooks, especially if you're switching between different books as I am. It keeps your place and volume settings. It only took me about half an hour to decide it was worth upgrading to the full version!",1

"I am a fan of librovox audio books, and this works great for listening to these recordings. So simple and user friendly. I appreciate the functions and simplicity.",1

Would not play my audiobooks downloaded from another App. I had to find another App to listen to the audiobooks.This was a disappointment due to this Apps advertisement.,0

Great game with multiple solutions for each puzzle. Their website says that they are now working on an expansion pack with new elements.,1

"I am completely hooked on this game. I downloaded it and went to go eat breakfast, half an hour later I was still playing this game and hadn't eaten. The only thing that bothers me though is I don't think there should be an option to use pigme",1

"There are many ways to solve any given level, which I really appreciate. And the ability to see how others solved it puts this game firmly in 5-star territory.",1

"Brilliantly done. I'm glad to finally see a challenging game offered as the free app for a change. (If you missed it for free, it's well worth your dollar.) The only problem I've had so far has been that prisms sometimes get messed up when",1

"This game keeps me challenged, sometimes for days. Totally worth a dollar. No fc issues on my droid charge. Don't let a couple complaints about controls deter you, it takes some getting used to although if you long press a mirror or prism it will delete ",1

"I purchased this app from the Android app store and I can guarantee you that it is well worth the 99 cents, let alone getting it for free. Some people won't get the concept of the game because they are well, idiots! But if you are of a higher order, grab",1

"Very highly addictive. May be banded as a substance control drug. And may be a felony for even have this game on your person. Has been known for tearing families apart, in the future it may rise to \$0. 99 a megabyte so get it now at this low price.... Oh",1

This is a great game. Works great on my tablet. It's a game you can sit down and actually look for a solution rather than throwing a bird again and hoping it hits in the right spot. This is definitely a game you need to show your Apple friends since th,1

"I'm pretty terrible at puzzle games, and these are definitely challenging. That said, it's a simple enough mechanic that you can wrap your head around what you're trying to do, even if the solution isn't obvious. I am partially color-blind, so occasion",1

This game is deceptively simple and often maddeningly deceitful. A puzzle fan's delight but it'll test your iq. an effortless recommendation @ \$1 droid x cm7,1

"The game is very well designed, and the levels are very clever. The new update seems to have added the ability to look at other people's solutions. Unfortunately, the solutions don't always

save right, so there is some fiddling you have to do to get the ",1
i picked it for free and couldnt stop playing it. i now only have one lvl left if youve figured
ou lvl 6.6 please tell me because im at a loss,1
"this is currently my favorite goto game when I'm stuck somewhere waiting. challenging without
being frustrating. is nice to look at too. after the first few levels I thought I would get board,
but once you get past section two it gets more interesting.",1
"I really enjoy puzzle games and I thought the concept was interesting but this game just simply
runs awful, even on high end phones. Additionally, it's just not at all fun to play. Very
boring gameplay, controls, and interface. There were several co",0
The game is difficult at times. Hands down the best puzzle game out. I love the challenge it
brings. Runs great on the HTC Incredible,1
recommend this to anyone who likes a challenge. a really unique puzzle game that requires a bit of
patients to figure out.,1
"This is a very clever and challenging puzzle game. I can not stop playing it. Perfect as a quick,
on the go time waster.",1
"This is a beautifully logical puzzle game, with nice super-visible (and perfectly simple)
graphics. Learn to mix colors and manipulate angles using mirrors and prisms. The game starts off
easy to allow you to learn its controls, but then gradually become",1
"rebooting issue started with the installation of this app and ceased right after I uninstalled
it. besides that it was an OK game. my reviews are usually only positive ones, but the rebooting
issue killed me. [sensation 4g]",0
Great job developers. I'm a big fan of puzzle games and this one is a lot of fun. I
don't know what the one reviewer considers "a high end phone" but this thing runs
without a hiccup on my rooted droidx and galaxy tab. Thanks again,1
"I really liked the concept of using mirrors and prisms to reflect, split or combine colored
lasers and match the color of the goal. The interface is nice and simple and game is easy to play.
The difficulty is finding the right combination of prisms and m",1
This is by far the best phone game I have ever played. I am impressed with its intellectual
concept and challenging levels. I have spent many a sleepless night speeding through the clock
playing. Thank you!,1
"Super fun and addicting game. Wish it was available on iOS since I don't have my Kindle anymore.
If you like puzzle games this is a good one. The levels start out pretty easy, then some get
pretty tricky.",1
Fantastic game! Challenging and different game play. I am really enjoying it. Not too hard but not
too easy is making for a fun experience.,1
"Not a game that can be played with extraneous noise going on, needs a high level of
concentration. I can see this appealing to nascent scientists.",1
"I really like this game. It's more fun than a bindle of carrots! I guess it could be
classified as a physics of light game, but that's a little too wordy. it's fun, not that
difficult, and definitely worth a dollar.",1
"If you do its your own fault for being stupid. Wait till its free, this happens almost every day,
you think people would get it by now.",1
This game runs well on android. It is very challenging but not so challenging that you get
frustrated and stop playing. Every level presents unique challenges to overcome. I really love
this game and will be disappointed when I finish it. Great concept g,1
"I always wanted to get myself that Khet laser game, but didn't want to spend \$30. Refraction is a
fun and entertaining take on using mirrors and prisms to redirect light beams to hit targets. This
is the first game that I have paid for. I don't have a lo",1
"This game is a fantastic and addictive time killer, but it is very hard to select colors in the
prism, which I find very annoying. Sometimes, the prism will disappear. All in all, a very good
game in which I am enjoying very much!",1
This game is a lot of fun and it is absolutely worth a buck. It is a unique puzzle game that will
keep you entertained. Highly recommended.,1
"I don't play a lot of computer games. I almost never play games on cell phones. But when I saw
this as the Free App of the Day, I snapped it right up. I had played a more sophisticated PC
version of this game a few years back, and was hooked.This is a lo",1
The graphics are very basic but the game is easy to learn once you start playing around with it. I
like that it is a very smart game and that there are multiple solutions. If you are up for a brain
challenge then I would say that this game is definitely ,1
"This is a great game! I've played similar flash games before, but this version improves on
them. I'm glad it is the free app of the day, but after playing it, I would gladly pay for
it...",1
"Could've sworn I played this game before; but must have been thinking of something similar.
None the less, this is a great game. Ramps up nicely and doesn't simply throw you to the
wolves; nor does it treat you with kid gloves. Also a good way ",1
"a excellent time waster, great puzzles and its absolutely perfect for the train ride into the
city. an A+ application on the original droid.",1
The game is pretty fun and so far from what I can tell it is kinda like the puzzles used to open
crates in Gameloft's Nova. Now I have a rooted htc EVO with cm7.0.3.1(if you don't know

what that is well maybe google it and find out it's wa,1
 This is a nice mellow puzzle game for when you don't have a lot of time. Puzzles are well thought out and challenging not frustrating.,1
 wasn't sure the first few levels but now it's gotten personal. I have been. cracked out on this for hours,1
 "Takes a couple levels to get the hang of the controls but easy afterwards. For those that said it's too hard too quickly, well the world needs ditch diggers too. Seriously, it might just not be your type of game. Don't ask them to dumb it down ",1
 "Refraction is a great, addictive logic puzzle game. It starts off pretty easy, but quickly moves on to much more complicated levels. Very fun game--definitely worth the \$0.99 price.",1
 "Got this as free app of the day but I'd happily pay for this (\$0.99 is a steal)! Game looks easier than it is, but that's not a bad thing! It's just challenging enough! Definitely try it out!",1
 "This "game" has given me many hours of fun! I say game, but it's much more than that, it's also a good mental workout. I'm a programmer and games like these keep my brain sharp. For me the first 3 levels were a really easy, bu",1
 This IS my Go-To game of preference - I prefer it to anything similar or dis-similar out there! I love it and wish they would add more levels!,1
 "I got the free version from the other app market, which might be why my scores appear to not have transferred to this paid version. Pretty much my only real complaint about this app, and not a big one since I'll just replay those levels again.\n\nSi",1
 I started playing this game and then told my husband about it so he could join in on the madness. Now I have to try to drag him away. It's addictive and employs sometimes thinking about things in ways you weren't expecting.,1
 This is one of the best executions of this style game I have ever seen. The puzzles are unique and require thought but are not so difficult they can't be solved (yet). Love this app!,1
 "I picked this app up when it was the free app of the day, but it is definitely worth more than the \$.99 this dev is charging. It's fun, challenging, and well made.",1
 "It's a fun puzzle game that's challenging without being too frustrating. The components are simple - colored beams of light, mirrors, and prisms which split the light beams in two. You have to guide the beams of light to the same-colored targets. It star",1
 "This is a fun and clever game but it takes a while to get interesting. After about 30 levels I was ready to call it quits because the levels didn't feel challenging, just tedious. But shortly after this the difficulty ramps up-- the boards are more con",1
 "The concept is simple, the challenge is simple enough to split light beams and then recombine them. I have enjoyed this app so much as a way to pass time and for 99 cents I highly recommend it to everyone.",1
 The app does not become free until 3:15 AM EST. That's 12:15 AM PST for those of us who can't understand what a time zone is. \n\nThe app itself. It's hilariously fun. Definitely worth getting. Goofy and fun to play.,1
 "Like portal, this game offers exactly what you expect, a bunch of fun puzzles that make you think, but are solvable. You get more than enough pieces to accomplish a puzzle so there are countless ways to beat each level. Yet the limited amount of space fo",1
 "A great little puzzle game that plays on colors and their interactions. This might have a chance of being difficult if you're colorblind, but even then still worth a try.",1
 This game is really interesting and entertaining. It requires you to think and it's frustrating yet rewarding. Controls are pretty obvious and practical.,1
 "This is an awesome game that gets progressively harder as you advance. I got this as a Free App of the Day, but would have definitely bought it if necessary. Thanks!",1
 simple concept but the puzzles are very fun. some of them are quite easy others took me a long time to figure out. great game to pull out when I only have a few minutes. I hope to see a sequel.,1
 "this is the most fun of any the brain teasers I have tried on google android. if you like brain teasers and don't like this it's not the program it's you. It it is very challenging . You can use it in shorts stents, but I found it very h",1
 Great Time stealer ! Will not Disappoint Still have not gotten passed the first level. Has me thinking in my sleep how to solve!,1
 "Love this game for its puzzle solving and critical thinking. Keeps me entertained, and is a great learning game for my son. Works perfectly on my Epic 4G.",1
 This is a fun puzzle game in which you use mirrors and prisms to align and change colors to solve the puzzles. The difficulty of the levels range from easy to pretty difficult. This game is fun and works perfect on the kindle fire. Great value at .99 cen,1
 I've actually had this game for quite a while when the dev posted it in r/Android on Reddit a while back. I liked how during testing he got the input of the Android community there and made a lot of tweaks according to what users posted. Not a lot of Red,1
 "I paid for this game a few weeks ago. Once I got the hang of it, you couldn't drag me away. Maybe now that it's free app of the day, people might start sharing screenshots online. Because some levels are tough.",1
 "Very original puzzle game, but I wish there was an option to turn off haptic feedback. I also

wish there wasn't a 20 word minimum... ",1

"The app works great. No problems so far. As for the game, I like it. Good puzzle game. I will recommend this to all my friends",1

"I got this as a FAotD and have made it roughly through the first §or&.\nIts very configurable. So far, puzzles have been interesting, without being too complex. Your solutions seem to be stored so you can try to improve the economy of the",1

"I thoroughly enjoy this game. Haven't put it down since I downloaded it. Once you get the hang of it, the only frustration is solving the puzzle itself. Took some ui setting changes to get the prisms usable... ",1

"one of the better free apps of the day. i actually played the demo app a couple of days ago, and now its free. glad amazon is starting to make better apps available for the free one of the day. even if it was not free today i would have bought, get it wh",1

"It's worth every single cent. Definitely a great time waster on your phone. Don't mistake this for anything other than a puzzle game, but I absolutely adore that each puzzle has multiple possible solutions, allowing you to piddle around, and work it out ",1

people need to learn two things before they download the daily free app...\n1. how to read\n2. patience\nso much fail in here,1

This is what a game should be...easy to learn but always a challenge as each new level gets progressively harder. Fantastic!!!!,1

This is a very enjoyable bunch of logic puzzles. They start easy enough but before long they really make your brain work to figure them out.,1

"great, fun and challenging game!! People, don't leave low reviews because you don't know how to read directions. I have a MyTouch4G (with a 3.5" screen) and I can read them just fine. Keep it up devs!!!",1

"I got this the other day when it was free but i would have gladly paid for it. Great game all around, and very unique. Like someone else said, its a nice break from angry birds. This is my new favorite. Looks and runs great on my droid 1, cant wait to pl",1

"This wallpaper is so pretty! My fav color is green too, so it makes it better! Works perfect and the quality is beautiful on LG Optimus V.",1

It's 3D! As you move to different screens on your android device you get to see different angles of the fountain.,1

"This Wallpaper is really beautiful. It does do some damage to your battery life, but not as much as others I have used. The scene turns as you move through your home screens. As a proud Celtic, I have to say I love it!",1

I really liked the way this looks on my DROID2. smooth graphics with no lagging. I was willing to by the upgrade just to support them,1

"I got this app and instantly loved it ,I'm irish so that's why!!! its great because it has beautiful green clovers ,it shines light onto the pretty fountain, it has beautiful background!!!!!!!!!! (There is no sound)it is great for Irish lovers!!! i totta",1

Is very pretty. No problems using the wallpaper. I Recommend this wallpaper. er er er er er er er e,1

Does not work for Droid Incredible v.1. Glad I did not spend money in this. Will try to reinstall when I upgrade my phone in March.,0

"I'm searching and searching and searching for an app that will join the ringer, system and notifications volumes, but none seem to work for the S3. this is about the 10th one I've tried today.",0

"OK, but cumbersome and time consuming to work with. I like only one or two clicks to make things work the way I want on my equipment.",0

I don't know everything this program does because I'm lazy that way. What it does for me is let me reset the volume on my phone with one touch. I have a Samsung Galaxy Nexus and it is far too easy to change the volume on different things without even not,1

"Fixed my problem on my Kindle Fire. On the top of the right corner of it, it had an Icon with a mute on it. It fixed.it and now I have an alarm. Really good app.",1

"My devise needed that extra boost, and this APP was just right! It help give it a louder and more clear tone....",1

This is the best app for controlling the sound for every thing on the kindle every one that has one should get this app you will love it as much as I do,1

I was having trouble with my kindle and it wouldn't have a sound when a app was done downloading and it had a mute sign at the top right but the sound was turned all the way up .when I downloaded this app I found almost every thing about the volume has i,1

I've deleted this app after 6 months because it wasn't helpful for me.I had hoped it would allow me to boost the volume on my Kindle Fire at those times that I need it.I heard no difference from before or after.,0

This is definitely the answer if you're having volume issues with your android/tablet. The volume gets loud enough for headphones and even loud enough to hear across the room in my case. Not bad. A quick warning however is that music can get really loud ,1

I only wish that I had internet on my phone to download it because the App on my Kindle Fire is so much easier to use then the tool on my phone. You just cannot beat the price - free.,1

"Simple and easy to use. Perfect for my Kindle Fire, I use Google voice for texting on it and the

notification sounds were never loud enough.",1
"wasteful app for a kindle. Don't bother, don't waste your time downloading & installing. Completely unnecessary. If you are having trouble with your volume, this won't fix it, there are other solutions.",0
"This is a very nice free app but it doesn't do anything you couldn't do yourself. It does, however, make changing the volume much easier since all the controls are in one spot so I give it five stars.",1
Absolutely love qvc and this app puts one of my favorite shopping apps right at my fingertips everywhere I go very simple to use,1
App downloaded quickly and was easy to use. I was able to browse and shop as usual with no problems.,1
As with everything QVC this app is wonderful. Makes comparison shopping easy and purchases fast and easy. This app is greatly appreciated.,1
Being able to shop on my favorite home shopping network is great!It was easy to install and setup on my Kindle Fire HD. Now I shop anywhere I am.I highly recommend this app!!,1
"Glad to have this app. I'm new to Kurio 7s tablet & this helps me to view it without going thru my website. I can never get it to do right! With this, I can see things better.",1
"Good app I use QVC quite a bit, it's easy to navigate. I love having it on the carousel and not needing to go thru the web.",1
"Good Kindle App. The QVC site has some glitches, and makes to too easy to order using 1 click so watch out.",1
"Great short cut to get to QVC, love all the apps, easy to use and fast. Thanks again for the great app",1
I am glad to see this on my Kindle Fire. I don.t always need my computer to check out items being offered on QVC.,1
I am happy to have the QVC app for my Kindle. I plan to use it mainly to browse..any buying I do will be done by phone,1
"I check with QVC every morning and night before bed. This APP is so much easier than signing onto my computer.I keep updated on my order status, past items on air (my favorite part) and TSV.",1
"I find the shopping on QVC to be quick and easy, and the products to be what they're touted to be. So anything that makes the site easier to use is ok by me.",1
if you are a shopper here you will like this one. It connects you to the same QVC you know and trust. Has worked well for me when I used it.,1
"If you like shopping with QVC....you will be very glad to use this app. After all....many people bought their Kindle Fire's HD from QVC, and Amazon would not let any company handle their sales if they did not think they were completely capable and effic",1
I got this app for my grandmother who is in to the QVC stuff and she seems to approve of its ease of use and convenience.,1
I have been a customer of qvc for over 20year's of course I love the channel do most of my shopping with them,1
"I have this app on my phone and added it to my Kindle. It is an easy way to see what has recently aired or what is on clearance or easy pay. It is also an easy, maybe too easy to purchase. It is a simple 1 click and the item is purchase and on it's wa",1
I love it.,1
I. LOVE QVC BEEN WITH THEM FOR.OVRR 20. YEARS Great clothes and. All other things from jewelry to. Bedding toHeaters. You. Get it the Q has everything at great prices,1
I LOVE SHOPPING ON QVC THEY PROVIDE GREAT DEALS. IT'S EASY TO ORDER . LOVE THE VIDEOS ON HOW MANY OF THEIR PRODUCTS ARE MADE TO SIMPLY WORK AND ARE RATED.,1
"I love shopping this way. They have everything you need and then some. They have great recipes, if that is what you like, but they have everything for the home, and personal things, clothing, etc.for the ladies. They also have gardening, flowers, and eve",1
I opted out of this app as I no longer will shop with QVC. I have shopped with them since they were CVN and have spent literally thousands of dollars with them. I got stiffed on my last purchase. I ordered a set of chair arm covers and a headrest cove,0
I order regularly on this appl. It is easy and accessible and glad it is on my Kindle Fire. YES!,1
"I WATCH ON TV, BUT SO MUST BETTER TO HAVE IT ON THE TABLET ON MY LAP FOR QUICK ACCESS",1
"I would recommend this app to anyone that loves QVC and wants to shop there anytime they want to. You can put in searches and bring up the items and their descriptions, watch videos of the items and buy through your account online in just a matter of sec",1
"Love,Love. I can view what is going on the Q without disturbing my granddaughters programs .Also when traveling there is easy access",1
"Makes shopping easy and fun ! The TSV's are usually real bargains. The easy pay option is always a help. I like that you receive the item after the first payment.Be careful,QVC can be addictive..LOL",1
My favorite shopping place! LOVE it! This makes my shopping experience so easy and I can buy stuff with a few clicks!,1
"Of course this is great, I have been a QVC shopper forever and I can Q anywhere there is Wi-Fi to look at all the latest sales and styles without buying a thing. This way I never miss a Today's

Special. Thus I can show others the great things on the Q.",1
"QVC is my favorite home shopping channel, so of course I was thrilled I was able to download this app. Loads quickly and very easy to use.",1
Recently cut out cable and miss qvc. Now I can watch live from my kindle. Great app. Highly recommended. No glitches so far,1
"This QVC app is just like being on TV. You click on it, and there you are, ready to shop till you drop. If you like watching QVC, this free app for the Android is perfect. I have it for my Kindle and it works great. Yes, I do recommend this.",1
What is it that qvc don't sell. i just sit & watchthem do there thing. every hour by the hour it's something different. this us a must have app.,1
Works great for me. I can go directly to QVC without having to go through the web process. Highly recommend.,1
You can see what the TS is without having to turn on your computer. It makes it so easy to shop,1
I would like to know who ordered this product for me. I don't use it and am afraid that it might have a virus.,0
"I am a great fan of QVC and ordering from this company. Their range of products is HUGE, their customer service dept. is the best, their shipping dept. gets orders to me FAST and in perfect condition, and their returns dept. so helpful and understanding.",1
I like the convenience of home shopping. Doing it on my Kindle will be even better. I would recommend QVC to my friends,1
"Love the app to get to QVC, they are number one with me. You can review items they have available, but you have to have WiFi to be able to get this app. Can't say enough about being able to get to QVC on this app without having a computer available all t",1
I have shopped QVC for years and years. Now the site is available all the time and at my finger tips. It is so easy if you have any questions or concerns. Everything I have purchased has been great.,1
I can not post to the community forum using the app. The browsing experience is nothing like the website experience. I just uninstalled the app and prefer to use the silk browser on my kindle fire.,0
The QC app is great for the Android. I have shopped w/ QVC for 15 years. Their service is impeccable. The values--especially for jewelry are unmatched. 30-day returns are a wonderful option.,1
"I LOVE QVC. SIMPLE AS THAT. PRODUCTS ARE TOP RATED. RETURNS IF NEEDED; BUT never needed to return anything ever. I love the operators when I call in. Ordering on line is easier than ever before.I could hooked on buying and buying, but I watch my spen",1
Another great online shopping app from another renowned shopping channel. It also expands the choices for online shopping. QVC is nice although I find HSN better.,1
I have been a fan of QVC since 1987. Love having it on the go. I have to always check out the Today's Special.,1
Great app. I use this all of the time. It does take some getting used to as it has a different layout from my home computer. Still it works really well.,1
"I think this application is great. Whenever you aren't near your cell or just want to know what is being shown, etc., this app is there for you. It is convenient and easy to navigate.",1
I have been a fan of QVC for quite some time and i love that i can now get it on my Kindle. My first order off it was so easy and i just love having the ability to order and view other than my phone or computer.,1
This app takes several seconds to load and sometimes will take minutes. It often returns an error message that it needs to close either when I'm using the app or when I'm doing a product search. I tried uninstalling it and also removing it from my list,0
"Being a big QVC fan, I do like this app ! I need to explore it more...with my credit card in hand.",1
"This app has made my life so much easier, when needing to search for products on the 7"" tab. I used to have to type qvc.com in a web browser...but with this app, I type what we need and in a few seconds (usually) the product is there. Love It!!!!",1
I do not shop at stores and don't buy more than what I need. No compulsion buying and I check reviews before buying,1
"HD quality video streaming is nice, plays fluidly and doesn't disconnect. Ability to check your order status, view the item on air, and recent items on air are nice touches. App looks nice, has good graphics, and transitions well when moving from one thi",1
This app is great for accessing you qvc account. It is very easy to use. You can save your info for fast shopping.,1
"I shop on QVC all the time. its great, no hassle driving to the store to try on clothes. you order & receive new merchandise to try for 30 days. if you do not like it, just return for refund minus shipping. if you need a different size, just return",1
I check it from time to time to see what is featured. Love to see what is on even when I'm away from the tv,1
I enjoy seeing the products that I am most interested in at my convince. And only those I want. I do most of my shopping with qvc.,1
I do a lot of shopping with QVC and it is really easy with the KIndle fire. It is easy to

access.,1
"love this app, works fast and simpleI do shop on QVC on tv so this makes it even more
conviente",1
Love to shop on QVC very easy and convenience especially now that I can do it with my kindleVery
enjoyable,1
I love that I can have my QVC anywhere & watch live tv & purchase what ever I want for myself!,1
"QVC has such wonderful products. Now I can access anywhere there is WiFi. I buy quite a bit from
QVC. It has gotten much easier now. The free access is great. Wish we could access the "In The
Kitchen With David APP"; however. It seems to only be ",1
one of my favorite channelshave on another deviceso much easier to usenot always in the room with
the pc,1
"This app makes finding an item on QVC so much easier. Any one ever frustrated by the experience
of trying to get through their product finder line, will be glad to have it. I do find myself
comparing prices between QVC and Amazon now too. LOL",1
"I have been a member and a shopper from qvc from day one, before it was called qvc. I just love
it. But shipping and handling is a little high. The hosts are wonderful.",1
"As a senior citizen with some disabilities, being able to shop on line or from the TV with great
value, selection, and pricing not to mention having it delivered to my door is a combination that
cannot be beat. Customer service is excellent, return poli",1
"My wife loves it, Dave can see what specials are on and what was on that day. While she loves
it, kind of hard on my wallet.",1
On line shopping is easy and computer friendly. Customer service is the best I've ever had the
pleasure to do business with. Always polite and eager to get the customer what they need. Products
are usually top quality.,1
I don't buy a lot from qvc but when I want to check on items I can quickly do this now on my
kindle....5 stars,1
I use QVC often for certain brand name items and I really enjoy having this app at my fingertips
so if I need anything--it is right there. I recommend it for anyone who loves NPR programs.,1
I have been a customer for over 20 years. And while there have been some "duds" the
majority of my purchases have been GREAT. (Just ask my charge account.) No matter what you need
they will have a selection for you. I am more than satisfied.,1
I LOVE QVC!!!This app makes it so easy to shop QVC! So easy to order if you need to get in before
the item is sold out!,1
It allows me to see what the today's special value is when I am not at home. I have it on my phone
and my Kindle which I take with me everywhere.,1
"If you like shopping QVC then this app is what you need.Easy to use, fast...takes you where you
wanna go & you use less data searching!",1
If u love qvc like I do then get the app.Very ez to use just like going on your laptop:),1
you can' t go wrong with them. everything is easy to return no matter what it is and it's good
quality items.,1
It seems this edition does not allow or accept passwords so in my oplnion "what's the point?
". It could be the app is not Kindle compatible.,0
Like having this on all my gadgets to keep up this the specials and what is coming up next plus
the alerts for the shows I like even when not at home.,1
THIS IS A GREAT APP TO HAVE ON YOUR TABLET. YOU GET RATINGS OF PRODUCTS AND SO MUCH MORE THAN
SHOPPING ON THIS APP.,1
really like this app I shop on my tablet a lot. but I also tried to find an hsn app but could not
find one hope you get one of those soon,1
"I have been dealing with QVC for over 25 years. They are a quality company the "Q" in
QVC, that stands behind the products they sell. Their service is fast, reliable, and always
pleasant.",1
"I lie in bed at night looking at my QVC app in the dark till I fall asleep! lol... Like a
lullaby, I guess.... thinking of what to buy the next day. Shop for clothing, jewelry,
whatever... they have it all.",1
I downloaded this for my Kindle only. It's easy to navigate and I enjoy shopping in my jammies.
Good product.,1
can check specials and order easily with the app...No problems using it....easy to find those
bargains ..don't miss anything..it's great,1
If you like on line shopping this is an app for you. Easy payment process and good selection all
the time.,1
"Great app, free app, love my QVC shopping, easy to use, never have any problems. Can't go wrong
with this one.",1
I love the way QVC is saving me money. I especially love the Cooking with David; never miss him
on Sundays.,1
Of all the shopping channels this is the best of the bunch!! The download app is free and you can
do some great shopping on your phone or kindle without getting out of your chair.,1
This app is great if you purchase from QVC. It is better than doing it from the phone by far,1
How could anyone not love having this on their tablet? Keeping up with what has been aired is fun.
Not having a TV around is not a problem.,1

"Yep- it's QVC but not in all it's glory. Probably a better experience on something better than a 78#34; Product thumbnails are small Going to a deeper screen doesn't help. Order Status is limited. Font is tiny, You'll need your glasses",1
Uploaded the QVC app to my Fire quickly and easily. The layout is done very well and I love being able to look at everything QVC has to offer right at my finger tips! If you are a QVC fan I highly recommend getting this app.,1
Good sales and prices and a place to get new items before they hit retail stores at a higher price.,1
Shop QVC all the time and now I can check this app without having to go to the computer or the TV. Great purchase.,1
"I love QVC. I watch it all the time on TV. And now I can watch it on my Kindle Fire. In fact, I bought the Kindle Fire from QVC.",1
So convenient to have this on my Kindle - easy to check the TSV and any other product at the tip of your fingers,1
"If I could give 0 stars, I would. App took forever to download. It was always hard to open, if it did at all. And I could never get it to let me look up or order anything. I finally deleted app and use web. Sorry QVC, just telling it like it is.",0
I love the QVC App as I order a lot from QVC. Glad I was able to get in on my kindle.,1
"QVC IS AN AWESOME PLACE TO SHOP! IT'S SO HELPFUL TO SEE ITEMS PRESENTED AND INSTRUCTED ON USE. LIVING IN A SMALL TOWN HAS IT'S DRAWBACKS, SUCH AS HAVING TO DRIVE AN HOUR FOR SHOPPING! EASY PAY ADVANTAGE IS A GREAT OPTION TO STRETCH YOUR PAYMENTS OUT, ",1
"I enjoy shopping on QVC and prefer to order online, so I was pleased to find the app available for Kindle Fire. Terrific viewing experience on the tablet, and I prefer it to using the app on my phone. I have had no issues with the app on the Fire.",1
if you are a qvc shopper this app is a must have . allows you to place an order quickly or just browse and shop for things.,1
I enjoy watching QVC and now to be able to get behind the scenes as I'm watching...THIS IS AWESOME !!!!,1
This site is easy to navigate and clear to use. Some sites are not so easy yo understand. The shopping choice are great.,1
I did my entire Christmas shopping thru QVC because I'm handicap and everything went smoothly...no problems at all. Love it.,1
"Anyone who knows me, knows that I enjoy my QVC purchases. I can search for items I want or even watch a live show, it's great.",1
Who doesn't love QVC!!! I love that I can view my QVC specials while visiting relatives (and they don't even know that I'm shopping while talking to them)!,1
Great app if you love QVC. It makes it easy to shop and inquire about different products. I have said all I need to.,1
"Good for looking up QVC items, but haven't figured out how to make a purchase using it, however. .Price is right. FREE!",1
"I am using this on the HTC Evo 3D. It is amazing. Stability controls. A ton of various effects to check out. Easy to use and slick User Interface (much, much better in 3.0). You can take a picture with both the front/back facing camera. Voice activat",1
"This app is great! The camera on my Galaxy Attain did not have a zoom and I downloaded this app and it made it zoom. There are a lot of separate ""packs"" that you can can download to change your pics and enhance them. Overall, I can say that it is worth i",1
THIS IS A SCAM! IT WOULD NOT LET ME INSTALL AND SAID I HAD NOT PURCHASED IT BUT NOW THERE IS A CHARGE ON MY CARD THAT SHOWED UP AFTER THE REFUND PERIOD!!!,0
"An all around superior camera. I first started using it as a work around to the buggy stock camera on my Droid 3. Very quick, responsive shutter. Tons of *free* editing and filter add-ons! This is the camera app that pros use when their SLR isn't han",1
This app is very nice. I use it instead of the camera app that came with the phone. So many options. Its like a new toy. I dont know what to play with first. Well worth the price for the paid version.,1
"Was starting to work, than it froze my phone right up and had to remove the battery. To bad because it looked like it was a good app. Trying to get my money back.",0
"This has been my stock camera app for quite some time. I regularly get better pics from this app vs my stock camera on my Droid X. Whoever said you can't shut off the shutter sound is very wrong, by the way.This app has a crazy amount of free downloadabl",1
"Evo4g - FC constantly. Disabled stock cam. Dev responded quickly but could not resolve. Nice features but useless if unusable. Beware, this bonked my entire phone.",0
Better than stock camera app. More options and my pictures look a lot better now. I have a Galaxy 3S and it really helps.,1
"i have bought several photo apps, but this one is so easy to use, and more options, i will use it a lot",1
"Oh my gosh, I was scared.The reviews said that it was bad.The reviews said it was not good.But try it.With full security.Oh, by the way, put helpful, please. I'll check it in 2 weeks.I wanna get to at least 30 helpful.Please. And thanks.",1
Camera pictures upside down no matter what I seem to do horrible on my kindle hd and I used some

of my free coins for this...not a happy camper what can I do to return this get my coins back,0

"The only thing that it does good is zoom, That's it. Aside from that, It's a freaking worthless and useless app and a flat out rip off for a 3 dollar charge. Thank god I got it for free.",0

"By far the best standard camera replacement for Android. Even Lifehacker recommends this app to replace your standard camera. It has many more filters and effects than the "redheaded stepchild" of camera apps (Instagram), it has smoother proces",1

"Its my favorite camera app. I already bought on google store, but i am glad that i got it on Amazon too. It only defect in the lack of video camera app (the app launch the integrated video camera app if you want to shoot videos). But when it comes to pho",1

"I used this app on my first kindle and on my cell phone,so I couldn't wait to download it to my kindle HDX...It works fantastically!! Effects and clarity are superb...keep up the good work guys!!",1

I got this ap for 10 cents and uninstalled 2 other effects aps. It does have zoom and plenty of add on toys. Only ap better is HD paid from Amazon to really improve camera shots on Htc TB with 8 mp camera. Also can change to front camera in ap. thanks d,1

This camera app is better than the camera that came with my phone. It's amazing! Use this app with Pixlr-o-matic app. In doing so you'll get some amazing pictures! You can then create what you like!,1

I hated this it is not like the one I have on my cell phone and it crashes a lot I would not use this and I will be taking it off,0

I don't really see the need for this app. Facebook messaging is pretty good all by itself. Pass on this app,0

Downloaded this to my Fire so that i could keep in touch with FB friends while on the Kindle Fire.Works effortlessly...is easy to use...hasn't let me down yet!!!Won't be disappointed with this app if you are a big FB fan!!!,1

I did not like this app. I uninstalled it. There were too many ads. It was not easy to install either.,0

"This is hands down the best app for chatting on Facebook, I just love it, it also comes with super cute animated kissy faces & such. My mom loved it so much that she also added the app to her computer.",1

I'm no longer on face book so ideleted it from my tablet thank you very much much muchwant to go pleae relase,1

"This app does not work for the Kindle Fire HD. I tried the app, and all it does is redirect you to the mobile Facebook page via an internet browser. Please bring the actual Facebook Messenger app to the Amazon Appstore.",0

"When I realized this was a chat app I immediately deleted it. Don't see the need for it at all with FB Msg.For those that like it, Carry on Dude!",0

Same issues others had. Would not "authenticate" my account to log me into my Facebook. Could not use this app at all. Facebook just needs to make a messenger app themselves for Kindle Appetite.,0

It helps me and my friend be on at the same time in chat. (Though I'm glad she trusts me for not answering them..erm..the messages 0:)I recommend you to use this apps.It lets you log into more than one account! :)I love it! I chosen this and it deserve ,1

Love it! The ability to have private conversations and stay in Facebook at the same Time and review the conversation when needed is fantastic. I loved this from the first time I used it. Also unless you delete the conversation it remains available so you,1

anytime i would try to link my fb account it would just open facebook in the browser so i finally deleted it and got something else.,0

"This app is really easy to use,has notifications, and keeps track of messages when not logged on I recommend it",1

This app was very informative and I used it all of the time. I love the articles that it has.,1

"I don't really understand why they even call this a tracker, it does nothing of the sort. It gives some information and tips on child care, but nothing you couldn't find by simply visiting their website on your mobile device. Baby ESP is the best baby tr",0

"In my opinion, anyone with a kindle fire should not get this app because it doesn't vibrate at all. I should have listened to the other reviews and not have gotten this. I'm going to delete this app now.",0

this game shouldn't even b a real app because it is so stupid. do not get this game!!!!!!trust me its stupid all it does is makes a buzzing sound!,0

waste of your f****n time like really all it does isvmake sounds it sounds like u r cutting hair but all it is is a blank screen with a razor in the middle and it vibrates ur phone or tablet. it is stupid do not get but I bet u got it by know if u r read,0

doesnt work there r no directions its soooo stupid id doesnt work at all its soo stupid its pathetic LAME,0

it doesn't work on the kindle fire and i was so looking foreword to it :(hank crap frick suck poopy,0

Stupid i despise this game!!!!!!!!!!!!!!!!!!!!!! please burn it it sucks@#\$\$!!!!!!!!!!!!!!!!!!!!!! please get rid of these kind of space wasters,0

"With the glut of crap Android games out there, this one is a gem! Fortunes of War is a trading

card game that's easy to learn and totally absorbing. The game play is uncomplicated but does require some strategic thinking. The artistic style of the card ",1

"Test device: Samsung Epic, Android 2.2I never really got into the trading card games like Magic and the like, but got a passing familiarity with them and how they are played. I decided to go ahead and give Fortunes of War a shot, mostly because I liked",1

"This is a strategy game with lots of depth. in the single player campaign, every level requires a different approach, sometimes you want to be aggressive, other times defensive, and still other times its just a race to the top. the torn card style wor",1

"This is really a clever take on the CCG. It resembles Dominion by Rio Grande Games in many aspects. You begin with a limited supply deck from which you can purchase cards that give you victory points, income or abilities. As these are purchased, they ent",1

There isn't really much to do with the free version. Seems like an ad for the paid version. Want more before considering a purchase.,0

I liked this game so much that I purchased the paid version. Lots of card options. Plays differently every time.,1

hate it. so boring. ugly!! uugggg!!!!!!!!!!!!!! ! ! ! ! ! ! ! ! ! ! ! ! ! !,0

Had a power outage last night and my daughter pulled this app up as a bit of humor. We both enjoyed it- it is a very cute app! Its a bit of old time nostalgia meets the techno age but reminds of us simpler times!,1

"Very neat app. Thanks to the creators, and keep up the good work. Works great on Cruz t408 very customizable.",1

"This app is very AMAZING!!!!!! I could see no adds and it was fun for me, I could and did play with it for with hours!!!!!!",1

no point to it. it does nothing. if u want a good all try angry birds. this app is a waste of your time. don't get it,0

Basically just a candle on a screen and you can adjust the flame. If you want to waste time watching a candle then get it.,0

"I have a kindle fire hd and daughter has a kindle fire. This app works on both. She loves to use it at night, almost like a night-light, only its brighter. With the sleep mode on the kindle, it doesn't stay on all night so its great for her to go to s",1

"My dog hates to have me stay up. She sleeps at the end of my bed, so when I want to go on the Kindle Fire and need extra light, I use my candle. Its really pretty and unique.",1

"This ""Candle"" app is just a little bit of fun for my HTC EVO 4G (Android v2.3.3) and Kindle Fire. We are professional candle makers, so like all things candle related. The app displays the top of a taper candle with an animated flame that reacts to the mo",1

My son told me about this app and I have used it quite a few times. At night when one doesn't want turn on a light this is perfect to give enough light to see where you're going. Also use it when coming in from the car as we don't have street lights.,1

"Nothing is as good as a real candle of course but this is really cool. When you rotate your kindle the flame bends like a real flame. It really is nice, I dont think it is animated I think its a real candle.",1

This is a great app for the easily amused like me. It can be a little tricky to exit at first.,1

This app is boring all you do is watch fire and touch it then it blows out it's to bad I can't take back my star:(,0

In need of flameless candles that won't catch your table cloth on fire? This app is for you! It works well for setting that perfect romantic occasion.,1

"I haven't had much cause to use this yet, but the novelty is so worth it. You can even blow it out!",1

"This is by far the coolest thing! I have yet to find a good purpose for it, but its simply that entertaining. You can extinguish the flame with your finger, and have the candle change colors! The best is that the flame looks extremely real!",1

"I love this app! You can change so many things!(candle color, flame color, smoke color and background color!) If you have a microphone on your device you can even blow out the candle! Fun app but not a game, kids",1

"This is really cool. You can change the color of the candle and the flame. If your tablet has a microphone you can blow it out. It is awesome. :)",1

"Remember - this is not a business app, it is not a gaming app, you are getting EXACTLY what the app says it is. A candle. It lights like a candle, behaves like a candle, lets you pick a color for your candle and is nice for creating a romantic atmosphere",1

This is one of the coolest things they have come out with in a long time. It serves no purpose other than just being a neat toy!,1

"I installed it on my Kindle and it worked the first time, but would never work again so I deleted it.",0

"All the fun of playing with fire, without the consequences! Although, you should NEVER play with fire under ANY circumstances...it can be dangerous.",1

I like this for roaming around the house in the wee hours of the night. It does not disturb my sleeping family and gives me enough light to keep from tumbling down the stairs or stunning toes. This light tool does not shock your eyeballs. Nice atmospher,1

this is a dumb app u don't even do anything on this app just watch a candle burn and move. that's

it how dumb u cant even change the color of the flame or candle. no use downloading it cuz u will just delete it after u try it.,0

Watching the responses of the people who see me blow out the candle (you can!) is interesting. Most just seem to accept it as ho-hum. This tells me they don't have a clue about electronics.,1

"Will not, does not want to work. Waste of time and effort attempting to load. Had higher hopes, but all my best wishes for this product were for not. Probably works better on a smart phone or iPod Touch.",0

"It's very simple but good to have. Sometimes I use it as a source of light, sometimes when I can't fall a sleep or want to relax",1

Too cool for words. You can even move the flame around when candle is out and you touch the candle wax and not the wick (ghost flame...ooooo!).,1

This is just a flickering candle. Nothing special really. I would not waste my space on anything for this. Not worth it!,0

"I really like this app you can change background, candle, flame and smoke color. very cool! the ads are small and doesn't bother me at all. love it",1

"Woohoo! I have a candle on my kindle! Yayyy! Ok, there's not really much of a point to this app, but it's kind of cool anyway.",1

"It works fine, is a decent little play thing, and can be nice little mood setter. I don't use it often, but I do occasionally play with it",1

"I am not sure if I am bemused or confused by the low-raters who gave this app just one star because it was 'too boring' for them. Have any of them ever seen a _real_ candle? With a real candle, you light it, and it's lit. You move it, and the flame wave",1

i got this app purely for the fun of it as a silly answer to all those fshlight apps :),1

"I'm kind of a pyro, so this a very safe alternative to actual flame. I love being able to change the colors of everything. I also recomend the lighter app if you like this one.",1

when my husband is sleeping and i have to leave the room for a moment i out this app on no navigate through my room. works fine.,1

Uninstalled,0

"I like this candle toy. It is not intended to be a fancy game but it does what I wanted, just watch it and think clean thoughts.",1

"I want to use this when the power goes out. It is just perfect. Works just as it says and it is super pretty. Plus, no worries about burning down the house. :)",1

Used it last month when the power went out to find my way back to the room with the real candles. It really works and is not just for show. Pink fuzzies to the creators of this app. Thanks. Will be fun to use it while camping.,1

It's a nice little candle. Looks like the real thing. I have a kindle fire and it works on it. You can't blow it out using Kindle fire but you can touch the wick and put the flame out or start it again. It does have ads but I don't find them annoying. I ,1

"want a candle lit dinner for two? just fire up you kindle, turn out the lights and there you go. it looks and acts just like a candle except it doesn't get hot, drip wax or get the least little bit warm. gives an almost real ambiance, actually romanti",1

Its sooooo stupid! I don't even get the purpose for this app....it just does the same thing over and over and over again. Its just a waste of space. DONT GET IT!!!,0

"this app is fantastic, great, soothing, awesome, and sooo great!!! it would be so cool if u could blow it out on the kindle fire! I know it seems boring but so glad I got it!!!!!!!!!!!!!!!!",1

This is probably the lamest app I've come across.....ever. No clue why I even bothered installing it. Real candles are way more interesting.,0

I've had this for some time. It works well on Kindle Fire HD. If you just want a break from it all.,1

"This makes a good low light. For those of you complaining about it: 1) it is supposed to be a low light, 2) it is a UTILITY, not a game, and 3) you should only complain about it if it doesn't work on your machine.",1

"Why didn't I think of putting a candle on my Kindle Fire? Oh, right, the warranty and wax and heat. Everything Progimax touches is golden.",1

"Good way to organize my apps that looks nice, and doesn't cover the whole screen like the folders do for my Incredible2.",1

"CircleLauncher lets you place widgets on your screen each holding either apps, bookmarks or contacts (no mixing allowed) and, when you tap on the widget's icon, all the objects associated with the widget are displayed in a circle or a bar (horizontal or ",1

"Easy to use, cleans up panels. Think of it as folders for apps, contacts etc. Plenty of color and design choices for the widget. I now have buttons and lines of varying size, design and color on my DROID X2 - looks very clean and organized. Thanks Amazon",1

"I like this app better than ""application folder"". It is quick and responsive when I try to access shortcuts through it. There are lots of features which is great!Still needs:1. better layout that handles shortcuts for more than 10 apps in one widget.2. ",1

"I really don't appreciate when companies try cramming extra garbage into their apps and don't even respect you enough to acknowledge what they're adding in. I did enjoy using this launcher, but who knows what else they are sneaking into this app. More th",0

"This app is a great way to save space and have all the Apps you use most on your he page. Highly recommended, get it today.",1

"I downloaded this app when it was offered free for the day. I thought it was a really neat app until a day later, some of my apps started disappearing. Not cool! I uninstalled it. Beware before you get this app.",0

"Simple, clean and handy. This basically is a short cut for your widgets. The way it is organized makes it easy to launch your most used apps with one thumb. I am really enjoying the convenience of this app and appreciate the clutter clean-up. Works well",1

"CircleLauncher helped me to clean up home screens on my Toshiba Thrive. I have created several launchers by theme (games, organizer, photo and video apps) and placed them on the home screens instead of the multitude of icons. The home screens look very",1

"I tried the free version as as soon as I figured out how it worked (couple of minutes) I decided to bought the paid version. Im really glad I did I because CircleLauncher lets you group apps, contacts and shortcuts in a very cool and neat way while helps",1

"I tried other programs similar, and this is the slickest and most practical. If something is out of sight, it's out of my mind, so I love that the icons each hide tons of apps. It launches fast, and it's easy to see/read what you have. It also is fast. I",1

This app gives me a nifty way to keep all my app shortcuts in a neat and cool way. The transparency option makes it a favorite,1

Here is a favorable review of circlelauncher. It does a great job at being a good widget. Way to go dev.,1

"I love this app! I can put all my apps on my homepages, grouped like I want. Well worth the dollar cost!! Fantastic app! Droid X.",1

"Great app! It is EASY to set up, looks great, and works flawlessly on my HTC Incredible. I love that I can now select my most often used apps with one click, and my home screen is clutter free. I use the folder editor app on one screen to categorize all ",1

"I really like this app. Does take some time to set up. If the app isn't set up right the first time, no worries, just send the oops to the trash bin and try again.",1

This app is great for older phones with a small screen (LG Ally). Trash all the cluttered Icons and add this widget to the home screen. Would have paid a \$1 for this app.,1

"I absolutely love how this app allows you to have multiple shortcuts to all your selected apps in a 1x1 real estate space on your home screen. Less is definitely more, and this app reinforces that fact!The icon itself may not be the most beautiful, but t",1

This app/widget is amazing. It makes life easier than before. Additionally it makes things more beautiful than just using folders. iOS users who have seen this were jealous! I love it. Well worth the price!,1

This app can make phone calls without your permission! Homey don't play that. This is the first launcher I have seen that phrased it quite that ominously. No way will it find its way onto my phone.,0

This app is great. It saves space on your home screen by allowing you to organize all similar apps or contacts into single 1x1 icons.,1

""CircleLauncher"" is a clever app that allows one icon on the home screen to be used to quickly launch apps that you preselect to be shown when you press the launch button. Setup and configuration of the app is very straight forward and it easy to make ch",1

I halted the install and could not think of any reason an app like this needed permission to access my browser history.,0

"whoever developed this app os a genius! its just what I needed to organize my apps and contacts. it compressed my home screen into just one simple button, my favorite contacts into one button and my favorite games into one button. I highly recommend thi",1

"This app does what it promises. Nice way to de–clutter my home screen. Works great on DroidX. Like that I can have multiple varying sized circles of shortcuts, Apps, etc instead of just the usual grid of shortcuts, folders all lined up like neat li",1

"i dont generally review free appofthe day, but this one is really nice. it is basically a homescreen folder replacement that looks a lot better and with more options.",1

Finally a useful widget free from the appstore. I like it much better than having to use folders.. best free app. in a long time,1

"This is by far one of my favorite apps & makes organizing my collection of apps easy. I have icons organized & labelled according to subject or catagory, such as audio, video, app mgmt, camera, etc. I also have many game apps & have them orga",1

"Pretty good. Now I can arrange my apps in a better way, like it. Got it for free, sweet. There are more spaces on my phone now.",1

I love to hear people complain like they do about a free app. there is nothing wrong with this app it does what it says and works like described. I would have gladly paid the 1.00 price for this app. it greatly de-cluttered my home screen,1

"Ok, I submitted a negative review for this app twice now and twice amazon has rejected it. What its up with that?On to my 3rd attempt at my negative review of this app. The icons are horrible. They ruin the entire app. After a little investigation I can ",0

"HTC person... its a widget. press and hold on your home screen, go to add widget, and it will be there. if not, uninstall, then reinstall. issue with access? don't install it. it is a widget

app, it uses your phones info to organize, not to troll, n",1

"I am one that's constantly customizing my phone. This is the one widget/app that has stayed on my screen throughout it all. Everything thing is customizable (ok, except the shape but it is called circle launcher) and overall, easy to use. Performance is g",1

I picked this up as an app of the day. I love it. It allows you to group apps or contacts commonly used together into one space on your limited real estate of your phone. Simple groups like family allow you quick access to all those contacts while onl,1

this is a good launcher and the different styles and colors are what sold me on it. reduced some clutter on my homescreens as well,1

Does absolutely nothing on Honeycomb Asus Transformer. Doesn't even appear in the list of Widgets. Maybe Amazon and Developers ought to be a bit more diligent before listing Apps as compatible with various devices and versions.,0

"This is a great App launcher. It's exactly what I was looking for. I like Wave Launcher, but CircleLauncher having different launch groups linked to different launch buttons on your home screen is a very nice feature. I love being able to have more icons a",1

Android folders are okay until you want to peck at the X and close them. This its the same spot to open as to close and on my evo3d can hold many more than just 12 apps. Win!,1

"This is so much better than folders! I love how easily they come up and pop back down, and doesn't distract from the screen. Setup is easy and I like how you can go in afterwards and further reconfigure it without having to reload it. Very useful, I high",1

"Keeps your screen clean and gives you a nice, neat, attractive method of launching your apps. Very customizable, and reliable. No force close, no errors. Galaxy S II",1

"This app not only redunces clutter of multipule icons on the home screen, but by grouping apps together allowing better organization. Streak 2.2)",1

This app is ready to use and customize. It is great to put my frequently used apps in the circle instead of going through multiple home screens.,1

"Very easy to set up and modify, much better than I was expecting. Definite must-have, especially if you love customization on your home screen. Thank you very much Amazon for the Faotd, I appreciate it. HTC EVO 4G",1

"This is a fantastic app for removing clutter from your home pages. It works much like having folders on your desktop, but it is much cleaner and has a better look to it then any other app I've seen to date",1

"So I was thinking about purchasing this app and then I realized it was free. Any-who, wow it's amazing. Works.wonders on my Samsung Galaxy Tab 7. Highly recommend it. :-)",1

"This idea was the first of it's kind and I never saw it used before. I enjoy the circle launcher and it's a useful shortcut to some of my favorite apps, looks good as well.",1

This is hands down one of the best free apps I've gotten from the Amazon Appstore. It's definitely worth a buck if you have to pay for it though. It's easy to use and cleans up your apps nicely. I have a ton of apps and before this app had a cluttered,1

"this is super cool. si te quiere leer este en espanol, no te puede por que mi gramatica es terrible.",1

Great app that helps you organize and reduce clutter. Easy to use and very customizable. Highly recommend. Go ahead and buy it now!,1

Awesome widget! Wish you could save a widget presets to use again and again. Or sort Apps like Application Folder or Folder Manager. Wish the app list showed the app image.,1

"This just saved my one screen a whole lot of real estate. Live it, hope it continues to work and be updated when needed. Thank CL Devs!",1

This is a very handy "widget" that does exactly what it is designed for. Actually it is awesome! There will always be some morons that don't understand how to follow instructions. This is a great app! Thanks Amazon!,1

"I love how I can hide apps under the main icon, it keeps my screen clean and neat. One tap and there's my favorite games!",1

"If you love apps, you will definitely love this one. Transparent, so I can enjoy my home screen, or any screen for that matter. Can generate any type of launcher to suit my needs. This helps organize apps by using classifications that fit my style and ",1

"Touch screen stopped working after installing. Did a battery pull worked for a minute and froze again. Did second battery pull unistalled, no more problems. Buyer beware",0

"This is a GREAT replacement for using folders on your screen. I can group the apps I want together and it keeps my screen nice and uncluttered. I have a background picture for a reason, and I like to see it. This helps a lot.",1

I'm not exaggerating. I have been able to organize my entire device. I get to my apps faster. No more scrolling through the entire apps drawer and forgetting what I was looking for. MyTouch 4G,1

I love this. It's just what I wanted. I don't need to clog up my front screen and I also don't need to switch to the side windows by scrolling left and right. Very good and extremely customizable. Worth the buck and of course thanks go to Amazon for givi,1

This is a great widget. I have been using it since it was first introduced. It can be used in so many ways. I use it as a stealth launcher on a homescreen with clock. Awesome,1

This app has become a must for me. it puts all my key apps at my fingertips in an organized fashion.,1

"This is a really smart app, total space saver and organizer. I now have these on my home screen grouping my apps together based on function and each launcher labeled appropriately",1
These are the sorts of things that can't be done on non-jailbroken iPhones. It really cleans up the user interface.,1
"This app is great. Permissions for calling, contacts, and browser history needed for calling contacts and browser bookmarks. Duh. When circle menu is displayed hold inside the circle to edit. Didn't list apps from Amazon the first time but did every time a",1
"this app is a great way to organize your Apps and contacts for fast, easy access. great thing is that you can have many circle launchers, organize different types of Apps in them and label them. very well worth the \$1.00 especially if you have a lot of A",1
This it's one of my favorite apps to date. I like clean looking home screens. With this app I can make the widget transparent and barely visible yet with a quick tap I can have the apps and contacts within easy reach. Would like an option for direct text,1
"this app is fantastic. I use to have an iPhone, and got sick of the uncustomizable home screens. This is what Android life is all about.",1
"I grabbed this when it was the FAOTD a while back and I have used it on my home screen ever since. I love using it for my most common contacts, so I can access them with a touch. I will be buying this on Google as soon as the developers work out the bugs ",1
"If you're planning on using this on a Honeycomb tablet, don't bother. They don't say anything in the description, but this app is not supported on Android 3.x",0
This is a very cool way to maximize the amount of space on your smartphone's home screen. An excellent way to organize your app shortcuts while reducing the clutter.,1
"I've been using the lite version of this for a few months now and I loved it from the start. There's nothing fancy about it, so I don't want to over sell it...it's basically a folder with some style to it. To sum it all up, I should've paid a dollar for thi",1
If you run out of space on your home screens this is an awesome idea. You just press the app and more apps that you set appear.,1
I kept my often used apps and icons in a circle -Ishmael on one screen. this neatly and easily replaces that!,1
if u like circlelauncher you'll love wave launcher. with wave launcher im able to pull up a screen shot app and take a pic of what im doing ie.. during game playn. or flick on an app real fast while talking on the phone. so on and so on. you can be a l,0
This is a pretty simple but effective app. It helps save real estate on your home screen while giving you fast access to 8-12 additional apps. A dollar well spent!,1
this app helps clear the clutter of apps that usually cover a screen. the app is great because you can group apps together under one icon and then label them for ease of access. the best thing is that it clears a cluttered screen and apps are accessed wi,1
"Saves space and your not just limited to just one slot on your homescreen. Use games for one,apps for another, it's great! Thanks developer, and a thanks to Amazon for all your doing to help the android community",1
"This is the best Android launcher I've seen in the last 3 years! How could it have taken a dev this long to dream up such an elegant design? Totally worth \$1, although I got it for free : Just get it!",1
I was skeptical until I tried it. Fantastic applications and the type that needs to be app of the day more often. Put the circle widget on screen and select applications. Then when you tap it they show around the circle and you can launch.,1
"CircleLauncher is an indispensable app/widget on my phone, an HTC EVO 3d. It's something Google or HTC should have incorporated into their user interfaces. Elegant and practical way to save valuable screen space.",1
perfect way to clean up your homescreen. use it everyday. love the different icon packs as well. you will not be disappointed.,1
HTC EVO this is amazing It took 20 minutes to reorganize my face page and it was worth it. When I realize you can have multiple icons with different apps or bookmarks saved that's when I realized how cool & efficient this app was. Prior to this app S,1
The app works great and clears up a lot of clutter. I don't see any lag when it's being launched. Had I known about this app earlier I would have gladly paid for it.,1
"This is a great app ... you can combine multiple apps to display into this one touch of a button utility. I use all my camera type applications on this and one touch and they all come up ... one of a kind widget, well worth they try, which will turn int",1
I just downloaded CircleLauncher and tried out the widget. It's a interesting little thing. May help unclutter your home screen. I placed it on an unused page and loaded up about 8 apps. clicking on the widget brought them up in a circle on the screen. ,1
"This isn't a sexy or ""cool"" app but it is extremely useful. Setup a productivity, photography, or game launcher and put your favorite apps in. Make the launcher a circle or a drop down list. Change the background by blurring it out or shading it darker",1
really like this app and that i have only 3 home screens since 70+ apps launch thru 9 themed circle launchers!,1
My 2 y/o loves it.,1
My two year old loves this app. It takes a good amount of space but it is well worth it. The

picture and sounds are vibrant and clear. Great app. I highly recommend it.,1
 My 3 year old loves this and plays it all the time. He especially likes to imitate all the sounds. Ended up upgrading to the better version.,1
 I liked st first don't remember it talking but now it does and my 2 year old is smart knows all his animals and there sound also same with vehicles and the noise they Make I know this is free but geese um at least have the right names and sounds so we ar,0
 "My children are grown, but I got this app for a friend's child to amuse her while Mom stepped out for a bit. This app was engrossing enough for the little girl that she hardly noticed that Mommy was gone, and now every time I see her she wants to see. ",1
 He loves this app he calls it the moo be aide he loves the cow on it makes watching my baby brother so much easier thank you,1
 "This baby game was acting really messed up, and was making my Kindle slow. The app is also very boring for babies and others alike, which I found out once it had finally finished loading. Don't get.",0
 I don't got no kids I bought this 4 the heck of it I'm 10 this Thang is soo fun!!!!,1
 "Looks good. Baby chooses from a category shown with cartoon icons. A pic of the real ""thing"" is shown and the name of the thing is spoken. Then the baby is provided with a completely different sound. A truck may sound like a train. The goat tweets. 0",0
 "My sister can NOT get her eyes off my kindle when ever she is playing it. U get 2 touch things (such as animals, interments, and household items. I think u should get it * only if ur geting it for a baby or kid.",1
 "Just downloaded this and very disappointed. When you click on a picture the person says something different. For example, my daughter clicked on a donkey and the speech said "Dog! Ruff ruff!". I will be deleting this app as it will surely only ",0
 My child did not like this app. I did not like it. We got the interactive books for here. I like them a lot.,0
 my toddler absolutely loves this app. the icons are big and easy enough that he can hit them his self. there are plenty of objects to include the ones he knows with new ones for him to learn.,1
 "Seems to be a well thought out piece of software. It also has a section for a user name and password input per site. This is how I get my radio shows that I can't listen to for one reason or another. It is detailed, so powerful, which is another way of",1
 As I enjoy Old Time Radio finding an application for my Motorola Droid X became a must do task.After a number of trials I settled on MyPod. It has been reviewed as being too difficult to learn and use. I will concede that it has somewhat of a learning ,1
 Imagine if someone who'd never seen or used a computer or listened to a podcast were tasked with designing the UI for a podcast manager. What you'd get would almost certainly not be as badly designed as this. It's literally easier for me to just remember,0
 I finally found the right calorie counter that keeps track of your daily food intake AND your exercise calories burned and it's printable so if you're keeping track for six months you have a record!,0
 this list of about 100 things is very unuseful. Adclick should rethink this app and add about 5000 more foods. then we could use it. I will now delete it and search elsewhere.,0
 Nice app on my Kindle Fire 7" HD. Very quickly finds calories associated with various foods. I use it in conjunction with my written record of daily intake of food.,1
 All the assessment s are incorrect. The listings are extremely limited. If you try to loose weight using this for a tool you are apt to gain weight instead. Even if the product is free it should be accurate,0
 This app is TERRIBLE and has very little information. It lists crazy things..ready?.In the eggs section.4 kinds ..and 1 is quail eggs.REALLY??Not worth it.And its free ..thx mary ann,0
 This game would have had a okay concept if you could get it to work. The game will start but will crash before you can even get to the middle of the first level. I deleted this game off my kindle and suggest that you don't get this game.,0
 it is so dumb just get angry birds PLEASE I NEG YOU DO NOT GET THIS APP it is the WORST app ever it is so stupid it is not a good app plzzzzzzzzzzzz do not get this app it is boring,0
 loveitloveit. I love this game so much and I hope everybody else does to bro. (me and bro game get along),1
 "It worked fine for me on my kindle fire, but the game its self just sucked really bad... The worst App I've downloaded yet.",0
 I was hoping for the Word Worm game that is for pc's. The layout on this faugh word game is distracting the color is awfulIt refuses common words. ---No fun.,0
 I love word searches and this game is a challenge. I would recommend this game to anyone who likes a challenge. thanks Amazon for offering this free app of book worm,1
 "This is a great game! My computer is down and I miss my bookstore game. But this version for kindle is so similar, I have really enjoyed it.",1
 I love word games. This is great!!!! It is not hard to figure out. It is a challenge. Amazon has some pretty good games for phones- tablets-pc's-and kindle fire.,1
 "Really not very impressed with the game. Doesn't drop letters in any pattern that you can use to make words. Too many Conenance together, no vowels.",0
 "This is not what I thought and am highly disappointed. I played Worm Word on the computer and

that is what I thought I was ordering. That is what it described and showed when I ordered. But when I went to my Kindle, it was this game and not half as good.",0

"I have searched for a game comparable to Bookworm for years. Finally, I have found it!! I am so happy right now!! Great game!!",1

I love this game and play it often. It is such a challenge to try and beat the letters that are going to inevitably blow me away.,1

I love word games and used to play bookstore yahoo. I lose track of time playing this game! I just recently downloaded it but so far no complaints! Great job.,1

This game leaves a lot to be desired for someone who enjoys word games. The dictionary is poor and there is little to no challenge.,0

Love to play this game in all modes. Helps me unwind and think at the same time. Could really use a better word dictionary..many words I know are correct the game does not recognize. Still fun.,1

"I'd give it no stars but apparently that isn't possible. You can't play it, the game just stops unexpectedly. Deleted it off my device already.",0

"Only change would like to see is either a better scoring system for the untimed version or just let you play untimed, unscored and unstopped. Like creating as many words as possible but don't like playing with a timer....and that's purely personal. As ",1

This game is adictting! Sometimes I stay up to 1:00 am playing it when I should be sleeping cause I work. Worth buying!,1

This is a fun and addicting game. I can waste hours playing this. My 8 yr old grand daughter loves it too. I would recommend it for kids and adults.,1

I like this app for my kindle fire. It's fun and challengingI don't understand the bad reviews for it.,1

"horrible graphics, unreadable. nothing like bookworm. don't try it. was of money. big purchase mistake. just learning. will not repeat my mistake",0

"This is the best App,/ I have ever found,,install it in your Kindle,by all means,,easy application,easy to understand,,great result,,Recommend for Kindle Fire,,you will hear it in the next room,!Regardless of what the other Nerds Say in the reviews,,Yo",1

This ape was recommend bon a forum and I must say it was exactly what I need to increase the volume of the speakers on my phone. The I initially got it for my speaker phone feature but I must say it took my stock music player to another level,1

I had trouble with it at first but then realized I didnt download it right and after I did it worked great,1

"It does exactly what I need it to, boost the volume on my kindle speakers. I've never gone above 11, so I have no idea how loud it can actually get, but usually anywhere from 9-11 is more than enough.",1

This little program did in fact boost the volume on my Kindle Fire and I love the program. Highly recommended!,1

had this for a few weeks finally decided to try it out on my kindle fire which as you may have heard by now has terrible sound I mean its great for background noise or when u want to hold it close to you but yeah it sucks. anyway finally gave this a try ,1

"I love this app, It improves the sound quality and volume of the basic Kindle Fire (2nd generation).If you are looking for a better way to increase the sound for music, videos and the silk browser. This app is for you!",1

I have hearing nerve damage and even with high powered hearing aids my hearing can only be restored to around 60%. Distortion is another problem. One of my favorite programs is Downton Abbey but often I have a hard time understanding but I just gave it,1

"I don't know how it works, but it honestly makes the kindle quite a bit louder! I was totally shocked!",1

Yes it works great on the kindle Fire want to test itrund Pandora and set your main volume about half way then goto the Volume app and play with the controls remember there are twooptions speakers or headphones.You do need to be careful because it could g,1

For me this is especially helpful while using the phone to play my music with an aux jack in the car & it makes a big difference I was so surprised. I have tried others & haven't noticed any difference. Using LG optimus s with custom gingerbread ,1

"I hadn't checked this app out, figuring that it was strictly for volume...but this app also provides an equalizer (which even most players don't), and one which doesn't require an engineering degree to use! So crank up up the bass boost or a variety of ",1

The new Kindle hdx is a very nice tablet - except for external volume which is not loud enough. This app didn't help.,0

"Ive a Fire 8.9 HD, and I grabbed this app today. Works wonderfully. Boosted up my speaker volume, on kindle, my independent speakers, now to try my Bluetooth speaker out and see if it brings up the volume.Now my radio apps sound much better, my downloade",1

I am so happy I got this volume control app. I have been using Bluetooth headset or speakers but it can be really inconvenient for casual listening. This works exactly as described. If you are an audiophile you may not be happy with the quality of music ,1

"AS others, tweaked all settings, tried everything - simply does not work. I had high hopes because Kindle Fire volume is pretty bad from factory. Shame and want my money back.",0

"It works great on kindle fire and now I can play my music louder, just don't set it high or it

will damage your speakers",1
This Really Works!It is amazing!I can now watch netflix without headphones! Best 2bucks I have spent! This really gives you lots of options when it comes to your sound on the kindle fire.,1
"I want my money back,I try with different apps.my own files,tune in,music Fm,shared, audiobooks,etc this app Does NOT work on kindle fire, how can I sue the owner.is useless.",0
"I have to say that I was a little skeptical about purchasing this app, but it was WELL worth it. Volume+ gets an A+ in my book. Awesome App!!!",1
I downloaded this app thinking it would help make my kindle speakers better on account that they suck (hello amazon are you listening!) well this app does not help! there is no noticeable difference. Save your money and just download speaker booster for,0
"I have a kindle fire HD and this app removes the firm hard hitting bass. There is no setting that improves the sound in any way. sorry, but this app is a complete waste.",0
"This app worked as promised for all of 25 SECONDS, after that it stopped effecting my sound. Will send it to the cloud until updates come out. Do not recommend for Kindle Fire.",0
I have a rooted Kindle Fire running CM7 and this app boosted my volume level by 200%. I can now hear the internal speakers from 10 feet away outside!,1
"I dont know what the other reviewers are doing, but I tested this app on the stock Kindle Fire max volume levels for the Hulu app, Netflix App, Amazon Prime App and on youtube. On all the tests, this app dramatically increased audio levels on my device.",1
I couldn't get it to work. My kindle's volume was not high enough so I bought this. I't didn't seem to help,0
"This app doesn't work, when i try to use custom eq ,the sound reduces considerably low making terrible noises ,i completely regret buying this crap that doesn't work i wonder how in the world this app gets 4 stars,it got me completely duped..save your mo",0
"The amount this raises the speakers on my unrooted Kindle Fire is fantastic. it turned a horrifically low volume device into a wonderful and loud device. Thanks dev! Only one suggestion: have it begin automatically on reboot, not a major deal, just would",1
the volume on the kindle fire doesn't quite work for me. I like watching netflix while I'm grilling swimming bathing. now I can hear.,1
It did not like this because it just didn't seem to do a thing for the stuff.I just deleted it.,0
Absolutely no difference on kindle fire. Volume was measured before installation and post. Unfortunately nothing had changed. Highly suspect the "great" reviews came from rooted kindle fire owners. Shame...,0
"This is nothing, no information at all! I did not even keep it for a day. That is how bad it is!",0
"This was a very poor app. You can get more information by going to your state government site and look under there various sites on farming, agriculture and etc. Remember with Kindle Fire, once you download its there for good. Safe the Cloud space. Don'",0
Its just a very basic doc with info a 4th grader could have written. (with apologies to 4th graders everywhere),0
this app is okish but all it does is tell you tips on your lawn. I think that it is a waist of app space,1
"The Green Lawns Made Easy! ap is pretty informative, especially for someone who lived in the city with concrete all around & now resides in Dandridge Tennessee with so much grass, weeds & beautiful farms.",1
"This app was not worth \$2.99 it should be free I deleted it, It was the worst, I use to love the game show Name that Tune, nothing like that and was very poor, also didn't work properly and kept freezing.....",0
i dont own this app but ...if its guessing a somg kind of game you might as well get a game called songpop there is a free version and an ad free one for half the price of this game...you can even play socially with people and there are different genres ,0
Vincent you really need to buy an English book. Your use of the English language is deplorable. Wishing you luck with your studies.,0
This app is a waste of money. If you what a good game. Get something like blood and glory. Its much better then this rip off.,0
waste of money people 5\$ and all you get is a sucky game do not buy this game shouldn't even be. 99,0
did not like this at all. was boring. not good names at all and kept repeating the same ones over and over again.,0
I only got this cuz if u have a bunch of ag dolls and you cant figure out a name this helps alot,1
I don't like this app at all you will not like. no one will like it at all it stinks so don't get trust me its bad,0
people need to calm down and get over themselves its a cute app and fun to see all the different names that pop up,1
"I love bananas,and I love when that weird man says "banana".my freind and I laugh when I say banana.cute game.:",1
this game is probly the worst game for kindle fire or any other type of tablet don't waste your time!!!,0
This is one of my favorote games! I didn't even have it for a day yet. The guy that says banana

sounds just like my dad therefor it's hilarious. The only downside is that you can not save your banana's outfit. Other than than that it is a great game wit,1

"My son is 4 and loves this game! It is so simple and silly, but he loves it and that is what matters :)",1

i have not played it yet but i love banana's so much i know i will love it and yes i am kinda crazy,1

""Very basic" is too complex of a description for this "interactive story." With single sentence pages, no music, barely any sound effects, narration that sounds like someone sitting at their office PC, bland visuals, and one touch spo",0

my children are 5 and 3. both said that's it? the animation and interaction were both seriously lacking. the story was weak. I would not recommend it.,0

"This book is beautiful in every way! Love the story, love the illustrations!!! You can read it to your child or your child can choose the read to me option and the book will read to them!! My daughter loves it!!!",1

"I really like this wallpaper. My only problem is that the configuration screen is totally unreadable. Otherwise, awesome! Nice visual aid.",1

"I has no effect on battery life but looks so cool. It is pretty basic though, the Droid just melts and eyes glow. Does everything it says. I would love an update to maybe add some change for when you plug your device in, maybe change the eye color? Idk i",1

I love showing it off to my husband. it is just too cute. would be cool if there was customization.,1

"Looks great on htc evo 4G. I let my battery die, just to watch the android melt all the way. This wallpaper doesn't seem to drain the battery as much as other live wallpapers.",1

This is a really good wallpaper. It looks great and works well. I haven't seen any change in battery life. No problem recommending this one.,1

this application is so cool my only issues is i keep turning the screen on so i can watch him grow. i wish i could change him to a different color other then that great application,1

"idk what some people are talking about, I have the evo 4G and the battery time is known to not be the best. but the depletion of my battery has very very little to do with this live background. I have been using this background since before I saw it on a",1

"absolutely love this app. subtle and cute. does what it says without adding to the battery drain. give it a shot, you won't be disappointed.",1

"I have installed and uninstalled this many times, but it will not run.It doesn't show in my apps list, my widget list, or anywhere else. Fortunately, it shows in my mManage Applications lost so I can uninstall it.",0

"REVISED: Cool ap. Finally loaded and works and looks pretty cool. Revised to 5 stars.Looks like a cool app. Loaded, but doesnt open. Uninstalled, reloaded, same results. Samsung Galaxy S 2 Touch.I will revise once it works.Dave",1

"I downloaded this for a fun diversion, but I found myself leaving it up. It's nice having a "live" wallpaper that doesn't drink your battery. No cons to report while using this app with my Samsung Galaxy S II.",1

"This is a pretty neat live wallpaper/battery monitor. It does exactly what it appears it does... as your battery life diminishes, the Android dude melts into a puddle. You can adjust the background colors (the top color, and the bottom color to which it ",1

"I installed this app and used it no problem. Then about an hour later I started getting these rampant notifications that were nothing more than spam. Mostly on how I am the winner of iPads, gift cards, etc. uninstalled and the notifications stopped. I ho",0

I love this live wallpaper. I wish the image was better quality and I wish there was an animation when charging but I still think its an awesome idea.,1

"i love the idea of having melring android depending on battery and i love the android avatar guy but i thought the wallpaper would be cuter or not so boring, maybe more colors or something! pther than that its cool & its really in sync with the batter",1

"it seemed like a nice app but once i used it, i realized that it wasn't fine tuned and deleted it shortly after. they need to work on it a little more for people to download it",0

"Informative, "cute" and a great way to show your android pride. Didn't kill my battery. Was a constant source of entertainment all day long. Everyone I showed cracked a smile. Give it a try, really, you just might enjoy it.",1

This is a great wallpaper. The addition of the percentage was a nice touch. And You can change the size of andy in the settings. Big or small...,1

"so cute, that stupid little android melting away instead of looking for a power source to recharge its batteries kaboom",1

"this is a great addition to my minamilist home screen, I was able to ditch my battery meters, and now just have beautiful widgets home. works excellent on a rooted of droid.",1

"The "Drains Battery" review made me laugh--brilliantly put. It's a joke guys, think before you respond..."at around 100% the normal rate" = NO CHANGE. And "a couple hours later, it was down to 95%" I only wish my phone only ",1

"I like it, it's a cool background and does exactly what it says it does. The only reason I don't really use it is that it's sort of a boring background. Although, what I find boring someone else may find sleek so I won't down-rate based on a style base",1

"This has been a great wall paper to use, with an easy way to see where your battery is without killing it",1

"Neat idea. Looks nice, not with crazy, jumbled designs , no scroll, which I love, and free. Definitely worth the download!",1

This is a fun wall paper. The% at the bottom is also pretty cool. I also think I am getting better battery life.,1

11-25:can now move back to sd card! only takes up couple hundred kb on card. ;) i love the settings that let you customize background colors and robot size. well done!PRIOR REVIEW: ... I did really like this wallpaper but made mistake of installing up,1

Just got this app today and I can't tell if it hurts battery life or not but I can't imagine that it would. It just changes the picture with the battery level to the next picture in the progression (much better than other live wall papers). Overall I lik,1

This app does what it says. I set it as my live wallpaper for my Incredible 2 and is a fun way to maintain visual cues for your battery life. Update now adds a percentage of life left. Everything is in the background so it doesn't interfere with my apps/,1

love this wallpaper. functional and cute and it doesn't kill my battery. I'm usually hesitant to download live wallpapers but this app is worth it.,1

it is VERY low resolution. all live walls are battery drains too. maybe if i could customize colors and it was HD... i could use itnice IDEA tho,0

This is a clean simple application that shows the battery charge status. Minimal battery consumption for a live wallpaper. I actually find myself trying to waste my battery just so that I can see the cute Droid melt.,1

"this is great. the android logo is cute enough as it is, but when you add it mealting in an adoable little puddle as your battery depletes, makes it even cuter.cant believe its free",1

Graphics look very sharp and it functions on my HTC Incredible 2 without any issues. Also seems to use far less resources than other live wallpapers.,1

so cute and I love him. what is there more to say? do you want my five star rating or not?,1

Not much to say. Works as intended and is easy on battery life for a live wallpaper. It makes my daughter sad when the battery is low.,1

"The updated graphics are much better. Cool to be able to change background color. Like the added percent readout, though it is somewhat small and gets a bit lost in my homescreen icon. Thanks for listening dev and adding in requests/suggestions so quick!",1

"Doesn't destroy battery life because it remains still till battery level depletes, but still provides a new appearance each time your phone is checked.",1

"Would like to see the ability to change colors but otherwise pretty cool! The little Droid dude is cute, but I agree that the eyes should glow only when charging.",1

This app works just perfect. Very nice for a free app. Does not use any additional battery. Would be nice if the eyes glowed bright when charging. Droid2Global.,1

Shows me in a neat way how much juice I've got left. Does what it says it does and that all that matters,1

I love this background the moment I got it. It is unbelievably simplistic but aethetical and Useful! This background beats all the other backgrounds out there and it's free! I am more than willing to pay a buck for such a pleasing background.So what this,1

needs a better landscape mode and it also needs an indicator by the android of how much battery life is left too. also needs to be more customizable like change background/color/how much battery life is left etc. other than that this is an awesome wallpa,1

it ducks like totem eggs horrible controls horrible graphics horrible objectives horrible! IM WARNING YOU DONT PLAY IT. YOU WILL HATE IT,0

"Fun, frustrating, and addictive! Easy to get started, challenging as you go, and hard to guess how much time has passed as you play, absorbing!",1

"This is the worst app i have played in a very long time!!!! the visual is ok, but the game itself is boring, repetitive and tedious!",0

"THIS WASN'T FOR ME BUT FOR MY GRANDBOYS,THEY HAD A BLAST WITH IT.SO FOR CHRISTMAS THEY GOT A 7 INCH TABLET NOW THEY CAN PLAYWITH OWN",1

"Looking for an exciting game with rich graphics and a compelling story? Than look no further! Dante: The Inferno, brought to you by the hard-working development team of Another Good Time is just the game for you! I love this game, and highly recommend",1

"The game presents itself as a clean, well-made puzzle/adventure through The Inferno. Instead you get alot of bland graphics and a game that bores after the first few screens. Don't be fooled by the description and pictures, this game is not very good.",0

"This *game* wants my phone # and info, network info, wifi info, and then open network sockets. What the...?! Too bad because this game actually looks interesting.",0

"I hope Amazon updates the product listing to indicate that this single player game contains NO extra permissions! Did the developer fix it at the last minute? I don't know, but at least he or she did the right thing!",1

"Graphics are okay, but the gameplay is great! You've got to act pretty quick on your feet in order to survive, as well as use your head. Well worth a dollar as you can spend a decent amount of time on this and not get bored. The levels are challenging at",1

I have added a photo of the Kindle Fire permissions page and as you can see no permissions are

listed or activated.Game play:You have to collect all of the souls in the level to open the gate and exit. As soon as you collect the souls you have to move qu,1
This game looks and sounds great. The game mechanics are great. The story is great.The controls are indescribably bad.If the control-cross was resizable and a touch less sensitive this would be a 5 star app.....as it is its 1 star crap.Its too ba,0
"this app is GREAT, very entertaining platform game. a great way to pass the time when your are board. there was one level with a minor graphics glitches but nothing big",1
"The game seemed like it would be fun. I played multiple levels but the more difficult the levels got the more frustrating the controls became. Consequently, I uninstalled the app. The graphics were decent and concept was ok but the controls ruined it f",0
"I played all the way through this one from the android market. It had ads which why there might be the diff between free and paid.It turned out too be a really good game. It starts easy and ramps up the difficulty as the game progresses, just like it s",1
"so I read a few of the review and decided to try the game, I played 8 levels before writing this review.the game didn't ask for no additional permissions , do that's a plus.there's is directional up down left and right .. kinda old school but it worked f",1
until developers can justify these permissions with logical explanations to "us" end users I'm not going to give them my money even if its a faotd,0
great game lots of fun i recommend it to anyone who likes puzzle gamez five stars out of five stars,1
Dante's Inferno has a good core mechanic that is a pleasure to see used in such creative levels. The gameplay is smooth and the pace great for picking up and chipping away at a level or two. definately want to see how further levels progress. classic gra,1
did not enjoy it. It is a puzzle game that depends on how fast you can move to avoid monsters and traps. It got boring real quick.,0
"To start with, I have to point out that this is not my type of game, so I have uninstalled it after a few maps.But I wanted to give some positive scores, because I see a lot of attention that went into this game.Yes, the controls are a bit itchy, but I t",1
I did not get it. I found it very boring. Did not hold my attention. Playing on Kindle Fire. Maybe it would be better on another device,0
I downloaded the app and it began to install and could not install. I attempted to install several times without success. If anyone has any ideas let me know. I would be glad to reassess the app if I can get it to install.,0
OMG this game is so cute I'm 12 and I think its amazing totally I love it love it please get I so think you should,1
I thought this was a game not somthing to tell u to do cetain things at certain time. that certain thing is something not for a 12 year old.,0
I got it for my 3 year old daughter her name is Chloe and she loves it as long as she love it then I'm ok with that she able to take care of the baby. so people who gave it I hate it. then what the hell is wrong with you ok get it,1
nothing to do you just sit there and set timers and alarms for stuff to do. and there os somethings on there I would not want a 2 or 3 year old to see!! and pictures!!!!,0
for all the people who say its boring this is not a game. This is to help with child care. So don't hate you haters. and again its not a game.,1
I had an infant in the NICU for 3.5months. This app can be set to remind you to pump (which is what I used it for) as well as other cares for the baby such as meds. I will continue to use it when the baby comes home.,1
its super cute and its like a real baby! she cries when shes hungry and stuffs.i totally recommend you guys getting this app!!!!:) Have a Merry Christmas:)),1
I love it. I use it everyday and it has everything I could need. I use it for my toddler too.,1
I hate this app and u should never get it. it makes like totally no sense and I uninstalled it immediately.,0
For one: I thought u could make yewr own baby and stuff. For 2: Its just a schedule! I do NOT reccmrnd this app!,0
I have really liked this app and its features. It helps a sleep deprived new mom stay organized. I would recommend it to anyone. Best part is its free!,1
"if y'all think that this is a game... its not!! if you would go back to the description, it says that it keeps track of sleep, eating etc... DO NOT GET IF YOU DONT HAVE AN INFANT TO CARE FOR!!",0
Sooo friggin useful; especially for a free app. It has many useful features. It makes keeping track of baby's habits much easier. I use it to help me remember which side I nursed on and to keep track of how often she eats.,1
"For being a first time mom this app sure does help out and remind on feeding times, diaper changes, and the other things needed to do :)",1
I just love this app it keeps up with everything. no more forgetting what time baby ate or how much how often or how many it keeps up with it all.,1
"This app was a great tool to use when my daughter was first born. We used it to keep track of feedings, diaper changes, and her doctor appointment stats. We still use it to track her height/weight and love this app!",1

two words man two words: don't getit doesn't make any sense and the first time i saw it i fought it was cute but now its (fart) bad!!!,0

This game is for people that are going to start a family and I am I put this game because I was growing a family with my twins and this made me think I am going to be a great father and I was very excited to see my twin girls there 8 months now I can't ,1

"wish it did a little more than it does, looks like i will go back to using color notes instead.",0

"This app looks so cool when I founded, then after installing it in my fire, look so dull and boring. Maybe needs an update. The menu options do not have preferences, so you can't customize the look. Too bad!!!",0

I use this app often. I color code by plans so I can see at a glance what I have coming up. I also like the lists I can make. I use this for shopping and Christmas list.,1

"this is a simple and easy app. It is perfect for what I need, to keep track of the things I need to pu at the store and the bills I need to pay each month.would recommend it and its easy on my kindle fire.I love things that are not to hard to use.",1

"This game is definitely targeted at those who enjoy puzzles and have been looking to take them on the road.I am one of those people and missed this game entirely the first time around. In fact, I didn't even know that a well designed game for this genre ",1

"If you love puzzles get it because you will get very entertaining. It has great pictures and you can choose the puzzle pieces and if you want it to be hard, medium, or easy",1

This is a very clean application with great graphics and easy touch control. The multiple difficulty levels assures everyone will find a compatible challenge. Definitely worth the price.,1

"awesome app. I love puzzles , can not put this one down. different levels keeps you challenged. Great pictures to choose from. Love it\n\n\n\n\n",1

Have always been looking for a great puzzle app. very challenging for adults or simple for children.. only app i have ever reviewed.,1

"If you are a puzzle lover, then this is a great app. You can make the puzzle as challenging as you want, and I like the ability to use custom images too. It's helpful that when you finally get the correct piece in the right place and orientation, it lo",1

"I like jigsaw puzzles, so I thought I'd try this game and I am so happy I did. I only play huge (48 pieces) and hard (no edges highlighted) as I enjoy the challenge, but others may like that there are easier options. And expansion packs of more images ar",1

"I think I somehow got this app for free once, but I would definitely pay for it. I've purchased the expansion pack, and it was worth it. Nice, smooth game play. Fun. And you can choose how hard you want it to be, etc. Great app overall. I can't think of ",1

Like many puzzles in HOG. Varying degrees of difficulty add interests. Was FAOTD but I would definitely recommend for purchase.,1

"This game is great. The only thing I don't like is the music, but there's an option to mute it. For anyone who enjoys puzzles, this is for you. There's a very simple level, a medium level, and an even harder one.",1

This has been a very enjoyable game. Graphics are well chosen and the options on the puzzle difficulty are very flexible.,1

"This is one of the most beautifully clean games I've played on my Fascinate. The colors pop and the jigsaw puzzle itself is very addicting. Challenging enough to keep you coming back, but not so challenging that you end up getting frustrated and toss it.",1

couldn't put this down played with this app and finished all the puzzles in 1 day! love it on my kindle fire.,1

love these puzzles awesome very addicting had free version then had to buy pro version love it well worth \$ if you like puzzles you'll love this app,1

this is a well designed little puzzle app that is a great way to kill a few minutes. very well thought out .,1

This is a great app. a lot of fun. Fun to add your own photos. My grandiose like it also.,1

"I love the challenge of the game. You can choose your level of difficulty, so it is challenging for everyone.",1

I have tried and uninstalled many puzzle apps. This is the best so far as challenging. It is bit more like a slider. I love the ability to use own image. It would be nice to set up multi players as the kids love it too.,1

Love the puzzles and how you can select the size and level of difficulty. Beautiful pictures that are very vibrant.,1

"All of my four children, ages 4 to 8, love this game. Especially my 6 year old. He's always asking if he can work on the puzzles and unlock new ones for me. This is a good one for young and old alike.",1

This is a fun way to do puzzles. It is a little hard to move the pcs. but you will figure it out after doing the first puzzle There are quite a few pretty pictures to do.,1

This is a great puzzle to own. You have various choices of level & pieces. What I like the most is that I have to solve it. There are no hints. Makes you burn some brain power!,1

"This App is so worth the price. Now I got mine on the Free App of the day however, I wouldn't mind paying for it. This App is endless...by that I mean, you can use your own pictures to create

a puzzle. The App keeps track of your completion time and n",1
these puzzles are so much fun. they are nice to play when you can't seem to fall asleep at night.,1
"Very nice app! I really have no problems with it...honest. It plays well, has beautiful graphics, well thought out levels of play...you will enjoy this if you enjoy putting puzzles together!",1
"This is a very simple puzzle pieces game, but it runs smoothly and is a joy to play. Varying difficulty options as well as many picture choices (including your own) keep things from getting stale. Highly recommend.",1
"Got this as Free App of the Day. I don't like jigsaw puzzles but I love this app. Great photos and endless ways to customize. I even used one of my own photos to make a puzzle. I'd buy it, it's a great time killer. Love those free apps, w",1
"Best puzzle app I've run across by far. Excellent picture choices (some easy, some hard) or you can choose a picture from your gallery. Only problem I've run across is after pausing the game in easy-mode it restarts in the hard-mode. I usually restart the",1
"As of this very moment it says \$1.60. For those who are writing to say it's NOT free, please sell your phones and don't come back! Wait, let me say that again, WAIT a few minutes, even a half hour, it WILL say Free! This has been a public servi",1
"If you love puzzles you will love this game. It gives you choices of difficult, easy, and medium and the puzzle scenes are really nice. I'm waiting for them to do a part two of this game.",1
My 5 year old loves puzzles and this kept her (and my wife any myself) pleasantly occupied for quite some time. They have added quite a few puzzles since I bought it and all of the puzzles are a very nice high resolution picture with multiple options fo,1
This is one of the better puzzle games I have tried on my HTC EVO. The implementation is very good and I have played it for hours without any issues. The game basically makes mosaic pieces out of either the preloaded or your personal pictures stored on t,1
"I love an app that does a job well, with great presentation, and perfect functionality. This app is one of those. IT WORKS VERY WELL!",1
This is a wonderfully different take on the traditional puzzle experience. Gorgeous photos...varying sizes to choose from...and the new take on the jumbled up puzzle makes it even more fun!,1
"It's simple and fun, with colorful, artistic images and the ability to use your own. The developer has been great, providing regular updates.",1
"this app is amazing! I really enjoy how you can use your own photos as well. overall, it is a great game.",1
I love doing Jigsaw Puzzle's. The graphic's on this one is great and the color's are so pretty and stand out. I love buying challenging puzzle like these. They are harder to put togethr but that is what is so challenging about these kind. I look forward ,1
"Works great on the Fire! Pictures are beautiful and puzzles are challenging. A puzzle game done right. Love, love, love it. Can't wait to try the expansion pack.",1
The android market version was updated last week. Why not this one? Did you abandon the Amazon Apparently store? Don't forget about what you wrote in the changelog over there mentioning the Amazon app stores awesome constructive criticism.,1
"But it is ridiculous to require 20 or more words in a comment so here you go, blah blah blah blah",1
"This is a fun and addictive slider puzzle game. I like the ability to choose how many pieces and the level of difficulty for each puzzle. If I just want a quick and easy time killer, I can choose the easiest levels, but the harder challenges are there, t",1
"I played this puzzle app on the Kindle Fire demo model in my local Target. I came home and downloaded a couple of free puzzle apps to my own Kindle Fire, but I wasn't impressed so I paid real money for Spectrum Puzzles and I was not disappointed. The p",1
I find myself becoming very relaxed while being challenged. I like the fact that you can easily glance at the full picture when students stuck. A true brain game.,1
I love doing puzzles and this app has some good ones. The pics pop right out. the colors are very vibrant on my kindle fire hd. I love that the pieces can be rotated and are given in different positions. Others I have played has the picture in the appro,1
Cool app but all the pics are unorganized. Took me hours to put them all in order. It should say "some assembly required" in the description!! Some ppl might not have the time to unscramble the pics.,0
"I haven't stopped doing puzzles since I got this. The graphics are great, there are varying levels of difficulty, and it's just all around fun.",1
"I downloaded this 2 hours ago and have been playing ever since. Have tried different sizes and difficulties as well as using my own images. works great, lots of fun. gotta stop playing and get something accomplished today!",1
"The demo version gives you a taste of the challenge ahead. This isn't just a regular jigsaw puzzle. It has difficulty levels. On the medium level, the pieces can be rotated. You no longer can use the edges to build a shell then fill in the blanks. T",1
Love playing with this app. Lots of puzzles to keep you occupied. Pictures are much better than the ones in other puzzle games I have tried.,1

"If you enjoy puzzles or just need a quick distraction from the chaos around you, then this app is perfect! It has varying levels of difficulty, and when you're ready for a new challenge, there are 3 other image packs available, albeit for 99 cents each. ",1

I down loaded some time ago and kind of forgot about it. In the process of cleaning up I rediscovered it. Been playing every since. Beautiful you l bright colors . Aesthetically pleasing as well as fun!,1

"I really like the pictures that this uses, they are really colorful and make putting together the pictures fun. I like how you can choose the level of difficulty so anybody can play this and have fun with it. It does suck a bit of battery power, but I ha",1

"These puzzles are both lovely and interesting. They also offer a variety of ways to play. I have the expansion pack and the spring pack, and would really enjoy MORE puzzles please.",1

I thought this app was going to suck! But I thought I would download it and try it. IT IS FREAKING AWESOME! BEST PUZZLE APP EVER!!,1

"great looking game that's easy to learn and play. keeps you busy for two to twenty minutes. really enjoy it, great job dev",1

"I have enjoyed the puzzles in this app, the size and difficulties settings allows for many different age and ability groups to use. Have used this app with children and adults. Really like it. I am buying the expansion pack.",1

"Love the puzzles, love the pictures, love the fact you can keep getting add ons, the only downfall is that all the puzzle pieces are squares. However, being able to select the puzzle piece amount makes up for it.",1

"Beautiful and full size pictures/puzzles on my tablet (running Honeycomb 3.2). It is intuitive and easy to play. I didn't get this app for excitement, but rather because I enjoy puzzles. The developer didn't put in unnecessary permissions. To top it ",1

"Lots of options and ways to increase and/or decrease the difficulty. It comes with many images, but you can use your own as well.",1

I do love this app. I only wish the peaceful music also played during the puzzle. Can't install last update tho.,1

"Even though this game is \$1.49- its worth the price. Spectrum Puzzles is a jigsaw puzzle. They give you tons of pictures to do. You have a choice after you pick your picture-small (12 pieces), average (20 pieces), large (30 pieces), and last but not least",1

"Author has addressed issues with early release and this is now a fun, solid app. I certainly do enjoy playing.",1

"Fun app with enough variety to keep me entertained. Contrary to other reviews, this installs and works just fine on my Droidx.",1

very simple to use and a great app for kids. My son is enthralled with it and the variety of difficulty levels leave room for him to grow.,1

"The idea of using a custom picture for a puzzle has been around for a while, but never executed well. This dev carries it through very well in this app and even adds new features in the mix. Highly recommend.",1

"If you enjoy puzzle, this is truly a fun set. I love the different levels and the pics are pretty",1

"Been playing it now for about 2 hours, this would be worth paying for. Really addicting. Making the review a minimum of 25 words is stupid. As Mark Twain said, why should I use officer, when I get paid the same for cop.",1

"The puzzles are colorful and the subjects are fun. Since downloading a few days ago, I have already done many puzzles.",1

If I want a puzzle game like this there are hundreds on the market already for FREE so why would anyone pay \$1.60??? Come on Amazon wake up!!! This is nothing new nor fun. I'LL PASS!!,0

Definitely would recommend this game. Great while listening to podcasts. Lots of options and the ability to make custom puzzles from your own pics.,1

"This is a fun and easy to use app that I've been running on my Droid Incredible without problems. Pictures are provided and start easy, move up to difficult and are played using a small number of pieces or a large number of pieces (all pieces are squares)",1

Here's the caveat...you get this one and then you get hooked on the puzzles so you HAVE TO get the additions. They aren't expensive so I ended up with all of them. I wish they made more. You can choose how many pieces and the difficulty level. It has,1

This is a fun app. The puzzles were cool and a range of skill levels. I had fun playing this app. You should try it.,1

"Wish it was free, but that's okay, I got it on free app day. The game is good and the puzzles are hard. Just wish the images were harder",1

got this app several days ago and love that i get to choose how difficult or how eady i want my puzzle to be. and the pictures are beautiful.,1

I love being able to use my own images. Sweet little app that I keep coming back to play. Easy to use.,1

There are times when you want to have a brain break. This app is perfect for that. I love that you can choose the number of pieces along with the level of difficultly.,1

really like playing this. I like puzzles and these are fun and challenging. really gets you concentrating. your pics are really neat. :D,1

"I love jigsaw puzzles, but Spectrum has taken it to a new level. Fantastic! My hope is that the Spectrum puzzles do not end anytime soon.",1

"this is an awesome puzzle game. if you like puzzles you will love this. highly recommend, puzzles are vibrant looking on my EVO 4g gingerbread",1

love puzzles. Bug in latest release. shortcut is removed from home screen on re-start of phone. I cannot figure out how to use 'multi',1

This a very good game if you like puzzles. Really like that you can pick # of pieces and difficulty. Enjoyed this game immensely.,1

Don't want to stop playing. Like the way you have chance to choose you level and number of pieces.Also the hep when you are really stuck.,1

Please make another application identical to this and I will gladly buy it. Love it! Can't get enough of it!,1

"love it!!!!!! lots of puzzles,really liked making my own!! the Colors are really bright and clear. hope to see other puzzle apps****",1

"I love this app. Beautifully colored puzzles. Each puzzle has 4 different puzzle sizes, amount of pieces, to choose from along with 3 different difficulty settings. So the same puzzle has several variations to it. Can easily be set up for your kids and t",1

"Although most people will say I (or anyone who gives a good rating) is the developer, I'm not. Just wanted to say I love puzzles and this does what it is supposed to do. It's fun, runs great, great graphics, does what it says. It's nice ge",1

"I hate puzzles...the little cardboard jigsaws my entire family obsesses over for days puzzles... But I love this app! I finally figured out why people like puzzles. The pictures in this app are interesting with vibrant colors, the music is just lovely, a",1

"Neat selection of pictures, definitely varied levels of difficulty. Gameplay is straightforward, but interesting enough for at least some replay to get faster scores.",1

"ok...some have rated this puzzle a 1 star for reason of bugs. I'm using the Fire and the puzzle does closes down many times (and it does irritate me sometimes lol), but I still would give it 5 stars (even ten if I could). This has been the greatest jigsaw",1

"I don't like picture puzzles in the real world, so I wasn't even seriously considering this application. However, since it was free, I installed it. Believe it or not, I actually enjoy working these puzzles. For that reason, I have to give this",1

I really like this app - especially that you can use your own images. That aspect really expands the options.,1

Challenging and fun with settings for the young puzzle fans as well as us old folks. Nice feature that allows you to upload your own pictures. Great game. No problems on Kindle HD,1

Really like this puzzle game its fun and enjoyed it very much. Do recommend to others. Easy to use and fun for all ages.,1

"My first spectrum puzzle, and I love it. The puzzles and all of the different available levels of difficulty are fantastic. I haven't even counted the number of puzzles, let alone how many variations.",1

I love puzzles so really enjoyed this app. Wish there were more puzzles in the free version. Ended up getting another puzzle app (very inexpensively) because I found this so enjoyable for short bursts of time to kill.,1

Very generous number of puzzles are included along with three levels of difficulty. If you get stuck on a puzzle you can select to make it one level easier without loosing your place. They also have an expansion pack with even more puzzles. I can't p,1

"Well designed, easy to use interface with beautiful & colorful photos. I'm not much into puzzles but thought I'd try it as it was FAotD today and was pleasantly surprised! \nIf you like puzzles I'm sure you'lllove this!\nWell don",1

"Great game works well on every level. people complaining now on the fact that there's no permissions, if there was they'd have slammed it but come on really no permissions! You people are way too paranoid.\n",1

Great for the whole family! I appreciate the fact that there are more puzzle pictures released now and then. My daughter enjoys how easy the game is to use. We also like that we can select how easy or difficult the puzzle is.,1

"Very good game, well worth the price. Simple concept, but very well executed, and way above par for Android apps. Works flawlessly on DX and wife's Tbolt.",1

"This is an app for the puzzler. I am hooked. Great oportunity to modulate difficulty, with great tableau. Have to be thoughtful when i start as I will not want to stop soon",1

"It is a very good puzzle game, I like making puzzles out of my own picture gallery. Def 5 stars",1

This is a real good puzzle game if you like puzzles. You can play this for hours without realizing it.,1

"Very fun little puzzle game. I liked the images used. gameplay is good. Wish there was some music during the puzzles, but the menu music is catchy. Glad I d/l'ed.",1

First jigsaw puzzle I have tried and glad I did. Addictive and fun.Looking forward to trying different options offered.,1

"No problems so far. I have played small and large puzzles with edges showing. Good variety of images. Wish the puzzle pieces were jigsaw, not square. Other than that, no complaints.",1

"This game requires no permissions! I installed it right away because the game looked appealing, and it was. The gameplay is very simple, as it explains everything right from the beginning, that's how it's supposed to be done, take note, to all ",1

"Not a typical jigsaw puzzle, more of rearrange/properly arrange squares. All the same it's fun and works very well. Lots of options for increasing difficulty. A very nice app.",1

Spectrum is great fun. The puzzle variety keeps it interesting and you can choose your difficulty level for each one. You can even change the difficulty while you are solving the puzzle! Loooooove it! Spectrum has options to buy additional puzzle packs ,1

This is good to keep my brain active and sharp. It is just challenging enough so that I am not bored.,1

"Fun game that is very simple and easy to play, but really fun and challenging. One of the best free apps offered. Works perfect on Epic 4g",1

"I really enjoy this game/app. I love doing jigsaw puzzles but really good physical ones are expensive and take up a lot of space. Also, I have pets so there is really no place to keep a puzzle safe while you complete it. These video puzzles are a great so",1

"I play on kindle fire h.d. works great no problems . Beautiful pictures, multiple game play. If you love puzzles this is a must play app. You move the blocks around to complete the puzzles. Enjoy the game everyone. =^**^=",1

"Easy to use UI; beautiful, colorful pictures. LOVE the ability to enter in your own photos from your camera. Lots of different levels for each picture so it will take you awhile before you get bored of this. I would've paid for it.",1

I stayed up late and started playing Spectrum Puzzles. Now I can't stop! It is soooo addicting. Worth \$1.60? Easy answer: yes!,1

"I love puzzles of any kind, but this one is a little different which was a pleasant surprise, can't wait to put more puzzle together...",1

"If you're a traditional puzzle fan, Spectrum Puzzles is the ideal app. Not only does it present a number of puzzles, it gives you multiple ways to work them; 12-48 pcs. Sometimes pieces may be difficult to recognize, but the game lets you know when you h",1

"First of all, I am a huge fan of puzzles and this was definitely a pleasant surprise to see as the free app of the day in the Amazon app market. I downloaded this app thinking it was going to be limited to just a few stock images and not that fun, but w",1

Great puzzle game! Love using my own pictures as the puzzles! A great game to pass the time while traveling.,1

Downloaded this first thing this morning! Simple but great! This is a fun app that both kids and adults can use! Works and looks super on my Samsung Fascinate.,1

"this is a first for me it says it is free but when you go to download, it says the price has changed since I looked at it. then I cancel the download and go back and it is still advertised as free!!!!",0

"This game is fun, the puzzles can be played at lots of different levels allowing them to be played according to how much of a challenge is wanted. There have been no glitches on my Kindle Fire. Highly recommended!",1

I love jigsaw puzzles and was actually trying to find a good jigsaw game to play on my Kindle Fire when I found this. I figured I would give it a try after checking the reviews - thank you to all who gave such helpful reviews but now I can't seem to put,1

I like this game so much that I went and bought all of the expansion apps. I have spent many an evening going through all sizes and difficulty levels. Can't wait for the next batch of puzzles. I am HOOKED.,1

Fantastic for exercising brainpower. Plenty of different pictures and difficulties by varying sizes. Kids love it when you create your own.,1

"This is a nice, simple game for anyone who is a fan of jigsaw puzzles. Great time-waster on the go.",1

"Gorgeous images, tons of difficulty and image options to customize, and set up in a fun progressive fashion that unlocks other images as you solve. Plus you can use your own custom images if you choose! Glad I found this one!",1

"The game is actually very fun. It definitely has the 'just one more' effect on you. Next thing you know you've blown through an hour just rearranging puzzle pieces. Nice clean UI, none of the usual permissions that will scare the conspirac",1

"This App was fair, and my children enjoyed the games and the endless hours of fun for families and friends and when you have nothing to do",1

it is great I love it u rock who ever made this I would say I love u very very very very very much.,1

this is the worst game ever do not get it it SUCKS!!!!!!!!!!!!!! don't get it. need more words la la la la,0

this is a very addictive puzzle u can play over and over again. it is good for q wiNs dfb djdhdj,1

this app is good it gives u info(I don't ride bikes my grandpa does so I got it for him lol),1

This is a nice little application that help you determine if it is a good day for riding a motorcycle or if it is a car day. You set the parameters for temperature range & precipitation chance and the application will tell you if it is a car day or ,1

"Was able to join and view meetings while on the run by just entering the meeting number. I could chat with the presenter, zoom screen, etc. My company is evaluating the join.me product to replace gotomeeting. There are differences, sure, but many of them",1

Picking your bonus round is a real hoot. Game is a lotsa fun. Works fine on Kindle HD.I can play for hours and not lose a real dime. Highly recommend this game!,1

"This is a wonderful graphic game very realistic play. We go to the casino boats once a month and this game has proven you can play and not pay (out of your pocket). Was worth the money. Works well on my Kindle Fire HD 8.9, have fun!",1

Love this game but after acquiring about 42 million it froze up on me. I deleted it and tried to download again but it won't download. Very disappointed!!!,1

love playing this game when i want to unwind each day. have time to play? try it for yourself. this is for all ages to play.,1

This game is like 100% awesome well it's kind of small on the kindle fire but other than that there is nothing wrong with it.,1

It's pretty simple and requires no brain power to play. But price was excellent and good way to pass the time if you can.,1

I like this app it is a lot of fun lots of fun you can spend a lot of time,1

MY BOYFRIEND THINKS I AM SEXY SAUSE I HAVE BIG BOOBIES I GET BIG BOOBIES BY BLOWING IT UP HEY SAYS I AM REALLY SEXY.,1

"(App used to 1.99, why the price hike??) I originally purchased the app because Amazon had a running special for 2 dollars. Now i find myself using this as much as my real number. Audio quality on Wifi is quick and responsive. However, 3G has a 1-3 secon",1

"This dev is a god. The app wasn't working for me at first. He emailed me back in THREE minutes. (Turned out call recorder apps can interfere). Anyway, he had me up and running in under 5 minutes. On wifi, call quality is BETTER than my native provid",1

I've been using Groove IP for about a week now and it really is as good as claims to be. Integration with Google Voice via Google Chat is seamless. Devs are available to answer questions and help with any problems.,1

THIS works really well on my Acer tablet. It allows you to make calls on you tablet at no charge.,1

Boost Mobile CDMA allows unlimited data with no-contract at \$15/mo. T-Mobile also has a GSM plan that's \$30/mo with unlimited data and 100 voice minutes. Exceed those minutes with this app! My friend uses this on Boost CDMA with no issues! I can always r,1

"If you have a phone or tablet with no activated account, this is a great way to use it as a phone. It sets up easily with your (free!) Google Voice account, and works over 3G/4G or wireless. Amazon has a great price for it, saved me \$3.00. Voice quality ",1

Skype still doesn't have this feature. \n\nPros:\nbluetooth and speaker\nSound quality \nEase of setup (few minutes to install gvoice) \naccess to phonebook\nstellar support and help pages\n\nCons:\nphone dialer screen wonky \nerror messages clipped,1

"So I've gone back and forth with this app, but the new download I pulled down today (version 1.2.12) works very, very well with my Asus Transformer, with very little voice distortion. Talking to a few friends and family members they said the connection s",1

Don't waste your money and get csipsimple FREE from the Android Market.... What a joke... Really? \$1.99 just get csipsimple and gv callback. Done. AND IT'S FREE!,0

I have all the roleover min I need. so for me this app is not for saving min. but there are times I have no signle. but WiFi. so I can still use Google voice if I need too. like I said must have. thanks to all dev that made app,1

Groove is the best application ever...it just works.Enables me to make calls any where through Google Phone.All you need is an open Wifi channel.,1

"This is the most useful app ever and it works like a charm. Yes, you do need a good enough phone and the call quality also depends on the bandwidth and latency of your data connection. Integrates perfectly with the phone so one can naturally send and rec",1

"I installed it,and really like this app.!It works well, and it can be completely customized to your'e tablet,etc.I v'e had this now for about a year,and use it,never a fee! I don't need a cell phone now,with this free phone system in place. C.",1

"Finally a way to make and receive calls directly with Google Voice. This is a unique functionality and works well... I've made calls to USA from a Vibrant with no sim card via Wifi in Australia. Great way to phone home.Also, I've had some correspondence",1

enjoy the app and its functions. works with gpogle voice very well. not sure about battery drain though. will see as i use it more.,1

"Interface is clean and intuitive. Initial setup is easy, however setup beyond default settings would benefit with documented instructions and a real-time dashboard. Support from the Developer is amazingly prompt, thorough and friendly. My Droid X seems t",1

"Groove IP is a great app that makes it simple to use VOIP on your android smartphone without using your cellular minutes. While the voice quality is not as good asOoma Telo Free Home Phone Service, no extra equipment is needed - just this app! Get it f",1

"Formerly, this was a great app. Unfortunately in the most recent update, it will not work unless I disable Bluetooth altogether. And even then, I need to fidget with the settings to get it to work.",0

"Some have criticized Amazon for being behind the Android Market on versions. Before buying, I checked both the Amazon version and the Market version. Both were version 1.1.6. So, let that criticism go. Great GV app on my Samsung Galaxy Wifi-only Tab. Bes",0

"Honestly, I was a bit dubious that this app would work, having tried some of the other Byzantine work-arounds for getting Google Voice, VOIP, etc working on Android tablets. Initially, I had outgoing calls but no luck with incoming ones. After exhausting",1

I bought this app 2 3/4 years ago and it has been the best \$5 spent. I have used it on three different cell phones of which two were never activated. I used it as a free wifi phone at home. The amount i saved making free calls paid for the two cell phone,1

Installed on old Eris wich no longer has cell service. Now that phone can make and receive unlimited calls as long as it is connected to wi-fi.,1

"I don't know where else to ask this, but i thought i was already making VOIP calls with Google Voice, no third party required? I mean, i'm sitting here with (apparently) no T-Mo signal but connected to the LAN. When i place a call a dialog asks me if i w",1

"Been making calls from Sydney.. Beijing... Tokyo, and many other places. Drops calls every now and then, but overall, works very well. Beats the pants off of Skype.",1

This app is incredible! I can make calls with myLG Optimus Prepaid Android Phone (Virgin Mobile)and not use any minutes. Well worth the \$3.99.,1

I have droid bionic. Go to the Google voice app. Click on setting and choose "ask each time I make call" Then go to your contact list and hit the green phone button. It will then give you the option to call with or without google voice. Th,0

"A great VOIP application utilizing Google Voice. No need to configure a SIP account, one checkbox to check on Google Voice settings page and you're up and running for both incoming and outgoing calls. Voice quality is above average and the price is rig",1

You can get the same thing by just using google voice. This is just some developer trying to make a few bucks off of people who don't know any better.,0

I'm not getting any sound on either side with this app. If I do get any sound it's usually just a loud buzzing sound. It frequently stays stuck on the calling page and doesn't actually accomplish an outgoing call connection. And it only receives one inco,0

"What a great app. Easy to use, very reliable and works consistently. I use this app a lot to help not to go over my minutes. #verizon #droidbionic",1

"It works for outgoing calls but not really, I might be able to talk for a few minutes and then the audio stops completely and even if I try to call again there is not sound. So I pretty much have to restart the phone if I want to call again. Incoming c",0

"I was sick of paying \$75 a month for the few minutes that I used each month and Groove IP solved that issue completely. For \$5 you get the ability to place Google Voice calls over WiFi or Data connection for free!Set up takes some tweaking, so find a bud",1

I was skeptical at first since Skype and all these "free" services require money if you read the fine print. I have an HTC EVO View tablet. it is like a phone but not. I am also new to android but I was so tired of apple. Google voice doesn,1

"I tried this app before from the Android Market place on my VM Samsung Intercept. Total no go.I then had a chance to get a \$2.00 credit for the Amazon Android Marketplace, and they had Groove IP on sale for \$1.99. Snapped it up.Recently was able to upgra",1

"Using cm7 on my Evo, this works perfectly. I'm on vacation and the place I'm staying at has spotty coverage. Using the wifi that's available and putting the phone in airplane mode is saving me big on battery drain. Obviously helps that I still get my sm",1

"I love jigsaw puzzles and this free app definately made me want to purchase the other two Apps provided by Spectrum Puzzles. The puzzles have wonderful pictures to choose from, including the size of puzzle you would like to complete. If you have your tim",1

"This is my second favorite game on my Kindle Fire (behind Plants vs Zombies). The mechanics are seamless and delightful - tap to rotate, tap two pieces to swap places. The pictures are gorgeous, and with the expansion pack kept me avidly playing for days",1

"This is a great app, especially to be free! I love to work jigsaw puzzles, but they are always in the way or pieces fall in the floor. With this app, you don't have to worry about any of that. The puzzles have different settings, so you can change the",1

"I tried the free version and immediately downloaded the paid version (which is a great price for the amount of puzzles) once I finished the puzzles. It's great to be able to choose difficulty level. It's a challenge, but not impossible - perfect!",1

"There are 10 puzzles. There are 4 playing options: 12, 20, 30 and 48 pcs which is like playing each one 4 times. The BUT part is you have to purchase the other puzzles offered if you want to have more puzzles.",1

"Freezes while you are working on it shuts down the kindle, wish the developer would fix these things as they've been told about it many times.",0

It was awful. I would never want to play this again. It too easy to play I wish it have more choice.,0

I LIKED THIS PUZZLE SO MUCH AND GOT SO INTRIGUED BY IT THAT I DECIDED TO PURCHASE THE FULL VERSION. I WAS NOT DISAPPOINTED.,1

This game looks great on a Kindle Fire or even a 4in Sprint EVO. The puzzles are beautiful and range from moderately easy to challenging. The free demo includes six puzzles -- just enough to

whet your appetite. The full version has 47 puzzles. There ,1
 It only lets you play six pitcher puzzles then if you want to play more you have to by the non
 free virson so I woulb not get this stiled game.,0
 "This is such a great app, I love the pictures and this keeps me entertained .graphics are good
 and I like the content of the pictures.",1
 "This puzzle is very entertaining, shared it with my sister and she loved it too. All ages, all
 levels and if you buy the upgrade you can do your own pictures.",1
 This is a great app. I have the full version & even bought the expansion pack. You can go back and
 do the puzzles at different difficulty levels and it also lets you use your own photos or pictures
 so it's really unlimited in the number of puzzles you ca,1
 I downloaded these for my son..and now I'm hooked..I really like the graphics in each picture and
 then there's the puzzle piece amount..I have down loaded my next three puzzles already..They have
 a challenge to them and I like that...keep them coming.,1
 The calculator is so easy to use. It provides the amount of fabric to purchase for various aspects
 of quilting in matter of seconds and eases my concerns of buying enough fabric.,1
 I'm making two quilts and I needed to figure the material for the backs. This was quick and easy.
 Love it!,1
 "My wife, who is an avid quilter saw this program at a get-together and says this is fast
 calculating, and a great service for non-computer users and very easy to understand.",1
 Great quilting tool since this is what I do. Have not used it yet but I am sure I will soon,1
 I love the QuiltCalc. I own a quilt shop and it makes things easier and faster. Don't have to
 try to think on days when we are busy.Glad I could download it on my Kindle Fire.,1
 This is a fantastic app and a GREAT and handy quilting tool. I love Robert Kaufmann fabrics and
 this app provides another reason to love this company! Thanks RK!,1
 "I love the options, particularly the calcs for setting triangles, my personal measurement
 nightmare! Well-thought out. Love that ad pops at the start then doesn't show in calc. Love
 description of how to use each calc. Great app, RK!",1
 I work in a quilt shop and this is very handy to use to get the information you need. You would be
 surprised how many customers come in for us to figure out what they need; but that is what we are
 there for.,1
 Got this to test it out to recommend to my quilting customers. Love it. It's so easy to figure
 out what you need in fabric for a project.,1
 "The QuiltCalc App is an excellent easy peasy tool for quilters, whether it be for just beginners
 or pros. Great app to have for all quilters at your very fingertips.",1
 "I've only looked through it and checked out a couple of calculations, but this could really save
 me time and frustration. And it was FREE!!!",1
 "This is sooo convenient to have with me at all times. Wonderful little tool if you're a quilter.
 I especially like the piece count option. You can specify any size piece you're cutting. The other
 calculator only allowed for squares or triangles, but not ",1
 I got this app because I have a hard time figuring out how much backing fabric I need. Usually
 have to make another trip to the store but with this app I haven't had too. Very helpfull app.,1
 "Quilters calculated is sew handy on my Kindle fire HD.As a quilter,it takes alot of the guess
 work out of how much fabric you need for all your quilting projects.And this would be an awesome
 app for any of your quilting friends.",1
 "This is a fun, old school dungeon Crawler with excellent graphics. Very addictive! This is
 anexcellnt example of a mobile app that hits the sweet spot of easy to learn with a good amount
 of depth. My only gripe: I wish it was easier to organize your",1
 "I am not necessarily a fan of this type of game, but I tried it only because it was offered free.
 Slow, cumbersome and no directions. Itis not fun when you are guessing what to do. Got bored real
 quick.",0
 "If you liked Wizardry or Might and Magic, you'll love this game. This was a great trip down
 memory lane.",1
 Like I said for the title why is in the TOP FREE if its not free? I almost bought a app that I
 would later forget about and delete. It said Free people but its not free. It looks fun I wish I
 could have gotten it but why buy something you know later your,0
 "I usually like these games, but this one was really boring! Same thing over and over and over.
 One problem is having to go back several levels to get more keys. YUCK!",0
 "My ONE complaint: Ow, my aching thumbs/fingers!There are a miscellany of minor "get used to
 it" hics and ups but over all, if you ever loved the classic "Dungeon Crawl", you'll
 love it. The mobs don't respawn (a single tear rolls down my ",1
 I bought this for my daughter and son my daughter is 8 and my son is 9 but they thought it was
 boring so I tried it but it was boring to me. BTW when I got off the game the music keep playing
 so I removed this game don't waste ur 99 cent if it does that.,0
 After reading the reviews I really wanted to try this game. After downloading my s4 scanned it
 and it said test security access. I instantly Uninstalled this app. Why would they need to test
 device security?,0
 This is the worst game I have ever downloaded.The controls on this game are awful.The game play is
 boring and repedative and pointless.I uninstalled after 10 min.of play I could not stand one more
 min.Do NOT WAST YOUR TIME TO DOWNLOAD!!!! The only good r,0

"Many hours and several dungeon maps into this great game I when trough the door and the end of the level and got the ""to be continued""..... argh!!! This game is really fun, can't wait for the update or second episode whichever it will be. Since I unin",1

"Decent graphics and sound, a tad to easy to get lost, love all the goodies available. For free it's worth twice the price!!",1

Played this as a demo a while back...liked it then -like it now i got full version.. graphics remind me of early nintendo games i loved,1

I kept dying so i just stopped minutes in. It was free and i deleted it from my phone within 15 minutes...,0

"Deadly Dungeons takes you back to the days of Ultima Underworld and Eye of the Beholder and does so in a very good way. It's a pure first-person POB dungeon crawl with decent graphics, intuitive controls and good level and monster design. I have only one",1

"Wow, just finished the whole game. It was a classic dungeon crawl and looks a lot like the similar games from many years back. It does have the somewhat repetitive nature of these games, but if you play through 2 to 4 levels, you get a new kind of dungeon",1

This game definitely calls to mind a few of the old school dungeon crawlers that I played way back in the day. It's pretty fun with decent replay value. :),1

"A little difficult to maneuver at first, but once you get the hang of it, it's fun. Great for a stop-and-start day, and even for a couple hours.",1

"I find this to a very compelling RPG. The story is not particularly deep, but it is deep enough to make sense of the bosses at the end of each section. There are no puzzles and most of it is very straightforward. If you like clearing out levels of monste",1

I got this as faotd and didn't open it till later when the dog needed to go out at 3am. while I waited I started up this game.... the sun had come up when I stopped for a break. lol. let me just say that sometimes simple is better. I have subs in big m,1

"This is not my type of game, took it as the free app of the day, just to try it. But my Grandson loves this game. He says great graphics, and I believe he said 3-D and it seems to be right up a gamers alley.",1

"I didn't expect thus game to be this good. The only thing I would add is an option to delete characters. Great game, worth the money.",1

nice well thought out dungeon crawler the permissions it request make sense as well witch is always a plus not having stupidly outlandish permissions.,1

"This game is like a classic FPS dungeon crawler you just haven't played before. The mechanics are rather simple, which only add to the addictive gameplay. There is a tremendous amount of customization to allow you to build the type of character you want",1

"This has become my new favorite tablet game. It lets you advance as a character, gear up, not too crazy of a grind. I have been playing RPG's sine Bard's Tale on the Commodore 64, and they are by far my favorite style of games. This is very reminiscen",1

BEST GAME EVER! It's like the monsters walk up to you and you have to kill them? Well haave fun!With the game of course!,1

This is just like Mazes of Fate for GBA and I love that game. Worth the dollar it costs. x,1

"There are a few issues that could be better, balancing seems way off after transitioning to a new area, flipping the portrait mode so that my headphone jack is at the bottom, allowing belts to auto inventory potions when you use one and the inventory scr",1

Did you play PC games from the time Atari 2600 was on store shelves till Playstation 2 was released? If you were like me you avoided all the consoles in between that time because they never had good dungeon crawlers or DnD-type RPGs. Deadly Dungeons is a,1

I am hooked can't put it down because there is always another monster to kill. keeps me in suspense on what is through the next door. worth buying for sure!,1

"awesome and fun. I will not uninstall this, and I uninstall a lot of things I end up not liking.",1

"I grew up playing a multitude of D&D style RPGs in the late 80's and 90's on the PC, and this was a welcome return to those days. The graphics are decent, and it can get a bit repetitive at times, but man is it hard to put down!There are some very ni",1

"Enjoyed playing through this one immensely. As others have said, great replay value. That being said, I wish it had a little more depth. Ended the game with thousands of gold that ceased to have purpose. The variety of special gear you find is pretty exc",1

If you're looking for a good time wasting RPG then this game is perfect for you! I have only had this game a couple days but I have multiple characters already. I like how each new characters starts out like a blank slate and you get to choose exactly ho,1

I got it last night and turned it on to try. I couldn't put it down. It was 2am before I could tear myself away. Deadly dungeons is addicting! Lots to choose. No in app purchases. No adds. No must give a review to play. A complete old school dungeons a,1

I found this game to be totally absorbing. This game plays very well and to date this has got to be my favorite,1

"I grew up playing first-person 3D dungeon crawlers back on the Apple][e, Commodore 64, and the venerable IBM 8088 when shareware games came of 5"" floppies in magazines. Back then, consoles were in their infancy and NES was nearly a decade away. If you",1

"This game is really great. It reminds me of all my old favorite RPGS on the NES and SNES, only

better! Many improvements were made to that old engine and layout, such a surprisingly epic music score and the ability to look around yourself outside of turn",1

"I appreciate someone or a team of people wrote this, but I can't get past the lack of control, the world of 90 degree movement is not fun. Galaxy SII",0

"Okay, so I had found this game a while ago and I immediately wanted. However, I didn't want to pay for it right then and there, so I added it to my saved for later list.Lo and behold, I am glad that I waited! I love the FAOTD part of the app store.Though",1

This is like the original "Eye of the Beholder" type RPG. You pick a character and start playing. A couple of hints...use a bow...concentrate on building up on type of magic spell and save often.,1

"I have been super hooked on this game...it is so reminiscent of the old might n magic games I played growing up...I love it!! I wish there were more Apps like this one! it loads quick, u can save multiple characters...tons of items ...I love it!",1

"I've played them all, all the way back to Wizardry 1 on an Apple][and Alkabeth. I've solved every Infocom text adventure. I solved the cassette release of Empire of the Overmind (I still have it too, in the box!) and every Scott Adams adventure ever ma",1

This game has been on the top of my list for awhile now and I finally decided for a dollar what the heck. Turns out the pictures do not do the graphics justice at all. This game is actually pretty awesome for. The retro style makes this game what it is a,1

"Great graphics and it moves as fluid as water, although it's also pretty hard to get started. Definitely one of the better dungeon crawlers",1

"Ai love this, but you should be older than 12 to read in my opinion. 1. I love the storiee",1

ok everyone is like it has bad spelling or inappropriate stories well it doesn't im11 and even I thought the stories were pretty hilarious so back off hatersr,1

"it was really funny, but after like 60 stories (doesn't sound like a lot, but if you read 2 a day it only goes for a month) it just goes back to the beginning",1

i love this app. i was cracking up and i still freaking laugh. its so funny. i wish there was a part where we can share our stories n submit them becuz i so wud. awsum app n evry1 who thinks its inappropriate...stop complainin n just dnt read it.,1

I started to read it . It. was horrible. I deleted it like 5 minutes later. It is not appropriate for kids. I would only recommend this app for adults. It shows bad pictures too.,0

the sex stories are great. for the people who say its bad it is really not bad. I like it,1

to all those it is not suppose to be funny it is to make u chuckle but not to lyho (laugh your head off) colon give it a break gosh,1

"Worst app ever! It did not make me laugh once, I deleted it right away. This app is not even worth downloading, seriously. Don't waste your time this app sucks!!!!!!!!!!!!!!!!!!!!!!",0

this is an awesome game but dont get it if u cant read it is just awsome it gets u in the mood,1

I tree with awesome.....I'm 11 and I think this app is so funnnny!! Some are weird but the rest are just plain old funny.....I would recommend this to anyone who likes to laugh!!!!,1

I really did love this app until they updated it and now it won't even load enough to do anything it just force closes it.They need to work out this bug fast .,0

"This is a great app to have to make you laugh , you should really get it some stories are inappropriate but great and funny this app is awesome.",1

well ive just read the reveves and i don't want to download good luck getting any people to down load DONT WASTE YOUR TIME!,0

"I love this! The stories are inappropriate but really funny.you should really download it, its worth it. some are probably fake but most are real",1

this wuz like soooooooooo oooooo funny i mean if u ppl dont like it den too bad.. sfs vs gs,1

this program is like a light version of Microsoft access. I would pay for it if it allowed you to select a photo for the background.,1

It's so great to have *vertical* customizable columns & more! Am starting a new very small home-based business... will use this for keeping inventory records and and so on (none of the inventory apps fit my needs). Will also use this for personal thi,1

"This game is the worst a slot machine game could get. I don't know why we had to pay for the game in the first place. I highly recommend that you DO NOT buy this game. Overall, it is a load of rubbish. If you want a good game, go ahead and start looking ",0

Great easy to play game. Perfect to share with grandma! Hopefully it will help avoid trips to the casino lol,1

"Yes I love Teddy Bears & slots, it's the best of both worlds! The pulsating hearts are a tad freaky. As for payouts, I bet conservatively one dollar a bet and after thirty minutes I had over thirty thousand dollars. Won over thirteen thousand in a ja",1

"I got this game because it reminded me of a machine at the casino, of course if I 'hit' as well as I do on this game in the casino I would be a very happy camper! The bonus rounds are really fun and the game plays great on my Kindle Fire. If you want som",1

I really like this game but wish it had more different bonus levels. The super bear bonus was great just wish there were more different kinds instead of just the 2 -3 bonuses.,1

This is the game for slot freaks. Hours of entertainment and you can really win some "fake " money too. Has not frozen up on me so far. WARNING very very addictive. Does anyone have the phone number of MegaHearts Anonymous?,1

"I can't see any point to a gambling app that doesn't allow you to win any money. At the very least, players should have a chance to win back what they paid for the app! This is not really a "game" as there is no skill involved. Might as well ha",0

"I am playing this on my Kindle Fire and it is working perfectly! Winning started off slow and I raised my bet to \$500 per pull and started winning like crazy. I hit 4 or 5 major bonus games in a row and I won \$6,017,940 in about one hour. I hit 4 or 5",1

".....love it.....fun.....the bear is a little creepy but since I down loaded it I have been winning up to 35,000,000.00 and the bounds games aren't bad neither.....but it really should have a button to makes the winnings go a lot faster so I",1

This was such a lame game. Glad it was free. The payoff is so small if you get a payoff at all. I bet \$20 and I still lost all my money! Glad it was free!!),0

This has got to be one of the most boring slot games ever created! The price "free " is too much to spend! Don't waste time downloading this. Life is too short! ;0),0

even though it is the faotd it id notbl worth it. i.t froze the screen for 7 hours and then deleted everything!!!!),0

Fun free app of the day. Graphics are great. No thinking required. Reminds me of the slots in Biloxi. Enjoy!!!,1

"The graphics and sounds are okay I guess, but since there is no real money involved it is a very dull game.Even the ""extra"" games you can play when you win like roulette and and card colour guessing game don't help it.Don't waste your time on it, even th",0

this app is not even on the top 100 free apps list for kindle fire so I am not even going to get it even though it is the faotd. that's all I am going to say.,1

Choice of odds payout makes for lots of action! Dream odds highly recommened. Frequent bonuses and generous play at \$100 bet. Over a million in winnings so far. Great fun!,1

this is a fun slots game. you have a few fun options with it. you can watch your winnijngs counted or turn it off. i like it on myself. you can play 5 or 6 reels. my fav option is the payout option. dream is the way to go. won 24 mil jusf playing around,1

I hated slot games until I was attempting to get my Mom to purchase a Kindle Fire and allowed her to downloaded this app. It's additive! The mini games are fun. as well. I play this app while watching TV because there's no thinking.,1

"Had placed several smart phones on the counter of my bar and customers were really into the slots until the ATf showed up. Arrested seven patrons, me, and closed down my joint. Thanks for nothing Mega Hearts Slots. Use with care.",1

lovely game! nice graphics and good sounds. I won 85k on a \$20 bet with dream winnings on. refreshing game :-),1

The best part about this is that it works flawlessly on my HTC Inspire and my 10inch tablet. no ads and no problems of any kind. I could pass and hour a day if I had the time.. I love Mega hearts. the maker of this app did a GREAT JOB with this game. ,1

I don't understand why this game isn't being rated better. My husband and I are having a blast with it.payout is great so that makes it even more fun. I haveplayed a lot of these games and they start out fun thenyou can't win enough to keep you into them,1

I really enjoy playing this slot game. It is like I am in Las Vegas without losing any real money.,1

"I enjoy playing this game. It has great graphics, spins like a REAL slot machine, and is very entertaining! Not sorry I purchased this one!",1

"As a recovered gambling addict, I was really disappointed to see that Amazon would taunt my uncontrollable urge, then I saw that you can win the "Chocopot"! I haven't addressed my eating disorder yet so I felt this was perfect! So I go for a wa",0

"this is a great slot game. bonus games comes often, payouts are great, too bad the casinos don't pay this way. I recommend this to all that enjoy playing slots.",1

"Started playing, and CRASH! Restarted, and found the game play awkward. The quizzes look fun, and I want to play, but it doesn't work well on my Droid 2.",0

use it on the computer all the time. just wish you could challenge friends too like online. very fun though. Hopefully they add the challenge option soon.,1

"What a junk application. Not fun, set up is idiotic. Typing is buggy. Glad it was free. Not worth buying. Maybe after some updates...",0

This might be a good app but I wouldn't know since it never opened just force closed every time I tried to use it. I appreciate Amazon free Apps but Sporcle is useless on my Droidx.,0

"This was the first app i bought from Android Market in March when i got my phone. I love it and use it daily. It keeps me thinking and keeps my mind working.The quizzes are timed, so you have to be quick! However, you aren't forced to answer them in orde",1

"I tried to download this on my kindle, and it charged me for it but wont let me install it.",0

"I love the Sporcle website. I play all the time and find it well-implemented, clever, and entertaining. I like it so much I paid for this, which was a mistake. This app is none of those things.Every game I've found so far requires that you type in the an",0

"That says it all. Just add it to anything related to this app. Example: UI...Stupid, Categories... Stupid, The Quizzes... you guessed it.",0

"I really like the sporcle web site, this is pretty close. It's really fun and has a lot of great quizzes. I do wish it would recognize wrong spelling. As for those complaining about not

being able to type fast, that has nothing to do with the gamepl",1

"lately the free Apps haven't interested me but I like random trivia. so I download it, clicked to install, and all it says is "not installed" with no reason why. don't know if it's my phone or what but I can't rate properly ",0

"Works great on Droid X. Almost an infinite amount of quizzes. Definitely going to be usable for a while, and that's all I want out of an app.",1

At first I thought this wasn't bad. I knew all this answers and other than problems with speed typing and errors I gave it 3 stars. Then I got into a couple of games. You really can't skip an answer! What a piece of junk! Uninstall...,0

"I love trivia, but this is stupid. I just want trivia in categories that I recognize, not NHL captains. WTF? I love hockey, but that is too trivial. Uninstalled. Go away, sporkle.",0

I only see a black screen aww boo. I really wanted to try it. samsung transform thats the prob with so many slight ver. of android hardware,0

This App made it very easy to calculate car payments when car shopping. Was very useful for me eliminated all the guess work.Barbara S.,1

"I especially appreciated the ability to input taxes, trade-ins, etc. Pretty much covers all possible permutations of the car buying/pricing process.",1

"this app allows you to determine monthly payment from purchase price, expected fuel costs, and what car you could afford based on monthly payment. light app and easy to use!!",1

This app is a very handy tool Kindle tool. I've used it several times in car dealerships to double-check their auto loan calculations.,1

"This app works perfect on my kindle fire. It just needs to know:Price (\$)Term (months)Interest Rate (%)Optionally - this program lets you add in the sales tax, down payment, trade-in, fees/registration and insurance - in case you want some REALLY good p",1

"While this app doesn't do much more than the title indicates, it does do a very good job at calculating car loans. Happy with it!",1

This is a very useful app for car shopping. It works well on the kindle with very good result. Recommend.,1

"I've used this apps couple of times, trying to help my friends out for the interest rate or even the amount of downpayment to give the dealer. So it has been helpful at times, it is nothing that you use EVERYDAY, overstating when you need it you will be ",1

Great find! This a easy to use loan calculator that provides what you need without a lot of hassle on your part.,1

i am an american I live in Japan and this app is dead on th e money I LOVE IT ... so right for me I shop this ave all the time mu girlfriend would love itThank u Amazon for this wonderful exposure to Japan,1

"Umm, there was no problem with downloading it to my kindle fire. It worked perfectly and did just as the description. I, personally, like most of the outfits they are wearing but i agree, some look like they were just thrown together. But I don't know, m",1

Hey...I'm 61...straight...but get a kick out of this. My daughter-in-law is Japanese but doesn't dress like these people. What a wild look on some of these people. Real creative. You can tell alot of work goes into making/wearing these outfits. Makes me ,1

"I recommend getting it if you like Japanese fashion, or just really cute or crazy outfits. It helps if you like designing clothes too. Lots of good ideas.",1

Basically a slide show of young Japanese in the street wearing the current hip Asian fashions. Definitely not what you find on American streets. At least they pull their pants up.,0

"I am pleased that I added this to my library , it has good features, is easy to navigate, and gives options that are truly functional",1

Tried many and keep coming back. Lovethe books and reference but taking notes in many ways beats any other app.,1

"I know its free but... that voice... its so... odd... kinda robotic... lol anyway, great Bible app but as I said a more human-ish sounding voice would be nice.",1

"I choose this app and love it, the app is fast, the app has lots of resources and I have referred someone.",1

"As a student of the Bible, it is so cool having Strong Concordance's references at your fingertips, as well as other bible translations, books, commentaries. maps, and dictionaries that you can download as part of the app and have at your fingertips, too",1

"I've had these on my old pocket pc's and found very useful. Some nice commentary downloads from Calvin to Henry to Keil and Delitzch, Luther. A very expensive library easily downloaded for nothing. Nice maps dictionaries, books. An excellent product that",1

lThe absolute best Bible app for the Kindle Fire paid or free. What really sold me is the "Night Mode" setting. White text on a black background makes reading off a lit screen easy on the eyes. Super slick interface. Navigation is a breeze. Jum,1

I just love this app...it does just what it says. Very easy to navigate. Many versions and languages...would be great for missionaries and those who enjoy reading God's word in another language. Also is great for studying the Bible because it has Strong',1

"In the preview, it showed commentary ability. This not the case. There is no way to obtain commentary on a verse or a book of the bible you are reading. You only get one version to read from. I deleted this one. Useless.",0

"-ability to paste more into an existing note without obliterating what is there (When I forget to double space at the end, I paste on top of everything already there)-ability to recover what has been deleted (I have mistakenly backspaced too much, and ha",1

i own a kindle fire and i just love this app. everything works great... no problems what so ever. i use it in english and spanish.,1

This is one of my favorite Bible Apps. It has Many Bible Versions to chose from and commentaries abd dictionarys and maps. This is a serious Bible Tool to have and use. I am a preacher and I use this App often - I recommend it highly.,1

"I have a Velocity Micro Cruz & this app actually works like its supposed to . I have several Bible translations to choose from, several commentaries, dictionaries to choose from plus various other things, maps, books, etc... It has split screen capabil",1

"I understand that the difference between "love it" and "hate it" when it comes to Bible-study apps can come down to a single translation, commentary, set of maps, or function being available or not.If you have found a Bible-study app that",1

"Great, I was told about it an dlove it too, and have told others to get it.....I love it. Get it!",1

"after about a dozen attempts, this is the best overall Bible app i have tried.five stars in usefulness as a study Bible with the study helps that are available via free download. best part ... these helps are easy to access and useease of viewing is onl",1

The Best way to study the original language. Also using Strong number's to find the english meaning. It has a variety if translations. I have the KJV.,1

"Works about as good as can be expected for a program designed for small screen devices. You get most of the material you would find on a Crosswire.org Bible program. It even has something that my Windows Crosswire version doesn't have, the ability to sho",1

This app does does so much. I love it!the kj is linked to the Strongs concordance it has a list of commentaries to use and bible dictionaries. It has a lot of different languages and Bible translations. I do wish they had more of the latest translations ,1

GREAT READ INTERESTING challenge l will enjoy reading about the Lord my Savior and his would of wisdom and knowledge.,1

"I love this Bible! You can download different versions, dictionary's, maps and commentaries too! This app has everything you can want!!",1

"I am excited beyond words!!! A Bible app that I can actually read in church!! No Internet connection needed! 1000 stars from me, and it's free!",1

You can't use this app without wifi access. Bummer! I want one I can use when away from home. I liked this app's set up and ease of use. I can't give it more than a 1 though.,0

Great way to follow the preacher.Tap on the book of the bible.Then Tap the chapter.Very quick.We love it.,1

"The best Bible app for Android. A few feature requests: 1. turn off the soft-button backlights when in night mode and 2. be able to set colors to use in day and night mode. I'd love to see the RSV and NASB, but that's more a limitation of what's availabl",1

This is a great offline bible. I love it and it's very simple.,1

well its okay but when i played it for my kid at night he had nightmares because the voice scared him and i don't blame him at all. plus it was hard to hear on the kindle fire. so other than that it was fine.,1

The app did not work was not happy about it so my commen is not a good one about this product,0

"I chose this app because it has the opportunity to compare different versions of the bible, side by side, offline. Most of the features shown in the preview wasn't their after download. I'm not sure if they weren't downloaded, was not intended in the fre",0

THIS APP IS GREAT FOR BIBLE STUDY AND YOU CAN EVEN GET ACCESS TO MORE INFO ONLINE. WORKS GREAT OFF LINE. WOULD RECCOMEND.,1

"This app is a drill sergeant!! LOLIt does not play around when it comes to your workout. Best trainer I have downloaded...love the gps and the fact that it is very, very accurate.",1

"The map feature comes up with your route with no map behind it, just a red line of your route. I find Map My Ride to be a far superior product.",0

I am walking for my health. The Runkeeper helps me keep track of the progress I make each day. I compare the results of each day with the previous ones.,1

"this helps get me motivated to get up and walk and it makes me feel like I actually accomplished something when I get done to look at the results and the path I walked. they have a setting for walking, running or bicycling. gives calories burned, voiced",1

"I enjoy this program, and have it on both Kindle and smartphone. Easy to keep track of my daily activity, helps map out walking/running courses, and encourages me to stay the course. I recommend it!",1

A great tool to keep your apps organized. Easy to find your way around and use. I use it a lot.,1

I use my ViewSonic gTablet to display Sunday Church programs and meeting schedules that change each week. My SD card was filling up with outdated programs which with my limited skills I found onerous to delete. This little program has made the process ,1

this is the perfect app for anyone who needs to manage data on their kindle fire without the aid of a Pc. excellent for getting rid of accidental downloads and duplicate files.,1

its so stupid ok. yeah I don't really care for the reviews but this app is so. I cant even explain

the pics on the cracked screen don't even looked like its cracked its dumb. I tried to remove the app from my kindle it wont waste of space don't buy,0

"I got this one as a simple time waster. but it really is nothing with using. I get is free, but even basic broken screen prank apps will break where you touch, this one only has a single image per break type I'll pass and get a better one, still free..",0

"it sucks and i uninstalled after trying all the diffrent screens, in other word three seconds latertwo thumbs down",0

"Not very funny. And no, I was not convinced that my brand-new kindle was broken. It is just a stupid prank.",0

"The graphics are very, very, very bad. The only way to turn it off is to completely shut down your device (Kindle Fire).",0

I thought u would actually open the app it doesn't hide status bar had to go into to apps menu to delete it. everytime u tried to delete it from main menu all it would do is crack not convincing either,0

i put it on my kindle fire and it stayed and i had to turn it off i wish i could rate it lower,0

trust me to NOT GET this app it froze my kindle fire and it doesn't even do what it says,0

"Great gag app, I use it all the time. It is good for snoopy people that look over your shoulder.",1

u don't even need this app if u want your screen to crack just.throw it on the ground then there u.go a broken screen,0

I tried this app on my mom and she was SO mad at me for 'breaking' my new kindle fire. And it was hilarious!!! I would definitely recommend this app to anyone. It looks so real and it will fool anyone. I love it!!!,1

i got the app then i pranked some people in my family then whenever i launched the app i quit it then whenever i touched something it would launch the app wtf!!! you should change that do not get i deleted it,0

"plz. don't get this app. everyone can tell thy its fake... don't buy this its a waste of app.space. It kept crashing when I opened it... very lame, and not good.",0

this is a waste of rime its crappy graphics if u delete it the screen keeps cracking.it looks bad Abe it suck,0

This app does exactly what it says. You will npt trick the police or your carrier with this app. But you can scare your wife or kids,1

I got this app for. my kindle fire every time you touch the screen it cracks it has awful graphpics to don't get its awfull,0

works on kindle fire. love that my friends don't believe me until I make them touch the screen halarious on young boys and girls. cool,1

n o t. w o r t h. I t. n o p e. n o p e. s o j u s s. k e e p. g o n .,0

"First of all, this app is just a copy of Crack Your Screen. Second of all, it looks like a CRAPPY copy of Crack Your Screen. Just get Crack Your Screen, people. That's what I have.",0

"I luv this app because my mom thought I broke my screen and almost bought me a new onesincerely,Carlie Kitner",1

this is awesome u can prank people into thinking your screen is broken if u do not prank ok its just me thinking.,1

Three taps and the screen goes back to normal. Thats no fun. The app does what it says its supposed to but it should stay to appear broken unless you go in the menu and exit the app or something.,0

this app is a waste of time.it does not look like it broke. it does nothing like my hermit crabs,0

you can tell the graphics on the screen is fake. I kept on trying this app on people but everybody could tell it was fake. crack your screen is much better. get crack your screen its not a rip off.,0

graphics suck and its totally useless. uninstalled after about a minute. I'm actually upset that i cant remove it from my download history.,0

"don't get this app!!! it started freaking me out beacause it kept on cracking the screen. but then I figured out that u have to turn your kindle fire off, then turn it back on, then delete it.",0

Hey Hey Trojan: I'm going to pop a hole your logic. what if touring have that kind of screen saverAnywho..tell me if you downloaded this app and kept it for more than a week and be truthful...the app gets old after a while unless you have a lot of friend,0

I fooled my mom with it! She was going bonkers! I can't wait to try it on my dad! She was about to freak out and go really nutty! It is super funny!,1

please do not waste your time on downloading this app it was poorly put together my lil brother can make a better app and its so unrealistic 1 star was I could give it a 0,0

"This app is terrible! It almost kept my screen on the static option, permanently. If you want your screen to look like a wild pack of buffalo stomped the poop out of it, be my guest. Because of my experience I would not recommend this app.",0

This app is the worst app ever!!! It took a half hour just to get it half way downloaded!! So I advise u DO NOT I REPEAT DO NOT GET THIS APP!!!!!!!!!!!!!!!,0

This thing doesn't even look like my screen is cracked!! My friend tried this on her little brother and he even told her that it was fake!!! He even knew that it was an app!! DUMB!!!,0

I got it and ones you have had it for a day evevery time you click some thing then it's cracked up every time its stupid don't buy it,0
 it was good until I didn't press it and it keep comingback on my screen I got mad but if u want that piece of junk then go ahead,0
 this app is really cool to trick people but i couldn't change the setting so i didn't really like it.,0
 I enjoyed drop it on pillows and picking it up and trying to make other people feel guilty. tricked my annoying nieghbor. its free free free free,1
 "When you turn the broken screen on, the app automatically gives you a frozen broken screen with no option to turn it off or to get it out of the way to do other things on the kindle. Had to delete it to make it stop. Thumbs down on this app!",0
 sometimes I accadentley click on it and it happens all thetime and I hate it. it is so annoying,0
 RIGHT WHEN I DOWNLOADED IT ANYTIME I TOUCHED MY SCREEN IT BROKE I WAS LIKE WHAT THE HELL I DELETED IT BUT IT WONT STOP CRACKIN AND IT GOT STUCK LIKE THAT FOR TWO DAYS!!!! WASTED MY TIME!!! :[,0
 doesn't look real I do not like broken screen prank I hate it is a horrible app dont get it,0
 I fool all my friends and family with this prank!My dad got SO scared when he saw it but then he relized.I really got him.Its pretty cool.,1
 "I did this to my dad and I got this from him on Christmas and he screamed, ""WHAT?! YOU BROKE IT?! AFTER ALL THE MONEY I SPEND ON THAT?!"" I was like Take an aspirin dude! After that I showed him the app while I Lmfao!Then on the bus I showed it to my frie",1
 1. how do you get rid of it of your screen2. AWSOMEI pranked my grandma she said wtf how did you break it already God bless a milk cow,1
 I luhz it if u don't then read the description. it does exactly what it says it does! Literally stop looking drop into it!,1
 "I love this app it works great on my Kindle Fire,it does not crash,and it gets a good laugh out of me and my friends.",1
 "I can't see how ANYBODY looked at these graphics and thought, "Yeah, that totally looks like a broken PHONE screen", television screen. MAYBE, if it's my dead grandparent's black and white Zenith that they got rid of almost 30 years ago. Can't ",0
 The image looks fake and it seems the banner has to be disabled every time you use it. Don't waste any effort or time on this application,0
 "I'm sorry, but this is a pointless app, good try thought, I can give you that. I would like to give a higher rating, but It's just not there",0
 Like i downloaded it and then i had to shut down my kindle and turn it back on so i could take it off because i couldn't click anything else without it popping up.,0
 I hate it I would be sliding through the games on my kindle fire I wouldn't press it it would come on it would take me a littel while to get it off I hate it hate it hate it,0
 Ha I can fitly prank my mom dad and grandma wow this will be helarias your talking about the oltoment,1
 It is the worst prank app ever in the history of apps. Just terrible!!!!!!!!!!!!!!It is a waste of storage use.,0
 its awesome I even tricked my grandpa. and my mom and my grandma its awesome and its fffffrrreee. its bomb! coolness,1
 I expected it to be actually realistic and cool but you can see everything behind the "crack" and when I tried to delete it all it did was keep going back on and I got so frustrated. I dont recommend this application but its your opinion,0
 this app is terrible. i could not uninstall it so i asked my mom for help and it took her an hour to get it off.STINCKS STINKS STINKS STINKS STINKS STINKS!!!!!!!!!!!!!!!!!!!!!!!,0
 needs a lot of work and it is a horrible game I hats it its the worst game ever and I mean ever I would say to get reg of it it is terrible,0
 This is not good at all it only has one screen crack and it don't even let u go anywhere else like u have a real broken screen and can go play a game or something . And u can't change to a different screen crack.,0
 "It's FREE... if you don't like it, don't use it! people need to stop being such haters. Be kind to others.",1
 I love this app I can prank my friends when they come over. it is sooooooo fun 2 play with and a good waste of time!,1
 I myself have never played with this game. My grand daughter uses this and she states she loves it. So I believe it's good or she wouldn't use it.,1
 hey dev.. keep trying..glass break sound loops non stop on dx running gb. couldn't kill sound so uninstalled. that locked the phone up with sound still looping. had to do a battery pull.,0
 I got this app thinking it would be kinds cool to have. a cracked looking screen. It too me five days to fix this.. but whenever I tapped on anything on my screen to do ANYTHING... it wouldn't let me because then the screen would then crack... and wouldn,0
 This app will not fool anyone. It uses unrealistic sound and keeps the status bar available on the top.This is just a gimmick to use on old folks who have no functional knowledge of cell phones.,0
 I was trying it out when after it closed it kept on going. so I had to shut down my kindle fire if u like geting annoed sorry I'm ten. do not get it,0
 I love it I am going to prank my sister. I love this app I think tu shouuld by this app,1

"It is not fun. It is fun for maybe, what, five seconds? You just touch your screen to ' crack ' it and that is it.",0

My mom fell for it and bought me a new one so hilarious I love this app very very fun,1

this app is soooooooo stupid it crashes. plus the cracked screen would not even fool you if you had thirty beers I'm warning you don't get this app,0

"I fooled my mom, friend, and sister with this app! its great for leaving your device out in public. so people wont want to steal it if its "broken" amazing app!!! <3",1

I really prank my friends and cool.....best app ever.....is cool :-) wow and cool app I will rate 5 stars,1

Can't wait to use it on my parents y y y y y y y y y y y y y h y h th g BBC y h,1

... Is accurate in saying this app is a joke. I'll just say that you get what you pay for... And this app is free.,0

Wat first I thought it was cool but after using for a couple minuets it started to make my kindle fire freeze and it wouldn't work I finally deleted it. plz don't get this app,0

I HATE this app! I tried it on my KINDLE FIRE and it took me A LONG TIME to REMOVE it. See this is what it does You CRACK it and then you CANT see ANYTHING on the screen and it takes you FOREVER to take it OFF! I RECOMMEND you DONT get this app!,0

boring but a little fun but good for a prank but after a while it will start to suck little.,0

It tricked my sisters and she said ow so she told my mom and she grounded me f or a week I told her it was fake,1

"Not for the LG optimus, does not install at all. I was excited about this app and did look forward to logging into kongregate, its a great community, but sadly will not work on my phone. Also does not work without flash and there is already a free versio",0

"If you're familiar with Kongregate, then you know what this is all about. If you're not familiar with kongregate, then go spend a few minutes on their website. Now imagine playing those games on your phone. Not ALL games will please everyone, but with th",1

this is 5 dollars wasted. on the kongregate website you can download the exact same app for free. merely slapping a "pro" in the name does not make it worth the ridiculous 5 dollar price tag,0

It is easy and basic but can be challenging. It passes the time okay. I have played it many times and still like it. It takes some strategy but isn't so hard you give up.,1

"Don't know why Even put one star, this is a great game, fun give it a chance, hell it's free what can you loose",1

That's right. I started the game today and it said I had to log into the Amazon App Store to play it.Not acceptable. Uninstalled.,0

"It took a few games to figure out what to do, but ever since then it has been a blast. I got it as the FAOTD and couldn't be happier. This is definitely an app worth paying for.This is a strategy game that is fun and keeps your attention (especially if y",1

"HTC Desire, the dice don't roll so I have no way of knowing if the app is worthy of a download. As it stands, if they fix the problem I'll fix the rating.",0

I decided to pick this up as the Free App of the Day in spite of some of the poor and uninformative reviews and I'm glad I didn't miss out on this great game.\nDo yourself a favor and watch the video! It is well done and explains the strategy i,1

"I loved this game when it used to only be on iPhone, I always had to use my girlfriends phone to play. Then I found the free version on the android market and now the paid version is free on here, its pretty addicting.",1

"...until today's update, which included an insane list of new, extremely intrusive permissions. You suck, Canned Bananas. You already had in app purchases included & now this? Uninstalled.",0

"I downloaded this game when it was the free app of the day. Not being a big fan of matching games, I was pretty sure this game would get uninstalled rather quickly. Several weeks later, I can say that Lock N Roll is still getting quite a bit of play on",1

"I got hooked really quickly. The tutorial is really short, but there's additional info/instruction available in the menu. Fun little game, probably going to have to limit myself on when and where I can play it. While laying in bed at night is defin",1

Evo 4g dice do not roll. Can't play if dice don't move. If this is fixed I'll try again and update review.,0

1 star because the app was fun until it started force closing on me and trying to donkey punch my phone.,0

Fun game but once you learn the trick of clearing the board it gets a little to easy and ends up boring around 150k you just want it to end,1

Fun and challenging app. Not much to it but is quick to play and challenges you to beat previous scores with various ways to score and remove dice.,1

This is really a fun little app for when you are waiting for a meal or in a doctor's office. I really like it.,1

"Would not even open on my other tablet.10.1"" dual core @ 1.6icecream A 4.0Could be one of the best thing in apps, but, sadly, is not at allUPDATE to the above: They had an update, that made it work, for Tablet, but sadly, ONLY on the tablet. Kind of defe",0

I am interested in the idea of sending pictures to my TV from a tablet. I downloaded this and it

was easy to install but it would not recognize my TV that I uses Wi-Fi to down load Prime and Netflix movies and TV shows. Maybe the TV is too old. I bou,0
Does what it says it does. If you want to toss up your movies and such through apple tv this is for you then,1
"Great idea, all You need is internet connection,....a lot of great movies and other shows, educational etc., I love it",1
"I have a Kindle Fire HD. This app simply does not work with my Kindle. Given it's popularity, I assume this product likely works best on Android phones which I'll try shortly, but my HTC One already has DLNA interface functionality built in. For me pe",0
cant believe i can watch anything on my tv that i can watch on my kindle....love this app and recommend it to everyone.....,1
This is the best app by far! I can say that it is very cool to send the videos your watching to your own smart TV. And easy!,1
This app works on my Sony Smart DVD player and also works on my Xbox 360. Loaded with videos. I plan on buying the pro version.,1
"Hangman games are the best especially when you put your mind to the task. Fourteen categories are presented. ""All"" is usually my choice to save the man from his demise. if you let the simple design fool you another fatality is your surprise.",1
"never used, could never get it to do whatever it was supposed to do. I guess I just didn't have the patience to learn how to play the game. removed it from my tablet.",0
stupid dumb app this is. don't download it. no wonder its free.glow hangman is stupid four words don't download it'sstupid.,0
Way to small on Kindle Fire can barley even see it and letters are so small you hit the wrong letters. Free app but not worth the download,0
"I love this app. Not only do I use it in the park, I also like to browse through the lounge and look at the beautiful pics people take during their day. I hold a passport but I don't get there as often as I'd like. I 've never posted because I'm just no",1
Very helpful when you are a visitor to Disneyland and trying to plan your day. Comes in really handy if you have young children who do not do well in long lines.,1
This is such a great app! Thanks! I can't wait to use on my upcoming trip to Disneyland and California Adventure.,1
"The members of this social club are beyond rude! I felt like I was in high school once again, very snobby!",0
I always use this app and I love it!!! Always accurate and always keeping me updated with what's going on. I love how CMS are on here adding anything they know :),1
This could be a good app but when I always try to log in it forsecloses. fix it please and I will rate it better,0
This was just what I was looking for to help keep track of the family budget. It is easy to use and does not require an account on another website like some other budgeting apps.,1
"This app is a lot of fun. It taught me where our money goes.Then at the end of the month, I can adjust my spending.",1
I was really looking forward to using this app. I have a kindle fire and it would not download at all. So dissappointed. I'm glad it was free but I still wanted to use it. If it would download I would have probably loved it. Oh well. Thanks,0
Some of the reviews were good for this so I gave it a try since it was free. I found it to be a very confusing app and found it wasn't at all what I thought it would be. Don't waist your time on this app.,0
I love this app. It's easy to use and I like how I can add all my accounts and credit cards as well as all the most common vendors I use. It gives an analysis of how much I'm spending and where. I keep track of all my bill payments on it too! Works great,1
why do they need to know your exact GPS location and why does the frog randomly die? Why dont they have people test the games and apps before making people pay for them?,0
"I played a fair amount of Frogger on my Timex-Sinclair 1024 as a kid. This is just as much fun, and with much better graphics.",1
Sound and video runs fine. Controls are OK once you get used to it just like other games. No errors or anything like other people. Overall perfectly good game for 99 cents,1
This is a fun application if you can get across. Just have to do more practice.Great grandson loves it and never gets across.,1
"It seems this game was designed for a specific screen resolution, and doesn't adjust for different devices. Screen elements are placed in very awkward positions. This is a very low quality production. Expect more from such a major player in gaming.",0
I downloaded this game on my Kindle Fire and I was able to open it but all it did was play music which was very irritating. I couldn't play the game at all. I called Amazon and they credited my account and I uninstalled it from my fire....waste of time,0
"Won't install, so have no idea if its any good. Amazon sent me email like I got it but it throws error that it can't install. Droid2 global",0
"Classic frogger, cuter than ever.It does request gps location like the other fient scoring Apps I have, and it is frogger, so it will only work in portrait mode, neither of which is a suprise to anyone who has used fient or who has played frogger.Gamepla",1

"I wish I could at least try this game, but when I attempted to open it on my Droid Pro, it said
""Must be played in portrait mode. Can't be played in landscape mode"". I turned the auto rotate
off on my phone and it still wouldn't open. Amazon's suggestio",0
"Sucky gameplay and controls. Laggy response. Sucky graphics and music. Sucky permissions. For a
game that doesn't connect to the internet, there's no need for GPS or the ability to discover your
accounts.",0
I can't think of a possible reason for Frogger to need my location or the ability to discover my
accounts... and apparently neither can the developer because they offer no explanation. I won't
install this program until both of those permissions are rem,0
"I didn't have an issue with lagging on my HTC Incredible. Just like I remember playing as a kid.
Is still challenging (or maybe it's just me, lol) Love Frogger and am so glad it's a FAOTD.
Would definitely pay .99 cents for it :)",1
Not fun. Music Is so annoying and does not stop when you exit. Do not bother with this one.
Uninstalled.,0
"It downloaded and opened successfully on my Archos 43 Tablet. The music plays and the clouds
roll by on the main menu page like it's working, but nothing happens when I try to play a game or
view options. Got the same results when I tried to ""test driv",0
"Works perfect on the Inspire 4G with AT&T Gingerbread update. Fun game, worth \$.99 easy, even
better free. Get it while it lasts.",1
This is a fun game. A little reminder of where hundreds (maybe thousands) of quarters went. I'll
have to be careful that I don't pull a George Castanza if I'm playing this while walking down the
street.,1
I read all of the reviews before downloading and still did. Bad reviews due to operator error
seem to be very popular with faotds and it's very unfair to the developers.I have been very
satisfied with any Feint game I've downloaded and this is no except,1
they finally came out with this game I'm soo happy because when I was little I had a gameboy and
hade it but I lost it and I was on the last level to,1
Why does amazon developers not explain the permissions they request? GPS and find all my accounts
for frogger? Be nice to have am explanation for the request and if needed that is fine.,0
"this game takes me back. nicely done. and it actually works on my p.o.s. temp replacement phone
(htc hero) had samsung moment it got wet and broke. saving,for evo. anyways ty dev for making
something us p.o.s. phone users can use.",1
i was shocked to see that this game is exactly like the game i use to play at the arcade 27 to 30
years ago. its fun and its challenging. i recommend it to those who like a challenge.,1
The screen is sooooo tiny! Too hard to play. Find a different version elsewhere if you want to
play this game.,0
"Awesome port of retro arcade throwback to 80's era. It was a time of david bowie, big hair bands
and one hit wonders. A time of mtv and arcade houses. Home based arcades and computers were
lacking so the only place to play cutting edge videogames were th",1
"to play this as a young child so it was nice to know it is back for my kindle fire, i spend hours
on this and enjoy my youth all over again.",1
"it's not a good omen when you have to tap the screen several times just to start the game, as
nothings happening after the first tap. it only got worse - could not manoeuvre the frog at all.
rarely do I rate an app 1 star, but this game fully deserves it",0
"Nice port of Frogger. Graphics are decent, controls are good (how else do you expect to play a
touchscreen game if not by TOUCHING the screen and as a result, cover up some of the screen), and
the game is not slow as some people have stated (even on my o",1
this game is so horrible the controls are bad and its so slow who ever made this game was a waste
of time this app id a piece of garbage,0
this game is the best frog you could ever bye!!! totally worth 0.99 cents!!! if you have the money
I definetly reccomend this game for you!!!:) :),1
I loved this game since I first had it on my laptop - I have been trying to get past the first
level and it is hard - it is harder to play on the kindle but I still love it - second level here
I come,1
why people never happy with the free app of the day???? cmon people its free .if you don't like it
don't download it.,1
This is a good game and fun trying to keep the frogs from getting smashed and to get to the other
side. You got to get it now!,1
"This game brings back memories of the original game, with a kick! I could sit and play for hours,
if I had the time!",1
"I was happy to see this classic as the free app, but even for a free app this sucks. The controls
are bad, the game is slow, runs only in the portrait mode and add to that it malfunctions - even
after I exited the game the background music kept going on ",0
Really? Why would a game like Frogger need my FINE location data? Is the game going to use this
information to simulate frogs running across MY street from my home to my neighbors! I don't
think so. Unacceptable invasion of privacy!,0
I should have listened to the reviews. The controls are to slow. You get killed every time. If
you're bored it might be ok.,0
"Sorry folks, no game should need the "discover known accounts" permission. Fine

targeted advertising (using my GPS and draining my battery) is bad enough. Swiping my email addresses, Facebook ID and Twitter ID so you can spam me without telling",0

"Runs great on galaxy tab. Fun and levels get hard enough for me.controls are ok. Just like old times, just nt as expensive",1

"what a steaming pile. forget about the permissions, this game just doesnt have the feel and fun of the original.",0

Good god... the music gets stuck in a loop and makes me want to scream. had to force kill it. not good. sorry dev... Uninstalled to spare what is left of my sanity. DroidX.,0

"Frogger is so much fun. My mom loves playing it, too, as she relives her atari days. Definitely recommend purchasing this game.",1

"I can be sitting on a log and just die, the screen doesn't fill my while screen..... what else can I say, this game is pretty bad, not the worst, but not worth a dollar, stay away unless its free.",0

"The game was great 20 years ago, but it needs an update to be good today. The controls were poor.",0

"Very sluggish controls, frequent crashes and poorly executed. Bad game on all fronts, cant hold a candle to the original.",0

you can get by cars and I can travel on wood second level third level way better than first this app is the third best app I have and f.y.I. I have fifty-six,1

"The original frogger game, on the Atari, (yes I said Atari), was my absolute favorite. This is pretty close, all I need is a joystic. I've had no hiccups, freezes or problems with the running of it.",1

"if it crashes on your phone then thats not the dev fault, get a better phone or better build of android. i had the free version installed. needless to say its better without the ads and worth a buck if you like the classic arcade game. anyone expecting a",1

This is a really fun app me and my friends play it all the time at school really fun awesome fun,1

"I'm surprised to see this in the app store. Just to let you know, people who are I their forties played this game as a kid. Yeah, it's THAT old. But it's pretty fun, so it wasn't a complete waste.",1

"I found this very confusing. Also, it seemed to require buying weapons to use. I wasn't sure so I deleted it from my Kindle Fire.",0

i also like this game. cause it is from the original atari. its just like what i grew up with. its fun.,1

I think Amazon should make sure that the games they let on the Kindle-Fire works this game I have never been able to play I clicked on new game nothing happen so I have bought this game for nothing.,0

As a kid of the 80's I got really excited when I saw this available. But it is horrible to play. The controls are difficult and the darn frog would die for no reason now and then. I gave up and uninstalled in frustration. AVOID!,0

I love this game.I had it on the original Atari and also on X box.This app is just like the old game and is easy to play.I would recommend it to everyone!,1

"Not like the old Atari game, but still entertaining. Of course the graphics are 10x better, but if you are going for old school this is different.",1

"Completely unable to play this game as it force closes each time I start it. Sometimes I get as far as starting a new game, but usually I don't get as far as the main menu. Motorola Droid 2 rooted",0

"music seemed to get stuck. slide control seemed to work okay, tap did not work at all. music stayed on after quick close, no other way to exit. oh and yes the dumb permissions.",0

Get it. It will consume you! Games are quick and challenging. They are great to pass a few minutes or hours.,1

I have played this game for ever.....it's fun fun fun.....play it it's hard but you learn to get along I love happy happy...,1

I've read all of the reviews & decided to try it out anyway. Yes it's not exactly THE original frogger. So? This application works just fine on the Incredible running 2.2. Game play was just fine. Very smooth. Someone complained about their thumb cov,1

controls suck they work then the don't thought it might be my phones touch screen (HTC EVO 4G) but its the game. the music is not the right frogger music. so glad I didn't pay for this game. waste of time to even down load..... for those of u talking ab,0

It reminds me of the old frogger game from years ago. Very challenging and loads of fun for everyone to enjoy.,1

My husband really likes this game. It can be challenging and he likes to be able to get farther against other opponents.,0

One of my favorite games on my HTC sensation. no problems with lag at all. great classic look. love it! don't listen to all the whiners who complain about graphics. this isn't halo for gods sake. its a basic and fun arcade game!!,1

"First of all, to all of the 1 star ratings who are whining about ""unexplained deaths""...The reason that you are dying is because each frog has a time limit to get across the road,so if you don't want to die, then pay attention and learn to play before yo",1

"Love this app. It's just like playing the original, but with phone controls. The graphics make

it a classic instead of trying to improve something that already has fans in its original state. Also, for the complainers that say they keep dieing, perhap",1

"yeah, I am not seeing any other difficulties others are complaining about. It took me a sec to figure out I had to swipe to move to us otherwise it is easy to use. Good simple game, probably a 4 star game but I gave it 5 to offset the assshots around here",1

"I love the idea of playing frogger again! Unfortunately, this app has a bad bug. every time I play this game and annoying song keeps playing over and over and over and won't stop even when I close out of the game. I have to shut my phone off everytime ju",0

"Very abusive permissions for a game. I can understand access to your SD card to save data, but why does it need to access your GPS or phone state or list of account names? I'm not going to install this one until they fix the permission requirements.",0

Got this game for my great nephew on my Kindle Fire. His Dad had teach him how play because I had never played the game. Now I play it when I have little time.,1

I loved playing this game on atari game system in the 80s and this one is much better then that one,1

"Unlike the other games you purchase for your kindle which fit the entire screen to play, this game only fills up the screen about the size of a iphone which makes it even harder to play as the screen is very small. Plus its not as much fun as when we wer",0

"This is one of my all time favorite childhood game. Now I can rekindle that feeling of being a kid again. Getting that frog to the other side is sometimes hard, but fun. I think anyone at any age would enjoy this.",1

"just like the old days sometimes its harder cause its touchy to play, but my friends are getting this one also",1

unneeded security permissions. No paid game app that is local play only needes GPS access. internet is for the lousy crapware of Feint. recommend avoiding due to GPS alone.,0

I chose this rating because this game keeps me entertained & is very colorful. I also like the idea that this game is on the Kindle Tablet. & that I can take it with me wherever I go. There is nothing that I dislike about this game & I would highly recom,1

Old favorite of mine. I enjoy using it and it brings back memories of the old days. Thanks for the fun.,1

The game works great on my Thunderbolt! No issues at all. These other jokers either need a new phone with a bigger screen or are just simpletons. They certainly are not members of Mensa.,1

HTC Inspire 4G phone and this works great. Takes me back to my youth playing the game and now the next generation can be play. Graphics are just as primitive as they were back in the 80's but that's perfectly fine and adds to the experience by enhancing ,1

this game is just as i remember it in the arcades!! if i can recalls the the controls were crapy back then in the break danceN era so stop winning,1

Couldn't control the frog with my Kindle Fire. The timing is off. There is lag time between my direction and the frog's movement.,0

I was pleased to see this game is like the same as the old Atarigames were. I would like to see more of the old games come back,1

Just as much fun as other games that I played in the past. Fast and mind boggling. A good game to try.,1

this game is just not good I love the classic and though this game tryst to be that it is not the controls are just bad and this game has soooooooo much lag just don't buy this crap becomes games like this should not exist,0

"The description said it was from 1980! That's the 20th century.How would anyone still like that game now days? I mean, seriously this old stuff will not sell that well these days!!!!!!",0

"Sure, I'll be that guy today. Why does Frogger need my location? Not trying out of spite. Word word and 20 more words.",0

"this version of frogger is awful! they buttons to.move the frog are terrible, which makes it very diffiicult to play. you also cant slide right behind a car because it will kill you! don't waste the \$1 on this game, waste it on something else!",0

"Starts playing repetitive sound, must reboot phone to stop. Glad it was free. More words words words. Nothing like real thing.",0

was excited to play frogger- downloaded and installed just fine. When I opened the game it said to switch to portrait mode. I WAS in portrait mode! very disappointed.Droid pro 610,0

"Have only played a little as yet, but it seems to work as good as the ones I remembered. Looking forward to paying it more.",1

"I looked foward to playing this game. But it never came on on my kindle fire. Save your money, avoid this app.",0

"I love playing some of the old games from the 80's and early 90's. I downloaded Frogger on my Wii as well. Neither is an exact replica of the original, but both are still pretty good.Would like to see an exact remake someday.",1

"Good game, like the original, but what the company does NOT tell you, i it is all on-line! Frogger online!? Never been heard of! Wish it WAS offline playable, but it isn't!",0

"OMG! Just hopping away with it. Still recent from buying this game, and anxious to get ALL of them into their caves. Well, looks like caves to me. Don't turn your head on this game. Well worth the stars!",1

After updating to Jellybean 10.3 from Samsung on my Galaxy S3 a small menu screen would come up but despite repeated key-presses nothing would happen.,0

"I wanted to stop playing because of the painful music, but after I exited and was back on my home screen the same stupid song kept playing. Fixed that with an uninstall.",0

"classic, nuff said! If you don't like Frogger, stay away from this game auuuuughhhhh! For those of you who love the classics, ENJOY YOUR BUTTS OFF!!! Peace!!!",1

I don't understand negative reviews. The controls work fine with no lag. Some people complained that their frog would die for no reason...thats because there is a time limit.,1

"Seriously, I would have expected better from such a major publisher. This game was designed around the original android handsets. Force closes constantly. And when it does "work" (and I use that term lightly), the game is essentially unplayable. ",0

you can't get the sound to stop looping once you make it to a save slot. you have to restart the phone.,0

I loved the 80s and this brings back all the good times. Really its worth it!! U have to get it!!!!,1

"It's a shame to see Konami squander a trademark. The original music is gone an replaced by the sort of thing you'd hear in a 1993 shareware ripoff, the graphics are "updated" to about 1988 level, action is slowed down, controls are sluggish, an",0

"As usual another game that works perfectly on the epic 4g. Everyone who complains about a game not working right should just step into the big leagues and get an epic, that being said this game is a great classic. The UI is intuitive and responsive. Th",1

"great app replica of the original. controls easy and responsive all things given. I love it, especially when it's the amazon paid app of the day for free. adopt a shelter pet.",1

"This app honestly isn't that great. Its just not the same classic gaming experiance. Not that fun on kindle fire, don't suggest downloading it.",0

I love the classic games. And Frogger is a cult favorite. This game was fun and I am glad I got it.,1

Now I can play this game on my Kindle HD and I love it.I have always loved the frogger games.,1

"This game doesn't even come close to lagging on my phone. Anyone experiencing performance issues needs to seriously consider upgrading their device. The controls work perfectly, you can play the game with just one hand. There aren't any buttons, just swi",1

"Frogger is a terrific arcade game, without a doubt. It was such a blast, that, like some other great hits, have been ported from system to system (Although not as often as..say....Pac-Man). And now we see Frogger sitting right here on our phones. Is this",0

I thought this would be fun but it was so slow and when I tried to jump it wouldn't do anything. never using this app again.,0

"Ahh the memories of playing Frogger on the first computer game venue! I was quite happy to see it as a downloadable app for my Kindle Fire! It is sometimes difficult for ""fat fingers"" to control the little button that makes the frog jump in specific dire",1

"If, like me, you think back fondly on the original Frogger arcade game then this Droid app will be a nice piece of nostalgia for you. The controls on a touchscreen can be a little, well, touchy. With a little practice you'll be dodging cars and hopping l",1

I bought this app for my Kindle Fire because I loved Frogger when it was popular when I was young. I downloaded the app but I couldn't get it to start. I wouldn't get off the home screen of the game. Very disappointed. I called Amazon and got my money b,0

"I downloaded this despite the 2.5 star rating & I now understand why it has such terrible reviews.Some will tell you that the 1 star ratings are just people complaining to complain; that there's nothing wrong with this game. The truth is, this game f",0

Ribbit!! What a fun game! I have lovedFrogger ever since I was a child. I am so happy they have it for the Kindle! Great game and highly recommended! Don't kill the little frogs!,1

"I installed it, went to go onto the android market, and and it wouldn't let me on because I needed to log into my google account. Because of the permissions, I uninstalled this game, and all of a sudden I could get into my market without logging in! Wtf ",0

It was hard to move the frog. It does not play like the original arcade game when i was young.,0

"The game makes you drag frogger to his destination, which is not cndusive to the fast action play style required. Samsung Epic",0

"I can't keep up with the real fast games and this brings back the days of the Atari,,,,, for you younger people that was the game that started it all, well pong was but that was different... this is a fun little game for my kindle..... all ages will like",1

Love playing this game and it kept my 2 year old grandson excited. he kept saying froggy mushed when the car or truck rode over him,1

"Slow, and not very good. The original was way better. This is not worth buying let alone downloading for free.",0

"I was pretty excited to try this app out although it had a few bad reviews. The first time I played I randomly died sitting on a log waiting to make a move. I figured I would give it another try. Second time playing I died in the same spot, safely sittin",0

"I disallowed the excessive permissions using LBE Security.Getting the game started was a problem, had to tap literally dozens of times on the menus before anything would happen.Gameplay was marginal. Did not properly scale to screen (right side of screen",0

"glad to see more cool app/games like this on here.once i saw what it was i was hoping finally a day without one star reviews, boy was i wrong, i am starting to believe, that there is a small group of people on here that always, without fail, rate every ",1

"the game is in a mini screen mode that you can not enlarge, makes it extremely difficult to play. Don't bother.",0

Well I tend to not listen to reviewers because you never know who is the developer or who the haters(competition) are. But I wish I had gone with my gut on this one. The controls are basic just like I remembered. but the background music seems to get stu,0

Why do you need my location and read phone calls to play a game? Not installing this game not even for free,0

"There is no reason this game should require GPS information, or a network connection. Completely unacceptable. I would like to see more classics, totally free. Your programmers don't need to eat or pay rent.",0

"Amazon says "not compatible"; I say works fine. Great retro game, i should know, i dropped many a quarter on the arcade version.",1

"bad choice you MUST NOT GET I thought it ruined my kindle so bad I cant stand it really.LISTEN,DO NOT BUY",0

"Gps and internet for full version of frogger? No thanks. No need for either except for tracking purposes, which doesn't sit well with me.",0

For all we know the permission to to send out known accounts could and probably some thing where they sell their info to companies. suspicious. DO NOT DOWNLOAD! !!!!!,0

"Never cared for the original arcade version, but this one is very cool. Works great on my Atrix 4G. Great work!",1

The game works perfectly on EVO. None of the issues reported were experienced. The EVO has a 4.3" screen. Looks beautiful no distortion or black bars. The controls are simple...just swipe in the direction you want frogger to move. The pace is more w,1

The controls for this game are absolutely horrible. Doesn't respond to input at all. Also die on the side of the road occasionally.,0

Haha its real fun to use this app. i want voice of monkey in it to tease mah friend lol :0),1

A great little app! A true time killer! Having a blast sending stuff to my kids and sister! Installed and runs perfect on my Samsung Fascinate.,1

a. its freeb. its really fun!i sang the star spangled banner and played it in all the different voices.i also captured my cat meowing and it was pretty funny.app does what it says.easy to use and very fun!,1

This app is good for speeding up or slowing down the frequency of your voice. It's good for nothing else.,0

"The only explanation is that my location (together with who-knows-what) is being collected.Hey Amazon, you were supposed to prevent these quasi-malware apps from entering your Appstore - not promoting them!",0

Then it wears off and then you're looking for another app to play with. Not even sure what drew my attention to this app.,0

I think I sleep installed this (dontask) anyway saw it on my phone and tried it. we'll to say the least the app was complete crap so I uninstalled it only to get a thanks for subscribing 9.99 a month text. so if you load this up check your bill,0

Waste of time and yours just another app to keep you entertained for a few minutes that you will never get bake,0

"The app itself is fun with a lot of great options. However it sucked the lifeblood out of my G2. About 10 minutes into using it, my G2 got SO slow that it was not useable. I immediately uninstalled this app, and the phone was instantly returned back to i",0

This voice changer is great. We have alot of fun with it. Try to record someone without them knowing and listen to it. That seems to make it funnier.,1

I have used this to make custom ringtones for friends and family many times now. Its also a great time kil with kids and fun to use to play tricks on people at parties.,1

Caused my phone to freeze up and reboot itself several times after install. Pretty cool app otherwise. This was on an HTC Incredible,0

This is really bad. First of when I tried to use the voice effects it wouldn't play. Then when I tried to exit out to the home screen it freezes. Really bad app I deleted once I got it :(,0

"Anything that will entertain the kids for awhile, gets 5 stars. Is it juvenile? Yes. But the app is a good one. Lots of options, plus you can save it for later embarrassment.I also think I may try the 'backwards' option while playing some songs that have",1

This little app is soon much fun. Everyone has to get in on saying something when you bring it out.,1

"First of all, thank you to the dev for making this great app free! I have been playing with it, and not only is it a decent recorder in its own right, but the options are fun and they work very well! Cheers on a great, fun app that is so much fun to pla",1

"Shame on you!!!This was a science project at school right? If so, I give you a B+ grade. If you are an adult, don't give up your day job as I know children that can write apps better than this.",0

"I think this app is great . Its probly the best voice changer app there is.when I got it it didnt

tell me how to save the recordings though.I figured out that it was the botton to the left , it sort of looks like a printer . Anyways I really recomend th",1
it is gross. don't buy it. it is so disgusting. I don't like it. so don't buy it. it is so hilarious. don't even look at it.,0
This is the worst game EVER even my kids hate it its just throwing money away never buying games from these makers again. By the way never waste ur \$0.99 on it!!!,0
the kindle fire doesn't even has a camera. the kindle fire hd does but it doesn't have a camera in the back so that would be a big waste of money,0
"I'm sorry if this is rude, but I don't know why anyone would want this. This is probably one of the stupidest apps I have ever seen on the amazon app store, and trust me i've seen a few. I can already tell by the reviews that it is a waste of time. Don't",0
I love this app when you read it the 1st time it is cool then you have to do it to other people,1
The problem with this application is that it is exactly what you expect it to be... Dumb.
Uninstalled after like 2 minutes.,0
"okay, it cusses.....it promotes suicide. im an adolescent and suicide is a big thing and this aorta offended me being a cutter and all.....but that's just my opinion so whatever still I don't reccomend",0
"this appbis so addicting. I mean the blowing up part is really funny. first you blow up the earth, then you blow up hell and heaven.. so basically, you make the world limbo. its funnier when you get the app. you should really get it. if you don't get it",1
it is cool and it is funny I like it oh! did I ever say it is free to so please play it because it is you know what I'm about to say everybody say it with me ready set say it shut the front door good job everybody oh and good job everybody by the way I f,1
"its worth it just to annoy people. load the app and hand it to some one and see how long they go. it was fun on the first go through, now i just like to see how far other people will last.",1
it is awesome and people will love it I like lt two a lot of people want two play it,1
I do not like this app one bit all u do is press the button and it says don 't press the button.don 't download this app!,0
Some people think its a waste of time but its really just an app for people looking to pass the time!! You people saying its a bad game just don't have a sense of humorous obviously!!!,1
wth no this def a waste of time n space. no idea why it has so many ratings. its fun for about 2 clicks n then its time to remove it.,0
"I LOVE it, it is so fun I love it if u r looking 4 a game that go's 4 a while and read funny stuff then it's perfect 4 u this is Dan PEACE",1
It is very funny. Mainly the explosions are funny. And when it said the h-word it meant the UNDERWORLD notthe curse word. The game is funny I reccomended it foreveryone.,1
this app is great! not much to say. get it get it get it! blah balh blah blah blah blah.,1
this game is so much fun because I like pushing buttons.push push push.so anyway read the text it FUNNY!!!!#!!!!!f.is for funny.u.u should get it.n.never dingier button pushing.,1
this game is the stupidest app I have ever gotten before because all u do is hit a button over and over again and all it does is repeat the story sou would not get this app,0
um. Just read the title of this review again. Do you get the idea now? I sure hope so. 'nuff said.,0
"I don't know why its on my kindle I want it delete , please sent message how to delete because manage my kindle did not delete them for me",0
I love this app it is awesome and I think they should get one that does toilet humorous then it would be like tart peer poop,1
"This game is amusing once but needs more stories or a longer story. I did not want to stop playing but the story ran out so I deleted the game. Please add more makers of the game! Oh, I would never pay for it so if they start charging for it do not buy!",0
"It really is just a button on the screen. That's it. I was bored after about a minute. I thought, "Haha this will be hilarious." No, not at all.",0
"Duh. Someone must of been really bored to sit around and create this. Again, duh. ∞ _ _ _ _",0
this game is fun the first time but it just repeats its self don't waste your space and get it you'll hate it,0
I downloaded this game and it was fun for about 2 seconds but then it got stupid don't get this app waste of time,0
"its just a fun way of wasting ur time if ur bored! geez people lighten up. you basically press the red button and it tells u ti stop, etc. it has sounds on it too, so watch out!",1
"This app literally had me on the floor laughing! The comments the button makes are hilariously rude, but of course, it's funny! When I showed my friends the had the same reaction as I did. If you are having a bad day and need to laugh at something, like ",1
"I prolly would have given a 4 star because I've done the whole red button thing on the internet years ago, and it was funny as hell back then when it was fresh, shiny, and new. But I gave it 5 stars to try to counter the negative nancys reviewing this ap",1
This game is so simple yet so funny. I just texted all my friends and told them to buy it to.,1
"Can some one say, "How to keep a child entertained and reading for 30 mins or more."
Just give them the phone and tell them not to press the button! They never follow directions and

this hold their interest for a while; very funny.",1

"To be honest at first I was too scared to press the button. But the more I pressed it the funnier it became. SO I JUST COULDN'T STOP!!!Even when it started repeating, it was still funny. It's always fun to watch your friends play it. SO IN YO FACE,PEOPLE",1

"I got this and it is the worst game ever created. All you do is press a button when you're not suppose to. Even when I stopped I had to press the button, because nothing happens when you leave it be.",0

"This app is a waste of time, and very wired. I don't like what happens at the end. Very lame.",0

the app will never satisfy me even if this so called "appzap" company updates it the best thing about this app is the price,0

wow that's a little stupider! who ever made this must be a total loser don't get it unless ur an idiot,0

Me and my cousin played with this for a while and it's really cute. I didn't want him to push the red button and he kept on insisting. Kept making us laugh. Pretty entertaining in a crazy sort of way. Fun to mess with.,1

This is the best game I have ever play see ya on the game Try this stinking game I'm warning you you will love it if you don't like this game suckit up because you will not like it you'll. love it Peace.,1

"You press a red button then it sends messages to you for doing it because you aren't supposed to.If you think the Sunday comics, a pie in the face gag, or "America's Funniest Home Videos" are funny ... then it might be for you.",0

it is so funny!If it said I will cut your head in a toothbrush kind of way I would laugh so much I would cry.,1

I don't like this game . Because this game does NOT have a touch of fun in it. Do NOT get it and all you do is touch one button then it will say STOP well of course I didn't stop so then it did 8 buttons. Then like 44 buttons please don't listen to the o,0

"This app is completely boring! I was expecting some scary face or something to pop-up in the screen, but this stupid app just repeats itself! It's no- doubt a 0 star app! In other words: DEFINITE TIME WASTER! D: not recommended for anyone with a life!",0

it is amazing but i think it says heaven blows up witch is horrible but other that that awesome super fun,1

THIS WAS THE BIGGEST TIME WASTER EVER IT SUCKED BIG TIME. IT WAS SO BAD MY REVIEW IS IN CAPS!!!!,0

this is so stupid it just says stuff like don't touch the button don't touch the button again if you touch the button 1more time the world.will explode don't install this app it sucks,0

this was the best app ever I laughed the whole time great job anyone who doesn't like this u don't know what fun is,1

it was fun at first but once I saw my daughter play it and it said that it would recommend suicide. and up to 9 layer of hell and that you exploded. heaven and hellI do not regimens for young children,0

this app is both inappropriate and quite intolerant because alot off its content is offensive and i highly recommend not to get this app,0

"I love this app. Its so addicting, yet so point less. I reccomend it for anyone that is bored and has nothing to do, or is just looking for a little humor. All you have to do is press a button. Its that simple! haha (:",1

ok that was a super fun game the part when it said boom a screamed but these ppl apparently. don't have a sense of humor they are stupid who ever made this game up THEY NEED TO make another game like this Ps don't waste your time looking for the white bu,1

To have lots of fun you have to read the text! For all of you who gave this app 1 star read the funny TEXT!!!!!!!!!! This game is verysuper fun!!!!!!!!!!,1

This game is amazing (not even a game) ITS A BUTTON!! idk why but this is hilarious. Get this game!!!,1

Love this app! I think it is awesome. I did not want to put it down. it is good if you are bored. and it's free.,1

"Ok I don't know how I have become addicted to this app but I will be honest.I'm addicted.The captions are a little funny. But I wish it would say something else if you don't press the button. Like, “Thank you for not pressing this button" or ",1

this app sucks. I lode it to my k fier and deleted. it right away all it did even. when u pushed. the button. is repeted its self ¡¡¡¡¡,0

"This is by far the dumbest app I've downloaded yet. Don't press the red button, so of course you do. Then it has some smart alec remark at the bottom so you press it again. And again and again. That's it. That's all you do. Nothing else happens. WHY?????",0

This is so funny. It is AWESOME. I'm addicted. I had to play it like 5 times before came here and wrote the review.,1

"It's funny the first time. It's really cool to show to friends. But after that, it's pointless. Give it a try. You know you want to.How can people possibly complain over something free like this? Were they expecting something epic with a name like this?",1

all you do is press a bitten an seriously I'm its not even funny. >:(I hate it it is so stupid.,0

Cool app it is so fun and funny I prefer it for you good time wasterGood bye see ya,1

I wrote one like this way back in the DOS days. I love it and very intelligent people I show it to can't put it down.,1
such a funny game! o laugh every time! P.S. PRESS THE RED BUTTON!!!!!! haha hahaha hahahahaha ha
haha haha haha,1
"this button is solo funny! he is so random, too. but the funny kind of random. but he gets mean. but its funny when he gets mean because he says he will do things he is unable to do. seriously. I mean there's no way he could ever do the things he says he",1
i really didnt get this app at all the cover of the app may seem interesting but not as some of you would hope,0
Tried this just to see if it would work with the Droid X2. It does. But useless and boring program. In my opinion.,0
"very fun app. I don't know why people r giving it bad reviews, because this app just rocks. I would totally recommend it.",1
it is five star the first time u play but then stuiped.so u get play it delete that's what I did but u may not just get it it is funny,1
this app is so stupid it is amazingly hilarious! yeah it says some choiceful words but! it is supposed to be taken light heartedly! it is a red button for Pete sake! its not like it means it! I cracked up when I started to push the red button. it will ge,1
its a dumb App do not get it it tells u r gonna die and the world ending like wat the heck also to comit suicide and to go to hell and one more thing it SUCKS!!!!!!!!!!!! don't wast ur time,0
great time waster and a good laugh. looking forward to the kids playing with and seeing they're reaction! BOOM! still looking for that white button though :P,1
The rules obviously say that you have to be 13 or older to leave a review. There are definitely younger children than that leaving them. There HAS to be a way to make sure that these ridiculous reviews are deleted or not even placed here. I have seen so ,0
at first its really funny well the whole first time u do it and the second time it gets old quick but I recommend getting lt its fun and if u donit to others to its goodz.,1
"Waste of time and space on your device. Don't download it, it's not fun at all. Even if it is free, you will regret wasting that time.",0
this is a very good app for killing time or giving it to a friend to press but the only rule... do not press the button,1
My friend has it on her ipod and when she let me play it I so wanted it. so I got it. if you want to get a funny app. get dumb ways to die it id HILARIOUS,1
"this app is hilarious I have to admit it, this a great time waster. it wouldn't be fun the second time though but that is the way it is I would like it to say different things.",1
hi my name is Elizabeth Chyenne Cline and I think this app is awesome and the most funest game that I have ever played in my whole entire life :) :) :) :b :p :v :o,1
I HATE THIS APP DO NOT GET IT. WASTE OF SPACE.ALL IT DOES IS INSULT U.THE PEOPLE WHO GAVE OVER 1 STAR ARE NOT SO SMART.AND THEY LIKE RUDE THINGS.PLEEEEEEEEEEEEEASE TAKE MY ADVISE AND DO NOT GET THIS APP,0
"Its so funny. You cant really do much with this app, but it just a fun app. After you read all of it, it just repeats and repeats.",1
"This app is THE ABSOLUTE BEST for curing boredom. Show it to your friends, and I am absolutely sure they will laugh. That is all there is to this hilarious app. So simple, and yet so funny. There is amazing character in the narrator, and the puns are THE",1
"And it doesn't get much better than that. It loops eventually, but the dialog is witty. Enjoy it, even one smile is worth it.",1
It is a waste of download . Do not download. It would be better if there alot of different colors.,0
"you just press the right button and that's all. I had it unistalled, I've got better things to do rather then just randomly press buttons. for some of you this app might be great, but for me it was pointless.",0
"a sense of humor. Don't bother. Not something *you're* going to play more than once, but cool to give to others. Earned its 5 stars it is what it says it is. Whatever you do however, DON'T PUSH THE RED BUTTON.",1
I like it but its has the h word in it but it is very funny and cool. So people who is reading this please play it please????Peace out home rommyes lol I love me!!! Am I fuuny??,1
"I'll tell you all you would want to know about his game. It sucks, the quality is disgusting, the buttons aren't even realistic, the "harder" levels stink. It's just a terrible game made for terrible people.",0
"...ALL DAY LONG! Seriously! AND, I recommended it to all my friends.How much productivity is being lost daily from just this one app?",1
it just loops back around when you are done. not fun at all. sorry but I am going to uninstall.,0
"all it does is say mean things to you. at the end of the story he tells you, it starts over and doesn't shuffle anything onceoever.",0
this game is stupid. i mean really stupid. i just tells you to keep pressing the button but nothing happens. at first i thought that the game was just an ad but no it wad the freaking game!! it sucked.so don't get itthank you and good nite,0
"Not interesting. Not inventive. If you have the attention span of a moth, you might find yourself

continuously gravitating towards this app. If not then you, like me removed it from your device!",0

don't ever get this app because it says you a a moron so never get this app K never buy this app,0

"If you have about 10 minutes that you would like to kill then you should download this... play it for 10 minutes, and then delete it. It's not worth the space to keep it on your device.",0

"this app is nit entertaining not is it funny. when I first saw it I thought I would just dismiss the bad reviews but it really is a pointless, useless, and non entertaining!!!!",0

"Dumb. There is no good reason to download this app. Total waste of time. Sure, it 's harmless enough. And pointless.",0

"Do Not Press The Red Button. Another mind game, albeit simple, to keep the mind active. Good for all ages. Time consuming and slightly mind numbing.",1

hahahahahahahahahahahahahahaha! That is so funny I like the story at the end. Its a good app. And I'm glad its free,1

This is a SUPER STUPID app! I hate it! Its for like 3 year olds. That's all I have to say about this dumb app. Don't waste your time downloading thus silly app.,0

At first when I saw this I thought it be kind of like "The Moron Test". I was thrilled since it was in the top 100 out of 10 THOUSAND apps!!! When I first played it I thought it was OK. It was when it repeated the same stupid conversation like ,0

i cant beleive it actually took longer to download this and install then it did to lose all interest in it. then i continue to waste time to uninstall and write this review. find something better to do with 5 minutes of your life.,0

What started off as semi-humorous QUICKLY became non-entertaining and boring. there's no point to this app. good thing it's free!,0

this app is totally inappropriate it keeps telling u to commit suicide and go to hell and that ur mother would hate you. not cool.,0

its really funny and its there when ur bored but y would u put the h word I mean wit if there r kids that got this app but I like it :p,1

its so fun my 10 year old daughter loves it but it says the H word but MUST GET IT!!!!,1

this game has to be the most birding game I have ever played if you want to be bored to death by this game.,0

"its point less yes, but very entertaining. Great time waster, and really it can keep me entertained for hours. Is it because I'm an idiot? Nipper that's not it...",1

I loved it....not terrible fun at first but omg terrible do not get it boring not fun at all well ok I exaggerated but it does get boring trust me even my 4 year old little brother hated it ok does that tell you anything a 4 year old hates a stupid game,0

"Some things are great pointless, but this app is definatly not one of them. Might be a little better if they could actually spell. Not even worth a free download.",0

u should totally get it its free and then it is awesome its very funny. thats wat its meant to be like u should at least try it! :-],1

I hats this app I loaded itcand showed my friends and that wanted to brake tho prone wost game ever,0

this app is soooooo funny it makes me giggle every time I play IT! he just keeps going and never stops it is awesome! I would totally recommend it to anyone!!!!,1

this app is soooooooooo funny in a dumb way its so irresistible to touch the red button *urk *. I'm 13 and its really fun for everyone over my age because it has swears.,1

this is so stupid I would rate zero if it let me I suggest Oregon settler instead buy that game,0

App is more than useless. It was a waste of bandwidth to even download it. I want my MBs back!,0

this thing is so dumb I didn't. even have to finsh the game to know that really don't get it it will make u cry,0

cant even get past first level confusing and stupid a b c d e f g this is more fun then the game singing the Abc's,0

this app was so funny and entertaining that I just could not stop playing it! I also love the twist ending. you should definitely get this awesome app!,1

awesome I love it I like pressing fed buttons it is very fun!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! and you can play it all day and not get board of it rocks!!,1

this game is so adicting and it is relly funny as the button tryst to get you to stop pushing him. you need to by this game it is so fun :),1

"all you do is press the red butten,and if you don't press the red bitten well....the game is over see what I meek,such a rip off know wonder it was free.",0

on a scale of 1 to 10 it would be a 1.5 it is kind of funny until i reached the part where it made noise i had the sound on full and couldn't hear right for the rest of the day. DO NOT BUY THIS IS STALE.,0

lol this game is great my 3 year old loves it but it says to many bad words.but great game,1

my new favorite thing to do. its hilarious and a great way to spend time. definitely worth downloading if you like senceless humorous,1

this game is so stupid this guy is just telling us stupid stuff this game doesn't even earn a star that's how stupid this game is,0

630/683

entertainment out of this, but I seriously doubt it.",0
"Its fun and cute, but I'm not the kind of guy who can keep playing this kind of game. But I got it as a free app, and it was fun once or twice.",1
this game sucks. when I first played this game I almost died so don't play this game buy a free gazer gun for your apps,0
"There is a point . It's an Awesome time killer (it's everything you want in a app and more).That button in my opinion is awesome , but it's not as eye popping as EVIL (so thats why i put that in my title ok).",1
"This is the stupidest app ever. Even for free, it costs too much. It's like when a four year old says something funny, and people laugh, so said child repeats it a hundred times, ever louder, thinking he can duplicate the reaction over and over. Yeah.",0
this was the best thing to do very fun and funny did I say how fun this app is to fun for words fun fun fun,1
"This was so much fun! A few capitalization errors but, overall this was very entertaining. I will keep it installed just so my friends can have a good laugh too.",1
"it was absolutely horrible I hated it so much I deleted it, then I hot it again just so I could delete it a second time",0
That was funny! It can keep an idiot busy for a very extremely long time! Lol! What fun this game,1
Do you think hell is a good thing to say to kids think you teens it is nothing ti you but to kids it is a knew word and bad word if you are 8 or under don't get it it is just dumb and if you think bad words are cool the are not.,0
I absolutely love this app it is sooo funny and its free so you should get it its perfect for when your bord!! get it!!,1
It is very funny and time consuming to read and play with this little red button but I loved it.,1
"this game is so very funny. actullay its more hilarious. I mean there is this crazy, grumpy and fun narrator who gives u these fun quizzes that if u play all of them last up to like twenty full minutes. I mean if ur waiting to get something u can just pl",1
"the app is very entertaining. it is so funny. I hope this person can make a don't press the green button,blue button, green button, pink button, and so on. download it",1
It keeps telling you to commit suicide and that your mom will hate you! I finally deleted the app after it told me I was dead about 20 times.I found that this was the worst game ever!,0
please let me have it. It is so cool and I love it. It is taunting me to get it.,1
to me it is hilarious. that he keeps telling me not to press it and then it makes that little explosive sound. its pretty good it use the h word but its still funny.,1
ok it sours fun but no. it just keep telling you dont press the red bottom.then after time it says your dead. then the voice says it is going to sleep. then it starts over.,0
"REALLY FUNNY app. Do not press the big red button. If you do, just find out what will happen. You know you wanna. Do it.",1
this is a everyday thing the first time u play it its so FUNNY fun fun fun fun fun!!!!!!!!!!!!!!!!!!!!!! FUN,1
this app is not what I thought it was. It's stupid and not even funny. worst app I've ever purchased even if it was for free...,0
I thought it was really funny. It made me laugh a lot. I recommend this app to people who like pushing buttons and laughing. This app may be really stupid to you or you may like it. Give it a try.,1
"When I need to keep someone occupied for a few minutes, this is a great one. I hand them my Kindle, and when I come back, the person is always still there, pressing buttons, with a silly grin on his/her face, and occasionally laughing out loud.. So muc",1
It is really fun to press the button and annoy the the text more. This is super hilarious!!Made me laugh like crazy !!!!!!!!!!!!!,1
This game is so addicting! I've had my whole familly play it. I love the ones where it turd into like a million little red buttons. Oh yeah and the other one when it turns into an elephant,1
was curious to what this was since none of the reviews were specific. you try to hit the button and different phrases pop up while the button moves around the screen telling u to not hit the button. glad it was free and that it only wasted my time.,0
"gees peoples, this is meant as a joke. and if you are mad at it fir saying hell then loosen up. I grew up with my family saying that word and even worse stuff. this game is fun.me gusta queso",1
watch tophatvideos on youtube and you will get 500x the amusement of this game...this game is amusing and makes u laugh...although it has no end it is fun. but wen it talks about the white button don't waste ur time looking 4 it because u wont find it.,1
"This app is fun and is meant to be a joke. If you guys don't like it, then you must not get the joke. Take a joke people. I played this app several times and still found it fun. I would recommend it, if you have a sense of humor",1
"The only problem with this app is there is no music. Live this app, but my boss doesn't. I got put on a probation period cause I was using this at work and not helping customers. Wth? I love my evo 4g, leave me alone. :-)",1
Omg its sooo funny it gets me every time I LOVE IT. whoever say a bad review if u don't like u soooo much then y do u even put a review about it personally if I were u I wouldn't write one

632/683

is the worst app i have yet downloaded. that is DEFINITELY saying something,0
 What is the big deal about this app? This app is so stupid! I do not think the swear words or any other abusive language does threaten me. What's so fun about this app! You just press a red button the whole time!!!! Sure what the red button says is funny,0
 Well that was pretty dumb if you ask me. What was the point? You just keep hitting the button. Wow,0
 this app is great! so funny! it just keeps going. I showed my friend & she loved it too!***** is what I rate it!,1
 all u do is press the button and it says words not fun bet there is a better app so don't get this app it is so not worth it,0
 This game is horrible. All you do is press a button. Then it says something. I don't like this game.,0
 it is awesome and I cant wait to play this game and I'm going to press the red button and I want to see what will happen when I press the red button,1
 well when I first tried it I knew without a doubt it was going to be a silly and funny app! :),1
 "This is not for anyone who likes fun. I mean seriously, come on, AppZap. this would be better if the thing had more of an exciting response. It is so repetitive, it's not even funny. Oh, wait, it is. HAHAHAHAHAHAHAHA!!!",0
 I loved this on the computer and now I can take it with me on my Galaxy Tab! obviously this is not a game. it's just a joke type thing to amuse you or your friends.,1
 this game is so stupid. all you do is press the red button and then it says not to press the red button. so don't get this game.,0
 "Gosh, i thought that when i opened the app, i would not press it. I waited, & waited but nothing happened. I thought if i pressed it, something terrible would happen. I did. Want to know what happened? Well find out for yourself.",1
 "Very entertaining but as said before it is sort of a one time app. You get it, you laugh at it show to a friend and then delete it. but it is really really funny and I recommend it to anyone who wants a good laugh",1
 all I have to say is it just starts over again there is no end don't get it waste of time,0
 "for all those people who says it tells you to go to hell, and to commit suicide, cant take a joke. all it says is that your in a layer of hell. but you explode hell, and that's good. I still like this app. for anyone who has a sense of humor, this is ",1
 i didn't like this because it was kinda stupid my little sis didn't like it either and she is 1 years old this sucks if u ask me. byby! :/ i would give it 0 stars cuz it sucks byby,0
 "This game was very funny and silly. It is great if you have about 10 minutes to kill. But I have to say, it is not for everyone.",1
 it won't download even though I have perfect Internet connection i don't know why it won't and was really looking forward to this game,0
 this app is hilarious! once u start u cant stop! p.s. don't waste ur time finding the white button. there isn't one,1
 "so I just went on tapping this then at the end it said _____, lmfao it was so funny! its worth getting it for fun and entertainment",1
 "great for those of us who just HAVE TO PUSH THE BUTTON. but after a minutes, just got boring, eh",1
 "This is not a game. you wont win anything. Some may find this entertaining, but i felt offended at the responses this "game" was programmed to give. Not for kids either!",0
 I loved all the negative reviews after pressing the button. The instructions said DO NOT PRESS but you went and did it anyways. Great for a laugh especially getting the elephant.,1
 This game says swear words and it says i hate you...you suck(ect). IM TELLING YOU DO NOT GET THIS STUPID APP!! The game is really boring i agree that this app should no longer be existing. The people who say that this is fun well they are very very wrong.,0
 It's very entertaining! And it's also fun to watch somebody else play it and see their reaction (my mom). It's so worth it. :),1
 This is the most pointless game on earth. It's not even a game.... anybody who likes this game is a complete moron.,0
 This game is SOOOOOO FUNNY u people who but MEAN stuff u just don't know how 2 have fun. If you need me ill be pressing the Big Red Button!,1
 isn't this just awesome the only thing is that..... it keeps repeating it never stops I love it u will to,1
 This is so stupid whoever wrote this was an idiot I'm with the 6 year old this game sucks. I'm out,0
 A lot of people say that this game is pointless but who cares? its funny and very entertaining. luv sharing it with my friends!,1
 But it's not really worth the time and effort to download. I even feel like I am wasting my time reviewing this.,0
 "it says not to press it, but you have to, it taunts you and teases you all the way through. just when you actually fear for your life, it's over. whew",1

Funny when it say the world will EXPLODE!!!!!!!!!!!!!! So hilarious and annoying to the text saying the stuff. Hi there. I wish I could do the stuff that,1

"This app isn't worth more an 10 minutes of your time. Since it only has one storyline, it gets boaring really fast after the second time around. Trust me, unless your someone who likes reading the same story over and over and over again, then this app is",0

love this game it just make have a smile on your face when your down or something this is one of he best,1

I had found this on the computer and thought it was funny so I was soooo happy when I found this app. Its a little glitched but that's just because the buttons in the wrong place.,1

Tjis spp is AWESOME it is a GREAT time killer! Fun for a WHILE untiiil you remember what comes next. lol,1

I love this game. It keeps me entertained. My cousin has this app on her iPad and I was laughing the whole time.Those of you that are "concerned" about this game telling you you're going to go to hell don't be. Kids hear & say worse at scho,1

hi I'm 6 years old I got this game on my moms kindle and I guess she played it and it told her the world was going to explode and she would go to the ground,0

"this app is pointless and not good. it was fun at first, but then it just got boring. DO NOT GET THIS APP!!!!!!!!!!!!!!",0

"this game isn't worth anyones time, its so lame and a waste of my time. I had the app for 5 minutes and then after I was finished, I deleted it.",0

I could not stop laughing you should totally get this app its amazing some people say its stupid but its awesome,1

all you do is press the red butternut that is right in front of your face. Don't download. this app just says bad things about you.,0

I liked the game for like 5 minutes and then the whole thing started over so I just deleted it.,0

"i dont know what will happen, it says not to press the button. it is pretty though. i just dont want to blow up the world or something with a simple push of a button so i will just look at it.",1

this app is so stupid all u do is read saying that the red button is saying its really boring don't get this App its a load of crap and a waste of space,0

it is soo funny it makes me entertained but then again I'm one of those people who is easily entertained! if you are one of those people you will absolutely love it.....its like the button has its own personality!!!! I love it!!!!!!!,1

I love this app. I have read both stories and they are so funny. I just dont see how this is an infamous app. I laughed my head off the entire time. If you do not like this app then u must not have a sense of humor because this is funny. If you haven't d,1

Don't get it. All you do is push a red bottom and it says something you have to read. Dumb!!!!!!!!!!!!!!',!!!!!!!!!!!!,0

"It is meant to be funny. It is meant to be stupid. If you got it, and read the description, it does what it says. GET IT.",1

"they updated this app and added obnoxious advertising. Not cool, was a cool little mindless bit of entertainment. No just a useless ad. Uninstalled. Don't bother downloading.",0

This app is hilarious! It reminds me of GLaDOS from the Portal games! I highly recommend it to anyone who loves nonsensical humor.,1

this app is terrible! I hate it I thought it was funny at first but after a few rounds I got bored! do not download! this app is CRAPPY!,0

I touched the red button! It is awesome! Download! Also if you like this game you should download happy poo jump free!,1

Do not get this app!!!!!! it is the worst app ever!! I do not like it!! nothing is going to happen!!,0

this game sucks all u do is press da red button nd Nutin happens .DONT GET this CrAP It SUCKS unless all u wanna do.is press da red button forever :/blahh dnt get plz,0

if you have a funny bone in ur body this is going to make that bone go crazy! its fun and funny and everyone should get this game!:D,1

incontinent see how youbleople are so mad I'm strong christen and I'm not offended its just a game have fun with it,1

"This is great silly fun. Everyone that I show it to pushes the red button, lol. My husband thought it was funny, also.",1

I love love love this app!!!!!! Its great on my kindle fire. Its soliloquy funny watching my friends do this. :),1

I love this game it rocks Omb it is really awesome I have played it on my friends phone and Omb it like totally rocks I really never have time to download anything so now is my awesome break for thanksgiving this game os awesome yeah,1

this game is stupid and really bad words in it that is not a fun game at do not get it and it is horrible to that is and if you other people like this good for u and I hope you are having a good time stupids,0

if you are bord press the red buutton. I am was bord & my ferend cam over she sode me the red button,1

this app is stupid weird funny get it its free and time cunsuming what will the button say/ do

next??????,1

"I did not purchase this app because I do not want to waste my space, so I read comments looked at pictures and decided not to get it. A little tip not to waste so much space, read and look at pictures for a good 5 minutes. oh and also comments help too.",0

this is kinda scaring me especially where they say after the world will go boom I'm scared and like its saying that I'm dead,1

"Absolutely hilarious...once you start you just ""gotta"" keep it going. Otherwise you will keep wondering what that next sentence was going to be. I haven't purchased either of the choices given for a new story or visual app. I will be doing so after the R",1

Funny. Clever. Worth the price (free). Can't get laughs any cheaper than this. Did I mention it was unique? Play it.,1

very stupid. it has no point. u hit a red button. the red button does nothing. its pointless. I would not get this app. Ever.,0

"Im not saying it's not funny, but it gets really boring. after you go through it once, the jokes get repetitive and i uninstalled it. not recommended.",0

"I like it. All you people offended by this app, jeez. As someone said earlier, it's meant for people with a sense of humor. Besides, it said DON'T PRESS THE RED BUTTON. Your fault.",1

"I still don't see why there's only one gun, the Desert Eagle. I mean its ok, but there has to be more variation between the choice of guns...",0

Well I thought this would have more to it than what I got. Anything to sell. People will try it.,0

this app is not good it only has one choice for a gun and the gun sounds fake and it doesnt even jerk back as if it has kick don't recommend,0

"It's awesome! Thanks to this, I can kill without ammo! (but I still have to reload). Pow pow pow pow!",1

"it's just makes noise, nothing special, kinda sounds like a gun. It goes bang bang bang bang bang bang bang bang bang bang bang!",0

"despite the other bad reviews, i decided to try it because I really love the concept. still love the concept but it's not responsive to the touch at all which makes it very frustrating and unplayable. By the way, ""it's free so don't complain"" is not help",0

"Ugh, I hate to do this but it's time for me to be one of those FAotD bums and rate this game without even playing it. It looks okay at best but what's with the misspelled name? If you're not going to bother spelling it right then in not going to bother t",0

this is a cute simple game that involves swiping and quick reflexes.The graphics are top notch and the theme is consistent. at least on my phone. I have no idea how this will fare on a tablet. I thought the animation of the monsters flying around was hil,1

After playing this app for 1 min I became extremely bored with it. All you do is flick monsters into the corners of the screen.,0

"I would like to give this a higher rating, but its virtually unplayable on my Droid incredible. It often does not read my touch and thus I can't even pass the first level. I've never had an app not read my touch before, so- 1 Star.",0

"To offset some of the idiot reviews i will put my two cents in. This app is as advertised, simple matching app. playing on an EVO 4G, work no problems.",1

Game doesn't work. Doesn't register most touches. Crap crap crap crap crap crap crap crap crap crap. Droid Incredible,0

"The flicking works great on a tablet. The reviews about poor touch response makes me think this game was designed with tablets in mind (optimized for tablets), and probably not tested much on phones. I can only review this from my tablet experience, and ",1

for the 5 star review below please don't insult us. we can clearly see you are the developer..the controls and touch sensitivity is downright uncontrollable. not even worth a free download.

Amazon must choose things at random cause clearly no one pre pl,0

This game is simple and might have been entertaining for my 2 year old daughter to learn colors and such but the flick control is just too inconsistent. Like other reviewers I found it to work only 1/3rd the time making the game unplayable. Even if the,0

"I was hoping this game would install, I'd seen other reviews saying it wasn't optimus compatible - they're right. All I get is a reboot when trying to install.Just wanted to warn fellow optimus users, steer clear of this app.",0

Will not install on LG Optimus! I tried a couple times it just resets my phone. Saw another review about the optimus but figured I'd try no good.,0

I could not get this to work very well on my phone. It had a very hard time registering swipes (Galaxy S) making it impossible to beat even just the first round of play.,0

a nice idea but the problem is that when u try to tap the monsters they don't always move so u lose the allotted time the game gives u.,0

it is a fun game and deserves at least a 3 from all.....i will recommend itGame is HD and controls are fine on my tablet.,1

I'm giving this five stars just because the dev didn't review his or her own app. it has been a nasty trend recently.,1

"Agree with the other reviewers - unresponsive controls, couldn't seem to track my swipes, and as far as I could tell no SD support. Uninstalled.",0

This game is frustrating and the controls are slow and unresponsive. This should be removed until

the developer redevelop the game. HTC sensation,0
 Graphics are nice. Works real well on my HTC Thunderbolt. Good overall game. Should be 99% when not free though.,1
 "one of those 5 stars was supposed to be a 1 star, trust me i read it :p besides that it looks like the dev even rated the game SHAME i cant offset 2 5 stars but i can do the one",0
 i'm giving this game 1 star because from the looks of the pictures of the game it really looks like I could have made a better game why dont you chose the faotd more carefully next time amazon,1
 "This game is cute, addictive and fun. It'll be fun to play on a short break or while waiting in line. I have had no issues on my Nook; the touch response is just fine. Seems like phones are having problems with this app. Yours might work just fine so it'",1
 "This game is unplayable at any price. The controls are horrible and it lags and crashes constantly. Also, it is huge for what it is (over 15mb?? sheesh!) which leads me to believe that it is unoptimized and badly programmed. That could explain the insane",0
 THE RELEASE DATE FOR THIS GAME WAS 6 MONTHS AGO. THE ONLY REVIEWS FOR IT ARE PUBLISHED TODAY.? WHAT DOES THAT TELL YOU.,0
 the idiot voting 5 stars who isn't actually rating the game. good day sir. I don't like the game. is this enough,0
 "This might be fine if this is the type of Sudoku you are looking for, but it wasn't for me. I only rated it low for that reason.",0
 This sudoku app is very easy to use. I love playing it on my Kindle. I would recommend it to anyone wanting to play Sudoku as its got several levels to choose from,1
 Just don't like it. better games available. prefer Sudoku's that won't put the wrong # in the space. don't like it.,0
 Have just started to play sudoku and this helps you get the hang of it. Like that I can put in possible numbers. Would recommend it to beginners. Have not tries higher levels bt do look forward to them,1
 "My mom is 77 yrs. young and has watched her children, grandchidren, & great grandchildren use all kinds of tablets & iPads, always asking, "Why are you always on that thing...?" Well I bought her a Kindle Fire and guess who absolutely loves it..",1
 loved it. so cool. fun for all ages. this coming from a 10 year old!? sudoko power.remember get this app!!!!!!!!!!!!!! :-),1
 "Dear Friends,I love Sudoku, and I love this app. Simple and easy to use. Some others are to involved and crowded. This is just a simple, wonderful, and fun app. I use it on my Kindle and it works wonderfully. I highly recommend this app.",1
 I love doing these puzzles and I am glad I found one for my kindle. It is easy and fun to do!,1
 "I'm hooked on Sudoku! Electronic versions are so much easier to play as one does not have to pencil in the possibles, then erase to put in the answers.",1
 Within 30 seconds I was watching YouTube videos on my TV controlled by this app on my tablet. Fascinating. App found the Xbox automatically no in pouts required. I am writing this review while app is playing videos on TV.,1
 works with both my first gen fire and my fire hd. You don't need to have a facebook account -just skip that step. It works great withm my Sony streaming video box!,1
 The Application works great. It found my DLNA enabled Sony Blue Ray player in seconds and I was playing a movie right away. Definitely worth getting.,1
 "I PURCHASED THIS HORRENDOUS APP IN JAN. 2013, for kindle fire he. I waited 10 . MINS. FOR THIS STUPID APP TO OPEN UP. NOTHING. TRIED THREE MORE TIMES, STILL NOTHING. IT WILL NOT OPEN UP ON KINDLE FIRE PERIOD. DO NOT WASTE YOUR TIME.",0
 "Even with there so called, "updates"; don't waste your time. It has Utube as one of its options, and you can get Utube to work fine with there own "to your TV" link, that are on most Blu-Ray players, to your tablet, so, forget this, unles",0
 "I don't use facebook so how am I supposed to use this? No, I don't need and won't sign up for facebook.",0
 I enjoyed the flexibility and functionality that this app allowed for. Beams youtube flawlessly from my android phone to my apple tv.,1
 I connected this with my Xbox with no problem. I had no problem skipping the Facebook login either. So I don't understand why there are such low ratings. Thanks for a great faotd.,1
 I got this when it was free and I haven't gotten the chance to use it yet but it looks pretty cool.,1
 I just wanted to tell the developer in a public forum how ridiculous you're app is. I literally laughed out loud when I went into the section with my videos & saw that the 1st 5 vids had the exact same thumbnail nail & then a correct thumbnail wi,0
 "The description says this app can be used "any time, any place, any screen" "wherever you happen to be." Turns out you need a tv that's hooked up to the internet. That's a little misleading, if you ask me.",0
 this one is over rated and did not work so well with my kindle fire..better luck next time other devices may work better,0
 IMediaShare is a really great app I highly recommend it for anyone who has a smartphone and a HDTV. I do not have a tablet so I do not know if it would be able to connect through. I give this

app 5 stars because how easily it can connect with my HDTV fro,1
 imediashare is the best app ever!! I use it on my kindle fire and it works really good on apple TV! No problems!!!,1
 "I picked this up when it was the free app of the day. It is supposed to let you watch your video on your TV without requiring any wiring. As far as I can tell, it doesn't do anything at all.",0
 "Lame, lame, lame! "Connect anytime to any tv, no wires needed"... yea only if you have wireless internet, and a compatible tv! This app is virtually useless, specially since 90% of smart phones come preinstalled with dlna software.. BOO, uninst",0
 "Found my tv easily, pretty easy to use. Click the video / pic button and the tv auto switches to play it. Works as advertised.",1
 "I've tried the free DLNA media streaming applications for android, and have been generally disappointed in them. This one (got as FAoD) is definitely one of the better ones. It was easier to configure and get running than most, and has more features. The",1
 "I can't stand all this iCrap and that iStuff. Let's put it away and never use it again, OK? Thanks!",0
 when I got this I was like oh I get to watch my favorite shows. but I can't play videos on this app.,0
 "Having used this on a Kindle Fire, I can say it is nearly pointless. I have yet to be able to stream anything to a DLNA TV, whereas an existing Sony SMP-N100 can stream wireless with ease.",0
 "New Flippis update!! Everything now works perfect finally!! You need a new cable tv that shows up on your router ""If you want to beam shows to your tv"". We just use the Kindle Fire gen1 instead of sending it to the tv of the future that we don't have ye",1
 Spinning circle forever. Connected to internet. Left it go for an hour. nothing changed. deleted and reinstalled. demo played. back to spinning forever. deleted forever.,0
 I recommend this for everyone!If your looking for a great app to share your videos/music/pics with your tv it's simple and easy with this app!,1
 This app contains the Facebook Like Exploit. It forces you to advertise for the developers who lack the skills or talent to market in traditional ways. They take advantage of their own customers and exploit their Facebook account.,0
 "Works incredibly well. No Facebook login needed just press skip. Great picture quality. Does require hardware, smart TV, console or other network connected box.",1
 I am able to stream my personal videos to my Tv via my xbox 360. The dev releases frequent updates. The selection of channels to watch is excellent and growing. if you do not have a roku box or similiar device I highly recommend this. Oh sometimes the new,1
 Don't remember having this.one two three four five six seven eight nine ten eleven twelve thirteen to fulfill required number of words.,0
 "If you have the right devices at home, TV., Media box, video game console, then this would work but if you don't then don't bother.",0
 "Didn't work with my TV, as it didn't see it.I didn't log into Facebook and I couldn't see internet videos, I couldn't,I see my TV either. This is a paid app, asking me to like it or link it to my Facebook account is wrong. You should pay me to advertise",0
 "I have read some of the reviews and i don't understand why some people can't see the option to skip the Facebook login. This app works great with my Galaxy Nexus and Vizio Co-Star Google TV,it would be nice if it was compatible with more Google TV device",1
 I was interested in this product to see what it was. I not sure that I could use this item at this time.,0
 "I have heard this thing is really hit and miss. If it works on your tv, you will love it. I never got it to work myself.",0
 not sure where I got this and I hope I did not pay for it. not sure where I got this and I hope I did not pay for it,0
 Really easy to use and connect to my ps3 and watch all the movies in the internet in U-tube or your tablet still have to discover more about of this app but so far really happy with it.,1
 "Ok, I have had this app for about a month since it was the faotd. It has quickly become my favorite app. My projector at home and the big screen at work both have xbox's hooked up to them so I use this app to watch movies on my phone on those devices. I ",1
 I have zero spam (ad networks) on my Nexus 7 and ANY app that installs any of that junk gets removed with a quickness.,0
 "But it never gets passed the buffering message. I thought it was going smoothly, found movies to watch, and phone photos, but nothing works.",0
 "I have an android phone with Allshare (samsung galaxy S2) and I have Verizon fios which allows me to access the internet on my tv, but this app still did NOT Work on my tv and I don't know why. According to the description, this app is supposed to work ",0
 It was too difficult to figure out how to make it work. It isn't user friendly at all. Don't want to take the time to figure it out!,0
 "I must admit, This application is nifty for viewing DLNA shares on your local network either on your tablet or you can push the video to a compatible TV or streaming media devices connected to your TV. But what caught my attention was the ability to view",1
 I couldn't even try this app. Tried using it on my Kindle Fire with no good result. It just stays on the loading screen. I have uninstalled and reinstalled but to no avail. If I paid for this I

would have been very upset. Purchasing this app should be av,0
 This app is a great free app of the day. I can't believe that amazon would offer it free. I think you should get it before it's too late you won't regret it.,1
 "Great concept, horrible lag and crash issues. I don't suggest paying. Rather you should try the light version and see if it preforms for you.",0
 "With all the wonderful apps they have, this app is wonderful and is instantly by far the best app that doesn't require to be logged into to view or to share, like other apps. We have had a lot of fun sharing our video's with friends and family. This app ",1
 "Takes over media playback, makes itself the default. (Very undeservedly self-important!) Just became a total PITA to have on the phone. UNINSTALLED!",0
 I didnt' even know that I had purchased or downloaded this app so must not be very useful to me,0
 After I ordered it it didn't understand what it was for. It wasn't. Explained that I comprehends it or what it was to be used for,0
 All of you whining about this must have missed the Skip button. I chose to skip the FB login and the application is working fine. Working well with my Mezzmo dlina server.,1
 "My phone and tablet already have this functionality that works really good, I don't see the need for an app like this one, also, there are better apps out there that are free. The channels are limited to clips, it sucks, it doesn't have anything good to ",0
 Just doesn't work. When I try to use the app it does nothing. I have a Motorola xoom running jelly bean.,0
 I got this thankfully for free today as I will explain below why I think this app is way overpriced at \$4.99.I am just going to get to the point here. This app will NOT work with any TVs that don't have any type of Internet connectivity unless you happe,0
 "I used the original version of this, "iMediaShare" as a DLNA video sender before they changed the name to Flipp's HD. One day I received an update and noticed the name had changed from iMediaShare to Flipp's but this wasn't the only change. Now F",0
 "This app needs to be taken off the app market, it does not do anything, but not connect to anything useful. It's something that does not have a function, just takes up space on your memory cards.",0
 "Google market place. You pretty much need this if you have android. Get it!All the apps, all the games, all the stuff you want.",1
 MY tablet came with this app and it was so good that my son had to get it for his tablet also.,1
 this is stupid it dozn't have hey this how you use it don't like ppl if your reading this I suggest don't get it sucks! plus how do you custimize it? this is soliloquy dumb!!!!!!0
 You can't do anything with it so don't wast your time downloading it it isn't good at all so if I were you I wouldn't get this app,0
 this game is boring all he does is op en and close eyes the mic. doesn't even work on the kindle fire! ! id give it ZERO stars!!!!!!0
 "Ever get lonely and have no one to talk to, well now you have someone... THE TALKING HAIRY BALL. Great for android and iPhone but not for Kindle Fire. Why you ask. Well cause the kindle fire has no microphone. Recomendded for ages 6-17.",1
 "When I first downloaded this I thought it would be bad, I read the reviews and they were horrible, but I thought I might take a chance. So I downloaded it, didn't know what I was thinking. I freaked when I saw the face, and then I found out that it doesn",0
 why do these rating reviews INSIST on making you give at least one star? They should allow you to be completely honest. I have no reason to spare the creator of this stupid app. Do not install!,0
 me and my friend wanted to record something and it repeatedly said unable to record well the kindle has no speaker so what fool would make this and waste five minutes of everybodys life. I get it its really for five year oles but no five yr. old is gonna,0
 Does not work for Kindle fire and if I wanted a ball of hair I'd dig it out of my vacuum.,0
 "I HATE THIS APP! ITS THE WORST APP IN THE HISTORY OF APPS! I AM A KID SO I DONT USE BAD WORDS, BUT IF I DID I WOULD USE EVERY SINGLE ONE! I THINK THIS IS SUCH A STUPID APP THE MINUTE I USED THIS APP I WANTED TO SCREAM! I POSITUTLY HATE THIS APP!!!!!!!!!!!!!!",0
 This game is a waste of time. The micraphone does NOT work. People you are smarter than that. DO NOT waist your space like that.,0
 my daughter likes this guy. you can record what you want it to say then using the line below it you can control the voice how it sounds. this ones a keeper and its free.,1
 Someone said:"It's a cute talking ball for little kids."WTF are you thinking.1.CUTE?We might as well call Lady Gaga and Frankenstein cute.That thing is CREEPING THE UNOWUT OUTTA ME2.Talking?It doesn't record on tablets.I dunno about other phone,0
 this was a very weird app. The kindle fire has no mic so it was pointless. it was so bad that I can't comb the hairy ball,0
 worst game Ever its worse than halo wars it freaken sucks I cant believe I downloaded this horrible game I don't recomend this game to anyone.,0
 this is the worst app ever. I thought this would be fun well I sure was wrong. I dint Even know what it does. it just sits there smiling and rolling its eyes at you!!!!!!!!!!!!0
 because it has talking tom the cat 1 and 2.and this thing is a piece of junk . who would ever want this.plus u should not get this because u can do better and get better games than this.,0
 This is a waste of time downloading it doesn't talk at all on the kindle and all you can do is tap

it and watch its eyes blink. Boring dont waste your time I dont care if its free.,0
 "this app was horrible the hairy ball didn't even talk or do anything. never get this app. ive
 gotten apps that were bad, but this is definitley worst of all.",0
 it doesn't so much and it creeps me out. It is her boring DONT GET if u don't like boring and
 creepy fluff balls,0
 my brother downloaded it and said it was the dumbest thing ever I think so too it was
 soooooooooooooooooooooooooooooooooooooo dumb it even looked.dumb I.almost put it on my kindle at first,0
 I hate it. you cant spray and its creepy. don't get this app. never get it I deleted the app.,0
 "My sister and I spent an hour on that app saying goofy things and having it repeat it. It is
 really fun and you can make its eyes wink, move or blink.",1
 why would they mmake something like thisI have tried it on several devices and it is just a piece
 of c***,0
 ALL I KNOW IS THAT YOU SHOULD NEEEEEEEEEEEEEEEEEEEEEVER DOWNLOAD THIS EXTREMELY STUPID AND DUMB APP
 AND WHOEVER BUYS THIS SHOULD INSTANTLY DELETE IT,0
 don't get this appbit does not really work I hate it so much but u might have a fifteenth option
 ..,0
 I have a kindle fire and it wont record you can touch it and change the color and everything but
 not record I'm sure it would be better on a phone but I still don't think it would be entertaing,0
 they should make it so u can type instead of talk u don't want to get its a rip of trust me u will
 hate it,0
 "it is so dumb, when I tried to record it said unable to record. I sour give it a -1000000 but I
 could not. you do NOT want this app. don't get it! if you do DELETE it and fast.",0
 "dis is da most stupidest app eva!!! it dnt do nuffn, yhu hit his face nn watch hys eyes move.",0
 I HATE THIS APP. I AM GLAD IT IS FREE BECAUSE THIS APP STINKS.I CANNOT BELIEVE THAT PEOPLE
 ACTUALLY GIVE THIS APP 5 STARS.THIS APP IS THE DUMBEST APP EVER.KINDLE FIRES DO NOT HAVE
 MICROPHONES!I WOULD GIVE THIS APP NEGATIVE 600!!!!,0
 This app is like for Ipads. I have a kindle fire and if you guys didn't know that kindles DO NOT
 record then that's your loss I didn't get it because I have a kindle fire so...,0
 what the heck it doesn't even say anything what a waste of time the title is talking hairy ball I
 don't get it,0
 "guys the only reason this thing is not working is because the kindle does not have a microphone
 inside it. if u want the freaking app to work, go buy one of those headset thingies 4 phones, plug
 it into ur kindle, and talk. sheesh, you don't have to take",1
 "This app is a waste of time for the Kindle Fire. The Kindle Fire can't do this type of stuff, so
 don't bother with this app.",0
 talking hairy was the only person who talked to me!! I named him jelly bun! he really cared for
 me!! I hugged and kissed him every day!! even when I fatted he didn't laugh! now that's a true
 friend!,1
 this app is the worst I thought the 100 some people who gave 1star were lying.....after 30
 seconds I realized they were true!!! the. sound didn't work and it wouldn't let me record
 anything!!!! I should.have.listened. to. my. gut. DO NOT BUY! !!! I c,0
 kindle fire... does it have a mic? hmm? hmmmmmm? just because you bought a tablet without a mic
 does not mean this dev gets a bad score. its a silly cute talking ball. and it is for kids. little
 kids,1
 When I bought this app I thought it would me fun. But the minute you try it....boom!!! It does not
 work!!! Good thing it is free because it would be a BIG waist of money!!!,0
 best app ever. thank you so much persons who had the totem wuy u guys rating so low. so she or he
 gave out helpful tips. I was gonna delete it but thanks to you. thank you.,1
 I have a kindle fire this app does not work on kindle fire because the kindle doesn't have a
 microphone they should make this app were u can type in what u want 2 say and the talking hairy
 ball repeats it that would b soooooooooooooooooooooooooo cool if tha,0
 this app does notwork on your kindle fire and f u want to delete it u press down on it and click
 dlete,0
 I thought this would be a cute one to entertain the kids with. They got bored with it faster than
 I did!,0
 this didn't even work! I couldn't record Anthony it said it didn't work don't waist ur time on
 this trust me you'll regret it,0
 "this was the worst thing I've downloaded to my kindle. so not worht the \$0 that u pay I hated it.
 it did nothing, just nothing!",0
 this app.is so dumb it wouldn't" let me record my voice cause I have a lineal fire the why
 does it it sell the dang app,0
 With a name like this it's gotta be bad. The only thing worse than a hairy ball is a Talking
 Hairy Ball. I dont know whether to find the name comical or so deeply disturbing that I should
 place a call to the nearest shrink. Thats all I have for this on,0
 This app sucks butt! I wish I had looked at the review first! Don't waste space on this stupid
 hairy ball looking thing. F ----- . If I could give it no stars I would!,0
 "I found this to be dumb, can't do enough with it to make it interesting. Just got bored with it
 and took it off.",0
 stupidkindle cant record so this is stupid If I could give it zero stars I would it is

sooooooooooooo sssssstttttttuuuuuuuuupppppppppiiiiiiiiiiiiiddddddddddddddd,0
 this app gives me nightmares! and it doesn't even talk! PLEASE DO NOT I REPEAT DO NOT GET THIS APP
 IT IS TOO SCARY (especially little kids)LISEN!!!!!!!,0
 "I love this app! It's so much fun! If I touch the screen with my finger, the hairy ball follows
 it. I think that anyone who needs a dose of laughter every day NEEEEEEEEEEEEEEEEEDDDSSS this app.
 It made me L.O.L.(Laugh Out Loud). I'll DEFINENTLY use this ",1
 First of all the kindle fire doesn't have a speaker or something and I even tried it with head
 PHONES! And it said that it could change its colors I don't know where or how to change it!
 SOMEONE HELP ME!!!!!!!!!!!!!!!!!!!!!!4"% '##&#amp;* @\$\$,0
 I AGREE WITH THE PEOPLE THAT WISH THEY COULD PUT NEGITIVE SOMETHING STARS ON THIS APP. IT IS
 POINTLESS AND STUPID. AND MOST OF THE TME IT DOESNT WORK. YOUR MAKING A MISTAKE IF YOU PRESS THE
 INSTALL BUTTON.,0
 Don't buy this game!! It is the worst app ever made!! This game stinks! Game will not respond to
 your voice!!! It wont even take your request!!,0
 the ball isn't. doing anyhting. it says. it can talks but your unable to record anything. its
 stupid. don't waste ur time.,0
 o don't get why people are rating this 1 star. all you need is a mic. and it works fine. that's
 all you need and then this will be the beet app ever. JUST GET THE MIC. THATS ALL :),1
 This game is so stupid. It did not even work om my kindle fire. It is probably the worse free
 game there is.,0
 I wish I would have read the reviews first because I got this app and it SUCKS!! i have the kindle
 fire and the mic.doesn't even work like wtf? whoever evented this and got it to the app store is a
 genius because how do you create a app so pointless and ,0
 Anything worse then this will kill you. don't get it. I hate it. it just creepy. its a bad app!,0
 people out here don't get this game I likes interesting that's what I thouth but I its not trust
 me its the worst!!!!,0
 this is just a creepy fuzz ball and you cant even record sound i wish you rate things 0 because i
 would rate this -150 it is stupid crap,0
 all you do is move his eyes and close his eyes that's all and it doesn't let you record him
 anyway.,0
 HORRIBLE! I hat this game do not get it nonono no no no no no no no no no no,0
 What is this? What is up with this creepy talking hair ball? Sorry but this app is the one of the
 worst apps I ever played. No the worst.,0
 "look everyone knows there is no mic on the kindle fire. but all u retards out there writing
 reviews like u need everybody to no that u no. if u actually looked at the other reviews, u would
 no that u can use headphones and by a mic at local stores and us",0
 wow not good for kindle fire all it says is unable to.record sound. solo ya pretty stupid.don't
 her it its just a wast of space,0
 "If I could I would rate this app negative 19 stars.Whenever I tried to record my voice it said
 "unable to record",or something like that.I suggest not getting it at all.If you already
 have it uninstall it immediately.It is not a talking hairy b",0
 "It would have been a good Idea, but the person who made it is soooooo stupid that they made it
 cant record and all it does is blink and stalk you. The hairy ball is also kind of scary. :p",0
 this game is crap nobody by this if you do ur stupid. just like this game and its creators talking
 tom is better than this crap,0
 this app doesn't work don't get it i had to give it a star but if i didn't it would no be any,0
 never in my life have. I found. this app before today I warn u it is stupid!!!do not get the app!
 !!!! you r wasting your time! never look at the app again woo I am tired now,0
 "this game should be like ur banana that u never aye... and threw in the trashhh!!!! I stinks u
 don't even do anything on it people may say that its for little kids, but they will cry, have a
 tantrum, and start cursing of boredom!!!! if i could, I would ",0
 this was the worst app ever! it kept saying it was unable to record. All I did was take it off my
 kindle fire.,0
 Worst app ever!! This makes no sense.. So what the eyes follow u no big deal.. It doesn't even
 talk and its not that hairy either. WHAT THE HECK!!! If u download this app your going to waste
 storage space and time to download it.. DO NOT DOWNLOAD THIS AP,0
 "I tried to use it but it wouldn't work, so I read the instructions and I was doing everything
 right. I don't get it.",0
 horrible waste of time I rate negative 10000000000000000.worst ever I mean it!okay it is minus. as
 far as the numbers can go.,0
 "wordy game I have ever played it stiunk like eggs an o mean,that to worst of all also
 fbxjhcyduehddg iv bitchy game and I mean that too dumb g",0
 "ok, it would be super freaky but, this scares the pee out of me thinking about what would happen
 if I woke up and this thing was like going to eat me... and I know this sounds kiddish but... om
 scared.",0
 who would buy this this is so stupid if anyone bought this they are re retarded I'm deleting this.
 thisbis so stupid God! !!!!!!! ,0
 the thing is so ugly. it scares me. I downloaded this on my kindle fire and it sucks. I hate this
 app don't get it believe this review.,0

who doesn't love a creepy random hairy ball that copied you maybe I'm just creepy but I love it nm
n n n,1
I love it? its great? I'm scared? what? who said that? what? dude? leave? bye? I did this for no
reason.,0
I would give it a zero star but it wont let me la la la la la la la la la la 20word miniun,0
if I could I would rates it negative 20 stars this is the stupidest talking app ever wen I tried
to record it wouldn't let me I thought that was unfair. totally one of the worst apps ever.,0
this app lets you talk and when it repeats all it does is mumble mumble mumble thats all it does
whatever you do dont get this app!!!!!!!!!!!!!!!!!!!!,0
The game doesn't make sense all you do is retarded the ball only winks and smiles you cant make it
talk or anything,0
"it's, like,sooo creepy!I downloaded it,it looked cute,and couldn't record,or nutin'!I agree with
the person who said it makes babies cry,it does!!!Delete,your crappy piece of junk,got it?",0
"Does not talk, at all. BAD APP! it won't talk i tried everything. It just looked at me and did
nothing.",0
This app is so STUPID because 1 it won't let me record and just so dumb now i can only change the
color and move its stupid eyeballsThis is why i hate this app,0
I HATE THIS APP IT IS.SO AWFUL IT WONT RECORD YOUR VOICE THATS HOW SRTUPID IT IS.DONT GET HIS
APP!!,0
its boring .it would not let me record anything on my kindle fire.dont get this app its boring.i
would of gave it zero stars if I could.,0
this is horrible! alls it does is blink and move its lips. don't waste space for this it made my
little cousin cry because she was scared! you cant even talk because there is no microphone on
fire! do not get this,0
the game is terrible for kindle fire you can do only 3 things a terrible game don't get it a
stupid waste of gigabytes,0
some people are saying that it isn't working for you're kindle that's because KINDLE FIRE HAS NO
MIC. AND YOU SHOULD KNOW THAT!,0
I didn't even have to get the app to realize it sucks.all I had to do was look at the pics.dont
try this app.,0
"hairy ball sucks! will not talk.l hate it ,l hate it ,l hate it ,l hate it ,l hate it ,l hate it
,l hate it ,l hate it ,l hate it ,l hate it",0
"Why do apps by Proximax SARL always want to open network sockets and gather information about
networks? I will not download in a box, I will not download with a fox. I will not download here
nor there, I will not download anywhere!",0
I have a kinele fire and I wasn't sure if it had a microphone so I looked up an app for it. I saw
this one but it looked kind of stupid do I decided to check the reviews first and it turned out I
was right.,0
this is so dumb it will not work for kindle fire also I think talking tom is way better than this
junk this is so bad get a real app don't wast your time downloading it!,0
"I also rate this app one star because its really not supposed to be for the kindle fire. but, Ill
answer all your questions, kindle fire users who have downloaded this app.THE FIRE DOESN'T HAVE A
MIC!!!",0
since you don't have a mic hairy ball wont talk and he is super creepy. do not get this app,0
"ok first let me get this straight,I am not a person to be judgemental but this app awful. I got
this for my kindle fire and all it did was blink at me. It's pretty creepy looking, too.",0
"This app is very boring. You can't do anything with this app, and all it does is blink. I do
not recommend this app.",0
this is not a good a opinin my opinion . it is not necessary it just creepys me out. I think its
weird in my opinion,0
I wish I didn't get it they should not allow kindle fires to Buy it since it wont work but still
it looks creepy,0
"this app sucks. it is unable to record. I was stupid enough to ignore all the had reviews. that
was a mistake. now I don't know how this app works on other devices, but on kindle fire it ducks.
amazon please come up with a video recorder THAT WORKS ALL T",0
this thing sucks for kindal fire bought it and it sucks don't bother all you can do is make him
look somewhere else.sucks trust me and if don't look at the other comments,0
This is more boring than what you can get in all of the app store its retarded DO NOT GET,0
my hairy ball was horrible. it didn't do any thing but move. and when I wanted to get it out of my
life. it didn't let me.,0
This game is awful it says can not record and does not do a thing it is horrible CAPITOL
HORRIBLE.,0
this thing is just SCARY I mean I erased it then redownloaded it wow terrible tried so much no
recording DONT GET WASTE OF YUR LIFE,0
this frickin application SUCKS! save your time and space and battery and happiness! do not get
this application '!!!!!!!!!! oh my gosh it doesn't even work!!!!!!!!,0
like really it sucks it glitches up on me and it doesn't even open it is the WORST APP EVER don't
get it and this thaibo person who made a review says "its not the app its the microphone
" like really I have to say what the Hell are you smoken s,1

OK I DONT KNOW WHO MADE THIS APP BUT IT SUCKS IM MEAN REALLY THE BALL DOSE NOT WORK WHOEVER LIKES THIS MUST HAVE CRAP IN THERE HEAD SO TAKE MY ADVICE AND DONT WAIST UR TIME GETTING THIS CRAPY APP I THOUGHT IT WOULD BE FUN BUT NO IT WOULDINT WORK WORTH CR,0

DONT GET THIS DUM APP!!!!!! I made my mistake. Ok so this app doesn't even work. It doesn't record. All I could do was POKE its eye out!!!!!!0

they did not specify that it will not work on a kindle fire. there is no Mike for a kindle fire so all you can do is manipulate it. might be entertaining for a toddler...,0

I say it is really crappy if I could give it a minouse a guzzillon! !! My little cousin ran in the bath room and camped in there till she had to leave. She told me I think there might be a hairy ball like the one on your device under my bed! I felt reall,0

I got this app thinking it would be like talking tom but nothing worked it sucked and it is a complete wast of your time I deleted the app within thirty seconds,0

Good thing the app was free or else I would call it a steal. I mean you can't record. This only works on a ipod touch or an iphine. Even the ipad in result this game should be banned from amazon,0

Worst app ever it doesn't do anything at all it just sits there and stares at you and dose weird stuff I HATE IT SO MUCH DON'T GET IT PLEASE,0

this app is a waste of time whenever u try 2 record it says unable 2 record. WHATEVER YOU DO NOT GET THIS APP!!!!!!!!!!!!!! foes not work!!!!!!0

"okay, so basically whatever this thing is freaky fur ball that blinks. u cant do anything with it. its a waste of your time and I don't recommend this game at all.",0

this thing is not cute and it dissent record ur voice it says unable to record ... I hate it do not download!,0

This is a great appif u cant fall asleep at night!Plus the kindle fire dont have a built in mic. If u gave this app 5 stars im sorry but you must not have a life!,0

warning don't buy this app!!!!!! its the worst app I've ever downloaded!!!!it wont even work!!!!!!if you like boring stupefy apps get this one!!!!!!0

"creepier than hungry shark. if u r smart, u would hate this app. :(:(:c. I mean, nobody likes this app.",0

"This is the best app ever!!!¡!!! I have so much fun on it! This app should be 1,000,000,000,000,000 dollars for real!! I always have MEGA FUN on it!!!!!!!!!!!!!!!!!!!!!!",1

this app onlie works on a dumb phone! like tlking tom or popo Panza.. ugh'!!!!!!!!.. nvr wvr gr it... NEVERRRR,0

This app. stinks. It did not work for me. I think that is stupid. It did not allow me to record. BOOOOOOOOO,0

I didn't even know what to do?! worst app ever!!!!!!!!!!!!!!!!!!!!!! don't eveeeeeeeeeer geeeeeeeet okkkk??? just don't. take my advice and leave it alone I hats bad apps!!!!!!!!!!!!!!!!!!!!!!0

"I would rate this a zero if I could. I HATED this app. The voice isn't compatible with Kindle Fire, either. This app is useless. Don't waste your time downloading this!",0

is it just me or does it look a hairy pedofile? its too creepy to play.I down loaded it just for fun but I deleted it right after I played for two seconds. I would rate it zero but I can't.,0

I was sing the song higher (special earbud mic. for kindle fire) and I turned it up to high and it made me LMFAO its weird and creepy bit I like it;),1

this app is soooo bad when ever I went to record something it would say that it couldn't so know I just have a creepy hair ball on my kindle :(don't get this app,0

this thing sucks. don't get it. it doesn't do anything fun. why does it have a word minimum. that's stupid.,0

This app is horrible it dose not even work it wont even record what I say I want a refund it even costsvl money. DO NOT BUY THIS APP!!!!!!!!!!!!!!!!!!!!!!0

The talking doesn't work! That is why I got it!! I recommend not getting this app! But at least it was free!,0

"If I could rate this app 0, I totally would. It doesn't do crap! Now I'm stuck with a stupid, ugly, hairy ball that creeps me out and doesn't record anything. if you get this app, your stupid.",0

"I get the whole thibg it doesn't work or kindle fire cause no microphone,but why no tell us that in the description? come on now.....",0

I was looking toward to playing this with my little brother but it does not record. cute idea. needs work.,0

Well this app is just stupid for a kindle. for one kindle does not have a mic so only thing it does is blink and follow ur finger when u toach the screen. I don't know why I even got this app. I wouldn't recomennd this to no one..... and its just creepy.,0

I hated it! It doesn't record! It just rolls it's eyes! It was the worst app I ever got! Don't down load it!,0

so I got THE WORST GAME IN THE WORLD that's what I call it and the first thing I noseest was it was for your phone I hate it!!,0

This app is bad for a Kindle because u cant recored ur voice. Worst ever! I would say get a app that is fun.,0

i love it!!!!!! i know there is no recorder 4 the kindle fite but i bought earbuds with a microphone on them and it worked! :) you can speed up and slow down the recordings . love

it!!!!!!!,1

"WARNING :DO NOT BUYthis is the worse "game" in the history of mankind!!!I wish I could delete it entirely, but sadley I can only uninstall it, and it is still in my apps file thingummy. I highly recommend u do not buy this",0

do not waste your time on this app not good for kindle stupid and creepy it makes babies cry and gives ppm night mares epic fail ppm r so out of touch with kids these days,0

for one it does not say anything and you cannot record sounds for it to say on the kindle firedon't get,0

I cant belive this it is the most stupidest game ever this game stinks big time so I'm going this game stinks,0

it sucks so much every time I try to record something it says unable to record if I could give it -1000000 I would,0

this doesn't work at all on kindle fire DONT GET THIS APP!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! sure it is cute for a minute but sucks,0

I bought this app for my little sister and she is 3 guess what she said "is this a joke what is the point I hate it and it scares me",0

this thing suckschicken nuggets.its so flimsy I fart every time I see the flipping game (toot) yikes! its such a hairy armpit.,0

it is bad and I hate it if you get it dont if you try to record something you cant,0

I don't recommend this app at all!!!!!! if u downloaded this u r crazy. when I try to record it dosen't let me. I don't get the point of this!!! :-(,0

This thing won't work seeing that the kindle has no mic it won't talk back and there is no other features.,0

"this app really sucks id give it no stars if that were possible.I mean, when I try to record stuff, it just says "unable to start recording". it gets super frustrating DO NOT BUY THIS APP",0

I never got it heard reviews saw the pic don't get this crap I want to shove a stick in its eyes!!!!!!!!!!!!,0

this thing creeps me OUT just by looking @ it!!I'm sure my mom would hate it its a waste of time arty developer,0

this is the most horrible app I ever downloaded it doesn't work or do any of things it says it does DO NOT get this app,0

y r u guys rating so low? if u guys didn't know u can go in settings and make the hairy ball colorful and if u want to talk to hairy u have to get headphones with a speaker which I have so I can talk to hairy,1

You need earbuds with a mic. :) :) :) :) :) ;) :) :) :) :) :) :) :) :) :) :),1

The grandkids really like this game. x x x x x x x x x x x x x x x,1

all it does is just moves its eyes and sits there and that is all it does on the kindle fire,0

"THIS SUCKS DONT DOWNLOAD DOESNT WORK FOR FIREso yah, this is bull crap. doesn't say anything just moves his eyes around like an idiot.",0

"do not buy this app it doesn't even work on this device!It doesn't record voice and change colors. Do not buy this, do not waste your time on a stupid app like this!)1",0

"This app is pointless on the kindle fire you can only move its eyes, I may not know how it works on a phone but I will never get it again. If it would me be honest I would rate it -5",0

"worst app ever. not for kindle fire. if you have a kindle fire, you have to talk into it and it doesn't work. and I couldn't even figure out how to change the balls color!",0

it doesnt even work it tells u to press the recorder i did it said not working!!!! hate it worst app ever!!!,0

every time I tried to talk to the ballit would say that there is a error playing its a delly bad game I say that you shouldn't get this app.,0

"all you need is to by a mic off amazon and it works amazing I love it. its amamzing mot as swsome as talking tom, but it will do",1

"you abound not be mean to hairy.I have one named Cherry and I love him.he does not laugh or giggle when you fart or burp . he laughs or giggles when you tickle him. my mic does not work, so what?! he listens when you speak, unlike other people. just give",1

Hmm honestly I don't know what to say....oh I know...IT-IS-BORING!!! This game is retarded! I don't understand this game. But that hairy ball was funny at first but it totally got boring):I wouldn't recommend this app! Don't understand what its suppose,0

I wish kindle fire had tom cat and tom loves angela.THOSE ARE FUN.This hairy ball is just a piece of crap.,0

bad app did not let me record lame dose not do anythig poop sad that I can t record do not get this app lame,0

so stupid they shouldn't even put it on kinked fire if it doesn't have a microphone!!! Don't buy it don't look at the reviews before you buy it!!!,0

very bad do not install. you wont even be able to record on the kindle. if I were you I would not install. my true and honest opinion. :/,0

does not work.does not talk. does not have me liking the game.:/and always said un able to start recording &HATE IT FO NOT BUY OR YPU WILL BE SORRY.,0

this app totes stinks it is scary and it will not record your voice and all it does is move its

eyes around. also it sortof wiggles its mouth its creepy,0
This is crap. it was a waste of money even though it is free. do not get it!!! i tell u not to.,0
"This is the worst app ever. It takes up 1/4 of my screen, and it doesn't make sense. Do not buy this app!!!!",0
"omg. this is a peice of junk! if I could rate 0 I would. it just stares at u with its scary, blinking eyes. DO NOT BUY",0
"Stupid very, very, VERY stupid!! ZERO STARS, I mean it ZERO STARS! If you don't listen to me and you get this app you will just have to delete it asap just like I did!!!!",0
when I down loaded this Apo it didn't even work... I wanted to take the app out of wmy kindle and poop on it... yes ivsaid poop on it.... don't judge!?!?!?!?!no comment,0
this game is so stupid. it doesn't do anything besides move its eyes. this hairy ball is so creepy that I show my friends and they scream. don't get this app. if you try to record something it says it is unable to record. take my advice and never ever do,0
I bought the app thinking it would be fun. its not. I tried recording my voice but it said UNABLE TO RECORD. I couldn't even make it talk. IT SUCKS! if I could rate it zero I would. DON'T GET IT!,0
"Even the name is creepy. some petifile probably made this, and I am not getting it. I need more words to submit.",0
I hats this app thanks for telling me your reviews now jam not stuck with the app. :) :) :) :),0
all u do is move ur finger nd make da.eyes.move Thts it! tht sucks! unless.u wanna move a Harry ball's eyesnot impressed at all,0
"oh my God, what is that? it doesn't really talk and u cant really customize it. DONT WAIST UR TIME.",0
go to hell hairy go have sec whither tva person that made ya becoyse he/ she the only one that want you id rather have sec with my asssssssssss.,0
i got this app thinking cool i played it and it was the worst thirty seconds of my life to save you time don't get this app unless you want to waste your time!,0
this is a load of bullcrap I don't see why anyone would even care for this thing. obviously I cant record on my kindle fire. but moveing the eyes around is proberly the most unentertaining thing in the world. I'm sure I speak for all. I wrote a revie,0
this app is stupid if I could rate it below a zero I would it doesn't do anything just sits there and follows your finger so if your thinking of getting it DONT,0
"this app is not stellar for the kindle fire. it doesn't speak beacuse the fire doesn't have a good enough speaker to pick up your voice. I downloaded this app ignoring, the reviews but this app is not for kindle fire.P.S. I love my kindle fire and there",0
wow wost game ever. all you do is change him.it says that you can recored stuff. it lies. it wont pick up eny sound at all. also its kind of creepy. dont let your kids use it.i kind of scared me with its face scary all also its says im gonna kill you eve,0
I tried to make it record stuff but it said unable to record and I tried several times but it still would not let me so now I am stuck with a stupid app thay is a hairy ugly ball that is freaky and opens and shuts its eyes if I could rate this app zero I,0
I think this app is horrible if u have a kindle fire u cant even record ur voice and how do u even change the color DONT GET THIS APP IT JUST TAKES UP SPACE,0
I hare this app. The guy is so creepy. In the middle of the night I had left my kindle on and it opened itself up and I woke up in the morning and it scared me to death. DO NOT GET!!,0
"WORST APP EVER!! Don't get if you have a Kindle Fire, you have to have a microphone for it to work but its stupid!!",0
this game is a waste of money. i does not work of kindle fire and you cant change the face or the color on will or at all. it wont repeat what i say.it does not say what i type eather. i dont like this game. it makes me angry that people make and sell ap,0
why make this app for the kindle if you cant use it I'm pretty sure it works for other stuff so,0
"this is the worst app ever.I haven't got it,but then I read the reviews.anyone who gets this and likes it is retarded.",0
I HATE IT PERIOD I HATE IT NEVER GET IT IT WONT LET U RECORD ANYTHING I FINALLY DELETED IT YA FOR ME,0
All it does is nothing!!!! Stupidest app ever!!!! Do NOT get!! I deleted it as soon as I got it!!! Booo,0
all it does is move its eyes around and it does not even show thewhole bar at the bottom it cutspart of the bar off and it is just plain stupid,0
"Perhaps the Progimax office is located near the editorial offices of "High Times"? Although I guess they wouldn't be able to program very well all baked. Still, their apps remind me of my younger, higher, days.",1
"sucks, plz don't get this app. totally wrong. no matter what I said, it gave me 87%. plz, plz, plz don't get this app",0
it so super true and I'm so glad i got this game its awesome I hope u get it. by Allison,1
"I love this app I mean the boyfriend I had, was nothing like me.Then I bought this app I fir it with my friend and now were dating.I LOVE THIS APP. I mean everyone should find true love, and this app is just a helper.",1
This app is really neat. It is sooo cute. It is different. It is really cool. I highly recommend

this app.,1

Sorry but I thought this app was really stupid I mean it is fun and all to see how you and your crush might work out but also its kinda stupid and its not even true about what it says. For me it just took up space in my kindle fire.,0

this app sucks I tried it on my boyfriend it gave us a 10% I mean come on we love each other lots we got really mad don't get this app,0

"...but my device is a little odd (a Nook Color running a version of the Android operating system (CM7)). The app starts, displays the splash screen, displays ""Loading..."" and quits. Rebooted, same behavior. Oh well, onward and upward.",0

Would love to play as I'm running a fully rooted Nook Tablet 16g Honeycomb. Seems even I can not get past the splash screen it says loading then it reboots..... epic fail for me. I will try at a later date for updates from developer and attempt install a,0

Wow what a poor excuse for a game. To have this game listed next to pinball arcade is a sin.

Glichy and poor physics. Waste of time how this was approved by amazon is beyond me.,0

this app stinks the sound are fake and there are no police fire or ambulance! don't get this app it stinks!,0

what more can be said download it play it if you don't like it erase it (got to love free things). can't figure out where you would need this lol,1

It sounds just like a real siren! I love it! (I pranked my mom and she went crazy.) THANK YOU FOR THIS APP!!!! :),1

I will never purchase one of your apps again this app will not let me create a contact delete a contact and u don't even wanna no more don't buy this app gosh very shameful hate this that's 3\$ thrown away,0

"I usually download the free app everyday, even if it is one I really don't need at the moment. I refuse to even do that for this app. I am not spooked by permissions that are needed for 90% of the apps out there but this one scares me. I realize that ",0

"Had iOS on my iPod touch and I've been waiting for an app like this to come out foot Android. There was an app like this on the market called POPtext, which could utilize my Textplus account. But that was crap. I mean the interface was terrible, the load",1

"This app is great and works well on my nookcolor. People please review the app itself and not just whether or not it works well for your carrier/data plan. This is a great alternative for people with tablets, iPads, and ipod touches. Doesn't deserve the ",1

This would be a five star app IF it worked properly. I have the new Kindle Fire HD and even though I have it set up in my settings to make a sound when texted it does NOT...I tried all the different sound files they offer. I tried shutting the Kindle com,0

"If you have a kindle fire hd and want to make phone calls, like me, do not spend your money. It does exactly the same as the free version would do, even here they make it more complicated.",0

"Awesome app, I'm able to txt from my acer iconia tab a500, and a spare htc hd2 using wifi!As for the people that rated this app a low score because they lack the understanding to see how to benefit from having this app, and it was free when they got",1

"I rarely have my mobile phone with me, but my tablet is attached to my hip. Being able to text from my tablet is a huge time and stress saver. I love this app",1

Can't for the life of me figure out why anyone would need this. I don't even believe that there was a plan that included data that didn't included unlimited texts at my last two carriers.,0

it would help if u made it app of the day for free please I really want it please can u do that I would love to have it my sister has it and she loves it,1

I recommend you get this app it works great on my Kindle Fire and allows me to text my friends just about anywhere!!! The best part is that its free so you can no longer worry about buying pre-paid minutes,1

This is a fantastic app. Most of those that are not happy with the app did not read the description of the app carefully. This app does everything it says it does. And the texts are free! I love it!,1

Let me begin by responding to the negative comments:There may be various reasons why many people would find this application useful. If you have an unlimited text messaging plan on your phone (as most do) great. Don't download and poorly rate the app bec,1

"I love the interaction with my contacts on my tablet. My tablet doesn't have cell, but I can text away and get answers when I connect to a network.And support is 5 star.I can think of only 1 improvement: When you enter a number of someone not in your con",1

"This app is an absolute must have for tablets. If you're like me, you've probably been frustrated at the fact your Xoom or other device can't send a simple text message. Well now you can! And without having to pay per message fees or for expensive bun",1

the messages pop up of i am not on the app but it is still incredible. dont listen to the bad comments!!!!!!!,1

"this is just what i was looking for. i am surprised at the poor ratings by kids whose parents are paying 20 bux a month for unlimited sms. well even for them this is a useful app, here's how: you can use this app using a wifi connection to send free sms ",1

"This app is good not great,, if google voice is better than why give it a negative review when it does the same thing. Give negative reviews for something thats wrong with it.",1

The app is the best app I have. The only problem is that you can't walkie talky on the kindle

fire/ kindle fire HD.,1

Not only is this worthless with unlimited texting but you are giving them access to all your information for all of your contacts AND all of your text messages are stored on their servers. Just avoid it. I wish I could remove it from my download list a,0

I thought it was going to let me integrate my own phone number and get my messages on my kindle. I was mistaken and lost a bit of dough. I found another app that did what I needed.,0

Some places get no signal but have WiFi available which makes this app great. Or if you have limited text messaging plan.,1

Not free. Must pay fee to use texting. Sending it back. No way to get my money back? Probably not.,0

"I have had this app now for some time. now and change my views on it. The free one was S00000000 much better. WHY? Because with this one I have all these strange numbers that text me in the middle of reading a book are just to much. Now, I am not sure t",0

"This app is perfect! I have a phone, unlimited texting. Buut I do leave my phone in my room and take my kindle fire HD around the house. So I be lazy to get my phone. So I got this app to text on my kindle fire HD lol yes yes I'm lazy. The good thing abo",1

this app in general delivers what it claims however it freezes up at least once a day for hours on end and makes text a pain. you have to force stop uninstall reinstall i regret payin 2.99 for this..i must update my review! ok its ben a month since my fi,1

"this app off the chain and it alerted you when you get a text,this is really great on Kindle Fire.....get it NOW",1

Ever heard of google voice? More flexibility and free and you can use from your computer and integrate phone service if you are tech savvy. This is just dumb to pay for. Even free it makes no sense.,0

"With so many truely free alternatives, why bother with this app? Heck... If you own an app device and don't already have unlimited texting then something is wrong with you. This app just isn't even worth my time.",0

"I don't do texting on my phone and always had to email my daughter to her phone. With this app on my Kindle Fire HDX 8.9, I can text her anytime and she receives it right away. I don't have to wait for her to text back while playing games or reading a ",1

"First off, the app does exactly what it says if you read the description. It says you have to register for an account and you are giving a ""texting phone number"" right in the description. This is similar to Google Voice except without the voice. Another ",1

"I cant for the life of me figure out why there is an app for this... Who has an Android whithout unlimited text? Im on Verizon and have unlimited. I mean even the small carriers like Cricket and Mobi are unlimited... Amazon, I'm disappointed. Out of all",0

"What is a lifeline phone? It is for someone who *qualifies* to get a free mobile phone from the US government. Yes, that's right... check out lifeline.gov if you don't believe me.Let's recap where this app is useful:1. If you have never heard of Google",0

I know I know! it does not always pop up the text! but most of the time it does so stop being a baby!,1

"I can't easily add or edit contacts. it seems to want to be on a smart phone which in my opinion defeats the whole purpose of me getting this, texting from my Kindle Fire. If I had a smart phone why would I need this? Fairly pointless. It does work thoug",0

I know hate is a strong word but I do not like text plus at all because it felt just being too met I guess,0

I didn't buy this but I saw it a read the description and looked at the pictures. and then I reliezed...his iz this different from the free version. (that I have) They seem exactly the same 2 me.,0

"This app is great -- especially when you can't or don't want to pay for unlimited messages! I have friends on AT&T and since they aren't included on my plan, those people use my number for textPlus gold. Then it doesn't use up my allowance for texts ",1

it is tarrible.its a waste of money.does not get pics from people.I just hate it.my mom sent me a pic but I did not get it it not gold its dull,0

I can't afford a phone so I got this and it realy is like a phone. It is realy easy to use and this is the only texting app I have found that doesn't ask for a phone number. :&middledot;)Me and my sister both have this app now a lot of my family has this ap,1

"I dont have the app, BUT.....Do not waste ur money on this. this is the same app as the original one, except u pay 4 it and u can add voice messages. u don't need voice messages. if u do, then wat is a phone for? The original one is good enough. DO NOT",0

I love this app!when I don't feel like getting my phone I can pick up my Kindle Fire and "boom!" its right there! great idea whoever came up with it!,1

this app does just what it says. there are zero hidden or misleading information. you have to register(big deal) takes 40 seconds to compete. you then get your own virtual phone number in which you can text anyone and they can text you back. they DO N,1

I got this app thinking I could revive pictures and send voice messages.....No! The only way you can do that is if the person you are texting has the app....none of my friends do! Get the free one it is way better!!!! It is a good thing I used amazon coi,0

"This may be the worst app ever made. Lag crashes it has it all. This ago does nothing good for

my phone. I have a mesmerize with froyo, my advice is to pass on this app.",0
"I love that I get a text on my kindle, android phone and iPod. No matter what I'm using, I can respond immediately. Thanks",1
"This app is the best texting app ever! It's amazing on the Kindle fire. I could text anyone! Unlimited texting... AWESOME!!! My family and friends love it! The only thing is, I wish the kindle fire had a mic and camera, so I could take pics and use the w",1
I could not even create an account! The instruction say that "a User Name of 6 to 12 characters is required." I tried a few user names of six or more characters and keep getting the same message -- "a User Name of 6 to 12 characters is requ,0
Im deaf and i use the phon txt totalk with my family. I am alone during the day and have no car. I lost my phone the other day and needed to talk with my daughter. I didnt know what to do. Thn rememberd th app. It was amazing and aved the day,1
"I don't text on my phone at all, but this app helps me to text safely and get info to those I want to keep up with.",1
i just love this app.. now i can use my tablet for sending text messages but the only problem is the notification sound and notification on the notification bar is not working cos gtablet doesnt have a built in text messaging app.. i guess those features,1
I think this is a great app. It texts fine and works great. Ive seen other reviews starring it doesn't work great and isn't that good. It worked great for me and I'm not saying others are wrong. I'm mist starring my opinion and how well this app worked f,1
the only problem is it still force closes. if it didn't force close. I would be much happier with this. and we also want SILVER!,1
"This works great on my kindle. I have unlimited text on my phone, and now on my kindle fire too.",1
"With the new update, this app just got so much better. Push notifications now work correctly and the application doesn't lag one bit. The speed is incredible. A must have for tablet owners.",1
I use it on my Android device and I have used it close to two months. It seems to be a good product and I haven't had any issues yet.The only thing I don't like about it is sometimes it says I have to be signed into my Amazon account. This is just an ,1
"this is hands down the BEST texting app available! I have SMS on my phone but sometimes when I am parked in my recliner and don't want to get up and get my phone I just text right from my Kindle Fire HDX. Buy this app, you won't be disappointed!",1
I have a kindle fire. I used to have text plus but now with text plus gold it doesn't frees every time I want to get in it. 5 stars!!!!!!!,1
"this app is great but I don't see the difference from the free one and paid one? but still, its awesome! go free txtng",1
this is a poor application if you are interested in just a sms application and not the rest of the so called features.,0
I recently moved to an area that has ZERO cell service so we got rid of the cell phones and just lived with the home phone but long distance calls were getting expensive so I started looking for other options and skype worked for some of my friends/famil,1
"I love being able to text from my Kindle Fire HDX . It's so convenient because I'm almost always on it anyway and it's much easier to text from the Kindle keyboard than on the cell phone. And you can text pictures, too.",1
I bought this thinking it was better than the free version..WRONG. I don't know when people text me. do not get this....its a wast of money....don't even get the free version,0
I love it. It is a great app that lets you be social with all your friends and is totally free. It's a wonderful app and i completely love it,1
I didn't know that I could text on my kindle fire until I was browsing thru the apps. I am very happy with my text +,1
"This whole "new number for texting" is silly. Whatsapp is far superior for unlimited texting between smart phones.Even if you get it for free today, you really want to go and bother everyone in your phone book to text you at this number and cal",0
"this app is great. especially if all ur friends have texting on their phones and you don't. its cheap (as in cost) , you only have to pay once, and its really nice to talk to family and friends that you don't see enough. I love this app and recommend it ",1
I love this app. I have Kindle Fire 2 gen. I got the pro so I don't have ads. But the free was great too. I am able to text all of my friends and family. As long as I have WiFi I am great :-),1
thoese ppl w/ the one star reviews are right! its the exact same thing as the free version but u had to pay for it. i think the speaker thing for kindles and tablets would work if u hav headphones w/ a built in mic but its just a ripoff!!,0
it is impossible to call people or do voice notes if it is a kindle fore ur using because it doesnt have a mic!,0
This app is great!! It lets me text people even though I can't use my phone. Yeah I can't receive pictures from people but I don't really care about that. It's free unlimited texting to anyone in the US and Canada and it helps me keep in touch with peopl,1
I do not have Texting on my phone so when I found this APP works great with my Kindle fire HD and I can text using Kindle,1
so you know how people say it crashes? mine crashed for a while too but I found out it was my

stupid Internet connection had caused a virus in my kindle fire. if that's not the case with yours then sorry that your missing out on a great texting app.,1

So I heard this is a great app for people who dont have unlimited text messaging. That's great :) I have a question though... do you need a new number or can you keep the one you have in your phone????,1

"The number you are supplied with is only a trial number, then you have to pay to have another number. i don't recommend this app.",0

"I have and use Text + free on my Samsung Galaxy Tab 7"", which by the way has both 3G and WiFi, which is why I got it and not the 10"" that is WiFi only. This review isn't about my Galaxy Tab, or the iPad and its variants. This review is about an app tha",1

"This app is excellent! Even though there are limitations, it's better than having to pay for texting on your cell phone. I had the free version, and upgraded to this version to find out what the difference was between the free and the gold (other than ",0

"Dudes, (and dudets) this is the best texting app you could get from amazon. I would buy right away. u can text with one person or as many people as u like! I love text plus and text plus gold. however, it says limited texting on the regular text plus bu",1

"I tried both text and text gold. There is no difference in the two, they are both very bad. Hard to use and it does not do anything like it says it will. This is a very bad program, amazon should not sell it to their customers.",0

This has been so handy to text from my Kindle when my phone is otherwise occupied or dead. It has kept me from missing messages when I'm engrossed in something on my Kindle. I have had to reinstall a few times due to glitches or freezing but it always wo,1

This app doesn't connect w/ texting systems. the "phone number" is not real: doesn't connect with other numbers. Not even email-cnctd! (all text systems can connect to email which is an alternative for ipod/xoom users)So what is it? A lame att,0

So can you text without wifi?? and what's the difference between text plus and text plus gold? I have heard its a good app but was wondering if it is better than text plus,0

my parents wont let me have a phone so this is a great way to tale to my friends. I love it,1

"I'm really mad. I payed \$1.99 to take off ads, cause that's what's different. I tried to receive pictures and I can't. Takes a lot time to load. And always, forces to close and then I have to open it again. You have limit to how many words you can send.",0

I found out with the appstore update and being logged out that this app only works if you are logged into appstore. It calls home to authenticate itself. Not good. Where else does it call that you do not know,0

"Everyone I know has free texting. This app must be for prepaid phone's. lol Amazon! Today's app is junk, Will pass on this one.",0

This App Says Get Free! Texting But U Have To Pay For Every Text U Write.Give Us Text Now It Should not Just Be For iPods,0

I have the free version of this on my Droid X because my son has an iPod Touch. This let's me text with him since I can't call him on that device. For those with wifi only devices like a tablet this app is a nice alternative. Especially if you don't have,1

I already paid for a data plan on my phone but not a text program. This software saved me money by letting me send texts. Some people are confused by the fact that my phone calls and texts come from different numbers.,1

yea so im 12 & i have a kindle fire but i do not have a cell phone. so i got this app and now i can txt all of my ffriends thank u text plus ppl!!! :),1

Use it alot buy I wish you got more free minutes to make phone calls when phone is down,1

"Google voice is better. And if Verizon is screwing you over just come to Sprint, unlimited everything for 70 bucks.",0

"Has anyone yet twigged to the fact that messages sent via someone else's phone number are no longer yours? That you are giving this app permission to read and store your messages? That an unscrupulous developer could eavesdrop on your messages, and even ",0

Very eadsy to use app. This my main texting app.,1

why would you get this for \$ just get the free one the only new thing it does from the free one is voice messages,0

two words: unlimited text messaging. besides there is google voice. this app is just pointless. not to mention that you need a separate number as well.,0

Come on Amazon!! A free texting app? Really? Who is picking these stupid free app of the day??? Do any of you BOTHER to read what people post?? Why not pick an app WE'D like to be free?!? And for you... XOOM owners... the Galaxy Tab can text...ha ha ha h,0

"I have this app on my Rezound phone,Incredible phone,Galaxy Tab and Kindle Fire.My favorites feature is no matter which device I'm using it sends incoming to them all, making it easier to answer. Let's say I start a conversation on my Tab or Fire and hav",1

"UNINSTALLED. This is crap. is has a few good features, but fails at function. I sent a picture of my rum and coke to a buddy, and this app didnt send it until a WEEK later at NINE in the morning. now my buddy thinks im a raging alcoholic. Thanks text pl",0

on the pics and stuff it shows u can revive pics and call people but that's not true its just like he first one!!!!,0

"one of the worst free for the day apps yet. even if you don't have unlimited texts, don't bother

with this. you'll eventually be charged and it has the ability to read info you send out. doesn't sound very safe to me.unlimited text plans are pretty cheap",0

"I have two people I text on a regular basis. TWO. I do not like cell phones, because I'm a student and I seem to always forget to put the dang thing on vibrate while in class. When a cell phone rings while you are in class, it is Not A Good Thing. I ",1

I live where I get not cell service and this app takes great care of it. NOTE :You will get a phone number that's different from where you are so you need to tell t he people you text it's you the first couple of times. Love this app,1

I do not understand why this paid version is so out of sync with the same program available on the play store. I mean way out of date. There is absolutely no excuse for this and it is not fair to those of us who paid for the app over here just to have a ,0

how can you beat a free text app on your tablet that does not have a phone line. And it actually works. I don't know where the 1 star people are coming from but this does exactly what it says it will do and its free. You simply can't beat that. If you w,1

I got this app for the soul purpose of texting international it even says in the description it can text to US and Canada which is where I am texting but it does not work they either need to fix this or fix the description because this is bs the free ver,0

"This application works great. I love it. My little brother has it on is Ipod, and I use it on my android. Great way to chat with other people, especially if you lose your service, but still have access to the internet on your phone through wifi.",1

"NO, most carriers still charge outrageous fees for SMS messages. It should be free but they are printing money from SMS.Solutions? This app and google voice (always free) provide you with a number that you can recieve free messaging any time you have an ",0

Hubby got me a Kindle Fire for Christmas (LOVEEEEEEEEE it). I've started eliminating debt and cutting expenses recently so I decided I'm going to make the available apps work to my advantage. I downloaded the free version on my cell and my daughter's cel,1

have friends that are text addicted when I don't have cell service is never good. This program is great to fix the issue.,1

Its is awsome its so much better than the regular text plus and you can do so much more. SWEET!!!!!!!,1

"I like this app. You can be anomomous if you want. It's fast and easy to use. You can change your number, edit all your details, name location etc. Works with your contact app already installed on the kindle fire. I would like to know what the features a",1

I usually like stuff like this but it was boring...I like the candle and lighter apps better! This app doesn't do anything!,0

"I was leary as to having this spray free, but it has been hours of entertainment for my daughter. I still have to make sure she isn't spraying a real can of something.",1

there isn't anything you can do with it. the lighter one you see/toy with fire and can flip the lid but this is kind of sad.,0

all u do on this app is spray a can there is no goal or point to this app its dumb. don't get this app it sucks there's no colors that come out of the can it doesn't even spray for very long never get this app cuz if u do u will delete after u try it cuz,0

Dose not work good so boring I do not like it one bit not good at all bad bad bad bad,0

it so much fun just downloaded. it but van anyone tell me how to change the spray Colorado thc for making this app please try more progimax apps my favorite is the lighter.,1

I honestly love this app because it does what is says it would do. it is perfect in every way because it is MEANT TO BE POINTLESS!!!!!!! Honestly people! Some of you need to learn how to spell because.... it says what it will do in the description! and ,1

i dont understand why this app is in the top 100 because most of the apps there are actually good but NOT THIS ONE! ehat is even the point of it. uninstall if you have it and dont buy it waste of time,0

This game SUCKS! I mean what is the purpose all you do is press a button. And when I said for it to be pink it was still WHITE!! DO NOT GET THIS DUMB GAME!! MOVE ON AND HAVE A REAL PURPOSE IN LIFE.,0

the resen I vote this a 1 because it dusint work on a kindlefire but good on the andrord and ifhone,0

ok I absolutely am addicted or.obbsees which ever you prefer to lighter apps I think they are the best invention since sliced bread I always want to use that saying but this is.such a let down it.made me so mad that I shined this app and are warning all,0

when I got this app I thought I would get an app that has a picture of an lighter then make a flame but instead I got an app that makes the front of my tablet white. this app is a price of crap!!!!!!!!!!!!,0

this is a peice of poop its crap if I could I would rate it 0 stars but I have to I don't even what it is ment to be for,0

I have the kindle and all this does is make a light and sound never ever get this app it is worthless,0

all you do is push a button and then it makes a dumb sound.it is the most retarded thing I downloaded.,0

I tell my daughter that if she wants to play on the tablet she needs to do learning games. So I

downloaded this and some other money counting apps and some apps to help her tell time. This was a big hit with her. The graphics are great and they have a fe,1

I got this for my 7 year old who is learning money in 2nd grade. She loved it. Really helped her to understand the concepts and what the coins really looked like (better than the copy of a worksheet at school).,1

"We enjoy using this program, especially the sorting sequence of *coin. We must use a pencil/paper to help with the calculating of coin total, but this really adds to the teaching that, "Money equals/is Numbers". I am using this with my autistic s",1

I fine this app to be most useful when looking for good deals every day. Try it and tell someone what you think.,1

"I have had AARP for about six years and I use it got a lot of things. I use it when I travel and save money on hotels, meals and car rentals. I also have their roadside assistance plan and it is much cheaper than AAA.",1

just what I have been looking for and use it daily. I have been a member since I turned 50.,1

I have all the aarp information at my finger tips. I love being able access topics on my kindle when I think of them.,1

"Downloaded app, tried to log-in, got log-in error said I was not a member. Sent email to app support, got a reply email that was a lot of legalese mumbo jumbo. Got mad and deleted.",0

love all the info I receive from the app. keeping up with the current things out there for our age people is nice.,1

Ok AARP where is the Kindle Fire version.i side loaded this app into the Kindle Fire and it works great.,1

"tells me i am not an aarp member; i am. closes suddenly, all the time, randomly, without warning, loses data. junk. uninstalled. dont want it. ViewSonic gTablet.",0

"Unfamiliar site, difficult to maneuver! There is no sign-in available to associate directly to your account, check your preferences, or change profile.",0

"I am not sure why this app does not work on my Kindle Fire when the AARP Magazine and Bulletin both work fine, but I was very disappointed. It downloaded fine but I could not get it to open. I kept getting the message that I needed to be connected to t",0

Downloaded and installed with no problem on my kindle fire. Tried to sign in and was told I was not a member. If this is not corrected this is a worthless app. Uninstalled.,0

This is one of worst apps ever. Will not recognize me as a member. It should not be offered to anyone.,0

"This APP is a bummer, it's a lemon, it's no good! Tried several times to get into my account but kept saying I am not an AARP member. I noticed some other reviewers said the same thing. Even tried removing & downloading it again. No good. If there was a ",0

If you are an AARP member and on the go then download this app. I was even able to show my AARP card to any retailer who recognizes the power behind its' membership. AAARP always seems to get it right! Kudos!,1

This app has given me nothing but grief. If just freezes my cell phone. There is no loading beyond the login button. It works fine up to the login button. Avoid this one folks there's gotta be a better one coming. And tell em' you've read another review b,0

"kindle fire constant force close when trying to register, happens when trying to enter birth date fix it it's of no use to me",0

App not helpful for me the suggestion it gives doesn't really help me. If they give more info maybe it might be better.,0

this app does nothing on the kindle fire you just look at the animals but when you touch the animal it make a noise but is stupid stupid stupid and did I mention it was stupid so I would not recommend it at all not even the tiniest bit and do you know I b,0

fun and good for my twins Cindy and Chris. They just started preschool and now they are learning to read.,1

don't get this game u cant even pet the dogs so the names a waist . DO NOT GET NO NO NO NO! !!!!!!!!!!!!!!!!!!!!!,0

don't get this game!!!!!!!!!!!! its BAD like lame bad!!!! if u want one u can really pet go on the Internet and look up foo pets. com no spaces like this foopets.com,0

"This game stinks! It doesn't do anything GOOD! I say don't get this, when you tap on the animal you just touch it and it meows or something like that! Frustrating to ME when I bought it, I thought, this looks funny. But noooo it HAD to be stupid like I t",0

it does not do anything but say the animals name the only one that makes a sound is the kitten but not all the time. don't download,0

"I had gotten this app for my one year old cousin, and you touch the screen and most of the time it does nothing. Little picture options and does not keep my cousin busy. It also freezes. I recommend not getting it!",0

"I WAS TOTALLY SURPRISED WHEN MY GRANDDAUGHTER TOLD ME ABOUT THE FREE GAMES OFFERED TO THE KINDLE FIRE WE PURCHASED. THEY LOVE PLAYING THEM, AND THE PET THEM ANIMAL EDITION RE-ENFORCES THEIR DESIRE FOR A PUPPY. THEIR CAT LOOKED SURPRISINGLY LIKE THE ONE O",1

this game is really really really lame all u do is pet stupid animals I am only 11 and I think this worst app evr,0

Aww these baby animals are so cute I'm glad I get to PER them because how would you feel in a

world without pets,1
 I thought you would get to pet the animals and they would react!! Well they don't. They are just pictures of animals that you touch and they make a noise! DO NOT GET THIS APP!s,0
 "Ads and more ads. The animals did nothing when you touched the screen. Even the smallest grandkids were NOT entertained, but were more annoyed than anything.",0
 I thought you could interact with the anamals but it only makes 1 sound every minute. I think you shouldn't get this app. It was a huge disappoint.,0
 who would waste their time stroking fake pets.its a waste of time.you could do much better things with your time.DO NOT GET THIS APP!!!,0
 this game is crap I thought it would be like fish adventure or birdland but no it sucks don't purchase it.it sucks believe me,0
 I thought that it would be ok even though everyone else said it sucked but it really does suck I couldn't even make the animals do anything not even make a noise!!! I recommend you don't get it!!!,0
 it only gives you a picture of a bear and you pet the bear it does not do any thing.Its just a dumb picture.,0
 I love puppies so when I found this game I was so happy to see that they had my kinds of pets,1
 "This app is dumb. Its stupid. only shows pictures of ten animals.I would only recommend it for kindle owners with 2 year old kids, NOT adult or teenage people.",0
 I have a cat that is much more fun to pet than this app. stupid stupid STUPID! don't download. I'M WARNING YOU! READ THE REVIEW! DOWNLOAD AND YOU SHALL BE CURSED! BWAHHAAHAHAHA!,0
 Jeez you have to agree to something of course I didn't read it cuz I'm lazy but still it came harm your dvice.I don't think this is the best app.,0
 what the f*** is this for nobody will like it not even baby's like u stare at cute pics. while like they make a sound oh wow big deal,0
 it is so stupid all their is is pictures and words and it doesn't even make any sound. it is the worst game ever! I hate it. you cant even pet the animal.,0
 my daughter was sad. nothing to do at all. we erased it in 10 seconds. what a shame...could of beenfun,0
 it just a pic of an animal and it doesn't work somebody just wanted to have an app andget known for how bad it sucks!,0
 "Very good. Great pictures of baby animals. Fun for any animal lover,any age. And its FREE! What a deal and great app!",1
 how do u even do this game wft is this u got to flip over cards i got the game but dot even play the dump game this for slow people,0
 this is so stupid u click on the name and a voice just says it its just pic of cute furry baby animals!! Such a rip off!!!!,0
 this is the worst game in the world. navery get this game because you will reaget it .bealve me I now.,0
 "okay,im not quite sure what to do with this app,i got it for my brother, but when you touch the animals nothing happens, not even a noise,so im confused.",0
 it's a nice game but i think it would be better on a tablet. with the screen size on my og droid it makes it hard to drive the fish around.,1
 The controls are just fine and this is a fun game for a while. The adventure mode can be beat in an hour or two but it is certainly worth downloading.,1
 "I got this app not exactly knowing what it was but became quite addicted to it, and its as simple as it sounds grow your fish!!, it's a simple game but still maintains a good level of challengehd2- android",1
 I have been waiting so long for a gamelike this. Survival of the fittest. Eat anything smaller than you. Get eaten by bigger creatures. Grow! Eat the bigger guys who messed with you before. It's a simple and fun concept. Spore uses it. Darwin's island m,1
 "A great time passer. Haven't been playing it long, but - so far - it is a cute game. Try it",1
 "This is very similar to a Popcap game I really enjoyed on the PC, Feeding Frenzy. The more little fish you eat, the bigger you get. The bigger you get, the bigger fish you can eat.",1
 "Great game seems dull at first, but gets better. Lots of levels with a shop to purchase upgrades. This game seems stupid at first because of the levels where they teach you how to play. Hang in there and you'll like it!",1
 "Graphics are ok, sounds are ok. But game was too simple so I stopped playing after just a few minutes. When I closed the game, the sounds continued to play. Started game again and used task manager to kill it. Game closed, but sounds continued still.",0
 "Great adventure game. It's awesome, fun, and time-eating. I recommend this game for anyone looking for something that requires good strategy or that has a slight challenge to it while not being too difficult. Overall I love it and would pay up to \$7 for ",1
 "I don't like 'endless' type games so I'm very glad this has levels. The menu is slightly pixelated and cheap looking, but the game is excellent. Cute and colorful,good sounds and nice controls. I prefer the joystick control but it's nice to have a choice",1
 I downloaded this as the FAOTD and it reminded me of a game called Osmosis I got as the FAOTD as well. I loved that game and the fish game was quite similar but a little easier to understand since it was easy to tell bad fish rather than bad cells.,1

"Fun game, many levels and two different difficulties. Its addictive, I have beat the game once and am going back to play them all on Advanced.",1

"The "most helpful reviews" for this game are not helpful at all. If you read only that, you will never give a chance to the this little lovely game. It is a very good game , similar to the famous game named "Helium", which I uninstall",1

While the game itself is fun and cute. Most of it is used to save money and then build up your self confidence to play survival mode. And endlessly fun throw your phone at the wall and play it again kind of fun.,1

"Games like this have been around for a long time and, having played several versions myself, I find the effort and quality of this game rather lacking. There are many free games like this online that are much more fun.",0

The goal is to eat fish smaller than yourself without being eaten along the way. A very cute game that gradually increases in difficulty. My 4 year old enjoys playing the easier levels and I like the more challenging ones. I like how you can upgrade y,1

"Ad free? Meh- not really .. never mind that you really can't even play this game without buying add ons. I get the premise of selling more powers in games, everyone has to make a buck but this game equates to nothing except swimming a fish around to eat",0

"Got this game and can't stop playing. Fun fun fun, beat part is competing for the highest score in the online leader board.",1

Had to delete it due to its lameness. Could possibly be fun for others who don't find simple things entertaining.,0

"This is game is simple to understand and does not need a long tutorial to figure out. Its best aspect is the desire for improvement, meaning the player always wants a bigger and faster fish. The game has an variety of powerups the player can use to catch",1

simple fun power ups perfect graphics enjoyable gameplay for a good game it'll take half your battery and that's after 10 levels. happy fun.,1

Have not heard of this & don't recall downloading.Did you know Amazon does this bait & switch sort of think with the discounts for applying for an Amazon card?,0

This game kept me occupied for a long time. Wish there were more levels.Great game which advances through levels with a chance to set your personal performance.,1

"This game is fun, esp when bored and you don't want to think too much. I enjoy the different fish you have to conquer or run from.",1

I was all set to hate this game based on other user reviews and when i played it... i found it fun and entertaining. I dislike joystick games so having to tilt my kindle fire isn't a problem for me like for other users. You eat other fish and earn coins ,1

holy crap what a terrible game. talk about trying to ride the coattails of angry birds. the leveling system is a rip off of birds. and this game is so boring.,0

"While I didn't pay for the app, I got it via Blackmart/4shared, it was a great game. The adventure mode provides a real challenge, with great replay value. definitely a must!",1

"all you do is swim around and eat little fish, a waste of two dollars. do not buy this app!",0

"Over the years I've seen them add and take away different stuff, but the game is always fun and challenging. Addicting too!",1

Remember back when you could go to a store and buy a computer game? They had many levels...you could play them for days...now we only get offered Apps...little peices of games filled with adds. spyware and malware. And if they dont...well wait around til,0

"This game is NOT free (or going to be free) of ads/IAPs. If you remember their other recent FaotD (missile defenders), that game also had no IAPs and no ads for the FaotD promotion. Now, it has both ads and IAPs.Not only this, but about 2 weeks ago I che",0

it an easy past time game that is callmig. you dont have to touch your screen. you tilt your device. fun. family approved (i think that anyway).,1

"At first, this games controls annoyed me until I turned on the on-screen controls instead of the lame finger leader controls that are default. Now, this game rivals angry birds to me. Switch your controls and give it a try. HTC G2",1

This is one of the better editing program for android. It works well and is easy to learn if your a novice.. If you previously had photo editing programs it's a cinch to master. It covers most of the retouching components.,1

"This is exactly what I need. Sadly, I only learned that it won't work on my enTourage Pocket Edge AFTER I shelled out cash for it. Running Android 2.2.1. Wouldn't install. (Can I have my two bucks back?)",0

"This app makes the tablet worth while. Just being able to resize, rotate, and color correct on the ""very mobile"" is GREAT! In any emergency you can clean up a shot and have it ready for whatever your need. This is an invaluable tool, and I can't beleive ",1

This app lets you put apps into groups so that when you are looking for something you dont have to scan threw the 200 apps on your phone. This is a great app.,1

"This really does put labels on your apps. It really does gather them into labeled files. That is, it does that for the apps it feelslike listing -- and it persistently left out a good half of mine. Undoing everything and starting from the beginning s",0

Absolutely required on my Gingerbread device which has no native folder app and even on ICS this blows the doors off the native foldering. Customizable folders with customizable icons makes the

difference to this user.,1

This app is extremely easy to set up and use making it easier to find the apps I need without having to scroll through all of them looking for a particular one.,1

Really like as it works as I expected. Have to play just a little to find all the options,1

"It works well and it's ad-free. I use this app nearly every time I use my tablet. I see the author has only one other app and it's a paid app that I don't need. I wish he would develop more apps, even if they were paid; I think he has done good work a",1

Everyone should have this one! Organized apps are a must have on any device and this one does the job.,1

"This app is very easy to use to organize your apps in one place so you can have them on your home screens. I like being able to categorize my apps and have them in one icon like games, e-mail apps etc...",1

"I have been using this program for several months now on a variety of different Android platforms, and it has always worked. The app is simple to use and the price (free) is wonderful.",1

I didn't like the set up on it. Still looking for an app organizer...just want something simple...that I can manage myself,0

this stinks! not worth my time! I mean seriously pushing buttons the whole time. please stop making terrible apps! I'm begging you! it's torture! don't get this!!!!!! thank goodness it was free! I mean it.my rating. : (,0

this game is extremely confusing and extremely frustrating !!! this app totally sucks don't waste your time and get a better app this one sucks,0

I played this. it has realistic fight sounds and awesome graphics. I recommend you to get it. :) Ps.. it is awesome,1

"My son wanted this app, it looked ok, so I let him download it. All it is is noises that sound like hitting or punching someone. Nothing else. Frankly, we have enough violence in the world without apps that sound like violent acts. I deleted it from my d",0

I REALLY LIKE THIS SITE IT REALLY KEEPS ME POSTED ABOUT PEOPLE ON THIS SITE AND I WOULD TELL OTHERS ABOUT THIS SITE!,1

I love it. So easy to use! On my Kindle Fire. Clear pictures & can say hello on the run and get quick updates.,1

CARING BRIDGE IS AN EXCELLENT WAY FOR ALL OF US TO STAY CURRENT REGARDING THE HEALTH STATUS OF A FRIEND OR RELATIVE.,1

for not letting us lose touch with our friends going through with health problems..this is a great product! Use it and hopefully your friends won't have to use it during a health problem.,1

great program for keeping track of my friend's illness and staying in touch with him. I am very happy with app,1

I joined this website a couple of years ago when a friend of mine had cancer. It is a great way to stay informed about the health of a friend or loved one when you don't get to see or talk to them everyday. I was excited to find an app for it. It is ,1

"CaringBridge is a wonderful place to post status updates on someone in the hospital, hospice, or struggling with issues. It is easy to use and to administer. Having the app on my Kindle was a big help while someone I cared about was struggling.",1

Every time I try to open it on my Kindle Fire it ALWAYS force closes. Other than that I like the app.,0

"All this is, is a bunch of links to YouTube videos, most of which have been taken down, because the uploads themselves violate Fox's copyright. I can hardly believe this app is actually allowed in the marketplace. It's actually getting you to pay for it",0

"once I got it for \$.99, I got banned from YouTube pretty much right after I got it. So I had to delete the app and I wasted \$.99 on it. But, when I had it and I wasn't banned from YouTube, I found this app very disappointing. don't waste ur time and money o",0

Using this app to get to Glee videos will not work because the user has been banned from YouTube. Do not waste your money.,0

I didn't read all the reviews and it's ranked 88 in the top paid apps I bought it and called Amazon because I don't get ripped off and just talk about it so the problem has been reported and I'm confident in Amazon company to keep anyone else from getting,0

I was on the fence on buying this app because of the other review and I am happy I did you just have to remember the only people who put out reviews are the people who don't like it. p.s. hope I helped u,1

when I was trying to buy this app it wouldn't work don't waste your money on this app. it's not worth spending it. I hope it's on iPod. I bet it's better on there than it is on Kindle Fire. don't waste your money on this. you should read my review first.,0

Reviewers should write to the app developers to fix the bugs on this app. Don't buy app. sorry DUDU Apps.,0

I don't actually have the app but I love Glee. so I might try the game out. I LOVE GLEE!,1

"game is ok when it works, but it won't run for long. loads slow, crashes every time you load it past level 7. uninstalled. m Droid.",0

don't know what the other reviewer is on about. works wonderfully well on the 3.1 Xoom tablet. the game itself has some well thought out controls which are different. require some fine timing

[illegible]

worked. Will update score when it works.,0
 UnInstalled after a few attempts at second level. How do you even play this game?!?? Cool graphics but can't get very far. Wouldn't recommend. Droid X.,0
 Motorola Droid. Never gets past the loading screen. How can you release an app not tested on a Droid? Remove from market or insert incompatibility report.,0
 "Like the title says, app won't install. It downloads just fine, but won't complete the install. First time I've ever had this problem.",0
 "I love this book and reading it to my students. Now, that I have a young son, I also enjoy reading it to him. This app makes the book come alive for both of us and I myself thoroughly enjoy the sound effects.",1
 This is a fun book for children just learning to read. It bolsters confidence in reading and it is Dr Seuss!,1
 I love these books. I enjoy reading it to my son even if he is a little grow up now.,1
 "works as it should, great little app. pictures are clear. sound is great on my phone and my nook color",1
 This app was bought for my granddaughter and she loves it it reads the book to her so she can take it all around the house,1
 My 3 year old daughter loves to play with Mr. Brown Can Moo and all of the Dr. Seuss book apps. She loves how it both reads to her and she can click on either the words or pictures to have them said out loud. A great learning app.,1
 The kids loved this. It was wonderful to be able to sit down with them and get them involved. They enjoyed the touch screen noises and when it read to them. They also were able to read together which was nice. I would recommend this and the other boo,1
 "I totally love this, wow talk about keeping your mind quick this keeps me on my toes I know when I am having a hard day or a day that I have greater clarity. This is a great mental workout.",1
 "I downloaded this game to my KF HD today, thinking this would be a great time killer. However, downloading Touch the Numbers ended up being a time WASTER! The game continually stopped responding on the opening screen where I input my name. I tried uninst",0
 This game is so much fun. The object is to hit the numbers in numerical order and try and get a better your score each time you play a new game.,1
 This website is awesome! I recommend it to anyone! I have started talking to a guy on eharmony and have met up with him already. we are planning on meeting again and I hope it eventually turns into a relationship!,1
 With this app I can access my eHarmony account from almost anywhere if my Kinddle is within range of a Wi-Fi signal. It is very convenient. I think many eHarmony users would enjoy this app.,1
 "I've never had any problems whatsoever! I was able to complete entire profile, questionnaire, uploading of photos and browse my matches. I would definitely recommend to friends & family...Great App! :-)",1
 i don't even need to log onto my computer to access e harmony anymore. Everything you need is on this app,1
 Every morning when I read my devotionals I end up by reading a few of these quotes to get my day started. They have a nice background that I wish more things I read had because it is pleasing to the eyes.,1
 just reading the example made me inspired GET THESE APP NOW 4REALS and the one by Michael Jordin made feel inspire to after my dream,1
 "I love having the quotes on my Kindle Fire, there to read anytime I want....can't go wrong getting this app. Awesome!",1
 it is so bad i cant even describe how bad it is it repeats it doesn't let you favorite it is bad spelling and puncuation. don't get this app,0
 this game great but has no directions so here they are1. tap to pause. 2. swipe to change direction 3. can go through the walls.,1
 I have so much fun with this game. Since I grew up with a Nokia cell phone I played this game for hours when I was a teen.,1
 This app is a lot of fun. I love snake. This is the best snake game I hva found. I highly recommend this app. You should get this app.,1
 so bad I can't play that game anymore so don't buy this. its just bad bad I'm going delete this game,0
 wonderful app. no hassles. takes you strate to the game so u can get rite to playing.. i like it,1
 "This app runs very, very clunky. Even though it was free, it wasn't worth the time to download and even play once. Boring.",0
 I was so dang confused!!!!!! It doesnt even make any sense!!!! I would Not recommend This app. It sucks butt.,0
 This game will engage you for hours! It definitely gets tricky. Game is user friendly on the Kindle Fire and I have found no glitches thus far. The game was free so I am extremely happy with the purchase!,1
 My 7-year-old is so fat he only plays his kindle fire he never wants to go outside with me he's always playing this game.,0
 I love this game! It's totally awesome. I play the classic snake game on the computer and wanted it for my kindle fire. I picked the right one. This is so much better than the other snake game

and free too. I like being able to set different speeds and l,1
I use this on my cell phone and ipad. It works great because it is fast on 3g as well as WiFi. If I could replace the default browser with this one and save the memory I would do so in a heartbeat!,1
"Absolutely a must for me and I recommend to everyone. This makes browsing on the phone so much more efficient. The Dolphin Browser HD is also wonderful, if you have a phone with decent resources.",1
love the create your own gestures feature. tabbed browsing and easy cookie and cache cleaning helps it to work very well on tablets. clean & simple to use. highly recommended!,1
i love this browser its fast and full featured. i really wanted to like the firefox browser better as i love firefox on my desktop. however its slower and more awkward than dolphin...,1
"Instead of going into a lot of detail, let me just say I use this every time I go onto the internet with my cell. In the window of this browser I have AOL, Google, Facebook, my bank, Walmart, and more. All I have to do is click on the Dolphin icon on m",1
"Doesn't work with kindle hd. Uninstalled it. Still trying to find a kindle browser that I like. I like streaming internet radio directly from the station websites, not using I heart radio or pandora.",0
"I have downloaded and tried several browsers. I'm looking for a browser that supports the Adobe Flash I have on my tablet. I heard good things about this one so I tried it. It starts to load the URL then stops about halfway. I tried refreshing, I tried ",0
Much faster than the supplied browser on my phone. Has easy features to learn and is reliable. Well worth the low cost.,1
"I've had this for months now on my Thunderbolt. After trying several different browser apps, I found this one. It works perfectly! Quick, searches Google in a flash, is easy to read, add bookmarks, exit, and just plain use in general. I will ha",1
I got tired of fighting with the default browser on the Thrive. I looked around and based on reviews decided to give Dolphin Browser Mini a try. It has not had any of the problems of the Thrive browser. I recommend it with no hesitations.,1
"I got an LG Thrive, which for a cheaper Android, is pretty decent, but the stock browser on it is terrible. It would load about 75% of the way and just hang on every other page you attempted to go to. I thought it was the wifi and I was on the edge singl",1
"The Dolphin Browser Mini (or its big brother, Dolphin Browser HD, which is not available from the Amazon App Store but is available from other sources) is a ""must have"" if only because it can identify itself as a Desktop browser instead of a mobile brows",1
This app is by far the best free app I have downloaded. It has improved my phone's browser ten fold. so many features. all around 10 star app. thank you,1
"I should say I have the HD version, and I sideloaded it onto my Kindle Fire. It works great though, makes a great upgrade to the vanilla amazon browser that comes with the Kindle. Even better, it supports flash so I can watch stuff like youtube on my kin",1
"Tried every browser. Even alpha tested some. This one takes the cake. Wish they could add some stuff, but it would take away from the simplicity and beauty in the design. Simple and fast for a great browser.Update: The update looks great!",1
"If only they had dolphin for the desktop! This browser is efficient, very fast, and doesn't spend a lot of time updating tracking databases. Browsing speed increased by a factor of 5 over the default chrome browser on my phone. This browser has worked ",1
I originally got this for my Kindle Fire HD and worked great. I got this for my android smart phone a works just as good.,1
This is a very good browser and better than the default Android browser.New Update.I've been using Dolphin Mini browser for a few months now and I no longer like it.Most of the links that I use on websites will not open up in this browser.I also have tro,0
"Took a second to figure how it works, and that you fill in the info. on the right and read the results on the left, but... cripes!... this thing converts EVERYTHING and does it easily.",1
I love this package. I use it to convert British pounds to Euros to American dollars. I also use it quite a lot to convert measurements (dry and wet) so I can convert grams to troy ounces to pennyweights. Most helpful tool. My husband and I watch som,1
I purchased this app on the app store for my Kindle Fire. I could not be happier with the usefullness of this product and so far have had absolutely no problems with using this app. It is very intuitive.,1
I like this app. I am always looking for a conversion factor for metric to imperial measurements whether it is kilometers or millimeters.,1
This is a handy app for making all kinds of conversions. If you need to go to from metric to standard this is useful.,1
Great conversions. You can convert measurement into almost any other measurement. Covers a wide range of measurements. I use it frequently.,1
"This program has every unit conversion you could imagine. I don't use some of them, but it lets you customize the units that you use and don't have to scroll through units you don't use or even understand what they do. Great free program.",1
"There are conversions in here I did not know existed. I originally purchased it for a quick currency converter (works great, especially if you update the currency rates frequently...done by

clicking the "update currency" button).I have used it fo",1

"This Unit Converter is very complete, having every category I could even conceivably need and all of the standard units, including some obscure ones I never heard of before. This installed and runs perfectly on myKindle Fire, Full Color 7" Multi-touch Di",1

"This is a very handy app I use it quite often and highly recommend it if you need to do conversions on weight, area, volume, angles, Etc Etc",1

"If you do any sort of engineering work of any kind,this app beats the stuffing out of your calculator. Don't need to do no key sequences.etc. Wow...very nicely done. The list of conversion categories is just staggering.",1

"I find this app very useful. The set-up has many category selections, within that, there are units, and then value. I didn't know there is a difference in a US cup and a metric cup - I thought a cup was a cup! So, not only do I get the information I t",1

"I purchased and installed this app on my kindle fire and it seemed to work just fine the first time, but after that first run all it does now is cause the screen to flash and then returns home. I uninstalled it a few minutes later.",0

"Item one great buy I love it , I use all the time.it a must keep app.I use at the office ,home and with school work.",1

Nifty little program to do simple converting. I do recommend this program for simple everyday use at home or in the store.,1

i downloaded this to my Kindle Fire and i use this all the time. it works great. No Complaints at all,1

I have seen many of these types of programs especially for Windows. Most were a febel attempt to make a in depth program. How come it took Android operating system to get something this in depth onto the market. I have an engineering degree in electroni,1

"I was looking for a free currency converter, when I came across this one. works like a champ and the choices to pick from are amazing. hard to believe it is free! love it.",1

"No matter how many times I tried to convert a niumber to a fraction, I always had to ask someone else for the formula. Not anymore, this works each time, everytime! What a great app.",1

"I was looking for a metric converter but found more than that. I don't know what some of the categories are, but it's good to have. Too bad I didn't have something even close to this in high school or college. Remember that? When we had to do everythi",1

I use many of these conversions on a daily basis. Great app. Interface is not immediately intuitive but once you realize how the app is set up finding conversions is extremely easy.,1

"I give this app very high marks for the flexible way that you can choose your favoite categories of measurement and make it even easier than the way it comes with all of the areas selected. It is quick, easy to understand and best of all it's FREE!",1

"This is great because you just enter one unit of measurement, such as an inch and it converts it to about 40 other units which can be easily scrolled through to find the one you want.",1

"First let me say that I am NOT a rocket scientist and some of the functions on this I not only do not NEED, I don't even know what they are!! Hubby is an engineer and he was very impressed with this app too. You can also have the exchange rate set up o",1

Enytime I try to go on it just quits me out. Its a good app but it only lets you use it twice,0

"I don't use this Ap often although when I need to do a conversion it is GREAT! I've used it for dimensions, weather and more.",1

"This application has been very useful for me in many instances. No matter what I'm looking to convert from or to, this application has it!",1

What a great app! It makes all type of conversions and calculations easy as pie to do. This app takes all the guesswork out of any conversion calculation.,1

Well I was looking for a free converter for medical calculations and every day stuff I got more than I expected and have covertions for things I never have to do I think. But fun to try them out. Perfect for those inquiring minds,1

"This is a universal converter. You specify a value, and it gives you the conversions in an easy to understand format. You enter a value in miles, for example, and it gives you the conversion in kilometer, inches, feet, etc.Highly recommended. And it i",1

"This app has been useful in all situations. I use it for school, vacations, track and field, and everday use as well. It is current and up-to-date. Has all types of units from all countries including biblical units. Does currency, weight, mass, yada yad",1

Always needing to convert something and this is a great tool!! Another 5 stars!! Thanks and Works great!! So helpful,1

"ConvertPad - Unit Converter can't be beat. It converts every possible thing that can be measured, even currency! This is the kind of app I would expect to pay 2 or 3 dollars for, yet its free for the taking. It's a must have in my Kindle Fire tool kit. M",1

"I use this app all the time. It converts everything I need. I have it on both my Kindle Fire and my Driod Razr Maxx and use the app on both all the time. It converts so many different types of measurement such as sound, ring size, prefixes, illumination",1

This app looks and works great. Thank you to the developers. This really helps me with work tasks. Very much appreciated.,1

"This is a very versetile calculator for your device that has all of the basic, and some advance, functions that you would ever need to do saome math. It is also great at conversions from metric

to american and visa versa.",1

I really like the conversions on the Unit Converter which readily converts items into Metric plus dollars into euros and other helpful conversions.,1

"This app has far outreached my expectations, to a fault if anything. It has many many different types of measurements.",1

"ConvertPad has proven useful, except for making temperature conversion between F and C. So far I have not been able to find a way of entering a negative temperature.",0

I have had this app on my Androi phones (present and past). It is indispensible. I am a scientist cannot remember all this stuff but it is all here. It even has a currency converter which updates. Even has a place to store your own special conversion,1

"Simple layout works just as it should. This app is extremely helpful now when I need to convert anything, I no longer have to do a search for a conversion calculator as this one does it all and its free.",1

"This is a good all around app that does everything, conversion-wise. Have used it many times...mostly for dollar to whatever, and for tips.",1

"The book "Life at the Extremes" (on my Kindle Fire) has the temperatures in Celcius only. With this app on my cellphone, I get an instant conversion to Fahrenheit. Easy to use, too.",1

I downloaded this for my Android phone and now I have it on my Kindle Fire. I can't think of a unit conversion I would need that this app doesn't have. For free too!!!,1

"I have tried about 4 or 5 other conversion apps, and none were satisfactory. This app does it all, quickly and easily, and does more conversion types than any of the others. As far as I am concerned this is the one you should try first.",1

This app let's you convert between different measurement systems quickly and easily. It's very handy for carpentry and mechanical work.,1

This app has everything one could ever need. I had two converters on my phone before. Now only one. Thank you.,1

VERY EASY AND HANDY SINCE I MAKE ORDERS FROM OTHER COUNTRIES AND LIKE TO KNOW THE EXACT AND CURRENT RATE OF EXCHANGE.,1

"I've had to use it to convert lengths and fluid volumes. It's a very handy tool. For example, the fuel additive I bought recommended adding an amount in ounces, but the measurement marks on the package were in milliliters. I used ConvertPad to solve the",1

"Had this on my smartphone first for several years and then put it on my kindle HD when I got it. Great converter, though the way it is set up is a little bust and there is a learning curve in trying to figure out how to use it. You can do just about an",1

I have been using this app on my cell phone for years. Just added it to my kindle fire. One of my all time favorite apps.,1

"Love this app. I frequently need to convert from cm to inches, or from Centigrade to farenheit (or back). It will covert just about anything.",1

If your phone/tablet can play Warheads this COULD be the one to show friends what your Android device can do.This version has almost everything from the old Atari classic Missile Command and enhances it with beautiful 3D graphics and animation effects. 0,1

"This is basically Missile Command, but with updated graphics. Great graphics, great pace, great sound effects. This is one of the few old school games that manages to keep its appeal even in such a faithful recreation. Awesome.",1

"Very cool game, faithful to missile command, good music just wish there was ambient war sounds in the background to give it a good effect and i can't really hear the missiles firing and explosions, but all in all props to the developer, good job, but ple",1

"this is a fun addictive game. It lags a bit but that can be fixed in the settings. blah blah blah, get it.",1

"Good graphics, well built game. Very repetitive gameplay, but hey with a premise like this what would you expect? Nice sound, too.",1

"I'm tried of of being asked to post my scores, playtime and other information to feint, so when I see the leaves, it gets one star.",0

"This is by far the best missile defense game I've played since the original missile command came out. The graphics look good, the effects are great, and the action moves fast. I can see how the particle effects may slow down some lower end machines. But",1

"This game is a killer blend of old and new school technologies, and I love seeing the classics come to the Android platform. 5 stars! Droid incredible.",1

"Two things in order for me to want this. Get higher resolution screen shots. These are horrible. Gives you the idea that graphics suck. And ditch feint, I don't want to post scores and hate being asked every time. At least put an option to turn off fein",0

"This game is simply amazing. The music is epic, the visuals are amazing and the game play is what you'd expect from a missile defense game.Definitely give it a try! You won't be disappointed.",1

Fun missile defense game. Graphics are great. Did not expect it to look this good.The key to long term survival is to not waste ammo and don't lose bases.,1

"I was a little hesitant to d/l this game w/its huge file size since my phone doesn't have a lot of internal memory to play with but I was relieved to see that all but 760kb went onto my SD card. :D I think the graphics are just wonderful and, contrary ",1

"The gameplay is the same as old missile defense games of yore. The graphics are pretty good, and

while the screen shake effect seems kind of cool it wears thin pretty fast. Voicee overs also become annoying pretty fast, perhaps if there was more variet",0

are you kidding!? this has to be the most dull game ever! no friggin joke... dont bother wasting your time hoping that it gets better like i did ... haha,0

"Good app, very challenging game play. It is a little laggy on my Galaxy S, but I am sure some of the newer phones would have absolutely no problem. Would be nice if you could lower the graphics significantly. I had to uninstall because it would not pl",1

"Worked on my other phone and was very nice, too bad it crashes as soon as it starts on HTC ONE X",0

This is a great game its not hard and its not boring and its allot of fun.its alwways fun to beat your high score,1

You should get this game its a great time waster. Its can't get hard after level 20. Give this game a 5 ratings.,1

"Not a bad concept, but it has got to be the most annoying game ever. No way to turn the sound off, and the volume control button does nothing when the game is open. And the options in the settings menu are impossible to switch. Gameplay isnt bad, but I c",0

I enjoy game remakes that are faithful to the original. Well done. This is a fun game. How many characters do you need?,1

So I read the description and as soon as I saw the words missile defense I was like great this is gonna be a missile command rip off. Well that's exactly what this is and its fantastic. I hated the original missile command but this game looks beautiful a,1

"This game is actually quite challenging once you dive into it. On top of that it's a completely new concept of shooting your own missiles to block missiles. Collateral damage, cool graphics, and smooth game play are all nice on my samsung galaxy s vibran",1

"I have to admit that this makes my phone smell like poop but I really don't mind. I am going to like it, poop or no poop.",1

hey! Pay Atten! this is not Missle Command Classic! This Warhead game is like Missle Command.. BUT.. it's come with 360 degree defense!! i love this game!! realism missle attack and ground shake... so real game!! i m giving this game 5 stars!!T mobi,1

Wow! An amazing remake of the classic 80's arcade. Amazing graphics and sound effects make the game 10 times more enjoyable than the original.,1

I just downloaded the app and played ten waves. This is a good missile defense app. The graphics look great on my Samsung Vibrant. There are a lot of missiles raining down on your four different sectors so you have to stay sharp. Nice addition to the,1

I still haven't gotten bored of it and I have had it for three months.How can you get bored of this,1

"My Daughter says she isn't impressed with this app, she says in her opinion it lagged out to much. She says you could only do so much in one day.",0

Galaxy Vibrant (TMobile). Was super excited to create my own zombie pet (Benesaizombie) but couldn't even get it to load. Took four attempts to uninstall! Wants to retrieve other app info. Remember it is always a bad idea to store passwords and other sen,0

I'm keen come on purplepenguin can u do any better with it this game sucks. so bad I just I cant even begin,0

this game is the BEST game ever in the world and people do not know wat they are talking about,1

is the most awesome game in the history of history! I love love love love love love loved the game,1

"It was WORTH EVERY PENNY;) Lol. in all seriousness, if you are bored its a nice thing to play once a month, and it has great graphics, but then again, I could stare at a wall for 5 hours and not get hired, so maybe that is simply me.",1

"This app was not fun at all. I was thinking something like Nintendogs, but with a fun twist, but completely wrong. I played it for ten minutes and was completely bored. I gave it another undeserving ten minutes of play and noticed nothing was going to ha",0

"if I could lower the rating on this game I would. there is no point in this app. play for about 10 seconds and you'll see. If you are looking at this app, you're wasting your time.",0

"it's a simple 3d model with few actions. they added a poor leveling system wherein you gain expeience and levels by going through a few of the model's pre-programed actions. i'm sure it was quite a bit of work for one guy(or girl), but this isnt a game.",0

I love this game and my mom. said I'm too young to have this gamesoyeahmymomissortameansoyeahokward,1

I don't no if I should get this app is it good or is it bad.please tell me I need to no now,0

What a horrible scam it is the worst game ever if you want a fun zombie game or atleast something you can laugh at play memes vs. zombies. This game SUKS N00BS!!!!,0

Terrible graphics along with confusing gameplay. This game made me want to throw my whole tablet away. Do NOT even try this game!,0

"so I get this app thinking it would be like zombie life but more graphic. boy was I wrong all u do is press a button to watch a zombie jump up and down, or another one to make it eat (which is just him doing had mottions into his mouth). the people who ",0

this game is soooo w and i've seen games like it. i would NOT recemend this to friends or family. it needs more stuff than feed and run.,0

holy crap that's creepy when I shod my cuz he ran away and hit the wall ha ha classical and had be take to the dang docter cruse u game!,0

totally not worth it at all. graphics are lame. got boring very fast. not at all what I had expected. all you do is beat it up and watch it move very dumbly,0

I did not get it if u hate it like I do I recommend block story minecraft etc.but wat do I know I'm just a nine year old...,0

"I'm a person and I think people are lame so ya don't call apps lame this one is great creators you did a good job but come out with a my pet zombie 1,2,3 I bet they will be great.",1

so boring I fell asleep litalary I mean ur just watching the zombie do stuff I thought it would be cool but I thought wrong do not get it and I do no regimens this to a friend,0

this game is so lame and boring I truly don't recomend it for any one I wish I read the reviews. first,0

one of the worst games I have ever played. waste time. If I could give it no stars I would.,0

Very few things to do and you only press buttons. Played for a minute then quit.

Boring!!!!!!!!!!!!!! Waste of a download.,0

I love it its a good game of u really like zombies right frank uhuhuhuhuhuh well got to go I'm chilling with my zombie say bye frank uhuhuhuh,1

Too bad. I would have liked to have tried this game. It just says "loading..." but never does anything else. I even set my kindle down and went to lunch. When I came back it was still the same.,0

this is the game where there is nothing to say about sceptically for it is the awesomest game I downloaded,1

I was hoping for a cool zombie game. it is a really cool idea but this game does not really live up to it. very little options. hope someone expands on this idea.,0

"I have used this app for ages because I usually fly on AA.However, there is now a version 3.5.1 for this app, and I can find no way to get the updated version on Kindle Fire.Therefore I can no longer use this app on my Kindle.Hopefully Amazon will resolv",0

Kindle Fire User: I am so glad that I stopped trying to get the Flightview app to work and got the American Airlines app instead. I have access to my entire account right there so I can be assured that the information is the most current and is correct.,1

I find this very handy as I use a AA vard and travel as much as I can with AA . They call with update the day you are flying so that help to arrange the proper time to travel time to airports.,1

Due to weather several of my flights were delayed and the AA program was easy to access and get my updated information. It also gave me connecting gate information before I even got off the first plane to the connecting flight. Very helpful!,1

allows us to check on the flights that we are taking with AA and be sent notifications of their departure. Can check in on the phone...we will see how well this works when we are in St Maarten,1

"Before retiring I flew more than 100,000 miles a year and never left the United States. This little ap was my most used software while travelling. Don't leave home without it.",1

I really do like being able to review my flight arrangements and view my options for all of my travel needs.,1

"I got this when I booked travel on American Airlines, and it is easy to navigate and use. No issues to report.",1

"Downloaded and installed just fine. Tried to log in and got a pop up window that said not supported, upgrade app to use.Well that would all well and dandy, but not place have I found to get an update.",0

"I havn't had a chance to use it. I am not a globe trotter, but at first glance, the rates didn't seem attractive.",0

Gives me more flexibility when sitting in an airport which is all too frequent these days. Now we need an App for reserving overhead bin space.,1

Very easy to use. It is actually better than Flight Status. It also show you the flight route map in real-time (maybe a little bit delayed),1

Use it all the time! We check flights daily and this is one of the few we trust. The best!,1

I had use it various times. it works well and it is easy. It is very close to real time. very accurate so far. I had no problems with it. I can monitor my trips and my guests trips.,1

i got this app while i was on a flight to California using inflight WIFI. I needed to know what gate my connecting flight was and if i had enough time to make my connection. I downloaded this app and not only did it show me the connecting information i a,1

I purchased this app -- the free version is great but the paid version gives you the flight times.Hopefully they'll update it with more options in the future. If you do purchase the app pleaselist your requests/wishes in your feedback. Hopefully they'll,1

"I get a more accuate time, without going back and forth to the ticket counter. You don't have to wait in long lines to ask a question.",1

"Kindle Fire User: I tried this app and was happy with it for a couple of days. Then, out of nowhere, it started changing my flights to ""past"" status even though they are months in the future. I refreshed constantly and it didn't help at all. ALSO THE ADD",0

"I use this to track flights my family and I take from florida, to michigan anf to florida, as well as other vacation trips.",1

I LOVE this! I work at LAX and this has been one of the best things I've ever come across. This totally eliminates the need to either call the airlines or run from terminal to terminal to check on a flight. This also works great when you have code-sha,1

This app. is an excellent one. I use it constantly while flying because it provides more up to date information about my flights than the airline app.,1

This is a must for every air traveler. It shows every flight between two airports! When you're stuck or when you're planning it is a real help.,1

this didn't work on my k/fire. I wanted to track a flight from London and it wouldn't show me it's location. I then booted up the lap top to there website and it worked great conclusion app is not as good at least for int'l flight.. Price is right!!,0

Great device for tracking flights on your tablet. I have similar products on my PC and phone and this one works just as well as both other versions.,1

"Very easy to use app, which tells me just what I want to know...whether to arrive at the airport early or put off the trip for a while, when picking up my frequent travelers. It shows the progress of the flight along the route, which is fun to see, updat",1

excellent and easy to use.,1

This is perfect. Beats waiting outside an airport for a plane that has been delayed because of weather or some other reason.,1

I use this app whenever I'm flying or someone I know is flying overseas to be able to tell exactly when they have landed for airport pickup. This app is very detailed and accurate.,1

"This is a nice app, and it doesn't appear to be stripped down or crippled as many free apps are. I used it yesterday to track my wife's flight from Atlanta, Georgia to Austin, Texas. I entered some other flights just to check out the app, and it really w",1

Easy to enter flights and a nice clear layout. Very up to date information. My gate changed and I knew about it almost instantly.,1

"I have used this app to flight-follow a family member's trips, and I really like the departure and arrival information about the flights. And a bonus is the airborne flight-following feature. Not only is it great to know that someone has departed or ar",1

"So easy to use and you get the map of the flying route. Works for all airlines. Even tells you type of plane, how high they are flying, and how much actual flying time left.",1

i dont even remember using this i deleted it so fast it must have been totally worthless. but it was free so try yourself,0

I've used this app on my iPhone for a long time. Very precise and accurate. I like knowing when the plane lands. Where the airline websites only tell you when the plane arrives at the gate.,1

My favorite!!!,1

This app works great and the best part of it that it is free,1

Must have app if you or a love one do a lot of flying or going on trips and then some.,1

"As a former private pilot, I found this progarm outstanding. It provides me with more then necessary information I need to plan my flight. I highly recommend this program. One need not be a pilot to use this.",1

Super tool to track flights. Works on domestic and international flights. If you call the airport they will give you minimum info. With this app. you will know where the. Flight is and you can plan your pick up better. For me a definat keeper.,1

Have you ever wondered just where in their flight your loved one was when flying to a destination? This is an easy to use app that shows exactly the place in the sky the plane is traveling. Times are given so you can judge when to leave for the airport,1

Love to use this to tack flights anytime anywhere. Even if you don't know the flight number or even airlines you can find a flight you are looking for.,1

"This app keeps me informed of flights that I am going to be on or flights family members are goingto be on, I love it",1

"Hey I love this app. You can track your flights on your kindle. When you have a few layovers it is very handy. I felt quite smart using this app. During the cold winter months, when there are massive cancelations... this thing is just a "must hav",1

I was recently traveling in bad weather so my flight times were constantly being changed. This app let me see the changes before we were ever notified by the airline.,1

Great resource and very easy to use.Good app and would recommend other flyers add it to their electronic resources.,1

Boy is this a handy app to track flights. Really easy to use - love the map interface - strongly recommended to anybody who ever picks up anybody at the airport!,1

Whenever people fly out to see us I can track their flight all the way across the world. The nicest thing is you know whether there going to arrive early or late. Saves a lot of waiting time at the airport.,1

No more wondering if the flight has arrived while waiting in the cellphone lot. It lets you know in real time. A very useful app if you fly a lot or offer to pick up friends and family at the airport. Used to have to hunt for this info on my laptop at ho,1

"This app is quick and easy to find a flight, see the stats on the flight and where the plane is at the moment.",1

I Have 15 seconds for level 1 that's just stupid I haven't past level 1 yet and the reveiws that said it sucked they were right don't ever get this game! its slow on kindle fire too.,0

this is a terrible game never get it. it is slow and it times you to try to get a goal it doesn't let you okay to a certain score. don't get it.,0

this game speed is very very slow. I cannot tell what is happening it is very confusing. I do not recommend this game at all.,0

after 10 seconds I deleted it. it got so boring so fast. it was also really laggy on my kindle.,0

I didn't like it what so ever it was slow and it seemed to freeze it isn't very good on kindle fire not recommended for anyone,0

This game is fun. I don't play too many games and this one was exactly what I expected Good graphics,1

"this app is pretty stupid, you'll know what I'm talking about when ur deleting it. this is definatly one the the worst app on the market. but its free.",0

if it says ur not touching the screen u can change the sentitivity of the touch. this is a fun game and works if u know.Wat's good,1

"AS I SAID BEFORE, MY GRANDCHILDREN ARE AS HOOKED TO AMAZON.COM AS I AM. THE HOCKEY LITE IS A GAME I DIDN'T KNOW THEY HAD. I'LL BE SURE TO LET THEM SHOW ME HOW IT WORKS. THE OTHER GAMES ARE BEING PLAYED REGULARLY, SO I'M SURE THIS ONE IS TOO. BEING FREE I",1

this was not my fav app and it was really slow especially with the kindle fire so if you have one do not get this app it was BORING!!!!!!!!!!!! :(),0

do not bother geting this they have faster free air hockey apps don't get this lags on my kindle fire,0

"I played this game for a short while and determined it's a keeper. I have always enjoyed air hockey and when I found this game, I had to have it. Happy with it, lots of fun and takes a bit of focus and strategy to win. :)",1

"this app has a unbelievable amount of lag on my kindle fire, I removed it within 10 seconds. what ever u do don't download it",0

I wuz playing wit my friend and we couldn't even play it Cu's it kept saying we weren't touching the friggin thing. if I could rate this a lower number it wunderkind b

-342578975432097654332112335667990087655443322113445_55667788887\$#!* u autocorrect!!!!,0

I didn't get it for no reason. n n. n .,1

"The 2-player mode works excellent on my gTab, there are not many free 2-player air hockey games and this ne works exactly as expected.",1

"All I have to say about it is that its dumb, stupid, and a huge rip off!!!!!!!!!!!! Just don't buy it!!!!!!!!!!!!",0

I dont care if u guys like it or not its ur own oppinion so shut ur mouth about it and.just pretend u love it ok that would be good ok u can say something bad about it but only in ur head ok is that ok with u yes or no people I need to know so think fast,1

This game is the worst game ever! It looked fun but its not! Don't get this app! Take my word for it.,0

love it huh hm u nh h u tc g y Bhutan ty g buy. Gb. by buggy Gb g g,1

Much like the other reviews I found this app to be slow and problematic on the Kindle Fire. The developer needs to rethink this app's design as its not release ready.,0

this app sucks if you have a fire it cant tell if I'm touching the screen or not and its very slow. don't waste your time I deleted it right away.,0

It does not matter what device you have. It only gives you 20 sec. to play the first ****in' level!,0

The most amazing technology since the phone!!!It's incredible how you don't even have to touch devices just your hands and the tranfer takes place because of the vibrations in the cloud!!! Wow!,1

"Works on Android and iPhones. Essential app for sharing contact details or other information between phones. Oh, and it is free.",1

"This app is a great way to share apps, pictures and contact information. I didn't realize that pictures were compressed to send MMS and end up being lower quality on the receiving phone until a friend told me and told me to use Bump and it wouldn't do t",1

wanted to share some pics from my phone to my Samsung tablet. It asked for GPS even though they are on the same wifi network. Then it wouldn't work. It asks for a heck of a lot of permissions considering I just wanted to share a pic with myself. Unins,0

"I actually purchased this product, and it performed as described. However I have since deleted because I found that I did not use the product and didn't want it to take up space in my smart phone.",1

"If I could give this app 10 starts I would. It works very good although it does not get all the garage sale listings from Craigslist, it does get most of them. The paid version is well worth it because it will give you voice directions. The graphics a",1

"At the time I installed this on my Kindle Fire HD, it started up really slow and lagged alot. Not very useful.",0

"This didn't give me any information that I could use. Maybe because I have the Kindle. No GPS. It's probably a fine product in an android or gps contained device, but not for me.",0

We recently moved to a rural area in Maryland and are about equi-distant from three (3) Craigs List areas. People list in all three. There are numerous small towns and communities and it is very time consuming to search all three lists for all the smal,1

"If this app is free, why am I being asked for a payment method? I'd like to try it if it's free!",0

This App is very helpful in my business. There are many things a business needs and this is definitely one.,1

"I absolutely love this app!! I sell Thirty-One products, and it's so easy to plug in the info to get a broken-down total. I highly recommend this to anyone in direct sales or with their own business!!",1

"As a new Independent MK Consultant, this really helps me figure out how much to charge my clients and customers for delivery, adding tax to subtotals, and add which percentage I need to get paid for my time. Very convenient, there is also an ad-free edit",1

"Once I installed this app on my TF Prime, I noticed these green + in my notification bar. It was spam, I have never seen that much or that kind before. I talked to my nerd friend & he gave me a link to an article about it.<...>I installed the recommen",0

Was a total waste of time to even download this wallpaper. It wouldn't work on my Kindle and I couldn't get it to work even after I reinstalled it twice. I don't think that they should advertise these wallpapers on the Kindle apps if they not going to w,0

pushes spam lame 2 frame bmp motions spam spam spam junk pushes spam lame 2 frame bmp motions spam spam spam junk pushes spam lame 2 frame bmp motions spam spam spam junk,0

The colors were too much. I could not see my other aps. This would be fine if there was nothing else on the page.,0

"From the marketing copy: Pop like you've never popped before in Aces Bubble Popper. Really? I seem to have popped by tapping collections of bubbles, blocks, dice, gems, etc in the past. The graphics are cute, but this is still not best of breed or even c",0

"This is a simple bubble popper game, but with very nice graphics. I've always liked games like this, and this one is very well done, and addictive. It is fun to see the bubbles flex as they drop and slide over.",1

Impossible to play this game if you are colorblind. Wonder why they would discriminate like this against colorblind people. Would have been able to rate better if I could actually enjoy the game.,0

This is a nice easy little game but a lot of fun. Can get addicting and the bonus games a funny sometimes.,1

quit crying if your colorblind! that has nothing to do with the gameplay if you are unable to see the game uninstall it you nitwits! like a blind man complaining about the color of a rose!,1

"Close to one of twelve males are colorblind; this game is unplayable for them (me). Many (most?) similar games have the option of using colorblind mode -- symbols or textures in addition to colors -- or a gray scale mode. At the very least, have it play ",0

"thanks app develop, this game is very fun and has awesome graphics. it feels as if im floating among the clouds with all the bubbles popping and cloud like effects. i think its a very well wrote game and is fun yet to boot.. thanks for everything u have ",1

installed this game and it froze my phone vibrant 4g during gameplay. after a reboot it has been running great. the graphics and sounds are pretty decent love that it can load to the sd card as well. sorry for all the colorblind people out there but stil,1

for many years the internet has advicated the senseless slaughter of bubbles. these small creatures have done nothing but amuse children and bring adults mindless fun when someone farts in the pool! we must take a stand against this injustice of bubbles.,0

What about a color blind mode? There is no way that a color blind person can play this game. Don't waste your money if you are color blind.,0

played on my new Acer a500 tablet where I pop it does not register but somewhere near by. and of course not full screen on a 10.1 tablet,0

I've played other bubble popping games but this is the prettiest. Downloaded it right when it "popped" up as the free app of the day. The bonus game between rounds is something new. Sammy Fascinate,1

This game works perfectly on nook color. It is full screen and calibrated. Runs smoothly and does not freeze. A great game.,1

"Don't know what other people's problem is cuz I have a Droid x & it worked flawlessly for me. You tap 2 or more of the same color bubbles to pop them. It makes a fun popping sound that I find awesome for whatever reason. It's a good, simple time wast",1

This game is a simple game that is well thought out. It involes popping bubbles which is pretty easy. Some levels have a transitional mini game within them to avoid getting popped out. The music did not get annoying. The colors weren't that great. I would ,1

This is probably my favorite game. I try others but always come back to this again. Has never frozen my epic.,1

"Downloaded this hoping it was a lot like the game on my old Windows phone. Turns out this is WAY better. Great gameplay, graphics and sounds. Works great on the gTab. Free or paid, it is a great game.",1

Only would get a black screen every time i tried to open the app. Several attempts made then uninstalled. Driod X,0

downloaded just fine. every time i try to open the gane to play it my screen goes black. I'm glad it was free. it looked pretty cool. does not work on stock EVO 4G.,0

"this game runs flawlessly on my droid 2. it's cute. the graphics are just cute, and the soundtrack is calming. sound effects made me giggle. i like it. ;-D",1

"No surprise this one made it to FAD considering how worthless it is. just another puzzle popper game clone like the millions out there. Only difference is you paid \$2.99 for this. Hey, at least it's free for today.",0

"Anyone who loved PuyoPuyo will definitely love this game. The concept is fairly simple: pop 2 or more adjacent bubbles to pop them. Calculate how to best pop the bubbles to clear all bubbles off the level. The classic mode is NOT timed, so it is easy to ",1

"Great graphics, addictive play, and fun sound effects. I gave it a shot when it was the free-app-of-the-day here, and was surprised and pleased by how solid and entertaining it turned out to be! Check it out!",1

"thanks Amazon for this lovely game today. this game is bubble burst, that game that used to come with all phones, but cuter. I figured it'll b great for my two year old but didn't want to download since it said not compatible with all tablets. but aft",1

"If you are into butterflies then is app is for you, it is so real like I could not believe it",1

application never opened so it's kinda hard to rate it. i don't quite understand why it didn't open but you may wanna look into it,0

cant get it to load or work on my phone. Anything else I have gotten worked but this one doesn't.,0

I can't even open the app so I really can't rate it. The pic is pretty on the outside though,0

I uninstalled this one. It just flat out didn't work for the tablet. I think this one may be made for a phone sized screen.,0

"Beautiful! Not too much to say about this, the photo is self explanatory. We both love butterflies so this seemed like a nice background.",1

I don't like it doesn't fit the screen both ways when you move tablet from long to tall and it is kinda boring of most screen savers I have already deleted it.,0

DO NOT DOWNLOAD THIS! IT IS A HORRIBLE WASTE OF TIME. NOT WHAT YOU WANT TRUST ME I KNOW THIS,0

Looks sweet on my Samsung Galaxy 4.0 MP3 player. You can change the size of the wallpaper and speed. My skin on the player is shades of pink so this is a great compliment.,1

"This game is a lot of fun, I like the journey mode. Great if, like me, no one you know is willing to go up against you in parcheesi.",1

You will really like this game. It is easy to play. Very close to the board game. You will get hooked,1

great game. works good with kindle fire. have had no problems. I like all the options you have. can choose how many you want to play against.,1

If you like the game trouble...then you will love this game...it is just like it and lots of fun to play...I like that I can make it 2 player and play the computer "AL" and he doesn't cheat either...nice game to play when you want some quiet time,1

I didn't like how this game was set up and was a little confusing at first. I got bored very easily,0

"I have played many forms of this game, but this game app here was very confusing to me. I played a few times to give it a fair shot, but because of the confusion, I lost interest very fast and deleted it the same day I downloaded it. I personally would n",0

"Playing on Samsung note 2. The rules are not the Parcheesi I'm familiar with. Single die so no doubles. Throw a 6 to start, not 5 and sometimes rolling a 6 would get another turn, sometimes not. The final straw, and what I gave it 1 star for- had to rest",0

This game is very addictive. I use to play this online everyday and would sit for hours play and chatting with friends. Highly recommend it!!!!,1

"If you remember that game as a youngster and liked it you'll love this app. Warning, playing against 3 computer opponents is time consuming. Graphics are just average but game play is accurate to the old style board game. I recommend this app.",1

"Like the game, it keeps me going and a good game to play when I can't sleep at night, though I sometimes lose track of time & it's daylight!",1

This app is just like the games I used to play as a kid. Lots of fun and has new additions that make some spaces different with safe and roll again.,1

I had a lot of fun with this game. Super fun if you like board games. It is a great time waster. Works great on Kindle Fire.,1

"A lot like aggravation with a few twist. Trust me, I have felt like throwing my kindle out the window a few times. My favorite games are Aggravation and Sorry and this game gives me a little taste of both. NOW if someone would do Spite and Malice, I would",1

I like this app for Kindle Fire. I was looking for something just like this. I used to play this game in Windows 3.1. The old Sierra Hoyle games were bright and colorful. This is my new replacement. Also has AI and can play against 1 computer compon,1

I got this game a while back and it reminds me of the board game Trouble! It's a fun game and easy to play. I enjoy it when I'm up at night feeding my newborn because I don't have to think much when I'm half asleep :P Definitely recommend it for anyone w,1

Awesome app. Easy to navigate. Transfers are easy. You can view all accounts. I had questions on one of my accounts and sent an email. It was answered within an hour!,1

I mainly downloaded this app to make it easier for me to pay my disocer bill every month. This

app certainly does that flawlessly. No complaints so far.,1
 I love this app. So much faster and easier! I also love my Kindle Fire as it does all I need to do....,1
 I love this app! Its really easy to use and I can make a payment on my account very easily.,1
 This works very well on my windows phone and allows me to access my account information on the go. Highly recommended,1
 If you have a discover card this is the app you want although I just have it on my kindle fire it will be really useful with a smart phone,1
 when i need it my information is available and it is safe. quick free and easy way of doing things without my computer in hand,1
 "This app is fantastic. It makes managing my Discover card very easy. Much better than the website. If you have a Kindle and a Discover Card, download this app. Its free!",1
 "Great app, just tap or click and there it is, an east way to pay with and access your Discover card. If you have a smart phone, get this app and leave your card at home.",1
 "This app. is perfect for all your mobile banking needs. I never go on their website, i just monitor and make all payments and transfers through this app.",1
 I have been using Discover for several years and there has never been a problem. I would certainly recommend Discover,1
 Makes it easier to review my discover card transactions. I use it on my iPhone too. Makes it really easy to track things.,1
 This app works very well on my Kindle. There aren't any glitches and it works really quickly. It shows my accurate statements.,1
 Have never had any problems with the app on my phone and it appears to work just as well on the kindle.,1
 If you have a credit card it is a must to have. you can do everything with this app. do,1
 "This app provides you with balances, all transactions and more. And to top it off, it was free. 5 stars!",1
 "I really found it somewhat inconvenient to pop open my laptop to check on my accounts, but with this app I was able to register my Kindle as a trusted device that I frequently use, instead constantly answering security questions when accessing my account",1
 It's great when you can get all of the information you need at one place. I recommend getting it if you have a card.,1
 Not much to say unless you are a discover card holder. Its very easy to use and navigate your account.,1
 "If you have a Discover card, this app allows you to do all of the essential things you need and want to do on their website. The UI is simple and straightforward.",1
 This app is great for accessing your discover account from your kindle. It is everything you need in an app. I have no complaints and would recommend it to anyone who has discover.,1
 this helps me keep track with all my spending and how i need to spend my money because i can check my account anytime online. i love it.,1
 Good app. Great for checking balances and making payments. Its free and convenient. Go ahead and download it. Its free.,1
 "This app is a dream come true!Pros:1) Let's you make payments2) Shows you the statement Balances3) Let's you sign up for Cashback bonus offers4) Let's you redeem your bonus balance5) Let's you search through transactions, view account activity, past stat",1
 Convenient to use and easy to install. This app makes checking my Discover balance and transactions extremely simple. I would highly recommend this app.,1
 "Already familiar with this website-based app for desktop computer use, I find most of the same features and usefulness in the Android mobile app version.",1
 "With life on the go, it's nice to be able to check your balance and see if payments have posted to your account.",1
 "Easy to use and great layout. Perfect app for what I want to do from a mobile device, which is to view account balances and make an occasional payment. Use on Kindle Fire and HTC Evo.",1
 "great app. shows balance, transaction, and interest without errors on any of my devices. highly recommend for use by all A++",1
 "Since this app did not work on my Kindle Fire HDX tablet it's easy and quick to rate a one star rating. The idea is very good, but I will have to continue using my bookmark to access Discover. I certainly would rate the app higher if it did function as i",0
 I could not get it to work the same way twice. Goofy. That is all I have to say about it.,0
 "I really like the feedly app. I wish I could give it 4-1/2 stars just because it is quite slow to load on my Android phone initially. I am not sure, though, if that might be an internet connection problem, so I figure 5 stars is probably the more fair wa",1
 Been using this for a few weeks now. So far it's been great. Replaces google reader for me. A a a,1
 I've constantly wished for a better way to manage all the news sites and blogs I follow while on my first gen kindle fire. I found feedly to be an awesome answer to my needs. I can browse daily feeds by subject or all at once. Adding new feeds is simple ,1
 "Based on the reviews this looked like the app to rule the Google Reader UI.Sadly it does not work on the Kindle Fire HD. It runs up, but does not allow you to login to any service, simply sitting

there spinning its wheels on the ""Logging in"" section.Ver",0
"excellent news aggregator. This is a really wonderful app.EQUALLY AS good.as Feed Demon used to be for the PC. For those who love the news, get this app.",1
Feedly is a great app that can find and organize a great deal of source materials into a slick format. I love how easy it is to browse through news and blog entries on all of my favorite subjects on feedly.,1
"Feedly has changed my life! Without it, I may have been the last to hear about the SOPA Act, PIPA Act, ACTA Act, or Steve Jobs passing away. All of my mobile device have this app loaded. Smooth scrolling and the layout is elegant.",1
"I've used many apps, including the integrated Chrome and IE readers. So many that perform so little.The singular task every other RSS app does is poll a list of feeds you have judiciously selected.The reason for reading a feed is to have a succinct overvi",1
"I was proactive and migrated all of my google reader feeds to feedly way before google reader was slated to go down, and all was fine. All my feeds were there, I liked the feedly format, it was great. Then I logged in after google reader was shut off. AL",0
I switched to Feedly when I learned that Google Reader was going away. This is an excellent replacement. I really liked the Google app and Freely took a bit of getting used to but for a free app I am impressed.,1
"This app has been delivering my daily reading material for a year now. It is simple, intuitive and beautiful.I recommend this to any Internet reader.",1
I really enjoy having so much information at hand. I still don't really understand all that I can do with the app but I enjoy what I can do.,1
"I love Feedly, it delivers all the information and updates I want from all my favorite sites. I like how fast and simple it is.",1
I have been using Feedly for about 3 months now since the Google reader shut down. So far I like it better and have recommended it to several others. I'm very happy with this app!,1
"I've been trying to find a good way to keep up with my favorite websites, blogs and webcomics and this is it. It even organizes them across all my devices! I love this thing.",1
This application is perfect for catching up with whatever RSS news feed you have. This is the perfect replacement to the stock Google Reader applies application.,1
After some research of various news feeders I tested Feedly. After getting use to its format I soon learned to customize and add content to it. Transferring my subscriptions from my Google reader was painless and complete. I enjoy this Kindle version bec,1
Feedly is a good app and I love how easy I can add pages or blobs I want to follow. would recommend using it.,1
"I came to Feedly via the Google Reader shutdown. I have been quite pleased with the result. I think I spend less time keeping up with my RSS reading than I used to, without missing anything. Feedly 's interface is easy to navigate on all platforms I use.",1
"I got the Feedly app to replace Google Reader and have been very impressed. It's easy to set up favorite categories, mark entire sections as read, save favorites, and share reads via social media. Feedly is now my must read every day.",1
"I was despondent when Google Reader was retired. Fortunately, I found Feedly. The developers are constantly working to improve the app and are super responsive to the user community. I love this app.",1
Awesome news reader works great on the Kindle Fireit's little like the Pulse reader.Also supports video's and lot's more.,1
"I have been using Feedly for some time, and I've been very pleased with it. Even though Google reader is going away, I won't even notice it's gone.",1
I like to use my Kindle to catch up on my fav websites and this app is by far the best one I've tried.,1
"Still giving it a full run thought, but in my search to replace Google Reader this is what I came to.So far its pretty nice and easy to use.",1
"Kids complain too much!. New to readers?. This reader has "a huge list of RS news feeds from around the world", it's formatted to look great on Kindle Fire, has dark and light themes, and plenty of options to customize to your very needs, and V",1
I like so much this app because I can organize my blogs. The design is so good and I feel comfortable using it. I did not knew this app because I was using google reader the I think I will use this app for long time.,1
"I had never used an RSS feed app before, but with all the news about Google Reader I went on a hunt for one. Feedly had good reviews so I tried it out. I love it! I can even add my own blog to share it easily in person. :)",1
I've been playing with this app for some time on my tablet. I like the magazine format fine. However on my tablet I kept getting lost going to the next page....accidentally closing the app or ending up in a different section than the one you were readin,1
"When Google announce that they will shut down reader I was worried, until I found feedly, simply the best google reader replacement, all the features from reader but in a beautiful package, and I love the today feature, if you liked reader, feedly is for",1
"So, I decided since Google decided to forgo their reader, I was going to just stop reading blogs. And, I did for a few months. But, I realized, I miss reading. I miss getting idea's for things to

try in my home. Sure, there is Pinterest, and there is Fac",1
 Best way available to view google reader feeds now that reader itself is closing up shop. Magazine style and comfortable menus make for a very pleasing experience,1
 With the downfall of Google Reader Feedly really has taken up the thrown as an RSS aggregator. It's only continued to improve as the devs put more work into it.,1
 "Feedly has become the go-to app for organizing RSS feeds since Google Reader took a dirt nap. Feedly is easy to organize, easy to look at and is great at saving stories for later. Give it a try while there's still a free version.",1
 "I love my Kindle Fire for reading, and Feedly makes it even better. I can find many sources, and Feedly's magazine format makes it enjoyable to scan articles.",1
 I really cannot imagine a better way to stay current on what for me is a wide range of idiosyncratic topics. Using it on Kindle Fire Hd without any glitches.,1
 I had just started using Google's reader when i read an article (irony intended) that the reader was being phased out. With it came a recommendation for feedly (along with others). I was able to easily synch the 2 and then began using feedly exclusively.,1
 "So many people raved about this that I just needed to check it out for myself. Everything is so superficial, it's like headline new lite. I don't want pages and pages of articles, but one or two sentences per topic seems a little silly. Maybe I'm not usi",0
 "Good Bye Google Reader, I am so much happier with Feedly. I do not miss Google Reader, thanks to Feedly and DevHD.",1
 "Since the loss of Google Reader I was at a loss and a gathering point for my news feed. The was a little battle of readers for a while but I'm glad I found feedly the interface is almost identical on all of my devices; iPhone 5, kindle fire, iMac and Mac",1
 My only complaint isn't really a complaint. I wish I could open more than one post at a time. Otherwise it's a near perfect app.,1
 "Feedly is absolutely the easiest way to access the many differing blogs I follow. On my kindle, access is simple and fast. I can organize the blogs by subject to maintain coherency.",1
 I had previously used Google reader and this is similar. It's easy to find blogs you want to follow in the search bar and add them to different categories. You can change the settings to customize it to your liking. The app itself is very professional lo,1
 I was upset after Google shut down Reader. I had read some good reviews on Feedly but saw some negatives saying it didn't sync with Feedly Cloud on the Fire version. I guess that was in the past because it works great now. I love that it syncs to my phon,1
 "RSS feeds changed the way I used the internet 5-6 years ago and gave me a lot of my time back. I am a Kindle loyalist and was looking for a good RSS reader. I found Feedly and couldn't be happier. It is perfect and does wverything I need it, too. I c",1
 I used to use Feedly before Google acquired it but now in order to use the app it mandates signing in with a Google account. I don't want to use Google and I can't save feeds I want to read locally on my phone so this is a useless app.,0
 "Unless 1 of 2 things are true:youve paid for something else or have an irrational nostagic attachment to another podcast collector. Great app, aggregates my podcasts in a coherent manner, and cut over from google reader was effortless.",1
 I love it...This is a great app for a person that likes to keep up with the latest news..Download it on kindle fire it works smooth,1
 Really love this app. It makes it really easy to see all the blogs I like to follow without having to go to my email and check them individually. I can quickly scroll through and see what I want to read more of or what I don't.,1
 If you used Google reader and were sad to see it go than this app is the answer for you.,1
 "At the risk of sounding too dorky, this app is an essential for me. It only shows me links that I point it to and NO ADS. There is really nothing left to say, absolutely no down sides. I love it.",1
 I love that i can skim headlines and a blurb from various stories from various news sources all in one place. It also lets me know which are read or unread. Very convenient love it!,1
 "Feedly has become the most-used app on my Kindle Fire. Nice, clean, modern interface for perusing news feeds. Love the swipe-based controls. Very nicely done.",1
 I really like Feedly as a replacement for Reader. It is easy to sort through all my craft blogs and orgsnize then. I like the thumbnail style main page also.,1
 I think the feedly app is far superior to the UI of the web version. I LOVE the swipe method of marking things as read or unread. This makes it so easy to follow all my newsfeeds.,1
 This reader is SO much better than Google's - Try it - you won't ever look for another RSS reader again.,1
 Just glad you were here when Google decided to split.. I have used this before Google disappeared and enjoy the layout. Works well on my Kindle Fire HD.,1
 I was sad to learn Google was ending Reader. I did what several million other Reader users did and easily transferred my subscriptions to Feedly. So far I'm satisfied with the switch.,1
 "I had Feedly before. Didn't like it, so I removed it from my Kindle. But after repeated difficulties seeing Blogs I Follow on my Blogger dashboard, I decided to give Feedly another shot. I'm so glad I did.",1
 A real nice reader that is available on a wide variety of device s. Very fast and easy-to-use.

Works quite well on the kindle no glitches. Built in browser works excellent and is easy and intuitive to use.,1

"Ever since Google reader was shut down I have looked for a substitute for it. After trying many Feed Readers, I have settled on this as my replacement.",1

"This app is always crashing on a Kindle Fire HDX 8.9. It's it the Kindle? Is it the app? I don't know, but considering how frequently it happens, I'm inclined to believe the latter. As it is, it's almost unusable.",0

I was not familiar with RSS feeds until today. That's that little orange logo that looks like a wi-fi symbol that you see on just about every web page thats important to you. Feedly is beautiful and user friendly. Displays nice windows that slide up/down,1

Better than Google Reader. It's able to present news in a much better format. Feedly also organizes the articles better.,1

Cannot log into Google account from the latest Kindle Fire. Waste of time downloading this app. Disappointing to say the least.,0

"Works in Chrome, Android, and Kindle. Feedly will replace the syncing back end when Google kills Reader in a few months. +1",1

"This feed reader is very fast and has a clean appearance.It looks like your running Windows 8. It is very easy to customize and gives you the option to tweet, post on Facebook, or email an article. You can even set up an email list. After reading an a",1

"I have been using this service ever since google reader was retired. It took a little while, but I have gotten used to the interface and other unique features. This is definitely the best app/website combo I have seen for reading res feeds.",1

"Works well, stable and fast. Easy to use. The only complaint is it will not let me paste an address in the add content area to add a feed like I can in a web browser.",1

"I've tried all the major players - Google reader, pulse, netvibes, pageflakes, taptu, easy rss, etc. In my opinion, Feedly is by far the best news aggregator. It's also one of the only ones that works on your phone, tablet, AND the desktop.",1

"There are a number of blogs I like to check on regularly, but since I am often doing so from my Fire or my Smart Phone, rather than my desktop, it is great to have the Feedly app available in all three places so that I can check in whenever I have a few ",1

Organization is great.Easy to add blogs to your feed.Keeps all recent posts upfront.No issues linking to the actual site.Great replacement for Google Reader.,1

"I switched to feedly from Google reader because it was being discontinued. Best thing to happen! I love feedly, and this app allows me to check a all of the blogs I follow easily on my Kindle Fire.",1

This app works and looks amazing on the HP Touchpad. Looks perfect and utilizes the HD screen of a HP Touchpad. Great Job. All my Google Reader content in a beautiful layout. Also plays video and podcast within the app.,1

"Only what I want, not what someone else thinks I want.I dumped newshog after they added annoying ads, and so glad, feedly is superior.",1

"A recommended replacement for Google Reader. It has always worked perfectly for me on my Kindle Fire. Easy to organize, so if you are organized, you can find what you're looking for with not much effort.",1

I love Feedly. It's the first thing I open on my Kindle to catch all the current headlines and decide which ones I want to go deeper into!,1

"Have used this before and I love it . They made my transition from Google easy and seamless, loads up and opens so you can enjoy. Thanks bill",1

"I've been a loyal user of Google Reader until it was retired. And soon after, I've become so used to Feedly that it has become my new RSS reader.",1

Had to get a replacement for google reader because good had the nerve to close reader down. I moved over to feedly and it made the loss much less painful. the only suggestion is I miss searching through just my feeds,1

"I found this as a suggestion to replace Google Reader, and I wish I knew aboit it sooner. It is a fantastic RSS Reader with great features and enough flash to it to make it look slick without overdoing it. I like that it syncs accross all devices so when",1

I never got to see what it was about. I tried to dl the app but a message came back as corrupt.if they fix the problem I'll be happy to try downloading again.,0

"This app sucks. It is very inaccurate, and it only tests you on recognizing patterns. I wasn't expecting much, but this was worse than expected.",0

I have no idea how it really compares to other IQ Tests of any kind. I took my test at 11:30pm on my new Kindle Fire HD and surprised myself. May take it again when I am bright eyed and more awake. Really read or review each test item. Think beforeyou,1

This did not test intelligence. It is basically a math test for spatial problems. A true IQ test tests for all ranges of knowledge. Glad I didn't have to pay for this one.,0

"I took the test and I was not happy with my score so I tried again and I came up! So I wanted to test my family and one by one we all score about the same. Until my son with adhd played, he scored higher than us all. Well can you imagine what that did f",1

"It doesn't even have a valid way of testing your knowledge. It only tests on math and language arts, not even science. It is mostly questions such at "what comes next in the pattern."

If you aren't good with those like me, it will grade you ver",0
 "Can not zoom, hard to read, too small letters and graphics on the 7" fire. I do not know if they are more readable on larger tablets, but it was not fun with the 7" fire.Dump it.",0
 "Especially since I am exhausted and haven't been using my analytical thinking skills lately. It's a lower score than I got the last time I took an official IQ test, but that was many years ago. The questions are what I would have expected, and I don't s",1
 "I thought that this would be a mindless test, like a stupidity test but it actually requires a pen and paper to do some of the math problems I deleted it right away",0
 "I am so relieved to find out that I have a mind and it is actually working! Seriously, this is a fun way to find out if your brain is atrophied after being retired!",1
 "Decent enough app that is exactly what it says it is, an iq test. I can't speak for how accurate it is but I had no problems at all downloading or using it on a 2nd gen kindle fire. My main reason for writing this review was to try to (at least to a smal",1
 this is amazing. it tests my IQ and I'm going to meed that. any way this is great for all ages. from 4 or 5 and up untill it dies. well you know what I mean. this is a smart app and should be more that free. its so good I think teachers could use it to t,1
 Great tool to sit back and keep your mind connected with hands and eyes. This is one of my favorites.,1
 who ever is the twisted foul mouthed sicko who made this!!! I have one sentence for u: how do u even call this funny!?!?!? is this how u get your sick kicks!?!?!? omg get a life dude!?!? DO NOT GET!!!!!!!,0
 this app talks about sexual stuff and o gave it to my son and he asked me what is s3x? so this app Is so inoproprite not for children under 16,0
 hellooooo i havent even got this yet but i usally look at reviews before i get them and who ever made this game is sick and gross and this is NOT acceptable. i voted this app a one star because u cant vote no stars. bad. very bad. super bad.,0
 "Both truths and dares are for people at least age eighteen. This is not a family game, and the questions are actually related to things that can be offensive as well. Questions are repetitive.",0
 "I downloaded this app thinking it would be really fun to play with my family. but when we started playing, it had inappropriate questions. so we went and changed the questions, and we played. but when we went and played it again, it went back to the inap",0
 Thought this game would be fun to do with the grandchildren...NOPE...is an ADULT game. I am still trying to get it deleted. Even as an adult...I found it offensive.,0
 I don't think you would want to buy thisvapp cause it ks crap so don't buy it if you want to wear a thing's!!!!!!!!!!!!!!!!!!!!,0
 worst game in the world and the dares are the worst just like the truths! this app stinks! DO NOT GET THIS STUPID APP!,0
 I'm 11 and its not approate for me and my friends there are some nasty words in it dont get it if u r my age.,0
 "What the heck, its truth or dare, its supposed to be funny!!! Talking about this crap is stupid. Not many answers either, only like 5 or 6..... very disappointed!!!!",0
 I hate it haves bad words and I'm 10 didn't get it. it has one thing it says to have sex with a player.,0
 This is a lot of fun. It comes with preset truths and dares. You can also add truths and dares. You get to pick truth or dare. Its a lot of fun when you have a group of people.,1
 So my friend came over and she said hi. Anyhow I was looking 4 a truth if dare app. Then I found this piece of bs it was full of dirty stuff like beer and sex. This game is some serious cheddar. DO NOT GET! NOT WORTHY IF ONE STAR! EWWW!And my friend als,0
 this is really innapropriate for children! All I had to do was look at the 3rd picture and it has some extremly bad and hurtful things! DO NOT GET THIS APP! I repeat DO NOT GET THIS APP!!!!,0
 "This game is horrible and innapropriate. It is absolutely the worst and I hate it. No one shouldnhave to go up to someone and say "" what does this mean?"" To play a game of truth or dare. So how about this. Truth or dare. Truth. This game is messed up. Tr",0
 this is the most non kid app everI cant believe this app I was lookingfor a app I could play at a sleep over with some of myfriends and I'm 16 this is still bad for my agepeoples pleas make some good Truth OR Dare APPS,0
 I bought this game on my kindel fire I'm 8 I bought it thinking it would be fun well it's. not I showed it to my 5year old sister guess what she asked me what sex means. some of the questions are drink a beer remove all clothing and make a toilet paper s,0
 i do not reccomend this app it is not for kids one of my dares was "chug a beer" so dont get this app unless your 21or older,0
 this truth or dare game sucks!! it is NOT for kids under 18 and it repeats the same thing over and over and over again!!!,0
 this is a horrible game all bad.IF YOU ARE A KID DONT GET THIS. BAD GAME. I wanted to play truth or dare.,0
 Tuck! Don't get this game unless you want to be very grossed out. Like this one time I picked truth it said do you where a thong? I hate this game.,0
 please don't get this app if you have kids that will play with your phone!!! look at the questions

and you will see what I am talking about! The one near the bottom is the question that turned me off about getting this app. this is nasty!,0

i started to play with my friends not knowing it was a terrible and sick app then we started it and it freaked and grossed us all out DO NOT GET THIS APP!!!!!! I REPEAT DO NOT GET IT!!!!,0

this app sucks don't get it!!!! you wont do what the dares are and wont say what the truths arw,0

I'm ten year old. I thought this was a fun game for kids it isn't. don't get this app unless youare 18+. some of the things it said was do you wear a thong? where was the weirdest place you had sex? give someone a lap dance. this app is totally perverted,0

"I am a young woman.and I wanted a fun game to play with friends. Not something gross. This asks you all these privet inapropriate things. If your young and want a good Truth and Dare, skip THIS! Unliss you want to talk about girlfriend / boyfriend. stuff",0

I was looking at this app.. I looked at the second picture and I knew my mom would've flopped.. badly .. omg I was grosser out! I would've been grounded for a User thts how bad this is.,0

I got this game because I thought this one looked more like a truth or dare for KIDS... I should had looked at the reviews! this game is gross! not a game kids should play. think before you buy.....THINK!!!,0

"this app is very inappropriate and invasive! "do you wear thongs"? what's the wierdest place you have had s*x"? have u ever had an orgasm? very innapropriate, and even if you delete all of them and put in ur own, its still not that great!!",0

So weird. It has stuff like: Do you wear a thong?That's gross and discusting! I should not even rate his any stars. Please! Don't buy.,0

"Who would have guessed Kindle Fire has no option for cleaning your contact list easily?! I thought I was going to have to clean my close to 1,000 entry contact list one item at a time. This was such a huge help to me. In just minutes my contact list was",1

The Kindle contact manager is abysmal. Every other android device properly syncs with Google Contacts. At least the Kindle provides an import contacts capability to get minimal contact information but it duplicates contacts with prefixes (like Dr. or Pas,1

"Easy to use and did exactly what I needed, Even though I may only need it once, I'm not getting rid of it because I might need it again someday.",1

so this thin was a waste of time and download...uselessdeleted it soon as I saw how it works..meaning it doesnt work for people with google contacts.,0

Not only does it deliver as promised but it has one of the best looking font faces on an app you'll ever visualize. To bad you'll only see it for a few seconds tops as the app does its thing in flick of a moment. Instructions noting the exception where ,1

"This is a really nice game with a good bonus. The bonus round comes up pretty often. The first time i played this game, I got the bonus round over 10 times and my balance was over \$900,000. If only it was real money. I wish!!!",1

the buck is well worth it easy to use graphics are ok. this is the one and only slot machine app i use regularly pokie magic definitely struck gold on this app i repeat get this app you will love it,1

"Love this slot game. Fun to play, have had no problems with it on my kindle fire. Like the two types of bonus rounds.",1

"Game and graphics are really nice on my Kindle Fire. Again, if you like slot games you won't be sorry if you get this one. The payout is good so it makes the game fun.",1

I love this game. It is one of my favorites. I have recommended it to several of my friend . They like it.,1

Good game. Graphics are beautiful and it's fun to play. Easy to get lots of points. Always mute the sound so don't know how that is.,1

Great game. Best part is they do not rip you off having to actually buy coins. No problems at all on my kindle.,1

Really like the Pokie Magic games. It's a lot of fun. This game is very colorful and changes when things could get boring.,1

"Love it! Love it! Love it! My family and I play is whenever we can. Everything about this game is fun, and it was free! I would recommend it to anyone who likes slot machines. The sounds, music and visuals are great. Glad I went for it.",1

This game is really cool and the fire breathing dragon is pretty awesome and the payouts are the BEST and I like the bonus games,1

Downloaded to my Fire Kindle and worth the \$0.99 cents. Played other Slots but this one is the best. Sounds & Graphics are good.,1

"In real casinos, one of my favorite slot machines is the Fire Dragon. This game put out by Pokie Magic simulates the real thing! I have fun playing it at night in bed, always trying to get the bonus before I turn off the light. Knowing that I've made ",1

"PROS: Well worth the 99 cents for the hours of fun it has given me. There are no pop-up ads asking you to buy something else, like there are in most of the free games, that alone makes it worth the 99 cents. It pays out very frequently. In the game o",1

I have been playing this game for a long time now and I enjoy it. It is always fun to play and see what will happen. I started playing this game on my I-touch and I now have it on my kindle .,1

"This cracked screen prank is pretty realistic. It has a lot of choices for what kind of crack you

want, and the size of the crack. It's easy to use, and you can even use other apps while the crack is still on the screen. Very satisfying, good job!",1

i loved it because it totally scared my sister cuz she actually thought i broke it lol :) u should get it also,1

I love this app the first week I got my kindle fire I did this app and my dad flipped out I mean he was going nuts untill I should him wat it realy was it was halerious,1

froze my kindle fire and couldn't exit. most Likly it has a bug that will freeze/ruin your phone never get it!,0

I fooled my friends with the crystal leak some have to high of graphics so they don't look good but this is an amazing app.,1

I like this app. 9/9 modes totally creeped out my mom.The cracks look real and you can control the size and stuff.,1

This prank works better than I actually expected it to. I try to remember to set it whenever someone asks to borrow my phone or if I have to show someone something on it. The look on their face is priceless!,1

this game stinks it freezes and it really breaks. it doesn't even have good grafics don't get it its horrible,0

I like ot its fun scared the heak out of my mom with it so if u like pranks get this app,1

"This app works as described. If you want a realistic looking "broken" phone, this is a good free app. Good for someone who always borrows your phone. What did you do to my phone!!! lol",1

This app rocks and my dad freaked out when he saw my screen.This app is a must have.It is always on even when you turn off the app so it looks so real.Great for April Fools day!If you want a good prank get this app!,1

I wouldn't never get this app. It's to big! If I were u I would get it on my phone it will look a lot better than on a kindle. Everyone is saying it's not cool I got it they are right. I am eight and I no what I am talking about. :-},0

warning.watching this will haunt you for life.do not buy u will wish u didn't.I do so if u buy u will be like this :O wtf is this but if u don't buy u will be like :) I'm glad I didnt,0

I heart it so much I was like wtf is this and are u telling me Santa not real what the duck is this,1

The kindle fire doesen't even have a cameravery gross somtimespiece of garbagea 3 year old made thisI'm never buying games form Lycette Bros againBTW who in the world would love this game I mean seriously?,0

I hate this game it's HORRIBLE it's not what I expected it's just gross!no one get this game it just wastes your time!,0

this would totally be a zero if it could be one. l mean really who would pay for the full version of this please don't install this. But if u do you'll probably end up deleting it anyway.,0

"I cant even use this on my kindlefire! Its too big to do and you get bored of it in 3 seconds. In fact, you dont even like it",0

don't get this app. weird mouths that uses its tounge to much. freky. don't get this app at all I mean it. I would give it a 0 if I could.,0

You might as well just fork over .99¢ for the full version because it's not good. Even the full version sucks. There are honestly many many more of the mouth apps that you can get and they have hundreds of face to use. PLUS this one only has a few. ,0

I would give this app 0 stars if I could but apparently that is not an option. so if you read this don't waste your time with this app.,0

there is an app for iPod touches and smartphones called juicy fruit sweet talk and it shows similar things. but the mouths say funny things instead of blowing raspberries. this stinks for kindle fire. its cheesy and looks like a bunch of teens made it up,0

This app is a waste of space. It sucks. >< If you try to get this it is a waste of space.,0

sucks on a kindle fire because the kindle is huge and it'll look funny (but not 4 u) it really sucks,0

best thing ever it has lips mouths I like ducks well. your ordinary bun and thyes. you need buns and thyes to live if you don't have this app too bad just downlaod it don't listen to those crazy peeps who say this awesome thing is disturbing really its n,1

This app SUCKS. I wouldn't recommend it for anyone. I deleted it the first time I tried it! I hate it go away from it.,0

this is just plain sick!!!!!! why would would any one want to pay for the full version. this is bad enough and its free!,0

This app is very lame and it i not fun. There is really no choices of which mouth you want to choose and they are really boring. Please listen to me and don't ever get this game!,0

I looked at the app and hey pretty funny right? I was wrong. I opened it and omg it was freakish. it gave me the hibba bajibas!!!! aka the chills.... scary!!!!,0

it is amazing those ideats are stupid. just listen it also co.es free faces just try it plz if you get your a very nice person. to be nice to the company,1

"this has got to be one of the dumbest,stupidest apps you can get for the android device it only even works and makes sense for phones",0

this is he worst app ever its actually kinds gross .. if u want to watch other ppl lips this is

the app 4 uotherwords. *****DO NOT GET FOR UR OWN GOODBELOW THE RATTING OF 0,0
I got it for my kindle fire and me and sister waslike trying to do it and it doesn't do it,0
PLEASE DONT DOWNLOAD THIS APP....It is very stupid and nasty and as soon as im am done rating it I
will be DELETING IT,0
do not buy this aapp!!! it sucks man. cant they do better than this crap. do not buy this app. oh
yea it free. u wanna know y. cause it is made bi a bunch of goofballs and is. cheap and stupid!!!!
would not reccommened!!!!!!\$!\$!\$!\$!\$!\$!\$!\$!\$!,0
it sol gross! why would we want to see other peoples mouths!!!!??!?!?!?!?!it is so so so so so so
so so zoology disgusting,0
this game is so funny its like a a a mouth! its just so funny like whoa its fly funny.,1
It's creepy to big for a kindle fire dumb worst app I ever got like this is horrible don't get
this on a kindle fire it's stupid on that device (unless you have a huge mouth),0
"this app is terrible! it just a bunch of videos of other peoples mouths, nasty! just a waste of
time and space!",0
First let me say that I normally do not play games like this...I play games like words with
friends and such...having said that...since the first day I downloaded this app on my kindle fire
I have been addicted....the ways you can design are almost unlim,1
"this app is completely stupid. I don't mean to b rude, but that's the truth. it gives you no
directions on how to do anything, and you have to pay SSS00000000 MUCH for everything not even
including real money. for example, you have to pay 10 gems just t",0
I love this app it is awesome. it is free and super fun. u can get lots of animals and crops and
isn't hard at all!!! its like a real farm!!!!!! :-))))) <3.,1
these apps are horrible and a rip off! you have to pay for everything and they have been raising
prices! do not get this app.,0
Downloaded this app and I love it! Convinced all my friends to add it too. So easy to add all my
Storm8 friends!,1
I love this app because first I'm nineteen and I got it for my little sister but find myself
playing it to sometimes my little sis takes away my kindle at 10 at night or in the mornings to
play farm story shaloves it,1
"Team Lava. And Farm Story are ONLY about MONEY. You can't buy with out jewels and it take money
for jewels. THEN jewels are TAKEN back, or disappear without your knowledge, and then Team Lava
will not replace.",0
best app ever i love it its soo much its soo adictive in a good way. you should sooo get this
app.,1
My granddaughter wanted this and loves it. She loves choosing the products to plant and then when
ready picking them.,1
this game passes time away and is very addictive. it is way better than farmville. I would
recommend. it to any who has a lot of time on their hands.,1
I absolutely love this! Move on over farmville. I love this game because I have problems loading
farmville on m computer. Farm story is very similar but so much easier and runs smoother.
AWESOME GAME!,1
it's additive! reminds me of mafia wars from mspace. I play all day if I could trying to get gems
do I can buy more stuff,1
It's easy and so addicting. Great free app. Definitely recommend for all ages. No problems
ever. It's fun talking with other farmers all over the world.,1
This is great for kids young and old :-)) but I think the little ones it is great to let them play
it .I tried it and it is fun. The little ones will love it .,1
"1st most of the stuff cost gems which u need 2 buy with real money.2nd its super boring,no
goals,no nothing.What ever u do don't get this game!",0
Great game! It works great on my Kindle Fire. It is a lot of fun. It is my favorite game that I
have.,1
I tried it cause I like Hay Day app for iPhone. Nothing like it! This app sucks big time! Don't
recommend.,0
i like the game but suddenly it force closes all the time. it was fun for until it started to do
that. please fix!,0
"There is a rare moment in farm story without having to use gems. Almost everything that you can
buy costs you gems, and the 10 they give you to start can't buy a tomato, even. (I'm being
literal). In fashion story and farm story, the average fir gems you",0
I tried this game and found it too juvenile for my tastes. I deleted it after about 10 minutes.
This would be a great kid game on a long trip.,0
"This game is awesome I don't know why people complain about spending real money. I don't, and my
farm is just fine so when u play this game my storm id is: fablehaven87",1
"I really like this farm game it keeps you interested and you can meet others farms and neighbors
and you can have trees, animals and crops to make money to get more of what you want.",1
"Love playing this game, fun to watch the crops grow. You get to visit other players farm and help
Water the crops.",1
"So fun. I highly recommend it to you. I played it for at least a half hour straight. I don't have
much money, but I'm planning to buy a tool shed for a house. It's the cheapest. Wow. I could
spend all this time telling you HOW fun it is.",1

this is a very fun game and it is even better because I have a kindle fire very very good game,1
 "I love this app. It works great on the Kindle Fire, and addictive. I am 11 and have not slipped up on accidentally buying any gems. It does ask to buy gems, just hit cancel, and brush past it. Add me Pitbullocer. :)",1
 awesome. game . I need some nieghbors.I play everyday. You can add me. Name is anoldog.I love playing this game. I play it everyday.Just starting though and need neighbors. You can add meanoldog.,1
 This game is great. If you are careful and read what all the pop-ups say you won't spend any money on accident.,1
 I love being able to farm on my Android. I loved Farmville on Facebook and I wanted a farming game that didn't require a login.,1
 "This is super cool. THE BEST GAME EVA!!! I can't believe they made such an awesome game. Over well worth the price. But people, don't raise the price! Peeps need to see how awesome this is.",1
 "It's an alright game. The annoying thing is that there are no notifications for this, so you either have to time how long it will take your crops to harvest for find some other work around, which is a huge inconvenience because I don't want all these ext",0
 I love how I can pick out my own crops to grow. plus all the stuff I can get. I wish there was an farm story 2. so I can build an even better farm.,1
 UPDATE: 2/27/12 Now that I've played the game for about a month I thought it deserved all five stars. You can actually have a decent farm without having to pay real money for the gems. Just takes a lot of planting and harvesting. The game is a lot of,1
 Absolutely addicted. There are lots of cool items almost weekly. Get to meet many great people from all over. On it almost everyday!!.,1
 This is my favorite game out of the team lava games for the kindle fire.works really well and is not a boring game. u don't have to buy anything with real money unless you want to.... rate ★★★★★stars....,1
 I don't. like it when you have to have friends to expand your business. but other then that very nice relaxing game for me to play,1
 this is the best game I have ever down loaded I promise I have played this for like one year and will never get tired,1
 Awesome app and when you get it add amyacdc to your neighbors. And loo for a awesome girl called Kayla!,1
 This game is adictive. but after a while It gets boring then fun then boring then fun. so this game is awesome,1
 I love this game. Everybody is so nice to me on here no one is mean to me. This is the best game ever. Dont get Fashion Story ever THERE R BULLIES ON THERE. GET THIS GAME!!!!,1
 each story game has its own little problems but farm story is the most boring. first off it takes forever to earn money and even then you earn a profit of about 100 coins so it takes so long to move on in the game. I simply couldn't get into it because i,0
 love it the animals are really cute and the trees get you lots of coins. I have all except nightclub story,1
 Heeyy waz uuppp its me again now listen up I have got something to say I LOVE THIS GAME!!!! U know I wish you could like crossbreed plants that would be soooooooo cool!!!! like a pinelily you know a lily and a pineapple. I am such a thinker;) so all toge,1
 love my farm glad i have it on my kindle fire play with my sister my best friend and my dad who all live out of my state,1
 Both myself and my 5 year old granddaughter have fun with this! Itis a great learning tool for h e r!!!!,1
 "I love farm story. its a fun game where you have your own farm, neighbors to water, and a wall where everyone can post comments on.",1
 this app is fun but if you wait too long to pick up your crops it withered and then you have to plant them all over again,1
 "It works great on my Kindle Fire, but you have to have a Internet access which I don't see why?? Other than that, this app is extremely awesome.",1
 "This game is great! Not only do my sons love it, but I find myself checking on the farm every day. It is comparable to the other story games by Team Lava. We have them all on our Kindle Fire and think they are all very fun.",1
 "fun game that can really draw u in. kid safe, it is pretty much farmville except with out facebook!!!! I found it a little frusterating at all the items that costs a ton of gems (which are really hard to get unless u are willing to pay real money for so",1
 "This game really fun to play, especially when you don't have anything else to do. You can plant crops that can take anywhere from 1 minute to 3 days. This game has pretty good graphics and works really good on the kindle fire. I strongly recommend this g",1
 I do love this game already and haven't even had it a whole day. stayed up all night already playing it.,1
 "I love this game, I'm totally addicted!! I love building up my very own place. I play all the story games, so if you need neighbors feel free to add me, necianokomis.",1
 Been a fan for years... brought home my New kindle fire and I started all over. I need friends so please add me. Storm id: MoRoBo I gift and water daily. Happy farming!!.,1

This looks like an interesting game but it wasn't the one my friends play so I switched over to another one.,0

"I have been having lots of fun with this trying to build the farm. Going slow right now, but I am gaining a few items as I go along. Lots of fun. Great app, try it.",1

"This is a very fun farming version like farmville! I love the animal sounds, the large choice of crops, trees, and decorations.",1

Awesome and fun to play! Only thing I hate is when you upload must delete old :(Other than that great game!,1

awesome game!!! I enjoy makeing my own farms!!!! great for the fire ;) play ever day!! fav game love it,1

I finish loading the game and started playing. I am totally hooked. I play this game on and off all day. It helps me to relax and calm down totally. My grandchildren love helping me to pick out plants to grow. I'm very happy that I bought me a Kindle Fir,1

this app was cool. you can talk with friends and have ur very own farm. i would reccomend getiing this app!,1

love this game I have fashion story and club story and this one add me on all if u have them chanel1000 but yeah this game is so fun and addictive I have a kindle fire and they work great on them and I don't buy the gems (just saying),1

This app is terrible. I am very disappointed. You have to buy gems and is a very poor knockoff of Farmville!!,0

This game rocks it is a awesome game who ever likes farming will love this game a lot. You can plant just almost anything.,1

You can't do anything in this game unless you have gems. But at the beggining of the game. it forces you to spend all your gems. The only way to get gems is to buy them. 5gems cost. 10 dollars. If you don't spend real money. you can't progress or even pl,0

Great time killer. No crop stealing just fun! \nMake new friends by getting neighbors. Water your neighbors crops and send them gifts. \n\n,1

"I love this game! Its very addictive and fun for anybody! But it requires patience and thinking, over all its a very cool game:) I recommend it!!!!",1

Farm story runs very smooth on the kindle fire. It gives you an option of having nieghbors or not. great for younger players also.,1

hello my name is BORING this game has no life LOL just kidding this app is great for kindle HD so buy it down load it whatever JUST GET IT but beware you might have to pay ppl some mola,1

"Like pretending to grow and harvest without having to really get dirty? Do you enjoy touring other people's gardens, doing them favors and getting presents in return? This game is totally addictive. Players grow crops but can also plant fruit and nut tre",1

am i the only one getting force closed on kindle this morning? did I miss an update? will give more stars later.,0

i wouldnt say i LOVE it but close. its a good game you can play your way...dont want to wait 16hrs for a plant? just plant Raspberries and Strawberries! with a 1min and 5min timer you dont have to wait all day to start earning money and experience!,1

it is a really cool game and you don't need to spend money on it the only problem that there is is that it can foreclose some times but you only have to restart your kindle,1

so now I am addicted to all but one of the story games. lord help me if they make another one.,1

I love pet shop story and city story and night club story.so I must love farm story.true true your.your right if you said I liked it.well what I'm trying to say is I really think you should get it.Hope you. like it - EVIL PUG GIRL,1

"slit of people are saying that to advance you have to buy gems but you don't. My friend is level 87 and he hasn't bought anything you just need coins to play , gems are for things that are extra. the game is really fun you make your own farm and can be s",1

"I LOVED this game!!!! Although the gems can cost money, coins are easy to earn and you can decorate your farm any way you want! Name your farmer, and plow your way through the game! You can also make a storm8 id-mine is champvisits- and make neighbors! c",1

"You start with a small field and must expand. your expansion also includes any decorations, animals or buildings, so things stay in this weird square shape. did not enjoy it",0

I love this game it is berry easy to do and you don't have to pay for anything in the game.,1

"This game has the same parental control as the others. So great that.It rates higher for there is no lost money or issues with earning.Just a fun, relaxing game.Christine",1

the game was very good I recomed it evyone over the age of 8 but the game is very addictive game and I'm not I mean it u really need to get the game is wouth about. 20\$ GET IT NOW U GOT TO OR U A DUMI all I really got say Is GET IT,1

u DO NOT have to buy the gems to enjoy the game. i have had this game for about 2 months & hve yet to buy a single gem plz add JHarebels1,1

the opportunity to connect with similarly interested players. Can be great for nearly any age. Try it out and see if you're not challenged and entertained by Farm Story!,1

"I love Farm Story, I don't however, love spending my hard earned money on things like broken tractor signs! You all should be ashamed charging 24 gems for garbage. I have been wanting the floating island that is beautiful, the tree hammock that's adora",1

ive never been a fan of teamlava games for at least 2 reasons.1. ITS EXPENSIVE!!! you need to buy

aton of things with real money which is real expensive.2. Its boring. I played this game for 3 days and it got seriously boring with the adds and they kept ,0
 farm story is a lot of fun. love it. it is a great way to keep in touch with some of your friends who are also playing,1
 d ive never bought any you have. to accomplish things to earn them so buying them isn't the only way to get them :)) very entertaining,1
 this game is awesome add me :) its worth it download don't listen to BAD reviews that say things tat mite not be true.....,1
 I didn't even have 2 gt this stupid app I read reviews to see ifit would fit me and reading these I say the heck with this app buy something else instead of gems!:(,0
 "Sry but what the hell? This game is to play not to have sex on it or date. i mean seriously what the hell ? Beware app buyers. They forse u? is it sex or farm story,Farm story. Theres this couple named Billy & Farm dayii they created a sex club i me",0
 I didn't like this game one bit. I felt it was borrrringg and thank gosh it was free cuz the reviews were so good I woulda bought it. leave it to me to have da only negative comment,0
 "I love this game. Always have. You can plant flowers, fruit, vegetables, wheat, odd crops and trees. They have lots of decorations. But for some reason have not given new decorations since November 2013. They used to do this once a week. Please update te",1
 I have Farm Story on my kindle fire and it is amazing. Sure u can spend real \$ but u don't have to because its really easy to earn coins and gems. All u have 2 do is plant crops and trees then master them,1
 "I only wish our farm ran this efficiently! I like sitting in my recliner, raising crops etc. and only moving my finger!",1
 "all you do is plant..... and wait for it to grow, nothing to build, nothing else to collect.... just boring",0
 "I've been playing for 4 years now, it's a great way to meet interesting people From around the world. There's a wide variety of crops, flowers, trees to plant and many animals. You DON'T need to spend a dime on this AWESOME game.KEEP FARMING ~:0)™",1
 I play this game every day its a whole lot better than the game on facebook. u don't need to worry about energy or side quests to keep ur farm going. get the dog bowls and resell for big bucks.,1
 I love this game. You can use real money but you do not have to I don't. I still love all the stuff you can get without the gems. Also you can password protect your device so your kids cant spend your hard earned real money.,1
 I was pleased when I found you do not have to purchase any coins to play and advance you can purchase diamonds for special items but no need you can acquire neighbours without hitting facebook.... that is a plus for me....hours of fun as nd great graphi,1
 It's a boring copy cat of Hay Day. Animation is poor and does the same thing over and over. Not for anyone over 5,0
 collect different animals and etc. You don't have to buy anything. the buying gems option is optional. You earn money by growing and selling your crops. The option to buy gems with real money is kind of for the ppl who dont like to wait to expand their f,1
 good game if u play wait til I play. do not have game yet see u thereinstall. game by by by by by,1
 I couldn't get it to appear on my kindle and failed in all my attempts to get any one to help me.,0
 i like to grow different crops and build buildings and buy stuff and see what kind of farms my neighbors have,1
 eh this game is ok but it lagged on me a lot I don't like much. Well lets just say ... what's the word ... ah stupid.I hate it its crapy. Don't get it whoever says its cool and awesome their liying because its dumb.,0
 Take a nice friendly game with positive activities and absolutely RUIN it with their gem traps designed to STEAL your inapp purchase content. Why cant they let you spend the gems on things you want? There are constant tricks everywhere to pick your poc,0
 Great game to pass some time with. Lots of options for different crops and decorations. Really like the social aspect of the game.,1
 It is fun. A cute little game that makes boredom go away. Its creators also made restaurant story; bakery story; and pet shop story.,1
 My kids and I both love this game! I had to make sure that I set it to where they could not use real money to make purchases though.,1
 I like this better then facebook. Can play without buying gems. My farm is doing fine without them. Fun game. Addictive! Kids love it too!,1
 "This game is a great way to spend your time,when you have spare time.if you like cute games, this one will satisfy your gaming time.great for all ages.",1
 farm story is a good little app good for all ages. it is very very very very very very very,1
 This is great for passing car time with the kids! They love helping make the decisions. I just love playing because its a fun game!,1
 "you can get sooo creative with this game! it is so fun! love it! love it! love you only download one teamlava game, let it be this one.",1

"Any TeamLava game is worth it! The games are great if you've got hours or minutes to play. While it does suck that you feel like you Have to spend real money to get some of the cooler decorations etc., I really like that team lava actually allows you t",1
its a good game. good distraction when hubby is watching Tv. :) simple to play. feel free to add me as a neighbor jdunn6101.,1
we live in a rural area and enjoy our Kindle Fire very much. We generally use it to dowlaod and playoffline. That is not possible with game OR any other "Story " game.sorry. we don't have reliable wifi so we can't play this game.Had to uninstal,0
I love this app its super fun! I recommend it for all ages! it is a social game where u r dealing with real people! just adding that last part,1
I love this game it is very interesting. It is very fun to play I love it!!!!!! You get to buy your own animals and grow crops. I love this game!!!!!!.,1
worst game ever. u have to plant ur crops then wait. then harvest then plow. that's it. just settin the line strait. it's boring don't get it it wastes space. i uninstalled this game and city story. but i <3 temple run. it's free,0
its fun 5stars for me! I got off of it for awhile but now I'm getting back on it. THIS IS A MUST HAVE GAME!!!!!!.,1
ignore all of those 1 star ratings. they're just telling you that they accidentally spent money in-game. DO NOT BUY GEMS! this game is really great. try it out sometime. its free,1
this game is awesome!!!! you do not have to buy the gems. it saves your progress and everything. this game requires Internet and you can visit other people's farm and they are real players not computer. i luv this game.,1
"in order to get some of the advanced options , you would need to spend a bunch of real money (to buy gems), since you can't earn the gems. If you are willing to spend the money, then you can create some cool looking farms, otherwise this game is pretty ",0
It's the best app if u want to plant crops trees or animals just saying for sure get the app it's so fun,1
I have never got such a great app. I have had it for 3 days and I am already a level 20My brother and I both love this app. We want a Farm Story 2.,1
I lug farming so I luv this games! my girls can also play!!! I recommend this game to everyone that likes to farm!!! Add me: mommy02,1
"keeps making me do something all over again, its stupid. it keeps making me close it, its dumb. it keeps making me wait all day for it to load, dumb and stupid.",0
"it is fun even for us 30-somethings! I'm totally addicted to agriculture now, as long as it's as easy and fun as this is! I just wish it didn't require \$\$\$ to purchase the really cool stuff...I guess I'm just too cheap, haha",1
I love team lava games so much that I play at least four or more of them. It has been a great way to meet new people from all over. Looking forward to new updates soon.,1
I think this app is so fun but watch out it can be very addictive . I used to spend hours just tapping and ordering.,1
I don't write reviews unless I REALLY enjoy the item so this one is a keeper! You really don't need any real money to play if you're willing to be a good farmer & have some patience. Set the in-app controls so you don't lose anything by accident. My,1
Love it Luv it its so cool. its great on the fire. add PigsCowsHat. I love it so much I might explode,1
love how you can create a farm!! and take care of it! and harvesting crop! and the amilas are cool!,1
this game is fun fun fun but i dont like how u cqn only plant trees where u havent plowed yet. i really like duct tape :),1
I have all the Teamlava games of this sort and they are all fun. I have played Farm Story for several months without purchasing gems and still am able to get enough items to enjoy the game. I would be sure children aren't playing without supervision so t,1
no problems. on my kindle fire its so much fun I need neighbors thought so add me at akikitolove :) oh and you can earn gems by mastering plants fir those who complain about the gems,1
soooo cool! so fun you should get it!soooooo fun you will love it get it you can chat with your friends and people from all over the world,1
thank u people for telling. me this. now I wont buy it. I wish the kindle fire had cooler apps like the I phone does.,0
"this was a dumb game because you need to buy gems to make any progress. not to mention it needed an update, so I went in and updated it. it told me it it was installing for three days. it totally jacked up my kindle fire and made it really slow. installi",0
"This is an excellent game, time passer and overall, fun thing to do when you are bored. When I first purchased this, I wasn't so sure about it. I thought it might be boring and a waste of time. But, this wonderful app proved me wrong!This app is a lot of",1
I so love this game I totally recommend this app I am 13but still it is awesome so it is so worth downloading it,1
farm story and all the other teamlava games are absolutely awesome I would recommend all the teamlava games to everyone,1
"if any of you people out there want to add any neighbors, go ahead and add me..my ID is

SteelersRule96. anyways, I wish the kindle fire would do all the other stories also. like city story, restaurant story, bakery story. but that's me. idk about u guys t",1
 I love this game it is a great game for all ages I recommend that you have this game it is awesome,1
 "It was fun to play and I liked it,I stopped playing because I just like the pet shop better but this was fun to play",1
 I love this app. if only they had fashionstory for kindle fire :(I love all of team lava games *,*,1
 add masythedog.I love this game! I have all the story's so add me on all of them please.you need this game.,1
 I love this game sooooo much its such a great game. I think every one should have it!!!! :) I think it is soooo good... two thumbs up :),1
 "Hate it. Most absolute worst game. Ever. Dramatic, and Their is rude people on it. Hate it. Most absolute wort game. Ever.",0
 this game is awesome. it's so fun to plant crops & buy farm animals. I also like to have neighbors to talk to & water your crops. this game rocks!!,1
 crazy fun game. you don't have to put money into this to have fun either. unless you want extra stuff,1
 I play this game with my sisters all the time along with some of their other games. You don't have to buy anything extra to play and no extra information is necessary. I've been playing for over six months now and have no complaints. As I said I play thi,1
 "I've. been playing for about a month with no problems with game advancement nor any incidents where I've. been quote,- unquote "forced" to buy gems in order to continue playing and having fun while doing so. So.. go ahead get this game and enjo",1
 Fun to play. This game takes time but is easy and great graphics.Wish it was an offline game. Nice,1
 I love this game it is so fun you get to interact with other people and you get to be responsible for your farm.,1
 "Farm StoryI am a huge fan of simulation and farm games, it must be the OCD part of me.It works flawlessly on the Kindle Fire - however right now with the Christmas Quests going on, the people playing on the Kindle Fire are excluded from the Quests being ",1
 I love to play this game and I play it all the time! I would never uninstall it ... unless I found problems in it and I haven't so far ;),1
 Farm Story is great for kindle fire under one condition to buy some stuff you need money you have to buy through amazon. But if you get more and more of TeamLava's product the more money you get. It keeps you real busy when your bored. If you get on add ,1
 Most people who write a review say im out 20bucks or never have this for a child well its called watch them i love these apps if they spend money no need to share to the world but there should be a farm story 2 and restaurant story 2 that would be cool ,1
 this app can be very addictive if you are just starting out but beware of being overwhelmed! no problems playing on my kindle fire,1
 this is a great app fer kids and adults and will keep u busy in a fun way!! I absolutely love this app!! but be aware in the game if u "buy" more gems that mean u really are buying them!!!...but other than that its a great app!!!!,1
 if u buy this u made a great choice I liv this app to death n I will never hate this game,1
 "very fun. very addicting. very few bugs. free!!! I love this game its very easy to get the hang of , many options, and u can buy lots of stuff without gems! so I give it what it deserves a 5! oh and add me: chelsj123 :)",1
 you do not) need to buy he jewels for this game! and you have to really mot be paying attention to buy then. my id is jadjul add me!,1
 This game is so boring no quests Dont bother plaaying it "yawnnnnnnnnnnnnnnnnnnn n";
 ///:/:/ like so boring ll m'l like . I would ll ike to fire . The person who . Made it,0
 I love this app you can rank up and have your own farm and meet new people I recommend this game,1
 okay so i am on level like 105 literally well i eventually got done soooooo. i deleted it. i mean a good time waster but i am only giving it one star because well IT SUCKS IT DOESNT WORK WORTH POOOP PARDON MY LANGUAGE AND I AM USING A KINDLE FIRE WITCH AR,0
 I play this game every day!It's so fun.There is a lot to do in this game.I already have a lot of neighbors and I like "visiting" their farms.,1
 My 9 year old kid doesn't like this game.,0
 SO FREAKING AWESOME!!!! so addicting. I wish u didn't need wifi. this Is a perfect game of everyone. my step sis got me into this game. really greaat for kindle fire,1
 "I really like farm story its alot of fun to play & meet people from around the world, you get to see different types of farms.you also get to decorate for the holidays. Keep up the good work team lava!",1
 Awesome game. fun plz check in closely. Pie Pie Pie loo loo loo Pol loo lol just random stuff,1
 You have to wait long on your crops and ive been hearing reviews that kids have been purchasing "gems" with real money... Amazon your great for giving refunds.I honestly say this game is boring. My opinion. Thanks for reading.,0

great game to play on your wifi time. it keeps you busy and great on designing a farm much like famville also,1

this game sucks. not because of the game play but because they have not fixed the bugs.save your phone space for something else.,0

e rctg u I ky r ty d ff Dr rd recd Dr dre Dr dex exdd rd. ff. r fghg. vg vg Gb vg vb vgvv vg vg vvv,1

My problem with this game is I have had to uninstall it three times for it stopped working and to expand you have to have others who play,0

"Tried it, but didn't like it. Deleted it of my kindle to make room for some better games than this one.",0

I LOVE THIS GAME!!! BEST GAME EVER!!!! I play this game every day ITS SOO FUN! TWO THUMS WAY UP!!!,1

love farm story. fun game. pretty flowers. love the story games. they keep going and going and going. this one is my favorite,1

Well done teamlava! This is a todaly awesome game. Speaking of farmstory I need to go check on it right now! I todaly recomemend it!!!,1

I'm trying this out.. I lug team lava games so I shield liv this won. if u want to contact me search grasey if there is a search.,1

fun game.. just like the other "story" games... prefer playing this over the one on facebook..the people that play this help out lots more :),1

love this game addicted! !!!!!!!!!!!!! tried all the other team lava games and this is the only one i kept on my kindle,1

This game is really fun. I love the graphics and all the little animals you can get. I highly recommend it for any age!,1

"This game is trully remarkable to me. I play it everyday and get so addicted to it. You don't have to give out personal information which is a plus. Don't worry so much about gems! In fact, you don't even have to buy them. In some instances, you get free ",1

I love this game:-) I met a lot of new friends. Its a lot of fun and its a lot of work too. I love it get it.,1

I've been playing this game for a while now and it's been more fun than I thought it would be. Especially if you have a lot of active friends who water your crops and send gifts.,1

I play this on my Kindle Fire HD 7 inch screen. No problems fun game sometimes it gets stuck I got 30 something 32gb so I don't know why it get sticks oh well,1

This app is awesome and it lets you farm like you are a real farmer it lets you post and water your friends farm! love it!!!,1

good fun if you like these games. just like farmville. it don't take long to build this farm. I love it.,1

this app is extremely fun.Oh and by the way you don't need gems to play. I play without gems and it is great.,1

this game is 99% addictive... flawless ~ if you want a 100% addictive game check out tap zoo.. totally fun I love games like this!! make more!!,1

when I found this app it looked like it would be fun so I purchased it. right away it was sooooooo boring I definitely would not share this app with a friend. do not get this app.,0

"this is probably my favorite game I have so far its tons of fun, you get to make a lot of money, grow crops, decorate ur farm, talk to friends and visit other farms. soo much fun. I really enjoy it. so will u",1

Promised myself I wouldn't spend money on this game but it's so much fun and worth it! (and you don't actually have to spend money....impatient people like me do though),1

omg I am so sick of this game I use tolove it but I had 9 story games and now don't play this game people like me have used gems and I thought u buy them with the u know the coins but I spent 300\$ and I didn't know,0

"This is a great app, especially if you're a on the go type of person. Not only addicting, but social, too! Make sure you friend or "neighbor" larsona",1

im 10 and i LOVE THIS APP EBEN MY SISTER WHO IS 13!!!! WE BOTH LOVE THIS APP this is worth it get this app!!!!,1

"Kindle Fire - I didn't even play this game. I noticed, after I downloaded it, that real money is used to advance in this game. Unless you want to pay for a free app, stay away from this one.",0

Hiking I think that farm story is the best app in the world. At first I had no clue what this game was and thought itwould be dumb but when I downloaded it it turned out to be awesomly awesome!!!!!! I give it... ★★★★★ FIVE S,1

eThis game is so cool. The raspberrys are free to plant. I repeat they are free I tell you free.,1

fun app great. and easy it takes long to download though but still fun oh ya JUST DONT BUY GEMS THEN,1

This was one of my favorite games.. but team lava you have a one star and i will not buy gems until you remove tap to manage for ios users and let us delete "Stormies farm" or at least be honest about it.. I really enjoy this game but recent bu,0

BEST APP EVERED PLAYED. I LOVE IT. WOSH THEY WILL MAKE ZOO SYORY. BUT IT STILL IS AWESOME. GET IT GET IT GET IT!!!!!!!,1

I just love the great games Team Lava has for customers who love FREE games. I recommend this game

to all of you have enjoyed their other games.,1
 Keeps ongoing. Crops grow you pick and I keep going. Trying to be self sefishent and spent ne real money,1
 DONT ADD ME but id is lizzy8989 all story games are awesome but this is the awsomest one tip: DONT BUY GEMS,1
 "like many other games, your play is limited unless you actually pay for things. otherwise this app gets boring REALLY quick. try Zoo Club instead. much more fun, and you don't have to pay.",0
 Addicting! You find yourself very caught up in not only your farm but visiting & obtaining "neighbors" as well. The only aspect that I'm not crazy about is the need to obtain "gems". Which can cost real money!,1
 "...my farm is my ""get-a-way""...i spend hours ""on the farm"" and ""visiting"" the neighbors...i really enjoy planning and designing the layout of my farm, earning the money to buy the improvements on my wishlist and visiting neighbors and the community to ad",1
 love this game. easy enuff for my grand daughter to play.but it does have a problem connecting at times and we lose our crops,1
 plz add me I'm new to the game and will water and tip daily my storm id is Bettyboop2 if you need a neighbor I'm here,1
 "This game is pretty good, but it has a fatal flaw. A ton of kids are getting harassed on this game and getting bullied. Its like the movie Cyberbully. I deleted this game after the harassment became to much.",0
 very fun I'm having no problems!I tried to download it before but it didn't so I tried again and now it works!,1
 I love this game a lot!But now it says there is an updated version you can download only on the app storeI only have a kindle fire thats regular! Plz helllpppp meeeIm afraud my flint corn will wither if i dont collect my crops!,1
 I HATED this game! It was so pointless because you have to buy almost everything with gems. It was truly stupid. :(,0
 "I have this game...Restaurant Story & Bakery Story. All are so much fun to play! Many boo-hoo these games because they think u have to spend real money on gems to play, this is not true. You get 2 gems for each crop/tree you master! There are 4 levels to",1
 Kindle Fire User. I love the game. You do NOT need to buy anything. If you are concerned about auto purchases you have the option of requiring password confirmations for in-game purchases.,1
 I LOOVVEE this game!!! i recommend this game for everyone!!! I also recommend all the teamlava games too they are so much fun and its pretty much all I play!! by the way if you want to be my neighbor my id is teralikespickles in all of them!!!,1
 There is plenty of stuff you can get without gems. I don't know about this game because you can't download it on kindle fire. But city story is awesome sure all it is it tapping but isn't that all any game for a tablet or smart phone is?,1
 "Great knowing that your kids know how hard a farmer works! In this game you get to grow crops and go to other people's farm like your neighbors and the community. I would advise playing this on the Kindle Fire or Tablet, so it would be clear.Hope this re",1
 listen people...you CAN buy them for real \$\$\$ IF YOU WANT to...it don't force you to buy any thing...it will try BUT you may decline if you want to...at least give this app a freaken chance BEFORE you rate it 1little star just because of that...plez peop,1
 "I absolutely LOVE this game, but I tried to play today & it's telling me that the version is no longer available, to download an update. So go to the app store & there isn't an update & in the game when you click on the update message, it tak",1
 for someone like me who has only a few quiet moments in a day this is perfect. if you're patient you can advance every few days. annoying how pricey the gems cost - it'd be 5* if they made them a better value. I haven't bought any just on principle,1
 "If you don't want to spend cash, go to menu, settings, in -app purchasing, and disable. Easy as pie :)",1
 I miss staying in the farm. It reminds me of my childhood. I love it really.. five stars for this.,1
 "have played game on kindle fire and hd kindle works great only downfall can't do achievements to win awards,but it is a very fun and every changing game.",1
 "I have always liked this game, I play it on my iphone and find it very enjoyable. More games like this are needed for the Kindle.",1
 "I do enjoy farm story. I determine how much time I have to dedicate to playing so it doesn't control me, I am in charge,although it can be addicting, so farm at your own risk...Happy Farming!!!",1
 I really like this game because it has many different options and settings. This game is a way for city people to experience farming. Farm Story is good for all ages!,1
 YOU NEED TO GET THIS APP. PLZZZ ZZZ ZZZZ ZZZZZ ZZZZZ. ZZZZ ZZZ ADD IMGODSGIRL! ! ! ! FUN FUN FUN FUN FUN,1
 this sucks...I cant even purchase the app because it asks tor a credit card from amazon account...its suppld to he free I don't get it at all...,0
 I love this game great for all ages. It does let you buy things with real money withing the game so I would lock it in parental controls if you have a young child. Otherwise this game is great.,1

I totally love this game. It is fun growing plants and veggies. I can make new friends and get to see how they make their land. I really like it alot,1

"THE BEST GAME EVER FOR EVERYBODY IN THE FAMILY , THE KIDS AND OLDER PEOPLE ARE LEARNING A LOT AND PLAYING .",1

great app five stars and add me as a neighbor j water and gift add miniman71 great app very addictive,1

such a wonderful game if you need paint or something else I will give it to you I send gifts daily my ssid is shotgunbabby again,1

team lava is the best. I have all there games and I like restaunt story and that is awesome how can this be eny diffrent.,1

you can do any. thing you want but it is not free but it ia really fun you should try. it every day,1

i played farmville for a very long time so when i seen this i decided to give it a go and that lasted a few days at the most..this game is very bad things are to expensive and the lay out is not good either..and it froze up alot,0

"It is a great game. what people don't understand is that you don't have to buy the gems, you can earn them. slow process earning gems, but still, you can EARN them.",1

"Games by TeamLava take exploitation to a ridiculous level! The ability to build funds and awards to purchase items is slow tedious and works in real time. A friend of mine bought this game for her granddaughter. After she played the game for a few hours,",0

"this is similar to farmville from facebook. this is fun, you don't have to play it all the time because most plants take over an hour to grow... similar apps by team lava include bakery story and restaurant story... fun and somewhat addictive...",1

I L - O - V - E IT it is fun and easy too. it is great for kids,1

Pls add warcraftgirl. Super fun game. I play most of the teamlava story games. This one in particular is one of my favorites.,1

fun game. it is very additive and I can not wait to check my crops. needs to have crops and flowers with shorter timers.,1

This is a fun little story game that kept me entertained. I'd love to see more levels.\n\nI like the details.,1

Been playing since feb every day now i cant says no longer supported?? Here we go again with teamlava and amazon!!Where is the updated version for kindle? Come on teamlava we know it is your fault i will never play another TL game again it's ridiculous w,0

Enjoyable and relaxing. Runs well on kindle fire. Don't need to purchase anything unless you want to grow quickly (farm size and content). I enjoy taking my time planting crops and tending animals. Nice graphics also. Good job TeamLava.,1

This game is really easy but watch out for your money! You can get at another level in seconds! There are only 2 crops that are free and millions of other crops to choose from. You can invite friends too by E-mail or Skype!!!,1

I love this game!!!! Fun way to pass time. If I could change one thing about this game it would be to have more chances to gain gems instead of purchasing them.,1

I love it. I asked my parents what to choose either this game or city story. Then my mom said only 1 game. Then she said download 1 and play it then you can download another,1

Reminds me a lot of the way Farmville was at one time. Very enjoyable and you can play it as often or as little as you like. The only downside is trying to find neighbors to help out. I've wound up having to visit the Farm Story page on Facebook where,1

okay this is so much fun! I recommend you get it cause it's fun on a kindle fire and when ur bored it is fun to play! get it.....it is free!!!,1

I really really love to play this game(: I'm just really hoping goals would be added to it like restaurant story of bakery story. I'm more of follow the goals type person. Other then I play this game pretty much like crazy,1

"i got this game on my iphone, then on my kindle fire. beutiful illistations! i fell in love with this game! :) i don't have enough space or time to have a farm, so i got this game. i told my friend about this game, shes playing it 24/7! this is an esc",1

I think this game is cute and fun.. it keeps you occupied when you have nothing else to do..very entertaining.,1

I love taking care of my farm with all my animals and garden too I think other people will love thisgame very much.,1

this game is so stupid I trier to collect my plants but it wont let me I know this app is free but don't waste your time playing it,0

I play 6 teamlava games and on about level 80 of 99 on all. I used to love them. don't know whats going on but its changed. teamlava abandoned. city story but kept selling "city bucks" to new players for weeks. yesterday they increased prices 1,0

"but this game is awesome. And I should know, I'm a player. This game is fun, interesting to most, creative, ADDICTING, and strategic. When I say addicting, I mean ADDICTING. This game has kept me up most nights tending to my crops and animals, earning co",1

It wouldn't work for me. I didn't get what to do. There were no goals or anything. It was very confusing. Not worth it,0

"I have enjoyed this game so much. If I get tired of playing the regular game, I try the advanced

for a while and I am glad to get back to the regular game. Lots of fun.",1
 I love all of the apps by this developer. I have pet shop story... bakery story... restaurant story... night club story... and now farm story. I totally recommend any of the story apps... and if you like this one you should try fantasy islands!,1
 I have spent so many hours playing this game! One of the best apps you can get! There is so much to do and it is a lot of fun!!!!!!!:),1
 I love this game! as of now I'm a level 35 and have over 200 neighbors. my id is jrpreds1. People say u HAVE to buy gems to play. YOU DON'T it's a great game and the people who say you do are just mad that they are too stupid to buy them and not reading th,1
 farm story is a fun low stress game. it does not make your heart race and that is just what I wanted. Instead you plant your garden and wait for things to grow. The variety of plants animals and buildings complete with fences and paving stones is amazing,1
 "I'm an avid online gamer. I'm usually a console only gamer but this little farm game has pulled me away from my 360 for a very unexpected reason, the online community. You work together with people you meet in the game to expand your garden. By watering r",1
 I love it! you can plant any crop you want and get all the animals you want! I highly recommend it to anyone!! :) try it out;),1
 I like choosing what I can grow and moving things where I want them. I enjoy visiting my neighbor's farms and seeing what they do. the only downer is that I haven't found any way to earn jewels to get the cool stuff. don't want to spend a lot of cash j,1
 Looking for hours of fun? This is the game for you. The best part is being neighbors with other farmer's from all over the world.,1
 "It has amazing quality and fabulous graphics. It is a easy ""learn how game ""and is perfect for all ages",1
 The very best game ever. Love to raise your animals without. going out of your house. I love it. you are going to love it too!!!!!!1
 "This app is..... unknown to the world. From the other reviews on all the other team lava games, most of the reviews are bad. All about gems. I'm probably not going to buy this game it'll just end up like the other games I'm assuming. Doesn't sound ",0
 Very addicting!! I can't get enough. Can play for hours. Wish I more coins though for the stuff I want.,1
 I love these kind of games.this is probably one of my favorite one in all of Amazons app store.I rate it five stars!!!!!! :),1
 You got to get this fun filled game! If you download this and rate this game five stars then you're my best friend EVER!!! YOU WILL LOVE THIS GAME FOR SHORE! This game is the bomb and a great time killer. You NEED to download this game. LOVE LOVE LOVE ,1
 "Although this game is fun, it's almost the same game as Farmville. The biggest difference is that Team Lava keeps raising the prices of everything! I don't mean that you have to buy gems or spend one cent of your real money! Team Lava just keeps raising t",0
 "This game is so cool! I love all farming games, but I wish there was a lot more farming games. Love the animals. My kids like to play this to. I download this game for them and I started playing and I love it. I play it more than my kids do.",1
 YOU PEOPLE NEED TO READ THE DESCRIPTION BEFORE YOU BUY IT! THIS IS WHY YOU ARE GETTING CHARGED FOR GIVING IT TO YOUR KIDS!,1
 relaxing game. if you're looking for a long term game to relax and slowly level it is great set crops and watch them grow,1
 "If any of u like this, than omg. What a stupid game!!! Horrible. Wish i could give it a big fat 0!!!!",0
 You don't need to buy gems! and if you accidentally hit it buy gems it still requires password! And you can earn gems by planting certain crops! I've changed my name for 10 gems opened 2 mystery boxes each for 24 gems and I've bought an elephant for 52 gems,1
 "I love TeamLava. This game sucked. Horrible, everything is way too much money. I got it, then removed it immediately.",0
 "It's as close to Farmville, without having to be on facebook (which I really love about it the most.) If you have children, you may want to turn off in app purchases. It's been a lifesaver for me, because my niece's & nephew's can't purchase without",1
 This game is so much fun you need this game. It is Awesome. You want this game you will not regret it.,1
 I love the idea of running my own farm without the work. this is a great way to pass time.,1
 this app always closes when I'm in it it always says force close so I have to force the app to close,0
 I love this app so so much best app ever invented I hope they will never ever remove this app from the kindle fire store,1
 I love this game! It gives me a great chance to chat with my friends over the weekends. Plus it's free!!! But you can only chat with your friends if they play the game too.,1
 I love this game!!!! soooooo fun! best out of all story games!!! I extremely recommend it!! get farm story!!! my fave app!!!,1
 I love the fact that this game is enjoyable without having to overthink it ! I've never felt the pressure to spend any real money. It's a great stress reliever !,1

I love this game and I live on a farm and this is like you own an farm in a game those I love ot,1
"Farm Story is a beautiful and well done app. This free game is a lot like Farmville. The gameplay is nice, and using the touchscreen can be very responsive. Then again, you kinda have to use the touchscreen. The game has good graphics and this game is no",1
hey don't ask questions just install the game and don't let crops die. also get some neighbors and build a farm with animals,1
just started playing after i reached level 96 on bakery story. please help me grow my farm. add me: goforit33,1
good game very easy would like more gifts or prizes for dragon story but still like it. sure would also like to be able to share with other games.,1
"I love this game so much that I play it every day! if you don't if you should get this app, you should.",1
"Farm story is a fantastic game, and everyone I know who has it loves it! Team lava has done excellent on this game.",1
"People should know that they do not have to buy gmes to advance in this game... So yeah, I think I made my point...",1
awesome game meet a lot of friends a lot of verity. good graphics and all the people on there are nice,1
giver it a chance a little slow at first but u will grow to love it lol get it GROW!!!!,1
its a really fun game to play and I love going to other peoples farms!! it also works great on my kindle fire,1
I love farm story matter of fact I love all teamlava games their awesome I wish they could make more tht would be cool farm story is an awesome gamw.,1
"you do not have to buy gems. plus, you start out with 10 gems and there are certain ways to get free gems.",1
great interactive game love playing it and so far no bad issues like with a lot of gamesjust need more neighbors,1
I love this app! cant get enough of it. its almost like green farm. if u need a nieghbor add cooligen.,1
"If I could rate 1,000,000,000,000,000,000,000 stars I honestly would . This creator has out done himself once again . How does he come up with this . Fun addicting and free. Only three words for a top app and he has succeed.",1
"I hate it! I barely played it for 40 sec. before I uninstalled it. all you do is tap stuff. I down loaded it on my kindle fire and hoped it would be a fun time passer, But it was so boring. They try to make you buy "gems " with real money. Such",0
this app is fricken stupid.it froze on the kindle and it wont allow me to place most iteams just ignore the 5 * people their wrong on so many levels. the people who made this game so were you excidently press the wrong button you them your own money. jer,0
Please add me!!!! I need neighbors! Ginger1016!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! thanks bunches! this is such an awesome game.. it is so much fun! it is a lot like farmville on FB...,1
love it! this game. is awesome. wish it had more free stuff and the houses didn't. cost so much. fun fun,1
I love love love this app on my side of fashion story their are no fights and a wonderful app I love it u should really get it nearly the best app ever u should get it!!!!!!!!!!!! but ignore fashion story for safty!!!! oh and its totally free but about t,1
"This game is a rip off. Here is a list of things TO MAKE IT BETTER• First, you NEED REAL animals• Second, YOU NEED A FARM BARN THING• Next, You need neigybors and better food.•Then, You need to pick a farmer And a User or stormid's L",0
